

Citizens Urged To Back Junior College

Ashtola's First Community Day Friday Is Marked Success

COLLEGE IS VITAL TO CLARENDON

COLLEGE TOWN FOR MORE THAN THIRTY YEARS HAS STRONG BACKGROUND.

The following is a second of series of articles especially prepared for the News at the request of the Board of Trustees of the Clarendon Independent School District. In this article, the vital interests of the community in the school is discussed more thoroughly than before. The story:

By H. T. Burton
Clarendon has been a college town since 1898. The people of Clarendon and Donley County paid seventy-eight per cent of the five hundred thousand dollars (\$500,000) which went into the establishment of the Clarendon College. When the Northwest Texas Methodist Conference advertised this plant for sale, the Clarendon Independent School Board bought it for forty-two thousand dollars, (\$42,000). If we did not already have this excellent school plant and it paid for we never could hope to build one like it because as J. R. Reid of the State Department of Education said, "It would take at least a twenty million dollar (\$20,000,000) State and County valuation to build the buildings you already have and to maintain a faculty that you have now." Since we already have all this, we can maintain it with our State and County valuation of something like two million dollars, (\$2,000,000) by voting a twenty cent tax on the one hundred dollars, (\$100) which will bring in a revenue of four thousand to forty-five hundred dollars per year. This is sufficient to pay the tuition of about forty students and that is more than we have in the freshman class now from the Clarendon Independent School District. Is this because there are not forty students in Clarendon ready for the first year of college work? No, it is because there are a goodly number who cannot pay the one hundred dollars tuition.

What are the possibilities for Clarendon Junior College? If we vote this twenty cent tax, then the college will be on a sound financial foundation. Remember this tax is never to exceed twenty cents on the one hundred dollars state and county valuation. In other words, if all of this twenty cents is not needed for maintaining the school, then just that amount which is needed will be assessed. It is more than likely that it will all be needed the first few years. But let's suppose that the surrounding districts decide to come in on this proposition (and we believe they will) and we continue to expand until the whole county has taken advantage of this opportunity and even a part of the surrounding counties. At the same time suppose all the farming land in Donley County and the larger farms are subdivided until the population of the county is doubled and Clarendon keeps pace with the population of the county, then it is quite possible and altogether probable that the entire twenty cents will not

Local Women To Join World Move

On Friday of this week, March 7th, Christian women in every part of the world will hold services of intercession and consecration. In Clarendon the service will be interdenominational in the Baptist Church at 2:30 o'clock. The music will be in charge of Mrs. O. T. Smith. The devotional part of the program will be conducted by Mrs. William Gray, assisted by Mesdames G. A. Anderson, Joe Humphrey, T. M. Couch, O. T. Smith, S. E. Allison, and R. F. Morris.

The program will center about the thought, "Looking Unto Jesus" and will be rendered by Mesdames W. C. Stewart, J. A. Thompson, Frank White, Joe Goldston, W. E. Ferrell, B. N. Shepherd, R. S. McKee, Holman Kennedy, Homer Glascoe, Paul Shelton, R. H. Alexander, and O. T. Smith. Mrs. Rolle Brunley will sing.

FINAL ENTRY DATE SET AT JUNE FIRST

YARD BEAUTIFUL COMMITTEE GETS TO WORK EARLY.

Clarendon is to again have a Yard Beautiful Contest for the year of 1930. This was finally decided when the committee named to handle this matter for the year met with Secretary Boykin the latter part of last week and made their plans and rules for the season.

The contest will be divided this year into two classes, irrespective of the size and age of the yards entered. One of these divisions is to be made up of the yards winning prizes in the years past, and the other class will be made up of altogether new entrants, together with those yards of other years which have not won prizes of any sort. Prizes suitable for either of the two divisions will be given in either instance and will be selected and put on display in a centrally located place at some time in the future.

The date for entry has been limited to June first, more than seven weeks away. This gives ample time for the yard owner to make plans suited to his particular yard and have them well under way by the time the entry date is closed. All yards will be judged on August 25th. A committee from out of the city will be secured to judge the yards.

As last year, the committee decided to secure their supplies from the National Yard and Garden Association, this organization furnishing all supplies, window cards and other matter needed in conducting the contest. Winners in the local contest will also be entered in the National contest, making them eligible for a prize other than the one won locally.

The committee with this work in hand is composed of Messrs. R. S. McKee, Joe Goldston and J. C. Estlack.

be needed to maintain it. But suppose it is all needed, will it not be worth it many times?

Clarendon is primarily a residence town, always has been and if some unforeseen good fortune does not happen, it always will be. We have no large factories, machine shops, no large oil fields near by, nor is the town a railroad center. Hence our growth will likely be gradual but substantial. Clarendon has been known for over thirty years as a school town and it should continue to be a school town. Clarendon has a high class of citizenship due to the College and that is the class of people who are attracted to towns of this kind. That is the kind of citizenship we want and can rightfully expect to come here. We are all aware of the fact, that when anyone is looking for a new location, the first question they ask is, "What kind of schools do you have?"

Think it over, Mr. Tax Payer; this is your election because no one is qualified to vote who is not a qualified tax payer. This proposition is not a liability but an asset from more than one view point. Those of you who were here when old Clarendon College was closed will remember that property valuations took a slump as a result of it. The same thing will be true again if Clarendon Junior College should close. Also remember that should it close this time, that it will be for all time, because we would lose the unique position under which we are operative now, namely being exempt from the minimum requirements of five hundred high school students and ten million dollars of property valuation. If we should lose these privileges we should never hope to qualify for a public Junior College again. It is also an investment in the young life of this community, one that you cannot afford to turn down. You will always be proud that you had a part in making it possible for every boy and girl in this community to receive the benefits of two years college work. Clarendon is proud of her young people and justly so. The writer has worked with the young student life of this town for the past eleven years and it is his opinion that there is not to be found anywhere a finer, cleaner, or more ambitious set of young folks. They deserve the best, let's give it to them.

Shrubs Planted Along Boulevard

The City of Clarendon, following out a scheme of decoration, is planting the blocks on Fifth Street of this city to shrubbery and trees of an ornamental nature. Last year, it will be remembered that four large trees were planted in the center of these places and that all of them lived through one of the driest summers in the history of the city. This year, the scheme is being further enhanced by the addition of other ornamental features that are calculated to make this street one of the beauty spots of the town.

Each of the four blocks has received six "Red-buds," three cedars and a semi-circle of privet on either end of the small spaces in the paving. The dirt has been removed from the enclosures to a considerable depth and it is the plan of the city to add richer soil as it is needed to furnish growing materials for the trees and plants inside the curbs.

Mayor Taylor is also asking that drivers of automobiles be careful in handling their cars, not to run over the curbs unless it is absolutely necessary.

Mr. and Mrs. John Dixon of Burton, Texas, near Houston, left Monday of this week for their home after a visit here in the home of Mr. and Mrs. Frank White.

CREAM SHIPPED SHOWS INCREASE

MORE THAN TWENTY-FIVE PER CENT INCREASE SHOWN IN FEBRUARY.

Even though the month was shorter by three days than January of this year, weather conditions and the natural increase of shipments brought more than one fourth more cream from the hands of producers in February than in the month preceding. This fact was brought to the attention of the News when we checked up on the amount shipped from the city in the first and second months of the year.

In January, the coldest month recorded here in thirty years, a total of 185 cans of cream were shipped to foreign consuming points. This showed a considerable loss for the year preceding had shown 210 cans shipped during the same length of time. Weather conditions reversed themselves in January and February of this year and 1929, with the result that 229 cans were shipped from Clarendon by varied means during the month as compared with a total of 214 for the same month in 1929.

The price of the product is a little off the rate paid in 1929, with the net result that the gain in volume just about offset the loss in price. In either event, the total for the year to March first is 414 ten gallon cans shipped as against 424 for the same period of time during 1929.

NEW PASTOR FILLS PLACE AT CHRISTIAN CHURCH

Rev. W. E. Ferrell, newly called pastor of the First Christian Church of this city, filled his pulpit in that body on last Sunday and was greeted by a goodly number in attendance on the services of the day. Rev. Ferrell is a man of considerable education and of very pleasing personality. He comes highly recommended by friends of the local church and is expected to do a great work with the splendid congregation that has been so faithful to the tenets of the Christian Church of this city.

BOYKIN ANNOUNCES NIGHT ARRIVAL SUNDAY NEXT

Mr. and Mrs. G. L. Boykin announce the arrival of Ben Mathews Boykin on Sunday evening, March 2nd. The youngster weighed seven and one-half pounds on arrival and is reported to be doing very nicely. Lester and Mrs. Boykin are receiving the congratulations of their many friends on the arrival of the young man.

BAPTISTS TO MEET IN HEDLEY TUESDAY

WORKERS CONFERENCE TO BE HELD IN NEIGHBORING CITY ON 11TH.

With the general subject of "Prayer" assigned for discussion on Tuesday of next week, the Panhandle Baptist Association Workers' Conference will have its regular meeting in Hedley. Many speakers of note will be found on the program as outlined and a great meeting is expected to result from the gathering of these folk at Hedley. The program as outlined is as follows:

- Morning
10:00 Song and praise service—E. E. Walker, Memphis.
10:15 Devotional—W. H. DeBord, Hedley.
10:30 Prayer as a Bible doctrine—E. J. Evans, Plaska.
10:45 The Holy Spirit and prayer—Y. F. Walker, Lockney.
11:00 Prayer and Christian growth—I. W. Fulkham, Turkey.
11:15 Special music.
11:20 Daniel, an example of prayer as a decisive factor in the Christian life—E. J. Miller, Memphis.
11:40 Session—V. O. Cooley, Estelline.
12:10 Adjournment for noon.
2:30 to 2:45 Business meeting.
2:45 Roll call of the churches.
W. M. U. program.
2:50 Devotional—Miss Cook, Lella Lake.
2:40 Gleaning personal blessings from the prayers of the Patriarchs (Abraham, Isaac and Jacob)—Mrs. Warren, Clarendon.
2:55 Special music.
3:00 The prayer life of Jesus, my example—Mrs. E. T. Miller, Memphis.
3:15 Prayer as related to Missions—J. M. Sibley, Memphis.
3:30 Prayer and personal soul-winning—B. N. Shepherd, Clarendon.
4:00 Adjournment.
A large attendance from each church is desired. Come praying. Be early and let's spend the day.

CLAMPITT FAMILY RETURNS FROM CALIFORNIA VACATION

Mr. and Mrs. D. W. Clampitt returned from the winter vacation trip spent with friends and relatives in the state of California. Mr. Clampitt returns to the Panhandle section more sold than ever before on the advantages of living in this part of the world. His remarks as to the unemployed situation in that state would lead one to believe that there is very little doing there in any line. A part of the situation seems to be caused by the slump in oil production, while the other part may be traced to the general condition that is found in all parts of the nation to this time. Despite the review of conditions found in that state, Mr. Clampitt states that 'they had a very pleasant vacation trip and that they plan to return at some time in the future.'

THREE TRUSTEES TO BE SELECTED

ELECTION CALLED FOR FIRST SATURDAY IN APRIL IS IMPORTANT.

