

Regime Faces Its First House Test

By GEOFFREY GOULD

WASHINGTON (AP)—The Kennedy administration faces its first key vote in the House Tuesday. It is on a plan to enlarge the Rules Committee, the group of 12 men who decide what bills come before the House.

Speaker Sam Rayburn announced over the weekend there would be no compromise on his plan to add three members to the committee. This would break the power of four conservative Republicans and two Southern Democrats on the committee who consistently have blocked House votes on many social welfare bills.

Ending this power is the first key to getting President Kennedy's New Frontier legislation through Congress. Many House liberals regard the step as absolutely essential if bills are to be enacted covering these Kennedy pledges: aid to education, aid to depressed areas, housing aid, medical care for the aged under Social Security, and raising the minimum wage.

Rayburn is deeply committed to ending the bottleneck power of the committee. His "no compromise" announcement Saturday indicates he thinks he now has the votes to win.

Rep. Howard W. Smith of Virginia is chairman of the Rules Committee and one of the Southern Democrats who teams with the Republicans to produce bill-blocking 6-6 tie votes in the committee.

Smith had offered to clear the five major Kennedy legislative proposals and also to give up the committee's power to prevent bills from going to House-Senate conferences in return for leaving his committee alone.

But Rayburn said, "Five bills is just a couple of weeks' work. We've got a two-year session coming up, and I've got to look at the long haul."

"I don't know what bills are

going to come up, but I think the newly elected President has a right to get his legislative program considered in the House.

"And I think that with a Rules Committee as composed now it couldn't be done. A committee divided 6-6 can't do business."

The Rayburn plan would add two Democrats and one Republican to the committee. The two new Democrats presumably could be counted on to vote with the administration. Bills thus could be freed for action by an 8-7 vote, even if the new Republican joined the conservative coalition.

Jury Being Picked For Alger Case

DALLAS (AP)—Jury selection was expected to start today in the divorce trial of Rep. Bruce Alger, R-Tex., and his pretty wife, Lucille, before visiting Judge Loomis Lindsey of Gilmer.

Alger sued for divorce July 22, 1959. Mrs. Alger filed a cross-motion a short time after.

The case has been in the courts since then, with custody of the children's two sons and a daughter with Mrs. Alger's mother, Mrs. Elizabeth Antoine.

Mrs. Alger, 36, dressed in a blue suit and wearing white shoes, a purple necklace and matching ear rings, told reporters that she and Alger were married May 23, 1943, only three days after she got a divorce from her first husband.

The comely brunette said some of her troubles with Alger were the result of politics.

"The Republicans were trying to groom Bruce for vice president but didn't think I had enough education and family background to be a vice-president's wife," she said.

"It's true I don't have the background Bruce has, but I do have a wonderful mother and three wonderful sisters."

Mrs. Alger said that regardless of what her husband might allege, "I am a good mother. I have raised those kids alone for six years."

She said she didn't know the congressman wanted a divorce until two years ago when they were riding a plane back to Dallas.

"He turned around and said, 'Peel, I want a divorce,'" she said.

Mrs. Alger said she didn't actually know he had filed suit for the divorce until she heard it on the radio.

Valley Has Heavy Frost

BROWNSVILLE (AP)—Heavy frost and freezing temperatures hit the Lower Rio Grande Valley early today but damages to remaining vegetable crops apparently was light.

Temperatures dropped to 30 degrees at Raymondville and Monte Alto. Several points reported 31 and 32. The high was 36 at Brownsville.

Hidalgo County agent A. H. Karcher said a few vegetable crops could have been shipped but he felt losses generally would be light.

He said a few young tomatoes and scattered pepper crops might have suffered but such big crops as carrots, cabbage, lettuce and beets escaped damage. Citrus was not hurt.

The area began warming up quickly under a bright sun.

Feb. 1 Designated As 'Baylor Day'

AUSTIN (AP)—Gov. Price Daniel designated Feb. 1 today as "Baylor Day" in Texas.

He noted that on Feb. 1 Baylor will observe its 116th anniversary. The Waco university was chartered by the Congress of the Republic of Texas in 1845 at the request of the Education Society in the Texas Union Baptist Association. Organizers of the society were Judge R. E. Baylor, the Rev. James H. Hanks and the Rev. William Milton Tyron.

Three Youths Are Nabbed In Theft Here

Three Snyder youths were "caught in the act" of stealing a tire in the Cogdell Memorial Hospital area by the Snyder Police Department Friday night.

Two have been sentenced to terms in the county jail with the other to be charged in juvenile court.

Ray Wampler and Carl Wells, both 18, were apprehended by police officers along with a 16-year-old boy Friday night at 9 p.m.

Both Wampler and Wells pleaded guilty in county court with Wells receiving a 60-day sentence and Wampler, driver of the car, receiving a 30-day sentence.

Other pleas heard in county court included a plea of guilty by James Taylor Jr. to a charge of transporting intoxicating beverages in a dry area, for which he received a 100-day jail sentence. It will run concurrently with the 2-year sentence recommended by the 132nd District Court jury that found him guilty of attempting to bribe an officer in the same case.

Henry Clarence Hoepfl, under bond of \$500 since pleading not guilty to a charge of DWI on Jan. 15, entered a plea of nolo contendere and was fined \$100 plus court costs and three days in jail.

Stiker Favorite To Succeed Gen. Spaak

PARIS (AP)—Former Netherlands Foreign Minister Dirk Stikker was the diplomatic favorite today in speculation over who will replace NATO Secretary-General Paul-Henri Spaak of Belgium.

Spaak is expected to announce his resignation Tuesday to return to politics in Belgium. He is delaying the announcement until after a meeting in Brussels tonight of leaders of his Socialist party.

Most frequently mentioned to succeed him with NATO are Stikker, Norwegian Foreign Minister Halvard Lange and Lester Pearson, former Canadian foreign minister.

Mrs. Geiger Enters Plea Of Guilty

SIOUX CITY, Iowa (AP)—Mrs. Burnice Iverson Geiger, accused embezzler of \$2 million from her father's bank, pleaded guilty of 35 counts in U.S. District Court today.

Judge Henry N. Graven deferred sentencing pending a pre-sentencing investigation and continued bond at \$10,000. She did not immediately post bond.

She could conceivably get 175 years in prison. The penalty for embezzlement is five years in prison or \$5,000 fine or both on each count.

Mrs. Geiger, 38, assistant cashier and a member of the board of Sheldon National Bank, had waived indictment by a grand jury which was scheduled to convene today.

The entire proceedings took about 10 minutes. Mrs. Geiger, daughter of Mr. and Mrs. W. P. Iverson of Sheldon, was escorted to the federal building by U.S. Deputy Marshal Robert Bailey, Miss Dorothy O'Neill, a matron in the sheriff's office, and Chief of Police James O'Keefe.

