THE SNYDER DAILY NEWS

VOL. 27 NO. 158 SNYDER, TEXAS (79549) THU., NOV. 4, 1976 12 PAGES 10c

Thursday update

Hijacker Surrenders

VIENNA, Austria(AP)—A 20-year-old Pole brandishing a dummy hand grenade hijacked a Polish airliner today on a flight from Copenhagen to Warsaw, forcing the plane to land in Vienna, officials said.

The lone hijacker, who was being deported from Denmark to Poland, then surrendered to Austrian authorities.

Vienna police identified the Pole taken into custody as Andrezej Jaroslaw Karoszinski. They said he appeared nervous and exhausted as he surrendered at Vienna's Schwechat Airport.

Rhodesia Date Proposed

GENEVA, Switzerland (AP)—Trying to break a deadlock between black and white delegates, Britain today formally proposed March 1978 as the target date for Rhodesian independence, informed officials said.

The proposal by Ivor Richard, British chairman of the Rhodesian settlement talks, was made at a full-scale meeting attended by leaders of four black nationalist delegations and by Hilary Squires, minister of Justice, law and order in Rhodesia's current white minority government.

The delegates suspended their deliberations in order to consider Richard's proposal, the sources said.

Debates Benefited Carter

NEW YORK (AP)—The televised debates between Gerald Ford and Jimmy Carter benefited Carter more than the President, apparently by giving the voters a better idea where he stands on major issues.

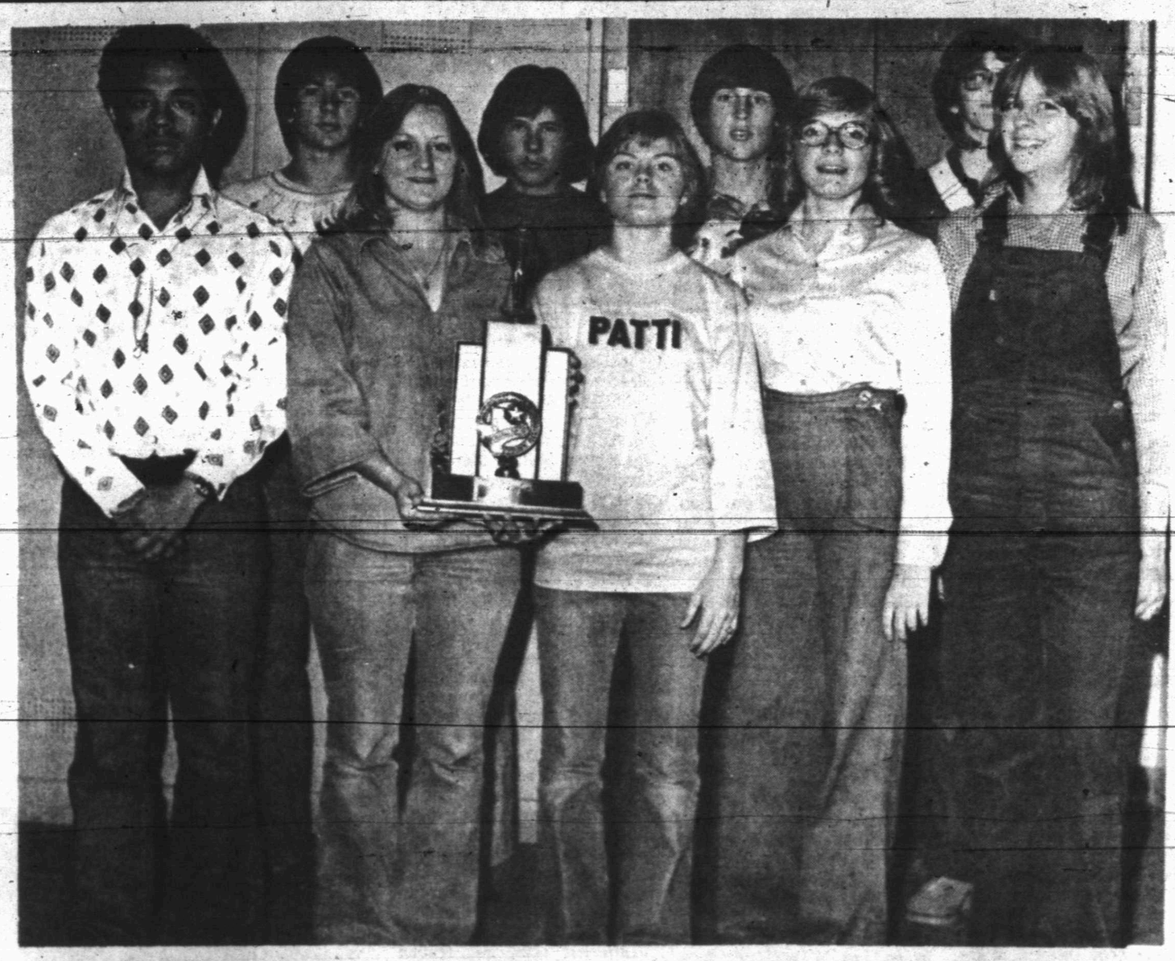

But an Associated Press survey of voters on election day found the debates dispelled only part of the voters' confusion on Carter's position on abortion and did not wipe out concerns about his fuzziness on issues.

The debates exerted less influence on Ford voters, but they also apparently helped expand supporters' knowledge about his stands on issues.

Market Swings Up

NEW YORK (AP)—The stock market swung upward today, bouncing back from the decline that followed the victory of Jimmy Carter in the presidential election.

The Dow Jones average of 30 industrial stocks, off 9.56 on Wednesday, was up 3.74 at 960.27 by noon time today. The gain would have been 3 points larger had it not been for dividend-payment adjustments in the prices of five stocks in the average.

DISPLAYING TROPHY—The nine Snyder High School band officers are shown displaying their First Division trophy the SHS band won in University Interscholastic League competition in Abilene Wednesday. From left, front row, are Andrew Contreras, Linda Proctor, Patti Ayers, Terri Ayers, and Martha Womack. On the second row, from left, are Randy Tate, Randy Lewis, Dray Sikes and Paul Derringer. (SDN Staff Photo.)

Industrial Goods Feed US Inflation

WASHINGTON (AP)—Higher costs for automobiles, fuel and other industrial goods boosted wholesale prices by six-tenths of a per cent in October, marking the second consecutive big monthly increase, the government said today.

The rise was smaller than the nine-tenths of a per cent increase in September, but still was the third-sharpest monthly increase this year and by no means good news for the incoming Carter administration.

Only a decline in agricultural prices kept the wholesale price index from rising more sharply.

The Labor Department said industrial prices surged 1 per cent higher last month, the largest one-month increase since last October when they rose 1.2 per cent. Thee prices have continued rising at a rapid rate since last June.

Economists are usually more concerned about price trends for industrial commodities as an indication of the underlying inflationary pressures in the economy since they are less volatile than farm prices.

Farm prices were down 1.2 per cent in October after rising 1.9 per cent in September. They had declined in both July and August. Prices for processed foods and feeds also dropped in October, declining seven-tenths of a per cent.

The Wholesale Price Index stood at 185.2 in October, meaning that goods selling for $100 at wholesale in 1967 now cost $185.20. Wholesale price changes usually are reflected, after a lag, in consumer prices, although the linkage is not precise.

October's six-tenths of a per cent increase, adjusted for seasonal factors, translate into an annual rate of 7.4 per cent. In absolute terms, wholesale prices rose three-tenths of a per cent last month.

The latest price report indicated that inflationary pressures are still strong in the economy.

Most economists believe that inflation as measured by consumer prices will increase about 5 to 6 per cent this year. That would be a slight improvement from the 7 per cent rate in 1975 but still would be high by historic standards.

The surge in industrial prices reflected hikes in transportation equipment, especially the 1977 model cars and trucks. Most vehicles and other equipment rose in cost 3.6 per cent last month, the government said.

Sharp increases also were reported for most fuel products, including crude petroleum and natural gas. Prices also rose for lumber and wood products, rubber, machinery and metal products,

Declining prices for hogs and grains led the 1.2 per cent drop in farm prices. Oil seeds and cocoa bean prices also declined last month following big increases in September. These more than offset increases for cattle, eggs, coffee and fruits and vegetables.

Especially significant for future trends was the 4 per cent price increase for crude materials in October. Price movements for these materials, the first step in the price chain, usually signal broader trends several months in advance.

Wholesale prices of consumer foods — basically the prices paid by supermarkets — declined four-tenths of a per cent following an increase in September and three consecutive months of decline in the summer.

Snyder High Band Gets 23rd Division I Rating

A perfect record for 23 years!!!

The Snyder High School Black and Gold Band achieved that distinction Wednesday when they earned a Division I rating in the annual University Interscholastic League marching contests at Abilene.

Involved were 29 bands in various classifications from the South Zone of Region 2 in the UIL.

The Snyder band was the only Class 3A band to receive a Division I rating from the judges, and it was the 23rd for the local bandsmen in the regional competition.

Competition for twirlers also was conducted and Snyder's twirlers recorded high scores. Rating Division I in solo twirling were Terri Dennis, Rhonda McAnear and Clinta McCowen, and rating Division II were Marla Jones, Debra Collum and Linda Alvarez. In ensemble twirling, Terri Dennis, Clinta McCowen and Rhonda McAnear received Division II ratings.

Three bands in Class 4A Abilene High, Abilene Cooper and San Angelo Central—received Division I ratings. Four in Class A were rated Division I. They were Rotan, Robert Lee, Haskell and Roscoe.

In addition to Snyder, the Class 3A bands entered were Sweetwater, which received a Division II rating, and San Angelo Lake View, which received a Division III rating.

The judges were Melvin Montgomery of Nacodoches, Everett Maxwell of Lubbock and Jim Harwell of Stephenville.

The Snyder High School Black and Gold Band is directed by Don Eiring and Ronnie Mayfield.

In the UIL ratings, Division I is superior, Division II is excellent, Division III is good, Division IV is fair, and Division V is poor.

Service For Mrs. Simmons

Mrs. Adell Cox Simmons, 81, of Hermleigh died at 2:10 a.m. today in Rolling Plains Memorial Hospital at Sweetwater.

Funeral service has been set for 2 p.m. Friday at the Bell-Seale Chapel and burial will follow in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Mrs. Simmons, who had lived in Camp Springs Community for many years, had lived at Hermleigh since 1958. She was a native of Williamson County and was married to Ira Simmons, who preceded her in death on Nov. 26, 1943.

Surviving are two daughters, Mrs. Mamye Dell Germann of Abilene and Mrs. Helen Winter of Hermleigh; three sisters, Mrs. John Kincaid of Tulia, Mrs. Estelle Gore of Olney and Mrs. Lewis Ficklin of Martinez, Calif.; a brother, Newt B. Cox of Batesville, Ark.; and two grandsons.

