Services Held for Retired Burk Farmer Sunday

Funeral services for Harvey Z. Sites, 85, a retired farmer, were held Sunday in the Owens & Brumley Chapel here with Rev. Joe Green, pastor of the Thrift Baptist Church, officiating.

Mr. Sites died in a Wichita Falls hospital Friday night following a long illness. He was born in McComb, Ohio, May 4, 1867. He moved from Ohio to Hereford, Texas in 1908 and to Burk Burnett in 1932. He had lived here since that time. His wife died in 1947.

Survivors include one son, F. G. Sites, Burk Burnett; five daughters, Mrs. L. A. Hodges, Yucca, Arizona; Mrs. C. F. Mapp, Chicago; Mrs. M. G. Prewitt, Lubbock, Texas; Mrs. J. M. Benson, Roscoe, Texas; and Mrs. J. R. Ray, San Angelo; one brother, John Sites, Winter Haven, Florida; one sister, Mrs. Grace Lay, Findley, California; eleven grandchildren and three great-grandchildren.

Pallbearers were Burl Matthews, Frank Germany, Ernie Pogue, Leroy Cotton, C. D. Gee, L. W. Forqueran, R. C. Grider and J. W. Stubblefield.

Burial was in Burk Burnett Cemetery.

Much Enthusiasm In Square Dance At Youth Center

Seventy teen agers attended the square dance class of Mr. Bert Hazelwood at the Youth Center on November 4th. Much enthusiasm is being shown for this activity and it will be continued as long as possible.

The Center Board of Directors will meet at the Junior High library Thursday, November 6, at 4:00 P. M. The Center will be forced to close in another month unless something can be done about the youth not paying their dues. Only 81 paid dues for October and over 300 used the Center. We have no other means of paying our director's salary of \$75.00 and unless enough dues are paid, the Board of Directors will have to make up the November payment. Surely, it is enough to the parents that their sons and daughters have a safe, clean place of recreation for them to insist that the teen agers pay their Center dues.

New Burk Study Club Organized Monday, Nov. 3rd

Twelve members met Monday night in the home of Mrs. Bobbie Beaver to organize and elect officers for a new study club.

Those elected were: President, Mrs. Betty Parsons; Vice-president, Mrs. Mary Frances Englund; Recording secretary, Mrs. Orlena Wampler; Corresponding secretary, Mrs. Mary Helen Bills; Treasurer, Mrs. Maxine Thaxton; Parliamentarian, Mrs. Bobbie Beaver; and Reporter, Mrs. Olea Vaught.

We were honored to have Mrs. Reba McLean and Mrs. Margaret Alexander meet with the members and discuss plans, club duties, activities, in making suggestions and helping organize this new club. A year book committee was elected. We hope to have a name for this club at our next regular meeting on November 17th, with Mrs. Nancy Lilly as hostess.

Delicious refreshments were served by the hostess, Mrs. Bobbie Weaver, to those attending.

Dist. Bar Meeting Friday, Nov. 7th

J. GLENN TURNER

More than 100 North Texas attorneys are expected to attend a one-day legal institute and district bar meeting at Wichita Falls on November 7th. George W. Anderson, president of the Wichita County Bar Association announced today.

Featuring lectures on examination of abstracts and trial tactics, the lawyers' clinic will be held in the 30th District Courtroom. A special feature will be an open forum on bar matters for attorneys of the 13th congressional district and surrounding counties. Bar sponsored legislation and other programs will be discussed, several State Bar officials being on hand to receive comments and suggestions from individual members.

Lead off speaker for the morning session scheduled to begin at 9:30 A. M. Friday, will be Houston attorney Fred A. Lange. Topic of his discussion will be "Abstract Examination and Its Problems." Having served as a member of the legal staff of Gulf Oil Corporation for over 10 years, Lange is well known for his land title work.

A noon luncheon at the Kemp Hotel will be highlighted by an address by J. GLENN TURNER of Dallas, president of the State Bar of Texas, on "The Lawyer and the Public." Turner will also preside over the district business session slated for 3:30 P. M.

Charles J. Lieck, a prominent San Antonio attorney, will open the afternoon session at 2:00 P. M. with a discussion entitled "Pitfalls of the Plaintiff." Lieck is author of a lawyers' reference work on preparation of lawsuits.

Mr. and Mrs. C. A. Purcell, former residents of this city, were here attending to business and visiting with friends Wednesday.

Burk Loses First Conference Game To Quanah Here

Burkburnett Bulldogs lost their first conference football game of the season last Friday night on the local field when a powerful Quanah team outscored them 34 to 6. Each team was playing its first conference game of the season, with their sights set on the district crown.

Quanah scored once in each of the first three quarters, and twice in the last. As the last minutes of the first quarter ticked away, John McCrary of Quanah intercepted a Burk Burnett pass on his own 32 yard line and returned it to the 41. Line smashes and long end runs put the ball on Burk's 9 yard line. Francis Strader got to the 1 and on the next try made a touchdown going thru the line. McCrary missed the try for extra point kick.

In the second quarter Burk got down to Quanah's 9 yard line, but the Indians held and took the ball over on downs. Passes and end sweeps took Quanah to Burk's 31 yard line. A pass from McCrary to Jack Cromartie was completed on the 10 yard line and he went the remainder of the way untouched. McCrary converted for the extra point, making the score 13-0.

The third score play originated on Burk's 44 yard line. Four yards through center and 26 more around right end placed the ball on the 14. Bobby Williams raced through the line for the score. McCrary again converted. 20-0.

Two scores came in quick succession in the last quarter. In a 60 yard sustained drive, Williams scored from the 10, with the extra point kick good. 27-0. Another pass interception set up the final Quanah score. The interception was made on Burk's 35 yard line with a 14 yard return. A pass from McCrary to Williams scored, with the kick going between the uprights. The score at this point, 34-0.

Burk's touchdown came from a 50 yard drive from mid-field. Gerry McCabe passed to Richard Ragsdale for 20 yards, a line plunge brought Burk to the nine. Gerry McCabe went off right tackle for the score. Bowden Maben's try for extra point with Ragsdale holding, was wide.

Practically every seat at the stadium was occupied, with a great number standing along the sidelines. The game was hard fought, with Burk holding the edge on yards gained from scrimmage, at half-time, although they trailed by 13 to 0. The boys were in excellent physical shape, holding the ball as the final whistle blew and still showing plenty of pep.

The next conference game will be played this Friday night when the Bulldogs journey to Seymour.

Football Films To Be Shown For Quarterbackers

Next Monday night's meeting of the Quarterback Club will feature showing colored movies of some outstanding football games, plus refreshments of do-nuts and coffee.

Twenty-six turned out for the last meeting, when films of the Burk Burnett-Quanah game were shown.

You will enjoy meeting with the Quarterback club when the previous games are screened and morale strategy is planned.

The meetings are held at the High school at 8:00 P. M. each Monday night.

Council Meeting Monday, Nov. 3rd

Resignation of Willis Bartley, Police Chief effective as soon as replacement can be made, or not later than December 31st, was accepted.

National Flower Week Nov. 2-9

All citizens are urged to pay special tribute during National Flower Week to the beauty and power of flowers in brightening our daily lives.

Flowers, are the best way to express affection, appreciation, congratulations or sympathy and

Flowers, add brightness and cheerfulness to the humblest dwelling and

Flowers, uplift the morale and spirit of the sick and

Flowers, because of their color and beauty are a source of inspiration to artists, and

Flowers, have a spiritual significance and symbolize hope and inspiration and

Flowers, have the power of adding flair to entertaining, table decorations, home decorations and personal adornment and

Flowers, have a universal language which can express the proper sentiment anytime or anywhere and

Flowers, portray the true feelings where words fail to express the true meaning.

Now, therefore, I, Walter Riley, Mayor of Burk Burnett, declare November 2 to 9th Flower Week in Burk Burnett.

Classified Ads Cash in Advance

All classified ads are cash in advance, with the exception of regular advertisers who carry regular weekly accounts.

Ads will be accepted up until Wednesday noon for Thursday's paper, but they will not be set in type or appear in the paper unless paid for by 5:00 o'clock Wednesday.

It costs more to set up a charge account for a new customer than the average price of a classified ad. It is a losing proposition for the paper, hence the new policy.

"BIGNESS" IS NO CRIME

At frequent intervals, someone rises up and declares that the oil industry makes too much money, and something drastic ought to be done about it.

The best reply to that lies in what the oil industry is and what it does. Collectively, it is "big business" for the plain and simple reason that only big business could supply us with the incredible quantities of oil we and our friends abroad need and want. And it is a risky and complex business. For instance, it costs a lot of money to drill a wildcat well in search of oil—and only about one in five turns out to be a producer. If the oil people didn't stand a chance to make a profit, they wouldn't venture their capital on such hazardous undertakings. And if that occurred, a future oil shortage would become inevitable.

The American people spend about \$7,000,000,000 a year on oil products. And half of that—\$3,500,000,000—goes right back to the government, through the Federal, state and local taxes levied on the industry and on oil products. A great deal of the rest goes to the \$2,000,000 well paid men and women the oil industry employs.

Then, when current bills are paid, oil companies must pour out huge sums to build and improve refineries, pipelines, tankers, and all the rest of their vast physical plant—the plant which converts the crude into a thousand and one useful products used by consumers. Does anyone really think that a financially starved enterprise could accomplish this tremendous job?

The amount which finally winds up in the pockets of the industry's tens of thousands of owners as dividends, represents one of the smallest slices of the oil dollar.

GRASS ROOT OPINION

CHESTER, S. C., REPORTER: "The United States was the first country in the history of civilization founded for the preservation of individual freedom. In establishing the 'New Order of the Ages,' the Continental Congress recorded in the Declaration of Independence a list of grievances against the tyrannical King George III, among which were: 'He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out their substance.' One hundred and seventy-five years later we find a swarming bureaucracy within our borders that threatens individual freedom."

ST. IGNATIUS, MONTANA, POST: "We see the vast importance to our local, state and national economy of having private enterprise. Tax paying institutions, whether little or big are the very life blood of our society."

