COURTHOUSE SINGING CONVENTION MEETS SUNDAY

Trip To Boost Tornado Club Rodeo Will Start Next Week

Plan To Visit As Many Towns As Time Will Permit

Lamesa Citizens Are Asked To Join

Plans were perfected this week for the Tornado Club, sponsors of the big rodeo which is to be held in Lamesa July 20-21, for a booster trip to neighboring towns next week.

Present plans call for the gathering of everyone who can possibly make the trip, on the west side of the courthouse square, early Thursday morning. It is planned first to go to O'Donnell, Tahoka, Brownfield, Seagraves, Seminole, and if there is time enough, on to Andrews, Odessa, Midland, Stanton, Big Spring and Ackerly. The purpose of the trip is to advertise the rodeo and extend an invitation to the people of these communities to visit Lamesa either one or both days of the show.

All who will and can make the trip are asked to don appropriate cowboy regalia to make the trip as colorful as possible.

Announcement of the judges of the show here was made this week. They are Jess Slaughter, of Big Spring, Keet Dunn, rancher of Post, and Bud Arnet, of Fluvanna. Mill Good has been secured to announce the show and a Philco public address system has been constructed for.

FUNERAL FOR R. E. SIMPSON IS HELD HERE

Funeral services were held for R. E. Simpson at the First Presbyterian Church in Lamesa last Saturday afternoon at 5 p. m. with Rev. David Murray, pastor of the church conducting.

Mr. Simpson died last week in a Cleburne hospital. He was born January 17, 1875 and died June 29, 1939.

He is survived by his widow and three children, R. E. Jr., Mrs. Henry Stafford, and Homer.

A more detailed account was given in the last issue of the Courier, but funeral arrangements had not been completed at that time. Interment was made in the Lamesa cemetery.

CLASSIFIED ADS COST SO LITTLE

Every week finds many people of this section using Courier Classified Ads to buy, sell, rent, recover lost articles, and a host of other things. These little ads cost so little and bring such big results that it is no wonder they are weekly growing in popularity.

They seldom cost more than the minimum of twenty-five cents, and where can you get so much for a quarter?

If you have something you don't need, a house for rent, rooms for rent, have lost something or want to trade, you will find that Courier Classified Ads are just what you need.

If you want to rent a place, buy something, looking for a room or something to trade, you, too, will find that by reading the Classifieds, you can save both time and money.

Among The Younger Set

Photos By Ash Studio

This week the Courier presents this charming little Miss as the Queen of the Younger Set for this week. She is Dorothy Burns, daughter of Mr. and Mrs. George Burns, of Ackerly. She was born March 16, 1935. She has blue eyes and blond hair. She likes to play with dolls.

New Mexico Man Is New Manager Of Penney Store

A. D. Emory Arrives To Assume New Duties

A. D. Emory, of Las Vegas, New Mexico, arrived the latter part of last week, to take up his duties as manager of the J. C. Penney Company Store in Lamesa. He succeeds Earnest A. Conley, former manager, who recently met a tragic death in an automobile accident.

Mr. Emory has been with the Penney organization for the past twelve years, having started with the company in 1927 at Lufkin, Texas. Since that time he has worked at various stores for the company over Oklahoma, New Mexico and Texas. He was serving as assistant manager of the Las Vegas store at the time of his promotion to the store here.

He and Mrs. Emory and little daughter, Phyllis Ann, will make their home in the Reed Apartment on South Third Street.

"We have never met a people more friendly, nor one that could make you feel so much at home, than those we have met since we came to Lamesa," Mr. Emory stated yesterday. "We feel that we are indeed fortunate in being able to make this our home, and from what we have already seen of the town, county and people, we know we are going to like Lamesa."

AL JOLSON COMING TO PALACE SUNDAY-MONDAY

Bringing back memories of songs and romances of other years, the stars of "Alexander's Ragtime Band" and Al Jolson, the star who sings back the past you want to remember. The story of Rose, who loved as some women can, told in the heart songs and hit songs that make the years memorable. Al and Alice Faye reviving such songs as "Mammy," "The Vamp," "Jada," and "My Man" plus Gordon and Revels news hits in the swingtime of today, "I Never Knew Heaven Could Speak."

This newest and greatest entertainment will be showing at the Palace Theatre, Sunday and Monday, so cancel all dates or make new ones to see, "Rose of Washington Square."

Miss Edna Bedwell attended the Rodeo at Stamford, July 4.

Many People Of Territory Taking Advantage Of Courier Bargain Rate

Committees Are Named In Rotary Directors Meet

W. B. Collins Assumes President's Duties

W. B. Collins, recently elected president of the Lamesa Rotary Club, this week announced the appointment of his various committees. At a meeting of the Board of Directors Monday night, the appointments were confirmed.

Officers of the Club for the fiscal year are W. B. Collins, president, Arthur Hull, vice-president, and G. M. Roberts, secretary-treasurer. The Board of Directors is composed of W. B. Collins, Arthur Hull, G. M. Roberts, Sam Richardson, Swanson Hurt, S. L. Forrest, F. T. McCollum, C. A. Hollingsworth, Matt A. McCall, John B. Bennett, and Carl Rountree. A total of fourteen committees of three and four members each were appointed.

At the meeting Friday of this week, a report is to be heard from President Collins on his recent trip to the Rotary International Convention at Cleveland, Ohio. Mr. Collins was a special delegate from the Lamesa Club. Every member of the local club is urged to be present and hear this most interesting account of the happenings at the big meeting.

A question has been raised as to whether the club should sponsor a domino party, which seems to be meeting the approval of most of the membership. However, no definite action has been taken on the matter as yet. Secretary Roberts has asked each member to express himself on the proposition.

Owen Taylor was chosen as music director and Mrs. Carl Rountree as pianist for the year 1939-40.

Eva Mae Williams Dies on Tuesday

Funeral services were held Wednesday afternoon at 4 o'clock for Eva Mae Wilson, 13-year old daughter of Mr. and Mrs. C. E. Wilson. Services were held at the Nazarene Church, conducted by Rev. Taylor, assisted by Rev. E. F. Cole.

Eva Mae was born March 17, 1926, and died July 4, 1939. She is survived by her parents, Mr. and Mrs. C. E. Williams, a brother, Delmar, and a younger sister, Eupha Lee.

Interment was in the Lamesa cemetery.

Loboes Start Last Half Against Abilene Club

The Lamesa Loboes returned to Lobo field Sunday after a weird losing streak that saw them drop from a game and a half behind the league leading Lubbock Hubbers on June 22 to six full games to end the first half of the season in a tie with Big Spring for second place.

The Loboes started the season with what looked like a sure fire leader, destined to cop the first half without a question. But the pace became hot, numberless lineup changes were made, until at the end of the first half only two regular players, outside of the pitching staff, had managed to brave the

FAIR STORE HAS BIG DAY MONDAY

R. N. Kayal, owner and manager of the Fair Store in Lamesa, reports one of the largest days in the history of his store for the time of year, Monday, when they staged a huge Dollar Day Sale. This store carried a page ad in the Courier last week advertising this event and this was the only publicity carried on the affair.

They report customers from as far away as 25 miles, and many hundreds of Dollar Day items were sold.

This store has taken the lead in Lamesa in promoting a First Monday Dollar Day event, this being the fourth such event during the past four months. "With other towns in this section making of First Monday an outstanding business day, we see no reason why Lamesa could not do the same," Mr. Kayal said this week. "We are more than pleased with the response we have received on this event and expect to make it a monthly feature in our store."

Thus again the pulling power of Courier advertising is plainly demonstrated, in the results this store obtained. Advertisers find that their ad in the Courier, reaches and is read, by a large percentage of the people of this trade territory.

More Rain Falls In Sections Of County Saturday

Three Inches Falls On Stuart Farm

Last Saturday saw more rain fall in Dawson County to bring the general average for the county to 41 inches for July. The gauge on the L. B. Stuart place east of Lamesa registered three inches, while that on the Jess McWherter farm in the Punkin Center community registered 1.10.

With the good rains that fell the first part of last week and scattered rains over the county during the past few days, crops are going along at a rapid rate and those that were planted since the rain are now up to a good stand.

Noted Visitor Here This Week

Former Governor Sam McKelvie of Nebraska, was a visitor to the John Henry Dean ranch east of Lamesa this week.

Governor McKelvie is a noted Hereford breeder and publisher of Lincoln, Nebraska. He owns the famous By-The-Way Hereford ranch which is noted as one of the outstanding ranches of Nebraska.

He came as a special guest of Mr. Dean and while here inspected the fine herd of Herefords with which Dean's ranch is stocked. He has won nationwide recognition with his Herefords at some of the biggest shows in the United States.

Mr. Dean was given further recognition last Sunday when an entire page in the rotogravure section of the Fort Worth Star-Telegram was devoted to pictures of the ranch. Scenes of the roundup, the branding operation, the ranch house, Mr. Dean and the chuckwagon dinner of the cowboys were depicted.

MOTHER AND DAUGHTER REUNION

Re-united after being separated for 17 years was this Houston mother and daughter. The mother, Mrs. A. L. Golan of 1520 Whitney drive, was told many years ago that her daughter, who was taken from Houston by her former husband in 1922, had died. The daughter, Mrs. H. W. Gandy of Lamesa, did not know who her mother was. Recently Mrs. Gandy's father told the daughter that her mother was still living and the young lady traveled 500 miles by bus for a Mother's Day re-union here.

Clean Up Campaign Gains Interest As Closing Date Less Than Two Weeks Off

PULLET LAYS AT THREE MONTHS

A Rhode Island Red pullet, owned by Mrs. D. C. Cornett, who lives on Motor Route C, at exactly three months and four days of age, started laying. The eggs from this pullet are of average size, according to Mrs. Cornett. This is very unusual that a pullet should start laying at so young an age, as the average is much older.

Statements Show Lamesa Banks In Finest Condition

Nearly Two Million Dollars Are On Deposit

With the quarterly call for statements of condition of the two banks in Lamesa, June 30th, it is found that the banks here are in tiptop condition.

Showing only about \$150,000 less on deposit than for the call of March 31st of this year, loans and discounts only about \$50,000 more, the banks reflect a very healthy condition. At this season it is customarily the case that there is a great deal more difference in the statements than this year.

