Army Sees No Flubs If New Callup Comes

System Called In Better Shape

WASHINGTON (AP)—If a new Reserve mobilization is ordered, Army authorities express confidence they can put it into effect without the major flubs that brought squawks from reservists and criticism from Congress during the Berlin-crisis build-up last year.

"We're in better shape to respond this time," one senior officer said Saturday.

This, he explained, is because the Army has tightened its procedures, installed new automatic record-keeping equipment, and taken steps to weed out men who should not be in the ready Reserves.

The Army also has acted to assign the right men to the right military job so there will be no repetition of the square-peg-in-round-hole situations spotlighted by Government Accounting Office and congressional investigators in the wake of the Berlin-crisis mobilization of about 147,000 Army, Navy and Air Force Reservists and National Guardsmen a year ago.

The Navy and Air Force, which between them mustered 34,000 citizen-sailors and airmen, had none of the troubles that beset the Army, which had more than 113,000 Guardsmen and Reservists on active duty until last month.

Perhaps the loudest complainants among the Army Reservists were men who had had two or three years of active duty but were ordered into uniform again because the Army could not find enough six-month active duty trainees with the necessary military skills.

Other gripes were voiced by men who contended they shouldn't have been tapped because of family responsibilities, critical occupations, or other reasons they felt entitled them to exemption.

A House subcommittee late last month accused the Army of laxity and inability to pick the best prepared men and units for a limited mobilization.

One Army authority acknowledged that his service had been geared for all-out rather than partial mobilization before the Berlin crisis.

Since then, he said, there has been considerable streamlining of the operation, and the Army is more ready to cope with limited call-ups.

However, President Kennedy's request Friday for standby authority to order up another 150,000 men, if needed, caught the Army with its streamlining job unfinished.

If an order comes to mobilize Reservists again, it appears there might be some slipups. But Army authorities predict they would be relatively few.

U. S., Allies Consult On Berlin Dispute

WASHINGTON (AP) — The United States is consulting with Britain, France and West Germany on joint steps to counter expected new Communist pressure in the Berlin dispute.

The consultations are reported to cover both possible Soviet or East German threats to Allied supply line operations and developments which may take place within Berlin itself.

Concern in the U.S. government over the Berlin situation is said by high administration officials to be the primary reason President Kennedy asked Congress on Friday for authority to call a maximum of 150,000 military Reservists to active duty in the armed forces if necessary.

To what extent administration concern over the Cuban situation may have entered into the decision to ask for the call-up authority is speculative.

CENTERED IN BONN

Allied consultations on Berlin are presently centered in Bonn but are also taking place among representatives of the four Western powers in Washington and among the U.S., British and French commandants in West Berlin.

One Allied action expected to be taken within the next week or so is a request to the Soviet military command to stop using armored cars for the transportation of Soviet guards into West Berlin, where a big Soviet war memorial is situated.

The armored cars were put into service late last month after Soviet troops riding in ordinary buses had been stoned by angry West Berlin crowds protesting the killing of East Berlin refugees who tried to flee to the west across the wall dividing the city.

Fast Congress Action Is Seen

WASHINGTON (AP) — Sen. Hubert H. Humphrey, D-Minn., expects Congress to approve rather quickly President Kennedy's request for standby authority to call up 150,000 Reservists to counter Communist threats in Cuba, Berlin or elsewhere.

"I think it should be clearly understood that the President has no immediate intention for use of this authority," Humphrey, assistant Senate Democratic leader, said Saturday in an interview.

"Prompt congressional approval will be a demonstration to our allies and our enemies that the elected representatives of the people are firmly behind our commander in chief."

Wasting no time, Chairman Richard B. Russell, D-Ga., asked the Senate Armed Services Committee to consider the call-up bill at a closed hearing Monday morning.

Secretary of Defense Robert S. McNamara and his top Pentagon aides are expected to present military and diplomatic reasons for asking renewal of authority Congress quickly granted more than a year ago during a Berlin crisis.

Congress needed only five days to complete action on that authority but Humphrey said there is no deadline on the new request.

Both Republicans and Democrats have pledged support in advance although Senate Republican Leader Everett M. Dirksen of Illinois told newsmen Congress will want to know why the administration is asking the special authority.

Sen. Olin D. Johnston, D-S.C., said he would urge prompt approval of the call-up authority because "the situations in Berlin and Cuba are extremely critical."

Johnston, in a statement, said this country "should place an ironclad blockade around Cuba and economically squeeze it out of the Russian orbit."

"Cuba threatens to spread communism and aggression in the Western Hemisphere," Johnston said. "We must act militarily to prevent this, if necessary, and to do this the President should have the authority he seeks."

Sen. Karl E. Mundt, R-S.D., called for an immediate U.S. air and naval blockade of Cuba. In a taped report for radio-television use, Mundt said between 3,500 and 7,000 troops or technicians had arrived in Cuba recently in an effort to convert it into a Communist fortress.

Mundt said an economic blockade could "bring Castro to his knees before he starts a war in the Western Hemisphere."

"We wouldn't have to invade," he said, "if an effective blockade were established. What is needed is a little encouragement for the freedom-loving people of Cuba."

A different view came from Sen. Clifford P. Case, R-N.J., who listened to secret testimony on Cuba the past week from Secretary of State Dean Rusk and McNamara.

Case, in another taped interview for radio-television use, said "There is no evidence of military forces so far as the Russians are concerned."

Recent Communist shipments to Cuba, Case said, were defensive weapons "not the kind of thing to be aggressive against us or Cuba, either in its own behalf or as a base for Russian operations to be aggressive against us or against Latin-American countries."

BIBLE FUND IN SIGHT OF ITS GOAL

Heartening and generous response Saturday pushed the High School Bible Class Fund within sight of its goal of $3,600.

Gifts for the day aggregated $195.00, making the total to date $3,190.12. One gift came from Sunland, Calif.

After Monday, the daily tabulations will have to be discontinued, although gifts will be gratefully received. If you haven't had a part, won't you mail or bring your gift to The Herald immediately.

Friends who helped give the fund such a fine boost included:

Men's Harvesters' Class, East Fourth Baptist	70.00
Church of Nazarene	45.00
Willing Workers, Young Married Class, Airport Baptist Church	5.00
Mrs. B. F. Carr, memory Mrs. Donald Hayworth	5.00
Mrs. M. W. Pemberton, Sunland, Calif., memory Mr. and Mrs. J. M. B. Gilmore	25.00
Mr. and Mrs. K. H. McGibbon	25.00
Mr. and Mrs. Huey J. Rogers, Capt. and Mrs. Huey D. Rogers, memory Rev. Cecil Rhodes and Pete Puglaar	25.00
Previously received	$2,990.12
TOTAL	$3,190.12

Ohio Girl Named New Miss America

ATLANTIC CITY, N.J. (AP)—Jacquelyn Jeanne Mayer, a 20-year-old hazel eyed brunette from Ohio, was crowned Miss America of 1963 Saturday night.

Jackie, as she is called, is a 5-foot-5 Northwestern University sophomore who weights 115 pounds and measures 36-22-36.

She succeeded Maria Beale Fletcher of Asheville, N.C., to the nation's oldest beauty crown in the dramatic climax of the week-long pageant.

The new queen, an exchange student to Austria for a year, plans to complete her education at Northwestern and then pursue a career in the theater. She had been appearing with a summer theater group in Huron, Ohio.

Miss Ohio beamed broadly as Miss Fletcher placed the crown on her head. The crowd stood and cheered wildly while she took the 167-foot walk down the runway to the stage.

TEXAS GIRL THIRD

The other finalists finished in the following order.

Miss Wisconsin, Joan Mary Engh

Miss Texas, Penny Lee Rudd

Miss South Carolina, Evelyn Keith Ellis

Miss Hawaii, Patricia Lei Anderson

As the new queen turned to the stage at the end of the runway, the first tears rolled down her cheek.

Her parents, Mr. and Mrs. Jack Mayer of Sandusky, and her brother, Jim and sister, Beth, were called on stage and stood with her near the close of the coronation.

The finalists were selected after competing with five other girls who had been chosen semifinalists from among the 54 contestants. Each semifinalist appeared in evening gown and swimsuit and displayed her talent.

The other five semifinalists were Miss Georgia, Katherine Eugenia Cross; Miss Michigan, Carole Jean Van Valin; Miss Mississippi, Charlotte Ann Carrol; Miss Nebraska, Mary Lee Jepsen, and Miss Oregon, Martha Louise Wyatt.

FALSE CURVES?

Earlier Saturday night, there was talk—not among the contestants, but among their followings—that some of the 54 girls may have displayed curves that were not completely their own during the three nights of preliminary competition.

Some state pageant officials, who refused to be named, acknowledged that it was possible. The officials said word had been discreetly passed along before the girls came here that if a talented, beautiful contestant needed a little padding to aid her figure, this would not disqualify her.

"A few of them obviously had padded bras in the swim suit contest," insisted one partisan, a woman. Obviously, too, she was certain her favorite was not one of them.

"I'm certain that if you ever pinned Miss (Leonora) Slaughter (executive director of the pageant) down, she would officially insist that it wasn't allowed," said one. "But she has indicated at several state meetings that a close check wouldn't be made."

NEVER MEASURED

The girls submit their own vital statistics, and are never officially measured.

The pageant, once strictly a leg show, places much less emphasis on swim suits now, following a long campaign by Miss Slaughter, who is credited with making it so respectable that even church groups sponsor some contestants.

For Miss America, the crown means a year of personal appearances across the nation which could earn her $75,000 and expenses. She also receives a $10,000 scholarship for her college education or special training.

Late Rally Helps Grain Market

CHICAGO (AP)—A rally in the last half hour of trading gave the grain futures market most of its moderate gains last week on the Board of Trade.

Until President Kennedy on Friday requested authority to call up 150,000 reserves the market had reacted to forecasts of possible damaging frost and to a lesser degree to a private crop report without mounting a sustained trend either way.

But the action toward bolstering the armed forces in connection with tension in Berlin and Cuba hit the pits at a time when dealers said the market had begun to show signs of moving out of a virtual stall, probably in the direction of a limited recovery.

The effect was, at least, to speed up a spurt of short covering that carried all contracts well ahead. Most of them finished at their highs of the day and the week.

Turbulent Weather Follows Cloudbursts

By The Associated Press

Turbulent weather struck Texas Saturday following cloudbursts that sent water into or to the doorsteps of more than 200 homes in Fort Worth and vicinity.

The flash flooding at Fort Worth eased, but a squall sent Coast Guardsmen to rescue six men in two boats which were in trouble at Sabine Pass, 300 miles southeast of Fort Worth.

Two men drowned near Fort Worth and weather-caused traffic accidents resulted in five deaths.

Tornado-like winds hit Cleburne south of Fort Worth, causing some damage and injuring one man.

Some persons who fled ahead of the Fort Worth floods began returning to their homes Saturday.

Some never left, simply stacking their furniture and staying despite high water. Those who fled scattered and the number could not be determined.

130 HOMES

About 130 homes were affected in the often-flooded Richland Hills section—more than ever before although the Corps of Engineers said the rain was not exceptionally heavy.

However, it fell very fast on top of land waterlogged from earlier rains. Heaviest downpour in the watershed was 6.5 inches.

The other flooded homes were on Flood Bend on the west fork of the Trinity river, which runs there were flooded, with about 140 families evacuated, some leaving because of the threat of high water.

Richland Hills is on Fossil Creek in the Trinity watershed.

The mayor of Richland Hills, Paul Daniels, and Fred Smith of the Tarrant County Health Department, declared the suburb a disaster area.

They said the flooding was the worst since 1957 and called for typhoid inoculations for the 1,500 residents. The flood water got into the sewage and water systems.

SAFE WATER

The fire department helped distribute safe drinking water. Mass typhoid inoculations began at 3 p.m.

The Weather Bureau at Waco issued a special bulletin saying flash flooding may occur on Acquilla Creek and sharp rises are expected on the Navasota River. A third gate was opened on Possum Kingdom dam to let out water to make room for expected floodwaters.

Olin Huff, mayor pro tem of Richland Hills, said damage to the surburb would run at least between $15^,000 and $200,000. "About 150 homes received water damage, either minor or major," he added.

Damage estimates in other areas of the county were not available.

Meanwhile, a cold front barrelled down from the northwest into Texas, and the upper Texas Panhandle is expected to have temperatures around 40 Sunday morning—coldest weather of the season.

STORM ALERT

The U.S. Weather Bureau issued a severe thunderstorm alert for sections of Kansas, Oklahoma and the Northeast Texas Panhandle Saturday night.

Only two Texas counties fell in the alerted area, Ochiltree and Lipscomb.

The alert called for scattered severe thunderstorms accompanied by large hail and strong winds from about 8 p.m. Saturday until 2 a.m. Sunday.

The cold weather is expected to move over much of North Texas by Sunday evening but with somewhat warmer thermometer readings.

The rains were general but of wide variations in depth in North Central Texas, South Central Texas, into the Lower Rio Grande Valley and on to the coast.

The rescues in the Sabine Pass area in the Beaumont vicinity occurred in the early morning.

The Coast Guard picked up four men from the Houston Pilot Boat No. 1 after they abandoned their craft and were clinging to a jetty. They were Capt. Paul Collie, the master; J. E. McNarye, who injured a hand; Wayne Dubuc and H. F. Silberisen, all of Houston. Their boat sank while the Coast Guard was seeking to tow it.

SEAMEN PICKED UP

Shortly before the rescue of the Houston men, the Coast Guard picked up Ronald Rock, skipper, and an unidentified crewman from the shrimp boat Toots, which was in trouble off a jetty. Both men are from Berwick, La.

The flood waters from Fort Worth poured down on Dallas, but levees on the Trinity River there were expected to contain the waters.

Col. R. P. West, district engineer of the Corps of Engineers, estimated that corps-controlled dams of Grapevine and Garza-Little Elm would prevent $10 million flood damage.

Drowned when he was swept away by flood waters at Fort Worth was a farm laborer, Carl Potter. Jack Blankenship, 22, of Haltom City a Fort Worth suburb, was found drowned. His foreign-made car had been swept off a road.

A family of three died in a head-on collision on rain-slick pavement near Olney. Killed were Mr. and Mrs. Franklin Ward Pieper, both 21, and their son, Gradon, 7 months. Pieper was a student at North Texas State University at Denton. A family of three, Mr. and Mrs. Bert Ray Mark of Crane and their daughter, Sandra, was in the other car and all were injured.

Outside Fort Worth, Joe Mena, 20, of Fort Worth died in a car-truck crash on slick pavement. The Rev. Walter A. Mitchell, pastor of the First Baptist Church of Snyder, Tex., was killed on a wet highway near Abilene.

Cox Lashes Kennedy Trip

HOUSTON (AP) — Republican gubernatorial nominee Jack Cox launched his statewide campaign for the Nov. 6 general election Friday night by blasting President Kennedy's planned visit to Houston next week.

Cox called the trip "political blackmail" and suggested the President delay his tour of the National Aeronautics and Space Administration Manned Spacecraft Center site here until after the election.

"We haven't been told whether Mr. Connally (John B. Connally, the Democratic nominee) will appear at his benefit blackmail or not, but in the thinly veiled verbiage, the White House says, 'Mr. Kennedy . . . plans to study . . . work being done . . . in connection with the preparation of the 1964 budget,'" Cox said.

Officials Ready For JFK Visit

HOUSTON (AP)—There was an unusual amount of behind-the-scenes activity Saturday as officials worked on the list of arrangements that must be made for President Kennedy to visit Houston.

The President and Vice President Lyndon B. Johnson are scheduled to arrive at International Airport at 6:25 p.m. Tuesday.

It is the first time a President and vice president ever visited Houston at the same time.

Catholic Paper Blasts Opponents Of Desegregation

NEW ORLEANS, La. (AP)—An official Roman Catholic newspaper levelled an editorial blast Saturday at opponents of parochial school desegregation, as the city looked back on a week of relative calm.

"It has been a campaign of sound and fury, signifying little but the leaders' bitterness," said the front-page editorial in Catholic Action of the South, official newspaper of the archdiocese of New Orleans.

The archdiocese last week conducted the first large-scale parochial school desegregation in the South. Nearly 200 Negroes entered some 36 formerly white Catholic schools in the New Orleans area.

Opponents of desegregation, however, continued to work at organizing protests.

Reviewing The

Big Spring Week

With Joe Pickle

Prayers for rain have been answered in a big way. This reminds me of the story of the flood-bound man who moaned: "I know I prayed for rain, Lord, but this is ridiculous." In a similar vein, last week when it was still hot, Mrs. Earl Brownrigg told her class to wish for rain, which, when it was all passed, led one member—Sherry Stroup—to observe that next time only half of the class should wish.

* * *

The Thursday morning reading went into the books as the largest single-day rain since April 1922. Actually, if about two inches which fell after 8 a.m. were included (for the rain actually covered about a 12-hour period) it would be second heaviest on record for a day.

* * *

Net result of this was about 20 billion gallons of water in lake storage in this vicinity, and this does not include the natural lakes and a host of farm and ranch tanks. There is hardly a stock tank in the county but has been filled. Both Lake J. B. Thomas and Lake Colorado City went over the service spillways, and will continue going over for several weeks.

* * *

While ranchers were the happiest of all, farmers were benefitted. Certainly, they have more than enough moisture to finish the crop. Much of the cotton fortunately was blooming and thus these bolls will have a good chance to make. Late feed, on its last legs, is now practically assured of a bumber yield. Some fields were damaged, but crops were large

(See WEEK, Page 6-A, Col. 8)

PINNED IN WATER BY ROCK

C-City Youth Killed When He Falls Into Spillway Of Lake

COLORADO CITY (SC) — Ronald Edward (Ronnie) Rothwell, 16-year-old son of Mr. and Mrs. Ed F. Rothwell, Colorado City, was killed at 4:30 p.m. Friday as he and other companions attempted to roll a 1,200-pound rock into the emergency spillway at Lake Colorado City.

Heavy rains and the rushing spillway waters had undermined heavy rocks along the lake's edge, about 50 yards from its discharge into the Colorado River. According to Sheriff Lewis Claxton, Rothwell and several high school companions were pushing at the big rock and as it plunged into the water 10 feet below, Rothwell apparently lost his footing and fell with it. The rock rolled on top of him and pinned him half in and half out of the water. Claxton said that he probably died instantly.

The youngsters called for aid and several men on nearby State Highway 163 ran to help. Paul Little, Abilene, Highway Department employe, and off-duty Colorado City patrolman Selma Dickson were among the first at the scene.

A rope was attached to the boy's body, Dixon said, so that it would not be swept into the Colorado River, and seven or eight men tilted the rock on its side so that the body could be pulled from beneath it.

The men then pulled themselves up the steep bank with the aid of the rope. Little, on duty at the spot where spillway waters rolled 16 inches deep over highway 163, said he thought that another of the boys tumbled into the water with Rothwell but was unhurt. He did not know the boy's name. Several of the boys were in the water attempting to move the rock, when the men arrived.

Crowds had lined the north edge of the spillway along the highway from early morning when the flood waters of Lake Colorado City rolled out through the emergency spillway. This was the second time that water had gone through the spillway, but the first time that it had covered the 300 yards of highway that lies on its floor.

(More on area lakes on pages 4-A, 7-A of today's Herald)

Rothwell was a high school junior, and a member of the Wolves football team. He was born in Duncan, Okla. Nov. 21, 1945 but had lived in Colorado City since 1946.

Funeral for young Rothwell is set for Monday at 2:00 p.m. in the First Baptist Church at Colorado City, with the Rev. H. W. Bartlett, pastor, officiating. Interment will be in the Colorado City Cemetery under direction of Kiker and Son Funeral Home.

Survivors include the parents; paternal grandmother, Mrs. C. F. Rothwell, Walters, Okla.; two brothers, Charles Rothwell and Larry Rothwell, both of the home.

Presbyterians Let Building Contract

Contract for construction of a new sanctuary and educational-office wing for the First Presbyterian Church has been awarded.

The finance and building committee Friday evening authorized trustees to execute a contract with Suggs Construction Company of Big Spring in the amount of $241,087. Suggs had been $43 lower than A. P. Kasch & Sons, Big Spring, when bids were opened about 10 days ago.

Work will start soon, and 270 working days will be required to complete the job. One residence, directly south of the existing church plant, will be offered for sale immediately, subject to the structure being moved. Another structure on the remaining portion of the half block tract will be moved later.

The new church facilities, designed by Olen Puckett, architect, will follow the psuedo-Gothic lines of the present building. The sanctuary, to be located on the south end of the half-block site, will accomodate 450 worshipers, besides the choir. Like the present church, it will front on Runnels Street.

A one-story wing will connect with the existing plant. In this structure will be the pastor's study, secretaries' offices, parlor, nursery for 1-2-year-olds, a department for cradle roll youngsters (3 - 4 - 5 - year - olds), and an adult classroom.

Approximately $12,000 of the contract will involve refurbishing the present church building. Fellowship Hall will continue in the basement; the sanctuary will be used as a chapel. Construction of the new units will be steel frame with brick and hollow tile.

THE PUBLIC CAN HELP

Crippled Children's Center Must Re-Locate For Safety

The Howard County Rehabilitation (Crippled Children's) Center has to have a new home, and if you can help it re-locate, you'll be doing a great service.

Directors, after receiving expert advice from builders and city inspectors, announced Saturday that the Center's building at 8th and Owens must be abandoned for safety's sake.

This structure, built on "fill" ground, has settled so badly that it no longer is regarded as safe for occupancy. The Center had spent considerable money months ago to try to raise the building after prior settling. But more slippage in the wake of the record rains has made matters worse, and the Center's leaders felt that it is not good business to spend more money on a hopeless task.

The Center hopes to arrange for financing soon for erection of a permanent home; it has been given a site at 8th and Goliad by the Howard County Hospital Foundation.

But meanwhile, treatment of crippled children and adults must go on, and the Center hopes to locate on a temporary basis in some suitable business building or even residence.

If you know of a building containing some 1,200 to 1,500 square feet of space, that might be available at reasonable cost, you are requested to notify Daryle Hohertz (AM 4-8446 or AM 4-5756). He heads a committee composed of Dr. Fred W. Lurting, Jim Bill Little and John Currie authorized to arrange for new facilities.

The Center continues to handle from 250 to 350 treatments a month, and for the year ended last June 19 (representing a full year of service by Physical Therapist Jim Thompson) there were 3,084 treatments.

In other action at an emergency meeting of the HCRC board Friday, it was decided to hold the annual meeting of membership on October 10, at the Chamber of Commerce offices at 5:30 p.m. Six new directors will be elected at that time, under a rotation system of board membership (one-third being named each year for a three-year term).

Special Class Begins Monday

Dr. Billy J. Hinton, chairman of the economics department at Baylor University, is one of the speakers for the Family Financial Counseling course planned at Howard County Junior College during the fall.

The classes will meet on Mondays, 7:30-9:30 p.m. in Room A-2. All interested persons are invited to enroll. The first class is Monday evening and persons may register on paying the $10 fee.

The short course is sponsored by the Big Spring chapters of Credit Unions, the Texas Credit Union League and the college.

Monday's topic will be "How to stretch the family dollar," led by Mrs. Catherine Crawford, Home Demonstration agent of Howard County.

Dr. Hinton will be here Oct. 1 and will discuss frauds, deceptive practices and schemes, and other information of interest and value to the purchaser.

Dr. Hinton received his bachelor and master degrees from Baylor, and his doctorate from LSU. He is a full professor and chairman of the economics and finance at Baylor, as well as director of graduate studies, Hankamer School of Business, also at Baylor.

He is active in civic affairs, a former councilman and mayor of the City of Waco. He is a member of the Chamber of Commerce, Rotary Club, Shrine, and others. He is also a member of the Air Force reserve.

DR. BILLY J. HINTON

Others who will present various programs during the course include Duke Baker, treasuer of the Webb AFB Credit Union and president, Big Spring Chapter of Credit Unions; Robert Stripling, First Federal Loan and Savings; Judge Ralph Caton, 118th District Court; Walter Stroup, insurance man; Justin Holmes, Shroyer Motor Co.; Rex Bishop, Big Spring VA Credit Union, past president; Dr. W. A. Hunt, president, HCJC.

Dealers View Fords For '63

DALLAS—The strongest current trend in the automobile market is fo lively, sporty-type vehicles such as convertibles and hardtops, a Ford executive said here. J. W. Mendel, Ford Division Dallas District sales manager, said that people are demanding a variety in their automobiles and "that is the way we have geared our product offerings for 1963."

Mendel made the announcement to 1300 dealers and salesmen from northern Texas who gathered at Memorial Auditorium to view the 1963 car lines. The cars will be shown publicly Sept. 28.

To meet consumer demand, Mendel said Ford Division will offer for the 1963 model year a record choice of 46 models, including 10 hardtops and six convertibles. Fifteen of the new models will offer bucket seats.

He described multi-car ownership as one of the most significant factors promoting the spectacular diversification of models. "Two-car ownership has already cracked 10 million in the U. S., but more than one million households have three or more cars," he said.

Another trend in the market place, the Ford executive pointed out, is a demand on the part of consumers to have their cars more convenient, more trouble-free, and more care-free.

Ford Division, he said, will save buyers millions of dollars through service-saving features added for 1963.

Key Vaccine Committee Chairmanships Are Named

Key committee chairmanships were filled this past week, in the organizational setup for the mass immunization against polio, slated for Howard and 15 other West Texas counties on Sunday, November 11.

The Permian Basin Medical Society, with assistance of the Big Spring Junior Chamber of Commerce, is sponsoring the project in Howard and Glasscock counties as a public health service.

Type I Sabin oral vaccine will be given Nov. 11, with days to follow in January and February for Types II and III. It is hoped that the entire population of the counties can be given the vaccine. It is taken simply, on a lump of sugar. Various medical questions applying to the vaccine, and to other phases of the project, will be answered by medical authorities between now and Nov. 11.

Plans are to establish at least five stations in Big Spring (probably in designated school buildings), with one each in Coahoma and Knott, and another facility to serve both Garden City and St. Lawrence in Glasscock County. There also likely will be a station at Webb Air Force Base.

It takes about 30 volunteers to man each dispensing station. A physician, a registered pharmacist and a registered nurse will be in attendance at each station.

Dr. B. Broadrick, president of the Medical Society, is general chairman for the program. Medical director is Dr. J. M. Woodall, and director of non-medical volunteer work for the JayCees is Dr. Gene Hightower.

A finance committee will be headed by John Currie.

Administering the Sabin vaccine is entirely free, and directors are stressing that everybody is urged to take it. However donations will be accepted from those who wish to help defray the cost, which is estimated at about 20 cents per dose.

Directors of the project have decided that if there is any money left after meeting expenses, it will be given to the Howard County Rehabilitation (Crippled Children's) Center.

Dr. Woodall announced these chairmen: For pharmacy work, Wayne Gound; director of nurses, Mrs. R. L. Beale.

Dr. Hightower said these key leaders will be at work: Traffic and transportation, Chub Jones; supply and distribution, Darlye Hohertz; non - medical manpower, James Cape; records, Kenneth Pace.

Each of these shortly will be recruiting volunteers. Some 250 will be needed. Administering the vaccine to 40,000 or more people entails a tremendous job of logistics—setting up of stations, arranging for workers, safe handling of the vaccine, etc.

GLASSES one price $16.50

Dawson Grand Jury Convenes Monday

LAMESA (SC)—The September term of 106th District Court convenes here at 10 a.m. Monday when Judge Truett Smith turns over 43 cases to the grand jury. Forty-nine defendants are involved.

It's the first of two court dates here this month. County Attorney Vernon Adcock has slated 25 criminal cases for disposition on Sept. 17-18.

Dist. Atty. George H. Hansard will present the following cases to the grand jury panel, all of which have been filled previously: David A. Vasquez, forgery and passing; Esther L. Parker, assault with intent to kill; Bill Fleming and Johnny Kirven Jr., robbery; Christobal M. Gonzales Jr., forgery and passing;

Tony Garza, theft; J. C. Goolsby, forgery and passing; Dale Crawford, forgery and passing; David Eugene Hardin, burglary; Frenchy K. Ansley, theft by bailee; Charles Shorts, burglary; Billy Lee Green, Louis G. Pennington and Willie Butler, burglary and burglary of a coin-operated machine; Joe Martinez, theft and forgery-passing;

Ronald G. Murphy, forgery and passing; James L. Brooks, worthless check; Stanley B. White, forgery and passing; B. G. Peoples, forgery and passing; Rodney G. Farmer, J. L. Anthony and J. W. Nations, burglary; Joe N. Announcing...

Change of Ownership

I am very happy to announce that I have purchased the Clay's No - D - Lay Cleaners (and it will still be operated under the same name) at 500 Johnson.

I Pledge Myself to Giving You The Same Fine Service that Mr. Harve Clay gave you the past 33 years.

We Cordially Invite You To Visit Us Soon.

Mr. and Mrs. Ralph Metcalf
Owners - Clay's No-D-Lay Cleaners

Fletcher's Father Dies Saturday

E. W. Fletcher Sr., 73, father of Gene Fletcher, died at 1:45 a.m. Saturday at his home in Birmingham, Ala. He suffered a heart attack and died almost instantly.

Gene Fletcher left by plane Saturday morning to be with his mother at the family home at 721 Cotton Ave., Birmingham 11, Ala. Services have been set tentatively for Monday afternoon at Elmwood Cemetery.

The elder Mr. Fletcher had visited here on numerous occasions and had many friends in Big Spring.

He is survived by his widow, Mrs. Dora Fletcher, Birmingham; by one son, Gene Fletcher, Big Spring; his daughter-in-law, Gloria, and six grandchildren, all of Big Spring.

BOOKS • MUSIC • ART • DRAMA
CRITIQUE
By Glenn Cootes

When the final curtain rang down in the Howard County Junior College auditorium last night, the Big Spring Civic Theatre closed out one of its most successful productions. "Inherit the Wind" was the first dramatic play the group had produced in a long time and it will certainly rank as one of the best of its plays in the seven year history of the organization.

Even more important, there were a lot of Big Spring residents sitting in the audience to see the play; the auditorium had few choice seats left either night, after the ticket buyers had been seated.

Many things have combined to bring about this sudden success story. Enthusiastic leadership has been one of them. Art Clonts, present president, has worked hard to recruit people who will work on each production and he has been busy as a gadfly being sure that everything is done on time as the productions move along.

But it is inevitable that the growing excellence of every facet of the organization is marked by the arrival of David Brinkley at Webb AFB.

Brinkley pitched into theatre work right away, taking a role in the production then being planned, "The Rainmaker." He has worked in every production since, planning sets and giving help and assistance where needed. He brought more than enthusiasm to Big Spring; he brought years of experience.

He was director for the "Inherit the Wind," which will probably be his last work for BSCT. He is being transferred from Webb

DAVID BRINKLEY

soon. His deft hand on the script can claim much of the credit for the excellence of the play.

To be certain, there were a few lapses; any amateur play is bound to have them. But this production was relatively free of the sure marks of the amateur, poor timing, overemphasis on minor minor parts, little emphasis on climactic scenes, etc. There is more to serious drama than learning a few lines, and Brinkley put these important things on the stage.

Incidentally, he runs his production like a Prussian drillmaster, and this may be an indicator of his success. At any rate, his loss to the group will not be an easy one to overcome.

The play had many high spots, including well-done performances by practically everyone listed in the program. David Guy and Richard Robertson were absolutely memorable. Clonts, Lida Fiveash, Thomas Seebo and John Holdun came through in expert fashion.

The entire cast has already been commended by large numbers of ticket buyers. These include: Beth Rattie, Pat Bierly, Dan Fiveash, Mark White, Ed Storey, Sandra Hollie, Tim Wheatley, Ron Carr, Phil Rankin, Jim Suss, Jimmy Beauchamp, Jo Ellen Fiveash, Jeannie Clonts, Edith Lacy, Vincent Woodward, Jo Anne Watkins, Skipper Lacy, Pete Stone, Niles Carter, Helen Claire, Cathy Connor, Sandy Cochran, and Ray Hoover.

Clonts was producer; Holdun designed the set; Molli Hartzog had charge of costuming; Lois Davis and Sandra Ciocchi handled ticket sales; Martha Conway and Lynn Seebo prepared makeup; Rick Shaughnessy did the lighting; Ray Hoover and Miss Fiveash, properties; and Hoover was also assistant director.

VA Needs Volunteers

Speakers will be available to civic clubs and other groups all this week as the Veterans Administration Voluntary Services Advisory Council goes all out to spread information about volunteer work.

This week has been designated VAVS Information Week. The project was devised and is being promoted by the VAVS Advisory Committee.

"About 100 new volunteers will be needed to help replace the juniors who are now back in school," V. J. Belda, manager said.

He pointed out that during the three summer months, 105 regular junior volunteers worked a total of 10,887 hours. Two local women have already joined since the juniors left, but many more will be needed.

Speakers will be furnished for any group interested in the volunteer program. All speakers are either active volunteers or members of the advisory committee. They will be available for meetings at almost any hour of the day. Arrangements for speakers can be made by contacting Mrs. Ara Cunningham, director of voluntary services at the hospital.

"Volunteers may give services as individuals or working as groups," Belda said. "They may even work at night. Many men who work during the day find they enjoy visiting patients in the evenings.

The week will be followed up by an orientation and training program at 7:30 p.m., Sept. 17, in the recreation hall at the hospital. In order to receive credit for time given, volunteers must attend an orientation course.

August Permits Total Half Million

Big Spring building permits for August totaled $590,159, according to figures from Building Inspector Tom Newton's office. Only 14 new residence permits were issued during August, and they ran to $174,200, as compared to 119 in July totaling $1,015,200.

New residences, additions, remodeling, and moving residences, during August amounted to $188,145 in permits.

Business buildings, for which permits were issued, totaled $379,014, including the new First National Bank building at Fourth and Main. One new church building permit was issued for $23,000. This was the Hillcrest Baptist Mission on Wasson Road.

Building permits, for the first eight months of 1962, now total $3,987,628.

It's Still Ugley

LONDON (AP)—Women in the Essex village of Ugley have changed the name of the Ugley Women's Institute to the Women's Institute (Ugley Branch).

BAPTISM IS

By T. H. Tarbet, preacher
Church of Christ, 3900 West Highway 80
P.O. Box 1382

A Divine Command: "And he commanded them to be baptized in the name of the Lord" (Acts 10:48). Let us remember that Christ "became the author of eternal salvation unto all them that obey him," (Heb. 5:9).

A Condition to Salvation: "He that believeth and is baptized shall be saved . . ." (Mark 16:16).

Conditional to Forgiveness: "Repent, and be baptized, everyone of you, in the name of Jesus Christ, for the remission of sins . . ." (Acts 2:38).

Conditional to the Washing Away of Sins: "And now, why tarriest thou? arise and be baptized, and wash away thy sins, calling on the name of the Lord" (Acts 22:16).

The Boundary Line: "Know ye not, that so many of us as were baptized into Christ were baptized into his death?" (Rom. 6:3). "For as many of you as have been baptized into Christ have put on Christ" (Gal. 3:27). **And let us remember that in Christ "we have redemption through his blood."** (Eph. 1:7).

Why not attend the services today? You are always welcome. Sermons: "Do We Need a Modern Gospel?" (10:30 a.m.) "Beware" (7:00 p.m.)

AN OPEN LETTER TO KBYG LISTENERS

In a continuing effort to improve its radio service to Big Spring and surrounding area, KBYG is seeking to increase its power fourfold to 1,000 watts. An engineering consultant firm is presently preparing an application for filing with the Federal Communications Commission in Washington requesting authorization for this power increase. The application will be filed with the Commission immediately.

This follows recent completion and formal opening of our new downtown studios and offices, and new network affiliation with NBC.

We shall always strive for constant and continuing improvement in radio service to Big Spring and surrounding area.

Jack Wallace,
General Manager

Bessie Love Celebrates 40 Years Of Nursing

"I just work at the job day by day and don't worry," Bessie Love says.

With that policy to guide her, the chief of nursing service at the Big Spring Veterans Administration Hospital has reached the 40-year mark as a nurse.

Fellow employes helped Miss Love celebrate the anniversary Wednesday with a surprise party.

Miss Love completed her nursing training in 1922, graduating from the Washington County Hospital Nursing School at Washington, Iowa. She also attended the University of Iowa for six months as a part of her training.

"Nursing has changed a lot in 40 years," she observed. "By necessity, it has raised its standards along with the medical profession."

Since she became a nurse Miss Love has seen many of the changes which have revolutionized medicine. The sulfas and other drugs have made curable many diseases. Operations once thought extremely risky have become commonplace.

"Then even the medical profession could hardly be considered a profession, compared to today," she said. "There were still a few doctors who had no medical training. They would be tutored by a doctor in the community and eventually begin practice."

BESSIE LOVE

In 1922 the nursing profession was mostly a three-year diploma program and many hospitals, even small ones, had a nursing program. The trend is now toward a degree school, with four years of training. Big Spring has no school of nursing, although there are several in surrounding cities.

Miss Love went into private nursing after completion of training. She came to Texas 10 years later, working at John Sealy Hospital in Galveston for two years. While spending 12 years at Wichita Falls, she served three years with the Army.

"I thought I would never get out of Texas," Miss Love said. She was at three stations in Texas before going to France for 15 months.

She joined the VA system in 1948 and worked at McKinney and Amarillo before coming here in 1950. One of the few persons of the original crew which opened the hospital, she has been chief nurse here ever since. The initial nursing staff consisted of 11 nurses transferred here from other hospitals. Now the number has grown to 41.

Miss Love lives at 412 Westover Road. Among her interests, outside of her profession, are plants. She is a member of the Garden Club and is president of the After Five Garden Club.

