## Ruel Alexander New Farm Bureau Service Officer

Ruel W. Alexander, young farmer living near Dodson, has been named service officer of the Collingsworth County Farm Bureau, as that organization plans an expansion of services to members, Wood Coleman, president, announced this week.

Riley Dunson will continue as secretary-treasurer of the Farm Bureau and the two will share offices, which are located just west of Owens and Scott grocery.

Mr. Alexander has been active in the Farm Bureau for several years and served as delegate to the state convention at Mineral Wells last December.

In addition to his farming and Farm Bureau experience he has also worked for the Farmers Co-op Gin at Dodson and is well grounded in all phases of farm and livestock production, as well (Continued on Page Twelve)

## Rev. Michael At Hooker Service

Rev. J. F. Michael, pastor of the First Methodist Church, returned to a former pastorate at Hooker, Oklahoma, Friday, March 19 as guest preacher at the church's 50th anniversary observance.

His sermon topic was "The History of Civilization," in which he developed the world's history from chaos to the fullness of the present.

Mrs. Michael accompanied her husband.

Rev. and Mrs. Michael were at First Methodist Church, Hooker, from 1933 to 1938. A building project, abandoned during those dust bowl years has been completed to give the congregation a new church.

## Shamblee's Team Play Hollis Sunday

Shamblee's All Stars, Wellington's Negro baseball team managed by Earl Shamblee, will play their first home game this year against a team from Hollis, Sunday, March 28 at the old Fair Grounds.

The game will begin at 2:00 p. m.

This is a pre-season game, and proceeds will go toward buying equipment, Shamblee said.

The regular season starts April 18.

There will be a section for white fans and good order will be maintained, Shamblee assured.

Some of his players this year include James Honeycutt, shortstop; J. C. Honeycutt, catcher and second base; William Honeycutt, pitcher and second base; Aaron Rayford, right field; M. J. Ransom, centerfield; R. L. Honeycutt, a 15-year-old youngster just starting out in baseball, Joe Millard and Don L. Williams, both pitchers.

\$1,500 Project Given Association

## Highway Construction Groups Make Cemetery Improvement

The co-operation of the State Highway Department, a construction company, and a large group of men, some of them strangers to Wellington, has without cost to the Wellington Cemetery Association put over one of its biggest projects—graveling all streets of both cemeteries and putting on the ground cement blocks to wall up the steep embankment at the edge of the West cemetery.

This fine example of neighborly co-operation would have cost around \$1,500 had the Association paid for it at prevailing cost, Zook Thomas, president, said.

Briefly, this is what happened. When the truckers working on the Highway 83 widening project had finished their job, almost every man contributed his time and truck to haul one or more loads of gravel to the cemeteries. Many others had a part too.

Jimmie Kelso, owner of the Kelso Funeral Home, envisioned this project and laid it before Mr.

Thomas. Together they contacted Clyde Drake, resident engineer for the State Highway Department and he put them in contact with the contractors, Cooper and Woodruff of Amarillo, working through their foreman, Travis Gilliam, whose home is Bowie.

Wren Hartman, owner of the gravel pit, donated all the gravel that was needed.

W. G. Gorman of Brownwood, shovel operator at the pit, loaded the gravel on his own time.

Almost every trucker contacted helped. This group, with the addresses where available, included: Gaston Williams, Loyd Francis, D. Linley, Iva Gatlin, Rudell Woods, all of Amarillo;

Leon Jones, F. E. Francis, and B. J. Langford of Pampa; J. L. Tiffie of Roston; Albert Matheron of White Deer; W. C. Smith, J. S. McCuiston, and W. S. Spraggins of Borger; A. E. Connell of Wheeler; and Sam Tapper of Paducah.

Out of county men whose addresses were not available were B. D. Graham, W. T. Pierce, James Allen, E. S. Milton, G. W. Milton, N. W. Milton, H. L. Smith, E. S. Mitten, Jackie Moore.

Local men donating trucks or hauling were Ernest Maxwell, Ray Maxwell, Bill Clifton, Amos Phipps, R. P. Scott, J. L. Alexander, Muriel Whitfield of Dodson, Gene Martin, Bill Tarter, Johnnie Crawford, Don Crawford, Elvis Crawley, Dave Burch, Farmers Co-op Gin, City of Wellington, and A. J. Fike.

Ernest and Ray Maxwell's loader was used.

Raymond Terry prepared the ground and spread the gravel. Claude Groves of the highway department was in on the planning and helped direct the trucks; Jake Leach, city employee, did the directing and planning work.

When an axel went out on one of the trucks, Robert Posey helped replace it and Tommy Stall put it in without cost. Shorty Lucas, cemetery custodian, put in extra time helping unload and spread the gravel. Felix Handley hauled water to put on the road beds.

Mr. Kelso, Mr. Thomas and Jimmy Strickland were on the grounds to help where they could.

But this fine display of co-operation and neighborliness was not over. Mr. Drake and Palmer Massey of Childress, State Highway Department engineer, came up with more help. The department is dismantling an unused bridge near Estelline. A number of 375-pound steel reinforced concrete blocks available. These were secured by the Cemetery Association and the blocks have been hauled. Those who furnished trucks, drove, or otherwise helped, were Heze Jones, Cudd Brothers, Joe Christoph, Earl Epps, Woodrow Ham, Charles Cason, Claude Caison, Jim Strickland, Horton and Harwell, A. J. Fike, and the City of Wellington.

With all of this, there was a certain amount of paper work to be done, and Orval Couch and employees of the Greenbelt Rural Electric Co-operative volunteered to do it.

"If the name of any person who helped in any way has been omitted, it was an oversight, for we deeply appreciate the work of every man who gave of his time, his equipment or his material," Mr. Thomas said as he looked over the long list of names.

"We are still amazed at this thing that has happened to us. We cannot imagine a finer example of good neighborliness, both on the part of the men who live here and those who made Wellington their home for only a few weeks."

"I really feel strongly enough about the subject to stick my neck out. There is an old saying, 'put up or shut up.' Well—I am putting up because eventually there must be women on this school board too!"

## Mrs. Hughes, Warrick, Campbell Candidates

### Three Seek School Board Places as Interest Mounts

Three candidates have filed as candidates for the two places on the Wellington School Board, Barney Glenn, secretary, announced this week.

Velman Warrick, now president of the board, and Frank Campbell, a member, filed for re-election.

Mrs. Bill Hughes, wife of a Collingsworth County rancher and mother of school-age children, became the first woman in the district's history, so far as is known, to file as a candidate.

The election will be held Saturday, April 3, and the deadline for filing was due to close Wednesday night, March 24, with no other candidates expected.

Of the three, only Mrs. Hughes

has issued a statement regarding her candidacy.

"Why am I running for the School Board?"