The annual election for the purpose of naming trustees for the Clarendon Independent School District has been set for Saturday, April 5th. At this time, three trustees will be named. These three will work with Messrs. Odos Caraway, O. C. Watson, W. M. Montgomery and J. W. Martin as the hold-over members of the Board.

The three men whose terms expire are F. E. Chamberlain, J. R. Porter and W. W. Taylor.

On the same date, there is requested an election for the Clarendon Independent School District, putting on an additional tax to carry on the work of the Clarendon Junior College. The purpose of the dual election is to cut the cost of the tax election since the same board will handle both.

Delegates Named For Council Meet

Clarendon Methodism will be represented in Amarillo at the sessions of the National Convention of the Woman's Missionary Society of that organization beginning with Thursday evening, March 13th. Delegates have been named from all circles with the exception of the Belle Bennett Circle and this one will be named in sufficient time to allow for their plans to be made to attend.

Mrs. C. A. Burton will represent Circle No. 1; Mrs. Paul Shelton was named to represent Circle No. 2 with Mrs. J. B. Baird as alternate and Mrs. Carrie Wiedman will represent the Circle No. 3.

In addition to these, there will be others who will visit the conventions and enjoy the presence of Bishop W. N. Ainsworth of Macon, Georgia, and John W. Moore of Dallas. In addition to these, the members of the Council of the organization will be present. Indications point to the fact that the entire United States will be represented, reservations having been already received from almost every state in the Union. The topic for general discussion at this time will be "World Peace" with Dr. Sidney Gulick of New York City as the speaker who will deliver an especially prepared address on the subject, "International Relations Around the Pacific Basin."

LEGION SHOW IS MARKED SUCCESS

SPLENDID AUDIENCE HEARS PRESENTATION AND COMPLIMENTS BODY.

One of the largest crowds seen in the college auditorium for the presentation of an amateur entertainment was seen on Tuesday evening of this week when the American Legion Post presented the program was short and to the point, there are those of the city who report to have enjoyed this more than any show they have seen for some time.

The receipts from the entertainment have not yet been completely checked, but it is thought that a sum in the neighborhood of \$100 will be cleared when all expenses have been paid. The officers of the Legion are planning to carry the play to some other nearby towns if sufficient urge can be put forth from the towns wanting the event.

S. T. Clayton Is Selling Chickens

S. T. Clayton, one of the prosperous farmers of Donley County, dropped into the News office the fore part of this week and told us of a sale he had made a short time past. A total of 161 hens, pullets and capons were sold on the market and brought in just a little more than \$1.00 per head for a total of \$170. The statement was made that these birds topped the market as it stood for that day, the hens and pullets bringing nineteen cents for each pound and the capons bringing twenty-one cents.

The Buff Orpington strain is that owned and raised by Mr. Clayton to the exclusion of all others, he stating that he believes that they will do better at all times during the year than any other breed that he has tried. They will come to market as soon as a lighter breed, have a better flavor, and will bring more when they are matured. When questioned as to the egg production, he stated that he was getting better than a fifty per cent crop at the present time and that during the winter months they would beat a lighter chicken for the reason that they were more thickly coated with feathers and that they could stand the cold better.

Mrs. C. B. Everett and daughter, Miss Marv. of Amarillo, spent the past Sunday here in the home of Mr. and Mrs. Frank White.

CLEAN-UP IS SET FOR APRIL 7 TO 12

EVERY PART OF CITY URGED TO TAKE SOME PART IN ANNUAL EVENT.

Mayor H. W. Taylor is asking that the people of the city of Clarendon set apart the second week in the month of April for the annual clean-up week of the year. Mr. Taylor further states that the city was never so clean as it is at the present time, but that there may be some places in the town that will stand the kindly touch of further treatment at the hands of the cleaner.

The same policy is to be maintained on the part of the city as was put in effect during the clean-up of 1929. The City Hall is to be notified of the collection of a pile of trash, notation will be made in that office and the city truck will call for it when next in that part of the city. No charge will be made for hauling this trash and the only trouble to be encountered will be found in gathering the trash and notifying the City Hall of the location.

This year, Mr. Taylor states that the men on the trucks will be particularly warned to gather up all the loose ends around the piles when they are found. In some instances last year a little of the trash was left, soon accumulating enough for a second trip.

Now is the time to start making plans for the clean-up. Notify the city of the trash you may have and it will be hauled just as soon as it can be reached.

GILLESPIE SAYS BETTER COTTON TO BE PLANTED

J. H. Gillespie, farmer-ginner of the Brice section, was in Clarendon Wednesday of this week attending to some business matters and happened to run into a representative of the News while here. Among other things discussed, Mr. Gillespie, told of some incidents of a trip he recently enjoyed to Van Zandt County. It seems that his wife stated when they moved to the Panhandle that she could never become accustomed to the sand that blows here at odd times. When stuck in an impassable mud-hole on one of the roads, Mrs. Gillespie was heard to fervently ask that a West Texas sandstorm might start at once that they might get home and out of the mud.

When questioned as to the reduction of the cotton acreage in his section, Mr. Gillespie stated that there would be very little if any decrease, also stating that no raw land was being brought into cultivation as was the case last year. This would indicate that there would be no increase in the acreage planted to this crop. Another matter that shows the general trend of opinion in that section is the fact that the great majority of the cotton planted in the Brice section is to be of a better staple than was planted last year and for a number of years in the past. Mr. Gillespie frankly accented as his due share a part of the blame for the situation as it existed for the past season and stated as frankly that the ginner were to blame and that they must accept the plan for buying staple cotton on a grade and staple basis rather than to put it just as cotton. He is generally optimistic over the outlook and is making plans for ginning a big crop of the valley cotton for the next season.

FORMER CLARENDON MAN BURIED AT PAMPA

A. B. McAfee, 70, pioneer ranchman of the Panhandle and former citizen of Clarendon, died at Temple Monday morning. Mr. McAfee operated a ranch about 12 miles east of Pampa for 25 years, until two years ago when he moved to McAllen where he owned a fruit ranch.

Funeral services were held from the First Methodist Church at Pampa at 2 o'clock Wednesday afternoon, Rev. Tom W. Braham, pastor, officiating. Pall bearers were M. K. Brown, T. D. Hobart, Dave Cope, E. B. Finley, Will Wilks, Judge Ivy Dunan and John B. Andrews.

Besides his wife, the deceased was survived by two daughters, Mrs. W. F. Tolbert of Pampa and Mrs. H. C. Parnell of Canadian, and two sons, A. B. Jr., of McAllen, and F. W. of Seminole, Oklahoma.

ALL DAY MEET IS FIRST IN COUNTY

COMMUNITY DAY SETS PRECEDENT IN PANHANDLE SECTION OF STATE.

Ashtola had what is believed to be the first Community Day ever held in the Panhandle section of the state on Friday of last week. The entire community turned out in full force to assist in making the day a great success and the day was such that it may be repeated in the near future. The school was released for the day and the students took their due part in making the event the success that it should have been. A splendid program had been arranged and was carried to a successful conclusion.

The first speaker for the morning session was Rev. W. M. Murrell, who spoke on the subject of "Habit Forming." Rev. Murrell stated that it was an easy matter to form a habit in the early life, and that the habit was just as hard to break after it had been well established. He stressed a greater co-operation between the parents and the teachers, bringing out the point that the teacher is not always to blame when some cases are brought to the attention of the parents by the children. Ask the teacher for his side of the question before any definite action is taken in the matter and a better understanding will be the result.

Mrs. John T. Sims then told the gathering of the "History of the F. T. A." in this district. Mrs. Sims reviewed the work of the organization from its beginning, when the district was made up of 92 counties, covering a great scope of territory and hardly making contact with the headquarters in any manner at all. The theme of Mrs. Sims discussion followed the lines of explaining how to get co-operation between the school and the workers and how they might get further assistance from the parents.

Immediately following the conclusion of the luncheon, Superintendent H. T. Burton of the Clarendon Public Schools told the gathering of the Future plans for Clarendon Junior College, and explaining the detail the plan that has been worked out whereby the entire county could receive free tuition by the addition of a slight per person cost.

High School Supervisor W. E. Gattis, followed this discussion of the Clarendon Junior College with the requirements for a two, a three and a four year classified affiliated high school. A full explanation of all connected details was given and was very much enjoyed by the entire gathering.

Special Legion Meet Is Called

Due to the fact that the minstrel was given on the evening of the regular Legion meeting this month, a special meeting has been called for the evening of Tuesday, March 11th. At this time a full report will be made on the minstrel and other matters of business transacted. It is known that there are two candidates who will be initiated into the Post on that evening and the members are urged to be present.

Commander Andis has secured a number of Manuals and the Legion will be opened and closed in accordance with the regulations adopted and used Nationally. In addition to this, the question of carrying the Minstrel to other towns in the immediate vicinity of Clarendon will be discussed. Every member is urged to attend and bring some other eligible service man to see what the Aubyn E. Clark Post is doing.

For the next thirty days the most important problem facing the citizens of the community is the voting of the twenty-cent tax for Clarendon Junior College. It is probably Clarendon's greatest crisis since the town was established. We must vote the tax. The Junior College must develop and grow.

The school exists to provide stimuli for, and afford direction to, the development of children. The chief concern of the teacher is children. The chief concern of the administrator is to have teaching to take place under the most favorable conditions.—William John Cooper, United States Commissioner of Education.

Public sentiment seems to be crystallizing on the timely need for a city park and recreational center. Few towns get those things until they really want them and Clarendon is not likely to be the exception. When Clarendon people want such an addition to the cultural life of the community we'll get the park.

Clarendon's new Rotary Club has been organized and is officered by men of well known leadership and civic devotion. Rotary's leadership in Clarendon knows what the community needs and has the vision and ability to bring things to pass. Every other civic organization, and every citizen as well, should congratulate the community on the coming of Rotary and enter in heartily in its program of unselfish service.

"Health is, indeed, so necessary to all the duties as well as pleasures of life, that the crime of squandering it is equal to the folly; and he that for a short gratification brings weakness and disease upon himself, and for the pleasure of a few years passed in the tumults of diversion and clamors of merriment, condemns the maturer and more experienced part of his life to the chamber and the couch, may be justly reproached, not only as a spendthrift of his happiness, but as a robber of the public; as a wretch that has voluntarily disqualified himself for the business of his station, and refused that part which Providence assigns him in the general task of human nature."—Samuel Johnson.

Along with dairying, the poultry yard has become one of the chief sources of revenue in Donley County. The installation of the big hatchery here in Clarendon last year gave a tremendous impetus to the movement and in 1930 an even more remarkable increase should be realized. More chickens and better chickens on the chicken yards of Donley farms means more dollars in the family surplus aside from the contribution to the family table in eggs and succulent meats of the fowl. The average town man smiles in expectant delight when he contemplates the good things that will come from yards and gardens of our aggressive farmers, and the business man knows there will be some business, crop or no crop.

April 1930 will mark the opening of the third Panhandle-Plains Dairy Show at Plainview and will call attention again to one of the late additions to the prosperity of the farm in West Texas and the Panhandle. Without a county agent Donley County has in the past three of four years made remarkable strides in adopting dairying as one of the chief money operations of the farm, and the show at Plainview has been an annual guide-post to increased activity in this industry. Now since we have the county agent there is every promise of an almost universal adoption of dairying on Donley farms. Hundreds of our farmers should attend the big Plainview show. It will be educational and profitable in many ways.

