'CHINCHBUG OF CHICAGO' LONG TERMS IKES

ROOSEVELT IS 'KNIGHT OF NOURMAHAL,' SAYS THE 'KINGFISH'

DES MOINES, Ia., April 27. (AP)—A two-gun bombardment of criticism was leveled upon the national democratic administration today by Senator Huey Long of Louisiana and Milo Reno, president of the National Farm Holiday association, before a cheering throng of midwestern farmers here.

The Roosevelt agricultural program was the favorite target of the oratorical blasts, but outwardly there was no encouragement for a third party movement, whose crystallization some political prophets had anticipated in the platform meeting of the Louisiana dictator and the corn belt chieftain who led the farm holiday "strike" a year ago.

Long assailed the administration for burning up "the surplus when it found people starving in the midst of too much food" and as a remedy for this "depression situation," offered his share the wealth program.

Thousands Vote
This proposal to give every family a \$5,000 homestead and annual income of \$2,000 to \$2,500 evoked shouts of approval from the holiday association convention crowd, estimated at 10,000 by L. M. Peet, convention manager.

"The Lord has called America to barbecue," Long shouted, "and 50,000,000 people are starving." There were interruptions, and the speaker's hands were clapped and his feet stomped their protest to register their approval.

The self-styled kingfish called for a vote as he finished his address and thousands extended their hands into the cold wind which swept the state fairgrounds.

"You newspaper men take that vote and record it," the senator directed as he stepped away from the table of microphones.

Long denied his intention of criticizing either of the political parties at the start of the explanation of his program but inserted into his speech denunciations of every administration since Woodrow Wilson.

Wallace 'Lord Destroyer'
He handed to President Roosevelt the title of "Prince of Nourmahal," and repeated his designations of Secretary of Agriculture Wallace as "Lord Destroyer" and Secretary of the Interior Ickes as "Lord High Chamberlain, the chinchbug of Chicago."

"When Roosevelt was about to run for president, I was a bigger man than he was," Long said. "I could at least control my state delegation, which was more than he could do."

Laughter swept the grandstand when the senator told the crowd, "I don't intend to oppose either one of the political parties. I'm like a sinner in a church: I've been converted by both preachers so many times, I'm still in good standing in the democratic party—at this time."

Roosevelt and Hoover have agreed in the purpose of decreasing extreme wealth, "cutting down the big men and building up the small men," Long told the audience, "and they said the same words for which I have been called a radical."

"The only difference," Senator Long said, "is it's all right to say it but be damned sure you don't intend to do it."

CONFEDERATE VET DIES
ANTLER, Okla., April 27. (AP)—J. T. Smith, 83, last of a company of 150 men formed at Jefferson, Tex., to fight in the confederate army at the outbreak of the war between the states, died here today.

I Heard . . .
D. H. Hamilton, veteran carrier for THE NEWS, reporting the loss of ten \$1 bills somewhere between the 500 block on Reid street and the O. & M. Grocery on South Cuyler street. Mr. Hamilton had collected the money to pay his paper bill. He placed the money in a coat pocket, not knowing that there was a small hole in the pocket. The finder will receive a liberal reward by returning the money to Mr. Hamilton or to the Pampa Daily News.

WHEELER HIGH SCHOOL PAPER JUDGED BEST IN PANHANDLE

Students of Borger, Happy, And Panhandle Are Also Honored in Contests.

After awarding contest honors to students of Happy, Wheeler, Borger, and Panhandle high schools, and electing officers, the Panhandle High School Press association yesterday adjourned its second and most successful annual convention.

Miss Marjorie Maxwell of Borger was elected president, with Miss Orveta Puett of Wheeler as vice-president, Miss Doris Eubanks of Panhandle as secretary-treasurer, and Miss Margaret Sheets of Panhandle as faculty adviser.

The last session of the convention was held in the city hall chambers, where the local Beta Delta chapter of Delta Kappa Gamma gave a reception. Mrs. C. T. Hunkapillar and Mrs. R. B. Fisher presided at the yellow-dominated tea table. An illustrated talk on newspaper photography and engraving was given by Olin E. Hinkle, managing editor of THE NEWS. Miss Vena Mae Moon, retiring president, presided and awarded the contest trophies.

Miss Fannie May, faculty adviser, in closing remarks said that the association hoped to add contests in several phases of writing next year.

The words were as follows:
Best newspaper—The Corral, Wheeler, edited by Miss Fay Ficke. This school will have custody of the attractive Pampa Daily News cup, which will become the permanent possession of the school winning it three consecutive times. Borger and Canyon papers took second and third places.

Best news story—A sports article by Robert McKenzie of the Panhandle High School paper staff. With it went temporary possession of the big cup offered by the Amarillo Globe-News.

Best editorial—Written by an unknown student of Happy high school. With it went a year's possession of the beautiful cup offered by the Canyon News. Pampa's entry was second and Borger's third.

The convention opened at 10 o'clock, when a welcome was extended by Jim Bob Johnson, editor of the Little Harvester. The session was by Miss Vena Mae Moon of Dalhart, president of the association. She introduced Bill Cone of Canyon, vice-president; Elsie Mae Johnson of Pampa, secretary-treasurer; and Miss Fannie May of Pampa, faculty adviser.

A 5-page mimeographed "extra" was issued by the Little Harvester staff, announcing the winners and carrying signatures of everyone registered at the convention.

CLAIM HE IS LAYING DOWN KEELS OF 12

CONSTRUCTION DENIED BY MINISTRY IN BERLIN

LONDON, April 27. (AP)—Confirmation from the German defense ministry that U-boat construction is part of the rearmament program, jolted Europe today and created the possibility of a three-power conference to consider a new violation of the Versailles treaty.

Informal quarters indicated that formal steps would be taken by Britain, France and Italy—the powers that met at Stresa—to hold consultations on the naval development much caused a new war scare in European capitals.

Reliable sources in London claimed Hitler had already begun laying down the keels of 12 small submarines preparatory to launching a more extensive construction program, but this was denied by a spokesman for the Berlin defense ministry.

The most immediate subject of speculation here was the effect that submarine construction would have on the forthcoming Anglo-German naval talks.

BERLIN, April 27. (AP)—Germany today officially admitted submarines were being "considered" in connection with plans to rebuild the navy.

At the same time spokesmen either denied or sidestepped questions concerning reports that U-boats—their chief dread weapon—would be used in the Versailles peace treaty denied here were actually under construction.

An official spokesman at the defense ministry said:
"The whole matter of rearmament at sea is in state of flux and nothing definite has been done. Naturally, the questions of submarines plays a role in our considerations for the future."

Women Are Asked To Attend Young Demos' Meeting

What the Young Democratic clubs of Texas can do and are doing will be explained here Monday evening in the county courtroom when the main speaker will be John L. McCarty of Dalhart, state president.

The meeting, to which all young men and women of Pampa are invited, will begin at 8 p. m. The local club will be reorganized.

Mr. McCarty's rise to the presidency of the state group has accompanied his success in the publishing business. After working his way through several years of work at Canyon Teachers college, he went to the Amarillo News as sports writer. Later he did general reporting before going to Dalhart as publisher. He and Mrs. McCarty have entered many newspaper contests and, with a thoroughness for detail seldom equaled in preparing exhibits, have won many honors.

The state convention of Young Democratic clubs will be held in Amarillo June 7 and 8.

INVITATIONS TO BANDS TO JUNE FETE ARE SENT

C. T. Hunkapillar Is Working to Have Several Here

Negotiations to bring numerous bands of the Panhandle to Pampa on June 6, opening day of the Pre-Centennial and Pioneer Roundup, were begun last week by C. T. Hunkapillar, chairman of the band committee.

Today in Amarillo while playing golf with Mr. Hunkapillar, Gene Howe, Amarillo publisher, is expected to announce plans for sending an Amarillo band to the celebration.

Last week, Mr. Hunkapillar wrote letters to all towns in the Panhandle that have bands, inviting them to send their musicians here June 6. In view of the fact that the governor is due to be here, many of the towns are expected to send their bands as a gesture of courtesy to the chief executive. The Panhandle band directed by C. W. Beene, has been designated as the unofficial band of the governor.

Bands from Memphis, McLean, Groom, Clarendon, Perryton, Spearman, Shamrock, Wellington, Childress, Tulia, Plainview, Lubbock, Hereford, Claude and other towns were invited.

Winston Savage, band director for the local schools in the absence of Roy Wallbratenstein this summer, will have charge of the Pampa bands.

Plans to serve lunch to the visiting musicians are being made under the direction of Mr. Hunkapillar.

FIGHTS UTILITY BILL

WASHINGTON, April 27. (AP)—Striking a keynote against government in business, the United States chamber of commerce today set high in next week's convention program a vigorous assault on the anti-lynching bill to abolish utilities holding companies.

Marvin Davis of McLean transacted business here Friday afternoon.

How About a Date Between Guymon And J. E. Jones?

The Pre-Centennial committees recommend that those Guymon, Okla. citizens who last week justifiably received a bad opinion of Pampa get in touch immediately with J. E. Jones of Mobeetie whose impression of Pampa is good, splendid, superlative.

Wrote Mr. Jones:
"PAMPA HAS THE BIGGEST HEARTED PEOPLE IN IT I EVER MET IN MY LIFE."

When the Pioneer Roundup committee read that they gave three cheers and a couple of tigers for Mr. Jones' letter:
"Just receipt of your letter. Will say it has been my intention ever since the celebration last year to be there this year and for that matter my intentions are never to miss another one so long as I live."

"As for it being better than last year, I can't see how that could be possible. I thought that one last year was the GRANDEST THING I EVER ATTENDED."

Therefore I can't miss the good in store for me. I am planning to be there."

SENATOR WOULD READ BOOK OF 'DEUTERONOMY'

Would Filibuster to Stop Passage of Lynching Act

WASHINGTON, April 27. (AP)—Endless, monotonous talk—the kind known only to filibustering senators—was the open threat hurled by southerners today into the face of an apparent senate determination to vote on considering the Costigan anti-lynching bill.