ARTESIA, N. M., ADVOCATE: "Americans want our armed forces to have everything they need, but there is too much waste and too much extravagance. Those directing the spending and handling of the goods which the tax dollars buy are going to have to be just as efficient, just as economical and just as wise in using and spending as the Average American is today. We can't afford as a nation to continue to increase our tax bill . . . We must be saving . . . and . . . spend wisely if we expect to continue as a nation."

Steps to Save
STEPS

Do you stumble over tangles of extension cords every time you cross a room in your home? Fumble in the dark for a switch? Wait around for appliances to do their work?

You can stop these annoyances with adequate wiring. It takes these three easy steps to give you the kind of wiring that keeps your home up-to-date electrically:

1. An adequate service entrance—for now, and future use of electricity.

2. Enough circuits—big enough—to handle your present appliances, plus the ones you'll add later.

3. Enough outlets and switches.

P. S. With adequate wiring you'll save money—and time—every day.

Capt. Houston Tuel
Makes First Claim
Against MIGS

Fifth Air Force, Korea—Captain Houston N. Tuel of Tacoma, Washington, a U. S. Air Force F-86 Sabrejet pilot with the Veteran 4th Fighter Interceptor Wing in Korea, probably destroyed a MIG 15 on Thursday, October 23rd, according to reports from the Air Force sent to the Star Office this week.

Captain Tuel's first acclaim against a Russian-built jet fighter came on a day when Sabrejet pilots shot down one MIG and probably destroyed one other. His wife lives at 4928 101st, Tacoma, Washington. His parents, Mr. and Mrs. Leslie Tuel, live at 629 E. Main Street, Burkburnett.

WICHITA-WILBARGER
Soil Conservation
NEWS

Mike Hartmangruber, farming 4 miles south of Iowa Park, reports that his alfalfa is coming up to a good stand. Mike applied his fertilizer and water and then seeded his alfalfa.

Production of 5500 bales of alfalfa hay from 23 acres is likely the highest production obtained by a farmer in the Wichita Valley. However, another observation of importance is that since growing alfalfa on the soil, time required to apply water to a border has doubled. As a result, Hartmangruber will reorganize some of his irrigation system to reduce the lengths of runs and reduce the time required to water. Technician of the Soil Conservation Service assisting the Wilbarger-Wichita Soil Conservation District will assist in the planning and application of the reorganization.

J. C. HINKLE, operator of the O. L. Clark farm near Burkburnett, has completed enlargement of a farm pond and a diversion terrace to divert water into the pond. About 60 per cent of the cost of construction is being paid by Wichita A. C. Program.

R. L. Underwood, Wichita Falls District cooperater and owner of the lazy T P Ranch, has completed reterracing his cropland. He had an old terrace system that did not operate satisfactorily which was leveled and a new system of channel type terraces installed.

Shem Cunningham, District cooperater of Wichita Falls, had completed leveling 22 acres of cropland. Roy Thompson, Jr., engineer for the Soil Conservation Service, furnished the engineering assistance.

Letter to Santa

Dear Santa:
My name is Mike Matherly. I am 9 years old. For Christmas my brother wants a mechanical sub, auto service truck, stamp pad, typewriter and log house set. My sister wants a roller coaster, Coca Cola truck, flasher, and friendly pup, and a Guide and a Scotty. I want a metal rotary printing press, junior chemistry set, color television set, and a popular joke assortment kit. For my mother a weaving set and a jewelry kit. For my daddy, a bingo and a table tennis game.

Yours,
Mike, Dana and Valaree Matherly, and Mother and Daddy Matherly.

P. S.: For my dog, a rubber bone. For the rabbits, 2 bunches of carrots with the tops.

Sparks Easily Jump Narrow Gap

This barn and the smaller building to the right were situated too close together with the result that when one caught fire the flames quickly spread to the other. Farm buildings should be at least 150 feet apart. Fire frequently is spread by flying sparks, but fire-resistant asphalt roofing materially lessens the hazard.

Erect Farm Buildings in Line To Restrict Spread of Fire

Farm buildings should be situated to keep fire from spreading easily from one building to another.

It is easy for sparks to jump the gap when buildings are close to one another. As a general rule, 150 feet between buildings is considered a safe distance.

The direction of prevailing winds should be taken into account. If the house, the barn, and other main structures are placed in a line that runs at a right angle

to the usual wind direction, chances are good that sparks will blow harmlessly to one side.

As a further safeguard against flying sparks, all buildings should be protected by asphalt roofing or other fire-resistant material, says the National Fire Protection Association. Sparks from field fires and trash fires are as great a hazard as sparks from burning buildings. Fire-resistant roofing is essential because the roof is the largest surface of a building on which sparks are likely to fall.

Farm Bureau News

The annual convention of the Wichita County Farm Bureau met in the W. F. George High School in Iowa Park on Tuesday night. In recommendations adopted the county organization went on record as favoring 100 per cent parity at the market place with a 90 per cent parity support price; opposed to the Thornton Bill which proposes to put the school tax, bond assumption money, Colson Briscoe (Farm to Market road money) car registration fees and gasoline tax (which is now refunded to farmers) into one fund and handled by the Texas Highway Department; opposed to any legislation that would take away the .04c refund on gas used in tractors and other non-highway uses; stricter enforcement of laws, regulating the strength and mixing of all insecticides and herbicides, to keep livestock off the highways and concerning labeling of ingredients in drugs and food. Tom Pace was in charge of presenting recommendations.

T. H. Eckelkamp was re-elected president, Sol T. Tuttle first vice-president and Mont Bowles second vice-president. Directors elected were Wymore Downing, with W. T. Jenne alternate to serve with present director G. D. Rigby in Precinct 1; J. L. Caffee, Jr., with Arthur Evert alternate to serve with G. O. Bailey present director of pre-

cinct 2; Otho Childers and Will Spruiell with Tom Pace as alternate to serve in precinct 3 and Herbert Detmer with Tommy Barwise alternate to serve with George Streit present director of precinct 4. Delegates to the State convention include Tom Pace, T. H. Eckelkamp and Wymore B. Downing. Also going with the delegation will be Glenn Shelton.

Athletic Field In Rededicated At Karnes City

Before a stadium crowd of 2,500, people Friday night Dick Kleberg Field was formally rededicated and renamed in memory of the late John Weldon Johnson, Karnes City athletic coach for 12 years, who died July 27, 1952.

The Honorable Richard M. Kleberg, of Kingsville, for whom the field was named originally, gave the dedication address and ordered the unveiling of the 17-foot name plate of perforated steel installed on 14-foot poles on the west side of the field. When two ex-Badgers, James T. Chapman and Don Mabry, lowered the veiling, the first vision of the field's new name came into view.

The letters, POSS JOHNSON FIELD, were painted aluminum and attached to the perforated steel orange back outlined with black steel border.

In Mr. Kleberg's address, he referred to the memorable life of the late coach. He pointed out that the colorful athletic man was fit to live—fit to die, because he lived with faith, served with faith, and that his faith in God and example in living, should give strength to his fellowmen to go to victory in whatever be their vocation.

Marvin Butler, member of the Athletic Council, spoke briefly and introduced Mr. Kleberg.

D. E. Moore, superintendent of Karnes City Schools, gave the welcoming address. Steve Crews

III, president of the Lettermen's Association, reviewed the brilliant record of the late coach.

The school Alma Mater was played by the high school band and the Pleasanton-Karnes City football game followed immediately.

The field dedication was a home coming event for ex-lettermen.

At half-time, the 60-piece band, directed by C. J. Morrissey, and pep squad, composed of 42 girls, in full dress uniform, under the direction of Miss Melanie Yearly, marched on the field and made the formation spelling out COACH in memory of the late Coach Johnson. The lights were turned out and in still darkness, except for a tiny light held by each student in formation, the band played "Home Coming," a selection composed by Director Morrissey and dedicated to the memory of Coach Johnson.

In another formation the band and pep squad formed the letters, MEYER, in honor of the present Karnes City athletic coach, Francis E. Meyer. The ceremony was concluded with the K. C. FIGHT song.

Seated in a reserved section of the stadium were Mrs. J. W. Johnson, wife of the late coach; his mother, Mrs. Clara Johnson, of Commerce; and other relatives including Mr. and Mrs. S. L. Tarwater, Sr., Mr. and Mrs. S. L. Tarwater, Jr., and Linda Lou, of Caldwell; Mr. and Mrs. E. E. Kleir, Dickey and Nancy, of Houston; Mr. and Mrs. M. L. Wattenbarger and Clint Gardner, of Commerce.

Mr. Johnson was a brother of Mrs. D. F. Douglas of Burkburnett, a member of the local school faculty.

BRIEF NEWS ITEMS—

ASPHALT OLD AND NEW

The weatherproofing qualities of asphalt were known 5,000 years ago in Mesopotamia where asphalt was used as mortar and to waterproof pools of water for bathing or ritual purposes. A chief use of asphalt today is in asphalt roofing, which comprises more than 85 percent of all the roofing used in the United States today.

INSULATE COLD PIPES

As a safeguard against freezing, cold water lines should be insulated. This also prevents moisture from condensing on the outside of the pipe and dripping on the floor.

TO LOOSEN WINDOW

If windows stick after a room has been painted, cut around the sash with a sharp knife to break through any paint that has hardened in the crack.

SEARCH FOR CAUSE

When an electrical fuse blows, don't replace it until you've found and corrected the short circuit or overload that is the cause.

FOR SHINY TILE

Tile shines more brightly when it is washed with water containing a little starch.

ROOF FIRES INCREASE

In the decade from 1940 to 1950, the number of fires caused by sparks on roofs fell from 62,000 to 18,000, the National Fire Protection Association says. This reflects greater use of fire-resistant asphalt shingles.

RUG COLORS DEEPER

Many rug colors are deeper and brighter because new synthetic fibers, such as carpet rayon and acetate, take color more readily than some of the natural fibers used previously.

INSPECT CHIMNEYS

Chimneys should be inspected and cleaned at regular intervals, particularly if sooty fuels are burned. Immediate inspection is imperative if the chimney suddenly fails to function properly.

TAG PLUMBING VALVES

All plumbing valves should be tagged to show exactly what their purpose is. When a valve has to be used, it's often an emergency and there's no time to waste.

5,000 FIRES A DAY

There are 5,000 fires a day. About one-fifth of them are dwelling fires.

FACTORIES BURN

There are 88 factory fires a day.

