July Allowable Is Increased By 66,706 Barrels

By BO BYERS

AUSTIN, June 15. (AP) — The Texas Railroad Commission today ordered a 66,706 barrel per day increase in the July oil allowable over June. This will permit flow of 2,445,935 barrels of crude daily.

The increase was achieved by adding two days to the statewide producing schedule, boosting it to 21 days, but leaving the East Texas field on 19 days.

At the same time, the commission did away with the special allowables granted low cold test crudes since May, thus placing those fields on parity with other producing fields.

The commission estimated July production of natural gasoline and distillate would total 306,610 barrels per day, raising the total Texas allowable of crude, gasoline adn distillate to 2,752,545 barrels per day.

East Texas was left on 19 days because of testimony at today's statewide oil hearing that average bottomhole pressure has dropped the past two months, the commission said.

Oil industry spokesmen disagreed at the hearing on how many producing days should be allowed in July.

Well in Salt Creek Area of Kent Flows Oil

General Crude Oil Co. No. 1-166 Young, slightly more than one-half mile north of the nearest producing oil well in the Salt Creek-Canyon field in West-Central Kent County flowed oil during a one-hour drillstem test at 6,100-50 feet in the Pennsylvanian lime reef.

Gas showed at the surface in five minutes, mud came to the top in 47 minutes, and oil started flowing out of the drill pipe in 52 minutes.

The oil was flowed to pit for 8 minutes at the estimated rate of 30 to 40 barrels per hour. There was no formation water.

The flow was through a five-eights-inch bottom hole choke and a one-half inch top opening off the drill pipe. Open flowing bottom hole pressure was 1,500 pounds. Shutin bottom hole pressure, after thirty minutes, was 2,600 pounds.

This prospector is 660 feet from west and 760 feet from south line of northeast one-fourth of section 166, block 97 H&TC survey.

It is eight miles northwest of Clairemont, and 2,860 feet north of Caroline Hunt Trust Estate No. 1 Young, the discovery well of the Salt Creek-Canyon field, which is the closest producer to the General Crude No. 1-166 Young.

This exploration topped the reef at 6,062 feet to give it a datum of minus 3,900 feet and make it 156 feet higher than the next high well in the field.

Nelson Bunker Hunt Trust Estate of Dallas has staked locations for two west step-outs to production in the Salt Creek-Canyon field of West Central Kent Co.

Nelson -Bunker Hunt No. 4 Mary Couch Burnett Trust Estate (CU) will be 660 feet from north and 2,180 feet from west lines of section 3, D. R. Stout Survey.

Nelson Bunker Hunt No. 5 Mary Couch Burnett Trust Estate. (T. C.-U.) will be 1,780 feet from east and 660 feet from south line of section 3, D. R. Stout survey.

These explorations are about eight miles northwest of Clairemont. They are scheduled to drill to at least 7,000 feet to test the lime pay of the Salt Creek field. Operations are to start immediately.

KENT WILDCAT

J. B. Stoddard of Dallas has staked a 7,500-foot wildcat in extreme Central-East Kent Co. three and one-half miles southeast of the town of Jayton.

Stoddard's No. 1 C. H. Byrd will be virtually on the Kent-Stonewall county line and 330 feet from east and 430 feet from south line of the southwest quarter of section 422, block D, H&TC survey.

Drill site of this new wildcat is six and three-fourths miles north and east of Aurora Gasoline Co. No. 1 SoRelle, another wildcat which is drilling below 4,021 feet in shale.

GARZA TEST

George P. Livermore, Inc. of Lubbock has filed an application with the Railroad Commission of Texas requesting permission to start drilling immediately at its

Peruvian Revolt Against Military Group Quelled

LIMA, Peru, June 15. (AP) — At least 40 persons were believed today to have been killed in a two-day revolt during which rebels captured most of the city of Arequipa. The government announced loyal troops, moving into the city, had put down the revolt.

The government blamed Communists for the uprising.

Arequipa, with a population of 93,000, is Peru's second largest city. The rebels at one time held the city hall, military headquarters, the airport, a radio station and other buildings.

MANY WOUNDED

No official figures on casualties were announced, but there were many wounded in addition to the 40 estimated dead.

Loyal troops crushed the revolt as soon as they reached the city, the government announcement said. Censorship, imposed when the revolt began, was lifted this morning.

While the rebels held control of Arequipa they announced by radio that "many places in southern Peru have revolted against the government." But authorities here said the uprising was confined to Arequipa and that quiet prevails in the rest of the country.

WIDE ARRESTS

Many persons were reported under arest both in Arequipa and here. Loyal troops hold complete control, the government said, and the task of restoring the city to normal is under way.

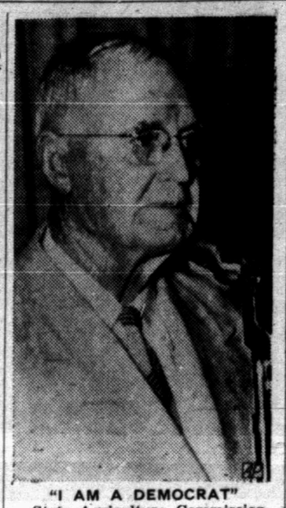

A government communique last night said "determined intervention by the armed forces" had subdued "the Communist movement at Arequipa" and restored public order.

(In New York exiled former President Jose Luis Bustamente, deposed in 1948 by the military government now ruling Peru, said the Communist charge against the rebels was "grotesque." The revolt, he said, was a "counter-revolution of the people.")

The revolt was led by Francisco J. Mostajo, an opponent of the military cabinet, another communique said. Mostajo's opposition candidacy for vice president in the elections scheduled July 2 was rejected by the national electoral board last Sunday.

WEATHERFORD BLAZE

WEATHERFORD, June 15. (AP)—Maj. Jim Wright said a fire which swept through the city warehouse here yesterday caused about $23,000 damage. Some city vehicles, asphalt and other equipment were destroyed.

"I AM A DEMOCRAT"

State Agriculture Commissioner J. E. McDonald denies charges of party disloyalty made by the state Democratic executive committee as it refused to certify his name as a candidate for re-election on the July 22 primary ballot.

Search for Thief Who Took $1,900 From Snyder Man

Colorado City police said this morning that they were still looking for the burglar who entered the new home of Cecil W. Green, former Snyder resident, Tuesday night and took $1,900 from his billfold.

Green, who recently sold his produce business in Snyder had bought a new home at 2020 Chestnut Street in Colorado Cty and was spending the first night there with his wife and small child.

Reporting the theft early Wednesday morning, Green said he left his trousers, with the $1,900 in his billfold, on the foot of his bed. The rifled clothing and billfold were found several yards from the house.

McDonald Wins His First Round In Ballot Battle

AUSTIN, June 15—J. E. McDonald today won the first round in his court battle to force printing of his name on the July 22 Democratic primary ballot.

The State Supreme Court granted McDonald permission to file a mandamus suit against the State Democratic Executive Committee, which barred his name on charges of party disloyalty here Monday.

This was the first step toward a full hearing of the controversy. The court set hearing in the case for Tuesday, June 20 at 1 o'clock.

SURMISE

If the court had refused McDonald's motion for permission to bring the mandamus, the litigation would have been killed.

The court's action came after a one-hour conference in chambers.

His attorneys late yesterday sought to file a pre-emptory mandamus action against the State Democratic Executive Committee. The committee Monday ordered the agriculture commissioner's name stricken from the ballot on grounds he has repeatedly supported Republicans for President.

QUICK ACTION

The court was expected to act quickly on McDonald's motion for permission to file the mandamus action. If granted, the court then would proceed to consider the petition for mandamus.

In the mandamus petition, McDonald alleges the executive committee has attempted to "usurp powers, rights and prerogatives which by the laws of this state have been committed to the voters."

McDonald, elected ten times as a Democrat and seeking an 11th term of office, declared in the petition that he is now and has at all times in the past been a member of the Democratic Party in good faith.

He went further and said it is his "good faith purpose and intent to support at the general election in 1950 and in future years all nominees of the Democratic Party and stands ready and willing to subscribe in good faith to the test provided by law."

Filing the suit for McDonald were former Gov. Dan Moody and former state Sen. Clint Small, both of whom have been active in much Texas political litigation.

CITE CASE

In their brief, they cited the state versus Wilcox case as their principal argument. It held that the past party affiliations of a candidate could not bar him from the primary ballot provided he would in good faith take a pledge to support current candidates.

McDonald appeared before the state executive committee when it banned his name from the ballot. He admitted he had supported Re-

Keith Merrick Announces for County Attorney

Keith L. Merrick, Snyder lawyer, announced his candidacy yesterday afternoon for county attorney.

The 28-year-old secretary-treasurer of the Scurry County Bar Association is engaged now in private practice of general law with his office at 2501½ Avenue S.

Prior to the war, Merrick resided in Abilene where he attended Hardin-Simmons University. After spending almost three years in the Army Air Force, he attended the University of Texas where he graduated with bachelor of arts and law degrees.

Merrick is active in the Junior Chamber of Commerce being liaison officer between the organization and the Chamber of Commerce. He is a member of the Lions Club and the Baptist Church and also holds membership with the state bar association.

Before entering the law profession, Merrick was employed by the Oil & Gas Division of the Texas Railroad Commission. Merrick and his wife, a teacher in the public schools here, reside at 1404 Twenty-fourth Street.

Concerning his platform, Merrick said, "I will try to enforce the law with no partiality and carry out the duties of the office exactly as prescribed by the statutes."

Merrick will oppose Ben Thorpe who has held the office continuosly since Jan. 1, 1939. No other candidates have announced for the office.

Tommy Montgomery, 28 months, looks at an oxygen mask in Tampa, Fla., which may save his life if an attack occurs on an air trip to Detroit, where he is to undergo surgery to correct a heart constriction. A single newspaper article about the St. Petersburg, Fla., blue baby's plight brought in contributions of over $1,000. Dr. J. J. Licke holds Tommy. His mother, Mrs. Grigsby L. Montgomery, is at right. (AP wirephoto).

Smart Bird Learns More

STRETTON, Eng., June 15. (AP) — Mrs. Gladys Walker found a tame bird in her garden in this Staffordshire village.

She asked it, "Who are you?"

It said, "Peter Mitchell."

The bird, a talking budgereegah or zebra parakett, finally was claimed by Mrs. Ada Mitchell of a nearby city.

She's now teaching it to identify itself better — coaching it to say, "I live at 68 Wyggeston St., Burton-On-Trent."

Tidelands Bill At Standstill In Congress

WASHINGTON, June 15. (AP)—The fate of legislation to give states title to land under marginal seas is up to the House Rules Committee—and there is no indication of when the committee may act.