Romero Service Pending Here

Funeral arrangements were pending this morning at Bell-Seale Funeral Home for Mrs. Catarina R. Romero, 65, who died at 11:15 p.m. Wednesday in Cogdell Memorial Hospital.

Mrs. Romero is survived by her husband, Apolinar Romero of Snyder.

Erwin Pleads Guilty

CORPUS CHRISTI, Tex. (AP) — Frank C. Erwin, former chairman of the board of regents of the University of Texas, has pleaded guilty to charges of driving while under the influence of drugs and paid a $200 fine.

The SDN Column

There were a few records set in Tuesday's election, some of them here in Scurry County. Although we can't cite comparisons off-hand to prove it, we doubt that Scurry County ever had 70 per cent of its registered voters turn out for a general election before.

But one which may be even more impressive is the fact that election crews in the various precincts completed the count in less than two hours after the polls closed. This is even more remarkable when you take into account the fact that some of the larger polling places still had voters casting ballots right up the the 7 p.m. deadline.

We were amused at around 10:30 or 11 p.m. when we heard that the count on votes in Odessa had been delayed because of computer problems. Our votes had already been counted and announced two hours earlier without any computers.

★ ★ ★

The new proposal for a tennis center here has fallen on friendly ears in two presentations. The group proposing the center got a favorable hearing before county commissioners and the Snyder City Council. Nearly everybody agrees that that such a facility would fill a need here and would be a great asset to the community.

The problem is going to center on financing, but this can be handled, and likely will be. The proposal is being taken to the county, city and Snyder Schools. County officials indicated they were practically ready to go on an equal three-way basis. City officials have some misgivings about splitting it evenly three ways and they have a good argument. Those who live within the city limits of Snyder are the only ones who pay taxes to all three agencies involved—to the county, the school district and the city. And, if the city goes into it, it probably will have to use some tax funds for its share.

Of course those living in the city would be closer to the courts than others. But, as one of those pushing the proposal observed, no matter where the courts are located, the tennis players will get to them.

Apparently there are enough people interested in the project this time to give it more than the usual impetus.

★ ★ ★

We would think the proposal certainly is negotiable, and that if and when the three agencies sit down together to work at it, nobody will be unwilling to "bend" a little. It's pretty tough to say exactly what would be a correct formula in this case.

It was Will Rogers who was credited with the observation that "Maybe ain't ain't so correct, but I notice that lots of folks who ain't using ain't ain't eating."—WACIL McNAIR.

OHIO WIDENS MARGIN

Carter, Ford To Rest

By DONALD M. ROTHBERG
AP Political Writer

WASHINGTON (AP) — With the electoral count complete, victorious challenger Jimmy Carter and vanquished President Gerald R. Ford, both exhausted by their battle for the White House, are planning vacations before the rites of passage that mark the transfer of presidential power.

Carter was meeting today with Vice President-elect Walter F. Mondale, who scheduled a flight to Plains, Ga., for their first conference since the election.

Ford received another steam inhalation treatment for his hoarse voice and then went to the Oval Office for a day's work that included appointments with Secretary of State Henry A. Kissinger and United Nations Ambassador William Scranton.

Carter's paper-thin margin of 272 electoral votes — only two more than the minimum required for victory — increased today as Ohio fell into the Democratic camp with its 25 electoral votes.

Ford picked up six more electoral votes when The Associated Press declared him the winner in Oregon, giving him a complete sweep of states west of the Mississippi with the exception of Texas. But Carter had won the South and the populous states of the Northeast, giving him a final electoral vote margin of 297 to Ford's 241.

The 52-year-old Georgia peanut farmer and former governor, who spent nearly two years in his pursuit of the White House, said as he claimed his victory in the wee hours of Wednesday morning that he was pledging himself to "the unification of our country."

It will be up to the two winners, their staffs and the staff of Ford's White House to work out details of the transfer of the control of government from the defeated Republican president to the victorious president-elect.

While the principals in the fight for the right to lead the United States into its third century accepted the results of Tuesday's election and planned for the orderly transfer of power, vote counting continued in widely scattered areas.

Ohio went for Carter this morning with the secretary of state reporting a vote margin of 6,300 votes and the News Election Service reporting an edge for Carter of 7,575. About 750 absentee ballots remain uncounted, mostly in the Cleveland area.

In Oregon, unofficial figures showed Ford leading Carter by 1,911 votes with about 3,500 absentee ballots to be counted. The final count may not be completed until Friday.

Carter carried 23 states and the District of Columbia. Ford carried 27 states.

Lebanese Fight Heavy

BEIRUT, Lebanon (AP) — Moslem and Christian forces in Beirut battled through the night with rockets, artillery and tank guns in the city's heaviest outbreak of fighting since the cease-fire began two weeks ago.

Hospitals and militia sources reported about 15 persons were killed and 20 wounded during the night. It was the highest casualty toll reported since the truce began Oct. 21.

President Elias Sarkis and Arab League mediator Hassan Sabri Kholi got in touch with leaders of both sides, and a Palestinian spokesman said the fighting decreased after dawn. But sporadic artillery explosions were heard well into the morning.

Kholi and the Christian president appeared to feel that the outbreak of firing did not pose a serious threat to the truce and the companion peace plan worked out by Sarkis, Syrian President Hafez Assad and Palestinian leader Yasir Arafat at a meeting in Saudi Arabia.

The public also appeared undisturbed. Traffic jammed the streets in both the Moslem and Christian sectors, and shops, sidewalk cafes and restaurants were open.

Scurry Museum To Add More Brands

County residents who would like to have their livestock brands added to the walls of the blacksmith shop in the Scurry County Museum are invited to bring their branding irons to the museum between 10 a.m. and 12 noon on Saturday.

The blacksmith shop is in the permanent exhibit gallery of the museum and those who bring branding irons are invited to have coffee while the irons are being heated. Anyone who cannot stay may leave the iron or irons and pick them up next week. The museum would also like to have information about each brand, including the years in which it was used, who originated the brand and when it was last used or if it is still in use.

Persons who would like further information may contact Sharon Sutton, museum director, at her office in the museum or be telephone at 573-6107.

COOLER WEATHER

SNYDER TEMPERATURES: High reading Wednesday, 61 degrees; low reading, 40 degrees; reading at 7 a.m. today, 42 degrees.

West Texas: Fair today through Friday. A little warmer north today and mosts sections Friday. Highs today and Friday 60s and 70s, near 80 southwest. Lows tonight mid 30s mountains, near 40s elsewhere.

Final Spraying Completed Here

Aerial spraying crews who have been here for the past two months working in the diapause program to control boll weevils in Scurry County cotton fields were departing today.

The sixth and final spraying was completed Wednesday, and preliminary reports indicated that the last spraying may have been one of the more successful efforts during the two-month program which was organized by the Scurry County Producers Association.

Morris Light, president of the producers association, said that the infestations of boll weevils appeared to begin tapering off after the third spraying, and that early checks indicated a good kill on the final spraying.

The diapause program is designed to reduce the number of boll weevils that survive the winter months to infest the fields the following year. So, the program this fall, actually was mostly for the beneift of the 1977 crop.

This was the first year that a boll weevil control program had been in operation here. However, a similar program has been conducted annually northwest of here on the Caprock for several years.

A UNITED WAY AGENCY

Gonzales Rehab Hospital Restores 'Whole Persons'

The Texas Rehabilitation Hospital in Gonzales is a United Way agency dedicated to healing and restoring the whole person.

"We attempt," says William Hisey, hospital administrator, "to consider the whole person and to help him not only to perform the activities of daily living with greater skill, but to face living with greater confidence and belief in himself as a contributing member of society."

In its 35-year existence, the Gonzales hospital has established a widespread reputation as one of the nation's foremost rehabilitation centers. First begun as a polio treatment center in the early 1940's, it now concentrates on a variety of total rehabilitation programs.

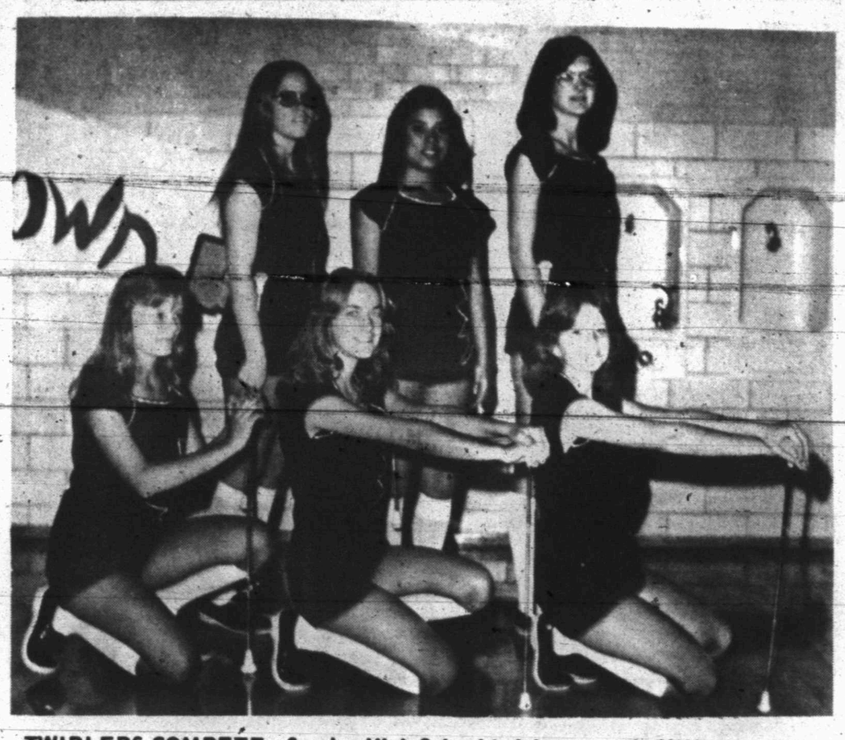

Patients undergoing treatment at the 50-bed hospital may be there as a result of accidents, injuries, birth defects, strokes, arthritis, or any of several severe disorders.

A highly qualified staff of doctors, nurses, therapists, and other specialists are well schooled in helping patients to recover and once again to function in society. "Some of the finest hospital equipment possible has been made available to aid patients in the program of physical regeneration," Hisey points out.

Set in a quiet country location, the hospital provides a park-like environment encouraging mental, emotional, and physical recuperation.

Education of patients is also a major emphasis at the facility. Special college-level programs are available to patients, and a special hospital school for grades 1 through 12 is operated through the Gonzales Independent School system. Also taught in the hospital are hobbies such as sewing, needlework, carpentry, or whatever a patient is able to master.

Therapy at the Texas Rehabilitation Hospital is designed to prepare patients for a better, more enjoyable life. The help they receive is still another example of your United Way pledge at work to give persons a hand up—the United Way.

