The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 100 | (Ten Pages In Two Sections) | ROCKPORT, ARANSAS COUNTY, TEXAS, 78382 THURSDAY, NOV. 27, 1969 | TEN CENTS PER COPY | No. 36

Fishing Tourney To Start Dec. 1

A fishing tournament sponsored by the Chamber of Commerce for fall and winter visitors will start Dec. 1 and continue through Mar. 31, 1970.

The tournament will be exclusively for visitors. Residents of Aransas County will not be eligible.

Fish entered must have been caught on rod and reel in the waters of Aransas or Refugio counties. The contest will be limited to trout, redfish and flounder, with the weight of the fish to determine the winners.

Prizes will include a $3 gift certificate each week for the largest fish in each category; $7.50 gift certificate each month for the largest fish in each category; and $20 gift certificate as a grand prize for the largest fish in each category caught during the four-month period.

Visitors entering the tournament will show their fishing license as identification. The fish are to be entered at the following weighing stations: Mills Wharf at Sea Gun Sports Inn at Lamar; Wilson & Sons, Fulton; Key Allegro Marina; or Morrison Sportsman Center at 560 S. Water Street.

Driver Dies When Hit By Own Car

Titus H. Williams, 58, of Corpus Christi was killed Sunday when his station wagon ran over him a mile north of Aransas Pass on Highway 35.

Investigating officers said Williams was leaning on the left front fender of the vehicle and working under the hood. The vehicle apparently started, and Williams fell underneath the left front wheel as it moved forward.

Williams was a security guard at Naval Air Station, in Corpus Christi.

55 WHOOPERS ARE COUNTED AT REFUGE

Fifty-five whooping cranes —a record count in the federal conservation program for the birds — are wintering at the Aransas Wildlife Refuge now.

Gordon Hansen, refuge manager, said that 47 adult birds and eight young had been counted. Last year 50 whoopers spent the winter at the refuge.

The whoopers fly to the refuge each fall from their Canadian nesting grounds.

The birds here are believed to be the entire whooper population, except for a few in captivity.

Church of God Plans Revival

The Rockport Church of God on Hwy. 35 will hold a revival Dec. 7 through Dec. 14.

The Rev. George Burns, vice president of Bay Ridge Christian College, Kendleton, Texas, and pastor of the Church in New Orleans, La., will preach.

Services will be held each evening at 7 p.m. and the Sunday morning worship will be at 11 a.m.

The public is invited.

IN CUSTODY

Sheriff Bob Hewes said Kenneth W. Davenport, 31, Houston, is being held in the county jail to face a charge of stealing a truck owned by Ocean Bounty Co. of Rockport. Apprehended in Angleton, Davenport was unable to post $1,500 bond set by Justice of Peace Lawrence Miller.

BURGLARY

A burglary took place at Cove Theater between 11 a.m. and 3 p.m., Saturday, Nov. 22. Chief Deputy Sheriff E. A. Stautzenberger, who is investigating the case, said entry was gained by breaking a window in the concession building.

Total loot taken: 20 candy bars.

'TOURISTS OF THE WEEK'—Charlie Roe of Roe's Food Store hands a sack of free groceries to Mr. and Mrs. Tom Harvey of Washington, D.C., who were named "Tourists of the Week" by the Chamber of Commerce.

C of C Selects 'Tourist of Week'

Mr. and Mrs. Tom Herved, a young couple from Washington, D.C., were selected by the Chamber of Commerce as the first "Tourists of the Week" for the fall-winter season.

This is the third year in a row that the Chamber has sponsored this project to give visitors a special welcome and publicize the Rockport area in the hometown of the visitors.

Harvey, an insurance man, and his wife said they hate cold weather and that they thoroughly enjoyed the nice weather here. They said that while visiting in Memphis., Tenn., friends suggested a trip to South Texas before they returned to Washington, D.C.

Members of the Chamber of Commerce who supplied gift certificates for the "Tourists of the Week" were Duck Inn, Mary Lou Party Boat, Anthony's Beauty Salon, Roe's Food Store, Marineland, Joe's Enco Station and Key Allegro Island Motel.

FRUIT CAKE SALE BY PAWS AND TAWS

The Corsicana fruit cakes are being sold again this year by Paws and Taws Square Dance Club for the benefit of their building fund. This is a quality cake priced at $4.50 for 2 lbs. and $6.50 for 3 lbs. Contact any square dance club members or call Virginia Von Pein, 729-5110, or Bernice Bolen, 729-2836.

TURKEY SHOOT

The G.I. Forum will hold a turkey shoot Thursday, Nov. 27 at the G.I. Forum Hall, starting at 9 a.m. till sold out. 100 yards, 3 shots for $1.00; 75 yards, 2 shots, 75c; 50 yards, 1 shot, $1.00.

LIBRARY CLOSED

The Aransas County Library will be closed Thursday and Friday for Thanksgiving. It will re-open Saturday from 9:00 to noon.

Jimmy Hunt has been appointed to the City Planning and Zoning Commission to serve out the unexpired term of Earle Harle who resigned because of health reasons.

Water Quality Plan Approved

The executive committee of the Coastal Bend Regional Planning Commission on Nov. 21 approved a contract not to exceed $41,000 for engineering work on a water quality plan for this region.

The contract will be with the firm of Lockwood Andrews and Newnam which will work with members of the commission staff in preparing the plan. The plan will, among other things, identify and evaluate all waste water being discharged into waters of the Coastal Bend region.

The commission, meeting in the Key Allegro Restaurant, with Emory M. Spencer as host, also:

—Approved a request to the State Criminal Justice Council for a grant of $16,000 for additional law enforcement planning.

—Passed a resolution urging the State Highway Department to proceed with planning for the extension of Highway 183 from Refugio to Gregory, a project authorized but apparently with a low priority.

—Passed two resolutions amending the long-range master plan prepared for the commission. One deletes reference to the future development of the Aransas County Airport, whose runways already are longer than mentioned in the plan. The other deletes a proposal that 50,000 acres of land on St. Joseph and Matagorda Islands be set aside as a park and wildlife sanctuary area. The resolution state that in all probability there is no sponsoring agent for such a park and that the Padre Island National Seashore has become a reality since the idea was originally conceived. It further states that it is the consensus of the people of Aransas County that such proposed development would not be consistent with the best interests of Aransas County and may deter private development so long as the proposal is shown in a long-range plan. Both resolutions were proposed by Spencer.—Caller-Times.

Youth Center to Be Open Friday Night

The Youth Center will be open Friday night, Nov. 28 from 8 p.m. to midnight. It is located in the old Del Mar Grill building.

Miss Paula Allen, public relations manager, reports, "Some fantastically entertaining movies have been accrued as the main attraction of the evening."

She said other activities will include poetry reading and interpretation circles of discussion will be open for all who are interested. "Bring your own beautiful words." Miss Allen suggests, "or someone else's."

'A free expression board has been added as a new feature. This is a bulletin board where you may put down on paper your thoughts, convictions, loves, hates, injustices, poetry, announcements, etc.

Tasty food will be available at the snack bar including sandwiches, candy, popcorn, cookies and soft drinks. A general admission of 50 cents will be charged Friday night at the door.

Guitar pluckers and folk singers are invited and welcome anytime, according to Miss Allen. Workers are needed Friday at 10 a.m. "Bouncers" and snack bar workers also are needed for Friday night. Contact Craig Griffin. Youths high school age and over are urged to attend the fun-filled evening, the public relations manager points out.

CANCER SOCIETY

The Aransas County Chapter of the American Cancer Society will hold a luncheon meeting at Key Allegro Islander Club Friday noon, Dec. 5. Mrs. Joe Browne, Jr., is campaign chairman, not Mrs. W. M. Brown, Jr. as the Pilot was informed last week.

GROUNDBREAKING CEREMONY participants for start of construction for Peace Lutheran Church were (left to to right) H. C. Bolen, the Rev. Edmund Kolkening, Spencer Gaile and Elroy Peters.

Pirates Lose To Yoakum 12-7

By BOB CRAWFORD

Lady Luck was not in the pockets of the Rockport Pirates Friday night in Victoria as the Pirates fell to the Yoakum Bulldogs in a Bi-District game by a 12-7 score.

It would seem that the Pirates were ill-fated before they ever touched the turf of Memorial Stadium. After a late start from Rockport, somewhere between Rockport and Tivoli the bus carrying the Pirates began acting as if it were a colt being broken, jumping and bucking down the road, seemingly suggesting that the Pirates should turn around and go home. To add insult to injury after the bus had cleared up its trouble twenty miles outside of Victoria a tremendous boom rocked the bus, followed by an intense clattering and bits of rubber tread flying through the air. A rear tire had thrown its tread seemingly to again be warning against the journey. The Pirate bus lamely made its way to the stadium only to find the locker room closed tight.

Unsure about their fate, the Pirates took the field against the Bulldogs. After having won the toss, the Pirates opened a tremendous hole in the right side of the line and fullback Glenn Davis broke through on a 53-yard run before being hauled down on the Bulldog 11 yardline. The messages already delivered on the way to Victoria made themselves real as the Pirates could not dent the Yoakum goal line.

Defense was the name of

(Continued on Page 8)

City 'Open Minded' About Sewer Service

The city will be glad to discuss with the owner of the Key Allegro Motel and a soon-to-be-built condominium apartment building (just north of the motel) the possibility of a sewer line extending across Little Bay and hooking in with city sewer service.

