County Designated Disaster Area; to Help Farmers

Collingsworth and Childress counties were designated September 26 as a "disaster area" as a result of cotton crop damage from excessive rainfall and hail.

This designation means that farmers who suffered heavy crop losses may apply to the Farmers Home Administration for loans to enable them to continue farming.

The action of Secretary of Agriculture Charles F. Brannon was taken after a request for such a designation was made by local agriculture agencies August 29.

The FHA announcement of approval for loans followed an investigation of the damage in the counties, which was requested by Representative Ben Guill.

Arrell Cummings, FHA supervisor for Collingsworth and Childress counties, will be in charge of the program in here. He said that the "emergency loans" could only be granted where farmers were unable to get financial assistance from other sources.

Other counties designated as a disaster area by press dispatches from Washington were Bowie, Collin, Delta, Denton, Donley, Fannin, Grayson, Hall, Hunt, Kaufman, Lamar, Motley, Rains, Red River, Rockwall and Vanzant. Earlier in September 24other Oexas counties were designated as disaster areas because of drouth and insect damage.

Eastern Star Has Friendship Night

The Wellington Chapter of the Eastern Star was host Tuesday night, September 26, at a Friendship Night, when approximately 35 guests were present from the Shamrock, Memphis, Childress and Dodson chapters.

This was the first of two Friendship Nights planned by the Worthy Matron, Mrs. Vera Wilder, for the year.

A Bible program was given by the officers of the chapter, and short talks were made by several of the visitors.

For this occasion, the Masonic hall was decorated with autumn flowers.

Desert and coffee were served during the social hour which followed.

WET WAR—Supported by his comrades, an exhausted G.I. stumbles toward a collecting station on the Taegu front in South Korea. Along with others, who are beginning to show the effect of long days of fighting in rain and mud, the G.I. will be evacuated to the rear lines and treated for battle fatigue. At left, an American soldier picks up a helmet belonging to one of his buddies.

700 Members the Goal

Farm Bureau to Hold Annual Membership Drive October 10

The Collingsworth County Farm Bureau opens its county-wide membership drive Tuesday morning, October 10, and during the day twenty-five workers will see every

L. D. Meriwether, manager of non-member farmer and business man in the county, explaining the work of the bureau and asking for their active membership, J. A. Coleman, president, has announced.

A membership goal of 700 has been set. The unit has approximately 500 members at present.

Only one day is planned for the drive, but if it is necessary, the work will go over into the following day in order that all persons may be contacted, Mrs. Ed Smith, Farm Bureau service manager said.

Final plans for the drive will be laid at a dinner for workers and their wives Tuesday evening, October 9.

Workers for the drive include W. R Breeding, Bart Martindale, Leon Patterson, Snooks Coleman, E. F. Bartlett, Monty Mitchell, Lewis Morris, Orval Vaughan, Lee White, Jr., Olan Farris, Jack Stewart, Joe Wilson, S. H. Thompson, Mr. and Mrs. Ed Smith, Robert Karnes, Bill Smith, J. A. Coleman, C. A. Crawford, J. E. Woodward, John R. Henard, Quinton Brewer, R. A. Homer and Wallace O'Rear. Several others will be added to this list before the drive opens.

This drive coincides with the state-wide drive, and the opening event will be a radio address by Governor Allan Shivers, from 6:30 to 7:00 a.m. This is a talk to all farmers and ranchers of Texas.

Layne Beaty, farm editor of radio station WBAP, Fort Worth, will be the master of ceremonies and interview E. F. Hornback, president of the Wise County Farm Bureau; Mrs. George Clark, treasorer of the McLennan County Farm Bureau; and J. Walter Hammond, president of the Texas Farm Bureau Federation.

Brother of Mrs. Reed Killed in Plane Crash

Tommie Helm, brother of Mrs. Morris Reed of Wellington, was burned to death in a plane crash near Ellendale, Tennessee, Monday, September 25.

Mr. and Mrs. Reed attended the funeral, which was held September 27. He returned to Wellington Friday and Mrs. Reed will remain with the family for a time.

Mr. Helm was a Navy veteran with 2,870 hours time to his credit flying a transport from San Francisco to Tokyo. After leaving the Navy, he became a pilot of the Chicago Air Lines and was on a regular run from Memphis to Detroit. Officials of the line said that he was one of the most carful pilots they had.

The accident in which Helm along with a student flyer, Bob Butler were killed occurred in a small two passenger plane. Helm had been invited to go for a ride by Butler. As they were starting to land, the plane hit wire and subsequently crashed and burned. Both men were dead when taken from the plane.

Funeral services for Helm were held last Wednesday while those for Butler were held Tuesday. Helm leaves a wife and four children as well as a number of other relatives.

Bond Set For Quail Burglars

Bill Pate Jr. and Joe Warren, held in the Hutchinson county jail at Stinnett in connection with the burglarizing of the Quail mercantile in late August, were returned to Wellington and arraigned before Justice of the Peace W. G. Hite Monday, Sheriff Claude McKinney reported.

Judge Hite set their bail at $1,500 each, and the two were returned to the county jail.

Pate is a former Quail resident. Following their arrest in Stinnett in connection with another case, he admitted to officers that he and Warren entered the Quail Mercantile and took five shotguns.

Rocket Half Gets Hip Injury

Doyle Wayne Ingram, 17-year-old Skyrocket right halfback, received a painful right hip injury in the game with Dalhart Friday night, and although he was back in school Monday, it was not considered likely that he would play in the opening conference game with the Clarendon Bronchos this week.

Ingram was injured near the end of the game on a defensive play, and was taken to a Dalhart hospital. His father, Homer Ingram, said the young player's hip was thrown out of joint just enough to pinch a nerve, causing much pain, and that later in the night it slipped back into place. X-rays showed no broken bones.

Pete Brock, a family friend, remained with him as Mr. and Mrs. Ingram did not attend the game.

Ingram was returned home Saturday afternoon.

Injuries Mending

Rockets Open Conference Play With Bronchos Fri.

The Wellington Skyrockets go to Clarendon Friday night, Oct.6, for their first conference game of the season, and the last game away from home until an open date October 27 and the game with Lefors November 3.

Coach Maxey McKnight, who has been predicting hard games for his team, and getting them, was fairly optimistic Wednesday morning, but added that he'd like to miss a prediction this time if it would do any good.

McKnight said that Doyle Wayne Ingram, who received a painful hip injury in the Dalhart game, will probably be able to play, at least part of the game.

Seldon Wood, on the other hand, will likely be out, due to a bruised knee and turned ankle from the same game. Charles Johnson has been shifted from quarterback to Wood's position at right end, as well as remaining as reserve backfield player also. Harold Moore, fullback reserve, is due to work out in the quarterback place and will be held as a reserve in both these positions.

Clarendon's Bronchos show a good line and one good backfield player.

So far the Bronchos have won one non-conference game, from Claude, and lost two games, a conference tilt to McLean and a non-conference one to Quanah.

The game will begin at 8:00 p. m. and the Rockets will be accompanied by their band and pep squad.

Members of the Rocket Band are expecting their new band uniforms either Thursday or Friday, and if these arrive in time, the musicians will make their first appearance in them Friday night.

Results of Friday's game's were:

Shamrock 13 — Phillips 13
McLean 13 — Clarendon 6
Dalhart 29 — Wellington 13
Memphis 12 — Lefors 7

Once Lucky He Missed the Plane

R. L. SISK STOPS BRIEFLY ON WAY FROM KOREA TO WASHINGTON

R. L. Sisk, with Foreign Service Ordnance at Pusan, Korea until the outbreak of the war, reached Wellington Saturday night, September 23, for a week's visit with his family here, then left Monday, October 2 for Washington to report to State Department officials.

Mr. Sisk remained in Japan when Mrs. Sisk and their three children returned to the United States, and was due to have returned to Korea.

The plane on which he was to have made the trip was filled before his name was reached, and his passage was cancelled at the last minute. It exploded over the channel between Japan and Korea, and all passengers except one were killed. Among those was a close friend of Mr. and Mrs. Sisk.

Mr. Sisk was in Korea two and a half years, first at Soeul and later at Pusan. Mrs. Sisk and the children were there a year. She, Bobby, Margaret Rose and Jeannie will remain here with her parents, Mr. and Mrs. E. A. Singley, until Mr. Sisk receives further assignment.

Reared here, Mr. Sisk is the son of Mrs. A. G. Sisk and the late Mr. Sisk. He is a veteran of World War II and was wounded in the invasion of Normandy.

First Draftees Leave County Under New Setup

The county's first men to be inducted into the armed forces since the outbreak of the Korean War left Childress Friday, September 22, and were sworn into the U. S. Army at the Armed Forces Recruiting Station at Amarillo.

Fifteen boys were included in the group from the five counties making up this selective service area. Five were from this county and according to Mrs. Frances Starkey of Childress, clerk of the draft board, included:

Glenn Honeycutt, 22, son of Mr. and Mrs. A. L. Honeycutt of Dozier. He graduated from Samnorwood high school in 1946, and since then has engaged in farming.

LeRoy Browning, son of Mr. and Mrs. J. D. Browning of Wellington. He has been farming since graduating from high school.

Ray Clark, son of Mr. and Mrs. H. J. Clark of Samnorwood. He graduated from Samnorwood high school and Texas Technological College, and for the past year has been employed by the Southwestern Bell Telephone Company in Amarillo.

Billy Thomas, son of Mr. and Mrs. J. R. Thomas, has been employed as a commercial printer in Dallas.

Ross Hardy Oatman, son of Mr. and Mrs. H. C. Oatman of Quail, has been farming since graduating from high school.

One other county boy, Edsel B. Thomas, was transferred to a draft board in Arizona for induction.

Seventeen more young men will be sworn in from counties covered by this draft board on October 6, and on October 17, an additional 51 will report for pre-induction physical examinations.

VFW Sponsors Hank Thompson and His Brazos Valley Boys

Continuing its fall and winter entertainment program, the Veterans of Foreign Wars is presenting Hank Thompson and his Brazos Valley Boys at the community building, Saturday night, October 7, Russell Yates, entertainment chairman, has announced.

Popularity of this group has grown rapidly throughout the Southwest, where they are best known, and their popular musical arrangements, plus their colorful attire, is fast making them favorites of a large dance orchestra following.

"It's a show just to watch them," Mr. Yates commented.

The dance is widely advertised through the lower Panhandle and western Oklahoma, and a large crowd is expected.

Club Women Plan Tour of Homes

Home Demonstration Club women will go on their county tour Thursday, October 12, Miss Jo Wylie, county home demonstration agent, has announced. This tour will take the place of the agent's first meeting in October with the clubs.

The women will visit the kitchen demonstrators of the various clubs, in addition to some other homes.

Those going on the tour will leave the agent's office at 8:30 a.m. and everyone will take a sack lunch.

Homes to be visited are those of Mr. and Mrs. Charley Bradley, Samnorwood; Mr. and Mrs. Leroy Bell, Abra; Mr. and Mrs. Jim Dodson, Lutie; Mr. and Mrs. Charles Cason Sr., Midway; Mr. and Mrs. Wayne Reynolds, Dodson; Mr. and Mrs. Barney Walker, Samnorwood; and Mr. and Mrs. Joe Baumgardner, Wellington.