Use Different Shingle Colors On High and Low Roof Levels

If you have a house with more than one roof section and if the sections are at different levels, Howard Ketcham, color and design engineer, has some suggestions that might help to make your home more attractive.

Ketcham does it with color. These are his ideas:
"Use different shades of the same basic asphalt shingle color on different roof levels," he says. "Assuming that a house has two roof levels, it's possible to make the two seem more nearly the same or it's possible to accentuate the difference. You can call attention to the difference or not, depending upon how good-looking this architectural feature is."
"First, take a case where you want to minimize the difference in height. The thing to do would be to select a dark asphalt shingle blend for the higher level and then to use a lighter shade of the same color on the lower level."
"The dark shade would make the high roof seem lower, and the

lighter shade would make the low roof seem higher. That would create a visual illusion to bring the two together."
"You might use a dark blue-green blend and a light blue-green. Another pleasing combination would be pink-gray and a tint of the same blend."
"Reverse the color combinations for the opposite case, where you want to make the difference in height more pronounced. Use the lighter one on top and the darker below."
"In that situation, the visual effect would be reversed. The high part would seem higher, and the low part lower."

By T. T. Holden

Stopping action by open flash is effective, as proven by this picture made by Jack Fields. From 1952 Glatfelter Photo Contest.

STOP ACTION WITH FLASH

A great many box camera owners by-pass some wonderful action shots because the slow shutter speed of the camera—about 1/30 second—won't stop movement.

For picture-taking indoors, however, there is an ideal solution. Midget flash-bulbs fired by the open flash method will stop almost any action that takes place indoors.

Taking pictures by "open flash" means nothing more than opening the shutter of your camera, firing the flash bulb, and then immediately closing the shutter. The midget flash bulb, in this case, stops the action. The light from the bulb lasts for only 1/200 of a second. Since the shutter is closed

immediately, the only image recorded on the film is that which was lit by the flash for 1/200 of a second.

If your camera is synchronized for flash the entire process is simplified. Just insert the bulb and fire away. For cameras not synchronized, the open flash method will prove very satisfactory.

The flash-gun need not be attached to your camera. In fact, you can get a better picture by holding it above and to the right of your camera. With a fixed aperture camera, stand eight to ten feet away. It may be easier, too, if you let someone else fire the bulb while you operate the shutter.

A Clean Stove Saves Fuel

The easy way to clean an oven. Leave a bowl of soapy water and ammonia in the oven overnight with the door shut tight. Next morning, scrub the interior with a stiff brush. Dirt and grease wash off easily, thanks to pre-softening.

These are days of hearty meals and much home entertainment—and time to check the efficiency of your kitchen to save you time and money. A good start is the kitchen range. Sputtering burners and smoky ovens are signs of trouble and wasted fuel. A good rule to follow is "a clean stove cooks better, saves fuel and lasts longer." But don't make a chore of it. Keep your stove in working order. Like the proverbial "stitch-in-time," constant care saves hours of hard labor.

Wipe the top and burners with a soapy cloth after each use, but let the stove cool first. Enamel may crack if water is applied while hot. However, wipe up spills with a DRY cloth or paper towel, lest they leave permanent stains. Follow with soap and water when the stove has cooled.

To keep carbon from jamming the pilot light, first turn it off;

then scrub the housing with a soft wire brush and wash with a soapy cloth. Make sure surrounding surfaces are completely dry before you relight it, and that connections are "seated" correctly. Pour grease off the broiler while it is still warm, but let it cool before you soak and scrub it in hot soapsuds. Rub mineral oil on the racks occasionally and they'll resist rust better and longer. Treat the deep well cooker as you would any aluminum kettle. Lift it out and scrub with hot soapsuds, particularly along the outer edges. Non-insulated covers can be tub-washed, but insulated covers should just be wiped clean with a damp cloth.

Luncheon Held By W. S. C. S.

The WSCS of the Methodist Church met with a covered dish luncheon at 10:30 in the Wesley Room.

The meeting opened with the group singing, "What A Friend We Have In Jesus." Mrs. Veach president, led the prayer.

A short business session followed.

The president then presented Mrs. Jensen, who in turn presented the following secretaries, each giving good reports: Mrs. Bunstone, Subscriptions to Methodist Women and World Outlook; Mrs. Pirtle, Children's Work; Mrs. Tuel, Youth Work; Mrs. Pilkenton, Student Work; Mrs. Holt, Christian Social Relations. A devotional service, Abundant Living, was given by Mrs. Rigby.

The meeting closed with the WSCS benediction. Thirty-six members and visitors enjoyed this good meeting and lovely luncheon. Mrs. R. L. Gragg, Reporter

Jolly Time Blue Birds Met Monday

The Jolly Time Blue Birds held their regular meeting Monday afternoon in Walter Riley's deer hunting tent, which had been set up to air. The girls moved in camp chairs and benches for their business session. Linda Lee Bailey, president, presided.

After roll call, plans were made to go pecan hunting within the next two weeks. It was decided to go some Saturday morning and have a picnic lunch. During the sing-song several new songs were practiced. The meeting was then moved into Mrs. Riley's home for the workshop hour.

Refreshments of Jello and cake were served by the group hostess to 8 members and Mrs. Geo. Hodges and Mrs. Walter Riley.

Chirpy Blue Birds Have Meeting

The Chirpy Blue Birds met with their leader, Mrs. Ganderberger, in the Blue Bird Room on Tuesday, November 4th. The group welcomed two new members to their group.

Election of officers was made and resulted as follows: President, Mitzie Mills; Vice-president, Martha McIlheran; Treasurer, Sherry Johnson; Reporter, Janice Harris; and Sgt. at Arms, Claudia Hazlet; and Secretary, Romona Bridges.

Refreshments were served by Romona Bridges' mother. Reporter, Janice Harris

Hardin Home Demonstration Club met October 22, at the beautiful home of Mrs. W. R. Hewell for an all day meeting in order to entertain the Bowie Club with a 12 o'clock luncheon.

There were 15 members and 4 visitors from Burk and 15 members of the Bowie Club present.

After the luncheon and get together were held, the house was called to order for the business session. The meeting was opened with the song, "The More We Get Together," followed with the Lord's Prayer. Mrs. S. E. Askins called roll and read the minutes. County Council report was given by Mrs. C. E. Martin. There was ten minutes of recreation by Mrs. Bert Lepley. A contest was won by Mrs. Glasgow of the Bowie Club.

The meeting adjourned at 4 P. M. to meet with Mrs. J. C. Muller on November 12, 1952. Reporter, Mrs. F. W. Farley

Ikard Stresses Co-operation With Neighbors

A way to world peace with a beginning on the neighborhood level was outlined by Congressman Frank Ikard to the Hardin Grade School P-T A Tuesday night, October 21st.

Ikard enlarged on his topic, "Appreciating Our Neighbors," saying that by cooperating with them at home and abroad, we can bring about world peace. Co-operation with one's own neighbors was one of the important means of achieving harmony, according to Mr. Ikard, in our relationships with other nations.

At a short business session, Mesdames Vernon Duke, Walter Lacy, J. D. Grizzle, John Durham and E. E. Welborn, were elected delegates to the State P-T A Convention to be held in Wichita Falls, Texas, on November 19, 20 and 21st.

During the social hour following, refreshments were served to over 150 members and friends of the association.

Cub Pack Holds First Meeting

Cub Pack No. 155 held its first meeting Monday night at the Youth Center with a large number of Cubs and their parents attending. The Pack has 33 boys from the ages of 8 to 11 registered.

The Cub Committee for this year consists of Mr. B. O. Willis chairman; Dr. Robinson, finance; R. E. Matherly and L. P. Evans, Cub Scout Masters; L. D. Holman, special events; J. B. Foyce Oytt Nunn and Francis Beaver, attendance.

The Den Mothers are Den No. 1, Mrs. L. D. Holman; Den No. 2, Mrs. W. P. Swinford; Den No. 3, Mrs. Ellen L. Hawkins (Acting); Den No. 4, Mrs. John Durham; Den No. 5, Mrs. Clarence Koenig. Each Den meets every Friday afternoon where the boys are learning handicraft and being taught how to be better citizens and to make Burkburnett a better neighbor for every boy.

The Cubs have had one outing at Camp Perkins with their dads where a great time was had by all. Each month an activity program is worked out by the activity committee. The theme for November is "Doorway to Adventure." For the November month, the Cubs will sell Easy to Read Day or Night house numbers in reflecting all-aluminum frames and lawn stakes. A Cub Scout will contact every house number on every door. The proceeds will go to the support of the Cub Scout program here.

Speaker Rayburn Predicts Demo. Victory In Texas

House Speaker Sam Rayburn, chairman of the Stevenson-Sparkman Committee, predicted this week that Adlai Stevenson and John J. Sparkman, Democratic nominees for President and vice-president, will win a solid victory in Texas in next Tuesday's election.

"All indications point to the greatest vote in Texas history," Mr. Rayburn said. "That is good for our side. There are simply more Democrats than non-Democrats in Texas. So, if the true Democrats go to the polls—and they are so aroused they will go—Texas will remain Democratic."

Mr. Rayburn has been highly critical of misrepresentations in which he says the so-called Democrats for Eisenhower have engaged in the campaign. He predicted that the majority of the people in Texas will administer a stinging rebuke to them in Tuesday's election.

"Texans remember how things were in 1932 after 12 years of Republican rule," he declared. "Texans know how things are with them today after 20 years of progressive Democratic leadership. Texans don't want to go back—Texans want to go forward. They will continue to go forward with the Democratic party."

12-Inch Pipe Line To Oklahoma City

Contracts have been awarded and construction will start this week on a \$4,180,000 12-inch crude oil pipe line from Ponca City to Oklahoma City, it was announced Saturday at Ponca City, Okla., by W. L. Kygar, president of Continental Pipe Line Company, a subsidiary of Continental Oil Company.

The 127-mile pipe line, which will have a daily capacity of 53,000 barrels of crude oil, will connect with Continental's 8-inch line from Oklahoma City to Ponca City. It is scheduled for completion by January 1, and will enable Conoco to transport crude from its oil fields in the Wichita Falls area to its refinery at Ponca City.

