## LATE NEWS BULLETINS

**MARSTON, DUNLAP LEAD IN TOURNEY**

**KENWOOD COUNTRY CLUB, CINCINNATI, Sept. 15. (AP)—Making a comeback on the home stretch, Max R. Marston of Philadelphia, veteran former title holder, gained a lead of two up over young Jack Munger of Dallas, Texas, after the first 18 holes of their 36-hole semi-final match in the National Amateur golf championship. George T. Dunlap, jr., finishing the first 18 holes one up on W. Lawson Little, jr., of San Francisco.**

**SHARKEY-LEVINSKY FIGHT POSTPONED**

**CHICAGO, Sept. 15 (AP)—The 10-round fight between Jack Sharkey of Boston and King Levinsky of Chicago, scheduled for tonight at Comiskey park, was postponed until next Monday because of threatening weather.**

**HURRICANE HITS MEXICAN COAST**

**TAMPICO, Mexico, Sept. 15 (AP)—A tropical hurricane struck the Mexican coast at 9:00 a. m. today, extending on a line from Tuxpam to a point midway between this city and Matamoras.**

**$4,097,027 ALLOTTED FOR PROJECTS**

**WASHINGTON, Sept. 15 (AP)—Secretary of the Interior Ickes today allotted $4,097,027 for eleven non-federal projects, including $20,000 for a river bridge in Arkansas.**

# Search Renewed For 4 Convicts

### PATH OF DESPERADOES DOUBLES BACK INTO LOUISIANA TODAY

(By The Associated Press)

SHREVEPORT, La., Sept. 15.—Search for the four escaped convicts who Wednesday left a trail of stolen and wrecked automobiles in their wake as they fled before posses across west central Louisiana was renewed in the northern section of the state today.

Reports that three men answering the general description of the desperadoes stopped at a filling station at Gayle, La., about 20 miles south of Shreveport, shortly after daybreak today, filled their car with "gas" and headed in the direction of Coushatta led officers to believe the convicts might have doubled back out of Texas and were headed for Arkansas.

**One Man Injured**

"Red" Degraffenreid, operator of the filling station on the Clarence Ellebee plantation on the Gayle-iff's office that three men, one of Frierson road, telephoned the sheriff's office that three men, one of whom he said apparently had been shot in the face, bought gasoline at his station shortly after daylight. The men, one of them tall and dark headed, was dressed in blue overalls, while the others, one of whom was heavy set, were dressed in rough khaki.

The men, Degraffenreid said, after getting the motor fuel, started in the direction of Shreveport, but, after driving up the road for several hundred yards, turned and headed toward Coushatta.

### REVENGE BLAMED FOR ESCAPE PLOT

BATON ROUGE, La., Sept. 15.—(AP)—Revenge as well as a desire to escape prompted the bloody riot at the Louisiana Angola penal farm Sunday which has already resulted in seven deaths, three recaptured survivors said here.

They told penitentiary and parish officers that they were angered because a convict guard had shot down and killed "without provocation" a fellow prisoner a few days before. The guard, Arnold Davis, was shot several times and instantly killed when the riot started.

### *Storm Heading For Cost Of Carolinas*

CHARLESTON, S. C., Sept. 15 (AP)—Taking no chances, Charleston and other ports along the Carolinas coast dug in today against an expected but unwelcome visitor—a tropical hurricane.

A weather bureau warning said the storm was moving last night northwestward from 400 miles off Florida and was expected to center on the coast in the vicinity of the north and South Carolina line early tonight.

### *Clothes Matinee Scheduled Today*

**Shoes, stockings, heavy underwear, shirts, trousers, coats, overcoats, overshoes, hats, gloves — any article of clean, wearable school clothing—will gain admittance to Palace theater to see Bob Steele in "The Gallant Fool" between 4 and 6 o'clock this afternoon.**

**The clothing, gathered at a second "Sanders school matinee" sponsored by Lindsey theaters and the Avalanche-Journal, will be distributed among more than 150 Sanders school children who have no clothing for winter.**

**Admittance will be granted to any child younger than 14 years who brings any piece of clothing a school child 6 to 14 years old can wear. The only requirement is that the clothing be wearable and clean.**

## BANK HELD UP IN OKLAHOMA

### THREE ROBBERS FLEE WITH $1,200 LOOT; BANKERS FREED

(By The Associated Press)

GEARY, Okla., Sept. 15—Three armed men held up the First National bank of Geary soon after it opened this morning and escaped with approximately $1,200.

The robbers kidnaped two women tellers, Mrs. Donna Fisher and Mrs. Leatha Ford, and the cashier, W. A. Richardson, releasing them unharmed one mile south of town.

After parking their Plymouth coach at the side of the bank, the trio, two of them flashily dressed, entered by side and front doors and "covered" the three employes and two customers, A. L. Waerick and Mrs. L. S. Scott.

**Two Stand Guard**

Two of the men stood as lookouts and guards while the third went to the rear of the bank, where the president, John Dillon, was busy at his desk. The bandit ordered Dillon to "get out of here," but displayed no weapon at first. When the president refused to heed the command, the robber produced a pistol.

Dillon complied, calmly taking his place with the bank employes. The robbers then looted two tills, but overlooked a third containing $500.

They then forced the three bank workers to accompany them to the car, leaving Dillon and the customers in the bank.

### *Senate Sends Body To Stricken Area*

**AUSTIN, Sept. 15 (AP)—The Texas senate today authorized the selection of a committee consisting of Lieutenant Governor Edgar E. Witt and five senators to investigate conditions in the storm area of the lower Rio Grande valley.**

**The committee would survey the situation in the valley and make recommendations concerning what state aid should be extended. The senate yesterday had approved a resolution calling for a visit to the valley on the part of a joint legislative committee but the house had rejected it.**

**TO ATTEND FUNERAL**

**WASHINGTON, Sept. 15 (AP)—President Roosevelt today arranged to attend funeral services for Irwin H. Hoover, chief usher at the White House who died suddenly last night of a heart attack.**

## THE WEATHER

WEST TEXAS: partly cloudy tonight and Saturday; occasional rains in southeast portion Saturday.

EAST TEXAS: Mostly cloudy, occasional rains in south portion tonight and Saturday. Fresh easterly winds on the coast becoming strong on west coast. Probably reaching gale force in lower Rio Grande valley.

OKLAHOMA: Partly cloudy tonight and Saturday.

# *Arguments Start In Stanton Murder Case*

# CUBAN TURMOIL BOILS TO NEW CRISIS

## BLOODSHED IS THREATENED IN ISLAND

### HAVANA FACES THREAT OF FOOD SHORTAGE AS STRIKERS GROW

(By The Associated Press)

HAVANA, Sept. 15.—A new Cuban "constitution of independence" subordinating individual rights to common welfare was inaugurated today as unrest and political turmoil boiled to a crisis.

Strikes grew through the island, some admittedly in opposition to the government. Havana was threatened with another serious food shortage. The administration heard rumors of armed resistance and tightened guard lines about the National hotel where 500 defiant army officers have entrenched themselves.

**Bloodshed Threatened**

Fighting and bloodshed, mutiny and rebellion were threatened as President Grau San Martin announced a plan calling for "absolute independence and national sovereignty," a "perfect adjustment of political and economic interests" and general elections for a constitutional convention.

A detachment of troops was sent from Havana to quell an uprising near the town of Consolacion Del Sur, in Pinar Del Rio province, where a former army captain, Fernando Aran, and a group of armed civilians persuaded an army post to join them in a revolt against the government. The band then went to the hills.

Warehousemen were on strike in Havana. Already prices have soared because of this and a field workers' walkout in adjacent provinces, and authorities foresaw a growing scarcity of food.

Employes of the Havana electric railway were at odds over the allotment of work, and officials said the situation was not encouraging. The powerful O C R R secret society instituted a consumers' strike

## ADMITTED OUTLAW IS UNDER ARREST

SAN FRANCISCO, Sept. 15 (AP)—James Lawson, who police said was a member of a middle western gang of outlaws and had confessed to participation in robberies in which a total of $185,300 in loot was obtained, was arrested here last night.

Among the crimes police said Lawson admitted having a part in were:

The daylight robbery of the Hutchinson Gas company at Hutchinson, Kas., ten months ago in which $10,000 was taken; robbery of the Union Gas company, Coffeyville, Kas., in which $2,600 was obtained and burglary of $170,000 in securities and $2,300 in currency from a Joplin, Mo., automobile agency.

Police said Lawson confessed he was a member of the Bailey gang of alleged bank robbers and machine gun bandits.

## TESTIMONY IS TULIA TRIAL FINISHED

### DEFENDANT DECLARES MOSELEY MURDERED BY HUNSUCKER

(By The Associated Press)

TULIA, Sept. 15.—Testimony was concluded and arguments began today in the trial of Ed "Perchmouth" Stanton for the slaying of J. C. Moseley, Swisher county sheriff.

The claim that Glenn Hunsucker killed Sheriff Moseley was made by Stanton on the stand yesterday.

Sheriff Moseley was shot in his car two blocks from the Tulia courthouse last January 22, after he had pursued and overtaken two men and a woman he wanted to question.

**"Hid Behind Car"**

Stanton testified that when the shooting began, he took refuge behind the car and then back of a pilar at a nearby filling station. After the firing ceased, he said he saw Hunsucker remove a rifle from Sheriff Moseley's car. Stanton said he was unarmed at the time.

Hunsucker was shot to death by New Mexico officers near Carrizozo last July, the day before Stanton was captured. Both were under indictment in the Moseley case and officers had been hunting for them.

They also were under indictment for murder in connection with the shooting of Deputy Sheriff Joe Brown at Rhome.

Doyle Meeks, a state witness recalled by the defense, testified it was Hunsucker who killed Deputy Brown, the same week Sheriff Moseley was shot.

**On Stand Four Hours**

Stanton, a former convict, spent almost four hours on the witness stand yesterday. He said he became friendly with Hunsucker's father while both wer trusties a

### *No Official Status For Relief Group*

WASHINGTON, Sept. 15. —(AP)—Secretary Ickes has written Governor Ferguson of Texas that although advice from the Texas Rehabilitation and Relief commission will be appreciated by the public works administration, the commission has no official status and no power in the eyes of the administration.

Ickes explained the administration will not permit the establishment of state agencies to interfere with the flow of applications from their proponents through the state advisory board and thus to Washington.

### *Seven Mexicans In Texas Are Injured*

SAN BENITO, Sept. 15 (AP)—Seven Mexicans were injured early today when a miniature tornado, regarded as an offshoot of the tropical hurricane in the Gulf of Mexico, struck Cameron county and blew down their frame home southeast of San Benito.

The wind blew at 100 miles an hour for four minutes at Port Isabel on the coast then dropped back to 20 miles.

## CLAIRE WINDSOR SAYS SHE WILL WED IF NECESSARY TO ESCAPE JUDGMENT

(By The Associated Press)

LOS ANGELES, Sept. 15.—Ordered by a superior court jury to pay Mrs. Marian Read $75,000 for alienation of affections of her former husband, Alfred C. Read, jr., Claire Windsor said today she would marry if necessary to escape paying the judgment.

Attorneys for the blonde actress said a motion for a new trial will be made within the next few days. They said they were ready to carry the case to the state supreme court.

The verdict against Miss Windsor was returned late yesterday by a jury of seven women and five men amid cheers and hand-clapping of courtroom spectators.

"I have no money and rather than go to work that Mrs. Read may collect, I will get married again," Miss Windsor said with half a laugh. "I can't understand it all."

"All I can say is that it is a shame," Read said. "I testified it was my fault, and it was. I am awfully sorry for Claire."

"Oh, I am so happy," Mrs. Read told the jurors, "thank you, thank you all so much."

Read, in the witness chair, had shouldered the blame for Miss Windsor's troubles when

## POLICE ROUT NEW JERSEY STRIKERS WITH TEAR GAS

**Strikes have paralyzed part of the northern New Jersey silk industry. Violence burst out in the area when pickets tried to storm a dye works at Lodi, N. J. More than 30 persons were hurt when police drove the battling strikers back with clubs and tear gas. Picture shows demonstrators fleeing before a tear gas barrage. (Associated Press Photo)**

## HIGHWAY BODY DENIED FUND

### TEXAS RELIEF GROUP AGREES TO FURNISH MEN FOR PROJECTS

(By The Associated Press)

AUSTIN, Sept. 15 — Lawrence Westbrook, director of the Texas Rehabilitation and Relief commission, today issued a statement in which he said federal relief funds will not be turned over to the state highway commission either by his group or the federal emergency relief administrator.

He said, however, that the relief commission stands ready to furnish labor selected by it for use on highway projects approved by it.

**Denies Responsibility**

"If the highway commission delays submitting such projects and getting them under way, then the responsibility for such delay must be assumed by the highway commission," Westbrook stated.

"We are ready and have been ready since Monday to furnish the labor.

"I was advised over long distance telephone Tuesday by Federal Emergency Relief Administrator Hopkins that Secretary Ickes had agreed to appropriate special funds for highway construction in the two drouth stricken areas of West Texas and in the hurricane stricken counties of southwest Texas. This appropriation was to be over and above the regular highway allotment of $24,000,000 which already had been made to the state of Texas through the highway department.

"If the highway department is not willing to take advantage of this appropriation and use the funds thereby made available on work relief projects developed in conjunction with the Texas rehabilitation and relief commission, I shall request that those special funds made available by Secretary Ickes be allocated to the commissioners' courts

(Turn to Page 11, Column 8. Please)

### *Rio Grande Swells Banks At Presidio*

PRESIDIO, Sept. 15 (AP)—Flood waters of the Conchos river, Mexican tributary dumping into the Rio Grande here, today had caused the Rio Grande to overflow its banks. Farmers living in Presidio valley removed their livestock and household goods to high ground as a precautionary measure.

The high water in the Conchos was caused by heavy rains in the state of Chihuahua, Mexico. Flood gates of Santa Rosalia dam, near Chihuahua City, were opened and additional millions of acre feet of water were added to the torrent.

## Brew Ends Dry Spell For Texas

### BEER GUZZLERS BLOW SUDS FROM THEIR SCHOONERS TODAY

(By The Associated Press)

DALLAS, Sept. 15 — Beer guzzling Texans blew the suds off their schooners today and rejoiced in the termination of the long dry spell.

The rumbling of beer trucks over normally quiet streets harmonized with the convivial strains of "Sweet Adeline" and other almost-forgotten barroom ditties as the citizenry rallied at one minute after midnight to welcome back the long-outlawed brew.

Celebrants in the 133 counties where sale of 3.2 beer had been legalized reveled mildly until the early hours of morning.

Despite the overwhelming majority by which beer was favored by the state as a whole in the August 26 election, 121 counties remain dry—local option laws still being on the books. Texas, itself, had been dry since 1917.

Residents of various cities, including Houston, Galveston and San Antonio, had made the acquaintance of 3.2 quite some time before its legalization today, authorities having decided to permit "jumping of the gun."

Beer trucked in from Oklahoma, Louisiana and other wet states had been dispensed surreptiously in many places where officers stuck to the letter of the law.

## DEADLINE FOR COAL IS SET

### ROOSEVELT SAYS NRA CODE MUST BE GIVEN TO HIM BY TONIGHT

WASHINGTON, Sept. 15 (AP)—Soft coal operators toiled today against tonight's presidential deadline to complete an NRA code for their basic industry.

Disturbed by reports of shooting and rioting in western Pennsylvania's strike area, President Roosevelt last night gave the operators just 24 hours they requested to wind up negotiations.

**No Extension Expected**

The president indicated there would be no extension of time. The operators renewed their conferences near midnight, immediately after the White House meeting.

The thousands of miners in Pennsylvania's bituminous coal "holiday" walked out in protest to delays which have held up expected pay increases. Mr. Roosevelt, through the code, wanted to stop the strike by removing its cause.

After the conference attended by his own industrial aides and spokesmen for the operators and miners, the president said in a statement:

"I have definitely outlined tonight the urgent reasons for immediate agreement on a coal code.

"Without exception the operators present representing the major coal producing areas and representatives of the United Mine Workers of America have given me their assurance that the code in its present form is for the large part acceptable and that in all human probability this code can be negotiated to a conclusion within the next 24 hours —in other words by Friday night."

## REDUCTION OF EXPENSES TO BE SOUGHT

### BOTH HOUSES TRY TO END EXTRAVAGANCE IN RENDERING AID

(By The Associated Press)

AUSTIN, Sept. 15.—Both houses of the legislature today moved to forestall excessive expenditures for administration of the distribution of unemployment relief funds supplied by the federal and state governments.

In the senate, Senator Ernest Fellbaum of San Antonio introduced a resolution stating that there had been "rumors and innuendoes that under the present plan the administrative costs and salaries have been greatly disproportionate to the amounts allocated to relieve the suffering within the borders of the state."

**Commission Proposed**

The resolution called for the appointment of a commission of three members of the senate and a like number of representatives with permanent jurisdiction over the funds to be provided by the issuance of unemployment relief bonds to the end "that abuses in extravagant administrative costs shall not defeat the very purpose of the people's bounty."

The resolution and the bill dealing with the administration of the bond money which had been introduced yesterday were referred to the committee of the whole. The committee will meet Tuesday to consider the bills.

**House Asks Data**

The house meanwhile adopted a resolution requesting Gov. Miriam A. Ferguson former Gov. R. S. Sterling and Lawrence Westbrook director of the Texas rehabilitation and Relief commission to furnish detailed data on expenditures made from relief funds since the work was started in Texas. The resolution, sponsored by Representative A. K. Daniel of Crockett, was adopted 108 to 2.

Representative B. F. Vaughan of Greenville introduced a bill in the house that would suspend the state's stringent anti-trust laws only "in so far as they conflicted with opera-

(Turn to Page 11, Column 1 Please)

## EXPERIMENT FARM HOLDS FIELD DAY

An annual field day at the state experiment sub-station near here this morning attracted about 250 farmers, representing Lubbock, Hale, Crosby, Garza, Lamb, Hockley, and possibly Lynn county.

