April War Loan Campaign Will Make Acid Test

All-Night Rain Brings Spring Season

An all-night early April rain of an inch to two inches all over the area last night brought just the right moisture and the right farming conditions for small grain and row crop farming to a wide section of country from which The Hesperian obtained reports early this morning.

Here the rainfall was an inch at 8 o'clock, the downpour lasting practically throughout the night. It blew up from the west. The reports are favorable from every point connected both east and west.

At Lockney it rained practically all night and at South Plains Commissioner W. C. Plumlee a light shower Wednesday afternoon was followed by an all-night rain that may have been heavier toward Quitaque.

At Petersburg, John Hughes, vice-president of the First State bank, said a two-inch rain started at 9 o'clock Wednesday night and that no dry spots had been heard from. The rain was heavier probably at Hale Center.

Robt. Medlen, Q. A. & P. agent, had reports from Dougherty and Rocking Springs showing good rains. At Dougherty an inch of rain fell and at Rocking Springs 1.9 inches.

All reports coming in from all communities indicate similar conditions. Mild temperature as late as 9:30 was general over the area, with hazy skies. The official weather forecast is for mild temperatures the remainder of today and this evening.

Funeral Services

For Calton Moore

Held Yesterday

Funeral services for Calton P. Moore, manager of the J. C. Penney company at Hereford, were held Wednesday afternoon at the First Methodist church at Hereford. The son of the late Mr. and Mrs. Wm. Moore, Calton was reared in Floydada. His wife the former Bessie Houston of Abilene attended school here and was a frequent visitor in the homes of her uncles C. R. Houston and J. B. Houston, former business men of Floydada.

Mr. Moore died Monday morning in a hospital at Lubbock where he underwent a major operation last week. He was active in civic affairs and was well known in Hereford and Amarillo.

Survivors include his wife and four children; a sister, Mrs. E. E. Boothe of Santa Fe, New Mexico; and six brothers; E. L. Moore of Amarillo, Louise P. Moore of Lubbock, Frank Moore and Hollis Moore of Henrietta, M. W. Moore of Waco and Sgt. Orville Moore of Florence, Arizona.

Among those from Floydada attending the last rites was Norma Jean Moore, a niece of the deceased, who accompanied her father, Frank Moore, who came through Floydada Wednesday morning for his daughter.

Masonic graveside rites were conducted in the Hereford cemetery.

TEXAS AIRMEN PLAY BIG PART IN BOMBING BATTLE

Sgt. Virgil Orman's name was listed with seven other Texas airmen, who featured recently in destroying one enemy troop ship and two merchant vessels. A news item with the date line, Allied Headquarters in North Africa, April 4, was sent to his father, P. L. Orman by a relative. A new technique, that is being used to train pilots in the U. S. air training centers was credited officially with the destruction of the vessels the news report stated.

Sgt. Orman, a graduate of Floydada High school has been in service 21 months. The news clipping was the first word his father has heard of his son since he left the states two months ago. To date no direct word has been received by Mr. Orman.

Floyd T. Walling,

Brother Mrs. A. C.

Goen Is Killed

Mrs. A. C. Goen received word Wednesday of the death of her youngest brother, Floyd T. Walling, son of a Floyd county pioneer couple. Mr. and Mrs. E. M. Walling, funeral services will be held this afternoon at Kosse, Texas.

The deceased is survived by his widow, one son, four sisters and two brothers. The sisters and brothers are Mrs. Edd Burrus, Olton; Mrs. John McDonald, Plainview; Mrs. Letha Crawford of California and Mrs. Goen, city; K. Walling, Duncan, Oklahoma and Earl Walling of California.

Mr. Walling was injured by a falling scaffold Thursday of last week while at work for a construction company at Lake Charles, Louisiana. He died Tuesday and the body was shipped to his home for interment.

Mrs. Goen was unable to attend the funeral.

Back Yard Gardens Are Needed

How About YOUR Victory Garden?

The young man already has a good crop of early onions to add to the family food supply. In 1943 it's patriotic for YOU to have a Victory Garden too. Start NOW. Food will WIN the WAR.

A Fishin' Tale A Mile Long;

And Are The Folks Enjoying The Fish Crop Planted Last Year

Yarns Scarcier; Lakes Shallower

(Musings of a fisherman)

Just a few years back, kids in Floyd county, or grown-ups either for that matter, didn't know nuthin' bout goin' a fishin' and fishin' equipment now plentiful was a scarce item on the merchants shelves in fact so scarce as to be absent.

But due to the foresight of a few people who have imported enormous quantities of yellow cat (my favorite) and other varieties to stock the big lakes which in recent years stay fuller than usual, kids and grownups alike have been privileged to partake of this great, great sport, the like of which there ain't none.

It being a little early for the big gardening season, it is a known fact that the wife and kids in a number of instances, have been the principal earners.

Bug Bites Early

From year to year the "bug bites" earlier and the first ones go sneaking out, no word of mouth tells the tale, and the only evidence is the long swaying rods fastened to the sides of the car. But the catch is good and the fish are large, larger and largest, and how delicious. And the more we think of it the larger they get. What fisherman could suppress a story like that even if his neighbors did find out and get in the game "before the large ones are all caught out."

Then, too, aviators out on a Sunday stroll do a little snooping and incidentally a little scaring just when the cork gets bubbly good. Oh my the thing zooms down buzz, buzz and the fish is gone. Why don't they go away and let us have our fun?

Then here we go everybody slipping off from everybody else and when we finally get out to the big lake then there we are neighbors all about twenty strong. Oh my, we are just goin' to have to go offener and faster or they'll all be gone.

Lakes Getting Shallower

All of a sudden we realize the lakes are getting shallower and shallower and pretty soon unless it rains the fish will all be gone anyway. Now just why were we so selfish in the first place, why didn't we just

First Nat'l Deposits At All-Time High

Deposits in the First National bank of Floydada passed the two-million dollar mark last week, the first time in the history of the institution.

This in spite of heavy taxpaying during January and into March, including local and federal revenue. Also after depositors of the bank have expended more than \$300,000 for war bonds.

With seeds in place of bullets, spades, rakes and hoes in place of guns, Floyd county residents join Mr. and Mrs. America in launching a new war-time home front this spring. Their battlefields are the sunny, fertile spots in their own back yards, sites for food-producing Victory Gardens.

In spite of the greatest production in history in 1942 and even greater planned production, federal food administrators point out that demands on American food supplies have increased even more rapidly than production. War needs thus call for the help of every good gardener, in an effort for all who can to grow some of their own food.

To plant or not to plant this or that will be a simple problem for the Victory gardener of Floyd county who knows food values and will not overlook the family's tastes when choosing what to plant.

The green leafy vegetables: leaf lettuce, cabbage, spinach, chard, collards, kale and turnip greens are described as of greatest importance. One or another of them should be available from early spring onward to freezing weather. They should be in every garden and should be eaten frequently.

Tomatoes, peas and beans are so widely adapted that they also are expected to be grown generally and generously. Tomatoes are so easily canned that they are grown by gardeners for canning as well as for table use when fresh.

Many other vegetables such as beets, carrots, onions, parsnips and salsify, cabbage and sweet corn are commonly grown in this section and are recommended for small garden space. Potatoes might well be included in this list, especially if the garden plot is as large as one quarter acre or more.

Gardening in 1943 is important not only because of the need of food but especially because of the need of protective foods, those rich in vitamins and minerals. Hunger for these foods is often classed as "hidden hunger" and manifests itself in the form of "nerves" poor eyesight bad mouth condition or a general sub-acute symptoms of the lack of vibrant health.

The Victory gardener who has an ample supply of canned and stored vegetables for the coming months will consider himself exceptionally fortunate.

NOT EVEN A COLD SINCE HE LANDED IN ENGLAND, MILTON TERRY WRITES

Milton Terry, serving with a ground crew in the army air forces now in North Africa, has learned that fox holes may be used "or something besides a place for foxes to hide in," he wrote his mother in a letter dated March 19, telling that he was enjoying good health. The tone of his letter indicated that his outfit had had occasion to hunt over from Axis attacks.

He is so well that he reports he has not even so much as had a cold since he landed in England early last fall. He went to Africa with the contingent of American and other allied troops which had been trained in England and sailed for the dark continent before Christmas.

MARRIAGE RECORD

License to marry were issued by County Clerk Margaret Collier to Henry J. Martin and Nina Ruth Glenn, April 2; Owen B. Handley and Vaneta Barton, April 3 and Billy Lee Briggs and Marcella Jean Sanders, April 5.

Display The Flag Opening Day Of Second War Loan Campaign, Mayor W. U. White Urges

As mayor of Floydada I ask my fellow citizens to join to the full extent of your financial ability in the Treasury Department's Second War Loan campaign by offering a series of securities designed for every pocketbook.

I feel sure that when the final returns are in, our community will stand high among cities and towns of our size and resources in the country for our accomplishments in this great patriotic drive.

The Government is asking the people of this country to lend 13 billion dollars to help prosecute this war. All of us know how vital this money is in our common cause. We have sent our fathers, sons, brothers and friends off to fight. We must provide the money to put the finest weapons and other munitions in their hands so that they can end this war as quickly as possible.