Friendship Class Members Entertain Husbands at Party

On October 23rd, members of the Friendship Class entertained their husbands with a Halloween party in the basement of the Baptist Church.

Guests were conducted thru a dark passage infested with strange noises and witches. After this initiation they met the Halloween queen and then had their fortune told in a very amusing manner. Then the guests unmasked and were led in a sing-song by Mrs. Jimmy Johnson, assisted at the piano by Miss Louise Stamps. Various games were played, including apple contests, dangling donuts, and molding of figures. With lights turned low, a ghost story was told by each one adding a line as it went along.

Lovely refreshments were served to 38, all of whom enjoyed the evening immensely.

150 Attend Legion Breakfast At Legion Hall, Tuesday, Nov. 11th

More than 150 Gold Star par
ents, Legionnaires, their fam
ilies and friends of the Legion
assembled at Legion Hall Tues
day morning, November 11th,
for a breakfast and Armistice
Day program.

The menu, consisting of bac
on, eggs, hot biscuits and but
ter, strawberry preserves and
coffee, was under the supervi
sion of Jimmie Johnson, assisted
by members of the Auxiliary,
who helped with the preparation
and serving.

Commander Lewis W. Brocker
was in charge. Invocation was
given by B. W. Guymon, pastor
of the Church of Christ.

Miss Marilyn Felty furnished
breakfast music at the piano
during the breakfast hour.

Beautiful flowers, furnished
by Mrs. Gilbert's Flowers of
Burkburnett, and Richardson's
Florist of Wichita Falls, added
much to the occasion. R. P.
Thaxton and wife also brought
a large bouquet of flowers.

Gold Star Mothers and Fath
ers were seated at the head
table with the Commander and
the principal speaker.

Following the breakfast, John
ny Williams sang a solo, "My
Buddy," accompanied at the
piano by Miss Louise Stamps.
He also led the group in sing
ing two other selections.

Brocker announced the Leg
ion Auxiliary had been reorgan
ized and was very active now.
He acknowledged their help to
Jimmie Johnson in preparing
and serving the breakfast.

Marilyn Felty played "Blue
Moon" at the piano in her usual
pleasing manner.

Brocker severely rebuked
those who have forgotten the
significance of Armistice Day,
and expressed the belief and
hope that Armistice Day in 1953
would be more widely observed.

The Commander introduced
the principal speaker, Col. James
R. Williams, Wing Commander
at S.A.F.B. The Col. has just re
turned from Europe, where he
was for three years in charge
of the Berlin Airlift, and later
Provost Marshal of Western Eu
rope. The Col. a very capable
speaker, was well received by
those attending the breakfast.

He related that he had toured
most all the Western European
countries, and was very gratified
by the way democracy is spread
ing there. He told of his visits
to the European cemeteries
where American soldiers are
buried, and stated they are per
fectly kept; the most beautiful
to be found anywhere. He re
ferred to these cemeteries as
"Symbols of Peace." In conclu
sion Col. Williams said: "Dem
ocracy is taking hold in Ger
many, and Europe, and therein
lies our hope of peace."

Little Miss Loretta Brocker
sang "God Bless America," with
the audience joining in on the
last verse.

Rev. J. W. Calhoun, pastor of
the Assembly of God Church,
gave the benediction.

A short eleven o'clock ser
vice was given at the cemetery.

Rev. J. W. Calhoun gave the
invocation.

A wreath of flowers was
placed on the burial plot.

The firing squad fired a salute
which was followed by "Taps"
by Jimmy McMurtry.

At 2:00 o'clock Commander
Brocker appeared at the High
school auditorium and gave a
brief Armistice Day talk to the
High school students. Johnny
Williams sang two solos, accom
panied by Miss Marilyn Felty,
who also rendered a piano solo
to conclude the program.

player ever since he came to
Midwestern three years ago, but
he has never been able to see
much action because he's been
overshadowed by more estab

Denied action on offense,
Counter displayed his all

capably as a defensive line

that Counter might sit out this
season as a bench-warmer be
cause the Indians were well
stocked with talented fullbacks.

However, Counter, through
his constant eagerness to per

role after an outstanding show
ing against Hardin-Simmons
this season. Now, Charles Wayne
is almost certain to see plenty
of action, either at fullback or
at tailback in the Midwestern

B Squad Football Game Tonight

The B Squad football team
will play Electra at 6:30 P. M.
Thursday (tonight) here in
Burkburnett at Bulldog Stadium.

The B boys will be shooting
at the district championship.

If they win from Electra, they
will be champs, with three wins
and no losses to their credit.

Burk Bulldogs Go To Electra Friday Night

The Burk Burnett Bulldogs go
to Electra Friday night for their
last conference game of the
season. They have a non-con
ference game here with Iowa
Park on November 21st.

All this week Coach Joe Bob
Tyler and his assistants have
been practicing behind locked
gates. Even the local fans were
not allowed anywhere near the
field. Maybe there was a leak in
the dike, maybe not, but any
way, no chances are being taken.
The Electra team, starting out
very weak, has come a long
way. They beat a strong Sey
mour team two weeks ago by
a score of 6 to 0.

Last week Burk went to Sey

R. H. Henry Quits Holding Elections

After the November 4th elec
tion, Mr. R. H. Henry resigned
from holding any further elec
tions. Mr. Henry says he is turn
ing the reins over to younger
hands, though he is by no
means an old man, by his own
admission.

Mr. Henry has held elections
in Burk Burnett continuously for
the past 40 years. He has held
11 presidential elections, and
has voted in 14 general elec
tions. His first vote was cast in
1900.

Mr. Henry related that dur
ing the boom days in Burkbur
nett, it was next to impossible
to get any one to help hold an
election. They could go out in
the field and make \$30 to \$50
per day, which was quite a lot
more than they would get for
helping hold an election.

Mr. Henry said "I have voted
for 52 years; I have held elec
tions for 40 straight years, and
I think I have done my part as
a good citizen. Now let some
one else take over for awhile."

Annual TB Christmas Seal Sales Start In Burk Burnett November 17

The 1952 Christmas seal sales
begins here on November 17th
for the well known TB Seals.
Mrs. Virginia Sheriff and P.
K. Allen are co-chairmen for
this seal sale drive for this city.
Mrs. Sheriff has always done
superb work with the schools
for the Health Education and
Mr. Allen was quoted in saying
he was happy to be serving
with her.

Claud Vaughn from Wichita
Falls, the vice-president of the
City National Bank there, is
County Seals Sales chairman.
Mr. Vaughn and Mr. Allen both
feel this will be the biggest
seal sale drive in the Tubercu
losis Association's history. Mrs.
Joella Terrill Butler, president
of the association, also feels this
will be a very successful year
with all the capable chairmen
to assist. Mrs. Butler says the
people value the work done by
the TB Association to protect
the health of everybody indi
vidually as well as collectively.

This seal sale campaign is
truly a worthwhile one, as
there are hundreds of persons
in and near our own commu
nity who have benefited by the
good services of this association,
which depends on the seal sales
each year for its financial up
keep.

Charles Wayne is the son of
Mr. and Mrs. George W. Coun
ter, Jr., of Burk Burnett.

Just one of the many services
of the association was the chest
X-rays given this summer here
and in all surrounding towns.

There were 492 X-rays given
in Burk Burnett alone, which re
sulted in confirming of 12 cases
of TB, 4 suspected cases, one
heart ailment revealed, and one
other pathology, which could be
a lung tumor or cancer. The
statistics prove that the public
is benefitted by these services,
along with the numerous other
ones performed by the associa
tion. Therefore, the entire com
munity is urged to respond to
this seal sale drive and to help
the TB Association to maintain
these faithful services they
have given the public in past
years.

SUPER WEAPON

You might as well face it. If you are a normal, average American, it won't be long now until you come down with the first of your two annual colds. Maybe you won't be sick enough to take time off from work, or to lose money as well as your sunny disposition, but historically, our 300 million annual colds cost a billion dollars. Workers lose 500 million dollars in wages, and the national economy loses 60 million man (and woman) days of labor. And no one, so far as we know, has ever been able to calculate the loss from those really serious secondary diseases that launch a sneak attack on us when we're "down with a cold."

But this year there's a new weapon in the "cold war"—Super Anahist—the first proprietary cold tablet to contain Vitamin C—and produced by the makers of Anahist, famous as the first successful over-the-counter antihistamine. How important this addition is, we learn from Dr. Albert Szent-Gyorgyi, of Woods Hole, Mass., the world-famous bio-chemist awarded the 1937 Nobel Prize in medicine for his work in isolating Vitamin C.

"It is important," he says, "that more people learn about the human body's need for greater amounts of Vitamin C when afflicted with the common cold or other stress." A cold, he says, reduces our supply of this vitamin of which the body depends for fighting off secondary infections. Thus, the addition of effective quantities of Vitamin C is a logical and important advance in cold medication. The recommended dosage of the new Super Anahist, we understand, gives us 100 milligrams of Vitamin C per day to reinforce that worn-down resistance.

If you're one of those superior people who never has a cold, this won't mean a thing. But if you're fighting mankind's oldest war, like the rest of us, and your throat is feeling a little scratchy, you'll say: "Pass the Ammunition!"

They Can't Fool Us

A preliminary report by two of the four members of the Subversive Activities Control Board, says that the Community Party of the United States is "a puppet of the Soviet Union."

To discover this startling fact after "a span of more than thirty years", the Board conducted hearings from April 23rd, 1951 to July 1, 1952. And if the full Board concurs, it will recommend that the party be required to register with the Attorney General under the Internal Security Act of 1950, listing its members and submitting a financial report. This, being done, it is expected that the Communists will test the constitutionality of the Act in Supreme Court.

If the Act is upheld, they will of course register and tell us they get their money from Moscow, perhaps what the bounty is for atomic secrets and what is expected from their members in the State Department.

But rather than the Attorney General, why not have them register with the purser of a ship bound for Russia?

Poor Bargaining Position

An indication of the extent of the enemy build-up during the fifteen months of futile truce talks at Kaesong and Panmunjom, comes from General James A. Van Fleet, US Eighth Army commander in Korea.

Interviewed on General Eisenhower's proposal that ROK soldiers replace UN troops on the front line, Van Fleet said there simply wasn't enough available manpower in South Korea for the job. To match the Reds man for man, he said, they would have to recruit a million soldiers out of less than 20 million population. Considering there are 300,000 ROKs now in the army, this would place enemy strength at 1,300,000.