Mrs. Geiger was nattily dressed in a green velvet dress, a brown fur-trimmed coat and a tan dress. She had a slight smile on her face during the walk to court.

It was the first time she has left her jail cell since her arrest Jan. 16 when federal bank examiners uncovered the \$2,126,859 shortage at Sheldon National Bank.

The bank was closed by the embezzlement and taken over by the Federal Deposit Insurance Corp., which has been paying off its more than 2,000 depositors.

Firemen Called Out

The Snyder fire department made a "dry-run" to the Starr's Drive-in where a light transformer was smoking at 12:30 a.m. today.

Merchant Is Dead

SAN ANTONIO (AP)—Isadore Marko, 64, head of the I. Marko Co., which operates department stores in Dallas and Austin, died here Sunday. He operated the Phillips and Marie Antoinette stores in Dallas and Austin.

Marko had been in the hospital for some time. He was born in Hungary and came to the U.S. in 1910. He was a member of the I. Marko Co. for 35 years.

He was married to Mrs. Isadore Marko. He had two sons, Isadore and Isidore. He had three daughters, Mrs. Isadore Marko, Mrs. Isidore Marko and Mrs. Isidore Marko.

He was a member of the I. Marko Co. for 35 years. He was a member of the I. Marko Co. for 35 years.

He was a member of the I. Marko Co. for 35 years. He was a member of the I. Marko Co. for 35 years.

YOUR City Government DEMOCRACY or DICTATORSHIP?

IS THE FORM OF GOVERNMENT CREATED BY THE EXISTING CITY CHARTER A DICTATORSHIP?

Sec. 2 of the Charter — the appointed city manager shall "execute the laws and administer the government of the city."

Sec. 7 — must give city manager notice of claim against the city. Sec. 44 — city manager is the chief executive, and head of the administrative branch of the city government. Has the power and is required to hire and fire all employees (without the consent of the Council), prepare and administer the budget, complete control of all finances, recommend future needs of city which seem desirable to him.

Sec. 46 — control and supervise all department heads, distribute work in the departments, appoint chief of police.

DOES THE COUNCIL HAVE ANY CONTROL OVER CITY EMPLOYEES UNDER THE EXISTING CHARTER?

None. Sec. 32 forbids Councilmen from directing the appointment or removal of any employee, and from giving orders to any subordinate of the city manager, either publicly or privately. Sec. 32 would be deleted by the amendments.

HOW WILL THE ADOPTION OF PROPOSITION NO. 1 CHANGE THE CHARTER?

The city manager will be replaced by an ELECTED Mayor, who would have all the authority of the present city manager, but who would have to be elected by the voters every two years, making him responsible to the people.

HOW WOULD EMPLOYEES BE HIRED UNDER THE AMENDMENT?

By the Mayor with the advice and consent of the Council.

WHEN WAS THE EXISTING CITY CHARTER ADOPTED?

On October 21, 1952, when Snyder was at the height of its oil boom.

WOULD THE ELIMINATION OF THE CITY MANAGER, AND ADOPTION OF AN ELECTED, PAID MAYOR FORM OF GOVERNMENT BE A STEP BACKWARD?

NO. It would be a step forward to Constitutional government under the elective process. County executives are elected. State executives are elected. National executives are elected. What is so different about the city executive?

IS THE CITY MANAGER FORM OF GOVERNMENT MORE EFFICIENT?

NO. Many people have been brain-washed into believing this is true, thereby subscribing to the dangerous theory that ordinary people do not know what is good for them and must bow to the arbitrary decisions of master planners. Snyder can have all the "efficiency" PLUS an executive answerable to the voters at the polls by voting for Proposition No. 1. There are about 3,500 cities and towns in Texas. Less than 150 employ an appointed city manager.

WILL THE CHANGE FROM AN APPOINTED CITY MANAGER TO AN ELECTED MAYOR SAVE THE CITY MONEY?

One authority has said: "The main reason why city managers do not save citizens money is that the managers, having become a specialized occupational group, need big-spenders records for themselves so that they can move on to bigger salaries in larger cities. If he can show that in five years he quadrupled the city's budget for 'services' he proves himself an aggressive and efficient city manager." Snyder's city budget has increased 10 times, from about \$100,000 a year in 1950 to almost \$1,000,000 in 1960. The average tax rate for some towns under the city manager form of government is more than double the average rate for mayor form of government.

WHY PAY THE CITY COUNCILMEN \$20.00 PER MEETING?

Because they would have responsibilities which they do not have under the existing Charter.

WHAT ABOUT THE PAY FOR THE MAYOR AND CITY MANAGER?

The city manager receives a salary of \$933.33 per month, plus free use of an automobile, and expenses, all office expenses, and longevity, totaling over \$12,000 per year in salary and benefits. The Mayor would do the same job and be paid not less than \$7,000 nor more than \$9,000 per year. This would bring the salary of the city executive in line with the County Government.

WHO COULD RUN FOR MAYOR?

The qualifications in the existing charter would not be changed. The candidate must have lived in Snyder 2 years and be a taxpayer in the city. He must be a citizen of the U. S. and not delinquent in any debt to the city.

HOW DOES THE CITY MANAGER GET HIS JOB?

By appointment by the city Council for an INDEFINITE term of office (Sec. 42). He can be removed by a majority vote of the Council (4), but they must give him 10 days notice, and hold a public hearing within 20 days if he requests it.

MUST THE CITY MANAGER BE A RESIDENT OF THE CITY?

No.

WOULD THE MAYOR BE A FULL TIME EMPLOYEE?

Yes.

WHY CHANGE FROM AN APPOINTED CITY MANAGER TO AN ELECTED MAYOR?

To make the city government responsive to the voters, to do away with control by imported appointees, to perpetuate local self government under the Constitution, and to preserve the right of private property and individual freedom.

WOULD THE ADOPTION OF PROPOSITION NO. 1 RESULT IN A SPECIAL ELECTION?

Provision is made for an election in the event of a vacancy in any office.

WOULD THE AMENDMENTS CHANGE THE FISCAL STRUCTURE OR TAX RATE OF THE CITY?

No. Only the executive authority would be changed.

WOULD THE OUTSTANDING BONDED INDEBTEDNESS BE EFFECTED?

No.

WHY CHANGE THE POWER OF THE CITY TO ANNEX TERRITORY "WITH OR WITHOUT" THE CONSENT OF THE PEOPLE AFFECTED?

To keep the city government from taking property and levying a tax thereon, without furnishing city services, as they are now doing. The amendment would require consent of the majority of the people affected.

WHY SHOULD THE POWER TO ANNEX BE LIMITED?

Because private ownership and control of land is a fundamental premise of American government. The Russian Communist system abolishes private ownership and control of land. Public control and ownership of land under a master plan is the basis of Socialism.