The Second War Loan campaign is more than a mere transfer of our money to the Government for a period at interest. It is a demonstration of our will to victory and our desire to back up our men on the

fighting lines. The Treasury department has recognized this basic patriotic aspect of the Second War Loan campaign by offering a series of securities designed for every pocketbook.

Types For Every Investor There are the familiar War Bonds, tax certificates, and other long term and short term securities. Democracy never has given a finer example of its strength than in this forthright Second War Loan appeal. Workmen and business men, professional man and industrialist, housewife and war worker—all may send their dollars off to fight alongside our troops.

If there ever was a time when we should as a community sound a patriotic note in a public undertaking it is in this campaign. And so I ask everyone—homes, businesses, factories, stores, schools and public buildings—to display the flag on April 12.

Let us all take to our hearts the theme of this campaign: "They Give Their Lives, You Lend Your Money."

Duncan, Smith Win Contested Municipal Races

Silas E. Duncan and Bob Smith were winners in the only two contested races in the municipal election Tuesday, Duncan being re-named to the office of city secretary and Smith retaining the place of city marshal to which he was appointed following the death of the late Morgan Wright.

In the secretary's race the vote was 198 for Duncan, 136 for T. T. Hamilton, his opponent; for marshal, Smith 259, E. A. Grigsby 74. Grigsby is serving the city as special officer and night watchman.

For the other official places in the city's family W. U. White was re-elected without an opponent, and the five aldermanic candidates whose names appeared on the ballot were chosen as follows: Conner Odell, 314 votes; F. C. Harmon, 317 votes; J. D. McBrien, 320 votes; J. W. Lanier, 311 votes, and Walton Hale 318 votes. The last two named will be new members of the board, although Lanier has served one previous term as an alderman. They take the places of M. H. Martin and Chas. Bedford, both of whom asked to be relieved of the job because of pressing affairs.

The 329 votes cast represent an estimated 40 per cent of the possible voting strength in the city.

Floyd Pioneer Dies Wednesday In Roswell

J. E. Wimberly, 68, a Floyd county pioneer and former Plains and New Mexico editor and publisher, died Monday in Roswell, New Mexico, at the home of his daughter, Mrs. Floyd Childress, with whom he made his home since he became ill more than a year ago.

Mr. Wimberly came to Floyd county in 1892 and two years later while residing here met and married Miss Maggie Wilson, a sister of Mrs. Fannie Montague.

Later for a number of years he was editor and publisher of a weekly newspaper at Hale Center. In 1903 he founded "The Hagerman Messenger" and was editor and publisher for a number of years.

He is survived by the widow, one daughter, Mrs. Childress, of Roswell; two sons, Frank Wimberly, State Supervisor of New Mexico Public Schools, Las Cruces, New Mexico and Harrington Wimberly, editor and publisher of the Altus Times Democrat of Altus, Oklahoma, who visited in Floydada Saturday while enroute to his father's bedside.

Mr. and Mrs. Wimberly attended the Floyd County Reunion held May 28 in Floydada last year.

Funeral services were held Wednesday afternoon at 2 o'clock at Hagerman, New Mexico, and interment was made in the cemetery there.

GEORGE CARDINAL LANDS SAFELY OVERSEAS

Mr. and Mrs. Z. N. Cardinal, 806 El Paso street, Plainview, former residents of Floydada, have been notified that their son, Sgt. George H. Cardinal, has landed safely overseas. He has been in the Marines for two years. Before sailing, George was stationed at Niland, California, and while there made the headlines with his culinary art as a field cook.

Pvt. Neal Cardinal, another son of Mr. and Mrs. Cardinal, is stationed at Little Rock, Ark., in the medical corps. Their son-in-law, Odell Parrish, is in the navy and stationed at San Diego. His wife is with him.

OVERSEAS FOUR WEEKS; WRITES "DOING FINE"

Lorraine D. Britton, son of Mrs. Lillie Britton and Electrician's Mate 1st class, who sailed a month ago from his base at San Diego for overseas duty wrote his wife and mother Victory letters which they received yesterday that he was "doing fine." He said he had crossed the Equator and was somewhere in the South Pacific.

Longer letters were promised to his wife and mother when he got settled.

CPL. TOM BISHOP HOME ON FURLOUGH FROM CAMP

Cpl. Tom Bishop arrived here Tuesday from Camp Roberts, California, and will visit in the home of his mother, Mrs. Jennie Bishop while on a 15-day furlough.

He will report back to his camp April 15 to be transferred for school for officers training.

Col. Bishop was met in Lubbock by his brother, Baird Bishop who accompanied him to Floydada.

History Making Campaign To Open Monday; County Quota Is \$173,000

The people of Floyd county will be put to the acid test during the Second War Loan, beginning April 12, it was announced today by J. M. Willson, County chairman.

"The United States Treasury must raise \$13 billion during the Second War Loan, and a substantial part of this money must be loaned to our Government by people in ordinary walks of life—you and me and the fellow next door," Mr. Willson declared. It is obvious to every thinking man and woman that as the United Nations take the offensive against the Axis dictators, the cost of war operations increase in proportion.

"The staggering sums of money necessary for the victory drive of the American and other Allied armies and navies . . . the task and the cost of providing food, transportation and munitions for millions of men, over and above the cost of equipment in planes, guns, tanks, ships and other material . . . must be borne, in large measure, by the American people left here at home.

Honor To Participate "It is not only necessary and right that we should assume this additional participation in the war effort—

County Quota \$173,000

Quota assigned to Floyd county for April War Loan investment is \$173,000, the Federal Reserve bank of Dallas, notified County Victory Committee Chairman J. M. Willson here last mid-week. Seven types of bonds are made available for purchase to suit the largest to the smallest investor.

It is an honor to do so. We who are left here on the home front can do no less than attempt to approach the sacrifices of those brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives. We lend our money.

"While it is true—and this to the everlasting credit of the American people—that there are more people today who own Government securities than at any time in the history of the nation—or the history of the world—the simple facts of the matter are, it is not enough.

"If the people of Floyd county, and every county and town in the nation, are to meet their full measure of responsibility, they must loan their Government every cent not needed for the essentials of living—and we have to revise downward our ideas about what are essential. In other words, you, and I must go on an all-out war basis.

More Cash Than Ever

"There are at the present time many billions in liquid funds—cash and commercial bank deposits—in the hands of the American people over and above taxes, debt repayments (See BOND CAMPAIGN, back page)

Leonard Alexander Reported Wounded While In Action

Mr. and Mrs. C. Alexander of the Lakeview community received a message from the War Department Sunday, saying their son, Leonard Alexander, had been wounded. Although the Alexander could not be contacted Wednesday, friends who visited them at the time they received the message, quoted them as saying they believed their son was on some island off the coast of New Guinea.

The extent of the injury was not stated in the message but said the parents would be notified of any change.

The last communication from their son was received March 17 and was dated March 5.

Mr. and Mrs. Alexander have two more sons in service, Oliver of Mineral Wells and Melvin stationed at San Francisco, California.

Eighteen Youth Take College Training Tests

Eighteen young men which included seniors of the Floydada High school and graduates of former years took the exams Friday morning at the school building to qualify for the college training being offered by the Army and Navy. Tests were administered by Supt. Walter Travis and Homer Poole, principal of the school.

Those who are accepted, which will be announced sometime this month, will take their college training while on duty, in uniform, receiving pay and under general military discipline. Upon completion of their college training they will receive further training leading to commissions.

Those applying for training in the navy department were young men who will be 17 years of age but not over 20 years of age on July 1, 1943; and for the army training, young men who will be 17 years of age but not over 22 years of age on July 1, 1943.

March Big Sales Month For Swine Sheep, Cattle

Hundreds of thousands of dollars have passed into the hands of Floyd county livestock growers during the month of March from the sale of sheep, hogs and cattle. This amount is believed to be an all-time high record for 30-day period shipments in the county. A train load of sheep consisting of thirty cars was shipped to Nebraska recently loaded at Barwise. The sheep were shipped from near San Angelo several months ago and placed on wheat pasture in the southwest part of the county. Dick Norris, a Kansas City buyer purchased the shipment.

Another shipment from the southwest part of the county included 83 cars loaded at Barwise and billed to Noel Cover of Cozad, Nebraska. The cars contained 9,960 head of sheep. These sheep were purchased from farmers and livestock farmers of Floyd county.

Cattle Shipped Westward

An interesting sidelight of the cattle shipments is the fact that this year most of the shipments are going to the West coast markets, and Denver, Colorado, where heretofore the bulk of the county's shipments were billed to Wichita, Kansas City, Oklahoma City and Fort Worth.

Sheep from this area has been moving to Colorado and Montana grazing ranges and hogs are being shipped to Lubbock where they are consolidated and reshipped. The heaviest going to Texas markets and tops to West Coast.

The bulk of feeder cattle that include from five to six hundred pounds are still being shipped to the corn belt regions of Indiana, Illinois, Ohio, Missouri and Iowa.