BABY, IT WAS COLD OUTSIDE

By The Associated Press

James E. Ellis, 20, escaped from the house of correction at Sykesville, Md., and flagged down a car. The driver who stopped for him was a patrolling state trooper.

"Get in," said the trooper. "We've been looking for you."

Said Ellis calmly: "I'm glad you came by. It was cold out there."

Lamesans Set New Usage Record

LAMESA (SC)—August water consumption here set an all-time record.

Total usage was pegged at 97,678,000 gallons, nearly seven million better than the old record of 91,732,000 gallons set last August.

Little moisture during the month helped establish the new record, but there was only one day on which city residents used over four million gallons. Total 1962 consumption is 527,649,000 gallons.

Scouters Make Stepped Up Plans

The Lone Star District of the Boy Scouts of America is girding itself for a stepped-up autumn program.

Membership, down slightly from a year ago, is in generally sound condition, and Joe Jackson, chairman of organization and extension, said plans would be put into action soon with the view of adding around 330 boys before the end of the year. Three or four new units are in firm prospect. Whitey Weeks will be the fall roundup chairman to promote new membership.

Ben Johnson, leadership training chairman, announced a series of training sessions for Cub Scout and Explorer leaders. Scouters will have their basic session Sept. 27 at HCJC; the advanced session will be Oct. 23. Cubbers will have two sessions, the first Oct. 1-2, the second Oct. 29-30 at the old SUB on the HCJC campus. The junior leadership session is scheduled for Oct. 29.

Commissioners are meeting this week at the Scout Ranch in the Davis Mountains, reported Jack Alexander. Scoutmasters will have their outdoor training session Friday and Saturday at Camp Pegasus, southwest of Midland.

One of the major outdoor fall promotions will be the physical fitness camporee, possibly sometime in November, D. D. Johnston, camping and activities chairman reported. Meanwhile, Johnston emphasized troop weekend camping. Douglas Orme reported that enthusiasm is developing for the Buffalo Trail Council's second Explorer Whing Ding, set tentatively for Nov. 9-10-11 at Webb AFB. A Region IX Explorer conference has been scheduled for June 5, 1963 on the campus of Baylor University in Waco.

The advancement committee will press for stepped up activity by units in this field, said Jake Morgan, and Lige Fox revealed plans to tie health and safety into the district events coming up.

Melvin Moelling told the district committee at its Thursday meeting about his experiences in starting on Wood Badge training. He also urged unit leaders to develop their outdoor program for boys.

In overall operations, the district ranked second in the council on the basis of August reports. The committee considered plans for curing the one or two serious lags.

STUDENTS NEED AID OF PSYCHIATRIST

By The Associated Press

Dr. Dana L. Farnsworth, a psychiatrist and director of Harvard University's Health Service, says about 10 per cent of all students on the nation's college campuses need psychiatric help each year in resolving their emotional problems. Writing in the journal of the American Medical Association in Chicago, Farnsworth suggested that staffs of college health services include psychiatrists.

Air Scouts Go To Six Flags

The local organization of Air Scouts made a trip to Six Flags Saturday in a Cosden plane, according to Carl Giles, president. The scouts also made a tour of Amon Carter field.

The boys meet each Tuesday in the Cosden hangar at Howard County Airport, with their advisor, Elmer Giles. They have ground training and flight training, using a Cosden plane.

First Synthetic Lactic Acid Plant Slated For Texas

ST. LOUIS (AP) — Monsanto Chemical Co. announces it will build the first synthetic lactic acid manufacturing plant in the world at Texas City.

Vice President Robert Morris said production capacity of the Texas plant would be 10 million pounds a year.

The plant is to be in operation by the end of 1963.

Monsanto will build the plant at its existing facility in Texas City where raw materials for the synthetic product are readily available.

Lactic acid is a non-toxic naturally occurring food acid generally recognized as safe for use in a wide assortment of food products for flavoring and emulsification, Morris said.

Reports Robbery

P. B. Webb, 63, an employe of Big Spring State Hospital, told Big Spring police Friday, that he was robbed of $45 just outside the M&M Cafe, 2107 Gregg. He lives at 1605 E. 17th. Webb said as he left the cafe an unknown man held him at knife point and took his money.

Two Secretaries Join City Force

Two new employes began work at desks in the city hall this week. One is Mrs. D. W. (Pat) Karns, a former part-time city employe, who is secretary to City Manager Larry Crow. The other is Mrs. Richard A. (Patti) Dennis, who is clerk-typist in the inspection department.

Mrs. Karns began work last June as a part-time typist at the city hall, and on August 1 took the full time job in the inspection office replacing Mrs. Grace Longshore, who resigned. She took over the secretary's work for the city manager Tuesday when Mrs. Jo Click went with the city schools.

Mrs. Karns is a native of El Paso, but has lived in Big Spring since 1955. Her husband is a civil service employe at Webb AFB, and Mrs. Karns worked for three years as medical stenographer at the base.

The Karns, who live at 1811 Hamilton, have four sons: Tim, 10, Cary, 8, Donald, 7, and Dale, 5. Tim, Cary, and Donald are enrolled in Marcy School.

MRS. D. W. (Pat) KARNS

MRS R. A. (Patti) DENNIS

Mrs. Dennis is a native of Big Spring. She was also a former employe at Webb AFB, with the Post Exchange, until last February. She is a graduate of the American Correspondence School, Chicago.

Her husband, Airman 1.C. Richard A. Dennis, was transferred to France three weeks ago with the Air Force. They have two children, Warren, 6, and Glenda Gay, 3. Warren is enrolled in Marcy School. They live at 4204 Dixon.

County Records Are Being Audited

Clyde Hollingsworth, Big Spring auditor and his staff, are now engaged in the annual audit of all county records.

The audit, in accordance with regular custom, will cover all departments and all accounts in the county government. Lee Porter, county auditor, who is slated to become county judge on Jan. 1, was especially interested in having all records checked out to insure that his successor starts with a completely clean slate.

Hollingsworth said he hoped that the audit could be completed within the month.

Jury Panel Called For ROW Trial

County Judge Ed Carpenter has called a jury panel to report to his court on Tuesday to try another in a series of appeals from findings of special commissions on right-of-way matters.

The case this time is styled Stae of Texas vs. E. W. Endter et al and involves .300 acre of land out of Lots 1, 2 and 3 in Block 49, Government Heights Addition. The land was taken for right-of-way for the IS 20 bypass. The award of $18,000 was made in July, 1961.

The Rains Came...

With the exception of a brief respite in late May, the year 1961 had all the marks of a record-breaking dry year.

August drew to a close with little more than six and a half inches at the United States Experiment Station at the north edge of town.

Opportunity after opportunity for rain had passed. Tuesday signs were right and Wednesday morning the front moved south leaving behind good rains over most of the area. Another chance seemed gone with moderate results.

STALLED

But the mass of air stalled out almost along the south Howard County line. Warm moist air pushed from the south against the cool air, and it began to rain—and rain—and rain. Before it was over, around nine inches had fallen in most places. Some places estimated as much as 12 inches.

Measurements Thursday morning revealed the greatest rainfall in a 24-hour period since April of 1922. Still the rain came down, by some measurements about two inches more.

Big Spring faced a flood crisis. Fortunately, the rain broke off, and there was a surcease for some 18 hours. More rain came Friday but the worst of the runoff had had time to drain.

This was repetition of an old story. Results, while costly, were not as serious as in many past episodes. The historic July, 1902 flood backed water between First and Second Streets; the April, 1922 flood backed water to First Street. Both of these stalled rail movements, even washed out bridges and great stretches of track.

1938

A flash flood in May, 1938 produced considerable damage because of its assault on the downtown area. Huge chunks of paving were ripped from a concrete base and became baffles that shunted torrents into stores. The Settles Hotel basement, for instance, filled within a matter of minutes. Lesser floods have occured in the face of one-day rains exceeding three inches. In 1956, a drought-breaking deluge caused the largest amount of evacuations when the western lowlands were inundated by near-cloudbursts.

From 1902 to 1962 many changes have been made that soften the effect of big rains. Most significant is the system of detention dams within the city. Four of these trap big volumes of sudden runoff from the south and discharge their contents slowly. Had it not been for these, Big Spring would have sustained a major flood Thursday.

TOPOGRAPHY

These, however, do not alter a fundamental fact of topography. Roughly one-fourth of the county drainage, as a practical matter, is through Big Spring. Except for a natural dam across Sulphur Draw west of Big Spring, nearly half of the drainage would be through the heart of the city.

When extreme rains fall, Mustang Draw brings water down from southeast Martin County across southwest Howard County, emptying near the confluence of Elbow Creek and Sulphur Draw. Elbow Creek drains south almost to Forsan. The flow is then through a chain of natural lakes, serving as natural buffers, and eventually through the railroad yards. At the east end of Big Spring, the draw becomes known as Beal's Creek.

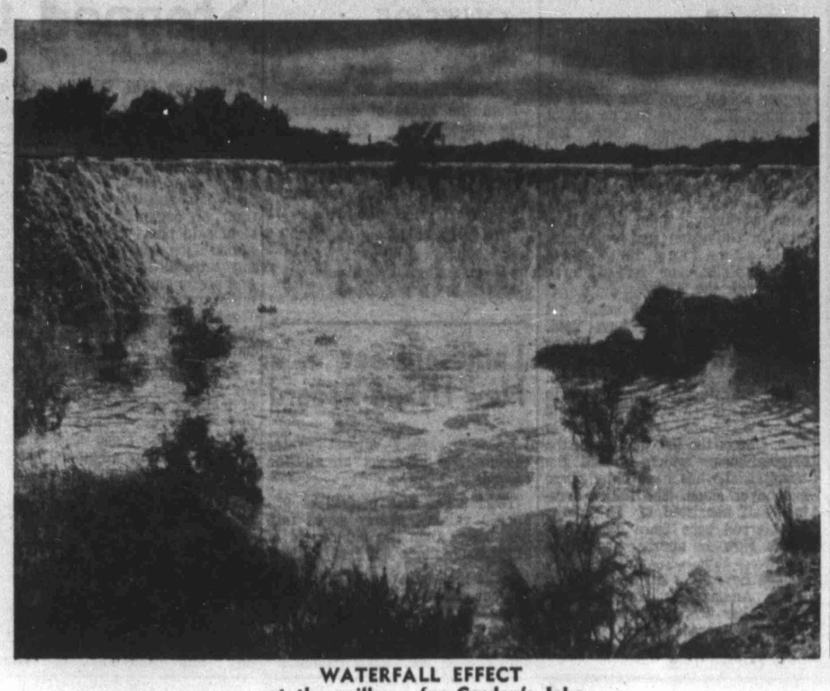

The terrain of the draw from downtown Big Spring to a point two miles downstream is deceptively flat; there is virtually no decline in elevation. The greatest stimulant to drainage is the head (or the force) of the water itself rather than a slope to induce fast outflow. In periods of extreme rainfall, water tends to become a sort of dam against additional runoff. Thus, it can't get past the east end of town.

FILLS LAKES

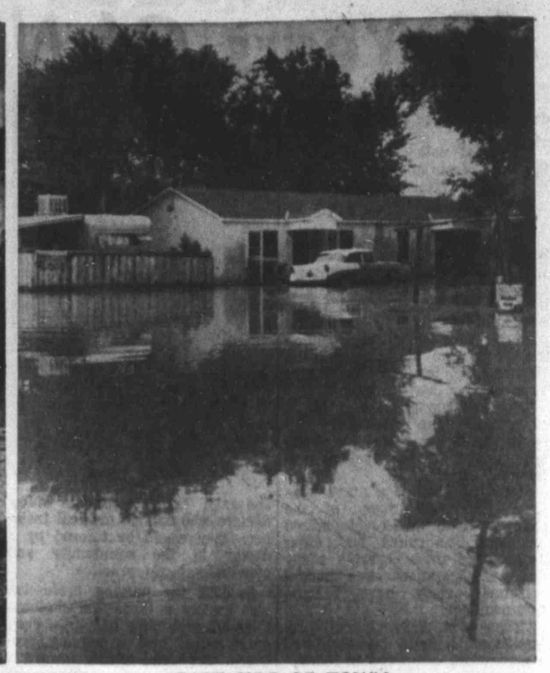

In situations like 1902, 1922 and 1938 (and to a lesser degree on numerous other occasions), sustained rainfall fills all the natural lakes. Then any abnormal rainfall spills slowly but surely through the railroad yards, backs up to inundate low areas along West Second and West Third streets. The main body of the flood may come a day or so after rain ceases.

Fortunately for Big Spring, lakes to the west were virtually dry before last week's rains. Fortunately, too, the rain stopped just as they were about filled. How close Big Spring came to a major flood was attested by the flow on Beal's Creek, still carrying water out of eastern Big Spring. Saturday the creek was still over the Moss Creek road crossing.

Even with luck and with detention dams, there was enough water in the city and area to produce scenes like these.

Hawaii ANG Uses Webb For Practice

By JOE BEYER

Guardsmen from Hawaii are making Webb Air Force Base their temporary home as they brush up for their first entry into competition for the Ricks Memorial Trophy.

Twenty - nine Air National Guardsmen have borrowed equipment for last-minute training and for use in the competition. The event opens at Tyndall Air Force Base Sept. 16-19.

Headed by Lt. Col. George R. Duncan, the men from the 154th Fighter Group of the Hawaii ANG arrived a week ago. They described their welcome and stay as pleasant, except for the weather, which has not been cooperative. They have had only one opportunity, Saturday, to practice for the coming meet.

"Webb personnel have been very helpful and have done everything in their power to make our stay pleasant," Lt. Col. Duncan said. "But I expected that. I was here before."

He was stationed at Pecos during World War II as an instructor and is familiar with the well-known friendliness of West Texas citizens and the oft - changing weather.

The crew is being billeted on base and is making use of equipment of the 331st Fighter-Interceptor Squadron.

"We are determined to go back with that trophy," Lt. Col. Duncan said. "We don't intend to make a 3,000-mile trip for nothing."

He pointed out that the competition would be stiff with six other ANG units making their bids. Included is a team from Kelly Air Force Base, San Antonio. It edged out Webb in the William Tell competition.

All men needed to check out four F-102's borrowed from the 331st for the duration were brought along. As the pilots and crews practice to reach their peak condition, so will the ground crews be peaking out the planes all this week. The two planes considered best suited will be used in competition.

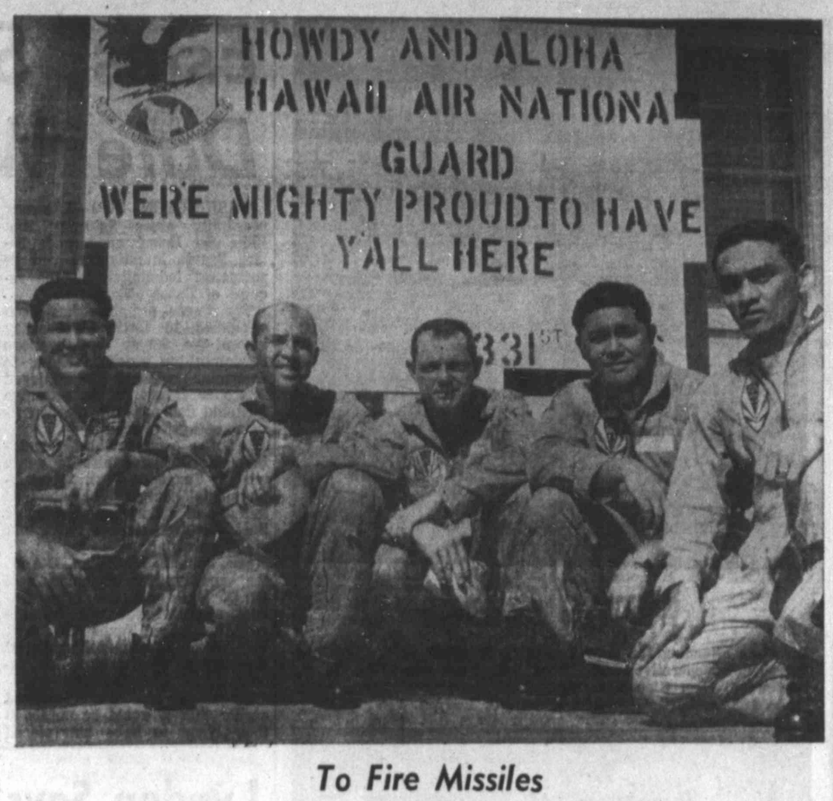

Capt. Harold Nagai and 1st Lt. Ritchie K. Kunichika are scheduled to be the firing members in competition. Their alternates are Maj. Jarrett F. Carr and 1st Lt. Franklin H. Fukui.

The meet consists of firing missiles at drones in an attempt to intercept them. The number of intercepts will be decided at Brookley Air Force Base, Mobile, Ala. Lt. Col. Duncan and his men will leave here Friday for Brookley and will then proceed to Tyndall next Sunday.

Winner of the trophy will not be known until the award ceremony Sept. 21. It will be given to the winner at the dedication ceremony of the new McCarran International Airport, Las Vegas, Nev.

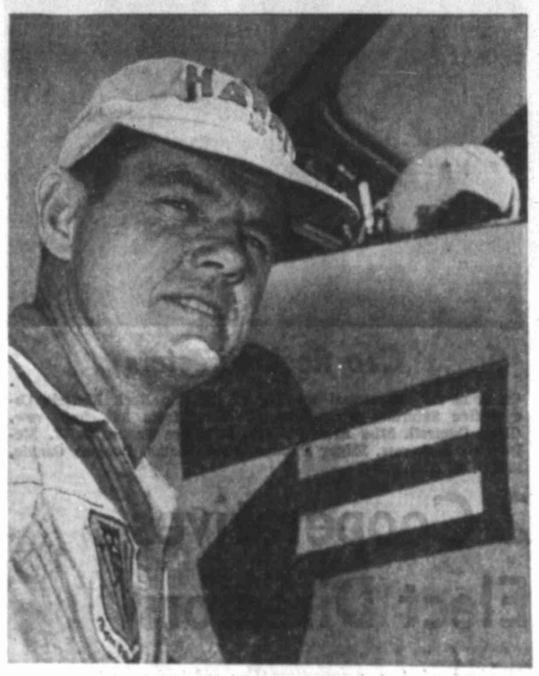

Practice for the event will be carried on all this week in the sky over Big Spring and an area within a radius of about 150 miles. The men will practice using a Weapons Evaluation System, which is sort of a dry run with no firing or target. It gives the circumstances and then lets the crew know if the attempted intercept would have been successful had it been the real thing.

All of the men who made this trip are native Hawaiians. Most have been to the mainland before. They were placed on active duty in order to take part in this event and will revert to their civilian status upon return.

To Fire Missiles

Shown are the men of the 154th Fighter Group who will trigger the missiles in the Ricks Memorial Trophy Meet at Tyndall Air Force Base. They are using equipment borrowed from Webb AFB to brush up for the event and are staying as guests of the 331st Fighter-Interceptor Squadron. Left to right are 1st Lt. Ritchie K. Kunichika, Maj. Jarrett F. Carr, Lt. Col. George Duncan, commander; Capt. Harold Nagai and 1st Lt. Franklin H. Fukui.

Team Commander

Lt. Col. George R. Duncan, commander of the 154th Fighter Group from Hawaii, was caught in his work clothes Saturday morning as his men began practice for entry in the Ricks Memorial Trophy competition. He and 28 other men are now at Webb AFB preparing for the event.

Mrs. Paredez Dies Saturday

Mrs. Juana Paredez, 71, resident of Big Spring since 1903, died Saturday at 12:45 a.m. in a local hospital. Funeral mass has been set for Monday at 8 a.m. in Sacred Heart Catholic Church with the Rev. Father Patrick Casey officiating. Interment will be in City Cemetery under direction of Nalley-Pickle Funeral Home.

Remains will lie in state, until service time, at 511 NW 8th Street.

Mrs. Paredez, who was born June 24, 1891, in Mexico, is survived by her husband, Martin Paredez; four sons, Eusebio Paredez, Martin Paredez Jr., Santiago Paredez, Gregorie Paredez; five daughters, Mrs. Isabel Mora, Mrs. Nicolasa Diaz, Mrs. Faustina Sanchez, Genoveva Paredez and Mrs. Juane Florez, all of Big Spring; two sisters, Mrs. Carmon Valverde, Ysleta, and Mrs. Leonor Vasquez, Juarez, Mexico; 37 grandchildren; 34 great-grandchildren; and one great-great-grandchild.

T&P To Purchase Railroad Stock

DALLAS (AP)—Agreement on a $9.8 million sale of three Oklahoma railway organizations was made Friday by two railroad presidents.

The executives involved were Charles E. Ingersoll of the Muskogee Railway Co. and J. P. Suggs of Texas & Pacific Railway Co.

The pair said they would recommend to their respective firms the sale of Muskogee's share of stock in the Kansas, Oklahoma & Gulf Railway Co., the Midland Valley Railroad Co. and the Oklahoma City-Ada-Atoka Railway Co. All would be purchased by T&P.

Interstate Commerce Commission approval would be necessary to complete the transaction. Muskogee owns about 99 per cent of the outstanding stock in each of the railways.

Jaycees To Launch Survey This Week

Jaycees armed with questionnaires will be ringing doorbells all over Big Spring this week to find out what opinions local citizens have about many aspects of their community.

Through a Community Attitude Survey they hope to come up with a wealth of information about the strong points and weak points of the community.

Some 40 Jaycees have the city divided into 20 sections and they will be working the areas all week. Most of the surveying will probably be done in the evening or at night. The group is headed by Wayne Graham, president of the club.

Citizens will be asked to evaluate the quality of such services as water, sewage, postal, fire protection and schools. There also will be space available for individual expression of opinions. The answers will be glened to see what the people of Big Spring think the community needs.

In doing the work, the Jaycees will be competing for the Jaycee Community Development Award Certificate, top national award for activities outside the organization. The winning chapter will receive an expense-paid trip to the Fifth Annual Jaycee Community Development Seminar to be held at Oklahoma University, Norman Okla., July 21-23, 1963.

The survey form being used has been tested and has been found to be effective. Since it would be impractical to canvass every home, the men will try to get a representative return of about 700 forms, or about 10 per cent of the homes.

How Texas Solons Voted

WASHINGTON (AP) — How Texas members of Congress are recorded as voting on recent roll calls (all are Democrats except Tower and Alger, Republicans):

Senate

On Young, D-Ohio, amendment, rejected 14-68, to cut $93.8 million from $185 million appropriation for civil defense. For—Tower. against—Yarborough.

On Proxmire, D-Wis., amendment, rejected 16-49, to exclude public utilities from benefits under investment credit provisions of tax revision bill. Against—Tower. Listed as not voting — Yarborough.

On Mansfield, D-Mont., motion, adopted 45-41, to table (kill) Dirksen, R-Ill., amendment to write into tax bill provision for tax deductible pensions plans for self-employed persons. Against—Yarborough and Tower.

On passage, 59-24 of tax revision bill. Against—Yarborough and Tower.

On Douglas, D-Ill., amendment, rejected 23-50, to reduce oil and gas depletion allowance in tax bill from 27½ to 15 per cent. Against—Yarborough and Tower.

There were no major roll calls in the House during the period covered.

Collision Kills 2 Odessa People

SPEARFISH, S.D. (AP) —Mr. and Mrs. O. D. Busby of Odessa, Tex., died Friday as a station wagon taking them to Canada and a truck collided 7 miles east of here.

Their daughter, Mrs. Doris Cooksey, 33, of Odessa, was taken to a Deadwood, S. D., hospital with injuries suffered in the crash. It happened at the intersection of U. S. highways 14 and 85.

Robert Colman of Omaha, Neb., was driving the truck. His driver partner, William Gerkin of Omaha, was injured.

Stock Market Retreated During Week

NEW YORK (AP)—Contrary to most professional guesses, the stock market retreated last week in the first trading of what Wall Streeters consider the new business year.

The decline as measured by the market averages was just double that of the previous week. This was the first time since June, soon after the big market break, that prices lost ground two consecutive weeks.

Market analysts, who had confidently expected a renewed upward drive with the end of summer, were mostly puzzled. The general reasoning was that investors were overly nervous as a result of crises in Algeria, Cuba and Berlin.

A majority of business indicators, now becoming available for August, generally appeared favorable for the economy.

For the technicians — experts who follow the market's moves on charts — the holiday shortened week was especially eventful. For on Wednesday the Dow Jones industrial average closed below the much discussed 600 level for the first time since Aug. 13. The sub-600 reading was short lived.

Thursday's only gain of the week lifted this indicator slightly above 600 and that's where it closed Friday. At 600.86 it was off 8.32 for the four sessions, compared with a dip of 4.56 the previous week.

The Associated Press average of 60 stocks dropped 2.4 and closed at 222.8, compared with a 1.2 loss the previous week. The industrial component was down 4.2, rails 1.2 and utilities .7.

Volume averaged 3.04 million shares daily compared with 2.87 million the previous week while the total was 12,095,568 against 14,327,660 for the five sessions in the previous week.

No TV Debates

LOS ANGELES (AP)—Gov. Edmund G. Brown is refusing to reopen negotiations on proposed television debates with his Republican gubernatorial rival, Richard M. Nixon.

Shopping for a new washer?
Now MAYTAG Dependability
at Low, Low Prices

Big Spring Hardware Will Install This Maytag For Only With Trade $189

Here's Proof of MAYTAG Dependability:

Recently a Maytag Highlander was picked at random from the assembly line, and put into operation in the Maytag Product Testing Laboratory. The test was made under typical "home use" conditions. This Maytag Highlander Automatic Washer worked day in and day out for 10,145 hours (15,218 loads) *equal to 50 years' normal home use!* Service cost averaged only $2.00 a year! Proving again that you buy the most dependable washer made . . . when it's a Maytag.

Get Maytag DEPENDABILITY Plus all of these "do something" features

- Selective cycle control handles all fabrics
- Gyrofoam action is thorough, lint removal positive
- Temperature selector protects clothes, top loading
- Water level control for economy, swirl-away draining

Convicted Spy's Condition Improves

LONDON (AP)—Dr. Robert A. Soblen's condition improved Saturday. His heart strengthened, his blood pressure rose toward normal and he stirred in his hospital bed, giving physicians some hope they can rouse him to consciousness.

Soblen's coma seemed less intense in this third day of the crisis the 61-year-old spy brought on himself by swallowing an overdose of barbiturates just before he was to be deported to the United States to serve the life sentence he jumped $100,000 bail to avoid.

The trend was reflected in bulletins from Hillingdon Hospital, where signs of heart exhaustion caused the medical staff anxiety Friday.

The morning report said:

"Although Dr. Soblen remains unconscious, he has shown signs that his coma is becoming less. His cardiac condition has improved in the last 24 hours."

The evening bulletin reported: "The slight improvement noted this morning in Dr. Soblen's condition has been maintained, but he remains unconscious."

Dr. C. G. Barnes, who signed both bulletins, seemed slightly more optimistic in the observation, "in any case, after he recovers consciousness, it will be one or two days before Dr. Soblen will be fit to leave the hospital."

Soblen's only visitor, apart from doctors and nurses and Scotland Yard detectives, was his wife Dina, who flew to London from New York Friday. She is staying in the hospital and is allowed, under the watch of the detectives, to see him whenever she wishes.

Wes-Tex Directors

Directors attending the annual meeting Saturday of the Wes-Tex Telephone Cooperative were, from left, front row, Mrs. L. C. Hazlewood, Mrs. Glen Cox, Mrs. H. S. Hanson; standing, Lawrence Adkins, Cecil Wilkerson, and D. O. Lawson.

Cap Rock Directors

On hand for the annual meeting of the Cap Rock Electric Cooperative Saturday were these directors: from left, front row, Glenn Cantrell, Miss Arah Phillips, Mrs. Lee Castle, D. W. McDonald; back row, Edgar Phillips, Paul Adams, Douglas Cauble, and J. C. Sale.

Estes' Senate Probe Date Will Be Delayed

WASHINGTON (AP)—A strong possibility arose Saturday that Billie Sol Estes' appearance before Senate investigators will be postponed indefinitely at the request of Texas officials.

The Pecos promoter has been scheduled to testify Wednesday before the Senate Investigations Subcommittee which is trying to determine whether he enjoyed improper favors in his extensive farm-aid dealings with the department of agriculture.

But the boom-and-bust farmer-financier is slated also to go to trial in Texas on Sept. 24 on indictments charging he obtained millions of dollars by mortgaging liquid-fertilizer storage tanks that didn't exist.

Sen. John L. McClellan, D-Ark., the subcommittee chairman, said R. D. McGowen, the Texas district attorney who will try the case, has joined Texas Atty. Gen. Will Wilson in asking that Estes' Washington apppearance be deferred until after the trial.

Estes' lawyers had protested earlier that it would be unfair to their client to have him placed in the national publicity spotlight of a congressional hearing on the eve of his trial.

McClellan said that the subcommittee will meet Monday morning to decide whether to honor the request for deferment. It is likely that the request will be granted.

McClellan told newsmen he had talked with McGowen by phone. He previously had received a letter from Wilson asking that Estes not be heard by the committee until after his trial.

The Senate investigators had been aiming at winding up the politically flavored Estes hearings within two weeks. Saturday's development left this up in the air.

McClellan has expressed hope of bringing this round of hearings to a close by Friday. But Sen. Karl E. Mundt, R-S.D., the subcommittee's senior GOP member, in a separate interview said "there is practically no prospect" of a windup of the hearings next week.

The senators failed Friday to complete the quizzing of N. Battle Hales, a talkative Agriculture Department employe who accused superior officials of having given Estes favored treatment.

Secretary of Agriculture Orville L. Freeman and other top officials of the department have sworn that the government won't lose a time from its dealings with him.

The department has called illegal Estes' manipulations of 1961 cotton-planting allotments for thousands of acres. It imposed civil penalty fines of $554,000 and $48,000 on him but has not yet collected.

Hales testified that favoritism for Estes was blatant, and stemmed from a breakdown of safeguards in the department after the Kennedy administration took over.

The spectacled witness claimed he was shifted against his will out of a top investigating job for the agency and "locked out" of access to files from which he was trying to provide the FBI with evidence about Estes and various Agriculture Department officials.

But under cross examination by McClellan and others, Hales acknowledged he made no written record of what he claims were his efforts to block Estes' deals. And he conceded he acted very tardily in trying to report his convictions to Freeman.

Kennedy Pulse Taker Surveys Important Campaign States

WASHINGTON (AP)—President Kennedy's favorite political pulse taker is conducting surveys in at least seven states aimed at helping Democratic candidates unseat Republican congressmen.

The surveys are being conducted by Louis Harris and Associates Inc., of New York and at least some of them include suggested strategy for the Democratic candidates.

For example, one on Rep. William H. Ayres, R-Ohio, suggests a method by which the Democratic candidate, State Sen. Oliver Ocasek, can put Ayres in a hole on the issue of medical care for the elderly — regardless of what side the Republican chooses to take.

The Associated Press obtained Saturday a copy of the Harris' report on Ayres, who is seeking his seventh term in Ohio's usually Democratic 14th District.

The 19-page typed report is marked "Confidential—Study No. 1147" and bears this note:

"No part of this study may be reproduced without the express permission of Louis Harris and Associates Inc., and in the event of unauthorized release, the Harris organization will feel free to release it all."

Harris was a key adviser on strategy to candidate Kennedy in 1960 and has done much political sampling for him.

The studies are being paid for by the Committee on Political Education (COPE), the political arm of the AFL-CIO, and the Democratic National Committee.

A COPE spokesman said his organization is sponsoring Harris surveys in Ohio, Michigan, Tennessee and Illinois.

Campaign contribution records on file at the Capitol show the Democratic National Committee paid for studies involving Republican-held seats in Virginia and California. And Rep. Florence P. Dwyer, R-N.J., told a reporter she has seen parts of a Harris survey being done in her district.

The campaign contribution records, required by law, show the Democratic committee paid Harris nearly $76,000 in the first five months of this year. And these files show the Republicans involved in Virginia and California, respectively, are Reps. Joel Broyhill and Bob Wilson.

In addition, the records show the Democratic committee had a study made in the 22nd Texas District, represented by Bob Casey, a conservative Democrat.

President Kennedy has indicated he intends to bear down heavily on the question of medical care for the elderly. He made this clear just after the Senate's 52-48 defeat of his plan for hospital and nursing care to be financed through the Social Security system.

At that time he called for election of more Democrats, presumably ones more friendly to his aims. The Democrats now hold a 64-36 edge in the Senate and a 262-174 advantage in the House but the administration frequently is frustrated by a combination of Republicans and conservative Southern Democrats.

Arson Experts Sift Ashes At Historic Cathedral

SAN FRANCISCO (AP)—Arson experts sifted through cooling ashes at historic St. Mary's Roman Catholic Cathedral Saturday, seeking the cause of a $2.5-million fire that burned out the interior of the church Friday night.

The brick exterior—which had withstood the 1906 earthquake and previous fires — still stood. But light shone through the steel ribs of the roof Saturday.

A priest suffered burns to his hands when he tried vainly to rescue the Blessed Sacraments. Two firemen were slightly injured.

Forty teen-agers attending a dance in a lower hall were led from the building safely.

A squad of arson investigators moved into the skeletal remains of the 71-year-old church at daybreak.

Barbara Schofield, 19, told police she saw four teen-age boys fleeing from the building minutes before flames burst through the stained glass windows.

"We sure burned hell out of that church," Mrs. Schofield quoted one of the youths.

"We'll build right here as quickly as we can," Archbishop Joseph McGucken said. "This is snap judgment, but I doubt if the cathedral could be reconstructed even if the walls hold."

Nearly everything inside the building was destroyed. The marble altar stood amid the charred remains.

Archbishop McGucken estimated the $2.5-million damages. He said special vestments, sacred vessels and other special religious effects were not inside the building.

"Thank God they were not damaged," he said.

Thousands of pedestrians jammed streets near the fire site, Van Ness Avenue and O'Farrell Street, in the heart of San Francisco. The fire raged for more than two hours.

Adams Funeral Slated Today

Funeral for Tom Gentry Adams, 72, who died Thursday morning, will be Sunday at 3 p.m. in the Nalley-Pickle Funeral Home Chapel with the Rev. Dewitt Seago, pastor of the First Methodist Church, officiating. Burial will be in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Mr. Adams died Thursday shortly after he had been stricken and was taken to a local hospital. He had been in failing health for some time. He was a retired locomotive engineer for the T&P Railroad.

Born in Bronte, April 8, 1890, he was married to Birdie Deason March 22, 1924 in El Dorado, Ark. They moved to Big Spring a short time later.

He is survived by his widow; a son, Alfred G. Adams, Des Plaines, Ill.; two brothers, Jack Adams, Duncan, Ariz., and John Adams, Abilene; four grandchildren and several nieces and nephews.

Pallbearers will be Herbert Stanley, F. D. Rogers, W. H. Crenshaw, J. C. Pierce, Alfred Moody and L. N. Brooks.

WEATHER

SOUTHWEST TEXAS: Increasing cloudiness and warm Sunday. Cloudy and turning cooler Sunday night and Monday. Widely scattered thundershowers ending Sunday night. High Sunday 88 north to 98 south portion.

NORTH CENTRAL TEXAS: Partly cloudy through Monday. Widely scattered thundershowers Sunday afternoon and evening. Turning cooler west and north Sunday. Cooler Sunday night and Monday. High Sunday 78 northwest to 90 southeast.

NORTHWEST TEXAS: Considerable cloudiness and occasional light rain or drizzle north, partly cloudy and chance of thundershowers south Sunday turning cooler most sections. Partly cloudy and cooler Sunday night. Partly cloudy to clear Monday, cooler south portion. High Sunday 56 north to 85 southeast.

Kennedy, Ike Set Lunch Date

NEWPORT, R.I. (AP) — President Kennedy is having lunch Monday at the White House with former President Dwight D. Eisenhower to get a first-hand report on the latter's recent trip to Europe.

Kennedy wrote him 2½ weeks ago to express interest in the general's trip and extended the invitation.

"I would like very much to have an opportunity to talk about our relations in Europe," the President said in part, according to Asst. White House press secretary Andrew T. Hatcher.

Eisenhower visited France, Germany, Sweden, England and Scotland, among other places.

Hatcher said the President and Eisenhower may lunch alone, but that possibly one or two White House aides would join them.

More Asian Flu Expected

CHICAGO (AP)—If you're over 45, the American Medical Association says, it might be wise to arrange immediately to be vaccinated against an expected widespread third wave of Asian flu this winter.

Asian flu, also called A-2 by physicians, is believed to have contributed to deaths of 90,000 Americans in its first two epidemic sweeps of the nation in the winters of 1957-58 and 59-60.

The National Advisory Committee on Influenza, a panel of doctors, reported last April to the U.S. surgeon general:

"While accurate predictions are difficult, recent and past patterns indicate that widespread outbreaks of Influenza A-2 will occur in the United States during the 1962-63 winter season."

Grass Is Better West Of The Pecos

SAN ANGELO (AP)— "More grass wes. of the Pecos (River) than east of it".

So says Ray Seigmund, district agricultural agent for the Extension Service at Fort Stockton, whose 20-county area extends from Big Lake in Reagan County to El Paso.

Although dry weather has continued to dominate his district, as well as the San Angelo district, there are spots west of the Pecos where rains have been better, notably in the Davis Mountains.

In the San Angelo district some ranchmen are having to haul stock water. Others have sold out because their surface tanks, which provide stock water, have gone dry. This is particularly true in counties such as Concho and McCalloch where some areas do not have windmill water from wells.

