PAMPA TOPICS OF OUR CITY

Twinkles

With Hamilton salted away, the "public enemies" might be described as congress, the legislature, Roosevelt (to the GOP), the dust-storms, and to Skippy, the family pup, strychnine.

As we understand it, the theme of the Lions minstrel will be "Tis Springs"—if it doesn't snow.

A little learning is a dangerous thing, but we notice that most of our high school graduates are harmless.

This columnist must watch his 's and cross his 's, the high school editors are coming here for a meeting soon.

The Hamlin trial evidently aspires to surpass the Hauptmann case in wordage and witiveness.

Musing of the moment: More credulous than analytical, as is to be expected of young folk, the college and high school students are quite reliably said to be leaning toward socialism at this time. The TVA, for instance has appealed to them and the AAA directors have taken the propaganda route to win adherents in schools and among the beneficiaries of the act. Private interests have long sought to inject subtle propaganda into text books and "source" material used in schools. At the same time, many of the teachers we know are trying to get away from "indoctrination" and to encourage students to gather first hand information on today's problems.

Brevitorials

TURNING THROUGH the day's Mail: Comes a review of "The Case for Manchukuo," a book evidently written to give Japan's side of the controversy. The author, George Bronson Rae, American newspaper man, says that Manchukuo is doing exactly what Texas did when she broke loose from Mexico and that Japan, if she should annex her, which is by no means certain, would be doing only what Teddy Roosevelt did at Panama. The Japanese, we have long known, admired the earlier Roosevelt.

THERE ARE many European problems which would be solved by a U. S.-Japanese war. There are many agencies which suggest constantly the possibility of such a war. Prejudice against Japan is said to be stronger in this country than is Japanese prejudice against America. Think that over. A research bureau cites that there were 36,000 "automobile murders" in the United States last year. It adds that our traffic regulations are a mess and that some cities use as many as three different types of stop-signals. Nebraska is said to be a debt-less, bond-less state without a sales tax. ELY DECLARES GAPS TO BE CLOSED FIRST

COMMISSIONER CHEERS DELEGATION WITH STATEMENT

Gaps in present highways will be closed by the state highway commission, then that body will be ready to act on the proposed north road across the Canadian river, it was stated by Commissioner W. R. Ely to road delegations from Pampa, Miami, and Perryton at Abilene Saturday.

Mr. Ely ranked the Pampa-Borger highway as one of the first projects to be completed, followed by finishing of highway 152 east to the Oklahoma line. Both of these roads are much desired locally and generally over the territory. The commissioner also expressed desire to pave the Borger road on to Dumas. He said the state might take over the Pampa-McLean paving for maintenance.

These projects are expected to be speeded by the federal appropriation of \$30,740,000 to be sent to Texas for road building. Mr. Ely spoke very favorably concerning the road across the Canadian river and said it would be considered in due time. The federal appropriation of this road and bridge.

Another federal appropriation of \$16,713,000 for elimination of highway crossing may make a Cuyler street underpass possible. The Ely project will push this project with the support of Mr. Ely.

The commissioner said that roads north of the river also included gaps which must be closed. The Pampa delegation was composed of M. A. Graham, B. W. Rose, and George Briggs. From Miami went County Judge J. A. Mead and Commissioner Maddox. Perryton was represented by Dave Shanks and W. B. LaMaster.

The local men transacted business in Fort Worth before returning.

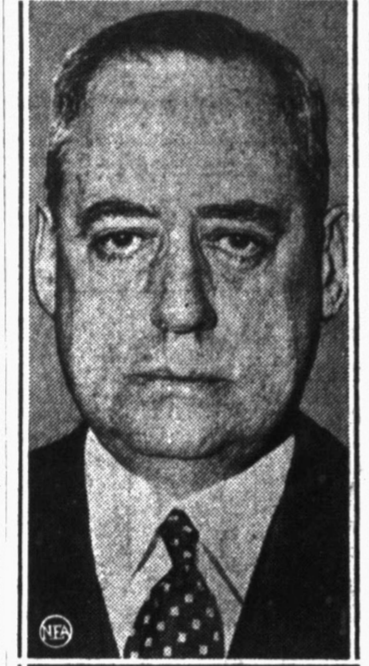

Four-Year Old Boy Is Still Missing

CHICAGO, April 9 (AP)—With one suspect jailed, police today cling to their belief Richard Max Perrott, 4 years old, who disappeared last Tuesday, is still alive and pressed their search for a moron they believed to be holding the child captive.

Joseph B. Bothe, 45, of Chicago, a former inmate of the Elgin, Ill., state hospital for the insane, was arrested and closely questioned. Police took him into custody when they noted he resembled descriptions of the tall, thin man whom witnesses said they saw with Richard on the day the boy disappeared.

The witnesses, however, could not identify Bothe, and he denied ever having seen the boy.

WYNNE, HOBART TO OPEN GAME ON WEDNESDAY

Baseball Season To Be Ushered In With Pomp

Pomp and ceremony will usher in the 1935 baseball season here Thursday afternoon at 4 o'clock when the Pampa Road Runners meet a team composed of members of the Pampa Lions club, Kiwanis club and Rotary club. Admission will be 40 cents, with proceeds going to the crippled and underprivileged children's funds of the clubs.

This week, being National Baseball week, will see the opening of baseball seasons in many sections of the country. The first ball here will be pitched by J. S. Wynne, long-time Gray county resident. Behind the bat will be T. D. Hobart, another Panhandle pioneer. The batter will be Pampa's oldest citizen, J. T. Crawford. Rusty Cahill will call the balls and strikes with Fred Lassiter performing on the bases.

The clubmen have been working diligently the last few days and are in excellent condition. Manager W. A. Bratton admits that his team played a practice game of seven innings recently. His boys went the distance without making an error and his double play combination of Mitchell to Houston to Johnson made three double killings.

Manager Bratton will be out of the city for the game but he has turned the team over to Dr. H. H. Hicks. Manager Bratton announced this morning that he would recommend that Lee Daney start the game on the mound for his nine, with Bill Hardin taking the second three innings and Joe Berry finishing the game. Tank Horton will be behind the bat.

Either Carl Stewart or George Bulla will get the call to hurl for the Road Runners. Lyle will be on the receiving end.

Starting lineups for the game will be: Clubmen—Dr. R. M. Johnson, 1b; Roy Bourland, 2b; Odus Mitchell, ss; W. B. Weathered, 3b; Dr. H. H. Hicks, lf; L. L. Sone, cf; Jack Goldston, rf; Tank Horton, c; Lee Daney, p.

Road Runners—Lefly Cox 1b; Aaron Ward, 2b; Al Summers, 3b; Ben McLary, ss; Sam Scaling, lf; Grover Seltz, cf; Dallas Patton, rf; Floyd Lyle, c; Carl Stewart, p.