One of the leading railroads reported shipments of 8 double-deck cars sheep; 22 double-deck hogs and 22 cars cattle during the month of March. Double deck cars ship live 225 to 250 head; hogs 100 to 150 head, and from 30 to 60 head cattle to the car.

Another road reports 685 head cattle and 2,250 sheep during March.

Dougherty Shipment A recent transaction in which \$30,000 was involved was a shipment of ment, insurance, and their present investment in Government bonds . . . over and above what they can buy (See HOG SHIPMENTS, back page)

Floyd, Lockney

Boxing Teams

Meet Tonight

Return boxing matches will be staged at Lockney at 8:30 tonight by pupils from the Floydada and Lockney High schools, Coach Floyd Murry announced this week.

Approximately the same line-up that featured in the matches here Thursday night will again furnish the exhibition in tonight's program. Contestants range from 65-pound flyweight to 175 pound light heavyweights.

In the matches here last Thursday night the score was 5 to 8 in Lockney's favor. The program promises good entertainment tonight and will probably draw many sports-minded citizens from Floydada.

EDITORIALS

Please keep in mind that Uncle Sam's Postal department doesn't mean maybe when they instruct newspapers to have an order from the subscriber himself where the paper is forwarded to an address outside of continental United States. Newspapers which send papers to addresses away from home must have an order in their files should an inspector ask for the same. Very likely this is brought about by the extreme need of the army and navy departments to conserve shipping space for seriously needed war materials and men. V-mail is a variation of the same need expressed in terms of air mail probably. Newspapers will be very careful to observe the rule. The only exception to the requirement for the order is in the case of a newspaper that was already being forwarded before the order went into effect, and even in this case the newspaper must represent on the package that the newspaper is being sent in conformity with the rules.

In your Victory garden let us suggest that you plant some of the old-fashioned hearty sort of vegetables like potatoes and dry beans as well as carrots, tomatoes, lettuce, greens and such vegetables. Navy beans, lima beans, the red kidney beans and black-eyed peas are examples of what we mean. These are rich in protein, and usually grow well here. In this connection you have to know how to grow potatoes. You have to get the signs right and all that kind of thing and have your ground prepared like it ought to be. In ground that packs like in most of the plains part of Floyd county you naturally will go to the feed lot and get some straw or pummies or something of that kind to put in the bottom of the rows to make room as it rots for the potatoes to grow right. Get your calendar, get the sign in your favor and work at it and you can raise enough potatoes on a mighty little patch to run your family a long, long time. A few rows of garden tended to right will do a lot better for the family larder than an acre that you would have tended to if you had had time.

The shortage of foods in the country, which may become accentuated by the huge demand of our own war workers and our allies as the days go on, are reminders that we really need to make gardens, city as well as country. The city gardener will want a garden, whether water is high or low, simply for the sake of having the things the family should have for health and vigor this winter. There is no assurance you will be able to buy these provisions, points or no points. Thus, if your water and labor bill were twice too high but you had the food this winter, it would be cheap insurance for most any family. However, a brave beginning must be followed through during the hot, dry months of summer, if they come that way. Arrange so that you and your family won't be a burden to the war effort this fall and winter. "Food will win the war," slogan of the U. S. Agricultural department and farmers generally, may become more than just a slogan. Anyway, take it that way and play safe so far as you and your family are concerned.

If you use coal in your home or place of business, take your coal dealer's advice and buy this spring. By this spring, we mean April and May. Buying coal now heads off the inevitable (or is it?) increase in price that will come if the coal miners have their way. But most important of all, you get the

coal while your order makes the least burden on the national shipping situation. Later on you may be just one of those unfortunate people that put off buying coal and can't get another type of burner to cook and keep warm with this winter. This suggestion may well have the attention of common school district trustees, church committees and the like also.

Chickens, swine, dairy cattle, range cattle and sheep all have made money for the farmer of the plains and panhandle this year. Many farm families are realizing incomes which they would have thought impossible some few years ago. The about-face in farm conditions, brought on largely by war, is such as to make the farmer's income one that will see him out. One important "if" to this: If you owe get out of debt, there will be another day. The pendulum always swings one way then the other, the more violent the displacement in one direction the more violent in the other as the turn comes.

Although the rains have not come as yet (writing over the week-end) the wheat crop probably never looked better where not affected by greenbugs. The deep underground season means some kind of a wheat crop will be harvested. Not a great deal of rain needed for this small grain, but the row crop man must have some moisture before he begins operations on a considerable scale. What farmers will do with their barley land will vary with nearly every farm, it seems. In some instances the crop is overcoming the bad burn it had from late February and early March freezes. In others, half a stand, in others less. When the rains come the acreage of forage feed seeds going into the ground is going to be something to marvel at or we miss a guess. A deep season means a forage feed crop can be made on mighty little rain. And Uncle Sam has pegged the price at a good margin of safe profit by the loan value set on the crop. Maize, hegari, kaffircorn are good bets to make money this year for the row crop man.

Can the small grain wait until late in April for some rain? Some say it can't. We believe it can and that it may have to do so. We hope the eventuality may prove us wrong, but those who took their cattle off of wheat March 1 most likely have made a mistake. They might as well have had the additional pasture and have done the crop good by holding it back. Meanwhile, if you are not ready for planting your row crop, get set for it. Wind up that old tractor, hang the one-way on behind and get your land ready. Also, don't let a little rain catch you napping, not ready to put seed into the ground. With the deep season we have the man who gets up a crop may be the one who sells to or loans his neighbor feed this fall.

Most likely this is the year our dry land will raise a crop on the underground season stored away. A few thunder showers this spring may be all we have to get the season to the top of the ground where the seed can take hold. This is not a prediction, but a view backward through the years as supplied through the eyes of those who have tilled Floyd county soil for three and four decades. Meaning that is the way it has happened in the past and may happen again. Should the fact turn out more favorable than the prospect or forecast, so much the better.

As A Farm Woman Thinks

By Nellie Witt Spikes

Signs of needed rain are in evidence this fifth day of April. There is a thin haze, sounds are loud and clear, and the feel of rain is in the air. We are beginning to want rain for the wheat and hope it will not come too late. There is so much depending on what the farmer can raise this year, we would like to see every acre make good.

Peas and onions

are beginning to show in the garden. Peas are ready to eat, asparagus tips are pushing through and winter onions are fine eating.

The zone meeting at Dougherty was fine and we all had a spiritual day. The women of Dougherty made all feel very welcome, and we shall remember the day with happiness.

The old time spirit seems to have come back. I never saw such eager, happy faces as were in Floydada last Saturday. Friends met friends in stores and on sidewalks. Sat in cars and talked. Mrs. Duncan said she always looked forward to meeting friends on Saturday afternoon. And was she having a good time? Bless her heart, may there be many, many happy Saturday afternoons. Mrs. Andrews looked very nice and she had on such a pretty hat. Mrs. McCauley and I had a pleasant visit. Up and down the street, back again, we surged, stopping to speak to a group here, Mrs. Smith of McCoy and daughter Marie there. Seeing what fine children Lorene Embrey

Mrs. H. N. Porterfield, Miss Ona Adams and Mrs. G. R. May will be hostesses to the Women's Missionary society Monday afternoon at the home of Mrs. May.

Miss Francis Garner and Bruce Edwards were married in Dickens Sunday evening, much to the surprise of their friends. Both young people are residents of Dougherty.

One hundred and fifty registered Jersey heifers, were unloaded in Dougherty Monday for the Freeman ranch.

Woolbright has. Somehow the day had the flavor of a picnic, a picnic not of amusement but one of reunion after many days of separation. This is America, the spirit of free people in a small town, buying groceries and not grumbling about the ration cards. If one's own son is not in the army, one's neighbor's son is.

Old Mother Nature slipped around almost by magic and threw a green dress on the pear tree, left off the usual bride-effect of white flowers this year. She tied thin green veils on the plum bushes, stuck sweet scented blossoms here and there for trimmings. She brushed the earth with a green brush and opened up a whole gross of perfume bottles. She is setting the stage for summer motion picture show and we look around and admire. The sun is aiding the busy old lady and has turned on the heat so things can grow.

The chickens are getting along just fine. It looks like a small factory in the shack, each chick busy turning the feed and water into broilers, fryers, layers. All day long they eat and drink. The water jars and feed pans have to be continually filled, but we wait on them, knowing this is what will help beat the dictators.

Well, the strawberries are moved at last. We kept putting the hard job off 'til we saw it had to be done and after all it was not nearly so hard as we had been thinking in our minds.

Easter In A War Year
Dr. Daniel A. Poling writes especially for those with sons in the service. This is a fine Easter piece and was written for Farm Journal before Dr. Poling left America by plane on an important overseas mission. Just the day before he and Mrs. Poling had received the following telegram from the War department: "The Secretary of War desires me to express his regret that Chaplain Clark V. Poling has been reported missing in action in the North America area since Feb. 2. Additional information will be sent you as we are able." Many another family will receive such a message, and millions of others must face that possibility, add the editors of Farm Journal.

"The Secretary of War regrets to inform," — these are the opening words of a telegram coming now to many homes and destined to come to unnumbered more. On all the flaming fronts of our crashing world our sons are offering their lives — the last full measure of devotion — of which the strong and gentle Lincoln spoke.

