

Mitchell County
Bicentennial
1776-1976

Blassingame, Bolin Win

Most of the excitement in Loraine and Westbrook elections was generated in the Loraine school board race which drew a field of seven candidates. Eugene Smith, 136, and Lester A. (Bud) Hill, 99. Other votes were as follows: Marshall McAdams, 26; Rodney Galvan, 60; Willis Taylor, 60; A. A. Luján, 18. Write-in votes were: Bill Preston, 6 and Roy Phillips, 1.

Incumbents Jerry Webb and James Dorn won the Westbrook school board election with 20 votes each and county school board member W. A. Bell also drew 20 votes.

Both city council elections in Loraine and Westbrook were by write-in ballot as no one filed for either election. Incumbents Oden, Bell and Jones in Westbrook were re-elected: Mayor E. A. (Sam) Oden, 17; Cleburne

Rich, 1; Councilman, W. A. Bell, 18; Gerald Rollins, 1; Sidney Jones, 17.

Roy Holland and Donnie Phillips won the city council election in Loraine; Holland, 86; Phillips, 93. Phillips was incumbent along with Fay Hamilton but neither filed for re-election.

Other votes cast in the Loraine city council election include the following: Fay Hamilton, 19; Ray Preston, 7; J. C. Hall Jr., 4; Lynn Hamilton, 2; Gene Britton, 3; Robert Harmon, 3; Lillian Hallmark, 2; Laura Hock, 2; Howard Tartt, 3; Mike Stutts, 2; Herbert Mearse, 3 and the rest drawing one vote each, Harold Johnson, Roy Rankin, Watt Hart, Dr. Bruce Johnson, Woodrow Pratt, Aaron Carpenter, T. J. Green Jr. and C. L. Maynard.

DISTRICT WINNERS in the UIL one-act play contest held at Western Texas College in Snyder Thursday, the Westbrook cast of "The Crosspatch" will advance to area competition in Big Spring's Howard College. Practice will be Thursday and competition Friday. Members of the cast of three are shown here, from left, Pandora Moore, Julia Sweatt and Jim Anderson. Moore and Sweatt were selected to the District All-Star Cast and Anderson was selected for Honorable Mention. Director of the play is Judy Chitsey.

The Freshman track team at CHS placed second in the Sweetwater meet Saturday, losing first place by 2 1/2 points to Lake View.

City Zoning Board OKs 2 Exceptions

Colorado City's newly appointed zoning board of adjustment held its first meeting Thursday and granted two variances in the city code.

Members of the board are Joe Weaver, who was elected chairman, and Joe Martin, Bob Ratliff, Shirley Delaney and Selma Landau. One variance request was to change the residential zoning of the vacant lots on the corner of 18th & Chestnut so that a parking lot can be established for Root Memorial Hospital.

The board unanimously voted to approve the variance so that a parking lot can be established at that location, with members of the board noting that a parking facility is sorely needed at the hospital.

The board also granted a variance so that a self-service gasoline facility can be made a part of a proposed new convenience Colonial Store to be built at 12th and Hickory where Cummins Wood's Early & Late Grocery is now located.

Wood told the board he has sold the property to RH&R Development and they are planning to tear down all buildings at the site and build a 40-foot x 60-foot brick structure with self service gas pumps in front. The area was previously zoned for retail business but that zoning does not cover gasoline stations. Wood pointed out that in years past several businesses have had gasoline pumps in that area and there had been no zoning changes.

McKee Vaults To 1st Place

Wayne McKee's vault of 13 feet even won the Colorado City track team a first place in the pole vault in the San Angelo Relays Friday.

Field events were final but the running events were to be completed late Saturday.

Steve Belvin's season best of 48' 3/4" in the shot put earned him a second place in that event.

McKee's and Belvin's efforts earned the CHS team 18 points going into Saturday's finals in the track events.

A relay team and five individuals qualified for the finals for the CHS team.

Qualify For Regional

Regional qualifiers in the literary events include the following who placed in district UIL competition in Coahoma Saturday:

--John Woolsey, 1st in Number Sense.

--John Woolsey, 1st in Science.

--Craig Carter, 1st in Typing.

--Joannie Holder, second in Shorthand and Sheila Shaw, third.

--Eddie Gibson, third in Persuasive Speaking.

Autopsy Planned

Dental records of James Peter Smith "matched perfectly" the partially mummified body found under a county bridge on the Iatan Road Tuesday, March 23, Sheriff Bill McGuire told the Record Friday.

