

Hon. J. E. McDonald To Speak Here Monday

Road Work Progressing Nicely In Dawson Co.

Road work in the county is progressing nicely. Already, most of the grading and drainage work has been done on highway No. 9. Work is to start on the east end of highway No. 9 in a few days now. Forty-four thousand dollars has been approved for this job which will include grading and drainage work. Twenty-two thousand dollars has been allowed on the tanton road from the CWA fund and the County Commissioners Court will start and supervise work on this job as soon as details can be worked out. Plans have been submitted by the divisional engineer of this highway department district to build the west end of 83 west from Lamesa to the state line of Texas and New Mexico.

As soon as it is practical hard-surfacing will be put down on Highway No. 9 according to Guy R. Johnson divisional engineer of the highway department.

Already many are thinking of obtaining and building the Brownfield road while the country has the highway fever. The Commissioner's Court has already announced "If the people along the Brownfield highway will give the right-of-way they will lay out a project for this highway to the same as the Stanton project." With the exception of one or two property owners along the Stanton Highway, all have donated right-of-ways. Most all property owners along the east end of 83 have also donated right-of-way for this job.

To The Voters of Precinct No. 3

First I want to express my appreciation of the confidence that was placed in me by electing me your commissioner. It will always be remembered.

I have tried to serve to the best of my ability and have devoted practically all of my time to my official work.

The roads of my precinct have been worked over twice and over twenty-three hundred dollars paid on obligations for the purchase money of machinery.

It is realized that under present conditions that we can not do everything we would like to, but it has been my aim to keep the work going as nearly like times were normal as it is possible to do, and I feel that the results have been as good as could reasonably have been expected.

I am again submitting my candidacy and if you see fit to further trust me as your county commissioner, you may expect from me my very best, together with my lasting gratitude.

Gratefully Yours,
OSCAR G. KELLEY.

Trades Day A Great Success

Trades Day last Monday was a big success. Merchants report a big day in spite of the fact that it was the first of the year, New Years, and etc. and not many people were expected.

It was estimated that there were at least 1,000 people on the Court House lawn at four o'clock and all report having a big time.

It is the plan of the merchants to carry this trades day right on thru 1934. First Monday's are too big a thing to stop now they report. They furnish an opportunity for bigger business and get together that cannot be had in any other way. So, keep in mind First Monday's in Lamesa, and be at them all.

Watch for the bargains that will be advertised in the papers just prior to First Monday's and take advantage of them. IT WILL PAY YOU IN MORE WAYS THAN ONE.

Poll Tax Due Before February

Poll tax which amounts to \$1.75 must be paid before February 1, Dawson county residents are reminded this week by Tax Collector, Willie Belle Cleveland.

Only 302 have been paid and it is estimated that about 2000 more will be secured before the time limit. People are urged to pay theirs now and not wait until the very last day.

Minors becoming 21 years of age before election at which they intend to vote, but whose poll taxes are not due and payable before the coming election may be exempted. Persons over 60 years of age are also exempted.

Mrs. Guy Weekes and daughter, Lois Jean, returned Sunday night from Abilene where they had been spending the holidays with relatives.

Dawson Co. Farmers Receiving Cotton Contract Options

County agent Joe Williams is this week issuing to Dawson county farmers their cotton option contracts. Farmers in this county who joined in the cotton acreage reduction campaign will receive approximately \$65,000, the biggest majority of this already has been received.

Two courses are open to producers when they receive their options. They may call the option and receive the difference between 6 cents and the market price or they may execute an "exercise of cotton option and pool agreement" and through arrangement made by Farm Administration with the Commodity Credit Corporation and receive an initial payment of 4 cents per pound or \$20 a bale on their options.

Lamesa Coca-Cola Co. Installs New And Modern Equipment

The Lamesa Coca-Cola Bottling Works this week is announcing the opening of their new plant at the Kutch building on North Houston Street.

Mr. Harmon Daffron, manager of the plant states that all modern, sanitary equipment has been installed and they are now able to make all kinds of soft drinks. He cordially invites the people of Lamesa to come in and inspect the plant.

Community Meetings Next Week to Explain Cotton Contracts

Beginning next week county agent Joe Williams will hold meetings in each community, and explain in full the 1934-35 cotton reduction contract. He will hold two meetings each day, in the school houses and church houses in the communities, the date of each meeting will be announced at the schools.

Must Register Autos By Jan. 31 to Save Penalty

The deadline for the registering of automobiles and trucks has been set for January 31, according to Willie Belle Cleveland, tax collector.

