GYMNASIUM GOING UP-As part of a rebuilding program at the Lazbuddie School complex, workmen are taking the walls up on the new gymnasium. This is part of a bond issue approved by voters to

add several new buildings to the school complex. Construction on all the buildings expects to be completed early in 1978, and include new bus barns, concession, and other buildings.

Olton Colts Will Try To Upset Big Mules Again

Fresh from the Friona-Muleshoe upset last Friday night, the Olton Colts will come to town tomorrow (Friday) in an attempt to further upset the Muleshoe Mules.

With District 2-AA tied for ways to the present time, the blue and white Colts will be trying for a win to help assure their continuance in the tied district.

Junior Class Turkey Dinner This Friday

Preceding the Muleshoe-Olton football game in Muleshoe Friday night, the Muleshoe High School Junior Class will serve their annual turkey dinner.

The dinner will be from 5 to 7 p.m. in the Muleshoe High School cafeteria and on the menu will be turkey and dressing, giblet gravy, cranberry sauce, green beans, fruit salad, hot rolls, tea or coffee and pumpkin cake.

any junior class student or at the door and they are \$3 for adults and \$1.50 for children under the age of ten.

Home deliveries can be made by calling 272-4360 after 2 p.m. and before 6:30 p.m. on Friday, November 4. Deliveries will be made from 5-6:30 p.m. on that date.

Coach Don Cumpston, however, has different ideas about the game. "We are ready for them this week," he commented. "We know they will be trying real hard, but we're prepared to win. We have to win to stay in competition for the district title."

He added, "We just lost last week. Friona was ready for us, and held us real good. But, we'll win the other two games."

Olton will be coming into the game with a season record of 2-6 and are 1-2 in district action. Last week, Littlefield defeated the Olton team, 33-0.

Dimmit is the defending champion for District 3-AA and will face Friona this week.

Police Report

Leading the list of arrests over the weekend were seven charges of public intoxication filed by local officers. This was followed by three charges of driving while intoxicated; and one each charged with no drivers' license and false information; one rape; one illegal knife on a city warrant; one for driving while intoxicated and no driver's license and one for assault.

Three major accidents were also checked by officers during the past several days.

Who knows which way the rest of the season will go, there are at least three district possibilities at this time as to who will come out district champions. Muleshoe is in contention for two of the three places.

Muleshoe fans are ready for the action this week, as they plan to continue their outstanding backing of the home team. A large crowd is again

expected to be on hand for the action in Muleshoe Friday night. It is suggested that in order to get a seat, you arrive early.

For the last home game, persons arriving at the football field after 6:30 p.m. found it hard going trying to find a seat. Gametime is 7:30 p.m. in Benny Douglass stadium in Muleshoe.

Leader Emerges For Weekly Football Tilt

All you football forecasters are going to have to work harder now. We finally have a repeat winner. For the second time, Patricia Young, football 'hep' wife of Hugh Young has waltzed away with a first place win in the weekly football contest. And, she even picked one upset.

Mrs. Young said she really held her breath when she picked the California upset of top-ranked USC, but she did it. Her only

miss in the game was when she failed to pick the Missouri-Colorado upset.

Second and third place winners were not all that easy to predict as several persons missed two games. Lorene Pagach came in free for second by missing two games and being only 23 points away on the tiebreaker scores.

In third place was Adelinda Gutierrez, who correctly picked the two major upsets, Missouri-Colorado and USC-California, but she missed out on Oregon State Stanford and North Carolina-Maryland. Her tiebreaker scores were 25 points off to drop her to third place.

Gene Hamilton was barely out of the money with his two wins, and 26 points off on the tiebreakers and W.E. English was 27 points away and had two

Cold Front Chills Area; Moisture Fails To Appear

Tom Watson Leads Police SWAT Team

Tom Watson graduated from Muleshoe High School, then became interested in law enforcement. As a result, he attended South Plains College at Levelland; Texas Tech University and graduated from Abilene Christian College and the police academy at Arlington.

Following graduation from the police academy, and his previous classes in law enforcement while attending college, the son of Mr. and Mrs. Delbert Watson joined the Lewisville Police Department.

Now, nine Lewisville patrolmen and Sgt. Tom Watson are black and blue and apparently loving it, as they have just completed training to become Denton County's first SWAT (Special Weapons and Tactics) team.

In explaining the need for a sophisticated special operations group in the city near Dallas, Sgt. Watson said, "We've had several situations where people barricaded themselves in, and we've been lucky, because we've had people on patrol able to talk them out."

He said that it happened a sufficient number of times to convince the rest of the force of the need for SWAT training, and the Garland Police Department was happy to accommodate Lewisville's need. "As a courtesy, I guess," according to Garland Police Capt. John Dupree.

Garland SWAT team instructed officers trained Lewisville's team at no cost, and Lewisville officers used weapons already paid for. The only cost to the city of Lewisville for the extensive training was about \$500 worth of ammunition used.

Garland's SWAT team - one of about a half dozen in the Dallas area-is the only SWAT department in Texas qualified to teach SWAT courses, having been trained in SWAT operations by the renowned Los Angeles Police Department SWAT team.

One other sergeant and a corporal join Watson on the team, but there's no rank in SWAT operations with the exception of the selection of Watson to lead the operation.

The SWAT team members learned to handle AR-15 assault rifles, 12 gauge shotguns, sniper rifles and tear gas guns. They also repelled down the

side of a three-story power plant, underwent tear gas practice training and ran assaults on houses under simulated fire. They spent about 12 hours daily in school, Watson said.

Watson took charge of the SWAT unit organization in Lewisville after he met a Garland officer in an Abilene Christian university class who explained his city's training program. He contacted that officer to arrange to have Lewisville taught by the Garland squad and the first such instruction Garland has made available to any area police department.

Sgt. Watson made a list of requirements he called "pretty stringent" for officers interested in making the SWAT team, took applications, and

Duck Hunting Underway In This Area

If you are a devotee of going out in the cold weather with your shotgun to hunt, now is the time! Duck hunting got underway in this area Tuesday, November 1, and will continue through January 22, 1978.

Ducks are limited to one to ten ducks. A bag limit is reached when the point value of any bird taken reaches or exceeds 100 points.

Maximum possession is that which can be legally taken in two days and the daily bag limit for coots is 15 and in possession, 30.

Canvasbacks are 100 point ducks and hooded mergansers, mallard hens, redheads and wood ducks are 70 point ducks.

Ten point ducks include gadwalls, mergansers (except hooded mergansers), pintails, scaups, shovelers, and all species of teal (blue-winged, cinnamon and green-winged).

Twenty point ducks are all other species of ducks not listed above.

A reminder has been issued that the season is closed on black-bellied tree ducks, fulvous tree ducks, masked ducks and Mexican ducks.

Local Temperature Drops To Cold 25

Traditionally, the weather turns very cold around Halloween in this area, and usually some snow flurries promise the cold winter to come. Monday night, on Halloween, the cold winds came, and as they whistled through the area, dust appeared on the scene, but no moisture.

Clouds floated along, hurried by the rushing wind, but moisture failed to put in an appearance in the immediate area, although reports of snow as close as eastern New Mexico were coming in.

Tuesday night, temperatures in the area dropped into the 20s for the first official freeze of this winter. In Muleshoe, the low recorded was 25 degrees, however, winds which whistled through the area all during Tuesday, had moved out of the area.