TWIRLERS COMPETE—Snyder High School twirlers were in UIL competition Wednesday at Abilene. From left, front row, are Marla Jones, who received a Division II rating, Terri Dennis, Division I, and Rhonda McAnear, Division I; standing, from left, Debra Collum, Division II, Linda Alvarez, Division II, and Clinta McCowen, Division I. (SDN Staff Photo)

Appointees, Budget Top Two Tasks Facing Carter

WASHINGTON (AP) — Jimmy Carter has two priority tasks facing him in the months immediately before and after his inauguration. He must populate his administration, and he must put his imprint on the 1978 budget.

How Carter goes about doing both jobs will go a long way toward showing the nation and the world how he plans specifically to effect the ideas he talked of during his campaign.

A young Atlanta attorney, Jack Watson, has been working with a small staff since July on a transition plan for the new administration.

Among other things, Watson has prepared lists of potential appointees to the top jobs among the more than 2,000 Carter will have to fill. No names have been publicly discussed by the Carter staff, but some criteria have been.

Carter has said he intends to reduce the size of the White House staff and give more freedom and policy responsibility to Cabinet members.

Some key roles in the White House are expected to be filled by the small group of Georgians who were on Carter's gubernatorial staff and stuck with him through the campaign.

Campaign manager Hamilton Jordan is a likely choice for chief of staff; press secretary Jody Powell is likely to fill that job again. But, Jordan said, the staff is now limited to generalists. Specialists in foreign and domestic policy will have to be added.

Both Carter and his staff have reiterated their determination to place a large number of women, blacks and younger people in key roles. What amounts to a women's employment agency, "Talentbank 77," has been operating in Washington for several weeks, compiling names of potential women appointees.

"There will be a lot of new people," said Jordan. One of them, according to Carter, is going to be a replacement for Secretary of State Henry Kissinger.

Carter has been getting foreign policy advice from several experts, including Columbia University Professor Zbigniew Brzezinski, who is a likely candidate for a role in formulating the new administration's foreign policy.

Others who have been mentioned as possible candidates include former Pentagon officials Paul Nitze and Cyrus Vance and former undersecretary of state George Ball.

When he turns to domestic issues, Carter will be confronted with the realities of fulfilling his campaign pledges to lower unemployment, reform taxes, get started on a national health insurance program and still move toward balancing the federal budget by 1981.

His first task will be to reshape the 1978 federal budget; he will have just weeks to work over the document the Ford administration has been preparing for 18 months.

Watson and his transition staff have prepared a shorter version of the budget that outlines some places where Carter can change the outgoing administrations's priorities to reflect his own.

One of them, presumably, would be in the defense budget, which was expected to reach $121 billion under Ford. Carter has said it could be cut by $5 billion to $7 billion.

Eat At Home To Save Money

WASHINGTON (AP) — Eat at home if you want to save money on food, says a new Agriculture Department look at the nation's food market.

For all of 1976, the department's Outlook and Situation Board says, prices for meals and snacks in restaurants and fast-food outlets will average about 7 per cent higher than the 1975 average.

At the same time, prices of store-bought food for eating at home should come out about 2.5 per cent higher, it said.

Labor and utility cost increases are the principal culprits in both cases, officials said, noting that the farm value of foods produced on U.S. farms is expected to average 4 per cent below last year's average.

Constantly rising prices for coffee, an imported food, throw the scales off a bit, but the board said:

"Increases in retail food prices this year mainly reflect wider farm-to-retail spreads as well as the sharply higher prices for coffee and fishery products."

The USDA forecasters made no changes in this latest report in their main prediction: an over-all 1976 average increase in retail food prices of 3 per cent, including levels in these closing months only 1 or 2 per cent above late-1975 levels.

Next year, the outlook is still for prices 2 to 4 per cent above the January-June 1976 averages.

Large supplies of both crop-derived food supplies and meat are dampening retail price increases, the board said.

The portion of the price attributed to middlemen's costs and profits is expected to average 5 per cent higher this year than last, "well under the increases of the previous two years and a little below the rate of (general) inflation" which has been around 6 per cent.

Winfrey Rites In California

Word has been received here of the death of Mrs. Ruby Lee (Burney) Winfrey, 61. She died at 10:30 a.m. Wednesday in a San Diego, Calif. hospital.

Funeral services are set for Friday evening in Memorial Chapel in Rose Hill Memorial Park in Whittier, Calif.

Surviving are her husband, B.L. Winfrey of the home; two brothers, Joe Burney of Portales, N.M., and Jack Burney of Snyder; a sister, Mrs. Robert Warren of Fluvanna, and a number of nieces and nephews.

YOUR CHAMBER IN ACTION

By W. R. (Bill) Henry
Executive Director

SHOPLIFTING SEMINAR

Your chamber will jointly sponsor a Shoplifting and Customer Relations Seminar with the Small Business Administration Tuesday at the WTC Fine Arts Theatre beginning at 7 p.m. The Seminar is being held for the employes as well as the employers and should be very beneficial due to the upcoming holiday season.

Letters of invitation have been sent to all Snyder merchants along with a registration blank and agenda for the meeting. From the early response, we expect a large crowd. It is imperative we receive the registration blank to enable us to seat those in attendance. If we know in advance that the room will not accomodate the turnout, we will move to a larger facility.

The Seminar is expected to last about an hour and half, leaving adequate time for questions from the participants. Two short films will be shown and a panel discussion held. Millard Townsend of the SBA, County Attorney George Killiam and Police Chief Bill Stone will make up the panel dealing with retail crime.

WHY PARTICIPATE?

The era of shoplifting being confined to metropolitan areas is over. Shoplifting is taking place everywhere, including Snyder. The cost of this crime robs store owners of profit as well as increasing the cost of goods purchased by the consumer. Store owners now build into their price structure a percentage to cover their inventory lost to crime and accept it as just a part of doing business.

Hopefully through this Seminar, employes will learn how to deal with and uncover shoplifting schemes. A successful reduction in this activity will allow for lower consumer prices and additional money available for employe wages.

We are also pleased to be able to include the customer relations portion of the Seminar. Jobs as well as the fate of local business concerns rests on sales. If customers are not served quickly, courteously and professionally, they will find another establishment to purchase needed goods—either in town or another city. All of us are consumers. We shop where goods are offered at a reasonable price and where we feel comfortable.

Snyder presently enjoys success in serving as a trade center for many area shoppers because customers can find what they need and are comfortable here. Many other towns would like to have our customers and lure them through advertising, just as our local merchants do. We've been successful in keeping shoppers here, but our stores are judged every day by their customers. A couple of bad experiences by a customer may just mean the end of his or her purchases in a specific store or even a particular city.

PARKING PROBLEMS

The city is presently putting together a new parking plan for the downtown area following a request by Retail Merchants Committee chairman Ed Thrift. Preliminary work has been completed and will be presented to those interested following the Seminar. The study shows a net loss of about four spaces per side of the square, but allows about three extra feet per slot. This additional space will allow greater movement, less chipped paint and lost tempers, and a clearer view when backing out.

CHRISTMAS BONANZA

One final note concerning our retail establishments. The chamber's Retail Merchants Committee is putting together a special program for area shoppers. Participating merchants are giving away gift certificates as prizes, worth up to $5000, in six weekly drawings to be held during the holiday season.

All registration stubs will be picked up each Saturday beginning Nov. 20 and taken to the Chamber of Commerce Building. Three registration stubs will be drawn for gift certificates. The winning stub numbers will be recorded and sent to each participating merchant, Monday morning. Customers may take their stubs to any of these establishments to determine whether they have a winning ticket. If so, prizes can be picked up at the chamber office.

Different color registration stubs will be used each week to give customers five separate chances to win one of the 18 prizes. Advertisements will be placed over radio station KSNY and in the Snyder Daily News proclaiming which stores are participating and posters will also be seen in those stores.

Any merchant who has not been contacted who wishes to be included in the program may call the chamber office or committee chairman Ed Thrift at Men's II.

Weatherization Project OK'd

The Community Action Council of Nolan County, Inc., has received $5,000 for a weatherization project for Nolan, Fisher and Scurry Counties. This money is for the repair of homes to prevent infiltration of the cold. The repair work will consist of replacing broken or missing window panes, patching holes in roof, floors and walls, caulking and weatherstripping.

Elderly persons (those 55 years and older) of low income who are in need of such repairs are asked to inquire about and apply for the program. Prospective applicants in Scurry County should contact Celia Barrera in the Wallace Building, or call 573-0338. Applications should be made by Nov. 10. However, late applications may be accepted through Nov. 15 if necessary.

HOSPITAL NOTES

ADMISSIONS: Sharon Myers, 1244 Vine, Colorado City; Henry Woolsey, Star Rt., Box 72, Ira; Patricia Shands, 500 Twenty-ninth; Barbara Johnson, Rt. 2, Box 249; Maxie McNew, 3713 Noble Dr.

DISMISSALS: Lupe Munoz, Mrs. Will Gray and baby girl, Wood baby boy, Ricardo Medrano, Alan Fletcher, Alicia Yrugeras, James Tucker, Jeri Cline, Ruby Ince, Yolanda Adam.

Both Museums To Be Open Sunday

Both the Diamond M Museum and the Scurry Country Museum will be open from 2-5 o'clock Sunday afternoon.

The Diamond M Museum is in the Diamond M Building at 911 Twenty-fifth Street and the Scurry County Museum is on the campus of Western Texas College. Scheduled at the county museum from 2-5 Sunday is a reception honoring June Harbin of Big Spring whose paintings will be featured in a special exhibit through Nov. 23.

Livestock Market

FORT WORTH, Tex. (AP) — Livestock prices Thursday.

Cattle and calves 75. Not enough to test market.

Hogs 300. Barrows and gilts steady; 1-3 200-240 lbs 30.00-31.00, 3-4 180-270 lbs 29.00-30.00. Sows 1.00 higher; 1-3 300-600 lbs 25.00-26.00. Boars 300-450 lbs 30.00.

PRESENTS CHECK—Jeanie Turnbow is shown presenting a $500 check to Joe Jackson, an officer of the Goodfellows. The money was raised by the "Hope for Tomorrow" association, a weight control group. The money will be spent by the Goodfellows to purchase food for needy families at Christmas. (SDN STAFF PHOTO)

House Damaged By Vandals Here

Vandals struck a vacant house at 908 Twenty-ninth Street and inflicted an estimated $900 worth of damage to the interior of the structure.

City policemen reported that large sections of the sheetrock walls had been knocked out, leaving gaping holes in the walls and that most of the panes of glass in the house had also been knocked out.

The landlord first noticed that something was amiss when she saw the front door was open shortly before noon yesterday. When she saw the destruction of the interior of the house, she notified police officers. The vandalism is believed to have occurred last week.

A minor traffic accident occurred shortly after 8 a.m. Wednesday in the 1700 block of Twenty-fifth Street. A 1973 Chevrolet driven by Stanley Noah collided with a 1976 Ford driven by Maron Smith of San Angelo.

At 11:09 a.m., a 1971 Chrysler driven by Vinh Xuan Nguyen collided with a parked 1974 Chevrolet owned by Rudloph Hernandez. The accident occurred at 504 Twenty-eighth Street. Only minor damages were reported to the two vehicles.