"Deputies Mike Stutts and Jim Reynaud are in Austin this morning to take the remains to renowned forensic pathologist, Dr. Jachimczyk, in Houston," McGuire said.

"If there's any way to find out the cause of death, Dr. Jachimczyk can do it," he added.

Matching of the dental records was completed in the DPS lab in Austin as was opening of a wallet found in a back pocket on the body.

An autopsy will be performed by the pathologist, probably Monday, McGuire said. Dr. Jachimczyk is also head of the Harris County Medical Office.

Afternoon Style Show

The B&PW Style Show is set for 2 o'clock this afternoon in Colorado High School auditorium as 106 models show fashions from Colorado City businesses.

Admission is \$1.50 and door prizes include a portable television set from Holbert's Appliances and Gifts.

Kindergarten Pre-enrollment This Week

Pre-enrollment for Kindergarten students who will attend Kelley Elementary School this fall will start Monday at the school and continue through the week.

Principal Esten Blackmon said that hours are from 9 a.m. until 3:30 p.m. but "if parents can't come anytime during the week at that time, they can phone my office, 728-3471, and make arrangements to meet me either early or late. I'm usually there in my office pretty early but if that's inconvenient, I could manage to meet them later in the evening."

Parents should bring a birth certificate showing that the student will be five years old on or before Sept. 1, 1976, Blackmon said.

"Parents who do not have the birth certificate should write for one from the county or state where the child was born," he added.

Students should also have begun the following series of immunizations by the time school begins in August:

--Diphtheria.

--Whooping Cough.

--Polio.

--Tetanus.

--Measles.

--Rubella.

"We are encouraging everyone to register students during the week," Blackmon said.

Tuesday, Wednesday Signup Set

A change in the signup for Little League has been announced for this season.

Parents are asked to accompany their baseball prospect to the Charles C. Thompson Room of City National Bank annex on either Tuesday or Wednesday from 6 to 9 p.m. each evening.

The reason for the change is that a parental signature is required on the registration form.

Boys or girls from ages 7-12 are eligible for Little League, including those who will be 7 by August 1.

In the past, forms have been distributed from the schools but will not be this year.

A larger than expected turnout in Colorado City Saturday returned three incumbents to the city council and one incumbent to the school board while another incumbent was defeated.

In the race for school board, five men were seeking two vacancies on the board. There was a total of 459 votes cast, including 15 absentees, with incumbent Jimmie Bolin, District manager for Dowell, leading the way with 295 votes. Also elected to the board was challenger Gene Blassingame, service station owner, with 241 votes.

School board incumbent

Bob Motley finished third with 190 votes in the race to elect two persons. Eddie Swinney, minister, received 79 votes, and Billy Moore, Sun Oil engineer, received 76 votes.

In the city council election, there were 356 votes including 11 absentees, with the three incumbents winning re-election to their posts in the election to elect three council members.

Councilwoman Marion Bassham, a Registered Nurse and owner of Spade Ranch, led the ticket with 342 votes, as she did when

she was first elected two years ago. Mayor Larry Hamner, partner in H&I Auto Air, received 300 votes and J. Lee Jones Jr., an attorney, received 197 votes. Challenger A. R. Straub received 111 votes.

In the hospital district election in which there were no opponents to the three incumbents, 110 votes were cast, including one absentee with board president Murrell Blassingame receiving 104 votes, board vice president Tom Moore receiving 103 votes and board secretary Bob Reilly receiving 107 votes.

Farmers Still Need To Sign Agreements

There are still 10 or 12 farmers in Mitchell County who have not signed forms agreeing to participate in the Boll Weevil Control Program, according to Pete Hester, president, and Ronnie Feaster, secretary-treasurer of the program's board of directors.

"About six of these have definitely said 'No,'" Hester said, "but the others still may come in to sign the forms available from any director or gin or even from their neighbors."

The producers association met Friday with Donnie M. Arnold, a representative of the Texas Department of Agriculture from Lubbock, and he helped the group to work out further details of the control program.

"The application will be aerial only," Feaster explained, "and will take a maximum of three days each time because of the necessity of covering all the ground at one time to keep the bugs from moving to cover in land that has been previously sprayed. These farmers who haven't signed the agreements may get more of the weevils on their acres than they would normally get because of the

weevils' tendency to move to cover."