Clubmen substitutes will be Bill Hardin, Joe Berry, Harry Kelley, Travis Lively, R. L. Bowden, Phillip Pond, Clyde Fatheree, Jack Dunn, R. A. Selby, Ernie Voss, H. D. Keys, M. D. Oden, and Lynn Boyd.

Road Runner substitutes will be George Bulla, Don Bailey and Earl Robb.

CUYLER WILL HAVE PARKING LINES PAINTED

A. B. JOHNSON NAMED NEW TRAFFIC OFFICER

Parking lines will be painted on Cuyler street from Atchison avenue to Francis avenue, the City decided last night. Motorists parking over the lines instead of between them will be "ticked." The move is expected to eliminate roadside parking, which lessens the number of cars which can be placed.

Another white line will be painted down the middle of the street to keep two-way traffic in its proper lane.

A. B. Johnson, recent employe of the gas company and formerly a member of the riot squad of the Kansas City police department for three years, has been made traffic officer. J. R. McKinley, who up to today combined the duties with those of utility inspector, will now give his time to the latter department, where he is expected to do.

The commission voted to buy one hundred more water meters. Pampa is growing steadily. There were thirteen new water connections last month, and several replacements.

An electrical examining board composed of Clyde Ives, Robert Burns, J. R. McKinley, C. L. White, and R. A. Hankhouse was appointed. The city-wide clean-up continues with 29 men and ten trucks hauling tons of trash from alleys. The force will complete their work north of the tracks by tomorrow noon. The men will be under order issued today. While some complaints have been received because of the mandatory character of garbage removal, the compliments have outnumbered complaints at least 10 to 1, members of the commission said.

Relief Clients Can Be Jailed For Falsifying

Power to administer oaths or affirmations relative to the discharge of their duties as workers for relief clients of the Texas Relief Board has been given case workers, and clients testifying falsely are subject to arrest and confinement in the penitentiary of not less than two years nor more than five years, Mrs. W. H. Davis, Gray county administrator, has had occasion to point out to relief clients in this county it does not mean that the practice will be tolerated.

The law regarding the giving of untrue information reads: "Section 36. The Board of Control, as such members of the Texas Relief commission, the director appointed, shall have the power to administer oaths of affirmations relative to the discharge of their duties, and in an inquiry relative thereto, and any person testifying falsely before such board of control, or such director, or assistant director, shall be subject to the pains and penalties prescribed in the penal code of the state for false swearing. No person or family shall receive any relief either in street or work, unless and until such person or the head of such family shall have subscribed a statement under oath duly administered by some person authorized to administer oaths under the laws of this State or by any officer or member of the State Board of Control or any county relief board, and all such officers and case workers are hereby authorized to administer such oaths and are required and it is made their duty to administer such oaths free of charge, on such forms as may be prescribed by the State Board of Control, setting forth the conditions and circumstances which entitle such person and/or family to such relief or work relief, and any person knowingly making any false statement under oath, as above provided, shall be deemed guilty of a felony, and upon conviction shall be punished by confinement in the penitentiary not less than two (2) years or more than five (5) years."

Witnesses Say Hamlin Is Sane

AMARILLO, April 9 (AP)—The state ended its rebuttal testimony today in the murder trial of George S. Hamlin after four witnesses had testified that he believed the defendant to be of sound mind.

Hamlin, pensioned Oakland, Calif., fireman, is charged with murder for the hammer slaying of his wife in their "honeymoon home" here last January 4.

Dr. R. D. Gist, testified that in his opinion the defendant was sane. In resting its testimony the prosecution reserved the right to present two more physicians at a later time.

Jimmy Pryor, Amarillo lumber dealer, told of instances when the defendant saved money by using good judgment in business deals.

Mrs. Jessie Short and Mrs. Daisy Polly testified that they had played bridge with the Hamlins and had noticed nothing unusual in the defendant's actions.

Public Invited To Mock Trial

Initiation of 24 students to the Pampa chapter, National Scholarship Society, will be conducted in a program open to the public in the district court room this evening. The initiates members of senior and junior classes, will face "trial" to determine their fitness for membership.

School officials and Pampa citizens will form the jury in the mock trial, which will be conducted by present members of the honor society. The new members were named last month by a committee of faculty members, Scholarship, leadership, character, and service are the four points which determine admission to the society.

FATHER SOUGHT AFTER WHIPPING BABY DAUGHTER

Girl Beaten Because She Could Not Spell

WASHINGTON, April 9 (AP)—A search for Robert Green, unemployed bricklayer of Ardmore, Md., after officers were informed that he had beaten his small daughter into unconsciousness because she would not spell "patty."

The child, Norma Jean Green, who will be three years old tomorrow, is in a hospital here, her body covered with welts and bruises and one arm in a sling.

Officers said the 27-year-old father once served a term in Lorton reformatory.

Norma Jean's young mother, who ran to the home of a neighbor yesterday to summon help, said her husband had whipped the child with a heavy belt Sunday "until she seemed to stop breathing." She said the little girl was beaten again yesterday and that she was prevented from going for a physician until her husband left the house late in the day.

Norma Jean can spell "patty" perfectly well, her mother told vicarious police officers, but she said the father frightens her so that she can not remember.

Searchers reported that Green apparently returned home last night but left immediately when he found his family missing.

At the hospital the child was comforted with a worn doll and promised a magnificent new one, with a blanket and lots of dresses for it, on her birthday.

Barbecue To Be Given For API

A barbecue for oil men at the American Petroleum Institute's convention which will begin tomorrow morning in Amarillo will be held tomorrow afternoon at 5 o'clock at Jack Hall's ranch. It was announced here today. The barbecue will be cooked by John Snider, famed barbecue cook, and furnished by Jay Taylor and the Halliburton oil cementing company.

After the banquet at the Herring hotel tomorrow night, the Petroleum Follies may be seen at the city auditorium, beginning at 9 o'clock. The banquet will begin at 6:30 p. m. Hundreds of men connected with the division of production will attend the convention tomorrow and the next day.

SCHOOL MARBLE CHAMPIONS ARE BEING CERTIFIED HERE

Hail the marble champions! They are being named by the ward schools of the Pampa independent district and will be eligible to enter the Pampa Daily NEWS tournament. The date of the tournament will be set after all school champions are certified to this newspaper.

The first champions to be certified were those of Woodrow Wilson school, where Lyle Ruckman was director of eliminations. Harold Sapp won the title for boys under 10 years of age and Warren Morris the title for boys over 10.

TEN RAILWAY HANDS KILLED IN COLLISION

BODIES FLUNG INTO A RAVINE BESIDE TRACKS

SACRAMENTO, April 9 (AP)—Ten railway section hands, working late to repair damage caused by record-breaking rains, were killed last night in a railroad accident near Roseville, Calif.