The parking lot of Early's Grocery was the scene of an accident yesterday at 1:45 p.m. Involved in the mishap were a 1968 Chevrolet driven by Hart Lindsey Jr. and a 1973 Plymouth driven by David Hembree. Only minor damages were reported to the two cars.

A hit and run mishap occurred Wednesday afternoon at the north parking lot of Snyder High School. A parked 1973 Chevrolet owned by Gene Demiles was struck by another vehicle which left the scene of the collision. Only minor damages were reported to the Chevrolet.

Service At C-City For Mishap Victim

Funeral service was held Wednesday afternoon at Kiker Seale Chapel in Colorado City for Kenneth Wayne Hill, 24, former Snyder resident who died in a traffic mishap Monday near Midland.

The Rev. Glenn Roenfeldt, pastor of First Baptist Church in Colorado City, officiated at the funeral service, and burial was in Colorado City Cemetery.

Mr. Hill was killed when his car went out of control and rolled over east of Midland at the intersection of Interstate Highway 20 and U. S. 80 at about 6 p.m. Monday. Douglas Stevens, 23, of Colorado City, a passenger in the car, was treated for minor injuries and released from Midland Memorial Hospital.

Survivors of Mr. Hill include his parents, Mr. and Mrs. James O. Hill of Colorado City; a son, Shane Dale Hill of Snyder; two sisters, Marsha Hill of Colorado City and Mrs. Linda Compton of Snyder; three brothers, Mark Hill and Ricky Hill, both of Colorado City, and James Hill of Snyder.

Within the city of Rome lies Vatican City, an independent country of 0.2. square miles.

HD Agent Gives Demonstration On Making Holiday Breads

By FRAN FARMER

Ruby Butts, Scurry County Home Demonstration Agent, has prepared a demonstration on "Making Holiday Breads" and will be presenting it during the month of November to various clubs, home demonstration clubs and at each community center in the county where enough interest is expressed. Miss Butts will be available to any interested group and she stressed that they do not have to be home demonstration clubs.

To arrange for a program call Miss Butts at her office, located in the agriculture building located on the coliseum grounds, 573-5423.

In her demonstration Miss Butts gives helpful hints on making yeast breads and offers a variety of ideas for decorating breads for the holiday season.

Working from a basic sweet dough recipe she shows how to achieve several breads including cinnamon rolls, Swedish tea ring, a double braid and a cinnamon loaf.

"In working with sweet dough, use as little flour as possible in rolling it and moving it. It needs less kneading than regular bread dough and can easily have too much flour and handling causes a tough dough" Miss Butts advised.

HOLIDAY BREADS—Ruby Butts, Home Demonstration Agent, will be giving demonstrations on "Making Holiday Breads" during the month of November. In the picture above she shows the Christmas Tree which is made of cinnamon rolls.

BASIC SWEET DOUGH

2 packages or cakes yeast
½ cup lukewarm water
2 cups milk
1 cup butter or margarine
2 teaspoons salt
1 cup sugar
Rind and juice of 1 lemon
1½ cups chopped nuts, raisins, citron candied orange peel, if desired
4 eggs
½ teaspoon ground nutmeg, mace or cardamon
8 to 10 cups flour.

Soften yeast in water. Scald milk and cool to lukewarm. Cream together butter or margarine, salt and sugar. Add slightly beaten eggs, lemon, spice, lukewarm milk and soaked yeast. Stir in flour, keeping dough softer than for loaf bread.

Turn out onto lightly floured pastry cloth and knead. Place in a greased bowl and brush top lightly with fat. Cover and let rise in a warm place until doubled in bulk. Punch down and mold in some of the following shapes, brush with butter or margarine, let rise until almost doubled and bake at 350 degrees.

The following recipes call for one half of the above recipe.

CINNAMON ROLLS

Roll basic sweet dough gently into rectangle ¼ inch thick, 15 inches wide, any length. Brush with butter or margarine, and sprinkle with sugar and cinnamon. Roll up as for jelly roll, pressing down last edge firmly. Cut into 1 inch slices. Place close together, cut side up, in shallow, greased pan. Sprinkle tops with sugar and cinnamon. Let rise until doubled in size. Bake at 350 degrees about 25 minutes, depending upon the size of the cinnamon rolls. Spread with powdered sugar or butter icing.

CHRISTMAS TREE

Make cinnamon rolls and start at top of three placing 1 cinnamon roll at top of cookie sheet for tip of tree. Form line across pan with 2 rolls then 3, etc. until bottom line of rolls is width of pan or until you've used all except 2 rolls to be used for trunk of tree. Bake at 350 degrees. Glaze while hot.

Use white or colored glaze and decorate tree while glaze is moist, with red hots, cherries, sugar sprinkles, or glazed candied fruits.

NOTE-Canned cinnamon rolls may be used.

GLAZE RECIPE

1 cup powdered sugar
1 teaspoon butter
½ to 1 teaspoon lemon flavoring
3 to 4 tablespoons milk
Mix together and glaze rolls while hot.

SWEDISH TEA RING

Rolls basic sweet dough into rectangle about ½ inch thick and 8 inches wide. The length depends on size ring desired. Brush with butter or margarine and sprinkle with mixture of ½ cup brown sugar and 1 teaspoon cinnamon. Roll up like jelly roll, sealing edge. Form into ring on greased baking sheet. With scissors cut through ring almost to center in slices about 1 inch thick. Turn each slice on its side slightly overlapping. Brush lightly with melted butter or margarine. Let rise. Bake at 350 degrees 25 to 30 minutes. When cool, frost with powdered sugar icing or butter icing, and sprinkle with chopped nuts.

Glazing is important in making this a pretty holiday bread. Leave area where cut side of roll with filing shows to best advantage. Glaze should be applied in a way to add contrast to the baked item. Use cherries, both red and green, to create a wreath or use nuts of candied fruits in the filling. Brown or white sugar may be used or a thin filling of strawberry or your favorite preserves can be substituted. "When you learn the technique, the sky is the limit in breads" Miss Butts added.

DOUBLE BRAID

To make double braid roll dough into rectangle approximately ½ inch thick. Butter with soft butter and cut into 3 equal strips length wise. Put filling down center and form each strip into a roll. Be sure to seal edges. Place rolls side by side and braid. Put on cookie sheet and make another rectangle smaller than the first. Repeat the process. Brush top of first roll with milk to make braids stick together. Place smaller braid on top of first. Tuck nuts and candied fruit into crevasses of braid. Bake at 350 degrees about 30-35 minutes or until done.

FILLING: Make the filling with white sugar and cinnamon or brown and white sugar mixed together with cardamon or mace. Add nuts if desired.

GLAZE:

1 cup powdered sugar
½ to 1 teaspoon lemon flavoring
2 teaspoons butter
3 to 4 teaspoons milk

Mix until smooth and glaze top of each strip as it goes over the top in braid to make briad stand out.

Art Guild Club Has Program On Girltown, USA

The Art Guild Study Club met Nov. 2 at 7:30 p.m. at the Martha Ann Woman's Club with Mrs. John De Shazo presiding.

Mrs. Dell Smith was hostess and program leader. Mrs. Smith's guests, Mr. and Mrs. Ronald Huckeby, presented the program on Girltown, USA. They told of the care given to girls with special needs on the three campuses now operated in Texas at Whiteface, Borger and Austin. Also they stressed the financial help needed by this organization to further help care for the growing number of girls who need to be placed in these facilities. Mr. and Mrs. Huckeby had been employed by Girltown and their information was from actual experiences.

The hostess served refreshments to 20 members and 2 guests.

By Oswald & James Jacoby

A and B, who used to defend all the auction bridge hands in the '20s, are too old to play much duplicate any more, but they had put in an appearance for an afternoon game. Sitting East and West they had very few hands to play and with their long practice in defense had a good chance to win the duplicate when they defended the last hand.

B opened with one diamond in the East seat. After South jumped to four spades, A proceeded to double. North redoubled and A opened his deuce of diamonds.

B proceeded to cash three diamond tricks and A carefully discarded the deuce of hearts on the second diamond and the ace of hearts on the third one. Now B led a heart and A ruffed to set South one trick and give A and B a top score.

"What a magnificent play," said South. "I bet that you are the only pair to set four spades."

"Probably so," replied A, "but back in 1927 or 28 B and I beat a spade game in Wilbur Whitehead's column by that same play. I knew we weren't going to beat you more than one trick. This was a safety play just in case you were void of hearts."

Ask the Jacobys

The gremlins got to us in one of our answers a couple of months ago. The bidding was supposed to have proceeded three clubs-pass-pass-double, but somehow or other an extra pass got in.

The double after two passes is for takeout. The double after three passes is for the birds.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

COMMUNITY CALENDAR

THURSDAY

Snyder Writers' Guild will meet at the West Texas State Bank, Community Room at 7:30 p.m.

FRIDAY

Altrurian Club will meet at 3 p.m. at Martha Ann Woman's Club with Mrs. Giles Bowers as hostess.

Open duplicate bridge at 1:30 p.m. at Snyder Country Club.

SATURDAY

Texas Federation of Women's Club Junior Area Seminar will be held from 10 a.m. to 4 p.m. in the Student Union Lounge at WTC.

Amitie Jr. Study Club will host the workshop and seminar.

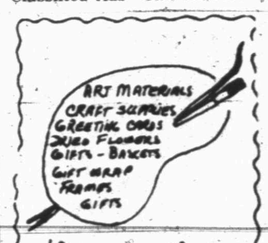

First Assembly of God Church Bazaar will be held from 9:30 a.m. to 5 p.m. in the fellowship hall of the church. The public is invited.

Branding in the Blacksmith Shop, Scurry County Museum, 10 a.m. to 12 noon.

SUNDAY

Reception honoring June Harbin, guest artist, Scurry County Museum, 2-5 p.m. Diamond M Museum open, 2-5 p.m.

Tigers Hope To Spoil Dunbar's Title Hopes

"It's gonna be a good game, and we're going to play like it is for all the marbles," said Coach Mike Jenkins whose Snyder Tigers are preparing to meet Lubbock Dunbar at 7:30 tonight in Lubbock in a District 3-AAA football clash.

Dunbar is 3-1 in district play and 5-1-2 for the season. The Tigers are 5-3 for the season and 2-2 in league action. Dunbar has scored 140 points while giving up 86 to the opposition. Snyder holds a 106-96 edge in scoring over its foes.

"I expect a fine ball game," said Coach Jenkins. "We've got to control the line of scrimmage and not let them put over the big play."

Jenkins has two big worries. They are Kenneth James, 178-pound junior, and Dennis Gentry, 175-pound senior. Both are halfbacks in the Panthers' Winged T and Wishbone formations, and both run the 100 yard dash under 10 seconds.

Guiding the Panther attack will be Walter Alsbrooks, 165-pound junior. At fullback, will be Gary Adams, 185-pound senior.

