## REA Contracts For Power From Dam

Power from the Possum Kingdom Dam will be sold at cost to farmers within a 100-mile radius of the dam through the facilities of the Rural Electrification Administration, G. A. Tunnell of Stephenville, project superintendent of the Erath County Electric Cooperative Association announced recently.

Tunnell was advised of this fact by Lewis Mims, president of the Brazos River Conservation and Reclamation District, after a resolution had been passed by the board of directors of the district, which would give the dam's cost to the people through the facilities of the REA.

REA Co-operatives within a 100-mile radius of the dam site, in Palo Pinto County, will be incorporated for this purpose. Mims stated that 15 REA Co-operative systems in the area are contemplating organizing immediately to perfect plans for power distribution.

J. H. Flood, of Muenster, acting chairman of a committee from REA Co-operatives seeking this power, appeared before the board at its meeting in Mineral Wells. Tunnell and the project superintendents of the other fourteen interested REA Co-operatives met at the Baker Hotel in Mineral Wells recently for the purpose of keeping in close contact with the board of directors of the Brazos River Conservation and Reclamation District during the board's meeting in Mineral Wells.

The directors, Tunnell said, rejected an offer by the Texas Electric Service Company to buy the entire output of the dam.

Although the Erath County Electric Co-operative Association is included in the group of REA Co-operatives to receive power at cost from the Possum Kingdom Dam, Project Superintendent Tunnell estimated that it would require one year to construct REA transmission lines from the dam to the 15 participating Co-operatives.

## METHODISM'S DAY OF COMPASSION Emergency Million Sunday, March 2

\$500,000 for Over-Seas Relief

\$250,000 to Meet Social and Religious Needs of Our Boys in Training

Several denominations are using this day for similar purposes.

## Movie at Church Here Tonight

## Miss Manns Eats in Spanish Room

"We Learn to Do by Doing," said the lassies at Texas State College for Women at Denton, and Miss Anna Lewis Manns of Palo Pinto, practices this college motto by eating in the Spanish dining room where only Spanish is spoken. As a part of their foreign language course, students eat in this special dining room once a day to improve their conversational ability in the language. English is absolutely taboo during the meal.

Daughter of Mrs. Kate Manns, county treasurer of Palo Pinto, Miss Manns is a sophomore student majoring in art.

Miss Evelyn Watson of Mineral Wells visited her mother, Mrs. John Watson, last week-end.

Mrs. Laura Myers, mother of Mrs. I. D. Guest, is doing fairly well at this writing. She was brought from her home in the Tanner community to the Guest's in an ambulance last week.

Willie Myers of Wichita Falls left Tuesday, after visiting his mother. A niece, Mrs. Jessie Ivey from East Texas, and a son, Charlie Myers and family, from South Texas, also visited Mrs. Myers.

Buy it in Strawn—and save!

Hallmark of Dublin, who is secretary of the Brazos River Conservation and Reclamation District, Tunnell said, "It has been one hundred per cent behind the Co-operatives in their effort to obtain this power, and it was his desire to see the power sold at cost through a non-profit organization such as the REA Co-operatives so that local farmers could receive the benefit from these dams. Such projects are built with public funds and, therefore, the public should benefit from them."

WITH VALUABLE 'VITAMIN B-1' ADDED — Vic's Bread Is Better Now!

Vic's Bread is better than ever now! In every golden brown loaf of Vic's—now you get the valuable 'Vitamin B-1'!

"We are both proud and happy to announce the addition of this health and energy-giving vitamin to our bread," says Vic Creighton, manager of Creighton's Bakery, a home-owned institution which bakes Vic's Bread.

"We have always made every effort to maintain a high standard of quality in our bread," he states, "and Vitamin B-1 steps up the nutritious value of every loaf to a new, unparalleled high."

The big, pure and wholesome loaves of Vic's Bread are now on sale at grocery stores and restaurants in this section.

Vitamin B-1, a vital element now definitely lacking in the average human diet, is essential for the body to help release energy from sugars and starches which are eaten. Vitamin B-1 is needed in the diet for proper digestion and good appetite. Children, especially, require adequate amounts for proper growth.