After a two-day hearing that at times was bitter, the committee yesterday wound up without action after hearing arguments for and against the bill to turn over to states the so-called oil rich tidelands.

It met again today, but possibilities apparently were slight that the bill would be considered.

The committee must approve the bill to get it onto the House floor promptly for debate. If it fails to do so, the only avenue left is a procedure that requires many days, sometimes weeks. This is a petition to force the bill out of the committee.

Yesterday's hearing wound up in a clash between supporters and opponents of the bill. The committee finally adjourned because too few members remained to provide a quorum.

The House Judiciary Committee, which conducted original hearings, approved the bill, 16 to 10.

Just before the rules committee concluded its session yesterday, Rep. Lyle (D-Tex) tried unsuccessfully to get the issue brought to a vote. But he failed.

Jury Clears Officials Of Amerasia Case Blame

NEW YORK, June 15. (AP) — A special federal grand jury today cleared government officials and agencies of any shortcoming in the Amerasia stolen documents case.

At the same time, however, the jury called upon the department of justice to issue a detailed report on the case.

The panel has been investigating subversive activities for the past 18 months. During its sessions, it returned a perjury indictment against William W. Remington, former commerce department economist, and espionage indictments against Judith Coplon and Valentin Gubitchev.

The action was taken in a presentment—grand jury notice of an offence or unlawful state of affairs

The presentment charged that precautions against the theft of government papers had been "entirely inadequate." But he said that the jury had found no evidence that the Department of Justice was remiss in its prosecution of the Amerasia case, or that any official acted improperly by attempting to delay arrests.

The grand jury began probing the Amerasia case two weeks ago. The case involved the 1946 theft of 1,700 government documents, some of which were recovered by the FBI in the New York office of the Magazine Amerasia, now defunct.

Praising the FBI for the role it played in the case, the jury said it felt that had espionage laws been different, "the prosecution procedure would have been entirely different.

"Other telling factors involved certain legal procedures which, if followed, might have revealed to the enemy information that it was essential should be held," the presentment continued.

Critics have charged the Justice Department with laxity in its handling of the six persons arrested after the papers were seized in the magazine's office.

Truman Watches War Games At Marine's Base

QUANTICO, Va., June 15. (AP)—Picked units of heavily-armed Marines went into action today in a display of fightnig power for President Truman at this Marine Corps base.

The President, a World War I artilleryman, watched with keen interest as the "devil dogs" in mock war maneuvers seized a fortified beach with rifles, flame throws, tanks and air craft.

SOMETHING NEW

Then he moved on to see something new in warfare—the landing of troops in combat by helicopters.

Mr. Truman came here last night on the presidential yacht Williamsburg, after a cruise down the Potomac River. He went ashore early this morning to receive full military honors, including a 21-gun salute.

After reviewing an honor guard, the President drove 30 miles to the combat training range.

The helicopters, in the second demonstration, made simulated carrier takeoffs with both men and equipment and landed them in "combat zones."

The helicopters put down their troops and were off again with 20 seconds.

OTHER CARRY GUNS

Other helicopters equipped with cargo slings under the fuselage lowered 75 M.M. Howitzers. Gun crews put them into operation within two minutes.

Dive bombing, rocket runs, strafing and fire bombing from Marine corps aircraft furnished air support for all assaults.

Big Spring Oil Well Still Burns

BIG SPRING, June 15. (AP)—The furiously flaming oil well near here continued to burn today and shows no signs of burning itself out.

The well has been blazing since it blew out Saturday. A geologist was killed in the initial burst of flame over the gas-saturated area.

Yesterday a small charge of nitroglycerin was exploded by trouble shooters in an attempt to topple the heavy rotary table from the mouth of the casing. The table had been deflecting some oil and gas downward and hampering the fire fighters.

The explosion had little effect on the fire.

Johnson and Bradley To Reach Manila

MANILA, June 15. (AP) — Secretary of Defense Louis Johnson and Gen. Omar Bradley, chairman of the joint chiefs of staff, will arrive here by plane tomorrow from Guam. The group is scheduled to leave for Tokyo a few hours later.

Fear for 39 In Second Air France Plane Crash in Sea

BAHREIN ISLAND, Persian Gulf, June 15. (AP) — A big Air France plane crashed in the Persian Gulf last night, and 39 of the 51 persons it carried are feared dead. The craft plunged into the Gulf at almost the same spot where another Air Force plane crashed two days ago with a loss of 46 lives.

Officials said 12 persons had been rescued by early afternoon, including four of the crew of eight. Twelve infants were reported to have been aboard the plane. Only one is known saved.

SABOTAGE POSSIBLE

This plane and the sister C-54 Skymaster which crashed two days ago were en route from Indo-China to Paris. Officials have not discarded the possibility of sabotage by adherents of the Indo-Chinese Communists who are fighting the French.

Air France officials in Paris said the plane carried 43 passengers and eight crew members. The officials said the search of the area was continuing with more than 100 small fishing boats scouring the area.

American and British Air Force planes based in the Gulf area joined the search, but a low ceiling hampered their efforts. High winds and choppy waters made it unlikely that life rafts from the plane could stay afloat for long.

The survivors all were reported to be French citizens.

The Skymaster, bound from Saigon, Indo-China, to Paris, crashed only a half-mile from the point where 46 persons were lost in the ditching two days ago.

(In Paris an Air France spokesman said nothing known there indicated either plane might have been sabotaged by Communist-led rebels in Indo-China but that such a possibility would be investigated by an inquiry committee already at Bahrein.

BAD WEATHER

(The spokesman said from information in Paris, bad weather seemed to have been the probable cause of the crashes but that no official statement would be made until after a lengthy inquiry by the committee.)

Those rescued today included five crew members.

The circumstances of both crashes were similar. Both planes went down as they were preparing to land at Bahrein, 20 miles off Saudi Arabia's east coast. Each sent a last message announcing preparations to land, then was heard from no more.

Rail Board Favors Raising Wages of Yard Service Men

WASHINGTON, June 15. (AP) — A presidential board today recommended a 40-hour week and an 18-cent hourly page increase for about 75,000 railroad yard service employes. It recommended denial of wage boosts for about 125,000 trainmen and conductors.

The emergency board filed its report with President Truman. Such recommendations usually are the basis for settling rail labor disputes.

TWO UNIONS

The railroads and two unions involved—the Brotherhood of railroad Trainmen and Order of Railway Conductors—now have 30 days in which to negotiate under the Railway Labor Act before the unions could take strike action.

The board recommended that the 40-hour week and 18-cent hourly wage boost for yard service employes, represented by the two unions, become effective next Oct. 1. These workers now have a 48-hour work week.

DENY DEMAND

The unions had asked for the same pay for a 40-hour week as they had received for the 48-hour week. In denying this demand, the board said:

"The higher rates (with the 18 cent hourly increase) together with added opportunities for overtime work at time and one-half after 40 hours, would serve to offset any substantial reduction in take-home pay occasioned by the shorter weekly hours."

The board estimated that the increased cost to the railroads of the recommendations for the yard service employes would be about $40 million a year.

Work on High School Addition Under Way

Work on the second-story addition to the Snyder High School building is now in progress.

Von Frellick Construction Co. of San Angelo has the contract to add a second floor above the section between the 2-story high school building and the auditorium. This section, which formerly housed the science and home economics laboratories, will be the location of a new cafeteria, the laboratories will be moved to the second floor.

Navy Flier Killed

CORPUS CHRISTI, June 15. (AP) —A student Navy flier was killed yesterday when his skyraider crashed and exploded during a practice dive bombing run on Padre Island target. His name was withheld.

Young Boy Drowns

AUSTIN, June 15. (AP) — Wayne Burris, age seven, drowned in a city operated swimming pool here yesterday.

Texan Leads Fight On Oil Well Fire In Pennsylvania

RENOVO, Pa., June 15. (AP)—Led by a Texan, a group of Pennsylvania fire fighters stood ready today to blast out a fire in a natural gas well with nitroglycerin.

Paul Adair, who flew here from Houston, said the use of explosives was the only course left after other means of putting out the three-day blaze failed.

Report Agreement on Excise Cut, Corporation Tax Hike

WASHINGTON, June 15. (AP) — Democratic tax law drafters were reported today, after a surprise secret huddle, to be in virtual agreement on a billion-dollar-plus excise tax cutting bill that could avoid a presidential veto.

The huddle, understood to have been attended by House Ways and Means Democrats and Speaker Rayburn, changed the whole outlook for tax legislation — which had been dark for this session.

PLANS

They made no announcement, but there were indications their minds were about made up to:

1. Ram through a bill slashing excise taxes by $1,100,000,000 on jewelry, furs, luggage, toilet preparations, movie tickets, travel tickets, baby bottle warmers and scores of other items.

2. Put into the bill a hike in the income tax rate for large corporations, perhaps from the present 38 per cent to 41 per cent — to collect about $500 million additional from these corporations annually.

3. Meet a July 1 deadline for House passage of the measure, so that the Senate will have time to act before the present Congress adjourns.

FIRST HINT

The secret meeting developed the first strong indication that the 25-member ways and means committee will approve a boost in corporation income taxes, to avoid President Truman's threat to veto the bill if it fails to offset the excise cut by larger taxes in other directions.

The President proposed a four-point increase in the corporation tax rate, to pick up $675,000,000 annually, but the committee Democrats are leaning toward a three-point jump.

The Weather

WEST TEXAS: Generally fair this afternoon, tonight and Friday except a few scattered afternoon or evening thunder-showers in the Pecos Valley and Big Bend Country. Not much change in temperature.

EAST TEXAS: Generally fair this afternoon, tonight and Friday. Not much change in temperature. Moderate southeast winds on the coast.

Conditions were clear in extreme West Texas and the Panhandle and partly cloudy elsewhere. Temperatures at mid-morning were in the eighties. No rain had been reported in the state for the past 24 hours.

Scattered thundershowers were predicted for the Pecos Valley and Big Bend Country. Yesterday, the mercury soared to 105 degrees at Presidio, in the Big Bend Country.

Vast Cloud From Hawaiian Volcano Covers the Pacific

By LEIF ERICKSON
(Associated Press Staff)

HONOLULU, June 15. — A vast haze still hovered over the middle Pacific today, covering possibly two million square miles.

Scientists say it isn't an atomic Emist since Geiger counters show no radioactivity.

Just nature on a binge, they speculated. The finger of suspicion was pointed at massive Mauna Loa, still spouting fire and brimstone as it enters its third eruptive week.

GREAT SHOW

Mauna Loa, on the Island of Hawaii, southeast of here, is putting on its greatest show of modern times. One river of red-hot rock still rolls into the sea; two others have cooled.