All club members are urged to attend, and those planning to make the tour are asked to contact Miss Wylie within the next few days.

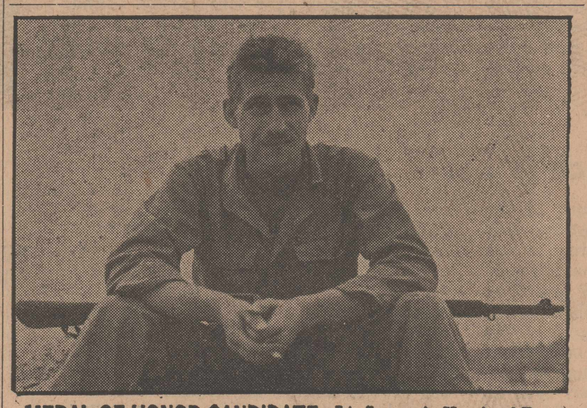

Rain Here Sunday Measures 63. Inch

Rain measuring .63 inch fell Sunday, October 1, J. M. Strong, reported from the government rain gauge measurement.

Skies continued cloudy through Tuesday, but no additional moisture had fallen.

Twelve Farm Practices Approved by PMA, 51

MEDAL OF HONOR CANDIDATE—Lt. James A. Harris of Boaz, Ala., is credited with participating in one of the most heroic and spectacular actions yet to be reported in the Korean war. The tall and lanky lieutenant led a patrol of five men into enemy territory, knocking out 10 machine guns and killing 40 North Koreans. Among the G.I.'s, his voluntary action is expected to earn high decorations for the patrol members and may win Harris the coveted Congressional Medal of Honor.

Begin Taking Applications for Approval Soon

Twelve practices have been approved by the County PMA committee for the 1951 government farm program, Millard Brown, PMA secretary, announced this week. This is the smallest number of practices in recent years.

Major changes in the program include increasing the payment for deep plowing to $5.00 per acre for land plowed 18 inches or deeper, and the reduction of terracing from $1.50 to $1.25 per 100 feet.

At the same time, Mr. Brown announced that $102,000 will be available in the county for carrying out these farm practices.

There will also be a limit of $500 that any farm can earn.

The county committee, headed by J. A. Coleman of Dozier, has set December 1 as the final date for issuing approvals on the seeding of winter cover crops.

The twelve approved practices, and the amount which each will draw, are:

Terracing — $1.25 per 100 feet.
Diversions — 6 cents per cubic yard.
Subsoiling — 12 inches deep and rows not more than 48 inches apart, $2.00.
Stalk practice — 25 cents per acre.
Earthen dams — 10 cents per cubic yard.
Deep breaking — 12 to 15 inches in depth, $1.50 per acre; 15 to 18 inches in depth, $2.00 per acre; over 18 inches, $5.00 per acre.
Application of superphosphate — $1.02 per hundred.
Winter legumes on land — vetch, 12 cents per pound; Austrian winter peas, 5 1-2 cents per pound.
Rye for winter cover, later plowed under, $2.00 per acre.
Seeding pasture grasses — approximately 70 per cent of the cost of the seed, not to exceed 50 cents per pound.
Strip cropping, 50 cents per acre.
Control of sage brush, $1.20 per acre.

The local PMA office will begin issuing approvals on these practices within a few days.

Quail and Wellington to Represent County

Five Future Farmers To National Meet

Three Wellington Future Farmers and two from Quail will leave Saturday, October 7, for Kansas City to attend the national FFA convention, which will immediately precede the American Royal Livestock Show.

Going from Wellington are Clifton Hartman, Thomas Kutch and James Slay. Representing the Quail chapter will be Gene Peggram and Virgil Patterson. Bennett Goodloe, Wellington vocational ag instructor, is taking the boys and going with them will be two Future Farmers from Canyon and one from Tulia.

Hartman, who now farms at Estelline, will receive his American Farmer degree, the highest offered in Future Farmer work. Of the 8 applicants for the degree from this area, only two passed the rigid tests, Hartman and Kenneth Gregg of Plainview.

The degrees will be awarded by W. T. Spanton, national advisor.

The group plans to return late next week.

Knox Crews in St. Joseph's

Knox Crews of Plainview, brother-in-law of Dr. and Mrs. E. W. Jones, is in St. Joseph's Hospital for treatment following a heart attack. His condition Wednesday morning was reported as improved although he will be confined to his bed for six weeks or two months.

Mr. Crews entered St. Joseph's two weeks ago.

Prof Willingham Church Speaker

Prof. Roy Willingham of the science department of Abilene Christian College, Abilene will preach at the morning service at the Church of Christ in Wellington Sunday, October, 8 in the absence of Minister Paul Lusby.

Prof. Willingham lived in this county as a youth, when his father Roy Willingham, was with the Post Office, and for a time before leaving here, he was employed as an apprentice at The Wellington Leader.

His parents now live at Corsisana.

Prof. Willingham attended Abilene Christian College and did undergraduate work at a college in Tennessee. He received his master's degree from the University of Tennessee last summer.

He will be accompanied here by his wife and two-year-old son, Michael.

Prof. Willingham is the grandson of J. E. Blevins of Quail, and the nephew of Mrs. Elmer Hiett, Mrs. Leon Coleman, of Wellington, and Mrs. H. D. Jones, Carroll Blevins and Clarence Blevins of Quail.

Air Child Cotton Puller Problem Wednesday Night

Farmers and business men and all others interested are urgently reminded of the meeting Wednesday night, October 4, to hear H. B. Nunn, representative of the U. S. Department of Labor, Wage and hour division, in an explanation of the Child Labor law which now covers children under 16 years of age in agriculture work — including cotton picking, the present cause of concern.

The meeting will be held in the district court room beginning at 7:30.

Since the amount of cotton pulled by children under 16 years of age is a big per cent, the regulation from an economic standpoint will have a bearing on all businesses and professions in Wellington.

Whollaper Gets Ready for Fair

Finishing touches on feeding and to appearance this week will get Whollaper ready for his young mistress, 15-year-old Georgia Nell Galyean, to exhibit in the Junior Livetock Division of the Dallas Fair, Bennett Goodloe, her vocational agriculture teacher, said this week.

Miss Galyean is the first girl Future Farmer ever to exhibit in the Junior Livestock show.

Whollaper will be taken to Dallas October 15 and the show opens two days later. Judging is scheduled for October 18, Miss Galyean will remain through Oct. 20, when Whollaper will be sold in the auction.

Whollaper won the grand championship of the Youth Project Show here in April.

Father, Small Son Near-Victims

TRAGEDY NARROWLY MISSES FAMILY TWICE IN FIVE DAYS

Death missed the Howard Blevins family of Quail by only a hair's breadth twice in five days, in an accident to Mr. Blevins and a near accident to his and Mrs. Blevins 18-month's old son, Robert. Witnesses reported it was only the quick action of Superintendent of Schools Herman Moseley that saved the child's life.

Mr. Blevins received a severe electrical shock while wiring the Quail Post Office Wednesday, September 27, when a pair of pliers he had in one hand came in contact with a live wire.

He was rushed to St. Joseph's Hospital and remained until Friday, when he was returned home by ambulance.

Robert narrowly escaped Sunday evening when a tractor behind which he was standing was started while in reverse.

Witnessed said that a trailer had been unhooked from the tractor and the child was standing between the two when the tractor started in reverse. Mr. Moseley jumped between the tractor and trailer in an attempt to hold it off the child, and one leg was pinned by the tractor axle to the tractor. The little boy was knocked down, but received only bruises about his face.

It was necessary to jack up the axle before Mr. Moseley could be released. His leg [illegible]dly bruised.

Lt. Cummings' Platoon Honored

Lt. Will Joe Cummings of Wellington, stationed with the U. S. Army of Occupation in Wetzler, Western Germany, has written friends that his platoon recently took first place in the Regimental Platoon firing problem, and as a result he has been recommended for promotion to first lieutenant.

Lt. Cummings, son of Mr. and Mrs. Will Cummings of Wellington, has been in Germany for the last 18 months. He is serving as commanding officer of a motor pool, with approximately 200 United States soldiers under him, in addition to some 200 German laborers, including both mechanics and common laborers.

At Christmas, 1949, Lt. Cummings was married to Miss Mary Curtis, daughter of Col. and Mrs. Curtis of Wetzler. Col. Curtis is inspector general over five motor pools, including that which Lt. Cummings commands.

Fire Prevention Week is October 8 to 14

October 8 to 14 is Fire Prevention Week throughout the nation, warning us of the terrible loss of life and destruction of property by careless fires.

Every day there are 700 home fires, 28 deaths by fire, 7 church fires, 7 schools burn up and three hospitals, with helpless patients, fall victim to Fire—but what do we do to prevent this destruction?

Like so many other things, much of the responsibility lies with the individual himself. Most fires are preventable, and all too many are the result of carelessness. Or they are caused by the improper use of what can be one of the most useful things in our lives, as when electric wiring is improperly installed or a circuit overloaded.

Potential destructive fires lead quiet lives, in oily rags, in unchecked electrical systems, in overheated stoves, in piles of junk you've been intending to discard for ever so long, in that rubbish fire left unattended. These danger spots don't seek you out. You have to go to them and ferret them out.

Locally, we owe thanks and an expression of gratitude to our Volunteer Fire Department, and to the men who serve in it from a sense of civic responsibility. These men sacrifice their time and energy to protect our property, and so efficiently do they do the job that they save us thousands of dollars annually in Fire insurance premiums.

During fire prevention week, check your home, your place of business, your farm buildings for fire safety. . and remember that fire prevention is not a one-weeks job, but a job for every week in the year.

What Boys Ranch is For--

Sitting on the curb in front of the Boys Ranch office one morning last week were three boys, ranging in age from 9 to 15 years. Harry, the oldest of the three, introduced himself and then his two younger brothers. Billy Joe, the little nine-year-old and youngest of the three, seemed dejected and bewildered as he peeked out through straggley, unkept hair with two big brown eyes as his big brother Harry asked if he and his two brothers could go to Boys Ranch. What a fine young man, even though only 15 years old. He was serious as he unraveled the story of a father who left the mother and three boys, four years ago.

The mother had been working in a restaurant, doing the best she could to keep the three boys clothed, fed and in school. Harry was working after school shining shoes to help out with the finances. They were getting along pretty well with what little he and his mother were making until the mother fell, hurting her spine, making her partially paralysed.

Harry and his mother talked it over. She couldn't work, he couldn't earn enough to keep them going, they had no one to turn to. The father had remarried in Ohio and wasn't interested in his sons. The mother took all her savings and bought three bus tickets to Amarillo, hoping that the Boys Ranch she had heard so much about would take her boys.

Ordinarily, Boys Ranch doesn't take boys this way, but when three youngsters without food or a place to sleep face you, asking only for a chance to participate in a meager way in the vast wealth and resources of our great nation, what would you have said. We contacted the mother by phone and she confirmed Harry's story. She hadn't made any arrangements for the boys to come to the Ranch because she was afraid there would be no room. But she felt that if the boys came to us alone, somehow we'd take them.

