NUMBER 29

Lions Meet Robt. Lee, No. 1 B Team, On Home Lot Fri.

Coke County Steers Have Piled Up Impressive Record

By Ernie Boyd

The Ozona Lions, still staggering from last week's loss to Sonora, will meet what may be the strongest team on their 1963 schedule Friday night when they seek to derail the powerful Robert Lee Steers. The kickoff will be at 8 p. m.

Robert Lee is unbeaten and untied for the season thus far, having whipped Menard 34 to 0 in their opener for the closest contest thus far. Last week the Steers ripped Iraan 40 to 0 and to give the fans some idea of these accomplishments Sonora was very lucky to tie Menard 19 to 19 and edged the Braves 13 to 0. In Robert Lee's other two contests to date the Steers ripped Eden somewhere in the sixties and Sands by about the same margin.

The Lions will be faced with what Ozona scouts call the best back in West Texas in Derwood Coalson, a 175-pound senior halfback who runs with great speed and power. In addition to Coalson, the Steers will have Rusty Dodson a 200 pound Junior fullback and almost every starter back from last year's team which gave the Lions a tough to except for two long touchdown runs by Pete Montgomery.

Coach Fred Hickman has been busy making some adjustments to replace lost personnel since last week. Fullback Paul Perner turned in his uniform Saturday and Bryan Montgomery has moved from his wingback to the fullback position with Scott Mahon moving from the offensive end to the flanker back held down by Montgomery. In order to fill the shoes left vacant at the end post, Doug Moore, a senior squadman, has moved into the starting lineup.

Mike Walters, who was injured last week, is on the doubtful list. Walters was thought to have cracked a rib last week but examination and x-ray reveal no break, only a bad bruise.

Alejos Tambunga, who did a good job tackling at a new end position, will move into the starting lineup if Walters is unable to start and will doubtless see heavy action regardless of the outcome.

In addition to the speed and size in their backfield, the Robert Lee team will bring a big forward wall which will be considerably larger over all than will be the Lion forwards.

In last week's contest, the Lions got good play from Pete Garza, Joel Huff and Bobby Arnthor defensively but Rick Hagelstein continued to show improvement, a process that will be going on all season with the Lions having so many first year men in the lineup.

One encouraging note about the affair is that most of this year's team will return for action next year and maybe then the shoe is going to be on our foot.

Lockett School PTA Carnival Sat. Oct. 19

Lockett School P. T. A. will have its annual P. T. A. Carnival on the Lockett campus Saturday, October 19, Mrs. Edna Earl Fielder, president, announced this week.

The carnival will get under way at 6 p. m. There will be a food and drinks stand, a country store, a wishing well, chunking stands, bingo, auctions and a number of other interesting and entertaining booths. The public is cordially invited.

GARDEN CLUB MEETS MON.

Ozona Garden Club will meet Monday afternoon at 3 o'clock at home of Mrs. Cecil Hubbard.

Hostesses will be Mrs. Ira Carson and Mrs. Bailey Post.

The day's program will be on planting and showing peonies.

C of C OPEN HOUSE — The new Ozona Chamber of Commerce will stage open house in its new building, next to the Small Fashions shop on west Highway 290, Sunday afternoon from 2 to 5 p. m. President Oscar Kost and Manager Luther Walker extend a cordial invitation to all Ozonans to drop by and see the office and the materials that have been assembled to aid in passing out a good word for Ozona at every opportunity.

Sonora Junior High And B Teams Return Today For Re-Match

By Ernie Boyd

Coach Chick Womack's Junior High Cubs will be seeking revenge for the second week in a row today as they entertain the Sonora Junior High team at Lion stadium beginning at 5:30 p. m. and followed at 7:30 by a rematch between the Ozona High B team and the Sonora reserve team.

Last week the Ozona Junior High avenged a loss to the Eldorado team in the season's opener by smashing the much bigger Eldorado team 38 to 6 in a rocking ball game that had the visitors hanging on the ropes when the contest ended.

The Sonora team edged the Ozona Junior 6 to 3 in the game held in Eldorado but the local team had just lost Gary Lee Sutton and had not had time to reorganize its offense so a second accounting for the visitors might be in order this afternoon.

In the B game the Sonora team will be seeking to get even for a 14 to 0 pasting handed them at home by the Lion reserves. Randy Upham, who spearheaded the offense in that game, will not be available for the Sonora game and in addition the Ozona reserves will be without the services of Bobby Vinson and possibly David Lewis, both of whom are on the injured list.

George Cox will lead the Ozona reserves at quarter back with Pon Seahorn, Thomas Dehoyos and Pablo Diaz in the backfield.

The Lion reserves now hold wins over Sonora, and Iraan while losing on both occasions to the strong Eldorado crew, a win tonight would send them one up on the season.

SUFFERS BROKEN HIP

Mrs. W. T. Bradbury was taken by plane to Fort Worth Monday for treatment for a broken hip suffered in a freak fall at her home Sunday night. The break occurred when Mrs. Bradbury stood up after discovering that her leg was "asleep". The numbed leg buckled and a broken hip bone resulted.

The Bradbury's son-in-law John Howell of Fort Worth, came in his twin motored company plane and took Mrs. Bradbury to Fort Worth for treatment. She had received first aid treatment in the Crockett County Hospital. Mr. Howell flew out Monday morning and the injured woman was on her way to Fort Worth by noon.

Crushing Assault By Sonora Broncos Overpowers Lions

Locals, Unable To Get Offense Going, Fall Under 4 TD Attack

By Ernie Boyd

The Sonora Broncos, using a heavy front line and a number of little fast backs, handed the Ozona Lions one of the most one-sided losses they have suffered in the Sonora series in a number of years last Friday night when they blanked the Lions 28 to 0 in Lion Stadium.

The Lions, who have had offensive troubles all year, were never able to launch anything that even looked like a scoring threat, as lack of speed, size and very erratic passing completely hamstrung every offensive effort.

The Lions did get some excellent kicking and one half of steady defensive play before the Broncos, who were supposed to be a strong threat in the air, combined some strong running efforts with a key Ozona injury to push over the game's first score late in the second quarter.

The Bronco drive consumed the better part of the second quarter, beginning on the Sonora 16 yard line and finally crunching into the end zone from one yard out on a quarter back sneak by Bill Elliott.

Much of the damage done during the drive came on the darting runs of Eddie Howell and Tino Noriega.

Leading 8 to 0 in the early part of the third quarter, the Broncos backed on Ozona punt deep in Ozona territory and three plays later resorted to a tricky double reverse pass to get a first down on the one and then the score which came when wingback Johnny Merck cracked over a slant.

The Lions were never really in the game after that, as they missed a possible easy touchdown on the first play following the kickoff and never had another chance.

In the fourth quarter, trailing 14 to 0, the Lions tired noticeably in the face of great reserve power by the visitors who used good parts of three platoons throughout the contest whereas the Lions had hardly a fresh face to present on any series of downs.

With Noriega leading the way (Continued on Last Page)

Ellenburger Wildcat Slated; Canyon Strike Assured In Crockett

Standard Oil Co. of Texas, Midland, will drill a 10,500-foot Ellenburger wildcat in Crockett County, 12 miles southwest of Big Lake and 1 1/2 miles west of the two-well Maggie Neal (Grayburg) field, but separated by failures and depleted producers. It is the No. 1-4 Maggie Neal.

