The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 90 | ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, MARCH 10, 1960 | No. 49

Along The *Waterfront*

Some 9,073 banded waterfowl were reported killed within Texas boundaries from 1948 to 1958. These migrating birds came from as far away as Hudson Bay in Canada and parts of Alaska and nearly every state in the Union was represented with a band.

Of this total number, 6,875 were ducks or coots and the remaining 2,198 were geese. Pintails produced the most bands, with 2,988 being returned. Mallards carried 1,925 bands into the state, while redheads accounted for 608 bands. During the 10-year period, only two bands were recovered from ruddy ducks. A like number were recovered from buffleheads and greater scaups.

Snow geese carried 1,228 bands into Texas marshlands. Some 436 bands were turned in by hunters bagging Canada geese. Another 396 bands were taken from the legs of blue geese.

Jefferson County hunters returned 737 bands, to lead the state in band returns. Chambers was close behind with 733, while Aransas County followed third with 654 bands returned.

Local Political Situation Thickens

The local political situation thickened over the week-end, with last minute filing for the school board of Jack McCready, James Kautz for mayor, and C. H. Waggoner for councilman, Precinct 2.

Others running for the school board are two incumbents, J. B. Jackson and Shelley Roaten, who have filed for re-election, and Cecil Cole, who filed some time ago.

In the city race are Herman Johnson and Kautz for mayor; A. L. Holland, R. L. (Bob) Winton, and the incumbent, Jimmy Hunt, all of whom have filed in Precinct 1; and Ernest Harrist, incumbent in Precinct 2, who filed some time ago for re-election, and who opposes Waggoner.

Each team will play 21 games, with the winner representing the league in play-offs at Fort Worth.

Atchley, ticket chairman, asks that the mothers report on sales by March 16, so that final arrangements can be made. A pie and cake sale will be held as part of the show.

C. of C. Honors Mrs. Jack Hagar

Nearly 200 people gave Mrs. Connie Hagar a standing ovation Saturday night at the annual banquet of the Chamber of Commerce, and then settled back to listen to Houston Press Editor George Carmack tell about the advantages of tourists to the state.

In presenting Mrs. Hagar with a painting of some of the birds she loves so well, done by Mrs. Lila Jamison, Chamber of Commerce Manager Mary Juergens told her that the chamber was honoring her as a neighbor and friend who had done much for the community.

Following the presentation, retiring president Jack McCready summarized briefly the accomplishments of the past year, saying that the chamber had aided in the street program recently completed and in the construction of the Little Bay project; had issued an industrial brochure, a new court and cafe brochure, and was aiding in the effort to obtain an adequate water supply for the area.

Seth H. Steele, who succeeds McCready to the presidency, told the audience that the chamber was growing so large that it was not possible to meet the many demands made upon it without formation of hard-working committees. These committees he said, would include legislative, industrial and highway, tourist promotion, publicity, membership, community and civics affairs, military affairs, budget and finances, and merchants'.

The chamber objectives would be to furnish a forum for discussion of all problams of community growth and advancement, and to endeavor to aid these in any way possible.

Following Steele, Carmack spoke at length on the tourist industry, pointing out that this is the most important single thing affecting the future of Texas.

Texas is the type of country Horace Greeley had in mind when he said "go west, young man, go west," Carmack said.

Carmack, an ardent traveler who has visited every one of Texas' 254 counties in the last 10 years, said the state must seek the tourist if it is to continue its growth.

Florida was the nation's fastest-growing state during the past decade, he said. From 1950 to 1958, Florida showed a 62 per cent increase in population. Texas' increase was 20 per cent, Carmack said.

We are living in the age of travel and Florida's booming growth is "truly the greatest advertising success story of all time.

"Is it coincidence that the state (Florida) which has done the most in advertising its attractions is leading the nation in population growth?" Carmack asked.

Carmack also cited California's advertising program as resulting in "fantastic growth." In 1959 San Diego, Calif., issued more building permits than Houston and Dallas combined.

The Texas Gulf Coast is another Florida, another California, he he said.