With a Bible on his desk, Senator Bailey (D., N. C.) said he was prepared to read "the whole book of Deuteronomy" if that should become necessary to prevent a vote.

This warning, ominous to a big administration legislative program, was given after the senate for a second time refused to sidetrack the bill. By a vote of 37 to 28 it defeated a motion to adjourn, which had it carried, would have displaced Senator Costigan's motion to make his anti-lynching bill the business of the senate.

Then the senators voted 50 to 10 to recess, leaving the Costigan proposal at the head of its order of business. On Monday an effort will be made, as was done today, to have the senate consider instead the Harrison bonus payment plan, with the southerners hoping the popularity of that issue would swing enough votes to make it the chamber's unfinished business.

However, under the senate parliamentarian's interpretation of the rules, the bonus can not be substituted without a vote on Senator Costigan's pending motion to take up the anti-lynching measure. And there the situation was deadlocked by the southern filibuster.

Senator Robinson of Arkansas, the democratic leader, said he accepted the vote on today's adjournment motion, which he offered himself, as a definite indication of sentiment for and against the anti-lynching bill and an expression in favor of an opportunity to vote upon it.

Man Arrested at Canyon on Charge Of Intoxication

CANYON, April 27. (AP)—J. B. Scott, district rural rehabilitation supervisor, arrested here last night on a charge of driving while intoxicated today was released on bond of \$1,500.

Scott suffered a broken nose and his son, Joe, 12, suffered a broken arm when their car collided with another auto driven by Finis Brazil of Canyon.

The Scott boy is in an Amarillo hospital.

DARDEN RELEASED
GREENVILLE, April 27. (AP)—Sylvester P. Darden late tonight was released on \$5,000 bond to await trial beginning next Thursday for the slaying of his wife. The bond was a reduction from \$10,000, which had been set earlier by Judge Charles S. Berry at a hearing at which he announced the trial date.

CERTIFICATES WILL REPLACE SILVER COINS

PROFITABLE TO MELT PESO AND SELL IT FOR BULLION

MEXICO, D. F., April 27. (AP)—A bank holiday—President Roosevelt's recourse against financial panic soon after his inauguration—was Mexico's answer today to the Roosevelt silver policies.

Rising prices of the white metal caused by the United States treasury's advanced purchasing price pushed Mexico's peso up to the point where it would be profitable to melt it down and sell it for bullion.

To prevent that the government yesterday ordered coins surrendered to the Bank of Mexico in exchange for paper certificates to be issued against the silver reserve thus accumulated. Export of silver coin was forbidden.

Today President Lazaro Cardenas' administration ordered all banks closed in order to permit adjustments to the new monetary regulations. It was announced they would be open again Monday as usual.

Financial circles tonight were confident the Bank of Mexico would restore the old exchange rate of 200 pesos to the United States dollar Monday, and in anticipation of that the dollar gained as much as 20 points against the peso, being bought in most exchange houses at 3.50 with the selling rate 2.60.

One result of the new laws, noticed immediately by all housewives or others who went shopping with five peso bills or pesos, was the great difficulty in getting change for them due to the scarcity of silver coin.

The first new peso notes are expected to appear Monday, relieving this situation.

NEW YORK, April 27. (AP)—The upward jammed in world silver markets was brought to a halt today and yesterday's advance in the price of the white metal was cancelled.

Mexico strove to repair its serious trampled monetary system, and Chinese banking quarters breathed a sigh of relief.

But silver miners, despite the setback in world silver prices, still hoped to see the price go up to \$12.7 an ounce.

All links in Mexico were closed for the day, silver coins called in to be exchanged for paper currency, and exports banned by presidential decree.

Washington considered the problem, but remained silent as to what its next step would be.

The fact that the treasury failed to boost its domestic buying price above the world price prompted speculators in London, Montreal, and other markets to cash in their profits.

TRIAL OVERRULED

VERNON, April 27. (AP)—Judge W. N. Stokes today overruled a defense motion for a new trial for Charles S. Richardson, former Olney mayor, under a ten-year sentence on a charge of murder in connection with the slaying of his son Elga.

Miss Ruby M. Adams, county home demonstration agent, left yesterday for a short visit with her father at Denton. She will return in time to take up her work Wednesday.

Oil Yield Cut 21,000 Barrels

AUSTIN, April 27. (AP)—Texas daily oil production was reduced 21,000 barrels to 1,027,845 barrels daily effective May 1, by the Texas railroad commission today in limiting the flow to 5,955 barrels less than the federally estimated market demand.

Flush fields bore the brunt of the reduction. The basic allowable for East Texas was reduced from 3.45 to 3.4 per cent of the hourly potential, cutting legal production approximately 7,300 barrels to 44,444 barrels daily.

May 1 schedules for other districts were: Panhandle 58,800 barrels; Moore county, 1,500; North Texas, 58,500; Ford county 900; West Central Texas, 51,105; West Texas, 127,968; East Central, 47,852; Southwest Texas, 61,473; and Gulf coast 175,298.

No new exodus had developed to-night.

No other deaths had been reported from the dust ailment, although a few cases were recently reported in other Panhandle points.

3 DEAD, AND MANY OTHER BEAVER, OKLA., CITIZENS LIE ILL OF 'DUST PNEUMONIA'

of Turpin, near here, first to succumb to the ailment which struck with deadly illness today.

Until the deaths of Mrs. Ridgeway and the Turpin boy, the ailment was not regarded as deadly. Several cases had been reported here and in other parts of the state but until today no deaths had resulted.

The Beaver hospital was unable to care for all of the cases and a number of persons were treated in their homes.

Beaver, in the extreme western part of the Oklahoma Panhandle, has borne the brunt of the choking dust storms which have swept this area incessantly since March 1—with but a few days of clear weather intervening.

As the stricken persons gasped for

air, new clouds of greyish silt swept the region today, intensifying their suffering.

The new dust was a light grey and was described as more penetrating than the red silt which swept the area during the early days of the "dusters."

Fearing for their health, a number of persons, estimated at around 100, moved from Cimarron and other Panhandle counties recently. Beaver is in the heart of Cimarron county, which is bordered by Colorado and Texas.

No new exodus had developed to-night.

No other deaths had been reported from the dust ailment, although a few cases were recently reported in other Panhandle points.

County Quota of Grants on Soil Erosion Reduced

With only 12,600 acres involved in Gray county applications for soil erosion control grants, District Agent Parker Hanna yesterday reduced the county's quota from 50,000 acres to 25,000 acres.

He said that the quota would be raised if the demand should develop tardily, but expressed doubt that it would do so.

Disbursing orders have been issued on 8,650 acres, at 10 cents an acre for listing. The other applications have not been received by the county committee. Farmers who expect to obtain the grants must do so at once, inasmuch as all listing is to be completed by May 1.

Hospital Is Unable to Care For All cases; New Dust Is 'More Penetrating'

BEAVER, Okla., April 27. (AP)—Three persons were dead here tonight from dust pneumonia as physicians battled to save the lives of at least a score of other persons stricken with the ailment caused by the dense clouds of dust which have swept this area for nearly two months.

Mrs. E. L. Fickel, prominent Oklahoma club woman and long-time resident of Beaver, was the third victim claimed by the dread new malady in a single day.

Her death followed closely the deaths of Mrs. Frank Ridgeway, 43, a farm wife and Leah Isaac, seven,

WHEELER

(Continued from page 1)

Globe-News spoke briefly at the afternoon session.

Miss Moon appointed the following committees:

On nominations—Ralph Gentry of Pampa; Ruth Early of Amarillo; Russell Lewis of Canadian; and Bill Johnson of Borger.

On insignia—Bill Cone of Canyon; Jim McCray of Panhandle; Claudine Black of White Deer; and Mazie Bean of Wheeler.

Charter member schools of the association, formed last year, are Amarillo, Canyon, Dalhart, Happy, Hereford, Higgins, Lefors, Littlefield, Pampa, Panhandle, Shamrock, Tulia, and W. T. S. T. C. high school. New members admitted in

cluded White Deer, Wheeler, Borger, and Dimmitt.

Honorary memberships were voted in behalf of Editor C. W. Warwick of the Canyon News, General Manager Gilmore N. Nunn of the Pampa Daily News, and Olin E. Hinkle, managing editor of THE NEWS, for services rendered the association.

Sessions were held throughout the day with students and faculty advisers discussing such topics as financing school newspapers and year-books, reporting, editorial writing, and make-up and headlines.

The association was founded to elevate high school journalism, to promote friendship and cooperation among high school editors and their staffs, to enlarge the opportunities of students in the acquaintance of the practice of good journalism, and to encourage wholesome writing standards in the schools. Activities must have the approval of the various schools involved, and participating students must have satisfactory scholastic and personal standing.

Thrills and routine of a Washington correspondent were told in a large group at a luncheon in the high school cafeteria by Mr. Nunn. His description of President Franklin D. Roosevelt's press conferences was especially interesting to the students.

Otto Rice Jr. of Pampa presided at the luncheon. Music was furnished by the high school orchestra. Pampa high school through its activities committee gave the luncheon.

Those registered at the convention included:

David Raso, Amarillo; Margaret Cooper, Dimmitt; Jane Manning, Amarillo; Kitten Smith, Dimmitt; Lola Mae Cox, Dimmitt; Isabel Nell Wagoner, Dimmitt; L. A. Rickels Jr., Dimmitt; Ruth Early, Amarillo; Florette Meek, Dimmitt; Benjamin Brannon, Shamrock; Henrietta Herin, Dalhart; Carlie Barnes, Amarillo; Mary Tom Morgan, Amarillo; Jim Roach, Amarillo; Jenna V. Stephenson, Dalhart; Mrs. H. L. Jackson, Dalhart; Henry Kendall, Dalhart; Dorothy Jeanne Cotton, Dalhart; Matilda Mueller, Dalhart; Frances Children, Dalhart; Lucile Zeiler, Shamrock; Morgan Thomas, Shamrock; J. C. "HOW TO DEVELOP YOUR ABILITY TO DO"

One of the biggest problems in life today is that we don't think how and why we are doing things. The world judges you and pays you for what you do but not for what you intend or decide to do. Your dreams do not count anything unless you really make something out of them. Knowledge is power only when it is set to work. The old saying, "We learn to do by doing," is only half-truth. Good eyes, keen ears, and capable hands are our tools for getting knowledge. God gave these to us and we are supposed to use them. Opportunities come to everyone sometime during life, and when your opportunities come to you, take advantage of it and make something out of it.