This decision was made this week at the City Council meeting as the result of a letter from Langford Engineering Co. of Houston, representing Frank Randt of Casa Del Sur Corp. owner of the motel and developers of the 24-unit condominium.

Langford said Randt "desires to provide central waste treatment facilities for the domestic sewage originating in his particular complex." The letter asked "if there is any possibility that the City of Rockport may provide sanitary sewerage service on the island within the next 12 months and if the sewer is adequate to handle an additional flow of 10,000 gallons per day."

It was stated at the Council meeting that the city does have the capacity to handle the additional sewage, that this sewage could be moved to the Rockport system through a pipeline across Little Bay, plus a lift station.

In another action the Council set Dec. 22 for a public hearing on a request to build 12 piers in connection with the condominium. The request came from Picton-McMillan Construction Co., which will build the condominium.

Lutheran Church Construction Starts

Construction work has started on Peace Lutheran Church on FM 881.

The Peace Lutheran Mission was organized in 1968, having its first worship service at the VFW Hall on Feb. 18, 1968. The nucleus was made up of 16 members from Faith Lutheran Church of Aransas Pass and 22 local Lutherans of the Missouri Synod, the American Lutheran Church and the Lutheran Church of America.

Added to this group were 11 persons who showed interest and joined the church through adult instruction in the biblical teachings and faith of the Lutheran Church.

The Mission Board under Reverend Rast first had the idea of opening a mission in the years preceding its organization. With the Rev. Edmund Folkening being available in this area because of his call to the faith in Aransas Pass, the Mission Board recomended the establishment of a dual parish with the mission to be organized in Rockport.

This decision was made after a favorable survey report was made by the Rev. George McGree who was working for the Mission Board at that time surveying potential missionaries.

The Peace Mission has used the VFW Hall since that time while going through the process of a building program on the land it acquired near Oak Terrace subdivision on FM 881.

CP&L To Honor Employees

Thirty-nine Central Power and Light Company employees of the Gulf Coast District and Power Transmission Department will be honored at an annual awards dinner in Kingsville on Thursday evening, Dec. 4, at 7:30 p.m., according to Wm. P. Smith, Jr., district manager.

Each year, Central Power and Light Company awards service charms to the ladies and service buttons to the gentlemen who have completed 5, 10, 15, 20, 25, 30, etc., years of continuous service with the Company. Those who have served with the Company 25 years are given special recognition for having completed a "Quarter-Century" of service. There is a single employee joining this group in 1969; Lillian Edmunds of the Kingsville Local Office.

Forty years with the same Company is a long time, and we have one recipient of this award; I. S. Butler of Mathis.

A thirty-five year award will go to Ned McKinney of Freer and a 30-year award to N. J. Hobrecht of Kingsville.

A large group is scheduled to receive 20-year awards:

Among those receiving 15-year awards are: John Ross and Bryan Hale of Rockport.

Receiving 5-year awards are: Charles Miller of Rockport.

Bill Price, vice president of the company, Corpus Christi, will present the awards.

Employees and guests are slated to attend from Alice, Aransas Pass, Sinton, Rockport, Refugio, Port Aransas, Kingsville, Mathis, Freer and Taft.

Hostesses for the occasion will be members of the Kingsville Local Office.

City Declares War On Junk Autos, Debris

Evangelistic Services At Church of Christ

Evangelist Bill D. Oakley, pastor of Popular Avenue Church of Christ in Wichita, Kans., will conduct special services at the Rockport Church of Christ from Dec. 1 through 7. The week day services will start at 7 p.m. and the Sunday services at 10:50 a.m. and 6:30 p.m.

Oakley attended Freed-Hardeman Christian College, Wichita State University and took special studies at Harding Graduate School of Bible and Religion at Memphis.

His sermon topics here will be "Abide in the Vine," "The Word of the Lord," "Two Inseperable Realities," "God's Way, One Way," "From Heaven or Men?" "Judgment Day Surprises," "People of the Road," and "Do You Really Want to Change."

Covered Dish Supper At Paws & Taws

Friday night will be party night at the Paws and Taws Square Dance Club, with Jim and May Petropoulos in charge of festivities. Club members, former members, and friends of square dancing are invited to bring a covered dish (anything but left-over turkey) and join the fun.

Square dancing will start at 8 p.m. with Club Caller Blackie Hardy at the mike. There will be a break about 9 p.m. to indulge in the abundance of good food which is always provided at these covered dish or pot luck suppers. Paws and Taws Club is proud of its many good cooks as well as good square dancers.

Christmas Decorations Contest Scheduled

The Chamber of Commerce is again sponsoring a Christmas Decoration Contest this year.

There will be two categories —home category (all residences, and non-home category (businesses, civic organizations, and clubs).

Two prizes will be awarded in each category—one for best display and one for originality.

Judging will be the night of the Second Annual Caravan of Cars, scheduled for Thursday night, December 18. Last year's prize winners will not be eligible for awards this year.

Every resident, business, civic organization and club is urged to participate in some manner in outside decorating for the season.

The new decorations for the downtown business district of Rockport and Fulton will be a highlight of the Caravan of Cars and the more individuals who decorate, the more interesting and enjoyable will be the tour.

Band Receives Top Rating

On Friday, Nov. 21, the Rockport - Fulton Fighting Pirate Band attended the UIL Marching Contest which was held in Robstown. The band received a first division rating from a panel of three judges. This is the highest possible rating which is defined as "the best conceivable performance for the event . . . worthy of the distinction of being recognized as a first place winner."

The Pirate Band left at 9:45 Friday morning after going through their contest show one final time. The band, which was the first group to perform, marched at 12:48. It was originally scheduled to march later in the afternoon but due to the Bi-District football game in Victoria that night the Fighting Pirate Band performed earlier. The band received their rating immediately after their performance, and returned to the high school in time to play for the pep rally.

Sponsors for the trip to Robstown were Mrs. Ross Demory, Mrs. Vernon Hinze, Mr. and Mrs. Marcus Mitchell, Johnny Stephens, Mrs. Bob Massey, and Rev. Cecil H. Lang, Jr.

The Pirate Band would like to extend special thanks to the Band Boosters Club, "A" Blossom Shop, Rockport Elementary, and Mr. and Mrs. Albert R. Griffith, Jr., for the telegrams they sent to wish the nervous group of musicians good luck.

Special thanks also goes to Bill Trager of the Horn Shop in Corpus Christi, Richard Kole of Del Mar College, and Joe Randow for helping the band perfect their show.

The Rockport-Fulton Pirates Band is directed by Robert Massey and William Stephens. Drum Major is Laquita Balderree.

City Has Zoning, Subdivision Rules

Harland Bartholomew and Associates, the firm that prepared a long range plan for the city with the assistance of advisory committees, offers the following comments about zoning and subdivision regulations:

Zoning and subdivision regulations offer the most effective means of implementing the Comprehensive Plan. Rockport now has regulatory measures of this type in force. The zoning ordinance was adopted in 1965 and the subdivision regulations, updated as a part of this planning program, were adopted in 1968. The community has been able to judge the effectiveness of these measures and in numerous instances, the benefits of well-conceived and uniformly enforced regulations are apparent.

Zoning Regulations

Objectives of zoning are to regulate the use of lands and buildings for commercial, industrial and residential purposes. Open spaces around buildings are established to provide for the health and welfare of residents. The size of lots and height of buildings are regulated and off-street parking areas are required. This is done by dividing the city into various districts where different uses are permitted and the amount of concentration is controlled. Material benefits for homeowners, businessmen, industries and the general public result from adequate controls and proper administration of these

(Continued on Page 8)

Mayor Delmar R. Hiller and Alderman Charlie Garrett, Mrs. J. W. "Tony" Harden, N. F. Jackson and Joe "Pepe" Zambrano continue to take steps to clean up the city and get rid of debris.

In their latest action at this week's City Council meeting they passed an ordinance "declaring the presence of any junked motor vehicle within the City of Rockport shall be deemed a public nuisance with certain exceptions."

"Junked motor vehicles" are defined as those that are wrecked, dismantled, partially dismantled, inoperative, abandoned or discarded.

The ordinance calls for the city to notify the owners of junk cars parked on private lots, declaring such vehicles a public nuisance and warning the owners to dispose of them within 10 days. Penalty for failure to comply with the ordinance could bring a fine up to $200.

The aldermen also took a second step in connection with the city's clean up campaign. This related to removal of debris from three lots previously inspected by representatives of the City Public Works Department.

These particular lots are filled with tin cans and other odds and ends. The city will notify the lot owners that the debris can be removed for a certain amount of money and that the city will have the work done if the owner fails to take action. If the city has to have the job done, the bill will be sent to the owner and if he doesn't pay, legal action will be taken to collect the money.

In another action the City Council voted to have the water well on North Live Oak Street reworked so that it will be a good source of water for standby use after the new water supply of the Aransas County Conservation

(Continued on Page 8)

Beware Of Shoplifters

Police Chief E. D. Taylor warns that we are now in the "Shoplifting Season" and if the normal pattern is followed this type of crime will continue on the increase throughout the Christmas buying season.

Shoplifting is always a problem for merchants, however, during Christmas it becomes more of a problem. This is not just in Rockport or Aransas County but is a nationwide problem, Taylor said.