Don L. Jones, station superintendent, had charge of the program. The farmers passed this morning looking at experimental plots, and were to inspect others this afternoon.

A luncheon was served by the Lubbock Chamber of Commerce at noon, with Dean A. H. Leidigh of the Technological college division of agriculture, Garnet O. Reeves of the chamber, and W. M. Ross, a farmer living southwest of here, as the serving committee.

Crops and methods of raising them were to be discussed after the luncheon.

## LOCAL MEXICANS START OBSERVANCE OF INDEPENDENCE DAY HERE TONIGHT

Viva la Mexico.

Beneath flags of their adopted country and of their homeland, Lubbock Mexicans tonight will express that spirit as they begin a two-day observance of Mexican independence day, which is Saturday.

Mayor J. J. Clements; George S. Berry, representing Allen Brothers post, No. 148, of the American Legion, and several Mexicans, including Manuel Reyes, president of the committee on observance, and A. Melendez, will speak tonight at Avenue N and First street, in Little Juarez, the Mexican quarter.

The Lubbock High school Westerner band tonight and again Saturday night will present a 30-minute concert, beginning at 7:30 o'clock. The program proper will begin at 8 o'clock.

This morning a platform was being erected. Flags of Mexico and the United States were to be hoisted there, supplemented by bunting.

Children will present poems and perhaps songs, of a land most of them have never seen, tonight.

Mrs. George Duval, teacher at the Mexican school will speak Saturday night.

A dance, for which a Mexican orchestra from Roswell, N. M., will play, will climax each program.

### *Joe Murphy Freed From Lubbock Jail*

Joe Murphy, no-billed by a 99th district court grand jury in a filling station burglary case, was released from Lubbock county jail Thursday. Burton S. Burks, assistant district attorney, said evidence was insufficient. Some tobacco and snuff were taken from the station in May.

Murphy was one of six trusties who last month saved Jailer Parum Posey from serious injury at the hands of six prisoners and helped him to prevent their escape.

Everardo Garcia, charged in county court with aggravated assault, and Abel Seguera, indicted by a 99th court grand jury for burglary, were released from county jail today and yesterday, respectively, on bond.

# Clubs Continue To Have First Fall Gatherings; Madonna Circle To Meet Today

## Woman's Club Is At Meeting Here

Clubs are continuing to have opening meetings for the season.

Members of the Madonna Circle of the Child Conservation League are meeting at 3 p. m. this afternoon with Mrs. W. G. McMillan, 2121 Thirteenth street, in the first regular gathering. The club was formed during the summer as one unit of a national organization.

Members of the Lubbock's Woman's club attended an opening luncheon Thursday afternoon at Hotel Lubbock and heard an informal program. This club, formerly the Lu Beta Delphian chapter, was reorganized in the spring and this was the first regular meeting since then.

Mrs. R. D. Moxley, club president, presided at the meeting. An introduction of guests followed the invocation given by Mrs. George Berry. A quartet made up of Mesdames Clark Mullican, J. B. Edwards, O. K. Peters and H. F. Godeke sang Guion's "Home On the Range," accompanied at the piano by Mrs. Moxley.

**Five Make Talks**

Four members and Mrs. J. O. Ellsworth, a special guest, told of their impressions of A Century of Progress Exposition. Members who made talks were Mesdames Godeke, J. R. Weiss, Peters and G. P. Kuykendall.

Other special guests attending the luncheon were Mesdames A. B. Davis, John Frye, A. B. Cunningham, Joe Clingan of San Angelo, J. A. Fortenberry and Miss Elizabeth West.

Members present were Mesdames J. L. Barstow, Robert Bean, Ralph Bedford, Berry, H. H. Bidwell, John Dalrymple, Edwards, Godeke, J. E. Hamilton, J. D. Hassell, Sam Henry, Kuykendall, Arthur Brown, N. S. McBride, W. G. McMillan, W. T. Milam, Moxley, Mullican, Peters, R. B. Rodgers, W. L. Stangel, W. T. Raybon, Weiss, H. A. Welmaker, C. D. Wiley, Misses Sue Bryan and Johnnye Gilkerson.

## 1930 Club Attends Party On Thursday

Games of forty-two were played Thursday afternoon when members of the 1930 Friendship club were entertained by Mesdames C. E. Love and W. D. Benson. The party was in Mrs. Love's home, 2317 Thirteenth street.

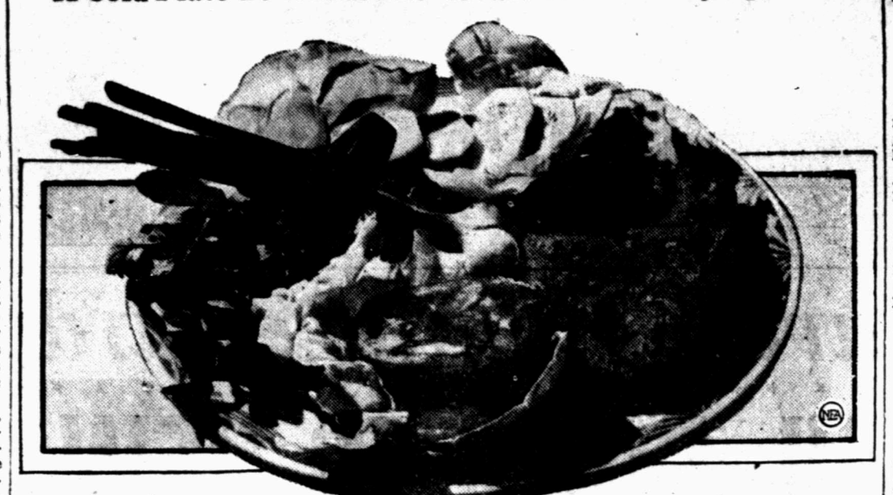

Mrs. A. W. Evans was received as a member and Mrs. A. B. Ellis, who returned here to make her home, was received back into membership.

Those present were Mesdames Erle Thompson, E. B. Harris, W. W. Campbell, Pebble Talley, J. B. McCauley, Joe Hess, A. B. Ellis, A. H. Crawford, Harry Hall, Fred Adkins, B. T. Campbell, T. V. McKinney, M. A. Welch and C. C. Webb.

## Pollyanna Class Has Business Meeting

First Baptist Pollyanna class members met with Elizabeth Winters, 1010 Sixteenth street, Thursday afternoon for a business session. Those present were Odell Ford, Kate Vaughn, Lois Howard, Marguerite Bates and the teacher, Mrs. J. D. Carnett.

## A Cold Plate To Warm The Heart Of Most Any Epicure

By NEA Service

The appearance of food is all important when hot days sit right down on top of you.

An appealing cold plate will tempt the most harrassed person to take a bite. Serve one that is just a little different and your praises will ring in your ears.

Cold sliced beef loaf, served with a combination salad is simplicity itself when it comes to preparing, but a meal that few folks seem to think of. This is how you make New England beef loaf:

To 2 pounds of chopped lean beef—preferably bottom round steak, add 1 tablespoonful of chopped parsley, the grated rind of one lemon, 1 egg, 1-2 teaspoonful of grated onion, 1 teaspoonful of salt, 1-4 teaspoonful pepper, dash of nutmeg and 4 slices of fat salt pork (about 1-4 pound) well chopped.

Mix the ingredients thoroughly. Put them in a deep baking pan and cook about 30 minutes in a medium oven.

• • •

Beef loaf served hot with brown gravy, is equally as delicious as it is when sliced cold and served with a summer salad.

Put your salad and your meat loaf right on the dinner plates.

Salads are a boon to the homemaker. They can be prepared in the cool of the morning, kept on ice until lunch or dinner time and served with a minimum of effort.

• • •

Be sure that your lettuce is very crisp and that the salad bowl or the dinner plates are ice cold. Many a delicious salad has been ruined by being served on luke warm plates.

Tomatoes, cucumbers, rings of green pepper, green onions, chickory, endive, radishes and any number of other fresh vegetables can be used on the platter in conjunction with the meat loaf.

You can give your family a choice of mayonnaise or French dressing.

**SUGAR OUTPUT RISES**

ROME, (AP)—India's output of cane sugar this year will greatly exceed that of last year, says a report by the Indian government to the International Institute of Agriculture. It estimates the area under cultivation at 3,349,000 acres. This is 12.3 per cent above last year and 25.3 per cent more than the average for the five years ending 1931-32.

## She Gets A Change of Heir

Divorced but five days before from the heir to Coca Cola millions, Mrs. C. P. Whitehead has chosen as her next husband Andrew Pierce 3rd, with whom she is shown in New York following announcement of their engagement. As Pierce has "a job and little else," according to Mrs. Whitehead, "it'll be love in a cottage" for them. Pierce is son of the head of the American Woolen company, the nation's largest textile concern.

## Mmes. Woods And Myrick Entertain

Members of the 1911 Needle club were entertained Thursday afternoon by Mesdames Walter Myrick, jr., and H. D. Woods in the latter's home, 1823 Thirty-Second street.

Guests were Mesdames Bradford Knapp, F. R. Friend, C. E. Maedgen, W. O. Stevens, Fred Snyder, J. F. Hankins, George Dupree, Floyd Beall, Paul W Horn, W. H. Bledsoe, W. G. Murray, Roger Q. Pierce, A. B. Conley, Eugene Payne, A. B. Cunningham, W. T. Gaston and Miss Della Wilkinson.

## Mrs. Arthur Wright Is Party Hostess

Mrs. Arthur Wright, 1911 Avenue N, entertained members of the Stitch and Chatter club Thursday afternoon in her home and Mrs. J. C. Wright received a shower of handkerchiefs, as birthday gifts.

There were three visitors: Mesdames Loyd Bentley, Scott Hollingsworth and Bill Edwards. Club members attending were Mesdames Ed Lowery, A. W. and J. C. Wright, G. R. Busse, Ed Keen, Frank Lovelace, Lilla Ford and H. L. Scoggin.

The College of Cardinals of the Roman Catholic church is made up of 70 members.

## Her Mascot

The Blue Eagle and Miss Mary Hughes are inseparable. She's national head of the women's NRA division, and as she stopped in Pittsburgh on a whirlwind tour of the country to organize feminine support for the NRA, Miss Hughes displayed a style that may become popular—A Blue Eagle scarf.

## Arline Harris Has Party For B. Y. P. U.

There was a party for members of the Big Chief B. Y. P. U. of First Baptist church Thursday evening. Miss Arline Harris was hostess in her home, 1724 Thirteenth street.

Mrs. Irving L. Jones, the sponsor, attended with the following members: Misses Marguerite Bates, Louise Howard, Elizabeth Winters, Dorothy Ford, Louise Burkhalter, Edia Juan and Annie Lorea Butler, Kathleen Payne, Ruby Green, Margaret Leftwich, Merla Mae Horton, Joyce Jackson, Myra Moore, and Messrs. George Eaton, Opal and Estill McGaw, Clifton Cocanougher, James Litton, Elwood Patty, John S. Ball, Lee Jackson, Maston Jones, James Gunn, Artie Hicks and Erwin Butler. Visitors were Graham Stanfill, Joe and Russell Love, Albert and Clarence Symes.

Mr. and Mrs. Russell Hardin and son, Ned Wallace, and Mrs. Jesse Chinn and daughter, Celene, have gone to East Texas for a visit.

**New Way Ends Body Odor In This Hard Water**

Famous chemists have discovered the effective answer for body odor—deep-pore cleansing. A new kind of bathing in hard water, made possible by Kirk's Coco Castile soap.

Ordinary soaps, with their thick, sluggish lathers, are being rapidly replaced by this 100% pure vegetable oil soap, made by America's largest soap makers. In this hard water Kirk's Coco Castile breaks instantly into a searching lather that cleans deep into the pores, actually removes stale perspiration beyond reach of ordinary soaps, then rinses out in a flash. Thus body odor is ended in the only effective way—by removing the cause.

Kirk's Coco Castile is delightful to use and stimulating to the skin. Free from offensive M. S. (medicine smell), it ends body odor the odorless way. A big bargain, 50 per cent larger than ordinary toilet soaps, it is sold everywhere at the lowest price in history. Be sure to ask for Kirk's Castile by name—at your grocer's.

EVERY DAY IS BARGAIN DAY AT
**HEEPY-CHEEPY QUALITY MARKET**

We have many fresh fruits and vegetables. Lettuce, Cauliflower, Tomatoes, Corn, Peppers, Carrots, Oranges, Mustard or Turnip Greens, Grapes, etc.

## Thursday Club Has Bridge Party Here

Members of the Thursday Bridge club and five special guests played bridge Thursday afternoon as guests of Mrs. W. H. Logan, 1112-A Eighteenth street. The five special guests were Mesdames Joe Logan, W. E. Brown, Gilford Scott, Herbert Stubbs and Pierce Magee.

Club members attending were Mesdames L. A. Howard, Joe Telford, W. C. Blanton, J. E. Cook, George Brewer, Dewey McClellan, I. F. Kenned, W. J. Robertson, W. A. Fix, Lon C. Ingram and T. C. Meinecke.

Favors were presented to Mesdames Howard, Stubbs, Telford and Blanton.

## Two-Year-Old Given Birthday Party

Wanda Joyce Curry, two, was given a birthday party Wednesday afternoon by her mother, Mrs. Joe Curry, 907 Thirty-Third street.

The birthday cake was cut and served to Billie, Bobbie, Frances and O. C. Foster, Wanda Sue, Mary Beth and Billie Wells, Bonnie Jean and Pat Wallace, Betty Frances and Virginia Rogers, Forrest, Bobbie, Wyndle and Lloyd Bell, Kenneth Pierce, Billie Curlee, Floyd Koen, jr., Billie Tom Garner, Joe Fern Shields, Dorothy Robinson, LaVerne Carpenter, Junior Bradford, Tommie Sue Morgan, Loye and Weldon Lee Curry.

Mothers who attended were Mesdames Eaul Bolin, Kelley Curry, Jack Davis, M. A. Sanders, L. D. Casey, Floyd Koen, O. J. Justiss, Clyde Foster, Clifton Foster, B. Wallace, John Carpenter, Thurman Pierce, Clift Weir, L. E. Bell and Harry Shields. The honoree's grandmother, Mrs. C. A. Bolin, was a guest, also.

## Methodist Students Attend Meeting

There will be a gathering of the First Methodist Wesley Foundation at Buffalo Springs Saturday to make plans for activities during the fall semester at Texas Technological college. The Foundation is made up of college students. The gathering will close with a vesper service at 7:15 p. m.

Garland Smith, president, is to direct the program. Miss Sammie Marie Hitt is to be in charge of meals and recreation. About 25 are expected to attend.

## Four Rainbow Girls Will Be Honored

Honoring four girls whose birthdays are this week, members of the Rainbow Assembly are entertaining with a garden party at the home of Dr. and Mrs. Bradford Knapp on the campus of Texas Technological college at 7:30 o'clock this evening. Honorees are to be Misses Maxine Burrus, Pauline Stafford, Nannie Margaret Overton and Juanita Gowan.

## S. S. S. Needle Party Is At Quinns'

When the S. S. S. club met Thursday afternoon for the first time since June, members celebrated the anniversary of the club's organization.

Mrs. B. Quinn, 2116 Avenue M, was the hostess. Mrs. Sam Morgan was elected president with Mrs. Stockton Henry as secretary, and Mrs. Ralph Decker as reporter.

Mrs. B. L. Wright was received as a member. Others attending were Mesdames W. L. Hester, Warren Johnson, Owen Perry, Paul Hardwick, Morgan, Henry and Decker.

Utah Natural Resources association is waging a campaign for an embargo against removal of cactus plants from the desert. Members consider cactus a natural resource.

## Swagger Suit

Coat linings go gay, this autumn. Some are brightly striped, others vivid, contrasting colors to give life to somber outer things. Even when it's a cheery plaid suit, such as this blue and white plaid swagger suit that Helen Vinson wears, the coat lining is a brighter, arresting blue. The shirt-blouse, with its shiny buttons, matches the lining, which is another new wrinkle.

## "NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines — often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

## Six And Six Party Is Given Thursday

Mrs. G. W. McCleary, 1117 Nineteenth street, entertained Thursday afternoon for members of the Six and Six club in her home.

Games of forty-two were played. Marigolds were used as decorations.

Those who attend d were Mesdames W. L. Baugh, J. A. Wilson, Fred Spikes, John Moore, K. Carter, J. C. Street, W. R. Spencer, W. P. Jennings, R. S. Williams, H. B. Hawkins and W. H. Rodgers.

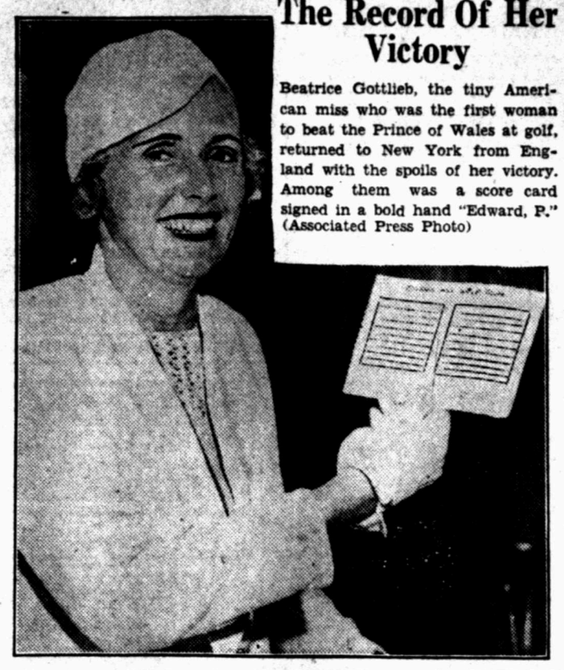

## Student Council Will Meet Tonight

There is to be a meeting of the Student Religious Workers' council at 6:30 o'clock this evening at the Glorieta shop. The Rev. O. W. Carter, pastor of Asbury Methodist church, is chairman of the group.

