Odd Bits Salvaged
At Random

(By Aaron Edgar)

What form of recreation will your children have during the summer months—the school vacation period?

There's been a little agitation among students and others for a youth center in Munday. We don't know just what all this embodies—the forms of activities, etc.

The American Legion, through its commander, Kirby Fitzgerald, has come up with an idea that might be worked out with the proper backing.

The Legion has some "surplus property", just like the war department, or something.

This surplus property is in the form of land, more land than is covered by the Legion hall, and this has been offered to the youth.

Kirby says that the school, any church, club or civic organization that wants to back the idea is plumb welcome to the lots adjoining the Legion hall. They can be converted into tennis courts or anything else that's wanted to furnish recreation and activities for our youth.

The Legion would back it, he says, but they've bit off enough to make them "lots of chewing" for some time to come, in paying for the Legion property. So if someone else wants it for a youth recreation center, there it is.

Activities of a portion of the boys of certain age will be taken care of this summer through the American Legion's youth softball team. But there are others who want recreation, too.

We're not backing it, especially. We're just passing the news along that the lots are there and are offered by Legion members for this purpose. A right noble gesture on their part, whether we take advantage of it or not.

Well, our paving is taking on form rather rapidly. And it looks like we're going to be able to "pull out" one of our six-point needs for Munday that we're carrying over on the "ed" page.

We've done without paving for so long that it looks like the curb and gutter crew is getting along rather slowly. But once the curb and gutters are in, the job of paving in between is rather "small pickings", as we understand it.

Those curbs are going right on down, too. Harvey Lee, city secretary, was in the office the latter part of last week and offered the information that better than a mile of curbs have been laid—around 6,000 feet, to be exact.

When the paving job is finally completed, we'll likely forget about the spring winds and the dust the trucks and other paving activities have stirred up.

We don't mind a little immediate discomfort of dust being stirred up, though, when we think of that "long-range comfort of being able to go somewhere in Munday on paved streets."

We understand some of the streets are going to be "gappy". Those non-paved gaps will be along property of "homesteaders" who feel like the cost is prohibitive, as compared to their means.

But guess we ought to have a few of our good-sized mudholes left, as a souvenir of those "good old days" when we didn't have paving to ride on.

Then there's the drainage. While we're just rambling this week, we might as well do a little rambling along the drainage line.

And the hearing on creation of the drainage district comes up before the Commissioners Court on Wednesday, April 28. We get it that there's quite a bit of opposition to the idea, and this will probably be registered good and strong at the hearing.

Some have tried to figure the cost. We admit we can't figure a million dollars, so we take the other fellow's word for it.

Figured out on a napkin at the
(Continued on page Two)

Rex E. Sullivan Announces For Representative

Rex E. Sullivan, Jr., of Quanah this week has authorized the announcement of his candidacy for election to the office of State Representative from this district, which includes Hardeman, Foard, Knox and King Counties, subject to the action of the Democratic primaries in July. He is now attending Law School in the State University at Austin; and will return home at the end of the Spring term to actively campaign for the office.

Sullivan was born at Quanah twenty-four years ago; was graduated from Quanah high school. He was attending Tech College at Lubbock before he entered the military service for a three-year tour of duty. He was with the U. S. Navy in the Pacific theatre during World War II; entered the University after receiving an honorable discharge in 1946.

In discussing his candidacy, Sullivan said, in part: "If elected to this office, I shall not try to be a reformer, except I shall try to help abolish unnecessary bureaus and departments of the state government; and shall try to cut expenses, and affect economies in every way possible. I shall favor all reasonable measures to better handle flood control, soil conservation and a proper marshaling of our natural resources. To the extent that our legislature can act

Blue Cross Begins Drive For Members

Representatives from the Dallas office of the Blue Cross Hospital Service arrived in Knox county this week and are working with community chairmen in the drive for membership in this county.

As was explained last week, the Blue Cross hospitalization plan has the unqualified endorsement of the American Association and the American Hospital Association.

Enrollment dates for Knox county are from April 21 through May 1, and representatives will be glad to explain full benefits of this hospitalization plan.

If you are in good health and are a resident of Knox county, you are eligible to join the Blue Cross Plan:

1. Either through a group—If employed where five or more are employed, ask your employer to arrange for the enrollment of the entire group.

2. Or as an individual—If self-employed or employed where there are less than five employees and under 65 years of age, visit Blue Cross headquarters and enroll there.

Enrollment headquarters for various communities are listed in a page ad in this issue. Headquarters for enrollment for the Munday area are at the J. C. Harpham insurance office.

Grayford Campbell Makes Outstanding Record At Masonic Home And School

A former resident of Munday, Grayford Campbell, who is now a senior student in the Masonic Home high school in Fort Worth, has distinguished himself recently in the following manner:

In a recent district 12-A tract and field meet, Campbell set two new district records. He tossed the discus 124 feet and two inches to break the old record of 120 feet. He also pole vaulted 10 feet and 10 inches to break the old record of 10 feet and five inches.

Campbell has distinguished himself in other sports this year by being quarterback on the Mighty Mite football team, where he did the passing and punting. He was the highest scorer on the Masons' basketball team, and in January he won the regional Golden Gloves boxing championship in his weight (high school division) by knocking out two opponents.

Grayford will pitch for the Masonic Home high school baseball team after he has finished his activities in track.

Despite all of this time devoted to hanging up athletic records, Campbell has found time on the campus to be one of the main contributors to the "Campus News".

REX E. SULLIVAN

County Gets Quota In New Bond Drive

A quota of \$96,000 has been set for Knox County in the Security Loan campaign, April 15 through June 30, Mr. W. E. Braly, County Savings Bonds chairman, announced today after receiving the figure from the U. S. Treasury Department.

"This is the highest quota we have received since the war," Mr. Braly said, "but the threat that today's peacetime inflation offers to our personal and national economic security makes it vital that we achieve the objective. I have no doubt that this county can and will meet the quota."

He said that rapid progress was being made toward completion of the volunteer organization that will carry out the Savings Bonds solicitation in the county, but urged that individuals, clubs and organizations offer their services in the campaign.

"The United States cannot be strong unless we have a strong national economy," he said. "If the individual citizens of this and every county in the nation provide for their own financial security, follows that the nation is strong economically. Widespread ownership of Savings Bonds by the people fights inflation, provides a guard against possible depression and allows for the sound management of our national debt. Money received from the sale of Savings Bonds is used to retire inflationary short-term government obligations which are held by banks and large corporations."

POLITICAL RALLY AND PIE SUPPER

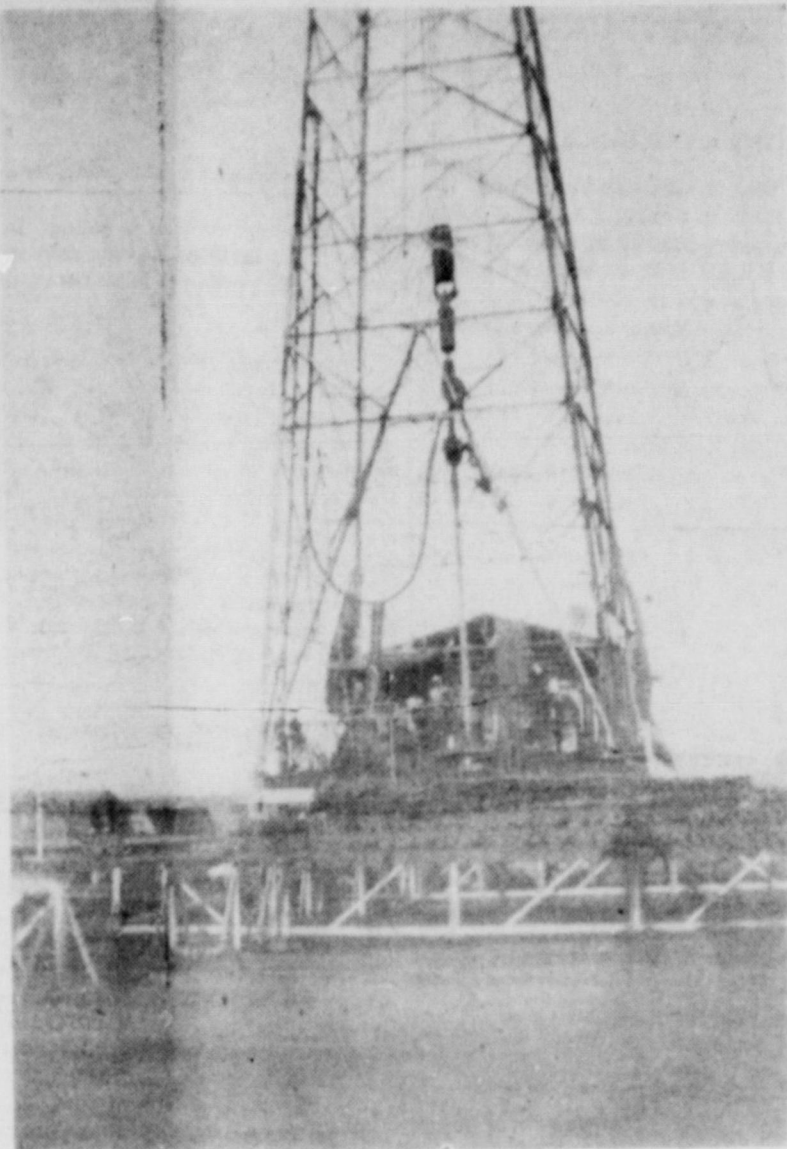

The Methodist church of Vera will sponsor a political rally and pie supper at the Vera high school gymnasium on Friday night April 30.