We to whom the message has come have our work to do and to be worthy of our sons we must do it in the spirit of their devotion: do it without slowing down — do it without being absent from the job — do it without strikes and without charges for overtime — do it with our memories a constant flame to light the way ahead. For all who serve and serving, give their all, there is one promise that never fails. As a pastor I have often spoken this promise to others; now I find that it is as good for me. The words are the words of Jesus, "Peace I leave with you, my peace I give unto you: Not as the world giveth, give I unto you. Let not your heart be troubled neither let it be afraid. It is Easter over the world. In spite of death and hate and sorrow, again it is Easter with the resurrection message. Easter with its eternal promise that nothing can separate us from the love of Christ and that this life is but the childhood of our immortality. Once upon the study wall of a friend whose only child died just before her college commencement day, I saw these words: "They pass from work to greater work."

Who rest before their noon; Ah, God is very good to them. They do not die too soon."

Worthy to be framed with that verse is this paragraph from a letter written to me last December by the mother of a captain of the 4th Marines who has been missing in action since the fall of Corregidor: "Our hearts are heavy and it will not be a Merry Christmas. But we are happy that God gave us so worthy a son to give to his country."

Easter reminds us that in giving these sons to freedom, we give them not to death but to life. We leave them in God's hands, and we shall meet them in the morning.

And there is something more. Dr. Poling continues: We must break the evil might of the Axis, but we must also win the peace, else we will have lost after all. It is not too soon to be planning the peace. Our sons are not fighting to destroy Germans, Italians and Japanese, but to save democracy and to insure that "freedom shall not perish from the earth." Here is the immortal hope that glorifies the sacrifices and that eases our griefs. Here is the promise of Easter, and for those who, "turn not again home" the fulfillment of their immortal destiny.

This is a glorious message of sympathy and hope from a man whose son is missing. May it give to you the strength it has to me, to face whatever may come about our sons in service.

Call for Volunteers!

STEP FORWARD AND BUY WAR BONDS

On Guadalcanal the other day, an officer called for volunteers for hazardous night-patrol duty. His men had fought the laps for fourteen hours without food or rest. Yet every man present stepped forward.

YOU are asked only to volunteer your dollars for a sure thing — to invest them in war bonds which will return a profit of four dollars for three.

No American who values his liberty and who wants to enjoy future prosperity, should hesitate one minute in responding to this call for volunteers. Buy war bonds regularly.

Be Wise... PLANT A VICTORY GARDEN

The one big thing you can do to help yourself and everyone else get enough food is to plant a Victory Garden... The present food shortage is no laughing matter, as the people of Greece can tell you. But we are lucky; there are no invading troops in America to trample and destroy our gardens before they have reached maturity.

Be wise! Plant a Victory Garden for your own use in order that our farmers' crops may be used to feed our troops and allies.

We will gladly furnish information on home canning.

FOR SALE RUBBER
1¢ a pound
You come get it at Singapore

The world price of rubber

was 22½ cents a pound before the treacherous Japs seized the East Indies and obtained control of the rich rubber supplies of the Far East.

Today they are offering the rubber for ½ of a cent to 1 cent a pound... with no takers, even by Nippon's Axis partners, because the United Nations blockade has cut off shipping from Singapore.

As an American whose driving has been coupon-rationed... not because of lack of gasoline... but by a serious shortage of rubber... be thankful for the blockade which has made the Jap bargain sale of rubber a flop. Be thankful too that there is no U.S. blockade on research.

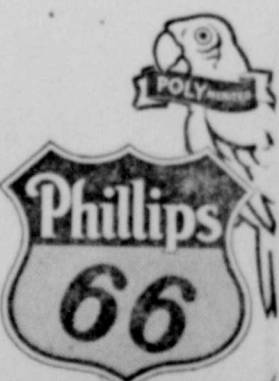

Long before the war, the Phillips research laboratories, always engaged in seeking new and better things from

petroleum, was learning the secrets of synthetic rubber and 100 octane aviation motor fuel.

This knowledge and Phillips great resources of raw materials are now teamed in the war effort.

Our part in winning the war is to expand enormously the production of synthetic rubber and 100 octane aviation motor fuel. Your part is to reduce driving and thus conserve rubber, until midsummer 1944... the date on which Rubber Director William H. Jeffers predicts that with your help... the American people will be over the hump of the rubber problem.

When victory comes, when you can again PHILL-UP with PHILLIPS to your heart's content, we confidently promise you that today's concentration on petroleum research will bring you almost undreamed of improvement in Phillips 66 Gasoline.

Floyd County Girl Subject Of Feature Story

In this month's issue of the Ladies Home Journal under the caption "Meet Three Army Air Corps Wives" is the story of how three young wives lived at San Antonio while their husbands were stationed there. Of the many thousand young women in the city at the time, Mrs. M. C. Fugate, of Floydada had the distinction of being one of the three selected for the feature story.

Illustrations include a number of attractive photographs of the pretty young bride and her husband, Lieut. Hunter.

At that time Lieut. and Mrs. Hunter had the lowest income of the three couples but due to Mrs. Hunter's good management were able to live as well as content as the other couples.

Quoting from the magazine "Dorothy Hunter, a tall, gentle and capable girl from the Texas Panhandle, has made sense of the situation. Her solicited realism about her man's responsibilities and her own role just goes further to confirm his sturdy reiterated impression that 'I found the finest girl in Texas'."

According to the article one way in which Dorothy was able to make her income go farther was by doing all of her own sewing which was not only economical but helped her to pass the time away.

Lieut. and Mrs. Hunter now reside at Avon Park, Florida. Following their stay at San Antonio, they spent several weeks at Ellington Field, Houston, where on February 16 he received his commission. During February they visited here with their parents and left here February 28 for Florida.

Her sales amounted to over \$7,000.00 for the first week of the campaign which is to continue two more weeks.

MRS. J. H. TRIBBLE HOME TUESDAY FROM HOSPITAL

Mrs. J. H. Tribble was able to be brought to her home Tuesday from Lubbock hospital where she underwent a major operation Saturday of last week.

Mrs. Tribble was accompanied home by her daughter and husband, Mr. and Mrs. Leon Saffie.

E. L. TEAGUES ATTEND LAST RITES OF RELATIVE SUN.

Mr. and Mrs. E. L. Teague and daughter, LaNel returned Sunday from Hereford where they attended the funeral of Mrs. Teague's grandmother, Mrs. L. J. Carmack.

Mrs. Carmack died Saturday morning. Funeral was held at the Hereford Methodist church by the pastor, Rev. Boyd.

The deceased had visited her granddaughter and family here a number of times and was well-known in the Lakeview community.

MRS. BRITTON IMPROVED

Mrs. Lillie Britton, who has been quite ill for the past two weeks, was reported to be improved the first of the week.

Mrs. Britton spent a week in Plainview with her sister, Mrs. J. L. Guest but was able to be brought to her home Wednesday of last week.

Mrs. Bertha Gilbert recently returned from Harlingen, where she visited her daughter, Mrs. Rex Wishard and Captain Wishard, having been called there on account of the illness of Mrs. Wishard. Mrs. Gilbert said her daughter had recuperated and she plans to visit here in the near future.

Sgt. Harley D. Wright, an instructor of airplane mechanics at Sheppard Field spent three days here this week with his parents, Mr. and Mrs. N. O. Wright of Lockney. Sgt. Wright has been in service the past fifteen months.

Cpl. Robert Warren, son of Mr. and Mrs. Homer Warren, who has been stationed at Camp Haan, near Riverside, California, for the past several weeks was recently transferred to Desert, California. Mrs. Warren and son, Donald Earl, will continue to make their home at Riverside.

Seven 4-H club boys are recognized for the production record which they made last year. Each boy produced livestock or crops, including cotton, in sufficient quantities to be the equivalent to the annual food budget of one or more fighting men. The amount of farm products equivalent to the annual food budget is not easily achieved. For example, it takes 2,506 quarts of milk, 1,262 pounds of dressed beef, pork or mutton or 750 pounds of lint cotton.

There were 145 boys enrolled in the work in 1942 and the following seven are complimented for the fine production record which they made: Sidney Ray Peel, 1176 pounds of cotton; Henry Neil Schacht, 1401 pounds of cotton; Billy Johnston, 9,600 pounds of wheat; Johnny Aycock, 4,176.8 quarts of milk; Jackie Brock, 6,046.4 quarts of milk and 1,480 pounds of dressed pork sold; Maurice Thredgill, 3,883.6 quarts of milk; and Seth Johnston, started the year with 15 head of hogs, sold three and closed the year with 27 head.

H. E. Knapp, manager of the American Crystal Sugar company, Rocky Ford, Colorado and H. M. Bainer, Agricultural Agent for the Santa Fe System Lines, visited the county April 3, contacting sugar beet growers.

The first grower to sign the 1943 contract was Earl Norman of Lockney community. Mr. Norman produced 298 tons of beets on 25.8 acres in 1942 that averaged 17.83% sugar. In case you don't know it you receive between \$9 and \$10 per ton for beets like Earl harvested last year.