West Texas livestock movement has been heavy because of dry pastures, with shipments of calves and lambs coming somewhat earlier than usual and at weights far below normal. Livestock runs at San Angelo stockyards have been extremely large in recent weeks, especially at the two auction rings where a near record run of more than 34,000 sheep lambs were recorded in one week.

Spotted rains the last 10 days brough only partial relief to a minority of ranchmen and stock farmers. In most cases ranchmen still have grass, though badly burned by 100-degree plus temperatures.

In the southern end of the Edwards Plateau (Val Verde, Kinney and Uvalde counties) many ranchmen are feeding both their sheep flocks and cattle herds.

2 Cooperatives Elect Directors

Members of two cooperatives elected directors, heard annual reports and some of them received prizes in Stanton Saturday.

Cap Rock Electric Cooperative elected Raymond Pribyla, Edgar Phillips and J. C. Sale to three year terms on the board of directors. The Wes-Tex Telephone Cooperative re-elected Mrs. H. S. Hanson, Jack Hopper and D. O. Lawson to similar terms.

A good crowd was on hand in the Stanton High School auditorium for the 23rd annual meeting, which had O. B. O'Brien, manager, presiding. The head count listed 351 members and 98 youngsters.

A highlight of the meeting was the announcement of the scholarship winners, named by the electric co-op each year. These went to Bobby Graves and Anita Murphy. The scholarships pay tuition fees and books for two semesters at Howard County Junior College.

Graves is the son of Mr. and Mrs. L. R. Graves, Star Route, Tarzan. He is in his second year at HCJC, majoring in vocational agriculture. He is a member of the Aggie Club. He is a 1961 graduate of Stanton High School and was a FFA member and on the land judging team.

Miss Murphy is the daughter of Mr. and Mrs. G. W. Murphy, Gail Route, Big Spring. She is also in her second year at HCJC, majoring in elementary education. She is a 1961 graduate of Borden County High School and finished high school work in three years. She was secretary of the FHA and also was in 4-H Club work.

Named for 10-year service pins for service on the telephone co-op board were A. A. McKinney, Mrs. Glen Cox, Mrs. L. C. Hazlewood, and Lawrence Adkins. D. W. McDonald was named for 20 years service on the electric co-op board.

Sharing in awards from the electric co-op were Calvin C. Potts, J. R. McCarter, Herman Fisher, C. H. DeVaney, Mrs. Pearl Cauble, Leonard Haston, Mrs. Ben Cathey. Awards from the telephone co-op went to M. L. Hamlin, O. B. Gaskin, Mrs. Donnie L. Jones, Bruce Frazier Sr., Mrs. John T. Couch, and Mrs. A. P. Anderson.

In its reports, Cap Rock listed assets of $6,016,326.10 compared with $4,360,930 in liabilities, leaving an equity of $1,655,396. Income for 1961 totaled $1,090,287.02 and operating expenses totaled $870,741.60, leaving a margin of $219,545.42. The co-op counts 2,274 miles of energized line and 4,791 consumers of its power.

The Wes-Tex report showed assets of $1,173,507.39 and liabilities totaling $1,209,998.28. Income for the year 1961 was $128,160.21 with expenses reaching $129,451.12, for a net loss of $1,290.91.

Reds Set Off Another Blast

WASHINGTON (AP)—The Soviet Union exploded another megaton-range nuclear device over its arctic test site Saturday in a continuation of what the U.S. Atomic Energy Commission called "an intensive nuclear test series."

The AEC, announcing this, said the atmospheric detonation occurred at Novaya Zemlya, an island in the arctic used for many of the Soviet nuclear explosions.

The AEC announcement gave no explanation nor amplification of its designation of the Soviet explosions as "an intensive test series." It was an apparent reference to the rapidity with which the Soviet Union has conducted the tests since it resumed testing Aug. 5.

The yiel was described as "in the megaton range," meaning it was the equivalent of more than a million tons of TNT. Earlier, the explosion was estimated by the seismological institution at Uppsala, Sweden, as eight megatons.

Legion To Meet

A special meeting of the American Legion Auxiliary will be held at the Legion Home Monday at 7:30 p.m., to make up for the regular meeting passed because of the Labor Day holiday. Mrs. Johnnie Morrison, president, urged attendance of new officers and members who have not been present to assist in formulating the new year's program.

CARD OF THANKS

The family of Stanley J. Williams wishes to thank the many friends and neighbors for their assistance at the hospital and funeral home, for the flowers, food, and many kindnesses and for the blood donations, during their hours of sorrow.

Man Is Wounded In Saturday Fracas

Homer Smith, 46, was treated for knife wounds at the Howard County Hospital Foundation at 9:10 p.m. Saturday. He told police that the cutting took place at the Blue Moon Bar.

A Latin American woman was arrested on a warrant, issued by Justice of the Peace Jess Slaughter charging assault with intent to murder, and placed in the Big Spring city jail pending further investigation and examining trial in Slaughter's court Monday.

Investigating officers, Patrolmen Bob Broughton and Grayden Howell, said the woman admitted cutting Smith with a pocket knife.

CARD OF THANKS

We wish to thank all of our kind friends and neighbors for their many kind expressions of sympathy and condolences during our recent bereavement. A special thanks to the members of East Fourth Baptist and United Pentecostal Churches.

The Childress Family

Lyndon Says Others See Us Not As Ugly Americans

WASHINGTON (AP) — Vice President Lyndon B. Johnson said Saturday the people in the six countries he visited view the people of the United States as "friendly, considerate Americans, not ugly Americans."

Johnson, who returned Friday night from his 17-day trip, said at a news conference he found "almost a fanaticism for our way of life."

He visited Lebanon, Iran, Turkey, Cyprus, Greece and Italy.

The vice president disagreed with Republican claims that the Kennedy administration has not exploited the Soviet-built wall in Berlin. Every place he went, he said, people were strongly aware of the wall and its significance.

The main purpose of the trip, Johnson said, was to explain the administration's policy of cutting back direct grants of foreign aid in favor of long term development loans for social and economic projects.

He gave as a reason for such a policy the increasing tax burden on Americans and the unwillingness of Congress to go along with a continuing heavy program of direct aid.

Johnson said that despite the unpleasant nature of such a step in countries long used to American dollars, he felt his explanation was understood and accepted.

The most difficult tasks he faced, he said, were in Greece, which saw its $20 million defense support cut off this year, and Iran, which is losing $30 million in such aid.

In both cases, he added, he felt there was a willingness to go along with the new policy.

Johnson said although most of the countries he visited are close to the Soviet border he found no fear of recent Soviet threats against countries friendly to the United States.

Jury Frees Negro Woman In Death

DALLAS, Ga. (AP) — A 21-year-old Negro woman was free today after a coroner's jury ruled that the slaying of a 25-year-old white man during an armed night rider invasion of a Negro home was justifiable homicide.

The ruling Friday night in the death of Leroy Parks of Dallas freed Mrs. Rebecca Wilson, who had been held on an open charge since the slaying.

Six other white men, arrested in connection with the raid and slaying, were free on $3,500 bonds.

Parks was shot to death Wednesday night as he stood on the porch of Mrs. Kate Philpot's house about two miles from Dallas, officers said. Mrs. Wilson, youngest of Mrs. Philpot's 11 children, fired a pistol into the darkness when one of a group of masked men thrust a pistol through a crack in the door, said Sheriff Jerome Clay. He added that Mrs. Wilson had been held for her own protection.

Mrs. Wilson said she plans to leave Dallas and join her husband, Roy, in Indianapolis.

The six men have been charged with assault with intent to murder and violation of Georgia's anti-mask law.

NFO Predicts Meat Shortage

CORNING, Iowa (AP)—A shortage of meat in grocery stores and meat markets is likely within a week, the president of the National Farmers Organization said Saturday.

The NFO began its second week Saturday of a 16-state program to hold livestock from markets in an effort to force food processors to sign long-term contracts guaranteeing highe. prices to farmers for their products.

Polio Fight

HOUSTON (AP)—Harris County will kick off the second round of Texas' battle with polio Sunday by giving Type III Sabin oral vaccine in mass clinics.

PUBLIC RECORDS

BUILDING PERMITS

Truman Jones, 509 Gregg, demolish frame building $500.

William G. Johnson, 1306 Sycamore, build carport $100.

B. F. Jones, 808 Andre, addition to residence $1,896

Shepard Among Group In Moon Flight Simulation

BALTIMORE, Md. (AP) — Astronaut Alan B. Shepard Jr., was reported to have been one of four men who took part in a weeklong simulated flight to the moon and back.

The National Aeronautics and Space Administration said Cmdr. Shepard was an official member of the crew but did not fly Martin Co.'s Apollo-type capsule.

Shepard made the first U.S. suborbital flight in the Mercury capsule.

During the recent weeklong mission, called Frontier III, a one-man space capsule developed by the Langley, Va., research center was used for simulated maneuver in which one pilot separated from the Martin capsule while in lunar orbit and descended alone to the moon's surface.

The Baltimore Evening Sun quoted NASA as saying the moon missions showed the pilots could successfully fly a capsule to the moon and back without physical or mental deterioration.

Regulars Enter Algiers Region

ALGIERS, Algeria (AP) — Several thousand troops of the Communist-equipped regular army supporting Ahmed Ben Bella entered the Algiers region without opposition Saturday as rebel guerrilla forces evacuated the city.

The army's commander, Col. Houari Boumedienne, drove into Blida, 30 miles southwest of the capital, at the head of his smartly uniformed battalions. Civilians cheered wildly.

Boumedienne rode bare-headed in an open jeep.

An army spokesman said the troops would camp overnight on the Blida-Algiers highway and would reach the outskirts of the capital early Sunday.

They staged a military parade in Blida, which ironically had just become the new headquarters of the rebel guerrilla Wilaya (zone) No. 4.

The guerrillas were moved out of the downtown Algiers under a demilitarization agreement with Ben Bella's Political Bureau. Several guerrillas newly arrived from Algiers were seen among the cheering crowd in Blida.

But their commanders were in a grim mood and one complained bitterly: "We have been tricked by the politicians."

It seemed they had agreed to the installation of a small token detachment of Boumedienne's men near Algiers, and were completely surprised by the massive movement of the regulars.

The Political Bureau immediately pressed home its advantage and announced that the election of a National Assembly will definitely be held Sept. 20. The election, previously scheduled Sept. 16 after five postponements, had again been in doubt Saturday morning as the Political Bureau locked in a dispute with guerrilla leaders over the nomination of candidates.

This dispute evaporated with movement of the regulars into the Algiers region.

WEEK

(Continued from Page 1)

enough that washing was minimized.

* * *

Just how freakish the downpours were is illustrated by the Thursday and Friday records. While Big Spring was getting over six inches Thursday, Garden City, less than 30 miles south, got about half an inch. Friday while Big Spring was getting three-quarters of an inch and the Elbow area was practically flooding, Garden City got none. Also, the sun was shining at Stanton Friday morning while rains pelted here.

* * *

One of the big stories, although overwhelmed by other spot news, was the continuing climb of school enrollment. Already the figure had soared by predictions of a 7,200-maximum. At the end of the week the total stood at 7,380 and it may pass the new estimated maximum of 7,400. Of this number 4,329 are in elementary schools, 145 in the special education group, 1,731 in junior high and 1,175 in high school.

* * *

The high school Bible class is getting so close that just a little help from you may put it up to its $3,600 goal. Saturday the total was only about $400 away from that.

* * *

While officers worked against a stonewall in an effort to solve the mystery of the murder of Stanley Williams, they inherited another one. It turned out that Travis R. Hicks, 37, whose decomposed body was found in a field between Big Spring and Stanton, apparently was murdered. As in the instance of the Williams case, officers appealed for any shred of information.

* * *

After a summer's lull, politics were warming. Republicans had two rallies, one to hear Desmond Barry, congressman at large candidate, and the other to hear Dennis Taylor, candidate for congress from the 19th district. Meanwhile, Democrats were launching campaign plans.

* * *

Another long time resident and member of a prominent pioneer family slipped away during the past week. Harry Hurt, who had been born and reared in Big Spring and who rose to become senior vice president at the First National Bank, died after a long illness.

* * *

Violence touched people in this area. Early in the week Vance Wilson, 58, was injured critically in a car-truck crash near Colorado City. Friday, Ronnie Rothwell was crushed to death when a rock rolled on him at Lake Colorado City. About the same time, Rev. Walter A. Mitchell, pastor of the First Baptist Church in Snyder, was killed in a collision south of Abilene.

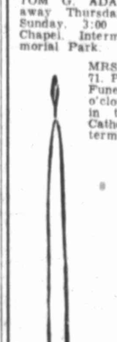

* * *

Oil activities were relatively quiet, although Texaco DeKalb, in northwest Martin County, finalled as a small Devonian discovery below 11,858 feet. It also had had shows in the Spraberry. Two wildcats with promising shows were testing in Howard County.

SHARON ANN ARNOLD, infant daughter of Mr. and Mrs. Michael Arnold. Passed away Friday. Graveside rites held at 4:00 p.m. Saturday in Trinity Memorial Park.

TOM G. ADAMS, age 72. Passed away Thursday morning. Services Sunday, 3:00 p.m., Nalley - Pickle Chapel. Interment in Trinity Memorial Park.

MRS. JUANA PAREDEZ, 71. Passed away Saturday. Funeral service at 8:00 o'clock Monday morning in the Sacred Heart Catholic Church with interment in City Cemetery.

Road Covered

Overflow waters at the emergency spillway at Colorado City Lake covered State Highway 163 with 16 inches of water Friday. A county maintainer and pickup braved the high water in order to make repairs south of the spillway area. High waters also entered several cabins at the lake and debris, including docks, barrels and boats, made regular boating hazardous.

Major Area Lakes Peak Out After Record Runoff

Major lakes peaked out Saturday as clear skies promised abatement from record runoff of area streams.

Lake J. B. Thomas, the Colorado River Municipal Water District reservoir, reached its maximum elevation at 8 a.m. in touching 2259.85 feet above sea level. This was .36 feet higher than the previous peak. Spillway elevation is 2258.00.

Lake Colorado City, a Texas Electric Service Company reservoir, edged to elevation 2074.30 Friday at 3 p.m., held steady and eased back to 2274.25 Saturday morning. This was .60 of a foot higher than was reached in May, 1957, the only other time the lake spilled. Spillway elevation is 2074.30.

Champion Creek Lake, also a TESCO reservoir east across the Colorado River from Lake Colorado City, reached 2056.80 feet, which is 23.20 feet below spillway level. During the rainy spell, however, this lake rose by 13.40 feet. Lake Thomas came up by 5.99 feet, and Lake Colorado City measured a 11.75-foot increase.

Moss Creek Lake southeast of Big Spring caught more water Friday. The gauge Saturday morning sat on 33 feet, 6 inches—2½ feet below service spillway level.

Powell Creek Lake, three miles to the southeast of this point, was at about 22½ feet, less than two feet below spillway level. Reports were incomplete, and this lake could be nearer spilling.

Cosden Lake, immediately south of Big Spring, filled Thursday morning and continued spilling through the night Friday.

O. H. Ivie, assistant general manager of the Colorado River Municipal Water District, estimated Saturday that three to four weeks would be required to spill the excess water at Lake Thomas.

"Our calculations show that 1,100 (cubic feet per second) feet of water is pouring through the service spillway," he said. "This is 1,694,000,000 gallons per day."

(The CRMWD has never used that much water in a month.)

The lakes, which supply water for domestic or industrial purposes, will realize approximately 60,000 acre feet additional water in storage. (This does not count approximately 25,000 acre feet which will spill from Lake Thomas and Lake Colorado City.) Lake Thomas will contain 204,000 acre feet, a net gain of 31,500 acre feet; Lake Colorado City will contain 47,700 acre feet, an increase of 12,000 acre feet.

Official figures are not available on Champion Creek, but it may have caught around 13,000 additional feet of storage, which would give it somewhere in the neighborhood of 20,000 acre feet in storage. Moss Creek Lake gained about 900 acre feet; Powell Creek around 600 acre feet.

8.57 INCHES

Rain Deluge Finally Ends

The deluge of heavy rains finally came to an end Friday. But it left Howard County and the general area considerably wetter.

In Big Spring, the official gauge registered .32 of an inch Friday and total for the week of 8.57 inches. Some areas had less, but others had much more.

Most rain was reported at Luther, where the total for the week was 11.1 inches, .8 of an inch of that falling Friday. Big Spring counted 9.01 inches at the Texas Electric Service Company switching station, with .44 of an inch Friday. The company's Big Spring plant had .8 of an inch Friday and a total of 8.85 for the period.

At Coahoma, 1.75 inches of rain fell Friday, bringing the full amount to 8.75, while at Sand Springs 2.4 inches on Friday added up to 8.30 total. Other areas reporting seven iches or more included Elbow, 7.30, with 1.80 Friday; Fairview, 8.0; Knott and Ackerly, 7.0; Sweetwater, 7.10, with one inch Friday; Eskota, 8.83 inches, .45 of that Friday.

Porter Hanks at Vealmoor reported no rain Friday; he registered 6.50 for the whole period. At Chalk, .8 of an inch fell Friday, making a total of 6.30 inches, while Mrs. J. D. Gilmore's gauge showed .54 inch Friday and 4.50 since the rain began Tuesday. However, Bobby Wash, at the Forsan Oil Well Service Co., gauged 5.30 inches total, with .10 of an inch Friday. Lomax residents received between 5 and 6½ inches during the period, .25 of an inch Friday.

Lakes in the area filled rapidly and many began spilling Thursday. Lake Colorado City had 2.0 additional inches of rain Friday and was going over the spillway for the first time since 1957. Mrs. Weldon McCullum, who owns a cabin at the lake, reported that the west side of the lake was very high Friday with water waist deep in some cabins. There was no phone service, and she counted 40 docks floating loose on the lake and debris settling around the houses.

At Moss Creek Lake, 6.3 inches was gauged, .50 of it falling Friday. Saturday the lake was about 2½ feet below the service spillway. Lake Thomas and Cosden Lake went over their spillways Thursday.

RAIN TOTAL NEAR AVERAGE

A bright sun, following rainfall totaling 8.57 inches in three days and nights, was welcomed in Big Spring Saturday.

The 1962 total rainfall now stands at 14.29, lacking only 3.07 inches equaling the annual average of 17.36 inches.

City Begins Drying Out, Cleaning Up

Big Spring was slowly drying out Saturday afternoon following 8.57 inches of rain in three days. Water has receded until all streets were open, and much of the dirt and debris cleaned off.

A lot of water still covered the area between West Third and the T&P Railroad tracks, and some reached as far as the center of Third on San Jacinto. West of Birdwell Lane, between the railroad tracks and East Second, and the area immediately north of the railroad, the low areas still held lots of water. Some still stood in low sections around the Cottonwood Trailer Park and May Belle's shop. Both of these places were flooded Thursday during the heaviest rainfall and considerable damage was caused.

Street crews drom the city began cleaning up debris, filling holes, and grading dirt streets, Saturday.

The sun shone brightly Saturday and helped to dry up much of the once-flooded ground south of Third Street through the city. Birdwell Lane, at the intersection of East Second, and north to the railroad, was still too deep for car traffic at mid-afternoon Friday, but was dried out Saturday.

City Manager Larry Crow said all available crews and equipment would be put to work cleaning up and maintaining streets, as soon as they became dry enough, and much of the work was done Saturday. Some dirt streets will not dry out until early next week but holes will be filled, or barricaded, until they can be completed.

A lot of water still stood in the T&P yards, between tracks, because it could not run off, but the yards were far from being the river of water pictured Thursday.

Assistant Division Superintendent C. Percy Jr., of the T&P, said his company did not suffer too much damage from the flood, although traffic was slowed up considerably. Softening of the main road bed, where extremely heavy traffic rolls, may result from the flood, but no major difficulties are expected.

The cave-in on East Eighth, between the Crippled Children's Center and the YMCA, has been filled and traffic near normal. Tenth street, south of Birdwell Park, is open and most of the debris cleaned out.

Some low intersections in the city were still bumpy.

Man Arrested For Burglary

A man is being held in the Big Spring city jail on a charge of robbery, after he was caught Friday night leaving the home of Justice of the Peace Walter Grice with an armload of stolen goods.

Patrolman Delbert Donavan arrested the man at 402 E. 2nd and took him to the police station. The Grices were away from home on a fishing trip, and the burglary was reported by a witness who lived in the Grice home.

Included in the burglary were items valued at about $100: clothing, jewelry, a camera, glasses, and other articles.

Donavan said the screen on the front door had been torn and the front door broken open. Drawers and closets in the home had been ransacked, and boxes were turned upside down. Clothing was strewn about the floor.

The man is to be formally charged and transferred to the county Monday, police said.

Police Capt. Walter Eubanks said Saturday that the Grice family identified all articles found on the man.

Raw Sewage Mixes In Ditches; Health Hazard Is Posed

Lige Fox, City Sanitarian, Saturday warned against youngsters playing in drainage ditches in the lower parts of town. Some of this water may be mixing with raw sewage, he said.

In the northwest part of town there are still a few open toilets, and these might also constitute a health hazard.

Along the lower end of First Street, however, the head of floodwaters at the disposal plant (which was under five feet of water) has been blocking discharge of sewage. Pressure of drainage from Webb AFB and the west end of town has backed part of the influent from sewage manholes. A few downtown establishments complained of water backing up in fixtures.

Graveside Rites Held For Youngster

Graveside rites were held Saturday at 4 p.m. in Trinity Memorial Park for Sharon Ann Arnold, infant daughter of Mr. and Mrs. Michael Arnold, 2103 Cecilia St. The child died Friday at 12:35 p.m., after having lived five minutes, in a local hospital.

The Rev. A. R. Posey, pastor of Temple Baptist Church, officiated at services. Nalley-Pickle Funeral Home was in charge of arrangements.

Survivors include the parents; a sister, Barbara Jo Anne Arnold; the paternal grandparents, Mr. and Mrs. Lester Arnold, all of Big Spring; and the maternal grandmother, Mrs. Albert Simpson, Jacksonville.

ABOUT 95 BILLION GALLONS

Takes A Heap Of Water To Make A Six-Inch Rain

DEAR BOSS:

It takes a heck of a lot of water to provide a county like ours with six inches of rain!

In fact, the best I can figure it out, if we got an average of six inches of moisture on each and every acre of our county last week in that dampish spell, the total gallonage dumped was 94,936,969,440.

You been out to Lake J. B. Thomas, haven't you, Boss? Well, if you want a comparison of how much water fell on Howard County last week visualize Lake J. B. Thomas full to spillway level and then add another third.

Lake J. B. Thomas, I'm told, holds around 69,000,000,000 gallons of water when it's filled.

If we got a single inch of rain, it would mean we received 17,371,520 gallons on a section of land. But we had a six-inch rain which would be six times 17,371,000. Now, if your calculator is still working, multiply that by 912, the number of sections (square miles) in Howard County.

Or just take an ordinary city block—300 feet by 300 feet. (Let's take one of our more level ones so the water won't run off before we get it measured.)

Six inches of rain fell on that block. How many gallons of water are represented?

Well, the best I can figure it, Boss, it would take nearly 55,000 gallons to put an inch of water on the block; hence for a six incher, like we had, it took 330,000 gallons to get the job done.

Think what your water bill would be, Boss, had you tried to water your own little tract of ground enough to match our six inch rain!

There's nothing like ol' Nature, Boss.

Red China Takes Big Cut From Refugee Smuggling

By RONNIE WEI

MACAO (AP) — Red China has a finger in practically every pie in this sleepy little Portuguese colony off the China coast.

It even takes a cut on the illegal refugee traffic to Macao from the neighboring British Colony of Hong Kong.

Officially Peiping has nothing to do with this smuggling of refugees, but the way the system works is an open secret. Several smugglers explained it to an Associated Press correspondent.

Many smugglers work with travel offices in Macao. The most successful are registered with an official travel agency in Canton, across the border in Communist China. It works with the Canton police security section, which issues exit visas to leave Red China.

Until this year, exit permits were rarely issued, and only to the sick and aged. Since Jan. 1, however, more than 60,000 visas have been issued under a new policy apparently aimed at relieving pressure on inadequate food supplies, and to remove malcontents.

Macao has no restrictions on immigration from China. Many Chinese leaving China, however, have no entry visas for Hong Kong or any other foreign point beyond Macao.

"The official travel agency in Canton usually recommends a specific travel agency in Macao for what is described as 'onward bookings' beyond Macao," one of the smugglers said.

"These recommended travel agencies in Macao are required to maintain a deposit of $1,000 with the Canton agency which charges $5 for each refugee recommended to a Macao agency."

"Onward bookings", usually to Hong Kong, are arranged by Macao agencies, which have more than 50 motorized fishing junks.

Fares, based on sex, age and dialect spoken, range from $30 to $200. These are collected from friends or relatives in Hong Kong. The refugees themselves can take out of China only the equivalent of $1.40 if they are heading for Hong Kong, or 17 cents if they are stopping at Macao.

Macao smugglers collect fares only after the refugees have safely landed and made contact with relatives or friends in Hong Kong.

If a refugee trying to enter Hong Kong illegally is intercepted by British authorities and deported to Macao after serving a jail sentence, the Macao smugglers consider themselves obliged to smuggle him to the British colony again—free of charge.

Social welfare workers say most of the 60,000 refugees from Red China who reached this Portuguese colony this year with Communist exit permits have gone on to prosperous Hong Kong through the recommendation of the Canton travel agency.

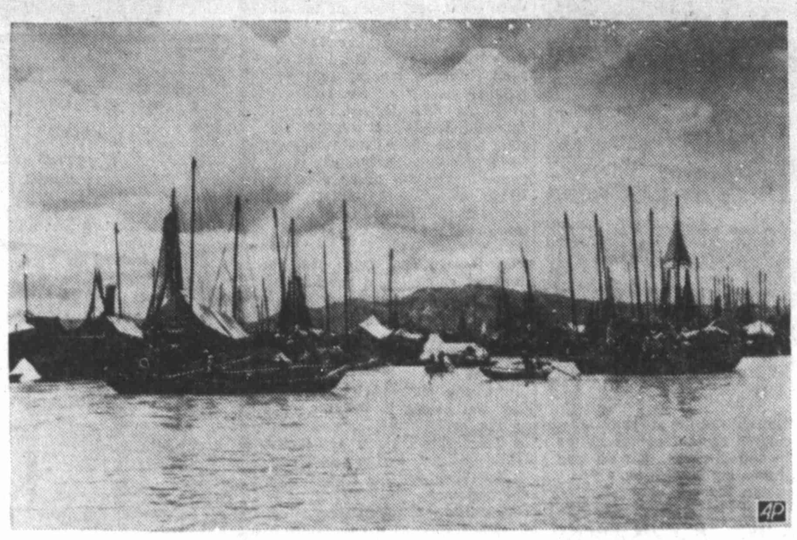

The usually quiet Macao waterfront is dotted with agencies. Some serve as hostels for refugees. They even provide recreation in the form of mahjong games. The refugees are permitted to settle their mahjong debts after they reach Hong Kong, where jobs are comparatively easy to find.

Every night at Black Sand Bay, some 50 yards from Communist China, hundreds of refugees in dark clothes wade through shallow muddy water to board motorized junks headed for Hong Kong.

The refugees are packed tight below decks. The trip takes about 10 hours.

The smugglers figure the chances at only 1 out of 20 they will be arrested by the British police.

One young refugee student said before sailing for Hong Kong: "The odds are not bad at all. In Communist China one out of every two students is sent to the countryside for back-bending labor."

Where The Smugglers Run

This is Black Sand Bay off the Portugese Colony of Macao where smugglers in motorized junks nightly pick up hundreds of refugees from Red China, background, for transport to nearby Hong Kong. It's an open secret that the Reds take a cut out of the $30 to $200 relatives or friends in Hong Kong pay for a refugee's passage. Smugglers figure chances at 1 in 20 at being caught by Hong Kong police.

Mexicans Seize Red Propaganda

MEXICO CITY (AP)— Federal agents seized several books of Communist propaganda from eight Bolivians and a Mexican who arrived at International Airport from Cuba.

Among the books was "How to Fire Guns and Take Part in Guerrilla Warfare" by Cuban economic czar Ernesto (Che) Guevara.

Prescription Pharmacists

Parents of Children in School Take Notice . . .

It is well to have your family physician regularly check your children's eyes, ears, and general health. Necessary immunity tests may be made at the same time.

Benefits can be great, and the cost will be little. Great peace of mind can result from knowing the condition of your children's health, and also from the knowledge that this fine pharmacy stands ready with drugs and medicines of highest quality to help you and your children maintain good health.

Zoning Board Denies All But One Variance Request

The Zoning Board of Adjustment, in a called meeting Thursday afternoon, held public hearings on three requests, and denied a previous request for a lot coverage variance. The last was referred to the city attorney.

A. N. Jackson, 305 E. 23rd, sought a building permit to add a room to a small house after the foundation had been laid. The permit was denied by the building inspector on the grounds that more than the required percentage of lot coverage existed. The matter was referred to the Zoning Board of Adjustment, and a public hearing was called. The building was completed before the date of the public hearing.

During the vacation of two members of the board, the matter was tabled until all members could be present. A full membership Thursday denied the variance.

In other action, following public hearings, the board denied a request for a variance from the five - foot side - yard clearance where Miss Arah Phillips, 1308 Runnels, sought permission to build a carport within two feet of the property line; denied a similar request by Mrs. W. J. Barnes, 2206 Johnson, for a carport leaving only two feet; denied a request for a variance, from 18 square feet to 42 square feet, by Miss Arah Phillips to erect a sign at 2009 Main. The board felt that the variance was too great.

A request for a one-foot variance in side lot clearance to build a warehouse at 201 State Street, was granted. The ordinance called for a 15-foot side clearance and Bailey asked for 14 feet.

All decisions were unanimous.

Italy Expels French Rebel

ROME (AP)—Georges Bidault, anti-De Gaullist ex-premier wanted in France as head of the outlawed National Resistance Council, has been found in Italy and escorted out of the country.

Where he was sent was not disclosed. There was speculation that he asked to be placed on a ship or plane to Spain rather than face certain arrest at the French frontier or probable expulsion from either Switzerland or Austria.

Eight Accidents Listed On Blotter

The Big Spring police traffic division reported a series of minor accidents Friday afternoon and night, with eight investigated. No injuries were reported.

Locations of accidents, and drivers of vehicles involved were: Rear Hemphill-Wells, Lola Knowles, 410 W. 8th, and Raymond Kaddatz, Lamesa; Goliad Junior High, Etta Louise Baker and Royce Rowden, 1607 Oriole; Third and State, William Downs, Odessa, and Jackie M. Callaway, Rt. 1; Northwest Fourth and Gregg, Joe Frank Reyes, 100 N. Benton, and Jeff Conner Morton, 1111 N. Lancaster.

Fourth and Gregg, Jose Lara Heppera, 205 NE 6th, and Hazel King, 1511 Mesquite; 1704 W. 4th, Annie Brown Wolf, 1404 Virginia, and Gladys Ruthann Beaty, Midland; 500 block Main, Robert Gilbert Gojonch, 409 NW 9th, and Don Everly Vaughn, 1501 Tucson; Northeast Second and Austin, Melinda Ray, Odessa, and Thelma Joyce Hester, Robert Lee.

Base Personnel To Honor Civilians

Big Spring members of the base-community division of the Chamber of Commerce will be guests at a cocktail party and dinner with Col. Wilson H. Banks, co-chairman of the division, as host Sept. 15. Military members of the division will serve as co-hosts.

The affair is planned to honor Big Spring members who have worked to maintain mutual base-community understanding. The party will also serve as one of several Webb activities marking the 15th anniversary of the Air Force as a separate arm of the service. The USAF will be 15 years old Sept. 18.

Col. Banks also invited division members to play a round of golf at the Webb course Saturday afternoon.

Dinner will be served at the Webb Golf Clubhouse at 6:30 p.m.

BIG SPRING DAILY HERALD

SECTION B — BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 9, 1962 — SECTION B

A Difference In Heft

Two of the biggest boys in the Big Spring football camp, Thurman Randle (left) and Dick Irons, knit their arms to give the 131-pound Ralph Lydic, one of the smallest boys in uniform, a ride before a recent practice session. Randle weighs 251, Irons 210. Lydic is a guard, the other two boys are tackles.

Green Bay Is Solid Pick To Win It All

By JACK CLARY
Associated Press Sports Writer

NEW YORK (AP)—The Green Bay Packers, seemingly impregnable as the ancient walls of Troy, open defense of their National Football League championship Sept. 16 as top-heavy favorites to win their third successive Western Conference title and turn back any Eastern rival in the title game.

Packers' Coach Vince Lombardi has built a solid football machine in his three short years as the head coach, one that came from the depths of despair in 1958 to a world championship unit that crushed the New York Giants 37-0 for the title last December 31.

But Lombardi, unlike the overconfident commander of that ancient bastion of Troy, is constantly on the lookout for wooden horses in the form of age, complacency, staleness and lack of execution.

Lombardi's Western Conference rivals are particularly tough, with the Chicago Bears, Detroit Lions, San Francisco 49ers and Baltimore Colts just itching to get a shot at the title. Los Angeles and the second year Minnesota Vikings are both vastly improved and enjoy the pre-season role of spoilers.

In the Eastern Conference, the Giants reign as champion is under direct threat from Paul Brown's rejuvenated Cleveland Browns. He has turned the Browns' roster upside down in order to break a 4-year title drought.

As if this wasn't enough, the Eagles, St. Louis Cardinals and Pittsburgh Steelers are also capable of winning the title. The Dallas Cowboys, after a fine start last year, haven't improved enough but command respects. A series of pre-season trades and experience last year by a fine group of rookies have lifted the doormat title from the Washington Redskins.

Lombardi's Packers were such a solid outfit a year ago that the loss of eventual NFL most valuable player and scoring leader Paul Hornung, end Boyd Dowler and linebacker Ray Nitschke, to the Army, and all-pro guard Jerry Kramer to the sidelines because of injuries, didn't phase them at all.

Now all four are back, along with fullback Jim Taylor, the league's No. 2 rusher, and quarterback Bart Starr, probably the most underrated signal-caller in the NFL.

The Lions gained the NFL's top rated passer in Milt Plum, whom they obtained from Cleveland for quarterback Jim Ninowski, halfback Howard (Hopalong) Cassidy and defensive end Bill Glass.

Detroit also got speedy halfback Tom Watkins and center Dave Lloyd, who may plug soldier Bob Scholtz' hole at center, in the Plum deal. They still have fullback Nick Pietrosante and one of the toughest defensive teams in the league but lost veteran place kicker Jim Martin through retirement.

Longhorns Ragged But Show Hustle

LEVELLAND — Coach Don Robbins expressed himself as pleased with the performance of his Big Spring Steers in their scrimmage here Saturday afternoon with the Amarillo Sandies.

"We did quite well, considering the fact that we haven't been able to work outside all week due to the weather," Robbins stated. "We might have really shown them something had we been able to play in the gym."

Each team scored once on sustained drills downfield. Big Spring couldn't move the ball any too well on the ground but did excel in the air. Amarillo never tried to unload many aerial bombs but hacked out yardage fairly well on the ground.

Both Rickey Wisener and Albert Fierro performed well at the quarterback's spot.

Big Spring scored first when Fierro passed to Eddy Nelson. Nelson fumbled as he was about to go in for the score but Buster Barnes picked up the pigside and counted.

Amarillo counted on a run of about 15 yards.

"We ran out of steam because it was a real hot day," Robbins stated. "After that we got a little ragged but that probably was to be expected. Our team effort was very commendable."

Coye Conners, DeeRoby Gartman and Nelson also glistened as pass receivers for Big Spring. Barnes and Ricca Flores stood out on defense. Baxter Moore had his moments as a ball carrier.

The teams worked a total of 2½ hours and the Big Spring sophomores got a liberal workout. Rickey Earle and Willie Johnson were among under-classmen who impressed the coaches.

Much of the drill was devoted to defensing inside the 20-yard line.

The Steers dropped out by way of Andrews, where Odessa Permian was scrimmaging the hometown Mustangs.

On Monday, Robbins said he planned to have the team work on straight dropback protection and practice kicking the ball. He was keeping his fingers crossed, hoping for bright, clear weather.

The team has only four more days of workouts before they open their season Friday night in Plainview. The Big Spring boys escaped the scrimmage without injury.

Angels Decision Orioles, 2 To 1

BALTIMORE (AP)—The tenacious Los Angeles Angels capitalized on the wildness of Baltimore's Chuck Estrada to edge the Orioles 2-1 Saturday night and remain 4½ games behind the league lead.ng New York Yankees.

Palmer Out Front In Play At Akron

AKRON, Ohio (AP)—Masters and British Open champion Arnold Palmer matched the course record with a scintillating 31-34—65 Saturda, in the opening round of the 36-hole World Series of Golf.

He took a one stroke lead over National Open champion Jack Nicklaus and went four ahead of PGA king Gary Player.

The Latrobe, Pa., belter, his putter a fiery wand, used only 25 putts in his sensational tour of Firestone Country Club's 7,165 yard par 35-35—70 course, one of America's toughest tests.

4	Fumbles Lost	0

COLORADO CITY — Winters scored twice in the second and once in the fourth to defeat Colorado City, 18-6, in a football game before 3,000 fans here Saturday night.

A quarterback sneak by Tom Alfrey from the one-foot line climaxed a 66-yard drive by the Blizzards in the second. Not long after that, Winters recovered a fumble and moved 22 yards in five plays for a tally, fullback Steve Grissom going over from the five.

Colorado City scored in the third when fullback Charley Houston roared 72 yards after taking a pitchout. The drive ate up 77 yards in three plays.

Winters iced the game in the fourth on a 65-yard drive, culminated by Grissom's scoring jaunt from the one. The big play of the series was a 60-yard pass and run play in which Alfrey passed to wingback Tommy Young.