Everyone is cordially invited to come and join in the fun. All candidates are invited, and they will be given an opportunity to speak.

IN SPRING MEETING

Minister D. L. Ashley is in Haskell this week, where he is doing the preaching in a spring gospel meeting at the Haskell Church of Christ.

She Drilled Smith Discovery Well

You Double Park; You Pay Fine!

Double parking in front of the Munday post office has long created a traffic hazard, since that street is also Highway No. 277.

Notice has been issued by city officials this week that double parking on the "post office block" must be stopped. This will become effective on May 1st, at which time arrests will be made and fines assessed against those who double park.

Highway patrolmen have warned that if the practice of double parking is not stopped by the city, they will take measures to stop it.

You double park; you pay fine! Best idea is to stop the practice, now!

Knox County Buys Road Machinery

Knox County has purchased considerable road grading machinery during recent months, according to Wm. Griffith, county judge.

"We have the graders and the gravel loading machinery and will begin a general program of improving gravel roads, especially near schools and where rural mail carriers travel," he said.

This work is expected to be done in all precincts of Knox county.

American Legion To Meet Tuesday

Weldon Herring, adjutant, announced Tuesday that the regular meeting of Lowry Post 44 of American Legion will be held next Tuesday night at the Legion hall.

Business of importance will be discussed at this time, and all members are urged to be present. Ex-service men are cordially invited to the meeting.

Mr. and Mrs. J. F. Simpson and Mr. Otis Simpson left last Monday for Chandler, Arizona. Mr. and Mrs. Simpson will remain for an extended visit with relatives and Otis Simpson will return the latter part of this week. In the return of their trip, Mr. and Mrs. J. F. Simpson will be accompanied by a son, G. S. Simpson.

Weather Report

Weather report for the period April 15th through 15th inclusive as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature		
	LOW	HIGH

April 17	60 35	91 70	
April 18	65 46	93 87	
April 19	65 60	91 78	
April 20	65 40	87 77	
April 21	63 53	87 87	
Rainfall to date this year, .291 inches. Rainfall to this date last year, 4.39 inches.			

Drilling Goes On At Marie Baker Wildcat; Smith Well Swabs More Oil

4-H Boys Get New Variety Of Milo Maize

4-H members of Knox County received milo maize seed of the 7078 variety. This is a new type of milo maize, and will be tested by the boys to determine the value here, as compared with the other recognized grain sorghums.

This practice, of testing new varieties, has been carried on for several years by the boys as new grain sorghums are produced by breeders.

In this manner Plainsman, Caprock, Early Hegari, Bonita, Martins and Midland have been grown by the 4-H clubbers so that farmers could observe the growth, habit and yield.

Last year four pounds of this seed was given to Frank Cerveny, Certified Seed Grower for Knox County, and he produced 1600 lbs. from this amount. From this multiplication the boys will be able to conduct several tests.

Mrs. Williams To Present Pupils In Recital Friday

Mrs. Al C. Williams, teacher of piano, will present her pupils in a recital on Friday evening at 8 o'clock at the school auditorium. The public is cordially invited to attend.

In addition to the piano pupils, the high school chorus will appear in two numbers. Students who will appear in the recital are:

Dianna Gaither, Carolyn Hobert, Kathleen Michel, Betty Jo McNeil, Don Roberts, Don and James Davis, Jane Nichols, Paula Conwell, Patricia Putnam, Diane Hobert, James David Gaither, Clutle Swope, Joyce Michel, Carolyn Wallace, Gail Williams, Adrienne Strickland, Betty Blacklock, Shirley Roberts, Shirley Hill, Hattie Ann Phillips, and Barbara Merchant.

Teachers Of Knox County Will Meet Here On Tuesday

It was announced this week that the Knox County Teachers Association will meet on Tuesday, April 27, at 8 p. m. A banquet will be held in the Munday school lunch room. Tickets may be secured from Mrs. J. H. Bardwell at 50 cents each.

Judge L. M. Williams of Benjamin will be speaker for the evening. Since this is the last meeting for the school term, officers will be elected for the coming year.

BIRTH ANNOUNCEMENT

A son was born to Mr. and Mrs. James Bohanon of Benjamin last Thursday, April 15, at the Knox County hospital. The latest report is that the mother and little son are doing nicely.

Leaders In Local Gospel Meeting

ROY DEAVER

BOBBY SIMPSON

Pictured above are Minister Roy Deaver of Haskell, who will do the evangelistic preaching; and Bobby Simpson of Munday, who will lead the song service in the spring gospel meeting which opens at the Church of Christ in Munday on Sunday, April 25. Services will be held twice daily, at 4 p. m. and at 7:45 p. m. This is the first spring meeting

to be sponsored by the local congregation, and much interest is being shown in the coming services. In extending an invitation for everyone to attend, Minister D. L. Ashley said: "Make your plans now to attend every service, and ask your friends to plan for it, too. We extend you all a cordial welcome."

Failure At Truscott

Thomas D. Humphrey, Dallas, has staked a wildcat in northwestern Throckmorton County which, if a producing well, could force drilling in the near future on a portion of the Swenson Ranch, lease on which is held jointly by Cities Service Oil Company and Sinclair Prairie Oil Company. The lease of the two companies covers approximately 105,000 acres, more than three-fourths of which is in northwestern Throckmorton.

Humphrey staked No. 1 Marie Baker, 990 feet from north and 1,990 feet from west line of the Thomas Pew survey, approximately half a mile east of the Haskell County line. The location is 12 miles east of Weinert, 10 miles northeast of the Humphrey-Chapman pool in Haskell and 8,000 feet southeast of the Mohawk Drilling Company No. 1 Baker, a 5,512-foot failure completed in January 1946. With elevation of 1,389 feet, the Mohawk wildcat topped the Caddo at 5,000 feet, chert at 5,120 feet, and the Mississippi lime at 5,405 feet.

Warren Oil Corporation holds a large block north of the Mohawk wildcat.—Fort Worth Star-Telegram.

Unofficial reports early this week were that drilling had passed the 2,000-foot mark and was going forward.

Smith Well Shows Oil

Following cementing last week to shut off water, the British American A. A. Smith No. 1 well started swabbing oil early this week.

Perforation was completed and the swab started Tuesday morning, and reports coming from the location Tuesday night were that lots of oil was being swabbed. The well had been plugged back to the depth where oil blew over the derrick in drilling operations.

Strength of the Smith well may not be determined for several days, yet.

Truscott Well Abandoned

According to a story in Wednesday's Wichita Record-News, the W. J. and J. J. Moran, No. 1 Doris (Mulkey, in section 151, block 14, H & T CRR survey, a wildcat three miles southwest of Truscott, underwent a one hour drill stem test of a Mississippian zone from 5335-43 feet with a discovery of 18 feet of drilling mud with trace of oil. Survey was run and the hole abandoned as a dry hole at 6343 feet. Top of Mississippian formation was encountered at 6236 feet.

A. A. Group To Sponsor Talk On Alcoholism Apr. 30

On Friday evening, April 30, at eight o'clock, the local A. A. group is sponsoring an educational lecture on "Alcoholism, The Illness and Methods of Rehabilitation." This lecture will be given at the Munday school auditorium.

This talk will be made by the assistant to the director of the National Committee for education on alcoholism.

The public is urged to attend and learn some interesting facts on the nation's fourth largest public health problem.

Gwendolyn Groves Attends Convention

Miss Gwendolyn Groves, who is employed at the Wichita Falls general hospital, has returned from Galveston where she attended a three-day session of the 40th annual convention of Texas Graduate Nurse's Association.

Miss Groves represented the 11th district of the association, which includes Hardeman, Wilbarger, Wichita, Clay, Archer, Young, Foard, Baylor, Knox, Haskell, Throckmorton and Jack counties. Approximately 350 nurses throughout Texas were present.

Miss Groves is the daughter of Mrs. D. M. Groves of Munday.

TO FEDERATION MEET

Mrs. J. C. Borden, Mrs. J. B. Stevens, Mrs. A. A. Smith, Jr., Mrs. H. P. Jungman, Mrs. Chan Hughes and Mrs. Fred Broach, Jr., attended the district meeting of Texas Federation of Women's Clubs in Breckenridge last week.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yes, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

SHOWDOWN

During the war and since, John L. Lewis and his union have made monkeys out of all of us. Time and time again they have crippled production in our country. Their latest act demonstrates their complete disregard for the welfare of the people and the prestige of the government in a time of World crisis.

The report of the President's fact finding board on the coal dispute shows the UMWA is a monopoly. Commenting on it, John D. Battle of the National Coal Association said: "The board places blame for the coal mine strike on John L. Lewis."