The accident, which occurred when the workers' light railway motor car crashed head-on into a Southern Pacific gravel train, was the worst of several which have accompanied heavy rain storms over the state in the past three days.

Nine other persons have lost their lives through drowning, and untold damage has been caused by high waters.

The victims of the accident were killed instantly and their bodies flung into a 60-foot ravine by the side of the tracks. An eleventh worker was possibly fatally injured, while three others escaped with minor hurts.

Nine of the dead were found immediately and identified at the Roseville morgue as: F. Jimenez, A. Caballero, A. Hernandez, Jose Vargas, E. Riquelme, B. Hernandez, Steve Phakis, Louis Apostolik, and Sam Darras, all of Roseville. Rescuers found the body of Pete Penites in the ravine later. Attendants at the railroad hospital at Roseville said Tony Espinoza was dying.

Threats of more serious flood hazards were believed averted today with the passing of the peak of the storm and the prospective return of clearing weather.

Homes, farms, crops, stores, highways and railroads all suffered from the effects of the storm in many sections of California, notably in the Sacramento and San Joaquin valleys.

Records of half a century standing in Sacramento and of 22 years at Los Angeles were shattered by the rains that pushed the seasonal total throughout the state above the normal and far above precipitation in recent years.

Valley rivers were choked with the runoff, from the Sierra Nevada, overflowing over thousands of acres of lowlands and into towns.

Tributaries of the Sacramento river created the chief hazard, pushing it up within inches of flood stage at Sacramento. The river dropped slightly to 28 1/2 feet last night, but reclamation engineers feared it might rise again today.

The Feather river, one of its feeders, passed flood stage north of Sacramento last night, and in its rush swept away a mile of Southern Pacific tracks on the Marysville Branch line.

Rising waters drove many persons from their homes. One hundred were driven from river camps at Marysville. Merced was from three to five feet deep in water in the business district and parts of its residential sections when the Bear creek overflowed there last night.

Merced hotels were jammed by persons quitting their flooded homes. Damage was estimated at around \$100,000 in that city.

Puiga, a town in the mountain area, was almost completely isolated by blocked highways. Impeded transportation caused the closing of many valley schools.

New PWA Agency to Be Created In States

WASHINGTON, April 9 (AP)—Carving a sternly worded provision for taxing away all excessive war earnings, the McSwain anti-war profits bill was passed today by the house and sent to the senate. The vote on final passage was 367 to 15.

Just before passage, the house, by a 305 to 183 vote, eliminated a section permitting conscription of manpower in wartime.

The bill would give the president broad powers to commandeer the nation's money, public services and industrial and material resources to prosecute war.

To prevent uncontrolled price booms rising out of heavy wartime demands, the measure would place a ceiling over all prices upon declaration of war.

The house voted "that upon the declaration of war there shall be imposed a tax of 100 per cent on all excess war profits that may be earned during said period of war."

On this, the senate was expected by some house members to attempt to hang a specific tax schedule, so drastic as to restrict corporations' war earnings to 3 per cent of their investment and individual incomes to around the \$8,000 limit of a major general.

The three per cent limit was opposed by a war department spokesman earlier in the day before the senate munitions committee.

It was generally expected that considerably difficulty would be encountered in reconciling all the differences.

The McSwain bill and the one approved by the munitions committee differ in many respects.

The house had voted to send the bill back to committee to eliminate the conscription provision. The committee, on the floor, instantly did so, and passage came in a few minutes.

WASHINGTON, April 9 (AP)—Secretary Ickes said today a new decentralized public works administration would be created in the states to speed new projects and coordinate them with other parts of the \$4,000,000,000 work program.

His statement at a press conference conformed with other official assurances that greater "home rule" will be sought to accelerate spending the work fund and transferring 3,500,000 jobs from direct to work relief.

Ickes said he plans to set up legal, financial and engineering divisions "in miniature" in the state "so they can pass on the projects and send them in here."

He added that the new organization, which he said could be set up "immediately," would cooperate with state planning councils in the program.

Ickes said that "so far as possible labor on projects ought to be on relief rolls."

Howells' Ship Cracks Up; Pai Escapes Inj

Yesterday's tricky wind was bed for the crash of the H Brothers monoplane in the Kite orchard 3 miles northwest Pampa about 5 o'clock yesterday. The plane was damaged, but two occupants escaped injury.

With Bert Howell at the controls and his brother V. Howell II passenger cockpit, the plane being flown back from Brecken where the two brothers had been visiting friends.

The ship was being maneuvered into the wind for a landing large field, used as a landing in training students, when the suddenly changed, causing the plane to crash into an orchard. It downed two trees and then overed as it gained the open.

The propeller was smashed, motor damaged, and the wing tail fabric torn.

SENATE VIEW ON MONOPOLY IS EXPRESSED

UTILITY BILLS BEING 'SCUTTLED,' SAYS SENATOR

AUSTIN, April 9 (AP)—A majority of the Texas senate was recorded today against submission of prohibition repeal with establishment of a state monopoly as an alternative question.

A motion to concur in house amendments to a senate repeal resolution providing that form of submission was tabled, 15 to 12 with one pair. The bloc favoring a monopoly immediately began an attempt to instruct a conference committee to revise the submission proposal to prohibit the return of the open saloon.

Predictions voters would reject prohibition repeal without a constitutional guaranty against return of saloons were made as the senate rejected the house plan. Previously it had approved a plan to prohibit sale in broken packages for consumption on premises, with the legislature given optional authority to establish a state monopoly.

Senator Tom DeBerry of Bogata proposed the instruction "to forever bar open saloons from this state," while Senator T. J. Holbrook of Galveston countered with a substitute to empower the legislature to enact laws to prohibit saloons.

The penitentiaries committee of the house voted a favorable report to a resolution providing for a special committee to investigate charges of brutality to convicts on state prison farms.

Only one vote was made against the resolution. House action would be necessary to authorize the committee to begin work. The inquiry would be made by five representatives.