Location, on a 2,080-acre lease, is 660 feet from the north and 8,300 feet from the east lines of 65-BB-GC&SF (TCRR on some maps).

It is also 2 3/4 miles south of Texaco No. 1-CL University, a 9,916-foot Ellenburger failure, abandoned June 7, 1959. The Ellenburger was topped at 9,588 feet on elevation of 2,743 feet.

Canyon sand production apparently has been established at Shell Oil Co. No. 1-7 J. W. Henderson Jr., in 7-BBB-GC&SF, Crockett County wildcat 21 miles southwest of Ozona and one mile southeast of a recent Canyon sand gas-distillate discovery with the flowing of seven barrels of new oil and 70 barrels of load water in 24 hours, plus gas at the daily rate of 1,013,000 cubic feet daily.

Flow was through a 20-64-inch choke and perforations at 5,749 to 6,346 feet. Casing pressure was 950 pounds. Testing continued.

Earlier after being fractured with 75,000 gallons of acid water and 30,000 pounds of sand, it flowed 213 barrels of load water in 20 hours through a 20-64-inch choke.

V. I. Pierce Production Sale Of Cattle In San Angelo Ring October 19

V. I. Pierce, Crockett county breeder of registered sheep and Hereford cattle, will offer 108 head of registered cattle in his second production sale of 1963 to be held at the West Texas Livestock Auction Co. in San Angelo Saturday, October 19.

Pierce will sell four proved Hereford herd sires, 20 head of 2-year-old Hereford bulls and 40 head of calves and open heifers ready to breed.

Bert Reyes is the auctioneer. For the benefit of Crockett county ranchers who may buy cattle in the sale, Mr. Pierce has offered free trucking of the cattle back to local ranches. Trucks will be on hand at the sale and will be returning empty, so local buyers will have an advantage of free transportation of their cattle to their home ranches.

Art Kyle Wins Golf Scholarship at A&M

Art Kyle, Junior student at A&M University, won a scholarship in golf at A&M for the coming semester in try-outs held last week.

A&M offers golf scholarships on a semester basis only, not on a one-year or even a four-year basis in the case of football or basketball.

Kyle, son of Mr. and Mrs. Arthur Kyle of Ozona, was an outstanding golfer while a high school student and has tried out each year at A&M and for the first time reached the heights necessary to reach the chosen top six. He was fifth in the field of entries from the student body. The top six golfers receive the scholarships. It will mean a \$200 grant from the college for the semester.

Woman's Forum Guest Day Set For Tuesday

The Woman's Forum will observe its guest day Tuesday, Oct. 15th, at the Ozona Country Club. Members of the Woman's Club and the Women's League will be special guests for the day.

Mr. and Mrs. Frank Foster of San Angelo and Mrs. Joe Kreklow of Eldorado will bring an interesting program.

Hostesses for the day will be Mrs. Brock Jones, Mrs. Dempster Jones, Mrs. P. C. Perner, and Mrs. Jack Williams.

Phone news to the Stockman

Grand Opening Set For W. Maness Texaco Station Saturday

Weldon Maness, who recently acquired through purchase from James Semmler, the Texaco Station west of the Johnson bridge, will celebrate his grand opening in the new business next Saturday.

A lot of inducements to folks to come by and visit the station on its grand opening day have been offered by Mr. Maness.

A number of attendance prizes are being offered, first of which will be a set of four nylon white-wall tubeless Firestone tires. This will be the first prize in a drawing to take place at 6:30 Saturday evening. Visitors to the station will be asked to register and they will not have to be present at the drawing to win nor will it be necessary to make a purchase to register.

Other gifts to be awarded include three Texaco toy fire engines, six free wash jobs and six free Marfak lubrication jobs. In addition there will be living foliage plants for the ladies and balloons and lollypops for the children.

Friday Is Last Day For Entries In Ford Punt, Pass and Kick

Friday, October 11, is the last day to enter the Ford Punt, Pass and Kick competition for valuable prizes, Woody Mason of Woody Mason Motor Co., local Ford-Mercury dealer, reminded this week.

Boys 8 through 11 years of age are eligible to enter the national contest in which they may win warm-up jackets, helmets, football signed by champion NFL punters, passers and kickers, and a possible "Tour of Champions" with parents to the White House, to Dearborn, Mich., and to the 1963 NFL championship game to compete for the national PP&K title.

Boys compete only with boys their own age. There are no body contact, just a punt, pass and kick contest.

Registration closes Friday, October 11, at the Woody Mason Motor Co. You must be accompanied by parent to register.

Plan Organization Of Cub Pack At Meeting Next Thursday Night

Cub Scout Pack 157 will hold its first Pack and organization meeting next Thursday night, Oct. 17th, at 7:00 p. m. in North Elementary school. Any boy between 8 and 11 years old who is interested in becoming a Cub Scout is invited to this meeting. Parents please come with your son.

"In order to have a successful Pack and allow every boy in Cub Scouts who is interested, we need mothers who are interested in donating one hour a week for approximately six months to being a den mother," said a Scout leader. "We have a nice Scout house available and this year each den will be given enough money to cover needed expenses."

73 Present For South Elementary PTA Meet

The South Elementary P. T. A. met in its regular session Monday, Oct. 7, with 73 members present.

During the meeting, presided over by President Johnny Ramirez the group noted that some much needed dirt had been hauled and placed around the play ground equipment and instructed project chairman, Rosendo Lara, to seek some other way in which the group could be useful to the school.

Mrs. T. J. Bailey, chairman of the program committee, presented the South Elementary P. T. A. yearbooks to the group and after thanking a number of people who helped in getting the book finished, introduced Miss Roberta Lawrence who presented a number of her fourth graders in a play entitled "Judy's Train Trip."

Miss Lawrence's class edged Miss Ida Lee Harlan's class for the P. T. A. attendance award. Miss Lawrence had 15 parents present and Miss Harlan had 14.

Ozona Host To 62 Planes, 125 Flyers On Texas Air Tour

Group Served Luncheon In Downtown Park On Noonday Stop

Ozona was luncheon host to about 125 visitors Monday noon when the 15th annual All Texas Air Tour, with around 62 planes participating, stopped off for the lunch hour at the Henderson airport at Ozona's north edge.

The planes, which had been three days on the tour, starting at Temple, came here from Laredo and began landing at the local airport at around 11 o'clock. By some time after 12 noon all the planes had been parked on the airport grounds.

A picnic dinner, including ham, potato salad, red beans, pickles, onions, iced tea and coffee awaited the group in the downtown city park and they were loaded in capacity groups aboard Dick Henderson's low-boy truck trailer, which had been floored with bales of hay, and given a hay ride into Ozona for lunch. After lunch, each load of flyers was given a quickie tour of some of the pretty residential areas of Ozona on their way back to the airport.

Although billed as an All-Texas tour, there were, nevertheless, air-planes from at least six other states, including Michigan, Illinois, Ohio, Indiana, and from Hawaii. The flyers left Ozona for a stop in Fort Stockton, from there to Marfa and to Carlsbad, N. M., where they spent the night. The group of flying enthusiasts are flying a loop over Texas which will carry them approximately 3,000 miles in a week-long tour.