"The valued patronage of people throughout this section has been an inspiring incentive," Creighton says, "and we have always striven to reward that loyalty by offering them the highest quality. We are pleased to announce that Vic's Bread is now better than before. And we urge you to try the new loaf."

Creighton's Bakery, operated and owned by Creighton here since 1933, also bakes pies, cakes and cookies. They also specialize in special pastries, including birthday cakes made-to-order.

## Work Is Now Under Way on New Children's Playground Project Here

### Funds Are Needed to Aid in Financing Recreational Project Which Will Consist of Softball Diamond, Croquet Ground and Tennis Court; Rev. C. A. Wilkerson, J. R. Stuart and George DeSpain Head Project

Plans for the development of a children's city recreational project, sponsored by local citizens in co-operation with the city government and local churches and civic organizations, were publicly announced here this week by the Rev. Chester A. Wilkerson, pastor of the First Methodist Church.

The Rev. Wilkerson told The Tribune that interested citizens were planning the city playground to include actual work on which is already under way—are a softball diamond, croquet grounds and a tennis court.

The playground will be situated on the property east of the H. J. Wickens residence and will extend to the adjoining property, located across the street from the Bankhead Hotel and owned by R. D. Hinkson, local banker and cattleman.

Hinkson and the City of Strawn and the Strawn Independent School District, owners of the corner property, have granted permission to the playground committee that the land might be used for the project.

Members of the committee include the Rev. Wilkerson, J. R. Stuart of the First National Bank and George DeSpain, a member of the Strawn City Council.

The Rev. Wilkerson announced that funds would be needed to properly develop and equip the playground and stated that those who wished to donate money for the project should contact him or Stuart or DeSpain.

The most valuable asset a town has is its children. The future of a town will be to-day make it as citizens—the men and women—of tomorrow.

This week a group of public-spirited citizens, long realizing the need for such a constructive and useful project, announced plans for the development of a city playground to be used and enjoyed by the boys and girls of Strawn.

It is a pleasure for The Tribune to join scores of progressive Strawites in endorsing this children's city recreational project. We feel it will be one of the most worthwhile enterprises ever inaugurated. And we feel that such is also the genuine and overwhelming opinion of residents throughout Strawn.

But—like everything else—it takes money to do things. And it will take money to make this city playground a reality.

Fortunately, however, the cost will be very nominal—in fact, usually small. In view thereof, it appears as a very profitable investment. The dividends to be received by the boys and girls of Strawn the pleasures and joys which they will experience through such a project—will be more than worth the cost of the playground itself.

Your contribution—no matter how large or how small—will help make this playground a reality.

We urge our readers to aid this worthy cause!

Palo Pinto County's quota in the first March call will be seven men. They will be selected within the next few days.

### County Stockmen Attend PCA Meet

R. B. Thomas of Strawn, field representative of the Production Credit Association, and Mrs. Thomas attended the annual meeting at Wichita Falls Wednesday, which was held in the Kemp Hotel.

J. N. Sherrill, president of the association, presided at the meeting and Sam Hamlett, secretary-treasurer, gave a report of the past year's work just closed. It was shown that the association had a substantial growth in the volume of business handled and more than \$1,000,000 was loaned to members. This was a gain of 50 per cent over the preceding year.

This gain in volume brought about the establishment of additional field offices, one of which was set up in Henrietta and the other in Vernon. Directors are now considering plans for setting

### CONFIDENTIALLY —

#### Hitler Smells!

Ever heard the one about Hitler?

Poor old Adolf is the butt of many a joke these days. And although Mussolini (more familiarly known as Musso the Muscle-Bound) is giving him plenty of tough competition in the humor limelight, Hitler is still holding his own.

Here's one of the latest—told by Thomas A. Binney, member of Palo Pinto County's Selective Service Board, a keen observer of international events and a guy who likes to hear 'em and tell 'em.

"Hitler and his right hand man, Goering, were talking one day recently," says Tom, "and Goering tried in an diplomatic and inoffensive way as possible to call Hitler's attention to a personal matter."