IS THERE A MOVEMENT IN THE UNITED STATES TO TURN ALL GOVERNMENT OVER TO APPOINTED "MANAGERS" FOLLOWING THE SOCIALIST SYSTEM OF GOVERNMENT?

Many authorities believe this to be true. (See the American Mercury, December, 1960 — METRO vs. the American individual). Merging of governmental units, abolishment of elective offices and rule by appointed executives typify these movements.

HAVE WE HAD EVIDENCE OF THIS MOVEMENT IN SCURRY COUNTY?

Yes. Last year when the voters refused by a 3 to 1 vote to employ a County road "manager".

HOW CAN PEOPLE IN ANNEXED TERRITORIES GET THEIR PROPERTY OUT OF THE CITY LIMITS?

Only by ordinance passed by the City Council.

WHY ELECT THE CITY MARSHALL, CITY JUDGE AND CITY ATTORNEY?

Because appointed officers who hold office for an indefinite period of time forget that the government belongs to the people, and because no system of government has ever been devised which is more perfect than the elective process.

WOULD SNYDER HAVE A CHIEF OF POLICE UNDER THE AMENDMENT?

The duties would be the same, but he would be called City Marshall, and he would be accountable for his acts to the citizens.

WHO CAN VOTE IN THE ELECTION?

Anyone who lives in the city limits of Snyder and has a 1959 poll tax receipt or exemption. This is the poll tax used in the 1960 elections. If a poll tax receipt has been lost the voter can sign an affidavit and vote.

HOW MUCH MONEY DOES THE CITY GOVERNMENT IN SNYDER OWE?

The outstanding bonded indebtedness of the city is \$2,186,445.80 (Page 8, 1960-61 city budget). This debt has been accumulated under the city manager form of government, and will not be paid off until 1986.

Show Slated By Ira FFA

The Ira FFA and 4-H Club members will have their annual project show Saturday beginning at 1 p.m. on the school grounds, Bill McMeans, agriculture teacher at Ira, announced today.

About 35 ewes and 8 lambs, with possibly 3 calves, are to be shown at the show to be judged by Roby agriculture teacher Jimmy Laurie.

Each year a committee accepts donations from county businesses and residents for prize money for the winners.

Anyone desiring to have a part in the program may leave their donations at the Kruse Service Station, the Jones Equipment Co., the Howard Grocery or the Ira cafe.

New Ferry Line Asked

By LEE JONES

AUSTIN (AP)—A Texas City delegation asked the Highway Commission today to install ferry boat service between Port Bolivar and Texas City.

The group, headed by Mayor L. A. Robinson, requested the commission to construct a ferry landing at the end of the Texas City dike, build a road on the dock and to buy one more ferry boat.

Estimated cost of the project is \$2,865,000.

"We are primarily interested in getting a third ferry. We would like one of the ferries if possible to come from Bolivar to the Texas City dock," said Robinson.

Robinson told the commission the new service would materially shorten the route from Westmont Port Arthur area to Beaumont and North Texas.

The ferry would travel 1 1/2 miles between the end of Bolivar Peninsula and the end of the Texas City dike. Two ferries operate now between Port Bolivar and Galveston but the right of the Highway Department to use the route is being challenged in court.

MR. AND MRS. J. T. BOHANNAN
Celebrate 25th wedding anniversary

Bohannans Honored With Party On 25th Anniversary

Mr. and Mrs. Joseph T. Bohannan, 4008 Austin Avenue were honored Saturday with an open house at their home, in celebrating their 25th wedding anniversary. The event was given by Mrs. Olivia Bridges Davis of Dallas.

mother of Mrs. Bohannan. Mrs. Bohannan the former Miss Olivia Nan Davis and Mr. Bohannan were married on February 8, 1936, in the First Baptist Church of Dallas the late Dr. F. S. Groves, former executive secretary of the

Baptist General Convention of Texas and later President of the College of Marshall (now the East Texas Baptist College) performed the ceremony.

Mr. and Mrs. Bohannan have one son, J. Dan Bohannan, a sophomore in Baylor University. The refreshment table was laid with an Italian drawn-work cloth with a centerpiece of calla lilies and white stock. Arrangements of pastel flowers were used throughout the home.

Presiding at the punch bowl and silver service were: Mmes. Pat Falls, Silas Devenport, T. E. McCollum, Kenneth Haugh, Thomas McKinnon, Wraymond Sims, Nolan von Roeder and D. D. Shelburne.

KNAPP NEWS

By MRS. BEN WEATHERS
Mr. and Mrs. J. B. Mashburn and family, Mrs. Elmer Mashburn of Stanton, Mr. and Mrs. Leon Lewis and children of Plains, Mrs. Louie Koonce and daughter of Midland have all been recent visitors of Mr. and Mrs. Vernon Todd and family.

Mmes. Freida Murphy, Ella Richter, A. J. Ray visited Thursday with Mrs. J. E. Sorrells, at Malone and Hogan clinic at Big Spring, who underwent surgery Tuesday.

Mr. and Mrs. Brent Murphy are attending the Fat Stock show at Fort Worth.

Mr. and Mrs. Cliff Skelton are visiting with his parents this week at Albany.

Mmes. H. H. Cary and Ben Weathers attended the Mitchell-Scurry W.M.U. quarterly meeting at First Baptist Church in Colorado City, Thursday with Carlos Gruber, a Latvian, musician evangelist of Plainview, as principal speaker.

Mr. and Mrs. L. Dummitt and family of Eugene, Oregon spent Monday night with the lady's sister, Mr. and Mrs. Edd Franklin and family.

Mrs. Albert Taylor entertained with a birthday party at Gail school Friday at 3:00 p.m. for their daughter Shirley of the second grade. Cake, cookies, and cold drinks were served class members.

Mmes. Richter, Ray and Murphy visited in the J. M. Sterling home near Vincent, Thursday.

Tip for an Inside Job
With hamburgers a favorite for year round cooking over wood charcoal briquets, many cooks are turning to "inverted" burgers. Instead of putting trimmings on top, tuck them inside the meat. In center of patty put blue cheese, American cheese, big slice of onion, dab of relish or what you will. It makes for a tasty surprise.

GIFT TEA—The Avenue D Baptist Church was the setting for a gift tea Saturday evening honoring Mrs. Brent McQuirk, the former Lou Wayne Rogers. The couple were married in the Arlington Baptist Church on Jan. 7. They are making their home in Arlington where they are students at Arlington State College. A color theme of pink and green was used in the affair. Pictured above are Mrs. Wayne Rogers, left, mother of the bride and Mrs. McQuirk the honoree.

Miss Teri Gebhart Gets BC Honor

Teri Lynn Gebhart has been named the 1961 Betty Crocker Homemaker of Tomorrow at Snyder Senior high school.

Having received the highest score in a written examination on homemaking knowledge and attitudes taken by graduating seniors in her school, she becomes a candidate for the state Homemaker of Tomorrow award which will be announced in March.