A Canadian cold front pushed into Texas from the Colorado Rockies and spawned at least one tornado downstate. In its wake, ski areas in portions of Colorado were overjoyed by heavy snow - a welcome contrast to last season's "dry spell."

Light rain, mixed with snow, also fell over much of the east central and northeast Texas Panhandle and in the Oklahoma Panhandle: Amarillo, who recorded .08 precipitation had a temperature of only 45 for Tuesday.

Hunters Finding Good Bird, Game Supplies

LUBBOCK -- Good crops of quail, turkey and deer are being reported across northwest Texas from Dalhart to Abilene and sportsmen will find plenty of cover with adequate moisture in most areas of the Permian Basin although, some counties in the Panhandle are still dry.

"We will need some general rains in the Panhandle or face the possibility of fire hazards in the field," said Weldon Fromm, Amarillo district supervisor.

Quail season begins Nov. 12 and continues through Feb. 12, 1978 with a daily limit of 12 birds and a possession limit of 36 birds. This daily limit will include both bobwhite and scaled quail or a combination of both bagged during the 90-day season.

About 18 miles west of the Texas-Arkansas border, Hooks reported a tornado which destroyed one house and several other buildings, however no deaths or injuries were reported.

In Lubbock, the high temperature for Tuesday was 64 degrees, recorded shortly after midnight Monday and the afternoon temperatures was 54.

However, the cold front pushed clouds out of the area, and fair skies prevailed over the area.

Monday was unseasonably warm with temperatures in the high 70s, but by later afternoon, the temperature started dropping, and failed to reach 55 degrees on Tuesday. Also, the temperature was expected to be in the low range of 30s for Tuesday night, and a light frost was predicted for the entire area.

High, northerly winds kicked up dust, which cut visibility in the country, while covering furniture in town.

Cool temperatures were expected for Wednesday, with a gradual warming trend into the weekend, when another cold front is expected to add to the winter woes.

A cycle of warmer weather, followed by cold fronts, is expected to be with the area for the winter.

THREE WAY HOMECOMING ROYALTY--Mitzi Altman, left, was named homecoming queen and her escort, Ernest Cantu, was named homecoming king for 1977 during halftime ceremonies at the Three Way School Saturday afternoon.

MRS. HUGH (PAT) YOUNG

'Jaws Of Life'

Contributions

Still Come In

Several more contributions for the 'Jaws of Life' rescue tool have been made during the past week.

Although more funds are still needed to complete payment for the fast rescue tool, which releases trapped victims almost immediately from a wrecked car or building, contributions are still being received.

Louis Cardinal said one of the latest contributions was made in memory of the following persons: Dode Trapp, brother of Claudia Embury; Ellis Barnes, father of Bobbie Lou Grogan; J.W. Coppedge, husband of Nina Coppedge; Joe Damron, father of Sam Damron; and Verti Lezza, aunt of Billie Bayless.

Troop 1 Cardinal said he or a member of the Muleshoe Volunteer Fire Department would be more than happy to accept donations, contributions or memorials in any amount to complete payment of the tool.

First Baptist Sets Revival

Fall revival services will begin at the First Baptist Church of Muleshoe on Sunday, November 6. The Rev. Mari Hardin,

pastor of the First Baptist Church of Chickasha, Okla., will be guest evangelist for each of the services. Music for the

revival will be under direction of Lynn Garrett, music evangelist from Seminole.

The members of First Baptist Church, the pastor, J.E. Meeks, and associate pastor, Kenneth Carter, invite the people of Muleshoe and the surrounding area to attend the services.

Revival services will continue through Wednesday, November 9. Sunday services will be at 11:00 a.m. and 7:00 p.m. and weekday services will be at 12 noon and 7:30 p.m.

Noon services will begin at 12 noon with a noon meal served by the church of its guests and members. There will be no charge for the meal. After the meal, there will be an inspirational song and message. The noon services will conclude by 12:50 p.m. for the convenience of those who must return to their job responsibilities, said the pastor, J.E. Meeks.

Nursery facilities of the church will be open to nursery age children for the revival services.

WILSON DRILLING RIBBON CUTTING--Dignitaries, sales representatives and others were on hand Tuesday morning for ribbon cutting ceremonies at the new Wilson Drilling building west of Muleshoe on Highway 84. Muleshoe Chamber of Commerce and

Agriculture board members Bob Finney and Pat Shafer hold the ends of the ribbon in preparation for Muleshoe Mayor Ken Henry to officially cut the ribbon. To Mayor Henry's right is Stanley Wilson and to his left is D.W. Puckett, co-owners of the business.

Eagle Report

The Three Way Eagles delighted a large homecoming crowd Saturday as they rolled over the Grady Wildcats 77-29. Action started early as the Eagles found a fumble on the games third play and Bill Hodnett recovered on Grady's 10 yard line. With 9:24 on the clock Albert Rand scammed in for 6. The PAT was missed and Three Way led 6-0.

Grady exploded on the first play following the kick-off for a 58 yard TD pass. They ran the PAT and 7-6.

Albert Rand returned Grady's kick-off to the 30 yard line and on the next play following the blocks of Ronnie Altman, Jerry Waltrip, Ken Eubanks and Louie Key Rand scored from 50 yards out giving Three Way the lead. Donny Young kicked the PAT and the rout was on. The Eagles held Grady and forced them to punt. On first down Rand again followed the fine blocking of his teammates and scored from 40 yards out. Young added the PAT and the score stood 22-7 with 7:03 remaining

in the first quarter. Grady again came back, this time with a 9 yard run and PAT to run the lead to 22-15.

The Eagles retaliated unleashing Louie Key for his first carry which resulted in a 59 yard TD jaunt. Young added the PAT and the scoreboard read 30-15. Grady came back again and scored on a long pass and Three Way led 30-21.

Rand retaliated with a 65 yard burst and again Young split the uprights as Three Way ended the first quarter leading 38-21. The second quarter was all Eagles as the defense held Grady to one TD and forced several turnovers.

Louie Key started the scoring parade with a 41 yard TD. The PAT was missed and the Eagles were up 44-21. Jerry Waltrip lit up the scoreboard next as he caught a 38 yard TD pass from James Simpson. Young's kick was good and the score mounted to 52-29. Hodnett jumped on another Grady fumble on the 13 and 2 plays later Rand scored to raise the score to 58-29. Young was successful again and the Eagles led 60-29. The defense held again and the Eagles took over on the 23 yard line. Rand

scored for 2 yards out and the score stood 66-29. Young converted for a 68-29 lead.

Rand intercepted a Grady pass and returned it 37 yards for the final score. Three Way led 74-29 and the 45 point rule ended the game.

Defensive standouts other than Bill Hodnett were Ernest Cantu, James Simpson, Danny Young, Al Rand, Louie Key, Dale Simpson, Wayne Parkman, Richard Nichols, Mike Nichols, Mark Rand, and Jason Huff.

The offense was led by the blocking of Ronnie Altman, Jerry Waltrip, and Ken Eubanks. They cleared the way for Louie Key and Albert Rand to rush for 369 yards. Key carried the ball 4 times for 113 yards and 2 TD's. Rand toted the pigskin 13 times for 256 yards and 7 TD's. With the win Three Way improved their record to 6-3 and 4-1 in District play. MEAN GREEN SOCK IT TO COTTON CENTER

Bob Bergland, Agriculture Secretary, on reorganization: "It may not save any large amounts of money, but certainly it will improve the efficiency."