"The program will cost \$6 per ground acre and that includes four applications," they said. "That amounts to \$600,000 countywide."

The state will furnish from 30 to 50 per cent of the cost and maybe those funds

will pay for an additional fifth spraying.

"There has been some concern about protecting fish and bees during the sprayings," Feaster and Hester said, "but if the producers association is notified of any such area, then precautions can be taken to protect those areas. A different type of chemical will be used around fish areas, public, private and commercial, and the bee hives can be covered."

Spraying will begin in mid-September. Most objections have centered around the expense involved, some farmers saying that they estimate they didn't lose much to the boll weevil during the past crop year.

However, county extension agent Bob Benson has said that the loss countywide amounted to as much as \$3 to \$4 million dollars.

Play Set For May

Rehearsals for the next Colorado City Playhouse production, "The Star-Spangled Girl," has begun at the Opera House with production dates set for two weekends: May 6, 7 & 8 and May 13, 14 & 15.

The Neil Simon play is fast moving and sparkling comedy, said Playhouse spokesman Larry DeBusk. "It deals with two earnest young men struggling to put out a 'protest' magazine and the All-American girl who moves in next door, managing to send both of them into a romantic tail-spin."

DeBusk and Porter Richardson are co-directors of the play starring Terry Revis, Mark Brosam and Leslie Schnauffer in the lead roles.

Photo Session For City

Citizens of Colorado City will be asked to gather in the downtown area for a town photograph, probably on a Sunday after church.

The photograph will be included in a book now being worked up by representatives of Backroads Graphics, Bill Worrell and Jay Johnson, president and vice president of the company.

They have been compiling photographs of Colorado City and surrounding areas during the past few weeks for the pending publication. The book will be a pictorial essay including significant historical sites and buildings in the city, activities, portraits of the local governing officials and various candid shots of citizens.

The finished book will be made available to the public.

An announcement will appear in the Record within the next few issues as to time and place for the town photograph.

Inspections To Start For Livestock Permits

Starting Monday, City Health Officer Mike Mickle will be checking permits allowing city residents to maintain livestock and poultry within the City Limits.

"It's important for everyone to know that a city ordinance forbids keeping livestock and poultry in the city unless a permit is applied for and issued meeting all requirements of the city statute," he said.

Regulations state that the manure or dung from the animals or poultry be removed within 24 hours and that structures for keeping the livestock be less than 150 feet from any dwelling.

Licenses are approved by the city council and subject to a \$10 fee, also subject to periodic inspections.

Any person who violates any provision of the ordinance is subject to a fine of not less than \$25 and not more than \$100, each day of violation constituting a separate offense.

Livestock means any horse, mule, jack, jenny, cow, cattle, hog, sheep, goat, rabbit or guinea pig and poultry means chickens, turkeys, geese, ducks and guineas.

Record Wins Award

The Colorado City Record has been selected as one of the five Regional winners in the Texas Conservation Awards program.

The newspaper award is for the best support of conservation in Texas and the Record won in competition with newspapers in the 52 counties of Region 2 in which the Mitchell Soil and Water Conservation District is located.

Jimmy Harrison, chairman of the Mitchell SWCD, was notified that the Record was selected as Region 2 winner.

In making the announcement, Harrison stated that the Record was entered in the Texas Conservation Awards Program because of the outstanding news coverage of conservation activities in the district. He further stated that the special conservation supplement published by the Record was outstanding as well as the overall coverage of farm and ranch news.

The Conservation Awards Program is going into its 31st year and is sponsored by the Fort Worth Chamber of Commerce, Texas Soil and Water Conservation Board, Texas Soil and Water Conservation District Association and the Soil Conservation Service.

Top Golfer In District

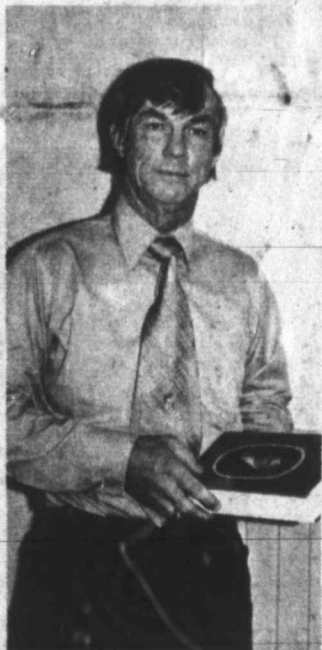

Susan Mahon, Loraine Senior, for the second year in a row has won the District 10-B medalist honor in golf, shooting a 94 for the top honor in Sweetwater Friday afternoon.