Each school Homemaker of Tomorrow will receive an award pin, representing the slogan, "Home is Where the Heart Is." The examination papers of school Homemakers of Tomorrow will be entered in competition to name the state's Homemaker of Tomorrow.

The \$10,000 homemaking education program sponsored by General Mills offers a \$1,500 scholarship to the first ranking girl in each state and \$500 scholarship to the state's second ranking participant.

State Homemakers of Tomorrow and their faculty advisors receive an expense-paid educational tour to New York City, Colonial Williamsburg, Va., and Washington, D. C., April 8-13, the trip culminating in the announcement of the All-American Homemaker of Tomorrow.

To free your sink from grease, try this "dry cleaning" method: Apply some soap or detergent to a dry cloth or sponge, and scrub the sink — also dry. Then turn on the water and rinse the grease away.

row whose scholarship is increased to \$5,000. Second, third and fourth ranking Homemakers of Tomorrow in the nation will have their scholarships raised to \$4,000, \$3,000 and \$2,000, respectively.

The testing and judging is con-

ducted by Science Research Associates of Chicago. With a record 402,786 girls in 12,823 of the nation's schools participating this year, the Betty Crocker Search has enrolled more than two million girls in its seven-year history.

Tickets for the Cosmorama Style Show "Prelude To Spring", are now on sale. The show will be held on Saturday afternoon, February 25, at 3 p.m. at Martha Ann Woman's Club.

Spring fashions from Abe Schrader, McGrath, Pacion, Fabela, Pantino, Harburt, Mr. Paints and others will be shown. Tickets at \$1 each may be purchased from any Cosmorama Club member or at Joni-sue's. The show is being sponsored as a benefit for the club's scholarship fund.

Ash Tells Heat Story

Now that more men cook steaks all year 'round over wood charcoal briquets, expert fire-makers give some tips. Be sure charcoal has burned to a glowing bed of coals. A gray ash covering the coals is your clue that heat is at the right stage. Sear meat on both sides, then broil without turning. Four to eight minutes usually is enough, depending on thickness. Serve and share.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

BEAUTIFUL FORM ON THE TAKE-OFF

Columnist's Mail Arrives On Schedule

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:
People take health for granted, but the surgeon's knife still waits for most, early or late.
We are 180 million people, and about one million operations are done a year, of which some 10 per cent are still for the removal of tonsils or adenoids.
If your son objects to household chores as "sissy," you can tell him that ex-heavyweight champ Jack Dempsey, who threw some of the fastest and fiercest fists in boxing history, as a boy helped his mother do the laundry.
Caution to cat or dog owners: Be careful of a "runny-nosed" child in your neighborhood. It can infect your pet.
Food for the future: A Canadian scientist has found that bees, like bedbugs, are easy to prepare and are highly nutritious. Well, if you want a little more sting in your omelet!

Looking for something to celebrate? How about the 88th anniversary of the first U. S. silo, built in Maryland in 1876.
Our quotable notables: "We suppose there is hardly a man who has not an apple orchard tucked away in his heart somewhere."—Christopher Morley.
The high cost of higher education: Bennington College, a Vermont institution, puts this price tag on your daughter's learning for one year: \$2,650 a year. Whether you can afford it or not, that is what it actually costs the college.

Feel overworked and underpaid? The average wage in India is \$50—annually.
We're not sure just what this proves, but the Hotel Edison here found that its men guests spent more time on the phones than did the women. (Our conclusion: The men were listening to women.)

Next to the common cold and its buddies—such as the flu—digestive ailments keep more people from their jobs than any major disease. The toll is hard to stomach: 50 million lost working days each year.
How much does your medicine cost you? The price of the average prescription today is \$3.

Here's something new to brood about if you're tired of old worries. Some researchers feel that gravity, the force that holds the world together, is getting weaker, (and who isn't?)
Women's work is just begun: In 1960 only 14 per cent of American women between the ages of 35 to 64 years had jobs outside the home. Today well above 40 per cent do.

Memo to the younger generation: We are informed that the name of a truant officer in an Indiana town was Mary Will Ketchum.
It is healthy to be friendly. A psychiatric study found that even so-called normal people sometimes show marked neurotic symptoms after as little as three hours of isolation.
No one can truthfully call us "dirty capitalists." This country makes 2,300,000 bathtubs a year.

Wrong Conductor Is Tracked Down

NEW YORK (AP)—A New Orleans resident, checking a rumor that Leopold Stokowski was in town, called a prominent hotel Sunday.
"Is Leopold Stokowski registered there?" the caller asked.
"Who?" the hotel replied.
"Leopold Stokowski, the conductor."
"Oh, you don't want this number," the hotel said. "You want the Canal Street car barn."

Cars Jump Track

SAN ANTONIO (AP)—Eleven of 109 cars in a Southern Pacific freight train jumped the track and overturned near Calaveras, 15 miles southeast of here, Sunday night. The train was hauling gravel from San Antonio to Corpus Christi. No injuries were reported.

Nation Awaits Next Chapter Of Admiral Rickover Story

BY INEZ ROBB
Washington weepers, I am given to understand, have been banished from radio and television. The idiot harassments and the savage suffering of the assorted characters is stilled.

But the addicts of soap opera need not despair of continuing drama as long as the President, Congress and the people are called upon regularly to save Vice Adm. Hyman G. Rickover, the father of America's nuclear Navy, from the brass heads—pardon me, hats—of that same Navy.

Once again it is front-page news whether the Navy will retain this man who has brought more peace-time distinction to it than all the rest of the Navy brass put together. Once again the Navy has it in its power to force him into compulsory retirement sometime within the next 18 months. This is the third such go-round. In 1953 this Jewish officer, in a service traditionally aloof to Jewish officers, was twice passed over from promotion from captain to rear admiral, which meant he was finished in the U. S. Navy.

Not even the fact that Rickover is an authentic genius could save him from the naval boards. It took an angry Congress to force the Navy to promote and retain this man who is responsible for what is now regarded as the United States' first line of defense: its Polaris firing, atom-powered submarines.

Few men in the history of this nation have, singlehandedly and with the active hostility of his service, contributed so much to its power and safety. Yet, despite his tremendous contributions, it took public and Congressional action again in 1958 to keep the Navy from under this man who has brought

such world-wide distinction to it.

With reluctance, yielding to the demands of Congress and an aroused public, the Navy in 1958 finally promoted Rickover to a vice admiral. But even Congress could not obtain for him an invitation to the White House last May when the skipper of one of his atomic subs, after a sensational 94-day underwater circumnavigation of the globe, was jubilantly entertained and was presented with the Legion of Merit.

Oh, certainly, the Navy brass was on hand to take its bow for Rickover's work. But there was no invite for the man whose genius had made the whole thing possible.

