Bond Amendment

IN MY INAUGURAL I laid down the simple proposition that nobody is going to starve in this country."—Franklin D. Roosevelt. Uncle Sam is spending as much as $2,000,000 a month in Texas through relief committees to carry out this promise. Those able to work are asked to do so; others are given direct relief. This federal work-relief, amounting to around $5,500 monthly in Gray county, W$LL BE CUT OFF unless Texas matches federal funds with state funds. Texas is REQUIRED to provide work-relief and direct relief not later than August 26. Read this entire column for details of this vital issue.

PAMPA TOPICS OF OUR CITY By O.E.H.

TEXAS LAGS BEHIND

We live under a federal government of conferred powers. Authority rests primarily in the people. Responsibility, therefore, should be found in its purest form near to the people. There is a seeming contradiction in the fact that we are expecting the federal government to furnish most of the relief for the unemployed. We cannot escape the fact that "we, the people" are the government. We have conferred on the federal government neither the whole responsibility nor the exclusive authority to provide relief for our neighbors. We are not escaping taxation by imagining that the national government can fulfill this responsibility better than we. Mr. Roosevelt and the R. F. C. are correct in demanding that states and counties participate in the relief program. They have gone so far as to point out that Texas is the most laggard state and have threatened to withdraw federal aid unless the relief bond issue is voted.

WHAT IT IS

Voters should be interested in knowing the provisions of the proposed amendment and the effect of its possible defeat. On August 26 the people of Texas will vote on an amendment which would give the legislature the power to issue bonds up to the amount of $20,000,000 during the next two years for the relief of the destitute and to MATCH FUNDS for the same purpose. If this amendment is defeated, no other can be considered until 1933. It is important to note that the people are not voting bonds. They are merely giving the legislature the authority to cope with the starvation threat as conditions justify.

AUSTIN, Aug. 10. (AP)—Aubrey Williams of Washington, representing the federal emergency relief administrator, announced here that Texas has been allotted $2,377,000 for distribution to the destitute unemployed during August. He said additional special drought relief expected to be available during the month would bring the August payments to Texas to more than $2,500,000.

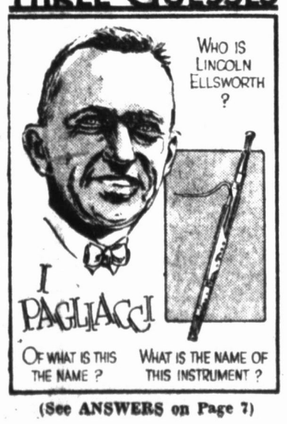

Only that money acually needed will be issued in bonds bearing an interest rate of not more than 4½ per cent, payable in 10 years, upon which no commission can be paid, and for which no less than par and accrued interest can be accepted. The R. F. C. would probably buy the bonds. The amendment is limited to $20,000,000 and has a life of 2 years, after which it automatically expires. Thus, it may be seen that we are limiting our total expenditure and opening the way for NO OTHER bond issue. If the total sum is not needed, the legislature—the people's representatives—will not have to issue the bonds.

WOULD LOSE MORE

Uncle Sam is spending about $1,500,000 or more in Texas every month through the county relief committees. This would be lost should the bonds fail. This loss would drastically affect merchants of Pampa and hundreds of other communities. The bonds would cost not more than 50 cents per capita and Uncle Sam would spend that amount in Texas, plus the drought and other relief through public works projects. The bonds would not be a charge against real property, although we regard this as a non-essential argument. The bonds must be paid out, of course, but the cost of not voting them seems to be much greater than using a part or all of $20,000,000 to pre-

HOUNDS TRAIL NEGRO MAN IN GIRL'S DEATH

Body of Woman Is Found In Creek; Negro Runs At The Sight of Officers

BROOKSHIRE, Tex., Aug. 10. (AP)—Farmers with bloodhounds thrashed through the wilderness of the Brazos bottoms near here today, searching for a negro farm hand believed to have beaten Miss Elsie Jones, 22, to death.

The girl's body, with her head battered and finger marks upon her throat, was found by her father, A. A. Jones, Waller county farmer, early Wednesday, half submerged in a shallow creek, about a mile and a half from the Jones farm house.

She had started out late Tuesday on a mule to round up some cows. When the mule came home riderless the father, aided by neighbors, began the hunt.

Suspicion was directed at the negro, who until a month ago worked for Jones, when officers started questioning negroes working in the vicinity of the Jones farm.

When they started toward the negro, picking cotton on a farm near here, he ran. The negro eluded the officers in dense underbrush along the river.

A call was put in to Blue Ridge prison farm for bloodhounds and they were brought here by Dog Sergeant Simmons.

The girl's body bore several wounds about the head, inflicted evidently by a blunt weapon. The skull was fractured in several places and there were several finger prints on her throat. A physician said she had not been criminally assaulted.

Sadler Players Entertain Lions

Entertainers of the Harley Sadler company entertained members of the Pampa Lions club today.

The entertainment program included accordian duets, vocal solos, and trumpet solos.

Olin E. Hinkle discussed the proposed amendment to permit the legislature to issue up to $20,000,000 in bonds for the relief of the destituet. This talk, in substance, appears in his column in The NEWS today. President Clyde Fatheree stressed the importance to Gray county of voting favorably on the bonds.

I HEARD—

Little Gene Ward, son of Aaron Ward, former New York Yankee ball player and now a member of the Danciger Roadrunners, yelling to his daddy to "hit one for the circuit" yesterday afternoon. His daddy immediately hit a home run and Gene went wild with joy as did Mrs. Ward who was also in the press box.

Russ Allen, out for the first time this morning following an illness, comparing himself with a lily and a drooping one at that. "Wobbly" was the way Russ expressed his feelings.

MACHADO END IS NEAR

Racketeer And Two Others Hunted In Urschel Kidnaping

TWO ATTEMPT TO PASS MORE RANSOM BILLS

AGENTS WANT BARNETT FOR QUESTIONING AS A SUSPECT

ST. PAUL, Aug. 10 (AP)—Three more men, including a one-time Minneapolis racketeer, were hunted today by federal operatives seeking a solution here of the kidnaping of Charles Urschel, millionaire Oklahoma oil man.

Werner Hanni, federal department of justice agent in charge of this district said the racketeer is "Big Mose" Barnett, who left the Twin Cities several years ago and last heard of was operating in New Orleans.

The other two men, Hanni said were strangers, who sought to pass in Minneapolis some of the marked ransom money paid for Urschel's freedom.

Three men already are in custody, picked up Monday and Tuesday this week, when they were connected with the marked currency. It was from their stories that federal operatives gleaned the meager information that sent them hunting the two strangers.

Operatives had nothing definite to link Barnett with the case, Hanni admitted, but said he was a likely suspect and was wanted for questioning.

In addition to the $1,500 in marked money which operatives have connected with the three men now held, there has appeared about $500 more of the ransom in St. Paul banks. All of it dribbled in small amounts.

"Eventually we will all reach the actual kidnapers of Urschel," Hanni prophesied, "through the stories of the three men we have in custody.

"They have given impossible and unreasonable explanations. Indications are that the Barnett angle is worth running down."

Hanni said the Twin Cities have been the dumping ground for hot bonds in the past and that it appears now Minneapolis and St. Paul are being made the dumping ground for hot money. Hanni is prepared to charge the three men in custody, Sam Kronick, head of a barber supply and cosmetic business; Charles Wolk, transfer company official, and William Nelson, all of Minneapolis, with conspiracy should efforts be made to free them. All were taken in Minneapolis.

Hotel Men Will Talk NRA Code

Pampa hotel men have been asked to meet at 3 o'clock tomorrow afternoon in the chamber of commerce rooms in the city hall. The hotel men's code in the NRA program will be discussed.

Hotels throughout the nation have been asked to meet and study the situation and see if some working plan of cooperation can be found. So far, hotels have waited until a suitable plan was found before they posted their signs. Most of them have signed the agreements but have not placed the code in effect because of the hour situation.

Girl Evangelist Talks on Beach

ULDINE UTLEY, widely known girl evangelist, found ready listeners when she donned a bathing suit as shown here for an impromptu service on a beach in Chicago where she is conducting a revival. Beginning her preaching at 12, Uldine has been heard in all parts of the country.

WILLIS IS APPOINTED ATTORNEY AND SID STONE APPRAISER FOR HOME OWNERS LOAN CORPORATION

Instructions Not Yet Received From James Shaw

WITH appointment, according to press dispatches, of Sid Stone as appraiser and Judge Newton P. Willis as attorney for the Gray county unit of the Home Owners Loan corporation, long-delayed relief is expected to be made available within a short time.

However, it is emphasized by Mr. Stone that he had received no official confirmation of his appointment, nor had he received instructions as to how the loan applications are to be made. He asked that citizens refrain from telephoning him and Judge Willis until announcement is made through The NEWS that application forms and instructions have been received.

Judge Willis was in Canadian today participating in a trial, but was expected to return to Pampa soon. He and Mr. Stone will consider office arrangements on his return. The appraiser and attorney will receive small fees for each completed loan.