Chief Taylor pointed out that under Texas law any merchant, his agent or employees who have reasonable grounds to believe that a person has wrongfully taken or has wrongful possession of merchandise may detain such person in a reasonable manner and for a reasonable length of time for the purpose of investigation of the ownership of such merchandise. He further stated that such reasonable detention shall not constitute an arrest nor shall it render the merchant, his agent or employee liable to the person detained. The law reads as follows:

Penalties:

(1) Any item taken worth more than $50, Felony, 2-10 years penitentiary.

(2) First shoplifting conviction under $50, Misdemeanor, up to 2 years in jail and/or $1,000 fine.

(3) Second shoplifting conviction under $50, Misdemeanor, not less than 30 days nor more than 2 years and by fine not exceeding $2,000.

(4) Third shoplifting conviction of any amount, Felony, 2 to 10 years penitentiary.

LOCAL MEN TO ATTEND WATER MEETING

Four Aransas County men will be among the 75 civic leaders, county and city officials who will meet at Sinton Dec. 3 to organize the Coastal Bend Water Planning Committee. Attending from here will be Jack McCready, president of the Chamber of Commerce; James A. Jarboe, county surveyor; Harold Picton and Jack Baughman, who were appointed to the Aransas County Water Committee.

* * *

ACHS PLACES FOUR ON ALL-DISTRICT TEAM

Tommy McCabe, Monte Rouquette and Richard Happner of Aransas County High School were unanimous choices in a coaches poll for the All-District 30-A football team. Jim Weatherly also was named to the first team.

* * *

MRS. BRUHL ILL

Mrs. A. L. Bruhl, who suddenly became ill in her home, is in serious condition in Spohn Hospital but is showing some signs of improvement.

* * *

BAND MAKES FINE SHOWING

Six Aransas County High School twirlers received Division One ratings and five were awarded Division Two in the Interscholastic Marching Band and Twirling Contest at Victoria in which 25 bands and over 100 twirlers participated.

The band received a Division One rating on inspection of uniforms, equipment and also deportment, and a Class IV rating along with four other Class A bands, only two in the eight-band class outranking them.

Division One twirlers from Rockport were Carla Eller, Patricia Webb, DeRema LeFevre, Suzanne Keith, Janice Garrett and Jeanie Diederich. Division Two rating went to Pat Elder, Sue Johnson, Caroline Clary, Annette Gardner and Linda Eller.

* * *

PICTON NOMINATED FOR CBTA DIRECTOR

Dick Picton is one of eight persons nominated for four director positions on the Coastal Bend Tourist Association. The new directors, who will serve three-year terms, will take office Jan. 1.

* * *

LOCAL MAN FINDS PEARLS

Tinker Thompson of Bayview Clinic sat down to a dinner of Rockport's famous oysters and pulled out 10 pearls, five about the size of a pea, the others about half as big.

* * *

UNITED FUND DRIVE LAGS

Charitable agencies depending on the Aransas County United Fund are going to have to accept a 30 per cent reduction in the amounts requested, according to president Harold Picton, or else a secondary and intensified drive will have to be made.

Only $7,000 has been collected, Picton said, as compared to the goal of $10,000, and local youth agencies, the fire department and various charity organizations will not receive their full quotas.

LIONS CLUB OPEN HOUSE SET

The Lions Club has scheduled Nov. 28 as open house at the Fulton Community building. Maj. James A. Jarboe is chairman of the event.

The club has scheduled a dance for Dec. 19. Sherman Steed was named chairman of this affair, to be assisted by J. W. Wilkinson and Blackie Rouquette.

E. W. Handy was named chairman of the attendance committee to fill the vacancy created by L. K. Whitten who recently moved from Fulton, Zeph Rouquette was appointed to head a committee to arrange Christmas lights for Fulton. Assisting him will be Harry Deane and Glen Martin.

The death rate for cancer in women dropped 13 per cent since 1936 but increased among men by 37 per cent according to the American Cancer Society.

Celio Diaz, Jr., of Miami, has filed suit against Pan-American Airways charging discrimination because he's a male and wants to be a steward on the airline.

New methods of hunting deer, along with the ever-increasing availability of game, are important factors leading to success in the field.

For many years there was a standard deer gun. It was the famous model 94 Winchester, Marlin or 99 Savage in the 30 caliber. There are still quite a few of them around.

However, for hunting rifles with high velocity, lighter bullets and greater accuracy, the telescope sight has become a necessity. As a result there are many more clean kills and fewer cripples than in the old days. With a good scope equipped, high powered rifle —that has been sighted in—a clean kill is almost certain.

Within the past 30 years much has been done on telescope-sight development. Most of it has been done right here in Texas.

W. R. Weaver Co., at El Paso, is the largest maker of telescope gun sights in the world. This company brought the low price scope onto the market. While it produces optics of the highest quality, the prices of the best scope are considerably under the price of the gun. There was a time, you know, when shooters paid more for the scope than for the rifle.

L. A. Wilke, Austin outdoors writer and longtime hunter, with whom I occasionally hunt and fish, recalls the first shooting scope he used on a .22 rifle. It cost around $40, while the gun retailed at less than $12.

Each year the quality of the scope has upgraded. But it remained for a recent improvement to make accuracy even greater. Although rangefinders have been built into several model scopes now, for years, Weaver simplified the method and produced the rangefinder in the production models at no increase in prices. Weaver's system is so simple one wonders why it wasn't thought of before.

Instead of one cross-hair, there are now two. Where the top hair crosses the up-down line is the No. 1 aiming point. This is the zero. It should be centered for 200 yards.

At 300 yards the impact point should be half-way between the top and bottom cross-hair. At 400 yards, aim at the bottom wire and at 500 yards, aim slightly below the bottom wire.

After "sighting in" the gun, there are no other adjustments to be made.

Using the popular 243 Winchester as an example, the bullet will hit dead center at 100 and 200 yards, it will strike midway between the two lines at 300, and drop to 400 at the bottom cross-hair.

For the serious or even the amateur shooters there is a very valuable trajectory chart for all popular calibers in Weaver's catalog. It can be had for free by writing the W. R. Weaver Co., at El Paso.

Virginia's constitution and bill of rights served as a model and guide for drafting the first 10 amendments to the U.S. constitution.

Send Christmas Mail Early

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Postmaster Maynard Rowan advised today.

"On the day after Christmas a post office building can be the most depressing place in the world," he added, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Such disappointments can be avoided if Christmas mailers will observe the following mailing schedule.

Gift parcels going to distant states should be mailed by Dec 1. Parcels going to local and nearby areas should be mailed not later than Dec. 13.

The name and address of both the sender and addressee should be enclosed in each gift parcel to permit identity in case of damage or loss of the outside address label. The outside label should be placed on only one side of each parcel.

Greeting cards going to distant states should be mailed not later than Dec. 10. Cards going to local and nearby areas should in the mail by Dec. 15.

Rowan also emphasized the importance of using ZIP Codes and adding a return address to all Christmas mail. It takes only a couple of extra seconds, but pays big dividends.

ZIP Codes enable postal employees to sort and handle the mail faster. A return address insures that all mail that can't be delivered because of an illegible on incomplete mailing address will be returned to the sender.

"A return address might not seem very important, but last year over 32 billion pieces of mail went to postal dead letter branches because the mailing address couldn't be read and there was no return address on the envelope. If you estimate the worth of each of these pieces at 25 cents, including postage, postal customers lost over $7.5 million last year to dead letter offices. And none of this would have happened if the envelopes had contained a return address," he said.

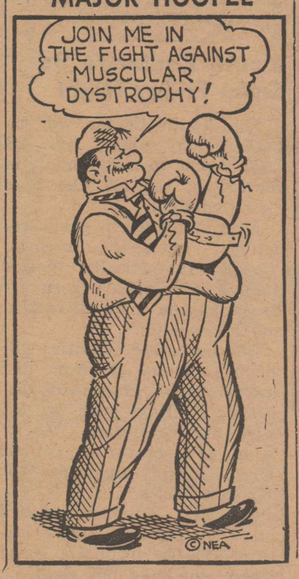

Thursday Bridge Club Meets

Mrs. Harold Picton was hostess to the Thursday Bridge Club at her home last week. Members playing were Mrs. Russell Itschner, Mrs. Bob Mosier Mrs. Tom Rogers, Mrs. Lynn Wendell and three guests, Mrs. C. W. Littlefield, Mrs. Chester Johnson and Mrs. Dick Picton. Mrs. Rogers won high score and Mrs. Littlefield won second high.

MAJOR HOOPLE

Those Wonderful Moments... By the First National

"Come on dolly, drink all your milk and someday you'll be big like me." Those moments when tiny tots try to be a "mommy" to a doll.

☆

Everyone agrees that a mother's affection is contagious. A little girl will try to act like her mother . . . she'll use the same tender expressions of kindness to her doll. We at the bank feel the same reactions are carried into adulthood. And in all our business we try to extend understanding, confidence and trust. We want our customers to rely on us for all their banking needs.

MORE HOUSEHOLD WORKERS EARN SOCIAL SECURITY CREDIT

More household employees than ever before are now earning social security credit, according to H. M. Cleveland, Social Security district manager in Corpus Christi. As a result, more household workers are qualifying for social security payments.