The reception here was sponsored by the Ozona Chamber of Commerce. Boyd Baker, aviation committee chairman, was general chairman of arrangements. Chamber members and volunteers assisted in making the reception a big success, winning high praise from the visiting flyers.

Junior And Senior 4-H Clubs Name Officers In Organizational Meeting

Crockett County 4-H Club Members met in an organizational meeting on Monday night at the high school under the direction of county agent Pete Jacoby. Twenty-six members are currently enrolled with feeding projects of commercial lambs, show lambs, breeding sheep, breeding boats and quarter horses.

Paul Perner, III, was elected president of the senior 4-H club; David Jacoby, vice-president; Diana Couch, secretary; Hugh Coates parliamentarian; and Leliee Mitchell, reporter. The senior club selected Diana Couch for their 4-H sweetheart and named as their 4-H adult leaders, Charlie Boy Davidson, P. C. Perner, and Mrs. R. L. Bland.

Charles Childress was elected president of the junior 4-H club; John Bland, vice-president; and Diltzie Blan, secretary. Kathy Williams was named junior 4-H sweetheart. The junior club selected Joe Tom Davidson and Mrs. Charlie Boy Davidson as their 4-H adult leaders.

The 4-H Mother's Club reelected their officers for the coming year and named committees for the various activities. Mrs. Taylor Deaton is chairman, Mrs. Duwain Vinson, vice-chairman, and Mrs. G. K. Mitchell, secretary-treasurer.

Committee chairmen appointed were Mrs. Charlie Boy Davidson and Mrs. R. L. Bland, on 4-H programs; Mrs. P. L. Childress and Mrs. Perry Hubbard on 4-H banquet; Mrs. Bill Friend, 4-H jackets; Mrs. Troy Williams and Mrs. Joe Couch on concession stand; Mrs. Pete Jacoby, 4-H catalogue and Mrs. Duwain Vinson, 4-H barbecue.

The 4-H program committee is working up a number of interesting and educational programs for 4-H members for the coming year.

ANOTHER TREATY FOR DESSERT

It is downright fascinating to learn after a cozy dinner given by Russian's Foreign Minister Gromyko for US Secretary of State Rusk at the Reds' UN mission in New York, that Tough Guy Gromyko thinks there might be an agreement not to orbit nuclear weapons in space. It had been reported that the Secretary would lead off the dinner chit-chat by remarking on how many Soviet soldiers are lingering on in Cuba, and suggesting that we would take it kindly if Uncle Nikita asked them to come home. But, it seems, Mr. Rusk thought it best not to mention Russian troops and weapons while discussing more remote threats.

Nor was there, apparently, any discussion of the Soviet nuclear blast over Antarctica in August, and first noted by the US press on September 25 (the day after Senate ratification of the test-ban treaty). This might have been embarrassing to both genial host Gromyko and genteel guest Rusk, since Pennsylvania's Rep. James D. Weaver, who accused the Administration of "gross deception" in withholding this news until after the Senate vote, also suggested, as a member of the House Science and Astronautics Committee, that the Russians may already be orbiting nuclear weapons.

And it seems quite certain that they ignored any East-West problem even as close at hand as South Viet Nam, even though President Kennedy had received the report of his returning emissaries, Secretary McNamara and General Taylor that very day. While the

White House statement, following a meeting of the National Security Council, said we might win Diem's war against the Communist guerrillas by the end of 1965, it would hardly have been polite of Dean to ask Andrei why his gang didn't pull their bully boys out of there if they were so anxious for peace.

Secretary Rusk indicated later, however, that he was saving the Cuba discussion for Gromyko's visit to Washington. But there would seem to be no hurry. Now that the Russians have us in that made-in-Moscow strait-jacket, we might as well put off any pointed questions until they want something else.

"I rather think most Americans are conservatives, and that they oppose the shenanigans of the intellectual dreamers." — Cherryvale (Kans.) Republican.

My Neighbors

"Boy, she stacked!"

A Creek In My Back

By Allan R. Bosworth

Author of "New Country" and other historical & fictional works

Before coming to this place in the Blue Ridge I was not a Birdwatcher at all, except that through all my Navy career I had to keep an eye peeled for seagulls. For all that I knew, a Barn Swallow could have been a drink surreptitiously taken in the hay loft, and a Yellow-bellied Flycatcher might have been a cowardly center fielder in major league baseball.

But then I put out three bird feeders. Not long afterward, I noticed the birds watching me and speculating on how stingy I was with the sunflower seed, so I retaliated by watching them. A pair of Pileated Woodpeckers came around, and you don't see them every day. Then, for awhile, I thought I had discovered an even rarer species which I called the Pie-eyed Woodpecker, only to realize that I am no Audubon. This bird was actually a Common Sapsucker that had come across some genuine, aged in the wood and fermented sap . . .

So much for Birdwatching. There is another spectator sport in which I have always considered myself highly proficient, and therefore I was delighted last week when it received a brief, but official blessing from the U. S. Government. It even got a mention in that verbose and redundant graveyard of oratory — the Congressional Record.

I refer, of course, to the ancient and popular pastime known as Girlwatching, Birdwatching is for the birds.

Girlwatching was no telling how many thousands of years old when the Greeks staged their spectacular games and the Roman Emperors threw Christians to the lions. Girlwatching began one day in the Garden of Eden, when Adam woke up to see and admire what had happened to his rib.

So it was a long time getting in the Congressional Record. But the other day South Dakota's Senator Karl Mundt got up on the floor of the Senate to call that august body's attention to a rather weighty volume that had just been published by the Department of Health, Education and Welfare — at a cost to the taxpayer of some \$21,000. It was labeled "Programs, 1963: A Guide to Programmed Instructional Materials Available to the Educator by September, 1963." And two pages described an instructional, how-to-do-

it-yourself reference work entitled "Official Girlwatcher's Manual."

For one, I sincerely feel that Girlwatching is healthful, or at least healthy. It is certainly educational, and it contributes to the welfare of the watcher. Therefore, the book was properly listed.

On the other hand, it would seem that the manual is rather elementary. It breaks down girls by categories, but not nearly as thoroughly as does my Birdwatcher's Guide, which contains charts on the Topography of a Songbird, and lists such identifying characteristics as Turiculers, Scapulars, Upper Mandibles, Primaries, Secondaries, and Retrives. The Girlwatcher's Manual did not mention Primaries and Secondaries, but loosely identified girls as Untouchables, Emotional, Sociables, Nocturnals, and even Unmentionables. It recommended binoculars for more intensive study.

Senator Mundt is a former school superintendent. When he sounded off, the roof fell in, and the U. S. Office of Education made hasty and fumbling efforts to erase the listing from the catalogue and denigrate its previous sanction. Meanwhile, of course, a press agent's dream had come true.

Everybody, now, will want to read the "Official Girlwatcher's Manual." And this, in a way, is a sad commentary upon American life, and makes one wonder whether we are drifting? Because the truth is that no healthy American male — say from thirteen upward — really needs any instruction in Girlwatching. All he needs is 20-20 or corrected vision . . . and a girl to watch.