Did we take them? Sure we did. That's what Boys Ranch was started for.

One-Armed Medicine

A determined effort is being made by the Administration to establish a compulsory Federal medical service. The fact that countries already "blessed" with such monopolies lack the medical advantages of the United States, from the standpoint of progress, has not deterred those who favor compulsory socialization of the medical profession.

A sidelight on the issue has just been published by the Association of American Physicians and Surgeons. The organization's "News Letter" contains a note written by Dr. William C. Black, of San Diego, Calif., formerly president of AAPS, on his arrival in New York from a several months' European tour and study of socialism. He says he "stayed in Kenilworth, England, for a couple days . . . Found out the proprietor of the hotel was an anesthetist—specialist—and had quit a year ago not because of pay, but because under the regulations of the National Service Act he was not permitted the freedom and action essential to the best interests of the patient . . . Rather than do substandard work he just quit and now makes a living from the hotel . . . He cares for the chickens, goats, cows and garden and his wife keeps the hotel, cooks and irons."

Doctor Black wrote that the physician-hotel proprietor told him. "This Act had the same effect on me, as a physician, as though I had lost an arm or gone blind or developed some other physical disability which would make it impossible for me to do my work properly."

Uncle Sam Puts His Foot Down

The Buck Creek Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek, as exponent of easy farming, has bad news for his hard-working neighbors, his letter this week reveals.

Dear editar:

I read in a copy of Time magazine which I picked up in the dentist's office in town the other day and will return if my tooth ever starts hurtin again where scientists are baffled over the fact weeds and grass can build up an immunity to these new-fangled weed killers, which they been promisin was gonna revolutionize farmin and make it as easy as makin change in a bank.

It seems like the first year these chemicals will kill weeds and grass satisfactorily, but by the second year some of the weeds and grass begin catchin on and build up an immunity and the chemicals have no effect on em, no more'n my wife's naggin has on me. As a result, scientists and some farmers are tearin their hair over this.

But it hasn't bothered me. I learned long ago that grass and weeds was apparently here to stay and the smart thing to do is for me to build up an immunity against them. I ain't no scientist but I figure I got as much sense as a weed and if it can build up an immunity against me, I can against it. Live and let live, is my policy. Weeds and me both is part of nature and we stopped objectin to each other years ago.

As far as I'm concerned, weeds and grass are not only immune to chemicals but also to plowin and choppin. Never could see no sense in tryin to kill out Johnson grass if I was gonna come close to doin the same to me in the process.

Scientists are always bringin out in the headlines at least new methods of wipin out pests and weeds and heraldin a new dawn for easy farmin, but somethin always slips up by the time the new method gets to the middle of the field and as well as I can tell the only method that's still effective is hard work and that ain't appealed to me in years.

Yours faithfully,
J. A.

BIBLE COMMENT
FOR OCT. 8

Leadership Must Inspire Faith

A leader's contribution to the rise or fall of a nation cannot be underestimated. Achan of Israel, is a striking example. A shrewd leader of Israel, Achan succumbed to temptation in the midst of a great victory and greedily stole some of the spoils of his triumph.

Later he confessed his wrongdoing. And for coveting 200 shekels of silver and a wedge of gold, Achan was stoned and burned alive. The people of Israel were merciless, believing that the strength of their nation was weakened and endangered by the extent to which any individual set his personal gain or interest above the safety and welfare of the whole.

The leaders of modern-day nations are not liable to receive such harsh punishment for acts of plunder. But they might well take a lesson from ancient Israel, which, like present-day European nations, was imperiled by surrounding countries.

The besetting sin of the Israelites was idolatry. This was not only a temptation to follow the practices of neighboring peoples; it was a distinct moral decline.

There are idolatries in our American life as gross and perverting as those to which the faithless of Israel turned. Some make a god of money, some of power, some of pleasure.

Our leaders must, by living an exemplary life, guide us along righteous paths. They must use their influence to point out that the way to success in any endeavor is to love God with all the soul, mind and strength.

Unless the ideals of our leaders are mirrored in their personal lives, they cannot justly face the leaders of enemy nations.

Nor can the people of this nation tolerate an Achan in their midst; they must be able to turn to their leaders for guidance.

Looking Ahead With George S. Benson

BEHIND THE CHINA CURTAIN

With world attention centered on the Orient, and especially on China and its behavior under Communist masters, it is well for us to know what's going on behind the scenes in this area so important to the future of Asia and, indeed, the whole world. I've just had as my guest a Chinese business man who has spent his lifetime in China, who has had personal contact with the Chinese Communists and has observed at first hand the turn of events since they occupied the country. He is a university graduate, a highly intelligent, unusually well-informed person; in fact, he was with American Intelligence in China during World War II.

Any war today involving the United States against world Communism would find the masses of the Chinese people "ready and anxious to revolt" against their Communist masters, he says. "But if the Communists are given 10 years in China," he says, "they will have indoctrinated our young people so thoroughly and enslaved the others so completely that any spirit of revolt remaining alive will have been rendered impotent." This is a significant opinion in view of the theory, long projected by some of our foreign policy leaders, that China "is too big for the Communists to swallow."

OPPORTUNITY CLOSED

"Nine-tenths of all the people of China are against Communism now," he says. "They would revolt if they had a chance. They have discovered by personal experience that Communism permits only a bare existence, at best, if they order their lives in the Communist mold there is absolutely no hope or promise of rising above the existence level. Though there have been severe obstacles through the centuries, my people have always been conscious of the opportunity, however difficult, for anyone to rise above the station of peasantry. The opportunity now is closed."

The communists turn a benign face to the Chinese people, he says, "But their unspoken threats loom terrible behind their politeness. To oppose or even to question their "suggestions" means imprisonment or death, or both. All Chinese people have become aware of this fact — by observation in their communities."

NO LAND REFORMS

The Chinese people, he says, "have found, too, that the promised Communist land reforms will not materialize. It is true that the crushingly high rentals which many landlords had imposed for generations have ceased going to the landlords, but it is not true that Chinese peasants have been "given" land. The Communist State in every case has retained ownership. The peasant on his parcel of land merely has changed landlords."

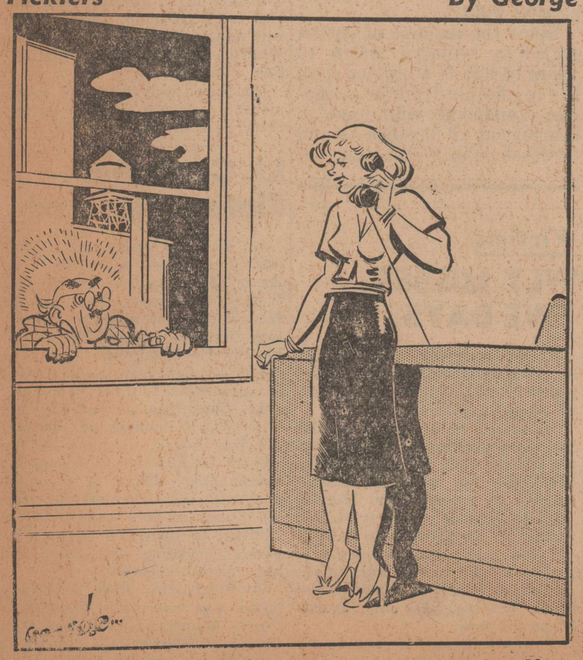

"He is permitted to keep from his rice harvest only a small portion above his diet requirements and with this he must meet all of the living expenses. The remainder is taken away by the Communist government. With his allotment he must earmark a quantity to exchange for the everyday family and home necessities and conserve the rest as the chief item of the family diet. The allotment represents his whole income.

COMMUNIST "DEMOCRACY"

"The seizing of land and other wealth goes down to the lowest level of ownership. The landlord owning five acres is approached, for instance, and told he needs only one acre. Ownership of four acres is taken from him. And the Communist officials says, 'Oh, by the way, the rental you've charged during the past has been rather high. We think you should have charged only half as much. You will please return 50 per cent of the rentals you've collected during the past three years.' To whom? To the Communist government — not the tenant! If the owner hasn't the money and can't, in desperation, raise it, he goes to prison. He is not even permitted to make installment payments with the income from the one-acre left to him."

My guest is not a "follower" of Gen. Chiang Kai-shek, the Nationalist leader. However, he says the "graft and corruption" attributed to the Chiang regime has been "inflated out of all proportions" by Communist propagandists, their allies and unwitting dupes. He doubts it would even be "out of scale" with the political graft and corruption in some American cities. He says also that before Communists occupied Central and South China, land reform laws had been passed by the Chiang government which would ultimately have ended the worst features of Chinese landlordism.

Here Is All That County Officials Have

LITTLE INFORMATION ON CHILD COTTON PULLERS AVAILABLE

Because of the concern of local farmers over hiring cotton pullers with children of school age, and of what it may do to the economy of the county, The Leader reprints below the complete bulletin "What Farmers who hire Workers Should Know About Child-Labor Provisions of the Federal Fair Labor Standards Act."

This is all the information that any county official here has received concerning the law, which went into effect January 1, 1950.

County officials further point out that it is a federal law and that county or school officials have nothing to do with its operation or enforcement.

The bulletin reads:

When Congress amended the Federal Fair Labor Standards Act in 1949, the coverage of the child-labor provisions was greatly extended. These parts of the new law now apply in all States to Employment In Agriculture during school hours.

This summary is to help farmers understand the new Federal law and to comply with its child-labor provisions.

1. Do the child-labor provisions of the Fair Labor Standards Act as amended in 1949 apply to agriculture?

Yes. They apply generally to farmers whose crops or products go either directly or indirectly into interstate or foreign commerce, as in the case of a farmer who sends his product outside the State or delivers his product to a canner, processor, or dealer who he knows will send it outside the State, either in its original form or as an ingredient of another product. For example, tomato growers who send their tomatoes to a cannery within the same State are covered if the canned tomato product made from their tomatoes goes out of the State.

The Act does not apply to a farmer if he sells only to dealers who market exclusively within the same State.

What do these provisions do?

They make it illegal to employ children under 16 years of age in agriculture during school hours.

This applies to migratory children as well as local resident children, but NOT to the farmer's own children working on their parent's farm or farms.

3. What is meant by "during school hours?"

During school hours means the hours when the school for the district where the child under 16 is currently living, is in session.

4. How old must a child be to work on a farm outside school hours?

This Act sets no minimum age for employment before or after school hours on any school day, or at any time on school holidays, and during school vacations.

5. How can a farmer be sure that the young person he intends to hire during school hours is at least 16 years of age?

The farmer is responsible for finding out the correct age of the young worker. He will be protected if a certificate of age, issue or accepted by the U. S. Department of Labor, is obtained, which shows the young person to be at least 16 years of age.

6. Where can such a certificate be obtained?

In all but four States and in the District of Columbia, Hawaii, and Puerto Rico the farmer should have the young person apply to the proper official for a certificate. This is usually a local school official, who issues employment and age certificates under the State child-labor laws.