Winters had two other touchdowns called back due to penalties.

Latman Pitches Indians To Win

CLEVELAND (AP)—The Cleveland Indians beat the Kansas City Athletics 3-2 Saturday night on Barry Latman's six-hit pitching.

This was Latman's fourth straight victory and raised his season record to 8-11.

The Tribe overcame a 2-1 deficit against loser Dan Pfister (3-13) in the fourth. Tito Francona's 13th homer, a solo blast, ignited the flurry. It was the 12th straight game in which Francona hit safely.

Webb Eliminates Laughlin, 8-7

Three of the four games in the first round of the ATC District 'B Squadron-level Softball tournament, held at Webb today, went into extra innings.

Keesler AFB, Miss., took nine frames to defeat Randolph AFB, San Antonio, 14-13, in the tourney's second game Saturday afternoon. Craig AFB, Ala., scored one in the ninth to nip Lackland, San Antonio, 8-7, in the tourney's third tilt.

In the nightcap, Webb eliminated Laughlin, 8-7, in eight innings.

The first game of the tournament and the only one to cover the regulation seven innings, was James Connally AFB, Waco, over Laughlin, 15-3. Bob Wyman and Dick Foreman each homered for Webb.

Johnston Is Low

DENVER (AP)—Bill Johnston sailed through the third round with a 69, 1-under-par, to grab the lead in the Denver Open golf tournament Saturday as two-day leader Rex Baxter Jr. blew to 78. Baxter set a course record 64 in the first round.

Pierce Fashions Win For Giants

SAN FRANCISCO (AP) — Veteran southpaw Billy Pierce hurled San Francisco to a 7-2 win over the Chicago Cubs Saturday for his 14th triumph and the fourth straight win for the surging National League Giants.

KUENN

Pierce gave up 10 hits and both runs in the seven innings he worked before giving way to a pinch hitter and reliever Bob Bolin.

Right - hander Don Cardwell throttled the Giants until two were out in the fifth. Then San Francisco rallied to score four runs on three hits, three walks and a costly error by shortstop Andre Rodgers, a former Giant.

Harvey Kuenn walked to start the first uprising. Chuck Hiller doubled him home and scored on Filipe Alou's single. Willie McCovey singled Alou to third and Willie Mays walked to fill the bases. Matty Alu grounded to Rodgers who fumbled the ball allowing a run to score and keeping the bases jammed. Ed Bailey walked, scoring another run and Fred Burdette, the second of four Cub pitchers replaced Cardwell, who left with his 15th defeat against seven victories.

Jose Pagan forced Bailey for the third out.

The winners added three more runs in the eighth again on three hits and errors by Rodgers and Hubbs.

Mrs. Baugh Dies

SWEETWATER (AP) — Mrs. Lucy Baugh, mother of one of the state's best known football greats, died Saturday at age 70.

McKinley, Two Aussies And R. Osuna Win

FOREST HILLS, N.Y. (AP)—Bounding Chuck McKinley stifled a last gasp rally by Ham Richardson Saturday and advanced to the men's semifinals in the National Tennis Championships with two hot-shot Australians and a nimble Mexican.

The St. Ann, Mo., butterball was coasting along with two sets and a 5-1 lead when Richardson, in semi-retirement from tennis since he became a stock salesman in Dallas, rallied brilliantly. McKinley finally fought off the former Davis Cupper and won 6-2, 6-2, 6-8, 6-4.

The lone remaining American in the men's division, McKinley, Sunday faces defending champion Roy Emerson of Australia, who toyed with Andy Lloyd of Shreveport, La., 6-1, 6-1, 6-3.

In the other bracket, top-seeded Rod Laver of Australia, seeking to match Don Budge's grand slam of 1938, faces Rafael Osuna, the panther-quick Mexican who attends the University of Southern California.

Laver had a pack of trouble with Frank Froehling's smoking service but beat the gangling collegian from Coral Gables, Fla., on all-around finesse 6-3, 13-11, 4-6, 6-3. Osuna knocked out surprising Gordon Forbes of South Africa 6-4, 6-4, 7-5.

The U.S. picture in the women's division is much brighter with an American assured for the final.

Defending champion Darlene Hard of Long Beach, Calif., apparently at the peak of her game, plays the youthful giant - killer, Vicky Palmer of Phoenix, Ariz., in one bracket. Top-seeded Margaret Smith of Australia opposes Brazil's Maria Bueno in the other.

Miss Hard, who had been dropped to fifth in the seeding because of a somewhat mediocre campaign, gave an exhibition of forceful, smashing tennis in walloping Mrs. Vera Sukova of Czechoslovakia, the Wimbledon runner-up, 6-2, 6-1.

Wynn Registers 299th Victory

CHICAGO (AP) — Early Wynn won the 299th game of his career Saturday as the Chicago White Sox came from behind with a four-run fourth inning and defeated the Washington Senators 6-3.

Floyd Robinson drove in two runs with a single and Camilo Carreon two more runs with a double in the fourth.

Wynn, now 7-12 for the season, gave up nine hits. He struck out three to pass Warren Spahn for seventh place in the all-time major league strikeout derby with a total of 2,294.

Gridder Dies

GEORGETOWN, Ky. (AP) — Earl Hundley, 22, a Georgetown College football player, collapsed and died after practice Saturday.

Twins Hang Tough In American Race

By JERRY GREEN
Associated Press Sports Writer

DETROIT (AP)—The Minnesota Twins, with Bob Allison's continuing extra-base belting keeping them in the thick of the pennant race, kept up their domination of the Detroit Tigers 9-2 Saturday.

Allison lined two homers as the Twins jumped to an 8-0 lead in the first three innings and swept to their 12th victory in 14 meetings with Detroit.

The triumph enabled the second-place Twins to stick three games behind the New York Yankees in the tight American League pennant race. The Yankees routed Boston 6-1.

Allison clouted a two-run homer in the first and a solo homer in the third off Don Mossi, who yielded the first eight Minnesota runs.

Camilo Pascual breezed to his 18th victory behind the early lead.

The Twins scored three times in the first, once in the second, and four times in the third, before Frank Lary came in to hold them scoreless until the eighth.

It was the first test of Lary's ailing shoulder since July 29th when the Tigers put him on the disabled list.

Lennie Green helped Allison in the Twins' 12-hit assault, banging out three singles and driving in two runs. Pascual also drove in two runs with a bases - loaded walk in the third and a single off reliever Bob Humphreys in the eighth.

Chico Fernandez' second of three singles drove in the Tigers' first run in the third. Dick Brown accounted for the second run with a homer in the fifth.

Rookie Fashions Win Over Bucs

LOS ANGELES (AP)—Rookie left-hander Pete Richert pitched a four-hitter and went the distance for the first time this season as the league-leading Los Angeles Dodgers broke a three-game losing streak by defeating Pittsburgh 6-1 Saturday night before 49,500.

The victor, kept the Dodgers a half-game ahead of the San Francisco Giants, who defeated Chicago earlier in the day.

Dodger Manager Walt Alston juggled his lineup, using rookie catcher Doug Camilli and starting Andy Carey at third.

WIN SKEIN GROWS

Houston Defeats New York Twice

HOUSTON (AP)—The Houston Colts stretched their winning streak to six games Saturday by sweeping the New York Mets 4-3 and 6-5 in 10 innings in a day-night doubleheader.

Roger Craig, after blowing a 4-1 lead, wild pitched home the deciding run in the nightcap after the Colts had won the opener with two runs in the last of the ninth.

Haynes Standout In Dallas Win

DALLAS, Tex. (AP) — Abner Haynes ran 2, 25 and 29 yards for touchdowns and caught a 9-yard pass for another Saturday night in leading the Dallas Texans to a 42-28 triumph over Boston's Patriots in an American Football League opener.

Haynes' four touchdowns were within one of the AFL record held by himself and Billy Cannon of Houston. Abner gained 122 yards running with the ball on 19 carries to make it another big night for Dallas' biggest star.

The running of Haynes vied with the passing of Len Dawson for top honors among the Texans.

Stewart Scores Thrice In Stanton's Victory

By TOMMY HART

STANTON — The sky fell down around Merkel's ears after it had fairly well contained Stanton's brutish power for a half and the Buffaloes chugged to a 34-18 victory before 1,700 onlookers here Friday night.

The game, which opened the season for both teams, was originally scheduled to be played in Merkel but was moved here after torrential rains hit Merkel.

Stanton led all the way after a scoreless first period but there was a time there late in the second period when the Badgers almost pulled abreast. Valiant work by Ben Mott and Billy Graves held the invading hordes at bay and the Buffaloes left for the half time intermission with a 12-6 advantage.

One of the most pleasant surprises for coach Harlin Dauphin of Stanton must have been the play of Teddy Stewart, who teamed with fullback Dewey Anderson to give the Bisons a crushing ground game and who scored three times.

Stewart, who plays halfback, got Stanton's initial TD on a one-yard line buck at the conclusion of a 53-yard drive early in round two. The clock showed 3:05 gone in the round when Stewart barrelled over on the 13th play of the series. Teddy then tried the extra point and failed.

With 5:30 gone in the quarter, Stanton scored again on an electrifying play when quarterback Buddy Glaspie hit end Bobby Stephenson with a nifty pass up the middle. Stephenson caught the ball around Merkel's 45 and outraced the Badger secondary on a play that covered 81 yards.

Stewart made the two extra points on a run but they didn't count. Stanton drew a penalty, one of many that neutralized its effort, and Glaspie was then thrown to earth trying to pass.

Roger Moore, a magnificent back for Merkel, got the Badgers' first tally on a seven-yard end sweep with 1:05 to go in the half. At the time, Stanton was using sophomores in the main. That particular drive went 70 yards in 13 plays. The score actually was set up when a roughing penalty against Stanton moved the ball half the distance to the goal down to the Stanton seven.

Bill Reynolds tried to leg it into the end zone on a pitchout, but David Hodges was there to make the tackle after Reynolds bobbled the ball.

Shortly before the half ran out, Merkel drove down to Stanton's six but Mott then broke through to smash Moore at the nine and the Badgers blew their chance at a second tally.

Stanton settled Merkel's hash in the third. Halfback Joe Williams put more daylight between the two clubs when he bruised over from two yards away with 5:30 to go in the round and Glaspie passed to Stephenson for the two extra points to make it 20-6. That particular drive ate up 68 yards in 14 plays.

Stewart legged it across again for the Red and White from 13 yards removed on the first play of the fourth quarter. The march covered 29 yards in four plays. The score mounted to 26-6. Glaspie failed on the extra point try.

Quarterback Charles Russell sprinted across on a keeper for Merkel from ten yards away a short time later to climax a drive of 72 yards. Russell fumbled after he crossed the double stripes, but it didn't matter. The maneuver required 14 plays. Russell tried for the two extra points but Mott was there to make the tackle for Stanton.

Stewart got his third TD with 3:10 to go when he hustled across from the 14. Anderson set up the score when he almost got away while running from the Merkel 39. He roared all the way to the Badger 15 before he was arrested. The drive carried 71 yards in ten plays. Williams then lugged it over for the two extra points to make it 34-12.

With 2:40 to go in the game, Merkel scored again on a tremendous screen pass from Russell to Moore, good for 61 yards. Moore benefitted from some excellent blocking along the way.

The bid for the extra point fizzled and the score remained, 34-18.

Moore was far and away Merkel's most effective ball carrier.

Wide maneuvers and pitchouts seemed to give the Buffs a lot of trouble, although they adjusted well after the half time rest period.

Glaspie mixed the Stanton plays well and got good mileage out of all his backs. When he needed a few yards for a down renewal, he simply told his gargantuan forwards to clear the way for him down the middle. The stratagem invariably worked.

Score by quarters:

STANTON	0	12	8	14—34
MERKEL	0	6	0	12—18

LORAINE — The Loraine Bulldogs ran rough-shod over the Sands Mustangs in the football season opener for both elevens here Friday night. The Dogs won, 36-0, with all players getting a chance to get in the game.

The toss was won by Loraine and it chose to receive. Larry Blair took the ball over from the 20-yard line for the first touchdown before five minutes had gone by. Buster Jernigan ran over the two points. The two men reversed the procedure later in the half and the score stood, 16-0, at the beginning of the third quarter. Blair ran 60 yards to the goal line during the second quarter but the run was called back and the Bulldogs penalized for clipping.

Rankin recovered a Mustang fumble on the second play after the half time kickoff, and took the ball to the six-yard line. He went over for the third touchdown in two more plays and the extra point try failed.

Buster Jernigan went across the goal for the fourth touchdown after he was run out of bounds on the three-yard line a couple of seconds before.

Just before the third quarter ended the Bulldogs fumbled and the Mustangs recovered on the 11-yard line. Jackie Flinn was stopped behind the goal line to give Loraine two points.

Early in the fourth quarter Larry Rankin went across for the final touchdown from the 20-yard line.

Coaches Bobby Dodds and Glenn Kimzey began sending in fresh men from this point on but no more scoring was done.

The turf was wet, and the football as slippery as a watermelon seed, but the teams experienced few fumbles. Passing was out of the question. Not one was completed for either team.

Starting lineups for the game were: Sands—ends, Danny Womack and Don Cass; tackles, Paul Davis and Jackie Flinn; guards, Jimmy Schuelke and Bill Smith; center, Ray Long; backs, Bobby Gaskins, Ronnie Gaskins, Eddie Herm, and Gary Green; Loraine—ends, Larry Beignts and Jerry Rankin; tackles, Danny Cain and Linton Webb; guards, Joe Garcia and James Mahon; center, Joe Cushing; backs, Jerold Epperson, Larry Blair, Buster Jernigan, and Larry Rankin.

Forsan Impresses In First Start

DAWSON — Forsan's Buffaloes were impressive in their season's football debut here Friday night when they mauled Dawson by a score of 36-0.

Originally, the Buffaloes were to have visited Klondike next Friday night but that game has been transferred to Forsan on the recommendation of the Klondike officials.

Coach Oscar Boeker, who was making his debut as a mentor in the game, expressed himself as being well pleased with the performance of his Bisons.

Reserves played practically the entire last half for Forsan after the Buffs did all their point-getting in the first half.

Forsan counted 24 points in the opening period after counting on the first play upon receipt of the ball. A pass from Kenneth Soles to H. K. Elrod, good for 30 yards, paid off with the score.

Soles, Elrod, Harry King, Jimmy Flynt and Hubert Bardwell each scored a touchdown for Forsan while King accounted for two extra points and Bardwell one (for two points).

Soles gained 89 yards in six carries, King 65 yards in six tries, Flynt 47.5 in seven attempts, Elrod 38 in two efforts, Bardwell 50 in six lunges and David Robberson 36 in four trips with the ball.

Flynt was a demon on defense, too. He made ten tackles, compared to nine for Danny Wash and six each for Jim Alexander and Dick Ross. Donnie Gooch, Bardwell, Tommy Evans, Soles and King had five each.

Score by quarters:

Forsan	24	12	0	0	—36
Dawson	0	0	0	0	— 0

Rockets To Open Season Tuesday

The Lakeview Junior High School Rockets will open their '62 season Tuesday at San Angelo's Blackshear Junior High.

Coach A. C. Clark will suit 26 boys for the game. Among them will be John Jones, a half back who last year scored in each game. Jones totaled 165 points at the close of Lakeview's 5-1 season.

Others who will probably start are: Keh Haynes, center; Robert Goch and Wayne Turner, ends; Oscar Tucker and Robert Jackson, tackles; Harold Jones and John Cooper, guards; Juan Williams, quarterback; Roosevelt Brown, halfback; and Larry Pickens, a Midland transfer, fullback.

Pecos Shut Out By Carlsbad 11

CARLSBAD, N. M. — A 60-yard drive and 50-yard intercepted pass return gave the Carlsbad Cavemen a 14-0 opening-season win over the Pecos Eagles Friday night.

Allen Green stole a Pecos pass in the third and carried it half the length of the field for a touchdown. Halfback Sam Montanez streaked across from two yards out to climax the second-quarter march. Doug Martin booted both conversions.

Chiefs Decision Mason, 18 To 0

SAN ANGELO—Long drives in each of the second, third and fourth periods gave Lake View an 18-0 victory over Mason Friday night, for the Chief's first opening-game triumph in eight years.

Lake View took a 6-0 lead in a mild first half, but came alive in the second to dominate the game and score on 74 and 73-yard drives.

Although Mason out-rushed the Chiefs, 249-184, penalties marked off over 60 yards against them. Lake View held a 54-27 edge in passing yardage.

In order, Lake View's touchdowns were scored by Joe Hartman, Larry Hudson and Lehman Cauley. Dubby Johnson rushed 147 yards to lead the Chief's offense.

LAKE VIEW	0	6	6	6	—18
MASON	0	0	0	0	— 0

Roscoe Upended By Clyde, 6-0

CLYDE—A fourth quarter 35-yard run by tailback Alton Brannon broke a scoreless duel and gave the Clyde Plowboys a 6-0 win over Roscoe's Bulldogs Friday night.

Brannon, a 150-pound senior who led the squad in scoring last year, broke through left tackle and literally outran the Bulldog defenders.

Roscoe almost tied it up when, on the ensuing kickoff, it moved straight to Clyde's 25. At that point Danny Blank intercepted a Bulldog pass and iced the win.

Rankin Batters Bronte, 30-0

RANKIN—Drives of 60, 70, 36 and 40 yards enabled the Rankin Red Devils to bury Bronte's Longhorns, 30-0, Friday night.

After a scoreless first quarter Jerry McDonald scooted 34 yards for the Devils' first six points. Sam Bean scored in the third from 12 yards out. Jim Parrish and Dan Humphreys burst over from short yardage for the third and fourth Rankin TDs, respectively.

Points after were registered by Bean, Larry Grider and Humphreys.

RANKIN	0	8	8	14	—30
BRONTE	0	0	0	0	— 0

Menard In Tie

ROBERT LEE — A 35 - yard pass play gave the Menard Yellowjackets six points in the fourth quarter to counter Robert Lee's 65-yard drive in the first, as the pair fought to a 6-6 deadlock here Friday night.

Ohio State Buckeyes Tops In Grid Poll

By MURRAY ROSE
Associated Press Sports Writer

Ohio State, edged by all-conquering Alabama in the voting for the No. 1 college team of 1961, was an overwhelming choice Saturday in The Associated Press' pre-season poll to take it all in 1962.

The deep and mighty Buckeyes were picked to top the nation by 41 of the 50 sports writers and sportscasters from across the country who participated in the poll. Texas was tabbed for second and Alabama for third.

Michigan State was selected for the fourth position followed by, Louisiana State, Mississippi, Purdue, Duke, Penn State, Washington.

Alabama was picked to finish first by three members of the national panel, Michigan State and Mississippi by two each, and Texas and Purdue by one each.

On the basis of 10 points for first, nine for second, eight for third, etc., Ohio State rolled up 558 points in the balloting to 372 for Texas and 325 for Alabama.

Of the 10 teams picked to rank with the elite this season, six finished in the top 10 last year, they are Alabama (1), Ohio State (2), Texas (3), Louisiana State (4), Mississippi (5), and Michigan State (8).

Iowa was tabbed as the No. 1 team in 1961 but the Hawkeyes, after sweeping four straight, were ruined by injuries and wound up with a 5-4 record.

Ohio State has lost All-America fullback Bob Ferguson by graduation but Coach Woody Hayes has a deep and potent squad headed by a streaking halfback in Paul Warfield. The Buckeyes have the added incentive of a Rose Bowl trip if they come through. This they want more than ever since they lost the trip last year by a rejection vote of the university's faculty senate.

Alabama's outstanding quarterback Pat Trammel has graduated, leaving a big hole. In addition, Bear Bryant's cause hs been hurt by the injury of running back Mike Fracchia.

The top 10 teams in the pre-season poll (first place votes in parentheses—points on a 10-9-8-7-6-5-4-3-2-1 basis):

1. Ohio State (41)	558
2. Texas (1)	372
3. Alabama (3)	325
4. Mich. State (2)	278
5. LSU	227
6. Mississippi (2)	207
7. Purdue (1)	173
8. Duke	123
9. Penn State	111
10. Washington	86

The others: Georgia Tech, Missouri, Southern California, Arkansas, Minnesota, Pittsburgh, Syracuse, Navy, Oregon, Oklahoma, Tennessee, UCLA, Army, Notre Dame, Wisconsin, Miami (Fla.), Utah State.

Denver Upsets Loop Favorite

DENVER (AP)—A Denver Bronco 30-21 victory over the favored San Diego Chargers Friday night got the American Football League off to a lively start in advance of three more games this weekend.

The defending champion Houston Oilers will play the Buffalo Bills in Buffalo and the New York Giants will meet the Oakland Raiders on the West Coast today.

Denver's biggest crowd-estimated at 28,000 since the AFL was launched in 1960 thoroughly enjoyed watching the alert Broncos outplay the Chargers with real authority.

Frank Tripucka's passing and wide-awake defense work by the Broncos spelled the difference. The 34-year-old Notre Dame and pro veteran, getting protection such as he never knew in two previous seasons here, placed the football in his receivers' arms with consistent accuracy.

One of his scoring throws covered 49 yards with Bob Scarpitto running the last 32 yards to the goal line. Tripucka's passing figured in four scoring drives as Denver piled up 384 yards through the air to only 112 for the Chargers.

Gail Triumphant Over Sterling

STERLING CITY — The Gail Coyotes pushed across three touchdowns in the first half and then hung on to defeat Sterling City, 28-20, in an eight-man football exhibition here Friday night.

Sam Buchanan sprinted 12 yards for Gail's first tally in the opening round

Mike Stephens raced 15 yards for the Coyotes' second score in the second canto. Danny Bailey rang up Sterling's initial six-pointer in the second on a run of 20 yards.

Gail restored its two touchdown lead when Tommy Burrus took a pass from Bill Nunnally and raced 20 yards to pay dirt, also in the second period.

Stephens returned an Eagle kickoff early in the fourth for a score, going 60 yards.

Bailey counted again for Sterling in the fourth, along with Payne. Both traveled a dozen yards. Payne carried across for Sterling's extra points.

Bulldogs Rip Cards In Season's Debut

Coahoma		Hermleigh
151	Yards Rushing	minus 1
1 for 19	Passes Completed	8 for 67
14	First Downs	6
170	Total Yardage	66
3 for 39.7	Punts, Average	6 for 27
5 for 30	Penalties	6 for 50

By JOE BEYER

HERMLEIGH — Rain, mud and a stiff defense failed to stop the Coahoma Bulldogs here Friday night as they ground to a 22-0 victory over the Hermleigh Cardinals.

The Bulldogs, who last year had a 1-9 record in District 6-A play, powered over and through a lighter Cardinal club, failing to score in only the first quarter. The Cardinals could not get a ground offensive going and began to make headway only late in the game as quarterback J. B. Robertson, taking to the air pricked the defense with pinpoint control of a slippery ball.

The field was slow from almost a week of rainy weather and a shower which started at halftime and lasted through most of the third quarter did not help either team. Fumbles were prevalent on both sides as the ball frequently squirted out of the arms of carriers.

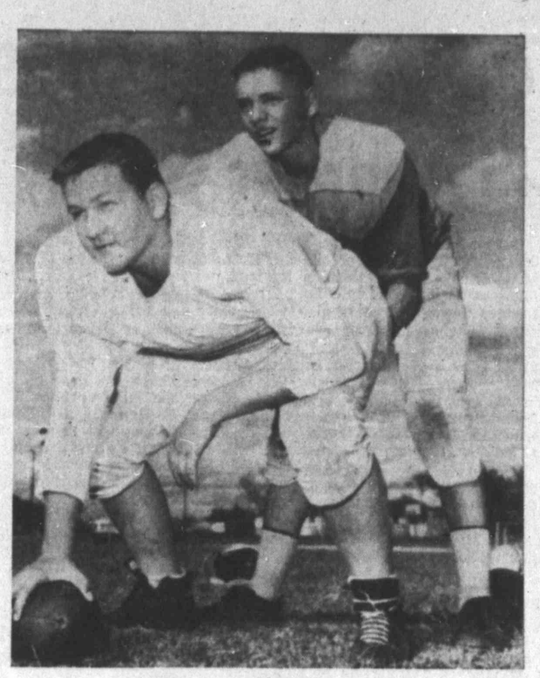

Wayne Krause, 175-pound halfback, powered over from the two at the start of the second quarter, climaxing a drive which started 32 yards from paydirt after Hermleigh quick kicked out of a jam. He also scored the extra two points to put the Bulldogs ahead, 8-0. Krause did the chores again in the fourth quarter as he pushed over from the five to climax a 38-yard trip for the final score.

Cardinal ground efforts lost them more yardage than it gained. End sweeps on the soft ground proved futile and the Hermleigh backs had to buck the line to pick up any yardage at all. Penalties stymied at last-minute effort to chalk up at least one score as J. B. Robertson and Terry Smith began tossing aerials and connecting occasionally.

Bill Turner, 165-pound fullback for the Bulldogs, picked up 52 yards on nine carries as he toted the leather the most times for the victors. Another big gun was Travis Reid, who weighs in at only 120 pounds. He carried eight times for 32 yards.

Tommy Grant, quarterback, sneaked across the goal line in the third quarter for the second score and Reid added the two extra points.

Center Weldon Self played a tremendous all-around game for the Bulldogs.

Bearcat Regulars

Pictured above are the regular center and quarterback on the Garden City eight-man football team, which opened its season Friday night in a tie game with Loop. Over the ball is Jimmy Dubose, while Earl Plagens is the quarterback.

LOOKING 'EM OVER

With TOMMY HART

The Oakland Raiders of the AFL are running ex-Big Springer Danny Birdwell at defensive end . . . Spec Gammon, the Odessa scribe, says there's a chance the Floyd Patterson-Sonny Liston fight may not be televised into Odessa, despite early stories to the contrary . . . That $9 charge for the best ducats the Odessa promoter is asking for the proposed showing is about one-third more than other theatre promoters are asking and is considered way out of line . . . The top price at San Antonio, for instance, is only $5.50 . . . Roy Peden, the Kermit veteran who played in the recent Big Spring Invitational Golf Tournament, started a busy campaign of football officiating by working the Denver City-Seminole game this weekend . . . Peden, who hopes to officiate at least one football game here next fall, will work three of Andrews' games this year — first time in many seasons he has toiled for coach Glenn Frazier of the Mustangs . . . Roy says his brother, Les, caught a full game for Portland of the Pacific Coast baseball league recently and became ill . . . It was first thought that Les had suffered a heart attack but that was later proved wrong . . . Winner of the recent "50-Years-And-Over" golf tournament at Sweetwater was none other than Pat Gerald, the former football mentor at Sweetwater High . . . Pat posted a 228 for the 54 holes of medal play . . . They say freshman Frank Lemon, starting fullback for Flower Grove this year, may prove to be saltier than his brother Dan, who finished his eligibility for the Dragons in 1961 . . . Dan was good enough to play in the annual Six-Man All-Star game at Cisco . . . The Big Ten Athletic Conference has reached the point where it will not schedule a football game which figures to draw less than 50,000 paying customers . . . Pro football poses no problems to the league when it comes to competing for the customer's dollar.

GERALD

PEDEN

* * * *

Schoonover, Hammond Pioneered Way

James Lee Underwood, a past Big Spring Country Club golf champion, passed up the recent Invitational tournament here but he was a spectator for part of the matches. . . James Lee is now employed by a savings and loan concern in the Oak Cliff section of Dallas. . .Ralph Lydic, a sophomore guard out for football at the local high school, is a transfer from Beaumont. . . The Regional Golden Gloves Boxing tournament at Odessa will be held Jan. 17-18-19-21, earlier than usual. . .The Southwest Conference has produced 87 bone fide All-American football players since Wear Schoonover of Arkansas and Marion Hammond of SMU first won the honor back in 1929. . .One football player says to the other, he says: "Were you injured in the melee?". . ."No," replied the other, "I was hit in the eye" . . .When HSU coach Jack Thomas, who spoke here recently, was on the Texas A&M staff, he attended a church which had Rev. Robert Polk as its pastor. . .Polk is now minister of the First Baptist church here. . .Odessa Permian lost two boys over the summer which figures to hurt their depth. . .One was halfback Freddie George, a scholastic casualty, the other, end Travis Munger, who moved away. . .There's talk (facetiously, of course) that the Los Angeles Angels may remove the halo from Bo Belinsky's cap. . .Merlin Eugene Clemons, a 140-pound fullback, was dropped from the local high school football team recently when it was learned he would be too old to play after this year. . .He was in junior high last year. . .The coaches may make a team manager out of him. . .The San Francisco 49ers beat the Dallas Cowboys, 26-7, in an exhibition football game recently but coach Red Hickey of the 49ers says Dallas has one of the toughest defenses in the NFL.

14 District 2-AAAA Boys In SWC

The eight inches of rain which fell on the Big Spring Country Club golf course during last week's wet spell probably did the grass more good than the 300,000-plus gallons pumped onto the course from underground reserves all summer. . .The fairways had been eroding badly because of the lack of natural rainfall and attendants spent much of their time trying to keep the greens alive and thriving. . .It was generally agreed that, due to the drought, the fairways weren't as good for the recent Labor Day tournament as they were in September last year . . .Incidentally, a club meeting has been called for Sept. 10, at which time the membership reportedly will take a new, hard look at finances. . .Mike Rodgers, the Longview boy who worked in the Country Club pro shop during the summer, is a nephew to Earl Reynolds, the local golfer. . .That football game between Flower Grove and Kondike, which was to have been played last night, was the only eight-man contest booked for the Flower Grove team this fall. . .The Dragons usually play six-man ball. . .A total of 14 boys who played their football for District 2-AAAA schools will be active in the Southwest Conference this fall. . .Six of those will attend Texas Tech, four will go to Baylor, Texas to Texas and one each to Texas A&M and TCU . . . The Hilton Hotel in El Paso will shortly open a swank new supper club which will be called the Sunland Room, after the race track near there. . .The room, of course, will boast a racing motif. . .It opens Sept. 15. . .The University of California football team was once accused of being "overbalanced academically" by an irate fan. . . The co-op course offered by SMU, which provides on-the-job training for students, reportedly had a lot to do with Midland footballer Ron Merritt's decision to switch from Oklahoma University to the Dallas school.

Fish Fry Carded

POSSUM KINGDOM—A fish fry will be held on Possum Kingdom Lake, Sunday, Sept. 16, from 2:30 to 5:30 p.m., at the Camp Wolters Fishing Camp. The Possum Kingdom Association, sponsors, will supply food and offer door prizes.

Gridder Injured But He's Okeh

SAN BENITO, Tex. (AP)—Clifford Brenner, fullback for the Santa Rosa Warriors, was listed in satisfactory condition today.

Brenner was injured in a game between Santa Rosa and Los Fresnos which was played at Los Fresnos last night.

A hospital spokesman said Brenner complained of pains about the neck and shoulders. X-rays were taken but the reports were not available.

Los Fresnos won the game 26-0.

Longhorns Likely To Prosper Again

AUSTIN (AP)— Texas, which produced one of the finest teams last fall, approaches its 70th season with some optimism for a "same but different" and worthy successor to the fine 1961 club.

Although burdened by those sometimes-jinxing pre-season high national rankings and faced with the problem of tailoring some major replacements, Coach Darrell Royal should be able to keep the Longhorns in strong contention in the always-tough Southwest Conference race.

Despite the loss of three-quarters of the 1961 backfield and the likelihood of at least a partial switch from a "long-range" team to something more of a ball-control unit, Texas has fine potential among its 26 returning lettermen.

The remaining quarter of the backfield, fullback Ray Poage, may be the key man. A prime All-America candidate, Poage figures to be outstanding—if he can escape an injury hex.

With Poage at fullback and one of two stout backs, Jerry Cook or Tommy Ford, slated at tailback, the Longhorns may be more of a power team although Royal again plans to use the flip-flop (or mirror) offense that was so highly successful a year ago.

Texas lost seven starters off the 1961 team and Royal admits they will be hard to replace. They included All-America James Saxton and star tackle Don Talbert. Returning to the No. 1 lineup in addition to Poage are end Tommy Lucas and guards Marvin Kubin and Johnny Treadwell.

There also are three defensive starters returning, quarterback-safety Duke Carlisle, who also will vie for the offensive quarterback duties; tailback - halfback Cook, the team's top pass interceptor, and fullback - linebacker Pat Culpepper.

Carlisle will figure in what might be a four-cornered fight for the signal-calling job vacated by Mike Cotten. Johnny Genung, who has been plagued by injuries; Tommy Wade, a top passer, and sophomore Marvin Kristynik appear the other logical contenders.

Even if Carlisle should win out at quarterback, he is expected to play a lot of defense because of his speed and reactions. Cook and Ford will alternate at tailback. Poage and Culpepper will platoon at fullback, and a scramble involving three sophs and seniors. Bobby Nunis will set the scene at wingback.

Although the offensive line will have four new starters, all are experienced, having played about as much as the regulars. Tackles Scott Appleton and Ken Ferguson, end Sandy Sands and center Perry McWilliams move up from last fall's alternate unit.

Lettermen are expected to make up the No. 2 line although sophomore Olen Underwood is given a good shot at linebacking guard behind Treadwell.

Punting is expected to be strong in the hands of Ernie Koy, one of the sophs vying for the wingback job.

You can't predict imponderables such as injuries, but if this Texas team stays healthy, it should be a good one.

Wichita Falls Rated Tops In AAAA Football Lineup

By The Associated Press

Wichita Falls opens the season this week, boasting a 14-game winning streak and the favorite's tag in Class AAAA of Texas schoolboy football.

The Coyotes lead more than 100 other teams into action in the only division that hasn't yet tasted competition. They play Lubbock at Lubbock Friday and it might not be easy.

All other classes started moving last week and what happened to two of the defending champions should be a means of relieving any feeling of over confidence in the ranks of the Coyotes. Donna, champion of Class AA, was drubbed by Mission, 18-6, in its opening game. It halted a winning streak that had gone through 13 tests.

Albany, kingpin of Class A, was trounced by Olney 14-0 and that not only meant the fall of a champion but the end of the longest winning skein in the state. Albany had taken 29 straight victories before running afoul of its nemesis. Olney was the team that last beat Albany—the opening game of 1960.

Top games this week in Class AAAA send San Antonio Jefferson to Abilene, Baytown to Spring Branch and Houston Lamar to Corpus Christi Ray.

Class AAA also has a full slate with Dumas' clash with Amarillo Palo Duro of AAAA the headline game. It is scheduled Saturday at Dumas.

The week's schedule by districts (all games Friday unless indicated otherwise):

Class AAAA

1. Las Cruces, N.M., at El Paso. Carlsbad, N.M., at El Paso Bowie; El Paso at Albuquerque Manzano. El Paso Irvin vs. El Paso Jefferson (conference. El Paso Tech at Alamogordo, N.M., Fort Worth Eastern Hills at Ysleta. Odessa Ector at El Paso Burges (Saturday).
2. San Antonio Jefferson at Abilene. Amarillo at Odessa. Borger at San Angelo. Lamesa at Midland.
3. Fort Worth Arlington Heights at Amarillo Tascosa. Wichita Falls at Lubbock. El Paso Belair at Pampa. Big Spring at Plainview; Abilene Cooper at Lubbock Monterey (Saturday).
4. Denton at Fort Worth Haltom. Fort Worth Tech vs. Fort Worth Richland. Fort Worth Carter-Riverside at Grand Prairie. Dallas Sunset at Irving.
5. Arlington at Fort Worth North Side. Waco Richfield at Fort Worth Poly (Saturday).
6. Dallas Kimball vs. Dallas Adamson (conference). North Dallas vs. Dallas Hillcrest (conference). Highland Park vs. Dallas Jefferson. Dallas Woodrow Wilson vs. Dallas Samuell (conference).
7. Durant, Okla., at Denison. Dallas Bryan Adams of Garland. Greenville at Mesquite. Richardson at McKinney. Sherman at Gainesville.
8. Dallas South Oak Cliff at Longview. Jacksonville at Texarkana. Conroe at Tyler Lee.
9. Galena Park at Houston Milby. Texas City at Houston Reagan. Houston Furr vs. Houston San Jacinto. Houston Westbury at Smiley. Houston Memorial vs. Houston Lee (Saturday). Houston Austin vs. Houston Sam Houston (Saturday).
10. Houston Jeff Davis at Aldine, Baytown at Spring Branch.
11. Houston Jones at Beaumont. Beaumont South Park at Nederland. Houston Bellaire at Port Arthur. Beaumont French at Orange.
12. Port Neches at Brazosport. Lamarque at Galveston. South Houston at Pasadena.
13. San Antonio MacArthur at Austin Travis. San Antonio Burbank at Killeen. Houston Waltrip at Temple. Corsicana at Waco. San Antonio Edison at Austin (Saturday).
14. Corpus Christi Miller at Alice. San Benito at Brownsville. Austin McCallum at Corpus Christi Carroll. Houston Lamar at Corpus Christi Ray. Falfurrias at Edinburg. Weslaco at Harlingen. Kingsville at Robstown. San Antonio Highlands at McAllen.
15. San Antonio Fox Tech vs. San Antonio Alamo Heights. Bryan at San Antonio. Harlandale Fort Worth Paschal at San Antonio Lee.
16. San Antonio Central Catholic at Laredo. Hebbronville at San Antonio Lanier (Saturday). San Antonio South Side vs. San Antonio McCollum (Saturday).