In Texas today there is evidence of the most intelligent and cohesive effort in reduction of cotton acreage, planting of better seed and conservation of soil and moisture, ever witnessed in the state. Following the difficulties of the past year or two, it hasn't required a very smart person to realize the necessity for drastic change in farming methods if agriculture is to remain a profitable occupation. The farmers of the state are organizing to meet the new conditions, the bankers are rendering what aid they can in the project and almost every chamber of commerce and civic organization is lending its best efforts and thought to the mastery of the situation. From every quarter of the cotton growing sections of Texas comes news of agreed reduction in acreage and with Texas in the lead and other Southern States following there is every promise of a very favorable outcome of the 1930 crop. Here in Donley County the bankers have aided much in the program and with the gins busy in promoting better seed we should see quite an increase in acre yield and a much better staple when the cotton wagons begin to roll this fall. Another thing that is helping this year is the large number of terracing projects on Donley farms which will save the deterioration of soil and conserve the moisture. Like every other business man the farmer will profit this year in the same proportion as he adopts new methods to meet new conditions, while he gives careful attention to the details of operation.

The News wishes to convey its congratulations and good-will on the completion of the first year service to this community by its contemporary, The Donley County Leader. We wish Editor Estlack and his staff further milestones of successful service in the future.

EDUCATION

Education is the chief defense of nations.—Burke.
History is a race between education and disaster.—Wells.

The schoolhouse and the Bible are the bpe of our country.—Garfield.

Education is the unfolding and perfecting of human nature.—Henderson.

Religion, morality and knowledge are necessary to good government.—Congress, 1787.

Extinguish the colleges and you put out the eyes of both the church and the state.—Tyler.

WE OWE OUR CO-OPERATION

There are 410 Texas cities and towns that have Fire Marshals, and each of them make a report of every fire that occurs in their town and the amount of insurance carried, to the State Fire Insurance Department. A conservative estimate would give our State a \$20,000,000 loss from fire for the year 1929. If this was all, it would not be so grave, but when we consider the fact that over 400 people in Texas lose their lives each year by fire, it is appalling.

How long will the business men and women and our officials of Texas continue to observe our tremendous annual fire loss each year without giving consideration to the question of "Who is paying this loss and how can it be stopped?" It is within the power of the people themselves to stop a great per cent of our fires each year and the way it can be done is for all of them to be more careful with fire and the things that promote fire.

The Texas Fire Insurance Department has one aim for the year 1930 in promoting Fire Prevention, and that is this: "Get each city and town in Texas to have it taught as a regular Course of Study in the Public Schools, and to establish a Permanent Fire Prevention Committee in each city and town to work with the local Fire Marshal in bringing about a correction of all fire hazards that are found to be so numerous and cause careless fires."

This is a worthy objective and should have the hearty co-operation of every agency in Clarendon.

A NEW DAILY DOZEN

Here is a new daily dozen especially prescribed by a contemporary:

1. A little patience—at least once.
2. A minute of unselfishness.
3. A kind word—or two or three.
4. A bit of self control—somewhere.
5. A flash of generosity.
6. A prompt excuse—for someone.
7. A noble thought—perhaps a text recalled.
8. A good deed—not left undone.
9. A brief prayer—for a friend in trouble.
10. A moment of thankfulness—for blessings enjoyed.
11. A kindly smile—where it may brighten another.
12. A snatch of song—or hum of tune.

CITY ASKS HELP IN KEEPING PRETTY YARDS

Mayor H. W. Taylor is making a request of the parents and school teachers that they ask the children of the city to stay off the yards as they make their way from their homes to their various schools. Mr. Taylor says that the owners of the yards have made no kick to the city or to anyone about the trails that have been made by the passers by, but that the entire city as a whole should be interested and do their part in asking that the children and grown-ups follow the walks where there are to be found. Some lawns have been particularly hurt by the countless steps across them during the past winter and Mr. Taylor is asking that the folk assist the owners by doing their part in keeping the yards as beautiful as possible.

Mr. and Mrs. J. L. McMurtry are attending the Cattlemen's Convention in Amarillo this week going up Monday.

Cooked Meats

You know the kind that we always have in our market. Oven cooked, seasoned just to suit the taste, and always of the choicest cuts. Order this meat with your groceries and have it brought up for your noon meal. You'll like it.

POWER

Age-Old Demand

For centuries the towns which attracted industry—and pay-rolls—were those located where there was water power or fuel, or where fuel was easily accessible. Only by so locating could power be obtained.

Now the electric transmission line moves the power over miles of countryside. It seeks out the small town and brings it a dependable power supply comparable in quality and cost to the power supply of the big city.

Where there is power, instantly available in any quantity, there follows industry and prosperity.

The West Texas Utilities Company, with its three major generating stations, 22 auxiliary plants and interconnected system of transmission lines, has available at all times more than 100,000 horsepower of electricity.

West Texas Utilities Company

ITEMS OF INTEREST IN DONLEY

LELIA LAKE

Mr. and Mrs. D. E. Leathers entertained with a forty-two party in their home Friday night. Delicious refreshments were served to Messrs. and Meses. E. L. Lewis, Guy Taylor, Earl Myers, Roy Darnell, Elba Ballew, C. L. Lewis, B. J. Shelton, Loyd Shelton and H. R. King and daughter, Miss Wilma.

Mrs. Milo Dotson and little daughter, Robbie Carolyn, and Miss Ruth Greenwood of Memphis visited in the W. A. Bullard home Thursday.

Misses Moody Kennedy and Rena Aten visited friends in Amarillo Wednesday.

Mr. and Mrs. Paul M. Stringer of Hartley, visited in the home of Mrs. Stringer's father, Mr. A. E. Loman, several days last week.

Mr. and Mrs. John Gerner and daughters, Margaret and Laura May, visited in the home of Howard Watson of Claude, Sunday.

Guests in the G. F. Leathers home Sunday were: Mr. and Mrs. Tom Kennedy of Clarendon; Mr. and Mrs. A. G. Aten and daughter, Moody, Mr. and Mrs. Lamar Aten and children, Mr. and Mrs. Loyd Shelton of Ashtola; Rev. W. W. Eaves and family and Francis Johnston.

The following were dinner guests in the E. H. Kennedy home Sunday: Rev. C. I. Herndon and family, Mrs. T. B. Lumpkins of Clarendon, Miss Louise Batson of Memphis and Misses Rena Aten and Vessie Eaves.

Try as you will you cannot give your scalp, hair and complexion the expert attention you will receive in our beauty parlors. Not only have we the modern equipment, but we have the skilled operators who specialize in the different branches of beauty culture which enables our establishment to render an efficient and highly satisfactory service.

Whitlock's Barber Shop Phone 546

The farm horse is less likely to get sore shoulders if it gets special care in early spring until the muscles harden and the winter hair sheds. Clean the shoulders carefully after the day's work and before harnessing in the morning. After removing the harness wash the shoulders with warm water and castile soap, and rinse with cold salt water. Keep this up for two or three weeks. It is worth while to spend a little time on the horse in the field. Raise the collar and clean the sweat, dirt and dead hair from the shoulders and collar. Whenever possible, lift the collar forward and let the horse's shoulders cool off.

A poultry house for sitting hens should be secluded, slightly darkened, and separated from the house for layers and breeders. Place the nests so that the hens won't have to fly or jump into them.

Took Soda 20 Years For Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—John B. Hardy.

Adlerika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. HOW ONE MAN ENDED "RHEUMATISM"

Stomach Troubles, and Built up His Strength At The Same Time

There is a way to get rid of rheumatism pains along with pains in the stomach, back and sides—and until you try it you can blame only yourself for your suffering.

It's through the use of the remarkable medicine Tanlac that for years has steadily but quietly been performing almost miraculous benefits for millions. Here's just one case out of thousands who have in their joy taken the trouble to write us. His name is Mr. H. P. Burbage. Mr. Burbage, a transfer man, suffered for 15 years from rheumatism and as he had to cur his living like you and I he had just about despaired when as a last resort he tried Tanlac. "I could hardly move about or raise my arms up. To go up or down stairs it would seem like my knees would break. The pain hurt awful and crippled me up. Besides rheumatism, my digestion was bad and I was run-down generally. It was a mighty big handicap in my business. Finally I began Tanlac and it won the best for me. It began at once to overcome my muscular rheumatism and now have not an ache or pain and am a well and new man. I recommend Tanlac with unbounded confidence." Other remedies may promise but Tanlac performs—a real medicine that backs claims with a guarantee. Accept no substitute. At all drugists.

ROADS ABSORB SMALL PART OF MOTORING COST

MINNESOTA FIGURES SHOW THAT ONLY TEN PER CENT GOES TO HIGHWAY.

By E. E. Duffy

When the motorist-taxpayer reads that his state is spending millions of dollars for road improvements he may feel that the expenditure is ample. However, the money that is actually devoted to road betterment is but a small percentage of the total motoring cost.

Taking figures compiled for Minnesota, which are exemplary of most other states, the total state and local road bill is but ten per cent of Minnesota's complete motoring expenditure.

Replacements of parts, fuel, lubricants, accessories, financing, new cars and trucks, insurance, and so on, this year cost Minnesota motorists \$372,000,000. It is estimated by the State Highway Department that in 1930 Minnesota will spend \$38,500,000 for roads. It is prophesied that the total motoring bill for 1930 will be \$390,000,000. Consequently, the license and gasoline tax moneys which go into the trunk highway fund will be less than 5 per cent of the total motoring bill.

C. M. Babcock, Minnesota's commissioner of highways, recently declared:

"Although our total motor bill is increasing, the cost per vehicle mile is decreasing. This is partly due to improvements in the cars, but mostly due to improved highways. With further improvements in our highway system, we can still further reduce the cost per car mile. Every dollar spent for better roads will save several dollars for gasoline, tires and repairs."

With automobile registrations increasing rapidly and with a steady increase in the mileage covered by the individual motorist most states would not be violating any economic rule by devoting more money to first class pavement construction. Quite to the contrary, the wise spending of more money for smooth pavements would bring a proportionate reduction in car operating costs. The invisible charge collected by inferior roads is far greater than the motorist realizes—from one to two cents a mile.

KONJOLA MAKES GOOD AFTER ALL ELSE FAILED

ST. LOUIS LADY GLAD TO RELATE HER FINE EXPERIENCE WITH NEW AND DIFFERENT MEDICINE.