"Do the duty that lies nearest to you."

It's the boy or girl who works hard at home for anything who makes the best records when away from home. Doing small things well at the present prepares you for doing greater things in the future. You will make some wrong choices because everyone does this. Fit yourselves to life; don't try to make life fit you. Don't expect something for nothing. Work for what you want. No amount of tolerance or

influence will carry you very far unless you work.

Profit by the criticism that comes to you. If you do nothing, this causes criticism. Don't let criticism hurt you; study it, try to see if it is true. Consider others while you are working. Your affairs are tied up with the affairs of others. The

MARKET BRIEFS

NEW YORK, April 27, (AP)—Stock market traders were less dazzled by the gleam of silver today and took profits which resulted in losses in all sections of the list.

Brokers said silver was still upmost in market calculations and attributed declines of 1 to 3 points in mining shares to the downturn of New York bar silver to 76 1/2 cents an ounce, a loss of 4 1/2 cents. Hesitancy was accentuated by the continued silence of the treasury on what its next step would be.

Optimistic sentiment found a hitching-post in Cram's report of automobile production which put output for the week at 110,970 units, the highest total witnessed since August of 1929.

In terms of the Associated Press average of 60 stocks the market was down 4 to 39.8. The hourly rate of trading was a share under Friday. Transactions totaled 585,210 shares for the two-hour session.

KANSAS CITY LIVESTOCK

KANSAS CITY, April 27, (AP)—(U. S. D. A.)—Eleven midwestern markets received a total of 169,500 cattle this week compared with 161,009 and 183,425 actually counted in last week and the corresponding period last year respectively. The week's closing transactions left quotations unevenly steady to 50 under last week's late figures with the lower grades showing the maximum loss. In between and good grades of beef cows and lower grade heifers were at the full decline. A new season's high figure was recorded at Chicago when 15.85 was secured for 1328-lb heifers. Numerous loads of common to medium South Texas grass steers at river markets ranged from 7.75-9.50.

Fed lambs ruled steady to 25 lower for the period under review although the better grades made a slight gain

at some centers. Spring lambs fluctuated considerably while sheep sold steady to 50 off and feeding lambs 25 or more higher. Beale woolled skins made 8.80 and top clips 7.80 at Chicago. Arizona springers at Kansas City were taken at 8.65-85.

The hog run totaled 203,000 against 448,314 the same week last year, although supplies are comparatively light, demand for the product is narrow, selling at a decline of around 10-25. The week's top of 9.25 was made at Chicago.

CHICAGO GRAIN

CHICAGO, April 27, (AP)—Dilemmas concerning the United States government's policy hereafter in regard to silver led to setbacks of grain prices today.

Pending a definite official announcement as to what new steps would be taken at Washington relative to silver, all grains developed weakness.

Wheat closed May 79 1/2-%, corn unchanged to 1/4 lower, May 88 1/2-%, oats 1/4-% off, and provisions unchanged to 10 cents decline.

Hit at the outset by bearish effects of a reaction shown in the silver market and by wavering of wheat quotations at Liverpool, the Chicago wheat market displayed a general downward bent throughout the day. Rains in Nebraska and northern Kansas as well as over the entire domestic soft wheat belt had a contributing bearish influence.

Although considerable notice was taken of reports from elevator sources that Kansas wheat crop prospects had shrunk 15,157,000 bushels during the past thirty days, price rallies were unimpressive.

Corn and oats sympathized with wheat weakness.

The outlook was described as favorable. No signs were apparent that imports of foreign rye would be checked.

Provisions eased with grains.

NEW ORLEANS COTTON

NEW ORLEANS, April 27, (AP)—Reversing the trend of Thursday and Friday's sessions, cotton futures sold off from 1 to 7 points in quiet trading on the market here today.

While larger losses were marked up against active positions during the course of trading, the usual week-end covering and profit taking after two days of higher prices brought prices up from the lows.

May ended the week at 11.75, July at 11.84, Oct. at 11.38 and Dec. at 11.46.

Most of the trading fraternity had attended the meeting of the American Cotton Shippers association for the speech of Chester C. Davis, A. A. head, and were able to get but little encouragement from his remarks. The trade reported.

Davis intimated that there would be no change in the processing tax and that the future loan policy of the government would be arranged when it was timely.

Deahl Family Has Kept Alive Great Traditions of Track for Years.

PANHANDLE, April 27.—When the story of horse racing is written in the Panhandle of Texas, proper recognition must be given to the Deahl family.

More than half a century ago the late G. W. Deahl was a resident of Collin county. He went to the Saturday afternoon races in Oak Grove and entered his horses. Mr. Deahl had to make these trips rather secretly as Mrs. Deahl was much opposed to racing.

The Deahl family then moved to Dodsonville in Collingsworth county, but interest in racing never stopped. The elder Deahl raced at Childress, Clarendon, Quanah, Vernon, Wichita Falls, Frederick, Elk City and other cities in the lower country.

The racing spirit is carried on in even a much larger way by three sons of Mr. Deahl. They are C. E. Deahl, president of the First State Bank, Panhandle, and president of the Southwest Race Meet, which will hold its eighth semi-annual meet at Panhandle May 20 to 24 inclusive. He owns five horses and all will be here at the spring meet.

Henry Deahl lives on a ranch near Panhandle and he has been interested in racing for 15 to 20 years. He owns Chester B, which has won most of his races in recent years, Blondie's Boy and Motoring Miss.

Tobe Deahl of Dodsonville owns Indian Boy, Argus Lark, Clock and Svee. The three brothers will have all their horses at the spring meet.

Deahl bought his first race horse in 1897 and entered him in meets in the east part of the Panhandle. On Sept. 2, 1898, Deahl moved to his ranch northwest of

There was little business done during the two hour trading period today, with some positions showing no sales until the closing minutes of trading.

Liverpool came in weak, largely because of a change of sentiment in Bombay where selling developed.

Port receipts 2,768; season 4,176, 101; last season 7,152,655. Exports 11,078; season 3,857,287; last season 6,362,927. Stocks on shipboard at New Orleans, Galveston and Houston were 79,017; last season 102,309; port stocks 2,022,590. Spot sales at southern markets were 3,031 bales; 3,747 bales last year.

TRAIN TO LEAVE MAY 5

DALLAS, April 27 (AP)—The Texas Press association's special train advertising the Texas Centennial in 1936 will leave at midnight, May 5, from Houston on its nine-day tour of the southern states.

Pennsylvania was the popular state with hunters in 1933, last year for which figures are ready. It issued 524,337 resident licenses and 35,946 non-resident permits.

USE OF TRANSIENT LABOR IS DEPLORED BY PAMPA PAINTERS

Painters of Pampa, who live here and pay taxes and support families in this community, today are appealing to the citizenship in a statement, printed elsewhere in this paper, on itinerant and temporary residents who are in some instances being given employment.

According to Ernest Gee, business agent of local No. 868, there are four local contractors who use about 30 members of the local.

"This is an ample supply of skilled workmen," said Mr. Gee, "and we urge the public to get in touch with local contractors who use local men, when there is painting to be done."

Members of the local will carry work cards to identify them as bona fide local men who are qualified for the work they are doing.

There are, it is estimated, 10,000 pecan trees on the lots of more than 3,000 homes in San Angelo, Texas.

Along in 1901-1902 Deahl began making the circuit of meets in the lower Panhandle and western Oklahoma. In those days there was the Shonah Ship Circuit. As it was before the days of automobiles, horses were shipped from town to town.

About 1911 Deahl made his first trip to the Juarez races with several horses. About a year later Amarillo opened its fair track at Glenwood park. Deahl's entry won the first race ever run there. His entry, College Widow, also won the derby.

In the pioneer days Mr. Deahl said there was much more interest in the horses themselves than there is today. It was before the automobile and nearly every home owned a horse; also it was before tractor farming. "A man just couldn't keep from being interested in a good horse," Deahl reminisced.

Barney Keen, a Puxant, Cabin Camp, Wolverine and Comet are in his stable now. Barney Keen has raced at Epsom Downs, Alamo Downs, Dallas Fair Park, Arlington Downs and Hot Springs during the past winter.

Cabin Camp ran last year in the most famous match race in recent years in the Panhandle. His opponent was Scooters, owned by "Butch" Killian of Caney, Kans. The horses ran a dead heat.

George Hampton, pioneer jockey, has been working out Deahl's horses this winter. Red Goddard, popular jockey in recent years here, has just arrived and will ride Deahl's entries in the spring meet, scheduled for May 20 to 24 inclusive.

'BABE' DIDRIKSON BIDS FOR GOLF GLORY IN TAKING TEXAS CHAMPIONSHIP

OLYMPIC STAR THREE BEHIND ON 25TH HOLE

BABE KNEW BY FUNNY FEELING IN TUMMY SHE'D WIN

By BILL PARKER
Associated Press Sports Writer
HOUSTON, April 27 (AP)—The realization of golf dreams blossomed today for Miss Mildred (Babe) Didrikson of the Beaumont Country club when she won the 19th annual Texas Women's Golf association championship by defeating Mrs. Dan Chandler of Dallas, former state champion and current Old Mexico champion, 2 up in a 36 hole thriller that an estimated 2,000 persons cheered.

It was the dramatic Didrikson again. All square and with only three holes to play, Didrikson sent her second flying over the 24th green. She walked up to the ball, took a stance and chipped into the cup for an eagle three to go one up. The eagle beat Mrs. Chandler's beautifully played birdie four. Babe clicked with a birdie four at the 36th green to beat Mrs. Chandler's par five.

The same girl, who after her phenomenal success in the 1932 Olympics, announced that some day she would develop into America's greatest woman golfer, came a long way today, for when she eliminated Mrs. Chandler she trimmed one of the Southland's greatest shot makers.