Carmack listed as minor attractions the great hold that Texas has on popular imagination because of its colorful past; the Big Thicket, with its many lakes and pines; Palo Duro Canyon; the area along the Rio Grande upstream from Mission, which, he says, is comparable to the area in Arizona now undergoing a boom; Ft. Davis and the Davis Mountains, and the Monahans Sand Hills.

However, he continued, the four outstanding attractions in the state are:

1. Winter climate. "People who live in the North where its 40 below zero don't know about our winter weather. When they read about blizzards in Amarillo and snowstorms in Dalhart, we must let them know that it doesn't mean it's snowing in Corpus Christi or Brownsville," he said.

2. Big Bend National Park. Carmack called the Big Bend area one of America's greatest scenic attractions.

3. Texas Gulf Coast. "The golden crescent of the Texas Gulf Coast from Sabine Pass to Port Isabel is as beautiful as any in America. Not even Florida's beaches can match those of Mustang and Padre Islands," he said.

4. Mexico. Most of us who live in South Texas don't realize what it means to have a glamorous foreign country at our doorstep, Carmack said.

The Houston editor advocated a three-pronged program for boosting Texas tourism: An all-

Everybody Can Vote For Everybody School Trustees Say

With five people running for places on the Aransas County Independent School Board, the trustees emphasized that all voters should vote for all trustees. Then, out of those that have filed, the positions will be filled in the proportion of one trustee from Lamar, two from Fulton, and four from Rockport.

For Fulton, two men are running: Harry Wilson, seeking re-election, and Jack McCready. Only one place is open, and the man with the most votes will get the place.

"But," said Supt. J. D. Gray, "everyone can vote on both of them, no matter whether they live in Estes, Rockport, Rincon, Fulton, or Lamar. The school district has no precincts."

The same thing applies to the three men running for office in Rockport—Shelley Roaten and J. B. Jackson who are seeking re-election, and Cecil Cole. Only two of these men can be elected, and the two with the most votes will be the ones chosen. But everyone can vote, and the total vote is what counts, trustees said.

Ed Barnard, county service officer, spoke on the new pension plan.

POLIO SHOTS AND PEOPLE COME OUT EVEN, BARRE SAYS

Polio shots and people came out evenly in the recent P-TA sponsored drive to get all children in the county vaccinated.

According to Chester Barre, principal of the Junior High School, 900 shots were ordered, and nine hundred youngsters applied for the shots which were administered by Mrs. Charles Ankele, assisted by Mrs. Hatcock.

"We had enough," Barre said, "and that was all. We had to squeeze the bottles for the last two shots, but no more children applied, so we were all right. But it was a tight squeeze."

EXPLORER TROOP REORGANIZED; TO MEET NEXT MONDAY

Explorer Troop 49 was reorganized this week at a meeting where Bob Redell of Sinton was the featured speaker and also showed a film on the Explorer Program.

The next meeting is set for Monday night, at 7:30 o'clock, in the Veterans of Foreign Wars hall.

School Board Rehires Faculty

Plans for Enlarged Facilities at Rockport Elementary and for Rolling Equipment To Serve Hot Meals at Fulton School

Head football coach Melvin Borchert tendered a letter of resignation to the Aransas County Independent School Board at its regular meeting Tuesday night.

After consideration and acceptance of Borchert's resignation, effective at the end of the school year, the board then proceeded to reorgainze the physical education and athletic program for the various schools within the district, combining both programs under one head.

Chosen to fill the newly-created position of director of physical education and athletics was Dave Segler, formerly assistant football coach and head basketball coach at Aransas County High School.

When contacted Wednesday, Superintendent J. D. Gray said that all other coaches and members of the physical education department had been moved up a notch, and that the only other change contemplated would be hiring of a science teacher and assistant coach to round out the department's personnel for the coming year.

In other action, the board discussed the new cafeteria to be built at Rockport Elementary School, and re-elected the entire faculties of junior and senior high schools and the two elementary schools in the district, except for Borchert, and two classroom teachers, both of whom submitted resignations.

Recommendations made by the text book committee were approved; Superintendent Gay was authorized to purchase portable equipment to be used in connection with the new cafeteria in order to serve students at Fulton; and his recommendations for additional personnel within the system next year were approved.