"After all, a school consists of boy and girl students, men and women teachers, fathers and mothers, why not women on the school board,

"I want to know why students from Wellington High School cannot enter any college on an equal basis with students from other schools. I want to know why they do not receive the necessary preparation including foreign languages.

"I have lived in this community for eight years. Of my four children, two are at present in the Wellington school system. One is in college. My children have been, not only in private schools, but in the public schools of the Philippine Islands, California, Colorado and Texas. I do have a comparative basis for my opinions.

"I am not one of those who feel that 'What is good enough for me is good enough for my children.' Progress does not stem from that attitude.

"I really feel strongly enough about the subject to stick my neck out. There is an old saying, 'put up or shut up.' Well—I am putting up because eventually there must be women on this school board too!"

## Board of Trustees Enlarged

### QUAIL CEMETERY ASSOCIATION TO PLAN 1954 WORK MONDAY

A meeting of the Quail Cemetery Association has been called for Monday night, March 29, at the Quail high school study hall, when plans for work in 1954 will be discussed.

Two projects are slated for major attention during the year, digging a well and installing a water system, and marking all unmarked graves, J. L. Langley said this week.

In the recent annual meeting, the board of trustees was enlarged

from three to seven. Re-elected were J. L. Langley and C. B. Baker, and these, with Woodrow Wilson will serve one-year terms. Trustees named for two year terms were Carroll Eblevins, Chester White, Lewis Morris and Monty Mitchell. Pat O'Hair is the retiring member of the board.

The quail association finances its work entirely by public donation, with the exception of money received for the sale of lots, Mr. Langley explained.

## Meeting of Milk Producers Called For March 30

A meeting of farmers of the county interested in signing up to produce grade C milk for the milk route now in operation, as well as those already on the route, has been called for Tuesday night, March 30, at 7:30 p. m. in the county court room, Herman Crawley of the Chamber of Commerce dairy committee announced this week.

Ed Deavers, production manager of the Quint County Creamery, Mangum, will be present to discuss milk production with the group. Grade C milk produced here is sold to that creamery and is delivered there daily by Arthur Belew, operator of the milk route.

Milk producers have begun getting their checks and on the whole are well pleased, Mr. Crawley said. For a majority it represents a new source of income.

Farmers already on the route who have any problems are urged to attend the Tuesday meeting and discuss them.

Also, those farmers who are wondering if it would pay them to invest in milk cows and produce Grade C milk are urged to be present.

Citing figures as to the income that may be expected, Mr. Crowley told of one producer on the new route who has four cows. He sends off one ten-gallon can of grade C milk each day and after hauling is deducted gets approximately \$2.75 per can.

Besides this, he is raising calves off the cows, sells four or five gallons a week at his home to neighbors, and has as much for family use as is needed.

"That is an indication of what you can expect," Mr. Crowley told potential producers.

Mr. Belew said that he is now hauling between 400 and 500 pounds of milk a day to Quint County Creameries. He added that he has found considerable interest in milk production over the county.

The milk route is due to be around 200 miles in length when it is completed.

## Church of God To Begin Revival

A revival meeting will begin Thursday night, March 25, at the Church of God in Wellington, the Rev. R. D. King, pastor, has announced.

Rev. Gressano will be in charge of the preaching.

The Church of God is located north of United Super Market, in the Monroe Building.

### Raburn Holton to Speak At Baptist Church Sunday

Sunday, March 28, Raburn Holton, formerly of Wellington and now a student in Wayland College, Plainview, and a representative of the United Texas Dries, will be the speaker at both the morning and evening worship at the First Baptist Church, The Rev. Chester O'Brien, pastor has announced.

He will also teach the Business Men's Bible Class.

"I am sure that many of his acquaintances will be interested in hearing him speak. Likely one of the two services will be devoted to a presentation of the work of the organization he represents,"

## Tax Collectors Office To Stay Open Sat. Afternoon

Claude McKinney announced Wednesday that the tax collectors office will remain open until 5 p. m. Saturday afternoon to facilitate the purchase of car tags.

He urged people to avoid the rush that is sure to come the last three days. April 1 is the deadline for having new tags on cars and trucks.

# Most Wheat of County Holding Despite Drouth

Wheat over parts of Collingsworth county continues to hold up well and even grow some, although in some other sections part of the acreage is beginning to dry out and need moisture badly. On the whole, grain in the wheat produc-

ing communities in the south part of the county is not hurt too much, while a larger per cent in the northern part of the county is suffering.

Dust and wind has hurt the wheat much less than would be

expected for the amount of blowing the county has had during the past month.

Although no measurable moisture has fallen in the county, two days, Tuesday and Wednesday, with several hours of mist and fog has caused the wheat to brighten a little.

Around Dodson, and in the area lying in its trade territory, the wheat will be all right if a rain comes in the next two weeks, Frank Smith, president of the First State Bank, said.

Underground moisture is still good, and the sand has not hurt the wheat as a whole, although there are spots that are blown out.

Wheat in this section is starting to joint and farmers and stockmen have begun taking their cattle off the wheat pastures.

Alex Coleman of Dozier said that wheat in that section was drying out and beginning to look bad, and spots were blown out. With a rain, however, most of it would come out and make some grain.

W. R. Breeding, who lives at Enterprise, said early wheat in that section was looking bad, but young wheat, including his own, was holding up and beginning to joint.

Earl Keller of Warrick Feed Store said that a majority of the wheat farmers he has talked to are still fairly optimistic and feel that if a rain comes by April 15, the county will make a wheat crop. Around 80 per cent, however, feel their wheat has been hurt some, and most of the tops have burned by the wind.

So far as can be determined, there has been no abandonment of wheat acreage in this area.

## O'Neil, Graves, Home After 14 Months

### Enemy Kept Fighting on Night Basis, Veterans Say

Oriental are good fighters and every service man who has been to Korea knows they are good, two Wellington men who have returned home recently declare. Back after 14 months overseas are Walter L. O'Neil, HM/3, U. S. Navy, and Marine Cpl. Jimmy Graves.

They are two of several men just in from the Far East. Marine Cpl. Douglas Coteman, son of Mr. and Mrs. Wood Coleman of Dozier, come on the same ship as O'Neil and Graves. Leland Finley, whose wife and parents, Mr. and Mrs. Earl Finley, live here is back, and J. C. Nelson, son of Mr. and Mrs. Jack Nelson is in from Japan after completing his period of service.

Graves and Coleman were in combat 7 months, and O'Neil, a hospital corpsman with the Navy, assigned to the First Marine Division, was in combat four months.

Graves was a member of a 5-

man observation group that worked ahead of their unit. It was up (Continued on Page Seven)

### Methodists Sponsor Big Box Supper April 1

The official board of the First Methodist Church is sponsoring an old-fashioned box supper Thursday night, April 1, in the church basement, Henry Sullivan, one of those working on the entertainment, has announced.