The Tigers will counter with a veer attack guided by Tim Falls, 165-pound senior quarterback. Coach Jenkins said Ricky Beard, 202-pound senior, may be able to start tonight. He's been out with an injured toe. If Ricky, the Tigers' main ball carrier, is unable to start, then the probable starter at fullback will be Doug Morrell, 160-pound senior.

At tailback will be Clay Peterson, 150-pound junior, while Johnny Velasquez, 145-pound junior, will be at flanker back.

After a three-game losing streak in midseason, the Tigers have jelled again and currently have a lot of momentum going for them. They knocked off preseason favorite Lubbock Estacado, 20-0, last week. Dunbar beat the same team 27-0 earlier in the season. The Panthers have a lot of incentive to win this one since they're still in the district race.

Peterson hit full stride a couple of weeks ago, gaining over 200 yards rushing and turning in a 61 yard touchdown run in the Sweetwater game.

The Tigers have missed Beard. Taking up some of the slack at running has been Falls, who can hurt you with either the pass or the run. He gained 79 yards on 21 carries against Estacado and was the leading ball carrier in the game.

If Snyder wins its next two games, the Tigers can close out with a fine 7-3 season record.

Defensively, the Tigers will be in a "52" alignment. The Panthers use a five man front but sometimes have three linebackers.

Coach Jenkins has made a couple of changes on defense. He is starting Alan Row, 170-pound senior, at left linebacker, and he has moved Darrell Lester, 220-pound senior, to nose guard. Trent Terry, 150-pound senior, has been moved from safety to the strong corner, and Clay Peterson has been installed at safety. Ramsey Tercero will be at quick corner.

Other defensive starters are Hubert Thompson at left end, Richard Willis at left tackle, Greg Pavlik at right linebacker, David Rice at right tackle, Ricky Fritz at right end and Doug Morrell at monster.

In the offensive line for the Tigers, will be David Rice at left end, Richard Willis or Darrell Lester at left tackle, Doug McGee at left guard, Sam Kitching at center, Lee Allen Jarrell at right guard, Scott Crenwelge at right tackle, and Tracey Witherspoon at split end.

Starting in the offensive line for the Panthers will be Melvin Johnson, 177, and Douglas Birderm 193, at end; Glen McBrewer, 211, and James Russell, 160, at tackle; Vernon Gibson, 170, and Louis Beasley, 230, at guard; and, Darrell Henderson, 202, at center.

Dixon Would Like To Be Oldest Pro

TEANECK, N.J. (AP) — When Mal Dixon, a college place-kicker, graduates next June, he'd like to turn pro. If he does, he'll be the oldest rookie — in fact, the oldest active player — in the National Football League.

He's already the George Blanda of the college set. Dixon is a 46-year-old senior at Fairleigh Dickinson University and the oldest active college player.

"I'm old but I'm eager," Dixon says, suiting up to take the ribbing and hard hits from opponents half his age. "There's no easy treatment for me — they're trying to knock off my head and I'm trying to knock off theirs."

Dixon retired from the restaurant business four years ago and went to college to get a degree in education. It had been his lifelong dream to play college football, and he didn't let his age stand in the way.

"My first year here, I happened to see the football team working out. So I thought I'd go out for it," he says. "My wife thought I was crazy and my kids didn't believe me, but they came around."

Dixon not only does the place-kicking but also occasionally fills in as a defensive lineman. He has hit on 11 of 12 extra points but missed his only field goal attempt this year. The team is 1-5 and usually playing catch-up, so he doesn't get a chance to try too many field goals. In practice he booms 45-yarders.

"I'm in better condition now than when I was in my freshman year," says Dixon, who, like many collegians, would love to play pro ball.

"There are a lot of pro teams that can use a backup kicker, and if I'm given the chance I'd like a tryout," he says.

Dixon started out life with a heart murmer that kept him on the sidelines during his early years, but went away after he started school.

"I had to stand around and watch other kids have fun, but when I finally could play I built myself up so I could do 200 pushups at a time," he says. "I enjoy it very much — the physical activity, the competitiveness, even the warming up. It's a matter of doing things, rather than sitting back in your living room getting fat.

"It's not just me. There are plenty of older people now who want to take part in sports, and there's no reason they can't. Some people in their 50s and 60s can play soccer and basketball, and I know a fellow in his 70s who can beat me in a foot race."

OU Asks About Football Probe

NORMAN, Okla. (AP) — University of Oklahoma President Dr. Paul Sharp wired the National Collegiate Athletic Association Wednesday asking it to state whether or not it is formally investigating the OU football program.

In a telegram to Walter Byers, executive director of the NCAA, Dr. Sharp said: (The) "Oklahoma City Times reports today (Wednesday) that you have issued a prepared statement in which 'previous comments by officials at OU were branded inaccurate.'

"Please provide by returned telegram (collect) a copy of alleged prepared statement. Further by returned telegram (collect), please state in plain language whether or not the University of Oklahoma is under official investigation by NCAA as required by Section 3, official procedure governing the NCAA enforcement program, NCAA manual 1976-77."

Byers released a statement earlier Wednesday that said the NCAA is conducting a preliminary probe into allegations of ticket scalping by OU players.

He said Sharp called him on Oct. 25, the day the Oklahoma City Times first reported the NCAA was investigating the allegations.

"I advised him that allegations of noncompliance with NCAA requirements previously had been received by our office, that we were in the process of investigating them to determine the reliability of the sources of the allegations and the extent of supporting details for the charges and that results of those initial interviews would determine whether there was cause for the formal notification procedures of the NCAA enforcement program," Byers said in a statement.

Dr. J. R. Morris, OU vice president for the university community, issued a statement Wednesday evening explaining the difference between a preliminary probe and a formal investigation.

"The difference between an initial inquiry and a formal inquiry is more than one of semantics," Morris said. "A formal inquiry means that the Committee of Infractions has made a formal decision that there is evidence to warrant an official inquiry and at that point the institution is notified and fully informed of the matter of inquiry.

"As a matter of fact, that committee decision had not been made on Oct. 25, and, so far as we know, has not yet been made. It is highly irregular and a violation of the NCAA's own procedures to report to a newspaper that an initial inquiry is being made."

Dave Cawood, NCAA public relations director, said Byers issued the statement only after his conversation with Dr. Sharp became public knowledge.

"When he talked to Dr. Sharp, he thought the conversation was a private one," Cawood said. "After published reports of the conversation were read by him, he felt it was in order to set the record straight."

Michigan State's Eric Allen holds the record for most rushing yards in one game, 350 against Purdue in 1971.

Teaff Says Hogs Have Best Defense In SWC

LITTLE ROCK (AP) — Baylor coach Grant Teaff says Arkansas is much better than it was last year when the Razorbacks beat his Bears 41-3.

The reason, Teaff says, is defense.

"Arkansas has the best defense in our league," Teaff said. "I've seen some film on everybody. Their defense improved last year, but they are much better defensively than they were when we played them."

"If we had played them at the end of last year, they would have scored 150 points," Teaff said. "Scott Bull was just beginning to come into his own when we played them."

Baylor plays Arkansas Saturday at Waco and Teaff was asked if the Bears would dare Arkansas to throw the football by forcing on defense.

"You've got to stop Arkansas' from getting the long run," he said. "They have a half-dozen running backs capable of breaking one. But (Ron) Calcagni has started to throw the ball real well and you can't give up the long pass."

Arkansas had four backs rush for more than 85 yards each in last week's 41-16 rout of Rice. Calcagni completed four of 10 passes for 107 yards against the Owls.

For the season, Calcagni has completed 15 of 48 passes for 316 yards.

Arkansas coach Frank Broyles says, however, that the Razorback passing game is on the upswing. He says the development of freshman Bruce Hay will help.

"We thought he would be ready to play a couple of weeks ago, but he pulled a groin muscle," Broyles said. Hay injured his knee in the first scrimmage of his college career in August 1975 and was classified as a hardship case by the Southwest Conference.

Hay, a high school quarterback, caught three passes for 59 yards against the Owls. He grabbed two for 35 yards as the Razorbacks drove 79 yards with the second-half kickoff to tie the score 7-7.

"There is no doubt in my mind we're going to get better and better throwing the ball," Hay said. "It seems every team has its cornerbacks playing right up on the line, pressuring the pitch man. It is only a matter of time before we start taking advantage of this all the time."

Broyles says he is certain the Bears will be "extremely high" for the Razorbacks because they have been idle since Oct. 16.

"They will be mentally refreshed and they have a chance to knock a team like us off," Broyles said. "We've got to play like it's the only game on our schedule."

Teatt says the Bears worked on improving their execution, both offensively and defensively, during the layoff. He also said he gave the Bears a mental rest during the first week of the idle period.

The 12th-ranked Razorbacks are 5-1 for the season and 3-0 in the Southwest Conference. Baylor is 4-2 for the year, but only 1-2 in league play. The Bears lost to Texas A&M 24-0 in their last outing.

The Bears came from behind in three of their four victories and Teaff said that exemplified the players' character.

"They are fine individuals as well as pretty good players," Teaff said. "We would have had a chance to show that character in the A&M game except for a stupid coach. In the fourth quarter, I never gave them a chance."

Teaff was asked about the quarterback situation where freshman Sammy Bickham has moved up to No. 2 behind senior Mark Jackson.

"Jackson is, without question, our leader," Teaff said. "We would not be 4-2 if it weren't for Jackson."

He also said that tailback Cleveland Franklin is healthy for the first time since before the season began. Broyles says Franklin and No. 2 tailback Gary Blair have the potential to give Baylor the big play.

Broyles says the Razorbacks must be disciplined on defense because Baylor's multiple offensive scheme "provides more of an opportunity to make a mistake."

"Baylor has what I think are the capabilities, offensively and defensively, to win any and all games," he said.

Football Playoff Game Slated Here

Forsan and Wilson School officials have chosen Snyder as host for their Zone 3-B playoff football game beginning at 7:30 p.m. Friday, Nov. 12 at Tiger Stadium, Snyder Chamber of Commerce officials announced today.

"Wilson and Forsan are both undefeated and hold positions in the state's Top Ten Class B football rankings," said athletic playoff committee chairman Milton Ham after successfully recruiting the game to Snyder.

"We are pleased to have these schools and their fans visit Snyder and look forward to a very fine athletic contest."

"This is the first of, hopefully, many playoff games coming to Snyder this season," chamber executive director W.R. (Bill) Henry said. "We will have as many of these contests as possible because we feel this provides a very good return on our investment in the form of economic benefit to Snyder."

Forsan and Wilson, both 9-0 with one league game left on their schedule, rank seventh and ninth, respectively in AP's Top Ten. In achieving its undefeated record, Forsan has outpointed its opposition 321-12. Wilson has accumulated 337 points to the opponents' 40. Wilson also boasts the leagues top three scorers in Wes Wilke, Carlton Henderson and Phillip Bednarz with 126, 77 and 66 points, respectively.