Gray told the trustees that the cost for the portable equipment necessary to accommodate the pupils at Fulton would be approximately $2,600, including the necessary vehicle. During his trip to the convention of the American Association of School Administrators at Atlantic City, N. J., Gray said, he had seen the type of equipment needed, that could be purchased directly from the manufacturer, avoiding jobber's profits.

He also reported that, following out the orders of the board, redeemed bonds that have been examined by the auditor from issues in 1938, 1940, 1945, 1947, and 1951, have been burned.

The recent Public School Week celebration was most successful,

YOUTH CENTER TO INSTALL PHONE

Members of the Aransas County Youth Sponsors decided to install a telephone at the Youth Center, in line with many requests that have been receved; to hold junior dances throughout the summer and encouraged the youth organization toward acquisition of the pool table that has been requested.

And, according to Mrs. Katherine McLester, directors expressed the wish that someone would give the Center a badly-needed chair or two.

They also expressed their thanks to V. H. Schleider, who has completed cabinets needed for storage in the center.

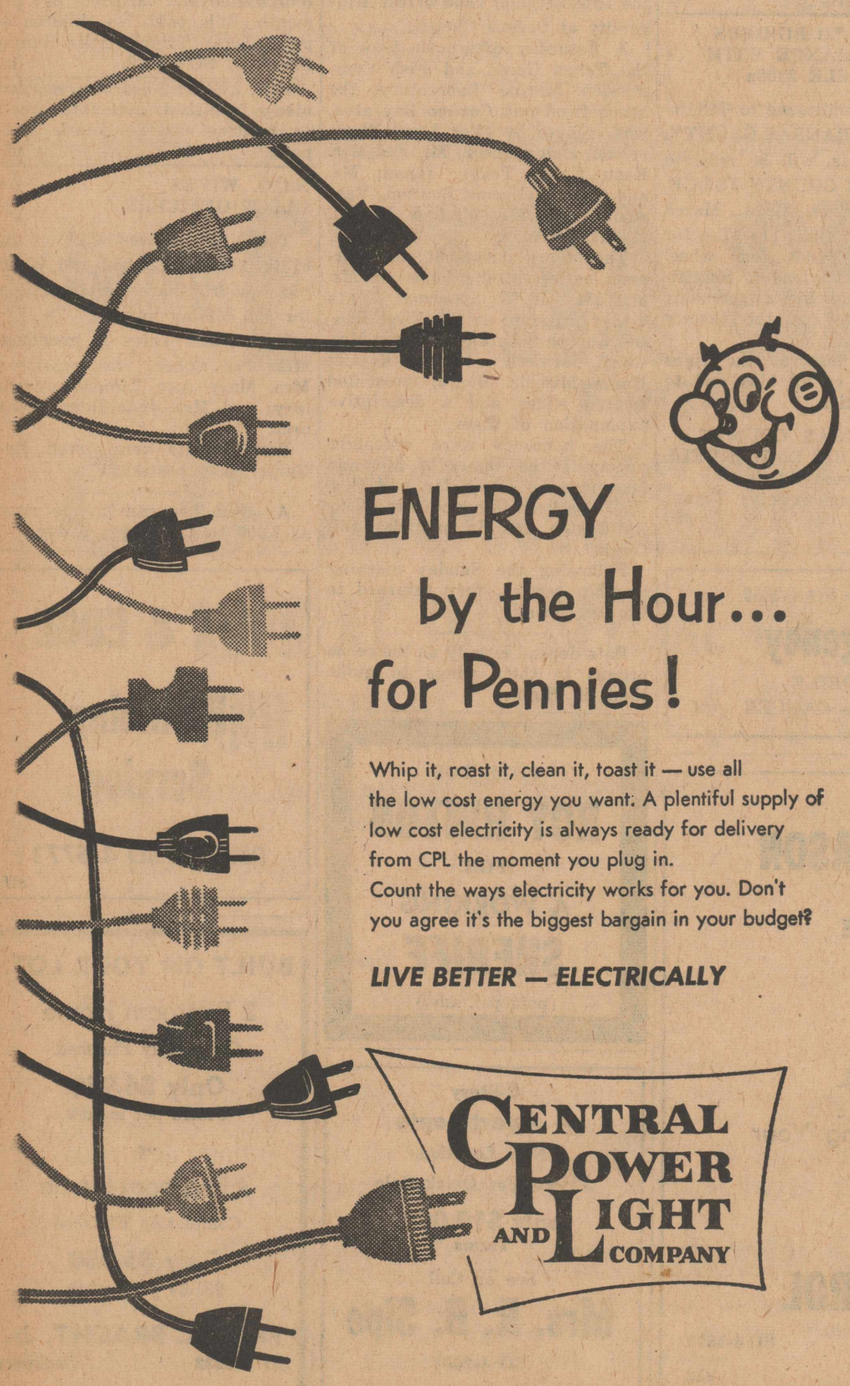

Mr. and Mrs. C. L. Thomas returned this week from a three weeks stay in California, during which time they were in Los Angeles and San Diego.

Dudley T. Dougherty Announces For U. S. Congress

Dudley T. Dougherty of Beeville has announced and filed as a candidate for Representative in the U. S. Congress from Texas' 14th Congressional District.

A lifelong resident of Beeville, Dougherty is the descendant of a

family that has lived in and been prominent in South Texas since 1854.

He is the son of the late James Robert Dougherty and Genevieve Tarlton Dougherty. His two sisters, Mrs. Ben F. Vaughn, Jr. and Mrs. May D. Carr, live in Corpus Christi. A brother, Lt. James R. Dougherty, Jr., was killed in action in World War II.

Dougherty is married to the former Patricia Calhoun of Goliad. The Doughertys have four children. The family home is on the San Domingo Ranch near Beeville.

Dougherty attended public school in Beeville and was graduated from Beeville High School. He attended Culver Military Academy and the University of Texas when, after two years, military service interrupted his studies.

He spent three years in the army during World War II participating in front-line action in Normandy, Northern France, the Rhineland and Central Europe. He won four bronze battle stars.