The mysterious cloud stretches from Wake Island, 2,000 miles west of Hawaii, to an area 1,900 miles east of Honolulu. Plane reports fixed the eastern boundary about 300 miles east of Hawaii. But officers of the Freighter Hawaiian Fisherman said they ran into the haze last Friday 1,900 miles east southeast of Honolulu.

Officers said the murk prevented any navigational sun or star sightings the last four days at sea. The ship docked Monday on a trip from the Panama Canal zone. Few sh[illegible] and no planes travel that route.

16,000 FEET HIGH

Plane reports said the haze belt is from 300 to 600 miles wide and raised as high as 16,000 feet.

Wendell Mordy, sugar and pineapple industry meteorologist, said tests showed a sulphate content. This points to volcanic origin, he said.

Woman's Calendar

FRIDAY

Newcomer's Club meets 12:30 o'clock for luncheon at Country Club. Call 44-W for reservations.

MYS Sunday School class of First Methodist Church meets at 6:30 at church for a hay ride at Don Ramsey's huose, Union.

Shooting of Wife Said Accidental

FORT WORTH, June 15. (AP)—Officials ruled late yesterday that the fatal shooting of Mrs. Opal Mitchell, 17, was an accident.

Her husband of two months, Eugene Mitchell, 29, remained in a serious condition from a chest wound suffered in a struggle with his bride over a gun early yesterday morning.

Savings Bonds Total Still Below Quota

DALLAS, June 15. (AP) — State Savings Bond Chairman Nathan Adams reports that the total sales of Series E bonds in the state, as of last Saturday, was 39.30 per cent of the Texas quota of $24,088,000.

So far, $9,466,045 in bonds have been sold, Adams said last night.

Counties already past their quota are: Andrews, 136 per cent; Bailey, 115; Dawson, 257; Edwards, 213; Vockley, 103; Jim Hogg, 119 Moore, 153; Sherman, 188, and Throckmorton, 180.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Buster Robberson, Shorty's Trailer Court.

Donal LeRoy Chadic, general delivery.

Mrs. Tilman David Ansley, 905 Twenty-seventh Street.

Willard Ross Kent, general delivery.

Mrs. G. A. Goodyear, 906 Twenty-seventh Street.

John Elliott Quattlebaum, general delivery.

Lloyd L. Bryant, 2511 Avuene C.

Robert Castello, general delivery

Discharged yesterday were:

Charlie Edward Butterfield, general delivery.

Billy Bert Earls, Hobbs, N. M.

Mike Hardeman, Yeager Trailer Court.

Mrs. Herman Cisco Moses, Arah Route, Snyder, Texas.

Melvin Lloyd Tate, 1411 Twentieth Street.

Herschel McDonald, Clairemont Route, Snyder.

Ralph Paul Cramer, Colorado City.

Millard Anthony Koonce, Cabin Courts.

GIRL SAVED BY A HAIR

CHICAGO — (AP) — Linda Lou McAuley's tricycle rolled across a sidewalk and under a truck. The three year old girl crawled after it. Mrs. Stella Galinsky glanced through a window of a nearby grocery. She saw the truck begin to move. The woman ran out, grabbed the child by the hair and pulled her to safety. The tricycle was crushed.

McDonald Wins

(Continued from Page 1)

publican candidates for President in 1940, 1944 and 1948, but said he had always voted for state Democratic candidates.

McDonald said he had supported presidential candidates on the basis of his opinion of how good their farm programs were for the farmers. He warned the committee that Democratic voters have apparently favored his stand, and predicted he would be the next commissioner of agriculture.

McDonald also warned the committee that he would sue, anticipated that he would win in court, and benefit from the publicity.

The committee adopted another resolution in case it 's lost in court, asking the legislature to tighten up the party loyalty statutes.

Taxi Strike In Houston Ends In Compromise

HOUSTON, June 15. (AP) — Houston's striking taxicab drivers were back at work today.

Members of Taxicab Drivers Local 349, AFL, at an early morning meeting unanimously approved a compromise which their officers called a complete union victory.

Acceptance of the compromise ended a "go fishing" strike that began Tuesday afternoon in protest of alleged "police brutality and discrimination."

Harold Suber, business agent for the union, said the compromise calls for suspension of three policemen and a city taxi inspector involved in the alleged brutality. The union also was assured, Suber said, police would be instructed to stop issuing traffic tickets to taxicab drivers for unreasonable and trifling violations.

On the city's side, Mayor Oscar Holcombe said he received a definite promise from the union the drivers will not go on another "fishing" strike if they do not like the results of an investigation now under way on the 10-day dispute.

EAST GERMANY

BERLIN, June 15. (AP)—Six members of the Communist-controlled East German peoples' police force fled early today to West Berlin, raising the total of this week's desertions to 11.

Salt Creek Well

(Continued from Page 1)

No. 1. Doyle Justice, which is scheduled to be a 3,500 foot wildcat in Southeast Garza County.

Location is 2,310 feet from south and 330 feet from east lines of section 3 block 6 ,H&GN survey. That puts it four miles southeast of Justiceburg.

The proposed depth of 3,500 feet should allow a test of the full San Andres-Permian section. Cable tools are to be used.

BORDEN STEPOUT

P. R. Rutherford of Houston has staked on one-location northwest stepout to the Reinecke-Canyon pool in Southeast Borden County.

Rutherford No. 3-B. T. L. Griffin will be 660 feet from west and 1,667 feet from south lines of section 59, block 25, H&TC survey.

The proposed venture is one-location north of the Rutherford No. 1-B Griffin are to begin immediately.

TWO LOCATIONS

The Texas Co. has staked two more explorations in the Cogdell-Canyon pool in extreme Central-North Scurry County.

Texaco No. P. L. Fuller will be 1,985 feet from north and 1,984 feet from east lines of section 705, block 97, H&TC survey, and 15 miles northeast of Snyder.

Texaco No. 41 Fuller is to be 600 feet from west and 1,989 feet from north lines of section 615, block 97, H&TC survey.

Approximate depth for each of the two projects is 7,00[illegible] feet.

In the Kelley-Snyder field three miles northwest of Snyder, Magnolia Petroleum Company has scheduled its No. 6 A. J. Logan.

Exact location is 467 feet from north and 660 feet from east lines of southeast quarter of section 296, block 97, H&TC survey.

Operations on the slated 6,900 foot exploration are to begin by June 15.

Candidate From Post Outlines Platform

N. C. Outlaw of Post, candidate for state representative of the 118th district, was in Snyder yesterday on a campaign visit.

A graduate of Baylor University Law School with 25 years experience in general law practice, Outlaw has served as county attorney and county surveyor of Garza County.

Outlaw lists a four-point platform: a "square deal" for West Texas, farm-to-market roads and bridges for this district on an equal basis with the rest of the state, progress for the state and its government through elimination of complicated mechanism and unecessary agencies, and a pledge to devote himself to "government of the people, by the people and for the people."

Hurricane Season Will Open Today

MIAMI, Fla., June 15. (AP) — The hurricane season opens officially today.

All that means at present is that a special teletype hookup will link 27 cities along the Atlantic and Gulf coasts to co-ordinate weather reports. Miami and 11 other Florida cities will be tied into the weather bureau's hurricane warning system.

An Army-type radar to pin-point hurricanes while they are as much as 200 miles away has been added to the hurricane charting equipment here.

It will supplement hurricane hunting planes that go out to check on storms.

Leather, Textile Hawaiian Volcano In Summer Class

Summer home economic classes es are underway at Snyder High School, with 28 girls enrolled. Mrs. Joel Hodges, home economics teacher, is conducting the classes.

The girls met Tuesday for a demonstration in leather work and will meet again next Wednesday to complete the project. They are making belts, billfolds and key cases, Mrs. Hodges said.

In summer home economics the girls do most of their work in home projects and upon the completion of 100 hours of project-work gain one-half unit of high school credit.

Mrs. Hodges said the girls would see two more demonstrations, one of textile painting and one on outdoor cookery, before their projects are completed Aug. 18. At the end of the term, the girls, their mothers, and anyone else who is interested will make a tour of the girls' homes to inspect their projects.

Girls enrolled in the classes are Bobbie Adams, Shirley Banks, Billie Barrett, Neilda Blakely, Joan Bolding, Martha Cary, Connie Clements, Nancy Cross, Nancy Dorman, Shirley Gillum, Margie Hardin, Tommie Jo James, Pat Jenson, Wanda Kinney, Lujean Maddox, Mozelle Moore, Jean Muley, Betty Tom Norred, Rheba Schooley, Dorothy Shuffield, Edith Stephens, Billie Jo Watson, Betty Whittle, Marie Winters, Lynn York, Betty White, Kathryn Brown and Delores Smith.

North Side of Square

Typical of Snyder young people heading for summer camps is Billie Mark Phillips, son of Robert M. Phillips, 2703 Avenue U, shown before his departure today surrounded by his camping paraphenalia—(Staff photograph).

Swimming Hole, Camp Fires Attract Many Snyder Youths

With June temperatures soaring, members of Snyder's younger set start dreaming of cool swimming pools, fresh mountain breezes, and all the things that go with summer camp.

Some, like Billy Mark Phillips, son of Mr. and Mrs. Robert Phillips and grandson of Mr. and Mrs. W. J. Ely, will spend most of the summer at camp.

Billy Mark will join his counselor, George Morris of Lubbock, today and will leave by train for Camp Pete Cawthon in the Blue Ridge Mountains near Lexington, Va.

Until the camp closes on Aug. 3, he will be taking part in such camp activities as swimming, horseback riding, woodcraft, log cabin building, football and basket ball. He will also go on tours of Washington, D. C., Philadelphia and New York City.

GOES WESTERN

Betty Connell's smart new riding clothes are the symbol of her summer camp dreams. Eleven-year-old daughter of Mr. and Mrs. Wilson Connell, Betty is going to a real western camp, Cimarroncita, at Cimarron, N.M.

Betty will leave June 21 to stay two months at the mountain camp. She's looking forward mainly to horseback riding, but also included in her plans are swimming, ballet and art lessons, overnight trips to the mountains.

Highlight of the whole summer for Betty will be the camp horse show July 4. Mrs. Connell is going to Cimarron for that occasion.

For other Snyder youngsters, camp will mean one or two-week sessions at Scout camps or with church groups.

GIRL SCOUTS

Snyder Girl Scouts will leave Sunday for Camp Tonkawa at Buffalo Gap. They'll swim in the pool, wearing red caps if they can't swim, white if they can, and have swimming instructions twice a day.

They'll take their cots, bedding and all personal items they'll need, and live in tents. Dramatics, sketching, games, campfires, crafts and out-of-door cooking will take up their time when they're not swimming.