Super Sophs

The Sophomore class is still busy but finally settled down after the long, fun filled weekend. Thursday night, when the action started, everyone started getting ready for the carnival. Our softball throw and guessing game raffle netted about \$91.50. The winner of the stuffed dog for throwing the softballs into the cream can most often was James Simpson, sophomore, with 87 successful tosses. Timothy Roberts, seventh grader, came in second with 83. The Fry-Baby was won by Carolyn Newton, wife of Coach Tom Newton, when one of her three guesses turned out to be the closest guess as to how many Chicklets were in the jar. There happened to be 524 and Carolyn's winning guess was 521.

Friday night the bonfire helped spark team spirit and get everyone fired up for the Homecoming game Saturday. The game started at 4:00 with everyone ready for more action after the Junior High win. The girls were sporting beautiful fall colored mums and another victory was in the air. After the seemingly endless first quarter, the Eagles were several touchdowns ahead of the Grady Wildcats and at the half, Grady hardly knew what hit them as Three Way swooped to a 74-29 victory. Halftime festivities yielded Mitzi Altman, sophomore, Homecoming Queen.

Energetic 8th Grade

At the Halloween Carnival we made \$154.40. Our booth was the Jailhouse.

The energetic eighth grade girls are ready for their first scrimmage against Sudan. The 8th grade players are: Gabriel Rodriguez, Laura Latimer, Jan Simpson, Kenna Warren, Daren Warren. The manager is Paula Nichol. She is manager because of a knee injury disabling her.

The deputy sheriff of Bailey County visited Three Way's Carnival Thursday. The eighth grade decided he needed to be thrown in jail. He wouldn't go so he was fined \$1.00. Then Saturday he came back for the ballgame and he tried to put hand cuffs on the girl that put him in jail.

en and Ernest Cantu, senior her King. After Mitzi was crowned by last years queen, Gloria Simpson, and the king crowned by Craig Kirby, last years king, the cheerleaders did a routine to the theme of Rockford Files and then the twirlers did a routine to Strawberry Loner #23. The day was brought to a happy end by a dance attended by the majority of the high school students.

Tuesday starts basketball season with three games, Junior High, junior varsity and high school varsity girls. The excitement will begin at 5:00 when the Eagles and Sudan show their skills. Tuesday, Cordell Halle will be moving to Seymour, Texas. He checked out of school Monday and we had a little going away party during fifth period and his fifth grade teacher returned to him a toy which he'd had taken away from him when he was in her room.

Kindergarten Kut-Ups

Chris and Debra Locke celebrated their 6th birthday this week. Mrs. Locke provided cake, punch and ice cream for the party.

Mrs. JoAnn Locke also helped us make play dough for each child. Thank you.

On Thursday, we had a Halloween Party. Mrs. Drucilla Hutton provided lots of decorated cookies for our party. Corley Hutton was our guest all day.

All the children dressed up in costumes and we trick-or-treated to the class down the hall.

Scott Terrell and Chris Locke were cowboys, Shannon Johnson, Sheila Tucker, Rosita Guillen and Norma Rubalcava were clowns. Corley Hutton and Mario Guillen were hobo's. Debra Locke was Raggedy Ann, Heather Hutton was a Chinaman. Kristi Ringer was Marie Osmond, Laura Covarrubias was Cinderella, Melinda Turney and Stephanie Silhan were gypsies. Elisa Felix was a dressed up lady. Sammy Belez was Casper the Ghost. D'nae Dewbre was a witch. Miss Smith was a Japanese Lady.

The hardest face will break into a smile when you throw out a compliment to the owner of that face.

MRS. BILL BIRKHEAD
Junior High

The Three Way Junior High football team won its second game of the season Saturday afternoon 13-7 over the Grady Wildcats.

The Eagles scored first on a 25 yard run by Devin Reeves and extra point run by Luis Banda. The Little Eagles tallied again on a 10 yard run by Reeves but the extra point failed.

The Grady Wildcats scored in the second half on a 5 yard run and the extra point was good.

The Little Eagles played well and hung on to the victory as Grady was on the 15 yard line as time ran out.

CONGRATULATION on your victory!

BEAT COTTON CENTER

Fantastic Fourth

Shawn Cooley, son of Mr. and Mrs. Burl Cooley, brought a bull snake to our room. It is one foot and a quarter long. It has small diamond like shapes on his back.

Two pine cones were brought. One by Shawn Cooley which is 10 inches long and 4 inches wide. The other was brought by Lykinda Tyson, daughter of Mr. and Mrs. Caton Tyson. It was 17 inches long and 7 inches wide.

Marcus Huff, son of Mr. and Mrs. Homer Huff, brought 9 fossils of plants. He thought they were very old.

Laziness explains more failures than ignorance, but the combination is catastrophic.

Employee Of The Week

Teaching High School and Jr. High Mathematics at Three Way is Mrs. Donna Birkhead. She is married to Bill Birkhead who is a student and assistant coach at Eastern New Mexico University.

Mrs. Birkhead was born in El Paso and lives in Portales.

Her favorite color is green and her favorite food is Italian food. Her hobbies include: growing

Rifle Winners

Wayne Parkman was the winner in our magazine sales contest. He won a 22 rifle for all his work. Brian Kirby came in second and also won a 22 rifle.

This week-end many of the Ag boys purchased their show hogs.

Far Out Freshmen

The Freshman class participated in the Halloween Carnival Thursday night. We had the Wheel of Fortune. The prizes for winning were candy, cupcakes, fur snakes and dolls. For the grand prize we had a big stuffed dog. Belinda Richardson was the winner of the dog.

Homecoming was also this weekend. The candidates for our class were Sandy Feagley and Keith Layton.

Super Seniors

On Thursday, the seniors participated in the Halloween Carnival Festival of Three Way. They had Bingo, cake walk, and a raffle on a CB and a rifle. Bill Hodnett was the Bingo announcer. These four activities went over well for the seniors. They netted of \$950 on all of them.

On Saturday the Three Way seniors sponsored a barbecue supper after the high school homecoming game. The supper netted \$550. The seniors thank all the mothers for helping out on the supper and urge everyone to help support the seniors. We give out thanks to everyone who came to the carnival and spent time and money in our projects. Without your help we could do nothing.

plants, raising fish and animals, and sewing.

Mrs. Birkhead is sponsor of the Freshman Class and is active in anything that supports our Three Way eagles.

Snazzy Seventh

The Seventh grade sponsored the Dart Game at the Three School Halloween Carnival last Thursday night. It was very successful and we really enjoyed all of the excitement. Our Grand Prize was a large stuffed dog which was won by Johnny Delarosa.

Tim Roberts, son of Mr. and Mrs. Burley Roberts, was chosen as the Junior High Homecoming King. Sheryl Waltrip represented the seventh grade for Junior High Homecoming Queen, which was won by Jan Simpson, an Eighth grader.

Second Grade Kapers

We had an exciting week last week. We collected fall leaves from our homes to bring to class. Then we took a "nature trip" to a row of trees and collected still more leaves. We tried to get as many different shapes, sizes, and colors as we could find. Then we used the leaves for a project in our room.

On Thursday, the kindergarten wore their Halloween costumes to school and came to our room "trick-or-treating". We enjoyed treating them.