Oh, sure, the Navy finally presented Rickover with its Distinguished Service Medal, its top peacetime award, a fortnight ago. But wisecracks in Washington fear that this is just a fancy blade to try to sweeten the fact the Navy will finally ax Rickover the next time around if Congress and the public aren't alert.

Admiral Rickover celebrated his 65th birthday anniversary just three days ago. His talent, if so pale a word can describe his gifts, was never sharper. The Navy's reactor program is now considered in a critical period of growth. To retire the admiral when he still has so much to contribute to the Navy and the nation and when he is still so willing to do so, despite the pinpricks of the service, is idiotic.

It is inconceivable that President Kennedy, an egotist himself, will permit Rickover to be cast on the Navy scrap heap, or that the public or Congress will not again rush to the rescue. Sometimes it is difficult to understand why Rickover fights so

hard to remain in the Navy. Private industry is drooling to get its hands on this man, at a salary at least 10 times his annual Navy pay. Unorthodox, rugged individualists, no matter what their race or creed, are welcome in private industry when their genius produces the results that Rickover's has produced for the Navy.

The answer, of course, is that Rickover loves this country, in which his poverty-stricken, emigrant parents found a home, a livelihood and freedom years ago. He is a dedicated, selfless man, peppy, opinionated and mayhap difficult. But genius must be accepted on its own terms; it is that rare and valuable.

In the interim, the Perils of Pauline are as nothing to those of Rickover. Will he be saved? Will he be sacrificed? Will the barbarians get him? Tune in tomorrow for the next chapter in this thrilling but inexcusable national saga.

Lincoln Home Tonight For Cage Twin Bill

Snyder's Lincoln High Trojans and Trojanettes will each be trying for their third victory in a row here tonight in Trojan Gym, when Lamesa comes to town for a cage doubleheader.

The Trojans have won six of their last eight and are 6-4 for the season, while the Trojanettes have topped 3 of their last 5 and are 3-4 over the span.

The girls game will begin at 7:30 and the boys will follow at approximately 8:45. It represents the first time this year in which a Lincoln team has engaged one from Lamesa.

Ingo Hangs Out 'Do Not Disturb' Sign

PALM BEACH, Fla. (AP)—Ingemar Johansson's training schedule moved into high gear today and the Swedish boxer said he will be ready when he faces Floyd Patterson in the Miami Beach Convention Hall March 13.

"I know the mistakes I made the last time we met," Johansson said. "Naturally, Patterson knows them, too. I'm sure he will be looking for me to make them again, but I won't."

"How I'll correct them is my own secret. That is why I would like to work in privacy two days a week."

BAREFOOT INGO ON PUTTING GREEN—Taking time out from his training chores, Ingemar Johansson gets some golf practice on putting green just below his pent house and close to his camp at Palm Beach, Fla. Ingemar hopes to capture the heavyweight championship from Floyd Patterson the night of March 13 in Miami Beach. (AP Wirephoto)

Texans Home For C-City; Travis Away

Colorado City Junior High roars into town this evening for a trio of cage contests against the Lamar Texan outfit, while the Blue Devils of Travis take to the road for three against Sweetwater.

Lamar 7th will be seeking revenge for a season opening 18-17 edging by Colorado City when it assumes the floor in the opener here at 5 o'clock. Then the Texan 8th, conqueror of the C-City five in previous engagements by tabs of 22-14 and 54-38, hits the court at 6:30 in an attempt to prolong the mastery.

The nightcap is slated for 8 o'clock, at which time the Texan 9th will have the two-fold purpose of extending a four-game winning streak and also making it two in a row over the C-Citians, who they clipped by 43-34 in the Texan opener.

The 8th and 9th grade games may be played earlier than the scheduled times on occasion when time warrants it and it is by mutual agreement of the participating coaches.

Travis 7th will take to the hardwoods in Sweetwater at 5 this afternoon in hopes of stoning for a 21-14 early season defeat as dealt them by that team. Following up at 6:30 will be the Blue Devil 8th, winner of 4 of its last 5 games and a two-time victor over Sweetwater by scores of 29-35 and 24-23.

Then at 8 o'clock Travis 9th will try its hand against the Sweetwater 9th graders, a team which the Blue Devils eked out by 33-32 in their initial outing of the season.

Boxing Team Slates Home Appearance

The Towle Park County Barn here will be the scene tomorrow night of a boxing card matching the Snyder Boxing Team against Abilene, with some 10 to 15 bouts on the agenda.

In matches to date the local team has come out very well against Abilene. Their most recent outing was to Clovis this past Friday, however, where they dropped 11 of 13 bouts, several by split decisions.

The initial go will sound at 8 o'clock tomorrow, and there will be no admission charge.

Gary Player Wrests Title

By P. D. ELDRED

Associated Press Sports Writer

SAN FRANCISCO (AP)—A cool

South African lad, who idolizes

Bobby Locke and intends to play

at least 20 years more as a golf

pro, was \$9,500 wealthier today

after winning the \$57,000 San

Francisco International Open with

a blazing six-under-par 65 windup.

Husky Gary Player with almost

machine-like accuracy scored six

birdies in his final round Sunday

to come from four strokes behind

leaders George Bayer and Ted

Kroll to win by two strokes, in

a pouring rainstorm.

The 25-year-old Johannesburg

star—on his seventh American

tour since 1958—finished 12 under

par for his four rounds, taking a

total of only 272 strokes.

Bayer, the 246-pound ex-Wash-

ington football player who shared

the lead through three rounds,

shot even par 71 but he couldn't

cope with young Player's sensa-

tional birdie shooting in the rain.

Bayer settled for 274 while

Kroll, the tournament veteran

who had started the last round

with Bayer, fell back to 276.

Don Whitte came up strong over

the sudden 6,672-yard Harding

Park mire with a five-under-par

66 to tie the Bayer at 274. The two

collected \$3,500 each.

"I've played all over the world

and never encountered, worse

weather than we had today,"

Player said.

Don January and young Al Gei-

berger were tied at 275, Jay Herbert came up even with Kroll at 276 and a stroke farther back at 277 came Arnold Palmer, Billy Casper, Jackie Burke Jr., Ken Venturi and Canadian Stan Leonard.

Gardner Dickinson and Charlie Sifford, the only Negro playing on the tour and the only one competing in this tournament, were tied at 278.

In taking \$9,000 first pro money and \$500 additional in the one-day pro-amateur event that preceded the International, Player boosted his 1961 tournament earnings to \$12,572.

The San Francisco 49ers yielded the fewest number of points in National Football League games last season. They permitted only 205 talls.

Our City Government Is A Democracy!

Let's Keep It A Democracy

In Sunday's Paper, certain questions were presented by those wanting to change our form of City Government. Some of the answers given were incorrect and others were misleading by statements or implications. Supporters of the present council-manager form of City Government answer the same or similar questions.

IS THE FORM OF GOVERNMENT CREATED BY THE EXISTING CITY CHARTER A DICTATORSHIP?