"That's the best score ever for me," she said following play.

She will advance to Regional competition at Levelland Junior College April 22 and 23, along with top 10B teams Highland and Hobbs.

Last year she won the district medalist, regional medalist and lost by one stroke for top honor in the state, bringing home a second place.

Susan competed on an individual basis from LHS in the district tournament.

BOOK REVIEWER Bob Reilly will present a review of biographies about Tom Paine as part of the local observance of Library Week, April 4-10. The special review is set for 7:30 p.m. Thursday in the Hesperian Room of the library and everyone in the community is invited to attend and share in refreshments and conversation following the review.

Review Set For Library Week

Bob Reilly, well known throughout the area as a book reviewer, will present a special review of biographies about Tom Paine as part of the local observance of Library Week, April 4-10.

Set for 7:30 p.m. Thursday in the Hesperian Room at Mitchell County Library, the review will include excerpts from Paine's own writings.

"Several biographers have 'rediscovered' Thomas Paine during this Bicentennial year," Reilly said recently while briefly previewing his proposed review. "He was the author of those stirring words of the American Revolution. These are the times that try men's souls."

Reilly pointed out that Paine made two major, crucial contributions to the American cause—his pamphlet "Common Sense," a deciding factor in convincing the colonists that the proper course was to revolt against

America, and the sixteen pamphlets entitled "The American Crisis" that he wrote during the early, pessimistic years of the revolution which had a tremendous effect in stabilizing the resolve and rekindling the enthusiasm of the colonists to persist in their fight against the then strongest nation in the world.

"It is a unique story of a man who, despite a background of poverty and little education, became the most widely-read man of the 18th Century," Reilly added, inviting all interested in hearing more about the American patriot to come to the review and help celebrate Library Week.

Theme for the 1976 observance is "The Bicentennial is Happening in the Library," proclaimed by Governor Dolph Briscoe in a statement calling attention to the role that easy access to information through libraries has played in our history.

LORAIN ONE-ACT PLAY

Although Mother Goose herself wasn't in Loraine High School's UIL One-Act Play, several of her contemporary friends were. For instance, Humpty Dumpty made her appearance and a dancing doll and what fairy

taie would be complete without a Prince Charming? The toys which will be presents for a little girl the next day for her birthday party come to life to act out an imaginary drama and love story of a ballerina doll

in love with a tin soldier but has promised to marry Prince Charming Cad.

The only drawback is the fact that Prince Charming must get a show to fit the dancing doll's "hard to fit" foot.

The villain, of course, is Prince Charming, as the audience's sympathies are immediately with the injured Tin Soldier.

Just like all fairy tales, this one ends with a happy crew.

CAST

Dancing Doll-Elida DeLoera; Tin Soldier-Susan Hayes; Humpty Dumpty-Joanna Hayes; Prince Charming-Cad-David Galvan; Daddy-Rueben DeLoera; Little girl-Susan McCollum; Mother-Theresa Smith; Maid-Maria Meadows; Monkey-Gay Jones; Good Fairy-Karen Tartt; Witch-Lea Ann Bowlin; Jack-In-The-Box-Brenda Oliver; Two grooms-men-Cindy Galvan and Rita Galvan.

Stage hands were Terrisa Brewer and Jay Sanford.

CHS ONE-ACT PLAY

Four CHS students participated in the UIL One-Act Play "Waiting For The Bus," a play depicting Western man and his prospects for the future.

Edith (played by Tammy Tammen) represents the eternal mother, the protector and the defender of the home while Andrew (played by Scotty Knowlton), her husband, represents the ci-

vilized man of cultural accomplishments whose vision has become blurred through lack of faith in the intangibles of life.

Benny (played by Jackie Lydia), a black shoeshine boy and Cynthia (played by Carol Moore), an old woman of ill repute represents a prejudice in the minds of the main characters.