"The country is confronted with one man exercising dictatorial powers over a commodity that is vital to the welfare of all the people. The performance of Lewis in recent weeks should clearly prove to the people that labor unions do not deserve exemptions from the antitrust laws where a labor monopoly is so injurious to the public interest."

"For years all forms of business monopoly have been prohibited by law and properly so. The country is now faced with a monopolistic union that supersedes any form of business monopoly ever known."

"Lewis has been arrogant and wholly unresponsive to every approach made by the coal mine owners' representatives for a resumption of operation. The orderly processes of government as provided by law have been sneered at by Lewis. The efforts of the United States Conciliation Service to get the mines back in operation were delayed and rendered ineffective by the same tactics of ridicule and evasion used by Lewis against the coal mine owners. The President's fact finding board was impeded in its work and its findings delayed as Lewis had to be

THE FIGHT CONTINUES

It seems clear that retail merchandising has just about gone the limit in paring its profit margin in order to reduce prices, or to prevent or minimize price increases. All kinds of stores have voluntarily reduced their mark-ups in the last year. In many cases, the margin between an overall profit and loss is very thin.

This does not mean that retailing will in any way relax its fight against inflation. It won't. But it does illustrate the fact that your storekeeper, whether he has a big organization or a small one, is severely restricted in his ability to do anything about retail prices. He must pay the going wholesale prices—and he must pay the going scale of wages, rents, taxes and everything else.

What the retailer can do is to avoid stocking over-priced goods, work with manufacturers in producing goods of given qualities at the lowest cost, and operate on as small a unit profit as business safety and survival permit. Progressive stores in every community are doing all this. And the result, whether we know it or not, have been to save consumers enormous sums of money.

Consumer resentment against retailing makes no sense—as the Congressional investigation of the price situation which was carried on last winter proved. The Congressmen participating were tremendously impressed by the fact that not a single instance of retail profiteering was produced. To the contrary, all the evidence indicated that retailing has been one of the most aggressive and effective forces fighting on the consumer's side.

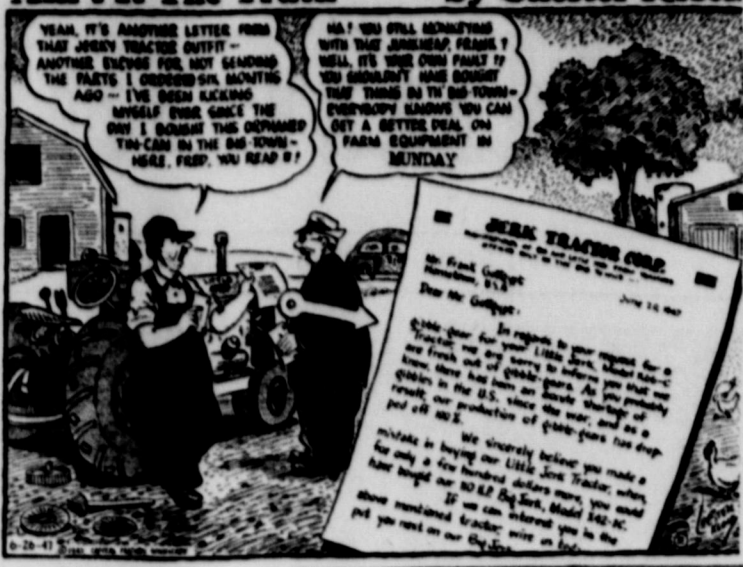

forced by a Federal court to submit testimony. Lewis has delayed real consideration of any alleged grievance arising under the contract and has completely ignored provisions of the contract providing for handling disputes."

Steps must be taken to prevent any man or any organization from exercising monopolistic control over the American economy.
In every day's delivery of mail, there are more "opportunities" to save money . . . than checks to deposit in the bank account.

You never see a person swallow a mouthful of milk, make a face, choke, cough and explain: "Boy, that was good!"

People who live in glass houses might as well answer the door bell.

Ain't It The Truth by Chester Kleeck

the ditch open—that's going to be dug out towards Lake Creek—after these whopper sandstorms, etc.

A good citizen told us Monday he'd like to see the streets of Munday covered with water right now—and we hope you've had a rain before you've read this far, if you're still reading.

We've ordered a rain! We ordered one when the first gripe was registered some weeks ago. We think they got our address mixed up and sent it up in the Ohio river valley region.

Texas Is Showing Appreciation For "Lady Of Liberty"

Dallas—Schools, churches, civic clubs and organizations are expressing their appreciation to France for the "Statue of Liberty," during the week April 11-18. The week has been proclaimed "Appreciation Week" by Governor Beauford Jester.

The State Department of Education of which Nell Farmley is musical director has selected a playlet "The Story of the Lady of Liberty," as the most effective means of celebrating the event. The playlet was written by Vernelle Stinson, coordinator of elementary music in the Highland Park Schools of Dallas. The musical theme for the playlet is a song written by John W. Miller and Paul Welbaum of Dallas, titled "Lady of Liberty." Miss Farmley has mailed copies of the playlet and the song to 1750 Texas schools, together with the Governors' proclamation.

The song was featured on Bedloe's Island at the foot of the Statue of Liberty on her 60th birthday. Mr. Miller has a letter of thanks from General De Gaulle

for a recording of the song sent him.

It has been more than sixty years since the people of France raised funds with which to purchase the Statue of Liberty and present it to the people of the United States in appreciation of their efforts for freedom of all peoples.

Mr. and Mrs. George L. Conwell and daughter, Paula Ann, were in Wichita Falls on Wednesday of last week to attend the wedding of Miss Caroline Ramey and Mr. Mitchell Nicol at the First Christian church. They also attended the reception which was held at 1922 Speedway at 8 p. m.

Henry Atkinson of Haskell, Leonard Hannah, M. F. Billingsley, J. L. Stodghill and R. D. Atkinson returned the middle of this week from their annual fishing trip to Fort McKavett, near Manard, Texas.

Wichita Valley Conductor Has Ridden 2 Million Miles in 39 Years

Conductor J. L. Bonds of the "Doodle-bug" run on the Wichita Valley railroad between Abilene and Wichita Falls has ridden an estimated 2,135,750 miles during the last 39 to 40 years that he has been giving "high-balls" to engineers and punching pasteboards for passengers.

On the sleeve of his coat are three gold bars—each for 10 years of service—and an added star that will soon grow into another bar.

Bonds has been railroading through Munday for about 30 years. He is now around 70 years old.

When he first "ran" on the Wichita Valley two passenger trains were operated daily each way between Abilene and Wichita Falls. But in recent years when passenger business fell off, the sleek passenger coaches and the steam locomotive gave way to the coach-like combination engine, baggage-mail and two-passenger compartment "doodle bug". The run handles very few passengers these days.

Bonds travels 152 miles every day on the "doodle-bug." One early morning he rides it from Abilene to Wichita Falls, arriving at 12:30 p. m. Then he's off till 5:45 p. m. the next day, when he skips the return trip to Abilene, arriving some time before midnight. He knows all the bridges & curves on the 152-mile track. All the section foremen, agents, traveling agents and officials he knows by their first names.

He began his rail career on the Missouri-Kansas-Texas out of Parsons, Kansas, back near the start of the present century. Hamilton Wright, Reporter-News, Abilene, Texas.

Political Announcements

The Munday Times is authorized to announce the following candidates for office, subject to the action of the voters in the Democratic primary in July:

For Sheriff:
L. C. (LEWIS) FLOYD
HOMER T. MELTON
(Re-Election)

For Tax Assessor-Collector:
M. A. BUMPAS, JR.
(Re-election)

For Commissioner Of Precinct Two:
L. A. (LOUIS) PARKER
(Re-Election)
LEE SNAILUM
J. O. WARREN
EMMETT G. RICHARDS

For Commissioner Of Precinct Four:
GEORGE NIX
(Re-Election)
OTIS SIMPSON
DAVE JETTON

For Commissioner Of Precinct One:
L. (PETE) KNIGHT

For Commissioner Of Precinct Three:
A. BULLION
(Re-election)

For County Treasurer:
W. F. (WALTER) SNODY
(Re-Election)
DENZIL (Cotton) FITZGERALD

For District Clerk:
MRS. OPAL HARRISON-LOGAN
(Re-Election)

For Constable Of Precinct One:
LEROY DAVIS

For County Judge:
J. B. EUBANK, JR.
Wm. GRIFFITH
(Re-election)

For County Clerk:
J. A. WILSON
M. T. CHAMBERLAIN
(Re-Election)

FOR STATE REPRESENTATIVE 114th District:
JOHN E. (Jack) MORRISON
REX E. SULLIVAN

NEW A-C TRACTOR MOUNTS ENGINE IN REAR, IMPLEMENTS IN FRONT FOR BETTER VISION

A new light weight farm tractor with implements mounted in front of the operator has just been announced by the Allis-Chalmers Tractor Division. Designed similar to rear-mounted engine road graders for highway construction, the new unit has its power plant behind the driver.