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried. This is not a boast. It is a fact established and proved in thousands of cases like that of Mrs. Dora Bauer, 3403 St. Vincent avenue, St. Louis. Read the grateful words: "How I wish that every sufferer from neuritis could know what

DEMAND FOR SPOT COTTON ONLY FAIR

The cotton market during the period Feb. 22-23 witnessed rather wide price fluctuations and on Feb. 24 quotations were lower than for any time so far this season when the average of the ten designated markets for middling stood at 14.47c per pound. Demand for spot cotton from both foreign and domestic buyers was said to have been very moderate during the past week. Trade interests are now largely centered on new crop preparation and according to the weather bureau for the past week nearly ideal conditions for seasonal work prevailed in the cotton belt and much plowing was accomplished. Good progress in preparation of the soil was rather general over the belt except in low land of the North-Central portion where it continued too wet. According to the Financial Commercial Chronicle world takings of all kinds of cotton to Feb. 21 this season amounts to 12,799,020 bales of which 9,199,820 were of American growth. To the same day a year ago total takings amounted to 13,577,883 bales of which 9,990,683 were American. Export to February 28 this season amounted to about 5.4 million bales against 6.3 for the corresponding period year ago. Quotations for middling spot cotton Feb. 28: Norfolk 15.44c, Augusta 15.44c, Savannah 15.01c, Montgomery 14.65c, New Orleans 15.16c, Memphis 14.75c, Little

Rock 14.62c, Dallas 14.60c, Houston 15.05c, Galveston 15.15c. Average these ten markets Feb. 28, 14.99c, compared with 14.84 Feb. 21 and 19.35c, for the same day the previous season. Reported sales of spot cotton in the ten designated markets for the week were 50,963 bales compared with 50,883 the previous week and 130,901 for the same week the previous season. March future contracts for the week at N. Y. were unchanged at 15.20c, at New Orleans advanced 4 points to 15.06, and at Chicago advanced 10 points to 15.15c. Certificated stock Feb. 28th, N. Y. 93,500 bales, New Orleans 54,505, Houston 40,327, Gal-

veston 14,655, Charleston 129, total stocks N. Y. 98,329 bales, New Orleans 470,390, Houston 977,917, Galveston 364,292.

Konjola did for me. I had to keep my arms wrapped tightly to ease the pain. My digestion was bad, too, and this weakened me, making me still easier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief, until I found Konjola. In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by magic. What a boon Konjola proved to be to me. No wonder Konjola is known as the medicine with more than a million friends. It should have a billion. Konjola is sold in Clarendon at Douglas and Goldston Drug Co. and by all the best druggists in all towns throughout this entire section.

AMARILLO TIRE MAN ENDORSES IT

SAYS ARGOTANE RESTORED HIS WIFE'S HEALTH WHEN EVERYTHING ELSE HAD FAILED.

W. H. Russell, who is connected with the Smith Tire Company, Amarillo, Texas, and resides at 1303 Washington Street, talks interestingly of the benefits Mrs. Russell has derived from Argotane in a conversation with the Argo-

tane representative, Mr. Russell said:

"My wife suffered from stomach trouble, had no appetite and was in a general run down condition. Her food would not digest properly and caused her much distress. For the past six or seven years she has not been able to eat the simplest kinds of food without suffering afterwards. Gas would form on her stomach right after eating and give her such a bloated, depressed feeling she could hardly breathe. I can hardly understand how she kept up, she ate so little and she was so nervous for a long time before she began taking Argotane she could not get a good night's sleep. She was tired and worn out all the time and so weak she was hardly able to do anything about the house.

She has now taken three bottles of Argotane and has improved wonderfully and she says she feels stronger and I can tell from the difference in her looks and the way she gets about her

household affairs that Argotane has done a great work for her. Her appetite is fine and she can eat just anything she wants and it don't hurt her one bit. The gas has stopped forming on her stomach, she don't have any more bloating spells and shortness of breath and she looks like she has gained several pounds in weight. Her nerves are in good shape and she sleeps soundly every night and I can recommend Argotane because it has restored her health when all other medicines failed to do her any good. A medicine that does so much for suffering people is worth recommending to the public and it is a pleasure for me to tell what I know about it."

Genuine Argotane is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

Allow mud stains to dry and brush carefully before any other treatment. Sometimes nothing else is needed. Or, if the fabric

is washable, use soap and water. On other fabrics, try sponging with wood alcohol, denatured alcohol, or plain water. Mud stains may be taken off black silks or firm weave by rubbing the spot with a cut raw potato. The thin film of starch left by the potato can be brushed off when dry. This treatment is not recommended for any other materials. It leaves a spot on any except black fabrics.

For washing and rinsing utensils a clean, safe water supply is absolutely necessary. Contaminated water may be a source of danger not only to persons living on the farm but also to those who use milk from the farm. Wells and springs should always be protected from surface drainage. The drainage from privies, hog pens, barnyards, and other sources of contamination should always be away from the well and both springs and wells should be walled in, curbed and tightly covered.

NOTICE OF ELECTION OF CITY COMMISSIONERS

State of Texas
County of Donley
City of Clarendon

Whereas on the 11th day of February, A. D. 1929, there was an order passed to hold an election the first Tuesday in April, A. D. 1930, for the purpose of electing two commissioners for the City of Clarendon, and said order provided that notice shall be given as provided by law

Therefore, in accordance with said order and the statutes, and by virtue of the authority vested in me by the same, I hereby give notice that on the 1st day of April, A. D. 1930, there will be holden in the City of Clarendon at the City Hall, an election, whereat will be elected two commissioners for the City of Clarendon, said election to be conducted in accordance with the law relating to the election of said officers, and A. A. Hayes is named Presiding Judge and M. C. Reed, Judge, and G. L. Boykin and G. L. Benson as Clerks of said election, and they will conduct the said election in accordance with law.

Therefore, witness my hand and the seal of the City of Clarendon, this, the 12th day of February, A. D. 1930.

H. W. TAYLOR,
City Mayor

Attest: Maa Shaver, City Secretary.

ANALYZE THE ALLOWANCE ON YOUR USED CAR

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price

PERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

IF a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. *Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.*

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

FURTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.

Roadster, \$435	Phaeton, \$440	Tudor Sedan, \$500	Coupe, \$500	Sport Coupe, \$530
Two-window Fordor Sedan, \$600	Three-window Fordor Sedan, \$625	Cabriolet, \$645	Town Sedan, \$670

CAPITOL News

FLASHES FROM THE HOUSE OF REPRESENTATIVES

Can one's aesthetic sense be protected by a tariff? At least one person in the United States hopes so. He has written Congressman Leimbach of New Jersey imploring him to have a high duty put on Limberger cheese, because the fumes of that delicate foodstuff arising from a delicatessen store over which he abides, assail his nostrils at night and prevent him from sleeping. Many people laughed over the request but undoubtedly everybody sympathized.

The plight of city employees in Chicago who were stranded when that metropolis "went broke" would have been duplicated in the case of Senate Office Building workers if the House had not acted promptly.

Some time ago, it was decided to give the Senate Building a cleaning from cellar to ceiling. Money was enthusiastically laded out for extra help, soap and polish. A beautiful job resulted and everyone was pleased. But there followed the sad discovery that so much had been expended from Senate Office Building funds that there wasn't a penny left for the sharwomen and janitors when pay rolled around. Some 150 faithful employees were cast into various states of dejection and wisecracks concerning Senate management began to circulate. At this juncture the House stepped in with a \$25,000 appropriation which was speedily adopted by the upper body, and the day was saved for the broom and mop wielders.

CANADA'S NEW WOMAN SENATOR

The Canadian Senate will no longer be addressed by its speaker as "Honorable Gentlemen". With the entrance of Mrs. Norman Wilson into that hitherto "sag" body, it becomes necessary to vary the form of address to "Honorable Members." Thus Canadian feminism cuts another notch to mark its advance.

In America, we are not excited any more by the presence of women in our national legislature. Mrs. Wilson, however, arouses speculation not only because of this fast unique accomplishment in her country, but because of many other factors in her career. She is the mother of eight children, the wife of a former Member of Parliament, and the daughter of a former Senator. Her political activities commenced only in 1921, and her swift rise to national prominence is partly attributed to her fluency in both the English and French tongue. Besides bringing up eight children, managing a household, and holding office in at least three large women's clubs, this first woman Senator has very ably managed her own extensive business interests.

OUR UNENFRANCHISED DISTRICT OF COLUMBIA

One hundred and thirty years ago, our Federal Government, having roved restlessly around the country searching a satisfactory home, took up its permanent abode in Washington. Congress had met in eight different cities in four different states before 1800, when the District of Columbia became its residence.

The District has attained a place for itself quite apart from its importance as the nation's capital. Approximately a half million people reside in this area, and business sections have spread rapidly, while residential districts have expanded beyond belief. Old residents love to tell visitors how they love to tell visitors when the city limits ended at such-and-such a street and areas now well paved and lighted were once "out in the country." Washington's population, once shifting and transient, becomes more stable from year to year.

It is a curious anomaly that in this segment of a country committed to equal representation, the privilege of voting is denied citizens whose very proximity to the

national legislature makes them eager and interested in national civics.

THE MEANING OF INTERNATIONAL CULTURE

No matter how much adventure and romance the words "world trade" might imply, we would justly resent being known among foreigners as "a nation of traders." Yet, what have we done to give our Latin-American neighbors the impression that we are anything else? Our people manifest a deep interest in English, French and other European writers, artists and lecturers—but speak of Latin-America in terms of markets and investments. Nor have we demonstrated any urge to acquaint those nations with our own writers and artists.

However, there is some exchange of students and professors between the America's. Prizes are awarded by the Inter-American Good Will Committee for the best studies of Pan Americanism and distinguished men from all the America's, including our own United States of America, travel from one country to the other. Still no one will contend that these things are sufficient to establish cultural bonds between nations. The artistic phases of any people are more appealing than the purely economic phases can ever be. Why neglect so long to explore for the rich nuggets of culture in our sister nations?

FOREIGNERS CHEW WITH AMERICAN TEETH

The United States is an obliging republic. Not content with selling the world a large part of the food it eats, it even furnishes the teeth for masticating our products. More than 25,701,000 teeth—and all of them false? If that bit of information is too much for you to swallow whole, just consult the Department of Commerce's analysis of 1929 exports and you will find this paragraph:

"That our false teeth rank equally high with other American merchandise in the estimation of foreign peoples is evidenced by statistics showing exports of 25,701,855 teeth valued at \$1,267,953."

LOOK FOR THE TAG

If you catch a salmon with a metal "tag" fastened to its fin or tail, send the tag into the Bureau of Fisheries. That salmon has been marked by Uncle Sam with the view of studying his life history.

Every year salmon fingerlings are caught before they start on their migrations to the sea, and the small strips of metal marked with the fish's locality, species, weight, length and general characteristics are carefully placed on them. The fisherman who catches the salmon is requested to send in the tag with a record of the locality where the fish was taken and the fish's weight, length and similar features. From these tags an immense amount of data is being amassed concerning the growth, travels and hazards of salmon.

Studies of various kinds of fish by the tagging method have been conducted for several years. Even in 1897, cod were marked with silver tags fastened by copper wires. Mackerel in New England are tagged with colored celluloid.

Mr. H. J. Derrick is in Jacksboro, at the bedside of his mother, who is critically ill.

SHIFTING OF POPULATION LESS RAPID IN 1929

The movement of farm population from farms to cities and from cities to farms declined in 1929, according to the estimates of the Bureau of Agricultural Economics, United States Department of Agriculture.

The bureau's figures show that 1,876,000 persons moved from farms to cities last year as compared with 1,923,000 in 1928; 1,978,000 in 1927, and a peak of 2,155,000 in 1926. The city to farm movement was also smaller, being placed at 1,257,000 persons last year compared with 1,347,000 in 1928 and 1,374,000 in 1927.

Births on farms last year are estimated at 631,000 and deaths at 281,000. Taking these figures into account along with the movement to and from farms, the bureau places the total farm population on January 1, 1930, at 27,229,000 compared to 27,491,000 on January 1, 1929, or a decrease of 269,000.