Knew She'd Win
Colorful Babe rode the heights today in her first major tournament and in the distance she sees for herself a national championship. In her only other competitive tournament rounds, she lost in the semi-finals of the Ft. Worth Women's Golf association invitation played several months ago.

Asked how she felt over her victory, Miss Didrikson said: "I always felt like I was going to win. It was just like events in the Olympics. Every time I took a step a little chill would jump up in my stomach and I knew I was OK."

"When I feel like that I always do pretty well. I almost went blind from watching that chip on the 34th green drop into the cup for an eagle three which put me one up. When the ball dropped out of sight, I just felt limp all over but regained enough strength to hit my next tee shot."

"Mrs. Chandler certainly is a marvelous player and it's difficult for me to realize I have defeated her."

"Sure, I plan to compete in the national but don't say I am going to win it. Just say that I will be trying and if I have funny feelings in my stomach like I did today, I will go near the finals." It was a "cray" match. In the morning round, Miss Didrikson was five up through the twelfth hole, then lost six consecutive holes to Mrs. Chandler's one under par golf to be one down through the first 18 holes. Starting the final 18 hole trek, Mrs. Chandler's consistently sound game swept her into a three-up lead through the 25th green. Didrikson then shot a birdie four at the 26th hole and a par four at the 27th to be one down and none to play.

Take Your Olympics!
Finally she bent over and took a practice swing similar to golfers who dub shots. A man rushed up, grabbed her hand and said: "Woman, woman, what a shot and what a time to make it!"

The Babe grinned and requested a tee from her caddy. It was what the gallery had expected and been waiting for. Expected, because in her semi-final match against Mrs. B. E. Winger, Miss Didrikson dropped a 20 foot putt for a birdie three on the 18th green to win, one up.

CITY GOLFERS SHOOT TODAY IN AMARILLO

First Foursome Will Begin At 9 O'Clock; 125 Men Will Make the Trip.

Pampa golfers, 125 strong, will leave early this morning for Amarillo, where they will play a return engagement with Amarillo's contingent. Play will be over the River Drive course, where Walter Sikes is professional.

The course is located on North Filmore street, a mile north of where Highway 60 meets Filmore street. The first foursome is scheduled to tee off at 9 o'clock, with 12 foursomes leaving each hour until 2:30 o'clock.

Local golfers who were not paired with Amarillo players Friday are invited to make the trip. There will be many Amarillo golfers on hand to play the extra Pampans.

Play will be over 18 holes. Mr. Sikes has placed the course in the best condition possible, considering the dry weather. The greens have been thoroughly worked over and the tee boxes have been leveled for the occasion. Greens have been rolled, but lack of rain has made them dry and dusty.

Sandwiches will be available at the clubhouse during play. Coffee will be served free.

Dol Love, professional at the Pampa Country club, urges players to be on time. Amarillo sent 97 players to Pampa a few weeks ago. They lost, 51 to 46.

Coltoso Drops To Sioux City 4 to 3

Fellow Named Zahn Stops Attack Cold

By J. P. BROWN

With both teams displaying mid-season form in all departments of play, Coltoso of LeFors dropped a close one, 4 to 3, to the Sioux City Steers of the Western League.

Zahn, a chunky right-hander, who appeared to be in training for the House of David, judging by his facial adornment, was just a pain to the neck for the Coltoso hitters when his meant runs. He stopped their attack cold. Despite the fact that he allowed ten hits, in only two innings, the fourth and the sixth, did Coltoso get more than one hit. They scored their only earned run off him in the fourth on Shinski's double and Polvogt's single.

With one down in the sixth, Nell and Huffman singled on the first pitch to each, but Zahn tightened up and retired Polvogt on strikes and forced Wilson to fly out to center.

The visitors drew first blood in the first inning when, with one down, Monahan doubled to right and scored on Johnson's single to center. Coltoso tied the count in the third when Spencer led off with an infield hit over second that Luby knocked down, but had no chance to get his man. As Brawley struck out, Spencer stole second. He completed the circuit when Wilson threw into center field. Coltoso took a one run lead in the third inning when they scored their only earned run as outlined above, which they held until the seventh.

Johnson opened the 7th for the Steers with a single to center and was promptly sacrificed to second by Williamson. Smith walked, and it looked like Brawley was going to pull out of it when Wilson popped to Spencer, but Blakley singled to right, scoring Johnson. Brawley was replaced with Huffman. Zahn ended the rally by popping out to Hale.

The visitors took a one-run lead in the next inning when Luby walked and advanced to second on Monahan's infield out. He scored a moment later on Whitehouse's single to center. The visitors put Coltoso back in the ball game in their half of the same inning when Luby and Whitehouse both ended on Shinski's grounder, with the result that Shinski drew up safely on second, Nell and Huffman flied out to the outfield, but Polvogt singled to right, scoring Shinski with the tying run.

However, it was not for jobs, as Williamson delivered the deciding punch in the ninth when he led off with a mighty cleat over the left field fence for a home run and the ball game.

Coltoso played errorless ball and got her share of hits; but was unable to bunch them. They displayed a number of new men other than those familiar to local fans. Dingman at second led the attack with three hits out of five times up, and reached first another time on an error. Shinski, a midge but well built, covered center field in good shape and got one hit, a double. Coltoso's only extra base hit. He walked on another occasion and reached first on an error, scoring twice. Huffman at first base, got two for four and handled thirteen chances without an error. Polvogt, another newcomer, did not get into difficulties in the seventh, it had been three up and three down every inning for the visitors except in the first and third.

BUSBY INDIANS FACE LAKETON IN AFTERNOON

NEW UNIFORMS TO BE WORN FIRST TIME TODAY

New uniforms for the Pampa Indians baseball team arrived yesterday morning. They will be worn for the first time Thursday by the Pampa high school team which will go to Elk City, Okla., for a game.

The Indians, a team of high school and ex-high school boys, was organized by C. O. Busby several years ago. Each year new boys appear in the lineup and several excellent players have been developed. Coach Busby has worked tirelessly with the boys and is being commended for his interest in the youth of the city.

The new uniforms are white, trimmed in red, with red caps and red and white socks. Across the front is the word "PAMPA" in large red letters. On the back will appear a red Indian's head or the name of a firm in red. Each sleeve will be adorned with a red tepee.

The Indians will play in Laketon this afternoon but will not wear the new uniforms. Game time will be 3 o'clock.

Coach Busby and his boys desire to thank the following business men and firms for their assistance in securing the new uniforms:

Jess Stalls of Harvester Drug; Frank Carter of Carter's men's store; Jake Garman of the Central Power and Light Corp.; Earl O'Keefe of the Panhandle Insurance company; E. L. King of the E. L. King & company; M. A. Graham of the Texas company; whole sale; A. Combes of the Combs-Worley building; F. E. Leech, county tax assessor and collector; John Bradley, local real estate agent; J. D. White, agent for Coors; Bob Roberts and Harry New of the Royal club; Drs. M. C. Overton and J. W. Howe; Raymond Harrell, rig builder; Raymond Harrell, local rancher.

NAZIS ARREST CATHOLICS IN RELIGIOUS WAR

CHRISTIANITY IS BITTERLY ATTACKED BY LEADERS

BERLIN, April 27. (AP)—Wholesale arrests of Catholics allegedly violating Nazi foreign exchange regulations were disclosed today even as opposition churchmen asserted Nazi repression ultimately might force the worship of God underground.

Protestant sources declared Germans might be compelled to emulate Roman Christians and take refuge in modern-day catacombs, air protection chambers and other subterranean vaults for their services.

While the opposition Protestant confessional synod declared it had definitely established that 35 ministers were held in concentration camps and prisons, authoritative sources said Nazis had "purged" 54 different Catholic orders of nuns and monks accused of violating exchange regulations.

Many of the nuns arrested, Catholic sources said, had been in solitary retreat for more than five years, scarcely knew who Hitler was and "most certainly never heard of the Devisen (foreign exchange) law."

Some of those arrested, it was stated, were old and ill. Elderly mother superiors were jailed. Some nuns were brought to Berlin and lodged in the women's prison.

The new developments in the ever more tense situation, growing out of opposition to Nazi efforts at church dictatorship, came on the heels of last night's mammoth mass meeting of the anti-Christian German faith movement in the sportsplatz here.

Such speakers as Prof. Jacob Wilhelm Hauer, head of the movement, and Count Ernest Reventlow, old-time Nazi stalwart, struck out bitterly at Christianity.

Business Shows Much Strength

By The Associated Press.

The nation's business, influenced last week by both spring and summer trade cycles, displayed an undertone of strength.

Although some sections, notably the East, reported retarding influences which hampered the growth of a distinct trend in either direction, a number of analyses agreed that general business and industry moved forward.

Flying the flag of "prosperity peaks," the automobile industry produced 110,970 units last week, the highest week production since August of 1929.

Carloading reports for the week ended April 20 revealed advances in almost all types of freight with the total up 4 per cent from the previous week. Such a wide gain was more than normally expected at this time of year.

Although bituminous coal production for the same week was 6,150,000 net tons compared with 5,522,000 net tons the previous week, shipments of coal as shown in the carloadings report were not appreciably higher than other types of freight.

Production of steel last week gained fractionally, moving to 44.6 per cent of capacity from 44 per cent, and the outlook for this week was for operations continuing around the present basis.

Trinity Exes to Attend Dinner at Church in Pampa

Ex-students of Trinity university will come here from a wide area Monday evening to attend a dinner at the First Presbyterian church. E. N. Dennard will preside.

Invitations have been mailed to Panhandle, Miami, White Deer, Canyon, Amarillo, Plainview, Hereford, Borger, Memphis, Childress, and other points.

Ladies of the Presbyterian church will serve the dinner. Music of Trinity will be led by Miss Mary McNeil of Borger.

BAND CLUB TO MEET

The Band Mothers club of B. M. Baker school will meet at 2:30 Tuesday to elect officers for next year.

Walter J. Hurst, band director, will discuss new uniforms for the children, and making out-of-town band trips. All members are urged to be present.