More housewives now know the law—that cash wages of $50 or more paid to a household employee in a calendar quarter must be reported to the Internal Revenue Service. With 13 weeks in a calendar quarter this means that wages averaging $4 a week are enough to require the householder to file a report.

Housewives have shown that they want their employees to enjoy the same financial protection, which social security provides, that other workers have, Cleveland pointed out.

More information on the reporting requirements is available in the booklet, "Social Security and Your Household Employee," available at the social security office, 1802 So. Staples Street, Corpus Christi, Texas 78404.

Chief Petty Officer and Mrs. Jack (Buck) Davis and family of Norfolk, Va., arrived Sunday to spend Thanksgiving with his mother, Mrs. Pearl Davis, and other relatives.

Parsnip is occasionally fed to livestock.

Having been out on a party, Joe arrived home in tipsy condition. His housekeeper, knowing his nearsightedness, said, "How did you find your way home on such a dark night?"

Joe replied, "Oh, my host lent me a lantern so I could see without difficulty."

Later the truth came out in a note from his host: "Dear Joe, will you please return the canary cage you took with you last night?"—Philnews.

Uncle Sam's Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 209 W. Ninth Street, Austin, Texas 78701. He will welcome your questions.

Q—I am about to register for the draft. Where can I get any books about the types of military service or careers open to me?

A—"It's Your Choice," a booklet, can be obtained without charge at your draft board. Published by the Department of Defense, it contains information regarding the various military choices open to young people planning to enter the armed forces.

Q—If I appeal an action of the local board, may I appear in person before the appeal board?

A—No. The appeal board can consider only information that was available to your local board — that is, information in your file. However, you may attach to your appeal your own written statement specifying the matters in which you believe the board failed to consider properly, and may set out in full any information which you offered the board and which the local board failed or refused to include in your file.

Whatever "the new morality" is, it seems to offer an interesting approach to old-fashioned sin.—Boston Globe.

* * *

Some statistics are very deceptive, but those related to the cost of living are on the up and up.—Prescott (Ont.) Journal.

Lamar Women's Club Meets

The Lamar Woman's Club met last Wednesday in the Emerald Room at Sea Gun Sports Inn for the monthly luncheon meeting. The centerpiece was a horn of plenty filled with fresh fruit. Mrs. Edward Hall and Mrs. J. B. Greeson were hostesses.

The Christmas party will be held Dec. 17. Each member is asked to bring a guest and a $2 gift for the exchange.

Sixteen members attended the meeting. They were Mesdames Boyd, T. D. Brown, Weldon Cabaniss, L. V. Clark, James Eller, Robert Fleming, Pete Gibson, J. B. Greeson, Edward Hall, C. F. Hedrick, R. E. House, M. O. Maxwell, Fred Moss and Prentice Owen.

MISS KAY SPARKS NAMED REPORTER

Miss Kay Sparks, sophomore, has been elected reporter of the pledge class of the Alpha Omega Chapter of Phi Gamma Nu at Texas A&I University. Phi Gamma Nu is a professional business sorority. Miss Sparks is a 1968 graduate of Rockport-Fulton High School and is the daughter of Mrs. Jack Sparks.

Cub Scouts

On Monday Den 6 met at 3:30 p.m. They started by painting head bands for their pack meeting. Refreshments were served by Gary Evans. Then we ended with the flag ceremony and then sang "America."

Rodney Martin

The Peace Corps if eight years old.

T.O.P.S News

November showed an approximate 110-pound weight loss for members of TOPS (take off pounds sensibly), proving that bad weather, football games and club suppers didn't dampen the enthuiastic spirit of the ladies in the "Battle of the Bulge."

With Thanksgiving tomorrow, every member is confident that she will resist the urge to gorge on the traditional turkey and trimmings.

Some of the members are better known by their nicknames, such as "Tortilla Kid," "Chocolate Chip Cookie Addict" and "Courthouse Belle."

The club is planning Christmas entertainment including a Hawaiian "fertility dance" by the "Courthouse Belle" and the "Limey," a swinging western group featuring "Choccolate Chip Cookie Addict," and a female barbershop quartet.

Further details call Betty McMeredith, 729-6213.

Rebekah News

Mrs. Neva Sorenson, noble grand, opened the Rebekah Lodge meeting on Nov. 20. Mr. and Mrs. Raymond Barlow of Holt, Mich., were guests. Mrs. Alice Ballou is recuperating from illness.

The Christmas party will be held at 7:30 p.m., Thursday, Dec. 18 for all Odd Fellows, Rebekahs, their families and friends. Gifts will be exchanged. Members bringing guests are asked to gifts for them.

During the social hour Nov. 20 Miss Katie Lee Clarke and Mrs. Neva Sorenson served sandwiches, cookies, chips, coffee and tea.

Nows the Time For Redfishing

La Porte—Saltwater fishermen, who don't put their hooks in the water during the next few months, will be missing out on some of the best redfish fishing in years, says Parks and Wildlife Department marine biologists.

The gulf has a good population of mature redfish which are now spawning. To a surf fisherman, a bull red is about the same thing as a Canadian honker is to a goose hunter or a Rolls Royce is to a car enthusiast. A few days ago a fellow fishing off the Galveston jetties landed a redfish that weighed 47 pounds and this was a long way from the world record.

The spawning season—which lasts from September to January—is a good time to surf fish and, while they don't bite all the time, they are there for the patient fishermen.

There is a bonanza of subadult reds in the bays. Don't let the word sub-adult discourage you. Redfish mature in the bays and this takes five years. A five-year-old redfish ready to move to the gulf where it will spend its adult life, is about 30 inches long and will weight about 12 to 15 pounds.

The fall months are a good time to wade fish in the bays. Right now a wade fisherman who moves along slowly and quietly, very quietly, throwing a gold spoon into vegetation growing around the bay edge, has a good chance of latching onto a few of those husky sub-adults, and, when the water cools a little more, redfish will move into bayous. There, a live shrimp or a small mullet will be the best redfish producer.

Good things don't last forever and neither will bay reds in their present numbers. The reason the bay redfish population is on the high cycle is because there hasn't been a really hard freeze on the upper coast since 1962.

Maybe this winter, or the next . . . or the next, a hard freeze will come, and large numbers of the redfish in the bays will die. Then it will be at least five more years before 12-pound bay redfish will be abundant. Enjoy them while ther are here.

Mr. and Mrs. Brooks Robbins and daughter of Hawaii arrived last week to spend Thanksgiving and Christmas with their parents, Mr. and Mrs. Walter Cassel, and Mrs. Alice Robbins.

Short skirts are said to keep women weight conscious—and men eye-sight conscious.

Tax Reform Bill Threat to Apartment Construction

A sharp decline in the construction of apartment buildings for families of all income levels if the so-called tax reform bill now before the Senate is passed was predicted today by Mrs. Ana Wishert, president of the Aransas-San Patricio County Board of Realtors.

"Such a cut in an already sagging housing market would only accentuate the already existing shortage of dwellings and would point up the paradox of the federal government to professing to want to stimulate construction on the one hand while actually taking steps to discourage it," she added.

This contradictory situation results from the Senate Finance Committee's refusal to heed the warning of Realtors, homebuilders, and developers and investors for commercial and residential structures that the House-approved provisions of the reform tax bill needed drastic overhauling, Mrs. Wishert explained.

She cited Senate Committee approval of the House version limiting depreciation to the straight line method for all existing building as the most serious because it would sharply restrict the resale market for buildings, thereby deterring investors and developers from new construction.

Realtor Wishert pointed out that the Aransas-San Patricio County Board of Realtors favors tax reform and that the National Association of Real Estate Boards, of which it is a member, was the first association to propose a formula which would close loopholes on an equitable basis and require tax payment by all The current bill, however, clobbers real estate excessively while exempting segments of the economy.

Waterfront—

Palm Harbor Fishing News: Mr. and Mrs. Fred Brashear of Houston, visiting the Ed Dupres, caught 92 nice fish during their stay.

Margaret Glasscock of Palm Harbor, fishing with Mrs. R. L. Irwin, caught a 6 lb. red. Mrs. Irwin caught a 6 lb. trout. Together they caught 40 trout, reds and flounder.

Wayne Lindsey caught a 10½ lb. red and a 7½ lb. trout fishing Red Fish Flats.

Tuesday T. R. Eastridge caught 12 trout and reds averaging 2 to 3 lbs. each near California Hole fishing with Mrs. R. L. Irwin. Thursday Eastridge caught 10 nice trout and 8 reds, one of which weighed 8 lbs.

Mr. and Mrs. Hoyt Bobbitt caught 50 nice trout, reds and drum and flounder which averaged around 2 lbs. each.

Fishing was excellent out of Palm Harbor last week but not every one reported their catches.

Woman's Club Tourist Party

Mrs. A. B. Garner, Mrs. E. T. Page of Poteet and Mrs. R. L. Eckman were hostesses for the Thanksgiving party in the Woman's Club building Monday.

A Thanksgiving theme was carried out in the decoration and refreshments. A pottery turkey stood on the registry table. Mrs. Winn Smith of Edmond, Okla., presided over the tea table covered with a beautiful Thanksgiving cloth. The table was centered with an arrangement of bronze chrysanthemums.