The bureau's figures for the past year show that in the New England States 67,000 persons left the farms and 50,000 returned to farms; Middle Atlantic States, 139,000 from farms, 110,000 to farms; East North Central 275,000 from farms, 204,000 to farms; West North Central 327,000 from farms, 225,000 to farms; South Atlantic 292,000 from farms, 162,000 to farms; East South Central, 204,000 from farms, 136,000 to farms; West South Central 331,000 from farms, 204,000 to farms; Mountain States 127,000 from farms, 78,000 to farms; Pacific States, 114,000 from farms, 88,000 to farms. Births on farms were 23 to the 1,000; deaths were 10 to the 1,000.

HEADLIGHTERS

This is how a couple of them were caught. Good citizens had made an appeal for extra help. The Department sent two men in to the section who were unknown to the law breakers. Pitching their tent two miles away they went to the house of the law breakers and asked if they might get drinking water for their camp for a few days while deer hunting. "That's all right, stranger," they were told, and then—"What luck are you having?" "None at all," was the reply.

The next day the two suspects came into camp and made further inquiry as to luck. "We've had several pretty good shots but missed." Then the suspects volunteered to go with the wardens. "I jumped a deer and the warden fired and missed. 'What's the matter with you,' one of the wardens asked. 'You don't seem to be looking down the gun barrel right. Let me shoot the next one.' He shot the next one and 'made fun of the green horns who couldn't shoot straight. The wardens admitted that they were poor shots and said they were ashamed of themselves. Then they asked the man what he would take for the deer. It's against the law to sell game and the man knew it, but that was his chief business in the hunting season, for no game warden had ever been able to catch him. Well, it's a small one, you can have it for ten dollars." They bought it. That night he suspects took the game wardens on a headlight hunt for deer. The next day five hunters from an adjoining pasture dropped into camp and told the wardens they had bought deer from the same two men.

The wardens then disclosed their identity and took the seven men to court, absolving the five from guilt in order to use them as witnesses. The two outlaws together paid around \$270.00 for fines and costs.

An outstanding achievement of the Department the past season was the breaking up of several gangs of headlighters in a certain district of southwest Texas. An unpardonable sin in this world

BOOSTER CLASS MEETS WITH F. C. JOHNSON

The Booster Class of the First Christian Church were entertained by Mr. and Mrs. F. C. Johnson Tuesday night. Mr. Will Dubbs opened the meeting with prayer. S. B. Arnold led the devotional—5th chapter of James. They then had round table discussion which was very interesting. A new member was added to their ranks. Rev. W. E. Ferrel, the new pastor and the class is glad to welcome him in their midst. Those present were: Rev. W. E. Ferrel, J. D. McAdams, S. B. Arnold, W. L. Butler, O. D. Leisberg, Homer Mulkey and Will Dubbs; two visitors, Ed Tucker and Mr. Brewer and the host, F. C. Johnson.

Mrs. Will Dubbs, Butler and Bryan were guests of Mrs. Johnson. Mrs. Johnson served delicious refreshments. The next meeting will be with Mr. J. O. Thompson of Lelia Lake, March 18th. All members are urged to be present.

G. W. BECK OUT FOR COMMISSIONER IN NO. 4

G. W. Beck has authorized The Clarendon News to announce him as a candidate for the Democratic nomination for commissioner of Precinct No. 4, Donley County in the primaries of July and August. Mr. Beck has been a long resident of this state and has lived in Donley County for the past seven years. He bears an excellent reputation among the citizenship of his precinct and promises if elected to give careful attention to the details of his office, with fairness to all and no favors to any group.

The Democratic voters of precinct number four are solicited to consider his qualifications and are invited to give Mr. Beck their vote when they go to the polls.

PETIT JURY IS ANNOUNCED FOR SECOND WEEK OF COURT

The News received early this week, a copy of the list of the petit jurors for the second week of District Court for the March term. No jury has been called for the first week save the Grand Jury, which is to be impaneled on the morning of March 24th.

The Docket of the court has not yet been announced. The list follows:

L. P. White, J. T. Sims, B. L. Jenkins, Jr., D. W. Tomlinson, R. T. Darnell, J. R. Dale, J. H. Kooniger, J. A. Pool, V. E. Allen, Frank Howlett, C. F. Weaver, W. H. Morrow, E. R. Andis, J. A. Lemmons, P. O. Naylor, R. F. Wiedman, J. G. Blanks, S. G. Adkinson, E. O. Hutton, Lester Schull.

CARD OF THANKS

We, the wife and children of the late A. O. Bauer, take this means of expressing our heartfelt thanks and appreciation to the many friends and neighbors who have been so kind in our late bereavement. Your many kind actions have been bright spots in our lives and will be long remembered as time passes. We pray that God in His infinite wisdom will spare you a like misfortune.

Mr. and Mrs. Frank Decker, Mr. and Mrs. Roy Clayton, Mr. and Mrs. Ralph Decker, Clifford Decker, Mr. and Mrs. G. W. Osborn.

NOTICE TO CREDITORS OF THE ESTATE OF H. M. CHRISTIANSON, DECEASED.

Notice is hereby given that original letters of administration upon the estate of H. M. Christianson, deceased, were granted to me, the undersigned, on the 4th day of March, 1929, by the County Court of Donley County. All persons having claims against said estate are hereby notified to present the same to me within the time prescribed by law. My residence and Post Office address are Clarendon, Donley County, Texas.

C. C. POWELL,
Administrator of the estate of H. M. Christianson, Deceased. (15c.)

There will be many additions to Texas' 1170 hotels with their 79,410 rooms and \$213,544,000 investment during 1930. Preliminary work on a half million dollar hotel at Brownwood has started. A \$1,000,000 apartment hotel is projected for San Antonio. Palestine is to have a \$300,000 hotel on its former city hall site, given as a bonus to its builder. The new Hotel Gregg at Longview will formally open in February. The El Paisano at Marfa, is under way. Sterling is to have a new 40-roomer. A new 600-room hotel for Dallas to cost \$4,000,000 is in the projected stage. And 1929 was probably a record-maker for new hotel construction in Texas.

Texas industrial notes: Channing has a new tile factory with 350 of the 600 acres needed already pledged, the hemp mill for Wharton is practically assured with an initial investment of \$60,000. Representative of several New England textile mills has looked over a number of Southwest Texas towns with the idea of moving the mills nearer the source of raw material and where labor, climate, power and fuel and marketing conditions are better. Odessa is to have a new wooden-tank factory. Nacogdoches is to have a new fertilizer factory. Nacogdoches County spent a half million dollars last year for fertilizer, all shipped in. Donna is to have its new \$100,000 canning plant in operation by April 15, in time to handle the tomato crop. Its daily capacity is 250,000 cans.

SOCIETY

Mrs. Meador and Daughter Honored

Immediately upon her arrival Friday afternoon Mrs. Meador of Amarillo, learned that extensive plans had been made for her entertainment during her short stay here, as well as her daughter, Miss Mary, who arrived on Saturday morning. They were house guests of Mrs. L. S. Bagby and Mrs. James Trent.

On Friday evening Mrs. Bagby entertained with a Dinner-Bridge having as many as possible of the old friends of Mrs. Meador.

An elaborate dinner was served at the dining table which had as its center attraction a large bowl of sweet peas. Delightful conversation filled the time as each old friend was eager for news of the other and those reminiscences followed on in the games of bridge which were played later.

Mrs. Charles Trent was presented with high score prize at the close of the games and Mrs. Meador was given guest prize.

Those present were: Mesdames W. H. Cooke, W. H. Patrick, James Trent, A. R. Letts, R. L. Bigger, Charles Trent, J. T. Sims, W. S. Bagby and the honoree, Mrs. W. H. Meador, of Amarillo.

Saturday afternoon Mrs. Chas. Trent entertained with bridge honoring Mrs. Meador and Miss Mary Meador, at her home on West 2nd Street.

The afternoon was filled with lively conversation and brisk playing with Mrs. L. S. Bagby being high score winner. Miss Mary Cooke received consolation and Mrs. Meador and Miss Mary Meador were each presented with gifts.

Those present for the delightful affair were: Mesdames James Trent, L. S. Bagby, W. S. Bagby, W. H. Patrick, J. T. Sims, W. H. Cooke, A. R. Letts, L. L. Swan, Misses Anna Moores, Mary Cooke, Mrs. Theodore Pyle of Longfellow, Texas, and the honorees, Mrs. W. H. Meador and Miss Mary Meador, of Amarillo.

Miss Mary Meador was again honoree of a delightful party given by Miss Mary Cooke on Saturday evening at her home.

Auction bridge was the diversion of the evening with Mrs. Chas. Trent as winner of the high score. Mrs. James Trent and Mr. Merchant for the gentlemen, Miss Meador received a lovely gift.

A bountiful three-course supper was served late in the evening to Mrs. and Mrs. Charles Trent, Mr. and Mrs. J. B. Merchant, Miss Catherine Cole, Mr. Will and Allen Cooke and the honoree, Miss Mary Meador.

Mrs. Letts Hostess to 1922 Bridge Club

The outstanding party of the week as to beauty and a well thought out color scheme was that given by Mrs. A. R. Letts Tuesday afternoon at her home in Southeast Clarendon.

After the games of bridge in which Mrs. W. H. Cooke was given high score prize for club members, Miss Mary Howren high score for invited guests and Mrs. Odos Caraway consolation, the guests were invited into the dining room where an elaborate and colorful three course luncheon was served, which carried out the hostess' color scheme of pink and green to the finest detail.

From tall green lighted tapered with large bowls of tulle, intertwined with sweet peas formed the center piece of the table. Green nut cups, place cards and fancy shaped dishes filled with green candies and olives completed the color scheme and made a very attractive table.

Those present to enjoy this colorful affair were: Mesdames W.

H. Cooke, James Trent, Sella Gentry, T. H. Ellis, L. L. Swan, Odos Caraway, Charles Bagby, and L. S. Bagby, club members.

Mesdames R. L. Bigger, Geo. A. Ryan, A. L. Chase and Miss Mary Howren, invited guests.

Pathfinder Club Has Interesting Study

On Friday afternoon the Pathfinder Club met in the beautiful home of Mrs. Sella Gentry with Mrs. W. C. Stewart as assistant hostess for an afternoon of study on "Writers of Newspapers and Magazines."

Mrs. J. A. Thompson of Lelia Lake, and president of the Donley County Federation of Clubs, was the able leader for the afternoon. Discussions were made by Mrs. O. T. Smith, Mrs. B. G. Smith, Mrs. H. T. Burton and Mrs. J. R. Porter.

Many interesting facts concerning these writers were brought to the attention of the members present during the afternoon. A lovely ice course was served at the close of the afternoon's program.

Kill Kare Kneedle Klub Entertained

At her home on Thursday afternoon, Mrs. Geo. McCleskey was the charming hostess to the members of the Kill Kare Kneedle Klub and a few invited guests.

Pleasant conversation interspersed with stitches of fancy needle-work made the afternoon pass all too swiftly, with a lovely salad course bringing to a close the afternoon's hospitality.

Members present were: Mesdames G. G. Kemp, Downey, W. B. Sims, Suel Sanford, W. A. Land, Geo. M. Reed, J. D. Swift, H. C. Brumley, E. H. Noland and W. A. Massie.