At last report, US battle casualties in Korea stood at 122,117, of which the known dead are 21,377, and an average of about 1,000 casualties every week since this "police action" began.

But Secretary of State Dean Acheson has presented a resolution to the UN Assembly calling on the Reds to accept a truce without forced repatriation of prisoners. Perhaps they will be willing to talk it over . . . for fifteen months more.

Hardin Grade School News

The schools have been called upon for leadership during the past 25 years in developing children for maturity. Many problems that were formerly developed in the home have passed into the realm of school influence today. The total job of child development cannot be solved by any one agency. It requires the united effort of the home, family, church, school and community to furnish stable leadership for the inquiring mind of a child today.

The idea of educating a child has been expanded from the textbook to include conditions that develop emotional, physical, mental and moral growth. We are quick to recognize a person that has not developed emotionally, but we have failed to recognize conditions that have led to this development. Growth is a natural law of science, but it is up to society to furnish conditions that tend to develop normal or abnormal growth within each individual. The home becomes the basic institution in America for child development.

During the first few years of the child's life there can be no other place that can furnish conditions that will be conducive to healthy normal development. The development of the individual during adolescence cannot be normal if the younger years of the child have been distorted.

Every child has the right to be secure in a happy home. Membership in a family that has been built on love, co-operation, participation in high ethical standards and devout belief in a Supreme Being.

Let us all think what will be best for each child and help the child to grow in a normal environment. We say you are well-

The switch that brings progress

Electricity is the low-cost energy that gives us the power to move forward to ever higher standards of living. Today, more than ever before, we're using its switches to make life easier and better.

Its switches bring power into our homes to save time and energy—for comfort and convenience.

In factory and business, electricity

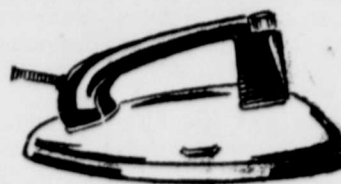

has helped to build unprecedented production levels—for bigger incomes.

In our communities, its switches bring better lighting and transportation, better churches, hospitals and schools, better city protection.

Its ever-ready switches contribute to comfort, convenience, production, income. Electrical growth means community progress.

The American Legion

SPECIAL from Mr. and Mrs. Leo Boyd Evans to all members of The American Legion and The American Legion Auxiliary, and all veterans eligible for Legion membership.

There will be a meeting at the Legion Hall on Monday night, Nov. 17 (next Monday night) for the purpose of organizing a Legion square dance club. Ladies, bring the men folks out, as dancing may start immediately.

It is not necessary that you know how to square dance. Most of us don't. It is only necessary that you have the urge to learn.

Chef Jim Johnson did it again and came up with a fine Armistice Day breakfast. A pat on the back for Jim.

Of course, Jim had an able assistant in his wife, who bakes a mighty fine biscuit.

Richly deserving of our grateful appreciation are Mrs. Sims, who is president of the Auxiliary, and all the ladies of the Auxiliary, who assisted in preparing the hall, and preparing and serving the breakfast.

A floral centerpiece of yellow mums was donated by Richards Florist for the Gold Star table. We were proud of our Gold Star parents, and only regretted that all of them could not be present.

Mrs. Gilbert, as is her custom, donated a beautiful floral wreath in memory of our departed comrades. This was used in the 11:00 o'clock service at the cemetery.

And comrade R. P. Thaxton came wandering in with a very pretty floral centerpiece.

We have heard many favorable comments on the talk made by Colonel James R. Williams. We feel fortunate in obtaining such an excellent speaker for this occasion. He made the Flag fly a little higher, stand out a little straighter, and shine a little brighter without the usual flag-waving and ballyhoo.

Our thanks go, also to Minister B. W. Guymon who delivered the invocation, and to the Rev. J. W. Calhoun who gave the benediction and also assisted at the cemetery.

And our heartfelt appreciation goes to those who supplied the music for this occasion. John Williams, well known baritone, sang "My Buddy" and led the group singing. He was accompanied on the piano by Miss Louise Stamps. Miss Marilyn Felty supplied background music for the breakfast, played a piano solo and accompanied Loretta Brocker, who sang "God Bless America."

Mr. Williams, Miss Stamps and Miss Felty also assisted in a program at the High School auditorium in the afternoon.

It was a privilege to be able

to present the idea of Boy's State to those two great service organizations, the Rotary and Lions Club.

Went with Past Commander J. D. Riley to Sheppard Air Force Base hospital on the afternoon of Nov. 11th. Had an interesting talk with Miss Glendy Chapin, a Red Cross worker, on what we might do to make life a little better for the boys out there. Took a few books along as gifts from the Legion.

Tonight there will be another Initiation ceremony coupled with the regular meeting of the Legion.

Next week the Rhythm Masters from Sheppard Air Force Base will entertain members of The American Legion and their families at the Legion Hall. All veterans and their families are invited to be our guests.

Rotary Club

Each Tuesday Noon At
Town Hall

The Rotary Club met Tuesday noon at 12:15 with President Barney Landers in charge. Rev. Jensen gave the invocation.

Cliff Wampler introduced the following Rotarians and guests, Pete Estes, Jack Hammond, Boyd Kelley, Ralph Morgan, Sr., Ralph Morgan, Jr., Clyde Bartlett, D. H. Faley, Leroy Schuerer, Bart Darbaset, John Estes, Jack Farley, T. C. Scott, J. B. Barbour, Rufus King, E. M. Friend, Frank Schram, Roy Broadway, A. B. Adams, A. C. Epp, Linton Estes, Herbert Knauth, O. T. Freeman, Joe Golding, S. H. Rider, Mr. and Mrs. Jno. Collier, Miss Mary Jane Reese and Lewis Brocker.

Carl Morrison was program chairman, and showed a selection of slide view films of his trip to and through Europe this summer. These were wonderful scenes and were enjoyed very much.

Kathryn Tyler Honored With Birthday Party

Kathryn Louise Tyler was honored with a birthday party on November 6th, in observance of her sixth birthday. She received many nice gifts and thanked her guests for each of them.

Cake and hot chocolate were served to the following present: Mrs. W. J. Tyler, Peggy Tyler, A-1C and Mrs. Robert Worley, Lorene Tyler, A-1C Harry Sapp, Melvin Yarbrough, A-3C Earl Surratt, A-3C Jim Sevier, William E. Tyler, Jr., and Mrs. W. E. Tyler.

Hostesses for this gay party were Peggy Tyler and Lorene Tyler.

Those sending gifts but who were unable to attend were Sgt. W. E. Tyler, A-2C Lloyd Kramer, Mrs. Jim Parker, Mr. W. J. Tyler, Mr. and Mrs. Anton Gjerstad, Mr. and Mrs. L. E. Tyler and Mrs. Anna Freeman.

Social Security Representative Here Thursday, Nov. 20th

Old-age and survivors insurance is the basic retirement and family income protection for 8 out of every 10 paid civilian workers, it was announced today by Erton F. Tate, manager of the Wichita Falls, Texas field office.

A recent survey conducted nationwide revealed that among those families now receiving Federal old-age insurance benefits, 30 per cent had no other money income, or less than \$75 per year per person. The survey showed that 72 per cent per year of the retired workers on the rolls had other money income of less than \$600 per year. This points out the great extent to which retired workers of today are dependent upon the Federal family insurance protection provided by the social security system, Tate said.

Young workers are more immediately interested in the death benefit protection provided by this law, Tate said. Over 62.3 million workers are now fully insured under this system. This means that in the event of the untimely death of these workers or self-employed persons, their surviving children, widows, dependent widowers or dependent parents would receive cash income. In the Wichita Falls area approximately 33,000 persons have this survivors insurance protection due

to their fully insured status under this law.

Tate added that social security benefits are assuming a greater importance in the future planning of all covered workers and self-employed people, as borne out by the national survey of persons receiving the benefit payments. Therefore, it is of the utmost importance that these individuals protect their insured status by always using but one social security number. Also, make sure that each and every employer has an accurate record of the name and number shown on your social security card so that all earnings reported for you will be credited to your individual old-age and survivors insurance account.

There will be a representative of the Wichita Falls, Texas, social security office in Burkburnett, Texas, at the City Hall on Thursday, November 20, 1952, at 9:30 A. M. to answer any questions you may have.

Lt. Col. Douglas Smith, wife, and little daughter, and his mother, Mrs. Helen Weatherall, were week end guests with the Col's grandmother, Mrs. W. A. Browning. Lt. Col. Smith just returned from Korea last week. He will assume his duties on December 12th at a station in Baltimore, Maryland.

Mr. and Mrs. Ike Harwell and Mr. and Mrs. C. W. Gilbert attended the football game in Dallas last Saturday.

met in the home of Mrs. R. C. Moser Thursday for the regular monthly meeting. The business session was presided over by the president, Mrs. V. C. Lamb, during which plans were made for a chicken noodle supper, on November 20th. The executive board will meet Sunday night at 6:30 P. M. Announcement was made of the "Peace Parley" to be held at the Grace Methodist Church on Nov. 18th. Dr. J. B. Boren is to be the speaker and the session is to be conducted by Mrs. O. E. Melton of Burkburnett, Dist. sec'y. of local church activities.

The members made plans to entertain the Wesley Foundation of Midwestern University

on Nov. 21 with a dinner. Committees for the affair were appointed and they included Mesdames R. R. Kolter, program; C. A. Warden, decorations; and A. B. Tarr, menu.

An offering was taken for Spofford Home. It was decided to make toys for the Indian children in the Methodist Mission at Farmington, N. M. The group will hold an all day meeting on Dec. 4th, in the home of Mrs. A. B. Tarr. Six boxes have been packed for the members of the church who are serving in the armed forces.

Mrs. C. A. Warden had charge of the worship service. Mrs. M. A. Turner gave By A New and Living Way, and other talks were given by Mrs. Warden and Mrs. W. M. Boyle.

Mrs. R. R. Kolter completed the study of Human Rights by giving a review on Accent On Liberty.

Twelve members and one visitor, Mrs. J. N. Moser, were served refreshments and the next regular meeting will be at the home of Mrs. W. M. Morton on December 11th.