The price is medium... the luxury maximum... the car is Mercury

PARK LANE WITH BREEZEWAY DESIGN

When you want more than the usual in a medium-price car, Mercury's the one to look at. You'll find rich interiors in the elegant new Park Lane. Extravagant spaciousness. Responsive power — a 390 cu. in. V-8 is standard. And a choice of two different-looking styles.

Also available with racy Marauder styling

Mercury gives you more than the usual in all these ways: the most responsive engines in its field. More leg room, head room, entry room. More trunk space — 12 suitcases big (17.1 cu. ft.). Choice of racy Marauder styling (left) or Breeze-way Design (top), the rear window opens for ventilation.

'64 Mercury
No finer car in the medium-price field

Passing

the Plate

Jim Branch works in our local bank. I've known him for years. We went to school together. But I never felt I could come right out and ask him why he never goes to church. One night when we both happened to get into a confidential frame of mind, the words came easier.

He told me that — of all things — it was because he hated this business of passing the plate for money. He said he saw enough money at the bank all week without seeing it worshipped on Sunday too.

I admit this shocked me. That's why I told him, frankly, that I thought he'd completely missed the point. I told him our minister once said that it gives him a good feeling when he receives the collection; not because this is *money* but because the people are giving the fruit of their own efforts to God. In the old days, it might have been a sheep, or the choicest fruits and vegetables from the harvest. Today, it's dollars and cents. But the motive is still the same, and it's a good motive.

I saw Jim at the morning service a couple of weeks ago, and something tells me that it won't be long before he'll be getting the point . . . not missing it!

Paulita Rodriguez, Former Ozonan, Soon To Get College Degree After Six Years Nite Class Study & Holding Full Time Job

Post Information Office, Fort Sam Houston, Texas September 30 — School bells began ringing for Miss Paulita Rodriguez, a Department of the Army civilian employee at Fort Sam Houston, when she turned six years old. Now, at age 29, they still ring and she is still answering the summons.

Paulita is one busy person, in anyone's language. From 7:30 a. m. to 4:00 p. m. she works in the Administrative Section of Fort Sam Houston's Civilian Personnel Office. When she leaves her typewriter in the evening she becomes a student at Incarnate Word College in San Antonio.

Miss Rodriguez, the daughter of Mr. and Mrs. Martin Rodriguez, previously lived in Ozona, Texas, and graduated from high school there. She moved to San Antonio in 1954 with her sister. She completed a secretarial course at Draughon's Business College and began her job at Fort Sam Houston that same year. The remainder of her family came here in 1956.

Paulita still had a dream. She had always wanted to become an elementary teacher, preferably first, second or third grade. She realized it would mean hard work, becoming a college student four years after high school graduation and while holding down a full time job, but she felt the dream was worth it.

Enrolling at San Antonio College in 1957, she attended evening classes there until 1960. Then she switched to Incarnate Word College. In six years of going to school at night she has amassed 92 credits toward her degree in elementary education.

Her schedule is staggering. After forty hours a week on the job she then tackles ten hours of in-

struction each week. Paulita is in the classroom from 6:30 to 9:00 p. m. Mondays and Wednesdays; from 4:00 to 5:15 p. m. Tuesdays and Thursdays and 8:30 to 11:00 a. m. on Saturdays.

"At times I was very pessimistic about the long haul for a degree, but I never really gave up," says the vivacious DAC. "I've always wanted to teach and help children. This is what kept me going."

When does she study? "Every possible minute," Miss Rodriguez said. "I usually study after class on Saturdays until noon at the college library. On other nights I put in about three hours an evening studying."

But the end is in sight. This quarter she is taking sociology, physical science, speech and drama, which amounts to ten credit hours. After this quarter is over, 26 more credit hours will mean a degree and Paulita hopes to gown for the event next year.

When she receives her diploma it will end six and one half years of study. Her's is an amazing story of perseverance, of doggedly pursuing a goal, but she is unimpressed by it herself. "It is sort of common in our family," she claims.

It is after this remark that another interesting story comes to light. Mr. Rodriguez, who works on a ranch in the area, heads a large family. In addition to Paulita, there are two more girls and four boys at home. One son is married.

Higher education seems to be the byword in the Rodriguez home. Alicia has a degree and is now teaching and working on her Masters; Felicitia is going to San Antonio College to become a registered nurse. Roberto graduates from St. Mary's University this year

Dr. Goodrich, Dallas Pastor, to Preach Series For Sonora Methodists

Sonora, Texas — Dr. R. E. Goodrich, Jr., pastor of the First Methodist Church, Dallas, will conduct revival services in the Methodist Church in Sonora, October 13-16. Dr. Goodrich will be accompanied in his work by his singer, Bill Mann, a wellknown evangelistic singer.

Dr. Goodrich is nationally known as a pioneer radio preacher, having preached several times on the National Protestant Hour. He has been pastor of the First Methodist Church in Dallas for a number of years.

Services will be held in the church here in Sonora as follows: October 13 (next Sunday) at 7:30 p. m. and nightly at that time thru Wednesday night the 16th. At 6:30 Monday thru Wednesday there will be coffee time and a light breakfast will be served. At 7:00 a. m. Monday thru Wednesday Dr. Goodrich will preach.

"This church feels fortunate in having such outstanding evangelistic talent and we extend a cordial invitation to the people of Ozona and the surrounding community to attend the preaching mission," said Rev. Allen G. Roe, pastor of the Sonora Church.

Garden of the Wee As Selected by Ozona Garden Club

The J. W. Henderson, Jr. Yard
1106 Avenue A

and will soon be followed by his brother Antonio. The married son, Santiago, already has his degree. Then there is Jesus who is in the fifth grade. The only loafer in the family is Eddie, but he is excused because of his age — three years old.

"We all sort of help each other," says Paulita.

IN THIS PLEDGE

Solid protection for a solid investment...5-year—50,000-mile warranty.

Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Above is Chrysler's 5-year—50,000-mile warranty. Read it carefully. Compare it with any other warranty. It's impressive—a promise to repair or replace any vital moving part of your Chrysler power train if it needs it, for a period of 5 years or 50,000 miles. Of course, you may never have to use it, but it's the kind of pledge Chrysler's kind of engineering can offer. Come in today. Take a no-obligation demonstration drive. We let our cars do all the selling.

 Shirley Wagner, Sr.
 Richard Ross, Sr.
 Leroy Cooper, Sr.
 Scott Mahon, Sr.
 Keith Mitchell, Sr.
 Rodney Stewart, Sr.
 Johnmye Rae Johnigan, Jr.
 Linda Leath, Jr.
 Janice Walker, Jr.
 George Kyle, Jr.
 Rick Hagelstein, Jr.
 Donna Moore, Soph.
 Lucille Childress, Soph.
 Candy Griffin, Soph.

In contrast to previous years, the Lions' Roar Staff will be composed entirely of volunteer members. This is in view of the fact that there is no journalism department in OHS this year.

EDITORIAL

After what seemed to most of us a very short period of time, we suddenly realize that six weeks tests are upon us. The great majority of students of OHS will merely accept this fact and continue their normal study routine. They are confident that their daily review will pay off, and they will not have to "cram" the night before a test.