"This is another one of those box suppers that has been providing so much wholesome fun for Wellington people lately," Mr. Sullivan commented.

Like all other traditional box suppers, the women of the church will bring the boxes, and the men will buy them. There'll be prizes for the best dressed-up boxes.

Several cakes, pies, and the like will be auctioned also.

"Don't forget, we're having this on April Fool. There's going

to be some fun that we're keeping under cover," Mr. Sullivan reminded.

Children of the church will bring their boxes and eat them among themselves.

The box supper begins at 7:30 p. m. All church members are urged to attend and all others who are interested are invited.

Proceeds from this box supper will go into the Church building fund.

## Son of Early City Teacher Has Visit

The son of one of Wellington's earliest teachers returned here Monday, March 22 to visit relatives. Mr. and Mrs. Harold Edwards of St. Paul, Minn., and Mrs. Zelma Cook of Olustee were guests of their aunt, Mrs. Hattie Scott of Wellington.

Until 1895, Wellington had only a one-teacher school, but in that year C. W. Edwards was hired as principal and the school stepped up to a two-teacher system. Miss Ida Myers was the other teacher. Seventy-six pupils were enrolled. The Wellington school continued as a two-teacher system until 1903.

The building in which this school was located now forms part of the Homer Holton home at 706 Corsicana Street.

## Nursing Contest Essays Due April 1

Sister Mary Carol of St. Joseph's Hospital reminded county students again this week that April 1 is the deadline for submitting essays in the contest, "Why I am Choosing Nursing as a Career."

The essays are to be from 250 to 500 words in length and should stress the idea of service to humanity as exemplified in a nursing career.

Data required on the cover sheet accompanying the essay should be the full name of the student contestant, age and sex, class in high school, full name of high school, signature and title of high school superintendent or teacher handling the contest, and the name of the hospital school of nursing selected as her choice by the contestant.

A prize of \$25 is being offered the county winner by St. Joseph's Hospital Auxiliary. There is a \$50 prize to the area winner.

Sister Mary Carol is contest director for the Panhandle area.

## Sadie Hawkins Day Set April First

Sadie Hawkins Day and all that it denotes will set the pace for school activities Thursday, April 1, and the events scheduled have been set forth in the proclamation issued by Donald Green, president of the student council:

"I, Donald Green, president of the Student Body of Wellington High School, by the power vested in me, do declare that Thursday, April 1, 1954, A. D., shall be declared 'Sadie Hawkins Day' in Wellington High School.

Whereas, this day shall be 'Sadie Hawkins Day' I therefore request that all students of WHS come dressed in true 'Dog Patch' style. I also request that all students attend the 'Sadie Hawkins Party' to be held at the community building on the night of the appointed date. It shall be the custom for the girls to ask the boys for the privilege of escorting them to the shindy mentioned above.

"I, therefore, do request that these custom mentioned above be observed." Signed: Donald Green, Pres. Wellington High School Student Council

### BOYS CAN STILL ENROLL IN 4-H TRACTOR MAINTENANCE SCHOOL

Boys in the 4-H Club Tractor maintenance school will hold their second meeting Friday night, March 26, at the Stevenson Implement Company, County Agent J. W. Thomas has announced.

Approximately 15 boys are now enrolled, and any other boys interested may still join. The only requirement is that they already know how to drive a tractor.

Tommy Stall and Richard Morton are instructors.

"We would especially like for the parents of these boys to be present at the Friday night meeting so that you may get an idea

1952 Homemaker of Year Lives Here

## Rufus Sweat Home North of Town Identified as Mystery Farm

Last week's mystery farm is one of the better places of Collingsworth County, the home of Mr. and Mrs. Rufus Sweat, one mile north of Wellington.

A youthful neighbor, Barton Groves, was the first to identify the farm, Thursday morning at 8 o'clock sharp, he was waiting in front of The Wellington Leader. A few minutes later, his sister Joline Groves phoned in her identification.

Others identifying the farm correctly were Mrs. Kenneth Hodge, Mrs. Charles Caldwell Jr., Doris Swat, Mrs. Wayne Gray and Mrs. Vona Gray.

Mr. and Mrs. Sweat have lived on the farm since 1945. They had bought part of the place from Mr. and Mrs. J. O. Wells, who now live at Lubbock, in 1940, and the remainder of the farm, including the improvements, from them in 1943.

The house, one of the finest farm homes of the county, was built in 1950, and the new barn

put up the following year.

In 1952, Mrs. Sweat received one of the outstanding honors Texas can offer its farm women—she was named Texas Homemaker of the year, and honored at the annual awards banquet under the Save the Soil and Save Texas program, sponsored by the Scripps Howard Newspapers in the state. This came as recognition for her outstanding work as a homemaker and as a farm wife.

Mrs. Sweat is one of the youngest women here who can boast that she was born in a half dug-out in Collingsworth County. She is the former L. C. Young, the daughter of Mrs. J. H. Young of Arlington and the late Mr. Young. When Mr. and Mrs. Young moved

to the county they lived first in the Lillie community. When they bought their farm at Lutie, still familiarly known as the J. H. Young place, there was only a half dug-out. Mrs. Sweat was born before the house was completed.

She graduated from Wellington high school in 1926 and attended West Texas State College. She taught school for ten years, at Plymouth 2 and Nicholson 6, then went into the Samnorwood School for two years when the district was consolidated.

Mr. Sweat was born in Denton County and came here with his parents, Mr. and Mrs. A. O. Sweat in 1915. He attended school at Aberdeen, then enrolled in a business college in Wichita, Kansas

and attended West Texas State College.

Mr. and Mrs. Sweat were married in December 1928 and have three children, Doris Clo, 16; Va-Rue, 12; and Don 6.

The entire family is active in the First Baptist Church. Mr. Sweat is a member of the board of deacons and teaches in the intermediate department. Mrs. Sweat is Sunday School superintendent in the intermediate department.

As to their activities, he is a member of the Farm Bureau and is mail carrier on Route 6 out of Wellington. She is active in the Homemakers Club, the Band Mothers Club, both junior and senior high school Parent Teachers Associations.

Mr. and Mrs. Sweat operate 591 acres of land, although their home place has only 96. The other farms are located at Rolla and Lutie.

Soil Conservation plays a big part in their farming program, and they have concentrated on crop rotation and building land with alfalfa.

They are milking four cows and selling whole milk at their farm, but altogether they have 12 head of dairy stock. For several years Mr. Sweat built a herd of beef cattle, but these were sold and he now concentrates on dairy stock.