Class AAA

1. Hereford at Canyon. Shamrock at Phillips. Amarillo Palo Duro at Dumas (Saturday).
2. Fort Stockton at McCamey. Hobbs, N.M., at Kermit. Crane at Monahans. Denver City at Pecos. Levelland at Seminole.
3. Littlefield at Brownfield. San Angelo Lakeview at Brady. Andrews at Snyder.
4. Sweetwater at Breckenridge. Lavega at Brownwood. Dallas Jesuit at Mineral Wells. Quanah at Vernon. Jacksboro at Wichita Falls Rider.
5. Carrollton at Lewisville. Sulphur Springs at Rylie. Lake Worth at Fort Worth Castleberry.
6. Sherman at Gainesville. Greenville at Mesquite. Richardson at McKinney. Kilgore at Mt. Pleasant. Tyler at Paris.
7. Marshall at Carthage. Center at San Augustine. Lufkin at Palestine.
8. Henderson at Athens. Graham at Cleburne. Corsicana at Waco. Hillsboro at Ennis. Bonham at Terrell. Lancaster at Waxahachie.
9. Little Cypress at Bridge City. Nacogdoches at Jasper. Beaumont South Park at Nederland. Beaumont French at Orange. Port Arthur Bishop Byrne at Silsbee. Central Catholic at Vidor.
10. Lamar Consolidated at Brenham. Channelview at Cypress-Fairbanks. Huntsville at Bellville.
11. Clear Creek at Bay City. Refugio at El Campo. Victoria at Port Lavaca. Boling at Wharton.
12. Missouri City Dulles at Alvin. Deer Park at Liberty. Dickinson at Sweeny. Lamarque at Galveston.
13. South San Antonio vs. San Antonio Johnston. Diamond Hill vs. Lanier at Austin. Gatesville at McGregor. Lampasas at Georgetown. Waco University at Hamilton.
14. Cuero at Hallettsville. Gonzales at Edna. Kerrville at New Braunfels. Seguin at San Antonio Marshall.
15. Del Rio at Hondo. Eagle Pass at Carrizo Springs. Devine at Uvalde.
16. Falfurrias at Edinburg. Mission at Edcouch-Elsa. Donna at Rio Grande City. Kingsville at Robstown. Weslaco at Harlingen. Raymondville at Lyford.

Robbins Lauds Negro Boys; Frets About Bad Weather

In a talk made before members of the American Business Club at the Settles Hotel at noon Friday, coach Don Robbins of Big Spring High School said he was especially pleased with the development of Negro players on the Steer football squad and singled out back Baxter Moore and tackle Dick Irons for the improvement they had shown in drills held to date.

Robbins said that Negro youths like Eddy Nelson, Thurman Randle and Walter Minter were responding with major efforts, that Moore could be counted upon to give 110 per cent at all times and Irons would have been better still had he had the advantage of training as a sophomore.

Irons played football on the junior high level here but remained out of the sport last year.

The Steer coach fretted about being forced indoors because of the bad weather, adding that much remained to be done before the locals open their season next Friday night in Plainview.

Robbins also had warm words of praise for members of the Steer pep squad and their leaders. Seven of the cheer leaders were on hand for the Friday luncheon and led the gathering in a couple of school yells.

Johnny Johnson was introduced as a member of the ABC "Big Hat" club and was presented with a Texas-style headpiece. Johnson earned the hat for having recruited three new members within a set period of time. The award was made by Elmo Phillips, club president.

Tom Van Hoose was introduced as a new member. Max Green had charge of the program.

The attendance contest being staged within the club went into its second week, with the group headed by Max Green out front. Bill Emerson's group ranks second and Charley Houston's gang is third. The campaign will continue for another seven weeks.

Yanks Spill Boston To Keep Advantage

NEW YORK (AP) — Whitey Ford, with the help of Jim Coates, pitched his 15th triumph of the season as the New York Yankees vanquished the Boston Red Sox 6-1 Saturday to protect their lead over the Minnesota Twins.

Ford, who spaced six hits in five innings before he was forced to retire because of an injury, also received fine batting support from Bobby Richardson, Bill Skowron and Cletis Boyer.

Richardson had a single, double, triple and sacrifice for a perfect day at the plate, driving in a run and scoring another. Skowron had a single, double and walk while Boyer drove home a pair of runs with a single and double.

Ford was hit with a pitch in the left thigh in the third inning and was forced to quit three innings later, when the injured area began to stiffen. The injury was not considered serious.

Coates pitched scoreless ball through the last four innings.

Eddie Bressoud has three of the Red Sox' nine hits and scored their only run. That came in the third inning when the shortstop singled, advanced to third on another single by Carl Yastrzemski, and scored when Richardson fumbled Lu Clinton's grounder.

The Yankees got that run back in their half of the third when Ford was hit by a pitch, Tony Kubek beat out a bunt, Richardson bunted for a sacrifice and Tommy Tresh flied deep to Clinton.

Boyer's single following Skowron's two-bagger put the Yankees in front 2-1 in the fourth. New York made it 3-1 in the fifth on Richardson's double and Roger Maris' run-scoring single.

TWO BOYS OUT

Bearcats, Loop Play To A Tie

By LARRY LAWRENCE

GARDEN CITY — Garden City unveiled a fiery but somewhat over-anxious squad here Friday night as the Bearcats suffered from a penalty-plagued game and settled for a 12-12 tie with Loop's Longhorns.

Seven penalties cost the Bearcats 50 yards, called back numerous ground gains and nullified a touchdown that would have meant an opening-game win.

The eight-man squad also felt the sting of the loss of two first-team seniors. Wayne Low suffered a broken arm in a recent practice, and the letterman end will be out for the season. Rick Robertson, also an end, was sidelined with an injured hip. Coach Jack Woodley expects Robertson to recover in time for next week's tilt at Wellman.

Both Loop's touchdowns put it ahead, but the Bearcats came back to tie it up on each of their following possessions.

An opportunity to pull ahead came early in the second quarter when the Bearcats found themselves on Loop's two-yard stripe with a 6-6 score. Quarterback Dennis Seidenberger bullied over, only to be thrown back by an offside miscue. A backfield fumble and incomplete pass followed as the drive fizzled and Loop took over on its 11.

Scoring started in the first quarter as the Longhorns tallied on their first possession. Garden City failed to progress after taking the opening kickoff, and Loop took over on the GC 33. It scored four plays later as Sonny Evers climaxed a 47-yard drive on a two-yard plunge.

The Bearcats took the ensuing kickoff on their 30. On the first play from the line Seidenberger uncorked a pass to Gary Pagan, good for 50 yards and six points.

Neither squad made good its extra-point try and the score stood 6-6 at the half.

Loop opened the second half with another scoring drive—this time covering 45 yards in nine plays. Don Williams carried four times for 14 yards to fuel the move. Ronnie Kiser delivered the scoring punch on an end sweep from 11 yards out. A jump pass fell incomplete for the point after try.

Garden City took the following kickoff inside the visitor's 10. Three penalties faultered the drive, which ended on Loop's seven.

Loop regained possession as the quarter ended, and after three fruitless tries, fell to punt. The center's snap went wild and tackle Ricky Chandler recovered in the end zone for Garden City's second tally. Pagan was caught short on the PAT attempt.

Fourth quarter action from that point took place mostly between the 30-yard markers. The only first down registered came as Garden City made a final bid within the last 60 seconds of play. In four plays, Pagan gained 31 yards, but the clock killed the rally with the Bearcats resting on the Loop 18.

Defensive mainstays for the Bearcats included Hugh Schafer, Taylor Etchison and Jimmy Dubose.

Phils Recoil To Tip Braves

MILWAUKEE (AP)—The Philadelphia Phils frittered away a three-run lead on Roy Sievers' 20th homer in the first inning and then bounced back Saturday for a 6 victory over the slumping Milwaukee Braves.

A three-run rally in the sixth pulled the Phils from behind and was enough to hand the Braves their ninth defeat in the last ten games.

Russian Cagers Play In Lubbock

LUBBOCK—All-Star men's and women's basketball teams from Russia will meet the U. S.'s National A. A. U. All-Stars and the Hutcherson Flying Queens of Wayland College here Nov. 21.

Final arrangements were made at a recent meeting of the Lubbock Amateur Athletic Assn., sponsor of the series.

This will be the Russians' only stop in the Southwest. They open their seven-game schedule Nov. 8 in New York City.

In speaking of the upcoming series, Queens' coach Harley Redin noted that the Russian male squad will be "the best team Russia has ever had." He is doubtful of the women's chances.

YOUNG MAN

... proves to be just what the Vice-President ordered: a carbon copy of himself. Steadfast, solvent ... in his Cricketeer vested suit. Ours, tailored trimly and naturally, create just such an impression ... in fabrics, patterns and colors that handsomely up-date tradition.

RETAILERS! MERCHANTS! INCREASE YOUR PROFITS

$10,000-$15,000 A YEAR

THROUGH NATIONWIDE TRAFFIC BUILDER

One of the country's most unique promotional sidelines is now available in this area. Established retailers from coast to coast, operating in 40 states, have realized extra profits and increased traffic created through a sensational advertising approach.

Buy one get one FREE

NO LIMIT AT NO EXTRA COST

Through this offer consumers can buy one gallon or quart of top quality paint, and get one gallon or quart FREE. This free offer is at the manufacturer's expense. The offer is continuous and there is no limit. Customers can buy any amount for one low price, and get the same amount free. Example: When they buy five gallons, they get five gallons free. When they buy ten gallons, they get ten gallons free. When they buy 100 gallons, they get 100 gallons free. Average single gallon price — $6.98 per gallon. Gallon prices $4.98 up.

Mary Carter Paint Co., America's largest discount paint chain offers departmental franchises with this promotion to established retailers on an exclusive basis. Demand for these franchises is due largely to this unique advertising approach, but most of all, it is due to

Refundable Inventory Investment

in that any inventory in conjunction with this franchise, will be repurchased by Mary Carter Paint Co. in the event a retailer decides to discontinue the paint department. In addition, there is no franchise fee. From the first day this department is advertised, new increased traffic is created. Sales records and traffic counts of other franchises across the country are available for your investigation. During the grand opening (three days) the average Mary Carter paint department will serve between 300 and 500 customers, purchasing an average of $1,000. to $1,500. in paint products. The majority of these departments throughout the country gross over $35,000 annually. Stock turnover in excess of twelve times a year is common. Inventory amount is flexible, according to your needs.

Investigate today so you can examine the sales records of over 800 dealers now retailing Mary Carter products through this unusual advertising promotion.

Area Gains Two Explorers

Two wildcat locations were announced for the area Saturday, one in Sterling County and the other in Garza County.

The Garza test will check the Ellenburger at 8,200 feet about three miles south of Justiceburg. It is Ralph E. Fair No. 1 Justice Estate and will be three-fourths of a mile south of the lone producer of the Tobe (Wolfcamp, Strawn) field. Location is 330 from south and 990 from west lines, section 18-6-H&GN survey.

Jack B. Chase No. 1 Morgan is the Sterling project, an old well to be drilled deeper. Operator is going for the Wichita-Albany section at 4,500 feet. It is two miles southwest of Sterling City and the old total depth is 2,240 feet. Drillsite is 330 from south and west lines of section 1-T-T&P survey.

Socony No. 24 Owen-Chalk is a Howard-Glasscock field location in Howard County. It is 15 miles southeast of Big Spring on a 240 acre lease set for 2,450 feet. Drillsite is 2,220 from north and 1,090 from west lines of the east half of section 113-29-W&NW survey.

In Mitchell County, M. L. Melton No. 2 Elmo Daniel is a Turner-Gregory (Clear Fork) field project slated for a 3,000 foot bottom on an 80 acre lease. It is seven miles northwest of Westbrook and located 990 from south and 1,650 from east lines of section 26-29-T&P survey.

Other Mitchell County tests are Socony Mobil projects, the No. 70 and the No. 71 Mary Foster, both in the Iatan-East Howard field.

Both projects are on a 3,840 acre lease and will bottom at 3,000 feet. They are nine miles southwest of Westbrook. No. 70 is located 1,780 from south and 460 from west lines, section 9-29-1s, T&P survey. No. 71 is 660 from north and 1,980 from west lines of the section.

Seminar Slated

Chapter No. 25 of the American Right Of Way Association will hold its regional seminar Thursday in the Sands Hotel at Midland. Registration will begin at 8 a.m. and the program at 9 o'clock. All interested persons are invited to attend. Reservations may be made by contacting W. P. Langley at Midland.

COMPLETIONS

BORDEN

Superior Oil and Inlex No. 8 C. D. Jones flowed 171 barrels of oil, through 11-64 inch choke, no water, gravity 41.4 degrees, gas-oil ratio 339-1, tubing pressure 255 pounds, casing pressure packer, acidized with 250 gallons, total depth 8,341 feet, five inch casing at 8,240 feet and perforations between 8,714-19 feet. Location is C SE NE, section 580-97, H&TC survey. Completed as an old well plugged back for the Strawn in the Fluvanna field.

Superior No. 2-517 E. W. Lemons, Fluvanna (Strawn) field, pumped 25 barrels of 40.8 gravity oil on potential, 392-1 gas-oil ratio, acidized with 500 gallons elevation 2,711 feet, total depth 8,207 feet, top of pay 7,841 feet, seven inch casing set at 8,188 feet, perforations between 7,844-48 feet, location 660 from north and west lines, section 317-97-H&TC survey.

DAWSON

Santiago Oil and Gas No. 1 Coleman Dubose, C SW SW, section 5-34-3n, T&P survey, flowed 251 barrels of oil, through 14-64 inch choke, no water, gravity 37 degrees, gas-oil ratio 573-1, tubing pressure 375 pounds, casing pressure 895 pounds, acidized with 1,500 gallons, fraced with 50,000 gallons, total depth 8,746 feet, 5½ inch casing set at 8,736 feet and perforations between 8,242-483 feet. Completed in the Askerly (Dean) field.

Tidewater Oil No. 6-A Stokes, C SW NW, section 2-C-39, PSL survey, pumped 62 barrels of oil, 61 per cent water, gravity 34.4 degrees, gas-oil ratio 126-1, total depth 4,955 feet, 5½ inch casing at 4,950 feet and perforations between 4,904-09 feet. Completed in the Welch field.

Tidewater Oil No. 7-A J. F. Stokes, Welch field, pumped 126 barrels of 34.1 gravity oil, 11 per cent gas-oil ratio 98-1, total depth 4,939 feet, 5½ inch casing set at 4,939 feet, perforations between 4,906-11 feet, location 1,980 from north and west lines, section 2, C-39, PSL survey.

HOWARD

Amerada Petroleum No. 31 Dora Roberts, 990 feet from the south and 1,640 feet from the west lines of section 137-29, W&NW survey, pumped three barrels of oil, no water, gravity 32.3 degrees, acidized with 500 gallons, total depth 1,415 feet, plugged back to 1,392 feet, 5½ inch casing at 1,414 feet and perforations are between 1,336-54 feet. Completed in the Howard-Glasscock field.

Humble No. 2-8 M. M. Edwards, Snyder field, pumped 48 barrels of 29.9 gravity oil with 20 per cent water, gas-oil ratio 192-1, total depth 2,710 feet, 2 7-8 inch casing set at 2,700 feet, perforations between 2,594-642 feet, location 1,040 from north and 1,020 from west lines, section 32-30-1s, T&P survey.

MITCHELL

Texaco No. 2-B Mitchell Fee, Iatan-East Howard field, pumped 11 barrels of 25.6 gravity oil with 88 per cent water, total depth 3,400 feet plugged back to 3,363 feet, 2 7-8 inch casing set at 3,400 feet, perforations between 3,283-337 feet, acidized with 250 gallons, location 990 from south, 2,310 from west lines, section 39-29-1n, T&P survey.

STERLING

H&H Trustee No. 1 Sarah Bade Estate has been abandoned and plugged as a failure. Operator reports the bottom of the hole at 4,621 feet. The prospect was in section 16-22-H&TC survey.

Less Money Going Into Oil Leases

HOUSTON (AP)—Oil and gas operators poured less money into acreage leases the last two years.

Acreage held in proven areas has increased by large chunks in nonproductive and unexplored areas have been released.

Operators had 424 million acres under lease in 33 states at the end of 1959. A two-year decline dropped the total to only 404.5 million.

The decline points up oversupply problems which have plagued the industry.

Many operators have cut wildcat operations sharply.

Only 9,050 wildcats were drilled last year compared to 10,073 in 1959.

Productive acreage under lease at the end of 1961 exceeded 26.5 million acres, an all-time high.

Non-productive leases dropped a second straight year, totaling only 378 million acres compared to 396 million a year earlier.

The totals were disclosed by the Independent Petroleum Association of America.

Six new states, South Dakota, Arizona, Alaska, Nevada, Washington and Maryland have been added to the list of oil and gas lease states since 1951.

Eight states had less acreage under lease at the end of 1961 than in 1951. They were Florida, Illinois, Kansas, Kentucky, Montana, New York, North Dakota and Virginia.

Active Rig Total Drops

Reed Roller Bit Co. counted 229 rotaries making hole Friday in the Permian Basin, down from the previous week's count of 243. This time last year 250 rigs were in operation in West Texas and Southeast New Mexico.

Lea County, N. M., with 41 active units, continued as the most active area in the basin.

The county-by-county survey, with previous totals in parenthesis, includes:

Andrews 14 (15), BORDEN 1 (1), Brewster 1 (1), Cochran 1 (1), Coke 1 (3), Concho 0 (1), Crane 16 (14), Crockett 2 (4), DAWSON 13 (13), Ector 16 (15), Eddy 4 (9), Fisher 13 (13), Gaines 12 (12), GARZA 1 (1), GLASSCOCK 1 (1), Hockley 2 (4), HOWARD 5 (5), Kent 2 (0), Lea 41 (38), Loving 5 (2), Lubbock 1 (1),

Lynn 1 (1), MARTIN 6 (7), Menard 1 (1), Midland 5 (6), MITCHELL 1 (0), Nolan 1 (4), Pecos 13 (13, Presidio 1 (1), Reeves 5 (7), Roosevelt 2 (2),

Runnels 7 (8), Schleicher 3 (2), Scurry 4 (4), STERLING 3 (1), Stonewall 1 (2), Sutton 2 (0), Terrell 1 (2), Terry 2 (3), Tom Green 0 (1), Upton 6 (5),

Val Verde 2 (2), Ward 5 (7), Winkler 2 (3), Yoakum 3 (7), TOTALS 229 (243).

Penn Oil, Gas Flows Again

Pennsylvanian oil and gas flowed again in an Ector County wildcat, Blair & Price of Midland No. 1 Moss.

Gas surfaced at the rate of 1,020,000 cubic feet daily in seven minutes during a one-hour test at 9,068-9,140 feet. Fluid came to the top in 26 minutes and oil in 30 minutes. The flow was estimated at 50 barrels of oil hourly.

Operator reversed out 126 barrels of 37-gravity oil. Flow pressure was 1,250-2,135 pounds and 1½-hour final shutin pressure was 3,650 pounds.

The 13,500-foot Ellenburger project now is drilling below 9,171 feet.

A Pennsylvanian test at 9,070-9,110 feet flowed oil at the estimated rate of 45 barrels an hour.

Location is 11 miles west of Odessa in the shallow Harper field and 660 feet from north and east lines of section 34, block 44, T-2-S, T&P survey.

* * *

Jake L. Hamon of Midland and associates have announced plans to drill three Permian Basin projects.

Hamon and United States Smelting, Refining & Mining Company will drill an east offset, No. 1 Wright, to the one-well East Gladiola (Devonian) field of Lea County, New Mexico.

The 12,200-foot venture is 15 miles northeast of Tatum and 1,980 feet from east and 660 feet from south lines of section 34-11s-38e.

Hamon and Champlin Oil & Refining Company have scheduled a ⅝-mile northwest outpost, No. 1 Mitchell, to the two-well Spade Farms (Strawn) field of Hockley County.

Site is 12 miles northeast of Levelland and 660 feet from north and west lines of labor 20, league 723, State Capitol Lands survey. Contract depth is 10,200 feet.

Hamon and associates have staked a ½-mile south offset, No. 3 Parker, to the North Andrews (Ellenburger) field of Andrews County.

Meeting Held On Oil Cases

TYLER, Tex. (AP)—A private meeting concerning future handling of federal court civil suits pertaining to directional drilling practices in East Texas oil fields was held in Tyler Friday.

The meeting was attended by U.S. Dist. Judge Joe Sheehy and several of the attorneys and principals in the more than 10 oil suits already on file in federal court.

No official announcement was made concerning topics discussed.

The gathering was a "judge's chamber" meeting, but the size of the crowd caused it to be moved into the courtroom.

In connection with the oil suits, the U.S. district clerk's office here announced all directional drilling cases originally scheduled for the September-October court session have been postponed.

This action, a spokesman said, was in order to give attorneys more time for preparing their cases.

Other than the issuance of restraining orders against certain defendants in various cases, no court action has yet been taken in any of the suits.

Injunction hearings have been scheduled in several of the cases, but all were postponed, usually by mutual agreement.

Among those postponed was one scheduled for today. It was a suit brought by Pan American Petroleum Corp. alleging more than $80,000 damages from directional drilling and listing a number of defendants.

Cosden Tests Oil, Salt Water In Andrews County Wildcat

Cosden Petroleum Corp. has drillstem tested shows of oil and salt water in the Devonian in its Andrews County wildcat, No. 1 Parmer County School Land Fee.

Recovery was 270 feet of 44.5-gravity oil and 11,730 feet of salt water after a 7½-hour test at 12,696-12,746 feet. Gas surfaced in 5½ hours, with the volume too small to measure. No pressures were reported. It now is bottomed at 12,746 feet, preparing to run logs.

Location is 16 miles northeast of Andrews, 4½ miles west of the Glasco (Devonian) field and 660 feet from south and west lines of labor 24, league 316, Parmer County School Land survey.

* * *

Robinson Drilling Co., Colorado City, No. 1 Bilby Wallace has been completed as an east offset to Kent County's four-well Clairemont (Strawn) field.

It pumped 152 barrels of 35.5-gravity oil daily from perforations at 6,550-66 and 6,576-86 feet, which had been fractured with 20,000 gallons. Gas-oil ratio was 400-1.

The re-entry, formerly operated by William C. Blanks & Associates, is four miles southeast of Clairemont and 660 feet from north and west lines of section 38, block 98, H&TC survey.

* * *

Jim Thomas of Dallas has completed a lower Jennings discovery, No. 1 Lillie Winchester, in Runnels County's North Elm Creek field.

It rated a calculated flow of 6,050,000 cubic feet of dry gas daily from perforations at 4,042-52 feet.

The 4½-inch casing is set at 4,130 feet on a total depth of 4,132 feet.

The gasser is ½ mile east of Hatchell and 467 feet from south and west lines of Henry G. Bliss survey 525.

* * *

Wildcats have been scheduled in Fisher and Irion Counties.

Dugger & Herring and Keith Wells of Abilene will re-enter a 6,523-foot Fisher County dry hole, No. 1 W. A. Clements, and clean out to 3,900 feet for tests of the Noodle Creek.

It spots 7¼ miles northeast of Rotan, 3⅝ miles east of the Rough Draw (Noodle Creek) field and 660 feet from south and 1,980 feet from east lines of section 303, block 2, H&TC survey.

Texaco Inc. will drill a 1,370-foot Irion County San Angelo wildcat, No. 1 J. M. Winterbotham Jr., nine miles southeast of Mertzon.

Location is five miles southwest of the Dove Creek (San Angelo) field and 660 feet from south and east lines of section 3, GC&SF survey.

* * *

Earnest A. Hanson of Roswell has filed application to drill a 2,750-foot Chaves County, N. M. wildcat, No. 1 Ninemile-State, 15 miles southeast of Hagerman. Site is three miles east of an undesignated San Andres field 660 feet from south and west lines of section 33-14s-28e.

How does he pass the hours?

Waiting . . . watching . . . standing guard . . . fighting loneliness—that's the tempo for today's GI in this cold war of tension and tedium. Then think what it means to a GI to have a USO nearby . . . bringing a homey touch . . . a spiritual lift . . . the relaxation, which the USO gives to GI's . . . wherever they are.

But there are over 2,750,000 Americans in uniform today. The USO tries to reach all of them. But, due to the ever-present lack of funds, many GI's are being deprived of that measure of home the USO offers—the reassurance that the folks back home do care. Help the USO, so no GI will ever have to wonder—even for a minute . . .

"Does anybody know I'm here?"
Support the USO through United Fund or your Community Chest.

You can't wear out the 'Perk'!

A coffee percolator has no moving parts to wear out . . . and neither has a SUN VALLEY* All Year GAS air conditioner! It uses the same trouble-free principle . . . cooling your home by the movement of liquids and vapor . . . utilizing a silent gas flame in a pressure-free system. No other central air conditioner offers you this advantage of NO MOVING PARTS in the cooling cycle! Which is why no other central air conditioner can compare to the SUN VALLEY* for ECONOMY OF OPERATION, TROUBLE-FREE MAINTENANCE and LONG LIFE-EXPECTANCY. You get cooling AND heating; cleaning, filtering and circulation of the air, PLUS dehumidification . . . all from one unit! Right now's the time to air condition your home for 365 days a year of COMPLETE INDOOR COMFORT with a SUN VALLEY* All-Year GAS air conditioner!

County Commissioners Set Budget Hearing Monday

Any citizen interested in Howard County's budget for 1963 is invited to attend a hearing at 10 a.m. Monday in the Commissioners Court Room at which time the budget will be reviewed and approved.

The total amount set up in the budget is $1,038,984.97 which is $98,492.56 greater than the budget for the current year but materially less than the 1961 budget when the amount was $1,616,650.31.

Total receipts for the county for the 1963 year have been estimated at $981,584.97. Beginning balances are $47,400 which provides total resources equal to the amount set up in the budget.

Ad valorem taxes will supply $567,100 of the total—an increase of $27,820 over collections in 1962. Delinquent tax collections will provide $11,550, which is $1,700 more than for the current year. Other receipts will run $402,934.97 which is an increase of $22,172.56 over the present year.

ABOUT THE SAME

Basically the new budget is about the same as this year.

One feature is a plan to increase the salaries of the bulk of all office deputies in the court house by $15 a month.

It has been said at the court house only the deputies in the court house offices would be given pay raises.

The road and bridge fund, however, lists $155,000 for road and bridge crew wages as compared with $15,600 for the present year. At the same time the budget moves the salaries of three assistants to the county engineer into the administrative division—which makes $19,842 more money in the wage fund for the maintenance department. These wages have always been in the other fund heretofore. This plus the $3,400 in the salary item would make about $21,000 more money for wages than was allocated this year. The budget does not call for any increase in the pay of any elective official. Two other increases are $25 a month pay boosts for the secretary to the county judge and for the secretary to the county attorney.

SAME TAX RATE

Tax rate for the new year will be the same as this year—$1.07. However, one cent has been taken from the permanent improvement fund and added to the jury fund. This does not change the amount of the levy but re-shifts the allocation of funds.

Twenty-eight cents of the levy goes to interest and sinking fund debt.

The county owes $1,275,000 in bonded indebtedness. Of this total $613,000 are court house and jail bonds, (two issued); $450,000 are airport bonds; $77,000 are 1954 road bonds and $135,000 are the 1961 road bond issue.

Funds set up include $38,050 for the jury fund, which is almost $7,000 more than was allocated in 1962. An item in this fund, different from the one for the current year, is an allocation of $5,700 for the court reporter's salary. This is a $300 increase over last year.

The district court will have about $5,000 more in its jury fund in 1963 than it had in 1962 and the county court about $1,000 additional for jury operations.

ROAD FUND UP

Road and bridge fund, one of the major items in the county budget, has $352,000 earmarked for its 1963 use. This compares with $346,420 for the current year.

The general fund is up about $5,000. It's 1963 total is $162,000 compared with $157,000 for the present year.

The county auditor's office total is down $100 from this year and maintenance fund is up nearly $3,000 over this year's total.

The miscellaneous fund is up around $300. Election funds are $200 less than they are this year and there is a $300 hike in the funds earmarked for the district attorney's office.

Juvenile officer department has been increased $320—mostly to augment travel funds. The charities fund is down about $1,000.

The county agent's office is to get about $1,000 additional money and capital outlay is earmarked for $100 more than for this year.

Officer salary fund is about $13,000 up to absorb salary increases and at the same time allow for an extra deputy in the county clerk's office and in the district clerk's office.

FUND UP

The sheriff's fund is up nearly $3,000 from $65,000 to $67,910. No deputy pay increases is indicated for this office.

The county judge's office budget is down $240 and the county attorney's budget is up about $350.

County treasurer's office shows a decrease of $130 but the office of justice of the peace, Place No. 1, shows an increase of $650. This indicates an increase in his secretary's salary from $500 to $1,200. The budget for justice of peace, Place No. 2, is about $160 lower. The Coahoma justice of peace is to be allowed $1,270 as compared with $770 for this year—for the reason the salary has been increased from $720 a year to $1,200.

Constable's office, No. 1, shows the same total as this year—$1f. The same allocation is made for constable, Place No. 2.

Forsan has asked for a justice of the peace and constable. The budget shows a total of $11 slated for the year for each official.

A cut of $2,200 is made in the permanent improvement fund from $1,700 to $5,200.

The county library has a $300 smaller budget for the year than it now has.

Airport operations is increased from $7,200 to $8,422.

Other funds for the most part are unchanged for the new year.

Jennings Selected For Tech Position

LUBBOCK—Leo Jene Jennings, formerly associated with the University of Arkansas, has been named assistant dean of men in charge of supervising the men's residence halls at Texas Tech.

Jennings succeeds Robert J. Hilliard, who has been assistant dean of men at Tech since 1959. Hilliard will begin work on his Ph.D and supervise a men's residence hall this fall at Washington State University.

A native of Harrisburg, Ark., Jennings has been assistant supervisor of housing at the University of Arkansas since 1957.

He received the B.S. in business administration and the M.B.A. degrees from Arkansas. While an undergraduate student, he was president of the Wesley Foundation, treasurer of Arnold Air Society and a student counselor in a freshman dormitory.

May Have Record

Reports from around the nation substantiate the belief that Webb AFB established a record for the long Labor Day weekend. Although base personnel were on the highways of most of the adjoining States, not a single accident by Webb personnel had been reported to Webb. For weeks prior to the long holiday weekend, Ground Safety, headed by Weiland W. Brown, cautioned base personnel of the hazards that could be expected, and how to overcome them.

DEAR ABBY

Extricate Yourself

DEAR ABBY: I go with a girl (we are not officially engaged) but I am very obligated to her, if you know what I mean. Whenever there is an office party where I work she wants me to take her. There are some cute girls working here and I would rather not bring a "date" as it cramps my style. I'm sure I don't have to draw you any pictures, Abby. How can I get out of taking my girl? She always knows about the office parties because she's friendly with a girl who works here.

STYLE CRAMPED

DEAR STYLE: Taking your "girl" to a party when you'd prefer to be unencumbered is like going hunting with the game warden. Extricate yourself from your "girl" by becoming less "obligated" (and YOU know what I mean) and enjoy your freedom.

* * *

DEAR ABBY: What do you think of people who have the nerve to ask a woman what her plans are even before her husband is put away? My husband passed away suddenly and several people called on me. One asked, "What are your plans for the future? Do you expect to move away or will you stay here with all these memories?" Someone else asked me if I planned to sell my house. And if I did, how much would I ask for it. Someone else asked me how much insurance I was left. How do you answer people like them?

SICK WITH GRIEF

DEAR SICK: They don't deserve answers. Just tell them you have no plans and walk away to let their cruel questions echo in their ears.

* * *

DEAR ABBY: I am 30 years old and am divorcing my husband for the third and last time. We have two children. One is 9 and still wets the bed. The other is 7 and stutters so badly the teachers can't understand him. The doctor said both boys are "emotionally disturbed" because of the disharmony at home. I think this is a lot of bunk because they were too young to know what was going on. Besides, I never called my husband names in front of the children and he never hit me while they were awake. If there is any truth to what the doctor says, please explain it.

DOESN'T UNDERSTAND

DEAR DOESN'T: Volumes have been written about how a troubled home can affect the emotional development of the children. Believe me, there IS a connection. Take your cue from your doctor.

* * *

Unload your problem on Abby. For a personal reply, send a self-addressed, stamped envelope to ABBY, care of the Big Spring Herald.

* * *

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

BOOSTING SALES, Mrs. Ed Swift displays a poster, which will be used during the Big Spring Concert Association membership drive. Also, she displays a brochure on the Dallas Symphony Orchestra's conductor, Donald Johanos.

WELCOMED as new members, Mrs. Ken Perry and Dr. Charles Rainwater, left and right, converse with Mrs. Clyde Angel, president, during a meeting at the James Duncan home.

WOMEN'S NEWS

Big Spring Daily Herald

SECTION C

Big Spring, Texas, Sunday, Sept. 9, 1962

BY

THE BIG SPRING CONCERT ASSOCIATION

Launching the 1962-'63 concert season for Big Spring, will be the membership drive and ticket sales, which blasts off Tuesday. The season's program will be projected into orbit when the National Ballet of Canada performs at the municipal auditorium Oct. 16; the theatre will be represented by Basil Bathbone, appearing on Nov. 5.

Continuing, there will be an evening with the First Piano Quartet, Feb. 15; and the Dallas Symphony Orchestra, March 19.

The Canadian ballet is considered by many to be the finest company on the North American continent today. Mr. Rathbone, a distinguished actor of stage, screen and television, is known as one of the foremost thespians of the day. America's only piano quartet, William Gunther, Edward Edson, Adam Garner and Frank Mittler, is acclaimed as one of the miracles of the musical world. Needing no introduction to Texas music lovers, the Dallas Symphony is directed by Donald Johanos, recognized as a conductor of stature in the symphony world.

Admittance to these performances will be by membership only. Tickets may be purchased from board members of the Big Spring Concert Association, headed by Mrs. Clyde Angel. Other officers are Mrs. James Duncan and Mrs. Ed Swift, first and second vice presidents, membership chairmen; Dr. J. H. Burnett, third vice president, program chairman; Mrs. J. C. Pickle, secretary, and Mrs. Jim Zack, treasurer.

MRS. HASKELL BROWNING JR.

Matrimonial Vows Are Said At First Baptist

The marriage vows exchanged between Miss Shirley Ann Watson and Haskell Browning Jr. were solemnized Friday evening at 8 o'clock in the First Baptist Church. The double ring rites were read by the Rev. Robert F. Polk, before altar arrangements of palms and gladioli.

Nuptial music was provided by Jack Hendrix at the organ. Miss Suzanne Compton, vocalist, sang "The Lord's Prayer."

Parents of the couple are Mr. and Mrs. Berry B. Watson, 3916 Hamilton, and Mr. and Mrs. Haskell Browning, Charleston, W. Va.

Mr. Watson gave his daughter in marriage. She wore a gown of Chantilly lace and organza. The full lace skirt, extending into a sweeping train, featured an organza overskirt, adorned with small nosegays at the draped hemline. The molded bodice was styled with a scalloped neckline and long tapered sleeves. Her full veil of illusion, margined in lace, was secured with a jeweled tiara. She carried white feathered mums, centered with a white orchid.

Miss Sharon Ann Whetsel was maid of honor. Her dress of tinted green, polished cotton was matched with an over-skirt of net. She wore a small sequined hat, with abbreviated veil, and carried a nosegay of mums.

Paul Monks was best man. Ushers were Don Vaughn and John Whetsel, who also lighted the tapers.

RECEPTION

A reception was held at the home of the bride's parents, with the honored couple, their parents and the attendants in the receiving line. Mrs. Bob Darland was in charge of the register.

Spread with white linen cloth, the refreshment table featured a bouquet of white flowers and greenery. The three tiered cake was encircled with a bridal wreath, and crowned with bride and groom figurines.

Those who served in the house party were Mrs. Don Brooks, Mrs. Jimmy Kelley and Mrs. Ed Lawson.

WEDDING TRIP

Leaving on their wedding trip to an undisclosed destination, the bride chose for travel a beige silk ensemble and matching accessories. She wore the orchid from her bouquet. Returning to Big Spring, they will make their home at 204 Lockhart.

The bride is a student at Big Spring High School. The bridegroom, a graduate of Nitra, W. Va. schools, is with the 3560th MS Group at Webb Air Force Base.

'ROUND TOWN

With LUCILLE PICKLE

Developments of the past week have quickened the tempo of activities around the home of MR. and MRS. JESSE L. COKER, who have learned they are to be transferred to Indonesia within six weeks. Mr. Coker is an employe of Shell Oil Co., which is sending him to Djakarta, Java. Daughter, ALICE, is to remain here in Big Spring, and will make her home with the E. E. EVERETT family. When she completes her last year of school, next spring, she will join the family. She plans to teach ballet again.

The Cokers have just recently returned from Dennison, where they spent the summer, managing her brother's business, while he was in Mayo Hospital for brain surgery. Upon their return here, their son and his family, MR. and MRS. JESS R. COKER and Kelly, visited from Houston.

In these remaining weeks the Cokers are expecting to purchase new summer wardrobes, sell their cars and a house and dispose of all the other paraphernalia families accumulate which they can't take with them.

* * *

MR. and MRS. ELMER ATWOOD and MR. and MRS. JOHN JOHNSON of Belen, N. M., have recently visited the W. F TAYLORS en route to the gift show in Dallas. The WAYLAND TAYLORS and their children, Fenn, Terry and Susan, of O'Donnell, have also visited with his parents and John Taylor and his family.

* * *

MR. and MRS. TOMMY FARQUHAR are in Montreal, Canada, where he is attending a convention for machinists. They will be away two weeks.

* * *

A guest in the home of the GEORGE McALISTERS is her mother, MRS. CONA SHIPP of Dallas.

* * *

MR. and MRS. L. L. (RED) LEWIS and their daughter, Carolyn Sue, have returned from a short trip to Fort Worth and Decatur.