**COAL IN DEMAND**

NEWCASTLE, England. (AP)—One result of the British trade agreement with Scandinavian countries is the heavy demand in Northumberland for hitherto unsalable coal. Altogether it is computed that fully 1,000,000 tons are available for marketing.

## The Record Of Her Victory

Beatrice Gottlieb, the tiny American miss who was the first woman to beat the Prince of Wales at golf, returned to New York from England with the spoils of her victory. Among them was a score card signed in a bold hand "Edward, P." (Associated Press Photo)

## CAMPOREE SET HERE TODAY

### SCOUTS WILL GATHER THIS AFTERNOON AT THE FAIRGROUNDS

With sunshine prevailing again, Lubbock and other South Plains Area council Boy Scouts this morning anticipated opening of a first annual all-council camporee late this afternoon at the Panhandle-South Plains fairgrounds. The camporee will continue through Saturday.

All troops camping on the grounds must have adult leaders. They will not enter the grounds before 4 p. m. A campfire program will be presented tonight.

Area leaders will meet at 10:30 o'clock Saturday morning.

**Field Events Saturday**

Field events will begin at 2 o'clock Saturday afternoon.

All scouts must be in camp by 7:15 p. m. and remain all night to be eligible to compete in Saturday's events.

A general assembly will be conducted at 7:15 p. m. Call to quarters will be at 9:40 and taps at 10 p. m.

The camporee will be divided into two divisions, camping and field events, in which judging will be separate.

## PETROLEUM BOARD CHOSEN BY ICKES

WASHINGTON, Sept. 15. —(AP)—Secretary Ickes today announced the appointment of a petroleum administrative board to aid him in supervising the petroleum industry, performing such duties as he, as administrator, may delegate.

Nathan R. Margold, interior department solicitor, is chairman. Charles Fahy, ranking assistant solicitor, vice chairman, and Assistant Solicitor Norman L. Meyers, secretary. J. Howard Marshall, assistant solicitor and special assistant to the attorney general is a member.

J. Elmer Thomas, of Fort Worth, Texas, will serve as special technical adviser. Other members are Edward B. Swanson, chief of the petroleum economics division of the bureau of mines, and Dr. John W. Frey, petroleum specialist of the mineral division of the bureau of foreign and domestic service.

## *Tallulah Bankhead Has To Quit Cast*

NEW YORK, Sept. 15 (AP)—Tallulah Bankhead, stage star and daughter of Representative John Bankhead of Alabama, was forced by illness to retire from the cast of the new Owen Davis play "Jezebel" today. Another actress will be signed for the part.

Miss Bankhead has been in a hospital since August 26 suffering from severe abdominal trouble.

The busiest intersection in Grand Rapids, Mich., has no traffic lights officer nor any traffic signal of any kind, and yet in 1932 with 17,563 automobiles passing every 12 hours it chalked up a record of no major accidents.

# MASONS TO BE AT CONCLAVE

**LITTLEFIELD INVITES SEVENTEEN LODGES TO ATTEND MEET**

LITTLEFIELD, Sept. 15 (Special)—Master Masons from throughout the South Plains will be guests of Littlefield Masons tonight in a natural bowl in sand hills five miles south of Olton and 25 miles northeast of Littlefield. F. P. Boles, deputy grand master of the 97th district, made the announcement.

Two degrees of Master Masonry will be conferred, one by a team from Yellowhouse Lodge at Lubbock and the other by the Littlefield lodge team. Following the work, a watermelon feast is to be served, with the Littlefield lodge as host. Melons grown in the sand hills of Lea county will be served.

Seventeen lodges have been invited to send representatives. All Master Masons who hold membership elswhere, but who are in this section, also are invited to attend. An attendance of 300 visitors is expected, Boles said.

# NEW MILK POLICY TO BE EFFECTED

WASHINGTON Sept. 15 (AP)—A new policy on milk agreements that includes a 30-day trial period during which only farm prices and maximum retail prices will be fixed has been announced by the farm adjustment administration.

During the 30 day trial period, the farm administration will collect evidence from the books of distributors on which to base final retail milk prices. If, however, no satisfactory retail schedule can be worked out, the final agreement will set only maximum figures for the protection of the consumer.

Persistent trouble over milk agreements already in effect, particularly in Philadelphia and Chicago, led to the change of policy.

The announcement said that the agreements already in effect would be reviewed in the light of the new policy.

The temperature on the planet Mars reaches 94 degrees below zero at night.

# Girl, 11, Is Bride

Oklahoma welfare authorities are investigating the marriage of 11-year-old Dorothy Taylor, above, of Pauls Valley, Okla., who became the bride of T. J. Halsell, 67, in a recent ceremony. Charges that the child-bride was "traded" to Halsell by her father, a tenant farmer, are being probed.

# ITALIAN MARRIAGES SHOW INCREASE BUT BIRTH RATE CONTINUES TO DROP

ROME, Sept., 15 (AP)—The Italian people have responded well to Mussolini's efforts to increase their interest in marriage, statistics just published show. But the birth rate—another of the premier's major preoccupations—continues to fall.

Offers of rent reductions, wedding presents and generous facilities for honeymoon trips—in effect now for a year—are given credit for having caused the increase that figures for the first seven months of 1933 show in martial ventures.

Similar premiums for child-bearing, however, have had little apparent effect. In spite of the fact that cash gifts, cradles and baby clothes had been offered to needy couples throughout the country on the occasion of new additions to the family such additions were fewer by 4,614 than in the first seven months of last year.

A diminishing death rate has come to the aid of the statistics in their sum total—the excess of births over deaths—but even with this the figure as compared with that of two years ago falls short of more than 10,000.

**Fascists Take It To Heart**

It is all taken very much to heart here in Fascist land; which considers its whole future bound up in augmenting numbers. A people to be strong must be constantly multiplying, Mussolini said when he started his campaign of persuasion.

The number of marriages as compared with 1932 jumped by 5,100 (to 146,949) but is still 4,071 under that for 1931 (151,020). The fact that it is again increasing, however, is taken as success for that aspect of the movement.

Births were 4,614 below the total for the first seven months of 1932 (586,583), and 34,789 under that for the similar period of 1931 (616,758).

**FAMILIES TO GET AID**

WASHINGTON, Sept. 15 (AP)—Federal Relief Administrator Hopkins said approximately 21,000 families in six northwest Oklahoma counties would be aided by the emerency relief program. Each family will receive from $300 to $800 for rehabilitation, Hopkins estimated. The counties are Woods, Woodward, Cimarron, Harper, Beaver and Texas.

Store canned fruit in a dry, dark place to avoid mold; light causes it to fade.

# *Dairy Farmers In Chicago On Strike*

CHICAGO, Sept. 15 (AP)—A strike of dairy farmers supplying Chicago with milk spread today. Picketing farmers lined highways and surrounded milk receiving depots of the Chicago distributors. A few cans of milk were destroyed and a number of farmers forced by means stronger than threats to return home.

Officials of the Pure Milk association, organization of 18,000 dairy farmers in the Chicago milkshed, said the city's milk supply was in no danger and that the strike was sponsored by politically ambitious men.

In North Carolina truck drivers are not permitted to work more than 14 hours out of 24. And they must have a one-hour rest period between each seven-hour working period.

# NEGROES PLAN TO APPEAL

## CONDEMNED PAIR ASKS DELAY IN EXECUTION OF SENTENCES

DALLAS, Sept. 15 (AP)—Requests that their cases be appealed to higher courts have been made by Bluit Burkley and Thurman Burkley, negro brothers sentenced to death Monday by juries which convicted them of murder for the brutal killing of Miss Katheryn Prince, 21-year-old white woman.

The negroes who took Miss Prince from her escort, Mace Carver, on a lonely country road east of Dallas the night of August 30, abused and then shot her in a cotton field. The couple had parked in an automobile on the road. Carver was taken into a patch of woods by one of the negroes and shot. He was found next morning, critically wounded, and brought to a Dallas hospital. Due to his condition, he has not yet been informed of Miss Prince's fate.

Thurman Burkley said he wished to postpone his death so he might have as much time as possible in which to "get right with God", his attorney said. A simple desire to live as many days as he can was given as Bluit Burkley's reason for filing a motion for appeal. The appeals will give them at least 60 more days of life.

## *Retired Baritone Wants To Repose*

MILAN, Italy, Sept. 15 (AP)—Antonio Scotti, retired baritone of the Metropolitan Opera Co., has refused to break his rest to write a book of memoirs.

"I want respose," he said in answer to an offer of publication. "I could tell many things about my 34 years of singing, but I'm a selfish old man. I just want to loaf around.

"I've worked long enough. And believe me, singing is work."

He said he has enough money to keep him the remainder of his life providing he "goes easy."

Perfume is worn in the ears by Negrito girls of the Philippines; the perfume is placed in a rolled cloth and inserted in the split lobe of the ear.

## Here to Teach at "Exiles' University"

Ousted by the Nazis, Professors Arthur Feiler (left) and Gerhard Cohm, German Jewish savants, are shown as they arrived in New York to join the faculty of the so-called "Exiles University"—graduate school of political and social science sponsored by the New School of Social Research. Twelve other exiled fellow countrymen will later join them on the faculty.

## *Wilson Speaks To Young Demos Here*

County Attorney Vaughn E. Wilson discussed the county home rule plan, recently added to the Texas constitution by vote of the people, before Young Democrats of Lubbock county in the Lubbock hotel last night.

"It is an innovation in county government," the county attorney said. "It is problematical whether Lubbock county could have anything to gain by seeking to adopt a home rule charter. Local financial conditions have a lot to do in making such a change.

"The home rule plan puts legislative powers, with certain limitations, in the hands of men elected by the people."

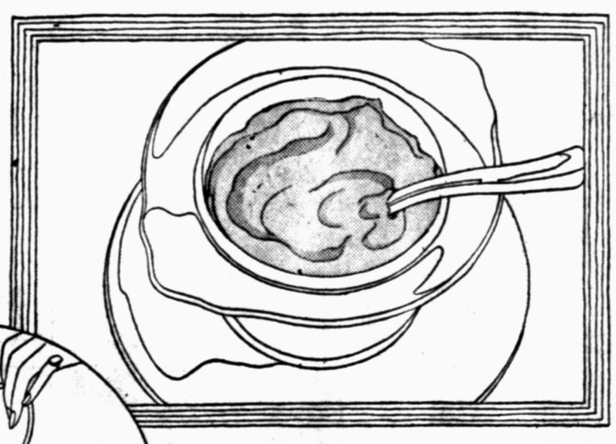

Mr. Wilson said only a close study would show the full effect of the plan. He explained its adoption by a county was optional.

At least 100,000 low water dams will be built in central Texas to combat drouth, state agriculture department engineers predict.

*You know EXACTLY what's in your own home made mayonnaise*

Some folks like mustard in their mayonnaise, but some can't stand mustard at all. Some find freshly squeezed lemon juice better for the family than vinegar. And *everybody* wants to use a really nice salad oil like Wesson Oil . . . and an egg just out of the shell. Fresh-made, fresh-served home made mayonnaise is just about the most delicious dressing there is. And you know that your own home made mayonnaise is made of the finest things . . . made the way your family like it best and the way it is best for them.

HERE'S THE NEW MIXER THAT WHIPS IT UP IN 1½ MINUTES!
PERFECT MAYONNAISE EVERY TIME!

It works with one hand while you pour with the other . . . whips up a perfect mayonnaise in 1½ minutes . . . the time required for the pint of Wesson Oil to pour out of the can. When the can is empty, six more strokes and your mayonnaise is finished. It can't fail.

GET THE MIXER AND 1 PINT OF WESSON OIL *at your grocer's today!* *both for* 49¢

The recipe is on the mixer

M SYSTEM CONVENIENT SELF SERVICE

# SAYS GUN WAS FROM FLOYD

### CONVICTED KILLER OF POLICEMAN DENIES MOTHER HELPED

CHICAGO, Sept. 15. (AP)—In an effort to save his mother from a murder conviction, John Scheck, young slayer of a policeman, created a sensation by testifying that the weapon he used had been smuggled to him by a man he knew as "Pretty Boy" Floyd.

At the time of the killing of Policeman John Sevick in Judge Charles P. Molthrop's court on July 24, police of the midwest were scouring underworld haunts for Floyd.

**Mother Implicated**

The state charges that the mother, Mrs. Rose Scheck, 50, smuggled a sawed-off revolver to her son in the bull pen of the criminal courts building while she and other relatives and friends visited him. He was awaiting trial with Carl Grundhoefer on charges of bank robbery and murder.

Shortly after the relatives left, Scheck and Grundhofer cowed bailiffs and guards, dashed into the court, and Scheck fatally wounded Sevick, who tried to stop him. Scheck was wounded and the pair were overpowered.

Scheck is under a death sentence for the slaying.

On cross examination he testified that Floyd was among visitors to see Grundhoefer.

**Warned By Floyd**

"He asked me how my case was coming along," he said. "We spoke a few words to each other. Then I told him jokingly to give me his gun. He pulled the revolver from his pocket and handed it to me. He warned me not to get caught with it. I said I wouldn't because I knew what to do with it."

Scheck testified that he had known Floyd for four years and that the revolver originally was given him by Floyd last March. He sawed the barrel off, he said, in the basement of his home and afterward returned the weapon to "Pretty Boy."

He did not see the revolver again until the day of the slaying, he testified.

Mrs. Scheck denied passing the weapon to Scheck.

# GRAND JURY RAPS FAILURE TO SEND MEN TO PRISONS

COLEMAN, Sept. 15. —(AP)—"We have carefully investigated and inquired into the cases of several men in this town who are now convicted of violating the liquor laws and who have never gone to the penitentiary," reads the recent report of the Coleman county grand jury.

"We deplore this condition and feel that during times such as we are now experiencing, with Texas already high and with hundreds of dollars already spent to secure convictions, the purpose of the law should not be defeated by permitting the law to be trifled with and thereby discouraging our officials and encouraging the criminal element in law violations.

"We do not believe that the governor of this state would continue to extend executive clemency in these and similar cases were she in possession of the facts and knew public sentiment. "We therefore call upon the citizenship of this county to voice their disapproval of this situation to the end that it may be remedied, if possible."

The library of the Vatican contains more than 250,000 books and 34,000 manuscripts.

## Storm Uproots Tree in Front of White House

An idea of the severity of the gale that struck Washington may be had in this striking photo taken in front of the White House on Pennsylvania Avenue after a huge oak tree had been uprooted, pulling with it cement sidewalk blocks. Traffic was tied up for hours.

# BORN TO THE FORMAL DRESS STRATA, ROOSEVELT SPURNS SUPER-STIFFNESS

BY BESS FURMAN
Associated Press Staff Writer

WASHINGTON, Sept. 15. —(AP)—Franklin D. Roosevelt, born to the formal dress strata of New York society, spurns super-stiffness and is one of the most comfortably-clad of presidents.

He has a penchant for sport coats "about the house." He wears shirts with soft, sewed-on collars. His summer hats are pliable panamas; his winter hats easy felts. He leaves the wearing of spats to the state department.

**Portrait Informal**

The official portrait he expects to leave behind him in the white House shows him in a soft gray flannel suit, a strong contrast to the famous Sargent depicting the two-decade-ago Theodore Roosevelt in a stiff stand-up collar and frock coat.

Franklin D. Roosevelt, however, is properly formal, too. He dresses for dinner each night when formal living is in season.

But he likes his ease, and so puts off the date for donning the formal coat as long as possible. When he invited a small group of newspapermem to dine at the White House a few nights ago, he made it very definite that he was not going to wear a dinner coat, and didn't wish any of them to appear in one.

A gray morning suit is the only eccentricity in his wardrobe. He likes such a suit and always has one.

**Likes Blue, Gray**

His color trend is to blue and gray. His ties are mostly blue, and he seldom fastens them with a scarf pin, although he often wears a collar clip.

His coats are double-breasted, their inside pockets always filled with memoranda. Even a president may get things off his mind by putting papers in his pockets.

All summer he has been dressing for the utmost possible coolness, in linens, or flannel trousers with gray or blue top coats. Someone even seemed to remember seeing him in that every day Washington midsummer uniform—the seersucker. More vivid are recollections of a salty vacationer in a sea-going hat, sometimes stripped to the waist.

**Welcomes Cool Weather**

There's one White House official who thinks the president looks his very nicest in a certain fuzzy brown suit, and for that reason welcomes cooler weather.

Jewelry appears to interest the president only for its sentimental significance. He wears in his breast pocket, dangling from the Phi Beta Kappa chain in his coat lapel, his grandfather's watch — one of the now-rare kind with a hunting case.

When he presses on its side, it rings the hour and quarter hour, so when he's in the dark, he doesn't have to turn on a light to tell the time—to within fifteen minutes.

He wears his father's seal ring bearing the Roosevelt crest carved into the bloodstone. His cuff links are either the initialed ones his father wore or his own souvenirs of the 1920 campaign.

That was when Roosevelt gave his closest aides cuff-links with their own initials and his and Mrs. Roosevelt gave him a pair to match with her initials and his.

### PAY CUT ORDERED

KANSAS CITY, Sept. 15 (AP)—Pay of city employes for the remaining eight months of the city's fiscal year was ordered reduced 25 per cent today by City Manager H. F. McElroy. McElroy said the reduction was necessary because of lagging revenues from taxes. There are approximately 3,000 employes.

### WANTS BRITISH PLANES

MILBOURNE (AP)—Sir George Pearce, Australia's minister for defense, has announced that hereafter the air force will use only British military planes with speeds of at least 200 miles an hour.

# PEAK REACHED BY MALADY

### SIX MORE DEAD FROM SLEEPING SICKNESS IN ST. LOUIS

ST. LOUIS, Sept. 15 (AP)—Indications continue that an outbreak of encephalitis, or "sleeping sickness," has reached its peak in St. Louis county, apparent spawning ground of the mysterious malady, which has been reported over a wide area.