However, in every school there are a few who, because of their dependence on their neighbors during the six weeks, shudder at the very thought of exams. They realize that they have two alternatives if they are to pass the coming tests. The first alternative is to learn in a few nights what they should have learned in six weeks. Obviously, this is almost impossible. The second and easier alternative is to continue to depend on his friends for assistance. Very often this second alternative is chosen without thought of future consequences. Seldom does the offender stop to think that because of his thoughtless actions he will lose his self-respect, the respect of his fellow students, and in some cases, he may bring dishonor to his school and parents.

Surely, these consequences are not worth the few minutes of daily review that makes cheating unnecessary.

JUNIORS HOLD MUM SALE

The Junior class is now hold-

ing their annual "door to door" sale of mums.

The mums are selling for \$2.00 or \$2.50 if a football player's number is desired on the mum.

The mums will be delivered for the Big Lake game, October 25. If you should not be at home, the mum will be left in your refrigerator.

Those not contacted about a mum before October 15, and wish to buy, may see any member of the Junior Class.

BAND SWEETHEART, OFFICERS ELECTED

Diana Coates was elected band sweetheart for this year by the band members last Monday morning.

Diana, a senior in Ozona High School, will be crowned tomorrow night during halftime ceremonies in Lion stadium. The sweetheart is chosen by band members on the basis of her contribution to the band.

Band officers were also elected for 1963-64. They are President, Dude Melton; Vice President, Rodney Stewart; Secretary, Janet McAlister; and Librarian, Delores Allen. All officers are seniors.

QUESTION OF THE WEEK

Lucille Childress

"What do you think about Twirp Week?"

The Students and faculty of OHS expressed many different answers about their views of Twirp Week. Here are some of many opinions.

Mike W. "Its a winner!"

Linda L. Lots of fun until they order steaks.

Mr. Pellito: "Great! I'm for it. I'm a poor boy."

C. Coates: "I think it is a sound made by a bird (don't know what you're talking about)!"

M. Barbee: "Boys can save money for once!"

K. Kyle: "It will be fun but I'm low on allowance."

G. Cox: "I think it's going to be kicks!"

V. Applewhite: "For once the girls will get to do what they want to!"

C. Childress: "Now its our turn to ride around after we take them home!"

D. Lewis: "Girls are always

complaining about no dates. Let's see what they do in the boy's place!"

D. Moore. "Ask me when its over!"

L. Cooper: "Best thing that could ever happen to this place. Great! Good Yea! Yea! Yea!"

SPORTS WHIRL

The Sonora Bronchos handed Ozona a 28-0 defeat last Friday night in Lion Stadium. Coaches and boys alike felt that careless mistakes and unsatisfactory mental attitude were responsible for the poorly played game.

The Lions will host number one ranked Robert Lee tomorrow night at 8 p. m. The Steers are reputed to have one of the finest offensive units to be found anywhere. The number one Class B team in the state will probably be looking for an easy victory over the Lions. In fact, it is rumored that some are giving Ozona 40 points and taking Robert Lee. How about that Lions!

The Ozona Junior High Cubs will face Sonora here tonight at 5 p. m. The Cubs swamped the Eldorado Junior High team 36-6 last Thursday, while Eldorado's B team overcame the Lion B team 28-6. Immediately following tonight's Junior high action, the Ozona B team will clash with the Sonora B team.

GOSSIP

Are some of the Freshmen boys still enjoying "Freshman week?"

Is it true that a certain Senior boy has a crush on some lady at the carnival, or does he just enjoy Bingo.

If you see something red flash by about 9:30 at night, don't be alarmed, it is just Miss McKissack chasing her cat.

I hear some people have started going to the show in San Angelo.

Did Jeannene lose something of importance at the game Friday night?

How was the carnival Friday night, Kay?

Was Ozona, Sonora, or Eldorado giving the dance Friday night?

Wonder what it is like to slow dance to western music.

Is it true that Carmen is becoming a nurse or do you just enjoy the hospital during the night shift?

Did Moe really go to the ranch

this week-end?

It seems like all it takes to get well these days are a few band-aids and an aspirin, how about it Mike?

Wonder why the FISH look so much happier this week, could it be cause Freshman week is over?

Do we have a motor cycle girl in OHS? What about it Linda M. Does anyone know who that certain Senior girl is who is occupying so much of Doyle's time here lately?

Wonder why Mr. Green went to Dallas this week-end? Could it be because he has a girlfriend?

Would anyone like to learn how to bull fight? Just ask Alice because it seems she really enjoyed the fights, Sunday!

What Freshman girl does Jerry C. have his eye on? Better watch him Lou Ann!

Did Miss McKissack really take four or five students on a field-trip? Wonder where they went???

It seems the Freshman boys really enjoyed "Freshman Week" Some of them went around kissing girls without being told to. How about it Derold

Wonder who Roger Sessom was seen with Saturday night? He seemed to be enjoying himself!

There were a lot of old faces seen in town this week-end. Some of them were Jann Groesbeck, Kay Patterson, and Barbara Davidson. Some of the exes home were Floydine Moss, Robert Cox, Ernie Hanson, Ronnie Houston, and Pete

Montgomery.

SENIORS RECEIVE INITIATION

Many people have the mistaken idea that freshmen get initiated, but the senior know who really gets initiated to concession stands, that is.

A senior has to learn to contend with contrary coffee makers that insist upon making weak coffee despite the efforts of Miss White and Mr. Moody the two faithful senior sponsors.

Jim Brock Hoover, affectionately known as "The Popcorn Man," really gets a thrill out of the Popcorn machine, especially when

RATLIFF'S

OZONA - TEXAS

...not with Flameless Electric Heating!

Drafts are out...comfort is in...because electric house heating lets you wrap heat around each room — with separate room controls, too! And you can choose from a variety of built-ins — installed inconspicuously in baseboard floor, ceiling, or wall. Here's a treat for your budget, too; you save on installation because no flues or chimneys are needed. Annual operation costs for heating during the winter months in the territory served by WTU averages about 7¢ per square foot of living area in the home. Why not ask your electrical contractor or WTU to survey your home for flameless electric heat?

West Texas Utilities Company
 an investor owned company

HEAT BETTER... ELECTRICALLY

Lions Roar
(Continued from Page Six)

it shocks him everytime he touches it.

Still, not all at the concession stand is bad. The Seniors do get to listen to the deafening cheers overhead and watch the bands through the cracks in the grandstand while waiting on the people that want their food in a hurry.

The seniors don't gripe because they know that every nickel and dime will take them that much closer to Dallas.

OHS TAKES SIX WEEKS TESTS

Students of OHS are in the midst of Six Weeks Tests. These tests cover all material taken up since the beginning of this school year.

Friday's schedule will have tests in 2nd 4th, and 6th periods.

Monday will begin a new six weeks.

- Hot rolls, butter

Review Of Year Is Feature Of WMU Meet

A review of the past year was presented in a program entitled "Year of Jubilee" when the Woman's Missionary Union of the First Baptist Church met in the church fellowship hall Wednesday morning. Mrs. Bill Cavanaugh was leader of the program, which opened with the calendar of prayer read by Mrs. Jerry Perry, who led in prayer. Mrs. Joe Bean discussed the progress of the divisions of the W. M. S.