Sugar beets should be planted by April 25, which means prospective beet growers should complete the contract at the earliest possible date. Your county agricultural agent will be glad to discuss the program with you and assist you in completing the application for contract which is available in his office.

Bluestone-Vinegar solution is very effective in controlling intestinal disturbances in poultry. Many poultrymen are using the solution in drinking water two days each month to prevent Mycosis in their birds.

Zant Scott of Harmony community feels the solution is assisting his birds to throw off the Range Paralysis disease. This is a very encouraging report, because of the fact no medical treatment is recognized in controlling this disease in poultry.

One good way to reduce the infection of Range Paralysis is to cull each week all "gray eye" hens. Gray eye is one form of paralysis, and many times this symptom appears several days before the birds lose control of the legs. By carefully selecting these suspicious birds and selling them for meat, the poultryman is helping to relieve the meat shortage and is protecting his laying flock from continuous infection.

Why is COTTON AN ESSENTIAL WAR CROP?

Here is what we get from our Cotton Crop: With every 500-pound bale of lint we grow, we get about

900 POUNDS OF COTTONSEED

900 pounds of Cottonseed yield about 400 POUNDS OF COTTONSEED MEAL OR CAKE, to furnish critically needed protein for our beef and dairy herds, sheep and hogs, and—

240 POUNDS OF COTTONSEED HULLS,

totaling 640 POUNDS OF LIVESTOCK FEED, compared to the 500 pounds of lint . . . about 75 to 80 POUNDS OF COTTON LINTERS FOR GUNPOWDER TO BLAST THE AXIS. and about 130 to 140 POUNDS OF COTTONSEED OIL.

We do not have a surplus of these products; we never have. We need, today, far more than we can produce from the cottonseed we are growing. We need more fats . . . the government is asking your wife to save every pound of fat "drippings." How long would it take her to save the 130 pounds of fat produced every time we grow a bale of cotton . . . and lose every time we reduce our cotton production by the equivalent of one bale?

Trustees For Floyd Schools Named Saturday

Patrons of Floydada and Lockney Independent school districts, each elected three trustees, two members of the county school board were named and thirty-one trustees for the common school districts were elected Saturday, April 3, at the respective voting places over the county.

In the Floydada Independent school district W. G. Collins and Robert Medlen whose terms expired were re-elected and Mrs. Alton B. Chapman succeeds Mr. Jarboe. Holdovers on the board are Cecil Hagood, L. T. Bishop, Tad Probasco and O. P. Rutledge.

At Lockney Guy Allen, Arch Crager and Hugh Carroll were re-elected. Holdover members are A. P. Barker, Ed Whitfill, Lloyd Wofford and Jake Griffith.

J. W. Howard, trustee-at-large of the county board of trustees, will continue in this capacity for the coming year as his recent appointment as justice of the peace of Precinct 1 and 4 will not conflict in any way according to a recent communication from the state superintendent.

As members of the county board of trustees, F. S. Byars was re-elected from Precinct 2 and J. T. McLain was re-elected from Precinct 1. Holdover members of the county board are C. W. Burton precinct 3 and R. M. Battey, Precinct 4.

Local Masons To Cooperate In 1943 Plans

Local members of the Masonic lodge under the direction of Conner Oden, an ade to Potentate T. W. "Bill" Gilstrap of Khiva Temple in Amarillo are looking forward to carrying out their part of the 1943 program, especially the "Million in May" war bond sale, the "Ladder of Baby Smiles" and the Victory ceremonial, May 31.

The ceremonial, at which one of the largest classes of novices in Khiva's history, which will include several from Floydada, is expected to cross the hot sands to Mecca, also will climax a Masonic drive for War Bonds in 40 counties of the Panhandle and South Plains. All initiation fees will be put in War Bonds purchased in the county from which the candidates come.

Each rung in the "Ladder of Baby Smiles" represents a contribution of \$61.50 to the support of the Shrine's 15 hospitals for crippled children.

There are 82 "Blue" lodges, 22 Chapters of Royal Arch Masonry and seven commanderies of Knights Templar in Khiva's jurisdiction.

Among the Shriners in Floydada making plans to attend the Cerebral May 31 are Conner Oden, Dr. J. B. Claiborne, Taylor Leach, Dr. A. E. Guthrie, Dr. C. M. Thacker and Mayor W. U. White.

War Tightens Up On Local Man- Power Situation

Typical of the situation in manpower in Floydada is the position of Oden Chevrolet company, who this week, relinquished the services of two key men in the company's staff. They are Newell Parker, parts man and Clinton Fyffe, bookkeeper. Conner Oden is proprietor of the company.

Operating with a crew of eight men, of the pre-war staff of sixteen men, the company is doing their share to aid the nation in keeping the cars of the county running.

Mechanical Department
Mrs. Clinton Fyffe who assumes duties in the bookkeeping department and Ted Marques of Matador in the mechanical department are two of the latest additions to the staff. Ted Allen and George Allen, the latter working after school, also are in the mechanical department.

Wade Warren is employed as grease superintendent.
Three former employees of the company who are no longer employed because of war regulations are Buster Dickerson, O. D. Noyes and Claude Hammonds. The latter salesman for the company until new cars were frozen and for the past months employed by Martin & Company was called to service the first of this week. The other two have been in service some months.

SEVEN TAKE TEACHER'S EXAMS APRIL 3 AND 4

Seven applicants took the examinations for Teachers' second grade certificates, offered Friday and Saturday at the office of County Supt. Clarence Guffee.

According to Mr. Guffee another examination for teachers' certificates is scheduled for June 4 and 5.

STATE AID IS RECEIVED FOR TEACHERS' SALARIES

The final grant of \$1,701 of State aid for teachers' salaries for the rural schools was received this week in the office of County Superintendent Clarence Guffee.

Pvt. Henry T. Coleman of Camp Forrest, Tennessee came Saturday for a visit with his mother, Mrs. Ola Jester. Pvt. Coleman is with the medical corps.

Mrs. Olive Keene of Munday visited in the home of her sister and husband Mr. and Mrs. W. B. Jones the first of the week. Mr. and Mrs. Jones made a trip to Plainview to meet Mrs. Keene, who was visiting another sister, Mrs. Nannie Ross.

Red Cross War Fund Quota Is Almost Double

With the quota of \$2,750 for Floyd county Red Cross War fund exceeded the first week of the 30-day campaign, figures had amounted to a total of \$5,300 Monday with money still coming in. R. E. Fry, county chairman announced.

Committee members throughout the county were liberal in their praise of the county's citizenship in the way they responded to the call making their donations when solicited, by letter and by stopping the solicitors on the streets.

Chapter Chairman Clarence Guffee made his report to midwestern headquarters by wire that the quota had been met and final report to follow as soon as donations are all in.

Bond Rally Fires Gun For Second War Loan Fund

More than \$3,000 in War bonds were sold Tuesday night at Lockney when citizens of that city staged a rally that started sales to help meet Floyd county's quota of \$173,000 in the second National War Loan campaign for 13 billion dollars.

Sam Miller, victory drive chairman, was in charge of the sale of bonds in connection with the rally held at the grade school auditorium at 8:30 p. m. o'clock.

Pat Woodburn, toastmaster, was in charge of a program that included a band concert by members of the Plainview band. J. M. Willson county Victory war bond chairman was present at the meeting.

Good attendance and enthusiasm marked the rally.

Several types of bonds are offered for sale during the campaign, in order that one may purchase the one most fitted to his particular case. The second loan is described as the largest and most important financial ever undertaken by any government in history, according to the finance committee of the U. S. Treasury department.

Subject For Singing Revival Given By Local Pastor

(J. G. Malphurs, minister)

The singing school and revival by singing the sermons will continue at the City Park church through Sunday night. The subjects for the rest of the time are: Thursday night "The Joy That Follows Obedience to Christ"; Friday night, "Prayer, The Power of Obedient Children of God"; Saturday night, "The Second Advent of Christ"; Lord's day morning, "Christ, a True Peace for the World"; Sunday night, "Heaven, The Final Destination of Obedient Believers."

Those who have been attending these services know now, if they did not before, singing is a very effective way to preach the scriptures. Those who have not yet been are urged to come at least one time and help to sing these sermons, as well as enjoy them.

Local Members Attend Three Day Conference

A three-day meeting of the annual Northwest Texas Methodist conference, Women's Society of Christian Service was held at the First Methodist church at Lubbock beginning Monday, with 124 delegates and 81 visitors registered. Mrs. C. A. Bickley, president of the conference, presided.

Mrs. Phil H. Gates official delegate from the local society and Mrs. C. A. Hartley, delegate from Rushing Chapel, and Mrs. Cecil Foote, conference secretary of missionary education were in attendance throughout the meeting.

Others attending were Mrs. J. M. Wilson, Mrs. N. W. Williams, Mrs. Wilson Kimble, Mrs. Jno. L. West and Mrs. W. H. Bethel.

Miss Julia Reid, head resident deaconess of Wesley House, San Antonio was the principal speaker for the Monday session. Highlights of Tuesday's session was a speech by Dr. B. C. Ling of the research department of Texas Tech college, who talked on the subject, "Chinese Women Help Build a New Earth."