We all enjoyed the Halloween carnival very much on Thursday night. Then on Friday we got a day off from school so the teachers could go to a meeting in Lubbock. Quite a few of us enjoyed the Homecoming activities on Saturday.

Senior Spotlight

Carmen Guillen was born on July 16, 1958 in Van Horn, Texas. She was born under the sign of the moon making her a moon child. Her parents are Mr. and Mrs. Jose Guillen.

Carmen's favorite class is Government. Her reason is because she enjoys the class alot the teacher is very nice and it's not too hard.

Carmen's favorite color is blue and her hobby is playing tennis. Her favorite foods are pizza and fried chicken.

Carmen has been in FHA for 3 years and is a very valuable assist to the basketball team as she serves as their manager.

Carmen is going to college in Alpine at Sul Ross University after graduation. She is looking forward to graduation and being the basketball manager.

DECEMBER WEDDING PLANNED...Mr. and Mrs. C.W. Dale of Lazbuddie announce the engagement and approaching marriage of their daughter, Patricia Ann, to LynEldon Dale Randolph, son of Mr. and Mrs. William Dale Randolph of Friona. The couple will exchange wedding vows Thursday, December 29, in the Community Church of Muleshoe.

Supermarket Bargains Sometimes Misleading

COLLEGE STATION -- Don't be misled at the supermarket, advises Marilyn Haggard, foods and nutrition specialist with the Texas Agriculture Extension Service, The Texas A & M University System. A product may be in a new location, or it may bear a bright new tag and "seem like a bargain," but it's not necessarily so, the specialist says.

Shoppers have become accustomed to assuming that "end of the aisle" products are on sale. Often this is not the case. If the sign doesn't say that the item is "marked down from..." or "regularly priced at..." or "now on sale..." the skeptical. Often consumers buy ahead on items they think are on sale. Be careful, says Miss Haggard. Don't overstock on foods at regular prices by mistake.

If the store has unit pricing and the pricing is current, you can easily tell if an item is on sale. Simply check the unit pricing tag on the appropriate aisle--where the item is displayed.

Next read the brightly colored shelf tags carefully. The tag may be there simply to call attention to the product and not to indicate that the item is specially priced.

If an item is not marked, find out the price from store personnel. You have the right to ask. Let the store manager know that customers want clear pricing.

Be cautious in buying anything marked down for quick sale. Never buy canned goods that are dented or have swollen lids. Swollen lids indicate bacterial growth.

Produce marked "reduced" is not always a bargain after you trim away spoilage and bruised spots.

West Plains Medical Center Briefs

ADMISSIONS

October 27: Burrell Black, Teresa Slayden and Joan Green.
October 28: Regan Williams, Romelo Toscano, Rhonda Kirkland, Chad Montgomery, Oscar Allison, Helen Price and Guy Nickels.
October 29: Emmitt Lewis.
October 30: Ronnie Parker, Maybell Drinkard, Ronald O'Connor and Melanie Blackwell.
October 31: Wayne Ware, Nellie Vise, Gary Duncan and Jo Ann Puckett.

Joshua Michael Slayden

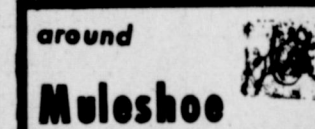

Mr. and Mrs. Mike Slayden of Muleshoe are the proud parents of a new baby boy born October 27, at 5:54 p.m. in West Plains Medical Center. The baby weighed seven pounds and fifteen ounces and was named Joshua Michael Slayden. He is the couple's first child.

Maternal grandparents are Mr. and Mrs. Carl Dupler of Levelland and paternal grandfather is W.B. Slayden of Muleshoe. Great-grandmothers are Mrs. Minnie Frances Dupler of Maple and Mrs. Odessa Slayden of Muleshoe.

Andrea Linn Kirkland

Mr. and Mrs. Carl Don Kirkland of Farwell are the proud parents of a new baby girl born October 28, at 4:03 p.m. in West Plains Medical Center. The baby weighed seven pounds and thirteen ounces and was named Andrea Linn Kirkland. The couple have one son, Brandon.

Paternal grandparents are Mr. and Mrs. Jack Kirkland and maternal grandparents are Mr. and Mrs. Dwayne Winkler, all of Farwell. Great-grandparents are Mrs. Bea Green, Glenn Lethgo, Mr. and Mrs. Lowry Winkler, all of Clovis, and Mrs. Della Kirkland of Amarillo. Great-great grandparents are Mrs. Caloway of Spearman, Mrs. Rex Green of Dallas and Mrs. Winkler of Texico, N.M.

Mr. and Mrs. Lee Pool have returned home after visiting in Denver, Colo., with their son, Charles (Buddy) Pool. They returned home Monday.

Mr. and Mrs. Harmon Elliott and Mr. and Mrs. John Miller, all of Muleshoe, have returned home after a two week visit to San Francisco and other points of interest. They visited Dr. and Mrs. Rex Miller while in San Francisco.

The couples spent two nights in Las Vegas, Nev., and Lake Tahoe, Nev. Enroute to San Francisco, they drove through Redding, Eureka, Carmel, Pebble Beach, Monterey and Napa Valley. They went sightseeing at Chinatown, Alcatraz and the San Francisco University campus, where Dr. Miller teaches. On their way back, they stopped at Yosemite National Park and Sequoia National Park. They arrived back in Muleshoe Sunday night.

DISMISSALS

October 27: Chad Montgomery and Esther Mills.
October 28: Goldie Baker, Mary Contreras, Lou Hail, Birdie Phelps and Marilyn Cox.
October 29: Don McMakin, Teresa Slayden and son, Guy Nickels and Jo Ann McDonald.
October 30: Annie Nicholson, Rhonda Kirkland and Helen Price.
October 31: Burrell H. Black, Reagan Williams and Chad Montgomery.

Superb Chefs Study Energy Saving Appliances

The "Superb Chefs" of the Y-L 4-H Club met Friday, October 21, in the home of Mrs. Tom Flowers. The group discussed the Foods Show and studied menu planning according to the Basic Four Food Guide. Attending the meeting were Brenda Flowers, Tamara Gilliland, Kim Farmer, Todd Holt, Perry Flowers, David Pruitt and Jackie Kutzli.

The "Superb Chefs" met again Friday, October 28, at Higginbotham's. The chefs looked at and discussed small energy conserving appliances. Then the group went to the home of Mrs. Tom Flowers and each person gave a method demonstration. They also planned a Halloween party which was held Monday, October 31. Each member was appointed to be responsible for some part of the decorations, a game a food for the refreshments. Those attending were Perry Flowers, Todd Holt, David Pruitt, Jackie Kutzli, Brenda Flowers and Tamara Gilliland.

Entering the Bailey County Foods Show from the Superb Chefs on Saturday, October 29, were Brenda Flowers, Perry Flowers, Tamara Gilliland, Todd Holt and David Pruitt. Each member received a blue ribbon on their project. Brenda Flowers will compete in district in the Snacks and Beverage division.

GOLDEN ANNIVERSARY TO BE HELD...Mr. and Mrs. W.F. (Buck) Creamer of Muleshoe will be honored on their 50 wedding anniversary, Sunday, November 6, in the Primitive Baptist Church of Muleshoe. The couple's children and grandchildren will be hosting the reception at 2:00 p.m.