HOOVER TO PLAY KINGSMILL IN 'SWANKY' UNIFORMS TODAY

The Hoover baseball team will appear in new uniforms this afternoon when they go to Kingsmill for a game. The uniforms, a brownish-gray color, trimmed with red, were secured through the generosity of Pampa, Miami, and Hoover merchants and business houses.

Each uniform bears the name of the purchaser across the back. The Hoover team, composed of men living in the Hoover community, has been in existence for several years. Teams in this section desiring games with Hoover should get in touch with Virgil Flemming, telephone 9059--1-1-2.

This afternoon's game will be preceded by a game between the Hoover and Kingsmill junior teams. The first game will be called at 1:30 o'clock. No charge will be made to either game.

Rawlins will be on the mound for Hoover with Barnes behind the bat. Morgan will hurl for Kingsmill with Mason receiving. Batteries for the junior tilt were not available yesterday.

The following firms made suits possible:

Tarpley Music company, Pampa; Tom Rose (Ford), Pampa; Quilbert-Smallling, Pampa; Osborn Bros. Implement company, Pampa; Pampa Ice Manufacturing company, Pampa; Standard Food Stores, Pampa; Gray County Wheat Growers association, Pampa; Dr. Pepper Bottling Works, Pampa; Pampa Hardware & Implement company, Pampa; Hoover Grain company, Hoover; Hoover Mercantile company, Hoover; Miami Motor company, Miami.

Montgomery Ward presented the club with a dozen regulation baseballs and L. L. McCollum of Hindertool company gave \$3 on bats.

Peace Prayers At Lourdes to Wind up Today

LOURDES, France, April 27. (AP)—A German benedictine, Dr. Hermann Bouvier, led thousands of pilgrims in prayers for peace today as the Catholic church's great triduum neared its end.

The 72 hours of uninterrupted supplications, marking the conclusion of the church's two-year "jubilee of the redemption," will end at 4 p. m. tomorrow.

Already 200,000 of the faithful have made the pilgrimage to Lourdes for the triduum. Arrivals tomorrow will swell the throng.

More than 100,000 will be accommodated near the Grotto shrine, where Saint Bernadette reported an apparition of the virgin in 1858. Many will hear the closing mass from loud speakers in the village streets.

Cost of Relief Lowered Some

AUSTIN, April 28.—The trend of relief in Texas during March was toward a lower case load and lower costs, according to a preliminary report embracing figures from eight metropolitan counties of the state.

Bexar, Dallas, El Paso, Galveston, Harris, Jefferson, Tarrant, and Travis counties reported a combined decrease of 2,353 cases as compared to the February total.

Cost of relief in those counties dropped from \$1,036,653.44 in February to \$869,695.98 in March, a decrease of \$166,957.46. This sharp decrease was the result of reduced allotments for relief from all sources.

This reduction was reflected in these counties in the average amount of relief extended to cases. In March, the average case received \$12.54; in February, \$14.46.

Bexar's relief load was reduced by 1,617 cases, but its total of 16,657 continued to be the highest in the state. Harris reported 14,991, a reduction of 276; and Tarrant had 13,059, a drop of 333.

FARLEY FLAYS HOOVER, LONG AND LAUDS FDR

Says Country Would Vote Tomorrow For 'Chief'

NEW YORK, April 27. (AP)—Directly flaying republican leaders including Herbert Hoover, and such dissenters as Senator Long (D., La.), Postmaster General Farley tonight closed an exhortation of Roosevelt opposition with the assertion an election tomorrow "would see no change" in last fall's overwhelming democratic victory.

To charges by "political foes of the administration that the president is no longer a popular idol," Farley retorted that "the president's hold on the country is too close to be threatened, much less destroyed."

The chairman of the democratic national committee spoke at a democratic banquet in celebration of the 1929 birthday anniversary of Thomas Jefferson.

Contending "Franklin D. Roosevelt has done and is doing a great job," Farley said "the country will never deliberately precipitate itself either into chaos or into the arms of the old exploiting reactionary group."

"The people have faith in him as he has faith in them," Farley said of the "Chief."

After charging republicans of pre-Roosevelt regimes with making "a hash of their own affairs" and for standing by "for three years after the initial crash . . . bewildered and planless," Farley referred to Mr. Hoover:

"Now I am going to let you into an administration secret. Who is the man more distressed about the length of the unemployment rolls, the size of the dole account and the vastness of the relief measures? More concerned than the reactionary organizations, or big business, or the political quacks with their mad schemes for distributing the wealth of the country? I'll tell you. It is the man who has to meet the problems and shoulder the responsibility. Franklin D. Roosevelt has the job, and, unlike some of his predecessors, has no disposition to shrink it."

"Yes, I have in mind the same man you have—the gentleman who recently issued a message to the re-

publicans full of platitudes about the evils of bureaucracy and the necessity of a return to normal processes, but gave no word as to how he would handle the job if he had another shot at it."

THE TEXAS LEAGUE

BUFFS SWEEP SERIES

HOUSTON, April 27. (AP)—The Houston Buffs here Saturday afternoon concentrated their fire in two "big innings," and won a smashing 8 to 3 victory over Tulsa to sweep the series. Ira Smith's men scored five runs in the second, and three in the seventh.

With two on in the seventh, husky Johnny Rizzo drove the pellet far over the left field wall, hitting Bill Posedel's first offering.

Nelson Potter, young righthander from the Nebraska State league, won his third victory against one defeat. The curve ball artist merely coasted to victory behind the powerful batting support of his mates.

Lynn King, fleet fly chaser continued to roam center field in sensational fashion. The Buff gardener was credited with seven putouts.

Chawford and Sheerin contributed brilliant fielding plays for the Oilers; while Ernie Holman socked a homer with one on.

SAN ANTONIO, April 27. (AP)—With Charley Engle playing sensational ball afield, taking seven hot grounders without an error, the San Antonio Missions defeated the Dallas Steers 6 to 3 here today to bring the series to an end with a win for each team. Abe Miller scattered 11 hits to become the first San Antonio pitcher to win two ball games.

It was a different bunch of Missions on the field than the ones that suffered a 13-3 defeat from Dallas Thursday. There was more hitting in the pinches, better fielding and much more pep.

Bridge Parties Morning And Afternoon Are Friday Events

MRS. W. R. EWING GIVES LOVELY SPRING PARTY

Mrs. W. R. Ewing was hostess to a group of friends Friday morning with breakfast and bridge at her home on North Somerville. Breakfast was served at 9 o'clock, when four tables of games started.

Tulips and bridal wreath made gay bouquets to center the tables, and appointments for bridge were in blending shades of blue, amber, canary, and green.

Mrs. W. M. Craven and Mrs. Frank Winslet assisted the hostess with hospitality of the morning. Other guests were Meses. J. M. Dodson, Dick Walker, Tom Rose, Glen Pool, C. P. Buckler, Charles Thut, J. H. Kelley, Neil McCullough, Roy Bourland, George Walstad, Bob McCoy, George Taylor, W. A. Bratton, and C. T. Hunkapillar.

Poppy Day Will Be Observed on May 25 in Pampa

Saturday, May 25, will be Poppy day in Pampa. On that day the women of Pampa unit of the American Legion Auxiliary will distribute little red poppies on the streets to be worn in honor of the World War dead. The observance here will be part of the annual nation-wide observance of Poppy day, during which millions of Americans will pay tribute to the memory of the war dead by wearing memorial poppies.

Poppy day activities here will be directed by a committee from the Auxiliary headed by Mrs. Leroy Blasingame, chairman, assisted by all other members. A large group of volunteer workers will be organized to carry out the distribution of the flowers.

The poppies which will be worn here have been ordered from the Legion Auxiliary headquarters, where they have been made by disabled World War veterans. The poppy making has provided employment for needy veterans through the winter and spring months, enabling them to help support themselves and families. Public response on Poppy day will determine how soon and how extensively this work can be reopened.

In exchange for the poppies, the Auxiliary women will ask each man to make a contribution to the welfare of the war's living victims, the disabled veterans, the widows and the fatherless children of veterans. This money will be used entirely in the welfare work of the Legion and Auxiliary, the bulk of it in the work of the local post and unit.

Mrs. Fahy Gives Party for Club

Mrs. B. C. Fahy was hostess to Merry Mixers club Thursday afternoon at her home. Bridge games were enjoyed, and a shower of gifts was presented to Mrs. Walter Sills. A pink and blue color motif was used.

Mrs. Charles C. Clark scored high in the games, and Mrs. H. O. Simmons low. An ice cream was served to them and to Meses. L. L. Dyer, Otto Patton, Max Harmon, Sill, Cilechrist, Badenbender, Caperton, R. M. Bellamy, Clyde Oswalt, and El Hamcock.

Dress Materials Are Studied by Hopkins 4-H Club

"A beautiful array of dress materials will be offered this spring and summer in stunning colors and designs," said Miss Ruby M. Adams, county home demonstration agent, when she met with Hopkins 4-H club girls Wednesday morning.

The girls studied new and old materials, including pique, seersucker, voile, batiste, chiffon, organza, corduroy, prints, gingham, knits, muslin, and matisse, which will be used extensively this summer in sport, afternoon, and evening dresses, and pajamas.

The club discussed raising money to send a delegate to the A. & M. short course in July. Those present were Ollie Marie and Lois Virginia Crossman, Gwendolyn Coutts, and Opal Mae Pinnell.

Groom School Band Plays at College

CANYON, Apr. 27.—The Groom public school band under the direction of Robert Newton gave a concert at the West Texas State Teachers college Tuesday morning.

The band, which consists of 21 pieces, was pronounced an exceptionally good organization for a school the size of that of Groom. Raymond Woods was soloist on the program. He sang two numbers, playing his own accompaniment on the guitar.

Robert Newton, the director, is a graduate of the Canyon college, class of '34.

Contrast

Crisp contrast is the note of this spring ensemble worn by Renee Demarco, dancer at the Plaza in New York. The black coat is worn over a print of little berries in black on a white ground. On the soft black sailor with white facing a rosette of white flowers is perched.