The Sweats are not familiar with the history of their farm, beyond the fact that Mr. and Mrs. Wells bought it about 1920, and raised their family there. It was

J. A. Mahan Filed on Land in 1888

## This Mystery Farm One of Old Settled Places of the County

This Mystery Farm home is one of the oldest still standing in the county, part of it dating back more than 50 years. It is the farm of Mrs. J. A. Mahan, at Fresno, who with her husband came to Collingsworth in 1888—one of the first couples to place their faith in this county and its future.

John Eron Forbis, a nephew of Mrs. Mahan, lives on the farm and works the land.

The first person to identify this farm when the picture was published some weeks ago was Mrs. G. C. Isbell. Others who correctly identified it were Mrs. Howard Forbis, Leon Martin and Miss Inez Clement.

Since there are several houses still standing in the county that were built along this same style in the first decade of the century, guesses were made that it was several other farms.

Mrs. A. L. Harper of Edinburg, the former Tillie Mahan, in whose home Mrs. Mahan is now staying, has written the following information about the house:

"This home was built in the early 1900's the first two rooms, or the north wing, in 1902, and the first front part of the house in 1908. It now stands exactly as it was built in 1908, with the exception of a porch on the west that was removed a few years ago."

The county had not been organized when Mr. Mahan bought this land in 1888, and it was necessary for him to go to Wheeler to file.

Forbis is a native of the county, the son of Mrs. Howard Forbis and the late Mr. Forbis. He has lived here all his life except two years he served in the Navy. He attended school at Fresno and Dodson, graduating in 1937.

Mrs. Forbis is the former Ola Mae Gravely, who grew up at Hollis. They were married in 1940 and have two children, Judy 11, and in the fourth grade; and Rommie who is 9. Mrs. Forbis is active in the Home Demonstration club, and, as Rommie is an enthusiastic Cub Scout, she is also a den mother. Forbis is a member of the Farm Bureau and the family belongs to the First Baptist Church in Wellington.

Forbis describes this farm as "one of the best tight-land sections in the county." He now owns one quarter of the original section on which Mr. Mahan filed, and Mrs. Mahan owns the remaining 480 acres. Altogether, Forbis works

800 acres. He also runs some hogs and cattle.

He has been raising principally cotton and wheat, but this year, with acreage restrictions, will plant some maize. He is a firm believer in deep plowing as a soil building practice.

The Mahan family lived on the place for some 30 years or more. After they moved to town, the Shanks, Watts and Edgar families lived there. The late Howard Forbis and his family lived there from 1935 to 1950, when his son moved to the place.

Mrs. Mahan has four children,

Mrs. Harper; Mrs. W. C. Poling of Hollis, Wilson Mahan of Long Beach, Calif.; and Wade Mahan of Munday. Another son, Jimmy Mahan of Childress, prominent Panhandle lawyer, died several years ago.

### Lyndon Johnson Reports

By LYNDON B. JOHNSON  
**SAVE SOIL, WATER:** Principal points of an upstream water control bill Congressman Bob Poage introduced in the House and I introduced in the Senate are included in legislation passed recently by the House.

It provides for Department of Agriculture cooperation with a state, or any political subdivision authorized by the state, in carrying out such flood prevention projects as correct land treatment, gully plugs, detention dams, and the like. Object is to stop water close to the point where it falls for use as needed.

This is an important water and soil conservation measure.

**LEGISLATIVE PROGRAM:** Administration's proposed legislative program is moving slowly.

The farm bill is still before the House and Senate committees, as this is written, and so are proposed amendments to the Taft-Hartley Act. Nothing at all has been done as yet about a foreign trade bill, a major Administration project. The bill to expand the Social Security program is scheduled for committee hearings.

A factor throwing the timetable off balance has been the urgent demand for tax reduction. My mail from Texas reflects that demand.

**AIR ACADEMY:** Chances that the Air Academy will be located in Texas were improved when the Senate adopted our amendment providing that if board members named to survey possible sites agree unanimously, their choice must be accepted. If members are divided, AF Secretary must select one of their top three choices.

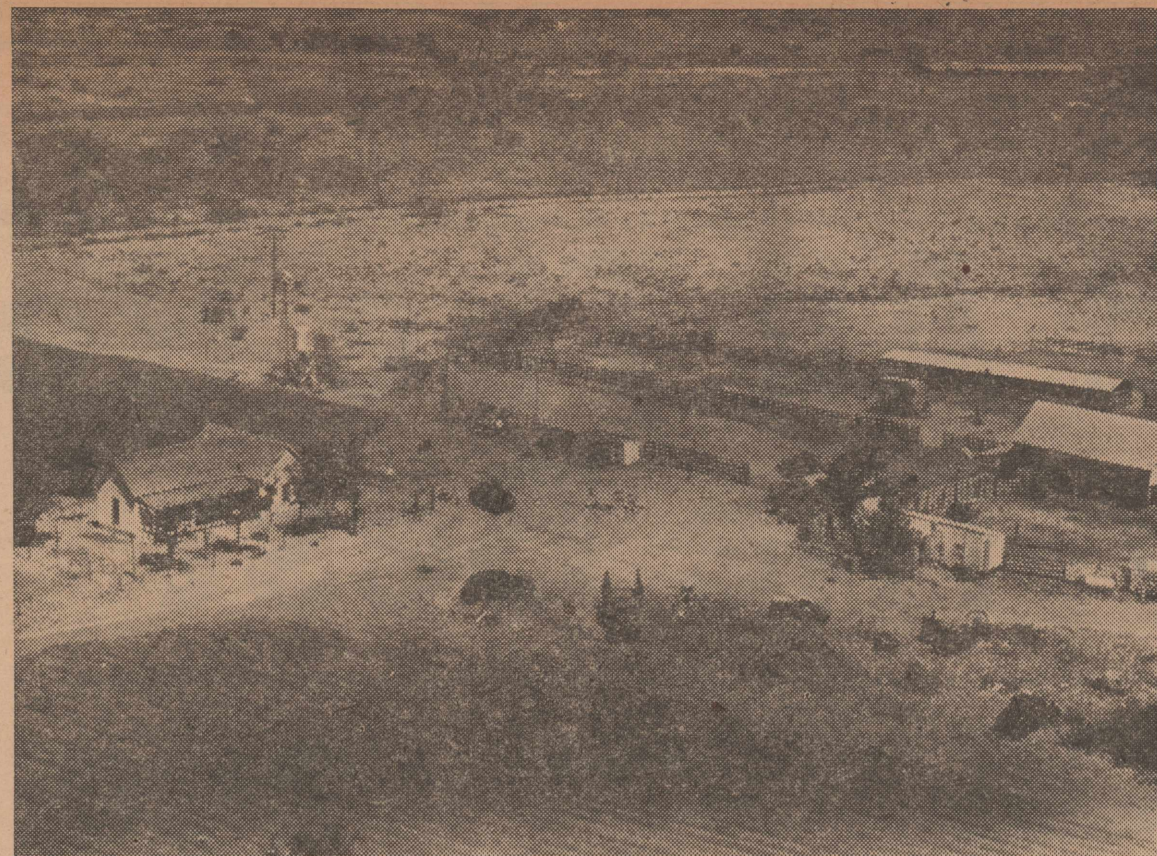

**POSTAL WORKERS:** I met recently with a fine bunch of Texas postal workers—around 50 of them. They were to discuss proposals that employees of the Post

Office Department receive pay raises. Their approach to the subject was notably fair and reasonable. They made me feel proud of our Government and its employees.