Judge Willis' office was deluged with telephone calls this morning from citizens eager to make applications for loans. But the calls were futile; no information had been received from James Shaw, state manager of the Home Owners Loan corporation.

Mr. Stone, the appraiser, has been in Pampa most of the time since 1917, when he opened a Ford agency. He helped promote the drilling of the old Tipton-McConnell well in 1921. He has been in the real estate business at intervals and now is an employe of the Chevrolet agency here. He will give all his time to the loan business until the peak of the demand is passed.

Attorneys and appraisers for other West Texas counties are, respectively:

Armstrong — J. S. Stallings, Claude; J. D. Woodburn, Claude.

Bailey—Cecil H. Tate, Muleshoe; M. G. Miller, Muleshoe.

Borden—D. Dorward, Gail; D. Dorward, Gail.

Briscoe—C. D. Wright, Silverton; J. E. Danieln, Silverton.

Carson—James Spiller, Panhandle; Joe Rorex, Panhandle.

Castro—Cowsert, Dimmitt, B. D. Woodlee, Dimmitt.

Childress—C. C. Broughton, Childress; John Scott, Childress.

Cochran—Loyd R. Kennedy, Morton; J. L. Winder, Morton.

Collingsworth—R. H. Cocke, Wellington; C. J. Glenn, Wellington.

Cottle—V. H. McClintock, Paducah; H. H. Wilks, Paducah.

(See LOANS, Page 5.)

Two Charged In Spurious Bond Case In Kansas

TOPEKA, Kan., Aug. 10 (AP)—Two arcrsts have been made in the Kansas municipal bond scandal, at least $650,000 in spurious bonds have been discovered and three state banks have been closed.

Leland Caldwell, an employe in the office of Ronald Finney, broker, was taken into custody last night on charges of having offered $3,000 in forged bonds to the National Bank of Topeka. Finney, previously arraigned on a similar charge, is alleged specifically to have offered $20,000 in spurious securities to the same bank.

Meanwhile, investigations into the many angles of the case continued. D. A. N. Chase, budget director, and A. R. Jones, state auditor, and their assistants were engaged in checking bonds and records in the office of the state treasurer. Tom Boyd. State officials have revealed eight issues of municipal bonds totalling $329,000 are known to have been forged in duplicate, one set going to the state treasury as security for state deposits and the other set being in the hands of Chicago brokers.

While these officials were working, the vault was guarded by armed national guard officers, who were posted to see that no bonds or records were removed without authority.

REPLIES FROM GROCERS ARE NOW AWAITED

REVISED OIL CODE IS REPORTED NEAR COMPLETION

WASHINGTON, Aug. 10 (AP)—The recovery administration today revealed a ruling whereby all privately owned utilities—whether controlled by the state in which they are located or not—must come under its wage and work time supervision.

This matter emerged as the dominant development of a day filled with continued hearings on codes proposed for the coal and other industries, while Administrator Hugh S. Johnson awaited replies from retailers and grocers to his ultimatum of yesterday that store operating hours must not be reduced to avoid having to hire new workers.

Writing the speech which he will deliver in Baltimore tonight, the administrator was said by his aides to have received no word from the spokesmen for thousands of stores affected by the wage and hour agreement approved for them.

The retailers and grocers, employing more than 5,000,000, are the largest group yet brought under the NRA's modified presidential reemployment agreement and their compliance with the terms laid down by the administration is being watched by officials.

WASHINGTON, Aug. 10 (AP)—A revised draft of a trade practice plan for the oil industry, now being prepared by the recovery administration, was understood today in informed quarters to be nearing completion, although NRA officials maintained silence.

Whether it will propose some form of price regulation was a question, but some circles expected the program to prohibit sales of crude at less than cost of production, with factors determining that cost to be set forth.

The new code, it was understood in reliable quarters, would insist upon federal regulation of production through allocation to the oil states of their share of the national demand, and with the division within each state to be left up to that area.

The government would exercise its power over interstate affairs to prevent shipment out of state of petroleum in excess of the amount allocated to that area.

Mr. and Mrs. C. W. Stowell are leaving today for Chelsea, Okla., to be present for the golden wedding anniversary of Mr. Stowell's parents.

LATE NEWS

BLUEMOUND CLUB, Milwaukee, Aug. 10 (AP)—Breaking a deadlock by scoring 32, three under par, on the back nine, Gene Sarazen gained a four up margin over Harry Cooper, of Chicago, at the halfway mark of their 36-hole feature match in the second round today in the National Professional Golf championship.

WASHINGTON, Aug. 10 (AP)—The crop reporting board of the department of agriculture today forecast the smallest corn corp since 1901, and the lowest production of wheat and oats in 35 years.

Faces Past

THOUGH he had worked his way up to success as advertising manager of a national paint concern, J. Paul Faraday must clear old charges still standing against him in Ohio before he can resume his career. Faraday is shown above after he was arrested in Chicago when it was learned that at 19 he had escaped from an Ohio reformatory after sentence for stealing typewriters.

TWO SAY THEY ARE AVIATOR'S LAWFUL WIDOW

First Wife Declares Actress Is An Imposter

KANSAS CITY, Aug. 10 (AP)—Words were many and tears few today at the second meeting of two women, each of whom insists she is the lawful widow of Capt. Ed. F. M. Deeds, American aviator killed in China, whose body ended its long journey home this morning.

Mrs. Marie Hennessy Shirley Deeds, auburn-haired movie actress, who accompanied the body from China, stepped from the train to encounter Mrs. Betty Deeds, who flew to Kansas City yesterday from Los Angeles.

The meeting provided a strange reception for the body of the world war flier and soldier of fortune who shot down eight enemy planes as a youthful member of the Royal Flying Corps.

The surviving rivals of this post-humous triangle immediately asserted their claims to widowhood in connection with the flier's death, thus resuming a debate began a week ago when the arrival of the aviator's body in San Francisco brought them face to face for the first time.

Guard Over Body.

Mrs. Betty Deeds, first wife of the airman, was flanked about at union station by a large group of friends of Captain Deeds, who had known her as the true spouse of the aviator. She expressed determination to possess herself of her husband's body.

The auburn-haired actress, who asserts she married Deeds in China four days before his fatal crash, expressed a determination to thwart what she said were the designs of Mrs. Betty Deeds.

"He was my husband and you know it," said the first wife. "Don't be silly, you left him and he married me," countered the second Mrs. Deeds.

"Well, if he was your husband why don't you show the marriage license?" queried the first Mrs. Deeds.

"Just hold your horses," advised the second Mrs. Deeds, "I can show you that and a little bit more."

Interrupting the argument for a moment, Mrs. Marie Deeds and her mother, Mrs. A. R. Shirley, stepped over to Mrs. Millie Potvin, mother of Captain Deeds. Mrs. Shirley whispered to Mrs. Potvin, and then introduced her daughter. There were no embraces.

Mrs. Marie Deeds placed her arms about Mrs. Potvin as the group moved through the station. The flier's mother became hysterical.

She asserted she had proof Deeds and his first wife were divorced in Mexico. She said to "make it even more sure," Deeds obtained a divorce in China.

DICTATOR OF CUBA MUST GO SAYS AMERICA

PRESIDENT'S PARTY IS ASKED TO OUST LEADER

HAVANA, Aug. 10. (AP)—The question whether President Machado shall resign his post to bring peace to Cuba, now under a formally declared state of war as the result of the menace of revolution, was placed today before the national executive committee of Gneral Machado's liberal party.

The executive committee met to consider the formula of peace presented by United States Ambassador Sumner Welles, acting as mediator in the conflict between the Machado supporters and the opposition.

This formula entails the withdrawal of Machado to make way for a president approved by all parties.

MIAMI, Fla., Aug. 10. (AP)—General Mario G. Menocal, former president of Cuba and a leader of the opposition to the government of President Gerardo Machado, today declared Cuban affairs are "rapidly nearing solution."

The general's prediction came in his refusal to issue a written statement, disclosing his future course of action relative to the island republic.

"Private advices from Havana this morning show matters are happening so fast that it would be impractical and impossible to issue a statement at this time," the former president declared.

WASHINGTON, Aug. 10. (AP)—The troubled situation in Cuba brought Ambassador Katsupi Deduchi of Japan to the state department today to inquire about conditions there with particular reference to the safety of Japanese subjects.

HYDE PARK, N. Y., Aug. 10. (AP)—President Roosevelt looked today for quick action in Cuba in response to his strong appeal to the island republic to stop political warfare and restore economic order.

The president carefully withheld open intervention in the interest of bringing about peace and happier times by the policy of mediation.

French Troops Eying Nazis On German Frontier

MULHOUSE, France, Aug. 10 (AP)—Armed French troops were again stationed today on the German frontier near here as a precaution against alleged aggressions of German Nazis such as occurred early this year at Huningue.

At Kembs they are guarding the electric plant and the span over the Alsace canal. At Huningue they are watching the bridge where Chancellor Hitler's brown shirts staged an anti-French demonstration late in February shouting taunts.

The troops were sent at the request of the border population.