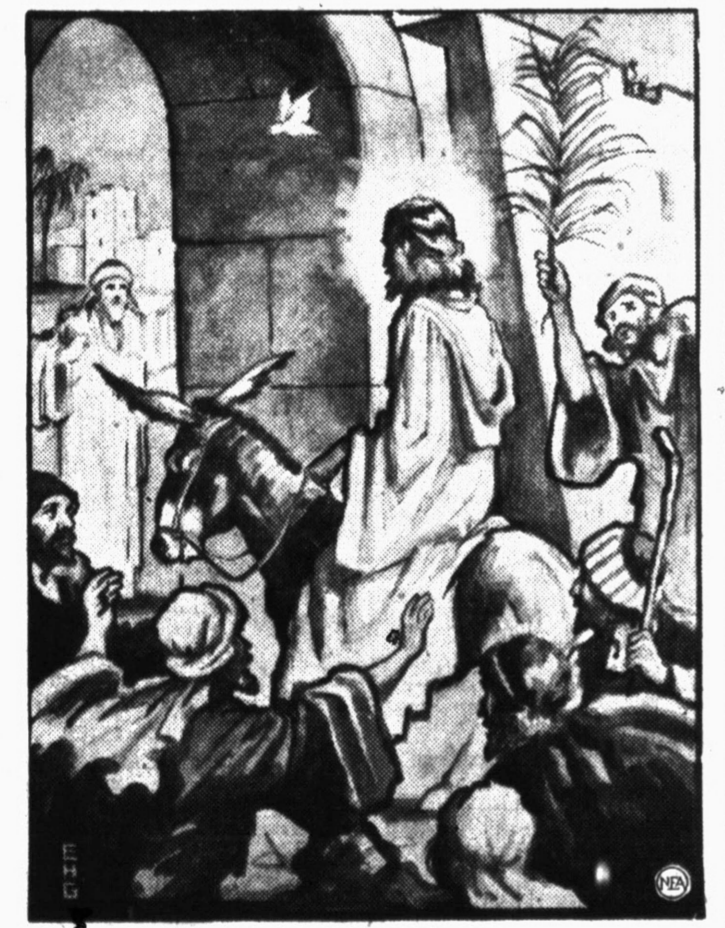

Friends of Lee Simmons, prison system manager, said he would welcome an inquiry into allegations the convicts were so brutally treated on the Retrieve farm that they maimed themselves. Simmons has denied the allegations of brutality and said the convicts mutilated themselves to escape work.

Committeemen agreed an impartial inquiry should be made to prove the truth or falsity of the charges.

AUSTIN, April 9 (AP)—Charges that public utility regulatory legislation would be made by five representatives.

The STORY of EASTER

On the first day of the week of His passion—known as Palm Sunday—Jesus, with his disciples, left Bethany for Jerusalem. Nearing its gates the Lord dispatched two of His disciples to bring Him an ass and her colt on which, to fulfill an ancient prophecy, the Messiah was to enter the Holy City. As the procession drew near His destination, the adoring multitude strewed the Lord's path with their garments and with palm branches, shouting: "Hosanna to the Son of David! Blessed be the King who cometh in the name of the Lord; Hosanna in the highest!" When a turn in the road revealed the city in all its splendor, the psalm of triumph grew louder; but Jesus, envisioning the awful fate of Jerusalem and its inhabitants, wept. Later, while Jesus was being led to the Temple, Pharisees witnessed with impotent rage the greatest of miracles. After a short visit to the Temple, the Lord and His apostles returned to Bethany to spend the night.

Hamilton Would Return To 'Haunt' His Prosecutors

HE AND PALMER WILL 'GO DOWN' TOGETHER ON MAY 10

HUNTSVILLE, April 9 (AP)—Raymond Hamilton, who flitted about the country in a mysterious manner during the nine months he was a fugitive from the death house, threatened to return after his trip to the electric chair.

He was sentenced for the murder of Major Crowson, a prison guard slain in a penitentiary break. Hamilton directed the threat at District Attorney Max Rogers, who secured the desperado's conviction in his trial for murder.

Stuffy Head

Just a few drops up each nostril. Quickly, breathing again becomes clear!

Hamilton thanked Judge Dean for fixing date of their execution at the same time.

coming his former trial here. "You were convicted as a participant in the murder of Major Crowson," the judge said.

He pointed the charge at Judge Dean, Rogers and Prison System Manager L. S. Simmons.

Hamilton escaped from cell No. 7 once, but prison officials said that could not happen again.

High dignitaries of the government directed their steps toward the old warrior's Bavarian retreat, an hour's drive from Munich, to felicitate him on his 70th birthday anniversary.

FUNERAL FOR ADOLPH OCHS IS WEDNESDAY

PUBLISHER OF TIMES OF NEW YORK DIES SUDDENLY

CHATTANOOGA, Tenn., April 9 (AP)—Services for Adolph Ochs, publisher of the New York Times, will be held here tomorrow in the Julius and Bertha Ochs Memorial temple which the publisher erected in honor of his parents.

Mr. Ochs died of a cerebral hemorrhage yesterday at the age of 77.

BAPTIST CIRCLES MEET TOGETHER TO HEAR EVANGELIST

SERMON LAST EVENING GIVEN TO BIG CROWD

SUBJECT FOR TONIGHT IS ANNOUNCED; ALL INVITED

Addressed by Rev. H. R. Whatley of Haskell, who is conducting a revival at First Baptist church this week, about 80 women of the Missionary union met at the church yesterday.

Things That Excel, was the subject of the address. Afterward, the five circles held brief business meetings to make reports.

"Why Christians Fail" was the subject of the revival sermon of Rev. Whatley at the First Baptist church last night. "A wheat farmer does not stop planting wheat just because a crop fails; a child does not quit school because he fails; the oil man does not quit drilling wells because his first one was dry—religion is the only thing in the world in which a man gives up and quits if his first attempt is a failure," according to Rev. Whatley.

"Christians fail because they do not start right—do not empty the heart of sin; because they do not feed the soul the proper kind of food, because they do not use God's provided means to keep in touch with Him, because they become indifferent concerning church attendance, because they do not live a life of separation from the world," said Rev. Whatley.

A good response was secured in the song service led by C. O. Huber, accompanied by Mrs. Tom Rose at the piano. Services were well attended.

Tonight Rev. Whatley will speak to that class of people who say "We cannot hold out." This will be a message of information and encouragement to every non-church member, as well as to those who are already members of the church," he announced.

Five Circles Meet Yesterday for Lessons

Circuit riders who carried their message to scattered pioneer homes over "Old Gospel Trails," were studied by all five circles of Methodist Missionary society yesterday afternoon.

The subject for each program was Heroes of Faith. Topics discussed were: William McKendree Crosses the Appalachians, Tobias Gibson Enters the Mississippi Swamps, and The New Gospel Trail.

Mrs. F. W. Shotwell was hostess to circle one at her home. Mrs. Joe Shelton was program leader, and topics were presented by Mrs. J. M. Cash, Luther Pierson, and E. A. Baker. Mmes. Ethel Olsen and Christopher, guests, were present with 14 members.

Circle Three Circle three met at the home of Mrs. Roger McConnell with 20 members present. Mrs. H. F. Barnhart gave the opening prayer and Mrs. John Hodge the devotional from Hebrews 11:32-40. Mrs. N. P. Maddux was leader of the lesson.

She was assisted by Mrs. John Skelly and Mrs. Sherman White. Mrs. Maddux gave the closing prayer, then the hostess served dainty refreshments, assisted by Mmes. John Hesse, White, and Maddux.