* * *

MRS. CHARLES WEBB and her young son are visiting in the home of her parents, MR. and MRS. K. H. McGIBBON. She plans to return to her home in Bloomington, Ind., the latter part of the week.

* * *

MR. and MRS. RAY C. NICHOLS are in Red River, N. M., for a few days.

* * *

JANET CARPENTER has returned to her work in Tulsa, Okla., after spending several days here with her parents, MR. and MRS. HENRY CARPENTER. Her stay was prolonged slightly due to the heavy rains that held up plane flights.

* * *

The M. C. STULTINGS are in San Angelo to spend the day with her mother, MRS. MARY ELLIS who is a patient in the Baptist Memorial Hospital.

* * *

MRS. WILLIE RAMSEY, Washington, D.C., is visiting in the home of her niece, MRS. FRED BECKHAM, and with MR. FRANK RAMSEY of Westbrook. Other visitors in the Beckham home have been MR. and MRS. FRANK RAMSEY and daughter, REBECCA, of El Campo. Rebecca will enroll at Texas Tech.

Mr. Stagner Visits Forsan Residents

FORSAN (SC)—The Rev. and Mrs. J. M. Stagner, Commerce, were here for a brief visit with Mr. and Mrs. Jesse Overton and family.

Guests of Mrs. H. H. Story have been her daughter and families, Mr. and Mrs. Ike Pfarmer, Dallas, Mr. and Mrs. Robert Stroms, Alpine.

Guests of Mr. and Mrs. S. J. Willis and boys were Mr. and Mrs. Minus Wright and children, Midkiff, and Mrs. Bill White and children, Artesia, N. M.

Mr. and Mrs. Jimmy Anderson have returned to their home in Austin after a visit here with his parents, Mr. and Mrs. John B. Anderson and Nancy.

Dallas Residents Are A. P. Oglesby Guests

FORSAN (SC) — Visitors with Mr. and Mrs. A. P. Oglesby have been Mr. and Mrs. J. M. Leonard and Gayle, Dallas, and Mr. and Mrs. Albert Oglesby, Odessa.

Phil Moore, Midland, will be a Sunday visitor in Forsan.

Mrs. Don Sanders and son of Austin, and Mrs. Jimmy Hagar and girls of Pecos plan to be here over the weekend with Mr. and Mrs. S. C. Cowley. Mrs. Cowley was dismissed from a Big Spring hospital after a two-week stay as a surgical patient.

People-Eater Editors Are Cinema Conceived

By KATHLEEN DOZIER

Although she has many times wished herself so, your women's editor is no genius. Neither is she a cantankerous, people - eating ogre, consuming those meek and timid souls, who for the first time are trying their hands at news reporting. She is simply a plain, ordinary woman with a job to do and the desire to do it to the satisfaction of readers and employer, alike. She likes people and what they are doing.

That woman who handles your reports is also concerned with many other similiar stories, social events, feature articles, Jacquelyn's latest tour, fashions, food, art work, layouts, deadlines, conferences, adherance to style and policy as set forth by superiors, public relations and occasionally matters of personal interest.

Each September, following a summer recess, clubs, societies, circles, associations, federations and other organized groups come to life. Getting into the full swing of things, they begin plans for social events, projects, programs, etc. which continue into the winter and spring.

To each of these groups, publicity can prove either helpful or harmful. Securing the ultimate in publicity, depends greatly upon the person designated to do the job of reporting.

Alert to the functions of her organization and to such events which might be newsworthy, a good reporter or publicity chairman will endeavor to make this known in a clear, concise and accurate account, submitted promptly to the news editor. She will welcome such reports.

GOOD REPORTING

It is suggested that these reporters make note of the following rules:

1. Time is a valuable commodity. Begin with all facts—who, what, where, when and why. Have names correctly spelled and given in full. If women are married, then their husband's name or initials are used. When material is compiled, then it is ready to be given to the editor.

2. A meeting should be reported to the Women's Department of the Herald as soon as it has taken place, or on the following morning. Occassionally, a story can be given in advance, which insures proper coverage and space for publication.

News items should never be held over just for the sake of having them appear in the Sunday edition. A party or meeting, held at the first of the week, ceases to be news by the end of that week. It will likely be given little or no space, as a result. The newer an article is, the better chance it has of being printed should there be limited space.

3. Another element of time which all reporters must observe is the deadline, or limit of time for accepting news. Stories should be called or brought in to the Women's Department before 10 a.m. on the morning that the news is to appear in the paper. Long articles should be in earlier than 10. If a picture is to be used on Sunday, it should be in the office by Thursday afternoon.

Questionnaires for brides are furnished to brides - elect and should be completed and submitted at least two days before the wedding.

SEEK OUT FEATURE

4. Routine business may not rate much space in the published story, but if a club is working on a special project, it may be developed into a feature story—that is what a news reporter searches for at all times.

For the calendar, which is published every Sunday, regular meetings are announced as they are scheduled in the office. Any change in the date, time or place, or any unusual announcement to be made about such sessions should be called to the editor's attention by Thursday preceding the Sunday on which it is to appear in the paper.

5. If the reporter wishes to turn in a written report, she should either have it typewritten and double spaced, or make certain that the penmanship is legible. Often there is difficulty in reading reports written in longhand.

OBSERVE THE RULES

Observance of these simple rules will make for good relationships between the reporter, her organization and the local woman's editor. Also, the reporter will find that her job is rewarding in that good publicity leads to increased interest, better scrapbooks and perhaps a growing membership.

Mrs. Strickland Is Given Shower

FORSAN (SC) — Mrs. Delbert Strickland was honored recently with a stork shower in the Fellowship Hall of the Forsan Baptist Church.

Hostesses were Mrs. Doyle Whetsel, Mrs. Vera Harris, Mrs. J. M. Creig, Mrs. Henry Park, Mrs. C. L. Draper, Mrs. P. R. Stroud, Mrs. L. T. Shoults and Mrs. John Kubecka.

The refreshment table, covered with a white cloth with bands of gold thread border, was centered with a styrofoam pedestal and an arch. Pink booties were placed under the arch and surrounded by baby toys and flowers.

James McCoys Are Visiting Parents

STANTON (SC)—Mr. and Mrs. James McCoy, Houston, are visiting in the home of their parents, Judge and Mrs. Jim McCoy.

Judge and Mrs. McCoy spent the Labor Day holiday in the home of Mr. and Mrs. C. O. Welch. The James McCoys were also holiday guests in the Welch home.

Mr. and Mrs. Don Keaton and Mr. and Mrs. D. B. Keaton were holiday guests in Kermit in the home of Mr. and Mrs. Wayne Keaton.

Mr. and Mrs. Joe Holland and family were recent Big Spring visitors.

Cheese Proportions

You can add as much as one cup finely grated cheese to one cup thin or medium white sauce.

Mrs. Weaver Is Shower Honoree At Cole Home

Mrs. James Weaver, the former Miss Beatrice Hobbs, was honored with a bridal shower Friday evening in the home of Mrs. Leon Cole. Other hostesses were Mrs. John Neiswanger, San Angelo, Mrs. W. T. Chrane, Mrs. L. C. Murdock, Mrs. Harvey Hooser and Mrs. Lawrence Robinson.

In the receiving line were the honoree, her mother, Mrs. Jewell Hobbs, the bridegroom's mother, Mrs. C. M. Weaver and Mrs. Cole.

The refreshment table was covered with a white lace cloth enhanced with white satin streamers and centered with white and silver wedding bells.

The honoree wore a powder blue brocade dress with matching accessories and a corsage presented to her by the hostess.

Mrs. Vera Harris Entertains Group

FORSAN (SC)—Mrs. Vera Harris entertained a group in her home Thursday evening. Attending were Mr. and Mrs. Don Murphy, Steve and Mike, who have recently returned from Camp Polk, La., and Mr. and Mrs. Fran Bordofske, who have also returned from the camp. Also Mrs. Clara Mae Fletcher who spent the summer in Bryan and Mr. and Mrs. Darrell Flynt of Elbow.

Miss Moore Bride Of Horace E. Hamilton

A wedding arch of white asters and greenery, with a basket arrangement of white gladioli and asters, formed an altar setting for the wedding of Miss Wenona Allene Moore and Horace Elmer Hamilton. Vows were exchanged Saturday evening at 6 o'clock in the Southside Church of Christ with Paul Keele Jr., officiating.

Parents of the couple are Mr. and Mrs. J. W. Moore, Sand Springs, and Mr. and Mrs. Horace Elmer Hamilton, Big Spring.

Lester Baize and Randall Morton sang "Whither Thou Goest" and "I Love You Truly."

Given in marriage by her father, the bride wore a gown of white Chantilly lace over satin, fashioned with waltz length, tiered skirt, and scalloped neckline and hem. She carried a white Bible and a bouquet of white stephanotis, centered with a white orchid.

Mrs. Billy Battle was matron of honor. Her dress, of blue nylon chiffon, was worn with white accessories and a corsage of white flowers.

Lanny Baize was best man. Ushers were Don Fuller and Charles Key.

RECEPTION

Guests were received afterward in the old Student Union Building at Howard County Junior College. They were served from a refreshment table, spread with lace over a blue cloth. The blue and white frosted, three tiered cake was topped with bride and groom figurines. Mrs. Fred McDowell presided at the guest register.

WEDDING TRIP

For their wedding trip to San Antonio, the bride wore a powder blue sheath and matching jacket. Her accessories were white, and she wore the orchid from her bouquet.

They will make their home in Austin, where he is a student at Texas University.

A graduate of the Coahoma schools, the bride attended HCJC, and until recently was employed with Truman Jones Motor Co.

MRS. HORACE ELMER HAMILTON

Hamilton, a graduate of Big Spring schools, attended HCJC before going to TU.

OUT OF TOWN GUESTS

Among the wedding guests were those from Stanton, Lorraine, Midland, Colorado City, Abilene, Gatesville and from Plain Dealing, La.

REHEARSAL DINNER

A rehearsal dinner was given for the bridal party Friday evening at the home of the bridegroom's parents, of Mr. and Mrs. Hamilton.

The buffet dinner was served from a table, covered with a white linen cloth, and centered with pink and orchid flowers, in keeping with the bride's chosen colors.

During the evening gifts were received by the attendants.

CAFETERIA MENUS

BIG SPRING SCHOOLS

MONDAY: Hamburger patties with gravy, mashed potatoes, English peas, hot rolls, gelatin cubes with marshmallow whip and milk.

TUESDAY: Hot dogs with coney sauce on buttered buns, pinto beans, mixed greens, fresh grapes for elementary schools, banana cream pie for high school, and milk.

THURSDAY: Oven-fried chicken, rice with gravy, Brussels sprouts, grapefruit sections with orange slices, hot rolls, white cake with butterscotch icing and milk.

FRIDAY: Meat balls and spaghetti with tomato sauce, green beans, pear salad, hot rolls, chocolate pudding and milk.

COAHOMA SCHOOLS

MONDAY: Meat loaf, lima beans, creamed potatoes, peach halves, applesauce cake, bread and butter and chocolate or white milk.

TUESDAY: Beef pie with vegetables, cantaloupe slices, tossed greens, fried raisin pie, biscuits and butter and chocolate or white milk.

WEDNESDAY: Chicken a la king, spinach with eggs, celery sticks, sliced tomatoes, bread and butter, chocolate cake and chocolate or white milk.

THURSDAY: Ham sandwiches, lettuce and tomatoes, grapefruit sections, bread and butter, French fries, muffins and chocolate or white milk.

FRIDAY: Corn dogs, pinto beans, tomato and lettuce salad, carrot sticks, corn bread, onions and chocolate or white milk.

Appointment Is Received By Mrs. Rowland

Mrs. W. D. Rowland has been named to the State Educational Department of the Texas State Real Estate Association. The appointment was made by E. T. Compere Jr., Abilene, president of the TSREA.

A meeting is scheduled today at the Granada Hotel, San Antonio, for planning the educational program to be carried out by the TSREA during 1963.

Mrs. Rowland is among those attending from this area.

Mrs. Franklin Is New Circle Leader

Ten members of the Esther Circle, Kentwood Methodist WSCS, elected new officers Tuesday morning at the church.

Those elected were Mrs. Tommy Franklin, chairman; Mrs. Bob Rybolt, vice chairman; Mrs. Don Baker, recording secretary and treasurer; Mrs. Wayne Parmenter, telephone chairman.

The next scheduled meeting will be Sept. 17 at the church. A guest will speak on volunteer service at the VA Hospital.

District TFWC Event Scheduled At Andrews

Western District of Texas Federation of Women's Clubs has scheduled its initial board meeting and workshop for the new term Saturday, September 15, in Andrews.

The session begins with registration and coffee, from 8:30 to 9:30 a.m. at the Means Memorial Methodist Church, with the Andrews Study Club as host.

Representatives of the women's organizations will attend from El Paso, east as far as Big Spring.

Registration is $3.50, including a luncheon at the Andrews Country Club. Mrs. Billy Grimes, 1218 NW 13th Street, Andrews, is handling financial arrangements. Deadline for notification is September 12.

"A Challenge for Growth in a Changing World" is the district theme for the 1962-63 term, according to district president, Mrs. P. B. Storie of Andrews.

Included in the morning agenda is an executive committee meeting at 8:45 o'clock, briefing sessions for club presidents, and department and division chairmen, and the general assembly at 9:45 o'clock.

Mrs. L. E. Dudley, past president of Texas Federation of Women's Clubs, is slated to offer the keynote address under the title "Plan Your Challenge." Although living in Abilene, located in the Mesquite District, Mrs. Dudley was at one time named an honorary member of Western District.

At noon, delegates will adjourn to the Andrews Country Club for a luncheon. Official introduction of state officers and past presidents will be made at that time. This portion of the meeting will feature a skit by members of Andrews Study Club.

The afternoon roster begins at 1:45 o'clock, with discussion of state projects and funds within the organization. Among these are Headquarters Endowment, Headquarters Maintenance, Penny Art, Musical Penny, and Care-Literacy. The project for the Western District is a scholarship.

Other items for the afternoon are talks on Leadership, Mother of the Year, Teacher of the Year, Community Achievement, Outstanding Club Program, Press Books, Club Written Reports, and Club Oral Reports. Adjournment is set for 3 p.m.

Mrs. Norman Smith of Andrews is serving as general chairman for this Western District Workshop and board meeting. All members of federated clubs are eligible to attend the Saturday meeting.

Douglas Circle Has Program On Mission Study

The Douglas Circle of Baptist Temple gathered Thursday evening in the home of Mrs. Stanley Harbin for a chapter on mission study.

Mrs. Ernest Barbee presented the chapter entitled, "Enlistment for Missions." Food was collected for a needy family.

Mrs. Ray Crooks offered prayer, and read the prayer calendar. It was announced that the circles will meet jointly for a Week of Prayer program, Wednesday, at the church.

D. L. Knights Visit Seminole Relatives

FORSAN (SC)—Mr. and Mrs. D. L. Knight were accompanied to Seminole by their grandson, David Crooks, Big Spring, where they visited her sister and family, Mr. and Mrs. C. A. La Duque and son.

Mr. and Mrs. D. M. Strickland, Janette and Marie, were recent visitors to Chester, Okla., with his brother and family.

Mr. and Mrs. Sam Starr are home from their vacation which was spent in Ventura, Calif., with her mother.

Card Table Dryer

When it's raining and you want to dry clothes, open the card table, turn it upside down and string the clothesline around the legs. More hanging space can be made by criss-crossing the cords diagonally.

COSDEN CHATTER

The Richard Burrows Announce New Son

Mr. and Mrs. Richard Burrow are the proud parents of a baby boy, born Thursday at the Medical Arts Hospital. Mrs. W. G. Carter is the paternal grandmother.

Mrs. Jerry Knight is a new employe in the steno pool.

Mickey Kinney, left Saturday for Austin to attend rush week at Texas University, where she is to be a student this year.

Carolyn Thompson, returning to McMurry College in Abilene, will be a sophomore this year.

Melva Burton was honored by her coworkers, before she left for Abilene Christian College.

Carolyn Halbrook, an employe in the steno pool this summer, left for Canyon to attend West Texas State College.

Congratulations to Mrs. W. D. Broughton for winning the "Fun in the Sun" contest, sponsored by a local radio station.

Our sympathy to Miss Helen Hurt, whose uncle, Harry Hurt, passed away this past Wednesday.

Mrs. Dorothy Smith has returned to the Refinery Engineering Department after an absence of several months.

Time to pick your fall

famous HEYWOOD-WAKEFIELD

In fine furniture there is no more respected name than Famous Heywood-Wakefield! An heirloom reputation for quality materials and honest-clear-through craftsmanship is a birthright the Heywood name started with in 1826 ... and has continued to earn.

This Old Colony bedroom is an excellent example of Heywood value. It's solid rock, carefully seasoned, northern Maple hardwood. The trimmings and mouldings are authentic and the bright hardware is truly traditional. Note how the sculptured Ogee base is continued around to the sides. There is exquisite detailing on every surface ... on every plane and angle

And study the value in these specifications!

A 7-drawer double dresser that is a full 52" wide; a chest 34" x 19", and 45" high; and a generous mirror 41" x 33".

All 4 for only 359.95

We have only a limited number of these fine bedroom suites by Famous Heywood-Wakefield. Shop now . . . today, tonight . . . and get yours at

Meet Madame President

MRS. W. R. ROGERS

Mrs. W. R. Rogers is president of BPO Does Drove No. 61, and a member of John A. Kee Rebecca Lodge. Moving from Beaumont to Big Spring in 1949, she became the owner and operator of the House of Charm Beauty Salon, as well as the beauty shop at Webb AFB. A member of Trinity Baptist Church, Mrs. Rogers teaches a Sunday school class of 10-year-old girls. Her children are Mrs. Frank Foster of Ethiopia; Mrs. E. M. Griswald, Mrs. Patsy West and Jack Couch, all of Houston; Billy Rogers, with the Air Force at Lincoln, Neb.; and Ronnie Rogers, with the Army at Fort Carson.

Mrs. Sharden Is Honored

Mrs. Larry Sharden was honored at a stork shower Wednesday at the home of Mrs. Charles Russell, 1505 Owens. Miss Shirley Watson was cohostess.

Guests were served refreshments from a table centered with a stork and baby figurine.

THOSE HORRID
AGE SPOTS*

FADE THEM OUT

*Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you really are. Fade them away with new ESOTERICA, that medicated cream that breaks up masses of pigment on the skin, makes hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, greaseless base for softening, lubricating skin as it clears up those blemishes. At leading drug and toiletry counters. $2 plus tax. If you have these age-revealing brown spots, blotches, or if you want clearer, lighter skin, use ESOTERICA. At all Drug Stores.

Club Party Given For Webb Group

A dinner party given Saturday evening at the Big Spring Country Club complimented couples of Webb Air Force Base. Civilian couples served as hosts for the affair.

Especially honored at this time were the newcomers to Webb.

A social period preceded the dinner hour when guests and the host group were served from a buffet table, featuring an autumn arrangement of yellow and bronze mums and gladioli interspersed with candles. The individual tables were centered with similiar arrangements.

Several Visit In G. A. Bridges Home

STANTON (SC) — Mr. and Mrs. Albert Baugh, Stamford, the Rev. and Mrs. J. R. Williams and family, Mrs. Mary Bridges and Mike and Mrs. Vera Patterson, all of Big Spring, have been guests in the home of Mr. and Mrs. G. A. Bridges.

Mr. and Mrs. Granville, Terri and Craig, Coahoma, have been visiting in the home of Mr. and Mrs. Walter Graves, Karen Yates, Midland, was also a visitor.

Mrs. Billy Avery, Scherry, Cindy and Rae, and Mrs. Walter Graves were recent Midland visitors.

MRS. H. V. (Sonny) CROCKER JR.

(Barr Photocenter)

Mrs. H. V. Crocker Is The Former Miss Hale

STANTON (SC)—Marriage vows were exchanged by Miss Betty Sue Hale and H. V. (Sonny) Crocker Saturday evening at 8 o'clock in the home of the bride's parents, Mr. and Mrs. C. L. Hale, Route 1, Stanton. Crocker's parents are Mr. and Mrs. H. V. Crocker Sr., 1707 Benton.

The double ring service was read by the Rev. J. F. Fields, Big Spring.

A program of nuptial music was presented by Miss Latricia Badgett, niece of the bride. She played piano selections which included the traditional wedding marches and "Because."

Kenneth Hale gave his sister in marriage. She wore a gown of Chantilly lace, fashioned with a basque waist, long sleeves and bateau neckline. The bouffant skirt was designed in tiers of lace extending into a chapel train. She carried a white Bible, and her only ornament was a strand of pearls.

In keeping with tradition she wore the new wedding gown: a veil, belonging to Mrs. Billy Ray Badgett; a blue garter; a ruby ring and birthdate pennies in her shoes.

Miss Brenda Putman of Westbrook was maid of honor. Her dress was of apricot tinted, polished cotton. She carried a nosegay of white carnations.

Johnny Crocker, the bridegroom's brother, was best man.

GUESTS RECEIVED

The couple, their parents and the attendants received guests afterward. Those assisting with the reception were Misses Latricia Badgett and Tonyia Davis of Odessa, nieces of the bride, and Miss Janice Sparks.

Guests included Mr. and Mrs. J. W. Padgett and daughter, Pam, Mr. and Mrs. R. D. Vannoy and sons, and Mr. and Mrs. Bill Hale and family, all of Midland. Also Mr. and Mrs. W. C. Norman of Denver, Colo., and Mrs. J. T. Bennett, the bridegroom's grandmother of Lufkin.

Appointed with crystal, the refreshment table featured a three tiered, white frosted wedding cake embossed with tinted apricot flowers and crowned with bride and groom and wedding bells.

RESIDENCE ON JOHNSON

After their wedding trip to New Mexico, the couple will reside at 1710 Johnson St. For the wedding trip, the bride chose to travel in a white wool suit and black accessories.

She is a graduate of Stanton High School, and Crocker graduated from Big Spring High School. He is employed with the Big Spring Herald.

REHEARSAL DINNER

Mr. and Mrs. Crocker were hosts for a rehearsal dinner following the wedding rehearsal Friday evening at 7:30 o'clock.

A white linen cloth embroidered with pink roses covered the buffet table, which was centered with an arrangement of pink roses.

Gifts were exchanged between the couple and the attendants

Texas Coed Ends Reign As A Queen

A storybook chapter in the life of a young Texas coed has come to a close. . .and a similar experience awaits another Cotton Belt girl.

For Maid of Cotton Penne Percy of Waco, Texas, the storybook chapter lasted six months and took her on a fascinating 50,000 mile journey across the United States, into Canada, and through four European countries.

Displaying King Cotton's wares and promoting good will for the entire industry in her coast-to-coast tour of this country, the Maid modeled high fashion cottons in 61 style shows attended by 25,475 persons, made 122 television appearances, and was interviewed on 49 radio programs. In addition, she attended 83 luncheons, dinners, and receptions and talked with 22 mayors, four governors, and 48 senators.

During a month in Europe Penne made public appearances in West Germany, France, Belgium, and The Netherlands. These included interviews on 19 radio and at 20 luncheons and receptions, and modeling in ten fashion shows. Climaxing her European tour, the Maid was the featured model in a spectacular all-cotton fashion show of exclusive Paris designs at the famous resort city of Deauville, France.

Cucumbers Are Buffet Mate

Marinated cucumbers are always a delicious addition to a Scandinavian-type buffet.

SPICY CUCUMBERS

2 medium-sized cucumbers
1 medium-sized sweet onion
½ cup white vinegar
½ cup water
1 tsp. salt
2 tbsps. sugar

If possible, use long thin fresh cucumbers so they will be crisp; pare and slice thin. Peel onion and slice into thin rounds; separate into rings. Stir together the vinegar, water, salt and sugar until sugar dissolves; add cucumber and onion; cover and chill 1 hour or longer. Drain and serve. Makes 6 servings.

Nutritive Tips

If you want to "up" nutrients, use both regular fluid milk and non-fat dry milk solids when you are making milk shakes for your youngsters.

Use Coconut

Ever sprinkle pie meringue with flaked coconut before browning? Pretty and delicious! This topping is good on any of the creamy pie fillings — lemon, coconut, chocolate.

New High School Coach Already An 'Old Timer'

One of Big Spring's new assistant football coaches, Melvin Lindsey, is already an "old timer" here, having arrived about a month ago. However, his family has just moved from Brownwood, and is this week's newcomer. Their move here was delayed until their new house, at 4103 Dixon, was completed. Now his wife, Bobbie, and the children, Tempie and Britt, are official Big Spring residents.

"Big Spring is one of the friendliest towns I have ever lived in," exclaimed Mrs. Lindsey, a pretty, Spur native.

She met her husband in the late 1940's when he moved to Spur, where they attended high school together and were married in 1951.

LOVES SCHOOL

Nine-year-old Tempie couldn't be happier over her new home. A fourth grade student at Marcy Elementary School, she claims it is the best school she has ever attended.

Tempie is a fiend about horses, and knows more about them than most grownups. She has a collection of ceramic horses, which she treasures. She also shares her grandfather's horse, Molly, with her cousins. Whenever she goes to Atoka, Okla., to visit her grandparents, she spends most of her time horseback riding.

Birds also capture her fancy. She is the owner of a toy bird collection, as well as a parakeet named Pretty Boy, who has been trying desperately to say his name. While her father was coaching at Abilene, Tempie was a high school cheerleading mascot.

LIKE FATHER

Oh, and Daddy isn't the only football player in the family. Son, Britt, only three years old, can already take on his father in a game of touch. Although he is not quotable his mother says, "He has repeated many times how he is going to be a football and basketball player just like Daddy."

During this week's rainy weather, it has been hard for Britt to be the perfect little boy in the house, because he is the outdoor type. Many times he has tried to use the living room for a football field.

COACH SINCE '54

Coach Lindsey came to the Big Spring staff from Howard Payne College at Brownwood, where he had been assistant coach since 1960. Lindsey played his college ball at Howard Payne and won four varsity letters there. He began coaching at Albany in 1954. From there he went to Abilene in 1957 and on to Odessa in 1959.

Coach Lindsey is also a math teacher in the high school, having majored in math and received his masters degree at Howard Payne.

On several occasions he has been heard to remark, how glad he is to be a part of the Big Spring coaching staff. He thinks the team is going to be great.

Coach's Family

Mrs. Melvin Lindsey and children, Tempie and Britt, arirved here from Brownwood last week. They are the family of one of Big Spring's new assistant football coaches, Melvin Lindsey.

Rice And Carrots

Ever mix grated raw carrots with cooked rice and season with butter or margarine? The carrot adds pleasant crunchiness and flavor to the bland rice. Good with meat and fish.

Make Scrapple

Fix ready - prepared scrapple this way: slice it a little more than ¼-inch thick and dip it into white waterground cornmeal. Fry until golden brown on both sides in hot bacon drippings.

Center Point Club To Hold Session

The Center Point Home Demonstration Club will meet Monday, 2 p.m. at the school cafeteria for a demonstration on pastries, to be given by Mrs. L. J. Davidson. Officers will be elected.

It was announced that a hat-making school will be held Sept. 17 at the school cafeteria. Mrs. Thomas Seebo will direct classes.

P-TA BOARD TO MEET

District 16 of the Parent-Teachers' Association will have its fall board meeting Tuesday, Sept. 11, beginning at 9:30 a.m. in the Gay Hill School. The meeting will be conducted by Mrs. Hollis Puckett, the district president. Mrs. J. W. Miller, state representative, will instruct the board members on their duties during their terms of office. After the meeting, lunch will be served in the school cafeteria.

ESA Women To Meet

The Alpha Chi Chapter, Epsilon Sigma Alpha, will meet with Mrs. Wendall Faris, 1748 Purdue, Thursday, 7:30 p.m.

RALPH'S Originals

Off to school or back to business, you'll want to make sure you have a wardrobe full of smart sweaters, the season's greatest bulky knit wing collar cardigan. 100% wool. Sizes S-M-L. Red, blackbird, avocado, goldenrod, camel and black.

Frosh Orientation Set For Monday

HCJC

By MARILYN GUM

The fall term of Howard County Junior College began at 10:00 a.m. Wednesday with a general faculty meeting. Faculty members also participated in faculty work conferences on Thursday and Friday.

At 2 p.m. today, dormitories will be open. Tomorrow morning at 9:00 a.m. an orientation assembly is scheduled for all freshmen in the college auditorium. Freshmen will register Tuesday and other students will register Wednesday. Night registrations will take place both evenings. Classes will begin on Thursday, Sept. 13, at 8:00.

B. M. Keese, registrar of HCJC, stated that approximately 130 students had pre-registered at the close of last week.

An all-college social is planned for 6 p.m. on Thursday in the Dora Roberts Student Union Building. All students are urged to attend this opening activity.

During the faculty work conference on Friday, Dean Ben Johnson discussed registration procedures with the faculty. Enrollment is expected to be 750-800.

A warm welcome is extended to all students at HCJC!

HCJC CALENDAR, 1962-63 Fall Term

Sept. 10, Monday: 9 a.m. and 1 p.m. — Orientation assembly for all beginning freshmen.
Sept. 11, Tuesday: 9 a.m. — Freshman registration in auditorium; 1-4:30 p.m. — Freshman registration continued in library; 6:30-9:30 p.m. — Registration of evening students.
Sept. 12, Wednesday: 8 a.m. - 4:30 p.m. — Registration of all students; 6:30-9:30 p.m. — Registration continued for evening students.
Sept. 13, Thursday: First day of classes.
Sept. 21, Friday: Last day to register or add courses.
Nov. 21, Wednesday: Thanksgiving recess begins at noon.
Nov. 26, Monday: Classes resume at 8 a.m. following Thanksgiving recess.
Dec. 19, Wednesday: Christmas recess begins at the close of evening classes and dormitories close.

1963

Jan. 2, Wednesday: Classes resume at 8 a.m. following Christmas recess.
Jan. 14-18, Monday through Friday: Final examinations for fall term.
Jan. 18, Friday: Fall term closes.

SPRING TERM

Jan. 23, Wednesday: 8 a.m.-4:30 p.m. — Registration of students; 6:30-9:30 p.m. — Registration of students continued.
Jan. 24, Thursday: First day of classes.
Feb. 1, Friday: Classes dismissed for TJCTA Conference.
April 11, Thursday: Easter recess begins at close of classes.
April 16, Tuesday: Classes resume at 8 a.m. following Easter recess.
May 17-25, Friday through Thursday: Final examinations for spring term.
May 23, Thursday: Commencement at 8 p.m.
May 24, Friday: Spring term closes.

President Urges Youth To Return To School

NEWPORT, R. I. (AP)—President Kennedy sent an urgent Labor Day message to the young people of America Monday. "Return to school."

Kennedy told them they need the schooling and the training to get and hold jobs and he said that while the nation is going to need five million skilled workers in this decade the number of youth in training for the jobs is entirely inadequate.

Putting his appeal on a person to person basis, the President said in a statement:

"There is no doubt that anyone without a high school diploma has a hard time finding a job today, and will have an even harder time in the years ahead, as jobs require an even higher degree of skill and training to perform."

It is a tragic situation, he said, that an estimated 7.5 million boys and girls will fail to finish high school in the 1960's unless the nation takes positive steps to prevent it.

He asked parents, teachers, counselors, clergy and any other adults with an opportunity to influence young people to "please join me today in this urgent task of persuading our young people to equip themselves to the utmost of their potential." He added:

"To you, the young people who have not completed your education—who may have dropped out of school—and to those who are considering doing so—go back to your school desks when your school term begins. Go back with a real desire to learn.

"Go back with an intent and purpose that will make you a better student. Go back and become prepared, so when your time comes to enter the labor force, you will be a more valuable asset to our nation."

Class Pictures Will Be Taken

FORSAN

By BONNIE SIMPSON

The students of Forsan enjoyed their first holiday of the season as school was turned out Sept. 3 for the Labor Day weekend.

This past week students were busy electing class officers for this coming school year. Senior class officers are president, H. K. Elrod; vice president, Lonnie Nichols; secretary, Bonnie Simpson; treasurer, Lanell Overton; student council representative, Carla Jo Hughes. Junior class officers are president, Dena Parker; vice president, Bettye Conger; secretary, Rosemary Wall; treasurer, Paula Gordon; student council representative, Mack Henderson.

Sophomore class officers: president, Jim Alexander; vice president, Charles Newcomb; secretary, Roberta Hammock; treasurer, Orveta Fryer; student council representative, Janette Rutherford. Freshman class officers are president, Judy Hughes; vice president, Jody Dodd; secretary, Linda Hodnett; treasurer, Jackie Shoults; student council representative, Jackie Shoults.

NOTICE TO ALL SENIORS: Class pictures will be taken Tuesday, Sept. 11. Please come prepared to have your picture made. Senior pictures are being taken earlier this year in the hopes that the yearbook can be published sooner than in the past.

A spirit-packed pep rally was held in the gym Friday at noon. Students showed great enthusiasm and cooperated very well with the cheerleaders. The team and pep squad traveled to Dawson Friday after school for their first football game of the season.

Leading the school in yells this year are cheerleaders, Carla Hughes, Bettye Conger, Paula Gordon and Dena Parker. Captains of the pep squad are Joy Flynt and Glynda Roberts. The pep squad's new sponsor this year is Mrs. Tom Spell. The squad plans to march at all home games.

Cheer Section Is Organized

STANTON

By CAROLYN SPRINGER

Now that the students of Stanton High School have completed four days of school, everyone is beginning to settle down into the routine of school work.

The Buffaloes played their first football game of this season at Merkel Friday night. Everyone seems to be very proud of the team and their coaches.

SHS cheerleaders have really been busy during the opening of school. When students returned to school the halls were decorated with Beat 'em signs. This is one way of letting the football squad know that they are being backed by SHS.

The halls were crowded with many new faces this year. Many are freshmen and some are students who have moved here from other schools. It is hoped that these newcomers will enjoy the school year ahead.

An organization meeting of the Pep Squad was held Thursday. Uniforms will carry out the school colors of red and grey.

Ready For Action

BSHS's vivacious cheerleaders posed on the SMU campus during drills and workout while attending cheerleading school this summer. Featured in the foreground is Karen Kee, senior cheerleader. From left to right: Sharon Kirkland, senior; Judy Engle, junior; Terry Cauble, sophomore; Peggy Spiers, sophomore; Sue Cook, junior; and Karen McGibbon senior. The cheerleaders are making preparations for the first football game scheduled for Sept. 14 against Plainview.

Better Newspaper Planned At BSHS

BSHS

By ANNETTE LEBCOWITZ

Activities at Big Spring High School are well under way this week. Everyone seems to have settled down after the excitement of the first few days and is ready to start work.

The band recently elected their officers. They elected Curtis Beaird, president; Tommy Bacus, vice president; Carol Hughes, secretary; and Cynthia Vaughn, band sweetheart. Douglas Weihe, band director, stated that the band has approximately one hundred members and has high hope that the entire band will march. The band plans to raise money by fruitcake sales, magazine sales, and carwashes. The musicians will attend their first contest in January which is a marching contest.

The Band Boosters are starting out the year by opening with their membership drive. As soon as the football games start they will be renting pillows to all of the Steer fans at the football games.

There will be a change in the school newspaper for the year of 1962-63. This year the paper will be on different paper and will be bigger. The paper will be sold by the third period journalism class. The subscriptions will sell for $2.00 annually. You will not be able to purchase a paper each time it comes out, it must be acquired by subscription.

During the past week the shorthand clubs elected their officers. The morning class elected Barbara Clark, president; Penny Hayden, vice president; Louise Jackson, secretary; Margaret Gary, treasurer; Vickie Parkhill, editor; and Judy Williams, co-editor. The afternoon class elected Martha Thompson, president; Freddie White, vice president; Eileen Farquhar, secretary; Kay Foster, treasurer; Cheri Sabbato, editor; and Jean Ann Black, co-editor.

Monday thru Thursday the sophomores and the juniors will have their pictures made. The girls are required to wear dark fall colored dress, and the boys are required to wear a suit and a tie or a dress shirt, tie and a coat.

The Court Jesters had a general organization meeting Thursday afternoon. Approximately 30 people attended the meeting. A number of interesting speech events are being planned for the members. They will be able to take part in the junior play, the senior play, contest autivities, and the radio program. The Court Jesters will hold a meeting every other Thursday at 3:30. Everyone is urged to join the speech, drama club. No experience is required to join. Soon there will be a organization meeting for the radio club.

NO RECORD THIS WEEK

There was no record drawing this week due to the hustle and bustle of the first days of school. You may fill out entry forms this week by going by your school office and dropping them in the special box provided for them. Every week there will be a drawing for a single 45 record given by the Record Shop and monthly for an LP album. Every student is eligible to enter. Be sure to get your entry in for the drawing this week.

Study Hall Eliminated

GARDEN CITY

By MARIE GRAHAM

As school got off to a booming start Tuesday everything seemed a little hectic with junior high classes combined with senior high for the first time.

The enrollment has reached 97 in senior high, 77 in junior high, 147 in Ackerly elementary and 97 in Knott elementary. A total of 418 students are now enrolled.

The area was blessed with rain Tuesday night and Wednesday making it impossible to have school Thursday because of bad roads. The day was not a total loss, however, for the teachers met and ironed out the first problems of the year.

The home economics classes will meet Monday to discuss the Look Plan. This is a means of making money by selling magazine subscriptions. The money will be added to that made last year to provide a trip to the State Fair.

Sands, fooaball coach was heard commenting Thursday that the boys were willing to play the game Friday night if they had to go in motorboats. Thank goodness it wasn't necessary!