Benny is the object of

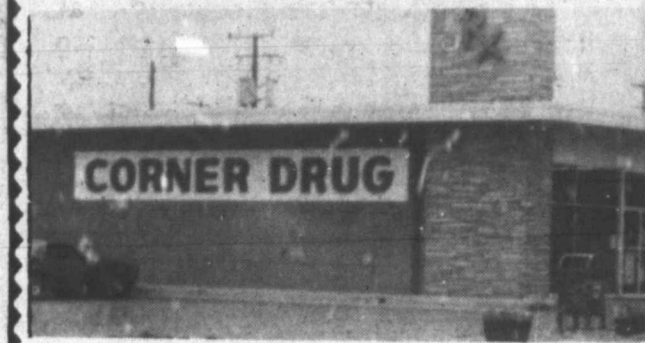

Andrew's racial prejudice and Cynthia is the object of Edith's social prejudice.

All through the play Edith keeps telling Andrew that he will be run over by the bus which has the undercurrent of asking the question, "Is it better to live aware of

the games one plays in life convinced that there is nothing beneath them or is it better to accept the games as the only reality, deluding oneself with false hope?

Oh! and by the way-Andrew does get run over by the bus.

Crosses & Burdens

Caddo Matthews

Pastor

Plainview Baptist Church

Colorado City

God never assigns a cross or lays a burden upon a person that he is not able to bear with God's help.

Crosses are chosen for us very carefully. God doesn't just thrust any cross upon us. He looks at our personality, our station in life, our friends, our intelligence, our faith, and the circumstances around us and then with infinite love and concern for us in His kingdom he chooses our particular cross that we are to bear.

chooses our particular cross that we are to bear.

Burdens also come upon us and with God's help, love, power and mercy we can deal with them. The Burden of sin is upon us, but God in His Word says, "Come Unto Me"; "I'll give you rest," "Take my yoke upon you," "I am meek and lowly in heart," Jesus bears our burden of sin. The Burden of separation from loved ones is upon us, but God's Word says, "I'll come again for you"; "Fear not death"; "To be absent from the body is to be with God." Rest assured that God has not left us alone, "He'll go with us all way."

The Burden of sorrow is ever present, but rest assured again that God doesn't act on the spur of the moment or hastily. In His great knowledge and power and providence He brings or allows sorrow, that we might put more trust in Him.

"God is too wise to do anything wrong, and too good to do anything harmful." Our part is to trust and not doubt. Draw near to Him. The poem whose author is unknown can be of help to all of us.

It Didn't Just Happen

Things don't just happen to the children of God,
They're part of a wonderful plan;
The troubles, reverses, the sorrows, the rod,
Are strokes of the Great Sculptor's hand.
When some dread accident strikes you a blow,
And you worry and fret and demand;
Why try so hard the mystery to know?
It's not just an accident, it's planned.
Have you been dropped from a place of power?
Do you wonder and reprimand?
Don't rebel, but look to Him in that hour;
This didn't just happen; it's planned.
Persecution, tribulation come down like a storm;
Friends, disappointment and withstand;
At last, all alone, bewildered, forlorn,
You look, and He smiles: "This is planned."
Do you wonder why God to affliction should call,
And why you must suffer and moan?
"No man should be moved by affliction," says Paul,
For you know it is part of the plan."
Did some dear one sicken and finally die?
Did your heart break with anguish and woe?
Did you question your Lord, and cry: "My God why?"
Don't question - He planned it just so.
Things don't just happen to children of God,
The blue print was made by His hand;
He designed all details to conform to His Son,
So all things that happen are planned.
No matter what happens to those called "His own,"
Events that are awful or grand;
Every trail of your life He sends from His throne;
Things just don't happen; they're planned.

Barbara Ann's New On Business Scene

Barbara Ann's, the Miss, Ms. & Mrs. Shop, is one of Colorado City's newest businesses.

The store at 157 E. 2nd, formerly known as Ed

Thrift's officially opened Feb. 5, 1976, and has, since that time, become the favorite shopping center for girl's and ladies' fashions. The business is owned by

Barbara Ann & Jackie Corbell. Both were raised in Colorado City and some 18 months ago, Mrs. Corbell entered the business world when she purchased Mode O'Day here.

Her husband, an operator at Texas Electric Service Co.'s Morgan Creek Power Plant, helps out in any way he can.

When she first entered the retail business, Mrs. Corbell didn't really know if she'd like it or not. But she quickly discovered that it was what she had always wanted. She enjoys working with people and clothes.

Late last year, she and her husband decided to go into an independent operation and open Barbara Ann's rather than continue with the chain store of Mode O'Day.

Mrs. Corbell expressed her appreciation to the tremendous response to Barbara Ann's since the fashion store opened. Among the many name brands on racks waiting for you are Center Stage, Faded Glory, Gotcha Covered, Texsheen, Maverick and Doggon'ts.