Invited guests were: Mesdames Homer McElvaney, Joe Goldston, J. G. Sherman, R. C. Weatherly, Tom Connally, B. N. Shepherd, E. C. Herd and Miss Anna Moores.

42 Club Delightfully Entertained

At the home of Mr. and Mrs. J. W. Watts on Thursday the members and a few invited guests of the forty-two club met for an evening of entertainment.

A bountiful dinner was served after which the game of forty-two was enjoyed until a late hour. Those present were: Mr. and Mrs. G. G. Kemp, Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. A. A. Mayes, Mr. and Mrs. J. T. Patman, Mr. and Mrs. U. J. Boston, Mr. J. R. Porter, Dr. and Mrs. J. G. Sherman, Mr. and Mrs. R. Wilkerson, Miss B. G. Smith, Mrs. Eva Rhodes, Miss Fray Stallings, Mr. Roy Wells, Miss Norma Rhodes and Mrs. L. S. Bagby.

Mrs. Letts Hostess to 1922 Bridge Club

The outstanding party of the week as to beauty and a well thought out color scheme was that given by Mrs. A. R. Letts Tuesday afternoon at her home in Southeast Clarendon.

After the games of bridge in which Mrs. W. H. Cooke was given high score prize for club members, Miss Mary Howren high score for invited guests and Mrs. Odos Caraway consolation, the guests were invited into the dining room where an elaborate and colorful three course luncheon was served, which carried out the hostess' color scheme of pink and green to the finest detail.

From tall green lighted tapered with large bowls of tulle, intertwined with sweet peas formed the center piece of the table. Green nut cups, place cards and fancy shaped dishes filled with green candies and olives completed the color scheme and made a very attractive table.

Those present to enjoy this colorful affair were: Mesdames W.

Win-One Class Enjoy Social

One of the most enjoyable socials in the history of the Win-One Class was that of Monday afternoon in the home of Mrs. J. T. Patman, teacher of the class, with Mrs. A. A. Mayes assisting. Mrs. J. G. Sherman brought an instructive and helpful devotional which was followed by a business session. This being of such length that it filled the entire afternoon.

Reports from the standing committee were good and many items of interest to the members were discussed. The calling and attendance contest now being carried on among the class members is creating much interest as well as speculation as to whom the successful contestants will be.

A very tasty refreshment plate was served to the following class members: Mesdames Lank Thornberry, C. L. Benson, Story, Broun, J. H. Watts, Will Patman, Richard Wilkerson, J. R. Porter, Will Johnson, Tom F. Connally, J. G. Sherman, U. J. Boston, A. A. Mayes, D. O. Stallings, R. C. Weatherly, H. B. Kerbow and invited guest, Miss Mantie Graves.

Mrs. Leverette Is Hostess

Charming in its simplicity was the party given by Mrs. Bill Leverette at her home, Friday Feb. 25, with the members of the 1930 Bridge Club and a few invited guests as her guests for the afternoon.

The guests enjoyed the games of auction bridge which were brought to a close by the awarding of the prizes to Mrs. Meade Haile high and Mrs. Henry Tatum low for club members. Mrs. Roy Paxton high and Miss Thelma Youngblood low for invited guests.

A two-course luncheon was served to Mrs. Henry Tatum, Mrs. Dewey Heath, Mrs. Meade Haile, Mrs. Durwood Skelton, and Mrs. Frank Simmons, club members. Mrs. Dan Martin, Mrs. Jim Tedford, Mrs. Roy Paxton, Miss Edna Montgomery, Miss Lois Alexander, Miss Thelma Youngblood and Miss Jane Killough, invited guests.

Mrs. Earl Alexander Is Hostess

In keeping with the progress of time contract bridge is being introduced to Clarendon society by a few of the more progressive society ladies and among them is Mrs. Earl Alexander, who entertained a few friends very informally last Wednesday afternoon with this delightful game.

Miss Mary Cooke proved to be the most proficient one present and was awarded with high score at the close of the games. A delightful refreshment course was served to Mesdames T. H. Ellis, Charles Trent, Charlie Bell and W. H. Cooke; Misses Anna Moores, Beulah Baird and Mary Cooke.

B. Y. P. U.'s Celebrate With Social

The B. Y. P. U.'s celebrated their quarterly social Friday

night, February 23rd, at the Baptist Church, from 7:30 till 9:30. Hospitality reigned supreme. The members of each B. Y. P. U. met in their regular rooms for an hour and a half of fun. It was difficult to tell who had the most fun; the Juniors, with their animal party; the Intermediates, their heads adorned with gay paper caps, with games in keeping; the Seniors, as they were initiated into the organization of the Knights of the Whistle and other interesting things; or the Adults with an hilarious "District School."

At 9:00 o'clock, the group of about seventy assembled in the parlors and enjoyed ice cream together. After which all left looking forward to the next one.

S. S. Department Enjoy Outing

An affair of much gaiety and merriment was held last Friday evening by the teachers of the Intermediate Department of the Methodist Sunday School for their pupils in the form of a wienie and marshmallow roast at the city park.

The children came laden with their wienies and marshmallows which were toasted over a large bon-fire and enjoyed by the youngsters.

Games followed but an early parting was thought advisable by the teachers present, Mrs. B. G. Smith, Mrs. G. C. Powell and Miss Ineva Headrick, due to the chill wind of the evening.

1926 Book Club In Interesting Study

Mrs. Frank Stocking and Mrs. Henry Tomb were hostesses for the 1926 Book Club, Tuesday afternoon, entertaining at the women's club room.

A short business meeting proceeded over by the president, Mrs. Elba Ballew, was followed by an interesting summary of the book "Red Silence" by Mrs. Fred Bunting. The life of the author, Kathleen Norris, was given by Miss Maye Lumpkin in a most pleasing manner.

The course of study for next year was presented by the calendar committee and accepted by the club.

A delicious salad course was served by the hostesses.

McDowell Choral Club Notes

A large per cent of the members of the McDowell Choral Club answered to roll call Tuesday evening and some splendid work was accomplished under the leadership of Mr. Robt. Cope. No definite plan has been decided on as to our next objective or appearance but the regular rehearsals are held each week.

Dr. and Mrs. Galloway Entertain With 42

Dr. and Mrs. C. W. Galloway entertained a few friends with a forty-two party on Monday evening which proved to be a most enjoyable affair.

Tallies were passed immediately upon the arrival of the guests and playing begun with real zest

which continued until a late hour when the serving of a lovely refreshment course brought to a close the evening's entertainment.

Those attending were: Mr. and Mrs. Floyd Reeves, Mr. and Mrs. Van Kennedy, Mr. and Mrs. J. T. Patman, Mr. and Mrs. Marvin Warren, Mr. and Mrs. Harry Guynes and Mr. and Mrs. C. E. Griggs.

1912 Needle Club Meets

Mrs. Minnie Dyer was hostess to the 1912 Needle Club Thursday afternoon at her home when she was assisted in the entertaining by her daughters, Mrs. T. H. Ellis and Mrs. Sam Dyer.

A most enjoyable afternoon was spent over the needle work and conversation.

A two-course luncheon was served to the following: Mrs. B. L. Jenkins, Mrs. A. L. Chase, Mrs. H. Glasco, Mrs. Sella Gentry, Mrs. A. R. Letts, Mrs. Ann Hasty, Mrs. J. T. Patman, Mrs. A. A. Mayes, Mrs. L. S. Bagby, Mrs. Callie Honk, Mrs. W. S. Bagby, Mrs. L. L. Swan and Mrs. John Daniel of Tulsa, Okla.

Mr. and Mrs. W. S. Bagby Entertain

Entertaining in their usual hospitable way Mr. and Mrs. W. S. Bagby were host and hostess to the Thursday Evening Dinner-Bridge Club, at their apartment Monday evening.

A lovely dinner was served at the small tables with games of auction bridge following.

Mrs. Phillip Gentry was awarded high score for ladies, and Mr. Meredith Gentry high for gentlemen and cuts went to Mrs. O. L. Jenkins and Mrs. Forest Taylor. Those enjoying this hospitality were: Mr. and Mrs. Phillip Gentry, Mr. and Mrs. Forest Taylor, Mr. and Mrs. O. L. Jenkins and Mr. and Mrs. H. Kennedy.

Palo Duro Literary Society

The Palo Duro Literary Society met last Wednesday night in their society room as usual and a most enjoyable program was rendered. Maurine Vinson played a piano solo and then Bill Wilder displayed his ability as a clarinet blower. Ethel Crane told some interesting current news events and W. D. Bryson told some real humorous jokes. The entire society would still like to know what William Greene enjoyed most about the banquet and why Helen Riley didn't want to tell her short story.

The society adjourned to meet Wednesday night, March 5th, at 7:00 o'clock.

Mrs. J. G. Sherman Leads Study

Mrs. J. G. Sherman was leader of the Bible lesson, the 6, 7, 8, and 9th chapters of the book of Acts. When the Woman's Missionary Auxiliary, Methodist Church, met in the church for their regular monthly Bible study.

Mrs. SoRolle led the devotional. Eighteen members were present.

Mr. and Mrs. A. T. Jefferies Entertain

A delightful party of last week end was that given by Mr. and Mrs. A. T. Jefferies on Saturday evening in honor of their Dinner-Bridge Club.

Cut flowers were profusely arranged about the entertaining rooms where a lovely two-course dinner was enjoyed.

Auction bridge was the game

of the evening with Dr. and Mrs. M. H. Rhoades winning the score prizes at the close of the games.

Those enjoying this affair were: Dr. and Mrs. M. H. Rhoades, Mr. and Mrs. J. L. McMurry, Mr. and Mrs. F. E. Chamberlain, Dr. and Mrs. T. H. Ellis, Mr. and Mrs. Louie Merrell, and Mr. Will C. McDonald.

PERSONALS

Misses Eva Lee Morrison and Lotta Bourland spent Monday in Amarillo.

Mrs. Clark Hemminger, Misses Edna and Ethel Crane, spent last Sunday in Amarillo.

Mr. and Mrs. R. G. Dillard of Amarillo, spent the last week-end here in the home of relatives.

Mrs. James Trent attended the funeral of Mrs. J. T. Collins in Amarillo Thursday of last week.

Harold White of Fort Worth, spent the past Sunday here in the home of his parents, Mr. and Mrs. Frank White.

Mrs. C. L. Craig of Pampa, is spending a few days in the home of her parents, Mr. and Mrs. Fred Patching.

Mrs. Will Johnson and children visited in Canyon, Sunday with Mr. and Mrs. Russell Clark and children.

Messrs. John T. Sims and Sherman Carroll attended the Oakland Sales meeting held in Amarillo Friday of last week.

Frank Pound of Texline, formerly of this city, was a Clarendon visitor here Tuesday night and Wednesday morning.

Mr. and Mrs. W. E. Collier and daughter, Nancy Belle, of Amarillo, spent the week-end in the home of Dr. and Mrs. J. G. Sherman.

Messrs. O. C. Watson, Tom F. Connally and Homer Mulkey were numbered among the visitors to the Cattlemen's Convention in Amarillo Wednesday of this week.