Tuesday morning was spent electing class officers. In the senior class: Jimmie Schuelke, president; Bill Smith, vice-president; Jo Clanton, treasurer; Joyce Merrick, secretary. Junior class officers are: Joyce Graham, president; Bobby Gaskins, vice-president; Linda Fowler, treasurer; Don Cass, secretary. In the sophmore class: Eddy Herm, president; Don Nell Allred, vice-president; Martha Robinson, treasurer; Darlene Wright, secretary. Freshmen class officers will be: Terry Hambrick, president; Danny Womack, vice-president; Ann Lemon, treasurer; Ofelia Barraza, secretary.

Wrong Party?

By The Associated Press

The reply of Groucho Marx, D-Calif., to how he likes living next door to Richard Nixon, R-Calif.: "I'd rather have him there than in Washington."

A Course In Tumbling Added To Curriculum

COAHOMA

By CAROLYN WILSON

Students became accustomed to being in school as several activities got under way this past week.

Tuesday was the first full day of school and it was a true picture of turmoil as students hurried to find their classes. On the same day, an assembly was held for all high school students. In this assembly O. A. Madison, principal, introduced new students. There are 21 additional students as an increase to that of last year. Madison also introduced the faculty for the coming year in which there is only one addition, S. G. Oakes, agriculture teacher. Oakes is a transfer from Coahoma Junior High's Science department.

Mrs. Marie Etheridge has assumed the duties of physical education instructor until the end of football season at which time assistant football coach, Grady B. Tindol will take over as girls basketball coach. The CHS girls are undergoing various Physical Fitness Tests which are being stressed in all physical education classes this year. For those who do not play basketball, Mrs. Etheridge will instruct tumbling classes.

The Bark Staff met with Miss Janie Tucker Thursday morning to discuss plans for editing the school paper. They are planning to publish a paper twice a month. The first issue of the new year is scheduled to appear this coming Friday. Deadlines for stories will be Monday.

At the first pep rally of the season, students were very enthusiastic and the whole building rang with the noise of the yells and music of the greatly improved Bulldog band.

The Bulldogs seemed to be in great shape as they played their first game of the season Friday night. It seems as though the team and fans are in for a big season.

Don't forget to support your team by buying Beat 'Em ribbons from the cheerleaders.

Kiwanis Backs Essay Contest

GOLIAD

By KAREN ELROD

With the holiday Tuesday and the very wet rain Thursday the week of September 4 to September 7, 1962 was a little different from the usual weeks at Goliad. The enrollment soared from 898 to 920 students and we gained another teacher. She is Miss Dorothy Frick, who is the substitute P.E. teacher for girls.

Pupils are urged to go to the library on rainy or extremely cold days if they arrive before time for classes to begin. There are teachers on duty and it is not necessary for any student to remain outside.

The students are getting used to running on a schedule, so things are settling down, and there is less confusion in the halls. However, some of the classes are overloaded, and some schedules are still being changed as students are shifted to less crowded classes.

An essay contest, sponsored by the Kiwanis Club, is open to all junior high students. This essay should be no more than 500 words in length and is to be written on the subject "The Contribution of Air Power to Our Freedom." Mr. S. A. Walker, principal, will choose six winners, a boy and a girl from each grade. These winners will join with the six winners from Runnels at a luncheon at the Settles Hotel at twelve noon September 20. On September 22 one boy and one girl from these twelve will be chosen as the Webb Air Base commander and the WAF commander for Kid's Day at Webb. The starting date for this contest was September 7 and it will close September 14.

The Goliad Advanced Band is preparing for a possible concert and parade at the end of this month. They will play at the pep rallies and at all in-town Goliad football games this year. Dale Marchant was chosen drum majorette for this year. Congratulations, Dale!

All Maverick fans, don't forget our first football game next Thursday in Snyder. The eighth grade plays at 6 p.m. and the ninth grade plays at 7:30 p.m. Our football players and our cheerleaders have been working very hard to make this a good year for Goliad.

Last Thursday Student Handbooks were presented to all Goliad students. These contain academic information, school policies, student activities, curriculum, and the school constitution, fight song, and school colors among other things. Parents as well as pupils are urged to familiarize themselves with the contents of these books.

Ninth grade students and faculty members will have their pictures taken for the annual Tuesday afternoon and Wednesday. Freshmen boys are requested to wear coats and ties. The seventh and eighth grade students will have their pictures taken Thursday and Friday.

FHA Chapter Eyes Trip To State Fair

SANDS

By MARGARET COOK

Garden City high school students started the new year off with great spirit. Pep signs for Friday night's game could be seen up and down the halls on registration day.

The high school students have a new schedule. Instead of the usual seven period day, the study hall has been eliminated, and now have only six periods. School begins at 8:30 with a thirty minute homeroom period which enables the students to look over their homework. The rest of the day is made up of six one-hour periods, with school turning out at 3:30.

New subjects offered in high school are general crafts and general shop.

The photographer was here Wednesday and took individual pictures of the faculty and students. The annual staff stated that the pictures should be back around the first of October.

The high school class officers were elected Tuesday for the coming year. Betty Schraeder was elected senior president; Margaret Cook, vice president; Reta Hardy, secretary-treasurer. The junior officers are: Gail McDaniel, president; Martha Duncan, vice president; and Mary Fields, secretary-treasurer. Denis Seidenberger was chosen sophomore president; Gary Pagan, vice president; and Alice Hoelsher, secretary-treasurer. The freshman officers are: Ronda Green, class president; Ann Carter, vice president; and Earl Plagens, secretary-treasurer.

Tech Expecting 11,000 Students

LUBBOCK—Texas Tech is expecting more than 11,000 students as it prepares to open its 38th fall semester Sept. 17. Last fall 10,212 registered.

Students entering for the first time will report then. Registration will be Sept. 18-20 and classes will begin Sept. 21.

New this fall is a core curriculum in the Engineering School. The program will allow students to spend their first two years in basic studies before deciding which engineering field they will specialize in.

Entering their second year of operation are honors programs in the Arts and Sciences School and Business Administration School, designed to help outstanding students progress to the limits of their abilities.

New facilities this fall include a $2 million library, additions to the Science Building and Student Union Building, new farm facilities, and a telephone in each campus residence hall room.

Band, FHA Officers Chosen During Forthcoming Year

RUNNELS

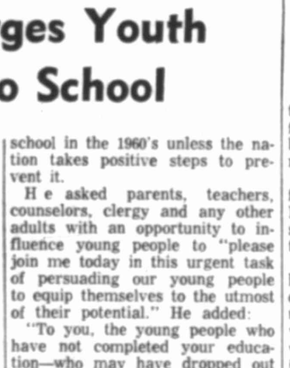

By MARY NEWTON

School started with much excitement Tuesday morning after the Labor Day weekend. Enrollment has climbed to a record high of 727.

During the past week politics have been in the air as the various clubs have elected officers for the coming year.

The band chose Danny Reagan to fill the office of president, with Larry Peurifoy for vice president. Judy Studeville was elected secretary-treasurer and James Dunne will serve as sergeant at arms. Representatives were chosen from each class to serve on the Band Council. Elected from the ninth grade were Jan Stroup and Gene Morris; eighth grade, Linda Burnett and Tanya Tidwell. Sheila Minnick received the coveted honor of Band Sweetheart for 1962-63.

The Future Homemakers of America club have elected officers for each class. They have also chosen the FHA Executive Council which is composed of representatives from each class. Those serving on this council include Cindy Jones, president; Susie Engle, vice president; Suzanne Whatley, secretary; Brenda Pyles, treasurer; Sandra Hampton, reporter, and Carolyn Cook, historian. Congratulations are extended

SHEILA MINNICK

to all the newly elected officers.

Next week the student council will hold elections for seventh, eighth, and ninth grade class officers plus five seventh grade student council representatives and one representative from the eighth grade. Petitions will begin circulating Tuesday and voting will take place Friday. All students who choose to run for an office must have at least a B average. Everyone is urged to sign only one petition for each officer and one petition for eighth grade representatives. Seventh graders may sign five petitions for their representatives.

ANNUAL SALES

Annuals will go on sale the last of next week. Price is $3.57. Seventh and eighth grade students had their pictures taken Thursday. Freshmen and faculty pictures will be made Monday. Serving on the El Palomar staff this year are: Linda Ann Taylor, editor; Linda Metcalf, assistant editor; Pat Caldwell, business manager; Vickie Holland, assistant business manager; Mrs. Jo Hill, sponsor.

Tuesday the Round-Up staff will have their first meeting to make plans for the September issue of the school newspaper. Members of the newspaper staff include: Linda Holder, editor; Ruben Martinez, staff artist; and reporters, Jo Faris, Linda Kaye Taylor, Gary Hise, David Wilson, John Field, Milton Kirby, Glen Sholte, Judy Aleman, Shirley Taylor, Pat Ball, and Barbara Davidson.

Plans are being made for noon-hour recreation. The girls will be able to use the gym on Tuesday and Thursday with supervision, while the boys will use the facilities of the gym on Monday and Wednesday. Anyone interested in this program may contact the supervisors.

Thursday will be a red letter day for eighth and ninth grade football boys. They play their first game here aginst Sweetwater. The eighth grade game will be played at 6:00 and the ninth at 7:30. Everyone is urged to attend these games and back the Yearlings.

Students Honored At Party

A party was given in honor of college students, Thursday evening in the home of W. L. Clayton, 1810 Donley. Eight students were present. Colleges represented were West Texas State College, Hardin Simmons University, Texas A. and M., Texas Tech and Howard County Junior College.

A fall theme was carried out, using an autumn flower arrangement. Guests were served from a table having lighted tapers, with streamers extending from them to the ceiling, and pennants representing the various colleges. Leaves in fall colors also carried out the motif. Guests were introduced by their names, colleges and majors.

Spaghetti Sauce Is Welcomed

The good cook will make this spaghetti sauce and her children will welcome it.

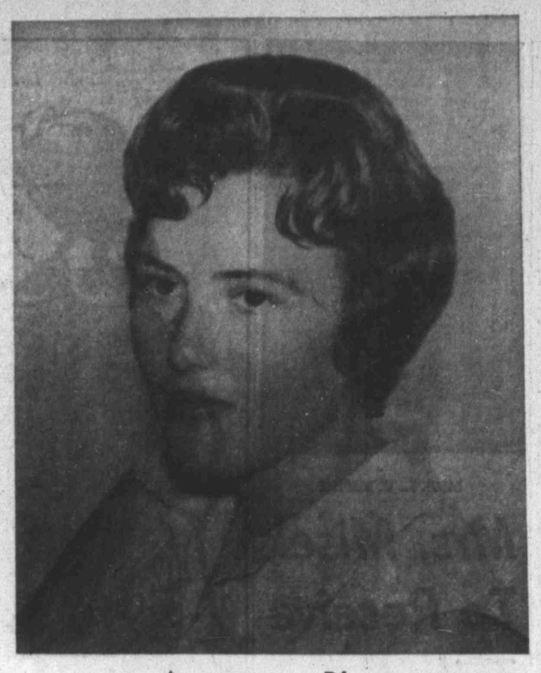

MARY'S SPAGHETTI

1 tbsp. salad oil
1 large onion (chopped)
1 small green pepper (chopped)
1 large clove garlic (crushed)
1 lb. ground beef
½ cup minced parsley
1 can (2 lbs., 3 ozs.) Italian-style tomatoes with tomato paste
1 can (10½ ozs.) mushroom gravy
1 tsp. sugar
Salt and pepper to taste

In a large heavy saucepan heat the oil. Add onion, green pepper and garlic; cook over medium heat, stirring often, until vegetables are softened. Add beef; mash with a fork until red color disappears. Add parsley, tomatoes with their juice, mushroom gravy, sugar, salt and pepper. Cover and simmer, stirring occasionally, for about 30 minutes to make 1½ quarts or about 1 hour to make 1 quart. Serve sauce over hot cooked spaghetti and pass grated leftover sauce in tightly covered container.

Pear Variation

Ever drench drained canned pears with grenadine syrup?

Announces Plans

Plans for the forthcoming marriage of their daughter, Louise, to Gary Blalack, have been announced by Mr. and Mrs. Earl Plew, Route 1. The bridegroom-elect is the son of Mr. and Mrs. Pat Blalack, 2505 E. 25th. The wedding will be an event of Oct. 5, at the 11th and Birdwell Church of Christ.

Wine Jelly Is Easy To Make

Serving a group of friends on the porch or patio? This menu should be easy to manage.

WINE JELLY

1 large pkg (6 ozs.) strawberry flavored gelatin
2 cups boiling water
½ cup pineapple syrup (from canned tidbits)
1½ cups dry white wine
1 cup drained pineapple tidbits
¾ cup honeydew melon balls

Pour boiling water over gelatin; stir until dissolved. Stir in pineapple syrup and wine; chill until slightly thickened. Fold in tidbits and melon balls; turn into a glass serving dish—at least 1½ quarts. Chill until set. Serve from serving dish. Makes 8 to 10 servings.

Marriage Told

Mr. and Mrs. B. G. Weaver, Rt. 1, announce the marriage of their daughter, Cheryl Jean, to Paul S. Liner Jr., son of Mrs. Paul S. Liner, 1408 Scurry. The marriage took place Sept. 1, in Mexico. Liner, employed with Texas and Pacific Railway, and his wife, a student at Big Spring High School, are residing in the home of his mother.

A Safety Reminder

NEW YORK — A safety reminder: when you fill a canister or other storage container for future use, make sure it is labeled properly so that salt for instance won't be mistaken for sugar in mixing a baby's formula.

Discard all medical prescriptions not in use or any medicine containers old and outmoded.

WEBB WINDSOCK

By MOLLI HARTZOG

School is still in the news this week, particularly because of overseeing homework. We are dismayed at the difficulty in third grade work, and have some doubts whether we shall last the semester. Second grade nearly defeated us last year, and if our son was twins, we'd flunk.

Also concerned with school, Lt. Ronnie Brown has departed Webb for IPIS instruction, lasting three months at Randolph AFB. His wife, Caroline, and daughter will spend Papa's school days on a balmy Carolina beach. Having survived the same school, John Kubin returned Friday. Now the Kubins are on a camping trip at Fort Davis.

Maxwell AFB offers a six-month school, fondly known as SOS in the Air Force. It sounds like a desperate title, but actually it is merely Squadron Officers School. Currently attending this is Capt. R. E. Storz, whose wife, Sandy, decided to go along. Among those regretting her decision to leave Big Spring for six months are the members of St. Mary's Episcopal Church, where Sandy is a marvelously active worker in both day school and Sunday school.

Off to a different sort of school, but also one lasting for six months is Capt. Bill Huss, who will attend the University of Omaha in what is known as Operation Bootstrap. Partly, because it is as hard to do as to pick yourself up by your own "bootstraps," and partly because you do it by yourself. When graduated, Capt. Huss will have a BGE degree, Bachelor of General Education, equivalent to a AB or BS in college. Quite a few Bootstrap contenders can be found on every Air Force Base. Webb is by no means left out. Mrs. Huss will stay here, and she and daughter, Laurie, will fly to Omaha for a White Christmas.

While the older folks were in school, some of the younger folks entertained with a fashion show at the OWC Coffee recently. We were so entranced with the modeling styles, we neglected to watch our own daughter who accompanied us; and turned to find her nearly demolishing the refreshment supply. We noted chiefly a little blonde angel, age two, who modeled a well-enjoyed teddy-bear, and a young four-year-old, named Scott, whose joie-de-vivre overwhelmed even the bright red of his sport coat. We decided to hide our daughter when his brilliant smile reaches about 16 years.

Flying in for a party Saturday night was Capt. Jim McClure, formerly of Webb AFB, and one of the Doc Adamses of last March's Frontier Days. Capt. McClure is in Florida these days, and arrived just in time for the French 75 soiree, bidding Capt. Huss farewell. Green Flight played host for the affair, which culminated in a dinner party catered by the Officers Club.

Recent announcements include a change of time for OWC bowling on Wednesday, Sept. 12. Originally set for 1 p.m. time has of necessity been changed to 12:45. To us non-bowlers this may seem infinitesimal, but a time limit for tardiness must be set, and it's a sad sportswoman who must sit and watch, as penalty for being late. It still is not too late to join the group by calling Rose Harris 4-8974, or Joyce Sandner 4-5431.

Mrs. Tom Seebo has tentative plans to begin a millinary class, October 10, for the OWC; and Mrs. Lingenfelter begins her classes of beginners bridge at 9:30 a.m. Tuesday, Sept. 11, at the Officers Club. This couse will run for about seven weeks.

Although the news is not confined strictly to the OWC, we would like to end with a note of happiness. . .Christmas is just four short months away.

WINNERS TOLD

Friday Duplicate Is Held At Country Club

Thirteen tables were in play when members of the Big Spring Duplicate Club met Friday at the Big Spring Country Club.

North and south winners were Mrs. J. H. Fish and Mrs. Riley Foster, first; Mrs. D. A. Brazel and Mrs. Ray McMahan, second; Mrs. Ty Allen and Mrs. J. Gordon Bristow, third; Mrs. Don Penn and Mrs. B. B. Badger, fourth.

East and west winners were Mrs. Joe McCullough and Mrs. Ayra McGann, first; Mrs. Paul Lee and Mrs. William E. Harris, second; Mrs. Dan Greenwood and Mrs. E. G. Patton, third; Mrs. E. L. Powell and Mrs. J. J. Havens, fourth.

Winners in the Junior Masters Game were Mrs. Zollie Boykin and Mrs. Gus Barr, first; Mrs. George White and Mrs. Monroe Johnson, second; Mrs. Dawson and Mrs. Huling, third.

Next Friday will be Master Point session.

First Lady To Vacation At Homeplace

By JOY MILLER
AP Women's Editor

NEWPORT, R. I. (AP)—For a couple of weeks in September the rambling Victorian mansion where the First Lady spent happy girlhood vacations will become the summer White House.

It's Hammersmith Farm, owned by Hugh D. Auchnicloss, Mrs. John F. Kennedy's stepfather.

Jackie spent her summers here after her mother married Auchincloss in 1942 and she has always referred to it lovingly, recalling in letters "the foghorns blowing at night" ". . .its green fields and summer winds."

It was here Jacqueline Bouvier made her debut in society, shaping a tea dance with the celebration of the christening of her 5-month-old half - brother Jamie Auchincloss. And it was here, some years later, she received guests after her wedding to young Sen. Jack Kennedy in September, 1953.

Pink Grapefruit For A Diet Menu

Diet-conscious friends coming? This salad on the menu should please them.

PINK GRAPEFRUIT

2 large white or pink grapefruit
Maraschino cherry juice
4 maraschino cherries

Pare grapefruit so no white membrane remains; cut sections away from dividing membranes. Cut sections in half crosswise and arrange in sherbet or champagne glasses, adding just a little of the grapefruit juice. Pour a teaspoon or two of maraschino juice over sections in each glass; top with cherries. Makes 4 servings.

For Sun And Shade

You'll look divine in the pie-cut neckline, and just as smart when you pop on the overblouse. No. 3270 comes in sizes 12, 14, 16, 18, 20. Size 14 takes 4 yards of 39-inch fabric for the pair.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 5 cents for third class or 10 cents for first class mail. New Fall - Winter Pattern Book 50 cents.

Brownfield Church Is Scene Of Nuptial Rite

LAMESA (SC)—The chapel of the First Baptist Church in Brownfield was the scene at 7:30 p.m., Saturday, for the wedding of Doris Jean Wright and George Henry Fugitt.

Parents of the couple are Mr. and Mrs. Bryan Wright of Lamesa and Mr. and Mrs. Henry Fugitt of Brownfield.

The double ring ceremony was read by the bridegroom's uncle, the Rev. Riley Fugitt, pastor of the Scottsdale Baptist Church, El Paso. Vows were repeated at the altar, banked with white mums and carnations, and flanked with baslets of white gladioli and cathedral tapers in pedestaled candelabra.

The bride, given in marriage by her father, wore a formal gown, designed and made by her mother and sister. The gown, fashioned of deluster satin, featured a scooped neckline and long tapered sleeves, ending in petal points over the hands. Appliques of Alencon lace, outlined with seed pearls, accented the fitted bodice and skirt, which flowed into a chapel train. Tiny satin covered buttons highlighted the back bodice and skirt.

Her bouffant veil of silk illusion was attached to a cap of seed pearls, and she carried a bouquet of white roses on a white Bible.

Mrs. Glenda Drennan of Lubbock, the bride's sister, was matron of honor, Miss Dorothy Abbe of Lubbock, the bride's cousin, and Miss Janie Fugitt of Brownfield, the bridegroom's sister, were bridesmaids.

Mont Muldrow of Brownfield was best man.

For a wedding trip to New Mexico and El Paso, the bride chose a royal blue sheath and black accessories. The couple will be at home at 4620 28th St., Lubbock, after Sept. 15.

MRS. GEORGE HENRY FUGITT

The bride, a graduate of Lamesa High School, received a degree in home economics at Texas Tech.

The bridegroom, a graduate of Brownfield High School, attended San Angelo Junior College and Texas Tech, where he majored in park administration.

Keep Hubby Home, Encourage A Hobby

AP Newsfeatures

Two women agree: You can keep your husband near the hearth if you encourage him to have a hobby around the home. You may seldom see him, of course, but at least you'll know where he is. This is the opinion of Ingeborg Buse, 25, and Elfrieda Bos, 31, of Osnabrueck, West Germany.

Their husbands devoted eight years to building a 39-foot model of an ocean liner in a workshop adjacent to their home "in their spare time." They didn't mind a smidgin—they say.

"A woman cannot keep a man at home all the time anyway. But when he's nearby with an absorbing hobby, she can keep track of him," Ingeborg explains.

Fruit Cup Has Different Taste

When company comes, it's fun to serve a fruit cup that is just a little different.

FRUIT CUP

½ cup white raisins
¼ cup medium-sweet sherry
¼ cup orange juice
2 tbsps. honey of mild flavor and pale color
1 medium honeydew melon
2 oranges

Rinse raisins in hot water; drain; soak in sherry in a covered container for 24 hours or until sherry is absorbed. Mix in orange juice and honey. Halve and seed melon; cut out balls—there should be about 2½ cups. Cut membrane-free sections from oranges. Mix melon balls and orange sections with other ingredients; chill. Makes 6 to 8 servings.

Drive-In PJ Idea A Success

A year ago Mrs. Abraham Goodman, a Boston housewife, put her daughter Brenda, 9, and son Mike, 11, in their pajamas and went to the drive-in movies.

By the time she had tucked her youngsters in their beds that night, Mrs. Goodman was in the garment business.

Today Betty Goodman is busily promoting her ideas for drive-in pajamas, which are rolling off the production lines at the rate of 6,000 pairs a week.

"I saw the whole drive-in area full of kids like mine, running around in their pajamas, climbing on the merry-go-round and swings, and clamoring around the refreshment stands," she recalls

"You put kids in their night clothes before you leave because you know they're going to be sound asleep by the time you get home from the movies and you don't have to wake them again by undressing them. But I ask why they didn't make a pajama that didn't look so much like pajamas for occasions like this? Or for traveling on the roads, too?"

When Mrs. Goodman returned she was bubbling with plans that would turn little movie-goers into diminutive ticket takers, ushers, ice cream sellers, and drive-in police. Knowing the problems that eating in cars bring, she also conceived of toddler pajamas, complete with bib and crumb shelf.

After her husband, a roofer, waxed enthusiastic, the young mother picked a pajama manufacturer at random out of the classified section of a Manhattan phone book and next day made a long distance call.

Today printers are turning out tags by the thousands that read, "A Betty Goodman design." And Mrs. Goodman is in great demand for fashion shows in her town.

Prepare Economical Beef Cut

An economical cut of beef makes a delicious roast when prepared this New Orleans way.

ROAST BEEF

2¼ lbs. rolled larded eyeround beef
1½ tsps. salt
⅛ tsp. pepper
1 tsp. prepared mustard
1½ tsps. Worcestershire sauce
2 tbsps. wine vinegar
1 scallion (green onion) chopped
1 tiny clove garlic, minced

Mix together the salt, pepper, mustard, Worcestershire, vinegar, onion and garlic. Place meat in mixture, spreading it over surface. Allow to stand several hours or overnight; baste as often as you like with the small amount of marinade. Let meat come to room temperature if it has been in refrigerator; remove from marinade; roast on a rack in a shallow pan in a moderate (350 degrees) oven 1 hours. Allow to stand in a warm place about 10 minutes; cut away strings; slice slightly pink, center quite rare.

Vary Mayonnaise

Vary that mayonnaise. Add chopped pickles, green or ripe olives, celery, pimiento or chives.

Good Sandwiches

Good sandwiches for picnics and patios: mix finely grated cheddar cheese with cream cheese and finely chopped cooked shrimp. Use as a sandwich filling along with thinly sliced cucumbers.

Breezy Charm

One of the season's prettiest styles has the new shallow neckline and a full skirt laid in unpressed pleats. No. 3261 comes in sizes 10, 12, 14, 16, 18. Size 14 takes 3¾ yards of 35-inch fabric.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 5 cents for third class or 10 cents for first class mail. New Fall - Winter Pattern Book 50 cents.

MRS. L. V. MISEK

Mrs. Misek To Receive Tribute

ABWA Scenic Chapter's "Woman of the Year," Mrs. L. V. Misek, will be honored when a tea is given Sept. 16 at 2:30 p.m. in the home of Mrs. Zirah L. LeFevre, 308 W. 18th St.

Mrs. Misek, employed in the finance office at Webb Air Force Base, with her husband and daughter, resides at 1804 Mittle.

The tea is planned as a part of a national ABWA movement, comprising some 285 chapters with a membership of 16,000 women.

Participating in the social affair, noted as a "friendship" tea, will be the chapter officers. Also, Mrs. Ara Cunningham, membership chairman, will welcome inquiries about membership in the association and its program in education.

Pudding Additions

Raisins, dates or figs may be added to Indian Pudding.

Pre-Furred by the Slick Chicks

The miniatured Miss who chooses this coat snuggles her chin in a soft Orlon fur collar topping an all-wool coat of red, blue or bamboo color. ZIBELINE or FLEECE fabrics in 100% wool.

Sizes 3 to 6X 19.98 to 24.98
Sizes 7 to 14 25.98 to 27.98

A wide selection of other tailored and suburban coats.

BIG SPRING DAILY HERALD

SECTION D BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 9, 1962 SECTION D

A Heterogeneous Family

The family of Dr. Herman Burgos is a mixed one. Both children were born in the United States, but he is a native of Chile and Mrs. Burgos calls Italy her home.

Divergent Background Frames Burgos Family

By KAY LOVELAND

He is from Chile.
She is from Italy.
They met in Mexico.
They live in Texas.

This is the pattern the lives of Dr. and Mrs. Hernan Burgos, new residents of Big Spring, have taken.

Dr. Burgos, the new doctor supervising ward three at the Big Spring State Hospital, is a native of Santiago, Chile, where he attended grade school and high school. After he graduated from high school, he followed his father's suggestion to attend college in the United States. Consequently, he received his bachelor of science degree from Lincoln Union College in Lincoln, Neb., then went to San Gabriel, Calif., where he attended California College of Medical Technicians.

MEDICAL SCHOOL

Finishing there, Dr. Burgos went to medical school in Monterey, Mexico. During that time he met his wife-to-be, Olga, at a party. A northern Italian by birth, she was the daughter of the Italian consul in Monterey. They became engaged, but decided to wait until he finished his schooling before getting married.

"We both felt that getting married before I finished school would put too much strain on our relationship," Dr. Burgos explained. So, four years after their engagement, they were married and will celebrate their fourth wedding anniversary this year.

Dr. Burgos interned at Portland Sanatorium and Hospital in Portland, Ore., before coming here several weeks ago. He wants to specialize in psychiatry because "it is a new field which can be of great help as modern life places greater stress on everyone."

The Burgos plan to make the United States, and possibly Texas, their home, although Dr. Burgos' original plan was to return to Chile to practice medicine.

"Once you come to this country, its hard to leave," he said in explanation for his change in plans.

ENJOY PEOPLE

Big Spring has met with their favor also. "We are social animals," he said, "and we enjoy people. We can do that best in a community like Big Spring."

Dr. Burgos elaborated on his reasons for adopting this country.

The United States is the greatest country in the world. I'm impressed by its democracy, for it is the one country in which the government is formulated for the people."

Speaking of his own country he noted that it is one of the best in South America.

"We haven't had as many revolutions as the other countries have. Also, we have more enterprising people. In fact, we are called the Yankees of South America."

He pointed out that Chile has the strongest middle class of any Latin American country, which helps to make it more stable. The country's leaders are trying to industrialize and to make better use of its many mineral resources. It is second only to the United States in the production of copper, as well as having rich deposits of coal and oil.

Transportation in the country is mostly by train and bus, he said.

"We have only one big highway, which, of course, runs north and south." Since Chile is a long, narrow country, Dr. Burgos explained that Chileans do not refer to eastern or western parts of their country.

JOKE

"It is a standing joke in South America that Chileans have to place their beds north and south because the county is not wide enough to put them east and west," he said.

Chileans own a lot of cars, he stated, but not so many as Americans.

"In Chile driving a car is a mark of economical success. It is still a luxury."

Asked for a comparison between the Latin American dating system and ours, he stated that he liked our system better but that "it has been abused. People try too hard to push young girls and boys into dating too early. One reason so many marriages fail is because young people marry before they are mature, and as they begin to grow up, they grow in different directions."

The Burgos have two sons, Dante Richard, 20 months, who was born in Portland, and Robert Duane, 5½ months, born in Texas. In addition, they are an active couple, having diverse outside interests.

Dr. Burgos' chief hobby is book collecting, and he has a large personal library consisting of medical books, biographies and other non-fiction. He also reads an occasional detective story. Mrs. Burgos is interested in music; she plays the guitar and sings folk music. She also paints and makes a hobby of house keeping.

Most of Dr. Burgos' family are living in California now. His mother and sister are teachers, while he has two brothers, one an engineer and one a technician. His father, an engineer in the Chilean navy, died some years ago.

Speaking of relations between the United States and Latin American countries, he said, "The people down there have the wrong impression about the United States many times, but in general, they are friendly toward this country. The best way to develop understanding is to get individuals to know each other personally.

"Tourists can do much good or they can be harmful, because we all have a tendency to judge a nation's people by individuals. I think that missionaries have created a lot of good will toward this country. The best thing to do, however, is to get the young people together through school exchange programs and such things as the Peace Corps."

Hearing Set On City's Paving Plans

The second step in the proposed continuing assessment paving program for the City of Big Spring will be taken Tuesday at 7 p.m. when a public hearing is called on four streets. The city took the first step when it passed an ordinance, Aug. 14, declaring the necessity for such paving.

All owners of property abutting the four streets may appear at the hearing, and speak for or against the program, after consideration of costs.

A bid price, submitted by W. D. Caldwell as low of three bidders on curb, gutter and paving, set the front-foot cost at $5.5228. Curb and gutter will cost $1.72 and paving $3.8028 per front foot.

Brown Street, between Third and Fourth, is included in the first phase of the program. Total cost of this block will be $2,982.86, with $2,387.83 set as the property owners' cost.

Austin Street, from 100 feet south of East Third to Fourth will cost $2,585.10 with property owners paying $2,160.07.

San Jacinto, between Third and Fourth, will cost $3,586.04, with property owners paying $2,887.82.

Birdwell Lane, the largest of the four projects in the program, from Fifteenth Street to Marcy Drive will cost $11,657.34. Property owners will be assessed $8,286.13.

The city's total cost in the program will be $5,089.49.

To Emcee UT Exes Banquet

AUSTIN—Allen Ludden, known to national television audiences as moderator of the popular "College Bowl" and "Password" programs, has accepted an invitation to "emcee" the University of Texas Ex - Students' Association Distinguished Alumni Awards Banquet at Homecoming.

The Oct. 19 dinner will be held at 7 p.m. at the Westwood Country Club. Four Texas-Exes will receive plaques as distinguished alumni.

The Friday evening banquet precedes Saturday Homecoming activities which will include a breakfast for life members of the Ex-Students' Association and the Texas-Arkansas football game.

Ludden is a Phi Beta Kappa graduate of the University. He received a Bachelor of Arts degree in 1940 and a Master of Arts degree in 1941.

Hot Check Department Has Busy Month In August

Howard County sheriff's department for collecting hot checks and prosecuting writers of these instruments had one of its busiest months in August.

The department processed 227 worthless checks. Of this number, 122 were paid off and merchants and others who had taken the checks were refunded $3,022.88.

The payment percentage for the month was 53.7 per cent which is slightly higher than the 52.8 per cent established for the eight months the department has functioned.

So far, the department has processed 2,663 checks and has been able to collect 1,396 of these. The total money collected and repaid to the businessmen who took the checks is $29,604.85. August collections represented about eight per cent of the total for the life of the department.

The department says that it has filed 63 worthless check cases in the county court (misdemeanors) and arrested 31 offenders. Twenty-nine other offenders have been filed on in the district court—in cases where the checks were more than $50 or where forgery was involved. Twenty-two of these offenders have been arrested.

The department has been able to cure 18 established repeater worthless check writers of their habit by admonitory letters, it was said.

The department set up at the first of the year was modeled after one in operation in Wichita County. At the time it was established, the most optimistic prediction of its success was that it might collect as much as $10,000 annually from writers of worthless checks.

It has already collected nearly four times that total and still has four months of its first year to go.

Sheriff Miller Harris said that merchants are pleased with the benefits being afforded them by the new department. It is operated by Deputy Sheriff Aubrey Standard, and a full time secretary-bookkeeper.

Fern Cox, chief deputy sheriff, works with Standard in the department operation.

Band Boosters Meet Monday

The Big Spring Band Boosters Association will hold its first meeting of the new school year Monday at 7:30 p.m. in the high school band hall.

The association consists of parents and friends of the three local band organizations, who meet regularly to assist in buying uniforms, awarding medals, entertaining visiting bands and raising funds for the senior band trip. Regular meetings are scheduled throughout the school year on the first Monday of each month, except for this month's meeting which was postponed to the second Monday because of the Labor Day holiday.

Officers of the Band Boosters are Bob Bradbury, president; Owen Ivie, first vice president; Mrs. W. R. Hall, second vice president; Mrs. B. E. Reagan, third vice president; Mrs. Keats Watts, secretary; Mrs. J. D. Campbell, treasurer; R. E. Dobbins, Fred Stitzell and Mrs. D. W. Pierce, trustees.

Director To Speak At Temple School

Mrs. Arah Cunningham, director of Voluntary Services at the Big Spring Veterans Administration Hospital, will take part in a school of instruction Sept. 15 at Temple.

She has been invited to speak on "Hospital Etiquette and Ethics in VA Voluntary Service." The school is being sponsored by the American Legion Auxiliary and all aspects of volunteer work will be discussed.

If everyone in West Texas would buy El Paso-Dixie gasoline, we could buy larger ads.

A school eye chart test is not enough...

to determine the condition of your child's eyes

Your child's eyesight is checked annually at school by means of a vision screening test. The purpose of this test, of course, is to discover any visual problems that need professional attention. Yet the simple facts remain—such tests are limited in the defects they reveal; and they should not be substituted for a thorough, professional eye examination. Remember: a child can have 20/20 vision and still need glasses to see comfortably. ■ Make sure your child's vision is what it should be. Have his eyes examined by a competent TSO Doctor of Optometry. At TSO his eyes are examined internally for any evidence of disease or defect; then for visual abnormalities, such as near or far sightedness, astigmatism and muscle imbalance. ■ If your child's visual diagnosis shows the need for glasses, they will be accurately prescribed and fitted for the clearest, most comfortable vision possible. ■ The cost will be reasonable. Single vision glasses are as low as $14.85, including professional eye examination, lenses and frame. ■ If glasses are not needed, there is only a $3.00 charge for the eye examination. ©TSO—1962

OPEN ALL DAY SATURDAY

Promoted

Chief Warrant Officer Henry D. (Hank) Brewer Jr., flightline maintenance officer of CAM Squadron at Webb AFB, received notice this week of his promotion to Chief Warrant Officer, Grade III. In an informal ceremony at Wing Headquarters, Col. Wilson H. Banks, base commander, pinned on the new bars. Brewer enlisted in the Army in 1940. He moved up through the enlisted grades and was made Warrant Officer in 1952.

City Plans To Put Best Face Forward

A continuing program to get Big Spring's city vehicles, equipment, and buildings, painted and maintained in a more pleasing manner will be launched in a few days. Larry Crow, City manager, said this week that he believed the city should take a position of leadership in community appearance.

City property, at street intersections where islands exist, such as at State and East Tenth, Washington Boulevard median, Marcy and Wasson Drive, will also undergo a change, Crow said.

"Johnny Johansen, park superintendent, will begin work in season to make use of native plants, shrubs, and rock," the manager said. "He will also make use of a plastic material to keep down weeds and grass in the plots where practical."

Crow said the city has spent thousands of dollars in maintenance costs, keeping the areas in shape. The use of native plants and shrubs, instead of seasonal flowers, is planned to eliminate many man-hours of work.

Fire stations will get new coats of trim paint in colors to blend with the buildings and harmonize with surroundings. Buildings in the City Park will also be repainted, with those most noticeable getting the first treatment, and others following as men and money are available.

All motor vehicles will be painted white, to present a cleaner, attractive appearance, including, garbage trucks, pickups and cars. Street equipment—graders, tractors, and heavy equipment—will be kept in good condition, but will be painted with the manufacturer's colors.

"We want to maintain a neat appearance with a minimum of maintenance so as to keep our hands out of the taxpayers' pockets 'as much as possible," Crow continued. "Buildings and equipment will last longer if maintained properly."

Highway Bids

AUSTIN (AP)—The State Highway Department has announced that bids will be taken Sept. 18-19 on 324 miles of work on highways and roads.