Five deaths occurred Thursday in greater St. Louis, bringing the total to 144, but only two of the victims resided in St. Louis county.

Since mid-July 800 cases have been reported. Of the total 438 persons lived in the county and 362 in St. Louis proper. Most of the victims are recovering. In the past 24 hours but 10 new county cases have been recorded.

Despite the apparent de-centralization of the outbreak, state, city, federal and private scientists continued efforts to obtain definite information relative to the cause and transmission agent of the disease.

During 1928, 420 merchant ships, with a total tonnage, of 445,920, were launched in Great Britain and Ireland.

**Says Black-Draught "Sure Worth Price"**

"I take Thedford's Black-Draught when I get bilious," writes Mr. L. O. Miller, of Henryetta, Okla., "and it keeps me from having headache which usually comes from biliousness. If I don't take it, I feel dull and sluggish. I just have to take Black-Draught once in a while. I haven't found anything more satisfactory. It is sure worth the price."

• • Children like the new, pleasant tasting SYRUP of Black-Draught.

# CONGRESS WILL BE ASKED TO REVISE LIQUOR TAX, TARIFF

### HEAVY REVENUE SEEN FROM WHISKY, BEER AND WINE LEVIES

WASHINGTON, Sept. 15. —(AP)—Believing prohibition repeal is inevitable, Chairman Harrison of the senate finance committee said congress would be asked in January to revise the tax and tariff laws with a view to raising $700,000,000 a year from liquor, wine and beer levies.

The Mississippian told newspapermen the entire $700,000,000 could be raised through internal revenue taxation and that the tariff question would involve which foreign liquors are to be excluded and those permitted entry on a tariff basis.

**Budget Balance Seen**

Predicting the budget would be balanced under even present taxes with beer revenue surpassing all estimates and taxes on stock transfers jumping sharply, Harrison said the large incomes from liquor taxes would permit repeal of the special taxes levied at the last session to raise $227,000,000.

Repeal of those taxes is required by law and would take effect on various dates after the end of prohibition. The taxes involved include the half cent boost in the gasoline levy, and the corporation dividend, capital stock and excess earnings taxes.

Harrison said there would be some question whether the internal revenue tax on liquors would be $1.10 a gallon, as now carried on medicinal whisky, or somewhere between that and the $6.40 tax on liquor diverted to illegitimate channels. He believed, however, it would be around $1.10.

As for importations, the committee chairman said he saw no reason for excluding French wines because there was considerable revenue involved and "we are to get it."

### HAS NAZI GROUP

RIO DE JANEIRO (AP)—Besides organization of a fascist party on Italian lines, Brazil has another copied from the German nazis. The new group calls itself the national socialist party.

## Lawyers' Head

Earle W. Evans, above, of Wichita, Kan., an attorney for 40 years, is the new president of the American Bar Association. Evans was elected at the annual convention at Grand Rapids, Mich.

## *Lindberghs To Go Further In Europe*

STOCKHOLM, Sept. 15 (AP)—Colonel Charles A. Lindbergh revealed today in his first formal interview granted Swedish reporters that he and his wife will travel further in Europe before returning to the United States.

Good humoredly answering or evading questions, Colonel Lindbergh said that they planned to sail home to avoid winter flying and that plans for the North Atlantic air route which he set out to survey were progressing, although much meteorological study yet was required to ensure safety.

# VIOLATION OF NRA CLAIMED

## GASOLINE DEALERS AT DALLAS CHARGED IN FOUR COMPLAINTS

DALLAS, Sept. 15 (AP)—Four complaints charging Dallas gasoline dealers with violations of the national petroleum code were filed Thursday with Clyde Eastus, federal district attorney, who immediately forwarded them to Washington for action. They were the first of their kind to be filed in the state.

The complaints, involving alleged violation of the fair competition provisions of the code's marketing section, were accompanied by evidence. Included was a photograph of a truck running unbranded gasoline into a tank for sale through a branded pump. Photostats of bills of sale in transactions now illegal under the NRA code also were sent.

The complaints were taken to Eastus in Fort Worth by La Vergne F. Guinn of Guinn and Lee, Dallas attorneys, and C. C. Hayley, who signed them as secretary of the Automotive Maintenance association of Texas, which represents local associations from principal cities of the state, and as secretary of the Dallas Automotive federation.

# SOVIET TRADE IS BEING SOUGHT BY FIRMS IN SPAIN

MADRID, Sept. 15 (AP)—Republican business men are beginning to make a bid for Russian trade which they hope will increase as a result of recognition of the Soviet government. The overwhelming balance of trade against them has been a matter of concern.

The annual Russian expert volume to Spain totals around $8,000,000, most of it coming through the gasoline monopoly of the Spanish state which buys about 80 percent of the consumption from Russia on a contract signed two years ago.

**Spanish Exports Small**

The Spanish export volume to Russia is estimated around $2,000,000, mostly in occasional orders for sheet tin, iron and steel products such as rails, sheet steel and rough iron, a little cork and other minor Spanish articles. Reliable impartial commercial leaders doubt that the volume will reach $2,000,000 this year.

Spanish manufacturers of boats have made overtures to the Russians for shipbuilding contracts, as have railway and highway construction materials firms for their products. The fruit growers turn anxious eyes toward the Russian market, since the English market for oranges and other fruits has been virtually closed by tariff walls. It is estimated that more than $25,000,000 worth of oranges were wasted this year because of lack of market.

**Russia Would Sell Lumber**

Russia, it is reported, hopes to extend lumber sales here. Spain has to import large quantities of lumber for cheap furniture, construction work, and other uses. Hitherto most of this has come from Central Europe.

The recent opening of the Baltic Canal in Rusia has tapped large forest reserves which could be exploited cheaply, commercial officials declare.

### DOESN'T KNOW AGE

THOMPSONVILLE, Mich. (AP)—On the outskirts of Thompsonville, lives Shag-Wa-Go, or "Indian John," as he is known, who is so old he does not know his age. But he can recall starting a trading post when about 17 years of age on what is now the site of Grand Rapids, before Louis Campau, the French trader, reached the country. Campau reached Grand Rapids in 1827, which would make "Indian John" about 123 years old.

# How Brownsville Was Damaged

A sample of the property damage caused by the Texas hurricane at Brownsville is shown here. About 30 persons were known to have been killed by the tropical storm. (Associated Press Photo)

# FEDERAL CREDIT EXPANSION EFFORTS ARE PUSHED ON WELL-DEFINED FRONTS

WASHINGTON, Sept. 15. —(AP)—Federal credit expansion efforts progressed today on four well-defined fronts.

At the Reconstruction corporation, a billion dollars was made available for loans to industry through banks and trust and mortgage companies.

The Federal Reserve board continued its policy of increasing banks reserve deposits through purchases of government securities.

At the treasury, officials coordinated efforts to have every bank, not hopelessly insolvent, on a sound basis by January 1.

**Expenditure Pressed**

The public works administration pressed for faster expenditure of its $3,000,000,000 fund as a means of putting more money into industrial and trade channels.

In addition to these, Chairman Harrison of the senate finance committee indicated his belief that some monetary inflation may be undertaken at an early date to help raise commodity prices.

After conferences with President Roosevelt, Budget Director Lewis Douglas and Governor Eugene Black of the Federal Reserve board, Harrison expressed to newspapermen his own opinion:

"I contemplate some action pretty quick whether you call it inflation or not. Inflation should be carried out more drastically than it has been. My belief from those conferences I have had is that something will be done and is being done. I have a faith they are going to utilize every agency to do more than open market operating to get higher commodity prices."

Jesse Jones, chairman, who announced the RFC's new liberalized credit policy, described it as "inflation—in the form of credit." His plan involved emergency 3 per cent loans for up to six-months periods to banks and trust and mortgage companies agreeing to relend the money to industry for meeting material and payroll charges and to "assist merchants especially affected by the NRA."

Jones said institutions obtaining the emergency loans must relend at 5 per cent. He announced a cut in the RFC's basic interest rate from 4 1-2 to 4 per cent effective October 1. Jones further urged the organization of local mortgage companies "to supplement bank lending where loans are of a sound character, but slow."

# HOG REDUCTION QUOTA INCREASED

WASHINGTON, Sept. 14 (AP) — Instead of 4,000,000 pigs, the number to be bought for the farm administration in its emergency hog reduction campaign may be about 4,428,000.

Announcement that the original quota might be devised was made by Dr. A. G. Black, chief of the hog production section.

Two factors are responsible. One was the rush of pigs to market as a result of the program and the other that many farmers in drouth stricken areas are being forced to market the swine because of their lack of feed.

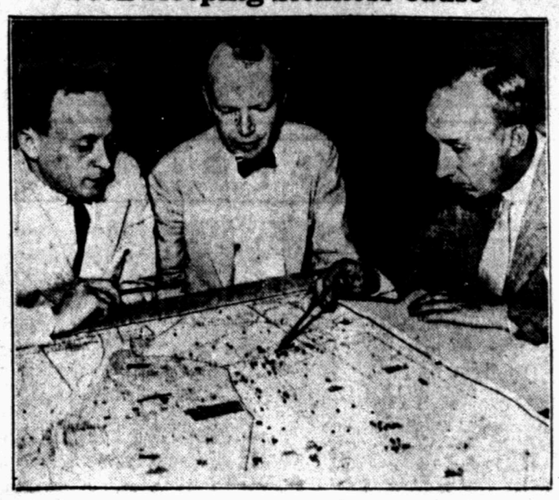

Farrowing sows will not have their original quota of 1,000,000 raised. There is no occasion to increase it since from last reports only about 75,000 had been sent to market.

Black said processors at the following points had been given additional quotas: Oklahoma City, Okla.; East St. Louis, Ill.; St. Louis; Chicago; Kansas City; Wichita, Kansas; Houston, Tex.; Fort Worth, Texas; Arkansas City, Kansas.

The government is paying premiums to the farmers who sell the pigs and sows at markets authorized to buy them. The end of the reduction campaign has been fixed for September 29.

Europe has 1,225,700 miles of the world's total of 6,665,800 miles of motoring roads.

# Seek Sleeping Sickness Cause

Federal and county health officials in St. Louis are shown mapping the spread of the mysterious siege of sleeping sickness which has brought many deaths in St. Louis and suburbs. Left to right: Dr. Paul J. Zentry, assistant St. Louis county health commissioner; Dr. J. P. Leake, senior surgeon of the federal public health service, and Dr. Joseph Bredeck, county health commissioner. (Associated Press Photo)

Anti-knock NEWS!

Phillips 66

70 OCTANE

without paying a premium

Here is anti-knock quality unsurpassed by any other regular priced gasoline!

When Phillips, world's largest producer of natural high gravity gasoline, says that . . . then certainly it is exciting news. And the way to find out just what this means to your motor and your pocketbook is to try one tankful.

Switch to Phillips 66 for just one week. Feel the difference on hills or straightaway . . . in traffic or on cross-country highway. Your car will click off the miles with new knockless ease. You will be proud of the improvement in the pep and power of your motor — grateful for those extra miles in every gallon.

Remember, Phillips 66 is the motor fuel used in the famous "Golden Ford Economy Runs" throughout the middle west, which showed an official average of 19.4 miles per gallon—not in the four cylinder car, but in the V-type eight cylinder motor.

This is the kind of economy and performance which millions of car owners regularly get with this amazing gasoline. Every time they Phill-up with Phillips, they know exactly how high the "test" is, how much anti-knock value they are getting . . . because Phillips always prints definite figures in place of indefinite claims.

Our anti-knock rating is 70 octane. Our gravity figures this month range from 62.1° to 67.9°. That's why you quickly feel the difference, when you stop for gas at the Orange and Black 66 shield.

"HIGHEST TEST" AN anti-knock at the price of ordinary gasoline

CARNATION FLOUR

IS COMING TO LUBBOCK!

# SPORTS

## SPYING ON SPORTS

BY COLLIER PARRIS

Contrary to predictions of pessimists, the Texas league did not fold up after the first six weeks. Fighting against great odds that necessitated several important changes and financial campaigns, the league went on to finish the regulation season. President J. Alvin Gardner and his aides deserve congrats and felicitations.

• • •

Don't be surprised if the Texas league reverts to the old and established sustom of a split season next year. A season under the Shaughnessy system has not left such a smooth taste in the mouths of Texas league fans, actual and newspaper, in general and Houston fans in particular. From an outsider's standpoint, the old Texas League ain't what she used to be, when the split season was in force. Until this year there was much interest on the part of reading fans of this locality as to the doings in the Texas league. There haven't been one-fifth as many phone calls, personal calls and letters asking and telling of Texas league activities this season.

• • •

**Bill Parker, Associated Press** sports scribe for Texas, offers the following:

President Fred Ankenman of the Houston Buffaloes looked out on a dark baseball diamond. He must have seen ghosts fleeting through the darkness—ghosts in the form of Dixie series dollars . . . his hat was pulled down over his eyes. He twiddled his thumbs. His Houston Buffaloes, winners of the straight-through Texas league pennant, had lost to San Antonio in the Shaughnessy pennant plan play-off. Out of first place only seven days during the regular season, they had muffed their Dixie series chance by allowing the fourth place team to beat them.

"Well, Fred, what do you think of the Shaughnessy plan now," asked a reporter of the man who had fought for its adoption and then saw it cost him several thousand dollars.

"I'm still for it," replied Ankenman. . . .

"Sure it cost us Dixie series money. Sure we won the straight-through pennant, and under ordinary circumstances would have played the Southern association champions. But that isn't the point. These are not ordinary times. The Shaughnessy system cost us dearly, but it has meant financial salvation for others.

"I know Houston fans are going to protest and claim they will never attend another game at Buffalo stadium. But there's two sides. What if we had finished fourth and San Antonio first? What if we had then defeated San Antonio three straight games? I'll tell you what—our fans would have been just as tickled as the San Antonio fans are, and they would have had a right to be. We were defeated and that's all there is to it. Yes, I still am a booster for the new Shaughnessy plan even if it costs me again next year."

• • •

But the Houston players—they'll tell you it is a lot of something for nothing. Plainly, they don't care for it. "What is the use of winning a pennant if you can't have it after winning it?" inquired Gene Moore, rightfielder who has been sold to the St. Louis Cards. There was no answer.

• • •

**Now for some mail. It's been a** long time since we heard from Secret Operative X45833R of Lamesa, but here he comes, just at the proper moment:

• • •

Dear Parris:

I positively am not going to be out-done by this "Gus Axlegrease" person, so I disguised myself as an interested spectator and got the low down on Prof. "Mac's" Lamesa football prospects for the current season.

To make a long story more painful, there just are not any prospects. The boys can't keep out of each other's way, and the team work is pitiful. They stumble over a blade of grass and almost break their necks trying to catch a forward pass. It's awful. Simply terrible.

Now Collier, don't let old Gus Axlegrease supplant me in your affections. You know as well as I do that he can't fight a lick. I tried to get him in a ring with me last year, and he was as bashful and shy as a prairie chicken during the late and lamented hunting season.

Just to prove to you that he is afraid of me, I hereby challenge him to a duel with any kind of weapons, from a "nigger shooter" to hat pins.

He simply seeks to get a lot of publicity through your column, so if I were you I would watch him closely.

Yours truly,
X45833R.

---

There are 35,000 John Smiths in the United States, according to estimates.

## FOUR GOLFERS SURVIVE IN TOURNEY

### MUNGER AND MARSTON, LITTLE AND DUNLAP TO PLAY TODAY

BY JAMES L. RENICK
Associated Press Sports Writer

KENWOOD COUNTRY CLUB, CINCINNATI, O., Sept. 15. —(AP)—Four days ago the field was 152. yesterday it was eight. Today it was four as they met in the semi-finals of the United States Amateur golf championship—once more a home battle, with the Canadian defender, C. Ross (Sandy) Somerville, eliminated.

Four contenders, two from the east, one from the southwest, and one from the Pacific coast, whose ages vary from the prep school years to 41 are after the crown.

**Former Champ Remains**

One is Max Marston of Philadelphia, a champion 10 years ago. Another is W. Lawson Little, jr., 23, of San Francisco, who has tried so often and failed without exception.

A third is George Dunlap, jr., of New York, only 24, but already well known in amateur golfing circles, and the fourth is a newcomer to national competition, Jack Munger, 18, of Dallas, Tex., son of a wealthy oil man. Munger has another year at Hill school, Pottstown, Pa., before he enters Princeton.

That was the lineup which started out today over a water-logged course for the right to play in the final tomorrow and a chance at the crown so ruthlessly struck from Somerville's head yesterday by Little.

Little's semi-final opponent was Dunlap, while in the other match it was a battle between the two extremes in ages. Marston, who is 41, was paired with the youthful Munger.

**Favorites Eliminated**

The wholesale disposal of favorites, which has marked the tournament since the opening day, reached its height yesterday with Little's elimination of Somerville, 2 and 1. It was a bitterly contested affair from start to finish, with the Californian winning because he played the better golf. Twice during the match he saw a sizeable lead dwindle before the sharpshooting of the Canadian title holder and time after time he pulled himself out of trouble with remarkable shots that would have broken a less stout-hearted opponent.

Marston furnished the large gallery with many a thrill in his quarter-final round with Sidney W. Noyes, jr., of New York, the former champion winning one up after they had battled two extra holes. Strangely enough, Noyes perhaps lost the match because he picked up a pear lying along side his ball in an old road-way on the twenty-sixth hole.

Unthinking, the youngster tossed the fruit to one side in order to make a better shot at the ball. He immediately was advised that he had lost the hole for removing a hazzard near which the ball had come to rest.

Dunlap had the only "easy" match of the day, trouncing Eddie Held, of New York, 6 and 5.

Munger sprang another surprise of the tournament when he defeated Jack Westland of Chicago, the 1931 runner-up, 3 and 1. Westland was only two down at lunch but he was four down at the 27th. Here he started a rally but it was too late to do him any good.