Their week will end with a Scouts Own ceremony on Sunday —only some may decide to stay another week.

Girls who plan to attend the camp include Dianna Kay Berryhill, daughter of Mr. and Mrs. I. V. Berryhill; Janell Randolph, daughter of Mr. and Mrs. Jake Randolph; Georgia Fay Harrell, daughter of Mr. and Mrs. Garrett Harrell; Judy Miller, daughter of Mr. and Mrs. Charlie Miller; Kay Hubbard, daughter of Mr. and Mrs. C. T. Hubbard; Gealene Robinson, daughter of Mr. and Mrs. Don Robinson; Patsy Norred, daughter of Mr. and Mrs. Jim Norred; Ann Fish, daughter of Mr. and Mrs. Collie Fish; Mary Ann Doak, daughter of Mr. Mrs. Herman Doak; Jimmie Ann Autry, daughetr of Mr. and Mrs. G. L. Autry; and Linda Milam.

BOY SCOUT

A large group of Boy Scouts are going to the Buffalo Trail Camp ranch in the Davis Mountains next week. This is an every-summer occasion for some of them and they are anticipating a real outdoor ranch existence.

The Rev. E. K. Shepherd says about 80 young people from the First Baptist Church will go to camp at Big Spring. They will live in cabins and swim, play ball, fish and hike.

Royal Ambassadors — boys from 9 to 16 — will go to camp June 13 - 16, and the Girls' Auxiliary will be camping June 20 - 23.

Juniors and Intermediates from the Methodist Church will have their summer-camp session under the tall oak trees at Buffalo Gap.

Young people and adult youth leaders will go to the Methodist camp in Ceta Canyon, an arm of Palo Duro Canyon, where they expect to find cooler weather and enjoy the scenery.

Warrencrest In City Limits; Noble Heights Next In Line

The area popularly known as the Warrencrest addition, extending from near Thirty-Third Street to Thirty-Seventh Street, and from the Big Spring Highway to Avenue V, was admitted to the city Thursday night by an ordinance passed by the city council.

A petition asking admittance for the addition was signed by Mrs. R. L. Gray, Viola Warren, Bryan Jordan, Blanch Jordan, G. M. Heinzelmann, Fayette Heinzelmann, H. G. Towle, H. P. Brown and Mrs. H. P. Brown.

Admission of the new addition brings Noble Heights, another area south of town, adjacent to the city limits and makes it eligible to petition for admission.

A plot of Noble Heights, a 38-acre addition extending from Thirty-Seventh Street to Avenue O, was presented and tentatively approved. An ordinance to admit the area will be drawn up by city attorneys and will be presented for the council's approval not less than five days from last night's meeting and not more than 30 days.

HEALTH UNIT

Dr. Fred Linkler, director of the city-county health unit, and L. T. Barnard, senior sanitarian, met briefly with the council to discuss the 1951 budget presented by the unit.

It was agreed that a city county meeting to discuss the budget should be arranged, and Edgar Taylor, county judge, said today that the county commissioners would probably meet with the council tonight.

Judge Taylor said this morning that Bob Terry, alderman, telephoned him requesting that he contact the commissioners and ask them to attend the meeting.

He said he would ask them to meet tonight at 8 o'clock at the city hall.

The council also passed an ordinance last night requiring all city machinery and road equipment to be kept at the warehouse behind the city hall when not in use.

SCHOOL TAX OFFICE

An agreement was made to give the school district the use of city land now occupied by the Recruiting Station for a temporary tax collection office. The office has been temporarily at the school since being moved from the city hall.

By action of the council the salary of A. M. McPherson, city judge, was raised from $125 to $150 a month.

The police department was instructed to order all unauthorized persons living around the city tabernacle to move. This instruction applies especially to trailers parked around the tabernacle and on streets and on streets and alleyways in that area.

A motion to issue a taxi operator's license to Simon Terrazas for Steve's Taxi Service was passed.

Miss Mezo and Roy Frederick Trice Wed In Sweetwater

The marriage May 28 in Sweetwater of Miss Roberta Joyce Mezo and Roy Frederick Trice, both of Snyder, has been announced here. The ceremony was conducted by the Rev. Wilburn C. Hill at the Church of Christ in Sweetwater.

Mrs. Trice is the daughter of Mr. and Mrs. James D. Mezo of Snyder, formerly of McLeansboro, Ill. The family has lived here since last September. The bridegroom is a son of Mr. and Mrs. Fred Trice of this city.

The bride wore a navy taffeta and net evening gown with white accessories. Her corsage was of white carnations.

Mr. Trice is employed at the Forrest Builders Supply. The couple is living temporarily at the Trice Trailer Court, Twenty-fifth Street.

City Installs 53 New Fire Plugs

A total of 53 new fire plugs are being installed in Snyder. Work on the project has been in progress for three days Dwight Look, assistant to James V. Curnutte, city engineer, said today. The plugs are being placed wherever they are most needed to give adequate fire protection to the city, Look said.

Bridge Widening On 25th Street Half Completed

About half of the project to widen the Twenty - fifth Street bridge, near Avenue O, has been completed, and the other half is expected to be finished some time this month, according to B. R. Wilkinson, resident engineer for the highway department.

The south side of the bridge was completed this week, and workmen are ready to begin widening the north side to make a four - lane bridge with a 56-foot roadway and a wide pedestrian walkway on each side.

Work on the bridge, which had an original roadway about 20 feet wide, began May 1. Originally the bridge would accommodate only two lanes of motor traffic, and the highway approaches is—being four-lane slabs—created a continual hazard because of the bridge sidewalks being in direct line with the outside lanes of the approaches.

When completed the bridge will have a total width of 70 feet from one side railing to the other. The bannister, curb, and sidewalk on each side of the roadway will measure 14 feet.

Another bridge to be widened on the East Highway, Wilkinson said, is the one about a quarter of a mile northwest of the Y of U. S. Highway 180 and 84, southeast of town.

This bridge, although considerably longer than the one on Twenty-fifth Street, will be widened in the same manner, Wilkinson said. It is expected to be completed soon.

Arrangement of Flowers Shows Exhibitor's Skill

"Heaven, man and earth are symbols used frequently in Japanese flower arrangements", explained Mrs. R. O. Littell, who is general chairman for the flower show being sponsored by the Snyder Garden Club at the Country Club from 4 to 7 o'clock Friday.

According to Mrs. Littrell, who is a flower fancier and horticulturist of no mean standing, all Scurry Country women interested in flowers could understand and enjoy to the fullest the joys flower arranging can bring as a hobby or avocation.

Quoting from the Handbook of flower shows, put out by National Council of State Garden Clubs, Mrs. Littell, read: "When the Japanese arrange flowers, they have a great game of pretense, and the result is inspiring. Heaven, man and earth as a basis; they make Earth the shortest line, man medium length, Heaven the long dominating line of the design. The tip of the flower or plant is always pointed upward, with its apex directly above where the stem enters the vase. The other plant material always remains within the skelton formed by these three main lines and is subservient to them.

In other words, let flower arranging mean something to you and you can derive such pleasure from formulating a real expression of beauty.

Flower arrangements will compose one of the main divisions of exhibits at the Friday flower show, and some interesting and worthwhile arrangements are an-

Home Demonstration Club Meets in Union

The Union Home Demonstration Club met in the home of Mrs. Dink Lyons June 7 and voted to help the council establish a County Home Demonstration library. Mrs. Jack Wright was elected as nominee for county T. H. D. A. chairman; Mrs. H. J. Schulze, county vice-chairman; Mrs. Bruce Caldwell, state council delegate; and Mrs. Alvin Rollins, county 4-H leader.

Each club member answered roll with a way to economize in the kitchen. Mrs. J. H. Langford gave a council report.

Refreshments of cookies and iced drinks were served to the following: Mrs. H. B. Caldwell, Mrs. Howard Hogue, Mrs. Langford, Mrs. Dink Lyons, Mrs. Paris, McPherson, Mrs. Jim Moss, Mrs. W. R. Pate, Mrs. Schulze, Mrs. R. A. Smith, Mrs. H. B. Wright, Mrs. Elzie Rollins, Mrs. Lester Gleason, Mrs. C. L. King, and Mrs. Nell Stone.

Borger and Lubbock Still Top League

(By The Associated Press)

Borger and Lubbock kept pace at the top of the West Texas-New Mexico League standings last night, but Borger needed a seventh inning explosion to do it.

The Gassers scored eight runs that wild seventh to trip Abilene, 11-7.

Lubbock easily beat Clovis, 10-1, behind the six hit pitching of H. Epperson.

Pampa blasted Albuquerque, 24-8, scoring 15 runs in the third inning. Jim Martin hit two home runs for the oilers this frame.

Lamesa edged Amarillo, 10-9, to stay tied for second with Pampa.

NEWS FROM FLUVANNA

BY MRS. C. A. DAUGHERTY

Pete Ainsworth left Tuesday afternoon to attend the Angus show and sale at San Angelo Wednesday.

C. A. Daugherty, R. V. Daugherty and Raleigh Mason spent Wednesday in San Angelo at the Angus show and sale.

Mrs. H. F. Fulford returned last Sunday from Missouri where she has been visiting Mr. and Mrs. Jess Bley.

Mr. and Mrs. Rey Walton of Lubbock spent last Sunday in the home of Mr. and Mrs. Ray Fulford.

Cemetery working was finished Tuesday about noon.

Wayland Cole and Thurston Cole on Austin, are visiting Mrs. Hattie Reaves and Miss Hannah Steele this week.

Fifty-second anniversary of First Baptist Church at Fluvanna will be observed with dinner on the grounds Sunday. This is the annual old-time reunion.

Mr. and Mrs. Jack Roddy of Portales, N.M., visited this week in the home of Mr. and Mrs. Nolen Fulford. Mr. and Mrs. Roddy and the Fulfords left Tuesday for Wichita Falls where they will visit several days with Mr. and Mrs. John Henry Roddy there.

Mr. and Mrs. Riley Miller, Miss Dewey Faye Everett, and Ralph Miller went Wednesday morning to Breckenridge where Riley and Ralph will enter brone-and-bull-riding events in a rodeo there.

Mr. and Mrs. Bunyan Evans and family recently returned from a trip to the Ozarks in Arkansas.

Mrs. Jake Ross of Lubbock, Mrs. J. I. Boren, Mrs. Fowler Mathis, and Mrs. Annie Wills left Thursday for Belton for a visit.

J. J. Belew went to Post Tuesday. from Seminole visited Tuesday with Mrs. Hannah Steel.

Mr. and Mrs. Sid Reeder and family of Gail were in Fluvanna Tuesday for the cemetery working.