The city manager is charged with the responsibility and given authority to administer the city government but he can not spend any money, including salaries, that is not on the budget approved by your elected council, or on projects unless first approved by your elected council. The council can fire the city manager immediately. Your elected council is always in charge by establishing the policies and controlling the expenditures! How could anyone call this a dictatorship?

DOES THE CITY COUNCIL HAVE ANY CONTROL OVER CITY EMPLOYEES UNDER THE EXISTING CHARTER?

Yes, because the city council can fire the city manager if he abuses his authority in hiring and firing city employees. If a city manager should persist in retaining an inefficient or dishonest employee your elected council most certainly would change city managers.

HOW WILL THE ADOPTION OF PROPOSITION NO. 1 CHANGE THE CHARTER AND HOW WOULD EMPLOYEES BE HIRED UNDER THE AMENDMENT?

Proposition No. 1 makes the mayor a combination mayor and city manager with the responsibilities of the city manager but without the authority to hire and fire those who work under him to administer the government without first obtaining concurrence and permission of the six councilmen. This would unavoidably make the mayor a weak city manager, and further this would pitch the administration of city government into the middle of politics. One of the main reasons for the council-manager form of government is to place the day to day administration of the city government as far from petty politics as possible and to assure equal treatment for all and avoid special favors to a few, and further, as mayor and head of the council, he would pass upon his work as city manager with certain veto powers over the council.

WHEN WAS THE EXISTING CITY CHARTER ADOPTED?

On October 21, 1952, about three years after the oil boom started and when it was realized that the administration of the city government had become too complicated to be handled efficiently under the mayor-council form of government, the council-manager plan was adopted.

WOULD THE ELIMINATION OF THE CITY MANAGER, AND ADOPTION OF AN ELECTED, PAID MAYOR FORM OF GOVERNMENT BE A STEP BACKWARD?

Yes, it would be backward because it would be less efficient and would put the day to day administration into politics.

IS THE CITY MANAGER FORM OF GOVERNMENT MORE EFFICIENT?

Yes, under the last four years of mayor-council government, the city operated in the "Red" in the approximate amount of \$96,000.00. During eight years of council-manager operations, the city has operated in the "Black" each and every year.

WILL THE CHANGE FROM AN APPOINTED CITY MANAGER TO AN ELECTED MAYOR SAVE THE CITY MONEY?

No, under the council-manager form the savings in engineering fees alone have amounted to much more than the city manager's salary.

WHY PAY THE CITY COUNCILMEN \$20.00 PER MEETING?

It is easier to get responsible citizens to serve on the city council purely as a civic duty than it is to get such citizens to engage in a campaign for a \$20.00 job.

Vote NO On All Three Propositions - Scratch YES!

(Pol. Adv. paid for by citizens favoring the present council-manager form of government).

NEVER CATCH US NOW

Celts Making Bid For Fifth Crown

BOSTON (AP)—Barring a complete collapse, the Boston Celtics have their fifth straight National Basketball Association Eastern Division title in the bag.

That was the word from the happy, weary defending world champs after Sunday's nationally televised 128-115 triumph over challenger Philadelphia. It gave Boston a six-game division lead—the largest of the season—over the Warriors.

"They'll never catch us now," captain Bob Cousy opined. "Not now. Not unless we all drop dead."

Cousy put on one of his typically brilliant exhibitions in a first-quarter scoring burst that quickly put the game out of reach.

Boston ran off a string of 23 straight points, 11 of them by Cousy, in the first period burst as Philadelphia went 6 minutes and one second without scoring. That was the end of it.

Stone-cold Philadelphia hit only five of 23 shots in the first period while Boston struck on 16 of 30 attempts from the floor. Boston took a 38-16 quarter lead and boosted it up as much as 40 points before a late scoring burst by Wilt Chamberlain cut the final score. He finished with 46, but got only four in the important first period.

State's Road Toll In Sharp Decrease

BY THE ASSOCIATED PRESS
Weekend highway deaths dropped in Texas over the week-end as ice-slicked roads slowed traffic in many sections of the state.

Eight deaths—far below the usual weekend toll—were reported on highways in the state between 6 p.m. Friday and midnight Sunday. Deaths from other causes sent the total number of fatalities to at least 20 persons.

Three persons were found dead in a parked car Sunday on a farm road near Willis in Southeast Texas. They were Ernest Jackson Jr., 31, Eurlen Reed, 15, and Goldie Lee Lightweight, 16, Willis Negroes. Constable Johnnie Kleinmann said they were fully clothed, the car had gas in the tank and keys in the switch but the motor was not running. Mrs. Lottie Jordy, justice of the peace, withheld a verdict pending further investigation.

Charles Herbert Meldrum, 83, was found shot to death in his Port Worth home Sunday night hours after his discharge from a hospital. Justice of the Peace Jim Boorman ruled the death a suicide.

Danny Eisenburg, 11, drowned Sunday when the ice broke while he was skating on a stock pond northwest of Abilene. Ranch owners saved his companion, Connie Gilbert, 9, who also plunged into the water. The drowned boy was the son of Mr. and Mrs. Sherman Eisenburg of Tye.

A shotgun charge killed longshoreman Jack Hollins, 28, in Houston Saturday night. Police charged Clarence Landry, 36, another longshoreman, with murder.

T. P. Calhoun, 68, postmaster at Liberty for 20 years, was killed

Sunday when his car left State Highway 146 and crashed into a tree north of Liberty. Highway patrolmen said Calhoun may have suffered a heart attack.

Mrs. Eula Dee Teague, about 40, was shot down at her home in Port Arthur Friday night. Police said her son, Tommy Ronald Teague, 16, admitted the shooting.

Billy Dee Pycatt, 19, of Brownsville and Ernest Wayne Smith, 25, of Tyler were killed when their car collided with a tractor-towed trailer near Alamo Saturday night in the Lower Rio Grande Valley. Howard Posey, a 15-foot hood soldier, was shot to death Sunday in Belton. Police held a woman in the case in the Bell County jail at Belton. Charges were not filed immediately.

Tommy Dale Wright, 19, Fort Worth, was fatally injured Saturday when a car was towed by a car—whipped into the path of an oncoming vehicle. B. C. Phillips, 28, Dallas Negro, was shot to death Saturday in a tavern. Police held another Negro in the shooting.

James C. Cooper, 43, died Saturday night while fire destroyed his trailer home at Houston. Anton Wenzel Fischer, 42, died almost instantly Saturday when his car smashed into a utility pole at Houston.

Robert W. Mullen, 42, was found dead in his ice-covered car in an Austin park Saturday morning. A verdict of suicide was returned. Sherwood R. Williams, 81, was killed Friday night when struck by a car as he walked along snow-covered U.S. Highway 87 near Plainview.