Low bids are estimated to be $23.3 million.

WCTU President Lauds Organization

MIAMI BEACH, Fla. (AP)—"A lot of people call us little old ladies in witches' hats—but we've stuck to our guns over the years."

That's what the president of the Women's Christian Temperance Union, Mrs. Fred A. Tooze, said before the organization's 88th annual convention started.

She predicted that prohibition would return within 10 years. "The liquor industry is worried about us," she said.

BIG SPRING CONCERT ASSOCIATION

1962-'63 SERIES

★ **An Evening With Basil Rathbone**
November 5th

★ **First Piano Quartet**
February 15th

★ **Dallas Symphony Orchestra**
March 19th

★ **National Canadian Ballet**
October 16th

Wherever symphonies are mentioned, the Dallas symphony stands high on the list. This brilliant assembly of virtuosos performs under the baton of Donald Johanos. From the time that he became the first student to be accorded the honor of conducting the Eastman Senior Symphony, Mr. Johanos has risen steadily as a conductor. He has studied under many of the top men in America as well as in a dozen European countries. He has been chosen as the representative young American conductor with the Concertgebouw Orchestra in Amsterdam this winter. The orchestra, a sentimental favorite here because it was the first to bring symphonic music to Big Spring many years ago, will climax the series March 19.

Adults $9.00 Children $4.00

Limited Auditorium Seating Capacity
Tickets Available From Board Members
Big Spring Concert Association

By Mail Coupon

Admission By Membership Only!

**No Single Admission Tickets Will Be Available—
Only Members May Attend These Fine Attractions**

Basil Rathbone needs no introduction to anyone conversant with the theatre, motion pictures or television. A gifted actor, Mr. Rathbone has put together some of his favorites from Shakespeare, as well as other classic and contemporary authors. His interpretations of literary gems have thrilled audiences. Of Mr. Rathbone, Gilbert Miller rates him as "the best equipped actor of the English-speaking stage." Mr. Rathbone will be presented Nov. 5.

Returning to Big Spring in response to popular acclaim, the National Ballet Guild of Canada will spotlight Lois Smith as prima ballerina and Earl Kraul as premier danseur. From London to Mexico City and all over the United States and Canada, this outstanding troupe has won lavish praise of critics and audiences. In addition to a large company, the ballet has its own orchestra and brilliant settings. This production of exquisite beauty, grace and music will open the series on Oct. 16.

One of the outstanding musical groups whose name has become a standard for perfection in performance is the First Piano Quartet. The quartet comprises William Gunther, Edward Edson, Adam Garner and Frank Mittler. An enthusiastically received performance with the Berlin Philharmonic Orchestra encouraged the quartet to continue as a group . . . and continue it has for more than a score of years of unprecedented acclaim. This example of matchless precision and electric range of color will be presented Feb. 15.

A Devotional For The Day

"Come to me, all you toiling and burdened ones, and I will give you rest." (Matthew 11:28. WEYMOUTH.) PRAYER: Heavenly Father, we give Thee thanks for Thy Son Jesus Christ, the good shepherd, who extends His invitation to all mankind, the sheep of His pasture. Help us to go where He leads. We pray in our Master's name. Amen.

(From The 'Upper Room')

A Vital Anchor

Anytime is a good time to speak a word for our churches, but this season of the year especially commends the topic.

We boast, almost idly, that ours is a church community. We quote statistics about congregations.

Yet, only as these are translated into personal ministries are they significant. It is religion lived day by day that really gives us a leavening and makes us a distinctive community.

The church is the logical, if not the only, agency for shaping, encouraging and sustaining this transformation. Without delving into the theological ramifications of the church and its mission, we can all agree that the church is the anchor for our morality as well as our spirituality.

Thus, nothing becomes more important, and nothing should be placed ahead of personal obligations to and through the church.

Now that the migrations of the summer have passed, this is a wonderful time to weigh the various things that claim our attention. Few things will approach the weight we ought to accord our church responsibilities.

Time To Remember Before We Forget

Once in a great while our city experiences a serious flood situation, and once in a while we recognize again that the problem continues to exist even though flood producing conditions may not be often in effect.

One of the obstacles to a solution in the past has been a dearth of specific information, particularly about extent as well as location of damage.

We are not suggesting that a massive project be undertaken to institute a system of flood control, for past experience leads us to believe that the most recent incident also will be soon forgotten. The best time, however, to gather specific data is while the examples are fresh.

Moreover, it will be possible at this stage to get a clearer picture of what damage results logically from the nature of our terrain, and what damage accrues from a failure to stimulate a faster main drainage from the low points of the city.

As we continue to grow, this is going to become more serious, for the cost in outright damages will multiply with development. An intelligent application of a master plan will take into consideration that some means of expediting the movement of water from the city must be provided.

One approach, through the Soil Conservation Service, to promote upstream detentions and control practices, was checked a few years ago and ruled out. Perhaps, in the light of last week's developments, this possibility should be rechecked for economic justification. There is no doubt that such steps could help tremendously. They will not, however, constitute a total solution, for that depends upon an adequately engineered channel. Channel reform, however, will produce sustained results only if siltation is reduced.

There are many difficult facets to the problem, not the least of which is a gift for forgetting between floods.

THINLY VEILED OBSCENITY

Around The Rim

Look Out, Culture's A-Comin'

DEAR RUFE:

The reason you ain't heard from me for quite a spell is that there ain't been much culture around here lately. Any that shows, that is.

I suppose the last real throw we made at culture was the rodeo dance. Not everybody felt like we hit the mark with this. There also has been a carnival or two, and maybe some beer busts at the park.

BUT ALL IN ALL, summer ain't the culture time. Now that the rains have come and the air is a little more coolish, the culture folks are comin' out of their hidin' places.

What they're doin' is, they're offerin' tickets to these programs. I think in this kind of situation, you spell it programmes. No matter, the next few months will bring this culture stuff, and if you would just buy a ticket and come to these things in person, I wouldn't have to write you about 'em. Don't you think that's worth considerin'?

WELL, THEY ARE going to have four programmes. I suppose you would want to know somethin' about 'em.

The first one is a bal-lay. Now, we have had them things before, but it ain't necessarily true that if you've seen one, you've seen 'em all. Course, the men will have on their union suits, and the girls will have fluffy skirts over their union suits. And everybody will be runnin' around on tippy-toe. This is what makes bal-lay different from other kinds of dancin'. It's the tippy-toe stuff.

WHAT MAKES 'em different, is that the dancers tell different kind of stories—acting 'em out, that is. Probably will be a story about a girl fallin' in love with a prince, and him gettin' eat up by a bear, and her dyin' of grief, or something' like that. Anyways, if you read it on the programme, you can pretty well tell what they're doin'. Or, you play like you do.

After that, they got an elocutionist. They don't call 'em elocutionists these days. He's a feller that stands up and talks. Read stuff out of big books. Reads so beautifully that you feel like dancin' tippy-toe yourself. That is, if a man reader can affect you thataway. I ain't so sure about myself. Anyways, fellers like him used to be on the Chautauqua circuit, and they called 'em elocutionists. Too bad, he don't do chalk talks.

THEN RUFE, there is coming these pianna players. Not one, not two, but four, all of 'em hittin' it up at one time, and if that don't make for a mess of pianna music, I don't know what does.

You can add it up and you'll see there will be eight feet stabbin' at the pedals, and 40 fingers a-diddlin' over the keyboards. If you are a pianna man, you would not want to miss this four-way deal. It would be interestin' just to see if they can all come out even.

THEN THERE is a full-blown orchestra. One of them symphonies. This is where the fellow gets on a box up front wearin' a split-tail coat and wavin' a little stick. Them sixty or seventy people there with their fiddles and their horns and their drums and their harps and their oboes and their cornets, and their overgrown fiddles will be doin' just what he says. Chances are he'll say plenty—and all with the little stick.

I could tell you more about this, but I am out of space. Point is, Rufe, we are about to get cultured up again, and I hope you can take it.

Yore friend,
ZEKE,
(BOB WHIPKEY)

Marquis Childs

Undermining The Trade Act

WASHINGTON—The powerful behind-the-scenes pressures now being brought on the White House put in jeopardy the measure that is vital to the Kennedy program at home and abroad. It is, needless to say, the trade liberalization act passed by the House and soon to come up in the Senate.

SHIPS, SHOES and sealing wax—every conceivable commercial interest — is pressing for exemption from the list on which the President would have the power to cut back tariffs. In each instance, the White House is being told that without some form of guarantee—whether written into the act or in the form of a public assurance—that quotas on imports will be maintained, the act can never pass.

But loading the trade act with quota restrictions, whether spelledout or pledged informally by the President, will defeat its purpose. The President's goal is to enter into an economic partnership with the European Economic Community, and with trade barriers lowered on both sides of the Atlantic to stimulate a greatly increased flow of goods within that partnership.

EVEN MORE important is the extreme delicacy of this moment in the negotiations over whether the six nations forming the Common Market on the continent of Europe are to agree to terms that will admit Britain to membership. In Bonn, Chancellor Konrad Adenauer, meeting this week with President Charles de Gaulle, has been making rumbling noises of dissent. This complicates Prime Minister Harold Macmillan's already difficult task of swinging the bulk of his Conservative majority in Parliament behind Britain's joining up with Europe.

THE UNDERTAKING bears some resemblance to the nursery jingle about the old woman who could not get her pig over the stile on the way to market. Stick would not beat pig, fire would not burn stick, water would not quench fire and soon in a series of frustrations until finally the chain was broken and the old lady did get to market with her pig. That happy ending is still indoubt in Europe. If doubts on American intentions were to be added to the reluctance of the Adenauer-De Gaulle combine, the result would be little short of catastrophe.

A quota has been agreed to for textiles, with special provisions for areas such as Hong Kong, where a textile industry has developed an impressive capacity. Pressure is strong for a similar quota on shoes.

BUT PERHAPS the most powerful drive is for an understanding on oil imports. Several senators have talked earnestly to the President on this score, assuring him that they will take his word if only he will agree privately to reduce the present level of crude oil being brought into this country.

Domestic oil production has been cut back, particularly in Louisiana, Texas and Oklahoma. This pits the independents — some are large-scale operators — against the American oil giants with international operations.

THE INDEPENDENTS have always had political spokesmen in Congress of great potency. In this contest, they can expect to count on Sen. Robert S. Kerr of Oklahoma who, in addition to his own enormously profitable oil business, has intimate ties with one of the biggest of the independents. And Kerr, as No. 2 Democrat on the Senate Finance Committee, has the primary responsibility for shepherding the measure through the Senate.

In recent years, imports of crude oil have been restricted by an agreed quota system. This has allowed the giants to bring in fixed tonnages from nations in Latin America and the Middle East. The language in the bill as passed by the House would, in effect, permit that system to continue.

BUT THE independents will be satisfied with nothing less than cutting out all imports. Quite apart from the effect on America's relationship with the European market, this would have loud and angry repercussions. In the Middle East, it would upset the power balance and create a new and dangerous instability.

Venezuela exports roughly one billion dollars in crude oil to this country, and the foreign exchange earned in that way sustains the precarious regime of President Romulo Betancourt caught between the rising force of Castroism and the reactionaries who look back longingly to the days of the dictatorship.

THE DUTCH have been angered by restrictions on their crude oil brought in from Curacao, and in their present mood, embittered by the American stand on West New Guinea, they would not take kindly to further curbs.

As Rep. Hale Boggs of Louisiana, who contributed mightily to getting the bill through the House relatively unscathed, has often pointed out, Venezuela imports from the United States goods valued in the neighborhood of two billion dollars. Much of this commerce moves through the port of New Orleans.

SO THE HOPE is that when the Senate has finally acted and the trade bill goes to conference, the language of the House will prevail over the restrictive amendments that may be tacked on in the frantic closing days of the session. This will be one more step nearer the Atlantic partnership. Here is the opportunity for a tangible, constructive achievement—a contrast to Berlin, where the only alternative is to dig in and hold tight.

J. A. Livingston

This Impasse Also Will Pass

You can't comprehend the U. S. gold problem until you know the solutions. Or, as a sage has said, you never understand a subject until you're confused.

College professors, bankers economists, and foreign exchange experts—all learned, honest, dedicated men—have proposed these remedies:

1. Double the price of gold. If America has twice as much gold to lose, it won't lose it. This is akin to doubling the value of chips in a poker game to help the losers. It doesn't change underlying conditions.

2. Lower the price of gold. By reducing the price or threatening to devalue gold, we'll destroy the lust for it.

3. Stop buying gold. If the U. S. refused to pay $35 an ounce, there would be no guaranteed purchaser of the world's annual $1.5 to $2 billion output. South Africa produces about $800 million of gold a year. Canada $150 million, the U. S. $50 million. Other nations bring the western world's total up to $1.2 billion. The Soviet Union (next to South Africa) is thought to be the second largest producer, but Communist-block data are not published.

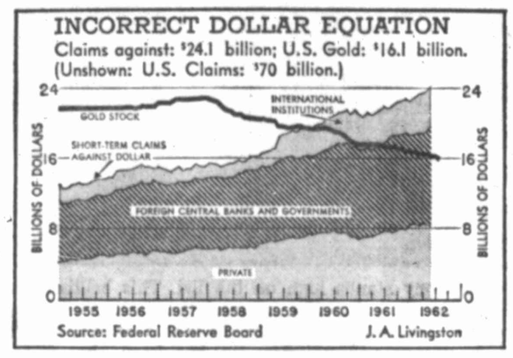

4. Ignore gold. Let it seek its level as a metal for adornment, filling dental cavaties, and industrial use.

And, simultaneously, let all currencies spin loose from gold. If a Briton wants to exchange pounds for dollars or marks, he would swap, even as now he trades shillings for a mug of ale or a pair of shoes. An American wanting to travel abroad would swap dollars for marks or Swiss or French francs—even as now—but currency rates would be tied to one another rather than gold—indirectly. Currencies would fluctuate in a free market. What confusion for travelers, exporters and importers!

CONTRADICTIONS

What contradictions! One school argues that gold is the only real medium of exchange and store of value. People have clung to it for ages. But, unfortunately, there's not enough—at $35 an ounce—to meet the needs of the world.

So raise the price! Devalue the dollar, the franc, the mark, the guilder in terms of gold. Central banks would automatically have more reserves—by markup. And people, if they want gold coins, could get them. But the coins would be smaller—per dollar or franc—than ever before. Kings used to do this by clipping—adulterating—the coinage.

Another school would lower the gold price, or ignore it. And let central bankers worry about exchange rates. They do it now—using gold and the dollar as interchangeable anchors.

Again, speculators—hoarders of gold—would be left holding cheapened, inert metal. But what discomfort for South Africa and the Soviet Union!

THIS WILL PASS

Voltaire wrote that if God did not exist, it would be necessary for man to invent Him. So with gold and the U. S. dollar.

Man has to have an international medium of exchange, even as doctors, dentists, plumbers, druggists, and butchers need a means of settling balances for serving one another.

Because the total amount of monetary gold of the Western World is only $41,000,000,000, of which the U. S. owns about 40 per cent, nations now use dollars to settle accounts.

But foreign short-term claims against the dollar have mounted $13,000,000,000 in 1955 to more than $24,000,000,000, while our gold stock in that same period has dropped from $24,000,000,000 to about $16,000,000,000 (see chart).

What is more, because the United States continues to extend military and economic aid abroad, and because American corporations are investing outside the U. S., the drain—and strain—on our gold supply persists.

The United States has vast assets abroad—more than $70,000,000,000 in long-and short-term claims. This country is like the banker who must pay his depositors on demand and has assets tied up in bonds and loans not immediately collectible.

The dollar is still a free currency—good anywhere, acceptable anywhere. Yet, until this country corrects its persistent balance-of-payments deficency, there'll be fears about it. Ten years ago, the world worried about the shortage of dollars. The dollar gap was described as permanent. Today, the dollar glut is described as permanent. It, too, will pass!

There Were Doctors In The House

LOUISVILLE, Ky. (AP) — A guest at a Louisville hotel suffered a pain in the stomach recently and called the desk to ask if there was a doctor in the house. "Anyone in particular?" the clerk asked. "We have about 500 physicians here at the moment." He summoned one from the convention hall to take care of the ailing man.

Not What Mother Would Have Wanted

LOUISVILLE, Ky. (AP) — "This represents a pretty twisted set of values," Juvenile Court Judge Daniel P. Marshall said recently as he sent a 16-year-old defendant to jail for holding up a bus driver. The crime occurred just prior to Mother's Day. The youth said he staged the holdup to get money to buy his mother a present.

To Your Good Health

Don't Worry About X-Ray Radiation

By JOSEPH G. MOLNER, M.D.

Repeatedly I receive letters from people saying, "I had X-rays last year and now the doctor thinks I should have them again. Do you think this amount of radiation will hurt me?"

I've been saying "no" steadily. I continue to do so.

But to further alleviate worry, I call attention to a report by Dr. Richard H. Chamberlain, representing the American College of Radiology, to the Atomic Energy Commission.

Earlier estimates of the amount of radiation being absorbed from medical X-ray have been much too high, he said. The estimates had run as high as 150 one-thousandth of a "rad"—a "rad" being a technical measurement for absorption by tissues.

Between 25 and 50 one-thousandth, he reported, is much more likely to be the correct figure.

To make a comparison that is understandable, 150 one-thousandth are about the amount absorbed each year from natural background radiation—the radiation to which mankind has been exposed for countless generations.

Dr. Chamberlain's estimates were aimed primarily at the amount of radiation affecting the reproductive organs, this area being considered to be the most critical, as concerns radiation. The faint risk of these, 25 to 50 one-thousandth of a rad is far outweighed by the benefits, in his opinion, and the rest of the body is unlikely to suffer any health damage at all.

It must also be pointed out that in general younger people (to whom the reproductive risk if any is important) get very little exposure to X-ray. Mostly it is for diagnostic X-rays which are brief.

It is usually the older person, to whom possible reproductive harm is of little if any significance, who is exposed to the vastly heavier X-ray used for treatment of disease.

There's another important fact. The amount of X-ray exposure needed to make a picture is steadily declining. Machines are better shielded now. There is very little exposure except that required to leave an image on the photographic film.

More sensitive film is being used, and in some cases other methods of image-intensification are possible. The net result is that less X-ray is needed. Dr. Hanson Blatz estimated that exposure to X-rays for medical purposes has been reduced 25 per cent in three years in New York.

My advice, therefore, is not to worry at all about whatever X-rays are needed for medical purposes. If you insist on worrying about something, then worry about what would happen if mankind ever permitted a nuclear war. That's really worth worrying about, and the exposure would be billions of times as great as all the medical X-rays for the next million years.

* * *

Dear Dr. Molner: Has it been proved that one race is more susceptible to radiation than another?—M.S.

No.

* * *

Dear Dr. Molner: My 2-½-year-old daughter loves chewing gum and prefers it to any candy. Is it harmful? She swallows it as soon as she chews it. She has about three small pieces a day—equal to one stick. Regular gum, not bubble gum.—MRS. D. W.

Swallowing it won't hurt her. I call your attention, however, to dentists who point out that gum has sugar in it, and continued presence of sugar, even in small quantities, contributes to tooth decay in some people at least. The greatest danger is inhaling the gum, causing it to lodge in the lung. For this reason I think it dangerous to give chewing gum to toddlers or young children.

David Lawrence

Monroe Doctrine Disregarded

WASHINGTON — Has President Kennedy really disregarded, if not scrapped altogether, the Monroe Doctrine—the historic policy of the United States for the protection of the Western Hemisphere against European aggression?

The President's latest statement, upon being examined carefully, reiterates deliberately what he said, in effect, at a news conference on August 29—that he will not uphold the Doctrine unless there is an actual military invasion of a country in this hemisphere. He will not take action in the face of European intervention in the affairs of a Latin-American country. He will accept a military build-up by the Soviet Union inside Cuba, for instance, as "defensive" in that country. He will wait for actual offensive preparations or operations before taking action. He will, in other words, take "the first blow."

THIS IS A DISTINCT departure from the words of the Monroe Doctrine itself and from the action taken by several Presidents of the United States in past history.

The Monroe Doctrine says nothing about avoiding action just because European problems may loom large at the time. When Russia was attempting to get a foothold in the northwestern part of this country, President James Monroe expressed in his famous message to Congress on December 2, 1823, the American policy as follows:

"WE OWE IT, therefore, to candor and to the amicable relations existing between the United States and those (European) powers to declare that we should consider any attempt on their part to extend their system to any portion of this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European power we have not interfered and shall not interfere. But with the governments who have declared their independence and maintained it, and whose independence we have, on great consideration and on just principles, acknowledged, we could not view any interposition for the purpose of oppressing them, or controlling in any other manner their destiny, by any European power in any other light than as the manifestation of an unfriendly disposition toward the United States."

PLAINLY, the Soviet Union has political control of Cuba today. The whole world has seen how it has actually begun to impose its system on Cuba, which not only is a part of this hemisphere but is only 90 miles away from the United States. This makes it even more relevant as an action that is "dangerous to our peace and safety."

THE UNITED STATES can announce that it will sever diplomatic relations with the Soviet Union unless all Soviet military technicians are withdrawn at once from Cuba. This action would mean the expulsion from the United States of all Soviet diplomatic and consular officials and the return of all U. S. officials from the Soviet Union. It could mean also the imposition of an economic blockade by the United States not only against Cuba but against the Soviet Union. All Latin-American states would be urged to join the same move. It's the only way to get rid of Communist infiltration in the Western Hemisphere without bloodshed.

(Copyright, 1962, New York Herald Tribune, Inc.)

We Need To Be Rid Of Those AA's

WASHINGTON — "You say that you keep seeing things," said Dr. Clarence W. Couchmaster soothingly to the distinguished patient on the couch. "Seeing things such as. . .?"

"Such as my duty," said the distinguished patient. "I can see my duty plainly in many areas, but the trouble is with those AA's."

"Alcoholics Anonymous? Automobile Association? Agriculture Agency? What AA's do you mean, sir?"

"IT'S AN ORGANIZATION known as Administration Apologists," said the distinguished patient. "No sooner do I see my duty, then the AA's jump into the picture and everything is blurred."

"For example?"

"Well," said the distinguished patient, "there's Cuba. Any American can see what the Administration's duty is. Soviet Russia is fortifying this base just 90 miles from American soil. Already 20 Soviet ships have brought something like 5000 Russian military advisers and large amounts of Communist bloc military hardware, including missile-firing electronic equipment. The American duty, of course, is to invoke the Monroe Doctrine and throw the foreign invaders out of there, but the AA's. . ."

"WHAT DO THE AA's say?" asked Couchmaster.

"They say the President is doing just right to refer the whole matter to the next meeting of the Organization of American States. The AA's say that this is how to comply with the spirit of the Monroe Doctrine."

"What else does the AA say about the Administration's handling of the Cuban crisis?"

"THE ADMINISTRATION Apologists write in their columns, or say in their speeches, or declare in their press releases, or leak to their commentator friends that the Administration is doing everything it possibly can do about Cuba—but everything, in this instance, means nothing. For example, we really ought to intercept that Soviet shipping, but that might mean shooting—and shooting would mean war and war is unthinkable. Or we really ought to lean heavily upon NATO allies who have leased ships to the Russians for fortifying the Red bastion in the Western Hemisphere. But we don't dare speak roughly to our Allies because where would we be if the Portuguese, the Italians and the Greeks called us Ugly Americans?"

"SOME PEOPLE think we're the only Western Hemisphere power with the military strength to liberate Cuba from the Reds, and that we ought to do so," ventured Couchmaster. "Is this another duty that you plainly see?"

"It certainly is," replied the distinguished patient. "But those Administration Apologists fuzz this one up too. They write, speak, declare and leak stories to the effect that an American expeditionary force to Cuba would be playing straight into the enemy hands. No sooner would we get several divisions involved in Cuba than Khrushchev would start something in Berlin and. . ."

"BUT," SAID COUCHMASTER, "Khrushchev is always starting something in Berlin, and we have yet to move anything but token forces of 1200 men up and down the Autobahn. We never make any use of our power in Berlin. That's why the Berliners have rioted against us and why even as good a friend as Mayor Willy Brandt has to admit that the West has a do-nothing policy."

"I know," said the patient sadly, "but the Administration Apologists contend that the Administration is doing everything possible in Europe. The President is calling another Four Power meeting to talk about the Wall, and that's all he can do—just talk!"

"WHAT OTHER duties are plainly seen?" asked Couchmaster kindly.

"There's a duty to support any force of Cuban exiles which attempts to overthrow Castro," said the man on the couch. "But the AA's have befogged this one, too. They point out that the exiles won't make another try unless we promise them American Air and Navy support which was withheld in April 1961. But now that the Russians are in Cuba, the chance of shooting up Soviet persons and property is too great a risk to take. So, we can't support an anti-Castro movement of any kind."

"THIS IS A very serious case," said Dr. Couchmaster.

"Yes," said the patient. "I keep seeing duties, and they won't go away."

"There is a cure," said Dr. Couchmaster. "I know of no way to make your duties go away. But those Administration Apologists, you could get rid of them by disavowing them in a few well-chosen words. No man can do his duty if he's willing to accept the excuses and apologies of his friends and supporters as a substitute. So get rid of the AA's."

"If only I could," said the distinguished patient, and he went away sorrowing.

He Would Have Been Okay

DES MOINES, Iowa (AP) — Charles F. Wennerstrum, 72, Des Moines attorney and former member of the Iowa Supreme Court, went to a hospital for a checkup.

Doctors found him in excellent condition—except for the arm he fractured when he fell over a barricade in a parking lot during a rainstorm on the night of his arrival at the hospital.

Sneaky Thief

BATH, Maine (AP)—The garden patch at an old folks' home was raided but it went unnoticed for a few days. The thief cut the bottoms off beets and carrots then replaced the stems in the ground. The vegetable robbery was not apparent until the stems wilted a few days later.

LIFE'S LABORATORY

Have you ever thought of your life as a laboratory? There are no test tubes and no scientific textbooks to aid us in our study, but we've been given other aids more important still. We call them God's formulas for living.

ARE WE AFRAID? Then we may test the Christ-given formula, "Be not afraid, only believe."

ARE WE LONELY? Then we reach for the promise of the Lord, "And lo, I am with you alway . . ."

DO WE DOUBT THAT GOD CARES? Then we can analyze for ourselves the message of the Christ, "God so loved the world that He gave His Son . . ."

These are only a few of the formulas for our lives.

To test them we must first know them. The Church is ready to teach. We shall need direction also. The Church offers us the help of consecrated pastors and leaders.

Let's go to Church and learn the transforming power of God's formulas in the laboratories of our lives.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The road took a wrong turn

It seems to be mostly sex and cowboys for the Big Spring movie week.

Leading off the week is "The Interns," which probes into the private and professional lives of young doctors interning at a big hospital.

Among the highlights heralded by studio publicists are a New Year's Eve party with interns and nurses (called the wildest party ever put on film), and the birth of a baby, "before your eyes."

Starring as the interns are Michael Callan, Cliff Robertson, James MacArthur and Nick Adams. The nurses are Suzy Parker, Haya Harareet, Anne Helm and Stefanie Powers. Also in the cast are Buddy Ebsen, Telly Savalas and Kay Stevens. Many strong characters are represented in the plot, according to advance descriptions, and some of the interpersonal relationships seem to be meat for drama.

There is no guarantee, however, that the situations or characters are descriptive of the medical profession at large.

"The Interns," opening today at the Ritz Theatre, is based on the novel by Richard Frede.

HISTORY REPEATS

Remember the story of Lysistrata and the women of Athens? No? Well, back in the days of ancient Greece, Miss Lys and the other Athenian distaffs decided to put an end to the constant warfare their husbands carried on. They went on strike. The ancient Greeks, being the virile lovers they were, soon capitulated.

Someone in a small Italian village recalled the story of Lysistrata, and as a result the film "Jessica" comes to the Ritz beginning Wednesday.

Angie Dickinson scoots on screen on a scooter. She's the beautiful young American widow of an Italian medical student, come to act as midwife for his native village. But the women of the village, being given to jealous fits and being egged on by Agnes Moorehead, decide they don't want a good-looking American girl anywhere near their men. They, too, go on strike—the idea being not only to bring their men to terms but also to run the young midwife out of business by drying up her source of income.

The presence of the provocative Angie plus their troubles at home proves too much for the men of the village. It also leads to trouble for the priest (Maurice Chevalier) who tries to untangle the mess, and for the local noble (Gabriele Ferzetti) who occupies the lonely castle atop the hill.

Of course, everything comes out happily in the end. The bright comedy of "Jessica" comes in the telling of the story, all endings aside.

By this time, the reader may have guessed that "Jessica" is recommended only for adults and mature young people.

Based on the novel "The Midwife of Pont Clery," by Flora Sandstrom, the film was directed by Jean Negulesco.

THE COWBOYS

The playbill is loaded down with new and returning cowboy movies.

"Rider on a Dead Horse" concerns the greed of a gold hunter who tries knocking off his partners after a cache of the valued metal is made, with Indians, a bounty hunter and a Chinese girl to mix things up.

Another new opus stars Audie Murphy and Dan Duryea in "6 Black Horses," in which Audie is saved from hanging for horse stealing by Duryea, only to have to meet him later in a showdown caused by a woman.

There are Indians in this one, too.

"The Man Who Shot Liberty Valance," returning Wednesday to the Jet Drive-In Theatre, is tops among the Western features. James Stewart is seen as a publisher given credit for the shooting of a particularly nasty character, and elected to the Senate and winning a beautiful wife besides for ridding the town of Liberty Valance. John Wayne costars as the shadowy background figure who looms large in the story and in Stewart's life and career.

Vera Miles portrays the girl in the ointment, Lee Marvin is Liberty Valance. Edmond O'Brien and Andy Devine also star. John Ford directed from a story by James Warner Bellah and Willis Goldbeck.

A NEW NAME

We should have noted that the African theme also is important in this week's movie fare.

The best among the several African movies is "Africa Ablaze," which is merely a new name for an earlier drama, called "Something of Value."

It is a Robert Ruark story based on true incidents during the infamous Mau Mau uprising in Kenya Territory. Starring are Rock Hudson and Sidney Poitier as white and black who grew up as brothers on a Kenya plantation, only to find themselves driven inevitably apart by the frictions of nationalism.

Standing out in the supporting cast is Juano Hernandez as the leader of the Mau Mau terrorists.

The Ruark story, both book and film, has earned praise for its accuracy in backgrounding the East African uprising, as well as for its human values.

And it is here that one wonders at the latest Hollywood gimmick of changing the name of a classic movie in releasing it again to the public. In this particular case, the title logically should have remained, for as Ruark tries to show, even out of the hatred and murder of the Mau Mau revolt there came "something of value."

Other African themes may be found in "Watusi" and "Master of the Congo Jungle."

NO SARONG

By way of comedy, we have the return of "Road to Hong Kong," being an old theme given a new and unfortunate treatment.

Many people will remember the old "road" movies, with Bing Crosby, Bob Hope and Dorothy Lamour. They were classics.

The new version, however, dropped Dotty and her immortal sarong—except for a short and rather pointless sequence—and gave Hope and Der Bingo only a few half-hearted lines. Peter Sellers, in an all-too-brief character scene, steals the show.

We will say the last "road" picture could be produced properly only with the original trio—as intact as the advancing years would leave them. "Road to Hong Kong" should have faded out with Bing, Bob and Dotty leaning on their canes, bowing their old grey heads, and struggling manfully and with their traditional confusion down that last "road."

BACK AGAIN

That just about exhausts the week's playbill, except for a couple of returning films double billing Wednesday at the Sahara Drive-In Theatre. "Home From the Hill" has Robert Mitchum as a family man who has some hard lessons to learn, and "The Rat Race" peeks noisily into the world of jazz musicians.

Which brings us back to modern themes such as we have in "The Interns," which brings us back where we started.

—BOB SMITH

WEEK'S PLAYBILL

RITZ

Sunday through Tuesday
THE INTERNS, with Michael Callan and Cliff Robertson.
Wednesday and Thursday
JESSICA, with Angie Dickinson and Maurice Chevalier.
Friday and Saturday
SIX BLACK HORSES, with Audie Murphy and Dan Duryea.

STATE

Sunday through Wednesday
AFRICA ABLAZE; also, THE RACK.
Thursday through Saturday
PORTRAIT OF A MOBSTER, with Vic Morrow and Leslie Parrish; also, RIDER ON A DEAD HORSE.

JET

Sunday through Tuesday
ROAD TO HONG KONG, with Bing Crosby, Bob Hope and Joan Collins.
Wednesday through Saturday
THE MAN WHO SHOT LIBERTY VALANCE, with James Stewart and John Wayne.

SAHARA

Sunday through Tuesday
WATUSI; also, MASTER OF THE CONGO JUNGLE.
Wednesday through Saturday
HOME FROM THE HILLS; also, THE RAT RACE.

JAMES STEWART & JOHN WAYNE
Waiting to shoot Liberty Valance

Mitzi Cried All Day At Age Of 31

By DORIS KLEIN

HOLLYWOOD (AP) — Mitzi Gaynor, the plump teen-ager who became a svelte movie and nightclub star, wept all day on her 31st birthday.

When she arrived at her Beverly Hills home that night—after a day emoting in $1,000 Jean Louis gowns — she answered her husband's "happy birthday," with a blubbering, "Th-th-thank you, dear."

Mitzi's one of the happiest gals in town. And the set of "Three on a Match," the film she's making with Kirk Douglas, is one of the gayest—thanks mostly to Mitzi.

"I had this weeping scene," she explained the next day, "and they kept doing retakes. By the time I got home, I couldn't stop crying

"No more tears today—today I'm mad"—but she didn't look mad, only in front of the camera. Mitzi's one of the best muggers in the business.

At 31, Mitzi's as unspoiled as when she started as a 150-pound 16-year-old. And she has little reason for tears.

"I couldn't see how they were going to make a star out of that girl when she first turned up at Twentieth—she was so chubby," said an old hand who knew her then. "But look at her now." Today's Mitzi is a breath-catching 114 pounds.

For years afterward, the little girl from Detroit was just another pretty hoofer in a succession of lightweight films.

Then came the role of Nellie Forgush in "South Pacific" and then Las Vegas.

Her nightclub act was a smash when it opened at the Flamingo last year.

Mitzi earned her $40,000 a week with everything from hilarious takeoffs to socko singing and dancing. The act was an equal success in Miami, New Jersey and Lake Tahoe.

"Getting back to movies after two years is really a switch," she said. "I used to get to bed at 5 a.m. Now, that's when I get up.

"This is a wonderful picture, but it's been a lot of work," she said. "We started making it right after I returned from Tahoe. I'm going to take some time off in November when I finish and just enjoy the house.

"It's the first home Jack and I have had since we were married,"

Referring to her eight-year marriage to her business manager, Jack Bean, she said, "We have everything we want—except children—and we're certainly hoping to have some."

Stamps In The News

By SYD KRONISH
AP Newsfeatures

France is the first nation to issue postage stamps honoring the outstanding achievement of space telecommunications which occurred on July 11 and 12, spurred by the United States Telestar and with the cooperation of such nations as Britain and France.

The 25 franc depicts a view of the Space Telecommunications Center in Pleumeur-Bodou, near Paris. The 50 franc shows a world globe being serviced by the communications satellite (Telestar) with the cities of Andover and Pleumeur-Bodou being highlighted. Behind the globe is a television set.

* * *

The Republic of China has issued three commemorative stamps to mark the 15th anniversary of the Chinese National Commission for UNESCO, reports the World Wide Philatelic Agency. The stamps illustrate an artist's palette, a laboratory flask, an industrial gear, a pair of compasses and a book — symbols of UNESCO's activities. The UNESCO emblem appears in the upper left portion of the stamp.

* * *

West Germany has issued two Europa stamps. The 10 pfennig green and 20 pfennig blue show a young tree with 19 leaves—the symbol of Europa.

* * *

The Post Office Department has announced that there were 384,419 first-day covers canceled at Norwalk, Conn., on July 28, 1962, when the 4-cent Brien McMahon stamp was first placed on sale. On that date there were 636,079 of the McMahon stamps sold with a value of $25,443.16.

* * *

Antigua honors the centennary of its first postage stamps by issuing four new adhesives. The design, which is common to all four, includes a portrait of Queen Elizabeth and features a Royal Mail Vessel at English Harbour, 1862, together with a reproduction of the original Antigua stamp. The three

cent is green and purple, 10 cent is green and blue, 12 cent, green and black and 50 cent, green and orange brown.

* * *

The Aero Philatelists of New York are sending 20 collections by its members to the "Internationale Luposta Berlin 1962" (air mail exhibition) to be held in West Berlin in September. All of the collections sent to this exhibition will be award-winning exhibits and include such items as "Air Mail Stamps of the World," "Proofs and Essays" and "Rocket Mail."

* * *

The 14th National Postage Stamp Show will be held Nov. 16-18 at the 71st Infantry Regiment Armory in New York City and will again be sponsored by the American Stamp Dealers Association. The three day show attracts collectors and dealers from various parts of the world and is one of the outstanding events in American Philately.

Frank Sinatra Jr. To Make Debut

HOLLYWOOD (AP) — Frank Sinatra Jr., 18, makes his professional debut as a singer Oct. 2 on the Jack Benny television program.

Young Sinatra, a college sophomore and son of the famed crooner, will appear in a sketch with Benny. The show will be taped by CBS Sept. 23.

Asks Divorce

LOS ANGELES (AP)— Actress Linda Darnell says her airline pilot husband is unfaithful, cruel and an habitual drunkard.

She filed a suit for separate maintenance last week saying Merle R. Robertson, 44, had admitted to her that he is the father of a child expected by Vera Violetta Gregovic, a Yugoslavian actress.