A preview of each program for the coming year was presented by Mrs. Huey Ingram. Mrs. J. D. Vinson gave a preview of the mission study books to be studied. Mrs. Jerry Perry discussed the progress that can be made through prayer and previewed the weeks of prayer for 1964. Mrs. Jim Carpenter told of the benefits of stewardship and Mrs. Jack Matthews told of the opportunities we have in our own community.

Others on the program were Mrs. Max Brown, Mrs. Dick Webster, Mrs. Donald Carr, Mrs. W. C. Smith and Mrs. Roy Thompson.

Twenty-two attended.

NOTICE OF REWARD

I am offering

\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

Billy Mills
Sheriff, Crockett County

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Oil Industry Woes — The Texas oil industry is in a three-way bind, Governor Connally told the Texas Independent Producers and Royalty Owners Association. Stabilization of foreign imports would strengthen the troubled industry, he said, but Texas oil also is losing markets to other states and to natural gas. TIPO backed legislation to require pooling of small tract oil and gas leases for operational purposes. Connally went to Washington to ask Secretary of Interior Stewart Udall for more imports controls.

Old-Age Health Plan Underway — Fifty-three insurance companies have joined the statewide coop, authorized to write health insurance for citizens over age 65. Among the first senior citizens to sign for insurance were Gov. John

Connally's mother and father-in-law, Mrs. J. B. Connally of Floresville and Arno Brill of Austin.

The voluntary health insurance plan is available to those 65 and older, regardless of their health condition. Plan was authorized by the 58th Legislature.

Education Funds Needed — The Committee of Governing Boards of State Colleges and Universities estimated \$15,000,000 more will be needed by Texas' 20 tax-supported colleges and universities this fiscal period to keep up with the national pattern of teaching salaries, libraries and research.

Committee will work with the Governor's study committee and the Texas Commission on Higher Education to blueprint educational growth.

Courts Speak — Vending machine operators selling items which cost less than 25 cents each have to pay the state sales tax on their take, the Supreme Court ruled. However, the Legislature now has adopted amendments to exempt vending machines, newspapers and merchants with a major-

ity of sales less than 25 cents.

The Supreme Court ordered the state to pay back to four utility companies in Houston, Corpus Christi, Shreveport and Abilene \$355,000 plus interest in franchise taxes. It found the corporations were exempt from paying the tax on sums kept in reserve to pay deferred federal income taxes.

The high court heard new arguments over constitutionality of the 1961 dedicated reserve gas tax.

Short Snorts — Shipment by the State Library of Braille books and "Talking Books" for blind people reached all-time highs in September, according to Dr. Dorman H. Winfrey, State Librarian.

Bureau of Business Research statisticians are conducting a detailed study of seasonally-adjusted indexes of Texas business activity, with an eye to determining whether the 30-month upward climb on the business barometer has run its course.

The Railroad Commission ordered oil field brine pits in Stephens, Shackelford, Eastland and Callahan counties be abandoned by

March 1.

State Highway Department is offering a free 16-page calendar of 448 events that are scheduled for Texas towns during the Fall and Winter months.

MRS. BILL COOPER WSCS CIRCLE HOSTESS

Mrs. Bill Cooper was hostess in her home to members of the Willing Workers Circle of the Methodist W. S. C. S. meeting Wednesday. Mrs. L. B. Cox, III, led the study on "The Church Speaks or Dies," by Dr. Franklin Littell. Mrs. W. O. Mills, circle chairman, presided at the meeting.

Others attending were Mrs. Hilary Iglehart, Mrs. Paul Perner, Mrs. J. A. Fussell, Mrs. Joe Williams, Mrs. L. D. Kirby, Mrs. J. S. Pierce, III, Mrs. Charles Williams, Sr., Mrs. J. F. Crane and Mrs. Joe Pierce, Jr.

"The New Geography — Washington, D. C.: The place where the Kennedys go when it's too cold in Hyannisport and too hot in Palm Beach." — Fletcher Knebel.

OZONA, TEXAS

It may be too early to know what the water fowl situation in the Central Flyway will be this year, but it is not too soon to learn about ducks.

Just issued by the U. S. Fish and Wildlife Service is a 25c bulletin titled "Ducks at A Distance."

You can get this bulletin by sending a quarter to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

If your local club wants to buy them in lots of 100 or more, there is a 25 percent discount.

This is an exciting little booklet.

It's in full color and illustrated by noted wildlife artist Bob Hines. Furthermore, it carries illustrations of all the major species of ducks and geese.

Unlike other field guides which show mating colors, "Ducks at a Distance" offers invaluable identification clues for students, hunters and everyone who enjoys the study of birds, or just a walk along the shore.

Booklet contains 24 pages. It reveals the shapes, colors, voices, flight patterns, rising views and flock formations of these fascinating fowl.

Because of an anticipated heavy demand, a delivery delay of at least six weeks is expected. So send your order as early as possible.

There is increasing necessity for such a book among hunters. Bag limitations on certain species now make it a requirement to know your ducks. For the average hunter, who gets out after waterfowl only two or three times a year, this identification is no easy job. Especially where the duck supply is limited.

Most men know a mallard at a glance. They'll recognize a spoon bill or a teal. But they have difficulty in identifying a canvas back sprig or other species.

Same is true of geese. If you see them every day, or if you hunt a good many times each year, it soon becomes easy to know the species. But when the laws say you can't kill but certain species and perhaps only one or two, at that, then it becomes very important to every hunter to know the difference.

I have been told many times about hunters in the rice fields of south Texas finding dead birds stashed away in straw stacks where hunters have hidden them. Such a bird doesn't do anyone any good.

Sometimes we wonder at the manner in which biologists reach their conclusions about bag limits.

Most of them will tell you that legal gun pressure will not deplete the birds. Then they will put a

limit on them that is so impractical it results not only in violation, but worse still, in loss of the game entirely.

Same can be applied to turkeys. In Texas we have an all-gobbler law. Yet in the field every year there are hundreds of hens killed and left in the woods. Occasionally one winds up in the pot, but most of the mare wasted.

No sportsman will shoot a hen intentionally. In fact it is seldom that a hen is killed by a sportsman accidentally.

Usually he knows the difference between a hen and a gobbler. And in hunting season the two seldom run together, unless it is a young tom not yet broken away from the mother hen.

Basically there is no reason for a hunter to kill a hen. But when one is killed, it is a shame that its meat has to spoil. Perhaps a longer look at the system might improve this. Other states have.

Anyway, if you really want to learn how to identify ducks, get off your order right now for one of these new books, "Ducks At a Distance."

FRIDAY BRIDGE CLUB

Mrs. S. M. Harvick entertained the Friday Bridge Club last week in her home.

High score was won by Mrs. Hudson Mayes, low by Mrs. Clay Adams, and cut prizes went to Mrs. W. T. Bradbury, Mrs. Lovella Dudley, Mrs. J. W. Henderson and Mrs. Joe Pierce, Jr.