In Idaho, Mississippi, South Carolina, and Texas where there is no accepted State system in force, application should be made for a Federal certificate of age to the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor.

7. May a farmer have his own children work during school hours?

A farmer's own children are NOT subject to the child-labor provisions of the Federal law, when they are working on their parent's farm or farms, with or without pay.

However, the school attendance laws in most States require children under 16 to attend school.

8. Is a farmer in violation of the Federal law if the under-age children working on his farm were not hired by him personally?

A farmer is responsible for every under-age child working on his farm. This includes children hired either individually or as a part of a family group by labor contractors, processors, or others.

9. What are the penalties for violation of the child-labor provisions of the Fair Labor Standards Act?

The Act provides, in case of wilful violation, a fine up to $10,000. For a second offense, committed after conviction for a similar offense, a fine of not more than $10,000 or imprisonment of not more than six months, or both, may be imposed. The Secretary of Labor may ask a Federal district court to restrain future violations of the child-labor provisions of the Act by injunction.

Quail All-Stars Defeat Norwood In Tuesday Game

The Quail outside team defeated a similar team from Samnorwood Tuesday night, September 25, with a score of 56 to 43.

Quail was led by Bill Phillips, former West Texas State basketball star, with 21 points, and Charles Duvall, ex-Weatherford, Oklahoma, college professor, who hit 12 points.

Samnorwood's top performer was Richard Overcast, with 16 points, and Don Dorman, a good high school player who is ineligible this year, with 12 points.

Also aiding the victory for Quail were Alvie Clay, with 8 points, and Howard, also with 8. Clements hit for 4 points.

For Samnorwood, Red Young turned in an exceptional game.

Highlight of the game was when Supt. Herman Moseley of Quail rushed onto the court, stole the ball and sunk a two-handed shot from the corner. He then retired to the bench for the remainder of the game.

Mrs. George Farris and son, George, Jr., returned home Tuesday, after a visit with her sister, Mrs. Frank Massey, in Colorado City, Texas.

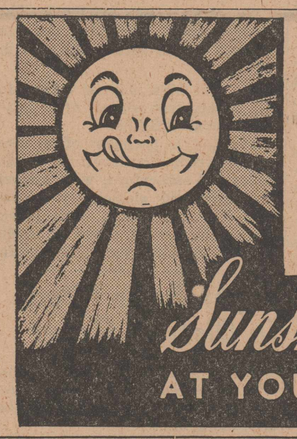

Mrs. Cal Parker and son, Jim, of San Antonio, Texas, are here visiting her sisters, Mrs. Jim White, and Mrs. John Forbis.

Mrs. R. P. Scott was in Childress Thursday on business.

Judy Smith, daughter of Mr. and Mrs. W. L. Smith, hospital, tonsillitis and asthma.

Dr. and Mrs. J. C. Agee attended the Amarillo Fair Thursday.

MESQUITE CONTROL PRAISED ON SILK AND CAMPBELL RANCHES

Two representatives of the Spur Experiment Station were in this area last week to check mesquite control demonstrations on nearby ranches.

C. E. Fisher, superintendent of the Spur station, and Dale Young, administrative assistant at the station, inspected the results of mesquite control measures on ranches of E. E. Silk, Cliff Campbell and Audie Little.

Fisher and Young were well pleased with the results of the experiments to this date. The experiments were made last June under the supervision of Fisher.

The superintendent recommended that more of this type of work should be accomplished in this county.

He pointed out that the latest results on the methods of controlling mesquite will be observed on 3,000 acres of range and pasture-land at that time.

Methods used in the experiments include an airplane application of chemicals and oils, brush plows, cabling or chaining and heavy brush cutters.

Results of grazing trails will be observed and discussed on cleared and mesquite infested pastures and on pastures light, moderate and heavily grazed. Also included will be rotation grazed, seasonally grazed, upland and bottom land pastures, contour furrowing, water spreading, weed control, reseeding, fertilization and other practices.

Condition of Mrs. Gilmore Improved

Mrs. L. A. Gilmore, who has been critically ill in St. Joseph's Hospital for two weeks, has shown considerable improvement Monday and Tuesday, Mrs. Elmer Hiett, a close friend, said Tuesday evening.

It is not known how much longer Mrs. Gilmore will remain at the hospital for treatment.

SALT FORK

By MRS. R. H. ISBELL

The weather lately sure reminds us that fall is here. Noticed the cotton trucks and trailers are on the highways, too. So let's all be careful and not run into some poor farmer's cotton wagon or trailer, causing a lot of damage and maybe serious injury to ourselves and others.

There has been a lot of complaint the past few days about the worms getting in the cotton again.

Our W. S. C. S. birthday party Friday night was well attended and enjoyed by all present.

Mr. and Mrs. R. H. Isbell visited Rev. and Mrs. H. E. Long in Wellington Tuesday night.

Mrs. G. C. Wright, Mrs. J. P. Cummings, Mrs. Ted Isbell, Mrs. C. A. Wright, Mrs. R. H. Isbell attended the Wellington W. S. C. S. birthday party in the church parlor of the Methodist church last Monday. A good program was given and a lovely cake decorated with candles was served with punch for refreshments.

Rev. Tom Bolton and Gene Bolton were supper guests in the C. A. Wright home Thursday night. Mrs. Maxwell accompanied them home for a visit. Rev. Bolton is pastor of the Baptist church at Lawton, Oklahoma. Gene left Monday for training.

Mrs. Lillian Isbell and son, Robert, of Altus, Oklahoma, were in Wellington Saturday attending to business.

Mr. and Mrs. J. J. Jones of Brownfield, Texas; Mr. and Mrs. Onis Jones of Hollis were visiting friends in Wellington Saturday.

Mr. and Mrs. Carrol Jones and family were also visiting relatives here over the week end. The Jones families are former residents of our community.

Mr. and Mrs. G. C. Isbell were supper guests of their parents Sunday night.

We are sorry that Mrs. Brown, a long time resident of the Lillie community, is so seriously ill again. She has been in poor health for several months.

Mr. and Mrs. U. S. Bolton and family of Dumas have bought a large trailer house and are moving to Clovis, New Mexico. Mr. Bolton is employed with a drilling company there, and will begin his duties there as soon as the family arrives.

Mike Mitchell was a happy little boy Sunday, as he was celebrating his birthday.

Mr. and Mrs. G. C. Isbell, Mr. and Mrs. O. R. Spear and family visited Mr. and Mrs. W. C. Boykin Friday night.

Mrs. Zook Thomas, John Alf and Nancy, visited Mrs. J. W. Gollihugh and Mrs. Dee Harris Thursday afternoon.

Mr. and Mrs. B. C. Harris of Dodson, Mr. and Mrs. Duard Harris and David spent Sunday in the J. W. Gollihugh home, where they visited Mr. and Mrs. Dee Harris.

Leader Store Has 23rd Anniversary

The Leader Department Store in Wellington this week continues the 23rd anniversary of its establishment here, Mack Saied, owner, reminds the public.

Mr. Saied took this occasion to recall the progress made by the store, from its small beginning, in a small building, through its years of expansion to its present position of one of the leading dry goods stores of the Lower Panhandle.

Members of his family have assisted Mr. Saied in the store's expansion. A son, Mack Saied, Jr. returned to be actively engaged in the business when he graduated from college, and a son-in-law, George Farris, is also active with the store. Both Mrs. Saied and Mrs. Farris are also active on the store's staff.

Lowry Honored At Southwestern

WEATHERFORD — At the end of the second week of the first semester at Southwestern State College, officers of all campus social, scholastic, honorary and religious organizations have been elected with only one or two exceptions.

Students at Southwestern from Wellington who have been elected to office include:

Joe Lowrie, Wellington, president of the senior class; Alpha Nu Fraternity representative to the Inter-Greek Council; president of Alpha Nu social fraternity.

Former Resident Critically Hurt

Henry Brown of Levelland, son-in-law of T. B. Starkey of Wellington, was critically injured recently when he was caught in the conveyor in the cottonseed house of the gin which he and his son own and operate. One leg was cut off at the knee, and he suffered severe shock, but the latest word received by members of the family here indicated he had a good chance to recover and was doing as well as possible.

Upon receiving word of the accident, Mr. Starkey, Oran Starkey, Mr. and Mrs. Sam Brown, accompanied by Mrs. Ed Morgan and Mrs. Raymond Powell of Perryton, went to Levelland to be at his bedside. Sam Brown, who lives at Swearingen, is a brother.

Mr. and Mrs. Brown formerly farmed in the Lillie community, but left here between 30 and 35 years ago. Since then he has operated gins at various points on the South Plains, and at present he and his son own and operate two in Levelland.

Mr. and Mrs. Brown had visited her father in Wellington about two weeks ago.

City Group to Rogers Meeting

A group of Wellington men were in Clarendon Thursday night when Judge Ralph Porter of Clarendon was selected district campaign manager for Walter Rogers in the coming congressional race.

Going from here were Orval B. Couch, George Henry, A. D. Rainey, Mr. and Mrs. Austin O'Neil Jr., J. E. King, S. B. Crump, B. B. Frisbie, J. W. Holder, Dick Sweat, W. P. Spillman and Judge Luther Gribble.

Mrs. Joyner Joins City School

Mrs. Rex Joyner of the Lillie community has been elected to teach the third grade in the Wellington elementary school, Supt. Charles Roberts announced this week. Mrs. Joyner fills the place left vacant by the resignation of Mrs. Windell Brewer last summer. Mrs. Harry Leonhardt has served as substitute teacher during the first month of school.

Mrs. Joyner has taught in Oklahoma for 16 years, the last ten as fifth grade instructor at Dill City.

Mr. and Mrs. Joyner moved to this county last winter, after buying a farm at Lillie.

She has a bachelor of science degree from Southwestern State College, Weatherford, with majors in music and elementary education. She will assist with music in the elementary school in addition to teaching the third grade.

Eight Suits Filed In District Court

Eight suits were filed in district court during September, records of Mrs. George Keller, district clerk, show.

These include thee divorce suits, one suit on judgement, one suit on debt, one suit on note, one application for the removal of disabilities of a minor, and one suit of tresspass to try title.

City Reserves To Childress Meet

Wellington members of the Air Force Reserve attended a regular meeting in Childress recently, when Lt. Col. Chas McClintick discussed for the group Reserve recalls.

Going from here were Lt. Col. J. M. Moore, Major William W. McClaskey, Lt. Fred Cox. Jr., Sgt. Jim Leach, Sgt. James Sessions, and Paul Spillman.

ROUNDUP

By THELMA WAYNE JOHNSON

Mr. and Mrs. Jewel Sheffield and children, and Mr. and Mrs. William T. Sheffield spent the past week end in Atoke, Oklahoma, with relatives and friends.

Mish Dukeminier finished harvesting his combine maize here this week.

Mrs. Wayne Johnson is spending several days with her daughters in Amarillo.

Rain amounting to one-half an inch fell here Monday.

Chester Fires and A. J. Fires have been harvesting their feed here this week.

Ike Paschal is putting up a steel granary on his farm here. He will store his feed in it.