"Goering suggested that Hitler change his socks."

"But, vy should I change my socks?" Hitler asked puzzledly.

"Well," replied Goering, "I smell defeat."

up field offices in Seymour, Breckenridge, Jacksboro and Graham.

O. G. Tomlinson, secretary of the Production Credit Corporation of Houston, addressed the 250 members and pointed out some of the advantages of membership in a credit cooperative, one of the most important being the cost of obtaining funds for financing farmers and ranchmen.

Sherrill, having been on the board of directors since the organization of the association and its only president, did not offer himself for re-election. R. B. Arnold of Oklahoma was elected as a member of the board for a 3-year term. A rising vote of thanks was given the retiring president for his long and unselfish work in behalf of the association.

Other Palo Pinto Countians who attended the P. C. A. meeting were Mrs. Ida Boyd and Mr. and Mrs. J. C. Stewart of Gordon, J. R. Turpin of Granger, W. E. Brannon of Santo and Mr. and Mrs. M. G. Lodal of Mineral Wells.

### Proclamation By The Mayor.

WHEREAS, the approach of Texas Independence Day and also the fact that the 25th day of February, A. D. 1941, is the 100th anniversary of the signing of the Texas Declaration of Independence, and

WHEREAS, I am prompted by patriotic members of the Forty-second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty, and patriotism toward my State;

NOW THEREFORE, I, J. M. TUCKER, Mayor of the City of Strawn, Texas, do hereby proclaim the week of March 2nd to March 8th, 1941, as

### TEXAS WEEK

AND I urge all citizens of this municipality and of Texas to observe TEXAS WEEK in an appropriate manner. I call on all homes, all churches, all schools, all communities, all offices, all courts, all industries, and places of business, all clubs and lodges, all conventions and all other groups of citizens who may assemble together as well as every individual citizen, to join in these observances with enthusiasm.

I challenge you to read Texas books, to fly the Texas flag, along with the Flag of the United States, to render programs calculated to make all citizens more Texas-conscious and Texas-minded, and to dedicate trees and flowers to the founders and forefathers of Texas who made it possible for us to live in this great State and enjoy its freedom.

SURELY, no one of us will fail to cherish the rich heritage which the founders and fore-fathers prepared for us of this generation. These patriots were straight as the pine, sturdy as the oak, unselfish as the peach, and worshipful as the tiniest shrub or the largest tree that lifts its limbs to the promise. We shall not forget this, no shall we fail to remember that these founders and builders were strong-headed, clear-headed, warm-hearted, liberty-loving, and forward-looking men. They committed their rich heritage to our stewardship.

I urge you, and all, to make TEXAS WEEK book week, education week, music week, flower week, bird week, humane week, Texas history week, work week, dedication week, consecration week, stewardship week, red-letter

week. Let us all during this brief week make much of the cultural and spiritual values of our history and traditions, and dedicate our lives afresh to the lofty ideals of statesmanship, character, leadership, and service of those of other generations who made it possible for us to enjoy in Texas liberty of conscience, of speech, of the press, of worship, of public assembly, of work, and all other liberties which we cherish.

IN TESTIMONY WHEREOF, I have heretofore signed my name officially and caused the Seal of my Office to be impressed hereon at Strawn, Texas, this 25th day of February, A. D. 1941.

THE AUTHORITY OF CHRIST

LESSON TEXT—Luke 10:41-49. GOLDEN TEXT—And why call ye me, Lord, Lord, and doest not the things which I say?—Luke 9:46.

"By what authority doest thou these things?" The question of the scribes was a proper one, even though their spirit and purpose in asking it may have been wrong.

On the previous day our Lord had made, kindly triumphant entry into the city and many had acclaimed Him (see vv. 37-40); but the city as a whole—and especially its leaders, both religious and governmental—had rejected Him.

As He came toward the city the next day and it spread out before Him in beautiful panorama, His tender heart was broken and He wept. His tears were not for Himself, but for the people who had rejected Him.