## BELMONT RACE IS TOMORROW

### TWO-YEAR-OLDS WILL DECIDE JUVENILE CHAMPIONSHIP

NEW YORK, Sept. 15 (AP)—Two dozen of the country's leading two-year-olds will settle the juvenile championship in the 44th running of the turf's richest race, the $100,000 futurity, at Belmont park tomorrow.

The mighty Equipoise, the only stand out thoroughbred of the season, also will be on the program seeking his eighth straight victory of the year in the $5,000 Jockey club gold cup, but for once the little chestnut will have to yield interest to the colts and fillies, which have yet to earn their spurs.

Three years ago Equipoise, then just a promising two-year-old from C. V. Whitney's barns, was beaten by Jamestown, carrying the silks of George D. Widener, in the futurity.

No Jamestown or Equipoise has appeared in "dress rehearsals" for the futurity this year and as a result, the largest field since Marshall Field's High Strung whipped 23 others in 1928 is expected to face Starter George Cassidy at about 3 p. m. (E. S. T.).

With three leading fillies, including E. R. Bradley's Bazaar, winner of the Hopeful, either not eligible or out of training, Mrs. Dodge Sloane's High Quest probably will be the 2 to 1 choice. The son of Sir Gallahad III, second in the Hopeful, had his final workout over a sloppy racing strip yesterday and stepped the futurity route of six and three-quarter furlongs in the good time of 1:25 flat.

*Pitched 3 one-hit games . . . struck out 12 in first game of 1906 world series against the Cubs.*

# Tech Matadors Return To Gridiron For Drill Today

## NEYLAND'S PROBLEM AT UNIVERSITY OF TENNESSEE CONCERNS SCHEDULE; GOOD GRID PLAYERS ARE PLENTIFUL

BY DILLON GRAHAM

KNOXVILLE, Tenn., Sept. 15—(AP)—Major Robert R. Neyland's problem at the University of Tennessee this fall concerns not his football players but his schedule.

The athletes are there, as good looking a group as the Volunteers ever mustered. Given the same opponents of last year or the previous season, Neyland, whose teams have lost but two games in seven campaigns, might flatly predict a championship.

**Faces Tough Schedule**

But Tennessee faces an array of rivals far more formidable than have ever before dotted the Volunteer slate.

The tall, bluff army engineer needs only a tackle or two to round out his team. Howard Bailey, at 185 pounds, apparently has one tackle position clinched. Hatley, Giddens, Austelle and Stafford are the other contenders.

The backfield would satisfy the dreams of any coach. Beattie Feathers is as sweet a halfback as the south possesses. An elusive runner, accurate passer and can he punt.

Deke Brackett rates with the smartest of quarters, while Breezy Wynn has all the versatility of a great halfback. "Baby Doll" Petruzze, a 160-pounder who excels in runnning on reverses and passing on the run. Palmer, Moses, Vaughn and Moses lack only seasoning to make them as good as the front rankers but the schedule is the big worry.

The slate, including Tennessee's first scheduled intersectional game in history, with George Washington, follows:

Sep. 30—Virginia Tech at Knoxville.
Oct. 7.— Mississippi State at Knoxville.
Oct. 14.—Duke at Durham, N. C.
Oct. 21—Alabama at Knoxville.
Oct. 28—Florida at Knoxville.
Nov. 4—George Washington in Washington, D. C.
Nov. 11—Mississippi in Knoxville.
Nov. 18.—Vanderbilt in Knoxville.
Nov. 30—Kentucky in Lexington, Ky.
Dec. 9—Louisiana State in Baton Rouge, La.

## SPORTS TO MEET MEINECKE TODAY

Weather and grounds permitting, the J. & J. Sporting Goods company and Meinecke Brothers Hardware company teams are to meet this afternoon at the College Avenue baseball field in the first of a three-game series to determine the championship of the National softball league.

J. & J. won the first half of the split season without losing a game. Meinecke Bros. team was declared the winner of the second half early this week, having come through with four victories and one defeat.

The game is scheduled to begin at 6 o'clock.

Huie-Ribble won the American league championship and will meet the winner of the National league playoff series for the Lubbock softball association championship.

**PERMIT ISSUED**

AUSTIN, Sept. 15 (AP)—Jack Flynn, Texas boxing commissioner, yesterday issued a state boxing permit to Max Rosembloom, light-heavyweight champion, who is matched to meet Young Stribling at Houston on Sept. 18.

## MISSIONS ARE DEFEATED

### BUCCANEERS RALLY TO WIN THEIR FIRST GAME OF PLAYOFF

GALVESTON, Sept. 15 (AP)—The San Antonio Missions have lost their first game since the Shaughnessy pennant play playoff started.

After winning three straight from Houston and two from Galveston, the Missions were defeated last night in the third game of the final series, 6 to 5, Ira Hutchinson, Dallas cast-off, was touched for nine hits by the Missions but managed to keep them scattered.

Abe Miller started for San Antonio but gave way to White. Between them they held the Buccaneers to seven hits. A three run rally in the fourth gave Galveston victory. At one time the Missions commanded a 4 to 1 lead, but timely hitting and two San Antonio errors helped the Buccaneers erase the lead and win the game.

These teams will clash here tonight in the fourth game of the series, Lefty Darrow is due to take the mound for Galveston. Elton Walkup, who never got to pitch in the Houston series, will hurl for the Missions.

### BAD WEATHER FORCES TEAM INDOORS FOR THURSDAY WORKOUT

Texas Tech's football Matadors were back on the gridiron this morning after a day spent indoors because of unfavorable weather. Coaches Cawthon and Smith sent their charges through the paces this morning in a regular workout.

Thursday's workouts were conducted in the gymnasium, in the livestock building and under the stadium, but the regular two-a-day training camp routine was observed with no less show of enthusiasm and promise because of rain and a touch of winter. Head Coach Cawthon conducted skull practice and rule book lecture at the morning session, while linemen and backs worked in separate groups in the afternoon.

Secret practice was inaugurated today, and visitors are not invited to the sessions. Coach Cawthon announced Wednesday that after Thursday's workouts, visitors at the field and gymnasium during practice hours kindly would be asked to refrain from entering. Drills in secrecy is a practice followed by major institutions and most high schools over the country, Cawthon pointed out. While he does not wish to "hurt the feelings" of enthusiastic fans, he does ask cooperation to the extent of allowing the Matadors a degree of privacy as they train for an unusually hard schedule.

**May Play Thursday**

Hints of a football game at Matador field next Thursday night between the varsity and freshman teams of Texas Tech were made yesterday, but coaches did not enlarge on the subject to the extent of naming a definite date. Official freshman workouts do not begin until enrollment starts next week, although nearly a hundred prospective "fish" gridders are in town and anxiously awaiting the signal for practice. Meanwhile, Freshman Coach Dell Morgan is dividing his time between assisting Line Coach Dutchy Smith with the Matadors and interviewing eager freshmen candidates.

Tech opens its regular schedule on the night of September 29 with the Southern Methodist university Mustangs, rated as contenders for the Southwest conference gridiron gonfalon this season.

**Four Men Wanted**

The business of putting quarterback, fullback, tackle and guard prospects through the mill in an endeavor to locate successors to a quartet of graduated regulars occupies the time of Cawthon and Smith this week. They hope to settle on a definite lineup, or two definite lineups, next week. Following his usual custom, Cawthon will present at least two complete teams in every game, starting each contest with the "shock troops" and inserting the "regulars" at the appointed or necessary period.

Missing from workouts yesterday was Matt Hitchcock, two-letter end, who was in a hospital undergoing treatment for a slight injury. In dummy scrimmage, or play practice Wednesday, Hitchcock collided with Yancy Price, defending halfback, and sustained what was thought to be a slight shoulder injury. It was not considered serious at all, but Hitchcock complained of knee trouble when received at the hospital. The nerve hook-up, it was thought, from shoulder to knee resulted in the latter's hurt.

Carlton Luper, a "shock troops" end last year and counted on as a regular or alternate regular this year, has failed to report to training camp. An unverified report from Houston, Luper's home, had it that he might not attend school this year.

## LEVINSKY AND SHARKEY SET FOR BATTLE

### BOTH PREDICT WIN BY KNOCKOUT ROUTE IN TONIGHT'S FIGHT

CHICAGO, Sept. 15 (AP)—King Levinsky, the wild swinging puncher from Chicago's ghetto, will attempt to prove himself to be the first stumbling block on Jack Sharkey's comeback trail tonight when he meets the former world's heavyweight champion from Boston in a 10-round bout at the White Sox ball park.

Sharkey is setting out to disprove the adage "they don't come back" and once again sit on the throne he occupied until blasted off by Primo Carnera. For his efforts tonight the ex-gob will receive $25,000 with the privilege of taking 40 per cent. Promoter Sammy Wolff expects at least 15,000 fans with the box office receipts near the $50,000 mark.

As weighing in time approached today fans became more and more puzzled as to just what sort of a battle it would turn out to be.

Levinsky, of course, made his usual prediction, saying he would knock Sharkey out, but Sharkey declared he would do a bit of slugging himself and win via the k. o. route in 5 rounds. If the Boston boxer steps in and slugs with Levinsky the customers may see one of the wildest affairs that has ever taken place in this town.

## GABBY STREET RAPS FRISCH

### SAYS NEW CARD PILOT DIDN'T PLAY BEST LAST TWO YEARS

JOPLIN, Mo., Sept. 15 (AP)—Charles "Gabby" Street, until recently manager of the St. Louis Cardinals, asserted last night Frankie Frisch, present manager, had not "put forth his best efforts" as a player for Street.

"I am getting tired of being made the goat for the poor showing of the Cardinals in 1932 and the slump this year," Street said. "I left the Cardinals like a man. I made no complaints at all. But I am getting my fill of articles about me being soft."

Street said he had sought in 1932 to assess a fine of $5,000 on Frisch and suspend him for the remainder of that season as a disciplinary measure but that Sam Breadon, club president, vetoed the plan.

"'Frisch might quit the Cardinals'," Street quoted Breadon as saying, "'like he quit McGraw while a member of the New York Giants'."

Street said he urged vainly "let him quit."

"It was just a case of Frisch having me where he wanted me," Street said, "and he could do as he pleased.

"When the Cardinal management refused to back me up on my fine of Frisch I refused from that time to fine any of the lesser players on the ball club, on the theory of what's the use?"

### *Chinese Battler Is Beaten By Irishman*

DALLAS, Sept. 15 (AP)—Pat Murphy, hard-hitting Terre Haute, Indiana, lightweight, knocked out Johnny Chong of New Orleans in the third round of their ten-round bout here last night. The Chinese won the first two rounds easily on points. Murphy weighed 136, Chong, 138.

In the semi-final, Owen Duvernay of New Orleans, 154, stopped Marlin Owens, 151, Wichita Falls, in the fourth round of their eight-rounder.

### *Burns And Wilson Tie For Medalist*

SAN ANGELO, Sept. 15 — Bob Burns, Wichita Falls champion, and Carnes Wilson of Abilene, West Texas Golf association champion, tied for medalist honors in the qualifying round of the country club's fourth annual invitation golf tournament Thursday with seventy two's one above par.

## HOW THEY STAND

### YESTERDAY'S RESULTS

**AMERICAN LEAGUE**

Detroit 3; Washington 4.
Cleveland at New York—rain.
St. Louis at Philadelphia—rain.
Only games scheduled.

**NATIONAL LEAGUE**

New York 3; Chicago 4 (second game—rain).
Philadelphia 2; Cincinnati 1 (second game—rain).
Boston at Pittsburgh—rain.
Brooklyn at St. Louis—rain.

### STANDINGS

**AMERICAN LEAGUE**

| Clubs— | Won | Lost | Pct. |
|---|---|---|---|
| Washington | 92 | 47 | .662 |
| New York | 81 | 54 | .600 |

### TODAY'S SCHEDULE

**AMERICAN LEAGUE**

Cleveland at New York.
Chicago at Boston.
St. Louis at Philadelphia.
Detroit at Washington.

**NATIONAL LEAGUE**

Boston at Pittsburgh.
Philadelphia at Cincinnati.
New York at Chicago.
Brooklyn at St. Louis.

## CHICKS AND PELS TIED FOR PLAYOFF

MEMPHIS, Tenn., Sept. 15 (AP)—The left handed pitching of William Lear (Billy) Bayne had pushed the Chicks into a tie with New Orleans today as the two teams rested before resuming their playoff series tomorrow at New Orleans on even terms.

Manager Doc Prothro of the Chicks gambled successfully yesterday in pitching Bayne, after losing to tradition in selecting Clarence Griffin to start the playoff opener Wednesday, a game the Chicks lost, 6 to 0.

A crowd of 1,901 witnessed their 3 to 1 comeback yesterday.

Bayne's start was inauspicious, allowing three hits in the first inning and the Pels' one and only score. From that time on, he allowed but five hits.

Fleming, who singled, chalked up the solitary Pel marker on a single by Morgan.

Fred Johnson, ace of the New Orleans hurling staff, and usually hard for the Chicks to solve, yielded 11 hits, after holding Memphis at bay for the first half of the game.

## CUBS TROUNCE GIANTS TWO IN A ROW

### CHICAGO POINTS WITH PRIDE TO RECORD AT WRIGLEY FIELD

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer

Whether or not they succeeded in their uphill struggle to overtake the New York Giants in the National league pennant race—and their chances look good today after two straight victories over the league leaders—the Chicago Cubs at least can point with pride to their record at Wrigley field this season.

When they put on a ninth inning uprising yesterday and took their second rainy day decision from the Giants, 4 to 2, the Cubs lifted their home game percentage to .765. They have won 52 and lost only 16 so far. This record compares well with that made by the New York Yankees last year when they won 62 of their 77 home games on the way to the world's championship.

**Second Game Delayed**

Aiming at six straight victories over the Giants, the Cubs were out to get two of them yesterday, but after braving rain and cold for one contest, the second was postponed to make a doubleheader Saturday.

The final decision, was reached on Cub hitting after errors on both sides and a "boner" by Manager Bill Terry of the Giants had figured prominently in the scoring that sent them into the ninth inning with New York leading 3-2.

Riggs Stephenson opened the last frame with a single. Babe Herman sent the "old hoss" to third with a pinch double and then young Adolph Camilli was purposely passed. Gabby Hartnett squared off against Big Fred Fitzsimmons and smashed a hit into centerfield to bring in the winning runs.

**Senators Boost Lead**

While the National league race was closing up, the Washington Senators increased their lead in the American to nine games over the Yankees. The Senators landed on Vic Sorrell for three hits and coupled them with two walks to score three runs in the ninth and defeat Detroit, 4 to 3. Earl Whitehill earned his 21st victory. The Yankees' game with Cleveland was rained out as was the St. Louis-Philadelphia contest.

Like the pace-setters in their league, the lowly Phillies and Cincinnati Reds started out to play a doubleheader and got through only one game, the Phils winning 2-1, as rain halted the contest after seven innings.

The Boston-Pittsburgh and Brooklyn-St. Louis games never even got started.

# THREATENS TO CALL TROOPS

## GOVERNOR MURRAY IS OPPOSED TO DAM ON THE RED RIVER

OKLAHOMA CITY, Sept. 15. (AP)—Gov. William H. (Alfalfa Bill) Murray of Oklahoma, who once used national guardsmen to stop travel across a Red river bridge, threatens to call troops out again if an attempt is made to erect the proposed $36,000,000 dam across the Red river.

Despite the governor's determined opposition, congressmen from Texas, Oklahoma, Arkansas and Louisiana who favor the plan are pressing for approval of the project by Secretary Ickes and its construction as part of the $3,300,000 public works program.

**Would Form Big Lake**

The proposed dam would be more than two miles long and 170 feet high, forming a lake 275 square miles in area—160 miles long and 22 miles wide at the widest point, with an average depth of 50 feet.

"It's the dream of a diseased mind," Governor Murray is said to have snorted when informed that the Texas delegation in congress had recommended the project to Secretary Ickes.

"That dam would ruin 100 miles of good farm land. I'll call out the troops before I'll let them build it!"

Proponents of the plan contend it would (1) go far toward solving the Mississippi valley flood problem, which several times has been aggravated by the Red river; (2) make the Red river navigable to Denison, Texas, benefitting shippers; (3) provide irrigation for hundreds of thousands of acres of land that could be made to grow good crops; and (4) pay for itself over a period of 60 years through sale of electric power, while providing cheap electric rates for a large area.

**Charge is Denied**

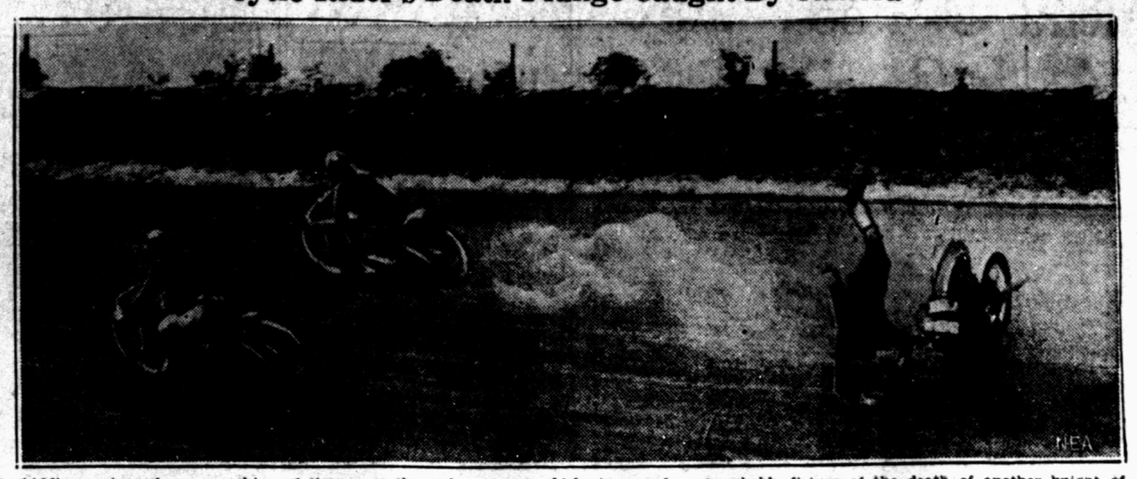

They deny the governor's charge that much valuable land would be submerged. Little except the river bottoms and adjoining rocky foothills would be submerged, they claim.