I hope and believe Congress can work out an equitable plan for a pay raise for the hard-working postal employees. They need it. They deserve it.

**NO SURPRISE:** Texans were not surprised that Bob Anderson of Vernon, Secretary of the Navy, has been picked as Deputy Secretary of Defense, No. 2 position in the Defense Department. Secretary Anderson, although still a young man, has been doing big jobs in Texas for years—and doing them in top-flight fashion.

**NEWS BRIEFS:** Joe L. Mock, manager of the Marshall Chamber of Commerce, sent me one of the finest brochures I have ever seen on the march of industry and business in Texas. If you would like to see a copy, write Mr. Mock at P. O. Drawer 312, Marshall. . . . Had a fine visit with a wonderful group of high school students from Dallas, accompanied by their pastor, Dr. T. L. Shannon. . . . Jackson Electric Co-op has been granted an REA loan of \$430,000 for system improvement and to build 100 miles to serve 1,025 new rural consumers in Jackson, Calhoun, Matagorda, Brazoria, Lavaca and Wortham Counties. . . . Billy E. Lee, Assistant Attorney General of Texas, and Deputy Commissioner J. Warren Hitt of the State Education Agency visited the office. . . . A new Army armored division will be activated at Fort Hood on June 15. . . . Had my picture made with the new West Point appointee from Texas, J. J. Enrique Salinas of Eagle Pass. . . . W. W. #### DO YOU KNOW MYSTERY FARM 32?

This is a farm with lots of activity going on around it, you can tell by looking at the picture. The well-built barnlots and barns, would indicate livestock. Tractors and other implements point to a considerable amount of cultivated land, and the general neatness of the farmstead, the fenced yard, and the modern water supply show beyond doubt

that a farm family that is proud of its profession lives here. The first person identifying the place after 8:00 a. m. Thursday will receive two free show tickets. The owner, upon coming to The Wellington Leader to confirm the identification, will receive a free mounted picture like the one above.

Every person who donated his time and equipment to the cemetery work last week deserves the thanks of every person who has relatives buried in those grounds. Great credit is due the Cemetery Association for the remarkable improvements they have made in the last few years. They should have the co-operation and help of every person in this community. There is no comparison between the looks of the cemeteries now and what they were before the present association started its work.

Next week is the time for the annual Youth Project Show. It is an important time in the lives of the young people who display the results of their years work in FFA and 4-H projects.

The dog poisoners are active again in Wellington. Three dogs that had been vaccinated and had never harmed any person, as far as I know, were poisoned this week. This is a pretty hard matter for the law enforcement officers to prove anything. But the danger to small children is real and parents should be on guard. Caution your children to never put any meat, candy or strange objects in their mouths. Weiners and candy bars have been found in back yards so laden with strychnine that a child could have been poisoned just by handling them and then sticking his hands in his mouth. That would not mean a charge of dog poisoning—it would mean a charge of murder if the culprit could be found.

Our city officials are doing about all they can to ferret out the dog poisoners. They have eliminated a lot of stray unvaccinated dogs and they should have the help of thoughtful people regardless of whether you like dogs and cats or whether you hate them. Personally I am of the opinion that there are some people sneaking around alleys who need to have their brains examined.

Cal Sugg is going around all dressed up these last few days. Now don't guess wrong. The price of cattle has not gone up to any appreciable extent in the last few months and Cal has not made a killing. He is dressed up because he is trying to do a favor for his old employer, A. L. Nowlin, who has been out of town because of the grave illness of Mrs. Nowlin. He is selling candy and other wholesale supplies for the Nowlin Wholesale, and I understand that he is permitting quite a number of our local retailers to acquire quite a bit of good candy. This portly gentleman always did have a way about him whether he was selling Quail peaches or Lillie blackeyed peas.

Frank Ford wanted to run an advertisement in the paper asking for rain. I asked him how big a rain he wanted. He said he needed at least a two inch rain. I told him that such a rain as that would require at least a page ad. I offered to run it on credit and if it did not rain two inches by April 18 that the advertisement would cost him nothing. The ground on his farm must be pretty wet; for he turned my offer down. The offer holds for anybody else who will pay for a page ad; but the date for two full inches has been advanced to April 25. After all two inches of rain is a considerable amount of moisture for this area in April.

ing and fire again. It gave the impression of more guns than the enemy actually had," Graves said, explaining that the communists used manpower for all this work—and they had plenty available.

Both young service men refuted the idea often expressed that the communists do not value the lives of their soldiers.

"I think they value life as much as we do," O'Neil said.

The Wellington men spoke of the communist use of propaganda, and the considerable faith they have placed in its effectiveness. Big signs on which were written "Go Home, Americans," and "Your Wives and Sweethearts Need You at Home," and others similar were paraded near the U. S. lines. Sometimes here were records and propaganda addresses, also close by. And to these, some good natured GI was likely to stick his head out and yell:

"Louder please. We can't hear."

to them to find the enemy target, whether human, gun, vehicle or installation, and direct the 105 and 155mm guns on them. These guns, with a range of from 5,000 to 7,000 yards, are the largest the Marine Corps used in its Korean fighting.

O'Neil worked as a forward observer for a time, although most of the time he had corpsman duties. "We had to play the enemy's game and that meant we did most of our fighting at night," Graves commented. "I was there 14 months and I saw one daylight raid. They had the advantage, too, for they knew the country."

"They're used to fighting at night. We're used to living in artificial light at night. That makes a difference," O'Neil commented.