Comparative figures on the two calls show June 30th, deposits of \$1,616,828.78 against \$1,763,399.02 on March 31st. Loans and discounts on June 30th were \$526,995.02 against \$486,219.61 on March 31st. Cash quickly available for the two periods is \$1,252,163.23 against \$1,669,712.94.

With only about ten days to go, the big clean-up and paint-up campaign in Lamesa is still far short of its goal of having as clean a city as there is in West Texas.

With the majority of the people of the city lending every possible cooperation, there remains a few who are not responding to the appeals being made to them to clean up and fix up their homes.

Every possible means will be used to get their full cooperation in the movement during the time between now and the closing date of July 18th. There still remains time to make it one hundred per cent and those in charge of the movement are expecting those who have lagged behind to come in and help put the campaign over.

A great improvement in the appearance of the city has already been shown, and there is no reason why Lamesa should not be the cleanest city in the country.

The city garbage trucks have been busy hauling away cans and refuse, as well as old automobile bodies and other junk. Graders have been busy on many of the streets, which add a great deal to the general appearance. There still remains quite a few vacant lots which have not been cleared of weeds, although this work is being carried forward with a great deal of dispatch by the boys of the town who are being offered passes to the baseball games and picture shows for their part in the clean-up.

OWL CAFE CHANGES

Announcement is made this week that J. T. Bond of Teague, Texas, has taken over the Owl Cafe and will continue the operation of this popular eating establishment in the same location.

He has associated with him, O. M. Freer, as cook, who is well known among cafe circles in this section and who has been cooking in Lamesa for the past several years. See their ad in this issue.

BREAKS SHOULDER

Mrs. Lela Dickey, who lives in the Bartlett community, stepped from a moving car Thursday, which she thought had already stopped, and suffered a broken shoulder in the fall. She was brought to a local hospital for treatment.

Expect Many Out Of Town Singers To Attend Meet

Stamps Melody Boys Will Render Concert

With all plans complete, indications are that the Annual Courthouse Singing Convention which meets in Lamesa Sunday will be one of the largest gatherings in the county in many years.

Several quartets from a distance have signified their intention of being present, coupled with several local quartets, the specialty numbers should be far above the average.

The famous Stamps Melody Boys from Nashville, Tennessee, will be here for a concert Saturday night, sponsored by the convention, and will take part in the program Sunday. Other quartets who will take part are the Campbell Quartet of Levelland, Sunnyside Quartet of Big Spring, local quartets who are to add lots to the convention are the Beemans and Lathams, the Sunshine Quartet composed of the Haney Sisters, Marjorie Nell Miller and Patsy Gill, accompanied by Mrs. W. W. Beeman on the accordion, also the Richard family quartet.

There will be plenty of ice water furnished throughout the day by the courtesy of W. W. Beeman and Tracy Campbell will furnish free ice tea to the crowd at noon Sunday. Everyone in the territory is invited to attend and bring a basket of food for the basket picnic at noon Sunday. Extra quantities of food should be brought, it is pointed out, to take care of feeding the visitors who are expected for the event.

The Stamps Melody Boys Concert Saturday night at the courthouse is being sponsored by the Dawson County Singers, who will receive 25 per cent of the gross receipts. Everyone who enjoys good singing is invited to the Saturday night concert, as well as the all day singing Sunday.

Magnolia Wildcat Is Drilling Below 5,170 Thursday

In Lime Formation Since 3870 Feet

Reports from the Magnolia-J. B. Fry well, located ten miles south of Lamesa, Thursday morning were that they were drilling in lime at below 5170 feet. Lime was first encountered at 3870 feet, which makes something over 1300 feet of lime, which, according to local oil men, is very unusual, in that the lime usually lasts only 300 or 400 feet. Just what this great depth of lime means, is unknown.

"There has been very little change in the formation since the lime was first encountered, other than a strong sulphur odor and the striking of dead oil last week.

With formation running high from the expected, this well, since it is being drilled to a greater depth is being watched with much interest. It is not known how deep the company intends to go, but the report prevails that they will go several hundred feet deeper than they are now.

Thursday at noon the derrick was completed for the Stanolind test well in Gaines county, just over the line from Dawson County, in the Cedar Lake area, but the drilling machinery had not arrived. It is reported that this well is prepared to make a nine thousand foot test, and that the first five thousand feet will be a twelve inch hole.

BREAKS SHOULDER

Mrs. Lela Dickey, who lives in the Bartlett community, stepped from a moving car Thursday, which she thought had already stopped, and suffered a broken shoulder in the fall. She was brought to a local hospital for treatment.

Dr. Cox Says:-

As the thermometer shows signs of climbing higher and higher, some of the ways by which babies may be kept well and comfortable during the hot weather and may be safeguarded against "summer complaint" are outlined by the Texas State Department of Health.

"The best way to keep your baby well," advises the department, "is to take your well-baby to your doctor regularly for advice and supervision, and to follow the doctor's instructions carefully and very faithfully. If your baby develops any digestive trouble, call your family doctor at once. He'll tell you what to do.

"Summer complaint, or cholera infantum as it is sometimes called, and other digestive diseases that are dangerous for babies, are germ diseases. The germs that cause the disease get into the baby's food or in the water given the baby to drink. Babies who are nursed by their mothers and who are given cooled, boiled water to drink, are protected from these sources or danger. Care should be taken not to wean a baby in hot weather except under a doctor's orders.

"If mother's milk is not available the best substitute for it is fresh cow's milk or unweaten evaporated milk mixed with an equal quantity of water. If sugar or additional water is added, it should be mixed with the milk according to your doctor's directions. All milk or milk mixtures given to children up to two years of age should be boiled. The feedings should be kept in individual bottles and kept on ice until used. Each feeding should be warmed as needed.
 "Always wash the hands thoroughly before preparing the baby's

food, and before handling the baby's bottle. All dishes, pots, pans, bottles and nipples should be sterilized by boiling.

"Throw out any milk left in the bottle after feeding. Don't leave the bottle in the baby's crib or carriage. It will attract dirt and flies. Rinse out the bottle; put the nipple aside and see that both are sterilized by boiling before using again.

"Be very careful to protect the baby and the baby's food against flies. Flies are potent disease carriers. Keep a supply of clean mosquito netting on hand to throw over the baby's crib or carriage while the baby sleeps.

"Some of the diarrheal diseases that grown-ups have are catching. Keep the baby away from people—both children and grown-ups—who are suffering from such diseases.
 "If your baby develops diarrheal trouble, don't let it run on. Call your family physician at once."

HOSPITAL NEWS

Ray Stokes underwent an appendectomy June 29.

Mrs. G. L. Lassater is receiving medical treatment this week.

Mr. and Mrs. O. B. Hinkle are the parents of a son born July 1. He has been named Thomas Wilson.

Mrs. Dorris Carmichael is receiving medical treatment this week.

Mrs. G. J. Sheppard underwent an appendix operation Sunday, July 2.

Miss Ruth Tinkler underwent an appendix operation July 3.

Mrs. B. F. Tisdale received medical treatment for a broken arm this week.

SHUMAKE H. D. CLUB

The Shumake Home Demonstration Club met Tuesday evening, June 27, with three members and three visitors present. Visitors were Mrs. Curtis Woodward, Mrs. Roy Love and Estelle Riddle.

We had a very interesting round table discussion on "The Two Year Old Speaks."

Pressure cookers were tested to make sure that we were cooking our food at the right temperature, so it would be safe to eat as well as knowing it would not spoil after it was canned.

CARD OF THANKS

We take this means of expressing our appreciation to our dear friends for the many acts and many things that were given us after the burning of our home.
 May God's richest blessings rest upon each and every one of you.
 Mr. and Mrs. Joe McGuire and children.

Rural Correspondence

LOYOLA
Mrs. H. A. Duke

Loyola received a good rain this past week, approximately three and a half inches. All of our lakes are full of water. Many of the farmers are planting day and night since it is their first opportunity this year to plant.
 Mr. and Mrs. Robert Dunn and John Hughes and Mrs. Bonnie Smith visited the Dunn ranch at Iran last week.
 Mrs. Mayfield of Flower Grove visited Mrs. W. F. Bertram last Friday afternoon.
 Mrs. Loyd Wiggins and son, Wayne, visited in Colorado City, last Wednesday.
 James Duke visited friends at Loop, Sunday.
 Mrs. Reeves and children are spending their vacation with relatives at Idalou and Clarendon.
 Mrs. Frank Harris and children spent last Wednesday with Mrs. Olive Harris and family of Munger. Mr. O'Phelan visited in Colorado City last Saturday.

and useful gifts.

The farmers of this community are all busy planting their crops. Mr. and Mrs. A. L. Goode spent a few days last week visiting relatives and friends in Trent.
 Mr. and Mrs. M. B. Gibson left Monday for Sylvester to attend a family reunion.
 Mrs. Leatherwood and sons, Mr. and Mrs. Bush Leatherwood spent Sunday with Mr. and Mrs. Horace Tatum.

WOODY
Arlene Drannan

The Woody community received a good rain last Monday night. The farmers were well pleased with this rain and all are busy planting their crops.

Mrs. Pat Boatright and son visited in the home of Mrs. T. C. Drennan Monday.
 Little Olen Boatright injured his nose in a fall last Wednesday night. He is now getting along nicely.

Patricia Morris of Lamesa spent last Wednesday with his grandparents, Mr. and Mrs. E. T. Waldrip.
 Mrs. Farmer Hill and children of McCamey is visiting in the home of her brother, T. C. Drennan and family this week.
 Miss Mildred Hall is on the sick list this week.
 Travis Hill was operated on for appendicitis last Tuesday. He is going nicely.

FAIRVIEW
Georgia Mae Gibson

Mrs. Hero Mitchell and children of Seminole, are visiting her parents here this week.
 Mrs. O. G. Kelley honored Mrs. Wendell Gibson with a shower last Tuesday. She received many pretty

Audrey Whitmire

Evangelist Boyd of Wilson, Texas preached Sunday night at the Highway Baptist church in the absence of the pastor, Rev. John R. Denning, who is away in a meeting at the Emme Creek Baptist Church in Scurry County.

Mrs. Bruce Chilton of Lamesa visited her parents Mr. and Mrs. R. I. Hill over the week end.
 Rev. Wright and family, pastor of the Midway Baptist Church, visited Mr. and Mrs. Clifford Beard Sunday.