More than 200 Nazis were reported to have marched to the middle of the Huningue bridge February 21, singing "Deutschland Uber Alles." France made protests to the league of nations and German government.

I SAW—

That the city has repaired a hole in the paving on Francis between Frost and Somerville—there's a place almost equally rough. Mr. Stine, on Cuyler at the Francis intersection.

Mrs. Julian Barrett who recently underwent an appendectomy, taking the air the other night, and looking as if she never had been ill.

ANNUAL SHOWERS OF SHOOTING STARS DUE TO BE SEEN TONIGHT

By HOWARD W. BLAKESLEE
Associated Press Science Editor

PHILADELPHIA, Aug. 10. (AP)—The annual showers of shooting stars, the perseid meteors, are due tonight and the three succeding nights.

Their numbers should be greatest between midnight Friday and dawn Saturday. An hour or so before the milkman begins his rounds is a good time to watch, for few are visible before midnight. Watchers should look toward the north-east sky, low down about midnight. By dawn they are almost overhead.

Their poetic name, "the tears of St. Lawrence," given by the Irish, best describes what to look for. They do not appear much larger than tears. Now and then one of these fiery "tears" crosses half the sky, but mostly their paths are much shorter.

"As the moon is in the last quarter," said Dr. Charles P. Olivier, director of the astronomical observatory of the University of Pennsylvania, "observers should in general keep the moon behind them while counting the perseids. Its presence will of course cut down the number visible, perhaps to a maximum of 30 per hour even with a clear sky.

The public is invited for the third successive year to count the perseids and mail the figures to Dr. Olivier, at Flower observatory, Upper Derby, Pa. These counts need not be for all night, but to be useful must be for a full hour at a stretch.

"Each observer," Dr. Olivier advises, "should give his hourly counts separately. If several are in the party, let each give his total counts separately, quite irrespective of the meteors being seen by someone else. The unit of comparison is the number seen by one person in one hour."

ADMINISTRATORS ASKED TO ORDER SLAUGHTER OF 5,000,000 HOGS

WASHINGTON, Aug. 10. (AP)—A program calling for the early slaughter of five million hogs, including four million young pigs, to be financed by a processing tax on all hogs weighing more than 235 pounds, was presented to farm administrators today by the corn and hog belt committee of 25 and immediately endorsed by most of the major farm organizations.

The program was presented at a conference of corn and hogs producers called by administrators to devise an emergency program to reduce the nation's hog population as a result of an acute feed shortage in most of the corn belt.

Earl C. Smith, Chicago, chairman of the committee, said that the program would remove from the domestic market a substantial amount of the potential hog tonnage and would have the effect of improving hog prices which have been recently depressed because of the heavy marketings of hogs by farmers who are short of feed.

Proceeds of the processing tax which would be levied for one year, would be used to buy up four million young hogs weighing between 25 and 100 pounds from August 15 to October 1.

For these, the committee recommended the following schedule of prices: For pigs weighing from 25 to 40 pounds, $9 a hundredweight, 41 to 50 pounds, $8.50; 51 to 60 pounds, $8; 61 to 70 pounds, $7.50; 71 to 80 pounds, $7; 81 to 90 pounds, $6.50, and 91 to 100 pounds, $6.

IF WE FAIL IT WILL BE OUR OWN FAULT

Among the minor interesting news items of the day is the report that the tomb of Attila, famous many centuries ago as the "scourge of God", has been found in a river bed in Czechoslovakia.

Whether the report is correct or not, the story at least performs the useful function of setting one thinking about the contrasting ways in which civilized society can be threatened with destruction.

In Attila's day, when the Huns came rolling out of the eastern darkness, the crumbling society of the time lived in fear of invasion by barbarians. Wave after wave of savage destroyers came in over the eastern borders each one more destructive than the one before. Attila was the last and worst. The whole framework of civilization seemed to be collapsing before him. It took society many centuries to pick up the pieces.

* * * *

When the Historian Gibbon wrote his "Decline and Fall," he remarked that society no longer faced that kind of danger. The framework, he said, could never crumble again.n Theer were no more barbarian hosts to menace the frontiers.

And a few years after he had written that came the French revolution, just to prove that society could be threatened with destruction even when its frontiers were completely peaceful. Destruction that time came from the bottom instead of from the outside, and it left reverberations quite as profound as those that Attila's host put in motion.

Today we have no barbaric hordes on the borders, and—in spite of the shivers of the timid—we are not in any real danger of an uprising from below. The threat that our society faces is entirely new, and because it is so new it is all the more insidious. It comes from the top.

* * * *

Our danger, that is to say, is not that we shall be overwhelmed by external enemies or turned over by the downtrodden masses. It is that our order of things may collapse of its own weight because the men at the top have set up an establishment that they can't quite master.

What is going on at Washington now is simply an attempt to rearrange things so as to make intelligent direction of our society more easy. It may look radical at first glance, but is essentially deeply conservative. We have neither an Attalia nor a Bobespierre to fear; if trouble comes, it will be entirely our own fault.

NOTICE TO BIDDERS

Sealed proposals will be received by the city commissioners of the City of Pampa, Texas, until 7:30 p. m., Monday, Aug. 14, 1933, at the city hall, for one 1-ton or ton and half truck, specifications for which are on file at the city manager's office.

W. A. BRATTON, Mayor.
J. H. BLYTHE, City Secretary.

FICTITIOUS MAYOR

TROY, O., Aug. 10 (AP) — "Joe Vance" is the democratic nominee for mayor of Tippecanoe City but city officials don't know who he is, if at all. No one took the trouble to file for the nomination so 13 voters wrote in the name of "Joe Vance." There's no one in the village by that name.

Dutch Girl Masters Two New Languages, Completes 11 Year School Course in Seven Years

AUSTIN, Aug 10 (AP)—The story of an immigrant girl, who, knowing nothing of the English language, in seven years received a diploma from a Texas high school and two degrees from the University of Texas, and taught languages for two years in the high school system from which she was graduated, is told in the July issue of the Texas Outlook, magazine devoted to the teaching profession. The article is written by Miss Lillian Barclay of Waco, and relates the unique achievement of Miss Jakoba Balt, Dutch girl, who until seven years ago lived in Austria.

How Miss Balt accomplished 11 years work in seven years, with the added difficulty of not knowing the language of the country to which she emigrated and moreover with the added handicap of having to work part-time to help earn her school expenses, Miss Barclay tells as follows:

"Seven years ago Jakoba Balt entered the El Paso high school, unable to speak English; August 29, 1932, she received her master of arts degree from the University of Texas. In the interim she has graduated from the El Paso high school, received a bachelor of arts degree from the University of Texas, graduating with high honors, taught languages for two years in the Austin high school in El Paso, and finished the work for a master's degree, approximately 11 years work finished in 7 years.

"Miss Balt was born to Dutch parents on Austrian soil. Dutch was spoken in the home, so it was natural that she learned that language. She lived in a country where German was spoken, hence she just naturally learned to speak German. Her mother had been a teacher of French, so of course Jakoba learned to speak French. She said, 'I don't remember learning to speak any of these languages; I just knew them, using any one of them as freely as the other.' And now she has added two other languages to these, English and Spanish.

"Looking over a recent map of Europe, Miss Balt pointed out such towns as Utrecht and Leewarden, Holland, Salzburg and Vienna, Austria, Naples and Trieste, Italy, as places she had spent some time. Salzburg, the birthplace of Mozart, and the town of the famous music festivals, was her home. 'Though until April 4, 1932, I was a loyal subject of Her Majesty, Wilhelmina, Queen of the Netherlands,' she remarked. On that day she became a citizen of the United States.

"Miss Balt received her early education from her father and from private tutors. Later she attended the commercial school. She always read much, having a penchant for philosophy.

"Miss Balt does not recall when she began to want to come to America, but soon after the war was over the family definitely decided to emigrate. After application was made, it was nearly two years before it was their turn to come over. 'During the long wait,' Miss Balt explained, 'my father had me learn English grammar. I mastered the rules, but nothing else.'

"Miss Balt entered the high school in El Paso the summer of 1925, a couple of months after her arrival in America. According to the rules of the school system a summer student may not take more than three subjects. Jakoba Balt took four subjects and very nearly made the highest grades given in the class of that summer.

"The following year Miss Balt took five instead of the usual four subjects in high school and worked in the principal's office to earn part of her living expenses. She graduated the following summer, one year and three months after she had entered an American school, her grades ranking among the highest of the graduating class.

"That fall she entered the El Paso Junior college, and later attended the school of mines. For her senior year she came to the University of Texas and received her bachelor of arts in June, 1930. The next year she secured a position in the Austin high school of El Paso, teaching Spanish, German, and French, a position she still holds. In the summers she returned to the University of Texas for further study, and on August 29, 1932, received her master of arts degree, just seven years and a few months after her arrival in America, knowing nothing of the English language except the rules of grammar. 'But I knew those so thoroughly that my high school teacher had little new to teach me in English grammar,' she said.