Forsan, running a much more balanced attack, has no one listed in the district scoring leaders list but its defense has allowed only one touchdown in zone play and one in non-conference.

Tickets have been priced at $1.50 for adults and 50 cents for students, and will be available at the gate. The Snyder Chamber of Commerce will furnish the district trophy. Snyder Supt. Bill J. Hood gave chamber officials notice that the two schools were considering Snyder.

Expos Open Re-Entry Draft

NEW YORK (AP) — The Montreal Expos opened baseball's first-ever re-entry draft today by selecting slugger Reggie Jackson as the No. 1 choice among the 24 players available.

Like the others, Jackson achieved free agent status by playing the 1976 season without signing a contract.

After the Expos made him the historic first choice in a selection announced by Charles Bronfman, the club's board chairman, Jackson was expected to be picked by 11 more teams who would bid for his services along with his old club, the Baltimore Orioles.

Jackson batted .277 with 27 home runs and 91 runs batted in after being traded to the Orioles by the Oakland A's just before the start of the 1976 season.

He has a career average of .267 with 281 homers in 10 major league campaigns.

The Expos, who had the poorest record in the National League last season, were followed in the drafting order by the Chicago White Sox, the bottom club in the American League.

The draft was to continue with the leagues alternating selections and teams picking in inverse order of last season's won-lost records.

Optimists Plan Events To Honor City's Youth

A number of activities will be on the calendar for the observance of Youth Appreciation Week, the Snyder Optimist Club, sponsor of the event, has announced.

Mayor John Fagin proclaimed the special week for Nov. 7-13. This week is set aside each year by Optimist International for the people of the cities and towns across the nation to show the youth of their respective communities that their accomplishments do not go unnoticed and to let them know that they are a vital part of their community.

The youth Appreciation Week activities here will be climaxed on Thursday evening, Nov. 11, by a Youth Appreciation Banquet. The parents of the young people, any age, and people who employ youth in their businesses are being encouraged to bring them to the banquet. Also, civic clubs and interested individuals are invited to attend the banquet and bring young persons.

Snyder Optimist Club spokesmen said they felt that there is no better way to really show the young people of the town how much they are appreciated than to dedicate this banquet to them. They have asked the cooperation of the entire community to make the event a success.

Tickets for the banquet are priced at $3.85 each. The meal will be a barbecue dinner, served buffet style. Entertainment will feature high school students in the SHS Musical, "Sound of Music," which is being prepared for presentation Nov. 19-20. They will sing selections from the musical. Dr. Joe Reaves will be the speaker.

Winners of the Optimist Club's essay contest will be announced during the banquet, which will be held in the Scurry County Coliseum, beginning at 8 p.m. Nov. 11. Tickets may be purchased at Texas Electric Service Co., Forrest Lumber Co., Snyder Athletic Center, or from any Optimist Club member.

Further information about the Youth Appreciation Week events may be obtained from Eddie Williams at 3505 Irving, or by calling 573-6933.

MINORITIES, RUPUBLICANS GAIN

Texas Legislature Mostly White, Male , Democrats

By LEE JONES
Associated Press Writer

The 1977 Texas Legislature will be mostly white, male and conservative Democrat but Tuesday's election did boost the number of black, Mexican-American, female and Republican lawmakers.

Labor also claimed an increase in its "friends" in the House.

Conservatives will maintain strong working majorities in both chambers and hold top leadership positions in the 65th legislature that convenes Jan. 11.

Gains by Mexican-Americans, Republicans and blacks resulted chiefly from a bill passed last year under federal court order, dividing nine populous counties into single-member House districts.

Mexican-Americans picked up one Senate seat, for a total of three, with the election of Carlos Truan of Corpus Christi, a liberal who crusaded as a representative for better state mental hospitals and schools for the retarded.

Rep. Carl Parker, D-Port Arthur, another liberal, replaced retiring Sen. D. Roy Harrington.

Otherwise, the 31-member Senate's composition will remain the same.

Turnover in the House was slightly below average, with 38 new members elected Tuesday. Only one incumbent was defeated—Rep. J. L. Brisco of Houston, a Republican chosen in a special election this year.

Eleven more House members were whipped in the primaries.

Changes in the composition of the House include:

—An increase of four Mexican-Americans, from 13 to 17.

—The addition of four blacks, raising their numbers from eight to 12.

—An increase in Republican strength from the 16 members they had in the 1975 session to 18 in 1977. (Brisco had replaced Democratic Rep. Joe Pentony, who resigned to run for the state Senate in the primary election last spring.)

—A net gain of three women, for a total of 10. One of the seven women in the 1975 House, Kay Bailey of Houston, resigned earlier this year to accept appointment to the National Transportation Safety Board.

The four additional Mexican-Americans came from Corpus Christi, El Paso, Lubbock and Beaumont-Port Arthur, where countywide election of representatives gave way to neighborhood districts.

Republicans made their gains in Tarrant County and Lubbock, where television sports and weather announcer Joe Robbins defeated stockbroker Roy Ward. Expected increases in Travis and El Paso counties failed to materialize.

Two of the four new black members, airline pilot Al Price of Beaumont and Leonard Briscoe of Fort Worth, won in newly carved individual districts. The present Tarrant and Jefferson County delegations are all-white and all-Democrat.

A labor leader said, "our friends (in the House) increased from 59 to 66."

But he said 66 votes could not be mustered for any attempt to repeal the measure forbidding labor and management to negotiate contracts requiring employes to join the unions that represent them.

Labor issues include bigger workmen's compensation benefits—an issue where plaintiffs' lawyers, who get a share of such benefits join forces with the AFL-CIO.

With no prospect at all for tax legislation—Gov. Dolph Briscoe says he will veto any new taxes—there appear to be few real liberal-conservative issues.

The biggest question will be how to divide up the estimated $2.6 billion in windfall tax revenue resulting from inflation and from higher oil and gas prices.

Medical malpractice insurance will be a holdover issue from 1975, with a special commission coming forward with several recommendations to cut skyrocketing premiums paid by doctors.

Briscoe has outlined major new spending programs on education and highways, plus a package of potentially controversial anti-crime legislation.

TRIES TO FIRE LAWYERS

Convicted Murderer Wants To Keep Execution Date

SALT LAKE CITY (AP) — Gary Mark Gilmore, a convicted murderer scheduled to face a firing squad on Nov. 15, has tried to fire his lawyers to keep them from appealing the execution.

It would be the first execution in the United States since June 1967 and the first execution by firing squad since 1960.

Craig Snyder, one of two court-appointed defense attorneys, said Wednesday that he would ask the court to appoint new counsel for Gilmore, but that he planned to go ahead with the motion for a stay of execution.

"There is a question, and a substantial one, as to whether he has the right personally to die on the 15th or at any time that might be set," Snyder said. Appeal of a death sentence is not mandatory in Utah.

Snyder said he and Public Defender Michael Esplin had been notified by the 35-year-old Gilmore that he no longer wanted them to represent him. But Snyder said he questioned whether Gilmore was capable of deciding what was best because of the pressures he is under.

Meanwhile, Samuel Smith, warden of the Utah State Prison, has asked the attorney general's office whether he should start recruiting a five-man firing squad.

On Monday, Gilmore, who has spent 18 years in state and federal prisons, told District Judge J. Robert Bullock that he wanted to go through with the scheduled execution "because I don't want to spend the rest of my life in jail.

"You sentenced me to die. Unless it's a joke or something, I want to go ahead and do it."

Gilmore was sentenced to death in October by a jury that convicted him of killing a Provo motel clerk during a holdup last summer. The state gives the condemned a choice of death by firing squad or hanging. Gilmore said he preferred to be shot.

Bullock ordered Gilmore to undergo a psychiatric evaluation, including a determination of his state of mind and factors that might have made him decide not to appeal.

Gilmore was a parolee when he was arrested in July and charged with killing the clerk and another man in the Provo area. He is still scheduled to be tried for the second slaying.

The last legal execution in the United States was in Colorado on June 2, 1967. Utah's last execution was in 1960, when James W. Rodgers died before a firing squad for killing a fellow miner in San Juan County.

Eave Trim-A unique specially engineered and fabricated 7" eave trim of one-piece construction when caulked properly eave trim provides a weathertight metal-to-metal seal at the wall and roof juncture.

Base Trim-Base trim is designed to provide weathertightness and a finished appearance at the wall panel and foundation connection.

Framing-The "STR4" is a straight column building system, with straight sidewalls and tapered roof beams, flush girt and column-free design allows you use of all wall-to-wall and floor-to-ceiling space.

BUILDING INCLUDES THESE QUALITY FEATURES:

—Foundation and 4" floor as detailed, reinforced with 3-No. 5 rebar continuous and 10 G. A. welded wire mesh, of 2,500 PSI concrete, troweled to a smooth, dense finish. Included are aprons and 4" pipe bumper guards at inside and outside of each overhead door jamb.

—Standard "Star" STR4 structural system includes two clear-span rigid frames, two post and beam end frames, complete with all required secondary structurals. All components receive a red primer paint shop coat.

—26 G.A. "Star" dura-R15 wall and roof panels of 40,000 and 80,000 PSI high tensile steel, factory color finsihed with "Starcote" 5-year guaranteed color. Each panel to provide a full 36" coverage. Wall panels to be full length from foundation to eave. Two roof panels cover entire width of building, eliminating ridge panels and providing only one end lap, thus minimizing the possibility of leakage. All roof side and end laps to be sealed with pressure-sensitive butyl-rubber sealant.

—3'x10' Skylights as shown of white translucent fiberglass.

—20" diameter gravits ventilators with dampers as shown.

—Standard gable eave base and accessory flashing as detailed.

—Two 3070 x 1¾ steel swing doors with cylinder locks.

—Two 20' x 12' 24 G.A. white steel overhead doors with reduced drive chain hoists all overhead door opening structurals to be galvanized steel, not primer painted steel as with lesster pre-engineered steel buildings

"Star Manfacturing Company" and Wadleigh Construction combine to provide you with a full 1 year guarantee against defects in design and workmanship.

Wadleigh Construction Inc. has specialized in the construction of pre-engineered steel buildings in Snyder and the surrounding areas for over 15 years. We encourage you to check our reputation for quality work. We have a very large number of existing units in the area, and would be glad to show you similar buildings at your convenience. This is not a high-pressure fly-by-night promotion. We have built our company on satisfied cutomers, and look forward to adding you to our long list.

Mumps can cause sterility

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I am 21 and my husband is 33. When my husband was 15 he caught the mumps and they went down in one testicle. We have been married for two years and have been trying desperately to conceive a baby and I have had no luck.

About a year ago my husband went to see his doctor about it and he told him this did not mean he was sterile (as we had thought). It just meant our chances of conceiving would be smaller and that all of our children would be of the same sex.

A year and half has passed and still I'm not able to get pregnant. I have a child by a previous marriage. What I'd really like to know is, what are our chances of having a baby?