Mrs. Elmer Adams, Richardson, Texas and Mrs. Jake Sims won at canasta. Mrs. A. L. Bachman and Mrs. Jim Philpott, Miami, Texas, made the high scores in bridge. The finale prizes went to Mrs. Paul Barberis, Williamsburg, Mich. and Mrs. E. E. Summers, Fredonia, Kans.

The Woman's Club of Aransas County invited all tourist ladies to a party Monday, Dec. 1 at 2 p.m.

Mrs. Jack Sparks and Mrs. Elaine Smith spent the weekend with Mrs. Smith's parents, Mr. and Mrs. C. C. May in Reviera. On Sunday afternoon, Mrs. Smith attended a reception at the student union building sponsored by the Associated Women Students of Texas A&I University honoring charter members of the Alpha Lambda Delta.

Storks usually return each year to the same nest, usually located in tree tops or on house roofs.

Service News

Petty Officer 1st Class William E. Sneed, BT1, USN, Navy Recruiter, will continue being at the VFW Hall every Friday morning from 10 to 11. Any young man or woman interested in joining the Navy or desiring information concerning the Navy may contact PO Sneed at this time.

Sneed stated that he has access to many interesting Navy films and would be happy to show them to any church, school, club, or any other civic organization. He further stated that he would furnish the projector and screen and would be glad to come to Rockport anytime at the request of any particular organization.

Sneed concluded that he wishes to thank Sheriff Bob Hughes and the members of the VFW for their fine support in Navy Recruiting and letting the Navy use their VFW hall for meeting and interviewing prospective Navy applicants.

* * *

Hospital Corpsman Second Class Steven Russell, USN, son of Mr. and Mrs. Ernest H. Russell, was awarded the Air Medal while serving with the First Marine Aircraft Wing in Vietnam.

He received the medal for meritorious avhievement while engaged in aerial combat missions over Vietnam with the First Marine Aircraft Wing.

As a member of the wing he helps support US and Allied ground forces operating in the Republic.

* * *

Specialist Four Luis M. Galvan has been awarded the Army Commendation Medal for meritorious achievement in Vietnam during action between Nov. 7 and 15. The announcement was made by Col. Gordon J. Duquemin, Chief of staff, 1st Battalion, 12th Infantry Division. His wife is Mrs. Elsa Galvan and his parents are Mr. and Mrs. Porforio Galvan.

* * *

U. S. Air Force Technical Sergeant Juan Lizcano, Jr., son of Mr. and Mrs. Juan Lizcano, Sr., is on duty at Takhli Royal Thai AFB, Thailand.

Sergeant Lizcano is a jet aircraft maintenance technician with the 354th Tactical Fighter Squadron, a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and the Pacific area.

* * *

Wilson D. McBride, son of Mr. and Mrs. Woodrow M. McBride of San Antonio, has been promoted to airman first class in the U. S. Air Force.

Airman McBride, a medical specialist, is assigned to the USAF Hospital at Carswell AFB, Tex.

The airman is a 1967 graduate of Sam Houston High School.

His wife, Charlotte, is the daughter of Mr. and Mrs. William Miller of Rockport.

Bridge Party

Mrs. E. Hall of Lamar was hostess to the 4H Bridge Club at her home last Friday afternoon. Members playing were Mrs. Pearl Denny, Mrs. George Dickey of Corpus Christi, Miss Lillian Fahr, Mrs. R. E. House, Mrs. Frank Lenoir, Mrs. R. C. Naper, Mrs. L. G. Wood and one guest, Mrs. W. N. Sanders of Houston. Mrs. House won high score and Mrs. Naper was second high.

ANN LEITH IN PLAY AT UNIVERSITY

Miss Ann Leith, daughter of Mr. and Mrs. Kenneth Leith, is acting in Southwest Texas State University's Children's Theatre production of "The Crossroads," directed by Tom Fudge.

Miss Leith, a freshman drama major, plays the Proud Bird of The East in this experimental children's play by Brian Way. This is Miss Leith's first performance at SWTSU.

After its initial performance at SWTSU, the road show will go on tour of schools surrounding the San Marcos area from Nov. 20 through Dec. 9.

One reason so many people are named Smith dates back to early times when names were selected from occupations. Smith originated from tradesmen such as blacksmith, locksmiths, etc.

A Nashville motel chain has applied to the National Space Agency for a permit to build a motel on the moon.

Question and Answer Column

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I'm a housewife and have just taken a part-time job in a Department store for the holidays. Should I claim my exemption for withholding purposes?

A—If your husband is claiman exemption for you where he works, then you should not claim your withholding exemption. The law generally does not permit two withholding exemptions to be claimed for the same person.

Q—Half of my daughter's college tuition is covered by a scholarship. Is this considered income and will it affect my dependency deduction for her?

A—Most scholarships are not taxable. If your daughter's scholarship happens to be taxable, however, it will be counted as her income, not yours. In addition, tax-free scholarships are not part of support and are therefore not considered in determining if you provided more than half your daughter's total support.

To find out whether the scholarship is taxable, check with the person or organization granting it. They may have a ruling from IRS.

Information on the tax status of scholarships may also be obtained by asking any IRS office for a free copy of Publication 507, "Tax Information on Scholarships and Fellowships."

Q—Can I deduct anything for the fees I paid a real estate appraiser I hired when I sold some property?

A—Yes, those fees can be added to any other expenses you had when you sold your property. Selling expenses should be deducted from the sale price to determine whether there is any gain to report for income tax purposes.

Q—I just started a new job and expect to have an expense account. Will I have to keep records of what I spend for tax purposes?

A—If you account to your employer for these business expenses and your reimbursement is not more than what you spent these amounts are not income and you will not have to report them on your tax return. Employees who are not reimbursed should keep records of what they spend for ordinary and necessary expenses when they file their income tax returns.

For details on necessary recordkeeping, ask for Publication 463, "Travel, Entertainment and Gift Expenses," available free at any IRS office.

Q—Can you deduct anything for a contribution to a political party?

A—No, political contributions made by individuals or businesses are not deductible.

Q—My last paycheck was bigger even though I'm being paid the same amount. Have taxes been reduced,

A—The explanation for your higher take-home pay may lie in the amount being withheld for Social Security taxes. An employer is required to withhold these taxes just on the first $7,800 of wages paid to each employee in a calendar year. After that, Social Security taxes are no longer withheld so that the net amount of the paycheck will be higher.

Q—Is there any penalty for not paying estimated tax when you are liable for it?

A—Yes, there can be an additional charge if withholding and estimated tax payments do not meet at least 80 percent of your income tax liability for the year. The amount of the penalty depends on the extent to which you have failed to meet this requirement.

The estimated tax system helps people meet their tax obligations on a pay-as-you-go basis if they are not, or are only partly, covered by withholding.

For information, see Publication 505, "Tax Withholding and Declaration of Estimated Tax." Any IRS office will give you a free copy.

This and That *

JOHN KINSEY

The community is proud of the members of the Rockport-Fulton Pirates football team, the coaches, the trainers, the athletic director, the band director, members of the band, the drum major, the majorettes, the cheerleaders, the teachers and school officials and the entire student body.

The team did much more than compile an outstanding record of victories. They provided the inspiration that made our entire community thrilled, excited and proud not only of the football squad but also proud of the school and the Rockport-Fulton area.

As the team won game after game, you could see and feel the steadily increasing spirit of unification and pride. Signs began to appear everywhere. "Go Pirates," "On to Victory." Such slogans not only appeared in store windows and pasted on cars, but that kind of feeling prevailed among local residents of all ages.

Hunting and fishing took a back seat as a subject for conversation. Groups having coffee talked about "last night's victory" or the "forthcoming battle with Calallen."

With the mounting excitement as one victory after another was chalked up, the students cheered louder and louder at each game. And it is to the credit of the boys and girls that no rowdyism was exhibited before, during or after the games.

To sum it up, everyone in the Rockport area is proud of the football team — and grateful to every member of the squad — for doing an outstanding job, not just for the benefit of the school but for the good of this community.

You gave us something to get excited about, something to cause all of us to work together for, and something to enable every man, woman and child to say proudly:

"Those are our boys."

MRS. MABEL BRYANT DIES

Funeral services for Mrs. Mabel Kennedy Bryant, 84, who died Nov. 22 in an Aransas hospital, were held Monday at First Baptist Church. Burial was in Rockport Cemetery under direction of Marshall Funeral Home.

Mrs. Bryant was a lifelong resident of Rockport and was a member of the First Baptist Church of Rockport and the Rockport Order of the Eastern Star.

Survivors include two stepsons, Joe Bryant of San Pedro, Calif., and Jim Bryant and a niece, Mrs. J. R. Thomerson of Rockport.

The first postal route for handling mail was a monthly service, established in 1672 between New York and Boston.

Reelfoot Lake, near Union City, Tenn., was formed by an earthquake in 1812.

Mrs. Lenoir Hosts Bridge Club

Mrs. Frank Lenoir was hostess to the Double Four Bridge Club at her home last Wednesday. Members playing were Mrs. A. L. Bachman, Mrs. Sue Collin, Mrs. Pearl Denny, Mrs. J. V. Ferguson, Miss Winona McFall, Mrs. M. D. Oliver and one guest, Mrs. Robert McBride. The hostess, Mrs. Lenoir won high score and Mrs. Oliver was second high.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. This Ordinance may be cited as "Junked Motor Vehicle Regulations."