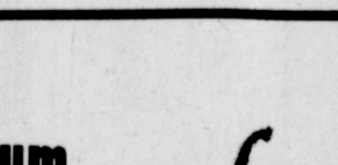

ABOUT YOUR HOME

Make your open fireplace safer for children by placing a sturdy fire screen in front of the open flame.

Wrap newly planted trees from the bottom limb to the ground to protect the tender bark from sun and winter wind.

When buying a whole turkey, allow about 1 1/2 pounds per generous serving.

The first cool nights of fall call for a light blanket. Renew the frayed or faded bindings with easy-to-sew new binding.

Mr. And Mrs. Earl Ladd, Jr. Honored On Anniversary

A surprise Silver anniversary party held Sunday afternoon, October 30, honored Mr. and Mrs. Earl Ladd, Jr. The reception was held in the Muleshoe State Bank community room.

The serving table was laid in white lace over green. An arrangement of silk flowers in fall colors was used as the centerpiece. Apricot roses dotted the two-tiered cake topped with a silver "25". Orange punch was served from crystal and silver appointments by Mrs. Donald Harrison and Mrs. Owen Jones. Mrs. Jack Dunham served coffee and brownies from a table covered in white cutwork over green.

Miss Janice Cannon of Bula, niece of the couple, registered the guests.

Special guests of the couple were their parents, Mr. and Mrs. Earl Ladd, Sr., and Mr. and Mrs. John Johnson, all of Muleshoe. Other guests were Mrs. Ladd's four brothers and sisters, Mr. and Mrs. Jimmy Cannon, Janice and Tim of Bula, Mr. and Mrs. Bill Hearn of Mesquite, Mr. and Mrs. Leory Johnson, Ray and Jerry of Hereford, and Mr. and Mrs. Webster Johnson of Amarillo.

The former Ellen Johnson and Ladd were married November 6, 1952, in the YL Church with the Rev. H.J. Helm, Jean Johnson, Mrs. Ladd's sister, served as maid of honor and Johnny Ladd, brother of Earl, was the best man.

The couple were graduates of Muleshoe High School in May, 1950. Ladd graduated from New Mexico Military Institute of Roswell, N.M., in January, 1953. He received his Master's Degree from Texas Tech in 1969.

They have two sons, Earl Ladd, III, a senior student at Texas

Wealth is a power usurped by a few, to compel the many to labor for their benefit.

A&M University and Tom, a junior student at Texas Tech. June is the owner-operator of Ladd Engineering of Muleshoe. The couple was presented a money tree and other gifts. They will be leaving Thursday, November 3, for an anniversary trip to Honolulu. They will be sight-seeing on the island of Oahu. Ladd will enter St. Francis Dialysis Center in Honolulu on Saturday morning for his necessary treatment. They will be returning to Muleshoe, November 8.

Other out-of-town guests were Billie Margaret Jeter of Hereford, Mrs. Tom Adamson of Clovis, N.M., and Mr. and Mrs. R.E. Bryant of Lubbock, all former classmates of the couple.

Hosting the reception were Mr. and Mrs. Donald Harrison, Mr. and Mrs. Bill Kinard, Mr. and Mrs. Lonnie Merriott, Mr. and Mrs. Jack Copeland, Mr. and Mrs. Jack Dunham, Mr. and Mrs. Owen Jones, Mr. and Mrs. Odell Rasco, Mr. and Mrs. Lawrence Blaylock, Mr. and Mrs. Hugh Young, Mr. and Mrs. Richard Puckett, Mr. and Mrs. Fred Clements and Mrs. J.W. Kelly.

Band To Perform At Family Night

The West Camp Family Night will be held this Saturday, November 5, in the Community Center. A band with members from Muleshoe, Dimmitt, Littlefield and Big Springs will provide the entertainment. They will play religious, Country and Western and "oldies" for everyone.

Mrs. Grace Findley, a member of the band and a member of the Order of Eastern Star, has performed many times before. Host couples are Mr. and Mrs. Leldon Phillips and Mr. and Mrs. Raleigh Mason.

MR. AND MRS. EARL LADD, JR.

S/Sgt. Swain Named Instructor Of The Quarter

Staff Sergeant Bryan D. Swain was recently named instructor of the Quarter for the second quarter at Field Training Detachment 321, Robins AFB, Georgia.

Through his professional determination and efforts, he completed an 18 months backlog of students in five months, while concurrently providing training advisory services to Georgia Air National Guard and Air Force Reserve units throughout the state of Georgia.

These achievements, along with letters of appreciation for excellence of instruction, earned S/Sgt. Swain the award of Instructor of the Month for August, 1977. More recently, he was awarded Instructor of the Quarter, July through September.

S/Sgt. Swain's course of instruction covers management of U.S. Air Force training programs and instructional techniques for Air Force supervisors.

S/Sgt. Swain is the husband of Narissa Otwell Swain, daughter of Mr. and Mrs. Jerrell

Otwell of Muleshoe. The couple have one daughter, Sharissa. They are now assigned to Robins AFB, Warner Robins, Ga.

S/SGT. BRYAN SWAIN

Frank Church, Senator (D-Idaho): "I'd much prefer to see the whole Foreign Relations Committee go to Panama... That would give the lawmakers a first-hand view of canal zone defenses."

Use Checklist Before Repairing Own CB

COLLEGE STATION--Shop around for CB repairs, advises Claudia Kerbel, consumer information specialist with the Texas Agriculture Extension Service, The Texas A & M University System. "Be sure to find a LICENSED repairer, because compliance with government rules is YOUR responsibility," says the specialist.

The Federal Communications Commission requires that anyone making adjustments on CB transmitter must hold or be under direct supervision of someone holding at least a second-class radio/telephone operator's license. Others may be more apt to misadjust the frequency and violate international radio agreements.

Common problems that CBers face are failure of the transmitter final output transistors, broken microphone wires, and failure of the radio output transistor.

But consumers can get satisfactory repairs, perhaps by factory repairs, perhaps by these methods:

- 1.) When you first use your CB, write down meter readings--sending or receiving--to become familiar with its "good operating" characteristics.
- 2.) If the radio is under warranty, get factory or "authorized" adjustments--free or under terms in the warranty.
- 3.) Check the fuse, antenna connectin, and microphone

- yourself--before you take it to the repair shop.
- 4.) Use a repair shop that charges a fixed rate for labor.
 - 5.) Ask to see the license of the person responsible for your CB repairs.
 - 6.) Ask that all replaced parts be returned to you.
 - 7.) Ask for a signed statement that all repairs comply with FCC regulations.
 - 8.) If you have questions about your repair shop, check with your Better Business Bureau or Chamber of Commerce.

AUTOHARPS DONATED. Mrs. Eugene Howard, Activities Director of the Muleshoe Nursing Home, accepts two autoharps donated by Tom Lobaugh and Terry Bouchelle, members of the Muleshoe Kiwanis Club. The presentation was made Friday, October 28, for the use and entertainment of the Nursing Home residents.

RETIRING PRESIDENT. Mrs. Jim Shafer, retiring president of Panhandle Professional Photographers Association, was presented an imprinted shirt from Kaye Marvins Studio in Houston by Mike Marvins, speaker at the fall meeting held recently in Amarillo.

REMEMBER THE OLD SAYING, "WHATEVER GOES UP IS BOUND TO COME DOWN" — BENJAMIN FRANKLIN.