Richard Parrish, son of Mr. and Mrs. Omer Parrish will probably be able to come home this week-end from a Lubbock hospital where he underwent an appendicitis operation Sunday, according to information from members of his family.

Mrs. Bill Shaduck and baby Diana of Brownfield visited last week in the home of Mr. and Mrs. Harold Berry.

Continuous Term 110th District Court New Law

Moving to speed up the wheels of justice in 110th district and in numerous other districts of the state a new law passed by the current legislature has made a continuous term of district court in Floyd, Motley, Dickens and Briscoe counties a reality.

Judge Alton B. Chapman said this week that under the provisions of the new statute the year would be divided into two term periods and that a grand jury chosen for a term would serve a period of six months, the new grand jury taking their place at the beginning of the second term of the year which would open immediately following the close of the first. Similarly the jury commission will choose four or five petit jury panels, any of which may be called up for service as needed within the six-month period.

This arrangement takes the place of three five-week terms per year in Floyd county and similarly of three terms per year in other three counties of the district.

Not only in criminal matters will the new law serve to aid the operation of the courts with more dispatch but also in civil matters the same is expected to be true. As an illustration, a suit filed under the new law can be tried within 20 days after it is filed.

Senior Class Hears Talk By Chap. Halsell

Honoring the senior class of 1943 of Floydada High school, the W. M. U. of the First Baptist church, assisted by other women of the church, were hosts at a banquet at the church Friday evening, April 2 at 8 o'clock.

The principal address for the evening was given by Chaplain A. C. Halsell from the Air base at Lubbock. Chaplain Halsell was heartily received as a speaker, using four points as his subject, "I Ought," "I Will," "I Can" and "I Have," using Bible quotations to illustrate each of the four points.

Chaplain Halsell was introduced by Mrs. R. S. Wilkinson, secretary to the pastor of the First Baptist church of Lubbock, who said Chaplain Halsell not only was doing his duty as chaplain at the Air base but was doing commendable work as a special speaker in the various churches of Lubbock and elsewhere when occasion arose.

Mrs. E. L. Norman presided as toastmaster; Grace was said by Rev. Gerald Nelson, assistant pastor of the First Baptist church of Lubbock; welcome address was given by Mrs. Norman; the response was given by Frances Keim; a medley of service songs was played by Miss Helen Mickey; a vocal solo, "The White Cliffs of Dover" was sung by Miss Gwen Flemings.

Mrs. I. W. Hicks of Lubbock, formerly of Floydada was also a guest of the banquet.

PVT. JAMES FRY GIBBS WILL ENTER ACTIVE SERVICE IN INFANTRY

James Fry Gibbs, a junior student at A. & M. college, was inducted in the U. S. infantry at Ft. Sam Houston, August 4, 1942. He signed an advanced contract and was permitted to return to the college to complete his year's work.

At the end of this semester he will be called to active duty and will enter officers training school. He is the son of Mrs. Ruby Gibbs of Lubbock and a nephew of Mrs. Jim Clonts of Floydada.

MRS. W. C. CATES ILL

Mrs. W. C. Cates underwent a major operation Friday at the Lubbock hospital and was critically ill during the week-end but was reported to be somewhat improved Wednesday.

BURNS RETURNS TO FLOYDADA FROM MERIDIAN, MISS.

Mr. and Mrs. Lee Burns returned this week from Meridian, Mississippi where they have been the past few years making their home. Mr. Burns has extensive real estate holdings in Floydada and returned here to give attention to his property.

Pvt. Raymond E. Lawson sends greeting to his friends in Floyd county from Camp Bowie. The message was received at the Hesperian office, sent in by his aunt Mrs. Floyd Ballard.

Mr. and Mrs. Floyd Lawson of Lubbock spent the week-end with Mr. and Mrs. Floyd Ballard and Mrs. W. L. Hallmark.

Bern Glover son of Garland Glover will leave Monday for Lubbock for induction into army service.

Homer Kennamer, Jr. who enlisted in the navy some months ago and began his training at San Diego, is now stationed at a naval base at Norfolk, Virginia, across the continent from his first station, his parents learned in a letter from their son this week.

Wheat As Feed Again Offered To Feeders

Texas livestock producers already have used feed wheat to alleviate the protein shortage. Again it is possible to obtain wheat for feeding purposes.

Announcement was received by the local AAA office Monday that feed wheat sales were again offered. The April price is \$1.04 per bushel. This rate is considerably higher than previous prices; however, the price is established on the basis of corn and fluctuates as the parity price of corn rises or falls.

Any producer interested in obtaining feed wheat should contact the AAA office.

School Board Re-Elects Teachers

Meeting in Annual session following the election of trustees, the school board of Floydada Independent School district were entertained with a dinner Tuesday evening at the high school building. Supt. Walter Travis and Mrs. Lindsey Graham, secretary, were also guests.

All of the teachers of the high school and ward school were re-elected. L. T. Bishop was elected president of the board; W. G. Collins vice-president and Cecil Hagood secretary.

The dinner was served by the Home Economics department, directed by Miss Margaret Doak, teacher.

Red Cross Workers Receive Notice Of New Caps

An order adopted by the National Red Cross was received this week by local Red Cross officials of a change of head covering for workers in surgical dressing rooms. The order came as a safety measure and designates "all heads must be covered by a veil of white material," and worn by supervisors, instructors as well as workers.

Directions for making the caps are white organdie or any other white material cut 27x22 inches. A one and one-half inch hem is put in one of the 27 inch sides. The other three sides are to have a one-inch hem.

A Red Cross is furnished by the chairman to be sewed in the center front of the caps. Mrs. S. W. Ross, chairman of surgical dressings said Wednesday.

"The work is going along nicely," Mrs. Ross stated and added that workers are always welcome and appreciated.

Mrs. W. M. Houghton returned Sunday from Dallas, where she visited her daughter, Mrs. A. A. Bishop and family. She was accompanied on the trip by her daughter-in-law, Mrs. W. E. Houghton of Amarillo. Mrs. Houghton spent Saturday in the home of her son, Dr. W. E. Houghton and Mrs. Houghton, before returning home.

Leeman and Glenn Norman, and Edward and James Wester, students of North Texas State college, Denton, spent the week-end with their parents, Mr. and Mrs. E. L. Norman and Mr. and Mrs. J. C. Wester, returning to college, Monday.

Mr. and Mrs. H. G. Parker and Mrs. F. C. Harmon left Sunday for Fort Worth and Dallas. The Parkers will attend business interests at Dallas, buying for the H. G. Parker Furniture company and Mrs. Harmon plans to visit in the home of her son Dr. F. C. Harmon at Fort Worth.

Mrs. Arthur Beedy returned home Monday from Fort Worth where she visited her husband who is a U. S. meat inspector.

Mr. and Mrs. J. M. Daniel and son Don visited Sunday at Silverton in the home of Mr. Daniel's parents, Mr. and Mrs. J. E. Daniel.

Mrs. Ersel Matthews of Lubbock spent Monday here with her parents, Mr. and Mrs. W. G. Collins.

FOOD FOR THOUGHT ABOUT FOOD

"From time to time I plan to make public the facts about the supply of food for civilians," says Secretary of Agriculture Wickard who is Food Administrator. "It is important that everyone think about the food situation of the Nation and his family in the light of these facts. I feel that the American people, if they know the facts, can be trusted to help manage their food wisely. Given the facts, they will proceed calmly and efficiently to make the adjustments in civilian use of food that are needed, so that American food can fight for us around the globe. The supply situation warrants neither complacency nor hysteria. I have told the American people repeatedly that there is going to be enough food for essential diets in this country, provided we manage our food supplies wisely. I repeat that statement. It is going to be necessary to adjust food buying and eating habits. We can proceed under the point rationing system with assurance that by careful management we shall all have all that we need to eat."

The 2nd War Loan Starts April 12

13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year *still* won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and

building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion *extra* dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your *own* sake—invest *all* you can!

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; ¾% Certificates of Indebtedness; 2% Treasury Bond of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G".

THEY GIVE THEIR LIVES . . . YOU LEND YOUR MONEY!

Three New Trustees Elected Saturday At Dougherty

DOUGHERTY, April 6. — In the trustee election here Saturday, Bill McNeill, Earl Foster and Oren Hatley were elected, taking the places of Orland Howard, F. M. Covington and Bill Webb. Holdovers on the board are Ott Glassmeyer, president, H. N. Powell, secretary-treasurer and Tate Jones and Bill M. Norman.

In Temple Hospital
Price Brownlow, in company with his parents, Mr. and Mrs. J. M. Brownlow and Willie Wisdom left Wednesday for Temple, Texas where Price will receive treatment at Scott-White hospital.

In a telephone conversation with relatives here Monday, Mrs. Brownlow stated that his condition was serious and it would be several days before he could complete clinical examination.

SELF-CENTERED CITIZEN SEEMS TO FORGET WE ARE IN DESTRUCTIVE WAR

To The Hesperian:

You really never know people until you have served on a Rationing Board for a spell. It takes all kinds to make up the world. In Floyd county you will find all types of American life with the better class predominating.