Norma Brown, 38, died from injuries sustained Friday night in a two-car collision in Port Arthur. Benjamin F. Martin, 40, was

shot to death Friday night in his north Dallas apartment after an argument. Mrs. Effie Bell, 79, was killed at Houston Friday night when struck by a car. Seymour Myers, 41, Dallas appliance dealer, was found dead, seated in a chair between two parked cars with a pistol in his lap in his garage Sunday night. An autopsy was ordered.

Kennedy Cuts Formality In White House

WASHINGTON (AP) — President Kennedy is going in for less formality in his White House office—logs burning in the fireplace, flanked by two comfortable sofas, with a coffee table in between.

Kennedy has had the oval presidential office repainted from pale green to off-white and ordered pictures of George Washington and other historical predecessors removed in favor of stirring naval battle scenes.

Reporters got a weekend look at the executive office after Kennedy vetoed the green walls which had just been freshly redone for him in the same color favored by former President Dwight D. Eisenhower.

Kennedy has on his desk some bookends left over from Eisenhower. They feature gold eagles mounted on a navy blue base with five gold stars—the insignia of a general of the army. The bookends hold a copy of the Bible, a world Almanac and two books written by Kennedy himself.

On Kennedy's desk are the beginnings of what looks like a comfortable permanent clutter: a comfortable shell war memento, a favorite pair of daggers paper weight and an ash tray to service his occasional cigars.

The coconut shell, encased in plastic, is the one scratched with an SOS message which Kennedy sent with a native for help when he was marooned on a Pacific island after his PT boat was cut in two by a Japanese destroyer during World War II.

Fourth Fire In Eight Days

CEL CENTRO, Calif. (AP)—Two costly fires broke out Sunday in the Southern California farm city, shaken by four spectacular blazes in the last eight days.

Officials said they found no evidence linking the fires to union organizing strikes that have hit nearby Imperial Valley fields, which provide 80 per cent of the nation's winter lettuce.

Police arrested a 15-year-old boy and three laborers for investigation of arson.

One of the fires Sunday caused the temporary evacuation of 500 persons because of dangerous fumes.

Investigators said at least three of the fires, within a two-block radius, were the work of arsonists. Total loss from the four blazes was estimated at \$275,000.

The two blazes Sunday occurred within a 2½ hour period. Five firemen were treated at a hospital for smoke inhalation and minor injuries.

One Mishap Is Logged In City
One traffic mishap was logged by the Snyder Police Department Sunday with no injuries reported.

Involved in an accident at the intersection of Eleventh Street and Avenue T at 8:45 a.m. were a 1959 Chevrolet pickup driven by Billy Wayne Dodson, 2105 Twenty-seventh Street, and a 1949 Chevrolet driven by Francisco Fierro, also of Snyder. The damages were estimated at \$150 to the pickup.

Blaze Hits Dallas Paper

DALLAS (AP)—Flames erupted out of lower floor windows of the Dallas Times Herald early Sunday and seriously damaged the newspaper's presses.

Two of the four long lines of presses were knocked out by the fire which was brought under control within 90 minutes.

James F. Chambers Jr., Times Herald president, tentatively estimated the damage at \$200,000 but said no firm figures could be set until technicians determined the damage to the presses.

Mechanics got two lines of the presses ready for operation and the newspaper was able to publish its Monday afternoon edition.

Earlier the Dallas News had offered to make its printing facilities available to the rival afternoon daily.

Executive Editor Felix McKnight said the fire apparently started in the shaft of a small elevator that carries printing plates from the stereotype room to the pressroom. How the blaze began was not determined.

Main damage was confined to the first floor pressroom and the second-floor circulation department. However, there were considerable smoke and water damage to other portions of the building.

The Associated Press office on the building's fourth floor had to be abandoned for a brief period because of dense smoke while firemen fought the blaze. There was no apparent damage to the AP's equipment and the news-gathering service was quickly back to normal.

Dog Keeps Watch Over Boy's Body

SAN MARCOS, Tex. (AP)—Puzzled relatives learned Sunday why one of two pet dogs who disappeared with Bobbie Jack McDougal, 14, last Tuesday didn't come home.

Members of a big search party found the dog keeping watch beside Bobbie's body in rough country on the L. O. Backus ranch 3½ miles west of here.

The boy, a slight 60-pounder clad only in blue jeans, a light shirt and jacket, and tennis shoes, died about Friday of exposure to sub-freezing cold, said M. C. Williams, county health officer.

Taken To Lubbock
Mrs. Don Baxter 3603 Thirtieth Street, was taken from Cogdell Memorial Hospital to Methodist Memorial Hospital in Lubbock Sunday by a Bolger Funeral Home ambulance.

Mexico Official To Discuss Pipeline
MEXICO CITY (AP)—Pascual Gutierrez Roldan, director of the government-operated Petroleos Mexicanos, left for Los Angeles Sunday.

He will talk with Gov. Edmund Brown about a projected gas pipeline between Texas and California, crossing Mexican territory. He said talks also would be held with the U.S. Public Service Commission in Los Angeles, regarding the gas pipeline from Reynosa on the Texas border to Mexicali, on the California border.

The 1,250-mile pipeline would pump gas from Texas fields, with Mexico collecting royalties.

THE RADIATOR MAN at Snyder Radiator Service, 1105 Avenue T, will gladly check your radiator with pressure equipment designed to locate leaks in any part of the cooling system. For the uncertain weather ahead, be sure your motor is protected, have your radiator checked at Snyder Radiator Service. The new pressure cap designed for modern cars with modern accessories is shown in inset.

Snyder Radiator Service Can Eliminate Big Auto Misery

Did the past week of weather catch you with your radiator down? Did you find your anti-freeze had leaked a little and left you with a boiling deamon? Did your car motor overheat without heating the car?

If any of these things happened to you, you need to see Frank Stephenson, "The Radiator Man," for a free checkup to see if your radiator needs attention. Located at 1105 Avenue T, the Snyder Radiator Service is fully equipped to make sure your radiator is in shape for the weather ahead, hot or cold.

This season of blowing hot and cold is hard on a radiator. Stephenson, who has been "The radiator man" in Snyder for over 10 years, points out, adding that the pressure test to locate leaks in all parts of the cooling system is absolutely free and may save a lot of money and worry on the part of the car owner.

The new Truckell Safe-Cap, available wholesale or retail at Snyder Radiator Service, is a hot number made safe-no more scalded hands or faces from steaming radiators. The cap has a green button in the center to let the steam go out the side before you open the radiator.

This revolutionary new radiator cap, described as the first improvement in radiator caps in 20 years comes in pressure - proportioned sizes to fit the exact needs of any motor and accessories.

"Radiators need caps of the exact pressure needed for all the accessories in the car and also to have the thermostats working properly and set exactly right," Stephenson says. He added that most people do not realize that all cars need special attention for the entire year, for the air conditioners in summer and heaters in winter.