Mrs. S. A. Hurst was hostess to circle four in the church parlors. Preceding the lesson, Mrs. Hurst, chairman of Christian social relations, spoke on industrial relations and how the church can aid unemployment.

Mrs. Chism Leader The devotional was by Mrs. Harry Nelson. Mrs. Ralph Chism, study leader, was assisted by Mmes. Carlton Nance, S. A. Barrow, Harry Nelson, and C. R. Nelson.

Refreshments were served to 16 members and a guest, Mrs. C. E. Hart.

Circle five met with Mrs. Ben Ward, with nine members, and a visitor, Mrs. Walter Vandever, present. Members attending for the study and social hour were Mmes. B. L. Robertson, A. McClendon, A. N. Rogers, Kit Autrey, C. W. Towles, Lance Webb, H. L. Wallace, J. E. Beard, and the hostess.

SLIM CHANCE REMAINS FOR SIMS TO WIN

Feet Beneath Table Cause Argument Of Players

By TOM HAGENBUCH Associated Press Staff Writer NEW YORK, April 9. (AP)—A lead of 14,640 points looked pretty big to the Ely Culbertsons today as they headed for the stretch in their 150-rubber bridge marathon with Mr. and Mrs. P. Hal Sims.

With only 38 rubbers to be played, ringside kidizers agreed that unless the Simses draw some phenomenal cards, their chances of overtaking the Culbertsons are slim.

The contestants crowded 17 rubbers into two sessions yesterday afternoon and last night, completing the 112th rubber of the match.

In the afternoon, the Culbertsons won five of eight rubbers and brought their lead up to 14,060 points. They won five of the nine rubbers last night, but added only 600 more points to their margin, principally because Sims' bid and made two small slams.

The playing last night was enlivened by a dispute between the two men over the bulky Sims' feet. Culbertson argued that Sims was crowding him under the table.

"He's spread-eagled me out of at least three rubbers," Culbertson asserted.

Sims contended it was Culbertson whose feet were in the way.

The upshot was that Culbertson drew a chalk line under the table and impudently Sims to keep his feet on his side of the line.

The dispute flared momentarily a short time later when Culbertson accused Sims of crossing the line. It subsided quickly, however, when Mrs. Culbertson told her husband it had been her feet he had encountered.

The Culbertsons now have won 62 rubbers to 50 for the Simses, with a total point score of 95,370 to 80,730.

A. A. U. W. Dinner To Have Visitor Here as Speaker

Members of the A. A. U. W., many of whom are business women who will be unable to attend the lecture sponsored by federated clubs this afternoon, will hear the lecturer, Mrs. Lelah House Stoker of St. Louis, at a dinner in Schneider hotel Thursday.

The regular meeting date is being advanced a week to secure Mrs. Stoker as a speaker during her visit here. She has traveled much in Europe, and will speak of her experiences abroad. The dinner is scheduled to start at 7:30.

Instruction Class To Meet Tomorrow

The instruction class for Presbyterian boys and girls of junior and intermediate age will have its weekly meeting tomorrow at 4:15 in the church annex.

Those who have attended previous sessions, and other boys and girls in the church are asked to come from school. They will be served a lunch, then the class will be conducted for an hour.

JUNIOR MINSTRELS ANNOUNCED FOR NEXT WEEK WITH CAST OF 75 STUDENTS OF JUNIOR HIGH

MARRIAGE OF DARLENE GUNN IS ANNOUNCED

Miami Girl To Live In Abilene After Wedding

MIAMI, April 9.—Mrs. C. A. Gunn has announced the marriage of her daughter, Darlene of Abilene, to Mr. J. T. King of that city. Miss Gunn was graduated from Miami high school last year and has been a popular member of the younger set. This last year she has been attending business college at Abilene. The couple will make their home there where the groom is associated with the Paramount theater.

The Baptist revival which started Friday evening, is progressing rapidly and large crowds are attending each service, at which Rev. Vernon Shaw of Dimmitt is doing the preaching.

Tom Cook of Amarillo was transacting business in Miami Monday.

Funeral services for Gilbert Walls were held at the Baptist church Sunday afternoon, with the pastor, Rev. Joe Wilson, in charge. Mr. Walls died of pneumonia in a Pampa hospital Saturday morning.

Chinese Fight Tuberculosis SHANGHAI (AP)—The first anti-tuberculosis association in China has been organized here and promised government cooperation in a fight against a scourge which annually takes 1,200,000 lives in China.

MUSIC AND BLACKFACE COMEDY WILL BE FEATURED

The junior minstrels will be staged in city hall auditorium next Tuesday evening at 8 o'clock, with 75 boys and girls from junior high school in the cast.

It will be a combination minstrel and musical show, patterned after modern musical shows except that every member of the cast will be a youngster from the school's glee clubs.

Eight high-stepping end men will sing such popular tunes as Fare Thee Well Annabelle, Gotta Go, and Love Stands By.

The opening chorus will be sung by the 50 young voices, male and female, that make up the white chorus. It will include the southern songs, It's An Old Southern Custom, Down South, and others, as well as popular tunes of yesterday such as Memories, and Driftwood.

Set in the "Harlem Nights Cafe," the second part of the program offers fun, music, and plenty of action. One feature will be the blues singing of Helen Arndt, as "That high brown gal from Geo'ga," singing Moon Country.

The production is under direction of Emmitt Smith and Miss Anne Louise Jones, and the public will be invited to see and hear the novel program.

B.P.W. Nominating Body To Be Named

Appointment of a nominating committee will be an important part of the business meeting of Business and Professional Women's club this evening at 7.

All members are asked to be present at the city club room at that hour.

THE "Laxative Question"

DOCTORS SETTLED IT, LONG AGO.

UNDER the doctor's care, or in the hospital, you would get a liquid laxative. And the liquid form is what you would use at home, if you knew what a doctor knows!

A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. *Reduced dosage is the secret of real and safe relief from constipation.*

The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less.

Once you have experienced this comfort you will never return to any form of help that can't be regulated to suit the need.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit—even with children. Its action is gentle, but sure. It will clear up a condition of biliousness or sluggishness without upset. You'll like its taste, and like its action. It's pleasant to take. *Don't sicken yourself with a violent cathartic.*

So try Syrup Pepsin. Take regulated doses until Nature restores regularity. Those who have made the liquid laxative know why most doctors favor a liquid laxative like Dr. Caldwell's Syrup Pepsin. Get a bottle today.

BE CAREFUL!
Any laxative makes you thirsty, affects your appetite, seems to burn, or requires larger doses than when you first began its use—change to a liquid laxative!

Road Runners Are To Meet Five Powerful Clubs Soon

Ponca City Angels to Play Here Next Sunday

The Road Runner baseball team will face five strong teams between Sunday and May 24, playing the five teams in seven games. Business Manager Harold Miller has matched the strong competition at the opening of the season to determine whether the Road Runners "can take it."