If you do not intend to register your car before the 31st of January it should not be run on the public highways after January 1st. If you register after January 31st the state compels the tax collector to get an affidavit showing that the car has not been run on the public highways during the year 1934 and if you run the car during January and do not register it, you could not make the affidavit, and in that case you would have to pay for a full year and 20 per cent penalty.

It will be a great help to the tax collecting force if you will bring your car papers with you when you come in to register your car.

All commercial cars must be weighed before registered.

All farm trucks used exclusively for farm purposes only, will be registered for 50 per cent of the 1933 registration fee.

MARRIAGE LICENSE ISSUED

Marriage License issued by the County Clerk in the past two weeks are: Ralph Willingham and Miss Hazel Berry, James Barron and Miss Alice Rankin, Thad Reeves and Miss Carleta Johnston, O. B. Smith and Miss Anna Bell Eggleston, Zola Porter and Miss Opal Anthony, R. A. Avant and Miss Lola Greer, C. L. Billingsley and Miss Kathryn Dismukes, C. A. Parrish and Miss Gladys Newsum, Venev Towns and Miss Mona Hancock, A. W. Williams and Miss Louise Hendon, Jack Veasey and Miss Bessie Mae Tate, Cody Moreland and Miss Dora Mitchell, J. N. Menell and Miss Clara Lee Beasley, Kelly Treadway and Miss Margaret Thornhill, Lee Clark and Miss Thelma Todd.

J. C. BRYAN TO STAGE FARM SALE

There will be an auction sale on the farm of J. C. Bryan, located 9 miles east of O'Donnell on the Draw road, on Tuesday, January 9. The sale is to begin at 10:00 o'clock. Free lunch will be served at noon.

Mr. Bryan has a fine list of livestock and farm implements which will be auctioned at this sale. Look on another page of this paper and read a full description of what he has for sale.

GETTING BETTER ACQUAINTED

To The Voters Of Precinct No. 4

W. W. Beeman is announcing this week as a candidate for re-election for Commissioner of Precinct No. 4, subject to the action of the Democratic primary.

Mr. Beeman has served in the office only two years and is standing solely on his record for re-election.

Mr. Beeman has this to say to his many friends: "Two years ago when I aspired to be your County Commissioner you placed confidence in me by electing me. I pledged my self to render the very best service that I was capable of. I have sincerely endeavored to live up to that promise. And if you further show your confidence in me by re-electing me I will continue to fill the office to the best of my ability, and I really believe that I will be better qualified to render you good service by reason of the experience of the first term. Again thanking those who gave me their support before and soliciting the support of every voter in this precinct, I am

Very truly yours,
W. W. Beeman.

R. Deck Davis Out For Re-Election For Public Weigher

R. Deck Davis is this week announcing for reelection for the office of Public Weigher, Precinct No. 1, subject to the action of the Democratic primary.

Deck, as he is known to all his countless friends, is an old-timer of Lamesa and Dawson county. He was for years connected with the grocery business here and well and favorably known to nearly everyone in this section.

He is making this statement to his many friends:

"In asking that I be returned to the position I now hold, I am fully appreciative of the confidence reposed in me two years ago and I assure you that I have exerted my best efforts to prove that such confidence was not misplaced. As we all know very small crops were made and business in general has been bad, but I again state that I have appreciated all business and have strived to please"

Mr. Davis very earnestly solicits the votes and influence of all the voters in Dawson county, and thanks you in advance for your support.

More Pink Boll Worm Information

Farmers are asked by the State Department of Agriculture and the Pink Boll Worm Commission to get all their ginning records ready to fill in the application blank when they receive same, so that every check possible can be made to see that the farmers here will get as nearly as possible what is coming to them.

When you get your gin information and your application for claim if you so desire, the local chamber of commerce will assist you in making out your claim. You can also get last minute information by calling on the chamber of commerce from time to time—on this matter. Dates February 26, 1929 to November 17, 1930.

Funeral Services Held Tuesday Afternoon

The entire town was shrouded in sorrow Monday morning when an automobile accident caused the death of our beloved young fellow citizen, Walton K. Crawley Jr. The accident happened about 5:00 A. M. near Seminole.

"Script" as he was known to his many friends was returning from Hobbs, New Mexico. The accident happened on a side road, after he had turned off the main highway to make a short cut through Seminole. The car overturned pinning him beneath it when he became unable to steer it around a sharp corner.