Those visiting in the W. A. Esmond home Sunday were Mr. and Mrs. R. G. Matejosky, of Seagraves Mr. and Mrs. Earl Esmond and daughter, Edith, of Mt. Olive, Mr. and Mrs. T. C. Stanfield and son and Mr. and Mrs. Harvie Kimbrough and family of Mt. Olive.

Robert Whitmire visited his aunt, Mrs. F. M. Whitmire, Sunday.

Mr. and Mrs. M. A. Manson and son of San Angelo, Texas, are visiting in this community this week.

Emma Jean Hoffman spent Sunday with Bonnie Jo Ballard.
 Mr. and Mrs. Leon Callahan visited her parents Mr. and Mrs. H. Richardson Sunday.

BARTLETT H. D. CLUB REPORT

"The proper care begins when you plant the flowers," said Miss Mattie Phenix to the Bartlett Home Demonstration Club, Wednesday afternoon in the home of Mrs. Carl McClure.

Dig the soil up around the house and put in well rotted fertilizer. When the shrubs are put out dig holes deep and wide to allow room for the roots so as not to crowd.
 When roses aren't blooming as they should pinch off the buds. Doing this makes bigger and better bushes.

Twelve old and two new members were present.—Reporter.

BARTLETT H. D. CLUB NOTICE

The Bartlett H. D. Club will meet in the home of Mrs. J. W. Howell, Wednesday, July 12, at 2:30. The program will be on music in the home.

IN MEMORY OF LITTLE PENELOPE BETH BUTCHER

The going so soon of the little infant girl of Mr. and Mrs. Dick Butcher has saddened their hearts and the hearts of their friends everywhere.

Dick and Bonnie we do not understand why God has taken this precious jewel from your home but we know God doeth all things well, and may you have the unmoving faith to look to Him and say "Thy will be done."

Let the words of the poet comfort your hearts:

There is no death, the stars go down
 To rise upon some other shore;
 And bright in Heaven's jeweled crown
 They shine for evermore.

He leaves our hearts all desolate,
 He plucks our fairest, sweetest flowers;
 Transplanted into bliss, they now
 Adorn immortal bowers.
 —Ernest Phillips, Pastor

LAMESA CIRCUIT

Rev. Jack Thompson, pastor of the Lamesa Methodist Circuit announces the following program covering the summer quarter of his work:

Sunday afternoon, July 9th, the Third Quarterly Conference will meet at Hancock. Dr. Clark Presiding Elder, will preach there at 3:00 o'clock and hold the business session of the conference following the preaching services. All the officials of the churches are urged to attend this conference.

Beginning Sunday, July 16th, our summer revivals will run at the different churches as follows:

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

The State of Texas:
 County of Dawson:
 No. 1157
 In the Justice Court, Precinct No. 1,
 Dawson County, Texas.

S. R. Simpson vs. S. T. Pate
 WHEREAS, by virtue of an execution issued out of the Justice Court of Precinct No. 1, of Dawson County, Texas, on a judgment rendered in said court on the 3rd day of Nov. A. D. 1938, in favor of S. R. Simpson against S. T. Pate, No. 1157 on the docket of said court, I did, on the 13 day of June A. D. 1939, at 3:30 o'clock p. m. levy upon the following described tracts and parcels of land, situated in the County of Gaines, State of Texas, and belonging to the said S. T. Pate, to-wit:

His interest in the South-west One-fourth (SW¹/₄) of Section 14 in Block C-38, in Dawson and Gaines Counties, Texas, about 25 miles North-west of Lamesa, Dawson County, Texas;
 AND on the 1st day of August A. D. 1939, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said S. T. Pate in and to said property.

DATED at Lamesa, Texas, this 13th day of June A. D. 1939.
 H. D. PACE,
 Constable, Precinct 1, Dawson County, Texas.

July 16-26, Hancock. The pastor states that he will be assisted in this meeting by his father, Rev. C. B. Thompson of Throckmorton, and that the public is invited to attend.
 July 30-August 9th, Welch. Rev. Bill Thompson of Stratford, the pastor's twin, will preach for this meeting.

August 13-23, Nolan Chapel. Definite plans for this meeting will be announced later.
SHUMAKE H. D. CLUB
 The Shumake Home Demonstration Club will meet with Mrs. Travis Milton, July 11. We will study "Music in the Home."

County Agent and Mrs. B. J. Baskins left Saturday for Bryan, Texas, where he will attend the A. and M. Short Course.

L. E. J. Bradley of Ft. Worth returned to Lamesa Wednesday to resume his duties at the CCC Camp.
 Miss Kathleen Webb, Anli McClintock and Lloyd Hahn attended the Rodeo at Stamford, July 4.

THE RUSH IS ON!

As Ford dealers offer great choice of used car bargains

- Stop in today, or tonight, at your nearest Ford dealer's. The chances are excellent that you'll find the car you want, at a price that shouts "VALUE!"
- The sweeping popularity of the New Ford V-8, the brilliant new Mercury and the famous Lincoln-Zephyr has brought in a tremendous number of trade-ins, including cars of practically all makes and models. All are renewed and guaranteed. This big stock must be moved, quickly, and the cars are priced for speedy sale.

Only Ford dealers give you "R & G" protection and the 30-day guarantee in lower priced Used Cars.
 Your present car will probably be sufficient for the down payment. The balance can be taken care of in attractive terms to suit any budget.

Lamesa Auto Co.

THE BEST IS NONE TOO GOOD FOR YOUR CAR!

Science Helps Solve Traffic Problems.

Detroit's recent decision to provide one-way streets to speed vehicle flow was made after extensive study of traffic. Modern science contributed to the survey with the "counter," an electrical recorder registering each car that passes it. A hose filled with compressed air extends half way across the street. As each car drives over it, an impulse is conveyed to the traffic counter, which automatically divides the impulses by two (in order to record each car as a unit) and prints a reading each half-hour. Show left discussing the equipment are M. W. Cochran, Detroit city traffic engineer (right), and John Wood, assistant chief engineer of Chevrolet.

Miss Gladys Wright and Mr. McAlister Married Sunday

Simplicity marked the service in which Gladys Wright and Herman V. McAlister exchanged their marriage vows at 8 o'clock Sunday morning at the First Christian Church at Abilene, the Rev. F. M. Warren, church pastor, reading the ceremony.

The bride wore a tailored sheer navy blue suit, an Eisenberg original model, with white accessories, and corsage of white gardenias.

Immediately following the ceremony the couple left on a wedding trip to San Antonio and other points in South Texas. On their return they will live at 1712 Pine St., Abilene.

Mrs. McAlister is a graduate of the West Texas State Teachers College where she majored in home economics. For several years she taught home economics in Texas high schools. She is a member of Delta Kappa Gamma and Kappa Omicron Phi, and active member of the Abilene Business and Professional Women's Club. She has also done graduate work in Colorado State College. For the last nine months she has been employed with the Farm Security Administration as home supervisor for Taylor County, having been transferred there from Lamesa.

Mr. McAlister is a building contractor. Only close friends and members of the family attended the service.

Miss Ruth Thompson and George Steele Married Sunday

Ruth Thompson, daughter of Mr. and Mrs. Roland Thompson of Plainview and George B. Steele, son of Mr. and Mrs. Luke Steele, of Lamesa, were married at 8 o'clock Sunday morning at the First Methodist parsonage at Big Spring.

The Rev. J. O. Haynes, pastor of the First Methodist Church, read the single ring ceremony.

The bride wore a navy blue sheer crepe dress with a bolero jacket and white embroidered organza blouse. Her accessories were white and blue and her shoulder corsage was of white carnations and blue agapanthus.

Marguerite Collins of Dallas, who was the bride's only attendant, wore a black and white checked dress with black and white accessories. Raymond Steele of Lamesa, the bridegroom's brother, was his only attendant.

The couple left following the ceremony for a ten day trip to New Mexico and Colorado. They plan to return by way of El Paso and Juarez. The bride wore a rust colored suit with white accessories for traveling.

Mrs. Steele is a graduate of the Plainview High School and attended Plainview Business College. For the past three years she has been working as secretary for the Farm Security Administration.

The bridegroom is a graduate of the Lamesa High School and is associated with his father in a feed mill and store in Lamesa.

The couple will make their home in Lamesa.

Those attending the wedding were Mr. and Mrs. John Flache of Big Spring and Mrs. L. E. Sandifer of Turkey, Texas.

Mrs. Grace Bray of Desdemona is here this week visiting with relatives and friends.

Mrs. John Aldredge Is Hostess to Sew Sew Club

The Sew Sew Club met Wednesday afternoon at 3 p. m. at the home of Mrs. John Aldredge. The room was beautifully decorated with roses and carnations.

Knitting and crocheting were enjoyed during the afternoon.

A short business session was held presided over by Mrs. Clifford Firestone. Punch and cookies were served to Mesdames E. R. Steen, J. L. Aldredge, Herbert Caudle, Clifford Firestone, the hostess and small son.

Miss Waldrip Weds Lewis Crider of Post Sunday

In a beautiful impressive double ring ceremony Miss Ollie Virginia Waldrip, only daughter of Mr. and Mrs. T. G. Waldrip, 1907 5th Street, Lubbock, became the bride of Lewis C. Crider, son of Mr. and Mrs. J. W. Crider of Post, at 9 o'clock Monday evening at the new home of her uncle and aunt, Mr. and Mrs. B. K. Gambill of San Angelo.

Rev. A. D. Forman, pastor of the First Baptist Church there, officiated.

The living room of the new home constituted a pretty setting for the twilight wedding. Baskets of pink gladioli, fern and garden flowers completed the colorful setting.

The bride wore a navy blue sheer dress, a large picture hat of navy and white accessories. She carried an arm bouquet of white gladioli tied with white satin ribbon. For something old she wore a sweetheart pin of her grandmother's; for something borrowed a gold watch of her great-grandmother's.

Miss Valla Foster of Lubbock, aunt of the bride was maid of honor. She wore a black sheer dress

trimmed in white, with white accessories.

George W. Foster Jr., of Plainview, uncle of the bride, attended the groom as best man.

After the ceremony a reception was held. The dining table was laid with a lace cloth, and centered with a bowl of Shasta daisies. A three tiered white wedding cake embossed with pink rosebuds, adorned with a miniature bride and groom was presided at by Mrs. George W. Foster Jr. The first slice of the wedding cake was cut by the bride. Miss Valla Foster presided at the punch bowl.