"Miss Balt takes a keen interest in all present day questions and can discuss intelligently almost any subject that comes up, from literature of all ages and countries and political and economic questions to how a university should be run, the current movie, or the latest fads in clothes. Though her views are modern on present day affairs and customs, she occasionally presents some conservative view on home training or social behavior that betrays her European upbringing. Perhaps her most winning quality is perfect courtesy that is not the mechanical reflex that one so often meets, but rather is thoughtfulness of and consideration for others. Everyone who knows her likes this girl who learns so readily, thinks so clearly, wins honors so easily, yet remains unspoiled and unassuming."

Mrs. C. E. Fisher and children, Jimmy and Betty, of Seminole, Oklahoma, are here to spend two weeks in the home of Mrs. Fisher's sister, Mrs. W. B. Murphy.

Shivering with Chills
Burning with Fever
Sure Relief for Malaria!

Don't try homemade treatments or newfangled remedies! Take that good old Grove's Tasteless Chill Tonic. Soon you will be yourself again, for Grove's Tasteless Chill Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.

The tasteless quinine in Grove's Tasteless Chill Tonic kills the Malarial infections in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attacks. The twofold effect is absolutely necessary to the overcoming of Malaria. Besides being a dependable remedy for Malaria, Grove's dependable remedy for Malaria, Grove's Tasteless Chill Tonic is also an excellent tonic for general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any store. (Adv.)

LEGAL NOTICE

Notice is hereby given that the Board of Trustees of the Pampa Independent School District will meet in special called session on August 18th, 1933, at 8:00 p. m., at the office of the Tax Assessor in the Court House in the city of Pampa, Texas, at which time the budget for the school year, 1933-1934, will be officially approved.

This notice is given in keeping with legal requirements as set forth in Section 18, of Art. 688 and 689, Chapter 6, Title 20, Revised Civil Statutes of 1925, as amended by the 42nd. Legislature, in regular session convened January 13, 1931, and adjourned May 13, 1931.

BOARD OF TRUSTEES
PAMPA IND. SCHOOL DISTRICT
C. P. BUCKLER, Sec'y.
Aug. 10.

DEPOSITORY BIDS

Sealed bids will be received by the Board of Trustees of the Pampa Independent School District until 12:00 o'clock noon, August 18th, A. D. 1933, for the depository of said District for the biennium beginning September 1st, 1933. Bids should set forth rate of interest offered on daily balances of school funds.

The right is reserved to reject any or all bids.

GREGORY AND LAMB SCORE DECISIVE VICTORIES IN CITY TENNIS TOURNEY

DOUBLES PLAY TO CONTINUE REST OF WEEK

BAUER, ROY WEBB AND DR. JOHNSON WIN MATCHES

Several upsets featured the closing day of first bracket play in the singles matches in the city tennis tournament. All matches except one had been played last night, and it will be played off this afternoon, the two players being unable to get together during the first three days of the week. Doubles play was to start this morning and last through Saturday.

Fred Lamb's 6-0, 6-0 win over Tom Tom Braly was about the most unpected in the tournament to date. Braly was doped to put up some of the best tennis of the tournament, but he appeared unable to get going and fell a victim to Lamb's well returned volleys.

Harold Gregory had little trouble winning, 6-0, 6-1, from Johnnie Corrigan in another unexpected one-sided victory. Corrigan was expected to give the city high school champion a hard game, but Gregory was in excellent form.

Dave Bauer won two out of three sets from John Ketler in a well played match. The scores were 1-6, 6-3, and 6-2. Both had a deadly serve and good placement.

Roy Webb won from W. M. Webb, 6-0, 6-2, with R. Webb doing some steady playing from the first volley.

The only games played in the senior series proved an upset when Dr. R. M. Johnson defeated N. T. Atchison, 6-4, 2-6, 6-3, in more than two hours of play. Games were particularly close and exchanges numerous before a fault or miss. Atchison tired while Johnson showed lack of practice but plenty of ability.

Ed Vicars and L. M. Batton were scheduled to play their match this afternoon.

NOT A PIRATE

CHICAGO—Federal officals have decided that Joe Pennick, 27, upholsterer, who allegedly tried to hold up the pilot of a speed boat carrying visitors to the world's fair, isn't a pirate after all. Looking into the law books they found he couldn't be held as a pirate because he didn't take the ship's cargo, of which there wasn't any. So they decided on a plain charge of assault.

ROADRUNNERS WIN 2ND GAME AT AMARILLO

NINE SCORES CHALKED UP IN 7TH AND 8TH INNINGS

Things looked bad for the Pampa-Danciger Roadrunners yesterday afternoon in their second game of the Amarillo baseball tournament as the veteran Dick Morgan held them scoreless for six innings while the Amarillo Put and Take machine led by one run, a homer by Close. However, in the lucky seventh the Danciger guns started booming and the score ended 9 to 2 for Danciger.

Long John Costello, Indian hurler picked up by the Roadrunners before the tournament, allowed the Amarillo grocerymen only five hits. He was wild and nervous the first few innings and had Catcher Leggitt lying on the ground and jumping in the air. Leggitt "talked" to Long John in no uncertain terms after he grooved one in the second that Close sent over the right field fence and after that the big Indian had things his own way.

Whitey Baccus was responsible for the first Danciger run in the seventh when he drove a timely single over second to score Leggitt, who had hit safely and made third on Wilson's single. Then came Aaron Ward to bat and like the veteran he is, hit one in the pinch and scored Wilson and Baccus. Ward crossed the plate on a double by Vaughn.

Big Dick Morgan failed to appear for the eighth and Carter Bassett went to the mound. The Roadrunners liked his offerings. Lister opened the inning with a single and was safe at second on an attempted double play that went amiss when Leggitt was safe. Wilson singled after Costello went out and Lister scored. Baccus then got his third hit of the day to score Leggitt and put Wilson on third. Again Ward hit when it was needed. He uncorked a terrifice drive to center field that went past Red Weatherred so fast that he failed to see it until it bounced against the center field fence. Ward made the circuit with two men ahead of him.

Amarillo scored in the ninth after Vaughn picked Weatherred's hit off the right field fence. The umpire ruled that the ball hit the fence before Vaughn caught it and allowed a triple for Weatherred. The redhead then scored when Baccus elected to start a double play rather than try for Weatherred at home and the double play worked.

The Roadrunners looked like a championship team both in the field and at bat. The Pampa entry is scheduled to play again tomorrow but the time and opponents had not been named this morning.

Box Score

Joe Lazarus and Bill Diamond transacted business in Amarillo yesterday afternoon.

Mrs. W. H. Morgan of White Deer was a Pampa shopper this morning.

Indians To Play Doubleheader In Pampa Sunday

The Pampa Indians, junior ball team, will play a doubleheader here Sunday afternoon for the only home games of the day. The Indians will meet the Huber carbon black team of Borger in one game and the Hoover nine in a second game.

The Indians have six more games to play this season and will play two games a Sunday at home until they complete the season in time for members of the team to attend the fall football training camp which opens Aug. 28 on the Mel Davis ranch near LeFors. The team is made up mostly of high school boys or recent graduates.

Manager C. O. Busby said this morning that he would start "Gomez" Marbaugh in one game and Trenary in the other "unless he changed his mind."

Time of the games and where they will be played were to be set this afternoon.

DOBBIN TAGGED

FAIRMONT, W. Va.—A zealous policeman slipped up and hung a tag on the collar of a horse hitched to a buggy, standing patiently in a no-parking zone. The owner, half an hour later, rushed to police headquarters. "Don't arrest the horse," he pleaded. "He isn't accustomed to it." Both horse and driver were dismissed.

Pug Grubbs To Fight Zarro At Borger Tonight

Pug Grubbs, pride of Borger boxers, steps into the championship class tonight when he meets Gyp Zarro of Fort Worth in a 10-round main event at the coliseum in Borger. Many Pampa fans plan to see the fight, doped to be the best of the season. A good supporting card has been arranged.

The Borger flash has been coming to the front recently. He has won his last five fights handily, three by the knockout route. He has changed his style of fighting since last seen in Pampa and fans who have seen him in action say he is due for the big time.

Zarro is known throughout the southwest as a tough, hard-hitting youngster with a great future. He has been taking everybody that came his way recently.

HEY GOVERNOR!

UNIONTOWN, PA., Aug. 8, (AP)—Down from his mountain home, John P. Gleason, a tall man with flowing white beard, received a clamorous welcome from striking miners.

Thorough bewildered, Gleason heard the strikers shout: "welcome governor."

Gleason, nicknamed "Pinchot" by some of his friends because of his resemblance to the governor of Pennsylvania, fled into the court house and obscurity.

MERTEN CLUB PAYS VISIT TO ILL PRESIDENT

BIRTHDAY GIFT MADE BUSINESS MEETING HOSTESS

MERTEN Home Demonstration club members visited their president, who is ill, and presented a birthday gift to their hostess, Mrs. W. R. Taylor, when they held a business meeting yesterday afternoon.

Mrs. J. A. Smith, club president, is recovering from a recent operation. She was eager to hear the report of the club delegate, Mrs. J. C. Browning, who attended the A. & M. short course last month, so the entire party went to her home when that report was given.

Mrs. Fred C. Fischer, vice president, presided in Mrs. Smith's place at the business meeting previous to the visit.