Bob Glenn sowed some wheat on his farm here recently, and it is up to a good stand.

Lon Wilborn spent a while visiting Elmer Schoon Thursday.

Miss Nell Seely of Wellington spent Sunday with Miss Mildred Johnson.

M. T. Fletcher of Dalhart spent a few days this week visiting relatives and friends here. He is a former resident of this community.

Rev. H. E. Long of Wellington is going to hold a revival meeting at Aberdeen, beginning Friday night, October 6. It will continue through October 15. Miss Julia Plunkett will be in charge of the music. The public is cordially invited to attend.

Mr. and Mrs. John F. Moody have painted their house, and have redecorated the interior of it. It looks very nice, and they are to be complimented on their work.

A number of people from this community attended the basketball games at Samnorwood Thursday night.

Mrs. W. C. Ketney purchased a new pickup recently.

Several of the farmers here have begun to harvest their cotton.

B. E. Ratliff Visits Parents

By MRS. G. D. THOMAS

B. E. Ratliff of the Cottonwood community returned Monday, September 25, from a short visit with his parents, Mr. and Mrs. C. Z. Ratliff, 1036 North Grace St., Fort Worth, formerly of this county, and his sisters, Mrs. Dorothy Nell Cook and Mrs. Polly Smyth.

Mr. Ratliff's brother, P. T. Ratliff of Goodlett, accompanied him on the trip.

Their father, who has been suffering from a heart ailment since last November, is little improved, but is able to be up part of the time. He stated that he appreciates hearing from his many old friends and neighbors in this county, but because of his paralyzed right arm and shooulder, is unable to answer the cards and letters.

On the return trip, Mr. Ratliff stopped in Weatherford to see his sister-in-law and brother-in-law, Miss Beth Kayser, and J. M. Kayser, who was there for the week end from Snyder, where he now teaches.

Both Miss Kayser and Mr. Kayser formerly taught in this county.

Elmore Dodson to Relative's Funeral

Elmore Dodson of Dodson, while in Wellington Tuesday to attend the Rotary Club luncheon, said that he was in Amarillo recentiy to attend the funeral of his sister-in-law, Mrs. John Dodson.

Mrs. Dodson, one of the earliest settlers, lived in the area long before the establishment of the town which was named for her brother-in-law, Elmore Dodson. The brothers came here in 1885, but before 1890, the John Dodson family had moved to Roberts county, while Elmore Dodson remained to become one of the builders of this county, and especially of the community which bears his name.

HELP CONTROL FIRE

There are many precautions against fire that the wise person can take: but when fire does break out there are two things you can do to make the work of the Volunteer Fire Department more efficient.

DO

Know the number of your street address and state it plainly when you call the fire department. Tell central you want to report a fire and then give the address. Time saved in this way may save the property.

DON'T

Get in your car and follow the fire trucks. It endangers life and it may clutter traffic to such an extent that the property will be lost when it could have been saved. If you are not a member of the Fire Department, you can help most by staying at home.

Your co-operation in observing these two simple rules may save a life or some persons home.

Texas-Oklahoma Singers to Meet

An estimated 5,000 persons are expected to attend the 21st annual session of the Texas-Oklahoma Singers Association in Shamrock, October 7 and 8.

Site for the singing convention is the American Legion Home, recently constructed and believed to be the largest Legion building in the State. This building is 125 x 160 feet — adequate for comfortably seating over 4,500. The Legion Auxiliary will have a coffee, cold drink, and sandwich concession.

The first singing session will start at 2 p.m., Saturday, October 7, 7:30 Saturday night and 10 o'clock Sunday morning. Radio Station KEVA with studios in Shamrock will broadcast two hours of the singing Sunday afternoon.

The association was organized and held its first session in Memphis, Texas, in 1929. Since that time an annual meeting has been held. Many of the original organizers are still active participants in the inter-denominational religious singing meet.

Outstanding quartets and singers in this section of the country are expected to be present for the 1950 session. All persons interested are invited to attend. Those desiring additional information as to housing facilities, etc., may contact the Chamber of Commerce office in Shamrock.

Kiwanians at Galveston Meet

Three Wellington Kiwanians are representing their club at the Texas-Oklahoma District Kiwanis Convention in Galveston this week, Howard Oliphint, John Coleman, club president, and Joe Terry.

The trio will return the middle of this week.

P. E. Starr, Ira Morgan, Palo Cummings, Earl Allen and Sid Sessions fished last week on Devil's River near Del Rio. Mr. Starr and Mr. Allen returned Saturday, while the others went from there to Hobbs, N. M., to visit Mr. Morgan's daughter, Miss Jean Morgan, whom teaches in the Hobbs schools. They stopped en route at Langtry, to visit Judge Roy Bean's "Law West of the Pecos" memorial.

Mrs. Robert Lacy underwent surgery in St. Joseph's Hospital this week.

Ready To SERVE YOU

WE PRESERVE THE BEST THAT IS IN YOUR COTTON IN STAPLE AND IN GRADE

New Machinery

We have just completed renovating our gin and installing new machinery. As you know we have a 5 stand — 80 saw Murray gin which gives us maximum capacity and enables us to gin your cotton carefully and promptly. To this we have added a 14 foot Murray Burr extractor and new 72 inch cleaners giving us as efficient a plant as you would hope to find in this entire West Texas Area. We invite all of our old customers to trade with us again this year and we solicit the patronage of new ones.

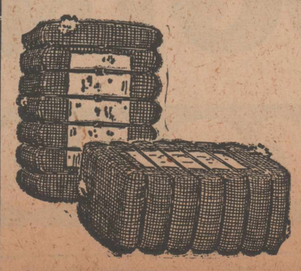

We are confident that we can turn out your cotton in a manner that will be pleasing to you and that will reflect a greater profit for you.

SOMETHING NEW

We have arranged our burr extracting machine so that the burrs will be extracted before the cotton goes to the drier. The reason for this is that it is almost impossible to dry cotton as it should be when it is still in the burr. We believe that this will result in a distinct improvement of the average sample for the cotton grower. We invite you to come to see this new plant and see how it works.

Social Security Insurance Checks To Show Increase

Are you among the more than three million persons now receiving monthly insurance payments under the social security law? If you are, John R. Sanderson, Manager of the Amarillo social security office, has stated that your September check, scheduled to reach you early in October, will show the increased payments given you under the newly amended social security law.

He asks you to be patient and wait until your September check reaches you in early October. That check will tell you in dollars and cents just how much your benefit payments have been increased.

Increases range from about 50 per cent for highest benefit groups to about 100 per cent for low benefit groups. For example — the average benefit of approximately $26 per month for a retired insured worker will be increased to about $48. Family benefits will be increased also. For instance, the present maximum family benefit of $85 will be $150 under the new law. A widow with two children now receiving $55 monthly will get about $110 under the new law.

All the increases mentioned apply to present beneficiaries. According to Sanderson, the new law makes it easier for workers to qualify for social security protection and become future beneficiaries under old-age and survivors insurance. This important phase of your new social security will be discussed in a future item.

Had you ever thought that it is man's plow that has made the waters of our rivers thick with mud, leaving behind acres of barren sub-soil.

Want to head the Hit Parade?

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. *1950 Buicks are breaking all past popularity records, as registered in sales.*

So we suggest that you do some personal investigating.

Find out, for example, how masterful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflow Drive* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the wheel—*and prices that start down with the sixes.*

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Norwood Eagles And Eaglettes Defeat Carey

Samnorwood High School Eagles defeated Carey high School boys and girls in a doubleheader basketball game on the Samnorwood floor last Thursday night, September 28.

The girls of Samnorwood took the opening game by the lopsided score of 46-8.

Gene Ethridge, local sophomore playing her first year on the regular team racked up seventeen points for high point honors while Martha Kidwell was a good second in scoring with a total of fourteen points for the winners.

For the Carey girls, Carpenter seemed to hit best, but for a total of only 5 points.

Samnorwoods' boys had quite a bit of competition from the Carey High School boys but managed to emerge the victor by a score of 32-22.

Lawrence Overcast and Duane Reynolds carried the brunt of the scoring with 9 and 8 points respectively with Alexander and Gooch coming in a strong third and fourth in scoring for 6 and 5 points each to account for part of the offensive play.

Bishop, center on the Carey team was the outstanding scorer with Hill, a forward, showing the most hustle until he fouled out in the third quarter. The game was interesting but too much on the rough side. This makes three wins in a row while the girls have lost two games and won one.

Texas Venture

In Education • 1876-1951

Our first state college—Texas A. and M. is now in its seventy-fifth year

The idea of tax-supported technical colleges, offering higher education at a cost which the sons of all economic classes could afford and teaching men how to make better livings in such ordinary fields as agriculture and industry, grew out of the American Revolution. Thomas Jefferson was one of the first to see that the old type of college, in the ivory tower tradition, could not serve the needs of the newly-created democracy. It was not enough, he said, to educate the sons of wealth for the professions of medicine, the ministry, teaching and literature. Men needed more practical training, and it must be available to the sons of all economic groups. "The true function of education in a Democracy," he declared in one famous speech, "is to cull from every kind and condition of our people that true aristocracy of talent and virtue." It was on this philosophy that the A. and M. College of Texas was founded, a hundred years later.

Eleven Rules for Farm Fire Safety

MACHINERY ADDS TO FARMER'S FIRE HAZARDS, OWNERS WARNED

Some of the machines which have helped farmers set new production records in recent years have also brought serious new fire hazards to the farm, the National Board of Fire Underwriters warns.

With farm fires causing an estimated 3,500 deaths and approximately $99,000,000 in property destruction each year, the National Board urges farmers to observe these "eleven rules for farm fire safety."

1. Have new wiring installed by an experienced electrician.

2. Don't overload wires — when adding new electrical devices such as motors or corn driers, get an expert to check whether new circuits are needed.

3. Remember that gasoline can be dangerous — and store it with care. Don't let gasoline spill, or drop over a hot muffler or engine.

4. Carrying small quantities of gasoline, use a self-closing approved safety can.

5. Do not store tractors in a hay barn.

6. Give your entire heating system a thorough inspection at least once a year — and do not delay necessary repairs.

7. If you use an artificial drier to dry your corn, see that it has a label from Underwriters' Laboratories, Inc., the non-profit organization which "tests for safety."

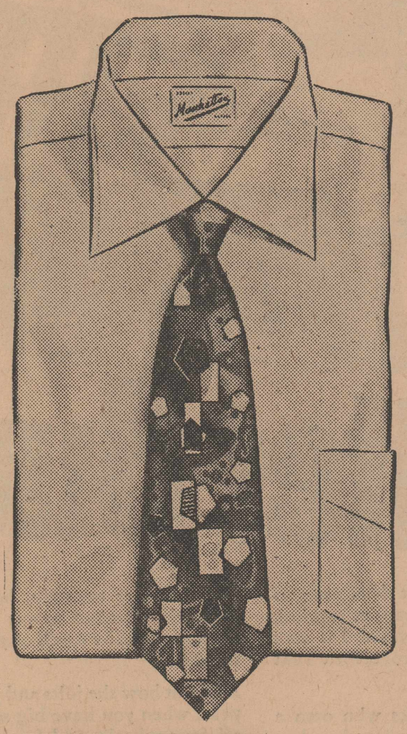

8. Prohibit smoking in the barn or where inflammable liquids are stored. Encourage common-sense precautions, and make it a rule around the farm that no one smokes in bed, or tosses away a cigaret until it has been ground out carefully.