Dwaine Shafer Places First At Meeting

Bill Ellzey, Perryton, incoming president of the Panhandle Professional Photographers Association, walked off with all the trophies at the organization's fall meeting October 29-30 at the Quality Inn in Amarillo.

In the print competition, Ellzey captured "Best Print of the Show", "Best Print of the Year" and the President's trophy for the special category, as well as first and third place ribbons in the unclassified category.

Other ribbon winners were: commercial-Madeline Jeffress, Amarillo, first and second, and Fred Hughes, Stratford, third; student-Dwaine Shafer, Muleshoe, first; portrait-Ken Caye, Andrews, first; Ray Wagner, Amarillo, and Ed Lobit, Guymon, Okla., second place tie; and Leo Shuler, Perryton, third; wedding candid-Fred Potter, Amarillo, first; Joe Don Buckner, Lubbock, second and Dennis Melton, Amarillo, third; unclassified-Joe Don Buckner, second and Ken Caye, third. A record number of 134 prints were entered in the contest, with 88 scoring 70 or above.

Officers installed along with Ellzey were Marie Lobit, Guymon, Okla., first vice president; Fred Hughes, second vice president and Madeline Jeffress, secretary-treasurer. Mrs. Jeffress was presented an engraved plaque and a life membership in the Panhandle organization for her outstanding service. She accepted the position of permanent secretary-treasurer about five years ago.

and in instrumental in keeping the organization moving smoothly throughout the annual rotations of the other officers.

Ed Lobit and Chuck Wilson, Lockney, were recognized during the business meeting as recent recipients of the conveted Masters Degree while Irene Smith of Pampa was also cited for having received her Craftsman Degree.

Buz Marvins, Houston, opened the meeting with his programs on "Weddings the Marvins Way", while Mike Marvins spoke at the close of the two day meeting on business executive portraiture. Mike and Buz have joined their parents in operating the family owned "Kaye Marvins Photography" in downtown Houston. Each brother emphasized that the ideas they share can be implemented and adapted to any size business in any size city or community; photography and its customers are the same everywhere.

Ms. Chris Sherman, regional Kodak technical sales representative, concluded the programs

with a brief slide presentation on photographic art used in room decor.

The last weekend in February was announced as the tentative date for the next meeting of the Panhandle Professional Photographers Association with the president's special category in the print competition entitled "Reflections."

Fashion
Hats have made a come back this season but it depends on the community in which one lives. Women in warm climates tend to leave them off while women in more sophisticated localities are wearing them again.

Chic women in large southern cities are wearing hats.

Pullover knits with turtle neck collars in soft yarns are popular.

There is a general trend to blousey tops, slim pants and full skirts.

BIBLE VERSE

"We know that all things work together for good to them that love God, to them who are the called according to his purpose."

1. Who made the above statement?
2. To whom was he writing?
3. What character trait does an acceptance of this statement develop?
4. Where are these words?

Answers To Bible Verse

1. Paul the great Apostle.
2. The Christians who were then living in Rome.
3. Faith in the goodness and wisdom of God and his plan for one's life.
4. Romans 8:28.

Many a man would have been worse if his estate had been better. — Benjamin Franklin.

STUDYING ENERGY CONSERVATION. Members of the "Superb Chefs" of the Y-L 4-H Club studies energy conserving appliances during a field trip to Higginbothams-Bartlett in Muleshoe, Friday, October 28.

From left are David Pruitt, Brenda Flowers, Jackie Kutzi, Todd Holt and Tamara Gilliland. Also attending was Perry Flowers.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek this week discusses a matter you wouldn't describe as earth-shaking.

Dear editor:
One trouble with the world today, it seems to me, is that it's too full of advice.

Makes no difference what area you have in mind, there's always an expert around to tell you what you ought to be doing or ought to stop doing.

I read an article in the paper the other day by a doctor who was instructing us on how to live a long and healthy life. He said we ought to walk a lot.

Then he went on to say how to walk. "When the right foot goes forward, the right arm swings back and the left arm swings forward," he said. "When the left foot goes forward, the left arm swings back and the right arm swings forward."

I got up and tried it out and by George he's right about it. A little later on I watched a 2-year-old kid wailing and dog-gone if he wasn't walking the same way, without a scrap of medical advice.

In addition to walking, the doctor went on, you've got to get plenty of sleep and stay out of the sun. Contrary to popular belief, he said, the sun isn't good for you.

I got to thinking about this. I know the sun isn't good for you if you're a farmer needing a rain, but otherwise have never considered it an enemy. I was further confused when I turned the page of the newspaper I was reading and noticed an article telling about the oldest living man. He's a Russian farmer now 161 years old and going strong. Poor fellow. He must have had trying time, holding a parasol over his head while he was out in the field, especially when he was digging potatoes by hand.

Personally, I have no advice on how to live a long time, although I do suggest, when walking through a door, opening it first. Forget, despite sound medical advice, where your right arm belongs in relation to your right leg.

Yours faithfully,
J.A.

E-Systems Is 1978 Winner Of Top Award

The Greenville Division of E-Systems, Inc. was named the winner of the 5th Annual Ed C. Burris Award at the 55th Annual Conference of Texas Business and Industry in Dallas, October 26-28.

Named after the former president of Texas Association of Business (TAB), the award recognizes a Texas company for its outstanding achievements in building a better climate of business and industry in the

state. The criteria for judging the recipient is based on its achievement in business management and operations, its contributions made to its community and state, and its dedication to the protection of the American private enterprise system.

Robert H. Mitchell, senior vice president, E-Systems, Inc., accepted the award at a 7:30 p.m. banquet, October 27, in The Registry Hotel.

Predominantly a high-technology company, the Greenville Division specializes in the design, production, integration, testing and operational support of a wide variety of electronic systems. The company is known throughout the world for its quick response to complex systems requirements for airborne, ground-based, and sea applications for commercial, industrial, and military customers.

In one of its most significant

achievements, the division won a U.S. Government contract in 1976 to establish and operate a "peace-keeping" electronic surveillance network in the Sinai Desert between Egypt and Israel. Working in one of the most hostile geographic environments in the world, the division either beat or met each of its critical deadlines in establishing the surveillance and has now received a contract extension to continue its operation. The division also recently completed a \$1.5 million hangar

expansion project to maintain progress in the installation of electronic systems on board an Advanced Airborne Command Post aircraft (modified Boeing 747) for the National Command Authority. One of six of E-Systems, the Greenville company was honored as "E-Systems Division of the Year" in 1976. The division has been in operation for 26 years, employs more than 2,200 people, and is a member of TAB's Blackland Chapter.

TAB was founded in 1922 and known for many years as Texas Manufacturers Association. The name was changed in January, 1976 to reflect a wider and more diversified membership base. One of the nation's largest state associations, TAB has some 3,700 member firms and a total membership of 6,700 individuals. Headquartered in Houston, TAB has offices in Dallas, Fort Worth, San Antonio, Tyler, Midland and Austin.

ON RESTRAINTS

President Carter told the steel industry he will not impose trade quotas to boost its sagging profits because there is no such "simple, quick or painless solution" to the industry's problems.

Wealth is the smallest thing on earth, the least gift that God has bestowed on mankind. -Martin Luther.