MILWAUKEE, Wis.—A new farm tractor in the low priced field featuring a rear-mounted engine design was recently placed in production at the Allis-Chalmers Mfg. Company's Gadsden, Alabama, plant.

A noteworthy feature of the new light weight Model G tractor is the unusually wide range of operator visibility permitted by the rear-mounted engine design. By shifting the engine to the rear, A-C engineers report they have succeeded in mounting farm implements in full view of the operator. A complete line of front-mounted, quick hitch, companion implements designed especially for use with the new tractor is also being produced by the company's tractor division.

The new Model G tractor is equipped with a 4-cylinder, L-head engine—2 1/4" bore, 3 1/2" stroke; 62 cu. in. piston displacement—and is capable of handling one 12-inch moldboard plow in average soils at customary plowing depths. It has 4 forward speeds, including a super-low gear for operations requiring extremely slow speeds. Fuel consumption is low, running from 2 to 3 quarts per hour under medium to heavy loads. Tractor wheel treads can be adjusted to fit any row-crop spacing. Any of the "G" implements can be attached to the tractor or removed from it in 5 minutes or less. The plow, like the planters and cultivators, is mounted ahead of the operator—a radical departure from conventional practice.

In a prepared statement, W. A. Roberts, Allis-Chalmers Executive Vice President, said: "In the new Model G tractor and the implements designed for it, we believe we have contributed a farm tool that will further advance the mechanization of agriculture, lower farm production costs, and place the advantages of mechanization within reach of thousands of farmers, who are still using animals and other unprofitable forms of farm power."

"We believe that this tractor will find a useful place on family farms of all types and sizes, because of its adaptability to all field operations, particularly those requiring great accuracy and precision."

Mrs. Leroy Bisbee of Arlington, Neb., and Miss Blanche Chamberlain and Miss Jo Chamberlain, both of Omaha, Neb.

Mr. M. D. McGaughey, County School Superintendent of Knox County, and L. C. Melton, were in Wichita Falls, Friday of last week on business.

Kenneth Phillips and Naomi Hampton Are United In Home Rites At Goree

Miss Naomi Elaine Hampton, daughter of Mr. and Mrs. S. G. Hampton of Goree, became the bride of Kenneth L. Phillips, son of Mrs. W. R. Phillips of Munday, April 17th, in a most impressive double ring ceremony, performed in the home of the brides parents. Rev. W. H. Albertson, pastor of the Baptist Church of Munday, officiated.

For the exchange of the wedding vows, the couple stood before an improvised altar with large baskets of white gladiolas, brides wreath and greenery, illuminated with the glow shed by lighted tapers in branched candelabras decorated with trailing ivy.

Jackie Hampton and Bill Rogers served as candle lighters. Miss Sue Anne Lowder of Wichita Falls sang "Always". The accompaniment was by Mrs. W. M. Taylor, who also played softly during the ceremony. The traditional wedding march was played by Miss Sandra Ruth Jones of San Angelo.

The bride, given in marriage by her father, was most attractively dressed in sheer navy crepe. The skirt being fashioned ankle length balerina type. Her only jewelry being a strand of pearls. She carried a white Bible topped with gardenias. For something old, she

carried a lace handkerchief that her mother carried several years ago when she attended a tea at the White House, given by Mrs. F. D. Roosevelt, honoring postmasters wives at a National meeting. Her bridal corsage was fashioned of pink gladiolas, matching the pink accessories of her going away costume of blue.

The bride's only attendant was, a cousin, Miss Joline Hendrix of Lubbock, who served as maid of honor. She was wearing a dress of rose crepe fashioned with lace panels in the long torso blouse. Her corsage was white carnations.

Attending the groom as best man was his nephew, Ray Armstrong of Hobbs, New Mexico. Immediately after the wedding ceremony a reception was given honoring the newly wed couple. Guests were served dainty refreshments from a lace covered table attractively centered with a beautiful floral arrangement of white gladiolas, snapdragons and greenery. A crystal punch bowl and handsome three-tiered wedding cake topped with miniature bride and groom marked the extremities of the board. Mrs. J. H. Lowder of Wichita Falls directed the serving of the cake and Mrs. Felton Jones of San Angelo presided at the punch bowl. Miss Bettie Jean Jones of Munday, cousin of the

bride, also assisted in duties of serving. Mrs. Dalton Jones of Seymour secured signatures for the guest book.

Following the reception, the bride and groom departed for a short wedding trip before establishing a home in Munday where Mr. Phillips is employed with Reeves Motor Co.

Both the bride and groom are well known among the younger set. Mrs. Phillips graduated from the Goree high school with the class of 1946 and has attended Hardin College in Wichita Falls.

The groom attended the Munday high school and spent nearly two years with the United States Navy during World War II.

Others attending the wedding were Mrs. W. R. Phillips, mother of the groom, Mrs. Lillian Kellogg, Gene Taylor and Merle Weaver of Munday; J. T. Jones of San Angelo; J. H. Lowder and daughter, Bettie of Wichita Falls; Mr. and Mrs. Leo Jones of Sweetwater; Mr. and Mrs. G. U. Baker and daughter, Helen of Wichita Falls; Miss Vandolyn Browning of Truscott; Dr. W. M. Taylor, Mr. and Mrs. H. D. Arnold, and Mr. and Mrs. L. J. Jones of Goree.

Goree Bible Study Class Has Meeting Monday

Mrs. Everett Gaither entertained the Goree Bible Study Class in her home Monday evening.

After an opening hymn and short business session, Mrs. James Carver brought to the group an excellent lesson on Isaiah and his prophecies. She gave the historical background of Isaiah's time, the significance of his prophecies and some parallels with modern problems.

Those present were Meses. Reuben Bates, Lewis Blankenship, Baron Carl, James Carver, Buster Coffman, Walter Coffman, Orb Coffman, C. R. Copeland, Everett Gaither, Billie Hutchens, J. A. Jolly, Orman Moore and Clarence Powell.

Forty-Two Party Held Tuesday In Jim Goode Home

Mr. and Mrs. Jim Goode entertained the "42" Club on April 13th. After several games of "42", a delicious refreshment plate was served to the following members: Messrs. and Meses. W. A. Moore, Mack Tynes, H. E. McMahon, W. O. Barnett, W. L. Stewart, Calvin Robinson and Mrs. W. R. Robinson and Mr. Bill Robinson of San Angelo and the host and hostess.

For quick results, use a Munday Times classified ad.

Freed From Nazis. European Soprano Now Sings in U. S.

Daniza Vitsch, famed European opera star who was rescued by Allied troops from a Nazi concentration camp in 1945, has resumed her singing career in America and will visit Dallas with the Metropolitan Opera Company in April. Mme. Vitsch was sentenced to death by the Germans for sheltering RAF flyers during the war in Dallas. Mme. Vitsch will sing opposite Leonard Warren in Verdi's "The Masked Ball," first of four operas to be given by the Metropolitan April 8 to 10 at Fair Park Auditorium, under auspices of Dallas civic leaders.

Birthday Dinner Given To Honor J. H. McAfee Sunday

Mr. and Mrs. Charlie McAfee of the Sunset community surprised his father, J. H. McAfee, with a birthday dinner on April 18, at which time Mr. McAfee observed his 80th birthday.

A delicious dinner was served to the following:

J. H. McAfee, Munday; Mrs. J. B. Cornett, Hale Center; Mrs. Laura Tuttle, Tahoka; Mrs. Howard Shackelford and Judy, Cotton Center; Mr. and Mrs. Cecil Guiley and Mrs. Lillie Brown, Munday; Ann Neiele Weinert, Mr. and Mrs. Coy Tuggle and Billie, Haskell; Mr. and Mrs. Jimmie Tuttle, Tahoka; Mr. and Mrs. Tom Phillips, Munday; Mrs. Lloyd Rounton and Janice, Farwell; Mr. and Mrs. Vernon Kelley and family, Tahoka; Mr. and Mrs. Charlie McAfee and Marvin, Philip and Shirley Ann.

The afternoon was spent kodaking. Everyone wished Mr. McAfee many more happy birthdays and reported a very enjoyable time.

Miss Mary Jean Stevenson of Dallas came in last week end for two weeks' visit with her parents, Rev. and Mrs. S. E. Stevenson.

Wright-Denham Marriage Read At Amarillo

An improvised altar of fern and white candelabra before the fireplace formed the setting for the recent marriage of Doris M. Wright, daughter of Mr. and Mrs. Harry L. McCleery of Amarillo, to Glenn Denham of Amarillo, son of Mr. and Mrs. G. O. Denham of Goree.

Rev. J. W. Sisemore, pastor of Line Avenue Baptist church, Amarillo, read the double-ring service in the home of the bride's grandparents, Mr. and Mrs. Mike Marinoff, Mrs. Juanita Denham, Miss Francis Pressley and Mrs. H. McCleery.

Mrs. Juanita Denham, sister-in-law of the bridegroom, attended the bride as matron-of-honor, wearing white accessories and a corsage of red roses. Perry Hudson was best man.

For her wedding, the bride chose a soft blue dress with lace insets and piping. Her accessories were in navy and her corsage was fashioned of gardenias.