DEAR READER—It is true that mumps that involve the testicles can cause a man to be sterile. However, many times the man recovers entirely and he is just as able as the next man to father.

The involvement of only one testicle would suggest that the other one would be normal. In fact, as occurs with many paired organs the uninvolved one may enlarge to compenstate for the weak one. We see this in people with one kidney, for example, the other kideny may be larger than normal.

There is absolutely nothing to the statement that all your children will be of the same sex. A man does not produce sperm for male children from one testicle and females from another. That is about as far-fetched as the city kid's idea that one teat of a cow is for chocolate milk, another for cream, another for buttermilk and the last for whole milk. I am sure you have misunderstood what the doctor said.

There is only one good way to find out what your chances of having a baby really are. Your husband should have a sperm count. If he has sufficient or even a borderline amount of healthy sperm cells the chances of your having a baby are pretty good. Sometimes improvement in overall medical conditions can improve a person's fertility - male or female.

Men or women low in thyroid may benefit from thyroid medication. There is also some evidence now that men will benefit from taking the fertility pill often used in women who do not ovulate. This would probably be most applicable to the man with some but not enough healthy sperm cells. Apparently the fertility pills stimulate an increasd production of sperm in the male just as they increase the production or release of ova from a woman's ovaries.

And to increase the sperm count somewhat, if there are healthy sperm, it is well to limit the attempts to get pregnant to every other night. When a doctor does a sperm count he wants a specimen after abstinence for two or three days. Why ? To get the best specimen with the most healthy sperm cells. For pregnancy it is best to produce an equally optimal specimen.. The sperm cells live for two to three days in the womb.

Finally, don't overlook the possibility that even though you have had one child that you may not be as fertile as you once were.

Impotence can be caused by diseases and hormone deficiencies but most often from psychological factors. For more information on this problem send 50 cents for The Health Letter number 3-12, Impotence. Send a long, stamped, self-addressed envelope for mailing. Address your letter to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York 10019.

Folk Art To Be Exhibited

WILLIAMSBURG, Va. (AP) — Paintings, carvings and weathervanes from the Bernard Barenholtz collection will be exhibited at the Abby Aldrich Rockefeller Folk Art Collection through Dec. 5.

Top 'Happy Days' Top TV Show

LOS ANGELES (AP) — Three canceled new series — NBC's "Gemini Man" and ABC's "Mr. T. and Tina" and "Cos" — ended their television runs last week with ratings of the kind that caused their demise.

All wound up among the lowest-rated shows in the week ending Oct. 31, according to A. C. Nielsen Co. audience estimates made public Wednesday.

For the sixth straight week, ABC came out No. 1 in the weekly ratings averages, its "Happy Days" again the nation's top-rated show. The program was seen in 21.2 million homes.

In contrast, the week's lowest-rated program — CBS' now-canceled "Spencer's Pilots" — was seen in about 5.5 million homes, according to Nielsen estimates.

The Nielsen figures said the 20 most-watched shows last week were "Happy Days," "Charlie's Angels," "Bionic Woman" and "Laverne and Shirley" (ABC); "Bob Hope Special" (NBC); "Baretta" and "Six Million Dollar Man" (ABC); "All in the Family" (CBS; "Amelia Earhart" (NBC); "M-A-S-H" and "The Waltons" (CBS); "Live and Let Die" (ABC); "Disney" (NBC); "Alice" and "Hawaii Five-O" (CBS); "Welcome Back, Kotter" (ABC); "One Day at a Time" and "Maude" (CBS); "NBC Saturday Movie"; and "NFL Monday Night Football" (ABC).

Hoaxes cause CB problems

By Ink Dipper

EDITOR'S NOTE: Ink Dipper (KYZ-3916) is the handle of the editor of CB Times-Journal

Someone is going to die because of a CB hoax.

Maybe it will be an ambulance driver rushing to the scene of an auto wreck that doesn't really exist. Maybe it will be the victim of a real auto wreck who can't get help because the ambulance is racing in the other direction.

Or maybe if we're lucky it will be the hoaxer himself beaten to death by someone enraged over the black eye that hoaxes are giving CBers.

Unfortunately, it will probably be one of the first two people. The hoaxer is practically untouchable.

The hoax problem is nationwide. Local, state and federal agencies spend thousands of dollars a year to hunt emergencies which exist only in sick minds.

A few hoaxes have drawn national attention, though hundreds of others occur each month. One estimate is that out of every 100 emergency CB calls, eight are fake.

Sometimes a hoax can be discovered early. A CBer at the scene of an alleged accident, for instance, can alert police that someone is putting out a false report.

But authorities have to follow through on others because they have no idea that the report is anything but authentic.

One of the most widely reported hoaxes was in 1973 when a California CB operator heard a call from an hysterical little boy who said that his father had been killed and that he was calling from their overturned pickup truck in New Mexico.

Searchers spent five days and $150,000 in manhours, equipment use and fuel before the incident was marked up as a prank.

In June, U.S. Coast Guard and law enforcement officers in Marathon, Florida, spent four frantic hours searching for two boats. According to the urgent distress calls, one of the boats was sinking with several people aboard, and the second boat then took the survivors. Next time calls from the second boat that it was overloaded and taking on water.

Four hours after the first call, a woman contacted police and said she heard three men in a pickup truck putting out a distress call similar to the ones transmitted by the two "boats."

By the time the rescue operation was called off, taxpayers had lost $20,000.

Putting out a false distress call carries a mximum fine of $10,000, up to a year in jail or the fine and jail term. But authorities have little luck catching hoaxers.

A hoax usually doesn't last long enough for the Federal Communications Commission to bring in sophisticated direction-finding antennas.

Most hoaxes are quick calls to police or emergency monitoring stations. It's like pulling the handle on a fire box and then running into the night.

If the hoax problem is going to be brought under control, it will have to be done by CBers and not by outside agencies. Groups that set up emergency monitoring systems—such as REACT and ALERT—have been successful in orgainzing CBers and cutting down the number of false calls. The groups work with law enforcement agencies, and the police and sheriff's departments rely on the CBers for accurate information.

But most law enforcement agencies aren't that well organized for dealing with CBers, and even the best organization can't help in all cases. The New Mexico and Florida incidents are examples of having to assume that the call is legitimate.

Which leads us back to where this began—someone is going to die. Let's hope for the best.

Accidental Death Rates Decline

NEW YORK (AP) — The Institute of Life Insurance says accidental death rates dropped to a record low in 1975.

It says there were 49.0 accidental deaths per 100,000 population that year, compared with the 1974 final results of 49.5.

PREPARING SHOW—June Harbin is shown with some of the paintings she will be exhibiting in a special exhibit in the Scurry County Museum Nov. 7-23. Mrs. Harbin has titled the show "Many Faces of Texas," and has included oils and watercolors in the collection.

Coast To Coast

By Dick Maurice

ROBERT REDFORD turned down two million dollars offered him to star as Superman. Seems old Bob heard the script-writers were having trouble deciding about Superman's sex life in the 25-million-dollar epic, figuring the Man of Steel would kill Lois Lane if they ever got intimate! All that was just too silly for Bob, so he sent the script back. BURT REYNOLDS is now top contender for the title role, but Olympic Decathlon gold-medal winner BRUCE JENNER and JAMES CAAN are still in the running. Why don't they just hire "The Bionic Woman" as Lois, since, from what I've seen LINDSAY WAGNER can handle just about any man, Super or mere mortal.

The CB craze is beginning to surface in Hollywood, where it's always been more fashionable to have a telephone in your car than a CB unit. But from what we hear, a growing number of celebrities have CB monitors in their home to listen to the chatter, and we've also been told that a certain black Cadillac has a CB antenna on it now. It's license plate reads "Killer," and if that's the code name used by its owner, FLIP WILSON will certainly stir some ears the first time he says, "Breaker one, this is Killer."

One didn't need a CB radio if one wanted to talk to stars and just happened to be staying at the fabulous MGM Grand Hotel in Las Vegas. An impressive array of celebs such as, REDD FOXX, DANNY THOMAS, STEVE ALLEN, GABE KAPLAN, ORSON WELLES, RUTH BUZZI, and JIMMY WALKER, just to name a few, converged on the hotel to tape DEAN MARTIN's TV Celebrity Roast.

Don't be surprised if all four young co-stars of "Welcome Back, Kotter" disappear from that show before long. They won't be fired, however, Word circulating from the show has it that all four are being groomed to star in series of their own, particularly RON PALILLO, who is confiding to friends that he may very well get his diploma from Mr. Kotter's class by mid-season.

HENRY WINKLER telephoned me and asked me if I would be interested in buying a "Fonz-Mobile". It seems that the Chrysler Corporation decided that nostalgia wasn't such a bad idea after all. The motor company is going to take a short stroll down memory lane by offering interested buyers the one and only "FONZmobile." For $800 worth of modification, a used Duster or Dart can be changed into a 1950-style car for those individuals who still yearn for DA's, the Stroll, and submarine watching. Presumably, though, you will have to supply your own pair of felt dice to hang from the rear-view mirror!

One of Hollywood's "dumb blonde" types has gone legit, or so she's insisting. Recognized as a figurative young woman – sexy, if you wish – this actress has been seen in few true dramatic roles and even fewer comedy roles, for that matter. But now she says she's gone straight, is taking acting lessons and has hired a new agent, in an effort to clean up her whole image. However, at least one thing hasn't changed. She's still slipping money under the table to certain influential people. But that's one tactic she'll never admit she's using.

There's another young actress on an up-and-coming TV series whose new job may very well have saved her life! Seems this attractive and talented actress had become so despondent over the lack of work that she attempted to take her life on perhaps two different occasions. When she was cast in her current role it came at a time when her friends were desperately trying to convince her to seek professional help – something she's now done, with the security ot work, anyway.

The official name of Algeria is the Democratic and Popular Republic of Algeria. It has an estimated population of 15,700,000.

PROMOTED—Bill E. Igo, a Snyder native, has been named Management Reporting Manager in the Natural Gas Liquids Division, Chemicals Group, Cities Service Co. He previously was operation accounting manger with the company, and will remain at headquarters offices in Tulsa.

Savings Bond Sales Near Goal

August sales of Series E and H United States Savings Bonds in Scurry County totalled $26,659, it was reported by H.W. Cargile, county bond chairman.

The cumulative sales for the year in Scurry County now total $145,290, and the goal for the year is $180,000.

Texas sales during the month of August amounted to $26,412,532, while sales for the first eight months of 1976 totalled $188,888,470, with 69 per cent of the yearly sales goal of $172.4 million achieved.

Astro-Graph

Bernice Bede Osol

For Friday, Nov. 5, 1976

ARIES (March 21-April 19) You'll have to look out for No. 1 today if something material is at stake. Those you deal with will be protecting their own interests.

TAURUS (April 20-May 20) Victory comes to you through persistence. Don't be discouraged if things start out slowly. You'll win by hanging in there.