Lazbuddie News

By Judy Lust

The 1977 Halloween Cornation and Carnival was held last Saturday night. Crowned as the winners during the cornation were 2nd graders Amy Daniels and Scotty Mitchell from the Kindergarten through 4th grade division; 5th graders Chandra Engelking and Paul Stanley from the 5th through 8th grade division; and Freshman Sherrie Seaton and Todd Gregory from the High School division.

Other King and Queen Candidates were Kindergarten-Beth Windham and Scott Hicks; 1st grade-Jamie Rogers and Brian Glover; 3rd grade-Clint Russell and Kristine Miller; 4th grade-Melissa Sanchez and Paul Gonzales; 6th grade-Jana Rodgers and Sean Mason; 7th grade Tina Collins and Casey McBrom; 8th grade-Jana Briggs and Shaine Vincent; 10th grade-Jalayne Collins and Rodney Crim; 11th grade-Sabrena Vincent and Keith Hicks; and 12 grade Elaine Cargile and Mark Foster. Presenting the crowns and flowers were Michele Winders and Michael Bullock. Loree Johnson and Doug Barnes, and Candy Matthews and Stacy Barber. The Carnival was held in the gym immediately following the Cornation.

Several people from Lazbuddie have been in the hospital lately. Paula Tarter has been a patient in Highland Hospital in Lubbock. Henry Ivy has been in Parmer County Community Hospital in Friona, and Irene Steinbock has been a medical patient in Littlefield Hospital.

Mr. and Mrs. Joe Bates Jennings and Mr. and Mrs. Deboe Carpenter were dinner guests in the Frank Hinkson home last Sunday.

The election for State Senator and several amendments to the state constitution will be held Tues. Nov. 8, Friday, Nov. 4, (tomorrow) will be the last day for absentee voting.

ON REACTOR BILL

The House sent a \$6.1-billion energy research and development bill back to a conference with the Senate to rework a compromise on the nuclear breeder reactor program.

\$3.35 BY 1981

House and Senate conferees agreed to raise the nation's minimum wage to \$3.35 an hour by 1981. The current minimum would go to \$2.65 an hour Jan. 1, 1978.

BACK THE MULES football CONTEST

WEEKLY PRIZES!

WIN FIRST PRIZE **\$5**

WIN SECOND PRIZE **\$3**

WIN THIRD PRIZE **\$2**

Read the rules . . . Start Winning

RULES OF THE CONTEST:

1. The contestant must be 12 years or older.
2. Only one entry per person may be made for any one contest.
3. Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
4. Mailed entries must be postmarked not later than 5:30 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest.
5. Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
6. The tie-breakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on envelope of mailed entry.

Decision of the Journal's scoring judges will be final.

**You Have Until
5:30 p.m. Friday
To Enter**

Please write FOOTBALL CONTEST

Lazbuddie Longhorn Stampede

By Jody Lust

The Lazbuddie Longhorns beat the Silverton Owls last Friday night by a score of 55-0. The Horns had a good passing game and the younger members of the team got in a lot of playing time.

The first touchdown of the night was scored by Mike Windham on a 1 yard run, and Dennis Steinbock kicked the extra point. The Horns then kicked an outside kick and recovered the ball. Mike Windham scored again on a 25 yard run and Johnny McDonald ran over the extra points making the score 15-0. This all happened in the first 1:48 sec. of the ballgame. In the second quarter Quarter-back Charleson Steinbock scored on a 25 yard run and Mike Windham ran in the 2 extra points. Russell Windham then scored on a 22 yard pass from Andy Rodgers with 20 sec. left in the half, but the PAT failed. This made the score 29-0 at halftime.

With 8:38 left in the 3rd quarter Mike Windham made his 3rd touchdown of the night on a 34 yard run, but they missed the extra points. Johnny McDonald then scored on a 24 yard run and Keith Smith kicked the extra point making the score 42-0.

Silverton recovered a fumble on the Horns 18 yard line and scored with 2:23 left in the 3rd quarter. The PAT attempt was no good.

About 2 min. later Apollonio Sanchez scored on a 2 yard run, but they missed the extra point. In the 4th quarter Rayburn

Wenner scored on a 63 yard pass from Apollonio Sanchez and Apollonio then kicked the extra point making the final score of 55-6.

The Longhorns had 286 yards of rushing and 142 yards passing while the Owls had 197 yards rushing and 27 yards passing. Silverton gave up 4 fumbles and 1 pass intercepted. The Horns made 21 first downs to Silverton's 13.

The Offensive Player of the Week was Mike Windham. Mike had 161 yards rushing on 10 carries, 3 touchdowns, and scored 20 points.

The Defensive Player of the Week was Russell Windham who had 8 unassisted tackles, 15 assisted tackles and 1 fumble recovery.

The Strike Award for the week went to Andy Rodgers.

The Horns will play their last football game next Thursday night at Valley at 7:30. Everyone be sure to go and support the Horns in the last game of the season.

The Junior High team also played Silverton, at Silverton last Thurs. and lost by a score of 38-9.

There will be no school on Friday, Nov. 4, due to the TSTA teachers meeting in Amarillo. Mrs. Jimmie Briggs will be a delegate to the convention.

The Lazbuddie FHA Chapter and the Lazbuddie Young Homemakers are sponsoring a Tasty Tea and Style Show Thursday night Nov. 10 at 7:30 and admission will be \$1.00. The FHA girls and the Young Homemakers will be modeling the latest winter fashions from stores in Muleshoe and Clovis and everyone is invited to attend.

Jimmy Carter, President,
at UN:

"My country believes that the time has come to end all explosions of nuclear devices--peaceful or military."

Bill Clayton Is Named

AUSTIN--Texas House Speaker Bill Clayton has been made along with governors of three states and six other officials to serve on a national Advisory Committee on Travel and Tourism.

The Committee is funded by a \$146,000 contract to the Council of State Governments from the U.S. Travel Service of the Department of Commerce. It is to determine ways and means by which state travel and tourism programs may be enhanced as part of the states' economies. Governors Pierre DuPont IV of

Delaware, James Hunt Jr. of North Carolina and Mike O'Callaghan of Nevada were appointed along with Lt. governors Thomas O'Neill III of Massachusetts, Robert Orr of Indiana and George High of Oklahoma. Legislators include Senate president and former Governor Luis A. Ferre of Puerto Rico, Rep. Gerald Horton of Georgia and Rep. Benard C. Smith of New York.

A major function of the Committee will be to prepare and publish reports designed to assist state governments in conducting and administering their travel and tourism programs. In addition, the Committee will conduct an overview of states who have active and successful programs; study methods and activities to improve the functions of such programs; collect data pertinent to the objectives of the project; and make provisions for regional meetings for administrators, local officials and other interested persons.

The Committee will have members of the CSG staff and the assistance of two consulting firms to aid in its research.

Clayton was recently named chairman of the CSG by delegates to the national convention.

Three Way News

By Mrs. H.W. Garvin

the Howard Hale family were honored Sunday afternoon in the Home Ec. room at The Three Way school with a going away party.

Rev. and Mrs. James Gillentine from Lubbock spent Wednesday night with her mother Mrs. H.W. Garvin.

Mr. and Mrs. Jim Green and children from Lubbock and Mr. and Mrs. Mark Corkery from Canyon spent the weekend with the Jack Fergusons.

The Three Way home coming was well attended Saturday. The Junior High Football team played Grady with Three Way winning the game. The Three Way eighth grade football team played Grady with Three Way winning at half time with the score over 45 ahead.