Church Fellowship

The members of the Friberg church met in the V. C. Lamb home for a house warming and the Church Fellowship. Mr. and Mrs. Lamb were presented a gift from members of the church.

Sunday School Party

The Wesleyan Sunday School class of Wesley Methodist Church

attended an all day meeting in the home of Mrs. J. N. Moser on Wednesday.

After the business session and devotional service, lunch was served to the 20 members present.

Eastland Luncheon

The members of the Eastland HD club were hostesses Thursday for a luncheon given in honor of the South Electra HD club.

The table were decorated beautifully with fall flowers, surrounded by autumn leaves. Colored paper pumpkins were used for program place cards. Thanksgiving menu was used. Mrs. V. C. Lamb, president, gave a welcoming address, Mrs. Troy Hurd gave several beautiful selections on the organ, while a lunch was being served.

Mrs. R. C. Moser gave Much Oblige, Dear Lord, a negro monologue by Fulton Ousler. Games and a sing-song were enjoyed by 37 present, 17 of which was from South Electra. Three visitors attended, being Mrs. C. A. Warden, Mrs. Troy Hurd and Mrs. R. C. Moser.

Cooper Club

The Cooper HD Club met in the home of Mrs. Dave Beck, Monday, Nov. 10th, with Mrs. G. O. Bailey as co-hostess.

Mrs. Sam Spencer presided over the business after which Miss Sands gave a demonstration.

Refreshments were served to members present.

The next meeting will be November 24th at the home of Mrs. Lee Cooper.

Birthday Party

Friends and neighbors surprised Mr. W. P. Rogers last Monday night with a birthday party, in his home.

After a covered dish supper, Mr. Rogers was presented a

gift from Mrs. Lee Cooper, who represented the group attending the occasion. Those present were Mr. and Mrs. Lee Cooper, Mr. and Mrs. J. H. Gill, Mr. and Mrs. Jeff Kennedy, Mr. and Mrs. J. L. Huffins, Mrs. Arthur Ramming and Steve, Mr. and Mrs. O. J. Cooper and the honoree and his wife, Mrs. W. P. Rogers.

House Warming

Friends from Wichita Falls, surprised Mr. and Mrs. Volmer on Thursday night with a party to celebrate the opening of the Volmer home. The Volmers' beautiful new brick home has recently been completed. It adds charm and beauty to the Friberg community.

Mrs. George Emmert and Mrs. Prevey were hostesses for the house warming.

Mr. and Mrs. Jinks Manis moved this week to their new home in South Wichita Falls.

Members of the Friberg church will be attending the Mass meeting at Floral Heights this week.

Gilbert Cooper received an honorable discharge from the U. S. Army this week. He is home with his parents, Mr. and Mrs. O. J. Cooper. He recently returned from service in Germany. Gilbert's many friends are so happy he is back in the Friberg community. Gilbert is now employed by Harlow-Sammons in Wichita Falls.

Mr. Ben Robinson, Mrs. Herbert Adams, Mr. and Mrs. O. J. Cooper and Mr. James Hillis were officials Tuesday at the Cashion Church for the presidential election.

The reporter is sorry to learn that Mrs. J. L. Lovell has been admitted to the hospital again. Family and friends of the Mr.

J. D. Fleming family attended Mr. Fleming's funeral in Charlie, Friday.

Mrs. Mamie Long, who has been in ill health for several years, has been real sick for the past weeks. But with constant attention and good care, she is improving at present.

Mr. Cliff Cannon was called to Mineral Wells this week where his mother had suffered a heart attack. She was doing nicely at this writing.

Research to Defeat TB

From careful, patient work over a long period of years in laboratories such as this one have come the great advances in medical research that are helping to defeat tuberculosis. The voluntary associations affiliated with the National Tuberculosis Association aid 35 research projects and provide 18 research and teaching fellowships for young scientists with funds raised through the Christmas Seal Sale, which this year is being conducted from Nov. 17 to Dec. 25 throughout the United States.

Rebekahs Hosts
To Association

Burkburnett Rebekah Lodge No. 67 members were hosts on Thursday night, October 26 to the County Association.

The hall had been beautifully decorated in keeping with the Hallowe'en motif.

The meeting was opened at 8:00 o'clock by the president of the association, Mrs. Charlie Whitlow. The presentation of the flags was given by the Electra Lodge No. 150, after which the Pledge of Allegiance was given by all present, and one verse of the National Anthem was sung. Prayer was offered by Sarah Brannan, chaplain.

Mrs. Bertha Berringer, program chairman, presented a most interesting program for the evening. A piano number was given by Donald McCullough. The welcome address was given by Mrs. Elizabeth Gragg, in a most impressive manner, carrying out the theme of the message by having the lighted candle held by little Sue Nolan while she sang God's Little Candle. The response was given by Katie Johnson Smith, Golden Rule Rebekah Lodge No. 164. Mrs. Holly then presented some of her pupils accompanied at the piano by Blanche Butler.

In a most impressive ceremony, the following officers of the Wichita County Association were installed. Katie Johnson Smith, president; Charlie E. Pfeiffer, Jr., 2nd vice-pres.; Ethel Wofford, 1st vice-pres.; Irene Lewis, secretary and treasurer; Coy Scribner, chaplain; Mrs. N. Eaves, Marshal; and Alice Wasson, musician.

Under the good of the order, each expressed their appreciation for their office. Good reports were given by all Lodges represented.

A most attractive refreshment plate was served by Clara Hamilton, refreshment chairman, and her committee, to approximately 100 visitors and members.

Local Ladies Attend
Meeting at Mineral
Wells October 29th

Mrs. Troy Miller, president of the Unity Garden Club with four members of the club, attended the fall meeting of District 2 of Texas Garden Clubs, Inc., at Mineral Wells, October 29th.

The meeting and luncheon were held in the Baker Hotel. Several outstanding speakers were on the program. All the ladies declared they had a good time. They were Mesdames Roy T. Magers, Ralph White, A. T. Gilbow and Neal Hall.

Uncle Sam changed the watch on the Rhine to American movements.

HOME OWNERS'
QUESTION BOX

Q—How can cracks be caulked to keep the caulking material from falling out after it hardens?
A—Use the prepared caulking compound made for that purpose. It never hardens completely but stays plastic enough to move with the wood or other surrounding material as it expands and contracts. Caulking compound can be applied with a putty knife or a caulking gun. It can be painted.

Q—What are the new pastel roofing colors, and are pastel shingles suitable for all kinds of houses?

A—Pastel shingles are new members of an already wide and accepted family of roof colors. They are soft, neutral blends that are slightly grayed. Red, green, and blue are popular. Aside from the color, pastel asphalt shingles are not different from others and can be used anywhere that other shingles can. Personal preference should decide.

Q—What causes fireplaces to smoke?

A—Poor construction is one reason, of course. Another reason is that the flue is clogged, perhaps because the throat damper is closed. Like any other chimney, the chimney to a fireplace should be kept clean.

Q—Can lacquer be applied on top of varnish?

A—No. The lacquer will act as a varnish remover and the finish of the wood will be smeared. Before lacquer is used, the old finish must be taken off completely.

Old Dwellings
Change Hands
At High Rate

About 850,000 old houses were transferred from one owner to another during the first six months of 1952, according to the Federal Reserve Board.

Transfers were "somewhat more numerous than in either half of 1951 and about the same as in the near-record second half of 1950," the board said.

This statement was issued after the board had noted reports from other sources to the effect that properties are selling more slowly now than in previous months and that prices of old houses have declined.

Turning its attention to new construction, the board said it expects sales of new homes to continue at a high level or increase. It pointed out that credit regulations have been eased while personal incomes remain high.

The board also reported that mortgages are growing bigger. The average loan, for both old and new houses, was said to have risen, considerably even though the volume of mortgages insured by the Federal Housing Administration and the Veterans Administration has declined.

For reconditioning old homes, two basic building materials—lumber and asphalt shingles—are in good supply. The Federal Reserve Board said stocks of lumber reached a post-war high at the beginning of 1952 and have not changed much since that time.

Asphalt roofing supply and demand has built up to the point where this one type of material supplies close to 90 percent of all the roofing required annually in the United States. For older homes, asphalt shingles are suited to economical reroofing work, adding new color and fire-resistance as well as waterproofing.

Mrs. Chas. Goins
Shower Honoree

A hostess group honored Mrs. Charles Goins with a pink and blue shower in the parlor of the First Baptist Church on Thursday evening, November 6.

Mrs. Ulenne Jean Freeman registered twenty-five guests in the Tiny-Tot book.

Mrs. Goins was presented an unique corsage.

Mrs. Jack Northcott was the Speaker of the House in presenting a Whistle-Stop Stork Election. Theme song for the pre-election rally was Brahms' Lullaby. Principal speaker, for the Blue-Jean Fillibuster Party endeavoring to elect their boy as president of the House of Goins, was Mrs. Mamie Mason.

Principal speaker, for the Pink Pantycrat Party endeavoring to elect their girl as president of the House of Goins, was Mrs. Nelda Fry.

Mrs. Annette Preston as usher, passed out appropriate pink and blue badges to the delegates and then in turn passed the ballot box for their secret ballots.

Upon her return to the room, she was forced to announce the ballot box had been tampered with, and surely enough it was stuffed with packages. The election was declared void and the lovely array of baby gifts presented to the House of Goins regardless of which party wins the future election.

Dainty refreshments were enjoyed after the gifts were opened and admired.

Happy Go Lucky
Blue Birds Met With
Joanna Teague

On Wednesday, October 29th, the Happy Go Lucky Blue Birds met at the home of Joanna Teague, who was hostess for the meeting.

The girls made Hallowe'en dolls. Mrs. P. D. Vaught, leader, was assisted in this project by Mrs. Teague and Mrs. Walpole.

On the following Wednesday, November 5th, the girls were entertained in the home of Ann Walpole. Mrs. Walpole had charge of the meeting. She read stories, poems, and a prayer about Thanksgiving. The Blue Bird candle has nearly burned out. As is customary, with our group, a field trip is planned as each candle burns out. Our next trip will be at the Public Library at Wichita Falls.

The Happy Go Lucky Blue Birds are sorry to lose a member, Linda Lou Clark, who has moved away.