Dougherty is a member of the American Legion, VFW, Farm Bureau, Cattle Raisers Association, TIPRO, IPAA, Texas Press Association, and St. Joseph's Parish Church in Beeville.

Dougherty is an independent oil operator, a rancher, a landowner and farmer, a businessman, and owner and published of La Prensa, an English-Spanish language newspaper with wide circulation in Latin-American countries. He is author of a book, "The Water Problem."

He is an honorary lifetime member of the American GI Forum, a regent of Incarnate Word College, and a director of Gonzales Warm Springs Foundation.

He is a director of the Dougherty Foundation, another family project, that over a period of 20 years has made loans for college educations to 1,500 South Texas boys and girls.

He was elected to the Texas Legislature and served on some of its important committees between 1953 and 1955.

Dougherty has said that he intends to wage an aggressive campaign for election to Congress. He will spend his time until May 7, visiting in the 19 counties in the district, and talking about issues with as many voters as possible.

The 19 counties in the 14th Congressional District are Comal, Guadalupe, Gonzales, DeWitt, Atascosa, Live Oak, McMullen, Wilson, Karnes, Bee, Refugio, San Patricio, Aransas, Duval, Jim Wells, Kleberg, Kenedy, Brooks, and Nueces.

MRS. DE REIGN NATIONAL CHAIRMAN, PRESBYTERIAN WOMEN'S WORK

Mrs. Morrell de Reign, a winter visitor to Rockport staying at Palm Village, has learned to look at ideas with a national rather than a state or local viewpoint, as she is chairman of the General Assembly's Board of Women's Work of the Presbyterian Church.

And last week she was in Corpus Christi conducting Presbyterial training classes in church history for District III at the First Presbyterian Church there.

As board chairman she presides over four board meetings a year and serves as dean of the women's conference held during the summer at the church's assembly grounds in Montreat, N. C.

"The board is charged with bringing the total program of the church to its women in a fashion that will be interesting and appealing to them," Mrs. De Reign said.

Her job requires much traveling between her home in Caruthersville, Mo., the Presbyterian Center in Atlanta, Ga., and other points in the United States. In 1959 she was one of 20 representatives selected by the church to attend the World Presbyterian Alliance in Brazil.

The chairmanship is not the first position she has held which required long trips. She is also a member of the board of the National Tuberculosis Association, a member of the International Association Against TB, and was one of two women presidents in the 52-year history of the Missouri association.