CONTRACT CLUB MEETS AS GUESTS OF MRS. KELLEY

Mrs. J. H. Kelley entertained Contract Bridge club at the Schneider hotel Friday afternoon. Three tables were arranged for the games in a setting of spring flowers.

Mrs. Tom Rose, Mrs. George Walstad, and Mrs. George Rainoud were special guests for the afternoon. Club members present were Meses. J. M. Lybrand, Mel Davis, Philip Pond, Henry Thut, Frank Keim, George Taylor, A. B. Goldston, A. B. Zahn.

Mrs. Rose made high score for guests, Mrs. Lybrand high and Mrs. Davis second high for club players. After the games a delicious refreshment course was served.

Local Officers Credited in P-TA Membership Hike

By MRS. J. M. CHAIN, Claude, State Publicity Director, Texas Congress of Parents and Teachers.

Official membership for the Texas branch of the National Congress of Parents and Teachers for the year 1935 now stands at 96,537, the largest list of members that the Lone Star state has ever enrolled. This is cause for much rejoicing among not only national and state officials but for the local organizations as well.

More than 15 per cent increase in membership has been realized because last year the Texas membership was 81,408. This was a remarkable gain over the preceding year. Most every state had an increased membership last year.

Mrs. A. P. Wood, president of the Texas congress, sends congratulations to all local officers and especially the membership chairman and membership committees and school authorities, who have cooperated so capably in arranging to procure such an enlarged membership and in sending the count so that it could be forwarded promptly to the national office.

Membership enrollment during a week or two was a term suggested this year instead of the proverbial terminology of membership drive. From each church of the numerous churches, the church board was enlisted during this special week. The work of the membership committee was one continuous round, going on throughout the year.

A list of all parents whose children attended school was secured from each teacher by the membership committee in the unit. All school patrons were either telephoned or visited or sent a special invitation to join the parent-teacher association. In many cases the school superintendent, principals, and president of the school board as well as the president of the local unit, affixed their signature to this invitation letter. In some instances principals of schools have visited every home that had children in their school and have given the parents a personal invitation to join the unit, explaining to the fathers and mothers the benefits gained for the child in such a cooperative effort.

Worthwhile programs, free discussions, promptness in opening and closing meetings, efficient officers, opportunity for each member to render some service along with courteous treatment to all in attendance, tended to retain former members as well as help secure new recruits. Friends and neighbors were urged to join in addition to parents. Just as a teacher took every pupil enrolled in his department for instruction and endeavored to develop his latent possibilities, so the parent-teacher association welcomed every parent and teacher and friend into its membership. In the spirit of cooperation and fellowship this organization helped to interest its members in all that concerned the welfare of children.

Indifferent parents were often enlisted by placing their children on programs, by personal calls from room representatives, and by explaining the purpose of the parent-teacher movement to them.

Mr. and Mrs. January left for a visit to Wichita Falls, and will be at home in Magic City, where he is employed by the Magnolia Petroleum company. The bride's traveling suit was of navy moire with white accessories.

She is a graduate of Pampa high school, has attended West Texas State Teachers college at Canyon and Fleming business college at Amarillo. Mr. January attended Texas A. & M. college after graduation from high school.

WOODROW WILSON P-TA TO END TERM WITH VARIED ACTIVITIES

Closing activities of this term were planned by Woodrow Wilson Parent-Teacher association at a called meeting Friday afternoon. A benefit game tournament, entertainment honoring teachers, and final regular meeting remain on the 21st of the program.

First of the events will be the annual party for faculty members, on Tuesday evening. Parents in the organization will be hostesses with a dinner and theater party.

The game tournament is planned for May 7, at the school building. It will be open to the public, and tickets will be sold in advance.

Committees on arrangement have been named as follows:

Chairs and tables, Meses. Roy McMillen, L. J. McCarty, and Moore.

Refreshments, Meses. G. A. Colton and T. C. Lively. Tickets, Meses. Tom Duval, P. D. Hill, B. T. Hargis, T. P. Morton. Prizes, Meses. Frank Shotwell and Bain. Tallies, Meses. Theresa Humphreys and Kirby.

Hostess for the evening will be Meses. W. B. Murphy, Duval, Kirby, McMillen, and Annie Daniels.

A change in the date for the last meeting of the season was announced. It will be on Friday, April 10, instead of the preceding Thursday, and will be in the evening.

COUPLE MARRIED IN LOVELY CEREMONY AT ELECTRA WILL MAKE HOME IN MAGIC CITY

Miss Roberts Weds Mr. January Friday

Miss Katherine Roberts, daughter of Mrs. Bertha Roberts, and Robert January, both of Pampa, were married in a lovely evening ceremony Friday at the home of the groom's parents in Electra.

The ceremony was read by the Rev. Clark Russell, Methodist minister there, before a trelis twined with roses and flanked with tall baskets of half-blown roses.

Miss Roberts, who was given in marriage by her brother-in-law, C. M. Whittle, wore a gown of white satin with a white tulle veil in cap effect. Her bouquet was of white roses.

Mrs. Whittle, matron of honor, was dressed in green crepe with pink lace trim and pink picture hat. The bridesmaids, Miss Dorothy East of Pampa and Miss Louie Anne January of Electra, wore pink orquid dresses, with coronets of sweet peas in their hair and arm bouquets of pink roses.

Bill Naylor of Wichita Falls was best man, and the groomsmen were Troy Ballard of Pampa and T. W. Burkhalter of Electra. Little Dustin Fillmore of Wichita Falls carried the ring on a white satin pillow. He wore white tux, and little Melba Jean Dressler of Electra, the train bearer, wore a frock of white tulle.

Proceeding the ceremony Pat Morrison sang Cadman's At Dawning, accompanied by Mrs. Morrison.

An informal reception followed in the rose-checked rooms, when Miss Nerva Smith and Mrs. E. L. Keltz served cake and punch, assisted by Meses Christine Hamilton and Beatrice Hughes.

Guests, in addition to members of the bridal party, were Mrs. A. L. Ballard of Pampa, Judge and Mrs. H. W. Fillmore, Mrs. Naylor, Ed Coffey, Arch Cameron, Miss Moore, and Charles May of Wichita Falls, and Miss Grace January of Dallas.

Mr. and Mrs. January left for a visit to Wichita Falls, and will be at home in Magic City, where he is employed by the Magnolia Petroleum company. The bride's traveling suit was of navy moire with white accessories.

She is a graduate of Pampa high school, has attended West Texas State Teachers college at Canyon and Fleming business college at Amarillo. Mr. January attended Texas A. & M. college after graduation from high school.

EDITORIAL

THE MODEL PRAYER: Matthew 6:9-15.

After this manner therefore pray ye: Our Father which art in heaven, Hallowed be thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our daily bread. And forgive us our debts, as we forgive our debtors. And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever. Amen. For if he forgive men their trespasses, your heavenly Father will also forgive you: But if ye forgive not men their trespasses, neither will your father forgive your trespasses.

The Oil Still Flows

The oil still flows in the Pampa territory, and long it will. The wheat has long been grown in this area, and long, also, will, it. We lack only rain for a resumption of bumper crops. The cycle is turning. Rain will return. . . More than 45 nations harvest wheat crops every year. They produced last year a total of 4,647,700,000 bushels. Their separate harvest times cover every month of the year, supporting the assertion that wheat is harvested somewhere every day.

According to facts compiled by the Chicago Board of Trade, the harvest times includes following schedule:

January—Australia, New Zealand and Chili.
February and March—East India, Upper Egypt.
April—Lower Egypt, Syria, Cyprus, Persia, Asia Minor, India, Mexico and Cuba.
May—Algeria, Central Asia, China, Japan, Morocco, Texas.
June—Turkey, Greece, Italy, Spain, Portugal, South of France, California, Louisiana, Mississippi, Alabama, Georgia, Carolinas, Tennessee, Virginia, Kentucky, Kansas, Arkansas, Utah, Missouri, Texas and Oklahoma.
July—Roumania, Bulgaria, Austria, Hungary, Czechoslovakia, South of Russia, Germany, Switzerland, France, South of England, Oregon, Nebraska, Minnesota, Wisconsin, Colorado, Washington, Iowa, Illinois, Indiana, Michigan, Ohio, New York, New England, and Ontario Canada.
August—Belgium, Holland, Great Britain, Denmark, Poland, Quebec, Western Canada, Columbia, North and South Dakota.
September and October—Scotland, Sweden, Norway and north of Russia.
November—Peru, South Africa and Argentina.
December—Burma and Argentina.

First shipping of grain by lake steamer from the 1935 crop is beginning. This is two weeks in advance of the usual date. . . World wheat prices have strengthened during the last six weeks as droughts have influenced quotations. Spring wheat prospects, however, are fair and there is no danger, apparently, of a domestic shortage. April 1 farm stocks of wheat in the United States totaled 93,699,000 bushels, the smallest since 1928, when stocks were 88,757,000 bushels. Surpluses of wheat available for export in the various countries amount to about 629,000,000 bushels, compared with 872,000,000 bushels a year ago and 933,000,000 bushels two years ago.

Lower stocks are reflected in rising prices for cereals. Cereals on March 15 were 51.1 per cent above 1913 levels. Meats were 49.6 per cent above, vegetables 17.7 per cent higher, all dairy products 13.3 per cent higher, and miscellaneous foods only .017 per cent higher. Eggs were 15.4 per cent below the pre-war level. Food prices generally, however, have increased 34 per cent compared to 1923. . . The A. A. A. experts have pointed out that distribution costs for any one type of food are more or less constant from year to year, hence the increase in farm prices should mean much to the farmer. However, curtailed production and droughts have tended to reduce the effect which might be seen in the price statistics.

Stocks and prices do not always go hand in hand. Last year industrial production was 42 per cent below 1929 levels while prices for industrial products were only 15 per cent below. Industry restricted production to uphold prices. And industry, better organized than agriculture, was better able to control prices. Labor, upon which the government also has conferred vast power, has attempted to sustain high wages, or obtain them, at a time when the supply of labor was vast (unemployment.) Labor was justified in many demands. In some cases, high wages were obtained at the cost of reduced buying, with fewer days of work per man. The net gain, therefore, was small.