9. Be sure that everyone knows how to call the fire department, and how to use the farm's fire protection equipment.

10. Have lightning rods of the proper type installed on every farm building. The completed installation should bear the Underwriters' Laboratories Master Label.

11. Inspect stored hay regularly for odors, smoke, gas, or heat. These are warning signals. By lowering a thermometer into a pipe driven deep into the stack and leaving it there for at least 15 minutes, you can tell whether the hay is heating up dangerously. If the mercury reaches 185 degrees, stop all ventilation and move the hay outdoors, away from all buildings; if it reaches 212 degrees, call the fire department.

Whittenberg TEC Area Director

AUSTIN — S. B. Whittenberg, of Amarillo, has been appointed a director of the Texas Economy Commission for the Thirty-first State Senatorial District, according to an announcement today by Secretary of State John Ben Shepperd, secretary of the TEC.

As TEC director for this district, Mr. Whittenberg will supervise the activities of TEC branches in the 26 counties that comprise the Panhandle district.

The TEC was appointed by Governor Allan Shivers as an advisory body to study the executive branch of the state government and recommend a legislative program for efficient and economical reorganization.

By this appointment, Mr. Whittenberg ranks in the TEC organization with directors of all 31 Senatorial districts in the state, plus nine directors at large.

The new director, in accepting the appointment, said he expected to assist individual TEC members in the Panhandle counties with organizing their county branches.

These county branches will serve as clearing houses for questions and answers on the need for and aims of the TEC. They will also assist in raising a statewide quota of $75,000 to finance the TEC studies of the government, as no tax funds are available for this purpose.

This district's share of the statewide quota is $3,000.

Colene Wheeler Becomes Bride of Lacy Borger

In a double ring, candlelight service read by Minister Hoyt D. Houchens in the Central Church of Christ in Amarillo Friday evening, September 15, at 8:00 o'clock, Miss Colene Wheeler of Amarillo, daughter of Mr. and Mrs. Ted J. Wheeler of Loco, became the bride of Lacy R. Borger, son of Mr. and Mrs. C. R. Borger of Amarillo.

Baskets of white gladiolus and fern palms banked the altar, and the pews were marked with large white satin ribbons.

"I Love You Truly," "O Promise Me," and "Because" were sung by a trio composed of Misses Elaine Broadus, Jean Brown, and Fern Carter. Miss Broadus also sang "Always" and "Wedding March" from Lohengrin.

Miss Hilda Weeks, maid of honor, wore a dress of powder blue crepe, brown accessories, and a corsage of pink roses.

Don West served as best man, and ushers were Tommy Capps and Delmo Risley.

The bride, given in marriage by her father, was attired in a ballerina-length dress of white imported lace and white satin opera pumps. Her fingertip veil was of white illusion, and she carried a fan-shaped bouquet of pink rosebuds surrounded by tiny white chrysanthemums. For something old, she wore a bracelet given to her by the groom; something blue was the set in the bracelet, and a pair of nylon gloves belonging to the maid of honor, Miss Weeks, served as something borrowed.

For her daughter's wedding, Mrs. Wheeler wore a dress of black crepe, black accesories, and a corsage of pink carnations. The groom's mother wore a dress of beige crepe, black accessories, and a corsage of pink roses.

Immediately following the ceremony, a reception was held in the basement of the church.

The table was laid with a white lace cloth and centered with a three tiered wedding cake, topped with miniature bride and groom, and surrounded with pink rosebuds. Bouquets of pink roses and crystal and silver appointments completed the table decorations.

Miss Jean Kemper presided at the guest register, while Misses Marie Edwards and Athlene Weatherford served punch and cake to the guests.

As the couple left for a wedding trip to Carlsbad, New Mexico, the bride was wearing a suit of red and blue pin check, navy accessories, and a corsage of white carnations.

Mrs. Borger graduated from Wellington High School with the class of 1949, and attended Draughan's Business College. She is now employed by the Loyalty Group Insurance Company of Amarillo.

Mr. Borger graduated from Borger High School, attended Texas A. and M., and served with the Army in Alaska for three years. He is now attending West Texas State Teachers' College in Canyon, and is employed as bookkeeper by Anderson Dairy Foods in Amarillo, where the couple will make their home.

W.S.C.S. Honored At Salt Fork

By MRS. R. H. ISBELL

Members of the Salt Fork W. S. C. S. entertained members of the Dozier W. S. C. S. with a party to celebrate the tenth anniversary of the organization Friday evening, September 22.

The program began with the singing of "Onward Christian Soldiers," followed by a scripture reading by Mrs. Ted Isbell, and a prayer by Mrs. H. E. Long. The history of the W. S. C. S. was given by Mrs. G. C. Wright, followed by the group singing "Tell Me the Story of Jesus."

The devotional was given by Mrs. R. H. Isbell, and the group sang "Take My Life and Let It Be." The remainder of the program was composed of the candle lighting service by Mrs. J. P. Cummings and Mrs. C. A. Wright; the consecration service by Mrs. Long; a special song by Mrs. Willa Jean Hallmark, and benediction by Mrs. C. A. Wright.

The lovely anniversary cake, which was baked by Mrs. C. A. Wright and decorated by Mrs. J. P. Cummings, was served from a lace covered table. Tapers were placed at each side of the cake, and in the center of the cake was a candle in the form of an angle. This candle was lighted by the presidents of each of the societies.

The church was decorated with bouquets of garden flowers, and on the pulpit was an open Bible with tapers at each side.

Members formed a circle by joining hands, and Edna Ellen Wright, song leader, led the group in singing "Happy Birthday."

Attending from Dozier were Mmes. Leroy Bell, W. E. Marchant, D. W. Kincannon, Jim Clark, J. D. Throckmorton, Pat Bradley, and James Murry.

Salt Fork members attending were Mmes. H. E. Long, J. P. Cummings, Buck Morris, Willa Jean Hallmark, Ted Isbell, C. A. Wright, G. C. Wright, R. H. Isbell, Rev. Homer Long, Leonard Ray, Beth, Patsy, and Jack Isbell, and Edna Ellen Wright.

Norwood Students Follow Own Choice

LEATHERWORK, DRAMATICS AND COSMETICS IN SCHOOL WORK

For one class period each Thurday at Samnorwood algebra, history and English give way to leathercraft, dramatics and even cosmotology, with the students learning to do the things they like to do.

All high school students wishing to do so take part.

A small group of boys, under the direction of Mrs. Selba Rainey, are enrolled for leathercraft, and already they have turned out some handsome billfolds and belts, hand tooled with distinctive designs.

So many boys and girls were interested in dramatics, two groups were formed, one directed by Mrs. Charles Holt and the other by Mrs. Bernice Welch. Both groups are working on plays at present, and plans are being made to present these at an entertainment open to the public within a few weeks.

Field trips make up the work of six boys enrolled in agriculture activity under the direction of O. L. Christie.

Supt. Orville Cunningham is in charge of eleven boys and girls in the school's string band. Their enthusiasm has gone beyond the Thursday activity period, and they also meet for practice almost every day at noon.

Miss Marion Price is in charge of the music group, and a chorus has been organized and is practicing, later to appear before school groups and at community entertainments.

Woodwork is under the direction of W. W. Tipton, and while this group is also small, it is beginning to turn out some skilled handiwork.

Miss Marguerite Light, homemaking teacher, instructs the course in cosmotology for a group of girls. These high school girls are learning the many phases of good grooming and correct dress. Their first meeting was given over to a study of hair styling, with Miss Light cutting and setting one of the girls' hair to show the correct procedure.

Students enrolled in the various groups are:

Leathercraft: Billy Hale, George Cunningham, Wayne Johnson, Eugene Eagle, Don Knoll, Marland Sheffield, Dail Clark and James Massey.

Dramatic club No. 1: Eula Mae Tate, Joy Martindale, Pete King, Naomi Thompson, Ronnie Gooch, LaVerne Purkey, Ike Smith, Charles Dougherty, Don Dorman, Patsy Roark, Mazie Benton, James Cornell and Billy King.

Agriculture activity: Bob Baxter, Gordon Simpson, Thurman Taylor, Doug Deviney, Bobby Roberts and Troy Ledbetter.

String band: Malcom Phipps, John Knoll, Tom Whitson, Joe Knoll, Eugene Taylor, Juanita Baker, Geneva Baker, Joe Schaub, LaDawn Mayberry, Mildred Newkirk and Jerry Martindale.

Music: Kay Newkirk, Janice Oldham, LaVerda Wiggley, Wendell Phillips, Joe Henderson, Duane Reynolds, Vivian Minatrea, Sue Pritchard, Shirley Brown, Shirley Montgomery, Jan Mounger, Joyce Offutt, Effie Benton, Nora Pearl Honeycutt, Loretta Barnett, Billie Seago, Dale Bradley, Delores Browning and Martha Kidwell.

Dramatic Club No. 2: Jean Ethridge, Geraldine Moody, Sue Bradley, Alma Leta Clement, Bonnie Kidwell, Harrell Kindrick, L. B. Cornell, Mildred Johnson, Wanda Stevenson, Billy Alexander, Troy Clark, John Phillips, Bill Mayberry and Glen Moody.

Woodwork: Charles Shields, Franklin Knoll, Joe Thompson, Billy B. Oldham, Earl W. Bryant and Ray Newkirk.

Cosmotology: Goldie Tippie, Helen Woods, Dorothy Marsh, Lazona Scott, Barbara Scott, Edna Pearl Groves, Ruby Plunkett, Catherine Kirklin, Joan Tanner, LaVerne Deviney, Shirley Gleaves, Joyce Webb, Peggy Garner, and Barbara Harvey.

PIG SWIG—"Snookie," a six-week-old porcine aristocrat, takes a nip from his milk bottle to keep in trim for the Los Angeles County Fair at Pomona, Calif. Doing the honors as nursemaid is pretty JoAnn Scott.

5 County Girls Attend TSCW

DENTON — Misses Joyce Deverle Hightower, Peggy Jean Langford, Mava Joyce Wood, Neeta Vee Ball, and Virginia Nell White enrolled for the fall term at Texas State College for Women.

One hundred and eighty-four out of 254 Texas counties are represented in the registration figure as well as 19 foreign students from 10 foreign countries and 284 registrants from 30 other states.

Housing facilities are the best in the college's history as all girls are housed in brick, fireproof, modern buildings. An upperclassmen dormitory is under construction and is scheduled to be completed in time for the second semester.

A new dining unit, Hubbard Hall, seating 2400 accommodates the entire student body at one time.

Marriage Licenses

Recent marriage license as issued by the County Clerk, J. M. Moore, is as follows:

Preston Milford McCoy and Miss Helen Lucille Hix, Childress County, September 28.