Section 2. Definitions. For the purpose of this Ordinance, the following terms, phrases, words and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense shall include the future; words used in the plural number include the singular number; and words used in the singular number include the plural number. The word 'shall' is always mandatory and not merely directory:

(1) 'Junked Motor Vehicle'—Any motor vehicle, which does not have lawfully affixed thereto both an unexpired license plate or plates and a valid motor vehicle safety inspection certificate, and the condition of which is one or more of the following:

(a) Wrecked
(b) Dismantled
(c) Partially dismantled
(d) Inoperative
(e) Abandoned
(f) Discarded.

Exceptions: The provisions hereto shall not apply to:

A. Any motor vehicle in operable condition specifically adapted or constructed for racing or operation on privately owned drag strips or raceways;

B. Any motor vehicle retained by the owner for antique collection purposes rather than for salvage or for transportation; nor

C. Any motor vehicle stored as the propery of a member of the Armed Forces of the United States who is on active duty assignment.

(2) 'Person'—Any individual, firm partnership, association, corporation, company or organization of any kind.

Section 3. Junked Motor Vehicles—Declared a Public Nuisance.

The prescence of any junked motor vehicle on any private lot, tract or parcel of land, or portion thereof, occupied or unoccupied, improved or unimproved, within the City of Rockport, shall be deemed a public nuisance; and it shall be unlawful for any person to cause or maintain such a public nuisance by wrecking, dismantling, partially dismantling, rendering inoperable, abandoning or discarding any motor vehicle on the real property of another or to suffer, permit or allow any junked motor vehicle to be parked, left or maintained on his own real property, provided that this Ordinance shall not apply with regard to:

(a) Any junked motor vehicle in an enclosed building;

(b) Any junked motor vehicle on the premises of a business enterprise operated in a lawful manner, when necessary to the operation of such business enterprise; or

(c) Any junked motor vehicle in an appropriate storage place or depository maintained at a location officially designated and in a manner approved by the City of Rockport.

Section 4. Same - Notice to Owner or Occupant to Abate Public Nuisance on Occupied Premises.

Whenever any such public nuisance exists on occupied premises within the City in violation of Section 3 hereof, the Chief of Police or his duly authorized agent shall order the owner of the premises, if in possession thereof, or the occupant of the premises whereon such public nuisance exists, to abate or remove the same. Such order shall:

(a) Be in writing;

(b) Specify the public nuisance and its location;

(c) Specify the corrective measures required;

(d) Provide for compliance within ten (10) days from service thereof.

Such order shall be served upon the owner of the premises or the occupant by serving him personally or by sending said order by certified mail, return receipt requested, to the address of the premises. If the owner or occupant of the premises fails or refuses to comply with the order of the Chief of Police or his duly authorized agent within the ten (10) day) period after service thereof, as provided herein, the Chief of Police or his duly authorized agent shall take possession of said junked motor vehicle and remove it from the premises. The Chief of Police or his duly authorized agent shall thereafter dispose of said junked motor vehicle in such a manner as the City Council may provide. However, if the owner or occupant of said premises so desires, he may, within said ten (10) day period after service of notice to abate the nuisance, request of the Clerk of the Corporate Court of the City of Rockport either in person or in writing and without the requirement of bond, that a date and a time be set when he may appear before the Judge of the Corporation Court for a trial to determine whether or not he is in violation of this Ordinance; and said trial shall be set as provided in Section 6 hereof.

Section 5. Same - Notice to Owner to Abate Public Nuisance on Unoccupied Premises.

Whenever any such public nuisance exists on unoccupied premises within the City in violation of Section 3 hereof, and the owner thereof can be found, the Chief of Police or his duly authorized agent shall order the owner of the premises whereon such public nuisance exists, to abate or remove the same. Such order shall:

(a) Be in writing;

(b) Specify the public nuisance and its location;

(c) Specify the corrective measures required; and

(d) Provide for compliance within ten (10) days from service thereof.

The order shall be served upon the owner of the premises by serving him personally by sending said order by certified mail, return receipt requested, to his address as shown on the current tax rolls of the City of Rockport, Texas. If the owner of the premises fails or refuses to comply with the order of the Chief of Police or his duly authorized agent within the ten (10) day period after service thereof, as provided herein, the Chief of Police or his duly authorized agent shall take possession of such junked motor vehicle and remove it from the premises. The Chief of Police or his duly authorized agent shall thereafter dispose of said junked motor vehicle in such manner as the City Council may provide. However, if the owner of said premises so desires, he may within said ten (10) day period after service of notice to abate the nuisance, request of the Clerk of the Corporation Court of the City of Rockport, either in person or in writing and without the requirement of bond, that a date and a time be set when he may appear before the Judge of the Corporation Court for trial to determine whether or not he is in violation of this Article; and said trial shall be set as provided in Section 6 hereof.

Section 6. Same—Preliminaries to Trial in Corporation Court.

Upon receiving a request for trial, made pursuant to Section 5 or Section 5 hereof, the Clerk of the Corporation Court shall set a date and a time for such trial on the Court Docket. The Clerk of the Corporation Court shall notify the City Attorney of the date and time of such hearing. The City Attorney shall cause to be prepared, filed, and served on the defendant, a written complaint charging that the owner or occupant of the premises, as the case may be, has violated this Ordinance. After service, such complaint shall be on file with the Clerk of the Corporation Court not less than ten (10) days prior to the date of trial.

Section 7. Same—Trial in Corporation Court.

The Judge of the Corporation Court shall hear any case brought before said Court, as set out herein, and shall determine whether or not the defendant is in fact, in violation of this Ordinance. Upon a finding that said defendant is in violation of this Ordinance, said defendant shall be deemed guilty of a misdemeanor and subject to a fine in accordance with the penalty provision hereinafter set forth. The Judge of said Court shall further order such defendant to remove and abate said nuisance within ten (10) days, the same being a reasonable time. If the defendant shall fail and refuse, within said ten (10) days, to abate or remove the nuisance, The Judge of the Corporation Court may issue an order directing the Chief of Police to have the same removed, and the Chief of Police or his duly authorized agent shall take possession of said junked motor vehicle and remove it from the premises. The Chief of Police or his duly authorized agent shall thereafter dispose of said junked motor vehicle in such manner as the City Council may provide.

Section 8. Same—Removal with Permission of Owner or Occupant.

If, within ten (10) days after receipt of notice from the Chief of Police, or his duly authorized agent, to abate the nuisance, as herein provided, the owner or occupant of the premises shall give his written permission to the Chief of Police, or his duly authorized agent for removal of the junked motor vehicle from the premises, the giving of such permission shall be considered compliance with the provisions of this Ordinance.

Section 9. Same—Removal from Unoccupied Premises by Order of Corporation Court.

If there is a junked motor vehicle, as herein defined, on premises that are unoccupied, and neither the owner of the premises nor the owner of said vehicle can be found and notified to remove same, then, upon a showing of such facts to the Judge of the Corporation Court, the Court may issue an order directing the Chief of Police to have the same removed, and the Chief of Police or his duly authorized agent shall take possession of said junked motor vehicle and remove it from the premises. The Chief of Police or his duly authorized agent shall thereafter dispose of said junked motor vehicle in such manner as the City Council may provide.

Section 10. Evidence of Abandonment.

If a junked motor vehicle, as defined in this Ordinance has been situated on the private property of another, without such person's permission, for a period of sixty (60) days or longer, this fact shall be prima facie evidence that the owner of said vehicle has abandoned the same.

Section 11. Penalty.

Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, and upon conviction shall be subject to a fine of not more than $200.00. Each transaction in violation of any of the provisions hereof shall be deemed a separate offense.

Section 12. It is hereby declared to be the intention of the City Council that the Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable, and if any phrase, clause, sentence, paragraph or section of this ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this ordinance, since the same would have been enacted by the City Council without the incorporation in this Ordinance of any unconstitutional or invalid phrases, clauses, sentences, paragraphs or sections.

Section 13. This ordinance shall take effect upon publication one time in the Rockport Pilot, the official newspaper of the City of Rockport.

PASSES AND APPROVED this the 24th day of November, A.D., 1969.

DELMAR R. HILLER,
Mayor, City of Rockport,
Texas.

ATTEST:
MARY LAKE SEGLER,
City Secretary.

c36

MRS. LAURA PUSLEY DIES

Funeral services were held Monday at Clifford - Jackson Funeral Chapel in Corpus Christi for Mrs. Laura H. Pusley who died Nov. 21 in Memorial Medical Center. Interment was in Seaside Memorial Park in Corpus Christi. She was 83. Mrs. Pusley sustained multiple injuries Nov. 4, when she fell in a nursing home in Corpus Christi where she had been in failing health for five years. She was the mother of Mrs. J. J. Alexander.

One of 12 children of Joseph L. and Margie C. (Kelly) Hendrix, she was a native of Howard County, Ark., moving to Oklahoma (Indian Territory) with the family before the turn of the cenury where she spent most of her life. She came to South Texas in 1942, residing in Sinton and Corpus Christi. She was preceded in death by her husband, W. J. Pusley, in 1960.

Survivors, besides Mrs. Alexander, include a son, W. W. Pulsey of Corpus Christi; a stepson, C. G. Pulsey of California; a daughter, Mrs. Harrison Martin of McAlister, Okla.; one brother, E. H. Hendrix of Bartlesville, Okla.; 16 grandchildren, 24 great-grandchildren, and three great-great-grandchildren.