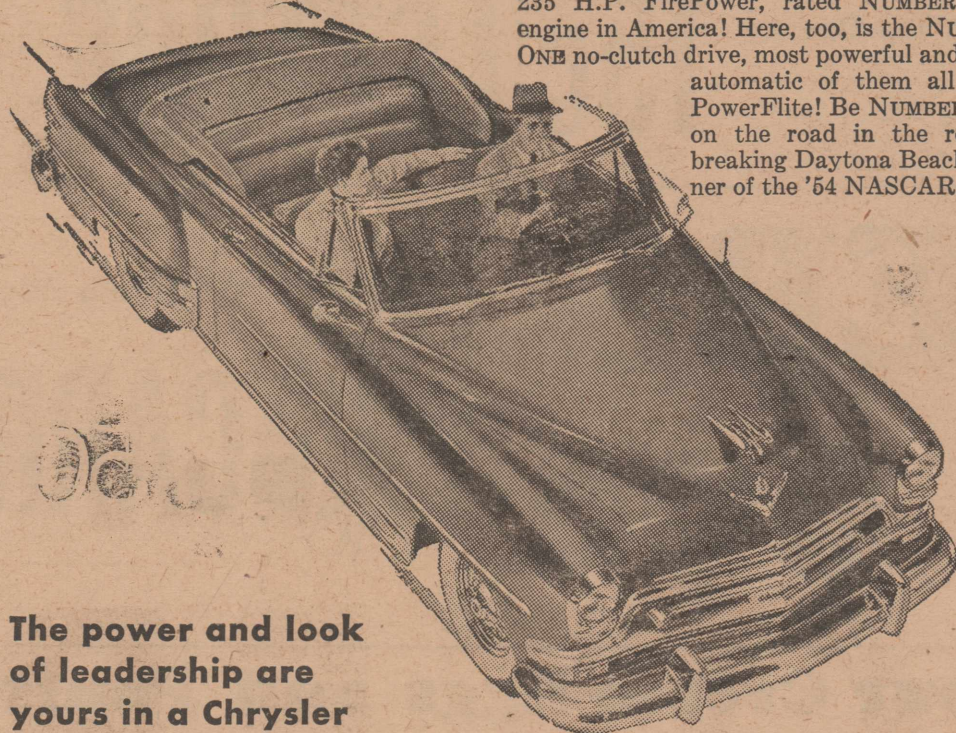

Comparing the installations of the communist and UN troops, O'Neil and Graves pointed out that the Americans used trench installations. The communists tunneled. These tunnels would run back into mountains, or parallel to the allied lines, but deep enough for protection. Small slot openings were placed at intervals, through which the guns were fired.

"Maybe they would use the same gun to fire from several openings. Pull it up to one and fire, then drag it back and to another open-

By MRS. R. H. ISBELL

Sunday was a beautiful day and everyone was really enjoying a quite sunny day. Bro. Marvin Clubb and family attended Sunday school and church out here. He brought a real good message and we all enjoyed it very much. The Clubbs were dinner guests in the Wright and Isbell home. Other visitors were Mr. and Mrs. G. C. Isbell and Billy.

Russell Wayne Allen oldest son of Rev. and Mrs. Allen has been sick with the mumps. Billy Isbell is well of his mumps.

The Youth for Christ was well attended last Saturday night. Rev. Allen brought the message.

C. A. Wright and J. D. Morris have made several trips to Memphis lately for cotton seed hulls.

Mr. and Mrs. N. A. Simmons of near Clarendon visited their daughter and family the C. D. Messers one day last week. Mrs. Messer is still improving from her sick spell.

The Hallmarks left for Gorman, last Wednesday to make their home, after visiting relatives here.

Bro. Russell Allen and Ted Parker are holding a revival meeting at Cotton Center this week. They closed out the revival at Garden Valley last Thursday night with 15 decisions for Christ. Everyone was blessed spiritually who attended. Bro. Cleveland says the whole church was revived, he enjoyed the services himself very much.

Rev. Phil Shuler son of the famous Rev. Bob Shuler of California is holding a revival meeting in Shamrock at the Methodist church. He's a powerful preacher, areal live wire. Going from here to hear him Sunday night were Mrs. G. C. Wright, Mrs. S. L. Maxwell and Mr. and Mrs. R. H. Isbell.

Mr. and Mrs. J. P. Cummings visited his mother, Mrs. J. L. Cummings awhile Sunday. Mother Cummings is feeling very poorly lately.

Everyone enjoyed the party in the J. P. Cummings home Friday night.

Mrs. Ed Poole and son, Scott, of Amarillo were visiting in the home of her parents, Mr. and Mrs. J. W. Holder, last week.

Mrs. S. G. Henry and Mrs. Monty Mitchell of Quail attended the funeral of John Hearndon in Seymour Friday. Mr. Hearndon is a former resident here and died following an operation. He was an uncle of Mrs. Henry.

Mr. and Mrs. Heber Brantley and Linda Leigh had as guests in their home recently her sister and brother, Mrs. O. D. Thompson and children, Anita and Dale of Norfolk, Va., and John A. Edmiston, Melinda and Nita Janice of Tulsa. Mrs. Thompson formerly lived here and will be remembered as Miss Minnie Leigh Edmiston.

Mr. and Mrs. W. Frank Smith and Joy Carolyn and Mr. and Mrs. A. V. Lowrie and daughter, Donna, of Dodson were in Amarillo to spend the week end.

Mr. and Mrs. Rufus Sweat and family and Mr. and Mrs. Drury Lacy and son, were in Tulsa Sunday to visit with Mr. and Mrs. Earl Nipper, their daughter, Nelda, and daughter-in-law, Mrs. Earl Wayne Nipper. Earl W. Nipper,

who recently entered the Army is stationed at Fort Pickett, Va., for his basic training.

Here from Ranger Junior College for the week end were Farrell Kent, who visited his grandparents, Mr. and Mrs. Noble Murray; and Tommy Wood, who met his parents, Mr. and Mrs. Rudell Wood, here.

Miss Glennafred Yarbrough, student in Bethany College, Bethany, Oklahoma, was here for the week end with her parents, Mr. and Mrs. Fred Yarbrough of the Shinnery community.

Among the relatives who were here at the bedside of R. R. Mar-

tin when he passed away and shortly before were Mr. and Mrs. Walter Martin of Portales, N. M., Mr. and Mrs. J. M. Martin of Morgan, Mrs. J. M. White of Meridian, Mrs. Sidney White of Kopperl, Mrs. William Fyfe of Childress and Mrs. Tadlock of Amarillo.

Mrs. Porter Loving had as visitors during the week end her daughters and their families, Mrs. Archie Skidmore and sons Danny and Randall of Shamrock, and Mr.

and Mrs. Mooney Stall and children, Mondessa, Cynthia and David of Amarillo. Mr. Stall is with the Beckwith Contracting firm and is now doing construction work in Dumas, driving out from Amarillo each day. The family plans to move to Dumas at the end of school.

Charles Hajek of Midland was here part of last week visiting his parents, Mr. and Mrs. Frank Hajek.

THE car pictured here is the 1954 Buick SPECIAL 2-door, 6-passenger Sedan — and it's tomorrow in every line and curve and feature — even to the years-from-now design of that broadly arched new windshield.

The price carried by this glamorous automobile, ready to roll — the local delivered price — is lower than some models of the low-priced cars.

Now — just put this car and this price against anything on the automotive horizon today, and you'll know why it's literal truth when we say, "Buick, the beautiful buy."