Mrs. Taylor was presented with a set of measuring spoons, measuring cup, and scales as a birthday gift. She served iced watermelons.

Mesdames Treadwell, Barton, and Johnson were guests for the afternoon. Club members present were Mesdames Knapp, Enloe, Stafford, Bridges, Phillips, Fischer, Burba, Browning, Miss Joy Enloe, and the hostess.

Postmaster Has New Supply Of NRA Insignia

A new and probably adequate supply of NRA insignia was received today by Postmaster D. E. Cecil, who requested that everyone who had signed certificates of compliance but had not been given the placards and stickers see him at once.

With adequate supplies here, it will be possible for the public to know who has signed the compliance forms and who has not completed the necessary steps.

The consumer compliance campaign and buying drive are expected to be started nationally and locally within 10 days.

Baptist Camp at Lake Is Attended By Record Crowd

CANADIAN, Aug. 10. — Record crowds have been attending the Baptist encampment at Anvil Park lake. Dr. Jenkins and Prof. D. M. Wiggins of Abilene were the speakers last night.

Mr. and Mrs. Neal Cross have named their 8-pound baby boy, William Neal. Mrs. Cross and the baby are getting along very nicely at the local hospital.

Maurice Hobdy announces that he now has the Ford agency in Canadian.

Earl Rhea, a local plumber, got a 12-inch live snake out of the hot water faucet of a lavatory in a residence here yesterday morning.

Canadian is trying to do her part for the NRA. C. W. Callaway, C. A Studer, R. H. Stone, N. Abraham and H. R. Miller have been selected to work out a plan for the cooperation in Canadian.

Dr. and Mrs. Meeks and son, Stanley, and Bobbie Jackson are in Chicago this week visiting the fair.

Several new families have arrived on account of the paving operations. It has been reported that the paving to the Wheeler county line will be under way at the latter part of this month.

Miss Amy Gilliland of Columbus, Ohio, is visiting in the W. W. Reed home.

R. S. Sales has a new shingle job on his home.

Husband Pleased After Wife Lost BULKY FAT

Reduced 21 Pounds—Skin Clearer and Feels Much Better

"I've lost exactly 21 lbs. with 3 jars of Kruschen and am so happy to get rid of that bulky fat. My husband is very pleased with me. My skin is clearer and I feel so much better since I'm not so heavy on my feet. Friends say I look much better." Mrs. Norma Spickler, Maugansville, Md.

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar last 4 weeks and costs but a trifle at Richards Drug Co., Inc., or City Drug Store, or any drug store the world over. Make sure you get Kruschen because it's SAFE. Money back if not satisfied. (Adv.)

MRS. NEWT BARKER IS HONORED WITH BRIDAL SHOWER AT MCLEAN

McLEAN, Aug. 9.—At the home of Mrs. Ralph Caldwell Tuesday afternoon at 4 o'clock, friends met and honored Mrs. Newt Barker, a recent bride, with a miscellaneous shower. The newly weds are living in the Gracy community. Mrs. Barker was before her marriage Miss Loree Kinard, daughter of Mr. and Mrs. M. H. Kinard.

Those present or sending gifts were: Mesdames Reep Landers, T. A. Landers, Raymond Hall, Myril Grigsby, A. A. Tampke, Ruel Smith, T. N. Holloway, Callie Haynes, M. H. Kinard, Carl Carpenter, Jesse Cobb, John Sparks, John B. Vannoy, W. H. Watkins, Donald Beall, Geo. Colebanks, John Cooper, Murray Boston, and the hostess, Mrs. Ralph Caldwell.

Rev. and Mrs. Cecil G. Goff; Misses Johnnie Villa, Gorda Lou Haynes, Anna Bell Kinard, Elizabeth Wilkerson, Texola Harlan, Oleta Holloway, Rose Watkins, Eunice Stratton, and little Glenda Joyce Smith.

Teacher Returns.

Miss Jewel Cousins, English teacher in the McLean high school, has returned from Boulder, Colo., where she has been working on her master degree. Miss Cousins was accompanied home by Miss Lillian Park of Knox City who will be her guest for several days. The two young ladies also attended A Century of Progress while away.

Mrs. Neil Bowen is visiting in Roosevelt, Okla., this week.

Mrs. F. E. Stewart and children are visiting the lady's parents in Hedley this week.

Mr. and Mrs. Emmett Thompson and children of Canadian were week-end visitors in McLean.

Nat Woods of Clarendon was a business visitor in McLean Monday.

Car Wreck On 66.

W. B. Bush and Ivan Stanley narrowly escaped death Monday afternoon when their cars collided on 66 highway near the Church of Christ. Though no one was seriously hurt, Stanley's car was badly wrecked, having turned over three times. Mr. Bush's car was slightly damaged.

Mrs. John Cooper and little son, Bennie Rex, are visiting in Canyon.

Among the McLean people who were in Pampa Monday were: Mrs. J. S. Morse, Mrs. Johnnie Haynes and two little sons, Mr. and Mrs. J. W. Ivey, Mr. and Mrs. Charlie Carpenter, Miss Charlie Mae Carpenter, Mrs. A. Stanfield and Miss Lola Ruth Stanfield, Mr. Edward Gething and Miss Lucille Rice.

J. W. Ivey Injured.

While burning some trash on his ranch nine miles north of McLean, J. W. Ivey was accidentally shot in the fleshy part of his leg, Wednesday morning when a bullet exploded. Mr. Ivey was rushed to Mobeetie for examination. He was accompanied by Mrs. Ivey, his son, Charles, and C. W. Bogan.

Mr. and Mrs. C. A. Watkins, Mr. and Mrs. Evan Sitter, and Mrs. Will Glass left Tuesday afternoon for Amarillo to be at the bedside of Tommy Watkins, who is seriously ill at St. Anthony hospital following an operation for appendicitis Saturday morning.

Lions Hear Musician.

Miss Edna Jones of Abilene, who is a house guest of her aunt, Mrs. Arthur Erwin and Mr. Erwin, entertained the Lions with several well-rendered piano selections Tuesday at their regular luncheon hour. Mrs. Cecil G. Goff sang.

Visitors for the day were Arthur Erwin and W. S. Bacon of Amarillo, the latter a guest of Witt Springer.

Merchant Leaves For Market.

Earl Stubblefield of the Stubblefield Dry Goods company left Monday for Dallas to buy his fall supply of dry goods. He was accompanied by his brothers, James A. Stubblefield of Groom and W. J. Stubblefield of White Deer. Another brother, Dwight Stubblefield of Groom, is taking Mr. Stubblefield's place in the store during his absence.

Mrs. Earl Stubblefield has as her guests this week her mother, Mrs. C. T. Cline of Amarillo, and her brother, C. T. Jr.

'Miss Pampa' Is In Roswell For Beauty Contest

Mr. and Mrs. Jack Gregory and daughter, Miss Myrtle Alene, left yesterday for Roswell, where today and tomorrow Miss Grgory will participate in the Queen of the West contest conducted annually by David Dallas.

The prettiest girls of the southwest will compete for honors at the Yucca theater and will be honored at social events given by Roswell people.

Miss Gregory won the title of "Miss Pampa" last spring. She had been ill for several days but was improved when she left here yesterday.

DR. HUNTER SPEAKER

Dr. C. D. Hunter was the speaker at Tuesday's meeting of the Business and Professional Women's club, instead of Dr. T. R. Martin, as reported in yesterday's woman's page. Dr. Hunter made an interesting talk on health and the importance of regular physical examinations, as the feature club speaker.

Mrs. J. L. Green of LeFors shopped in the city yesterday afternoon.

Tom Breeding of Miami was in the city this morning.

Class Activities Planned by Board

A social to be held August 29 and a program to be presented in Sunday school assembly Sunday morning were planned at an executive board meeting of the Fidelis Matrons class, First Baptist church, yesterday afternoon.

The Blair group will be hostesses for the monthly social.

All members of the class are asked to be present at 9:45 Sunday morning for the opening program.

Officers and group captains present for the business meeting were Mesdames Joe Foster, R. W. Tucker, D. B. Jameson, E. G. Hemphill, Hugh Ellis, G. W. Gassaway, J. E. Hamilton, C. E. Cheatham, H. E. Crocker, M. M. Rutherford, Floyd Young, and Parks Brown.

BOOKS STUDIED WHEN BAPTIST CIRCLES MEET

One Central Baptist Circle Teacher At Camp

STUDY sessions and devotionals were conducted by both circles of Central Baptist Missionary society yesterday afternoon in their weekly meetings.

Mrs. T. M. Gilham was hostess to the Bethany circle. Mrs. R. M. Mitchell read the Bible lesson, 11 Corinthians 5, and Mrs. L. W. Hardcastle gave the opening prayer. The fifth chapter of their mission book, "Glad Tidings," was studied by members under direction of Mrs. Mitchell.

Others present were Mesdames G. D. Holmes, John Busby, G. L. Lunsford, D. L. Lunsford.