The right radiator cap and properly set and operating thermostat make the difference in car performance in hot or cold weather.

Boycott Defied By Drug Store Clerk

NEW ORLEANS, La. (AP)—A drug store clerk continued his defiance of a white boycott at integrated McDonough No. 10 school today—sending his 9-year-old son to the school for a second day.

John N. Thompson, 33, father of six, sent his eldest child Gregory to McDonough in a car with two U. S. marshals.

Gregory went to the school for the first time Friday. It was the scene of angry mass picketing in November.

Today, a crowd of 35 angry neighborhood women and men surged across the street onto the neutral ground, yelling "Nigger lover. Go home. Go home."

The marshals hustled the boy into the school building. Police ordered the women off the neutral ground—restricted to newsmen—and back across the street.

Nippy weather in the mid-30's held down the number of pickets. But it was the largest throng at the scene since the picketing was at its height following the Nov. 14 integration.

Also on the scene today was police Supt. Joseph Giarrusso, U. S. Marshal Edward F. Pettibon and about 15 newsmen.

Thompson earlier had said he would send a second son—8-year-old Michael—to McDonough if the boy had recovered from a spell of asthma. However, Michael was not seen.

The two boys had been attending segregated schools in neighboring St. Bernard Parish where most of the white children from McDonough and Frantz—the city's other desegregated school—were enrolled after the first strike-torn week of integration.

Ethel Arieux, 33, who withdrew her two children from McDonough, voiced a typical neighborhood reaction to Thompson's action.

"I don't think there'll be many white children back in McDonough. I know I won't put mine back if I have to go to work to send them to private school."

"After all, that Thompson is an outsider. The boycott wasn't broken by one of us," said Mrs. Arieux.

Debaters In Semi-Finals
The Snyder High School debating team of Buddy Patterson and Dick Martin reached the semi-finals Saturday in a 2-day area tournament held in Midland over the weekend. About 40 boys teams competed in the event.

Over 20 schools attended the meet with an average of 2 teams of boys and 2 of girls entered in competition from each school.

Two girls teams entered from Snyder. Candy Weyel and Jackie Dean made up one team with the other consisting of Annette Blum and Marjorie McDowell.

The teams were accompanied by their coach, Miss George Foster.

Mexico Official To Discuss Pipeline
MEXICO CITY (AP)—Pascual Gutierrez Roldan, director of the government-operated Petroleos Mexicanos, left for Los Angeles Sunday.

He will talk with Gov. Edmund Brown about a projected gas pipeline between Texas and California, crossing Mexican territory. He said talks also would be held with the U.S. Public Service Commission in Los Angeles, regarding the gas pipeline from Reynosa on the Texas border to Mexicali, on the California border.

The 1,250-mile pipeline would pump gas from Texas fields, with Mexico collecting royalties.

Junior Editors Quiz on BATS

QUESTION: I've heard people say "blind as a bat." If bats really are blind, how are they able to fly?

ANSWER: A bat has wings and a small, furry body somewhat like that of a mouse. During the day he sleeps upside down. At night, he flies. To guide him he makes twittering sounds so high-pitched that humans cannot hear them. The bat can tell by the echoes when he is near an object with things. Bats become nearly blind if their mouths are covered so they cannot hear the echoes or if their mouths are covered to prevent them from twittering. But with the help of echoes, normal bats can fly, even with their eyes covered.

FOR YOU TO DO: Have you ever seen a bat fluttering around a street light on a summer night. See if you can learn where bats go in the winter.

(David Choyce of Norwalk, Conn., was \$10 for this question. Mail your question on a post card to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 1-30

Chimp Will Test Brains In Space

By ALTON BLAKESLEE
Associated Press Science Writer
CAPE CANAVERAL, Fla. (AP)—A very smart young earthling soon will test whether the brain clicks along normally or goes haywire in space flight.

This earthling will be a chimpanzee, one of man's closest cousins in the department of smarts.

He, or she, will provide the first careful measurements whether mental faculties and reflexes are affected by the weird stresses of taking off in a rocket, and floating in space without the familiar sensation of having weight.

On this answer could depend partly the prospects that humans ever can go to the moon or Mars or on jaunts through space.

Animals have ridden up and down in rockets before, and Soviet dogs have even been brought safely home after orbiting completely around the earth.

But none of these was ever before analyzed to learn whether they can think and react normally. This is one of the significant elements in a new test preparing for man in space.

A highly trained chimpanzee is scheduled to ride Tuesday 115 miles up and 200 miles down, ranging into the Atlantic ocean from this famous space port.

Later, if all goes well, one of seven human astronauts is scheduled to take the same type of ride in another step toward human trips orbiting the earth.

The chimpanzee will have jobs to do in his brief ride.

Mental processes of the young chimps are closer to those of man than the ape, scientists report. And their reaction time of 7 of a second is close to man's 3 of a second.

Stock Deal Questioned

DALLAS (AP)—The president of Chance Vought Corp., in an open letter to stockholders, prescribes defeat Sunday for a bid by Ling-Temco Electronics to buy control of the firm.

F. O. Drexler said Vought directors had "determined that in the interest of its shareholders all efforts must be used to resist any buying raid by Ling-Temco."

Chance Vought, in a federal court suit Friday, accused Ling-Temco of conspiring to destroy Vought as a competitor in violation of anti-trust laws.

Ling-Temco has said it will continue to pay \$43.50 a share for all Vought common stock tendered until Feb. 8.

The New York Times said the New York Stock Exchange has started a probe of recent market gyrations and active trading in Ling-Temco's common stock.

Ike Hunting Quail Today

THOMASVILLE, Ga. (AP)—Private citizen Dwight D. Eisenhower planned today to try his luck hunting south Georgia quail on the plantation of former Secretary of the Treasury George Humphrey.

The former President drove over from Albany Sunday where he had been hunting on the Blue Springs plantation of W. A. Rife.

Accompanying him on the two-hour trip were Dr. Howard Snyder, Robert Woodruff and William Robinson.

Eisenhower did not go to church and was unable to hunt because Georgia law prohibits such activity on Sunday.

Eisenhower plans to leave Humphrey's Milestone plantation Thursday by car for Tallahassee, Fla., where he will board Woodruff's private plane for a flight back home to Gettysburg, Pa.

Politics MUST Be Kept Out Of CITY GOVERNMENT

VOTE "NO" IN TUESDAY'S ELECTION

→ Vote Against Amending Our City Charter
→ Assure Continued GOOD Government In Snyder

We, the undersigned residents of Snyder, are proud of the outstanding record of accomplishment and growth of our city under its present form of government; and we believe our present form of government should be continued to assure Snyder's future growth and progress. Politics must be kept out of our city government. We, therefore, will vote "No" on each of the three Proposals in the election on January 31, and we urge all of our friends and neighbors to vote "No" with us on each Proposal.