Following the reception, the couple departed for Houston by way of Austin. For her traveling costume the bride wore a black and white stripe suit with a white hand made blouse and accessories, of black patent.

They will make their home in Houston this summer.

Mrs. Crider is a graduate of Lubbock High School and received her degree from Texas Tech in August, 1938.

Mr. Crider graduate from Lubbock high school and received his degree in geology from Texas Tech at Lubbock in August 1938.

Attending the wedding were close friends of Mr. and Mrs. Crider. Mr. and Mrs. Gambill of San Angelo, Mr. and Mrs. George W. Foster Jr., Plainview, Mr. and Mrs. J. Taylor, Lamesa, Mr. and Mrs. T. G. Waldrip, Lubbock, Miss Valla Foster, Lubbock, Teddy Waldrip, Lubbock.

Mrs. Crider resided in Lamesa several years ago with her parents, Mr. and Mrs. T. G. Waldrip.

TEXANS TODAY

OUTSTANDING LEADERS ACTIVELY ENGAGED IN THE CONSTRUCTIVE DEVELOPMENT AND BUILDING OF "THE LONE STAR STATE"

John Nance Garner

BIRTH PLACE - EARLY LIFE - EARLY YEARS - EARLY WORK - EARLY POLITICS - EARLY LEADERSHIP - EARLY ACHIEVEMENTS - EARLY DEATH

CARRIES OWN DEER TO CAMP - 1938; OUTDOOR ENTHUSIAST, FEARLESS CHAMPION OF THE RIGHT; ALWAYS ON THE JOB, IN CAMP OR CAPITOL, "CACTUS JACK" GARNER CAN BE DEPENDED UPON, ONLY LIVING MAN WHO HAS BEEN PRESIDING OFFICER BOTH HOUSES OF CONGRESS.

AT DEMOCRATIC NATIONAL CONVENTION IN 1932 - GARNER HELD MORE THAN 90 VOTES FOR PRESIDENT - BUT RELEASED TEXAS AND CALIFORNIA DELEGATIONS TO FRANKLIN D. ROOSEVELT, SHATTERING PRECEDENTS A GARNER TRADITION, TODAY RANKS AS FOREMOST PARLIAMENTARY AUTHORITY OF THE NATION.

JOHN NANCE GARNER HAS ALWAYS BEEN CONSISTENT IN HIS EVERY ATTITUDE TOWARD NATIONAL POLITICS - AND THE INALIENABLE RIGHTS OF THE PEOPLE. HIS PHILOSOPHY OF GOVERNMENT IS SIMPLE. HE EXPRESSED IT IN HIS ACCEPTANCE SPEECH IN 1932: "THERE ARE JUST TWO THINGS TO THIS GOVERNMENT AS I SEE IT. THE FIRST IS TO SAFEGUARD THE LIVES AND PROPERTIES OF OUR PEOPLE. THE SECOND IS TO INSURE THAT EACH OF US HAS A CHANCE TO WORK OUT HIS DESTINY ACCORDING TO HIS TALENTS. THIS INVOLVES PROTECTING HIM FROM BEING INJURED OR OPPRESSED BY THOSE OF SUPERIOR ACQUISITIVENESS AND PERHAPS LESS CONSCIENCE."

School Children Of Texas Short On Protection

Though sheltered from the barbarities that flourished in the Middle Ages, Texas' two and one-half million children are far from adequately guarded and protected from social abuses. University of Texas sociology experts declare after one of the most exhaustive research projects ever conducted by the University or any State agency.

"Texas Children," a 9-00 page report, just off the press, analyzes the data accumulated by the Texas Child Welfare Survey in a five-year study.

The survey, employing more than 2,200 investigators to gather information on 364,397 children of 140,000 families in 22 counties of the State, was started by the Texas Relief Commission and the Texas Division of Child Welfare, but was taken over by the University Bureau of Research in the Social Sciences in 1935 and carried to completion.

Caldwell, Cameron, Cherokee, Cross by, Dawson, De Witt, Fayette, Freestone, Gonzales, Gregg, Harrison, Haskell, Hidalgo, Houston, Howard, Knox, Limestone, Madison, Marion, Martin, Nacogdoches, Panoia, Rusk, San Patricio, Shelby, Titus, Upshur, and Washington.

The photography will cost \$55,135 and is to be done by Edgar Tobin Aerial Surveys of San Antonio; C. S. Robinson Aerial Surveys of Ithaca, N. Y., and Aero Service Corporation of Philadelphia.

The AAA is checking compliance by means of aerial maps this year in 158 counties, 50 of which are having it done that way this year for the first time.

Korth estimated that gathering and preparing aerial maps in Texas has cost around \$326,000, but that the economies and accuracy effected through the use of the photos have amounted to many times the cost.

Production of Ice Cream Up

Approach of summer days boosted production of Texas-made ice cream to 1,075,000 gallons, an increase of 34.2 per cent over April and 19.6 per cent above May of last year, University of Texas business statisticians said this week.

Other dairy products, butter and cheese, boomed in quantity produced over April, but dropped sharply below May, 1938, figures.

Creameries reported to the University Bureau of Business Research butter production of 3,193,000 lbs., a gain of 29.4 per cent over April but a decline of 19.1 per cent from May a year ago, while production of American cheese was estimated at 1,741,000 pounds, up 17.1 per cent above April but down 29 per cent from May last year.

O. T. (Cap) EARNEST ACROSS STREET FROM CCC

Creation by the Legislature in 1931 of the Division of Child Welfare as a branch of the State Board of Control was one of the white spots in the course of a long and honorable legislative history," the report asserted. This enactment has borne rich fruit, but the Texas system is still woefully deficient.

While the study does not pretend a cross-section of Texas children, it does claim to give actual facts concerning the families studied. Rather than sending its investigators to poll "average" families, the survey made a house-to-house canvass of the families of ex-service men and women; all families having blind, cripples, and otherwise handicapped members, and the families on relief.

Dr. Cox Says:

"It will not be many weeks until a large number of Texans will be sneezing, wheezing and in other ways evidencing that they are victims of so-called hay fever. Many of these persons, either because of ignorance or carelessness, will endure their affliction bolstered only by the distant hope of the 'fall frost' which will mark the end of their ordeal for the year. On the face of it, these allergies have a rather hard row to hoe. However, for many of them, this situation could be altered most favorably," prophesies the Texas State Health Department.

"Indeed, science has developed a successful method of combating many forms of this seasonal affliction. For persons who possess this unusual sensitiveness to the pollens of certain plants, weeds, grasses, and trees serums have been developed to counteract it."

"Before this type of treatment can be effective it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollens that are suspected of causing the trouble. By way of a needle prick a minute portion of each pollen under suspicion is placed under the skin. And that extract which generates a slight local reaction points to the offender. Inoculation of that type of serum then is administered."

"The potency of this treatment depends upon its use prior to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact several months, involving several treatments at intervals are required."

"While this preventive is not effective at all times, the percentage of successes has been sufficiently high for every hay fever sufferer to give it a fair chance. In some patients, the result while not totally satisfactory, has noticeably reduced the suffering."

"Also recommended for diminution of suffering is cutting of ragweeds from locales where hay-fever sufferers frequent. Vacant lots are a potent source of the ragweed and should be included in preventive measures against the disease."

Uniform Traffic Plan Submitted

Official approval of a uniform traffic control plan submitted by the Texas Safety Association marks a significant advance in the statewide safety movement according to W. H. Richardson, chairman of the Public Safety Commission.

The program charts the educational, engineering, and enforcement activities of official state departments and the laymen organizations along uniform channels. Meetings will be held each month to further the progress of the plan between representatives of the attorney general's department, public safety department, education department, and the Texas Safety Association.

"The war to save lives by reducing highway accidents in Texas," declared Mr. Richardson, "demands a uniform program to be followed by all official and unofficial agencies. This job cannot be done by scattered or duplicated efforts but rather by the combined strength of state departments working in close cooperation with safety councils, civic organizations, and other safety groups represented by the Texas Safety Association."

"We believe such combined efforts will result in taking murder off the highway and enable more people to enjoy motor travel without risk of life or limb."

86,400 "Grads" of Short Course

The Texas A. and M. Farmers' Short Course has drawn an attendance in excess of 86,400 persons since its beginning in 1911.

H. H. Williamson, director of the Extension Service, estimated that the current session would add from 5,000 to 6,000 to this number.

The first Short Course was held in January, 1911. It lasted two weeks and was called the "Farmers' Short and Winter Course." Only 15 men attended and they were housed in tents.

In 1912 a winter short course for farmers was again held, but in 1913 the time was changed to July and each year since then the A. and M. College has instructed Short Course visitors during July.

Since 1923 the Extension Service has had the responsibility of the direction of the Short Course. Farm women and club boys and girls began to attend the sessions in increasing numbers and today more juniors and homemakers attend than do men.

The 1939 Short Course, as in 1938, will be held in two sections—the first July 5, 6, and 7 for 4-H club members, the second July 12, 13 and 14 for adults. Reservations for rooms are made through county agricultural and home demonstration agents.

Requirements on Engineers To Be Raised at Texas U.

Entrance requirements for engineers at The University of Texas will be hiked September 1, Dean W. R. Woolrich announced today. Algebra requirements were increased from one-half to a full year and a year of physics was added as an entrance pre-requisite.

"It takes four full college years to cover engineering fundamentals," Dean Woolrich declared, "and between the high schools' 'chiseling' a half-year away at one end and graduate courses a half year at the other end, we're in danger of having to go to five years to cover the ground."

Too many Texas high schools are dropping fundamental preparatory courses for engineers and too many highly-specialized courses are "seeping" into the last engineering year, the engineering dean warned.

From twelve to fifteen new courses will be offered here next September, ranging all the way from the highly-specialized study of electrical "transients" to preparation of contract specifications.

Searcy Orr spent Tuesday in Stamford visiting with friends and relatives.

Elzie and John Burleson attended the Rodeo at Stamford, July 4.

Retail Sales in Texas Up in May

Business picked up during May for Texas department stores and apparel shops. The University of Texas Bureau of Business Research announced this week.

The Bureau tabulated reports from 104 stores, to discover that May sales were 5.7 per cent over April and 7.5 per cent above May of last year, and sales for the first five months of 1939 exceeded those of the corresponding period a year ago by 0.8 per cent.

The percentage of sales on open accounts during May was larger than a year ago, while at the same time, a larger percentage of outstanding accounts were collected.