GEMINI (May 21-June 20) Keep your own counsel today, rather than discussing your problems with others. You'll find the solution if you get off alone.

CANCER (June 21-July 22) Seek a change of pace later in the day. Put your worldly concerns aside temporarily. Do something that's fun with friends.

LEO (July 23-Aug. 22) Challenge brings out the best in you today. You'll see what I mean if you're confronted by someone seeking a little healthy competition.

VIRGO (Aug. 23-Sept. 22) Take a firm position on issues you feel strongly about today. Stand up and defend your cause the best way you know how.

LIBRA (Sept. 23-Oct. 23) Don't be afraid to negotiate a bit forcefully today in business. You won't get what you want if you're wishywashy.

SCORPIO (Oct. 24-Nov. 22) Take into consideration the views of companions and associates today. They may have a better approach to things than you do.

SAGITTARIUS (Nov. 23-Dec. 21) It's possible you could be burning the midnight oil tonight because you've put off tasks till the last minute. Get an early start.

CAPRICORN (Dec. 22-Jan. 19) Sometimes it's necessary to take a calculated risk. Don't play things so close to the vest today that you let opportunity slip away.

AQUARIUS (Jan. 20-Feb. 19) Be prepared to make a few concessions today if it will keep everyone happy. Being obstinate could be a disadvantage to you, too.

PISCES (Feb. 20-March 20) If shopping today, don't pay more for items than you know them to be worth. You won't be remorseful later if you are cost-conscious now.

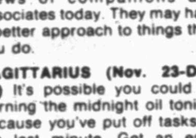

Your Birthday

Nov. 5, 1976

You will develop some interesting new associations with persons in the business community this year. They could help further your financial interests.

(Are you a Scorpio? Bernice Osol has written a special Astro-Graph Letter for you. For your copy send 50 cents and a self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, New York, N.Y. 10019. Be sure to ask for Scorpio Volume 1.)

Ignore Gossip and Take in Sitter

By Abigail Van Buren

© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: I am a widower, age 41, with two small boys, ages 6 and 11. My wife was killed three years ago in an auto accident and because I was driving, I needed professional help to get over the feeling of guilt.

I have recently hired a young babysitter to look after the house and boys. Her name is Maria and she is a very sensible, intelligent and mature 15-year-old.

Maria's mother, who has never been married, plans to marry next month. She came to see me and begged me to let Maria live in my home because her future husband refuses to have Maria live with them after they're married. She said Maria is willing to live with me. I said I would have to think it over.

Maria is a lovely girl, but she looks like a 20-year-old woman, if you know what I mean. I fear that if I let her live here, my reputation and hers might be ruined by evil-minded people. My parish priest advised me to take her in, and not to worry about evil-minded people. My mother-in-law, who is too old and sick to look after the boys, agreed with the priest.

The boys love Maria, and I must confess that I adore her in a fatherly way. Would I be inviting trouble to take Maria in? I have more than enough money to send her to college when the time comes. She wants to be a doctor.

MUST KNOW

DEAR MUST KNOW: Maria sounds like a serious-minded, ambitious, intelligent girl. If you're certain that your attitude toward her is fatherly, don't worry about what evil-minded people think.

DEAR ABBY: Seems to me I've read a lot lately about people "dying" for a few minutes, coming back to life and living for years. I've begun wondering how many people have been buried alive, which has developed a fear in me that I might be buried alive one day. It's giving me nightmares!

Abby, who is supposed to make absolutely sure a person is dead before he's buried? The doctor or the mortician?

WORRIED

DEAR WORRIED: Most state laws require that a death certificate be signed by either a medical doctor or the county coroner, and the latter are being replaced in some states by "medical investigators," who must be licensed physicans. Relax. Your chances for being buried alive are zilch.

DEAR ABIGAIL VAN BUREN: Again it's come up in your column! I refer to the confusing business of the proper use of "Ms."

Why not just drop the Ms., Miss or Mrs., and simply address the person by name as I have done in addressing you? In this day of liberated womanhood and personal rights for everybody, why can't we be who we are without the gobbledygook of Mr., Ms., Miss or Mrs?

The Mr. before a man's name is useless since it applies to both married men and single men. And to label a woman by her marital status is an invasion of her privacy. Whose business is it whether she's married, single or using the "Ms." to disguise one or the other?

FRANKLY FRANK

DEAR FRANK: Thanks for a sensible suggestion.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (24¢) envelope.

'THE GREEK' NOT SO SURE

Atlantic City Staking Its Future On Gambling

ATLANTIC CITY, N.J. (AP) — This fading resort city, permitted by state voters to stake its future on casino gambling, is celebrating as if it had already hit the jackpot. But oddsmaker Jimmy "The Greek" Snyder rates the chances of financial success as "no cinch."

On Tuesday, New Jersey voters approved a constitutional amendment making Atlantic City, home of the famous Boardwalk and the Miss America Pageant, the nation's only area outside Nevada to allow casino gaming.

Snyder sounded one of several notes of caution as city residents gave a chorus of hurrahs. He predicted that gambling would spread as other areas try to cash in, too — and he warned that running a gambling house is no sure thing unless you know what you're doing.

Meanwhile, New Jersey Gov. Brendan Byrne said he considers careful supervision of gambling more important than setting it up quickly. Promoters said it would be at least a year before gambling starts. And a prominent banker warned of a wave of speculation on property.

Caution was hardly the general mood, however, as hotels threw parties here and bars served up free drinks.

"I foresee Atlantic City once again becoming the greatest seashore resort in the world," said Mayor Joseph Lazarow.

"We're going to rebuild this town," vowed John Rich, president of a bricklayers union, many of whose members have been unemployed. "The skyline will change dramatically," predicted lawyer-banker James Cooper.

Jimmy "The Greek." interviewed in New York, saw it differently.

"Now that the rolling stone has been let go," Snyder said, "I'm just wondering how many other states are going to pick it up.

"Pandora's door is open.... What's going to stop the places up in the Catskills (a resort area just north of New York City) from doing it?"

Atlantic City hopes to capitalize on the gambling market among tens of millions of people who live on the East Coast and are unwilling to go to Nevada.

Atlantic City does offer some advantages, Snyder said, such as "the community and the population ... the transient trade." Unlike Las Vegas promoters, he said, operators here won't have to spend money luring people to an area out of their way.

TIPS FROM POSTMASTER

How To Fix Christmas Parcels For Mailing

Postmaster Jack Tilson offers the following tips on how to prepare Christmas parcels for mailing:

A single item in a package should be cushioned with shredded paper, excelsior, compressed tissue paper, cloth, or expanded plastic foam.

If two or more items are mailed in the same carton or box, cushioning material should protect all items from contact with each other, and each item should have its own individual inner carton.

Fiberboard containers larger than the gift being mailed should be cut down to about the size of the gift to minimize shaking and breaking in transit. However, breakable items should have at least one inch clearance between the sides of the boxes and the item to provide adequate room for cushioning.

Fiberboard should have "pound test" strength of at least 175. This is usually shown in the box maker's certificate on the bottom of the box.

Fragile articles must be individually cushioned, and all four sides of the container should be padded with cushioning material.

Tape used to close containers should be reinforced and should cover and firmly secure all flaps.

When paper must be used for the outer wrapping it should be at least equal in quality and strength to the kraft stock used for grocery bags. However, it is preferable that paper wrappers be ommitted if the box itself constitutes an adequate shipping container.

All packages should be closed and reinforced with tape plus durably and clearly marked.

Proper packaging is particularly important for books and records. Because of their weight, books should be cushioned so they cannot shift within the box. It is not desirable to ship more than 25 lbs. of books in one package.

The thin, long-playing records should be placed in a carton which is at least one-half of an inch thick.

All packages that contain delicate articles should be adequately cushioned and marked - FRAGILE.

Each package should contain the name and address of the person to whom it is being mailed INSIDE the package as WELL AS OUTSIDE. An address contained inside is assurance that it will be received promptly even if the outside address should become lost or obliterated.

Be sure to put your return address on the package.

And, finally, address the package correctly and legibly, so that it can be read at two feet. Be sure to include the ZIP Code. (Call 573-2261 if you don't know your ZIP Code.) Mail with the proper ZIP Code is processed more rapidly.

Be sure to put only one mailing address on the outside of the parcel. Do not address one more than one side.

Over The Area

School Plan Aids Mitchell

COLORADO CITY—All three public schools in Mitchell County would benefit financially from Gov. Dolph Briscoe's public school financing proposal, according to superintendents.

Supt. Lloyd McKee of Colorado City, Supt. L.R. Dunn of Loraine and Supt. L.M. Dawson of Westbrook, all attended the meeting in Austin to hear Gov. Briscoe present his proposal.

Under the governor's plan, Colorado ISD's valuations would increase from $113 million to $147 million, but the local fund assignment would decrease from $398,000 to $132,000 as the result of increased state participation.

Loraine's valuations would increase from $17 million to $32 million, but its local fund assignment would drop from $54,000 to $29,500. Westbrook's valuations would increase from $23.5 million to $111 million, but the district would benefit by about $288,000 from the governor's proposal.

Garza Gets New Sheriff

POST—Jim Pippin was sworn in as Garza County's new sheriff Wednesday morning immediately following the canvassing of votes in Tuesday's general election.

Running unopposed on the ballot, Pippin polled 1,381 votes out of a total of 1,774 cast.

State law provides that while normal elective terms begin in January of the following year, those elected to fill offices then being filled by appointment will take office immediately and not wait until January. Pippin succeeds Gene Gandy in the Sheriff's office.

Madame Chiang To Return To Taiwan

TAIPEI, Taiwan (AP) — Madame Chiang Kai-Shek will return to Taiwan from the United States to dedicate herself to recovery of the Chinese mainland as soon as her health permits, according to a legislator.

Theft Suspect Free On Bond

ROBY—Charles Holt, identified as Head State Entomologist in the State Agriculture Department, is free on $3,500 bond following his indictment by a Fisher County grand jury on a felony theft charge.

Holt is charged with selling four barrels of insecticide belonging to the state. It was allegedly sold to a Roby dealer at a price of $6 per gallon, about half its normal value.

Holt voluntarily appeared in Roby with his attorney, Temple Dickson of Sweetwater, and was technically placed under arrest by Mickey Counts, Fisher County Sheriff's deputy.

The chemical involved in the transaction between Holt and the Roby dealer reportedly was left over from spraying last year and had been stored south of Big Spring.

Swine Flu Shots Set In Fisher

ROBY—Swine flu vaccinations will be administered in Fisher County beginning Nov. 9, according to Mrs. Beth Martin of the State Department of Health office here.

Residents of Rotan may get the vaccine from 10 a.m. to 4 p.m. Nov. 9 at the Rotan Community Center. Roby residents will get the shots Nov. 18 from 10 a.m. to 4 p.m. at the Roby Volunteer Fire Hall. The shots will be given free of charge to anyone above the age of 19.