Margaret Ann Faulk, Reporter

Mr. and Mrs. Neal Hall, Jr., and daughter Karen Kay, of Dallas were week end visitors in the homes of their parents, Mr. and Mrs. Edd Hieserman and Mr. and Mrs. Neal Hall, Jr.

Mrs. Flora Bentley
Is Hostess To
Caudill Circle

The Caudill Circle of the First Baptist WMS met November 10 at 2 P. M. in the home of Mrs. Flora Bentley.

Roll call was answered with favorite Bible Scriptures. Mrs. Gladys Carswell gave the first three chapters of the Mission Book, "Scattered Abroad," that was certainly enjoyed by all.

Mrs. Carswell, Circle chairman, was in charge of the business session. Minutes of the last meeting were read and approved. Reports from various committee chairmen were presented. We decided to go in a body with gifts to the County Farm in Wichita Falls on Nov. 25th.

Mrs. Preston Johnson led in the dismissal prayer.

For the social part of the meeting, Mrs. Welborn was in charge of an interesting Bible character game.

Delicious refreshments were served to 11 members and two visitors, Mrs. Emma King and Mrs. Lula Hooper by the hostess.

Mr. and Mrs. Chas White of Abilene visited over the week end with Mr. and Mrs. Ralph White and Mr. and Mrs. Al Lohoefer.

Mr. and Mrs. Ralph White met Mr. and Mrs. Jimmy Morris of Abilene and accompanied them to the football game at Dallas last Saturday.

Miniature Sleigh—Home-Made

One of the most heart-warming things about Christmas is the family make yourself. And the family that believes in Christmas, the house will thrill to find this cookie sleigh on a mantel, a staircase window, or as a table centerpiece. It's "easy" to make, with peppermint canes for runners, gumdrops for the trim, and the whole delightful creation "glued" together with frosting. Complete instructions, together with hundreds of holiday cakes and cookie ideas, are contained in a special, new issue of November's Good Housekeeping.

Woman's Forum Scene for Dinner For Virginia Allen

A lovely dinner party was held Monday evening in the Woman's Forum in Wichita Falls as one in a series of pre-nuptial parties honoring Miss Allen and Dr. Carpenter. Hostesses for the affair were Mesdames J. C. Adams and Walter Riley.

The party rooms were beautifully decorated with ornaments emphasizing the bride-elect's chosen colors of pink and white. Rose painted pink Garza chrysanthemums and white painted Huckleberry leaves were arranged in a snow white chub container and flanked with gold holders with white candles and tiny white bells. A pair of small rose pink bells extended from this centerpiece to the end of the table and were filled with white flowers. The place cards were painted pink hands with diamond rings.

The invitation list included 24 friends and relatives of the couple. Out of town guests included Mesdames A. P. Carpenter and Wayne Consult, mother and sister of the groom-elect from Fort Worth; Herbert Minga and Doris Hendley both from Dallas; J. T. Lyles of Henrietta; Tex Allen of Abilene; and Bryan Lovelace from Wichita Falls.

Little Miss Irma Ned Riley presented the hostesses' gifts to the bride-elect, which were a piece of her sterling and a matching piece of her crystal. J. C. Adams, Jr., made color slides of the dinner party.

Mrs. Cliff Cannon Entertained Burk Art Group Monday

Mrs. Cliff Cannon entertained the Burk Burnett Art Group in her home Monday afternoon, November 10th, with a social and business meeting.

Members of the Art Group have been asked to judge posters in all schools for the Wichita County Tuberculosis Association on December 1st. Those elected to judge in Junior High school are Mesdames C. F. Bohner, W. H. Bohner and Cliff Cannon; for the Grade school, Mesdames A. R. Hill, Gene McCabe and A. A. McKinnis; for the George Washington School, Mesdames Doug Flack, Owen Kelley and Vic Devriese. We are looking forward to seeing the very good work we find every year among the school students, most of which is above average in workmanship and design.

Plans were made for a Christmas buffet luncheon for the group on December 11. The next meeting will be with Mrs. Owen Kelley on December 4th.

Those enjoying delicious refreshments were Mesdames Douglas Flack, Dan Sheriff, Vic Devriese, Owen Kelley, A. A. McKinnis, Gene McCabe, C. F. Bohner, W. H. Bohner, Robert McIlheran and the hostess.

Mrs. Jenson Hostess To Wesleyan Service Guild

Mrs. T. M. Jenson was hostess Tuesday evening to the Methodist Wesleyan Service Guild. An inspiring Thanksgiving devotional was given by Mrs. George Savage and Mrs. W. E. Henry gave an interesting talk on Evangelism and Interpretation of Love.

Refreshments were served to Mesdames Lucille Duval, H. H. Hayes, W. E. Henry, George Savage, Ray Hill, Gertrude Brown, Jim Pirtle, J. C. Parks, O. E. Melton, Hettie Gilbert and R. A. Wallace.

Classified Ads Cash in Advance

All classified ads are cash in advance, with the exception of regular advertisers who carry regular weekly accounts.

Ads will be accepted up until Wednesday noon for Thursday's paper, but they will not be set in type or appear in the paper unless paid for by 5:00 o'clock Wednesday.

It costs more to set up a charge account for a new customer than the average price of a classified ad. It is a losing proposition for the paper, hence the new policy.

BWC Holds Royal Service Program

The BWC met on November 4th with Mrs. Carl Miller for the Royal Service program.

Mrs. Frieda opened the meeting with the song, A Story to Tell to the Nation. The prayer was led by Mrs. Reed. The devotional service was brought by Mrs. Moore. A program, Study of the People of Africa, was given in three parts. Mrs. James took the first part, Mrs. Reed the second part, and Mrs. R. Ramsey the third part. One visitor, Mrs. Lynsey, was welcomed into the group. Mrs. Hamerick led the dismissal prayer.

Lovely refreshments were served to Mesdames Moore, Hamerick, Warren, Thorpe, Miller, Thaxton, James, Boyd, Reed and Ramsey, and Miss Jewel Reed.

Pan Gardens Were Projects of Jolly Time Blue Birds

The regular November 11th meeting of the Jolly Time Blue Birds was held in the home of Mrs. Walter Riley, leader.

At the business session, Linda Lee Bailey, president, advised that new officers would be elected at the next meeting, Monday, November 17th. She appointed Jo Ann Hervey and Loretta Brocker to serve with her as a nominating committee.

The work of the day was planting pan gardens. This project will be continued next week when the grass should be up.

Refreshments were served to nine members and one visitor. Jo Ann Hervey, Reporter

Baker and Riddell Circles Met Monday In Baptist Church

The Baker and Riddell Circles of the First Baptist Church Women's Missionary Society met Monday at the church.

Mrs. Fred Hunt reviewed part of the Mission Book, Scattered Abroad. Mrs. Hunt also led the study of the book in such an interesting manner her audience thoroughly enjoyed it.

All of the WMS circles will meet at the church November 24th to complete the study of the book and interesting colored pictures and slides will be shown in connection with some of the countries studied in the book.

The circles will all meet together Monday, November 17th at the church, for Bible study.

Judy Beth Crosley Has Birthday Party

Mrs. A. G. Crosley, 510 Rosewood Drive, entertained her little daughter, Judy Beth, with a party honoring her 3rd birthday. The party was held Friday afternoon, Nov. 7th.

Games were played and the gifts were opened and admired. Refreshments of orange juice, cake and ice cream were served to Cynthia Freeman, Babs and Brenda Beaver, Lois Heiney, Margaret and Karen Wright, and Mrs. Bessie Bennett, grand mother of the honoree.

Clean Chimney Before Time To Build Fire

Clean out your chimney while the weather's warm, advises the National Fire Protection Association.

A chimney should be cleaned every year, the NFPA says. If work is done during the warm months, it won't be necessary to shut off the heat later for an emergency job.

Dirty chimneys are dangerous because they can shoot sparks out on rooftops. To lessen the danger, the NFPA recommends that fire-resistant roofing such as asphalt shingles always be used.

Fire-resistant roofing is considered necessary even when a chimney is in perfect condition. Sparks from other sources—other chimneys and all kinds of outdoor fires—are a constant hazard. Wind-blown sparks can be carried hundreds of yards and still be burning when they land.

Maintenance Loans Hit Record High For Half of 1952

Home maintenance and repair loans insured by the Federal Housing Administration under its Title I program leaped to a record high of \$450,390,159 for the first six months of 1952. This compares to \$304,947,339 for a similar period in 1951, the previous record year.

The volume of Title I loans is taken as an indication of the total amount of money spent annually for home modernization. This is estimated at \$3,000,000,000 for last year. The FHA insures loans for both materials and labor. For example, money can be borrowed to buy asphalt shingles for reroofing and to pay for application. Labor costs are kept at a minimum because asphalt shingles can be applied over most old roofing.

Mrs. R. R. Kolter Hostess to Univ. Study Club Nov. 5th

The University Study Club met in the home of Mrs. R. R. Kolter in the Friberg community on November 5th for their Thanksgiving luncheon.

Mrs. W. R. Hill, president, opened the meeting. Roll call was answered with historic facts about Thanksgiving. Mrs. R. C. Tevis brought a very interesting paper on William Bradford, Governor of Plymouth Colony. A pastor of the North Church has this to say about the governor, "His watchfulness guards others rest. His diligence protects others enjoyments. His constant application others rest." Bradford, who was born in Eng-

land in 1588, came over on the Mayflower and while serving as second governor of the Plymouth Colony, he wrote of the Massachusetts Pilgrims, which makes him the father of American History.

Mrs. J. D. Majors read The First Thanksgiving Day. Mrs. O. E. Melton gave a Thumbnail Sketch of Steven Vincent Benet, born in 1898 in Bethlehem, Pennsylvania. He was a student at Yale University. When he published his first book of verse, Five Men of Pompey. Mrs. A. R. Bunstine described her recent trip to California. During the business session, Mrs. Hill appointed Mrs. Reger and Mrs. Holt to find a needy family for the Thanksgiving basket. Mrs. A. R. Bunstine, Mrs. Cauthorn and Mrs. Sessums to gather garments to be sent to Europe through CARE.