Mr. and Mrs. Johnny French and Mr. and Mrs. W. C. Starr visited in Lubbock Sunday.

George Sturgill Still at Pusan

A letter from their son, Sgt. George Sturgill with the 17th Field Artillery Battalion in Korea, assured Mr. and Mrs. Frank Sturgill of Quail that he was getting along fine, and a few days ago he was not with the troops doing front line fighting.

The letter, written from Pusan, read in part:

"I am still well and doing fine as could be expected for this place. It has been raining for two days and nights now, but it has let up a little. We are living out in a rice paddy and they stay muddy all the time if it rains or not. So you can see it is quite rough this way.

"Some of our outfit went up front, but we are still at Pusan. We can't get enough ammunition for our big guns, so they just sent one party up front.

"I thought I had seen poor people, but these goops over here are the poorest people that I have ever seen anywhere. They don't eat anything but rice and old fish heads, and stuff that would turn your stomach wrong side out."

Mr. and Mrs. Fred Gribble of Altus spent the week end with her parents, Mr. and Mrs. F. A. Hatch.

Thomas Kutch Heads Ag Club

Thomas Kutch was named president of the newly formed high school agriculture club in the election meeting last week. Vice president is Troy Marsh; Dan Jameson is secretary-treasurer; Jerry Nix, reporter; and Carrol Duncan, sentinel.

While the club is made up mainly of Future Farmers, the two are not connected.

Bennett Goodloe, sponsor, announced that the boys will study all phases of agriculture, and a number of field trips will be scheduled during the year.

Mrs. Eva Fulcher and Mr. and Mrs. Loyd Roberson and son spent the week end in Wichita Falls, where they visited Mr. and Mrs. W. A. Fulcher and daughter.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition

When due to lack of Vitamins B_1, B_2, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

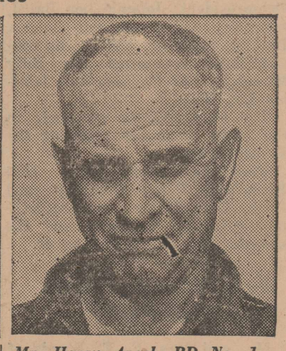

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the $3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results . . . she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B_1, B_2, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help *you?* Start taking it today!)

IMPORTANT! Why don't *you* get that *wonderful* HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the CAUSE of such deficiency sickness with that wonderful new HADACOL.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B_1, B_2, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, $1.25. Large family or hospital size, $3.50.

The Baptist Association meeting was held at McLean, Texas, Thursday. Attending from here were Mr. and Mrs. Silas Crawford, Mr. and Mrs. F. E. Woods, Mr. and Mrs. T. H. Rainer, Mrs. Fannie Belew, Mrs. Herma Belew, Mrs. W. C. Minter, Mrs. Roland Mayhugh, and Mrs. Bill Harbin. Misses Mary Sue Crawford and Bessie Ray attended the youth meeting that night. All reported a wonderful meeting. Both lunch and supper were served to the visiting delegates.

Mr. and Mrs. Lester Smith and Mr. and Mrs. H. G. Smith and sons of Dallas are visiting Mr. and Mrs. T. A. Hamilton for a few days.

Misses Neva Jo Wolf and Juanell Wolf of Pampa are spending a few days with their parents, Mr. and Mrs. L. H. Wolf.

Yater Bearden purchased a home in Hale Center, Texas, and moved there Tuesday. Good luck to him in his new home.

Mrs. Ted Poling and children returned home recently from a trip to Los Angeles, California, where they spent two weeks visiting friends and relatives.

Silas Crawford erected a new steel granary on his farm here. He will use it for small grain storage.

Mr. and Mrs. Buford Minter and Kenneth of Lefors visited Mr. and Mrs. W. C. Minter over the week end.

Mrs. Edd Clark and sons, Lloyd and Floyd, were supper guests in the home of Mr. and Mrs. C. B. Bearden Saturday night. Mrs. Clark has been in poor health for the past several months. We are glad she can be out visiting again.

Ted Wheeler was in Amarillo Thursday and Friday on business. He also visited his daughter and son-in-law, Mr. and Mrs. Lacy Borger.

Mr. and Mrs. B. Hamman spent the week end in Oklahoma City, where they visited their son, Mr. and Mrs. Bill Hamman, and their grandson, Mr. and Mrs. Alton Hamman.

Mr. and Mrs. Henry Bearden of Hale Center spent the week end with his brother, Mr. and Mrs. C. B. Bearden.

Mr. and Mrs. Wyatt Adkins moved to Spearman this week. Mr. Adkins has accepted a position on a ranch there.

Mr. and Mrs. Sam Crow and children of Hollis and Mr. and Mrs. C. B. Carter and family of Westview visited in the home of Mr. and Mrs. E. S. Copeland Saturday.

A number of farmers are plowing up their cotton here. Some had over-planted, and some plowed up strips that had been hailed out. Others plowed up cotton that the worms had ruined.

George Adkins was in Dalhart Friday to visit his only cousin, Mr. and Mrs. Cecil New. He also visited Mrs. Alma Coursey and Aubra in Amarillo, Saturday. Mrs. Coursey returned home with him to visit Mrs. Adkins and Bethine.

Mrs. Adkins, Mrs. Coursey and Bethine visited Mrs. Ora Calcote in Texola, Oklahoma, Saturday night.

Mr. and Mrs. Emmet Ware of Wellington visited her sister and family, Mr. and Mrs. M. L. Adkins and family Wednesday.

The roads in this community have been graded since the rain, and are in very condition now.

Roy Young, who underwent a major operation in St. Joseph hospital last week, is doing very well now. He will return to his home here in the next few days. We hope he will soon be up and around again.

Mrs. Randolph Wolf accompanied her sister to Olney, Illinois, where they will visit their parents.

Mr. and Mrs. Dan Austin of Norman, Oklahoma, spent the week end with his parents, Mr. and Mrs. G. T. Austin.

John R. Calcote of Quail, spent the week end visiting his sister and family, Mr. and Mrs. G. W. Adkins, and Bethine.

Navy Takes Many Panhandle Boys

The Navy recruiting station at Amarillo serving the whole Panhandle area states that the United States Navy has opened the gates. They are accepting an almost unlimited amount of applications from the young men of the Panhandle area.

They have not lowered their standards of enlistment. If a young man qualifies he is enlisted in a few weeks time.

All men enlisted through Amarillo will be sent to the training center located at San Diego, California for recruit training before being placed aboard ship or sent to a school of his choosing.

The Amarillo station is open six days a week and is located in the Post Office Building in downtown Amarillo.

Denver Names Traveling Agent

The promotion of James H. Eubanks of Fort Worth to position of Traveling Freight and Passenger Agent for Burlington Lines at Lubbock, effective October 1st, was announced today by R. Wright Armstrong, Vice-President of the Fort Worth and Denver City Railway at Fort Worth.

Eubanks, a native of Slaton, began his career with the Burlington as a clerk in 1946 in the same Lubbock office to which he returns as Traveling Representative. In April 1949, he was transferred to the Fort Worth General Office where he was engaged in freight rate work until his promotion.

He assumes the position vacated by James F. Metts, who has resigned to enter other employment.

Donald Johnson went to Temple Sunday, where he visited Mr. and Mrs. Harley Kern. Mrs. Johnson and small daughter, Kathyanne, who have been in Temple several weeks, returned home with Mr. Johnson.

E. B. Stansell of Dallas was in Wellington Saturday on business.

PTA WORKERS HEAR PRACTICAL POINTERS ON ORGANIZATION

Down-to-earth pointers on how to conduct a Parent-Teacher Association meeting with maximum interest and minimum of long reports and dry business highlighted the recent school of instruction for PTA workers, conducted here by Mrs. Charles Bustin Jr. of Austin, state vice-president of Parent-Teachers Associations.

Representatives from organizations in Childress, Wellington, Shamrock, Memphis, Clarendon and Kellerville attended.

Mrs. Bustin stressed hospitality and membership in the PTA organization, and she suggested that the women feel perfectly free to bring along their knitting or sewing when they came to PTA.

A Mr. and Mrs. night can be an excellent feature of the organization, she pointed out, and added that socials can have an important place, as things come out there that would never work out otherwise.

Re-election of good officers was named as an excellent practice.

Turning to the home and family, Mrs. Bustin urged her listeners to consider the importance of this one thing and made four suggestions: that you have an intimate time with your children; that you learn to really know each member of the family; that you try to be at home when your family is coming in, but train them to carry on when you are away on worthwhile business; and when you get into a bad pocket, then is your opportunity to throw out a good influence.

Attending were Mrs. Chas. Bustin Jr., Austin, Mrs. Orville K. Smith, Childress; Mrs. Clarence Blackburn, Mrs. Pat Powell, Mrs. Clinton King, Mrs. J. E. McBrayer, Mrs. George B. Howard, Mrs. M. L. Weir, Mrs. Phil Grillet Jr., Mrs. P. L. Gill, Mrs. F. R. Brady, Mrs. L. A. Blain, Mrs. A. J. Johnson, Mrs. G. W. Taylor and Mrs. Frank Ehrle.

Wellington: Lee Plante, Howard Oliphint, Mr. and Mrs. C. T. Roberts, Mrs. E. K. Jones, Mrs. Myrett Henry, Mrs. D. E. Scott, Mrs. Jimmie Kelso, Jack M. Davis, Rufus Johnson, and Mrs. Clyde Drake.

Shamrock: Mrs. James Brothers, Mrs. Ernest Vlack, Mrs. Allan Taler, Mrs. George Beaty, Mrs. Rufus Dodgen, Mrs. J. T. Isaacs, Mrs. Paul O'Neal, Mrs. Durward Vinyard, Mrs. J. D. Mallow.

Memphis: Mrs. Bedford W. Smith, Mrs. Robert Breedlove, Mrs. Bray Cook and Mrs. John M. McCauley.

Clarendon: Mrs. G. W. Bradshaw, Mrs. Bud Anderson, Mrs. L. E. Yankie.

Kellerville: Mrs. C. Drum, Mrs. F. G. Switzer, and Mrs. R. R. Gossett.

Loco 4-H Boys Elect Officers

The Loco 4-H Club held their election meeting September 22, in the principal's room at the Loco School. V. E. Hefiner, county agent from Childress, met with them.

President elected by the group was Jerry Darnell, with Bill Durfey to serve as vice president. LeRoy Harris is secretary-treasurer, and Bobby Dale Poling is reporter.

At this meeting, Mr. Hefiner discussed the beef calf program for the coming year. The calves raised by the boys this year will not be on a commercial basis, but will be entirely for profit.

The purpose of the next meeting will be to choose a sponsor or advisor for the boys.

Mr. and Mrs. L. C. Hill, Jr. were in Austin to attend the University of Texas - Purdue football game Saturday.

Mr. and Mrs. Ernie Ford were guests of Mr. and Mrs. Ollie Ford here Sunday.

Congratulations to Mr. and Mrs. Charlie Owens and Mr. and Mrs. Bill Patterson on their fortieth wedding anniversary, which they celebrated Sunday in the home of Mr. and Mrs. Owens. Many friends called to wish them many more happy years of married bliss.