If you haven't already done so, now would be a good time to go by Barbara Ann's and browse.

Blossingame Exxon

Top quality service is available daily from (left to right) Grace and Gene Blossingame, Bill and Laverne Blossingame and Max Morales.

Service, Quality Products Are Blossingame's Trademarks

A service station should be exactly that, a place where you can get service. This is the philosophy of Gene and Bill Blossingame, owners and operators of Blossingame Exxon at Interstate 20 and Highway 208.

That particular service station has had a long history of good service and quality products, dating back to years before the Blossingame's bought it.

Previous owners included Jeff Taylor and then his son, David Taylor. They started

the tradition of good service, a tradition that has been continued by the Blossingames. From the first time you enter their driveway, you'll feel like a life-long friend of Gene and his wife, Grace and Bill and his wife, Laverne, as well as Max Morales and others who work at the station.

Everything is always clean and neat at the station, just like it should be.

Gene purchased the station some four years ago and

was later joined by his brother Larry. Larry has since purchased the Western Auto Store here. In late March, Gene was joined by another brother, Bill, who had returned here after living 10 years in Dallas. Mitchell County is home for the Blossingames. They're glad to be back and they appreciate your business. Not only do they give good service, but they also have the finest products--gasoline, tires, batteries--to offer from Exxon.

If you grow sorghum on sandy soils, it's time you tried Igran.

Igran 80W is a wettable powder
Caution: Keep out of reach of children. See additional caution statements on back of bag.
EPA Reg. No. 100-486

CIBA-GEIGY

Because Igran® is the sorghum herbicide that really fits the sandy soil conditions in the South High Plains and South Rolling Plains.

And because it fits, Igran is easier to use. There's no guesswork or experimenting with rates. Just follow the label directions.

Then watch your sorghum come through clean and healthy. Because Igran controls those tough broadleaf weeds like carelessweed and

annual morningglory. Controls them early, before they have a chance to rob your crop of vital soil moisture and nutrients.

Igran. Once you try it, you'll keep on using it. Because now you've got a sorghum herbicide that really fits your sandy soil conditions.

His speeches were divided into five sessions and were scheduled for afternoon and two morning sessions.

Topics were "Are You Fit To Be Tied?", "Is The Sexual Revolution Over?", "Men's Women's Liberation" and "Is Marriage On The Way Out?"

A question and answer period followed all sessions.

The purpose of the program, which was sponsored by the sociology, home economics and student services departments and the School of Liberal Arts, was to focus attention on family life in society.

A "Dutch Treat" luncheon was held at 11:30 a.m. Tuesday in the Starlight Ballroom. Bowman also spoke at this luncheon.

Margaret Lusk invited the guests to refreshments and a game of bingo. Refreshments included cake, pie,

sandwiches, chips, dip, coffee and soft drinks. Decorations of red, white and blue flowers, streamers, napkins etc. followed the Bicentennial theme.

The highlight of the evening was a drawing for a slo-cooker and a pitcher and glass set. Mrs. Verna Mae Devorce won the cooker and Mrs. Pat Boon of Westbrook won the glass set.

WESTBROOK HIGH OIL ONE-ACT PLAY

...District Winners

Maybe "The Crosspatch" was just the figment of Larry Randolph's imagination but it could've happened in Texas.

Depicting a western setting in a ranch house, Jim Anderson made his appearance on stage as a rancher and he really looked the part. He wore saddle-worn jeans, western shirt, holster and the inevitable cowboy boots.

His problem was a man who had recently died had owned him money and he had come to collect from the man's widow.

Julie Sweatt, playing the part of a mourning widow of an unfaithful man, refuses to give the rancher the money on the grounds that she doesn't have it.

The rancher decides he will stay in the widow's house until she gives him the money. Humorous argument finally culminating in a prospective gunfight take place.

Pandora Moore really doesn't complicate matters much as the maid but she adds the touch of humor (exaggerated) in her manner as well as her dress (she wears cowboy boots with her lovely dress).

Their dilemma is eventually solved when the widow and the rancher fall in love.

Costuming consultant for this district-winning play was Maxie Ware and furniture was loaned by Cheryl and Bubba Kennedy, Doc and Frances Sweatt and Mrs. J. H. Forrester.

Crew members include Carolyn Hubbard (make-up) and Steve Rollins (lights).