He is told that the word used "weeping here does not mean merely . . . tears" but "rather the heaving of the bosom, and the sob and cry of a soul in agony" (Morgan).

That is how He feels about you who reject His authority today, for the city of Jerusalem represented the attitude of all unbelieving humanity. He loves you, sinner, and weeps over your rejection of Him; but just as He ultimately had to reject the city because it rejected Him, He will have to condemn you in your sin if you continue to reject Him. Why do it?

His Authority Asserted (vv. 45, 46). The act of Jesus in cleansing the temple was very bold, for He held no position in the temple and He had no police powers. Only a man with a disordered mind or in a frenzy of anger would assume such authority if it did not belong to Him. This means that Jesus acting as He did here, quietly, deliberately, and intelligently, was declaring by His deed that the One whose authority is above and back of all human authority had come to cleanse His Father's house.

It is a striking scene. Let us see in it all the gracious majesty, power and authority of the Son of God, our Savior and Lord.

His Authority Accepted (vv. 47, 48). "The people were very attentive," or more effectively, as in the revised Version, they "all hung upon Him." How remarkable it is that "the common people heard Him gladly" (Mark 12:37), while the learned leaders, both in religious and political circles, hated and rejected Him.

That situation has continued throughout the centuries. Let us not be disturbed or confused by the fact that so many "leading" men and women (think God, not all of them, by any means) reject or question the claims of Christ. It is the very thing we ought to expect.

Young people, be not at all disturbed by that supposedly conservative statement, "scholarship is agreed, for usually it proves to be wrong. Don't be surprised if some leading novelist, or tycoon of the business world, is not a follower of Christ.

Meet Jesus yourself and you will learn to love Him and want to serve Him. Get the balanced judgment of "the common people" who have really met the Lord, and you will find the right way—God's way.

IV. Authority Defended (22:1-3). Humbly speaking, the priests and scribes were right when they challenged Christ. He had no official position which justified His acts and His words. But note carefully that the very fact that He, in return for their "Tell us," replied, "Tell me," indicates that the human authority which had a right to challenge others or human authority had now met the One who is "the head of all principality and power." He had a supreme right to say, "Before I answer you, tell me."

We are apt to regard the answer of Jesus to their question as a skillful evasion of a difficult situation; but it was far more than that. If He had replied honestly to His question regarding John, and admitted that His authority was from heaven, Jesus would probably have said, "Then what did he say of me?" and the statement of John that he was not worthy to loose the latchet of His shoes, of His prophecy of the judgment to come, of the baptism of fire (see Luke 3:16-17), of the day when John called Him "the Lamb of God, which taketh away the sin of the world" (John 1:29).

Here was proof concerning His authority, but they did not dare to ask for it because they did not want it. You too, reader, if you have questions regarding the claim of Christ to authority over your life may have a satisfying answer, but only if you honestly want it and will receive it with open mind and heart.

Household News By Eleanor Howe

WONT YOU COME FOR TEA?

tidbits for tea tables. A visiting celebrity comes to town, there is a new bride to be entertained. For these and many other occasions, an afternoon provides just the right touch of sociability.

You can be on the committee in charge and still have as much fun as the guest of honor if you make your plans carefully. Plan to make only enough tea for 12 teacup servings at one time, and repeat the process as fresh tea is needed.

A large saucen pan works like a charm for such teaking. Tie 6 tablespoons of tea loosely in 2 thicknesses of cheesecloth. Place the bag in the saucen pan and pour 2 quarts of vigorously boiling water over it. Cover and let stand for just 5 minutes over a very low heat. Then pour the tea immediately into a teapot which has been rinsed with scalding water. The tea bag can be removed and the remainder of the tea kept over hot until it is needed.

If it is part of your job to buy the tea accompaniments—the sugar, lemon and cream—remember that there are about 50 tablets of sugar in a 1-pound box and that you should count on 2 per serving. Allow 2 tablespoons of coffee cream per serving—a pint and a half of cream will be more than sufficient for 25 persons. Allow also 1 slice of lemon per serving. A large lemon makes about 10 slices, 1/4 inch thick.