The Marshall Gleghorn's new home arrived here Wednesday morning.

Mrs. Maud Rankin, her daughter and granddaughter and a neighbor from Seminole visited Tuesday with Miss Hannah Steel.

E. C. Browning, reported doing well now, is at home again.

Mrs. Thelma Hacker of Hermleigh, Stanley demonstrator, was here Tuesday.

Noon Deadline For Flower Show Friday

The judging committee of the Flower Show to be presented by Snyder Garden Club at the Country Club from 4 until 7 Friday afternoon, announced today that all exhibits must be set up and ready for inspection by noon Friday. All women bringing flowers should allow ample time for placing and arranging their exhibit before judging time, according to Mrs. Lucie Enfield, publicity director for the show.

Schools to Open Summer Classes In Band Music

Three-day registration for summer band classes at Snyder schools will begin Wednesday, Richard Elliott, band director, announced today.

Classes will begin Monday, and continue for five weeks. There will be no charge for the school, which is sponsored by the public school system.

Beginners' classes will be held from 9 to 10:30, and advanced classes from 10:30 to 12. The school will also include section drill, marching, recreation and private lessons, all to be arranged.

Elliott urged that parents, who would like for their children to begin band, contact him during registration at the band room in the gymnasium building.

The summer session offers an excellent opportunity for the begining band student to get acquainted with band work, Elliott said.

Students who are above fourth grade next year will be eligible.

Start Paving On Scurry Section Of New Highway

Paving operations are now under way on the Scurry County section of the Snyder - Big Spring highway, and construction is progressing according to schedule, B. R. Wilkinson, resident engineer for the highway department, said yesterday.

Work is still being done on the Howard County section of the road too, he said, but the section in Mitchell County has been completed.

About May 1 specifications for the highway were altered and the plans for 18-foot pavement width were changed to make the blacktop pavement 22 feet wide. The road bed was also re-enforced and the base made thicker for greater support.

The entire project will be completed and opened to through traffic some time this summer, Wilkinson said. The road will be 34½ miles long. The nearest highway route now open to through traffic between Snyder and Big Spring is 64 miles.

Apolistic Faith Revival This Week

Revival services at the Apostolic Faith Church, Twenty-fifth Street and Avenue Z, are in progress and will continue through this week, the Rev. S. V. Clanton, pastor, announced.

The Rev. Millard E. Brown of Rockdale, Tex. is the evangelist and will speak each evening at 8 o'clock.

Choir singing and special songs are features of each service.

For a seafood stuffing for firm ripe red tomatoes mix about a half cup of crabmeat with a half cup of finely diced celery; season with salt and a teaspoon of Worcestershire salt, and moisten with a couple of tablespoons of mayonnaise.

Personnel At Pan American

Milton Crow, transferred to Snyder from Kilgore, will head the new West Texas Division of Pan American Pipe Line Co., Ira O. Walker, president of the company, announced from Houston yesterday.

Crow and his staff moved into the new Pan American Pipe Line headquarters five miles south of Snyder on the Colorado City highway about two weeks ago.

The entire list of personnel announced by Walker includes the following: Crow, division superintendent; Harry G. Egle, division foreman, from Alvin; Richard Lenczewski, division clerk from Alvin; Hayne Nelms, division mechanic, from Douglass; J. B. Johnson, district mechanical engineer, from Kilgore; Hall C. Hagler, connection foreman, from Alvin; Leonard A. Dodd, gangpusher, from Kilgore; J. F. Rogers, inventory engineer, from Kilgore; Eugene B. McLemore, senior field clerk, from Kilgore; and John C. Stanley, proration clerk, from Kilgore.

Heavy Rain Near Fluvanna; .45 Of An Inch Here

Violent winds accompanied a rainstorm that gave Snyder .45 inch of moisture Friday night and dumped three and a half inches of rain five miles west of Fluvanna.

Tree branches were broken off in Snyder as a result of the wind storm, but no serious damage was reported.

The rain fall brought the year's total for Snyder up to 11.43 inches, as compared to the average of 9.96 inches for the first six months of the year.

Total for June so far is 2.01 inches. Average rainfall for the month of June is 2.38.

FAMILY TREAT. They'll all have fun in this roomy 4-door Sedan with generous luggage space for trips. Shown here is the SPECIAL. Same body type available also in the SUPER series.

Look at the FUN you're missing!

SURE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever—and the kind of car you are hankering for.

You want a car with some fun in it, don't you?

A car you'll get a big bang out of every time you see it parked in front of your house—every time you slip into its front seat—every sweet and easy mile you travel in it.

Well, come see what this beauty does for you.

How the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb—especially when Dynaflow* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars—how buoyantly road-free a Buick is.

** Dynaflow Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.*

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Fun? You bet it's fun—too much fun to miss.

And there's no reason to miss it, really, for this strapping traveler is priced under many sixes. Starts at figures just an easy step above the so-called Lowest Price cars.

What's keeping you from trying one, when the nearest Buick dealer is ready to demonstrate without obligation any time you want to call on him.

Only Buick has Dynaflow and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • **NEW-PATTERN STYLING,** with **MULTI-GUARD** forefront, tapering fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY,** close-up road view both forward and back • **TRAFFIC-HANDY SIZE,** less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE,** from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.

WHATEVER YOUR PRICE RANGE

Wisconsin Track Star Looks For New Records to Achieve

MINNEAPOLIS, June 15 (AP)—A young man from Wisconsin has a double-barrelled ambition he would like to fulfill before he ends his collegiate career with graduation this month.

He is Don Gerhmann, 22-year-old senior at the University of Wisconsin. Gehrmann is the first man ever to win the noted Banker's Mile three years in a row, and he would like to add his third National Collegiate Athletic Association crown before hanging up his spikes in college running.

The other part of his ambiton is to better the mark of 4:08.3 set by Lou Zamperini of Southern California in 1938. From the looks of things, Gehrmann stands a better chance of realizing his three-year - in-a-row dream than the record-breaking hope. The best time he ever has made in the event is 4:09.3.

Notice
LEGAL

THE STATE OF TEXAS

TO: ROBERT ROSS, Defendant

Greetings:

You are hereby commanded to appear before the Honorable District Court of Scurry County at the Court House thereof, in Snyder, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of July A. D. 1950, then and there to answer to Plaintiff's Petition filed in said Court, on the 25th day of May A. D. 1950, in this cause, numbered 4827 on the docket of said court and styled FRANKIE ROSS Plaintiff, vs ROBERT ROSS Defendant.

A brief statement of the nature of this suit is as follows, to wit Suit for divorce alleging plaintiff has been a legal resident of the State of Texas for 12 months and of Scurry County for more than six months next preceding the filing of said suit; that defendant's conduct toward plaintiff has been of such a nature as to render their further living together insupportable, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Snyder, Texas this 25th day of May, A. D., 1950.

Attest Eunice Weathersbee, Clerk,
District Court, Scurry County Texas

THE STATE OF TEXAS

TO Mrs. Joseph M. Harris, Williams James Harris, and Mary Francis Harris, if living, and if dead, their unknown heirs and legal representatives of the said Josephine M. Harris, a widow, William James Harris and Mary Francis, and any other persons claiming any, right, title or interest in the land hereinafter described.

GREETING You are commanded to appear and answer the plaintiff's petition at or before 10:00 A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of July, A. D., 1950, at or before 10 o'clock A. M., before the Honorable 32nd District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's first amended original petition was filed on the 24 day of May, 1950.

The file number of said suit being No. 4700

The names of the parties in said suit are JAMES A. CLARK as Plaintiff, and Mrs. Irla Morgan, a widow, Mrs. Josphine M. Harris, a widow, William James Harris, and Mary Francis Harris, and the unknown heirs and legal representatives of the said Mrs. Josephine M. Harris, William James Harris and Mary Francis Harris as Defendants.

The nature of said suit being substantially as follows, to wrft

Suit in tresspass to try title, to recover the title and possession of Lots Nos. 1, 2, 3, 4, 5, 6, 7, and 8, in Block No. 25, of the Chambers Addition, to the town of Snyder, Scurry County, Texas, the said Mrs. Josephine M. Harris, Williams James Harris and Mary Francis Harris, and or their unknown heirs or legal representatives claiming an undivided ½ interest in Lots Nos. 3 and 4, said Block No. 25, Chambers Addition, and Mrs. Irla Morgan claiming fee simple title in Lots Nos. 7 and 8 in Block No. 25, Chambers Addition to the town of Snyder, Scurry County, Texas.

Plaintiff also sues for damages in the sum of $350.00, for title and possession of above described property, for costs of suit and for general relief. Plaintiff also sues any other persons claiming and right, title and interest in any of said lots above described.

If this Citation is not served within 90 days after the date of its issuante, it shall be returned unserved.

Issued this the 24th day of May A. D., 1950.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 24th day of May A.D., 1950.

District Court Scurry County, Texas
Eunice Weathersbee, Clerk

On July 3rd, 1950, at 8 o'clock, City of Snyder, Texas, will receive bids for depository for the next two years, at which time bids will be received and opened.

Contract awarded.

Attest:
Clara Jones, Asst.-Sec. — F. G. Sears, Mayor

THE STATE OF TEXAS

TO: C. E. Davis, Mrs. Nora Downtain, J. W. Webb, W. A. Thompson, J. R. Brownfield, D. O. Stewart, D. C. Wylie, H. P. Wellborn, George A. Pierce, Jr. and, H. A. Reeves, if living, and if dead, the unknown heirs of said above persons and their legal represeniatives, if any, and to any and all persons claiming any, right, title or interest, or right of possession in and to the hereinafter described land and premises,

GREETING:

You are commanded to appear and answer the defendant's 1st Supplement answer and cross action at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 31st day of July, A. D., 1950, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said defendant's answer and cross action was filed on the 9th day of June, 1950.

The file number of said suit being No. 4721.

The names of the parties in said suit are:

CITY OF SNYDER as Plaintiff,
and
JAMES A. CLARK ET. AL. as Defendants.

The nature of said suit being substantially as follows, to wit:

Suit in tresspass to try title, and recover the title and possession Lot No. 1, Block No. 8, Lot No. 5 in Block No. 9, Lots Nos. 10 and 11 in Block No. 11, Lot No. 2 in Block No. 12, Lots Nos. 11 and 12 in Block No. 13, Lot No. 7, in Block No. 13, Lot No. 2, in Block No. 19, all in the W. L. Gross Sub-division of the Scarborough Addition to the town of Snyder, Scurry County, Texas, and for damages, for costs of suit, and for special and general relief.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 9th day of June, A. D., 1950.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 9th day of June, A. D., 1950.