Agriculture, through the AAA, seeks parity, or a fair exchange value. The present device of a pre-war parity supposedly will be thrown into neutral when relations sought are reached. Maintenance of prices out of balance with the rest of the country would be as unwise in agriculture as it has proved in the monopolistic industries. . . However, already noted are attempts to maintain prices now out of parity. Some groups have seen prices rise to parity but are organizing to obtain more than parity. The temptation to over-play one's hand is always present. . . And while America races toward a high price system, the world continues to operate at lower price levels with which neither industry, labor, nor agriculture can compete.

President Roosevelt promises the people he will do his utmost to spend \$5,000,000,000 by July 1, 1936. If he finds it tough going, he might enlist the services of Barbara Hutton.

The job won't be finished when European nations learn a way to preserve peace. They'll still have to find a museum to keep it in.

While they're abolishing "isms," how about including that "I'm mamma's iddle man," etc.

Early to bed, early to rise makes a man an opponent of daylight saving time.

Centennial Revue Enjoyed by Many Old-Time Guests

Many Panhandle old timers, including about 30 from out of town, were guests of honor at a Centennial revue presented by pupils at the Vincent school of dancing Friday evening at city auditorium, and many later comers enjoyed the program with them.

J. S. Wynne received the gift that went to the guest who has lived longest in this section. Mrs. R. H. Elkins, Judge and Mrs. W. R. Ewing were close contestants for this honor. A bouquet was presented to J. C. Crawford, grandfather of Kathryn Vincent Steele, director of the school, who arranged the program in his honor.

Numbers by the Woodrow Wilson Kid band opened the program. A group of pupils from the "Tape Sisters" dancing class at Canadian entertained, and a group of the old-timers danced a square dance.

Pupils of the studio who took part on program were chosen because of their attendance records. They were Yvonne and Donna Jo Berry, Shirley Hazel Noel, Yada Lee Alden, Jo Shields, Peggy Shank, Joyce Weeks, Jeanette and Betty Sue Price, Frankie Lou Keen, Joyce Smith, Gloria and Jane Robinson, Dorothy Nell Trimble, and Dorothy Jo Moore.

Minister's Prayer Saves Sooner From Execution In Chair

OKLAHOMA CITY, April 27 (AP)—Because a minister-bailiff uttered a prayer at the request of jurors, Lloyd Grable, Oklahoma City garageman, today was saved from death in the electric chair for a bank robbery in which no money was taken.

"It was not the proper time to pray," James D. Davenport, presiding judge of the state criminal court of appeals, declared in announcing the court had granted a new trial for the condemned man.

Judges Thomas A. Edwards and Thomas E. Doyle, other members, concurred.

Dusting The Covers Of Texas History For THE TEXAS CENTENNIAL CELEBRATION OF 1936

Sadness had come upon the republic over the death of two well-loved citizens. One was the president of the United States, Andrew Jackson, and the other was Kenneth L. Anderson, vice president of the republic. Anderson had died the last week in June, 1845. He was a man of great tact, unquestioned integrity, and natural kindness of heart. He kept his popularity through his political career. We meet a few such men in life; the Northern Standard editor of Clarksville wrote, "It was a blow to his friends to lose him."

President Jackson had died in the states, and Texas had been represented at his funeral by General T. J. Green, George Van Ness, Lieut. Clarke, and Branch T. Archer, recently resigned from the cabinet. The loss of the two men could not be dwelled upon long, for too many were things happening. Comanche Indians had been discovered along Brushy creek, and had been met by 100 citizens of Robertson and Milam counties, together with the Lipans and Tonkawas. They were dispersed with little difficulty, but succeeded in frightening the inhabitants of Austin considerably. In the community of San August-

ine the ladies held a fair and sold everything from "English rabbits to pachelors." After the manner of the young ladies in Maine, Texas girls decided to discuss at their temperance meeting the subject of "Total Abstinence, or No Husbands." The whiskey distillery on Long Row in Houston was a shame and disgrace. It mattered little that the owner also manufactured tin ware, copper ware, and made casts for bells and "stirups."

There had been truly shocking news of happenings in Galveston, however. A city that formerly had good morals was now in a state of corruption, it was said. A woman was fined for beating her husband, a man was sent to jail for assaulting his wife, and another man was sent to jail for drunkenness.

Thus we glimpse life in early Texas communities. There was a constant series of events that kept the attention of the settlers on things other than their worries. Manners and customs have changed in Texas' 100 years of independence, but Texans are fundamentally the same. Centennial celebrations of 1936 will be dedicated to the pioneers, for the noble work that they did for our state.

"My Old Sinful Mother," a tender human drama with a mother's religion as the theme will be presented in the first part of the evangelistic service at First Christian church Sunday night, starting at 7:45. Mrs. Bessie Martin will play the part of the mother. Charles Madeira will sing the solo numbers. The choir will assist with the hymns.

Evangelist Holmes will preach at the same service on "The New Testament Church, Ideal and Real." This is a sermon on what the church ought to be and on what it really is.

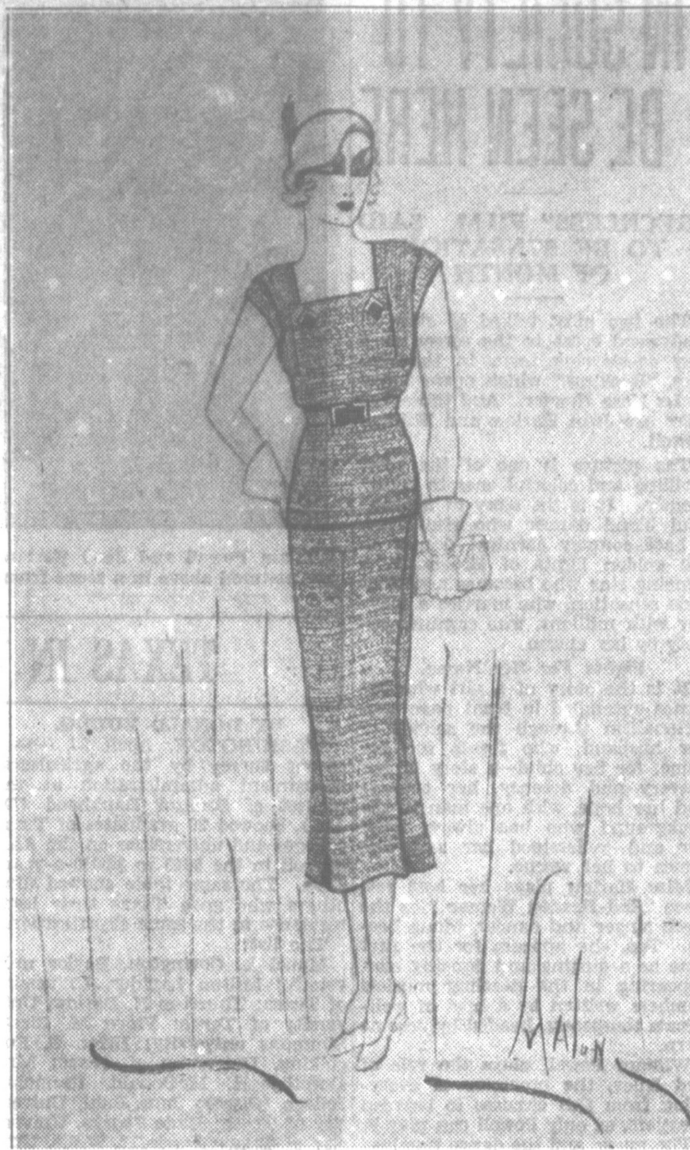

Sunday morning the sermon will be on "The Divine Family." Mr. Walker will sing "I'm a Child of the King." The choir will have a special number. Members of the Sunday school are working hard for a large attendance in all of the classes and departments.

Friday night at the evangelistic service, Mrs. Clarkie R. Vawter, whose husband led an evangelistic meeting in Pampa in the summer of 1933, sang as a solo—"I Am Satisfied with Jesus." She came over from Shamrock with her brother, Wm. D. Reeves, who is minister of the Christian church there.

Evangelist Holmes preached Friday night on "The Unity of the New Testament Church." He brought out very clearly that in the beginning the church was united and declared, "Christ prayed that his disciples might always be united in order that the world might believe that He came to reveal God."

"Division" in the church, the evangelist further asserted, "is classed with sins like adultery, drunkenness, idolatry, murder. Division in the church is wasteful and hinders the spread of Christianity. But unity will only come in a common loyalty and devotion to Christ as teacher, savior and king."

curls. Her cheeks were flushed and there were tiny beads of perspiration on her perfect upper lip.

"My, but you are a pretty thing," Mrs. Northrup went on affectionately. "But you mustn't frown, dearie. It will make lines on your forehead. Tell me what's bothering you. Perhaps I can fix it."

Jane was seated in a low rocking chair close to her mother's. She immediately ceased to frown, snuggling away with her fingers any shadows of the threatened lines. "James wants a dog," she said ruefully. "He talks of nothing else—dog, dog, dog from the time he gets up in the morning until he goes to bed at night."

"But James has a dog, hasn't he? Two or three as I remember."

"Two. But he left them at his Aunt Sarah's because they were old and used to the place. Now he actually wants to buy a great big hulking puppy and raise it by himself. He'll have all the raising and bother would fall to me. I tell him I won't have a dirty whiney noisy brute messing up my house and breaking all my bric-a-brac. And I will not."

"I should think that would settle it."

"Settle it? You ought to be married to James for a week or two. When he wants anything, no matter how unreasonable, he thinks it ought to be my greatest pleasure to tear myself to pieces to get it."

"I'd soon disfigure him if of that idea," Mrs. Northrup jabbed viciously with her needle into the damask.

GREAT RICHES

SYNOPSIS: James and Jane Stinson have returned from a honeymoon in which there was only one untoward circumstance—James was not masterful enough. And Leslie Harris, whom James probably would have married but for Jane's efficient scheming and the help of the town busybodies, seems happy, almost. Now it's up to James to live up to the fine "sendoff" Jane's father and mother have given him and Jane.