Mother and daughter were in the kitchen washing dishes while father and seven-years-old Johnny were in the living room. Suddenly father and son heard a crash of falling dishes. They listened expectantly.

"It was Mom," said Johnny at last.

"How do you know?" asked his father.

"Because," answered Johnny, "she isn't saying anything."—Irish Digest.

Water buffaloes are native to Indo-China.

Riding Ass'n Has Trail Ride

Thirty-eight wet, but determined and happy riders of the Aransas County Riding Association braved Sunday's liquid sunshine for an afternoon trail ride.

Starting at the Association Arena, the riders headed for the Copano Causeway, then trailed westward along Copano Bay for a coffee break at the D. M. Meador home, before heading back to the arena.

The steady drizzle caught up with the riders a half hour after the start of the ride, but could do little to dampen the spirits of either riders or horses.

The association's next business meeting will be Monday Dec. 1st, at the Rockport Fire Station, 8 p.m. Visitors and guests are always welcome.

Mr. and Mrs. Edric Deason spent the weekend in Brownsville with Mr. and Mrs. John P. Reese and family and Mrs. Emma Reese.

More than 1.4 million workers have received wage increases of more than seven percent during the first half of 1969 according to the Labor Department.

Lady Pirates Win and Lose

The Rockport-Fulton Lady Pirate Basketball teams journeyed to Bloomington Monday night to play the Bloomington Kittens.

The Junior Varsity Lady Pirates were defeated by 2 points, the score was Bloomington 29 and Lady Pirates 27. High scorer for the Lady Pirates was Betty Cassel with 13 points, Kevin Picton 5, Debra Odoms 5, Jeanie Kleypas and Linda Turner, 2 points each. Outstanding guards were Janelle Stewart and Carrie Caspary.

The lady Pirate Varsity girls beat the Bloomington Kittens by 4 points with a score of 31 to 27. High scorer for the lady Pirates were Jonnie Grossman with 16 points, Cynthia Rouquette 8 and Nancy Smith 7. Outstanding guards were Donna Hadley, Mary Beth Caspary and Pam Hill.

The lady Pirates will play Incarnate Word in Corpus Christi Monday night, December 1. On Tuesday night, December 2 they will play Bloomington at the Rockport-Fulton gym.

City Declares—

(Continued from Page 1)

and Reclamation District is in service.

It was pointed out that the new water service to be piped here from the Nueces River could be interrupted by transmission line trouble or other difficulties. If this ever happened, it would be imperative for Rockport to have water available from its wells.

Consequently the City Council authorized the Layne Texas Company of Houston to pull out the old liner from the well of North Live Oak Street, replace it with a new liner and put the well in good shape. The estimated cost is $11,-151.

Mysterious Boot

Mrs. Lillian Harlan of Rockport has what she calls a 'mysterious boot" and she asks, "was it thrown away by some extravagant fisherman or did someone fall overboard from a boat or tug and his body was never recovered."

She says the boot, for the left foot, was in new condition when found in 1967. It was brought up in a shrimp net in Aransas Bay by the late Carl Schiller and was given to Mrs. Harlan while it still had live oysters growing on it and in it.

Pirates Lose—

(Continued from Page 1)

the game until the last minute of the second period when the Buldogs pushed the score across on a scramble pass by Marcellous Minor to James Smith. The point after was no good.

The 6-0 score held up until the fourth quarter when the Pirates gathered their forces and began a march to the Yoakum end of the field. The drive was highlighted by a 34-yard pass from quarterback Royce Itschner to end Ted Deason. The touchdown came on a two-yard plunge by halfback Ruford Huff. Glenn Davis put the Pirates ahead 7-6 with his kicking toe.

The Pirates kicked off to the Bulldogs and the ball could be seen squirting along the ground, but as Lady Luck would have it, the Pirates coulde not recover the loose ball.

Within a time span of 24 seconds, the Bulldogs had connected on two passes from Minor to slotback Clarence Giles and had moved the ball to the Pirate 5-yard line.

Almost before the Rockport team could gather their senses, Yoakum came out with an overshifted set. The Pirates reacted but Marcellous Minor came around the short side and dived into the end zone for the score. Again the point after was no good, and Yoakum led 12-7.

In true fashion of the 1969 Pirate football season, the Pirates stormed back. With 2:28 left in the game the Pirates started to march, but a ball ruled a fumble stopped the steps and the hearts of the Rockport-Fulton squad and fans.

Yoakum has won, and they will match their team against the powerful team from Klein which went high in the playoffs last year. The Pirates lost the game on the scoreboard, but won by every other statistic kept.

Lady Luck was to make one more swipe at the Pirates; on the trip home, the tire that had carried the load on the way up after the first tire had blown, strew tire tread all over the Bloomington highway, and the Pirates suffered a bouncing trip home. At home however, they were still reminded—PIRATES ARE NO. 1.

A season is not measured by one game.

Mrs. Tiney Gayle recently returned from a trip to Mirando City and Bruni where she visited with friends.

City Has Zoning—

(Continued from Page 1)

measures. As a result, conflicting uses will gradually disappear, well-defined neighborhoods business and industrial, areas will be established. The city will be able to implement the Land Use Plan through zoning and major economics in providing public facilities, streets, utilities, parks, schools, fire stations and similar public improvements will result.

The present zoning ordinance provides six districts: two single-family residence districts, one duplex and one apartment district, two business districts, and one industrial district. Review of the zoning ordinance and district map showed that to a large extent this ordinance was established to reflect existing conditions. There are too many commercial areas, too widely spread out (about seven miles of commercial frontage in the city) and most of them too small to be effectively used. The city is a tourist center and needs to project this image to outside investors. A tourist zone allowing considerable latitude for hotels, motels, restaurants, and related recreational features is needed. Industrial areas are small and fairly compact near the railroad and along the shoreline. Residential areas are generally well-defined and well-regulated.

Four specific problems exist which need to be corrected. Two of these are found inside the city and the other is found in the surrounding urbanizing areas.

1. The commercial areas need to be reduced in size to a series of well-defined commercial centers. This will serve to strengthen the business function in the city, to eliminate conflicting uses, and improve the functional and visual charcteristics of the city. These areas should be established in accordance with the adopted land use plan.

2. A tourist resort district should be established along the waterfront of the city. This would also be established to conform to the Land Use Plan. Provisions found in the recommended Model Zoning Ordinance for the Coastal Bend Region, detailing requirements for the 4-4 Semi-Residential district. The following uses would be added:

b. Motels and hotels.

b. Restaurants (permitted as a part of a motel or hotel operation or by special permit.)

All uses allowed in the R-1, R-2 and R-3 Districts would be permitted in addition to those uses specified for the new district. Detailed provisions identifying lot areas, widths, setbacks, and parking requirements are found in sections three through seven of the Model Zoning Ordinance.

3. Problems related to the use and occupancy of mobile homes as permanent residences need to be solved. A suggested text allowing mobile home subdivisions and trailer camps is now being considered by the city. These new provisions need to be carefully evaluated prior to adoption as a part of the zoning ordinance.

4. Zoning provisions need to be extended into the rapidly urbanizing areas of the county. This is needed to insure proper measures designed to protect new growth areas from conflicting uses. Aransas County does not have power to enact zoning regulations at this time since Texas has no county zoning enabling legislation. However, recommendations of the Texas Research League which would permit counties to undertake planning and zoning are needed and should be adopted. Officials and residents of Aransas County should support this legislation. Regulations contained in the Coastal Bend Model Zoning Ordinance would be adequate to serve zoning needs in the county as well as the city. If county zoning enabling legislation is not passed, the cities should be given the power to enact and enforce zoning regulations in their area of subdivision jurisdiction, i.e., five miles from their city limits.

Subdivision Ordinance

Objective of the subdivision regulations are to insure proper standards for the development of new growth areas. Provisions in the ordinance specify design standards, stipulate the minimum level of improvements such as streets, water and sewer lines and drainage facilities, require procedures for filing plats, and serve as a means for coordinating public improvements identified in the Comprehensive Plan.

The Zoning and Subdivision Ordinance work together to bring about the Land Use and Community Facilities Plans. They are administered by the City Planning Commission. Planned developments, carefully administered, can bring about the Comprehensive Plan. Co-ordinated land development ordinated land development and improvement projects, following these principles, can have a substantial beneficial impact throughout the planning period.

Early in the planning program the text of a new subdivision ordinance was submitted for study by city officials. It was modified, adopted, and is now in force.

Accent on Health

During the fall and winter months, news reports frequently tell of someone being killed by carbon monoxide poisoning.

Hundreds of Americans—Texans included—are poisoned or die every year from the odorless, tasteless and colorless killer, says the Texas State Department of Health. As in most cases, these deaths are preventable.

Just last week four persons died in Canada of carbon monoxide poisoning when the exhaust of an automobile was piped under a house in an effort to kill skunks. Several persons recently in San Antonio were treated after being overcome by fumes at a charcoal plant, largely due to carbon monoxide.

Carbon monoxide poisoning can occur anytime, but it generally is thought of as a cold weather threat since homes, automobiles and business establishments are "buttoned up" against the cold. Texans begin using more fuel to heat their homes, offices and cars when fall arrives.