It gives you more style modernity, more visibility, more distinction, and more advanced features than other cars in this Buick's price range.

But even more important — it gives you more room and power, more ride comfort

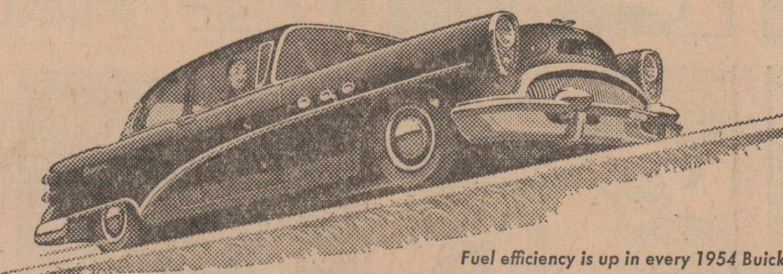

Come in and check the price! This 1954 Buick SPECIAL 2-Door, 6-Passenger Sedan costs less than some models of the "low-price three"!

and steadiness, and more solidity of structure than other cars at its price.

Come in and check that — in this big, bold beauty of a Buick that delivers to you for just a few dollars more than the so-called "low-price three."

We'll gladly seat you at the wheel and let this sensational automobile tell its own story. Can you make it this week?

EDITORIAL COMMENT — THE WELLINGTON LEADER

### A Little Courtesy May Save Your Life

"Make courtesy your code of the road, just as it is your code of life," Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation said today.

"Courtesy, as exemplified in practice of the Golden Rule, is basic to a Christian way of life," he said, "and nowhere is courtesy more necessary than behind the wheel of an automobile."

Col. Tilley spoke in behalf of the courtesy "Code of the Road" program which is being sponsored in Texas by the Texas Safety Association, adding the support of his organization to this safety program which is nationwide.

"It is encouraging indeed to know that this program on traffic courtesy is receiving widespread publicity throughout the country," he said.

"On a national level," he explained, "it is being promoted by the National Safety Council, the Inter-Industry Highway Safety Committee and the National Committee for Traffic Safety. And in hundreds of committee local groups are working to bring home to their citizens this important Christian lesson in traffic safety."

"Many traffic accidents, often resulting in tragic injury and death, could be avoided if drivers would remember to practice courtesy on our streets and highways," he said.

Also, being courtesy to motorists could save many pedestrians from painful accidents suffered when they thoughtlessly placed themselves in the path of traffic, according to Col. Tilley.

"Courtesy is a good code to live by—and to drive by," he said. "In the words of the national program, 'Make Courtesy Your Code of the Road.'"

### Cigarette Smoking Drops

Cigarette smoking has taken a small drop during the past year. It was not the increased cost of smoking that brought about this reduction.

The downward trend has been caused by publicity given to a probable connection between lung cancer and cigarette smoking. A few years ago there were charges that it brought heart ailments, but cigarette smoking continued to increase.

The Herald Editor was never a confirmed cigarette smoker, but once he smoked more than his share of cigars. This writer quit smoking cigars in Jan.,

1947, and he has felt much better despite an increase of 15 to 20 pounds.

It took a long time to get rid of that tobacco rough, but it has been worth while.

This writer cares little whether you smoke or do not. It's a most expensive habit. If one would actually put away the cash he spends normally each day for cigarettes, it would surprise many persons to know how much it would amount to in a year.

### On Freedom of Religion

Italian police recently arrested a Church of Christ preacher in the third action against church in Italy in less than two days. The preacher was interrupted by police while preaching a sermon, and immediately after the sermon was taken away by the officers.

An American preacher from Texas, Wyndal Hudson, is the regular preacher in the Leghorn Church where the arrest occurred, although he was not preaching the sermon on the day of the police action. However, Americans seeking to preach and practice their religion in Italy in recent years have regularly been subjected to limitations and restrictions by the Italian government.

The day before the arrest in Leghorn, Italian police chiseled the name "Church of Christ" from that church's building in Italy result from the fact that this church has not been given recognition by the Italian government. In Italy Protestant churches must get the recognition of the government, as a religious cult, to enjoy freedom of worship and conduct activities as they please.

American Protestants, Catholics and Jews, and host of every other faith, will agree that freedom of religion, as enjoyed in this country, is one of the foundation stones of the democratic way of life. The spectacle of police interference with churches and churchmen is not a pleasant one to the eyes of an American citizen of any faith.

## The Buck Creek Philosopher

Editor's notes The Buck Creek Philosopher on his Johnson Grass farm on Buck Creek has now taken to worrying over other people's worries, his letter this week reveals.

Dear editor:

I was out here the other afternoon watchin a couple of baby calves play around, there's nothing happier than a frisky calf on a warm sunny afternoon this time of year, unless it's a politician who has just been no-billed, and I pulled a paper out of my pocket I'd been carrying around for several days and straightened out the wrinkles and spread it out on the ground and stretched out and looked it over.

Over on the editorial page I ran into an article by a political expert who reported there is considerable worry among the Republicans in some states in trying to find a candidate to run against the Democrats, particularly in states that are Democratic strongholds.

Personally, I believe the expert was having a hard time that day to find something to write about.

I have never seen an office somebody wasn't willing to run for or a piece of land somebody wasn't willing to work or a man some woman wasn't willing to marry. I don't care how hard the race might be and how little the pay, or how sorry the land or the man either, there's always somebody willing to give it a try.

Coffee may be scarce, as well as uranium and plutonium, but I don't believe there will ever come a time when there's a scarcity of candidates or workable land layin out or when a bachelor can't get married.

Of course you understand there is some land that ought to lap out, the same as there some offices, but hope in the Spring will never play out, and neither will the supply of candidates.

I have worked land that ought to lay out, but I've also voted for candidates that should have too, and while it's true you don't get any more out of a piece of land than you put in it, at least that's

the saying although I doubt if it's true or I wouldn't be livin, the same is not necessarily true with a candidate. I've known lots of office-holders who get a lot more out of an office than they put in it, and on occasion more than the law intended.

That political expert ought to rest his mind. Whenever there's a vacancy on a ballot, candidates flow into it like air into a vacuum.

With all the things we got to worry about, worrying about not finding somebody to run for any office ought to come last.

Yours faithfully,  
J. A.

### Moral Uplift and Moral Decay

A strong impression one receives from the Old Testament is the intensity of the contrast between good and evil.

And a further impression is of the way these same contrast between good and bad men, between evil and good in the life of the people, are found in every nation today.

It is this that makes the Old Testament so vital a document. There one sees the whole process of moral uplift and decay, of vision and call to high estate, with frustration, defeat, and ruin through disobedience to the high commands of righteousness and truth.

The deepest and most fundamental evil in relation to the highest character and ideals in those times was the sin of setting individual interest against the rights and welfare of all.