Lottie Moon circle met with Mrs. Paul Link. Mrs. Lewis Bridges read the fifteenth chapter of John and Mrs. S. L. Anderson gave the prayer and also conducted the lesson in the absence of the circle teacher, Mrs. Stark, who is attending the Baptist encampment near Canadian.

In addition to those on program, Mesdames W. O. Cooley, D. M. Scalef, E. V. Davis, Earl Vernon, and Cecil Lunsford were present.

CONGREGATION WELCOMES 149 TO THE CHURCH

OLD AND NEW MEMBERS GET ACQUAINTED AT PARTY

WELCOMING the 109 new members added to the church rolls during the recent revival, and also 37 who became members in the few weeks preceding, the congregation of First Christian church entertained with a reception yesterday evening.

The west basement room was filled for the occasion. All new members were introduced, and the evening was largely devoted to promoting general acquaintance. New members were enrolled for various church activity.

Light refreshments were served by women of the church.

Among the guests were members of the Vawter evangelistic party which conducted the revival. They are leaving this morning after spending more than two weeks in Pampa.

Hutton Tries To Halt Rumors Of Reconciliation

LOS ANGELES, Aug. 10 (AP)—David L. Hutton Jr. paused between daubs of paint in his dressing room at a downtown theater to call an abrupt halt to talk of a reconciliation between him and his evangelist wife, Aimee Semple McPherson.

That stacked up against beaming smiles Tuesday when the two of them emerged from a tete-a-tete in a hotel dining room to give very definite impressions to onlookers that everything was going to be all right in the parsonage of Angelus Temple once more. An attorney (at that time) opined that dropping of Hutton's divorce seemed not unlikely.

"This recognition stuff," said Hutton last night, "has got ahead of me. Of course, I spoke with my wife, but that doesn't mean that my divorce action will be affected in any way."

His wife said she was going away on a preaching tour to forget a broken heart.

"I began my campaign of strenuous work," said Mrs. McPherson-Hutton, "bacause I wanted to forget. I have never worked so hard as since my return home. It seems to help."

The evangelist hasn't been served with the papers in her husband's suit for divorce.

MAN 'BUYS' DEPOT

DALLAS, Aug. 10 (AP)—Police here today were seeking three men who sold a citizen of Waco a one-third interest in the depot of the Missouri-Kansas-Texas railway at Denison. The man told officers that under the deal he made with the trio he was to receive one-third of all the money paid in at the depot for tickets sold to the world's fair at Chicago. He said he paid the men $1,100.

Tommy White attended the ball game in Amarillo yesterday afternoon.

Mr. and Mrs. Emmett Gotcher and daughters visited in Amarillo yesterday afternoon.

U. S. 'Ambition' Led To Slaying Says Japanese

TOKYO, Aug. 1 0(AP)—Lieut. Hoshi Yamagishi, leader of ten naval officers undergoing court martial charged with the assassination of Premier Suyoshi Inukai and other terroristic acts, testified today that fears of "America's ambition" motivated the terrorists.

Testimony was produced to show that Yamagishi commanded the naval officers who invaded the premier's residence, and that he gave the command "fire" which loosed the fatal shots.

After he had made his anti-American statement, the court room was ordered cleared and the hearing continued in secret. The proceedings are being held at the Yukosuka naval base.

The lieutenant declared that he and the other officers feared the United States would attempt what he called further domination of Japan and the Orient in 1936, when revision of the Washington and London naval treaties is due.

He testified that his group was determined to "attempt the reconstruction of the empire before that crisis arose."

Premier Inukai was slain in his official residence May 15, 1932, and at the same time numerous Tokyo buildings were attacked by terrorists.

Among these buildings were the office of the metropolitan police board, the cherry village gate of the imperial palace, the Bank of Japan, and the important Mitsubishi bank.

Mrs. A. H. Doucette and daughter, Dorothy, and their guest Miss Velora Reed of Lawton, Okla., and Mrs. Emma LeFors spent the day visiting in Amarillo.

CHEVROLET
leads the field
by the widest margin
in its history

CHEVROLET, AMERICA'S NUMBER 1 CAR—47.99%* of all low-priced cars sold
NUMBER 2 CAR—26.74%*
NUMBER 3 CAR—19.21%*
ALL OTHERS 6.06%*

*Based on the latest retail registration figures from R. L. Polk & Company (all states for five full months). Since January first Chevrolet has sold in excess of 370,000 passenger cars and trucks.

True enough, it isn't news any more to say that Chevrolet leads the world in automobile sales. People have come to take that for granted. But this year there is an important difference. In the face of the keenest "show-me" market the industry has ever known, Chevrolet has *increased* its margin of leadership. In fact, according to the latest available figures, Chevrolet alone has sold almost as many cars this year as all the rest of the low-price field combined!

When a car looms above its field like that, there can't be any argument about it. *It must be an all-round better buy.* And that's exactly what Chevrolet offers you.

The bodies are Fisher bodies, and that's the most famous name in its field. Famous for styling and luxury. Famous for pioneering such revolutionary advancements as the new ventilation system that lets you make your own weather. Famous for using the strongest and quietest body construction of the day—solid steel over a sturdy hardwood frame.* The engine is a valve-in-head six, and that's the same basic design that has been breaking economy and dependability records for year after year. It's Cushion-Balanced to blot out vibration. It's full of snap and vigor. In fact, it has been called the most efficient engine in the low-price field.

Then there's Synchro-Mesh with Silent Second. There's the Starterator. There's Simplified Free Wheeling, the Octane Selector, long, parallel-mounted springs—more advancements than we have space to describe, *but all of proven value.* What's more, Chevrolet prices start at $445, and no Chevrolet is listed above $565!

Already this year, hundreds of thousands of owners have put this car through every kind of test, driven it millions of miles, and proved that it *is right!* No other car in the world bears such a recommendation. Don't guess—buy from the leader.

CHEVROLET MOTOR COMPANY, DETROIT, MICH.

CHICAGO GRAIN

CHICAGO, Aug. 10. (AP)—For the third successive day, grain values showed an advancing trend today, with wheat registering nearly 6 cents rise, compared with Tuesday's bottom figures.

Increased attention was given to reports of the Washington administration's desire to see prices restored to the level which prevailed in 1924-26. According to official returns, the average 1926 price received by the farmer for wheat was $1.24 a bushel, corn 74 cents, and oats 40½ cents.

A pause in demand pending issuance of the government crop report led to reactions in the late dealings, and wheat closed easy at the same as yesterday's finish to ⅜ higher, corn unchanged to ½ up, oats ⅛-½ advanced, and provisinos varying from 10 cents decline to a rise of 17 cents.

Cooker Training To End Saturday

The pressure cooking demonstration that has been interesting Pampa women all week at the Montgomery Ward store will end Saturday night.

Through these demonstrations of cooking and canning, in the words of a prominent cooking expert, "many women who are thrifty of themselves and the family funds have found pressure cooking an easy way to get the load of 1095 meals a year off their backs, at a great saving of time, money and effort. I hope many more will make this discovery during this demonstration." The saving in time alone is equal to 2 full weeks of vacation from cooking duties a year.

25 ARRESTED

SYRACUSE, N. Y., Aug. 10 (AP)—At least 52 arrests in connection with a determined onslaught of striking milk producers upon trucks delivering milk to a dairymen's league plant at Deruyter this morning were reported by state police and the office of Sheriff Kenneth Parker.

Miss Clara Lee Riggin has returned from an extended visit to Oklahoma and Arkansas.

NRA GOLF CLUBS

NEW YORK, Aug. 10 (AP)—Golf clubs not operating for profit do not come under the compulsory provisions of the national industrial recovery act, the United States Golf association set forth today, meanwhile, urging "that such clubs as are in a financial position to do so will aid the recovery movement by signing the voluntary agreement."

STEEL ORDERS DROP

NEW YORK, Aug. 10 (AP)—Unfilled orders of the United States Steel corporation decreased 86,546 tons in July to a total of 2,020,125 tons, the corporation announced today. This compares with a June increase in backlog of 176,856 tons, which was the largest reported since early in 1930.

ROOSEVELT WATCHED AS MACHADO RULES CUBA WITH BULLETS

The HIDDEN DOOR

BY FRANK L. PACKARD

SYNOPSIS: Colin Hewitt, writer of detective stories, finds himself plunged into a far better thriller than any he ever imagined. Reddy Turner, boyhood friend who went wrong, is killed in Colin's apartment by the Mask, whom Reddy was trailing because that master criminal was responsible for the death of Reddy's sister. Colin has promised to deliver a letter for Reddy; he goes to Reddy's old room, finds the letter, and turns to face one of the Mask's killers. He smashes the face of the man with a curtain pole, and now walks down Sixth avenue knowing that if he goes home he is as good as committing suicide.

Chapter Ten

REDDY'S LETTER

Colin quickened his steps, unconsciously keeping pace with his own thoughts.

There was Reddy's letter. He couldn't come to any decision anyhow until he had read that, and in the meantime the obvious thing to do was to keep his tracks covered.

But in any case he couldn't stay out on the street all night. Obviously again, then, a hotel. The Crossmore, for instance. It was only a few blocks away and not far from the Grand Central. Whether or not he eventually spent the rest of the night at the Crossmore did not matter; he could at least digest Reddy's letter there undisturbed and at his leisure.