Eunice Weathersbee, Clerk
Court Scurry County, Texas

Demonstrating various flower arrangements is Mrs. E. P. Ketner, above, who is a member of the properties committee for the Garden Club's flower show, to be held Friday afternoon at the Country Club. It will be the first big flower show ever held here—(Staff Photograph).

TALK OF THE TOWN
BY FRANCES BIOW

Even though Father's Day was a mere afterthought after all the warm greetings and lavish gifts were piled on Mama, the guy does have his day, and a look around Snyder's square could convince you that it might be fun choosing a little something for him.

Unless you're hopelessly unsentimental or broke, you won't settle on handkerchiefs, please. No matter how badly he needs them, or how tattered his are after the laundry struggle, nor how nice the monogrammed ones look on display, don't get them. . .unless it's necessary. Statistics will show that 49 per cent of you will choose them!

* * *

BRYANT-LINKS is offering Arrow shirts and ties and other products that Arrow makes and constantly advertises nationally. In fact, should you wander back to the well-laid out men's department there, you might feel you were in the display rooms of the Arrow factory. A product never sniffed at by the recipient, why not look over the ideas their display might conjure for you?

Two really worthwhile sales going forth in town today are at the JUSTICE SHOP and MILDRED'S, both noted for lovely women's clothes. Mrs. Justice has lashed her prices one-half on hats, and one-third on dresses. At Mildred's, Mrs. Bodenhoff has done the same, with an expert eye to quite useable frocks for now. You feel you've made a real killing walking out with a much marked down cotton you can step right into after your shower before the dinner date on a hot evening.

* * *

PHARMACY GLEANING OVER ICED COFFEE: At Harris Drug, the eye falls on their Father's special, Mennan shaving bracer and brushless cream, 49 cents, a $1.50 value, not bad! At CROWDER-HALL, that cool and rather popular emporium across from the hospital, Doc Hall, one partner, was advocating the little yellow pills, can't spell the trade name, that are the last word on allergies, such as Snyder hay fever in June. Report was they worked, too, no drowsiness. If you're not frightened by the color and you sniff and haul at a hankie all day, ask Mr. Hall for them. 60 cents the dozen, and relief-giving.

* * *

Surely your Friday shopping list carries a visit to the Flower Show and Rose Tea, out Country Club way, and there you will see some of these floral sights, a sneak preview Wednesday disclosed: According to Mrs. WADE WINSTON, MRS. G. B. CLARK, and MRS. WILSON CONNELL, who sat over iced tea glasses and rested from their entertainment committee worries and work, there is something special in store.

That ice well with a bed of carnations frozen in the center, which will hold the real old pink lemonade in quantities, can only be hinted at. And LUCIE ENFIELD'S brightly-decorated tea cart that will stand in the patio as a coke party arrangement, sun flowers, gay and profuse, can only be barely mentioned. Talk of that six-foot palm tree, made fancifully from the leafy fronds tacked masterfully to brown burlap and screaming of the tropics musn't leak out. For it's all very Top Secret, and each and every woman in Scurry County is invited to come, drink the lemonade, enjor the club house and grounds, and contribute to, or at least, inspect that FLOWER SHOW!

While Mom is out shopping for Pop, it is just possible she will espy that Roper range at WES-TEX APPLIANCE store, southeast corner of the square. This may send a chill up Pop's spine and he might prevent her leaving the house to shop, but if she does and if she sees it, the jig is up. Hard to get for, lo, all the war years until now, the Ropers are back, 1950 model. The only thing Pop might prefer to buy at this time instead of a 1950 Roper range might be a 1950 Cadillac or a 1950 Johnson speed boat. But those Ropers at Wes-Tex are the last word in Swanky Stoves!

* * *

DON AND NANCY MARTIN are an intrepid couple who met in Nebraska, married, wandered West, and after only a matter of months in Snyder, are sufficiently convinced of its charms to renovate a large, old house at 1111 Thirty-first Street into a restaurant.

The restaurant will be unique here, simply a pleasant (and cool) eating place, where the buests enter the tropical atmosphere Mrs. Martin has made of two huge front rooms and sit at small tables gleaming in soft light from hurricane lamps. The piece de resistance comes with their one and only menu, which is to excell in every detail, they maintain. . . . . homemade rolls, a gourmet salad, fried chicken, delicately done, and every accessory in generous and carefully thought out servings.

Mrs. Martin, now a nurse at the Snyder Hospital Clinic, has found time to add really professional looking decorator details. Sweeping draperies came into being in her bathtub, which sometimes looked green at the day's end after applications of dye she put to good use. She has leaned heavily on tropical plants in ample brass holders; outstanding floral wallpaper on one wall offsets the lovely solid green of the other walls. All gives a restful effect, promises something really new and a bit different for Snyder's diners-out. Opens in two weeks. Oh, forgot to mention, Martin is cook at Henry's cafe, as of now, and once prepared food for the Manhattan's clientele, besides much other far-flung restaurant work, so he can stir up the cuisine.

Family Night at Country Club on Friday night attracted a host of Snyder residents, who gratefully drove out to enjoy the cool of the terrace, the spacious screened-in eastern porch and to consume the ham dinner served in the dining room. ROBERT PREUITT brought MISS BETTY TEMPLETON, a granddaughter of MR. and MRS. JOE STRAYHORN, who is a popular visitor to Snyder's younger set. A junior in Lamarr High School, Houston, she will be here another week before returning. She and Robert enjoyed the dancing.

Taylor County In Big West Texas Population Gain

(By The Associated Press)

A population shift — equal to a good-sized city — flowed into Jefferson County during the past 10 years.

Census figures announced last night in Beaumont by District Census Supervisor U. G. Watson show the county with a present population of 194,136, compared to 145,329 in 1940 — a gain of 48,807.

Watson earlier announced that Beaumont grew from 59,061 to 93,875 and Port Arthur from 46,140 to 57,374.

Every incorporated town in the county showed a gain. Port Neches now has 5,447 residents, up from 2,487; Pear Ridge 2,039, up from 1,198; Lakeview, 3,093, up from 852 and Griffin Park, 2,101, up from 1,344. Nederland, which was not incorporated in 1940, now has 3,801.

In West Texas some counties show gains and some losses.

Last night District Supervisor Donald Pulver said that Taylor County grew from 44,147 to 63,077 in the 10 years.

Eastland County dropped from 30,345 to 23,754, and Erath County from 20,760 to 18,376.

Stephenville, county seat of Erath, increased from 4,768 to 7,065.

Figures for the 15 counties in the 13th Congressional District show a census gain of about four per cent —from 279,924 to 290,969. However, only three counties in the district —Wichita, Denton and Wilbarger —showed gains.

Horns of the African rhino are not attached to its skull. They grow out of the skin and have a high commercial value among the Chinese, who use them for medicinal purposes.

The Germans shipped tons of Dutch bulbs and bulb soil to Germany during the war, apparently intending to take over the industry.

County Hospital Approved For Federal - State Funds

in state and federal aid for the construction of a county hospital and health center to be built here was approved Monday by the state hospital board.

In a meeting with the board Monday in Austin Edgar Taylor county judge, M. C. Butler, of the Butler-Brasher Co., Lubbock architectural firm, and County Commissioners Ted Haney and T. B. Knight were told of the board's decision to approve financial aid in the amount of $400,000, which is 50 per cent of the estimated total cost of the project.

NO SITE YET

This is a major step in the project, Judge Taylor said. A site for the hospital has not yet been chosen, but several possible sites have been considered by the commissioners. It has not yet been decided whether the health center has hospital will be built together on one site or separately.

The health center is estimated to cost $100,000, and the hospital will cost about $700,000. In a county-wide election April 1, voters approved a bond issue totaling $400,000 for the construction of the hospital and health unit.

The hospital bond issue of $400,000 was to cover the county's part of the cost. The hospital bond election carried with 837 votes for it and 603 votes against.

A petition contesting the validity of the hospital bond election was filed in district court here May 9 and is expected to be considered in the next court session which will begin next Monday.

INJUNCTION SOUGHT

The petition, which seeks an injunction against the issuance of any bonds for the hospital, was filed on behalf of 13 plaintiffs. The petition states that the election was invalid for several reasons, one being that no election was held in Precinct No. 2, Cottonwood Flat, because the voting supplies were not delivered in time for the election.

The plaintiffs also allege that many ballots were cast by unqualified voters.

The law firm of Sentell, Beene & Rosser has been employed to represent the county in answering the suit, and Ben Thorpe, county attorney was chosen by the commissioners court to file the answer. Thorpe said he thought the hearing would be set for an early date when the civil docket is made up Monday in district court.

American and British Marines wear somewhat similar insignia. The U. S. Marine emblem shows a globe, eagle and anchor, while the British wear a globe encircled by a laurel wreath, together with a small anchor, a lion and a crown.

The National Cotton Council estimates the boll weevil and other cotton pests did $470,000 damage in the U. S. in 1949.

Beaumont Upsets Fort Worth 5 - 2

By The Associated Press

Northern teams in the Texas League open home stands tonight and fans in these cities can't complain too much about their club's showing on a lengthy southern road trip.

Three of the four teams are in the first division and the fourth—Dallas—is in fifth place and close enough to fourth to make Oklahoma City feel uncomfortable.

Last night pace-setting Fort Worth dropped a 5-2 decision to Beaumont; San Antonio beat Tulsa again, 5-2; Oklahoma City edged Houston, 5-4, in 12 innings, and Dallas nudged Shreveport, 3-2.

Tonight Shreveport is at Dallas, Beaumont at Fort Worth, San Antonio at Oklahoma City, and Houston at Tulsa.

Houston jumped to a four-run lead in the third inning, but Oklahoma City tied it up in the eighth and won in the 11th on Harry Malmberg's single with Bob Burgher on base.

Attention Focuses On Hogan At Palm Beach Tournament

15. (AP) — The ninth annual Palm

NEW ROCHELLE, N. Y., June Beach Golf Tournament starts this afternoon and "The Man Who Came Back" will be the center of attention.

Ben Hogan, whose astonishing victory in the National Open last Sunday still is the talk of the golf world, tops a field of 16 outstanding pros in this invitation affair which, until this year, was called the Goodall Round Robin.

The event is unique inasmuch as it is a combination of match and medal play. That is, each entrant will play in a foursome with each other entrant during the five rounds, and his medal score will be compared with that of each of the others in his foursome.

Next time you make cole slaw, try adding part shredded carrots to the salad for a flavorful, colorful and nutritious combination.

HI SCHOOL GRAD FINDS ACTION-PACKED CAREER WITH THE ARMORED INFANTRY

Mortar Gunner Gets Big Bang Out of Job

Pvt. Louis A. Martin of New Orleans, has found what he was looking for in the U. S. Army.