Others attending were Mrs. Eldred Roach, Mrs. Evert White, Mrs. W. W. West, Mrs. Hillery Phillips, Mrs. J. M. Baggett, Mrs. Stephen Perner, Mrs. W. H. Bunker, Mrs. Joe Davidson and Mrs. Early Baggett.

Mrs. Bill Conklin, who is a dormitory "mother" at Southwestern University in Georgetown was home for a few days visit early in the week. Mrs. Conklin supervises one floor of a three-story dormitory, with 69 girls under her supervision.

MOVE UP TO CHRYSLER '64

Engineered better...backed better than any car in its class

The '64 Chryslers are here: the luxurious New Yorker (above); sports-bred 300; and the surprisingly easy-to-own Newport.

Clean. Crisp. Handsome. Designed in the modern concept. Bold but not brassy. Engineered by men who have accounted for more "firsts" than any automobile maker. So well built the vital moving parts are warranted for 5 years or 50,000 miles. (Details below.)

The '64 Chryslers are full of news: there's an optional steering wheel you can adjust, up or down, to any one of seven different positions. Bucket seats are standard on 300 models (passenger's reclines).

These are the '64 Chryslers. They have no junior editions to compromise your investment. Go see them. Move up to Chrysler '64.

Solid protection for a solid investment . . . 5-year-50,000-mile warranty. Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

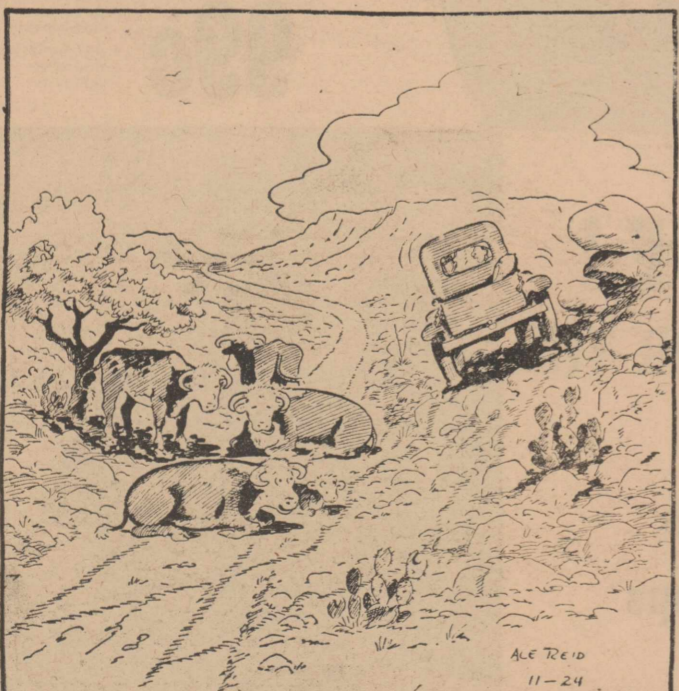

Be sure to watch Bob Hope and the Chrysler Theater, NBC-TV, Fridays.

Congressman ED FOREMAN Reports

Considerable has been said and written about selling American wheat to the Communists. However, some questions are still hanging to which some answers need to be supplied.

Have any representatives of the Soviet Union or other communist nations recently contacted our government, either directly or indirectly, with references to purchase of wheat or other U. S. agricultural commodities? If so, in what quantity, and upon what terms, and for what price?

Has the long range effect of such a transaction on our foreign policy been considered? What will be our policy toward Red China, North Korea, North Viet Nam, and Cuba in the event any of these nations should hereafter offer gold or dollars for wheat or other U. S. farm commodities?

In the event of a U. S.—Russian wheat transaction, what diplomatic pressures could our government apply to free world nations wishing to step up trade with Cuba or other communist nations? Will such sales to Russia impair the present policy of containment in Cuba?

Do we have any assurance, whatever, that the Russian people will know, or realize, that this is American Capitalist wheat produced under free enterprise that is being brought in because the Communist system has failed to produce and provide for the hungry and needy?

Another vital factor involves the current and projected status of the world wheat market. Secretary Freeman has pointed out that Soviet Russia cancelled many of its export commitments and that outside the U. S. there are but a few substantial sources of wheat in the world. In view of Soviet and European shortages, therefore, there appears a serious question whether our nation could export any more wheat to Russia than to the free world. If this be so, exporting wheat to free world countries would seem an obvious choice.

Will transshipment from Russia to Cuba of any U. S. wheat purchased, or its by-products be permitted?

Personally, I seriously question the thinking of those people who advise our government to come to the Communists in their need. Have they suddenly changed their attitudes, aims and goal of world domination? Should we tax our people under free enterprise to subsidize and feed the Communists?

Expected Buildup Of Screwworms In Fall Believed Under Way

Mission — There is no longer any doubt that Texas will experience and increase in screwworms this fall. The buildup that officials of the Southwest Screwworm Eradication Program warned about is a reality.

Officials at the sterile fly production plant near Mission say that more than four times as many infestations are now being reported weekly as a month ago. Producers in a number of counties where no screwworms have been reported for months are now discovering cases. Recent rains over most of the state and plenty of animal wounds are credited for the upswing in cases.

Eradication workers are concerned about the increase it necessitates using more sterile flies for treatment of individual cases. This is at a time when all available flies are needed in the barrier zone between the United States and Mexico to protect the Southwest from being infested by migrating flies.

Of particular concern to eradicators are reports that many farmers and ranchers are no longer using smears and sprays for screwworm prevention and treatment. This makes their livestock "sitting ducks" for screwworm attack during the fall.

In spite of the upsurge of cases, the September total of 439 was still far below the September 1962 tally of 3,967. However, officials said, early eradication will depend on the cooperation received from livestock producers. They should continue to treat animal wounds, collect larvae samples and report cases promptly to the county agent, livestock inspector or vocational agriculture teacher.

LADIES GOLF ASSOCIATION

Meeting at the Country Club last Thursday for golf and bridge, the Ladies Golf-Bridge Association played golf in the morning and bridge in the afternoon.

Winners in golf were: low net on the club trophy. Mrs. Jess Marley; blind bogey, Mrs. Byron Stuart; team play, Mrs. Jess Marley and Mrs. Joe Pierce, Jr.

Bridge hostess was Mrs. R. L. Bland, Jr. High score was won by Mrs. C. O. Walker, low by Mrs. Tom Ed Montgomery, second high Mrs. John Childress and cut Mrs. J. S. Pierce, III.

Others participating were Mrs. Jimmy Barbee, Mrs. Tom Mitchell, Mrs. Mrs. Jack Baggett, Mrs. Mike Clayton, Mrs. Dempster Jones, Mrs. Brock Jones, Mrs. George Bunker, Mrs. Joe Couch, Mrs. Ewart White, Mrs. Eldred Roach, Mrs. Early Baggett, Mrs. Boyd Baker, Mrs. J. B. Parker, Mrs. Jack Williams, Mrs. Ashby McMullan and Mrs. W. T. Bradbury.

I think the American people are due some answers to these questions before trade is commenced with the Communists.