He traversed the intervening blocks rapidly and entered the hotel. The lobby was deserted. Only a sleepy bellboy and the night clerk appeared to be on duty.

Colin crossed to the desk.

"This commuter stuff isn't all it is cracked up to be," he grumbled. "Second time this month I've missed the last train!" He took out his pocketbook. "I haven't any baggage of course, so I'll pay you now."

The clerk nodded pleasantly.

"Well, it's an ill wind, you know," he said sententiously. "We'll try to make you comfortable, Mr—" he glanced at the register—"Routh. With bath?"

"Please," said Colin—and a few minutes later was in his room with the door locked behind him.

And suddenly he felt very tired. What was it the doctors had said about early hours and no excitement? Oh, well—he flung an approving glance around the room—there was solid comfort here for the time being anyhow! And a bed by and by—perhaps, but Reddy's letter first!

He threw himself into an easy chair, took the envelope from his pocket, and tore it open. It contained, as Reddy had said, a plain sealed envelope of ordinary commercial size and two sheets of paper folded together. He laid the envelope down on the arm of his chair, and unfolded the sheets of paper.

Reddy's penmanship was clear and legible. He read the closely written sheets through to the end—read all of them in a sort of haste, as though at a single glance he strove to master their entire contents. Then, with a grim smile, he searched in his pocket for a cigarette, lighted it and reread the letter slowly, as though almost he were committing it now word for word to memory. As Reddy had said, it began without a preface:

"The man to whom the enclosed letter is to be delivered is somewhere on the north shore of the lower Gulf of St. Lawrence, or on the Canadian Labrador coast. He was last heard of at a place called Cap l'Orage, but I'm sure he is still down there somewhere, and I think has been there for about a year. His real name doesn't matter for he is known there as Joe Lazarre. He is dark, has black eyes and hair, is thickset, clean-shaven, and is about forty years old; if you have any doubt about him, ask him to show you his shoulder—he has a bullet wound scar along his right shoulder blade. So much for that, if you decide to go.

"If you ever read this, which will only be if I have been taken for a ride, you will remember I told you that I wasn't letting you in for anything except the time and trouble it would take to find Lazarre (although I didn't mention his name then) provided you followed the directions I am writing here, and after handing over the letter; just let it go at that.

"And that is all true. But, before you finally make a decision, it is only fair to add something here, which is part of what I meant by "following directions," that I did not tell you about when I was talking to you. And my reason for not having done so then was that it wasn't anything you needed to know until the time came for you to sit in and take a hand. If you then felt that way about it—which time would mean, of course, that I'd been put on the spot by the Mask.

"Listen, I've found out that the Mask has got some "interests" down that way, though what they are I don't know. So if you went, you'd have to watch your step—otherwise there would be danger. It's a cinch that if he ever gets on to me at all he'll know all there is to know about me before he's through, and he'll also know that you're a friend of mine—and, if he found out you are down there, he'd get curious, which wouldn't be so good. If you decide to go, I'd be Tom, Tom, the Piper's son, or Little Boy Blue, or something like that while you're there, if I were you. Understand?"

"You know how much I want the letter delivered, but I'm telling you straight now—play safe or stay at home. That's flat. Also, it's only fair to tell you that Lazarre is now working for the Mask. But you will be in no danger from him on account of any letter you hand over from me, and you can bank on that to the limit—only he wouldn't live long if it were known he ever got it. See? That's why it isn't to be mailed to Cap a l'Orage—where he may not be.

"If you go, good luck, and a dead man's thanks; if you don't go, remember the bargain—the letter is to be destroyed unopened, and your mouth is shut! That's all."

Colin stared unseeingly in front of him. Mechanically he tore his two sheets into bits, and mechanically he thrust the sealed envelope into an inner recess of his pocketbook.

They spoke mostly French down there, of course. That was alright. So did he. A lonely, desolate stretch of coastline. He knew something about it by hearsay. Heaton Boyce had been down there on a salmon trip last year, and had described it one night at the club.

The North Shore, Boyce said they always called it. A pulp mill, or so; timber-cutting; fishing. And, separated by infinite miles, a few settlements that consisted of no more than a cluster of houses. No railroad, coastal boats from Montreal and Quebec the only source of supplies and transportation in summer—dog teams in the winter. What the devil interest could the Mask have in a locality like this?

He'd have to write a note to Mulvey. Tell Mulvey he'd taken his advice and was off for a trip—not sure himself where he was going. Also a note to Mrs. Higgin to keep his diggings in order while he was away. He could write them both in the morning.

Tom, Tom, the Piper's son, eh? Queer! He was already Mr. Routh in the hotel register downstairs. Colin Hewitt had already dropped out of the picture. But to underrate the Mask would be fatal. The railway station would be watched. Suppose he went via Boston? Got a car in the morning, drove as far as Stamford, say, and took the train there? Yes, that would do.

(Copyright, 1933, Frank L. Packard)

Colin begins his trip tomorrow.

PEACE PLANS ARE SCORNED BY DICTATOR

PRESIDENT DECLARES A STATE OF WAR OVER ENTIRE ISLAND

BY JOHN P. McKNIGHT.

HAVANA, Aug. 10 (AP)—A state of war gripped Cuba today, its purpose being peace.

Military forces controlled the island under decree of President Machado who said the general strike, paralyzing industry and trade, had given "enemies of the public peace" a chance to "create a revolutionary state in the country."

Conflicting and underlying attitudes of numerous elements involved in the growing crisis increased the public tension. Machado has been deaf to suggestions that he resign and that his secretary of state, Orestes Ferrara, resign.

The United States Ambassador, Sumner Welles, moved swiftly in his efforts to bring quick fruition to efforts to restore normalcy. Governmental and political leaders sought in conferences to bring the several factions into agreement on some program of solution.

The declaration of a state of war came as the administration's answer to the suggestion of mediators that Machado and Ferrara resign and permit a new secretary of state, acceptable to all groups, to accede to the presidency.

Grave concern was expressed for the welfare of citizens unless the strike could be brought to a quick termination. There is little bread, and the distribution of milk is being made under armed guard. Stocks of foodstuffs are being exhausted rapidly.

Shop Bombed.

Since the state of war became effective at 6 o'clock yesterday evening, the military has been in full control. Unrest has increased, and the attitude of the United States is being watched closely by Cubans wondering what action President Roosevelt may take. Mr. Roosevelt's desire, as expressed yesterday at Hyde Park, New York, is that the political difficulties be solved "at the earliest possible moment" so that economic welfare may be preserved.

Widespread police precautions have been taken to halt violence. Explosion of a bomb early today, however, emphasized that strikers are not retreating from their position. The bomb damaged a bakeshop whose owner had not joined the strike.

The war declaration was attended by a series of swift-moving developments, among which were:

Bertha Skirving, a cable company employe who said she is an American, was arrested for allegedly speaking unfavorably of Cuba, but was released, after being warned against a recurrence.

British Protest.

Spanish Ambassador Luciano Lopes Ferrer, according to an authoritative source, protested to the president against treatment accorded Spaniards, two of whom were killed Monday, when guards fired on crowds near the presidential palace and killed 21 persons.

Camel's costlier Tobaccos never get on your Nerves...Never tire your Taste

A woman's reason for liking a man's cigarette

Maybe you'll think I'm a bit inconsistent. Most things I'm fond of are really quite feminine . . . dainty, frilly frocks—delicate desserts—yes, and delicate compliments, too. To me my cigarette is a personal thing—it touches my lips—so give me one with real *character*. For some reason or other, I find that whenever I reach for a Lucky, always "Luckies Please". They're as mild and *pure* as can be—I wonder if "Toasting" isn't the reason after all!

because "It's toasted"

NRA Questions Are Answered

WASHINGTON, Aug. 10, (AP)—What does the NRA mean?

The following questions were developed and answered today by officials of the National Recovery Administration:

What is the status of service employes such as barbers, beauty shop operators and others who have been working on a straight commission basis for several years? Can they work as long as they want or are they subject to a 40-hour week and a guarantee wage of $14 weekly by the owner?

This question has not been decided and final decision is expected soon from the policy board.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food don't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul. Your skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

ANSWERS

to today's THREE GUESSES

Lincoln Ellsworth is a noted AMERICAN EXPLORER. I Pagliacci is an OPERA by Leoncavallo. The instrument is a BASSOON.

TEXAS LEAGUE SPLINTERS

By BILL PARKER

The Oklahoma City Indians collected fifty-three dollars for a three game series at Fort Worth. Their expenses totaled one hundred and eight dollars.

The scoreboard and part of the rightfield fence at Dallas was wrecked by a recent wind storm. It will require several hundred dollars to rebuild. It was a serious financial loss for the Dallas moguls who cannot repair the damage from surplus funds.

Joe Vann, turned adrift by San Antonio and later signed by Dallas, is ranked the second most valuable player on the Dallas team. Manager Brainard credits him with being an important factor in lifting the Steers from second to first division in the league standing. When not pitching he plays outfield. He probably is the fastest base runner in the league.