The crash was heard by nearby residents, but thinking nothing serious had happened, they did not discover the wreck until nearly 7 o'clock. Lights still burning on the car attracted their attention. The family here was notified as soon as identification was made.

Walton was one of our most popular and loved young citizens and leaves a host of friends to mourn his death. His pleasant smile for everyone will be long remembered.

Walton K. Crawley Jr., was born on August 13, 1913, at Lueders in Jones county. He moved with his parents, when he was still a small child, to Throckmorton, the home of his mother's family since 1870. His grammar school days were spent in that place. He again moved with his parents to Lamesa in December 1925 and had since that time resided here.

During his school days in Lamesa Walton was active in all student undertakings. He was especially interested in athletics and all kinds of music. He was a member of the high school band, and a member of the Crescent Serenaders, an orchestra in the high school during 1930-31. He was one of the winners of the tennis doubles championship in the year 1930. He was also a member of the "L" association.

He was a member of the Methodist church, joining the church of his mother's faith at the age of seven during a meeting held by Rev. W. B. McKeown at Throckmorton. He united with the local church in 1926.

Walton since a small boy had worked for his uncle at the Corner Drug Store. But after his graduation from high school started work in the First National Bank as bookkeeper, the position he held at the time of his death.

Walton was also active in civic affairs, being secretary of the Lamesa Volunteer Fire Department and a member of the local Lions Club.

Funeral services were held on Tuesday afternoon at 2:30 P. M. at the First Methodist church, with the pastor, Rev. John E. Eldridge officiating, assisted by Rev. E. F. Cole, pastor of the First Baptist church. Burial was made in the local cemetery.

Survivors are his parents, Mr. and Mrs. W. K. Crawley and two brothers, Richard and Robert, and grandmothers, Mrs. T. V. Crawley of Lamesa and Mrs. W. D. Howsley of Throckmorton, and other relatives.

Out of town relatives attending the funeral were Mrs. W. D. Howsley, Mr. and Mrs. L. A. Howsley, Mrs. Howard King, Carvel Howsley, Vernon Howsley, T. A. Howsley Jr., Mrs. John T. Davis, Mr. and Mrs. John T. Davis Jr., Archie Davis, Nixie Davis, Mr. and Mrs. S. D. Liles, Stanton D. Liles Jr., W. D. Howsley Jr., Miss Ivy Reynolds, George Wilkenson, Mr. and Mrs. Garland Eubanks, Mr. and Mrs. Edwin Merriman, Miss Lillian Blacksher all of Throckmorton, Mr. and Mrs. A. M. Howsley of Albany, Mr. and Mrs. Dutton J. Bailes of Seymour. Many friends also attended from Lubbock, San Saba, Bastrop, Munday, Brownfield, Seminole, Stamford, O'Donnell and other towns.

BUSINESS MEN AND FARMERS URGED TO ATTEND MEETING

Will Give Pink Boll Worm Information

Honorable J. E. McDonald, Commissioner of Agriculture of Texas will speak to the business men and farmers of Dawson county, on January 8, 1934, at 2:30 P. M. at the court house in Lamesa, on the subject of the "Claire Plan," which is to restore the farmers to national prosperity. This is a subject that everybody is interested in, realizing that when the farmers have money to spend, that it brings prosperity to all other classes. Congress is now in session, and Mr. McDonald desires to discuss this plan with the people, and if they approve of same, take it up with their representative in Congress and put it over at this session.

In Commissioner McDonald, the people of Texas have a man who has labored unceasingly for the common interest, and particularly the interest of the farmers of Texas.

The people of this section of the State will thus have an opportunity to hear the farm problems discussed and explained by one of the best informed men on this subject the country affords.

7693 Bale Cotton Ginned in Dawson Co.

There were 7,693 bales of cotton, counting round bales as half bales, ginned in Dawson county from the crop of 1933 prior to December 13, 1933, as compared with 38,669 bales ginned prior to December 13, 1932.

R. S. Stanfield.

Local Men Attend Meeting In Snyder

County Agent Joe Williams and S. L. Forrest attended a meeting in Snyder Tuesday of County Agents and County Committeemen where they heard explained the 1934-35 cotton reduction contracts. Representatives from six counties attended this meeting.

To The Democrats Of The 106th Judicial District

The time has arrived for you to consider again the nomination of a candidate for Judge of your District Court, and in the event you shall be of the opinion that my services will be satisfactory to you, I shall appreciate being again chosen by you.

No person could be more grateful for the confidence and esteem of a people than I am of yours, and I believe that my experience as Judge will be of much benefit to me in conducting your court in a satisfactory manner.