Mrs. McCleery, mother of the bride, wore a gray gaberdine suit with a corsage of red roses.

Following the ceremony, the bridal party was honored at a reception. Covered with an ecru lace cloth, the serving table was centered with a tiered wedding cake. Mrs. O. Denham presided at

the table. The couple is at home at 819 Northeast Seventh after visiting Mr. Denham's parents in Goree. For traveling, the bride chose a pink suit with navy accessories.

Mrs. Denham attended East Jackson high school at Jackson, Mich. She is employed by Furr Food Stores in Amarillo. Mr. Denham is employed by C. J. Gamble Company.

Prior to her marriage, Mrs. Denham was honored at nuptial courtesies given by Mrs. Mike Marinoff, Mrs. Juanita Denham, Miss Francis Pressley and Mrs. H. McCleery.

Leona Havran On Dean's Honor List

Denton—Leona Havran, daughter of Mr. and Mrs. Adolph Havran, Knox City, is among 524 junior and senior students at North Texas State College who have been named to the dean's honor list for the spring semester.

To qualify for the honor roster, students must have a "B" average, with no grade lower than a "C", on at least 12 hours of work a semester. Inclusion on the dean's list exempts students from the usual penalties for class absences and gives them special library privileges.

A senior student majoring in speech, Miss Havran is a member of the Quintallian Speech Club, and is vice-president of the Future Teachers of America.

Gloria Walker And James Gipson Wed In Ft. Worth

Miss Gloria Walker became the bride of James Gipson, Saturday, April 10th at 8:30 in the home of Elder Gilbert Dalton of 3208 Avenue J in Fort Worth.

The bride wore an aqua blue dress with white accessories. Her corsage was of white carnations. The bride was reared in the Sunset community. She was a graduate of the 1946 Sunset graduating class. She has been employed by Container Corporation of America in Fort Worth.

James Gipson is from 703 Churchill Rd. He was a member of the 1939 graduating class of Knox City high school. He is employed by Consolidated Valtice Aircraft Corporation. Mr. Gipson served in the U. S. Army for four and one-half years; two and one-half years were spent overseas.

The couple will make their home at 3533 Thammisch in Poly.

Mrs. R. D. Atkinson was in Dallas the latter part of last week attending the funeral of an uncle and also visiting with relatives.

Miss Jan Roberts of Goree spent last week end visiting in the home of Mr. and Mrs. Cecil Fitzgerald and family.

Miss Janie Haynie visited Miss Martha Ann Reynolds in Wichita Falls over the week end.

COLORED MINISTER TO BE SPEAKER FOR WORKERS CONFERENCE

Rev. W. H. Burks, colored, pastor of the Independent Baptist church, will preach at the morning session of the meeting of the Workers Conference of the Haskell Baptist Association. He is one of the most talented and forceful speakers of this section and an outstanding leader among his people, not only locally, but throughout the entire state.

The meeting will be held at the Pinkerton church on Tuesday, April 27 at 10 a. m. Visitors are welcome.

FIRST METHODIST CHURCH (Don. R. Davidson, Pastor)

10:00 a. m. Church School
We rejoice in the increase in attendance which this part of our church life shows. Some of our people are not yet in attendance with regularity. Won't you make this a part of your Christian life?

11:00 a. m. Morning Worship
The pastor will bring a time-

ly message. Prayer and hymns will add to the spirit of worship and you will be blessed for having attended.

There will be no evening services because of the Youth Rally at Stamford.

CHURCH OF CHRIST

Preaching every Sunday at 11:00 a. m. Minister Lloyd Treat will do the preaching. The following Sunday, Minister S. J. Wallace will preach.

Everyone is cordially invited to attend these services.

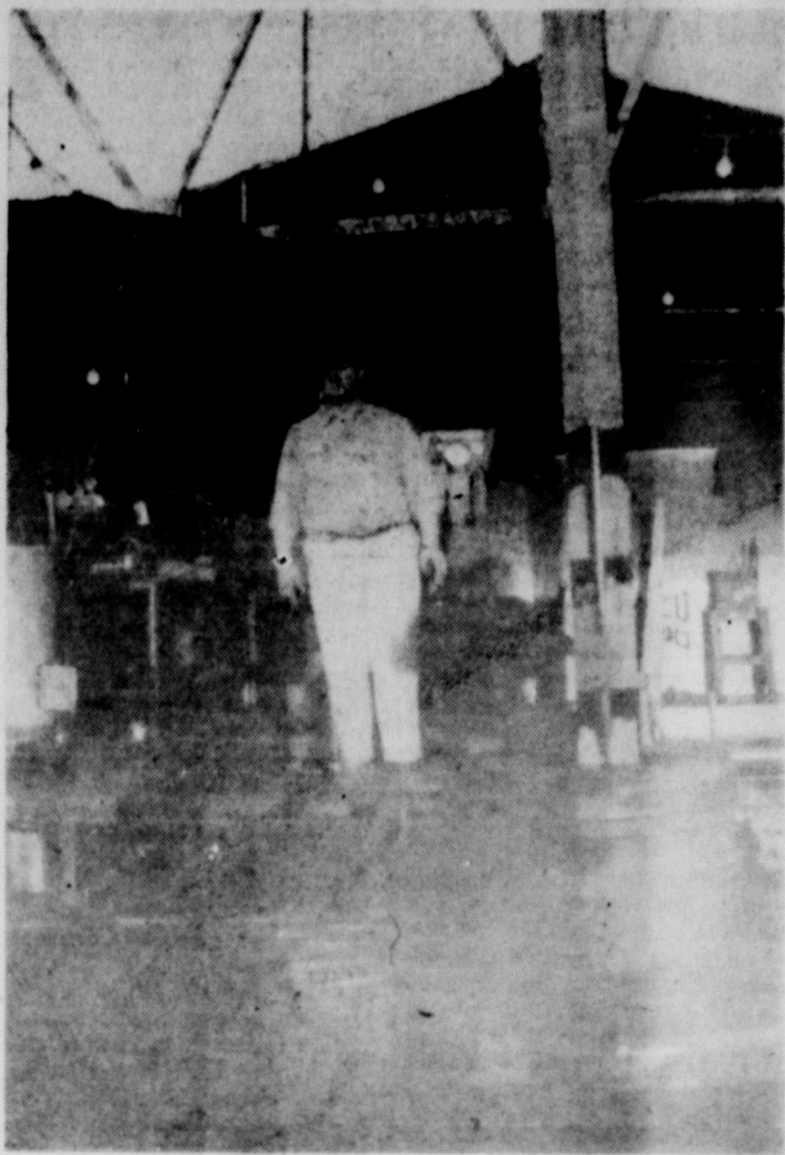

F. W. Franklin, Elder.

Youth For Christ Revival To Begin

The Baptist churches of the Haskell Association are launching a youth revival, beginning Sunday afternoon, April 25, and continuing for a week. Everyone, especially the young people, are invited to attend.

This revival is sponsored by the youth, but all ages will enjoy

The Driller Is On The Job

these services. The Baptist church at the following places will mark the meeting place of each service:
Sunday, 2:30 p. m., Knox City; Monday, 8 p. m., Sunday; Tuesday, 8 p. m., Kile; Wednesday, 8 p. m., Paint Creek; Thursday, 8 p. m., Wemert; Friday, 8 p. m., Mattson; Saturday, 8 p. m., Haskell east side.

Here's Bill Youngblood of the Ace Drilling Co., who is shown with his rig during operations at the British American No. 1 A. A. Smith discovery well. Youngblood, who has followed oil field work from "roughneck" to chief driller, is also working on the No. 1 Marie Baker test.

Mr. and Mrs. Melvin Strickland were visitors in Abilene last Sunday.

Mrs. Cora Plumlee of Cisco is here visiting her father, E. R. Hobert.

Mr. and Mrs. Roy Renner returned home last Saturday from points in California, where they had been visiting relatives for about three weeks.

Miss Gloria Murdock and W. T. Berry of North Texas State Teachers College, Denton, visited Mr. and Mrs. J. T. Murdock and Mackey of Goree over the week end.

Mr. and Mrs. Art Tell and son, Ricky, of Wichita Falls were here Saturday, visiting with Mr. and Mrs. G. W. Hawkins.

Harvard investigators recently announced that materials found in onions aid the healing of wounds, and an ancient Roman writer listed 28 human diseases which onions would cure.

GOREE NEWS

Mr. and Mrs. A. E. Coffman of Lubbock were in Goree Friday enroute to Mineral Wells for a few days. Mr. and Mrs. Forrest Daniel spent the week end with them in Mineral Wells.

Mr. W. F. McCauley underwent surgery in a Dallas hospital last week and is reported to be doing nicely.

Mr. and Mrs. Wade Coursey of Wichita Falls were Sunday visitors with Mrs. Coursey's parents, Mr. and Mrs. H. L. Butler.

Mr. and Mrs. Jim Goode and Jimmy Paul spent the week end in Midland visiting Mr. and Mrs. Alfred Parks.

Mr. and Mrs. George Nix were in Wichita Falls on business Tuesday.

Mrs. J. T. Lawson has returned home after visiting her daughter, Mrs. B. Bingham of Lubbock.