Guests of Mrs. Effie Stanley recently were Mr. and Mrs. Elton Owens, Harold Stanley, and Mrs. Kendrick Davis of Hereford.

Mr. and Mrs. Z. O. McKinney visited with Mr. and Mrs. C. E. McKinney in Wellington Saturday night.

Mr. and Mrs. Dana Brown of Dumas were guests of Mr. and Mrs. V. P. Findley Sunday.

Mr. and Mrs. W. W. Hagerman and family attended church in Dodson Sunday.

Congratulations to Miss Elva Bogle and Hershel Lewis, who were married Sunday, October 1, at 9:00 a.m. at the Baptist parsonage in Wellington. Miss Bogle is the daughter of Mr. and Mrs. Jess Bogle, while Mr. Lewis is the son of Mr. and Mrs. Claud Lewis of the Kelley community. Mr. and Mrs. Lewis are taking a short honeymoon trip.

Three Called Into Service

Men from Collingsworth County are again being called into the service of their country. A number have already left for the various branches of the military, and three more reported this week, Jack Ward, Sam Adams, and Keith Smith.

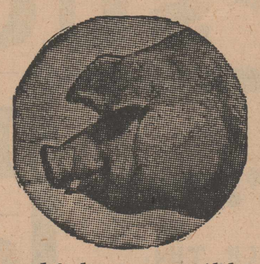

Jack Ward, son of Mr. and Mrs. Clarence Ward, entered the Air Force, and reported to Amarillo, and from there, he was sent to Lackland Air Base, San Antonio, Texas.

Sam Adams left for the Navy Air Corps Sunday. His home is in the Quail community.

Keith Smith, son of Mr. and Mrs. Willie Smith, is a veteran of World War II, and had served two years overseas in Korea. He was called back into active duty to serve with the Second Armoured Division. He reported to Camp Hood Thursday.

Dalhart Wolves Win 29 to 13

ROCKET INJURIES MAY HAVE BEARING ON CONFERENCE PLAY

The Wellington Skyrockets lost a 29 to 13 tussle to the Dalhart Wolves, but more important suffered injuries that may handicap them in their first conference game in Clarendon next Friday.

The Rockets were the first to score. In the first quarter they drove 80 yards with Hoot Gibson going 24 yards on the final play to make the initial tally.

Dalhart came back to start a drive from their own 25 and went on down the field without losing the ball to score with Taylor taking it over from the 6 yard line. The conversion was good to put Dalhart in the lead 7 to 6.

On the next series of plays, Wellington was forced to punt and Cessnun took it on his own 35 yard line and raced down the field for a touchdown to provide the first important break in the game.

The Rockets were still fighting hard and running plays by Copeland, Gibson and Ingram advanced the ball to the Dalhart thirty. At this point Tommy Woods passed to Hoot Gibson on the twenty and he carried it to the one yard stripe before being brought down. Ingram carried it over on a line thrust. Brock's try for conversion was good.

Dalhart showed their power and went 90 yards to score their third touchdown.

The second break against the Rockets came in the third period when the Rockets were hammering in the Wolves territory. Ritter intercepted a pass and brought it back to his own 32 before being brought down. And from this point the Wolves staged another drive down the field to score their last touchdown.

The final counter of the Wolves came as a result of a bad pass from center. Gibson fumbled the ball and it bounced back into the end zone where Gibson was nailed giving Dalhart two more points.

The Wolves who had recovered from their early season injuries looked like an entirely different team from the one that faced Shamrock two weeks ago.

You Must Do Your Part

This bank joins with others in whole-hearted co-operation with National Fire Prevention Week October 8 - 14.

We urge you to check this week on any measures you can take to prevent fire from destroying your home, business or other property.

Do this for your own selfish interest. Fire can take your life, bring down on your head heavy doctors bills, along with months of suffering, or it can ruin you financially. Think how many people you have known who have lost everything they own in one disastrous Fire.

THEN CHECK AGAIN TO SEE IF YOU ARE DOING ALL YOU CAN TO PREVENT A FIRE OF YOUR OWN

The Farm Bureau needs your help if it is to put over its state and national program . . and that program is to help the farmers. Individually, the farmer cannot make himself heard in the state and national capitals. As a member of Farm Bureau, the nation's strongest farm organization, he can be heard.

If we do not organize ourselves and stand up for our own rights in Austin and Washington, we are going to come out at the little end of the horn, as we often have in the past.

ADOBE WALLS COUNCIL MEETS WITH ROTARY TUESDAY

The regular meeting of the Rotary Club was held at the community building Tuesday, October 3, at noon. Following the luncheon, a program was given on scouting.

John Pound of Pampa introduced the guest speakers. Each of the speakers was a member of the Adobe Walls Council.

A. W. Paris, president of the council, made an interesting talk on the rapid advancement of scouting in this district. He commended Mr. Pound for his wonderful work with the scouts here. He followed through, step by step, the development of a scout troop, and on to the organization of district council, such as the Adobe Walls Council, which is made up of representatives of five districts.

Paul Bizenherz spoke on the financial condition of the scouting work in this district, and launched the drive for support for the coming year.

Mr. Bizenherz pointed out that the number of scouts has advanced from 2,000 to 3,188 in two years, an increase of 70 per cent. The slogan for the membership drive now under way is "5200 in 52."

Other members of the council present were Joe Keys, and Huelyn Laycock.

Charles Allen, president of the local club, called a special meeting of the directors and chairmen of all committees for Thursday night, October 5, at 7:30 p.m.

Other guests for the meeting included J. C. Roberson of San Antonio, Bill Walker of Shamrock, Paul Spillman, James Sullivan, Dr. E. W. Jones, John Pound of Pampa, John D. Glenn, Danny Jones, and Bethine Adkins.

Blanche Groves Returns to U. S.

Miss Blanche Groves, Baptist missionary at Soochow, China for 30 years, is returning to the United States on furlough, and is due to arrive at her home at Bridgeport within the near future, Mrs. G. D. Thomas, a friend, has learned.

Miss Groves taught in the Lillie school in 1914 and 1915, and has returned here to speak each of the times she has returned to the United States on furlough.

Since the communists now dominate Soochow, as well as all other parts of China, Miss Groves wrote that her re-entry into that country following her furlough, is in doubt.

Her letter to Mrs. Thomas and other Texas friends described first the Easter services at Hwo Jao Baptist Church and St. John's Methodist, after which the 14 remaining Americans in that city met for supper.

Her letter described other phases of her work, and she also told of her flower garden, centered by a star-shaped bed of Texas bluebonnets.

At the time of writing, Miss Groves said she, along with others, planned to leave Soochow the latter part of August, going first to Shanghai where they hoped to receive their exit-permits. From there they would go to Tientsin and take the first steamer in September to Hongkong, where they will tran-shop.

The exact date of her arrival in Texas has not been learned.

Miss Groves said that she will rest, have a hospital check-up, visit with family and friends three months before accepting any speaking engagements.

She is expected to visit in the county later in the year.

County Boys Area FFA Officers

Three county boys were named to offices in the recent organization of the Greenbelt Area Future Farmers of America for the current year, held at Childress.

Jasper Peeples of Quail was elected secretary; Wiley Moore, Wellington, historian; and Troy Clark, Samnorwood, reporter.

Other officers elected were Edmond Hunter, Turkey, president; Billy Winkler, Estelline; Freddy Hall of Childress; Billy Neal of Quanah; Arlie Moorling of Clarendon; Don Housond, Hedley, and Prentice Fields, Paducah, vice-presidents;

Charles Whison, Crowell, treasurer; Don Beasley, Memphis, parliamentarian; and Boyd Green, Chillicothe, sentinel; G. R. Coloin is advisor.

The boys voted to have all contests that were conducted last year and to hold a banquet at a date to be decided later.

Fifteen schools were represented at the meeting.

William O'Rear was in Seymour, Texas, on business the past week.

Lt. W. F. Forman Wounded in Korea

By MRS. G. D. THOMAS

Mr. and Mrs. Homer McGary of the Lillie community received word this week that their son-in-law, Lieut. William F. Forman, was wounded in Korea last week.

They have not learned how badly he was wounded.

Reservists Should Report Changes Of Address

AUSTIN — Many communications addressed to members of the Organized Reserve Corps, including orders to take a pre-induction physical examination, are being returned unclaimed, Colonel Oscar B. Abbott, Chief of the Texas Military Distriit, stated today.

Although regulations require that reservists notify the custodian of their records of any change of address or change in status that might affect their assignment, many reservists have failed to carry this out.

In order to assist Reserve Instructor offices in securing correct addresses, all officer and enlisted members of the Army Reserve are requested to immediately notify their local OR Instructor or Headquarters Texas Military District, 7th & Colorado Streets, Austin, Texas, of any change in the future.

In cases where reservists have moved and have failed to forward such notification, they are urgently requested to do so now. Form DA AGO 603 may be obtained from local instructor's offices for this purpose, however, if such forms are not immediately available, a postal card with the proper information will accomplish the purpose.

Mr. and Mrs. O. B. Raburn spent the week end in Amarillo and Canyon, where they visited their sons, Mr. and Mrs. O. B. Raburn, Jr. and Mr. and Mrs. Sam Raburn. They attended the McMurry-Canyon football game Saturday night.

Mrs. Albert Gollihugh and children visited her son, Mr. and Mrs. Billy Gollihugh, and Mr. and Mrs. Ross Gladney in Amarillo over the week end.

H. E. Sherwood of Oklahoma City, a former pioneer cattleman here, was in Wellington Monday on business.

NERVOUSNESS

CASE NO. 1621 is a matron, age 24, who had an appendix operation and afterward began to develop nervous spells, grew worse, became fearful, had desire to run and scream; imagined dreadful things; had crying spells; couldn't sleep or eat; had nauseating spells, headaches; pressure-feeling in back of head and neck, extending to top of head; was weak and trembling; was badly constipated; had rheumatic pains in her left hip and leg, and trouble at period time. She grew worse while under the usual professional care and finally came to the Chiropractic Clinic. A spinal analysis revealed nerve wave interference and X-rays located the spinal subluxation causing the interference. Adjustments restored alignment and this patient when last seen, reported all nervous symptoms had disappeared and that she felt fine.

CONSTIPATION

CASE HISTORY NO. 7719. A typical case of constipation. A four year old child who for two years had been required to take a laxative daily. Eventually these failed to help. She was taken to a Chiropractor who located a point of nerve pressure in her spine. The offending vertebra was adjusted, the child taken off laxatives, and within two days normal bowel activity returned and had remained normal since.

SCIATICA

CASE HISTORY NO. 556: Confined to bed for nine months with excruciating sciatic pain, this comparatively young man had given up hope for recovery. An office colleague told him he was sending him "a birthday present." It turned out to be a Chiropractor who called at the suggestion of the friend. Realizing where the cause of the condition lay, the Chiropractor palpated the patient's spine, found a misaligned vertebra which was causing nerve pressure and adjusted it. Almost imperceptibly at first, the patient's condition improved. Within three months he was walking around again.