In Floyd county we have the patriotic American who will go his full length for his country and who is wholeheartedly in the Nation's war effort. Then, we have the self-centered type of citizen who forgets or seems to forget, that we are now engaged in the most dangerous and the most destructive war in our history. (Thank goodness this type is not great in numbers). This type of humanity places little or no value on the lives of our boys who are now fighting along the far-flung battlefields of the world to preserve our American way of life.

Actually, we have people living in Floyd county judging by their actions, who would rather have a "C" gas card sticker on the windshield of their car than to have a Red Cross emblem sticking there.

There is not a better place to be found anywhere to learn what a fellow is than the Rationing Board. When you wheedle, whine and argue and fail to convince the Rationing Board that you should be given more sugar, more coffee, more tires, more gas and more of other rationed items, have you ever thought of why these things are rationed?

You have a son, a brother, a husband, a father, or anyone else in the service? Had it ever occurred to you that brave boys and brave men are giving their lives on the battlefield for you and your country at the same time you are "cussing" the rationing board for trying to conserve the nation's resources to help these men and boys? Give this a thought.

The Rationing Boards of the country are working without pay and in most instances are trying to be considerate and consistent in all their activities. They hear the criticisms and the cussings that are meted out to them. Don't think they do not. But they have one satisfaction and that is the knowledge that those who are interested in the winning of the war, and those who respect and honor our boys in the service, are willing and gladly making any sacrifice that they are called upon to make if it helps in the war effort.

Only the foolish would contend that the rationing program is perfect. It is not perfect and it will never be so. All of us know that we have some men at the head of rationing who should be in another line of work. Too, we all know that we have men in the rationing program who are clear thinkers with horse sense and the good of our country at heart. Let's hope that we have enough of the latter class to hold our equilibrium. It is not by any means impossible that the rationing program could be the difference between winning and losing the war.

With all the faults we have enumerated in this article it is refreshing to know that the vast majority of Floyd county citizens are cooperating in the war effort 100%—in every phase of it.

Remember this: The time is very likely to come and soon, when an undeserved and unnecessary "C" gas card on your windshield will have about the same meaning as a streak of yellow paint on your front gate post.

W. Edd Brown, Chairman Floyd County Rationing Board.

Rastus: "Say, Sambo, what time in yo' life does yo' think yo' was scared de worst?"

Sambo: "Once when Ah wuz callin' on a henhouse an' de farmer come in an' ketched me. Boy wuz Ah scared."

Rastus: "How am yo' suah dat was de worstest yo' evah bin scared?"

Sambo: "Cause de farmer grab me by de shoulder an' he say, 'White boy, what yo' doin' in here?'"

Traffic Cop: "Use your noodle, lady! Use your noodle!"

Lady: "My goodness, where is the noodle? I've pushed and pulled everything in the car."

Wife: "Do you think the mountain air will disagree with me?"

Hubby: "I doubt if it would dare, my dear."

Services Will

Honor Soldiers

(R. N. Power, pastor)
Special services will be held at the 11 o'clock hour Sunday, honoring our boys in service. If there ever was a time God's people should pray, that time is now, when our boys are shedding their blood that we might be free. They are dying for us. And if they are willing to die for us, God's people ought to be ashamed of themselves not to give their best on the home front and in the army of the Lord.

Our evening services have been changed as follows:
Young people's meeting starts at 8 p. m.
Preaching 8:30 p. m.
Mid-week services Wednesday 8:30 p. m.

Few Delinquents In Car Licenses Records Show

Total figures of 2,555 sets of car license plates were sold by Tax Assessor-Collector Geo. B. Marshall during the month of March. Although possibly 300 less cars than last year have been registered, a few are still coming in, cases where application for title has not been received, Marshall said.

Pvt. Beck Writes He Is Saving For The Future

Mr. and Mrs. A. O. Beck recently received the following letter from their son, Pvt. Edward Oran Beck: Over Here, Somewhere, March 12, 1943.

Dear Folks: Everything is still O. K. over here on this end of the line. I'm feeling fine and enjoying life very much. Have been out practicing football with some fellows. Have you been getting my letters? I received another letter from you today. Yes I have been getting your letters. I am still gaining. I wish Herschell had joined the Marines instead of the Army but every man to his own taste.

I am working in the company office now. Just started today, hope to keep working here. I received a letter from Sergeant Good of Lubbock. He sure wishes he was out of the recruiting business.

I was talking to our first sergeant today and you can tell Mrs. Rutledge that he saw and knew Lieut. Rutledge before he had his crash. I thought it was quite a coincidence. Tell Granny not to worry about me and that goes for you too. I know you will worry some, you wouldn't be parents if you didn't but I'm O. K.

Mom, I made out an allotment of \$25.00 today. However, it will not go into effect until May or June. You can put it in postal savings or the bank for me. If I don't put some money back now, I won't have any when this is all over.

Be sure and keep writing your letters V-Mail because the one to-day was dated February 20th. That is plenty good service, if you ask me. Give my regards to everybody, tell my friends to write to me. Keep those letters coming.

DICK FENNER ACCEPTS DEFENSE WORK HAULING GAS TO ARMY FIELDS

Mr. and Mrs. Dick Fenner and little daughter left Thursday for Canyon where they will make their home. Mr. Fenner has recently accepted employment in defense work, hauling gasoline.

The route serviced by Mr. Fenner will be from Borger to Clovis and Hobbs, New Mexico and to Fort Worth. The gasoline will go to furnish the army flying fields.

Mr. Fenner has, for the past year, been associated with his father-in-law, C. P. Looper in the market department at Looper Grocery.

RETURNS FROM FIVE WEEKS VISIT AT ATHENS, GA.

Mrs. R. E. Fry returned home Friday from Athens, Georgia, where he spent five weeks with her daughter, Mrs. J. Holt Waldrep, and Ensign Waldrep.

Mrs. Fry made the trip to Georgia with her daughter, Mrs. Hugh D. McCullough and little son, Bob, who went on to Newark, New Jersey, to make their home and to join Mr. McCullough who is in F. B. I. service.

DONATHAN INFANT BURIED SUNDAY AT PLAINVIEW

Funeral services for Winfred Dell Donathan, three months' old son of Pvt. and Mrs. J. Radell Donathan, were held Sunday afternoon at 2 o'clock at the First Baptist church of Plainview. Burial was made in the Plainview cemetery.

The baby died Thursday night at 9 o'clock in an Amarillo hospital after a short illness. He was born at Amarillo, December 18, 1942.

Survivors include the parents and grandparents, Mr. and Mrs. F. P. Donathan, of Amarillo, former residents of Floydada, and Mr. and Mrs. H. C. Evans of Plainview.

BREAKS AN ARM

Richard Bradley Boyd, oldest son of Mr. and Mrs. Tom Boyd of Plainview, former residents of Floydada, is recuperating from a broken arm, sustained recently when he fell from a tractor at the Boyd farm near Plainview.

Mrs. W. H. Alexander had as her guests on Friday two of her granddaughters, and their children, who have been in Plainview visiting their parents. Mr. and Mrs. Earl Alexander, they were Mrs. Hughes Jackson and son Billy Hughes, Jr., of Dayton, Ohio and Mrs. Jimmie Jermain and daughter Judy, who left Tuesday for Corsicana, to join her husband who is stationed there as an instructor in the Army Air corps.

Mrs. W. H. Alexander had as her guests Sunday her son Randall Alexander, Mrs. Alexander and their three children Billy Randall, Robert Earl and Carroll, and her daughter, Mrs. Agnes Nugent all of Levelland. Mrs. Nugent is a teacher in the Levelland schools.

Billy Rhodes of Fort Worth spent Thursday and Friday here with his grandmother, Mrs. W. H. Alexander, before going to Dallas, Saturday where he reported for Army service.

MRS. DANIELS VISITS PARENTS WHILE ENROUTE TO NEW ORLEANS, LA.

Following a week-end visit here with her parents, Mr. and Mrs. C. B. Carmack, Mrs. Charles E. Daniels, the former Cageline Carmack, left Monday morning for New Orleans, Louisiana, where she will join her husband, Pvt. Daniels, who is stationed there with the Army Air corps.

Mrs. Daniels has been employed with Western Union at Amarillo and was given a transfer by the company to New Orleans, where she could be with her husband and continue her work. The couple was married in Amarillo, March 7.

SIMPSON'S HERE LAST WEEK GUESTS OF C. P. LOOPERS

Mr. and Mrs. Floyd Simpson visited in the home of Mrs. Simpson's parents, Mr. and Mrs. C. P. Looper this week. They were enroute to their new home at San Antonio where Mr. Simpson is instructor in the army air corps.

Mr. and Mrs. Simpson formerly made their home at Hobbs, New Mexico. Mrs. Simpson and sons came Sunday and left Thursday to accompany Mr. Simpson to their new home.

Mr. and Mrs. Fred Simpson of Roaring Springs, were guests one day last week in the home of their daughter, Mrs. Arthur Cooper and family.