Aerial Pictures To Be Taken of Dawson County

When the AAA gets through with its new aerial mapping program this summer it will have obtained bird's-eye views of two counties which haven't had their pictures taken yet and 30 others which have developed surface changes requiring new photographs to be made.

Recent contracts call for 1,571 square miles of virgin aerial photography and 25,356 square miles of reflight in counties where additional terraces have been built, new roads constructed, timber cleared, farm boundaries moved or other changes made in the face of the earth which might enter into checking of compliance with the farm program.

Romeo Korth, Ecletto, stock farmer and member of the Texas Agricultural Conservation Committee, said the negatives will be retained by the AAA and that farmers will be able to purchase copies of the new maps at relatively small cost and use them in planning their farming operations.

Hood and Clay counties will be photographed for the first time, under current contracts. Counties to be reflight are Austin, Angeline,

Mr. and Mrs. Owen Taylor and children left Tuesday for Segovia where they will spend several days visiting with relatives and friends.

Mr. and Mrs. Ernest Gambill and daughter, Ernestine, attended the Rodeo at Stamford, July 4.

Mrs. Elmer Cope and Miss Helen Ruth Cope visited friends in Lubbock Monday.

Mr. and Mrs. J. B. Tarleton left Tuesday for Ruidosa, N. M., where they will spend the week vacationing.

Science Helps Solve Traffic Problems

Detroit's recent decision to provide one-way streets to speed vehicle flow was made after extensive study of traffic. Modern science contributed to the survey with the use of an electrical recorder registering each car that passes it. A hose filled with compressed air extended half way across the street. As each car drives over it, an impulse is conveyed to the Trafficcounter, which automatically divides the impulses by two (in order to record each car as a unit) and prints a reading each half hour. Shown here discussing the equipment are M. W. Cochran, Detroit city traffic engineer (right), and John Wood, assistant chief engineer of Chevrolet.

Miss Gladys Wright and Mr. McAlister Marry Sunday

Simplicity marked the service in which Gladys Wright and Herman V. McAlister exchanged their marriage vows at 8 o'clock Sunday morning at the First Christian Church at Abilene, the Rev. F. M. Warren, church pastor, reading the ceremony.

The bride wore a tailored sheer navy blue suit, an Eisenberg original model, with white accessories, and corsage of white gardenias. Immediately following the ceremony the couple left on a wedding trip to San Antonio and other points in South Texas. On their return they will live at 1712 Pine St., Abilene.

Mrs. McAlister is a graduate of the West Texas State Teachers College where she majored in home economics. For several years she taught home economics in Texas high schools. She is a member of Delta Kappa Gamma and Kappa Omicron Phi, and active member of the Abilene Business and Professional Women's Club. She has also done graduate work in Colorado State College. For the last nine months she has been employed with the Farm Security Administration as home supervisor for Taylor County, having been transferred there from Lamesa.

Mr. McAlister is a building contractor. Misses Jo Ann Phinizy, Mary Frances Barnard and Snooky Weekes left Sunday for Camp Mary White in New Mexico where they will spend two weeks.

Miss Ruth Thompson and George Steele Married Sunday

Ruth Thompson, daughter of Mr. and Mrs. Roland Thompson of Plainview and George B. Steele, son of Mr. and Mrs. Luke Steele, of Lamesa, were married at 8 o'clock Sunday morning at the First Methodist parsonage at Big Spring.

The Rev. J. O. Haynes, pastor of the First Methodist Church, read the single ring ceremony. The bride wore a navy blue sheer crepe dress with a bolero jacket and white embroidered organza blouse. Her accessories were white and blue and her shoulder corsage was of white carnations and blue agapanthus.

Marguerite Collins of Dallas, who was the bride's only attendant, wore a black and white checked dress with black and white accessories. Raymond Steele of Lamesa, the bridegroom's brother, was his only attendant. The couple left following the ceremony for a ten day trip to New Mexico and Carlsbad Cavern. They will return by way of El Paso and Juarez. The bride wore a rust colored suit with white accessories for traveling.

Mrs. Steele is a graduate of the Plainview High School and attended Plainview Business College. For the past three years she has been working as secretary for the Farm Security Administration.

The bridegroom is a graduate of the Lamesa High School and is associated with his father in a feed mill and store in Lamesa.

The couple will make their home in Lamesa.

Those attending the wedding were Mr. and Mrs. John Flache of Big Spring and Mrs. L. E. Standifer of Turkey, Texas.

Mrs. Grace Bray of Deadmona is here this week visiting with relatives and friends.

Mrs. John Aldredge Is Hostess to Sew Sew Club

The Sew Sew Club met Wednesday afternoon at 3 p. m. at the home of Mrs. John Aldredge. The room was beautifully decorated with roses and carnations.

Knitting and crocheting were enjoyed during the afternoon. A short business session was held presided over by Mrs. Clifford Firestone. Punch and cookies were served to Mesdames E. R. Steen, J. L. Aldredge, Herbert Caudle, Clifford Firestone, the hostess and small son.

Miss Waldrip Weds Lewis Crider of Post Sunday

In a beautiful impressive double ring ceremony Miss Ollie Virginia Waldrip, only daughter of Mr. and Mrs. T. G. Waldrip, 1907 5th Street Lubbock, became the bride of Lewis C. Crider, son of Mr. and Mrs. J. W. Crider of Post, at 9 o'clock Monday evening at the new home of her uncle and aunt, Mr. and Mrs. B. K. Gambill of San Angelo.

Rev. A. D. Forman, pastor of the First Baptist Church there, officiated.

The living room of the new home constituted a pretty setting for the twilight wedding. Baskets of pink gladioli, fern and garden flowers completed the colorful setting.

The bride wore a navy blue sheer dress, a large picture hat of navy and white accessories. She carried an arm bouquet of white gladioli tied with white satin ribbon. For something old she wore a sweetheart pin of her grandmother's, for something borrowed a gold watch of her great-grandmother's.

Miss Valla Foster of Lubbock, aunt of the bride was maid of honor. She wore a black sheer dress

trimmed in white, with white accessories. George W. Foster Jr., of Plainview, uncle of the bride, attended the groom as best man. After the ceremony a reception was held. The dining table was laid with a lace cloth, and centered with a bowl of Shasta daisies. A three-tiered white wedding cake embossed with pink rosebuds, adorned with a miniature bride and groom was presided at by Mrs. George W. Foster Jr. The first slice of the wedding cake was cut by the bride, Miss Valla Foster presided at the punch bowl.

Following the reception, the couple departed for Houston by way of Austin. For her traveling costume the bride wore a black and white stripe suit with a white hand made blouse and accessories of black patent.

They will make their home in Houston this summer. Mrs. Crider is a graduate of Lubbock High School and received her degree from Texas Tech in August 1938.

Mr. Crider graduate from Lubbock high school and received his degree in geology from Texas Tech at Lubbock in August 1938.

Attending the wedding were close friends of Mr. and Mrs. Crider, Mr. and Mrs. Gambill of San Angelo, Mr. and Mrs. George W. Foster Jr., Plainview, Mr. and Mrs. J. J. Taylor, Lamesa, Mr. and Mrs. T. G. Waldrip, Lubbock, Miss Valla Foster, Lubbock, Teddy Waldrip, Lubbock.

Mrs. Crider resided in Lamesa several years ago with her parents, Mr. and Mrs. T. G. Waldrip.

TEXANS TODAY

OUTSTANDING LEADERS ACTIVELY ENGAGED IN THE CONSTRUCTIVE DEVELOPMENT AND BUILDING OF "THE LONE STAR STATE"

John Nance Garner

JOHN NANCE GARNER WAS BORN NOV. 22, 1869 - EDUCATED IN PUBLIC SCHOOL, LAW EDUCATION IN PRIVATE OFFICE. ADMITTED BAR 1890. EDITED UVALLLE LEADER, PUBLIC LIFE BEGAN 1894 AS COUNTY JUDGE. TWO TERMS TEXAS LEGISLATURE. MARRIED MISS MARINETTE RHEINER, NOV. 25, '95 - ONE SON.

CARRIES OWN DEER TO CAMP 1938; OUTDOOR ENTHUSIAST, FEARLESS CHAMPION OF THE RIGHT; ALWAYS ON THE JOB, IN COW CAMP OR CAPITOL. "CACTUS JACK" GARNER CAN BE DEPENDED UPON. ONLY LIVING MAN WHO HAS BEEN PRESIDENTIAL OFFICER BOTH HOUSES OF CONGRESS.

AT DEMOCRATIC NATIONAL CONVENTION IN 1932 - GARNER HELD MORE THAN 90 VOTES FOR PRESIDENT - BUT RELEASED TEXAS AND CALIFORNIA DELEGATIONS TO FRANKLIN D. ROOSEVELT, SHATTERING PRECEDENTS A GARNER TRADITION. TODAY RANKS AS FOREMOST PARLIAMENTARY AUTHORITY OF THE NATION.

JOHN NANCE GARNER HAS ALWAYS BEEN CONSISTENT IN HIS EVERY ATTITUDE TOWARD NATIONAL POLITICS - AND THE INALIENABLE RIGHTS OF THE PEOPLE. HIS PHILOSOPHY OF GOVERNMENT IS SIMPLE. HE EXPRESSED IT IN HIS ACCEPTANCE SPEECH IN 1932: "THERE ARE JUST TWO THINGS TO THIS GOVERNMENT AS I SEE IT. THE FIRST IS TO SAFEGUARD THE LIVES AND PROPERTIES OF OUR PEOPLE. THE SECOND IS TO INSURE THAT EACH OF US HAS A CHANCE TO WORK OUT HIS DESTINY ACCORDING TO HIS TALENTS. THIS INVOLVES PROTECTING HIM FROM BEING INJURED OR OPPRESSED BY THOSE OF SUPERIOR ACQUISITIVENESS AND PERHAPS LESS CONSCIENCE."

1939 TEXAS NEWSPAPER FEATURES

School Children Of Texas Short On Protection

Though sheltered from the barbarities that flourished in the Middle Ages, Texas' two and one-half million children are far from adequately guarded and protected from social abuses. University of Texas sociology experts declare after one of the most exhaustive research projects ever conducted by the University or any State agency.

"Texas Children," a 9-00 page report, just off the press, analyzes the data accumulated by the Texas Child Welfare Survey in a five-year study.