Mrs. Fred Russell and children motored to Amarillo Friday where she visited with her sister and together they motored to McLean on Saturday where they attended a family reunion in the home of their parents, Mr. and Mrs. Bush.

Mr. and Mrs. J. F. Blocker, Mr. and Mrs. C. D. McDowell, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. J. L. McMurtry, Mr. Allen Jeffries, Jephtha Fleming, Payne Kent, Howard Warren and Willie Adams attended the Cattlemen's Convention in Amarillo this week.

Mrs. Bob Couch returned to her home here the fore part of this week from a trip into Oklahoma, where she visited with a daughter at Altus and a brother at Cordell. Mrs. Couch states that she also visited her old home in Fannin County, Texas, for the first time in 39 years, the latter part of this coming as a pleasant surprise on the latter end of the vacation trip. Many old friends were seen and many of the spots she enjoyed in the years that are gone. She still claims that the Panhandle is the best section of the state.

Rev. B. N. Shepherd and Mr. W. Z. Borron left Monday morning for Dallas and Fort Worth. They will attend a meeting in Dallas of the State Budget Committee with Secretary White and also the State Board meeting. They will come home by way of Fort Worth for the Annual Evangelistic Conference at the Southwestern Baptist Seminary.

It's a good idea to make a small outdoor seedbed, with special soil, in a corner of the farm garden, to start the plants. They will be more stocky if started here and later transplanted. A good soil mixture for the seedbed is one part of well-rotted manure, two parts of good garden loam or rotted sods, and one part of sharp, fine sand. The addition of leaf mold or peat makes the soil better. Mix the materials well and sift the soil.

Mr. and Mrs. Roger S. McConnell and family from Pampa, spent the last week-end here in the home of Mr. and Mrs. O. T. Smith.

Mr. and Mrs. C. J. Douglas and children and Mrs. E. R. Tatum left Sunday morning for Dallas, where they will spend this week. Mr. Douglas will attend two conventions while in that city in addition to having a visit with his mother and other relatives.

Mr. and Mrs. Sam M. Braswell returned Friday afternoon of last week from a short honeymoon trip to Wichita Falls and Dallas. They returned via of Denton where they visited with Mr. Braswell's daughter, Miss Clair Marie, who is a student in C. I. A.

Mr. and Mrs. W. B. Sims, Mr. and Mrs. W. A. Massie and Mrs. Eva Draffen motored to Amarillo Monday of last week. Mrs. Draffen remained in Amarillo with her sister, Mrs. Olin Walker, returning home Sunday, accompanied by Mr. and Mrs. Walker and daughter.

Mr. and Mrs. Theodore Pyle of Longfellow, Texas, stopped enroute to Amarillo for a visit with Mr. and Mrs. T. M. Pyle. Mr. and Mrs. Pyle are former residents of the Panhandle and always look forward with much pleasure to meeting their old friends at the Cattlemen's Convention held in Amarillo each year.

Mr. and Mrs. Owen Butler of Amarillo, Mr. and Mrs. Harold Hughes and Mr. and Mrs. Spencer of Pampa, Mr. and Mrs. S. B. Arnold and daughter of Clarendon, Mr. and Mrs. Luther Butler and son of Lelia Lake were guests in the home of Mr. and Mrs. W. L. Butler, Sunday.

Mr. and Mrs. H. Tyree returned Wednesday from Dallas where they have been for several weeks attending the bedside of their daughter, Mrs. Llewlyn, who has been quite ill, but is much improved at the present. Mrs. Llewlyn will be remembered as Miss Grace Tyree.

Mrs. Mongole, Miss Mable and Edgar Mae Mongole, Miss Lillie Slover and Mrs. W. A. Massie shopped in Amarillo Saturday.

Poultrymen always used to cool the eggs hatching in an incubator by taking them out for a short time each day. It has been found that this practice is unnecessary, says the U. S. Department of Agriculture, except when the temperature of the incubator has been running too high. To decide whether to cool eggs or not, notice the size of the air cell, which should gradually increase in size. If the development is too rapid, cool the eggs until they feel slightly cool to the touch. If the dairyman buys all his feed, hires all his labor, and disposes of the milk at current wholesale prices he will make little if any money. If he buys all his feed and does all his own work he may make day wages. To make the greatest profit raise most or all the feed and market it through the dairy cow at a price at least equal to what the same feed would cost on the market.

Announcement Column

W. M. S. in Business Session

All circles of the W. M. S. Baptist Church met at the church in their regular monthly business session, Wednesday afternoon, Mrs. Wm. Gray, president, presiding.

The Rex Ray Circle led in devotional service as part of home Missions week of prayer observance. Mrs. Allen Bryan, Mrs. Joe Goldston, Mrs. Meade Halle, Mrs. Noland and Mrs. Harry Guynes took parts on the program. About twenty-five ladies were present. ***

Missionary Society Meets

The Missionary Society of the First Christian Church met with fourteen members present together with the new pastor and his wife, Rev. and Mrs. W. E. Ferrell.

An interesting study on the foreign Mission fields was brought by Mrs. F. C. Johnson. Mrs. J. O. Thompson of Lelia Lake, president, presided over the business session. Fourteen members were present. ***

St. John's Chapter

Mrs. T. H. Ellis was hostess to the St. John's Chapter at the Parish house Wednesday afternoon. There was a good attendance and plans were made for the Saturday market to be held on the 22nd.

Rev. Swan pleased the ladies by announcing that he would give a history of the Episcopal Church in lecture form during Lent. Dainty refreshments were served at the close of the meeting.

Roy Clappitt returned the latter part of last week from Amarillo, where he has been for the past several weeks assisting with some changes that have been made in the home of Mr. and Mrs. Will Martin of that city.

TO MY FRIENDS

I am running the Clarendon Hotel Dining Room and will be pleased to serve my friends and patrons. Board \$1.00 per day or \$50.00 per month. 50c per meal. See me for your banquets and parties. Mrs. John Vineyard. (10c)

ATTENTION LADIES

We will make your hat to fit your individual needs or will remodel your old hats in the newest designs at our home. Phone 206 for appointments. Harned Sisters, Expert Milliners. (11c)

Mrs. Mongole, Miss Mable and Edgar Mae Mongole, Miss Lillie Slover and Mrs. W. A. Massie shopped in Amarillo Saturday.

HAS THE LAXATIVE IN YOUR HOME A DOCTOR'S APPROVAL?

Some things people do to help the bowels whenever any bad breath, feverishness, biliousness, or a lack of appetite warn of constipation, really weaken these organs.

The wonderful product, known to millions as Dr. Caldwell's Syrup Pepsin is a family doctor's prescription for sluggish bowels.

Never want to see if a headache will "wear off." Why suffer when there's Bayer Aspirin? The many millions of men and women who use it in increasing quantities every year prove that it does relieve such pain.

ASPIRIN

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort.

ITEMS OF INTEREST IN DONLEY

ASHTOLA
Last Friday, Feb. 28 was rally and parents day at Ashtola school house. School was suspended for the day. Several good speakers were there and made speeches which were both interesting and instructive. The pupils put on a short program and at the noon hour a bountiful dinner was spread which was very much enjoyed. The occasion was well attended and we think all will say it was a day well spent.
As the newspapers says "It pays to advertise" was well demonstrated Friday night when the high school pupils put on the play "Mother Mine" in the school auditorium. The house was filled to overflowing. The pupils did credit to Mr. Howard, their instructor. We have the Clarendon band to thank for the beautiful music which it rendered. It went a long way toward making the night a success. The collection at the door was \$44.80 which will go for the benefit of the school.
Mr. and Mrs. Colman Howard visited old time friends in Goodnight Sunday.
Mr. and Mrs. Calvert of Chillicothe, attended the play Friday night and spent the week-end with their Uncle, D. F. Randel and family.
Mr. O. C. Hill of Clarendon, visited Mrs. O. C. Hill, Jr., last Tuesday.
Sam Allen and Carl Adams made a business trip to Paducah last week.
Mr. and Mrs. Lu McClellan entertained a few of their friends Wednesday night of last week with a 42 party. At a late hour a plate lunch was served to the following guests: Mr. and Mrs. P. A. Johnson and children, Mr. and Mrs. Louise Merrill and daughter, Mr. and Mrs. E. H. Roberts and son, Mr. and Mrs. H. C. Tims and children, Mr. and Mrs. Johnnie Rex McClellan, John McClellan and Keith Swinburn, Misses Vera Johnson, Margaret Swinburn and Juanita Boatman. Mrs. Emma Dosier spent the day with Mrs. W. A. Poovey Thursday. Mrs. Dosier hasn't completely recovered from her recent fall, but is improving fast.
Mr. Earl Bullard of Lasrosa, began to work in the Lovell Garage at this place Monday.
Mr. and Mrs. Charley Meadows moved to Claude Saturday where they have built and will run a camp ground filling station, short lunch stand and other things that it takes to make a first class camp ground.
Thell Drennan spent the week-end with friends and homefolks. We are sorry to report Mr. Tom Gillespy suffering very much with appendicitis at this writing. His sister, Mrs. A. L. Wallace, and brother, Joe Gillespy, have been with him.
Mr. and Mrs. Whit Calcote visited his parents in Claude Sunday.
Mr. Melvin Caldwell visited in Lelia Lake Sunday.
A. D. Shores and family from Goodnight, Ruth Caldwell and Ruth Warwick were dinner guests in the Poovey home Sunday.
Mr. and Mrs. J. F. Parker and little children visited Mr. and Mrs. Christal at Lelia Lake Sunday.
Mr. A. L. Allen and family visited their daughter and sister, Mrs. Charley Meaders, at Claude, Monday night.
Mr. and Mrs. Elmer Hunsucker spent Saturday night and Sunday with his sister, Mr. and Mrs. Elsie Kidd.
Mr. and Mrs. John McMickin, Mr. and Mrs. John Dial of Memphis, were visitors in the Graham and Poovey homes Sunday. Miss Dee Graham returned home with Mrs. McMickin for a several days' visit.
Little Jewel Reed had her tonsils removed in Clarendon Saturday and was doing nicely at the last report.
Miss Mary Graham visited Geneva Collier Sunday.
Mr. Burk of Shamrock visited in the Gregg homes Saturday. Mr. and Mrs. Charley Gregg returned home with him for a visit.
Dinner guests in the Elsie Gregg home Sunday were: Misses Virgie Wallace, Helen Parker, Alberta Reed, Vera Benson and Ima Poovey and Messrs. Rance Cockerell, Fred Benson, John Parker, Lee Wallace and Mrs. Byers and her friend from Amarillo.
Mrs. L. B. Merrill taught the primary pupils last week while their teacher, Mrs. Harve Smith, was sick.
WINDY VALLEY
Misses Errie Friday, Eula Allen, Nettie Lyons and Mr. and Mrs. F. C. Paulk and family visited until bed time in the W. B. Morgan home Thursday night.
Lacy Noble spent Thursday night with Roy Mount.
Buck Noble spent Saturday night with Dock Mann.
The young people enjoyed a party in the Tom McGowan home Saturday night.
Misses Helen and Mary Slater from Clarendon, spent the week-end visiting Miss Gladys Noble.
Miss Virginia McGowan called on Miss Mattie Fletcher Friday.
Mr. and Mrs. Tom Morgan and small daughter, visited Mrs. Morgan's parents, Mr. and Mrs. J. A. Dotson, at Lelia Lake, Sunday.
Those visiting in the E. F. Fletcher home Sunday were: Mr. and Mrs. G. A. Davis, Mr. and Mrs. W. W. Dotson and son from Lelia Lake, Mr. and Mrs. Clyde Fletcher and daughter, Mr. and Mrs. John Fletcher from Chamberlain, Mr. Orville Davis and Mr. and Mrs. W. T. Durrett, and daughter from Claude, J. S. Reynolds and Millard Cruse.
Mrs. W. B. Morgan and daughter, Veta Mae, Mrs. Lyons and daughter, Nettie, and Mrs. Betty Black visited Mrs. Tom Morgan Friday evening.
Dick Noble spent Wednesday night with Oby Paulk.
Mr. F. C. Paulk returned Monday from Dallas, where he had been working for the past two months.