The luncheon was served buffet style to the following: Mesdames Pague, Wiggins, Reagan, Cauthorn, Hill, Melton, Sessums, Reger, Jensen, Rigby, Tevis, Harwell, Hicks, Kolter, Holt, Majors and Bunstine.

Mrs. Tom Britton Hostess for Tea for Miss Virginia Allen

An afternoon tea was given at the home of Mrs. Tom Britton last Thursday afternoon in honor of Miss Virginia Allen, bride-elect of Dr. Philip Carpenter. Mrs. Howard Henderson was co-hostess for this gala event.

The receiving line consisted of Miss Allen, her mother, Mrs. J. W. Allen, and Mrs. Britton. Mrs. F. A. Jamieson presided at the register.

The home of Mrs. Britton was beautifully decorated with fall flowers throughout. A lovely arrangement of bronze and yellow mums in a brass container was the dominating decoration used in the den. Other arrangements included pink mums along with many floral bouquets.

The tea table was very attractive, covered with a white organdy cloth, with a centerpiece of pink carnations and white wedding bells in a silver bowl. White tapers and silver candleholders completed the decorative theme.

Mrs. Carl Morrison, Mrs. Glen Bear, and Mrs. Carlton Royce alternated at the silver service. Assisting with the hostess duties were Mrs. Bill Bean, Mrs. R. A. Wallace and Mrs. D. F. Douglas.

The honoree received a silver vegetable dish along with best wishes from the group.

Members of the Burkburnett Club arrived at 4:00 P. M. and Mrs. Dub Zimmerman presented Miss Allen a gorgeous copper wall plaque in behalf of the club, of which she is a member.

There were 125 guests who called, with out of town persons arriving from Jacksboro, Electra, Wichita Falls, Frederick, Okla., and Henrietta, Texas.

Reading and Lighting and 'Rithmetic

Look what some figure-happy statistician just found out. From kindergarten through high school, school kids have to plow through a pile of books 18 feet high. A photograph taken of this pile of books would make your eyes ache.

Close visual work is hard on the eyes. A New York State survey of 83,000 students showed only one in 20 kids had vision defects at kindergarten age. By senior high, eye troubles affected six students in 20.

Good lighting is one readily available means of making seeing easier for these students. Lighting engineers find that over half the schools still use old, globe-type fixtures that give only one-sixth the light that ought to be on the desks.

In those schools that have installed modern lighting, teachers report that students are more eager to study, are happier and require less discipline. The teachers find their jobs easier.

To help schools analyze what light is needed, General Electric engineers work out various lighting systems in model classrooms where effects can be demonstrated and compared. A booklet is offered, "Making Schoolwork Easier on the Eyes," in which current practices are summed up. (Write the Lamp Division, Nela Park, Cleveland, Ohio.)

It is the aim of General Electric to translate its engineering help into public service at the community level

A better deal because . . .
Every Chevrolet truck is factory-matched to the job—with the right power, the right capacity, right engine, transmission, springs, axle, and tires to do its work at the lowest possible cost.

A better buy because . . .
THEY LIST FOR LESS
Production economies, possible because Chevrolet is the world's largest truck manufacturer, let Chevrolet trucks list for less than comparable models of any other make.

LOWER OPERATION AND MAINTENANCE COST
Valve-in-Head engine design; strong and sturdy Hypoid rear axles; Flexi-Mounted cabs; rigid, channel-type frames; single-unit rear axle housings; Unit-Design bodies and many, many other features reduce costs and increase the life of your Chevrolet Advance-Design trucks.

TRADITIONALLY HIGHER TRADE-IN
Chevrolet trucks keep their value longer—proof of the greater value built into Chevrolet trucks and a wonderful plus at trade-in time.

Fourteen Attend C.-C. Luncheon

Those attending the monthly Chamber of Commerce business meeting at Town Hall Monday noon were: Ray Hill, Secretary, Clark Gresham, acting president, A. C. Reeves, Casey Logan, Paul Browning, H. D. Smith, Geo. McClarty, Harry Dodson, L. D. Holman, C. M. Archer, F. C. Royce, Truman Garland, C. A. Morgan and Will Teal.

Mr. Hill read the minutes of the last meeting, and reported he had attended the West Texas Chamber of Commerce convention held recently in Wichita Falls. He also read a letter from the Fort Worth Fat Stock Show, asking that Burkburnett designate a day at the show, and to name a cowgirl queen, bring a band, and lots of boosters from Burkburnett.

Truman Garland, on the C. of C. Housing Project committee, reported the project was still in the process of being ok'd in Washington, D. C.

A. C. Reeves suggested two or three Highway signs, at least 40 x 12 feet, be erected at the entrances to Burkburnett, giving the dates of the 1953 rodeo and other pertinent data. The matter will be discussed at a later meeting. It received much favorable comment from those present.

Buster Morgan suggested the dates for the 1953 Rodeo be the first week in June. This suggestion was favorable. If the rodeo stock can be arranged for in early June, that will probably be the date.

Morgan also reported shrubs or hedges needed to be planted on the South side of the rodeo arena. He said the widening of the street between the grade school and the Junior high school would necessitate the removal of that hedge, and that if a rodeo committee would take up the hedges, they could be used at the rodeo arena. Will Teal reported still further shrubs could be had for the taking up from the Baptist Church.

Gresham appointed H. D. Smith, F. C. Royce and C. M. Archer on a nominating committee for new directors.

George McClarty, P. B. Browning and Casey Logan were appointed to set the date of the annual C. of C. banquet, secure the speaker, and make any other necessary arrangements.

Truman Garland was appointed chairman of a committee to make arrangements for sending the band to the Fort Worth Fat Stock Show on Friday, Feb. 6, 1953. That will be Burkburnett day, and the suggestion was made that as many other Burk boosters go as possible buying a rodeo ticket for themselves and for at least one band member. Plans are to have all the Burk delegation seated in one section at the rodeo.

Sgt. Tyler Arrives In Texas At A Veteran's Hospital

Sgt. William E. Tyler has arrived in Texas at a VA Hospital and is glad to be nearer home. He has been in the hospital for over a year for tuberculosis which he contracted on Guam while on duty there. Sgt. Tyler spent a year in Denver and Colorado Springs, Colorado, undergoing treatment. He is improving nicely at this writing, and hopes to see his friends very soon.

Mrs. W. E. Tyler and children visited him on November 9th. Sgt. Tyler would like to thank all his friends for all the wonderful things they have done for him and his family during his stay in the hospital.

Mrs. Lillie Hamilton, a resident of this city, who recently underwent surgery in a hospital in Abilene, is improving rapidly at this writing. She will return to her home here in the near future.

E. E. Clack Beat National Poll on Election Trend

Burkburnett is not without a prophet, and so far his batting average is perfect.

E. E. Clack beat all the election pollsters at predicting the true outcome of the National conventions and the presidential election. He also picked the winners in the baseball playoffs.

Way back in the summer Mr. Clack picked the winner of the National, and the American Leagues, and at the same time named the winner of the world series. That is not bad predicting, but he went even further.

In June, in a conversation with R. H. Henry, Mr. Clack made the following statements:

The Republican nominee for president would be Dwight D. Eisenhower.

Stevenson would be the choice of the Democrats.

Eisenhower would be elected by a landslide.

And to stick his neck out a bit further, he said Texas would give a majority vote to the Republican ticket.

After the two conventions, Mr. Henry suggested that the prophet withdraw his statement about Eisenhower being elected, and if not, at least withdraw the absurd prediction that Texas would go Republican. In this way his friend Clack could be in position to "save face." Mr. Clack would not back one inch. He was more certain than ever that Eisenhower would get the nod and that Texas would go Republican. And that's what happened!

When asked to peer into the future on other matters, Mr. Clack said: "I'm not out after new laurels. I'm just trying to maintain the reputation I already have!"

Now if Clack will just predict a good rain in the near future, he'll have the eternal gratitude of the whole area.

Visitors in the home of Mr. and Mrs. J. G. Simpson over last week end were Mr. and Mrs. Clyde Nicks and son from Velloplat, La., Mr. and Mrs. J. J. Hicks and son from Wichita Falls, Sgt. and Mrs. A. D. Lalande of Amarillo and Miss L. L. Bates of Electra, and Mrs. Essie Nicks from Wichita Falls.

Services Held for Retired Farmer of Grandfield, Okla.

Funeral services for Frederick E. G. Wiersig, 68, a retired farmer of the Grandfield community, were held Wednesday, November 5, in Grace Lutheran Church, with J. H. Koilmeyer, pastor or of Grace Lutheran, officiating.

Mr. Wiersig died early Monday morning, November 3, in his home east of Grandfield. He had been ill for quite some time with a heart ailment. Sunday evening he had enjoyed the spiritual treat of worshipping with the Lutheran Hour audience at his radio and was found Monday morning in bed asleep—not to awake again to "this territory life." He was born January 14, 1884, at Town Sherman, Sheboygan County, Wisconsin. At about the turn of the century his parents moved to Alva, Oklahoma. In 1908 young Frederick took up a homestead near Chattanooga, April 20, 1910 he was united with Lydia J. Linkugel, of Lone Wolf, Oklahoma.

Having been baptized and confirmed in the Lutheran Church, he remained a consistent and faithful member of that Church all his life, having held membership in the Lutheran Church of Grandfield, Oklahoma, a number of years, and in Grace Lutheran, of Burkburnett, since 1950.

Survivors are his widow, Lydia, nee Linkugel, one son, Elmer, at home with his mother; two daughters, Norma, Mrs. George Whitehead, Madison, Connecticut, and Esther, also of Connecticut. The latter having been bedfast for some time and presently in the Con. Hospital, co-present at her father's bedside.

Pallbearers were: Ralph Seifert, U. S. Hill, Louis George Gutshall.

Interment will be in the Grandfield cemetery.

What's the biggest "little" business in Texas?

It's the business that employs one out of seven Texas jobholders . . .

It's the business that helps to bring you everything you buy, use, eat or wear . . .

It's the business whose taxes build one-third of all Texas highways . . .

It's the TRUCKING business! Over a million Texas men, women and children depend directly on it for their livelihood.

Yet—fifty-six per cent of Texas' trucks are owned by individuals with only one truck. Trucking is probably the biggest "little" business in the State!

And here's the biggest seller of its class in the business . . .