Mr. and Mrs. Marvin Long from Amarillo spent the week end with his father the S.G. Long.

Mrs. Betty Kindle was in Lubbock Monday on business.

Kim Fowler and Shelly O'Connor from Lubbock spent the week end with her grandparents the D.N. Fowlers. The Ray Fowlers from Lubbock were dinner guests in the O.S. Fowler home Sunday.

Mrs. W.H. Fawcett returned home Sunday from Houston where she visited with her daughter the Glenn Banksten family.

Mr. and Mrs. George Tyson were in Lubbock Tuesday evening to attend the senior citizens.

LSU Expected To Upset Alabama

LSU gets Alabama in L.S.U.'s own back yard, and that could spell UPS ET! Playing in Tiger Stadium in Baton Rouge, if you're the "enemy," is a little like being caught in the din of a two-hour traffic jam in Time Square. Louisiana State has only beaten the Tide ten times during the 40 years they've been meeting, and this year Alabama will undoubtedly again be favored. The L.S.U. Tigers were upset by Indiana in their opener, and then were later destroyed by powerful NCAA-probationed Kentucky. Alabama's big win, after losing to Nebraska, was the upset victory over Southern California. The Tide had scored 200 points through seven games . . . L.S.U., 259 points. In what should be a typically wild Southeast Conference battle, Alabama will win it by just four points.

Now that Big Eight conference leader, Oklahoma, has disposed of four straight league opponents, it must run the final gamut of Oklahoma State, Colorado, and Nebraska. No easy task! In fact, in 1976, the Sooners lost to two of the three, including this week's opponent, Oklahoma State. The Cowboys have already lost four times, twice in the conference. How-

ever, in this intra-state rivalry . . . being played in Stillwater . . . anything can happen. We think Oklahoma will make it happen, beating Oklahoma State by 13 points.

Once-beaten Notre Dame, going after a higher spot in the national rankings, runs into a big hurdle in Georgia Tech. Until Duke upset them last week, 25-24, the Yellow Jackets had been steadily improving. Notre Dame's huge over Southern California catapulted the Irish into real rarefied air among the nation's elite, and a victory over Georgia Tech won't hurt that position. Notre Dame by thirteen.

Clemson-North Carolina is the Big One in the Atlantic Coast Conference. The seven and one Clemson Tigers, without a doubt the surprise team in the league, can wrap up at least a share of the championship by beating the Tar Heels. On the other hand, North Carolina, with a win here plus victories over both Virginia and Duke in their final two games, can win the title outright. North Carolina's the home team, and the Tar Heels should pull it out. The spread is just four points.

Learn To Use Land Wisely

A young man I know once asked a grizzled Colorado rancher how he could learn about the cattle business. "Ain't nothing to it," replied the old cowboy, "just get yourself a cow and follow it around. In thirty days you'll learn everything you need

It Isn't Easy To Drop Your Extra Pounds

Losing Extra Pounds There's no doubt about it. Many of us are too fat. And almost everyone who is fat would like to slim down to average size for his height and build. Many women would like to be on the skinny side.

The American Medical Association points out that most physicians consider obesity an important factor in personal health. It is common. It is associated with increased sickness and death rates, notably in respect to heart, circulatory, kidney and metabolic disorders as well as surgical and obstetrical complications.

Obesity can be successfully treated to help control the associated medical conditions. The evidence for generally adverse health effects from obesity seems too massive and too consistent to ignore.

Okay. So we need to lose weight. It should be simple. Everyone knows that all it takes is to cut down on the calories. Unfortunately, it usually isn't simple. Taking fewer calories than are needed seems to be within the theoretical capability of most of us. Yet results suggest that this is difficult and often not achieved. Long-term observations indicate poor success for most dieters.

An important factor in overweight is psychological. Psychological factors may help cause overweight, or help to maintain it. Seldom is psychiatric consultation required. The family doctor, the internist, the pediatrician usually can provide suitable guidance and support as part of the weight reduction program. The physician's aim is to prod and reinforce our will to lose weight, to help us be so determined to trim off excess pounds that will stick to the reducing regime.

The physician may prescribe drugs at first, as a crutch to help us get started. These can reduce the appetite, promote a feeling of well being, add bulk in the stomach, eliminate excess fluids. They can, at best, offer only temporary help. They postpone the day when facts must be faced, when we finally make up our minds that we must change our eating habits to keep our weight under control.

Russell B. Long, Senator (D-La.), on energy program: "There is no way the panel could agree on an energy-tax program."

to know about raising 'em."

I suppose that was good advice in the old days of open range—when grazing herds roamed the West like nomadic tribes, taking every blade of grass they could find and leaving a trail of dust in their wakes. It certainly conjures up a highly romantic view perpetuated by Hollywood and a stream of dime novels of how the West was won.

The truth is, this eat and run philosophy is how the West was almost ruined. It's a philosophy today's rancher has had to outgrow in order to improve the range while accommodating a host of new demands on the land.

The Interior Department's Bureau of Land Management has worked many years on a systematic approach to range

management, one that would give recognition to all kinds of demands, not just the forage needs of domestic livestock. But the system is far from perfected, as I am personally—and painfully—aware.

As Governor of Idaho, I was keenly interested in BLM's management plans for the Challis Planning unit. As the first unit to undergo an Environmental Impact Statement, Challis should have served as a model "how to" project. An example, to be applied to the hundreds of other such units throughout the West, of how to accommodate a variety of resources, uses while protecting and even enhancing the environment.

Unfortunately, this was not the case—at least on the first go-round. So, we're back at the

drawing board, profiting, hopefully, by what was learned in the attempt.

Clearly, one valuable lesson was that we simply didn't have enough basic resource data to make the necessary, discriminating choices among competing demands. So we are now stepping up our efforts to develop the missing information.

To help spread our limited manpower, we are proposing to reduce, from 212 to 155, the number of Impact Statements to be completed. This would be done by shifting boundaries to group similar areas, not by "leaving out" some areas.

We are also planning to consider the environmental impact of livestock grazing at a much earlier point in the planning stages—long before we begin to

develop specific grazing plans for specific allotments.

including livestock, wildlife, wild horses, watershed management, fish habitat, etc., before we try to devise the best ratio of uses. And we will keep in mind that proper management of one use, such as livestock grazing, can actually improve the land's ability to meet other demands.

We also fully intend to seek fuller public participation in these earlier decisions about the amount of public land vegetation that should be allotted to wildlife, wild horses, and other legitimate uses of public rangelands—and to give both rancher and non-rancher views full consideration.

I believe that other adjustments are necessary in our

In other words, we would first evaluate the vegetative resource potential in light of all uses, planning system. In the past, it has relied too heavily on economics. Where it was easier to put a price tag on one use than another, then that use often was

given the edge.

I am convinced that the best way to put all competing uses on an equal footing would be to judge them not just on their economic worth, but to weigh their environmental costs as well, with those doing the least environmental harm given higher priority.

It may not be easy to do, and there are undoubtedly some tough choices ahead in properly managing our public land national resources. But we must find a better approach than simply following cows around.

One Minute Sports Quiz

1. Who won the Southern Open Golf Tournament?
2. What year did he win the U.S. Open golf tournament?
3. Who won the recent Notre Dame-USC clash?
4. Ken Rosewall is known in what sports circles?
5. Who won the American 500 stock car race?

Answers to Sports Quiz