Opponents of the scheme, who include in addition to the fiery Oklahoma governor, President J. F. Owens of the Oklahoma City Chamber of Commerce, power interests, railroads and several congressmen from Oklahoma, assert that the project would cost far more than it ever would benefit the adjoining states.

They pointed to the large area to be flooded in creating the new lake, and contend that opening the river to navigation would be at the expense of the already hard-pressed railroads. Increase in productivity of the Red river valley, they say, is not to be desired in view of the farm surplus problem.

In the survey submitted to Secretary Ickes, champions of the dam stressed the flood control benefits, citing government figures to show the extent to which flood waters of the lower Mississippi, bearing down on Louisiana and New Orleans, are increased by the Red river at times.

## Cycle Rider's Death Plunge Caught By Camera

A skidding motorcycle, a screeching of tires, a crash—and a camera clicks to record a remarkable picture of the death of another knight of the roaring road. James Watkins, the victim, is shown in the fatal plunge at Detroit speedway.

# AUSTRALIANS AND AMERICANS EVEN

ONWENTSIA CLUB, LAKE FOREST, Ill., Sept. 15 (AP)—America and Australia ended all square in the tennis exhibition matches yesterday.

The Aussie doubles combination of Adrian Quist and Don Turnbull swept the national champions, George M. Lott, jr., and Lester Stoefen, to defeat in three sets, 1-6, 11-9, 6-3, after Frank X. Shields routed Jack Crawford, Aussie captain, to give the United States a 3-2 lead.

The opening singles match Wilmer Allison, hard driving Texan and American captain, took the measure of Turnbull, 6-3, 6-3, and Shields out maneuvered Crawford, 5-7, 6-3, 6-2.

Tuesday's matches saw Keith Gledhill falling before Quist and Frankie Parker, "America's boy wonder," whipping Vivian McGrath. In the doubles, McGrath teamed with Crawford to defeat Shields and Parker.

**BUDAPEST FAMILIES SHRINK**

BUDAPEST (AP)—There are 105,000 childless couples in this city, a recent survey shows, as against 59,000 twenty years ago. Then 23,800 families had four or more children each; now only 12,000 are in that class.

"Zeke" Bonura, Dallas first sacker, celebrated news of his sale to the White Sox by hitting his twenty-third home run of the season and stealing several bases for good measure.

## Scull King

Bobby Pearce, the Australian, proved himself the world champion sculler again in the recent races at Toronto. Now he's ready for all comers.

## FIGHTS LAST NIGHT

(By The Associated Press)

HOUSTON, Tex.—Tommy Freeman, 155 1-2, Arkansas, stopped "Buster" Mallini, 159 1-2, New Orleans, (8).

The San Joaquin valley fair, the Sacramento state fair and Pomona fair were the first three organizations granted permission to conduct pari-mutuel betting at horse races in California.

# "DIZZY" DEAN IS FIRST HOLDOUT OF NEXT SEASON

ST. LOUIS, Sept. 15 (AP)—Talkative Jerome Herman Dean came forward today as the first holdout of the 1934 baseball season.

While, of course, Dizzy's holding out isn't official yet, the strong-armed Cardinal pitcher said he had been negotiating with club officials for more than a month and that they are more than $5,000 apart.

"I dont think I'm asking too much when I set my figure at $15,000," Dean said. "While I don't want to take credit for drawing all the fans who see our games, I believe I draw most of them on the days I am scheduled to pitch."

Dean said his 1933 contract called for $7,500, plus a $1,000 bonus for signing it.

"And," the modest one said, anent his 1934 contract, "I can afford to hold out for what I think I'm worth. You know, some of those fellows think I'm dizzy just because that's my nickname. They think I just collect my pay and throw it away, but instead I've been 'socking' it. Then, too, I can always find something to do. Why, they're going to pay me $1,000 to pitch for the House of David team when the National league season ends. I'm going on the stage, too, at $100 a week."

**MONOPOLY OPPOSED**

STOCKHOLM. (AP)—Rumors that the Swedish government is considering a monopoly of gasoline imports and sales have gained attention of the Swedish press. Organizations of taxi and bus owners already have made protestations in the press, fearing a rise in prices. Several American companies would be involved.

Herbert Simmons, ex-fox farmer of Bitter Root Valley, Mont., rode 24 winners in the first nine days of horse racing at Longacres, track near Seattle, Wash.

# THREE OTHERS BEING HELD

## TWO MEN AND WOMAN THOUGHT SUSPECTS IN URSCHEL CASE

OKLAHOMA CITY, Sept. 15 (AP)—Two men and a woman were arrested here Thursday and, despite the denial of District Attorney Herbert P. Hyde, reports persisted that the three were held as suspects in the kidnaping of Charles F. Urschel, for which 12 others face trial next Monday.

Earlier in the day, Federal Judge Edgar S. Vaught issued a court order directing that $660 allegedly paid as part of the $200,000 Urschel ransom be brought here Monday by F. D. Stackhouse, clerk of the district court at Denver.

**Taken From Bates**

The money held by Stackhouse was taken from Albert L. Bates, one of the alleged kidnapers, when he was arrested in Denver August 14. The Denver district court previously had ordered Stackhouse to hold the money in Denver pending settlement of a suit for recovery brought by the American Express company.

Judge Vaught pointed out the money was for use as evidence and would be returned to Denver for determination of legal title to it.

"The subpoena must be obeyed," he informed Stackhouse, who declared flatly he would not appear "unless they send guards to accompany," expressing fear he might be waylaid by "pals of Bates".

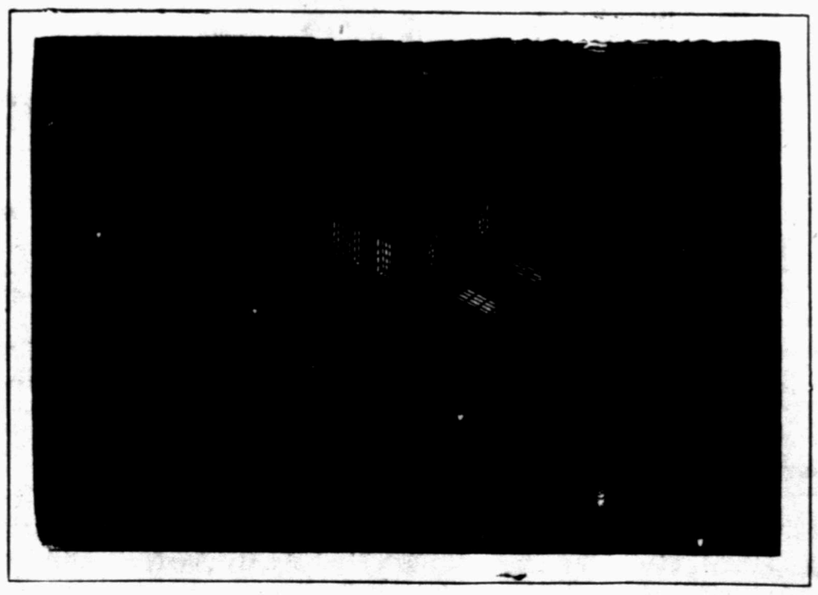

District Attorney Hyde replied that "plenty of protection" would be supplied.

Two all-star Pacific Coast baseball league teams are being organized by Roy Mack, secretary of the Portland club, for a barnstorming tour to Mexico at the close of the season.

. . a light forever burning
a Voice that is never stilled

NIGHT comes on and spreads a blanket of darkness upon sleeping cities and towns. Here and there a lone policeman. In the distance a clock tolling the hour.
In the dark silence of the night, there is one light forever burning . . . one voice that is never stilled. That light is the light in the telephone exchange. That voice is the voice of your telephone.
A city without telephones would be a city afraid—a city of dread.
For the telephone brings security. Its very presence gives a feeling of safety and nearness to everything. In times of stress and sudden need it has a value beyond price. In the business and social activities of a busy day it is almost indispensable.
The wonder of the telephone is not the instrument itself but the system of which it is the symbol . . . the system which links your own telephone with any one of eighteen million others in the United States and thirteen millions in other countries.
Every time you use your telephone you have at your command some part of a country-wide network of wires and equipment, and as many as you need of a great army of specialists in communication.
There are few aids to modern living that yield so much in safety, convenience and achievement as your telephone.

There can be no faith so feeble that Christ does not respond to it. —Alexander Maclaren.

## Safety For Savings

Members of the American Bankers' association seem to be just about unanimous in their opposition to the federal law guaranteeing bank deposits. Their convention has demanded postponement of the operation of that law, and a determined effort apparently will be made to get Congress to reconsider.

The ordinary citizen probably does not have the technical information to judge whether or not this law is workable; and it is hard for him, therefore, to form a definite judgment as to the merits of this argument.

But he can very easily remember that thousands of banks went blooey in the last few years, and that millions upon millions of dollars saved by people to whom savings were extremely important, vanished into thin air. If a federal guarantee of deposits won't work, he wants something just as good. He wants his savings to be safe, and he isn't likely to stop growling until that safety is pretty definitely assured.

* * *

The business of plowing under cotton and wheat may be all right for a starter. But the big day will come when they start plowing under spinach, carrots and turnips.

* * *

Henry Ford's Peace Ship, the old Oscar II, has been sold for junk to a London firm. Seems too bad for a peace ship to wind up in scrap.

* * *

Well, it was hardly to be expected that we could have a New Deal without a good deal of a shuffle.

* * *

Leader of this week's revolution in Cuba is a short-hand reporter, thus assuring that the new government will be headed by a person of note.

* * *

The German Nazis have abolished vivisection throughout the land. Probably just a device of Herr Hitler to protect that Chaplin mustache.

* * *

The states seem to be doing a snappy job in transferring from the water wagon to the band wagon.

* * *

New regulation in Delaware provides that truck drivers must sleep eight hours for every eight hours they drive. Just so it's not the same eight hours.

## Flapper Fanny

You've got to keep hammering away to get the hang of a thing.

## The PLAINSMAN Says:

That Girl on Broadway says among the poor who are always with us are the poor sports.

* * *

One reason why the so-called 'white collar' class is diminishing is because its members haven't been making enough money to pay for keeping their collars white.

* * *

REPUBLICAN leaders apparently would rather see the depression continue indefinitely than to admit the Roosevelt administration is really making a dent in the economic slump.

They are attempting to belittle efforts being made to combat unemployment and want, through the various governmental agencies, by pointing to England where things are improving.

* * *

"They have no NRA or anything like that in England", say these GOP die-hards, "and things are picking up there.

"The improvement shown in this country is as much due to natural causes as to any of this Democratic grandstand play.

"The depression of the present, like all those of the past, is just dying a natural death and the fact is not due to the 'miracle man' in the White House".

* * *

THAT kind of hokum, of course, is being dished out in the hope that some of our people will unthinkingly accept it.

It is political hooey, of the simplest kind.

The millions of Americans who watched the Harding administration usher in the era of frenzied finance; saw the Coolidge administration continue to foster it; and then watched the Hoover hierarchy passing out soothing syrup as the nation's business crumbled away, are not going to forget soon the failure of the Republican party to do anything to improve conditions.

They remember the old "prosperity is just around the corner" stuff; they remember that when the GOP was in power the only ammunition used against depression was oratory—and not very good oratory, at that.

And one thing even Republicans cannot deny is that the present administration is trying to do something; has the nerve to try to do something—and is getting somewhere with it.

That just about ruins any criticism leveled at it by the political enemies.

* * *

Very often a 'sound investment' is a bit of speculation that turned out all right.

* * *

DURING the days preceding the August 26 election, this column said that if Texas approved beer Lubbock county had better do the same thing. It pointed out that if nearby places had legalized beer, much of the beverage would be sold here anyway but no revenue would flow into the coffers of the city or county.

Now that the attorney-general's department has ruled that 3.2 beer may be shipped into dry territory for home consumption, that prophecy today began to be a fact.

Lubbock people who want beer will have beer—but the revenue goes somewhere else.

* * *

Agents of brewing companies are working in Lubbock today—and will continue to work in all legality—taking orders for beer by case lots at prices in the general neighborhood of $3.75, f. o. b. Amarillo.

One representative of a nationally known brewing company told The Plainsman he expected to take orders for 200 cases today and tomorrow.

That's one for the book—and just another instance of how silly laws may become.

* * *

IN other words, the only difference between having a beer county or a "dry" county is that all the money spent for the brew goes out of the county, instead of part of it remaining there.

Everybody in Lubbock county who wants beer can have beer—and will have beer, by the case.

Is there any difference in buying it by the case, or buying 24 bottles—one at a time?

Only one difference.

The city or county loses revenue on case sales; local restaurant and hotel men lose the retailer's profit and do not need to hire the extra help they would have needed to dispense it.

Otherwise, it's all the same.

* * *

Man profits by faith in himself—but only when he has and exercises talents to back it up.

* * *

That Man on Avenue Q says the easiest way to save money is by learning how to use the word 'no'.

* * *

Among other things, fiction teaches us how long a writer can live on his reputation.

If you don't believe it, look how many busts are appearing in current magazines under well known names.

* * *

THE politically-minded will watch with interest President Roosevelt's disposition of federal patronage in Louisiana.

Since Senator Long has publicly stated that the administration "can take its patronage and go to hell with it" and the senator has otherwise acted in a manner extremely embarrassing to the Democratic party, Mr. Roosevelt and General Farley are likely to pointedly overlook 'The Crawfish'.

It is well known that there is no love lost between Farley and Long and that the senator is all but facing ouster proceedings at the present time.

One of the most popular things Mr. Roosevelt can do is apply his iron hand to the Long neck by making appointments in Louisiana suitable to someone else besides the senator.

* * *

W. E. Easterwood, Dallas vice-commander of the American Legion, reports upon his return from Italy that Mussolini considers it incredible that Texas has a woman governor.

A lot of people who don't live so far from Texas as Il Duce agree that it is not only incredible but, in fact, untrue!

## The General Should Also Have A Few Carrier Pigeons

# "American Lives And Property" Is Obsolete Phrase Now; Hull Says If Lives Are Protected Property Will Be Safe

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, Sept. 14.—"American lives and property" is an obsolete phrase.

The big naval demonstration toward Cuba was consistently spoken of as a precautionary measure for protection of American lives."

Butcher

"American lives and property" had done service in various interventions through many decades. But President Roosevelt and Secretary of State Hull dropped the "property."

Asked about the omission, Hull replied:

"We ought to keep our minds primarily and predominantly on American lives and if our brethern down there appear to set up a government stable enough to protect lives, the property is very apt to fare pretty well."

* * *

**American Investments**

A billion American dollars are invested in Cuba and a real radical, revolutionary government might in time bring American intervention for the protection of property.

Such a government probably would undertake to abrogate the Platt amendment and it isn't unlikely that this government would accede to that. But if Cuban leaders emulated Mexican and Spanish revolutionaries some threat to American sugar properties would be almost inevitable, and as it grew the possibility of "property intervention" would increase.

* * *

**Communists Not Involved**

Communists were not involved in the recent Cuban coup d'etat. But this government was worried no end at the possibilities of civil war or anarchy when it found a mere sergeant—a man inexperienced in government—at the head of the new junta.

"Lay off on this intervention stuff," Roosevelt pleaded with the correspondents as he sent warships.

The real reason he sent so many ships was to pacify the Cubans. He wanted to scatter the vessels around the island so belligerent elements might see them and think twice before starting something. And of course trouble might break out almost anywhere.

* * *

**Using Mr. Ford's Cars**

While General Johnson of NRA was in the White House talking with Roosevelt about Henry Ford's recalcitrancy, a large Lincoln automobile (Ford-made) was waiting outside for some of the president's guests. It was White House car No. 100 and carried a blue eagle on the windshield.

Johnson himself drives a Lincoln and has made no threat to dispose of it.

* * *

**Delay on Public Works**

Officials seem to be just now realizing the real rub in the delay on the $3,300,000,000 public works program.

That program, which was designed to "prime the pump" for the recovery effort by putting 1,000,000 men to work this summer and fall, is estimated to have placed about 15,000 men on jobs to date. Probably less than five per cent of the work for which $1,300,000,000 has been granted has been begun.

* * *

**Little Winter Work**

Soon come winter months, when suffering resulting from unemployment is most intense. No more than a third of projected public works activity can be carried on in the heavily populated north during this period; concrete can't be laid at all in cold weather. The rest of the fall will be spent in signing contracts and most of the works provided for won't get under way until next spring.

Secretary Ickes, administrator of public works, has put on a sudden burst of speed. But it's rather late in the season.

Apparently Henry Ford is not going to get the Blue Eagle from General Johnson. The general is probably figuring the rest of the country will give him the bird.

## With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Sept. 15 (AP)—The special session of the legislature which met yesterday is likely to take cognizance of the strife rampant over administration of the new state boxing law.

The regular session legalized boxing for the first time since 1895 and named the state labor commissioner "czar" of boxing and wrestling.

**Has Plenty of Grief**

Jack Flynn, present labor commissioner, has had plenty of grief. Some to whom he denied permits to promote fisticuffs and mat contests complained long and loud. There has been much confusion.

There undoubtedly will be some reaction in the legislature. Someone is bound to be thinking about repealing the whole law. There are others thinking about amending it to take supreme authority from one man.

Every one looks for a contentious fight on the part of legislators as to how the proceeds of the $20,000,000 state bond issue should be administered.

Under the constitutional amendment any amount of the issue can be authorized by the legislature. There will be some who will want to issue the maximum amount. These will contend that there exists an emergency for a heavy expenditure and point to the inconvenience and expense of another special session of the legislature to authorize additional issues.

**Board May Be Formed**

It is possible some kind of a board of management will be set up to handle the money and determine the manner in which the bonds shall be issued. Texas already has the commission of rehabilitation and relief, created at the regular session of the legislature.