In addition to my experience as Judge, I served as District Attorney of the old 72nd District for six years, and as such District Attorney I prosecuted some of the outstanding cases in Texas, and as District Judge I have tried many cases of the greatest magnitude, covering practically all the field of law arising in our courts.

The duties of a District Judge are of the utmost importance, they having to do in the trial of cases with even the lives, and the liberties, and the property rights of citizens, and only on the basis of your opinion being that my work in your Court will be of service to our people, would I desire to have the responsibility of these weighty duties.

Most of our citizens have been present when I tried cases, many as Grand and Petit Jurors, and I feel that in a great measure you know what my services have been, and should I again be entrusted with conducting your Court, my entire time and efforts shall be devoted to the work.

Respectfully,
Gordon B. McGuire.

Feeling good. Just gave an unfortunate a quarter and am all smiles. Some how you feel that way when you have done your good turn. Just have a bunch that 1934 is going to be kinder to me. 1933 was kind though. She left me lots of good lessons if I will take will do me good. Not going to cry on any body's shoulder in 1934. Going to laugh and "smile my way through."

A CORRECTION

In last week's issue we published a news item stating that Walter A. Grubbs of Houston had become a partner in the Lambeth Mills. Mr. Grubbs was in the office this week and asked that we make this correction, that he has not become a partner in the Lambeth Mills, but had opened a brokerage office in the offices formerly occupied by Lambeth Cotton Department, and will handle the car-load sales for the Lambeth Mills. The Lamesa office is a branch of Grubbs Brokerage Co., Houston, Mr. Lambeth stated.

Missionary To Lecture At Nazarene Church

Although the Campa Indians prohibit by death penalty the white man's entrance into their territory in the eastern jungles of Peru, Rev. A. F. Reifsnnyder, diminutive, soft spoken American missionary, successfully dared that hazard. His journey into the interior climaxed three years among the natives on the fringes of the Campa country.

Reifsnnyder, who with his wife, was a missionary in the jungle up in the headquarters of the Amazon, approached the Campa carefully. He learned how to gain their confidence took care not to betray it, and found some security in their bounds, not much, perhaps, but more than is the fortune of most white men who dare to go there. He was guided by Chieftains from one village to another; he penetrated the interior, farther than any other living white man, and he told the Campas of Christianity.

Mr. Reifsnnyder has brought with him to the United States a four year old Indian boy, which he was able to rescue from being buried alive with his dead mother when three days old. Born on Sunday his father named him Domingo, Spanish for the day. The Reifsnymers retained it for his last name and called him Billy. Billy sings and speaks in three languages; the English, the Spanish and his own native dialect.

Motion pictures depicting Rev. Reifsnymers thrilling experiences on the beaten trail of the white man, and in the pathless jungles among the savages will be shown.

The public is cordially invited to hear Billy sing, and to see the pictures and to hear the Missionary tell of the thrilling experiences of his work in Peru. A free will offering will be taken.

Rev. Reifsnnyder and his wife and Billy will be at the Church of the Nazarene, Sunday night, January 7.

Who Can Sign 1934-1935 Cotton Contracts

College Station, Jan. 3.—The question of who may sign one of the new 1934-35 cotton contracts may always be answered by deciding who has control of the land in 1934 and 1935, declares George E. Adams who is in active charge of the campaign at Extension Service headquarters at Texas A and M College.

The Government seeks to take 6,420,000 acres of cotton land out of production in 1934. The Secretary of Agriculture is ready to contract with the men who have the land in control for 1934. There is no question about the eligibility of farmers who operate their own land to sign contracts, nor about the necessity of the landlords signing, except where a landlord has rented for cash for both 1934 and 1935. Furthermore, all tenants are ruled out except those who may qualify as "managing share tenants". If a managing share tenant has a contract with his landlord for the entire farm for 1934, he is the man who has control of that farm for 1934 and without whose signature no contract may be made with the Government. In such cases the contract calls for a 50-50 division of the rental payments. The landlord must sign also, for the contract covers both 1934 and 1935 and there must be a guarantee that the contract will be fulfilled both years.

A managing share tenant is defined in the new contract as "one who furnishes work stock, equipment and labor used in the production of cotton and who manages the operation of the farm."

The parity payment of at least \$5 per bale to be made about next Christmas on 40 per cent of the average five-year production of the farm, known as the farm allotment, is to be divided between all landlords and tenants according to their usual share agreements. This farm allotment is fixed in the coming campaign for the duration of the contract, and parity payments made on it may be larger in 1935 than in 1934. It is an important payment which should not be overlooked, for in the long run it may yield nearly as much money as the rentals.