Then, should you be asked to bring two or three kinds of cookies or several dozen midget tea cakes, here are recipes that will make your tea contribution outstanding. There are fruit cake fingers rolled in chopped almonds and toasted in the oven, a simple-to-make tidbit that has a special affinity for hot, clear tea served with lemon. The small almond finger biscuits have pale beige frosting with orange and are fragile even for a bride's tea. Amusing as can be are the Swedish nut wafers, which are baked on the bottom of bread pans, cut into strips and molded over a rolling pin into crisp semi-circles.

Fruit Tea Fingers. (Makes 16 fingers) Fruit cake 1/4 cup condensed milk 1/4 cup almonds (finely chopped) Cut fruit cake into 16 fingers about 2 1/2 inches long, 1/4 inch wide and 1/4 inch thick, or cut into 1-inch squares. Spread each finger with condensed milk on all sides and roll in chopped almonds. Place in a 2-quart heat-resistant glass utility dish and bake in a moderately hot oven (375 degrees Fahrenheit) for about 30 minutes or until lightly browned.

Swedish Nut Wafers. (Makes 8 dozen wafers) 1/4 cup shortening 1/4 cup sugar 1 egg (well-beaten) 1 1/2 cups flour (all-purpose) 1/4 teaspoon salt 1 tablespoon baking powder 2 tablespoons milk 1 teaspoon vanilla 1/2 cup chopped nut meats. Cream shortening until soft, then add sugar gradually, creaming until light and fluffy. Add egg and combine thoroughly. Add flour gradually, then add salt and baking powder and mix again. Add milk to the creamed ingredients, then flour and vanilla. Spread a part of the batter in a very thin even layer over the bottom of a bread pan, using a small spatula. Sprinkle with nut meats and mark into strips 1/4 inches wide by 1/4 inches long. Bake, one pan at a time, in a moderately slow oven (325 degrees Fahrenheit) for about 15 minutes. Cut into strips, loosen strips from bottom of pan with spatula, and shape each one over the rolling pin. If strips become too brittle to shape, return them to oven to reheat and soften.

Almond Finger Biscuits. (Makes 2 dozen) 1 1/4 cups cake flour 1/4 teaspoon cream of tartar 1/4 teaspoon soda 1/4 teaspoon salt 1/2 cup butter 1 egg (separated) 1 tablespoon warm water 1/4 cup almonds (finely chopped) 1/4 teaspoon vanilla 1/4 cup confectioner's sugar Sift flour once before measuring. Add soda, salt, and cream of tartar and sift together. Cream butter until soft, add sugar gradually, then add egg yolk beaten with warm water. Add flour to creamed ingredients and combine well. Chill dough in refrigerator for about 1 hour. Roll stiff dough out 1/4 inch thick on lightly floured board or pastry canvas. Add vanilla to egg white, then beat in confectioner's sugar (use rotary beater) gradually until the icing is smooth and the proper consistency. Spread spread frosting over dough and sprinkle surface with almonds. Cut dough into strips 1/4 inch wide and 1/2 inches long, then place carefully on lightly greased baking sheet. Bake in a moderate oven (325 degrees Fahrenheit) until they are a light brown color, about 10 minutes.

They Tea Cakes. (88 3-inch cakes) 4 1/2 cups cake flour 6 tablespoons baking powder 1 teaspoon salt 1 cup butter or other shortening 2 1/2 cups sugar 5 eggs (separated) 1 1/2 cups milk 2 teaspoons vanilla Sift flour once before measuring. Add baking powder and salt and sift together. Cream butter until soft, add sugar gradually, creaming until the mixture is light and fluffy. Add the dry ingredients to creamed mixture in thirds, alternating with milk, beating until smooth after each addition. Add vanilla. Beat egg whites until they are stiff but will still flow from an inverted bowl, and fold them lightly into the cake batter. Drop the batter from a dessert spoon into oiled muffin tins about 2 inches in diameter. Bake in a moderate oven (350 degrees Fahrenheit) for 30 minutes. Cool and ice with your favorite icing.