Other games will be played during that period, but only the seven games have been scheduled to date. The Road Runners are ready to meet Amarillo, Borger, or any other strong team in this section on their home lots.

The baseball season will be officially ushered in Thursday afternoon with an exhibition game between the Road Runners and a team of Civic Clubmen, using Road Runner batteries. Admission will be 40 cents with proceeds going to the crippled and underprivileged children's funds of the three clubs.

The Ponca City Angels, one of the last teams to meet the Road Runners last season, will be here for a single game Sunday afternoon. Game time will be 2:30 o'clock with admission 40 cents for men and 25 cents for women.

Ponca City will stop over en route home from Los Angeles, where they have been training. Ponca City is a Los Angeles farm. The team boasts some promising stars who are expected to give the Pampa team plenty of competition.

A team called the Old Timers, composed of nationally famous players of other years, will be here for a single game on the afternoon of April 21. The team trains in California and plays east every year. Players whose names are household words in the baseball world will be with the team.

The Road Runners will test the strength of the Colteco team in LeFors on April 23. Colteco has strengthened until they are considered one of the strongest teams in this section.

The mighty House of David team, the only baseball organization that has consistently defeated the Road Runners, will be here for two games on the nights of May 8 and May 10. Early reports indicate that the House of David bearded beauties will be stronger than last year. A new leftfielder and a couple of new pitchers have joined the team.

Another great baseball team will appear here on the nights of May 22 and May 24, when the La Junta baseball team of Mexico City, champions of Old Mexico, come to Pampa. The La Junta team defeated the Fort Worth Cats last fall, just after the Cats had lost a series to the Road Runners.

RESERVED SEATS AT LOCAL BALL PARK WILL BE SOLD IN COMMUNITY--500 AVAILABLE

Proceeds Will Be Used to Enlarge Park for Fine Games Now Scheduled.

Five hundred comfortable reserved seats in the grandstand at Road Runner park will be made available to the public this afternoon. The season tickets, good for all baseball games played during the 1935 season, including the Junior chamber of commerce baseball tournament, will be available at Pampa Drug No. 1 at \$2.50 each. Regular admission to games will be extra.

Road Runner officials have ordered backs for the seats, which will be as comfortable as the box seats. A few boxes, outside of the grandstand and where the dugouts were located last year, are still available at \$10 each, four seats to the box.

The dugouts have been moved further into the outfield. All grandstand boxes have been sold.

The 500 seats will be located in the center of the present grandstand. Additional seating space will be erected at each end of the present stand. When the work is completed, Road Runner park will have a seating capacity of approximately 2,500.

The reserve seat tickets are expected to sell in a hurry, and first there will be first served. The Road Runners open the season Sunday with the Ponca City Angels providing the opposition. Admission will be 40 cents for men and 25 cents for women.

The tickets will not be good Thursday afternoon when the Road Runners meet the clubmen in a charity game.

GENE SARAZEN WINS AUGUSTA GOLF TOURNEY

DEFEATS CRAIG WOOD BY FIVE STROKES IN PLAY-OFF

BY ALAN GOULD, Associated Press Sports Writer, AUGUSTA, Ga., April 9 (AP)—Gene Sarazen has found a new secret for golfing success, and for proof he can point today to his sensational triumph in the Augusta national golf club's second annual invitation tournament.

Gene attributes the recovery of winning form after a lapse of nearly two years to the fact that he has exchanged the social demands of city life and work travel for the tranquility of a farm in East Brookfield, Conn.

He has substituted the habit of rising early for the temptations of metropolitan night life.

He says he never felt in better conditions, and he confides his victory means the launching of another big season.

"I never hit the ball better in my life," said Sarazen. "I had some good luck, maybe more than my share, on that double eagle Sunday afternoon, but I feel more confident of my strokes than at any time since I won the British and American open championships in 1932."

"I'm going right back to the farm, to keep in shape. I'll be up with the roosters every morning from now on, running a mile before breakfast to improve my endurance."

Those who stayed to the finish of the battle of Augusta to see Sarazen conquer blonde Craig Wood of Deal, N. J., by five strokes in their 36-hole play-off, 144 to 149, are convinced Sarazen is right. In six rounds of tournament play he was six under par.

In practice beforehand he was 17 under par for four rounds. His shotmaking was machine-like in its accuracy and consistency.

His million to one shot, the duce on the par five 485-yard 15th hole Sunday, made it possible to tie Wood at 282 over the regulation distance.

The two-day scoring sensation, Henry Picard of Hershey, Pa., who led by four shots with 135 at the half-way mark, faded in the final drive where Olin Dutra blew out in 42 and then came back with a 32, the best nine holes of the tournament, to take third money with 284. Picard was fourth with 286, and Denny Shute fifth.

The professional fireworks overshadowed the fact that renowned Robert T. Jones Jr. not only failed to make a comeback in his second competitive attempt but finished lower than he did in the first battle of Augusta.

Jones was in a tie for twenty-fifth place with a 72-hole total of 297.

Judge believes that genius consists in being born without the common acquisitive instinct. I suppose he had James in mind.

"Of course he had. James hasn't the slightest trace of an acquisitive instinct, so James must be a genius. The Judge made up that theory to fit the case. If ever I saw a man besotted..."

Someone suggested here that they had better go on with their whist. They did. But the idea that James Stimson was an impractical, irresponsible dreamer when it came to making money or getting on in the world was lodged in the minds of the leaders of New Concord society, never to be entirely uprooted.

At the same time the most of them stick to it that James was uncommonly bright with a gift for oratory that might make him famous almost overnight.

Both assumptions were presumptuous. James' acquisitive instinct was perhaps a small part of him. He was nervous, half interested in money making as in other things, but he was no fool about money and was meticulously honorable about paying his bills and living within his income.

On the other hand he was no brighter. Probably that half a dozen of his young friends, his small gift of oratory was entirely undeveloped and he could only talk at all to more than half a dozen at a time when he was excited, angry, or wrought up.

But no matter. The good ladies of New Concord had come to a decision.

A little later Miss Julia made the remark to which all this has been preamble. "Well," said Miss Julia, absentmindedly turning her partner's king. "It seems to me there is just one thing we can do to help James amount to something and that is to find him a practical common sense wife."

As has been previously stated the members of the Thursday Whist club jumped in. It brought a new interest in their rather dull lives. They agreed that Miss Julia's idle remark was inspired.

BEAUMONT IS PICKED TO WIN TEXAS LEAGUE

SEASON WILL OPEN ON WEDNESDAY WITH FOUR GAMES

BY BILL PARKER, Associated Press Sports Writer.