Fredericksburg, one of the oldest communities in Texas, has voted itself back into a corporation. It was the fifth election on the proposition in less than 10 years.

There is some question as to how long the latest innoculation will last. Whatever happens, Fredericksburg will continue being a modern, ambitious growing little city with hills and streams that attract lovers of the out-of-doors.

The five-year-old daughter of Ed Peden has been out of Houston now and then but not until a few days ago did she place her pretty little eyes upon a cotton patch where the fleecy staple was popping out of the bolls. She was riding along a highway with her father.

"Daddy, what's dat?" she asked pointing a chubby finger at the white field.

"That's a cotton patch, honey," responded Ed.

"Daddy, I thot cotton came on trucks," she explained.

## 'May-December' Couple Happy

Thirty-seven years difference in ages made this honeymoon breakfast none the less romantic. Dr. Arthur S. Baker, 51, and his 14-year-old bride, the former Marjorie Hughes, shown at Montebello, Calif., after their wedding trip, contend they have a better chance of happiness than couples of the same age.

## FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

### Tough Bottles

NEW YORK—They make their champagne bottles tough hereabouts. Miss Jane Clarke, trying to christen a new plane "Nira" at Roosevelt Field, yesterday, hit the propeller with a bottle of champagne. The propeller was dented, but the bottle remained intact. On her second trial she had more luck and the bottle smashed.

### Hey, Johnson!

REDWOOD, Cal.—How about jurors' working hours under the NRA? Juror D. J. Palany wanted to know that after officers had brought him back to the job of deciding a damage suit. He explained he considered a five minute recess, during which he had gone window shopping, was entirely too short.

### Changes Mind

PITTSBURGH—A. H. Lindsay, who has been campaigning for his father, Alexander P. Lindsay, a candidate for judge, has changed his mind about hecklers. Interrupted at meeting after meeting he finally challenged a mutter in a rear row.

"If the gentleman has anything to say, now is the time," Lindsay called out.

"God bless you," responded the "heckler."

# SERVANT PROBLEM?

HAVE YOU ever considered that the average wife of today gets along better with one servant than the average woman of the '90's could manage to do with several?

You may jokingly say, "She has to." But the real reason is, she can.

The real answer is the electric refrigerator, the modern stove, the washing and ironing machine, the vacuum cleaner, the countless labor-saving devices that actually replace servant power.

It is the many improved staples, the convenient packaged goods, the glassed and canned foods, the prepared foods that save so much time and labor.

It is better marketing facilities—convenient stores with a wide variety of merchandise, including fresh, healthful foods, in season and out.

It is modern advertising—crammed with usable news for the woman in the home—making possible rapid progress by developing new markets for goods, and new goods for markets. Advertising, that tells you what to buy, and where to buy it.

Advertising makes it easier to live, more healthful to live, pleasanter to live. Yes, and more economical!

# PLANS LAID BY BIBLE CLASS

## COFIELD GROUP WILL BEGIN YEAR'S WORK ON MONDAY NIGHT

The Scofield Bible class will enter its fifth year in Lubbock and will open its first meeting of the fall and winter season here Monday night at 8 o'clock at First Church of the Nazarene, 1315 Avenue Q.

M. H. Duncan, superintendent of schools and teacher of the class, announced today that this year the class will study "The Mountain Peaks of Prophecy", with 36 lessons on the prophecies of the Bible. The course will begin with the book of Genesis, 3:15, and will end with Daniel and Revelation, with special emphasis on the meaning of world events as they point to "an early end of the age" and the return of Jesus Christ to the earth to rule over the nations.

**To Grant Diplomas**

The class, Mr. Duncan said, will be conducted under the auspices of the Moody Bible Institute of Chicago, and the institute will award diplomas at the end of the year to all students who pay the fee of $1.25 and make the required grade on examinations. Those who do not seek the diploma or care to take the examinations will be admitted to the class and may attend the lectures without cost. Meetings will be held at the Nazarene church on each Monday evening beginning at 7:30 o'clock.

Mr. Duncan pointed out that the class is non-denominational and its work will be especially adaptable to the needs of Sunday school teachers and other seeking knowledge of fundamental Bible truths.

W. Harvey Moore has been the class president for the entire four years of its operation, Mr. Duncan said.

# LEGISLATURE

(Continued from Page One)

tion of the National Industrial Recovery act."

Two other bills on the subject had proposed outright suspension of the anti-trust laws during the period of national industry recovery.

**Turbulent Session Seen**

The legislature's special session today gave promise of being one of the most turbulent in the history of the Lone Star state.

Within three hours after the session convened at noon yesterday, the house became embroiled in a heated discussion of anti-trust legislation, the controversy centering around the committee to which bills liberalizing the laws against trusts and monopolies should be entrusted.

**Relief Issue Up**

Suspension of the anti-trust laws was one of the subject submitted by Governor Miriam A. Ferguson. Other subjects dealt with issuance of $20,000,000 in unemployment relief bonds and with passage of a law to enable political subdivisions to reap full benefits from the national public works program.

The governor attached bills on these subjects to her message.

Representative Weaver Moore of Houston opened the house argument with a motion that bills dealing with anti-trust legislation be sent to the judiciary committee. Representative T. H. McGregor of Austin, administration leader, vigorously opposed this and urged they be sent to the state affairs committee, arguing it was a question of state policy.

The house voted 83 to 41 to send the bills to the judiciary committee which, near the close of the last regular session, refused to take any action on suspension or modification of the laws.

**Oppose Repeal of Laws**

Moore said he was opposed to repealing the anti-trust laws and said he believed the judiciary committee could work out a bill that would allow industry to participate to the fullest in the National Recovery program without vitiating the anti-trust laws. Moore said he feared the state affairs committee would favor repeal of the anti-trust statutes.

# CUBAN CRISIS

(Continued from Page One)

against the electric and telephone companies. The government was asked to intervene. Drug store messengers were on strike.

**Inspector Killed**

An inspector for the Stevedores syndicate was killed by unidentified persons in a passing automobile. Street fighting was reported in Matanzas. In Cardenas and Cienfuegos (where all stores were closed) racial enmity ran high.

Talk of another general strike, such as the one that paralyzed almost every sphere of activity and forced the eviction of Gerardo Machado's administration, went the rounds.

In Cristo, 12 American officials of manganese mines were held as virtual prisoners by striking employes. The American consul from nearby Santiago surveyed the situation today. The other residents of Oriente province gathered for safety at American colonies near Santiago.

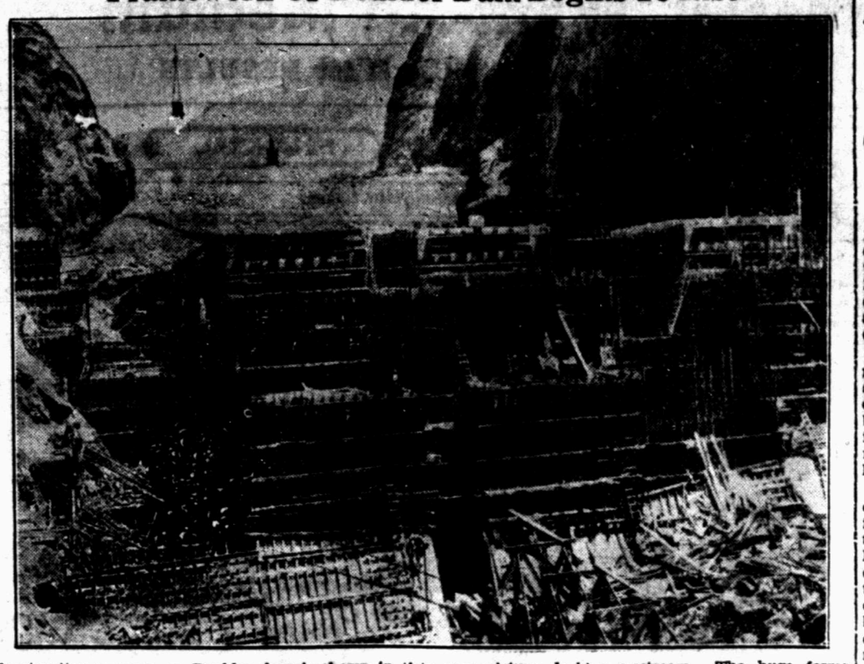

Several sugar mills through the land and officials were said to be besieged in their homes by strikers.

Situation Acute

The situation at the National hotel was acute. Telephone wires to the hotel were cut. Motorists were not permitted to stop near the building. Whether any American guests remained inside could not be learned.

The "fire lands survey" in early Ohio was a section reserved for Connecticut settlers as compensation for their losses at the hands of British raiders.

# Framework Of Boulder Dam Begins To Rise

# DAILY MARKETS

## Cotton Market

**NEW ORLEANS REPORT**

NEW ORLEANS, Sept. 15.—(AP)—Cotton opened firm today owing principally to a sharp advance in sterling and better cables than due. First trades showed gains of 12 to 16 points on near months and 17 to 19 points in more distant positions.

There was a slight reaction of one to three points on realizing but as stocks started higher, prices soon rallied again, October trading at 9.49, December at 9.72 and March at 10.00, or 16 to 20 points above yesterday's close.

Later in the first hour, prices eased off 2 to 3 points on profit-taking, but the undertone continued firm with inflation talk much in evidence.

The market showed fair trading all morning, but for a time prices eased on a temporary reaction in stocks, October dropping to 9.35, December to 9.56 and March to 9.88, down 12 to 16 points from the earlier highs.

Later in the morning, prices rallied anew owing to the strength of wheat and some recovery in stocks. October moved up to 9.44, December to 9.67 and March to 9.95, up 11 to 15 points net.

At mid-session the market was steady.

**NEW YORK REPORT**

NEW YORK, Sept. 15 (AP)—Cotton opened firm, 15-21 higher on active general buying, the advance in foreign exchange, fears of inflation and steadier cables. Oct. 9.51; Dec. 9.75; Jan. 9.84; March 10.03; May 10.19; July 10.35.

The early demand, which included buying for continental account and buying from Wall Street sources, sent prices up to 9.77 for December and 10.21 for May, or 20 to 21 points net higher. This advance met increased hedging as well as considerable realizing and there were reactions of a few points from the best, but the market was 11 to 16 points net higher at the end of the first half hour.

Increased offerings attracted by the early advance were absorbed on reactions of 10 or 15 points from the best and the market held steady later in the morning on a continuation of the buying movement. Houses with Wall Street connections were among the buyers, while some buying also came from cloth trade sources presumably against further sales of goods. At midday December was holding around 9.70 and May 10.14 or about 13 to 16 points net higher.

## Livestock Market

**KANSAS CITY REPORT**

KANSAS CITY, Sept. 15 (AP)—(U. S. D. A.)—Hogs 15,000; 13,000 government pigs; 10-20 higher; top 4.50 on choice 180-220 lbs; good and choice 140-160 lbs 3.60-4.50; packing sows 275-550 lbs. 2.40-3.30.

Cattle 1,200; calves 350; fed steers and yearlings steady to strong; other classes steady; steers, good and choice 550-1500 lbs. 4.85-6.35; common and medium 550 lbs. up 2.50-4.85; cows, good 2.85-3.50; vealers (milk-fed), medium to choice 3.50-6.50; stocker and feeder steers, good and choice 3.75-5.35.

Sheep 2,000; native lambs and sheep steady; lambs, good and choice (x), 90 lbs. down 6.50-7.00; yearlings wethers, medium to choice 90-110 lbs. 3.50-5.00; ewes, good and choice 90-150 lbs. 1.50-2.75.

(x)—Quotations based on ewes and wethers.

**FORT WORTH REPORT**

FORT WORTH, Sept. 15 (AP)—(U. S. D. A.)—Hogs 3,000, including 180 directs and 2,500 pigs. Truck hogs 5-10c higher; no rail; top 4.40; bulk good to choice 190-260 lb. truck hogs 4.30-4.35; better 160-185 lb. lights 3.85-4.25; packing sows 2.50-2.75.

Cattle 700; calves 500; mostly steers; steady; 1,067 lb. plain grass steers 290; bulk steers fed grades value to sell 3.75 to 4.25; 1,103 lb. fed yearlings 5.60; medium grades around 4.50; cows up to 3.00; cutters and low cutters 1.00-1.50; butcher sorts around 1.75; weighty bulls 2.25-2.50; light weights 1.50; few heavy calves packer account 4.00; bulk calves due sell 3.50-3.75.

Sheep 400; medium to good shorn aged wethers 2.00 to 2.50, steady.

There are more than 1,024,000 persons by the name of Johnson in the United States.

## Stock Market

**WALL STREET REPORT**

NEW YORK, Sept. 15. (AP)—Indecision again seized financial markets today as news and notions bobbed about on contrary currents.

Stocks, after emulating their early spurt of yesterday, dropped back and generally cancelled inaugural gains of 1 to 2 or more points. The mining shares, however, once more displayed resistance, as did a few of the farm shares and various specialties. The utilities continued heavy, most of the leaders in this group losing 1 to 2 or more points. Grains steadied following early uncertainties and cotton moved up as the dollar declined in foreign exchange dealings. Stocks seemingly paid little attention to the dollar's weakness. Bonds were rather easy.

Homestake Mining shares advanced some 11 points to another new year's high, while gains of fractions to a point or more were recorded by Cerro de Pasco, McIntyre Porcupine, Dome, U. S. Smelting, American Smelting, Alaska Juneau and International Nickel. American Can was run up more than 2 and Case Threshing was advanced about the same. The softer utilities included American Telephone, Public Service of New Jersey, Standard Gas and Columbia Gas. The rails did little and General Motors, U. S. Steel, Allied Chemical, National Distillers and Dupont were easier.

## Grain Market

**CHICAGO REPORT**

CHICAGO, Sept. 15 (AP)—In a late reaction, wheat underwent a tumble of about 2 3-4 cents after a rise of more than a cent above yesterday's close. Rallies quickly ensued, however, and the market closed even with yesterday.

Enlarged speculative selling and an easier tone in securities had a bearish effect. On the other hand, Canadian advices said 2,500,000 bushels of wheat had been taken today for shipment overseas, and there were indications that 1,000,000 bushels of wheat here would soon be moved to eastern lake ports.

Wheat closed nervous, 1-8 off to 1-8 up compared with yesterday's finish, corn 1-4 to 1-2 advanced, oats at 1-4 decline to 1-8 gain, and provisions varying from 10 cents setback to a rise of 7 cents.

## Retail Trade Code To Johnson Today

WASHINGTON, Sept. 15 (AP)—A finally revised draft of the basic retail trade code, believed by officials to afford protection both to the consumer and the small merchant, was to go today to Hugh S. Johnson, NRA administrator, for his analysis before submission to President Roosevelt.

Johnson, who has had a tentative version of the code on his desk for several days, said he had not been able to give it his attention in view of the pressing coal problem. He said he believed it would be a week before the agreement could be sent to the White House.

# Insull At Court

Samuel Insull, Former Chicago utilities magnate, is shown as he appeared in court at Athens, Greece, during hearing of the application for formal sanction of his arrest, in connection with American extradition proceedings. (Associated Press Photo.)

# CLAIRE WINDSOR

(Continued from Page One)

he admitted making love to her posing as a single man and then telling her he was separated from his wife and planning a divorce. He denied Miss Windsor had pursued him.

Mrs. Read, in her testimony, accused Miss Windsor of enticing her husband to leave her. The jury deliberated three hours. The judgment was one of the largest of its kind recorded in southern California courts.

# STANTON TRIAL

(Continued from Page One)

the Ferguson prison farm. He said he met Glenn Hunsucker at Quitaque, after his release from a robbery sentence from Stonewall county.

He denied that he was carrying the .45 pistol which was introduced as evidence after a New Mexico deputy sheriff identified it as one taken from Stanton when he was arrested. Steve Ridings, Amarillo ballistics expert, previously had testified that a bullet found in Mosley's car had been fired from the pistol.

# ANGELO GIVEN SHEEP MEET

## CONVENTION WILL BE DECEMBER 14 AND 15, COMMITTEE VOTES

SAN ANGELO, Sept. 15 (AP)—The 1933 convention of the Sheep and Goat Raisers association of Texas will be held in San Angelo Dec. 14, and 15, it was decided by the executive committee in quarterly session here Thursday. T. A. Kincaid of Ozona, president, presided.

Taking cognizance of rumors that regional agricultural credit corporation banks might be closed, the committee urged continuance of the banks, declaring they have been of inestimable benefit to livestock raisers. A branch bank is located here.

Sol Mayer of San Angelo, president of the National Wool Marketing corporation, advised sheepmen to ask five cents or more for feeder lambs, reporting he had heard feeders at Kansas City and Chicago talking such prices. Improved range conditions, resulting from drouth breaking moisture in most sections of West Texas, will enable sheepmen to hold for fair prices, it was pointed out.

## Hale Center Will Dedicate Monument

(Special To The Journal)

HALE CENTER, Sept. 15—Hale county's first historical landmark will be commemorated near here Saturday with the unveiling and dedication of a monument at the site of the first postoffice in the county.

The monument is being dedicated by the Hale County Federation of Women's clubs at Epworth, where Rev. Horatio Graves built the first home in the county, in 1881. Six years later in 1887, he secured establishment of the first postoffice. The office was started July 1, 1887. Reverend Graves carried mail on horseback from Estacado, then in Crosby county.

Miss Mary Cox of Plainview will preside at the dedication, which will be held at 5 o'clock Saturday.

## S. A. Godfey Dies Today At Idalou

S. A. Godfrey, 70, who went to Idalou from Waxahachie about a year ago, died at 1 o'clock this morning at his home in Idalou. A widow and two children, P. C. Godfrey and Mrs. L. E. Countess, both of Idalou, survive him. Funeral services will be conducted Saturday afternoon at the First Baptist church in Idalou. Burial, directed by Rix Funeral home, will be at Idalou. Mr. Godfrey had been ill about a week.