Says Martin:

"This is the kind of a life I've always wanted . . . plenty of action, plenty of opportunity. This armored infantry is tops."

Martin, now with Co. C, 12th Armored Infantry at Ft. Hood, enlisted 9 months ago after graduation from Martin Behrman High School, New Orleans.

Places are now available to qualified men in several branches of the U. S. Army. You, too, may find the career of a lifetime in one of them.

You can haul more loads... more miles...for less... with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the *new* Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

CHEVROLET

ADVANCE-DESIGN TRUCKS

PERFORMANCE LEADERS

Here are the most powerful Chevrolet trucks ever built! Two great Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p. engine have stepped-up power and performance.

PAYLOAD LEADERS

Low operating and repair costs of Chevrolet trucks are due to finest engineering and rugged construction. Chevrolet trucks let you deliver the goods with real reductions in cost per ton per mile.

POPULARITY LEADERS

For the last full year, Chevrolet trucks have outsold the next two makes combined! That's evidence of the owner satisfaction they have earned—proof that Chevrolet is the nation's most-wanted truck.

PRICE LEADERS

You're money ahead with Chevrolet trucks! Chevrolet's rock-bottom initial cost—outstandingly low cost of operation and upkeep—and high trade-in value, all add up to the lowest price for you.

Scurry County Motor Company

1707 25th St. SNYDER, TEXAS PHONE 5

Some Offices Are Moved In Remodeled Courthouse

Most of the county officials and their department personnel were occupying their regular office rooms in the courthouse Tuesday following completion of interior decorating throughout most of the building.

Some departments were assigned to change office rooms permanently for convenience and more adequate space.

CHANGED OFFICES

The public welfare office and the sheriff's department exchanged office rooms. The sheriff's office is now located on the second floor adjoining the highway patrol office immediately east of the stairway.

The sheriff's department now has two large rooms that were formerly used by the welfare office. The welfare department has moved to the northeast rooms of the main floor.

The county tax assessor-collector's office is moving from the commissioners courtroom back to its former location east of the stairway on the main floor. Across the hall is the county clerk's office.

The justice of peace office is situated permanently in the southeast room of the second floor with the district clerk's office adjacent on the west and the county attorney's office on the south side between the clerk's office and the district courtroom.

The city - county health unit, which has temporarily been sharing office space with the soil conservation office in the northeast room of the third floor, is back in its original room next to the stairway on the same floor. A temporary laboratory is being planned for the east central room of the third floor and will be used by the health unit.

The highway department office will resume activities in the southeast room of the third floor with the grand jury room immediately west.

Other offices will remain in their regular locations.

PAINTERS AT WORK

Painters yesterday were spraying a coat of dark ivory in the basement hallway. Colors vary considerably throughout the building. Most of the offices will have walls of either light green or light blue.

The district courtroom and its balcony, the west side of the second and third floors, is finished in light green with gray tile flooring.

The new combination steel sash and casement windows are finished on the insides to match the colors of the rooms and are painted light gray on the outsides.

Most of the light fixtures have been installed. Many of the offices are buying new furnishings and office equipment. The new exterior doors of the building will be modified soon with new locks and door handles to permit opening the doors from the outside without the necessity of using the door keys as knobs.

The remodeling project is expected to be completed in about a month. Buford & Feinberg, of Dallas, is the architectural firm in charge of the project, and construction is being done by Von Frellick, Inc., of San Angelo.

News from Ira

On Sunday June 25, the Ira Methodist Church will sponsor a homecoming of former pastors and members. All Ira churches are invited to participate, and all women are asked to bring basket lunches for dinner on the ground, which will follow the services.

Vacation Bible School here has been a great success, with full crowds attending each morning. Chancy were fishing and vacationing on Devil's River last week.

Mrs. J. H. Allen and Mrs. Nettie Webb were visiting in Big Spring this week.

Mrs. Minnie Webb and Mrs. Louis Minton and daughter of Snyder were visiting in the John Webb home Wednesday afternoon.

Mrs. Bama Clark of Dunn visited Mrs. Marie Kruse Thursday afternoon.

Miss Doris Rhyme of Lamesa spent this week with her aunt, Mrs. E. D. Sepes and family.

Mr. and Mrs. M. L. Wilson returned home Thursday from Temple where Mrs. Wilson underwent medical treatment. She is reported to be improving.

Mrs. Amil Kruse is doing well after surgery in Temple.

Thursday visitors of Mr. and Mrs. W. D. Webb were Mr. and Mrs. Jim Payne of Long Beach, Calif., Mrs. W. C. Eades and children, and Mr. and Mrs. J. R. Payne from Snyder.

The Rev. R. E. Boulder and the Rev. Johnny Myers of Sweetwater were at the Church of God here Thursday night. Mr. Bowden invites the public to attend church services at the Church of God the first Tuesday night of each month.

Mr. and Mrs. Jimmy King of Snyder visited Mr. and Mrs. Denver Way Tuesday night.

The deep test of the J. W. Taylor place is progressing very slowly due to the formation. They have drilled 5,000 feet.

Saturday Deadline On Filing For County Offices

H. O. Beard, county Democratic chairman, offered a reminder this morning that Saturday is the deadline for filing for county office.

Anyone who wishes to be a candidate for the Democratic nomination in the first primary July 22 must file with the county chairman not later than Saturday, June 17.

Highway No. 180 Association To Publicize Road

Bentley Baize, director of the U. S. 180 Highway Association, attended an association meeting in White City, N. M., Monday.

The association voted to erect small signs beyond El Paso directing tourists to travel 180 to Fort Worth and the East. To publicize the highway and work for improvements along the route are the main goals of the association which includes 50 members from Snyder.

Baize was accompanied on the trip by his wife and two sons, Lyndon and Stanley. The four spent Sunday night in White's City as guests of Charlie White and, after the meeting, went through the Carlsbad Caverns as guests of Don Libby, superintendent of the Carlsbad National Park.

C. N. von Roder of Snyder, vice-resident of the association, was unable to attend the meeting.

Evangelists Will Conduct a 2-Week Tent Revival Here

A large tent on the corner of Avenue Y and Twenty-fifth Street will house a revival which will start at 2:30 o'clock Sunday sponsored by the Rev. Henry G. Spraggins of Fort Worth and the Rev. Claude M. Sailhamer of San Antonio, evangelists.

Mr. Sailhamer will speak at 9 o'clock each weekday morning, and Mr. Spraggins will preach at 8 o'clock each week night. There will be no services at the tent during the hours of regular Sunday morning and Sunday evening worship. Instead, a service will be held at the tent at 2:30 Sunday afternoon, and an echo rally will be held at 9 o'clock Sunday night.

Mr. Sailhamer began a daily broadcast over KSNY at 7 o'clock yesterday morning. The broadcast will continue for the next three weeks. The meeting is planned to continue two weeks.

Mr. Sailhamer, former recording artist singer for RCA Victor, will render a solo at each evening service.

The song services will be directed by Bill Poe, with James Patrick playing the piano.

Methodist Sunday School Class Has Party at Yoder Home

The Wedding Ring Sunday School Class of the First Methodist Church ate picnic lunches on the lawn when Mrs. Lyman Yoder entertained the group Friday night at her home, 2300 Thirty-second Street.

Mrs. Frank Ficklin, recreation chairman, led the social hour when the group moved inside, due to rain.

About 30 members and their guests were present.

NEWS FROM UNION COMMUNITY

The A. W. Page family of Big Spring visited the Bill Pate's Friday.

Mr. and Mrs. J. B. Adams visited relatives in Fort Worth several days this week.

Virginia and Patsy Arnold of Kingsville are spending the summer with their grandparents, Mr. and Mrs. Henry Arnold.

The Ben Odarizzi family of Lubbock visited R. C. Lunsford's Sunday. Their son, Rollan, is spending the week with David Lunsford.

Mrs. Jack O'Neal spent a week with her sister and family at Orange Grove, Tex.

July 16 is scheduled to be a great day for Union Baptist hurch. This is the date set for a service to dedicate the new church building. Program for the day will be announced later.

Mr. and Mrs. Milam Fowler have relatives visiting them from Houston. They plan to go to Carlsbad to go through the Cavern.

Home Demonstration Club in Plainview

Mrs. Mildred Sparks, County Home Demonstration Agent, met with the Plainview Home Demonstration club June 6 in the home of Mrs. Bert O'Neal and demonstrated children's clothing made from cotton feed bags. The club voted to send projects made from these bags to Girl's Town.

Roll call was answered with "A Way to Economize in the Kitchen." Mrs. Roy Staton directed the recreation, after which the president presided over the business. Following nominees were selected: council vice-chairman, Mrs. Vestal Boothe; committee chairman for 4-H girls, Mrs. Alford Rosson; delegate to the state convention at Big Spring, Mrs. Lowell Thornburg, and County H. D. A. chairman Mrs. Robert Chambers.

Refreshments were served to the following; Mrs. Boothe, Mrs. A.K. Murphy, Mrs. Clarence Moore, Mrs. D. M. Pogue, Mrs. Rosson, Mrs. Chambers, Mrs. Thornburg, Mrs. Roe Rosson, Mrs. Roy Staton, Miss Patsy Pogue and Miss Rosanell Rosson.

The next meeting will be June 27 in the home of Mrs. Roe Rosson.

WEEK-END ARRESTS

Snyder police made 36 arrests Saturday and Sunday, all on charges of drunkenness or drinking in public except one, according to police department records. One person arrested on a charge of driving while intoxicated was referred to county court.

The J. H. Kimmel's are a swelled up family this week. Three of them—Mr. and Mrs. Kimmel and Philip—have the mumps. They have our sympathy.

This week is boys' Camp at Big Spring Baptist encampment. Several boys and sponsors from Union are at camp. Next week—Tuesday to Firday is girls' camp. All girls of this community—9 to 16 years old— should see Mrs. O'Neal if they are interested in going.

Wisconsin Man Faces Charge Of Theft Here

Fred Larscheid, 56, of Green Bay and Wausau, Wis., twice fined in county court on charges of swindling with worthless checks, was charged Saturday with car theft.

Larscheid was charged with theft of an automobile which belonged to him but which had been deposited with Lloyd H. Merritt, sheriff, for keeping as security for a debt owed to Fank Reff, who had paid fines and had redeemed bad checks for Larscheid.

On May 29, Reff paid a county court fine for Larscheid of $33.50 and redeemed checks totaling $176.46.

The charge of car theft was filed according to Article 1416 of the Texas Penal Code, which states that it is a violation for one to take his own property when it has been deposited as security for a debt unless the owner obtains the permission of removal from the person possessing the property.

County officers said Larscheid's whereabouts were unknown Monday.