Every time a person burns gasoline, kerosene, wood, natural or manufactured gas, coal, coke or oil—anywhere—in a heater, car appliance, bonfire or grill, he has started a potential carbon monoxide factory. Hibachi grills, used with charcoal, are dangerous in closed-up areas. A car engine, running in an average sized garage approximately five minutes, can produce a lethal concentration of carbon monoxide.

The poison slowly gets into a person's bloodstream, rendering him weak and groggy and finally results in death unless the exposed person is moved to fresh air before it it too late. Hospitalization often is necessary for victims lucky enough to live.

How can you avoid poisoning? Check automobiles regularly for leaks in exhaust pipes, mufflers and their connections.

Have your heating sytems checked thoroughly.

Never run an automobile in a closed garage. Even with doors open, fumes can move from the garage into the home. Properly vent all heaters.

Be watchful of fires in fireplaces so that smoke and fumes don't enter living areas. Windows may be opened to let in life-sustaining fresh air.

A motorcyclist was riding down a country road, and as it was rather cool he had put his raincoat on backwards to cut the chill of the wind. As he approached an open field, he looked back at some men working with the crops, thus his motorcycle went off the road into a ditch. He was knocked unconscious.

The laborers rushed over to help him, and soon an officer arrived and investigated.

"Is he hurt bad?"

One of the workmen shook his head in wonder, and said, "I don't understand it. He seemed to be coming around all right until we turned his head around the right way."
—Levelland (Tex.) Sun-News.

Sp./4 James Ray Benningfield, who has been stationed at Fort Huachua, Ariz., has been on 30-day leave visiting his wife, Shirley, and baby son, James, his parents, Mr. and Mrs. George Benningfield, and family. He left Tuesday for one year of duty in Vietnam.

Chief of Police Everett Taylor reported that Randolph Anderson was fined $50 for discharging firearms within the city limits Monday night.

Taylor Oak News

A birthday party was held at Taylor Oak Trailer Park November 20. Hostesses were Mrs. R. H. Bigalk, Mrs. Lawrence Manchester, Mrs. Pearl Wright and Miss Eula Mae Robertson.

Thirty-nine ladies attended and among the guests was Mrs. Vivian Bolser of Salinas, California. There were three honorees this month: Mrs. Reuben McKinley, Mrs. Fred Gauger and Mrs. Lee Hoffman.

Mrs. Wright presided at the refreshment table which was decorated with yellow chrysanthemums and a Thanksgiving turkey.

Games were played and Mrs. Ned Halleck was high in bridge and Mrs. Elmer Holm had the low score. Mrs. Floyd Rolston won at canasta and Mrs. Minnie Randle was low. Mrs. John Bennett won at dominoes and Mrs. R. L. McDonald won the bingo prize.

An adult's stomach is about 10 or 11 inches long and from four to four and a half inches in diameter when full.

LUNCHROOM MENUS

The following luncheon menus will be offered in the schools next week:

Monday, Dec. 1: Country-fried steaks, gravy, mashed potatoes, cole slaw, bread, butter, applesauce cake, milk.

Tuesday, Dec. 2: Chicken pot pie, blackeyed peas, carrot-raisin salad, hot rolls, butter, ice cream, milk.

Wednesday, Dec. 3: Cheese enchiladas, boiled pinto beans, tossed green salad, bread, butter, butterscotch squares, milk.

Thursday, Dec. 4: Hamburgers, potato chips, buttered mixed vegetables, lettuce, pickles, onions, buns, fruit cobbler, milk.

Friday, Dec. 5: Salmon loaf, catsup, buttered potatoes, seasoned green beans, bread, butter, cottage pudding, milk.

Note: These menus are subject to change without notice, depending upon availability and delivery of foods.

Calls from pay station telephones in Australia are still a nickel.

Coming Events

Nov. 27: Birthday greetings on this Thanksgiving Day to Mrs. Johnnie M. McHugh, Kevin Morgan, Mrs. Joe Wright, Henry Hopkins and Donna Kay Matlock.

Nov. 28: Congratulations to Mr. and Mrs. Doug Lankart and Mr. and Mrs. Severo Martinez, Sr., on their wedding anniversary and to Donnie Meeker, the Rev. Gregorio Perez and Ricky Roe on their birthday.

Nov. 29: This is the birthday of Mutt Slocum and Gary Lee Cruz.

Nov. 30: Another birthday: that of Andrea Martinez.

Dec. 1: Eastern Star, Fulton Lions Club and Band Boosters Club will meet. Bobby Iles will celebrate his birthday and Mr. and Mrs. Bob Hewes will observe their wedding anniversary.

Dec. 2: Chamber of Commerce Board of Directors and VFW Auxiliary will meet. Congratulation to Mr. and Mrs. Tony Valdez on their wedding anniversary and Debra Brisbin, Mamie Salazar and Rusty Segler on their birthday.

Dec. 3: Rotary Club and Navigation District Commissioners will meet. This is the birthday of Corky Markarivich.

Dec. 4: Rebekah Lodge No. 88 and Rockport Lions Club will meet. Theresa Leatherwood will celebrate her birthday.

Service News

Army Private Vallie C. Cox, 20, son of Mr. and Mrs. Willard M. Cox, was assigned as a clerk in the 8th Maintenance Group, of Vogelweh, Germany, Oct. 10.

WHO'S WHO AT FIRST NATIONAL

Kathy Evonne Redden

Most recently employed member of the staff of First National Bank is Kathy Redden who started work there in September.

She is classified as a relief proof machine operator working with Mrs. Louise Pierce who is charge of the operation. The proof machine keeps track of all bookkeeping procedures and is designed to correct any possible errors before accounts are posted.

Miss Redden formerly handled a similar responsibility at the Capital National Bank in Austin.

She was born in Austin and is a graduate of the Lockhart High school. She is a member of the Church of Christ, and lives with her parents at 1014 North Patton.

Her hobby is antiques, and she says she enjoys cooking and redecorating.

Fannie Townsend Circle Meets

The Fannie Townsend Circle of First United Methodist Church met in the home of Mrs. D. T. Adams last week with 15 members and one guest present.

The program entitled "What's in Your Thanksgiving Bag?" was presented by Mrs. R. G. Stafford, assisted by Mrs. Harvey Bristow. Mrs. Roy Boddie presented the circle pledge service.

Mrs. D. T. Adams called the meeting to order. The roll was called and the minutes read and approved.

The Christmas Party which is to be held in the Fellowship Hall Dec. 11 at 2:30 p.m. was discussed.

The meeting adjourned with the WSCS prayer.

U.F. Aids Gonzales Warm Springs Unit

The Gonzales Warm Springs Foundation is another agency aided by the United Fund Campaign now in progress in the Rockport area. Here is some information on the Foundation:

There's the Land of Oz; there's the Wonderland that Alice knew; then there's Gonzales Warm Springs Foundation. The difference lies in the fantasy of the first, and the stark reality of the latter.

That doesn't mean, though, that no miracles happen here.

Perhaps not the kind sought by one patient who left after only a few days. False rumor had caused him to believe that he could enter on a stretcher, and shortly walk away, free of all his infirmities. Instead, there often occurs the kind of phenomenon wrought by people drawn together in a common bond of hope for a brighter future.

Instituted a quarter of a century ago primarily to provide the intensive, specialized care so desperately needed for the multitude of polio victims prevalent then, Gonzales Warm Springs has undergone a gross change of face in recent years. Except for the regular clinic visits by "old" polios, that illness has become a rarity—cause of disability onset in patients here. Currently leading the list is automobile accidents, followed by birth defects, and dread diseases.

The Foundation complex, although considered one of the finest hospitals of its kind in the country, has taken on many of the aspects of a small college campus. Life here is one big, mobilized program of theraputic learning. Even the daily living routine is geared for therapy. Some patients learn to overcome handicaps that are correctable; many learn to use prosthetic devices to help them combat their handicaps. Others are taught merely to live with their handicaps; these are the most admirable.

For such purposes, the Foundation makes up one of the most complete rehabilitation hospitals in the nation. In addition to its in-patient quarters with Physical, Occupational and Speech Therapy Units, the Texas Rehabilitation Hospital maintains its own cafeteria, recreation areas; X-ray, laboratory, and laundry facilities; library; commissary and part-time radio station operated by the patients. Academic classes are conducted as a part of the Gonzales Public school system; and a complete business contingent directs all administrative details at the site.

SUNSHINE CLUB

The Ladies Sunshine Club will meet at 7 p.m., Tuesday, Dec. 2 at the home of Mrs. Susie Odoms. Mrs. Ruth Dunmand and Mrs. Odoms will be hostesses.

RESOLUTIONS OF RESPECT

In memory of James M. Agnew, who passed away Nov. 4, 1969.

The Death Angel has visited our Chapter and taken from our number one of our beloved members. This one, who once met with us here and shared our joys and sorrows, is now awaiting us in the Grand Chapter above. We shall join them when we, too, have completed life's labyrinth.

Whereas, the Heavenly Father has called our respected and beloved Brother home, and he, having been a true and faithful member of our beautiful Order, therefore be it

Resolved, that Rockport Chapter 479, Order of the Eastern Star, drape its Charter in memory of this departed member, and that we tender to the

Family of our deceased Brother our sincere condolence in their sorrow and bereavement, and that a copy of these Resolutions be sent the family.

"Bless are the dead which die in the Lord . . .
They rest from their labors . . .
And their works do follow them."