## Transcontinental Air Race Planned

NEW YORK, Sept. 15 (AP)—A transcontinental night flight trophy race, said to be the first of its kind, was announced today by John S. Reaves managing director of the national air pageant scheduled for Roosevelt field, N. Y., Oct. 7 and 8.

The race is scheduled to start from Grand Central airport Glendale, Calif., Oct. 2 and will be run in two legs over a 2,600-mile course to Roosevelt field. The course will follow the lighted Transcontinental Western Air mid-continental route, with the half-way control point at Wichita, Kans.

## Tropical Storm Is Moving On Tampico

TAMPICO, Mexico, Sept. 15 (AP)—Fears for the safety of three vessels at sea were expressed by maritime officials today as a tropical storm moved toward Tampico.

One of the ships they believed lost in the storm is the Mexican tug Cernicalo, due yesterday with oil tankers. The others are the Dan Juan and Arturo, two days overdue.

One person was killed when a live wire was broken by high winds.

**FLAY IMPERIALISM**

MEXICO, D. F., Sept. 15 (AP)—Dispatches from Guadalajara reported that six men, believed to be communists, gathered around the American consulate shouting "death to imperialism" and "long live Cuba." The consul said he considered the incident unimportant. Police began a search for the demonstrators.

# FARMERS GET ADVANTAGE OF HIGHER FOOD COSTS BUT AVERAGE STILL LOW

WASHINGTON, Sept. 15 (AP)—Farmers apparently are getting more money out of increased retail food costs, but the agricultural adjustment administration today listed his average prices still below the desired parity with industry.

Dr. Fred C. Howe, consumer's counsel for the administration, reported a 47 per cent increase in farm prices between February 15, and August 15. His analysis said prices on things the farmer buys advanced 11 per cent in the same period.

Taking the 1909-14 period as 100, Howe said the increase put the August 15 index of farm prices at 72 as against 112 for what the farmer purchases.

## Brevities

**Title Is Changed**—Change of title of the state highway engineer located here, has been made, according to Guy R. Johnston, with the appointment of a total of 25 division engineers. Heretofore the title for the Lubbock office was district resident engineer. Previously there were 17 division engineers and a number of district resident engineers to take care of emergency work.

• • •

**Steel Arrives**—First car of steel for the new Montgomery Ward building at Broadway and Texas, arrived late last night from Dallas and was unloaded this morning, Joe Anjier, foreman for the C. S. Lambie Construction company, said today. Three more cars are due to arrive soon. With the arrival of the steel, construction work is being resumed.

• • •

**Duties Coordinated**—Coordinating further the duties of fire marshal and building inspector, the City has assigned D. A. Forbess, fire marshal, to general building as well as fire prevention inspection, and left inspection of plumbing, electric, and gas connections and fixtures to D. J. Schlagg, building inspector, it was said officially.

• • •

**Boy Leaves Home** — Mrs. M. A. Hicks, 1629 Seventeenth street, late Thursday informed police her 19-year-old son had left home. She said he was wearing black trousers, a tan shirt, and a light colored felt hat.

• • •

**Theft Reported**—Plainview police late Thursday informed Lubbock police of theft of two rings, a yellow gold Shriner ring and a horn ring with a Mexican $5 gold piece as a set, and two pairs of dice. Two persons arrested here as suspects were released after Plainview police reported they did not suspect them.

• • •

**Loan Blanks Received** — County Agent O. G. Tumlinson has application blanks for wheat seed loans, and farmers desiring further information about the loans should call at his office. Applications will be received there.

• • •

**Hughes Child Dies**—Albert Clayton Hughes, month-old-son of Mr. and Mrs. A. M. Hughes, died this morning at the home at 221 Parris avenue. Services and burial were to be at 3 o'clock this afternoon in Lubbock cemetery, with Sanders Funeral home directing. Rev. R. C. Campbell, pastor of the First Baptist church, was to officiate. A brother and sister also survive the baby.

• • •

**Club Hears Professor**—Dr. J. O. Eilsworth, professor of agricultural economics at Texas Tech, talked to members of the American Business club on present economic conditions at the club's luncheon at the Hilton today noon. He predicted an upward but irregular trend in business in the future and also forecast the probability of inflation within a short time. He said France was steadily weakening under the gold pressure and probably would abandon its gold standard shortly.

• • •

**Fairgrounds Firm** — Panhandle-South Plains fairgrounds, at which an all-council Boy Scout camporee is to be conducted from late this afternoon through Saturday, this morning were firm, and without puddles, D. T. Jennings, area executive, reported.

• • •

**Holden Speaks**— American Legionnaires of Allen Brothers post, No. 148, heard Dr. W. C. Holden of Texas Technological college at the Legion home last night. Dr. W. A. Jackson, post commander and also a member of the college faculty, presided. Projects sponsored by the Legion were reported.

• • •

**City Dads Meet**—City commission transacted routine business Thursday afternoon, it was said officially at City hall.

**WALKER FACES HEARING**

GALVESTON, Sept. 15 (AP)—William L. "Billy" Walker, 47, Beaumont soft drink manufacturer, was taken to High island today for preliminary hearing on a murder charge in connection with the fatal shooting of Hubert B. Oxford, 48, Beaumont lumberman.

## Grand Jury Resumes Its Deliberations

A 99th district court grand jury, which recessed Wednesday, returned to its deliberations this morning.

Charley Roberts, indicted for forgery, was arrested this morning and held in county jail.

Daniel A. Blair, district attorney, Thursday posted criminal settings for the September term of 99th court. Trial of the cases, 37 of them, will begin October 2.

## Enlarged Spending Power Is Reported

NEW YORK, Sept. 15. —(AP)—Reports from all parts of the country this week to Dun and Bradstreets, inc., emphasize the enlarged spending power running into millions of dollars and the rapid disappearance of suspense and apprehension noted before the NRA won general support.

The company's weekly review of business said that even the smaller merchants now are beginning to feel the benefit of the increased employment and the higher earnings of the working classes.

## Kansas Ex-Convict Killed By Officer

HOPKINS, Mo., Sept. 15 (AP)—A sharp-shooting highway patrol driver killed Harold (Harnk) Thornbrugh, Kansas ex-convict and desperado, near here late yesterday after Thornbrugh critically wounded another state patrolman while attempting to escape a trap officers laid for him.

Thornbrugh died from a bullet wound inflicted by Paul (Jack) Inman, St. Joseph, the driver.

**CURFEW RINGS**

PHILO, Ohio, (AP)—Philo is one town where everything suddenly grows quiet at nine o'clock at night. The reason is that the curfew custom was revived last year, when many children kept at their games far into the night.

However, when there is a social or other special affair in the village at night the curfew is postponed until the affair is over.

Ancients believed that a small artery ran directly to the heart from the fourth finger of the left hand; the custom of placing the wedding ring on that finger grew from this belief.

# SOUTH PLAINS GETS RAINS

## MOISTURE AIDS LATE FEED CROPS AND WINTER WHEAT

Most of the South Plains yesterday had rains which assured maturity of late feed crops, provided moisture for winter wheat, and helped pastures. The precipitation ranged from two inches to showers.

The precipitation at the experiment substation approximated one-third of an inch last night. Heaviest rain was southwest, south and southeast. Rain which fell in the Terry county region during seven hours brought more than two inches of moisture. It was the heaviest and most general rain since last September.

**Clouds Prevailing**

Cloudy weather, as prevailed yesterday, is favorable to growth of leaf worms in cotton fields. County Agent O. G. Tumlinson said he had received some reports of worm infestation. In most instances, little damage would be done now. Generally, removal of cotton leaves will hasten maturity of the crop.

# HIGHWAY BODY

(Continued from Page One)

of the counties concerned in order that we may work out with the commissioners' courts some feasible work relief projects which will furnish employment to able bodied men on relief rolls of such counties.

"Regard to the projects which are already under way in Potter county and which are initiated by the highway department on last Monday without consultation with this commission, it is our intention to pay the labor engaged on these projects. Neither the local relief authorities nor the men themselves in Potter county can be held responsible for the fact that the highway department preceded without authority and without full information as to the arrangements which had been made in Washington on Saturday."

## Storm Inspection Proposal Defeated

AUSTIN, Sept. 15. (AP)—A proposed inspection by legislators of conditions in the Rio Grande valley storm area had been defeated in the Texas legislature today. The house refused to adopt a senate resolution calling for appointment of a delegation from the two houses to visit the storm swept sector.

The resolution would have assigned the lieutenant governor, the speaker of the house and five senators and five house members to the inspection.

Those who opposed the trip said the delegation could not be of any assistance to the section damaged by the storm. They argued that legislators who represent districts in that section were acquainted with conditions and that state and federal agencies had made exhaustive surveys.

Twenty-one per cent of the meals eaten by Americans are eaten outside of homes.

# CHARGE EIGHT WITH MURDER

## THREE CONVICTS ARE HELD; FIVE OTHERS STILL AT LARGE

BATON ROUGE, La., Sept. 15 (AP)—With the death list resulting from last Sunday's Angola penal farm riot standing at seven, prison officials formally charged eight of the surviving rioters, including five still at large, with murder.

In addition, Eunice McDine, also known as Marian Russell, of New Orleans, common law wife of one of the mutineers, who confessed she smuggled a pistol into the prison two months ago, was charged as an accessory to murder, a capital offense. Her husband, James A. Russell of Akron, Ohio, who was serving time for a New Orleans bank robbery, was among three fugitives killed Wednesday near Marksville after a three day pursuit by possemen.

**Others Lose Lives**

Four men, including the camp captain, John A. Singleton, two guards and a convict, lost their lives in the shooting which attended the Sunday riot during a prison camp baseball game.

Of the eight prisoners charged with murder in the courts of West Elixiana Parish, where Angola is situated, three are held in Parish prison here since their recapture near Marksville. One other is believed to be hiding in central Louisiana swamp country and four others were thought to have fled into southeast Texas after a series of abductions and car thefts. Search for the missing men continued today.

**Quick Trials Sought**

The charges were filed by R. L. Himes, state prison manager, who indicated speedy trials would be sought.

The body of Russell, slain Wednesday in a cotton field with two companions, was sent to Akron at the request of relatives. The bodies of John Anderson of Toledo, Ohio, and Patrick J. Ryan of New Orleans, who died with him, were held pending relatives' instructions.

## *Unique System Is Used For Lighting*

ABERNATHY, Sept. 15. (AP)—R. T. Marquis, Abernathy farm youth, uses a unique system to light his room. He burns a 32 candlepower automobile light globe from electricity furnished by a radio battery. The battery is kept charged with a wind-motor, constructed on the roof above his room, which operates a generator.

**ART FOOLS SAVANTS**

AERZEN, Germany, (AP)—Wall pictures observed in a neolithic cave near this city were reported to the local archaeological society and discussed learnedly until a schoolboy confessed he had drawn the figures with a piece of flint.

## Looks As If Bob's Jokes Were Really Funny

Bob Riskin, left, is telling funny stories at a recent Hollywood party given for Terry Dantzler, orchestra leader and brother of Mary Brian. And they must be good, for see how he's amusing Glenda Farrell, the blond, and June Collyer, the young lady with the hat. Stuart Erwin looks as if he might laugh almost any moment.

# RANCH OF LATE PANCHO VILLA, "HACIENDA DE CANUTILLO", TO BE OPENED BY MEXICAN GOVERNMENT FOR SETTLEMENT

LAREDO, Sept. 15 (AP)—The ranch of the late Pancho Villa, notorious revolutionary chieftain, of approximately 180,000 acres, and known as "Hacienda De Canutillo," in the state of Durango 60 miles from the city of Parral, Mexico, where Villa was assassinated in 1923, will soon loom as one of the richest agricultural tracts in old Mexico.

The place was given this name after the Mexico government secured the original hacienda from the Jurado family and presented it to Villa. Villa later acquired the adjoining hacienda known as Las Nieves, where Tomas Urbino, his right hand man in his bandit exploits was born. He added the adjacent farms, La Caritena, El Cristo, San Antonio and El Torreoncita to the original hacienda and named the vast holding of about 180,000 acres "Hacienda De Canutillo." Through the center of this great area flows the Rio Florida, providing ample water for irrigation. Over 3,000 acres of growing crops are now watered by that stream.

**To Be Colonized**

After the death of Villa 10 years ago his widow administered affairs on the hacienda, but recently the Mexican government reclaimed the land and decided to open it up to settlement and cultivation. Already on the hacienda are about 1,200 residents including many followers of Villa in his days of glory.

According to Col. Manuel F. De La Garza of the Mexican army engineering department, who is spending his vacation with his family at his home in Laredo, the "Hacienda De Canutillo" has been subdivided into about 720 farms of about 250 acres each. These farms are now being sold to agriculturists by the Mexican government, with the condition that all who acquire holdings must put the land into cultivation and grow crops at all seasons of the year. Those who cannot cultivate the entire acreage must release the uncultivated part. Those acquiring the land pay annuities to the government for it. Already many of the 250-acre tracts have been taken up and within a short time the former Villa hacienda promises to become one of the fruit and vegetable paradises of Mexico, as the virgin soil is very fertile.

**Rarest Flowers There**

Villa's home occupied a portion of a large adobe structure divided into three parts—the home, a church and a large storeroom which included a garage and blacksmith shop. These surround a spacious patio in which many of the rarest flowers and plants of Mexico were grown at all times by Villa.

At one time the Hacienda was one of the most profitable in its section of Mexico and produced products, including cattle, goats and other live stock, valued at 300,000 to 400,000 pesos per year. Villa himself was a lover of fine horses and thoroughbred cattle and goats, and was a success as a haciendado or ranchman.

While the land on the great hacieda has been divided into farm tracts it is expected that the hacienda readquarters and nearby buildings will rmeain as they are, the farms flanking them on all sides. It is said to be the plan to make the old Villa home and the church the "town places" with a motion picture theater and other amusements for the residents of the community.

## *Opium Smoking In Hawaii Diminishes*

HONOLULU, Sept. 15 (AP)—Hawaii Chinese still smoke their opium, but the practice is diminishing. This, says C. T. Stevenson, head of the federal narcotics bureau, is because the older generation dies or returns to the Orient and the youthful Chinese do not acquire the habit.

Stevenson estimates that consumption of smoking opium in Hawaii has declined from 3,000 5-tael cans monthly in 1921 to 500 cans now.

**PRINCE ON NOTES**

MELBOURNE. (AP)—The new Australian ten-shilling notes now in circulation, which bear an effigy of the Prince of Wales, have become immediately popular under the name of "Teddies."

## *Few Vacancies In C.C.C. Camps Seen*

FORT SAM HOUSTON, Sept. 15 (AP)—There will not be many vacancies in the C.C.C. camp organized for a second six-months' period in October if returns from the Texas camps are a fair indication.

At the Trinity camp in East Texas, 181 of the camp's 189 enrollees have signified their desire to serve another six months. At Clifton, Texas, 161 out of 185 wish to return; at Cleburne 160 out of 188, and of the 167 enrollees now at Camp Bullis but formerly at Hamilton, Texas, 150 wish to reenroll.

Authority has been granted company commanders to give furloughs not to exceed 14 days plus reasonable travel time to C.C.C. members who wish to seek employment. The furloughs will be without pay.

## *Marconi Finds Spot For Experimenting*

ROCCA DI PAPA, Italy, Sept. 15 (AP)—Experiments with micro-waves are to be continued here by Senator E. Guglielmo Marconi.

This site was selected because of its high perch in the Alban hills just inland from Rome. Part of the apparatus the inventor used at Santa Margherita already has arrived.

The inventor hopes to extend the scope of his micro-wave reflectors, which worked clearly at a distance of 94 miles between his yacht Elettra and the Santa Margherita land station and faintly at 156 miles.

**TREATY RATIFIED**

WASHINGTON, Sept. 15 (AP)—The treaty for straightening the Rio Grand near El Paso, ratified Wednesday by the Mexican senate, provides for the expenditure of $4,340,424 by the United States government.

The total cost of shifting the channel of the international river is estimated at $6,105,500, the balance of which is to be paid by Mexico.

## May Get Bank Job

Appointment of Walter J. Cummings, executive assistant to Secretary Woodin, as the democratic member and chairman of the federal deposit guarantee corporation is expected in Washington. This would place him in charge of reopening closed banks. (Associated Press Photo.)

Twenty-five tons of hog tails formed part of the cargo of a steamer clearing from Galveston, Texas, for Manchester, Eng.

## *Rates Reduced Due To Money Surplus*

STOCKHOLM, Sept. 15 (AP)—Because of large cash deposits, for which, it is announced, sufficient safe short-time investments can not be found for the present, the Stockholm Enskilda Bank, one of the largest in Sweden, has reduced the interest paid on deposit and capital accounts by one-half of one per cent.

The fact that the check account deposits of the private banks at the Central Bank of Sweden amounted to the unusually large sum of 297,000,000 kronor on August 12 indicates the other large Swedish banks are confronted by the same problem.

The first package of merchandise ever carried across the Atlantic by an airship was a consignment of toys aboard the ZR-3.

## *Farmer Makes Old Clock Into Circus*

LEWISTON, Minn., Sept. 15 (AP)—Forced to quit active farming, 82-year-old George Rice has kept busy tinkering with an old family clock—and what he's done to it is plenty.

Every half hour, a mechanical monkey is projected out of a little coop atop a tiny merry-go-round for a gymnastic exhibition.

Then a darkey clog-dancer swings into action while a miniature reproduction of two comic page figures presents an act.

Vocal numbers to round out the fantastic variety show are supplied by a wiggly cuckoo which concludes the five-minute performance by announcing the time.

The clock is powered by electricity.

The curve of the earth's surface is about two inches per mile.

## "Gold Strike" Jaunt Ends

Elra Thatch, 11, was arrested in Los Angeles when he attempted to buy a bicycle with gold pieces he said he had found in a jar buried in his grandfather's cellar in Springdale, Ark. The arrest marked the end of a cross country spending spree during which the young Arkansas traveler, traveling alone, purchased a red wagon, baseball outfit, an electric mixer and other articles that attracted his fancy.