Substitute Carrier Job Is Open At Post Office Here

An examination for filling vacancies in the Snyder post office in the position of substitute clerk-carrier was announced yesterday by the Civil Service Commission. Salary rate for the position is $1.31½ an hour.

To be eligible to take the examination applicants must reside within the delivery of the post office or be bona fide patrons of it. Application forms and additional information may be secured from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Scurry Is Center Of Pan Am West Texas Operation

The new West Texas division of Pan American Pipe Line Co. here eventually will maintain construction and operations throughout West Texas, Milton Crow, division superintendent, said Saturday.

At the present time the office is handling operations and constructions in Scurry and Borden Counties and delivering away from those two counties.

Crow said he had been in Snyder since January, operating from a temporary office in town and from cars.

Division personnel moved into new headquarters five miles out on the Colorado City highway about two weeks ago. An office building includes the engineering office, operating department, accounting department and supervision department. Also on the location are the communications center for the company's radio communications and two residences.

Crow, with his wife and daughter, Miss Dora Dean Crow, 18, recently moved into one of the company houses. Division foreman H. G. Egle lives in the other house.

Before being transferred to Snyder, Crow was division foreman for the Northern Division, with headquaters in Kilgore. He has worked for Pan American for three and one-half years.

One of the biggest current operations in the West Texas area is the construction of an 80 - mile trunk line running south from Scurry County through Mitchell, Sterling, Tom Green and Irion Counties. Award of the contract for the line was announced last week from Houston by Ira O. Walker, president of Pan American Pipe Line.

Newcomer's Bridge Club Meets With Mrs. Davis Bodie

The Newcomer's Bridge Club was entertained Thursday at a dessert bridge party in the home of Mrs. Davis Bodie, 3500 Avenue U. Mrs. J. M. Myers was co-hostess.

Members present filled three tables, and high score was won by Mrs. W. P. Thurman; second prize by Mrs. W. W. Arnold; traveling prize by Mrs. Lillian Bently; and guest prize by Mrs. R. O. Littell.

Guest list: Mrs. Lyle Galbreth, Mrs. Ollie Bruton, Jr., Mrs. Arnold, Mrs. Myers, Mrs. Thurman, Mrs. Littell, and guests, Mrs. L. P. Jones and Mrs. Mary Adams.

Permit To Build New Post Office

A building permit to construct a post office building at a cost of $8,500 has been granted George W. Gray, owner of the Snyder Gray Lumber Co.

Contractor for the building is Albert Basinger of Lubbock. It will take an estimated 90 days to complete the building, which is being erected at 2211 Avenue R.

PERSONALS

Mrs. Mary Fesmire, 2204 Twenty-sixth street, and son, Le Roy of San Angelo, have returned from a week's trip to Springfield, Mo., where they visited with Mrs. Fesmire's brother, W. H. Pitman, 92 years old, who has been ill. En route home, they visited in Glenwood, Ark., with Mr. and Mrs. Eugene Roberts. Mrs. Roberts is Mrs. Fesmire's son.

Orville Paty Is Named Hermleigh Superintendent

Orvill Paty, principal of Iraan high school for the past nine years, was unanimously elected Monday night by the Hermeligh school board to serve as superintendent of Hermleigh schools.

Paty has accepted the position and will assume his duties July 1, with a 2-year contract. He taught in Kaufman before going to Iraan. He has bachelor of arts and master of arts degrees.

With his wife and three small children, Paty is at present visiting his father in Fort Worth.

The position as superintendent was left vacant by the resignation of R. K. Williams.

O. O. Dever Files For Constable In Precinct No. 1

O. O. Dever of Snyder announced his candidacy this morning for constable of Precinct No. 1.

The 51-year-old automobile mechanic, who moved to Snyder 28 years ago, resides in the Bootheland Addition northeast of town.

Dever, at present the only candidate for the office, served two years in the Military Police Corps of the army of occupation after World War I.

Dever was an officer in the National Guard here 18 years, having assisted in the organization of the local company.

Precinct No. 1 has been without a constable since the death of John McKinney last year. This is Dever's second candidacy for office, having been defeated in 1944 by McKinney.

Dever is married and has two daughters, one 11 and the other 22.

Miss Denson Is Bride Of Charles Lyons

Miss Betty Denson, daughter of Mr. and Mrs. Lee Denson, 1306 Avenue S, and Charles Lyons, son of Mr. and Mrs. C. M. Lyons, who live in the Ennis Creek area, were married by the Rev. E. K. Shepherd in the parsonage of the First Baptist Church Friday night.

Attendants were Mr. Lyons' small sister, Bonita Lyons, Glenn McCowan, and Miss Mary Nell Wilson. Both the bride's and the bridegroom's parents were present.

Mrs. Lyons wore a navy suit with a gardenia corsage. She chose a white linen straw hat, white linen shoes, and linen bag. Immediately following the ceremony, the couple left for Carlsbad, N. M., on a honeymoon.

Mrs. Lyons graduated from Sweetwater high school in 1947, and has lived in Snyder for nine months. She is employed as a bookkeeper at the Snyder National Bank. Mr. Lyons who has always lived in Snyder, graduated from Snyder High School in 1944. He has a position here with the Mid West Electric Co.

Mr. and Mrs. Lyons will live at 1702 Avenue R.

Funeral for Infant To Be Held Tomorrow

Funeral services for Danny Porter Cochran, infant son of Mr. and Mrs. Dean Cochran, 1611 Seventeenth Street, will be held at the First Baptish Church at 2 o'clock tomorrow. The Rev. E. K. Shepherd will officiate.

Born Monday, the child died this morning at the Snyder Hospital Clinic. Besides his parents he is survived by his grandmother, Mrs. A. P. Gannaway, of Hermleigh.

Pallbearers will be Harold Grant and W. E. Holcomb. Mrs. Joe Rylander and Mrs. Alfred Bosson will be in charge of flowers.

Burial will be in the Snyder Cemetery. The services will be directed by the Bolger-Barnes Funeral Home.

New Bus Terminal Is Opened Today at 2005 Twenty-sixth

A new union bus terminal to serve three interurban bus lines was opened in Snyder Tuesday morning by B. Carroll, of Sweetwater, owner and operator of the station.

Carroll, who will continue to operate the Greyhound bus station in Sweetwater, which he has managed for 12 years, said the Snyder terminal will serve Texas, New Mexico & Oklahoma Coaches, Baygent Coaches, and Snyder-Big Spring Coaches.

The terminal is located at 2005 Twenty-sixth Street in the yellow brick building formerly occupied by branch offices of Schlumberger Geophysical Co. and Sun Oil Co.

The building, which Carroll purchased from Jack Fulghum, Snyder contractor, is being remodeled with rest rooms, ticket windows, and a waiting room with 32 seats.

A loud-speaking system was also being installed today for use in paging patrons, dispatching busses, and announcing schedules.

"The remodeling will continue for a while after opening," Carroll said, "but will be completed in a few days." He also said the station would operate 24 hours a day.

Mrs. Julia Pearcy, of Sweetwater, will be ticket agent for the Snyder station, Carroll said. She has worked for the Sweetwater terminal for six years. Carrol expects to employ three others.

The station's premises, a block west of the City Hall, will have parking space for about 15 busses, Carroll said, and the area in front of the building will be reserved for customer parking.

A large neon sign has been ordered for the terminal, he said, and a confection stand will be built sometime soon.

"The bus business is my sole business interest," Carroll said, "and effecient bus service will be the aim of the new terminal."

Carroll said he had worked for the Greyhound company 21 years, 12 of which he has spent as owner and operator of the station in Sweetwater.

Engagement Of Miss Delores Weber Told At Shower Friday

Miss Delores Weber, daughter of Mr. and Mrs. C. A. Weber, was honoree at a pre-nuptial shower Friday in the home of Mrs. R. E. Fawcett. At the party Miss Weber's engagement and approaching marriage June 30 to Frank J. Self, Richmond, Calif., was announced.

Graduating from Oklahoma A. & M. College this spring with a B.S. degree in home economics, Miss Weber was chairman of the membership of A. C. E. I., and was on the dean's honor roll.

Mr. Self was graduated from Oklahoma A. & M. in 1949 with a B. S. degree in education. He served two and one-half years in the Navy during World War II.

The couple will be married in the First Methodist Church, Stillwater, Okla., and will make their home in Richmond, Calif., where Mr. Self now lives.

Assisting Mrs. Fawcett with the shower was Mrs. R. E. Corbell. Guests included Mrs. Maxine Jones, Mrs. F. M. Ingmire, Mrs. C. F. Cahill, Mrs. Knolton Wheeler, Mrs. T. B. Lowery, Mrs. C. J. Devinney, Mrs. E. M. England, Mrs. B. A. Ramella, Mrs. Frank Kruta, Miss Darlene Kruta, Mrs. Robert Harrison, Mrs. Kenneth Gray, Mrs. Daly Pitt, Mrs. J. R. Wyatt, Mrs. K. R. Allen, and Mrs. E. F. Barker.

Supernitendent For Ira Schools Named

Houston E. Stevens, superintendent of Texline schools for the past three years, will assume his duties as superintendent of Ira schools July 1. He and his family will move into the Ira teacherage within the next few weeks. Stevens was elected recently by the Ira school board to fill the position left vacant by the resignation of W. T.

for Stretched-Out Mileage!

Friends, it's amazing how gasoline mileage can s-t-r-e-t-c-h o-u-t . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil!

Proved By 50,000-Mile Road Test! In a punishing 50,000-mile road test, engines lubricated with new Conoco Super Motor Oil showed amazing economy of operation. Gasoline mileage for the *last* 5,000 miles of the test-run was actually 99.77% as good as for the *first* 5,000 miles. Proving that Conoco Super Motor Oil—with proper crankcase drains and regular care—can really s-t-r-e-t-c-h o-u-t gasoline mileage!

Come in and let me tell you about "50,000 miles no wear!"

ONE Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's smart, modern styling earned it the New York Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years running.

ONE Listen

You can hardly hear the '50 Ford's powerful V-8 engine. For with all its road-mastering power it never raises its voice. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

ONE Ride

A "Test Drive" and you will learn Ford's quality firsthand! You'll marvel at the performance of the 100-h.p. V-8, or its companion-in-quality, the 95-h.p. Six . . . the comfort of its "Mid Ship" Ride. You'll feel the safety of Ford's 35% easier-acting King-Size Brakes. And after you've come to know this car, you'll thrill to its complete economy—low first cost, great gas mileage, low upkeep and high resale value. You'll recognize that Ford's the "Big Economy Package" of the low-price field.

"TEST DRIVE" THE '50 FORD AT YOUR FORD DEALER'S

So economical to buy . . . and to own!