The survey, employing more than 2,200 investigators to gather information on 364,397 children of 140,000 families in 22 counties of the State, was started by the Texas Relief Commission and the Texas Division of Child Welfare, but was taken over by the University Bureau of Research in the Social Sciences in 1935 and carried to completion.

Creation by the Legislature in 1931 of the Division of Child Welfare as a branch of the State Board of Control was one of the white spots in "the course of a long and honorable legislative history," the report asserted. This enactment has borne rich fruit, but the Texas system is still woefully deficient.

While the study does not pretend a cross-section of Texas children, it does claim to give actual facts concerning the families studied. Rather than sending its investigators to poll "average" families, the survey made a house-to-house canvass of the families of ex-service men and women; all families having blind, cripples, and otherwise handicapped members, and the families on relief.

Caldwell, Cameron, Cherokee, Cross by, Dawson, De Witt, Fayette, Freestone, Gonzales, Gregg, Harrison, Haskell, Hidalgo, Houston, Howard, Knox, Limestone, Madison, Marion, Martin, Nacogdoches, Panoia, Rusk, San Patricio, Shelby, Titus, Upshur, and Washington.

The photography will cost \$55,155 and is to be done by Edgar Tobin Aerial Surveys of San Antonio; C. S. Robinson Aerial Surveys of Ithaca, N. Y., and Aero Service Corporation of Philadelphia.

The AAA is checking compliance by means of aerial maps this year in 158 counties, 50 of which are having it done that way this year for the first time.

Korth estimated that gathering and preparing aerial maps in Texas has cost around \$326,000, but that the economies and accuracy effected through the use of the photos have amounted to many times the cost.

Production of Ice Cream Up

Approach of summer days boosted production of Texas-made ice cream to 1,975,000 gallons, an increase of 34.2 per cent over April and 19.6 per cent above May of last year, University of Texas business statisticians said this week.

Other dairy products, butter and cheese, boomed in quantity produced over April, but dropped sharply below May, 1938, figures.

Creameries reported to the University Bureau of Business Research butter production of 3,193,000 lbs., a gain of 29.4 per cent over April but a decline of 19.1 per cent from May a year ago, while production of American cheese was estimated at 1,741,000 pounds, up 17.1 per cent above April but down 29 per cent from May last year.

O. T. (Cap) EARNEST ACROSS STREET FROM CCC

Dr. Cox Says:

"It will not be many weeks until a large number of Texans will be sneezing, wheezing and in other ways evidencing that they are victims of so-called hay fever. Many of these persons, either because of ignorance or carelessness, will endure their affliction bolstered only by the distant hope of the 'fall frost' which will mark the end of their ordeal for the year. On the face of it, these allergies have a rather hard row to hoe. However, for many of them, this situation could be altered most favorably," prophesies the Texas State Health Department.

"Indeed, science has developed a successful method of combating many forms of this seasonal affliction. For persons who possess this unusual sensitiveness to the pollens of certain plants, weeds, grasses, and trees serums have been developed to counteract it."

"Before this type of treatment can be effective it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollens that are suspected of causing the trouble. By way of a needle prick a minute portion of each pollen under suspicion is placed under the skin. And that extract which generates a slight local reaction points to the offender. Inoculation of that type of serum then is administered."

"The potency of this treatment depends upon its use prior to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact several months, involving several treatments at intervals are required."

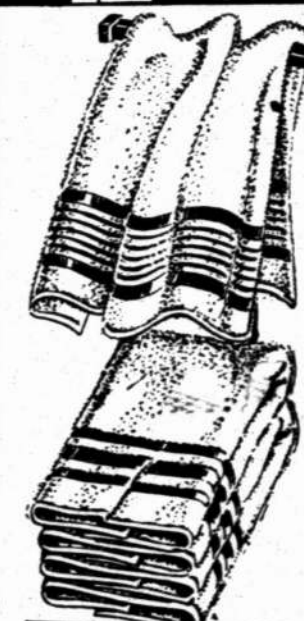

"While this preventive is not effective at all times, the percentage of successes has been sufficiently high for every hay fever sufferer to give it a fair chance. In some patients, the result while not totally satisfactory, has noticeably reduced the suffering."

"Also recommended for diminution of suffering is cutting of ragweeds from locales where hay-fever sufferers frequent. Vacant lots are a potent source of the ragweed and should be included in preventive measures against the disease."

Uniform Traffic Plan Submitted

Official approval of a uniform traffic control plan submitted by the Texas Safety Association marks a significant advance in the state-wide safety movement according to W. H. Richardson, chairman of the Public Safety Commission.

The program charts the educational, engineering, and enforcement activities of official state departments and the laymen organizations along uniform channels. Meetings will be held each month to further the progress of the plan between representatives of the attorney general's department, public safety department, education department, and the Texas Safety Association.

"The war to save lives by reducing highway accidents in Texas," declared Mr. Richardson, "demands a uniform program to be followed by all official and unofficial agencies. This job cannot be done by scattered or duplicated efforts but rather by the combined strength of state departments working in close cooperation with safety councils, civic organizations, and other safety groups represented by the Texas Safety Association."

"We believe such combined efforts will result in taking murder off the highway and enable more people to enjoy motor travel without risk of life or limb."

86,400 "Grads" of Short Course

The Texas A. and M. Farmers' Short Course has drawn an attendance in excess of 86,400 persons since its beginning in 1911. H. H. Williamson, director of the Extension Service, estimated that the current session would add from 5,000 to 6,000 to this number.

The first Short Course was held in January, 1911. It lasted two weeks and was called the "Farmers' Short and Winter Course." Only 15 men attended and they were housed in tents.

In 1912 a winter short course for farmers was again held, but in 1913 the time was changed to July and each year since then the A. and M. College has instructed Short Course visitors during July. Since 1923 the Extension Service has had the responsibility of the direction of the Short Course. Farm women and club boys and girls began to attend the sessions in increasing numbers and today more juniors and homemakers attend than do men.

The 1939 Short Course, as in 1938, will be held in two sections—the first July 5, 6, and 7 for 4-H club members, the second July 12, 13 and 14 for adults. Reservations for rooms are made through county agricultural and home demonstration agents.

Requirements on Engineers To Be Raised at Texas U.

Entrance requirements for engineers at The University of Texas will be hiked September 1, Dean W. R. Woolrich announced today. Algebra requirements were increased from one-half to a full year and a year of physics was added as an entrance pre-requisite.

"It takes four full college years to cover engineering fundamentals," Dean Woolrich declared, "and between the high schools 'chiseling' a half-year away at one end and graduate courses a half year at the other end, we're in danger of having to go to five years to cover the ground."

Too many Texas high schools are dropping fundamental preparatory courses for engineers and too many highly-specialized courses are "seeping" into the last engineering year, the engineering dean warned.

From twelve to fifteen new courses will be offered here next September, ranging all the way from the highly-specialized study of electrical "transients" to preparation of contract specifications.

Searcy Orr spent Tuesday in Stamford visiting with friends and relatives.

Elzie and John Burleson attended the Rodeo at Stamford, July 4.

Retail Sales in Texas Up in May

Business picked up during May for Texas department stores and apparel shops. The University of Texas Bureau of Business Research announced this week.

The Bureau tabulated reports from 104 stores, to discover that May sales were 5.7 per cent over April and 7.5 per cent above May of last year, and sales for the first five months of 1939 exceeded those of the corresponding period a year ago by 0.8 per cent.

The percentage of sales on open accounts during May was larger than a year ago, while at the same time, a larger percentage of outstanding accounts were collected.

Aerial Pictures To Be Taken of Dawson County

When the AAA gets through with its new aerial mapping program this summer it will have obtained bird's-eye views of two counties which haven't had their pictures taken yet and 30 others which have developed surface changes requiring new photographs to be made.

Recent contracts call for 1,571 square miles of virgin aerial photography and 25,256 square miles of reflight in counties where additional terraces have been built, new roads constructed, timber cleared, farm boundaries moved or other changes made in the face of the earth which might enter into checking of compliance with the farm program.

Romeo Korth, Eceto, stock farmer and member of the Texas Agricultural Conservation Committee, said the negatives will be retained by the AAA and that farmers will be able to purchase copies of the new maps at relatively small cost and use them in planning their farming operations.

Hood and Clay counties will be photographed for the first time, under current contracts. Counties to be reflight are Austin, Angeline,

Mr. and Mrs. Owen Taylor and children left Tuesday for Segovia where they will spend several days visiting with relatives and friends.

Mr. and Mrs. Ernest Gambill and daughter, Ernestine, attended the Rodeo at Stamford, July 4.

Mrs. Elmer Cope and Miss Helen Ruth Cope visited friends in Lubbock Monday.

Mr. and Mrs. J. B. Tarleton left Tuesday for Ruidosa, N. M., where they will spend the week vacationing.

McCARTY
Opal Peterson

Both religious services were well attended Sunday morning and night. We invite everyone back next Sunday and ask them to bring someone with them. Next Sunday night is preaching night. Harold David Boswell of Coahoma is visiting Grady Baze this week. Miss Geneva Baze and Little Jimmy English of Abilene are visiting her parents for a few days. Mrs. Tommie Pomroy of Lamesa visited her parents, Mr. and Mrs. J. M. Peterson Sunday. Mr. and Mrs. Riley Smith of Lamesa visited Mr. and Mrs. George McMurray, Sunday.

Mr. and Mrs. Martin Blakey and family and Mrs. George Moreland of Lamesa visited Mr. and Mrs. M. Peterson, Sunday afternoon. C. B. Green visited Tyler Wayne Pryor Sunday. Mrs. H. P. Baze entertained her Sunday school class with a social in her home Sunday afternoon. Games were enjoyed throughout the afternoon. Refreshments of ice cream and cake were served to 12 children. Mr. and Mrs. Jack Meares and family of Hancock visited Mr. and Mrs. Fred Peterson Sunday afternoon. Mr. and Mrs. J. T. Pruitt and baby, Patsy, Mr. and Mrs. G. E. Peterson and daughters, Janet and Peggy Nell, Mr. and Mrs. J. C. Waggoner, and Mr. and Mrs. N. P. Peterson visited Mr. and Mrs. C. M. Boden Sunday. Mr. and Mrs. Elbert Green of Shumake and Mr. and Mrs. W. O. Reeves of Woody visited Mr. and Mrs. B. E. Green and family Sunday. Mrs. Presley Hitchcock and daughters of Knot are visiting Mr. and Mrs. Ed Blair. Terry Rogers of Nacodogoches is visiting Mr. and Mrs. Welton Blair.