When Texas league teams face the barrier Wednesday in the inaugural of the twenty-eighth pennant marathon, Manager "Dutch" Lorbeer's young Beaumont Exporters will be favored.

The consensus of sports writers established the Exporters not only to win the straight-through pennant but to win the Shaughnessy play-off between teams finishing in the first division.

Two night and two day games will start the campaign.

Six new managers will make Texas league debuts. They are: Byrnie James at Dallas, Ira Smith at Houston, Johnny Heving at Fort Worth, Jack Mealey at Galveston, Bert Niehoff at Oklahoma City and Art Griggs at Tulsa. The two hold-over pilots are Lorbeer at Beaumont and Henry Severoid at San Antonio.

Oklahoma City at Tulsa, day game, and here's what sports writers of these two cities think of the pennant scramble:

Bus Hamm, Daily Oklahoman: "I'll take scrappy, capable young Beaumont because Detroit can give the Exporters a world of help. San Antonio and Galveston have sold many of their 1934 stars and other clubs haven't looked so hot this spring."

Saulsbury, Oklahoma City Times: "I pick Beaumont, with Dallas and Houston putting up a fight. The return of Phillips and the best nucleus from last year's team is my reason for naming the Exporters."

B. A. Bridgewater, Tulsa World: "Beaumont has by far the most known strength of any club at this time—gilt-edged pitching, good catching, a great fence buster in Rudy York and several young players who figure to improve over last year's form. I consider Fort Worth the dark-horse and the one most likely to show startling improvement."

Gal Wood, Tulsa Tribune: "Beaumont seems to be the class of the league. Same lively hitting club of last year plus vastly improved pitching. Houston's help from Cardinals should lift the club, and Dallas looks improved. Tulsa should make first division for first time with an improved 7-man pitching staff and the elimination of a second base weakness that dogged the club last year."

San Antonio at Beaumont, day game.

Harold Scherwitz, San Antonio Light: "I can't even guess on race now. If Missions get players they hope for and Scherwitz continues to play as he has in spring training, it won't even be close. Otherwise Beaumont has a chance."

Ward Burris, in San Antonio Express: "This is not a prediction of what will occur in the Shaughnessy play-off. Beaumont has a youthful smart baseball club at the end of last season and for the most part the club is back. I look for the Exporters to take an early advantage and hold it."

Jack O'Brien in San Antonio News: "Picking winners in a baseball race before it even starts and without having seen any other club in action, to my mind is about as flat an occupation as a duck's snapper. Now as far as guessing is concerned, we might venture to say that

Beaumont, Dallas, and San Antonio will be in the thick of the fight at the finish."

Vin Burke, Beaumont Enterprise: "Beaumont has a hustling, young team and has an excellent chance to win. The team is tip-top now and there is promise of additional strength from Detroit if needed."

BAER CONSIDERS MANY RICH OFFERS TO FIGHT SCHMELING

BY HERBERT W. BARKER, Associated Press Sports Writer.

NEW YORK, April 9 (AP)—If even half the offers he has received for a title defense in recent weeks are bona fide, the depression is over for Max Baer.

The heavyweight champion and his partner, Ancl Hoffman, jointly are exercising their brains over a bewildering variety of propositions all of them promising rich returns. The list reads something like this:

1—A title fight under the auspices of Madison Square Garden in June, probably against Jimmy Braddock. This one is definite, for Baer is bound by contract for one title defense under the garden's promotion.

2—A title fight here in September for Mike Jacobs' Twentieth Century club with either Joe Louis, Detroit negro, or Primo Carnera in the other corner, depending upon which

of the two wins their June match.

3—A title fight in London, Rome or Vienna against Max Schmeling with Walter Rothenberg doing the promoting. Rothenberg mentions a guarantee of \$300,000 for the champion.

4—A title fight in London against Schmeling for a Blackpool syndicate (guarantee reported, \$290,000). Conceivably Baer, who needs the money, could accept three of these offers by fulfilling his contract with the Garden, then going to Europe to fight Schmeling in August and returning to this country in time to meet either Louis or Carnera. Whether he will accept any but the Garden's bout, of course, is just what everyone would like to know.

At the same time the most of them stick to it that James was uncommonly bright with a gift for oratory that might make him famous almost overnight.

Both assumptions were presumptuous. James' acquisitive instinct was perhaps a small part of him. He was nervous, half interested in money making as in other things, but he was no fool about money and was meticulously honorable about paying his bills and living within his income.

On the other hand he was no brighter. Probably that half a dozen of his young friends, his small gift of oratory was entirely undeveloped and he could only talk at all to more than half a dozen at a time when he was excited, angry, or wrought up.

But no matter. The good ladies of New Concord had come to a decision.

A little later Miss Julia made the remark to which all this has been preamble. "Well," said Miss Julia, absentmindedly turning her partner's king. "It seems to me there is just one thing we can do to help James amount to something and that is to find him a practical common sense wife."

As has been previously stated the members of the Thursday Whist club jumped in. It brought a new interest in their rather dull lives. They agreed that Miss Julia's idle remark was inspired.

BEAUMONT IS PICKED TO WIN TEXAS LEAGUE

BY BILL PARKER, Associated Press Sports Writer.

When Texas league teams face the barrier Wednesday in the inaugural of the twenty-eighth pennant marathon, Manager "Dutch" Lorbeer's young Beaumont Exporters will be favored.

The consensus of sports writers established the Exporters not only to win the straight-through pennant but to win the Shaughnessy play-off between teams finishing in the first division.

Two night and two day games will start the campaign.

Six new managers will make Texas league debuts. They are: Byrnie James at Dallas, Ira Smith at Houston, Johnny Heving at Fort Worth, Jack Mealey at Galveston, Bert Niehoff at Oklahoma City and Art Griggs at Tulsa. The two hold-over pilots are Lorbeer at Beaumont and Henry Severoid at San Antonio.

Oklahoma City at Tulsa, day game, and here's what sports writers of these two cities think of the pennant scramble:

Bus Hamm, Daily Oklahoman: "I'll take scrappy, capable young Beaumont because Detroit can give the Exporters a world of help. San Antonio and Galveston have sold many of their 1934 stars and other clubs haven't looked so hot this spring."

Saulsbury, Oklahoma City Times: "I pick Beaumont, with Dallas and Houston putting up a fight. The return of Phillips and the best nucleus from last year's team is my reason for naming the Exporters."

B. A. Bridgewater, Tulsa World: "Beaumont has by far the most known strength of any club at this time—gilt-edged pitching, good catching, a great fence buster in Rudy York and several young players who figure to improve over last year's form. I consider Fort Worth the dark-horse and the one most likely to show startling improvement."

Gal Wood, Tulsa Tribune: "Beaumont seems to be the class of the league. Same lively hitting club of last year plus vastly improved pitching. Houston's help from Cardinals should lift the club, and Dallas looks improved. Tulsa should make first division for first time with an improved 7-man pitching staff and the elimination of a second base weakness that dogged the club last year."