Joe Maloney of Houston and Mr. and Mrs. Carroll Martin and son of Waco were guests of Mr. and Mrs. Homer Moore over the week end.

Mrs. E. V. Shackelford was called to the Knox City hospital Tuesday to the bedside of her little grandson, who is critically ill. He is the infant son of Mr. and Mrs. Gene Shackelford of Jayton, Texas.

Mrs. Kenneth Houk of Littlefield, Mrs. L. L. Manley and daughter of Los Angeles, Calif., were in Goree visiting relatives and friends Wednesday and Thursday.

Service Emblems Awarded To F. H. A. Employees Recently

Certificates and Lapel-emblems were awarded today by the Farmers Home Administration to all employees who have been in the service of the U. S. Department of Agriculture ten years or more.

Included among those receiving the awards were Marvin P. Bryan, County Supervisor, Seymour, Texas, Ray F. Christian, Acting Co. Supervisor, Seymour, Texas, and Viola L. Smith, County Office Clerk, Seymour, Texas.

The presentation of the certificates and service emblems was made by Wallace W. White, State Field Representative, of the Farmers Home Administration at Dallas, Texas. In congratulating the award-winners for their long and loyal service, Mr. White said, "It is fitting that the Department

of Agriculture should take recognition of good service rendered to the public by its employees who carry on their duties faithfully year after year. Through experience you have undoubtedly acquired knowledge and skill which make you valuable as an employee of your government. I am sure you deserve this recognition and honor."

Mr. White said that the ceremony held today would be duplicated each year in the future as a part of the Department of Agriculture policy of recognizing meri-

torious accomplishments and longevity of service.

Veterans' News

The Veterans Administration today relieved its training officers of all responsibility for the direct supervision of 239,000 non-disabled World War II veterans in training under the GI Bill in Texas, Louisiana and Mississippi.

The change will permit VA's training officers to devote more time to the needs of the 30,000 disabled veterans in training under the Vocational Rehabilitation Act (Public Law 16) in the same tri-state area. The law gives VA full responsibility for the training of these veterans.

In suspending supervision of GI Bill trainees by direct contact, VA called on all state approval agencies, schools and training establishments to meet fully their obligations under the Servicemen's Readjustment Act (GI Bill).

VA will look to an increased extent, to state approving agencies to carry out their obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current

Attention

Cotton Farmers!

The Delinting Plant in Munday has been in operation several weeks and will operate every day for the remainder of this season.

With our new equipment, we have a much larger capacity per day, and are doing a much better job of dusting.

This, the Kemgas Process, is the only method that can delint and at the same time sterilize cottonseed to comply with regulations of the Bureau of Entomology.

To save yourself a long wait, or possibly another trip, call or write for an appointment.

Some of the 75,000 ABC Pins Get Ready to Travel

Did you know that rules of the American Bowling Congress call for daily replacement of the bowling pins in its 40 tournament alleys? This means some 75,000 new pins are used in the course of the event. The practice assures that every team will compete under exactly the same circumstances. In the photograph above a girl is repacking a few of the discarded pins for distribution by Chevrolet truck to privately owned bowling establishments.

inspections.

Schools and job establishments are obligated to furnish effective education and training to each veteran they enroll, VA said. The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veteran's attendance and progress.

VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans' rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions.

No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll.

VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and in job-training establishments.

Spot checks will be used in supervising veterans taking institutional on-farm training.

QUESTIONS AND ANSWERS
Q. I have added total disability income coverage to my 20-payment National Service Life Insurance policy. Does the disability coverage continue after my policy is paid up?

A. Yes, provided you have not reached the age of 60. You continue to pay the additional premium for disability protection to the end of the 20 year period when it, too, becomes paid up. All disability income protection ceases when the insured reaches age 60, but payments are continued to those who are totally disabled at the time they reach 60.

Q. I have been discharged from the service for over a year. What is the latest date on which I can enter school or take training under the GI Bill?

A. You have until July 25, 1951 to start to school or training under the provisions of Public Law 346 (GI Bill), and all schooling or training must be completed by July 25, 1956.

Q. I converted my National

Life Insurance to 20-payment life.

Is it possible to convert this policy once again to a cheaper plan of insurance, such as ordinary life?

A. Yes, provided you are able to pass a physical examination, and the effective date of the converted policy is not more than five years ago.

Q. I am the beneficiary of a \$10,000 National Service Life Insurance policy. Are the payments

I am receiving subject to taxation?

A. No. The payments of National Service Life Insurance as such are wholly exempt from Federal taxation. Except that they must be included as a part of the estate for Federal estate tax purposes.

Uncle Sam Says

Some day soon—perhaps this very day—one of Uncle Sam's volunteer representatives is going to ring your doorbell to ask you to do one of the most important things you can do now for yourself and your country. He or she is going to urge you to start, or to increase, your buying of United States Savings Bonds under a patriotic, automatic and regular plan. If you heed my nephew or niece's advice, you'll be doing yourself a favor. For these security bonds—as they do their part to insure a stable economy, cornerstone of the future security of our country—will pay you back \$4 for every \$3 ten years from now. They can mean financial security for you and your family. **AMERICA'S SECURITY IS YOUR SECURITY!**

U. S. Treasury Department

The Lamp In The Window

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drug store window. All through the night it glowed, a beacon of hope, a symbol of unselfish service. It identified the drug store as a haven of refuge, promised relief and comfort to the sick and afflicted. Pharmacy has in its heritage many traditions of which the lamp in the window is but one.

Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before.

TINER DRUG, with W. V. Tiner, who has had thirty-three years experience as a registered pharmacist, in charge of the prescription department continues to give his unselfish service to the relief and comfort of the sick. Try us with your prescription work.

Florine Decker Honored At Shower On April 4th

A lovely shower was given in honor of Miss Florine Decker, bride-elect of Reinard Kuehler in the St. Joseph's Hall on April 4th.

Miss Betty Decker, presided at the brides book where eighty-two guests were registered.

A refreshment plate was served to the guests and many beautiful and useful gifts were received by the honoree.

Reinard Kuehler, Miss Florine Decker Wed At Rhineland

On April 7th at 8:00 a. m., a nuptial high mass was read by the Rev. Fabian Diersing in the St. Joseph Church uniting Miss Florine Decker, daughter of Mr. and Mrs. Henry Decker and Reinard Kuehler, son of Mr. and Mrs. Tony

Munday H. D. Club Meets Wednesday With Mrs. Foshee

The Munday H. D. Club met in the home of Mrs. R. E. Foshee, Wednesday, April 14th. Roll call was answered with household hints. A demonstration was given on cutting and making gloves. There has been around twenty pairs of gloves made in the club so far.

Several club ladies plan to attend the home demonstration convention at Quanah, April 22.

Refreshments were served to the following members: Misses J. B. Broach, Cunt Haws, Clyde Taylor, Joe Patterson, A. M. Searcey, Claude Hill, Leland Floyd, Otis Simpson, J. C. Golethone, J. T. Offutt, George Conwell, G. L. Pruitt, J. R. King, Louis Cartwright, E. J. Cude, J. B. Graham, R. E. Foshee and two visitors, Mrs. Aubrey Roden and C. R. Cude.

The next meeting will be in the home of Mrs. Frank Bowley, April 28.

Kuehler, in a double ring ceremony.

Mrs. Francis Albus, organist played the processional and recessional selections. The choir accompanied Mrs. Albus during the high mass.

Alcelytes were Tommy and Clarence Decker and Meinard Moore.

The bride wore a gown of white satin made with a beaded neckline and full skirt. The finger tip veil fell from a beaded halo. She carried a lovely bouquet of white carnations. She also carried a Crystal Rosary, a gift from the groom's mother.

Miss Betty Decker, sister of the bride was maid of honor. She wore a gown of pink taffeta and a corsage of white carnations. Al Kuehler, brother of the groom was best man.

Other attendants were Mary Louis Decker, niece of the groom, as brides maid. She wore a gown of blue taffeta and a corsage of white carnations. Harold Decker, brother of the bride, who is home on a leave from the U. S. Naval Repair Base, San Diego, California, was groomsmen.

During the afternoon, a reception was held at the home of the brides parents where many relatives and friends were served. In the center of the table was a beautiful three tiered wedding cake decorated with a miniature bride and groom.

The bride is a graduate of the Rhineland high school and Durham's Business College in Fort Worth. She was employed at Montgomery Wards in Fort Worth for the past five years.

The groom also attended the Rhineland high school and served in the army for four years. Three of which were spent in Alaska. He was discharged October 22, 1945. Since then he has been engaged in farming in Morton, Texas where the bride and groom will make their future home.

People, Spots In The News

PLASTIC PLAY POND, due to bloom in many a backyard this summer, is this portable seven-foot "doughnut" of Koroseal flexible material, so designed it needs no rigid supports. Its sides easily undulate to contain wavelets in the 9-inch-deep pool.

BOOM!—Seconds after this picture was taken at Buffalo, N.Y., Roberto Zaccini suffered a serious neck injury when he landed in a safety net many yards away. His sister, Sylvana, shot from cannon at the same time, was not injured.