**BANDED SPARROW KILLED
HERE RELEASED AT WILTON
NORTH DAKOTA**

On the 15th of December, 1933, Floyd Newsom killed an English sparrow near the court house lawn here. A metal band bearing the number C154173 was discovered on the leg of the bird. The local chamber of commerce immediately notified the Biological Survey of the Department of Agriculture, whereupon the following information was received from the Biological Survey: "The bird carrying band No. C154173 was a sparrow banded at Wilton, North Dakota, by Mrs. Hanah R. Gray. Mrs. Gray has not yet supplied species and date of banding, but we will advise you of full details when her report has been received."

The Survey, in further commenting of the purpose of releasing various birds in this manner, has the following to say in its report to the local chamber: "By means of these numbered metal bands important investigations relative to the migrations and other facts in the life histories of North American birds are being advanced. The bands are attached to the birds by volunteer cooperators both in the United States and Canada, who serve without pay. Success in the bird banding work is therefore dependent upon the reports of per-

sons in both countries on such banded birds as come to their attention.

"Migratory waterfowl have been banded in large numbers at more than 50 stations scattered over the continent and have been recovered as far south as the northern part of South America. Small song birds have been banded in still greater numbers and many interesting facts concerning their movements are being discovered. This data is not only of scientific importance but also they are of much service in the administration of this valuable wild-life resource. The Biological Survey, accordingly, desires to have a report on every banded bird that may be recovered, and it is hoped that you will continue to help in this work by reporting bands that come to your attention, giving the number, date of recovery, and the locality."

Morgan-Meek Nuptials Christmas

The marriage of Blanche Meek and John Hardy Morgan took place in the First Presbyterian Church on Christmas at dawn. The Church was beautifully but simply decorated, the bride's chosen colours, pink and silver were used. The chancel-rail was banked with ferns and mistletoe. Silver and pink baskets of pink roses were attractively placed. The white arch was intertwined with greenery and rose-buds, with silver baskets of rose-buds at either side of the arch. In the centre of the arch, under which the bride and groom stood, was a cluster of silver bells tied with a large fluffy bow of pink tulle. White candleabrae were on either side and back of the arch. These were draped with pink tulle. The pews to which the families were ushered were designated by pink and silver ribbons.

Just as the sun dimly glowed through the Gothic lancet windows, the candleabrae and altar-candles were lighted by the past, The Rev. Eugene H. Surface. During the candle-lighting ceremony, Reginald De Koven's "O Promise Me" was played, Mrs. Matt McCall at the piano. Miss Asalie Key, in a very beautiful way sang "Because"—the words by Edward Teschemacher, the music by Guy d'Hardelot. Wagner's "Wedding March" from Lohengrin was played by Mrs. McCall as the Processional. The bride wore a frock of eel grey crepe with harmonious accessories, and carried an arm-bouquet of pink rose-buds. Mrs. W. C. Winn of Amarillo, sister of the bride, was Matron of Honour and wore pearl grey. Miss Ethel Iris Simpson, Maid of Honour, wore a blue-net dress with

matching accessories. Both carried bouquets of rose-buds. Mr. Eldrid Travis acted as Best Man. Lloyd Morgan and Herbert Rule, brother and cousin of the groom were ushers.

Rev. Eugene H. Surface read the beautiful ring ceremony. Mr. H. M. Meek, the father, gave the bride away. For the Recessional, "Mendelssohn's "Wedding March" was played.

After a few hurried congratulations, the couple left for San Antonio and other points en route on a brief honeymoon. Mr. and Mrs. Morgan are at home on the Morgan ranch south of Big Spring.

Mrs. Morgan is the daughter of Mr. and Mrs. H. M. Meek. She is a graduate of the Lamesa High School and attended West Texas State Teacher's College at Canyon. She was a teacher in the McCarty school at the time of her marriage.

Mr. Morgan is the son of Mr. and Mrs. Hardy Morgan, pioneers of Dawson County, and is also a graduate of Lamesa High School, and is a former student of Texas Tech.

Out-of-town people attending the wedding were Mr. and Mrs. W. C. Winn and son of Amarillo, Mr. and Mrs. Clay Ross and son of Lubbock, Mr. and Mrs. H. M. Stovall of Carlsbad, N. M., Mrs. Stovall of Las Cruces, N. M., and Milton Stovall of El Paso, Texas.