Sen. Tower, Ed Foreman Have 100 Pct. Ratings In ACA Tabulation

United States Senator John G. Tower and Representatives Bruce Alger and Ed Foreman received 100% ratings for the first eight months of the Eighty-eighth Congress by Americans for Constitutional Action. Congressmen Omar Burlison, Bob Casey, John Dowdy O. C. Fisher, Joe M. Kilgore and Joe R. Pool also received high ratings. Senator Ralph Yarborough, Rep. Wright Patman, Rep. Jack Brooks, Rep. Clark Thompson, Rep. Homer Thornberry, Rep. John Young, and Rep. Henry B. Gonzalez all received big round zero ratings for 100 percent support of the radical left wing of the Democratic Party.

According to ACA, Senator Tower and Representatives Alger, Burlison, Casey, Dowdy, Fisher, Foreman, Kilgore and Pool have voted for Sound Money; for a Private, Competitive Market; for National Sovereignty and for Local Self-Government. In contrast, Senator Yarborough and Representatives Brooks, Gonzalez, Patman, Thomas, Thompson, Thornberry, Wright and Young have voted for Inflation; for Governmental Controls and for Government Intervention into local affairs.

New durability, improved performance, better economy and lower maintenance highlight the 1964 Ford Econoline van (top photo) and its companion Ford Econoline pickup. Already outselling its combined competition by two to one, the Ford Econoline adds for 1964 a new three-speed automatic transmission; extended lubrication and oil change schedule; larger, self-adjusting brakes; and an optional one-ton payload package with heavier suspension and more power.

Another star in Ford's 1964 lineup of light-duty trucks is the F-100 pickup (bottom photo). Both the F-100 and its bigger brother, the F-250, are available this year on a longer 128-inch wheelbase, ideally suited to camper bodies. Newly styled from front to rear, the F-100 features a double-wall box, new self-adjusting brakes, extended lubrication intervals, and a selection of heavy-duty options. All 1964 light- and medium-duty Ford trucks will be in Ford dealer showrooms September 27.

School For Retarded Children Is Topic For League Guest Speaker

Mrs. Jerry Pace of Austin, a native Ozonan, daughter of Mrs. J. M. Baggett and the late Mr. Baggett, co-ordinator of Volunteer Services in the State School for the Mentally Retarded in Austin, was guest speaker at the meeting of the Woman's League Tuesday in the home of Mrs. Tom Mitchell. Mrs. Bob West was assisting hostess.

Mrs. Pace told the group of overcrowded conditions in the state school, declaring that the population now is 2300 and a waiting list of 900. She advocated Special Education classes in the public schools as a means of relieving some of the pressure. We cannot build fast enough to meet the need, Mrs. Pace said. She told of the program in the schools and showed color slides illustrating some of the activities.

The state provides adequately for the keep and treatment of the children but much that can not

be supplied, such as outings, trips to downtown, games and programs off the campus, and other such simple pleasures are the work of the volunteers.

The meeting opened with Mrs. Joe Bean, vice president, leading the group in the club collect. Mrs. Jim Dudley, president, welcomed the guests, including Mrs. Pace her mother, Mrs. J. M. Baggett, Mrs. Wayne E. West and Mrs. Buster Deaton. Two new members, Mrs. Mike Clayton and Mrs. Hilary Iglehart, were welcomed.

Mrs. Dudley announced that the League will be guests of the Woman's Forum on October 15. She also called attention to a district workshop in Santa Anna on October 19.

Mrs. John R. Hunnicutt, club parliamentarian and Page on the State Board of the T. F. W. C., attended the state Board meeting in Austin Sept. 30-Oct. 1. The theme of the Board meeting was "Texas Heritage."

Mrs. Jimmie McMullan, Bazaar chairman, suggested that the Bazaar start at 9 a. m. on Nov. 12 and the theme be "Home and Ho-

liday." All suggestions met the approval of members.

Mrs. Dick Kirby, project chairman, reported that tickets will be issued to members soon for the Christmas skirt contest. Tickets will be sold at \$1 each.

Members answered roll call by stating an item they had made for the Bazaar.

DAUGHTER TO BLACKS

Mr. and Mrs. Bill Black are the parents of a daughter born Thursday, Oct. 3, in the Crockett County Hospital. The baby, named Sue Ellen Black, is the granddaughter of Mr. and Mrs. Charlie Black and Mr. and Mrs. E. H. Chandler, all of Ozona. The Blacks have one other child, Will M., two years old.

DUPLICATE BRIDGE WINNERS

Ozona Duplicate Bridge Club winners in Tuesday night's play were: First, Mr. and Mrs. T. J. Bailey; second, Mrs. W. E. Friend and Mrs. Jack Wilkins and Mrs. Jimmy McMullan and Mrs. Robert Cox, tie; fourth, Mr. and Mrs. Ewart White.

Tower Opposes Sale Of Wheat To Russia

Senator John Tower today criticized the proposed sale of American wheat to Russia as a move that will bolster the economy of the entire Communist camp.

Tower said the sale would amount to handing Russia "a gift certificate worth many millions of American dollars."

"There can be little doubt that America would notice some short-range benefits," said Tower. "But the long-range effect would not be beneficial. In fact, it could be exceedingly harmful."

"We can hardly win an economic war with Communism if we insist on subsidizing their purchases from us, especially when those purchases must be made to cover up shortcomings in their own system," he said.

Building For Sale to be moved. 10'x30' frame, corg. iron walls and roof, sheetrock inside, rest room. Located in Iraan. Call or see L. G. BLUMENTRITT Iraan — ME 2-3291

Crushing Assault —

(Continued from Page One)

in the fourth quarter, the Broncos drove 44 yards for one score with Noriega counting from ten yards out and then added on a final tally in the game's fading minutes, thanks to the interception of an Ozona pass and a long return by Larry Moore. Following both of the final tallies, Johnny Merck kicked the extra point.

As far as the statistics went, the Lions did only slightly better than the score indicated. The Lions had 7 first downs to the Bronco's 11 but in yardage gained on the ground the visitors had 213 while the Lions could claim but 78 with 47 of that credited to Richard Vargas.

In the air where the Lions turned in perhaps their worst showing of the year, they went into the air 15 times getting but two completions for 22 yards whereas the Broncos passed but 6 times completing three for 34 yards.

Only in the punting department where the Lions have been weak all year did they match the Broncos and there they turned in nine kicks for a 36 yard average, despite getting one blocked, and the visitors had an equal average on 4 kicks.

Feature Special Sales At Union Stock Yards

Sheep, goat and cattle will be offered for sale in special events in the third week of October at the Union Stock Yards San Antonio. A special stocker lamb and goat sale will be held Tuesday, October 15, and on Thursday, October 17 another truck sale will be the feature of the day.

This special truck lot sale is the second event of this kind to be held at the Stock Yards. The regular Thursday auction will begin at 9:00 a. m. and at 11:00 a. m. truck lots of 10 or more of any class cattle and calves will be sold at auction with the regular auction resuming at the end of this special sale. This truck lot event is being held because of the unusual interest the last such sale attracted, and the request from both buyers and sellers.

Another event going on this month at Union Stock Yards is the beef short course, sponsored by the Texas Extension Service. These short courses will be held each Monday night at 7:30 in the auction building at the yards and will continue through October 21. The public is invited, there is no advance registration necessary.