And today, there is not a single nation in which the forces of evil, through selfishness, crime and disregard of all moral standards, is not at work.

There are plenty of good people, thank God! But a tragic fact is the apathy of the good when action is needed to fight evil.

Nowhere is the history of a people in success and failure, defeat and revival, so clearly set down as in the Old Testament.

It is for this reason that it brings to modern people a warning, adapting a New Testament

expression: "Wherefore let the nation that thinketh it standeth take heed lest it fall."

This warning is especially apt to recognize how great are the terrors cognize how great are the evils that threaten our democra-

ideals.

Anyone can save money if he really wants to. And he can save lots more if he really has to.

Some wag said that the reason

there are more twins born nowadays is that children are afraid to come into this world alone.

Nothing is more dangerous to a bachelor than a jealous husband or a single girl.

do more work per day... more work per dollar!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading. You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts. You save time on deliveries. With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton

models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

## Banquet Closes Study Course for Baptist BTU

On Thursday night, March 18, the Community building was the scene of a banquet for the members of the Baptist Training Union, and was given as a climax to a series of study courses taught through the week under the direction of Mrs. Joe Trussel of Houston. The group assembled at the church for the final study and went to the community building in a group at 8 p. m.

St. Patrick's motif was used in the decorations. The speakers table was centered with a large green Shamrock, with white carnations completing the arrangement. Shamrocks, hats and green and white candles were used as center decorations for the tables, individual programs in green and white completed the place settings.

Woodrow Ham, Training union director, was toastmaster for the occasion. Invocation was given by Henry Davidson. Each Department of the church gave a part on the program with the Rythm band, consisting of the Beginners and Primaries, rendered a number. Members of the Junior Department sang, "It Is No Secret", representing the Intermediates were Alecia Ham, Carolyn Keller, Sherrie Smith and Betty Patton who sang, "Beyond the Sunset". The Young People gave a pantomime, "Oh Zion, Haste".

Mrs. Joe Trussel gave a short talk, and Rev. Chester O'Brien

## Study Club Hears Talk on Cancer

Dr. E. W. Jones was guest speaker at the 1924 Study Club Thursday, March 18, for the group's health project program on cancer. Mrs. Jimmie Cochran was hostess and program leader.

A film sponsored by the American Cancer Society was shown and Dr. Jones discussed cancer from the standpoint of types, treatment and the importance of regular examination. A question and answer period followed.

During the business session, presided over by Mrs. Clark Anderson, Mrs. E. K. Jones reported the organization of a new study club, sponsored by the 1924 Study Club. Members of the committee in charge were Mrs. Jones, Mrs. Sam Gholson and Mrs. Cochran.

Mrs. Jones Singley returned to active status in the club following a leave of absence.

Refreshments were served to Mrs. Mickey Kendrick, a guest, and Mmes. Carter Holcomb, Walter Winters, James Sullivan, Frank Anderson, Chester Fires, Cecil Street, R. R. Cravely, Bobo Castleberry, F. C. LeDerer, Jones, Anderson, and the hostess, Mrs. Cochran.

## Cummings Hosts To Friends Friday

Mr. and Mrs. J. P. Cummings entertained a few friends at their home in the Salt Fork community Friday night, March 19. Dominoes and other games were played.

Refreshments of cake, cookies, coffee and fruit punch were served to Mr. and Mrs. C. D. Messer, Ellen, Edith and Ann; Mrs. Henry Wischkaemper, Carl Wischkaemper; Mr. and Mrs. Wayne Cummings and Joe; Mr. and Mrs. Fred Cummings; Miss Rosetta Burney; Edna Ellen Wright; Mrs. U. S. ## 1954 Study Club Formed For Young Wellington Women

Organization of a new club, the 1954 Study Club, has been completed, with the charter membership made up of approximately a dozen and a half young Wellington matrons.

The club was organized and is sponsored by the 1924 Study Club, which has the project as its 30th anniversary gift to the Texas Federation of Women's Clubs.

Mrs. Ray Peeples has been elected president of the new club, with Mrs. Hiram Cudd as first vice president; Mrs. A. J. Fires second vice president; Mrs. Mickey Kendrick, secretary; Mrs. Fred Sims, treasurer; Mrs. Fred Squyres, corresponding secretary; Mrs. R. L. Templeton parliamentary; Mrs. Bennett Goodloe, reporter; and Mrs. Calvin Hurst, federation counselor.

Mrs. Cudd, Mrs. Paul Spillman and Mrs. Jack Wood make up the constitution and by-laws committee, and Mrs. Fires, Mrs. Sims, Mrs. Hurst and Mrs. Kendrick the yearbook committee.

During the current year, the club will look after such matters as the completion of its organization and federation and other business. The study programs will begin with the new club year next October.

A committee from the 1924 Study Club composed of Mrs. E. K. Jones, Mrs. Sam Gholson and Mrs. Walter Winters has been in charge of organizing the new club.

Charter members are Mmes. Earl Clark, Cudd, Fires, Goodloe, Hurst, John Graves, Kendrick,

Sims, Spillman, James Richardson, Peeples, Harley Hatch, Squyres, Templeton, Wood and Robert Lewis.

Mrs. Fred Capps was in Pampa on business Monday. She was accompanied by Mrs. Osa Black, who visited her son, Jimmy Terry and family, and also Mrs. Frank Thomason and Mrs. G. B. Stanley and daughter, Judy.

Heard of a sheriff the other day who didn't know the meaning of the word "fear". Fact is, there were lots of words he didn't know.

One thing that keeps some youngsters from going to college is high school.

## Canadian People Religions Studied

A study of the people and religions of Canada was given by Mrs. A. L. Elliott at the meeting of the Excelsior Club Thursday, March 18.

Mrs. J. Frank Johnson was hostess.

A desert course was served to Mmes. John Fitzgerald of Dodson, a guest, and Mmes. Bob Barnett, Elliott, Byron Duncan, J. F. Michael, Velmon Warrick, and Misses Iner Leach, Katherine Boverie, Sara Jones, Mary Alston and Effie Lee Richards.

# Only the Price Tag Tells You Pontiac is a Low Priced Car!

The good news on the price tag is the only evidence that Pontiac is priced near the very lowest.

You get every pride-promoting quality when you buy a Pontiac—impressive size, distinguished beauty, luxurious interiors and masterful, fine-car performance.

You get everything for extra personal satisfaction, too—wonderfully roomy comfort, a road-leveling ride, superlative handling ease and instant response to the accelerator.

And you also get this tremendous plus—engineering and

manufacturing so fine and sound that Pontiac is world-famous for economy and dependability.

Add to these fine-car features the fact of Pontiac's modest cost and you get this answer: Here's all you've ever wanted for the least you'll ever pay. See and drive the car that challenges the finest—and lowest-priced!