Sal Gliatto, ace of the Dallas hurling corps, believes his factured jaw and broken thumb will heal in time for him to pitch in the Texas league play-off should the Steers finish in the first division. Gliatto received his injuries in a fistic encounter with Ed Connolly, Galveston catcher.

George Murray and Lou Garland, last year Dallas pitchers, recently tied up in a 13-inning mound duel in the American Association. Garland won when Murray weakened and allowed four runs in the thirteenth to lose, 10 to 6.

For the first time in many years the Texas league does not have an outstanding catcher. Susce of Beaumont was rated the best until he went out for the season with a broken collar bone received in blocking the plate against the charging Gene Moore, Houston outfielder. John Pasek was top catcher in the league until recalled by the Detroit Tigers.

Critics are convinced that Zeke Bonura is the best all-round first baseman, and that Manager Carey Selph of the Houston Buffaloes is the superior of all Texas League second sackers. Being manager for the first time has not daunted Selph. He is having one of his greatest seasons.

With only a few weeks to go, it is apparent that "Flea" Clifton will beat Eddie Hock for stolen base honors. The diminutive Beaumont infielder had a lead of twelve stolen sacks over the Houston third sacker when the League went into the home stretch.

Admiral And Wife Visit In Abilene

ABILENE, Aug. 10 (AP)—Rear Admiral Sinclair Gannon, U. S. navy, and Mrs. Gannon were here today, visitors in the home in which they were married more than 30 years ago. They are en route to San Diego, Calif., Gannon to return to active sea duty after an illness.

Mrs. Campbell Is Benefit Hostess

Mrs. W. R. Campbell was another of the week's hostesses at a "vanishing party" in the series being given as a benefit for the Baker Parent-Teacher association. She entertained at her home with hearts.

Her guests were Mesdames Edwin Vicars, Jim Collins, Roy Bourland, H. T. Wohlgemuth, J. M. Fitzgerald, Frank Bryan, Joe Gordon, Lee Harrah, Henry Charless, C. T. Hunkapillar, Lawhead of Denver, Crawford Atkinson, Joe Burroughs.

They enjoyed an afternoon playing hearts, and were served delicious refreshments.

Public Invited To OES Program

The public is invited to a special meeting of the Order of Eastern Star Friday evening at 8, when the grand cross of color will be conferred upon outstanding members of the Order of Rainbow for Girls and the Rainbow advisory board.

This degree is given for unusual service in the Rainbow order. The ceremony will be conducted at the Masonic hall.

HOOVER 59 TODAY

STANFORD UNIVERSITY, Calif., Aug. 10 (AP)—Former President Herbert Hoover is "not at home" to callers today—his fifty-ninth birthday. The announcement was made by a secretary who intimated the former president and his wife planned to observe the day by themselves. Their two sons, Herbert Jr. and Allan, are in southern California.

SIMPLY WORN OUT?
Take Lydia E. Pinkham's Vegetable Compound
Can anything be more wearing for women than the ceaseless round of household duties? You have no time to be sick . . . you are tired . . . ailing . . . yet cannot stop. There comes a time when something snaps and you find yourself simply worn out.
Lydia E. Pinkham's Vegetable Compound will help you. Its tonic action will give you renewed strength, and will make your daily tasks seem easier to you.
98 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your druggist today . . . and watch the results.

Plowed-Up Cotton Is Being Measured

In order to speed cotton allotment checks to farmers, County Agent Ralph Thomas and George Briggs, B. C. D. manager, today began to measure acreage of plowed-up cotton in Gray county.

They lacked the necessary blanks for entering data, but will compile notes from which they can fill out the forms when supplied.

Delay in shipment of blanks was occasioned by the sidetracking of printing in favor of NRA forms at the federal printing office.

Ten Masons Take Work Examinations

Ten Pampa Masons were examined on their applications for certificates yesterday by W. S. Tate of Hamilton, a member of the committee on works of the state lodge. Certificates will be awarded those who passed some time in December.

Mr. Tate made his first trip to Pampa yesterday and he was agreeably surprised by the beauty of the city. He admitted that he expected to see a typical oil city and instead he found a modern city with everything about larger cities of the east boast.

PAMPA TOPICS OF OUR CITY By O.E.H.

(Continued from page 1.)

vent starvation.

STARVATION IS REAL

The threat of starvation if the bonds are not authorized is too real to be denied. There are 1,250,000 men and women in Texas receiving THEIR ENTIRE CASH INCOME from relief committees. There are 400,000 other men who are employed and nearing the end of their resources but not yet registered by relief bodies. ONE IN EVERY FOUR TEXANS IS JOBLESS AND DEPENDENT UPON RELIEF FUNDS FOR FOOD AND SHELTER. That is a hard thing to imagine but it is true. To stop the meager work and funds which enable these people to have the barest necessities of life would be tragic and inexcusable.

IF BEST HAPPENS

The NRA is putting many men to work, WHO ARE NOT ON RELIEF ROLLS. Few registered men are getting employment because those more recently released by employers have been the first to be re-hired. Public works programs will give other men work, but with winter approaching the most optimistic estimates are that ONE MILLION TEXANS will look to relief bodies for their very life-giving sustenance this winter. When the peak of human misery is reached in December, Texas would face all manner of disorder should there be no work and food for a million persons.

A LOCAL VIEWPOINT

Pampa has hundreds of men who can look to no projects likely to give them work next winter. There is no likelihood of any considerable private construction. Road-building will necessarily be limited by weather, equipment, and the physical condition of the men. There are a great many men physically unable to do hard manual labor. There are others without any sort of equipment with which they might obtain jobs. It would be nothing short of calamitous should federal aid be withdrawn, as it will if the bond amendment is defeated. The plains section, too, has a similar problem. In many counties, not even the farmers have food and feed. These conditions certainly justify breaking of precedents. We would not say that it would be necessary to issue $20,000,000 in bonds in the next two years. WE DO SAY IT WOULD BE TRAGIC AND HUGELY UNWISE NOT TO GIVE THE LEGISLATURE AUTHORITY TO PREVENT STARVATION. Other states are matching federal funds. Texas cannot afford to plead that the people have no responsibility. . . It is conceivable that those who have property and hold poll tax receipts will defeat the bond amendment. We dare the prediction that if they do they will regret it. Let us untie the hands of our representatives and trust to their judgment. It is not democratic, it is not efficient, it is not wise to bury our heads in the constitution while hundreds of thousands of persons beg for flour, bread, and potatoes—little more, and can we as human beings afford to give them less?

WILL HAVE RODEO

A free rodeo is being sponsored by the McLean chamber of commerce with the first performance being given Saturday afternoon, beginning at 1:30 o'clock. The rodeo will be free to the public and all people from the trade territory and surrounding towns are urged to attend. It is expected that such an event will be shown every other week for a period of time. The rodeo is under the direction of Lee Harlan and Ed Clifton, local cattlemen of considerable rodeo experience.

Renew Your Health By Purification
Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health.
Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

THRIFTY CAR OWNERS WROTE this CODE

The Thrifty Code for Tire Buyers

I hereby promise to trade in my thin, worn, dangerous tires today and equip my car, before prices advance again, with the *Safest* and *Most Dependable Tires* I can find.

They must have:
Every fiber in *every* High Stretch cord in *every* ply saturated and coated with pure liquid rubber, to give me *Extra Blowout Protection.*

They must have:
Two Extra Gum-Dipped Cord Plies Under the Tread for *Greater Strength* and *Blowout Protection.*

They must have:
Scientifically designed non-skid tread to give me EXTRA SAFETY.

Mr. Car Owner

MAKE the *Thrifty* Code—*your* Code. Raw materials, commodities and wages are up—and going higher. When you *know* tire prices are going higher—it's smart to *Buy Now and Save.*

REMEMBER—Firestone Gum-Dipped Tires hold all world records on road and track for *Safety, Speed, Mileage* and *Endurance.*

Drive in today—we'll save you money and serve you better.

THE NEW Firestone SUPER OLDFIELD TYPE

Built to *equal* all first line standard brand tires in quality, construction and appearance, but lower in price—another Firestone achievement in saving money for car owners.

Ford, Chevrolet 4.50-21	$7.10	Buick, Chevrolet, Ford, Nash, Plymouth, Rockne 5.25-18	$9.00
Ford, Chevrolet, Plymouth 4.75-19	$7.55		
Nash, Essex 5.00-20	$8.35	Studebaker, Auburn 5.50-18	10.15

Other Sizes Proportionately Low

THE New Firestone SEALTYTE Leakproof TUBE
Most car owners do not realize that regular tubes are porous and gradually lose air. Firestone Sealtyte Tubes are manufactured by a process which makes them "Leakproof." The rubber is "sealed" against air loss—the rubber valve stem is vulcanized *into* the tube. Constant inflation of tires is not necessary. Mileage is increased.

Firestone SPARK PLUGS
Everyone knows that old worn Spark Plugs waste gasoline and cause power loss—Firestone engineers have developed new processes of manufacture and construction advantages that assure a hotter spark—greater power and more dependable service. Made in Firestone Spark Plug Factory.