San Antonio at Beaumont, day game.

Harold Scherwitz, San Antonio Light: "I can't even guess on race now. If Missions get players they hope for and Scherwitz continues to play as he has in spring training, it won't even be close. Otherwise Beaumont has a chance."

Ward Burris, in San Antonio Express: "This is not a prediction of what will occur in the Shaughnessy play-off. Beaumont has a youthful smart baseball club at the end of last season and for the most part the club is back. I look for the Exporters to take an early advantage and hold it."

Jack O'Brien in San Antonio News: "Picking winners in a baseball race before it even starts and without having seen any other club in action, to my mind is about as flat an occupation as a duck's snapper. Now as far as guessing is concerned, we might venture to say that

Beaumont, Dallas, and San Antonio will be in the thick of the fight at the finish."

Vin Burke, Beaumont Enterprise: "Beaumont has a hustling, young team and has an excellent chance to win. The team is tip-top now and there is promise of additional strength from Detroit if needed."

BRIEFS FROM TRAINING CAMPS

NASHVILLE, Tenn., April 9.—When Bill Terry finds a place for his first-base understudy, Joe Malay, the New York Giants will be down to the 23-man playing limit. Malay probably will wind up either with Toronto or Nashville. Terry released two other rookies, Joe Martin and Al Cuccinello, to Nashville yesterday.

CHATTANOOGA, Tenn., April 9.—The New York Yankees evidently were a trifle premature in bemoaning Charley Ruffing's alleged lack of condition. The big redhead, who arrived 10 days in camp, shut out the Chicago Cubs yesterday without a hit in the six innings he worked. He walked four men but none got as far as second.

OKLAHOMA CITY, April 9.—Manager Jimmy Dykes of the Chicago White Sox is highly pleased with the improvement shown by his club in the last 10 days.

His satisfaction is based on the Sox operations against their barnstorming companions, the Pittsburgh Pirates. The Pirates earlier had a margin of six victories to one, but the series was even at eight-all today.

CHATTANOOGA, Tenn., April 9.—Charlie Grimm's almost feverish search for a fifth Chicago Cub starting pitcher is rapidly narrowing down to Charlie Book. Yesterday against the Yankees, he gave three hits in four innings and walked only one batsman.

GREAT RICHES

SYNOPSIS: James Stimson, III, with whom the Stimson line ends, returns from preparatory school in the East to find his Aunt Sarah involved in various speculations which succeed in reducing their ample income to \$1,800 a year. College is out of the question; James begins studying law in the office of his grandfather's former partner, Judge Holcomb.

Chapter 12 FIRST FLIGHT
The moment inevitably came when James was twenty-one. If the Judge and Nappy had not taught him all they knew they had taught him a very great deal.

A little later arrived the great day when James took his examinations for admission to the bar and passed with brilliant ease.

This was followed by the even greater day when the Judge strutted about Topeka with James in his wake and called upon the Governor and other notables of lesser importance and allowed them the favor of a handshake with the coming wonder of the state of Kansas.

The Judge had been for years a power in politics in his state and he was noted for never forgetting a favor good or bad. As he kept his own district firmly under his thumb and never asked for office for himself the anxious statesmen in Topeka, naturally enough, were more than anxious to keep on his good side.

Moreover, the Judge was an old and experienced campaigner and brimming over with picturesque bits of news so the reporters always laid themselves out to get in his good graces—and anyways it was dull that day in Topeka and the old timers and the G. A. R. were sure to be interested in the news of ex-Governor Stimson's grandson and namesake.

Therefore it came about that James was not only greeted warmly and made much of by every person worthy of political note in Topeka, but got a whole column interview in the two leading papers, each column ending with the prediction that Mr. Stimson was unquestionably destined to follow in the footsteps of his illustrious grandfather.

Everyone was so exceedingly kind and James so excited that he quite forgot to be shy. Yet he remained sufficiently modest to make a good impression upon practically everyone he met.

But afterwards in executive session in his committee room, the Honorable Joseph Henderson of El Dorado, chairman of the Ways and Means (and one of the shrewdest of politicians and best judges of characters in a state where they raise shrewd politicians as casually as corn or potatoes) was not overly enthusiastic.

"Seems to me the Judge is riding that rouser for a fall," said the Honorable Joseph tipping his chair comfortably back. "The boy is likable enough but he's not the man his granddaddy was. He's got a weak mouth... sort of."

"He passed first in his examinations with thirty competitors, most of them college graduates," said the Honorable Lem Smith of Wichita, outting the Judge. "And you know the Judge is the surest picker of campaign material of any man in this state. He says the kid can talk

forty ways for Sundays already. There's no denying the power of a silvery tongue. Look at Bryan."

"Bryan hasn't a weak mouth. Doubtless this James Brewster Stimson the third is a bright boy but I've seen too many bright lights in my day flare up and go out."

Then he added thoughtfully, half to himself, "Perhaps if he marries the right girl, and left his sentence unfinished. Ten minutes afterwards he had forgotten all about James. The incident is worthy of record because a week or two later Miss Julia Pratt said practically the same thing and her friends and intimates jumped at it.

"James may be a genius," argued Miss Julia heatedly to her fellow devotees of the Thursday Whist Club, "but I've lived a matter of fifty odd years and I've never yet heard of any geniuses who were noted for their money sense or common sense either."

"It's my belief that James is the sort that never will know which side his bread's buttered on. He's a nice boy and I'd be the last to deny that he's got his share of brains. But he's not a strong character. You only have to take a good look at him to see that."

"But he's so like his grandfather," began Mrs. Millard. "James is hardly more than a boy yet. All the Stimsons were..."

"The trouble is," broke in Miss Julia, "that Sarah's gone around so long that James is every inch a Stimson that it's never occurred to any of you that he isn't. James is as much Molly's son as Jim's; more to my way of thinking. And if Jim had been a little stronger himself he wouldn't have laid down and died of the smallpox just because..."

This was heresy and everyone talked at once for a few minutes. But presently the conversation came back to Dr. Jim's son. Miss Julia repeated in detail the story which James had told on himself of buying the paper on the wall form a departing upper classman.

This brought forth much laughter and inspired other stories. As a climax Miss Julia stated definitely that even the Judge admitted that James was not interested in money making.

"The Judge," Miss Julia said scornfully, "actually seems to think that this shows further proof of James' superiority. He says that any dirty little foreigner with a pack on his back can make a fortune in this country if that's all he's interested in. I never heard of such nonsense."

"He said, as much to me," Mrs. Millard put in. "At least he said that no man ever became famous who cared about money and that Dickens was wrong in stating that genius was an infinite capacity for taking pains. I gathered that the