She has served as president of the Missouri Federation of Women's Clubs and is still on the board of the General Federation of Women's Clubs. She has been on her state board of Parent-Teachers Association and was selected by the governor in 1950 to serve on the Mid-Century Council of Children and Youth in Washington, D. C.

Mrs. De Reign and her husband, an attorney, have two married children. The De Reigns spend every February and March at Palm Village.

John Goff, who recently joined the Navy, writes that his new address is John Alfred Goff, SR 792-52-70, Co. 86, U. S. Naval Training Center, San Diego 33, Calif.

SCHOOL BOARD—

he said. Musical programs were presented at the two elementary schools, a band concert at the high school, and all schools held open house. Attendance of parents and patrons this year was 1,259 compared to 532 last year, and Gray said that this attendance was spread over the entire system, with every room reporting twice as many visitors as last year.

Gray recommended that a director of instruction for elementary grades be employed, if the right person can be found, and, in the event that such a person is not available, that a guidance counselor for junior and senior high school be authorized. He pointed out that the salary of this person would be paid by the state, as the average daily attendance in Aransas County schools had been sufficient to entitle them to this.

The board approved this recommendation as they did a second that a dietitian and director of cafeterias be employed to coordinate the school meal program, such a person to be taken from personnel presently within the system.

Two other resignations were accepted with regret. They were those of Mrs. Weldon Cabaniss, high school English teacher, and Mrs. Geraldine Stevens, teacher of language, arts and science in the junior high school.

School Superintendent Gray, the principals of the various schools, and the coaches were all re-elected to the faculty at the February meeting of the board. All other faculty members were re-elected Tuesday night with the exceptions noted.

out effort to make Padre Island a national seashore area, sell the idea that industry follows tourist, and a major state advertising program.

Industry follows tourists because people want to live in a warm climate and where recreation facilities are available. "Industry executives like to play golf in the winter" he said.

Texas' advertising program is "peanuts compared to Florida's. They spend a dollar for every penny we spend," Carmack said.

"Texas is a great state, blessed with bountiful natural resources which have accounted for its growth in the past. The time has come when we can no longer coast along. Development of the tourist business offers the opportunity for new and continued prosperity," Carmack said.

Among the audience were Senator and Mrs. William Fly of Victoria, Major and Mrs. Richard M. Flaa of the 813th Aircraft Control and Warning Squadron, along with Captain and Mrs. Bert Smith, Mr. and Mrs. Tom de Bernardis, and Sergeant and Mrs. Bolin.

Seated at the head table were McCready, Steele, Carmack, Charles LaBounty, Herman Johnson, and John Ratliff.

Decorations were carried out in the St. Patrick's Day theme, with twin harps centering the speaker's table.

MRS. McHUGH CELEBRATES 90TH BIRTHDAY SUNDAY

Sunday, March 6, marked the 90th birthday anniversary for Mrs. Emma McHugh of Fulton.

Mrs. McHugh was born in 1870, on St. Joe Island. In 1889 she became the bride of the late R. H. McHugh. For a few years they made their home on Black Jack Peninsula. After leaving the Peninsula they came to Fulton, and settled in the old McHugh home, where Mrs. McHugh still resides.

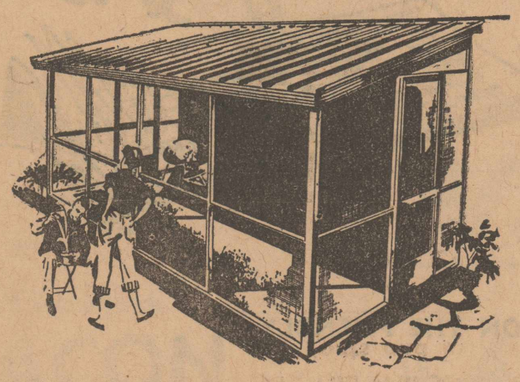

Due to a recent bout with flu, Mrs. McHugh celebrated a quiet birthday, with various members of her family calling during the week end.

Fanning the horse with a hat used to be considered spectacular at rodeos, but modern rodeos forbid quirting, fanning or even touching the animal with the hand.