Mrs. John Howard and sons of Amarillo, visited Wednesday and Thursday last with her parents, Mr. and Mrs. Emory of McCoy and also her parents-in-law, Mr. and Mrs. J. W. Howard of Floydada.

Jack Cooper returned last Thursday from a week's visit with his son and family, Mr. and Mrs. Lester Cooper and sons, of Smyrna, Tennessee.

Johnstons Receive Letters From Sons In U. S. Service

Last week Mr. and Mrs. O. H. Johnston received a letter from each of their sons in the service, one from James Truett in the Tech school squadron at Atlantic City, New Jersey, the other from Otho, somewhere overseas.

The one from James Truett reads: Dear Mom and Dad: March 22, 1943.

Well it has been so long since I wrote you I hardly know how to start off. How is everything coming along in old Floydada? Yes I got the Hesperian all right. Thanks a lot, I appreciate it. I also got the pictures you sent me they were just the ones I wanted, thanks for that too.

Listen I have some good news. I got promoted today to a private first class. That means a four dollar increase in pay and I also get to wear one stripe on my arm. Ha! The next step I will advance to a corporal and get twelve more dollars a month. Then I will really be going won't I? I also got a letter from Shirock and he was promoted too, but I don't guess Bill was because he hasn't said anything about it yet and I got a letter from him every week.

Johnnie said the wind was really blowing down there in Texas now. Is it blowing much there in Floydada? I guess I am lucky in a way that I don't have to take all of that wind. But I would sure like to be down there and eat a little of it for a while. Ha! and I am not homesick either, MUCH.

I got a letter from a friend of mine that enlisted in San Diego the same time that I did and he also came to Atlantic City with me and

he is now in North Africa. He said he liked it fine and he was really seeing the sights. Gosh I wish I was with him. If I am going to be in this army I'll be darned if I wouldn't like to do a little fighting. What is the use of joining up and never doing anything? And it looks very much like I am here for the duration.

I don't guess there are any of my old friends left there in Floydada by now, are they? I would sure like to see some of them. No I never did get to see George Fry. I wrote him a card and he never did answer it so I guess he has shipped. If he hasn't I may hear from him at any time. Do you ever see Mrs. Martin. Is L. B. still in New Mexico? I have been threatening to write him but you know how it is.

I am sorry to hear that Courtney is in bad health. I sure hope he gets better. I guess maybe he will, won't he? I am glad to hear that sis is going so good at her job. Tell her that is the old spirit to keep it up.

Well I can't think of much more news to tell you so I will sign off until next time and then I will write more.

Otho's letter, written from somewhere over seas is as follows: March 18, 1943.

Dearest Mother and Dad:

Received your letter also Victory Mail. Was very glad to receive both. However I can get plenty of stationery now. I am just about ready to go on my furlough. There is a lot of pretty places here to go and I decided I would go because there is no telling when I will get another chance. I am going to town today to make reservations for my trip.

Had a letter from Aunt Jewel and one from Aunt Hattie. Tell them hello for me and that I was glad to hear from them. I hope you are receiving my letters by now. We have not started training for our next campaign yet, don't know when it will be. We have only been playing football, baseball and one thing and another since we returned here about three weeks ago. I will close now and can't write again until after my furlough.

Mr. and Mrs. Gaines Davis had as their guests over the week-end Mr. and Mrs. Glenn D. Chase and children of Plainview. Mr. Chase is purchasing agent of the Southwestern Public Service company. While here they were also entertained in the home of Mr. and Mrs. Marvin Shurbet.

Mrs. D. G. Hatley and sons, Billy and Spencer, visited in Lubbock Sunday with her sister, Mrs. H. C. Stanley and family.

Can You Apply the Following To Yourself?

My town is the place where my home is founded; where my business is located; where my vote is cast; where my child is educated; where my neighbors dwell; and where my life is lived.

My town has the right to my civic loyalty. It supports me; I support it in every possible way.

My town wants my citizenship, not just my partnership; friendliness, not offishness; co-operation, not dissension; sympathy, not carping criticism; my intelligent support, not indifference.

My town supplies me with law and order, a means of providing for my family. I will work for it and support it with the rights and privileges of a free-born American citizen.

I should, and do, believe in my home town and in its institutions; and I will stay with it, work for it and support it on all occasions.

Ignition key in your pocket—ACID locked in your engine

YOU CAN'T "pull the cork" to clear out every cylinder after pocketing that key. A chemical mixture always lingers on inside. The corner druggist—with no axe to grind—would tell you that the cylinders hold the acid products of combustion...the makings of corrosion.

Heretofore you didn't have all that worry, when the worst acid was chased out again and again, by repeated driving and continued speed that heated the engine thoroughly. Now however, when you are counting every coupon, how long will it be till you next use your car and drive it far enough to make the engine stay real warm? Meanwhile, with acid in your one and only engine, as it stands for long stretches, you'd better take the precaution of having its insides OIL-PLATED by changing to Conoco Nth motor oil this Spring.

OIL-PLATING is really a close cousin of platings you see every day retarding corrosion. Corroded metal is "rotting," and that's what Conoco Nth oil helps to prevent, by making OIL-PLATING come between acids and inner engine surfaces.

Conoco Nth—at a popular price—includes the costly synthetic that's able to insert OIL-PLATING in your engine. Unlike mere liquid lubrication, ready to drain back down to the crankcase promptly, OIL-PLATING tends to stay at its topmost point in your inactive engine, keeping up strong interference against acid attack on costly inner parts that can't always be replaced these days. The simple key to OIL-PLATING is Conoco Nth oil for your needed Spring change—at Your Mileage Merchant's Conoco station today. Continental Oil Company

this year because of the restrictions or unavailability of consumer goods. This may amount to as much as \$40 billion this year.

"It should be the objective of every American to invest these 'loose' billions in Government securities. Now, during this Second War Loan, is the time to invest liquid funds from both current income and from past accumulations in your Government. This Second War Loan makes available to you a type of security for every pocketbook."

It Has, It Can, Happen
"This is not only a patriotic duty, but a duty to yourself as well. Every dollar which you have available now and do not invest in Government securities is a 'wild' dollar which may, together with its billions of brothers, turn into a Frankenstein which will raise your cost of living to the point where your dollar will be worth no more than the paper it is written on. In short, this loose money is likely

to be the cause of a wild inflation that will sweep away your savings and send the price of a loaf of bread beyond what you now make in a year. It can't happen? It did in Germany! And that could happen here.

"So let's not quibble about it. Let's not shilly-shally and debate. Let's dig down into our pockets; let's root those dollars out of the dark today and invest them in this Second War Loan. Remember those boys out there. They give their lives—you lend your money."

Hog Shipments—

(Continued from page 1)

2,100 ten months old lambs that were shipped the middle of March. They were loaded at Dougherty by F. M. Dougherty shipper from feed lots on his ranch.

The increase in shipments from the county are in keeping with the production goals set by the government to feed the nation and her allies.

Big Hog Receipts Here

To illustrate how big the movement of hogs market-ward is in the plains area, figures for the Armstrong buying station here operated for the Lubbock Hog and Cattle company by Sam Moore, buyer, show that approximately a quarter million dollars worth of swine have been weighed over the scales here and paid for to growers of this section since January 1.

Since the first of the year and into the first three days of April Moore had bought and shipped out 7,157 head of hogs. For them he paid \$220,826.99, their live weight representing 1,580,395 pounds.

The swine leave principally by way of the Santa Fe to California, Kansas City, Fort Worth and Lubbock, Moore said.

The mechanics of handling this large volume of hog business is interesting. W. A. Shaw has hauled most of the swine the distance of 1½ miles from the pens to the ship-

ping yards and has had to load two cars in half a day a number of times. With equipment arranged to fit loading and unloading chutes the job is a fast one, however. Shaw said this week he had made a round trip number of times in 30 minutes, including loading and unloading.

The Starkey Sunday school was reorganized Sunday with Elmer Warren as superintendent. There was a large attendance last Sunday and the superintendent has extended an invitation for everyone to return Sunday and bring someone with them.

PREACHING AT DOUGHERTY ANNOUNCED FOR SUNDAY

There will be preaching services at Dougherty M. E. church Sunday at 11:30, according to an announcement made this week by the pastor, Rev. C. A. Hartley.

CONDITION UNIMPROVED

G. W. deCordova, who recently underwent a major operation in a Lubbock hospital, is still in very ill health, according to his son, J. R. who was in Floydada Tuesday. Although his father is not in a hospital he has remained in Lubbock since his operation under the constant care of a physician, the son said.

CARD OF THANKS

We wish to thank our friends and neighbors for their many acts of kindness and thoughtfulness during the illness and death of our mother, Mrs. W. I. Norman; also for the beautiful floral offering.

The Norman children.

Mrs. Ohmer W. Kirk returned Wednesday morning from a twelve day trip to Galveston, Houston, Ft. Worth and Austin. At Houston she visited her son, Truman Kirk, and wife and baby and Mr. and Mrs. George W. Grounds and friends at Galveston.

Mrs. R. V. Jones of Weatherford, came recently to spend several weeks with her daughter, Mrs. H. G. Barber and family.