UNION
Edna Pounds

Miss Inez Tolbert of Lubbock is visiting with her parents, Mr. and Mrs. Grady Tolbert and family this week. Mr. and Mrs. Leo Nichols of Welch spent the week end in this community visiting relatives. Mrs. M. M. Debnam and son, Travis, spent Wednesday with Mr. and Mrs. J. W. Pounds and family. Afternoon visitors were Mrs. F. M. Swafford and daughters and Mrs. Dink Swafford. Rev. Guest of McCarty spent

Sunday night with Mr. and Mrs. D. P. Huddleston and family. Mr. and Mrs. Wright Jack and daughter, Opal, Miss Lucille Cates, G. W. Tolbert of Union and Miss Inez Tolbert of Lubbock attended B. Y. P. U. and church at Higginbotham Sunday night. Mr. and Mrs. W. A. House and family attended church at Lamesa Sunday morning and visited Mr. and Mrs. Brock Sunday afternoon. Mr. and Mrs. Alton Stevenson spent Saturday night and Sunday with Mr. and Mrs. C. A. Jordan. Edna Pounds of Union spent Sunday with Mr. and Mrs. M. M. Debnam. Afternoon visitors were Mr. and Mrs. J. E. Debnam, Mrs. Henry Hall and Mr. and Mrs. Alvia Debnam and children of Midland. Mr. and Mrs. H. F. Pounds of Lamesa spent Friday afternoon with Mr. and Mrs. J. W. Pounds. Rev. Guest of McCarty visited Mr. and Mrs. J. W. Pounds and children a few minutes Monday morning. The farmers are rejoicing over the fine rain received last week. Many of them are planting day and night. Few farmers have planted cotton. Several from Patricia and Mrs. J. W. Pounds of Union attended conference at Mungler, Sunday. Those visiting Mr. and Mrs. Lee Burger and family Sunday afternoon were Rev. M. C. Curry and Mrs. Bingham of Patricia, Mrs. J. W. Pounds of Union, Mr. and Mrs. Frank Lane and family, Mr. and Mrs. Phillips and son and Mrs. Maxwell of Mungler. Elbert Keith of Lamesa is spending the first of the week with his parents, Mr. and Mrs. Will Keith of Andrews. Weldon Preston of Lamesa spent the Fourth with his parents, Mr. and Mrs. Luther Preston. Misses Opal McDonald, Verlaine McDonald, June Winner, Eunice Gaines, Edna and Maulee Bedwell spent Sunday in Midland visiting with Mrs. Louise Winner.

ACKERLY
Jerry Ward

Attendance wasn't so good Sunday at Sunday school and church. Let's all strive to be present next Sunday. Rev. Hollowell returned home Friday night from Dallas where he has been attending pastor's school, and preached at both morning and evening services. Mr. and Mrs. Gaylan Costin are the proud parents of a 12 pound boy born last week in a Lamesa hospital. Both mother and baby are doing nicely.

Mrs. Thurman Baum has been at Big Spring at the bedside of her sister, Mrs. Lowe, who has been ill. We are hoping she will soon recover. The following were guests in the S. F. Britton home Sunday: Mr. and Mrs. J. D. Bryson, Jerry Ward, Verne Coleman and Oliver Coleman. Mr. and Mrs. Lee Burrough of Colorado City visited his sisters, Mrs. J. W. L. Coleman, Mrs. Geo. Bryson and Mrs. Pansy Bollinger last week. They were all dinner guests in the home of Mrs. Bollinger, Sunday.

Mrs. Arthur Reed had her tonsils removed Saturday. She is improving nicely. Mrs. Freddie Symac and son Billie Ed left last week to spend several weeks with her mother at Granger. Mr. and Mrs. Ashburn of Childress are here visiting with her parents, Mr. and Mrs. Raspberry. Dean Coleman is spending this week with her parents. Mr. and Mrs. Paul Kincaid visited her parents, Mr. and Mrs. John Stewart, Sunday.

The following attended the Borought's reunion at the Big Spring Park Saturday: Mr. and Mrs. J. Pansy Bollinger and children, Mr. L. W. Coleman and children, Mrs. and Mrs. George Bryson and son Weldon, Mr. and Mrs. J. D. Bryson. All reported a good time. Mr. and Mrs. Buster Reed have returned from New York where they attended the World's Fair. Mary Ruth Niblett spent last week with her grandparents, Mr. and Mrs. L. R. Reed. Mr. and Mrs. Cecil Niblett visited her sister at Big Spring, Sunday.

LIBERTY
Beth Davis

Brother Jack Thompson filled his regular appointment at Nolan Chapel Sunday and Sunday night. Mrs. C. A. Luck and daughter, Marjorie Jo, of Levelland, are visiting Mr. and Mrs. C. M. Burton. Ralph Wade of Ralls spent last week with Billy Richardson. Mr. and Mrs. C. S. Davis and family, Mr. and Mrs. W. P. Davis family and Mr. and Mrs. E. M. Davis and family attended the Davis reunion at the Lamesa Park, Sunday.

We are sorry to hear of the illness of C. M. Burton. We hope for him a speedy recovery.

Mr. and Mrs. Homer Kinder and Hardin Easterwood of Texas Tech spent the week end with Mr. and Mrs. Henry Easterwood. Leo Davis spent Saturday night with Mr. and Mrs. T. L. Payne of Lamesa.

Mr. and Mrs. W. W. Hubbard and son, Kenneth Ray, visited in the home of Mr. and Mrs. Fred Hubbard last week.

The young people of this community enjoyed a weiner roast at the home of Pattie Gill, Tuesday night.

Mr. and Mrs. Leslie Burkhardt of Wilson visited Mr. and Mrs. W. P. Davis Monday night.

Mr. and Mrs. C. C. Hubbard and family visited Mr. and Mrs. J. H. Hubbard, Sunday.

BARTLETT
Mrs. Eulus Damron

Singing at Bartlett was well attended Sunday night.

Miss Louise Rupe and nieces from Oklahoma are visiting Mr. and Mrs. J. J. Rupe.

Mr. and Mrs. J. C. Stewart had relatives visiting them over the week end.

Mr. and Mrs. T. E. Temple and family visited Mr. and Mrs. T. L. Wallace, Sunday.

Mr. and Mrs. Dan Horne visited Mr. and Mrs. Earl Briggs Saturday night.

Mrs. L. Thomas and children visited Mrs. J. V. Chapman Saturday afternoon.

Mr. and Mrs. Fred Damron, Mr. and Mrs. Norman Wallace, Lois and Reath Garrett and Ray Gage went Maurice Womack, Jo Nell Thomas, picking to the breaks Sunday. The day was enjoyed by every one. Mr. and Mrs. J. J. Rupe and grandchildren, and Miss Louise Rupe took Sunday dinner with Mr. and Mrs. W. E. Womack.

ANNOUNCEMENT
By GUTHRIE ALLEN

My long acquaintance with the good people of this county, and my experience and knowledge of matters pertaining to real estate, causes me to believe that I can be of service to our people, as well as being gainfully employed for myself, to offer my services to the public as a real estate and oil lease and royalty broker. I have secured an office in the Garland building across from the Methodist Church, and I invite those interested in the lines mentioned to call on me. Respectfully,
Guthrie Allen

SPARENBERG
Mable Parchman

Friends in this community were sorry to hear of the death of the infant daughter of Mr. and Mrs. Dick Butcher. Funeral services were held Sunday morning at the Baptist church. Our greatest sympathy goes out to them.

Mr. and Mrs. Felix Lentz and children of Houston are here visiting his parents, Mr. and Mrs. E. L. Lentz and family.

Miss Ruth Schneider of Lamesa spent the week end here with relatives.

Mr. and Mrs. Bill Swain and family of Munday spent the week end with Mrs. R. F. Mabry and family.

Mr. and Mrs. C. J. Krezer and son are here visiting with relatives.

THREE LEAGUE
Marie Lambright

Mr. and Mrs. Hubsey took dinner with Mr. and Mrs. Alex Dean of Midway, Sunday.

Mr. and Mrs. Comer Holcomb and daughter visited in the home of Mr. and Mrs. Clarence Holcomb

Marjorie Dean of Midway spent Saturday night and Sunday with Jo Mabry.

Mr. and Mrs. C. J. Krezer, Mr. and Mrs. Edwin Huse, and Mrs. Alvie Krezer went to Hobbs, N. M., Sunday to visit with friends.

Mrs. Eason's sisters are here visiting her.

Mr. and Mrs. T. R. Moulton and family and his mother of Abilene, visited Mr. and Mrs. Sherman Moulton and son last week.

CHEVROLET
World's Largest Builder
of Cars and Trucks

The world knows Chevrolet passenger cars and trucks are first in value, and that's why the world has placed them first in sales!

Important to every motor car buyer is the fact that Chevrolet, first in passenger car sales, is also first in motor truck sales, because truck buyers select the trucks that pay the greatest returns.

The same qualities that distinguish Chevrolet trucks exist in equal degree in Chevrolet passenger cars. You may choose your Chevrolet solely for its beauty, comfort, or performance—but you will get in addition that all-important extra value.

Every 40 seconds of every day somebody buys a new Chevrolet!

VAUGHN CHEVROLET

THE ENTIRE COST OF THE C.C.C. COULD BE PAID FOR BY THE TAXES OF THE BREWING INDUSTRY!

The Treasury Department shows expenditures of 326 million dollars for the Civilian Conservation Corps for the fiscal year of 1938. The brewing industry pays over a million dollars a day in taxes.

What Beer contributes to the re-building of America would fill a great volume

Over 400 million dollars in taxes every year. Over 1,000,000 jobs. A market for 3,000,000 farm acres of produce.

The brewing industry would like to preserve for itself and the people the many economic benefits it has created in the past five years. Brewers everywhere realize that this is a question bound up with the proper distribution of their mild and wholesome beverage through retail outlets whose character will be a credit to the community. Obviously, the brewers can enforce no laws. But they can—and will—cooperate with the local law-enforcement authorities. They will cooperate with every group—friend or critic—to the end that retail beer outlets give no offense to anyone.