Chapter 28 ROUGH CORNERS

James and Jane, meantime, were spending most of their evenings arranging or re-arranging their brand new furniture and three hundred and twenty-six wedding presents, or at least Jane was arguing and re-arranging while James was admiring each succeeding effect.

"Lord, James groaned one evening in mock despair, 'I don't believe that anyone outside the Vanderbilts and Astors ever had so much truck.'

They were in the dining room. Jane had just finished cramming a groaning cabinet with a plenitude of elaborate and heavy cut glass. Another cabinet displayed an infinitesimal part of their hand painted china.

Their plate rail, their tables and mantels and bureaus and book cases could scarcely hold all their valuable bric-a-brac. Clocks ticked in every room, pictures crowded the walls, fancy covers adorned the tables, mirrors gleamed in every available nook.

"I'd never be able to live up to it," James went on. "If ever two people started housekeeping in champagne style on a beer income it's us."

"Well, I wasn't brought up in beer style and neither were you. I've long prided myself on being able to make a dollar do the work of two. Don't you worry. Anyway, there's always Father to fall back on."

"Your father's heaped us with obligations already. I don't mind him giving you an allowance to spend on yourself, but I'd prefer to pay the house bills. . . live on what I make."

"All right," Jane replied cheerfully. "Father has done an awful lot. It's up to you now to hustle around and bring home the bacon."

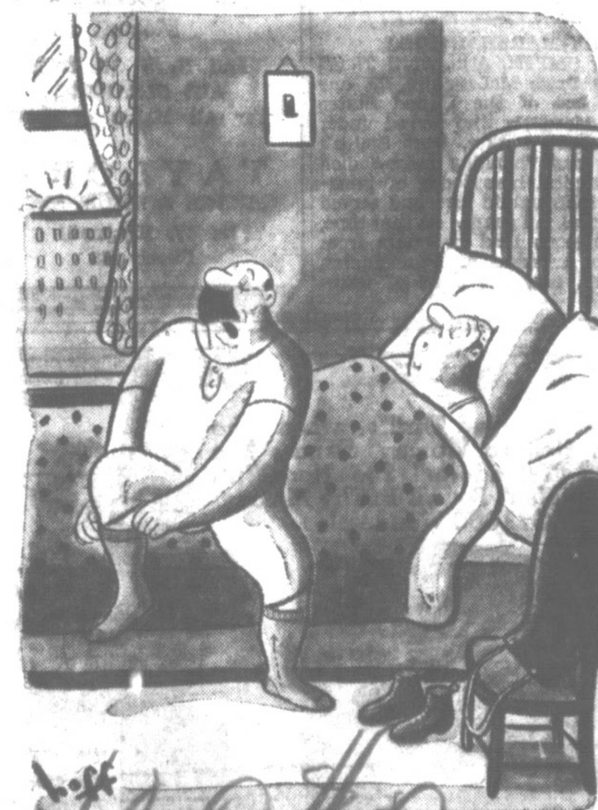

"I'm trying to do just that," James said humbly.

"Of course you are. Of course I expect you to. Making a living is the very reason what I expect of you," Jane smiled at him brightly and James kissed her. He did wish, however, that Jane did not accept the making of a living so casually.

Other young couples in New Concord started housekeeping in small cottages with the brides doing their own work. He did not, of course, expect Jane to do without a servant. Even in the Mansion they would have had to have a servant. Jane expected him to compliment her frequently because she managed to get along with one. And with all the dusting.

The servant question loomed large on the young Stinsons' horizon. Jane had already tried out two and lost them. Later she lost others. But this Jane claimed was more

JACK HOLT IN LEADING ROLES FOR 100 STARS

BOTH NOTABLES AND FORGOTTEN ACTRESSES INVOLVED

Ask Jack Holt, broad-shouldered Columbia screen star, to list the actresses who have played opposite him during his 18 years in motion pictures, and his answer will sound like a "Who's Who in Filmdom."

Just offhand, between scenes of "The Unwelcome Stranger," the Columbia comedy-drama opening at the Rex theater today, Holt mentioned 24 of his leading women, which is approximately one-quarter, since he has been starred in more than 100 pictures.

Many of the actresses who appeared in early Holt productions will be remembered only by film fans of a decade ago. Among them were Grace Cunard, the greatest serial queen of her day; Mary Miles Minter, now living in retirement in Beverly Hills; Clara Kimball Young, who organized her own company and selected Holt to play with her in

A Romantic Vis-a-Vis

Here are Jack Holt and Mona Barrie in "Unwelcome Stranger" a Columbia picture now at the Rex theater.

"Cheating Cheaters," Florence Vidor, now the wife of Jascha Heifetz, the violinist.

Early in his career Holt played opposite Mary Pickford in "The Little American." He was also seen with Anna Pavlova, Ethel Clayton, Kathleen MacDonald, and Mary MacLaren. Miss MacLaren, now making a screen comeback, enacts a minor role in "The Unwelcome Stranger."

More recently Holt has appeared with Norma Shearer in a picture called "Empty Hands," with Dorothy Revier, Billie Dove, Lois Wilson, Lila Lee, Sally Blane, and Mary Astor.

Fay Wray appeared opposite him and Ralph Graves in "Dirigible," several years ago and, during the past year, played with him in "Black Moon," "The Women I Stole," and "Master of Men."

Jean Arthur, young blond actress, appeared with Holt in "Whirlpool," "The Defense Rests," Genevieve Tobin was his leading lady in "The Wrecker," Florence Rice, daughter of Grandland Rice, made her screen debut in Holt's "The Best Man Wins," Lillian Bond, English player, was cast as his wife in "When Strangers Marry," and Lillian Miles also played with Holt in "I'll Fix It."

Holt's current leading lady is Mona Barrie, attractive, auburn-haired English-born player. In "The Unwelcome Stranger" she is featured as his wife. Miss Barrie also played with Holt in "I'll Fix It."

During spring about 3,000,000 eggs are handled weekly by poultry dealers in Nashville, Tenn.

BLOND DANGER IN SOCIETY TO BE SEEN HERE

"RECKLESS" FILM SAID TO BE SENSATION OF MONTH

The two most talked of stars in Hollywood come to the screen as a new co-starring team in the picture, "Reckless," which opens today at La Nora theater. And their two stars are Jean Harlow and William Powell.

The picture is one of the most thrilling and colorful ones in recent months. It is the story of a beautiful blond dancer who rises from a back-country carnival dancer to the golden light of a Broadway dancing star who becomes a nationwide sensation, who marries a playboy with millions, who captures society by her charm.

Fights For Her Name.

It is the story of a girl who becomes entangled in front page sensationalism through the suicide of her husband, who fights for her name, for her child—a story of her bravery and decency, her courage and her hope, with one man in the background who has always loved her and understood her and who comes to her rescue.

Miss Harlow plays her best role since "Red-Headed Woman," as the torch singer and dancer, Mona Leslie. Too, she appears for the first time as a singing and dancing star, appearing in the dazzling musical numbers written by a host of well-known composers, headed by Jerome Kern.

William Powell plays the role of Ned Riley, the promoter of everything from flea circuses to bearded wrestlers, as only Powell can play it. The music and the dance numbers that serve as a background for the thrilling story were contributed by such musical greats as Jerome Kern, Oscar Hammerstein II, Con Conrad, Herbert Magidson, Jack King, Edwin Knopf, Burton Lane, and Harold Adamson, and assuredly will become some of the outstanding song hits of 1935.

Franchot Tone again comes to us as the millionaire playboy who first wins Miss Harlow's heart, and whose suicidal act drags her from the pedestal of fame into the mud of scandal.

As a whole, "Reckless" is crowded with plenty of color. Producer David O. Selznick, with the plaudits of "David Copperfield" still ringing in his ear, and Director Victor Fleming have forgotten nothing in their efforts to make the film one long to be remembered.

In it are included such dependable players as May Robson, that Grand Old Lady of stage and screen, who plays Miss Harlow's grandmother; Ted Best and Nat Pendleton, who supply the majority of the humor as Powell's constant minions; Rosalind Russell, well remembered on the New York stage, and who has been climbing faster as a featured film actress more than any other recent recruit to pictures; Little Mickey Rooney and Henry Stephenson, who portrays Tone's father.

The picture introduces four lively musical numbers, in all of which Miss Harlow appears as a singer or dancer. These are "Reckless," "Hi Diddle Dee Dum," "Everything's Been Done Before," and "Hear What My Heart is Saying," each number presented in a beautiful chorus setting.

Tour of Mexico To Be Sponsored

CANYON, April 27.—The department of Spanish at the West Texas State Teachers college is sponsoring a 15-day tour of Mexico City, leaving here June 22 and returning July 6. Five days will be spent in Mexico City.

The itinerary includes Monterrey, El Martini, Jacala, Mexico City, Mont Morrelos, and Saltillo. Besides inclusive tours of the city, special trips will be arranged for out of the city of Mexico. These will include a trip to the Desert of the Lions, a trip into the mountains to the old monastery, and a trip to the lovely Borda Gardens, where the late U. S. Ambassador Dwight L. Morrow had his summer home and where he died. Special arrangements will be made for those interested in attending the National University during the summer session.

Frank R. Phillips of the agricultural department and Miss Mary E. Hudspeeth of the Spanish department of the college are promoting the tour. The cost of the trip will be \$100 per person.

Oil Boom Boils As Well Flows

MERCEDES, April 27 (AP)—Lease and royalty prices were more than quadrupled overnight here and the town was plunged into oil boom frenzy as the Union Sulphur company American Rio Grande No. 3 discovery well continued to flow today.

Prices of \$800 to \$1,000 an acre were offered for a sixteenth royalty close to the well and from \$200 up two miles from the well.

The discovery well was flowing 250 barrels of the finest No. 1 gulf coast crude through a quarter inch choke. The oil jumped to 58.4 specific gravity with less than one per cent residue.

New businesses were beginning to spring up and new locations on the production block were expected soon.

Officials of the Southland Life and American company, on whose land the well is located, quickly took their land off the market, pending a check on the extent of the pool.