SLEEPING SUIT of 1919 vintage has been revived by stylists for summer wear. The dreamy eye-full is Dona Drake.

LIE-DOWN STRIKE occurred at New York Stock Exchange when picket is blocked entrance. Police removed pickets in bloody battle.

Pointers On Care Of Machine Given H. D. Club Members

"The two most important points in care of your machine," said Mrs. Tucker, Singer Shop representative from Abilene, "are the careful dusting and oiling of its parts." Mrs. Tucker continued to say that any sewing machine should be carefully dusted and stored after each time it is used, and should be oiled thoroughly at all oiling points once every two weeks, whether or not the machine is in constant use.

This demonstration on "Care and Use Of The Machine and Its Attachments" was given to nineteen Knox County Home Demonstration Club Leaders, and sixteen members of the Benjamin Home Economics Class, under Mrs. J. E. Stover. Mr. Hyde, of the Singer Company, cooperated with Mrs. Tucker, while she continued on use of the attachments. Each standard attachment was exhibited, and all its uses demonstrated. Among the tricks shown was how to attach a ruffle with a heading to a curtain all with one row of stitching; how to use the hemmer and attach lace in the same operation, how to use the shearing foot, and smock on the machine, and many other time-saving tricks that will be demonstrated

by these Club Leaders in their own club meetings soon.

Mrs. Paul Pendleton and daughter, Jan, left the first of this week for Pittsburg, Texas, for two weeks visit with Mrs. Pendleton's mother, Mrs. S. O. Spencer, and with other relatives.

COTTON OF THE MONTH

The National Cotton Council's choice for its April "Cotton of the Month" is modeled here against a background of a cotton field. The April cotton winner is a wardrobe ensemble designed by Clifford of del Mar in Lonsdale poplin. It includes a jacket, skirt, and playsuit with separate shorts, a combination for town and country wear.

LOCALS

Mrs. A. V. Kimletz of Abilene spent several days' last week visiting in the home of Mrs. P. B. Ecoach, Sr.

Mrs. J. C. Harpham and daughter, Claire, have returned home from Brownwood where they had been visiting with relatives for several weeks.

J. C. Campbell and Miss Dolores Campbell spent last Sunday in Abilene visiting with their daughter and sister, Mr. and Mrs. Varney Moore.

Mr. and Mrs. A. C. Boggs, Sr., Mr. and Mrs. R. I. Johnson and family and Mr. and Mrs. Glen Merchant and family, all of Has-

well, and Mr. and Mrs. C. E. Brasher of Seymour were guests in the homes of Mr. and Mrs. Mahlon Boggs and Mr. and Mrs. A. C. Boggs last Sunday.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Roy Rogers near Quanah last Sunday. They were accompanied home by Mrs. Edgar's father, W. J. Bridge, who is visiting here for several weeks.

Mrs. J. F. Draper and Mr. and Mrs. Woodrow Roberts attended the funeral of Mrs. Preston Draper at Brownfield.

38 Years . . .

Of Being Right!

Prescriptions Filled By Eiland's
Is A Tradition!

Knox county people have had perfect confidence in Eiland's Prescription Department for 38 years.

Two registered pharmacists. M. L. Barnard employed here for more than thirteen years; Leland Hannah, more than twenty-eight years.

If It's From EILAND'S
It's Right!

**EILAND'S
Drug Store**

A few weeks ago, your columnist went to Little Rock to speak at the state hardware dealers convention. I hardly knew I was outside of Texas because the newspapers there featured the visit of scientists to the McDonald observatory, out in the Davis Mountains, to study the green spots on Mars; the trial of a man accused of having murdered his bride, whom he had married in Abilene, and the Texan, an ex-marine, who stabbed a burglar to death in Chicago.

And a touch that reminded one further of Texas was an ad which read, "World's biggest hot dogs."

Of course, Texas has the biggest in just about every line; that Arkansas advertiser must have been newly arrived from Texas and hadn't yet got over his Texas habits.

From the business district of Little Rock, when you look toward the Capitol, because of a hill in between, you see just the dome, apparently hanging in space.

You can walk across a bridge over the Arkansas River. As a boy, I seem to remember the big stream as having two or three steamboats puffing up and down, with other moored at the wharf. But, the other day, there were just two barges and a houseboat in sight.

And I've never eaten any finer chicken than that at a Little Rock cafeteria — Mrs. Atkinson's. It melts in your mouth like ice cream — only, ice cream doesn't have as

good a flavor as that fried chicken.

In early days, the sight of a "benzene buggy," as the auto was known, scared horses. A man explained, "When a horse sees a buggy running down the road with nothing pulling it, it's as if a man was to see a pair of empty pants run by him. Wouldn't that scare you?"

Mr. and Mrs. Wade T. Mahan and children, Susan and Tanner; and Mr. and Mrs. Paul Pendleton and daughter, Jan, attended the wedding of Miss Caroline Ramey and Mr. Mitchell Nocol in Wichita Falls on Wednesday of last week. Mrs. Nocol instructed a class in ballet dancing here for a period of several months.

Gene W. Harrell left Wednesday for Oklahoma City to visit relatives and friends for several days. He will be accompanied home by Mrs. Harrell and daughter, Natalie, who have been visiting there for several weeks.

Miss Martha Nell Bullington visited friends in Knox City last Sunday.

From where I sit ... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a

friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

A Workers' Society?

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

IF YOU ARE a tradesman, or a skilled or unskilled laborer who works with his hands — if you call yourself a "worker" — you must indeed be thankful that you live in America. Not that you should be any more or less thankful, being a doctor, lawyer, teacher, or whatever you are. But somebody has called this nation a "workers' Republic," and I consider that phrase a good way to describe what we enjoy in this land of plenty.

Indeed there is no other country, whether socialized, partly socialized, or even communistic, that has given its workers more. A capitalistic America has enabled even "common" laborers to live like kings were accustomed to live not many years ago. We produce and enjoy the fruits of production. We must never forget that this has come about because the American way of life makes it possible.

Glorious DO YOU KNOW of a better and happier workers' nation? Have the "isms" and ideologies of the experimenters produced anything better? Certainly they have not. No worker in the world comes anywhere close to drawing the pay or enjoying the comforts of the average person right here in America. There is hardly a nation today that is not begging us to send them goods, or to bolster up their lagging economy in some way.

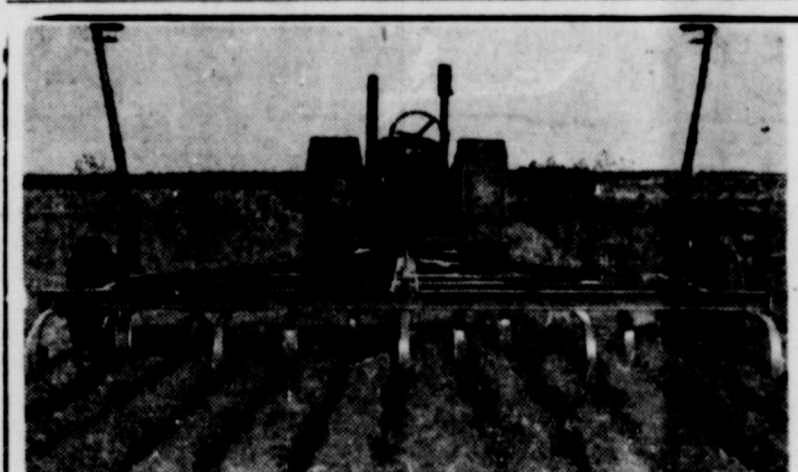

Possibly there are shortcomings in the American method. But judging from the achievements of the past and viewing the possibilities ahead, I can think of nothing more foolish than to discard any part of our American way. We can have a future as glorious as our past. We have new worlds of atomic energy, jet

propulsion and electronics to explore. I can think of no other economic system, besides the kind we have in America, as being equal to the opportunities ahead.

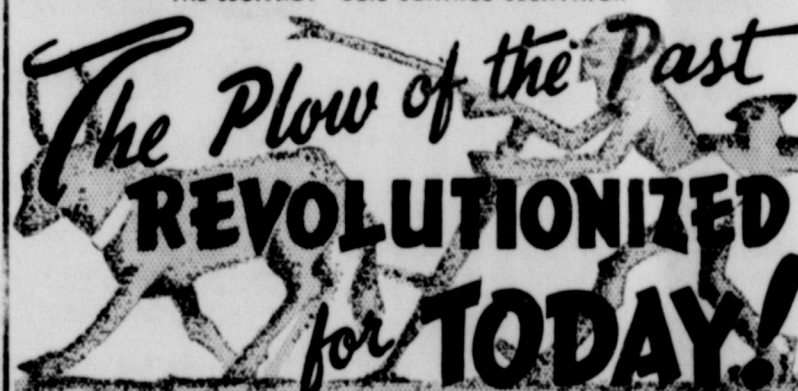

Freedom WE HAVE immediate choice of needs, too. Our people could use perhaps five million new and improved homes in which to live. Millions of farm homes need electricity and running water. We need more automobiles, and our capacity for them seems never to diminish. More cars mean more roads. One advancement calls for more. Friend, let me say that I know of no system that will bring these things to us — except that American way of initiative and enterprise.