HEAT WAVE

You'll Appreciate Your Electric Refrigerator MORE During HOT WEATHER

Hot, summer weather is the real test of any refrigerator. Unless your refrigerator delivers constant, food-saving cold, even on 100-degree days, you have only part-time refrigeration which means food wastage, inconvenience and other troubles.

With Electric Refrigeration, full realization of its value comes when the hottest part of the summer arrives. Regardless of how high the temperature gets outside, the temperature inside your electric refrigerator is low enough to keep foods fresh, to freeze desserts and to make a plentiful supply of ice cubes on short notice.

A few pennies pay for electricity to run your refrigerator a whole day. That is why we say that "Electricity is Cheap."

TEXAS ELECTRIC SERVICE COMPANY
C. E. CAMERON, Manager

BASEBALL—

(Continued from Front Page)

holiday double-header in Lobo Field, because of the fact that they had no home lot to play in.

Opening the half Sunday, the Apaches took the first game 2 to 0, while Red Hay took the nightcap 10 to 0. Monday night the Apaches came back to again go ahead in the series, taking the Lobos 4 to 3, by virtue of a late inning three run surge which broke a deadlock that had existed almost throughout the entire game. Lefty Lucas was credited with the defeat.

Before a light holiday crowd on Tuesday, Lefty Parks was in rare form to easily handcuff the Lobos in the first game 9 to 2. The Lobos were shut out until the last of the ninth, when Parks eased up to allow two runs. Attempting to do an ironman stunt in pitching both games, Parks was again on the mound in the nightcap. The Lobos took this contest 4 to 1, behind some neat hurling and hitting by Lefty Millsbaugh, newly acquired moundman. Needham got credit for the loss of the first game.

The Wednesday night final between the two clubs was called in the third inning with the Apaches leading 1 to 0. Stud Raines on the mound for the Tatemans had been touched for four hits before the quarter appeared, while Pitcher Hendricks of the Apaches had not been touched for a single safety.

And thus the Lobos are found in sixth spot in the standings with Big Spring in the top spot, closely followed by Lubbock. Midland will enter Lobo Field Thursday night for a three game stay.

THE STANDINGS

West Texas-New Mexico

Teams—	W	L	Pct.
Big Spring	4	1	.800
Lubbock	4	2	.667
Ablene	3	2	.600

Lamesa	2	3	.400
Clovis	2	4	.333
Midland	1	4	.200

RODEO—

(Continued from Front Page)

There was some excitement on Thursday morning when an attempt was made to lock certain citizens to the light pole on the west side of the courthouse lawn. It was all in fun and when the "violin" had succeeded in tearing off two shirts from the "would be enforcers" he agreed to add a brightly colored shirt to his cowboy boots, which he already wore, to comply with the provisions. The violator was Gus White, former sheriff, while the enforcers were Bryan Fulkerson and Caryl Baldwin. It was all in good clean fun, although it practically stopped business in the Lamesa National Bank where the scuffle took place. There has been lots of fun and the rodeo has received some good publicity.

TRAVIS SIMPSON IN ARMY

Word was received in Lamesa today by Mrs. G. W. Simpson, that her son, Travis, had successfully passed the examination in San Antonio for his entrance into the Third Transport Squadron of the United States Army. Travis has been employed for the past several months in the Courier office. He tried to get in at Fort Bliss recently but failed to pass the physical examination.

Dr. Hall Cutler To Hold Clinic

Announcement is made this week by Dr. Hall W. Cutler, Lamesa Chiropractor, that he will have another Free Health Clinic at his offices in the Nix Building next Wednesday and Thursday, July 12 and 13th. Dr. Tanner, noted diagnostician will conduct the clinic, using a Pathoclast, a new instrument recently perfected. Besides being an expert technician, Dr. Tanner is a noted dietitian.

The clinic is free to one member of the family. Your attention is directed to their ad in this issue.

J. Henry Norris Attends Meeting

Mr. and Mrs. Henry Norris returned Sunday from College Station, where he attended the Sixteenth Annual Convention of County Superintendents and County Supervisors.

The convention which opened last Monday June 26 and continued through Thursday, June 29th, was the most successful in the history of the organization, Mr. Norris stated this week.

Dr. Southall, of Peabody College, Nashville, Tennessee, was the principal speaker at each program.

Improvement of the rural school program was the theme around which the program was centered. More than two hundred County Superintendents from over Texas attended.

Fourteen NYA workers are employed as part-time assistants in repairing and servicing airplanes for the Texas National Guard, Thirty-Sixth Division, at Houston's Municipal Airport, according to State Youth Administrator, J. C. Kellam.

Repairing various school buildings in the Hallettsville Independent School District is providing part-time employment for 42 out-of-school youth, J. C. Kellam, State Youth Administrator had announced.

July Month To Make Transfers

During the month of July all parents having children who desire to attend school in a district other than the one in which they reside, should make application for transfer at the office of the County Superintendent, regardless of whether the grade is taught at home or not, according to a statement made by J. H. Norris this week.

Parents should bear in mind that a child transferred from a district when his grade is taught at home may be called upon for payment of tuition and transportation of the child. If the child's grade is not taught at home the district or state must bear this expense.

August 1st is the last date that transfers can be accepted. On Monday following the county board will meet and act on the applications for transfers. According to a ruling of the attorney general last year, the county superintendent must grant all transfers and only the county school board has the authority to refuse such requests.

According to State Youth Administrator J. C. Kellam, twelve NYA youth are employed part-time in supervising playground activities and as assistants at Cuero Municipal Park.

Mr. and Mrs. Joe Tarleton spent several days this week vacationing at Ruidoso, New Mexico.

Mr. and Mrs. Aubie Burns spent Tuesday in Snyder visiting with friends.

TO ATTEND WEDDING

Dr. and Mrs. J. C. Lovelace and Mr. and Mrs. Lowrie Lovelace left Sunday for Wichita, Kansas, to attend the wedding of Dr. Wells Lovelace and Miss Eloise Chapman which was to take place July 6.

VACATIONING IN WEST

Judge and Mrs. Louis B. Reed left Sunday on a six weeks' vacation trip. While gone they will visit in California, Washington and Oregon, returning by way of the Yellowstone National Park.

Mr. and Mrs. R. L. Meyers and daughters, Doris, Leanne and Billy Mrs. R. L. Meyers Jr., and son, Mr. and Mrs. O. E. Dunlop, and Mr. and Mrs. J. E. Quinn left this week for Ruidoso, New Mexico, where they will spend their vacation.

R. L. Meyers Jr., left Sunday for Lubbock where he will teach in the Tech Band School.

Misses Lois McBride, Elwanda Gilbert and Jo Ervin Bailey, and Chuck Jacobs and Malcolm Harp were week end guests of Mr. and Mrs. J. H. Beal Jr., and Bob Beal at their ranch home near Gal.

Construction of a vocational agriculture building at the Pearsall School is providing employment for 21 NYA workers, J. C. Kellam, State Youth Administrator has announced.

Part-time employment for 28 out of school youth is being provided on an NYA project at the Beeville Experiment Farm. State Youth Administrator J. C. Kellam has announced.

Loans In Texas Breaks Records

Loans made to Texans for the building, buying and repairing of homes during the past month exceeded all previous records. In May, the 119 insured savings and loan associations in Texas made 1280 loans to Texas home-owners totaling \$2,580,000 which was an increase of \$480,000 over the volume of lending done during the previous month.

May was the fourth consecutive month in which the total loans made in Texas were in excess of \$2,000,000. Loans made since January 1, 1939 aggregate \$10,734,000 which is an increase of \$2,300,000 over the same period a year ago. The figures were compiled by the Federal Home Loan Bank of Little Rock and include the lending activities of the Lamesa Federal Savings and Loan Association by which the local area is served.

Officers of the bank expressed much gratification at the marked increase in the volume of home financing being done by the insured associations. They said the increases were general throughout the five states served by the bank. The Texas associations, however, made more than one-half of all the loans which were granted in the entire District during the past month.

The loans averaged about \$2,000 each, the proceeds of approximately one-half of which were used for the construction of new homes. Other loans totaling \$542,000 were made to assist Texans in the purchase of existing dwellings. The loans were granted on the long-time, monthly repayment plan and collections by the associations were reported to be excellent.

Savings and investment funds continue to flow into the insured associations, the bank reported, the Texas Associations having received approximately \$7,500,000 in new funds since January 1. Further material increases in investments in the associations are expected, following the payment of their semi-annual dividends on June 30th. Funds placed in the associations are insured against loss up to \$5,000 for each account by the Federal Savings and Loan Insurance Corporation, an instrumentality of the Federal Government.

Agriculture Is Called Next Big Industry in U. S.

The Rotary International Convention last week was told that a major factor in the return and permanence of national prosperity lies in the expansion of agriculture beyond the limits of food production to the role of major supplier of the materials of industry and manufacture.

Addressing the session here, Wheeler McMillen, Philadelphia, president of the National Farm Chemurgic Council and Editor-in-Chief of the Farm Journal and Farmer's Wife, declared that increase in farm income is essential to a return of economic balance, and pointed out that farm income and factory payrolls rise and fall together.

McMillen said the hope of increased income for the farmer, and therefore the city worker, lies in the adaptation of farm crops to the needs of industry.

Successful experiments in adapting old crops to new commercial and industrial uses have shown great economic possibilities and have led to more intensive research he said.

May Auto Sales Down in Texas

Automobile agencies sold 50.7 per cent more new passenger cars in Texas during May than in May last year, and commercial car sales climbed almost as much, The University of Texas Bureau of Business Research announced today.

Reports to the Bureau from 14 representative Texas counties showed registrations of new automobiles totaling 16.1 per cent over April of this year, while new commercial motor vehicle registrations dropped 5.9 per cent.

Commercial car sales for May were 46.7 per cent over May, 1938.

MORE PEOPLE STUDY RADIO AT STATE U.

Education's newest implement—radio—is being sharpened this summer at The University of Texas as some fifty teachers and other school people are studying under Dr. A. L. Chapman, newly appointed to direct radio education.

In several preceding summers the University has imported radio education experts to conduct short courses, but Dr. Chapman's arrival definitely places this subject in the permanent University curriculum. No other institution in the State offers such courses.

Dr. Chapman spent the last ten months in the North and East studying radio problems, both production and use of programs, from the standpoint of the educator.

Mr. and Mrs. C. O. Magee and children of San Angelo spent the week end here visiting with her parents, Mr. and Mrs. L. F. Kennedy.