Pecan Crescents. (Makes 20 crescents) 1/2 cup butter 3 tablespoons powdered sugar 1 cup flour (all-purpose) 1 cup pecans (finely chopped) 1/4 teaspoon vanilla Cream butter, add sugar and blend well. Add flour gradually and mix thoroughly. Stir in nut meats. Shape into small rolls, about the size of a finger, then form into crescents. Place on a greased baking sheet and bake in a moderate oven (350 degrees Fahrenheit) for approximately 20 minutes. Roll in powdered sugar while warm.

Meringue Bars. (Makes 40 1 1/2-inch squares) 1/4 cup shortening 1 cup sugar 2 egg yolks (well-beaten) 1 teaspoon vanilla 1/2 cup cake flour 1 teaspoon baking powder 1/4 teaspoon salt 1 cup jam Cream shortening and add sugar gradually. Beat in egg yolks and vanilla. Sift flour once before measuring, then add baking powder and salt and mix again. Add flour to creamed ingredients, then flour and vanilla. Spread a part of the batter in a very thin even layer over the bottom of a bread pan, using a small spatula. Sprinkle with nut meats and mark into strips 1/4 inches wide by 1/4 inches long. Bake, one pan at a time, in a moderately slow oven (325 degrees Fahrenheit) for about 15 minutes. Cut into strips, loosen strips from bottom of pan with spatula, and shape each one over the rolling pin. If strips become too brittle to shape, return them to oven to reheat and soften.

Some of the "munching" of scenes from different pictures is remarkable. One instance covers a mine disaster, the first part of which was taken from the Miller's "Bygone Days" produced in 1929, and the second part from a news reel shot of an actual event, taken in 1927.

This is a stirring document, as well as a great human one, far more important than a mere motion picture. The producers receive no revenue from "Land of Liberty"—total receipts beyond cost of distribution will be devoted to emergency welfare work.

Stage Screen Radio By Virginia Vane

(Released by Western Newspaper Union.) AT LAST moviedom's favorite word, "colossal," can really be applied to a motion picture, "Land of Liberty."

It was more than a quarter century in the making, cost incalculable millions, and boasts a cast of more than 30,000, headed by dozens of top-flight stars.

Cecil De Mille assembled it. It's an all-industry picture. It was assembled from scenes of 112 feature pictures, dozens of news reels, shorts and documentary films, dating from the present day back before "The Birth of a Nation."

Spectacles include practically every great moment in our history, from the battles of Bunker Hill and Lexington, of the Alamo and Gettysburg, to the beginning of World War No. 2.

TIPS to Gardeners NEW SWEET PEAS A NEW, more vigorous, longer-blooming, heat-resistant sweet pea family has been introduced to the gardening world. It is the spring flowering sweet pea. Because of their newness, spring flowering sweet peas are as yet available in only seven colors. Three All-American prize-winners were introduced last year: Rose pink, blue, and lavender. The new ones this year are white, clear pink, light lavender, and mauve. The new sweet peas are grown just like other types now in general use. They may be planted outdoors as soon as the soil can be worked. For best results the soil should be spaded to a depth of 18 inches, and the lower 12 inches mixed with fertilizer, preferably well-rotted manure. The trench should then be filled with the soil-fertilizer mixture to within six inches of the top, and the seed planted one inch deep in this shallow trench. After vines are well established they should be watered thoroughly once every five to seven days, and the flowers picked regularly.

Stirling Hayden is headed straight for the top, if Paramount executives know anything about what makes a movie star. He's slated for a top role in "Dillie Cay," opposite Dorothy Lamour; he'll play the rich young owner of an island in the North American who's regaled by his over-sea's daughter. And a year ago Hayden never dreamed of having a movie career.

Greer Garson stars her second year in pictures in the country with a new Metro-Goldwyn-Mayer contract and the outstanding role of her career. In "Blossoms in the Dust" we'll see the full beauty of her red hair and green eyes. The picture is based on incidents in the life of Mrs. Edna Gladney, famous Texas humanitarian who has devoted her life to child welfare.