Milton Price of Fort Worth was here Monday visiting old friends. Mr. Price spent the first few years of his life in this little city. Will Frye and family and Mrs.

ALEXANDER SEEKS OFFICE COUNTY JUDGE FOR TERM
The News is authorized to announce the candidacy of J. J. Alexander for re-election to the office of County Judge and Ex-Officio County Superintendent. The announcement will be found in its accustomed place in the News from this issue forward.
Mr. Alexander has held the office of County Judge for the past fifteen months, and has done so with credit to himself and to the county. Prior to his election to the office of Judge, he served in the capacity of County Clerk for some terms. He is basing his claim for re-election to the office on the record of the past several months and states that he has no further promises to make the general public. He states that he believes that the County is a business institution and that it should be operated on that basis, returning dollar for dollar value as far as possible to those who pay the bills and support the county with their tax money.
The candidacy of Mr. Alexander is subject to action of the Democratic Primary in July and August. He will appreciate the support and influence of his friends in the time preceding the elections and at the polls.

A. O. BAUER BURIED HERE THURSDAY AFTERNOON
A. O. Bauer, citizen of Clarendon for more than two decades, died at his home in this city on Thursday morning, February 27th. Mr. Bauer was buried in the Citizens Cemetery with Rev. R. S. McKee reading the last rites. The services were held in the family home.
A. O. Bauer was born in Bremen, Germany, on September 21, 1859. With his family, he came to the United States when about thirteen years of age and settled at New Haven, Connecticut. He lived here until about seven years later, when he moved to Chicago. He early in life started on his career as a painter, learning the trade as an apprentice and talking a great amount of pride in his work all through the remainder of his life. He came to Clarendon in 1908 and has made his home here since that time. He was married to Mrs. Decker on December 11, 1910. No children were born to this union.
Since he came to the United States, Mr. Bauer had been a member of the Lutheran Church, retaining his belief in that faith up to the time of his death.
The death of Mr. Bauer did not come as any great surprise to those most close to him, he having been in very ill health for the past year. For the past several months, he had been confined to his bed and for a short time just before the end came, he could not recognize any of the many friends or close relatives who were with him.
Aside from his wife, Mr. Bauer leaves a number of step-children, they being: Frank Decker of Munday; Mrs. Ray Clayton, Ralph Decker and Clifford Decker, all of Clarendon and Mrs. G. W. Osborn of Abilene. All were at the last

rites with the exception of Mrs. Osborn.
Mr. Bauer was never one to make any great amount of noise, going about his work quietly and with little bother to those about him. His handiwork may be seen in many of the homes in Clarendon today and will long stand as a memorial to a man who did his work well and who took great pride in so doing it. He will be greatly missed by everyone in the community who ever had any dealings with him.

DISSOLUTION FIRM OF E. D. McADAMS AND COMPANY
This is notice that the firm of E. D. McAdams and Company, composed of E. D. McAdams and Y. E. McAdams, has been dissolved and that Y. E. McAdams is no longer connected with said firm; that E. D. McAdams is the sole and only owner of said business.
Executed this the 14th day of February, A. D. 1930.
(13pd) E. D. McADAMS
Mrs. Georgia Burrell and daughter, Miss Herloise, spent last Sunday in Canyon.

BACKACHE
If functional Bladder Irritation disturbs your sleep, or causes Burning or Itching Sensation, Backache, Leg Pains, or muscular aches, making you feel tired, depressed, and discouraged, why not try the Cystex 48 hour test? Shall We Vote the Junior College Tax?

Letters From Local Tax Payers

MULKEY SAYS JUNIOR COLLEGE IS GREAT COMMUNITY ASSET

To The Editor of The Clarendon News:

Since you have asked me for a short letter to the people on the proposed junior college maintenance tax of twenty cents per hundred dollars' valuations, I will say that I think Clarendon cannot afford to do anything else but vote the tax and support in every way our junior college. We ought to make it better and worth as much to the community as it has been in the past.

One of the finest things about Clarendon College like it was in the number of fine families it brought to the town on account of school advantages. There is no reason why we shouldn't have more families every year brought

here by our junior college and we can if we will make it what it ought to be.

Folks, you know I have no children of my own but I have never laid down on any tax or donation that would help our town and our schools, and I want to vote for this tax even if it will cost me as much or more than the ordinary tax-payer. That's just the way I feel about it and I want my friends and neighbors to help in putting this across on April 5th.

Our junior college means a lot more to our town than some people realize and if we were to lose it it would hurt us a whole lot. Let's say behind it and make it what it ought to be for Clarendon and Dunley County.

Yours for better schools and a greater junior college.

Homer Mulkey.

CHURCHES

Kimbriel. Song. Prayer. Secretary's report.

Mrs. J. R. Porter and daughter, Annie Ree, and Helen Francis, returned from Houston Thursday evening where they spent the past two weeks visiting with Mrs. Fannie Powell and Robert Powell.

LIONS DISCUSS SCHOOL MATTERS

COMING ELECTION DISCUSSED—IS CALLED MORE IMPORTANT THAN ROADS.

The proposed election in the Clarendon Independent School District was discussed from many angles at the Lions Club luncheon Tuesday of this week. Lion McKee called the matter more important than the proposed road situation for the county in that an opportunity was being furnished to many for a college education where they could not receive its benefits from any other source. Instances were cited of families who had moved here recently that they might enjoy the benefits of the college, these same families probably looking for another town if the college should be abandoned.

Lion Murrell brought the attention of the Lions to the fact that the college was not advertised and that it should be re-sold to the territory again if it were to be the success it had been in the past. The carriage of the proposed election will put the matter on a basis where it can be readily sold to the county and then this work must be done or lose the influence belonging to the school in years past.

Lion Burton urged that a special effort be put forth to get as many votes cast as possible, especially since the passage of the levy by a small majority would mean that only a little interest was shown. This thought was also voiced by many of the other speakers who made their appearance and spoke to the subject. The manner in which the present district was obtained was discussed at some length by Lion Porter, who explained quite in detail the method used to obtain the district and the work that was needed to keep the district as it now stands. He stated that his opinion was that if the matter should be dropped for a short time that the special privileges allowed by the present law would be revoked and that the school would then revert to the status enjoyed by other schools of like nature in the state and in other parts of the state.

Lion Mulkey told the Lions that the trees received last week had all been planted and that places had been found for as many more if they could be secured. He also asked that the Board of Trustees of the cemetery not be censured for the placement of the trees.

Lion Rathjen announced the American Legion Minstrel and urged the Lions to buy their tickets and attend.

Guests for the day included W. C. Alexander, member of the Clarendon Rotarians; Mr. W. W. Monteith of Oklahoma City, and a former Lion from Clarendon, Monty R. Garrison. Each of these expressed their pleasure at being present for the luncheon. Lion Garrison especially stressed his pleasure at the work the county is doing on the roads and stated that the new grade would probably be better than the present roadways since they would be laid

out to a grade line and properly drained.

On the roll call a new feature was introduced, each Lion being asked to give some especially enjoyable feature to be found in his business. Some unique things were found in the answers, many of them being very optimistic. The attendance contest started off with a bang, two Lions being absent. One of these is certain to make up his attendance and it is thought that the other might do the same.

Lion W. H. Patrick was called to the floor to give an account of his findings on the trip recently completed with the "Flying Squadron". He stated that the atmosphere south of Fort Worth had quite a blue cast due to the fact that the times were rather dry. The cotton acreage of the state is predicted to be cut 3 or 4 per cent, this amount depending on weather conditions and price at planting time. Later remarks indicated that the entire world is passing through a period of readjustment, with Texas being a part of the readjustment scheme. The condition is expected to be changed in a few years, five at the outside.

NEGRO JUBILEE SINGERS AT COURTHOUSE MONDAY NIGHT

There will be given a negro folk song and jubilee at the courthouse Monday night, 8 p. m. March 10th.

A chorus of trained voices will sing Monday night. The chorus is made up of some of the best talents of Amarillo and some of the members of the St. Stephens Baptist Church of this city. "Swing Low Sweet Chariot," "I Couldn't Hear Nobody Pray," "Steal Away," "Hand Me Down the Silver Trumpet," "Everybody's Talking About Heaven Ain't Going There," etc.

Mrs. J. M. C. Amos of Dallas, Texas, will have charge of the program. The affair is given in interest of the St. Stephens Baptist Church, (colored).

AMARILLO ATTORNEY OUT FOR PLACE IN CONGRESS

The News has received notice this week of the candidacy of James O. Cade of Amarillo for the office of Congressman from the 18th District of the state of Texas. Mr. Cade announces quite a wide platform, which include among several items, opposition to the oil tariff and against Jones' anti-chain legislation. The attorney is well known in the city of Amarillo and states that he plans to make an active campaign over the territory at some time during the coming few months.

SCOUT BENEFIT TO BE STAGED HERE MARCH 19

Meager details have been released stating that the Boy Scout movement of the city would be the recipients of a benefit picture on the evening of March 19th. The title of the picture has not yet been announced nor all the details completed. Citizens are asked to reserve a date for that evening and be ready to assist the movement when asked.

Keeping Out Of The Mud

It is to the housekeeper's interest to see that the roads about her home are oiled or regularly sprinkled, either by the community or by individual residents, to help keep dirt from blowing into the house in the season for open windows and doors. Muddy or dusty shoes and clothing are another source of dirt in the house. Much of this can be kept out by doing away with dirt walks and bare ground near the house, by insisting that mats and scrapers be used outside the doors and by providing special places just inside where muddy rubbers, boots, and coats may be left.

A Simple Roach Trap

An effective trap for roaches is made by greasing the sides of deep bread tins with a little rancid butter. The roaches are attracted by the food odor, and are unable to climb out because of the greased sides. Dusting thoroughly with sodium fluoride on shelves and in cracks about the kitchen will also exterminate roaches effectively. Sodium fluoride is poisonous to people as well as to roaches. Keep it away from children and pets.

After twenty years of experimentation the State Experiment Station at Troup has recommended the commercial planting of the tung tree in East Texas and possibly also on the Gulf Coast. A native of China, the tung tree yields an oil, largely used as a base for water-resisting varnishes, and these has been an increasing acreage given to it in Southern states, notably in Florida, during the past several years. Troup experiments showed the tree does well in East Texas soils and under climatic conditions existent in that section of the state.

Mrs. O. T. Smith spent Monday in Amarillo as the guest of her sister, Mrs. Joe Shields.