In this workers' America, there are other things of great importance. As a worker, you are not told what you may do, or how to do it. You are not the mere chattel of some state bureau. You can choose your job and your career, and so can your son. You can make your own decisions. Whether you work for an employer, or decide to work for yourself, you have a right to serve the world your own way. These things are important to you, and you are important to your nation.

No other land can show the progress America has made. Nowhere else is there such a high standard of living — that applies to everybody. Progress has flourished here as nowhere else. Why? We have been free to exercise ingenuity, incentive, competition, and thrift. We have been free to invest savings in more and better tools. We have not been subject to tyranny or despotism from government. What political dictatorship can match this achievement?

THE JEFFROY "SOIL CONTROL CULTIVATOR"

The chisel-type cultivation of the Jeffroy "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffroy machine, silicemanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Hughes-Dayton Imp. Co.

Low Carryover Of Cotton For Year Predicted

Austin—The carryover of cotton in the United States at the end of this cotton year, July 31, will be one of the lowest for more than 20 years, according to Dr. A. B. Cox, professor of cotton marketing, The University of Texas.

An estimated 2,500,000 bales of cotton will be carried over July 31. Likewise, the world supply of all commercial cotton is exceptionally low, 15,000,000 bales, or the least since August 1929.

The outlook for production in the United States is for some increase as a result of expansion in both acreage and probable yield per acre, Dr. Cox said. The world outside of the United States will likewise increase acreage to some extent.

If the European Recovery Plan is enacted by Congress, world consumption of cotton may easily approach 28 million bales during 1948-49. However, it is very unlikely that world cotton production for the year 1948-49 can reach that amount, Dr. Cox added.

The prospective value of the dollar six or seven months from now is of paramount importance in the cotton market situation, according to Dr. Cox. "The enactment of the

Morning Glory INNERSPRING MATTRESSES

America's "Wake Up and Sing" mattress is now back again WITH INNERSPRINGS to give you a thrilling, new experience in sleep comfort plus the healthful rejuvenating benefits of complete relaxation.

Smooth, tuftless sleeping surfaces, made possible by Taylor Made's pre-stitched upholstery padding over the balanced innerspring foundation, provides a soft, buoyant easy-to-keep clean mattress without "hills and valleys". A grand Taylor Made value insuring years of sleeping comfort.

See the Morning Glory innerspring now! Make your choice of twin or full size! Select ticking desired! Convenient terms if you wish.

HARRELL'S

Hardware Furniture
John Deere — Maytag

Rex E. Sullivan— (Continued from Page One)

to protect our State from encroachment by Washington bureaucrats, I shall make every effort to help preserve our State's rights. Since race and religion have never been an issue in Texas, and since we have lived peaceably together for generations, I resent outside pressures which would tend to draw the color line and create unnecessary racial friction. It is my belief that Texas lawmakers should work together for the best interests of the taxpayers; and I expect to try to get along with all of them without sacrificing my personal principles and beliefs. I expect to conduct my campaign without personal remarks about anyone, and without incurring the ill will of my opponents and their friends."

Sullivan is the son of Mr. and Mrs. Rex Sullivan of Quanah. His wife is the former Miss Doris Garner, daughter of Mr. and Mrs. T. H. Garner of Quanah. Both of them have lived in Quanah all their lives.

Former Resident's Funeral At Weinert

Funeral services for Mrs. Hattie Rossie Frost, 61, of Fort Worth, were held Wednesday afternoon at three o'clock at the Weinert Baptist church. Rev. Walter Copeland officiated, assisted by Rev. C. Jones of Haskell. Burial was in the Weinert cemetery.

Born in Waco on March 21, 1889, Mrs. Frost moved with her husband to Weinert about 40 years ago. The family lived there until they moved to Fort Worth in April, 1946.

Survivors include the husband, Rev. Lonnie J. Frost; six daughters, Mrs. Cleta Bailey of Plainview, Mrs. Drucille Nellums of Haskell, Mrs. Pauline Koonsman of Hico, Mrs. Loraine Zimmerman of Stephenville, Mrs. Jewell Frankie Frost of Fort Worth, and Miss Charlotte Frost of Fort Worth; and seven grandchildren, three brothers and a sister.

TRI-COUNTY MEDICAL ASSOCIATION MEETS

Doctors of the Haskell, Baylor and Knox Medical Association met last Tuesday night in the local office of Dr. D. C. Elland.

Dr. J. M. Hooks of Abilene was guest speaker for the evening.

One of the big problems of insect control is to find new poisons as fast as the insects become more resistant to the old ones. Florida laboratory workers have developed house flies which can withstand twice the amount of DDT that kills normal flies.

Paving Of Rhineland Road Is Assured

Paving of the link in Highway 222, north of Munday through Rhineland, is assured before the end of this year, according to the following story which appeared in Sunday's issue of the Abilene Reporter-News:

Highway 222 which links Munday with Benjamin via U. S. 82 a few miles east of the latter place and traverses the prosperous village of Rhineland, on the Brazos River, will be completely paved before the end of 1948, William Griffith, county judge, said the State Highway District engineer had assured him.

No. 222 has been paved from junction with U. S. 82 to the Brazos River, but the 8-mile stretch between Munday and Rhineland is graveled and very rough. Rhineland citizens have long agitated for completion of the road, which will reduce considerably the distance between Munday and Benjamin, the county seat.

Sgt. Dan Martinez, Jr., son of Mr. and Mrs. Dan Martinez of Munday, was home on a 45-day furlough recently. He served 13 months in the Baffin Islands, and is now stationed at Clinton County, Ohio.

Mr. and Mrs. E. Y. Johnson and daughter, LaRue; Mrs. W. B. Hudson of Knox City, and Mrs. A. J. V. Johnson spent the week end in Ranger, visiting with their sister and daughter, Mrs. M. F. Davis. Grandma Johnson remained in Ranger for the summer months.

Lee Ward of Texas Tech., Lubbock, spent last Sunday here with friends.

Mrs. H. D. Hanson spent last week end with her daughter in Wichita Falls.

MUNDAY LOCKER PLANT

AGAIN WE MAKE THE MOST UNUSUAL OFFER IN THE TIRE BUSINESS

YOUR MONEY BACK

If Super-Cushion Tires Don't Give You
The Softest Ride You've Ever Had!

YOU RIDE....THEN YOU DECIDE!

We mean every word we say — we'll put a set of Super-Cushion tires and tubes on your car. Drive it for a week. Then, if you don't agree they give you a softer ride than any other tires you've ever owned, we'll replace them with your old tires and give your money back!

Super-Cushion is a remarkable new kind of tire. Bigger, softer... it runs on only 24 pounds of air. It is so superior that we make this amazing trial offer... for a very limited time only due to the great demand for Super-Cushions. Don't delay — take advantage of this unusual opportunity today!

Super-Cushion TIRES BY GOODYEAR

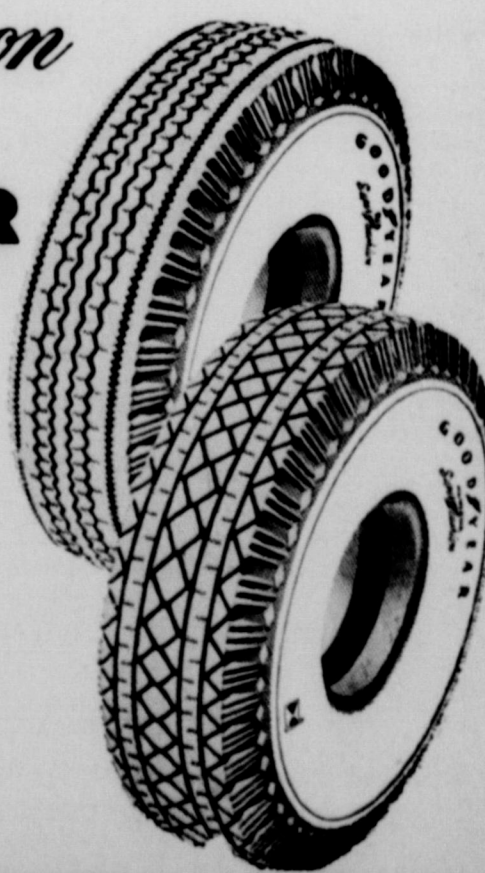

HERE'S WHY THIS GREAT NEW TIRE
WILL MODERNIZE YOUR CAR!

1. SOFTER RIDE! Super-Cushions run on only 24 pounds of air — give you a softer ride and a wonderful new ease and stability in car handling.

2. ABSORBS SHOCK! Super-Cushions are the first tires ever made that absorb lateral shock satisfactorily. They soak up jolts and vibration. Result: less wear on your car — lower repair bills.

3. MORE MILEAGE, TOO! Super-Cushions consistently average more mileage than the best standard tires. Because they have a larger contact area with the road, you get better traction — less skid, quicker starts and stops!

**PAY AS YOU RIDE—TERMS AS
LOW AS \$1.25 A WEEK!**
