Big Spring Man Gets 20-Year Pen Term For Robbery

Hitchhiker Who Attacked Benefactor Arrested by F.B.I.

Troy Walter James of Big Spring was on his way to the state penitentiary at Huntsville yesterday to begin serving a 20-year term assessed by Judge Steve Preslar in 112th district court here on a plea of guilty to a charge of robbery by assault.

James was arrested in Fort Smith, Ark., by FBI agents on a fugitive warrant and turned over to Sheriff Billy Mills of Crockett county and Sheriff Orville Edmiston of Schleicher county.

James had been sought by Crockett and Schleicher county officers since last January when finger print experts found his prints on a pickup in which a Lamesa man was riding when he was attacked and robbed on Highway 33 near the Crockett-Schleicher county line.

O. A. Pounds of Lamesa had given James a ride to Del Rio. The attack took place about a mile and a half west of the Schleicher county line in Crockett county. Pounds was robbed of an estimated $250 in cash, his watch and his pickup. Pounds caught a ride into Eldorado and reported to officers there and sheriffs departments of the two counties started the investigation. The pickup was found later and fingerprints found on it were identified as those of James and FBI agents tracked him down.

Arraigned here Monday of this week, James waived trial by jury, pleaded guilty before the court and received the 20-year sentence. This was James' third felony conviction.

Deputies Von Parker and Rex Fenton were on their way with the prisoner to Huntsville yesterday.

A Creek In My Back

By Allan R. Bosworth

As it will appear in the Roanoke, Times and the Norfolk, (Va.) Virginian - Pilot.

Del Rio, Texas — At any time, now, I should not be surprised to learn that the States of Delaware and Rhode Island (and the latter's Providence Plantations) have severed diplomatic relations with a number of Texas counties, including those of Val Verde and Crockett.

It is a favorite editorial sport, down here, to write newspaper copy saying "Val Verde County, with 3241 square miles, is almost three times the size of the State of Rhode Island, which covers 1058 square miles." And my home county of Crockett, with 2794 square miles, has always been fond of pointing out that it is larger than Delaware.

I am not at all good at mathematics, but I just multiplied 1058 by three, and the way I see it, the Val Verde County booster either was overcome with enthusiasm (to the point where he couldn't figure) or was leaning over backward with modesty. Actually, Val Verde is more than three times the size of Rhode Island.

I never before encountered that sort of modesty among the boosters of my home state of Texas. I remember an old timer on the Pecos. When anyone asked him how long he had lived there, he said, "Son, when I first come out here, the sun wasn't no bigger than a saucer."

At any rate, the Creek in My Back today is not a laughing little brook in the Blue Ridge, where it is known as a branch. It is a wider, muddier, and sometimes dustier river of history, song, story and legend. It is the Rio Grande del Norte — the Big River of the North. Sometimes the Mexicans called it Rio Bravo del Norte.

I was here last on October 24, 1960, a day when President Eisenhower rode through the streets of Del Rio to confer with Mexico's President Adolfo Lopez Mateos.

Ozona Gets .84 Rain In Town Shower Result Of Week's Turbulence

A system of turbulent weather which produced some hail, high winds, and reports of a tornado being sighted south of Big Lake poured .84 inch of rain on Ozona last Thursday night.

The rain missed large areas of Crockett County, particularly to the west but the Thursday rainfall combined with heavy thunderstorms which it south and southeast of Ozona Friday night left rfom near one to over two inches on many thousands of acres of parched rangeland.

For Ozona proper, the rain followed .42 of an inch of moisture which fell Monday and gave Ozona a total of over an inch for the week.

Some areas to the north and northwest received additional moisture over the weekend as the Big Lake area received big rains whic hdid not extend this far south.

A trace of rain fell in Ozona Tuesday morning with a good shower reported to have fallen several miles north and northeast of Ozona.

The Thursday rain ended one of the driest Mays on record in Ozona as the month had a perfect record, no moisture at all, until the final few days.

For the past several years June has been one of the wet months of the year and current weather conditions continue to give hope that June will produce some badly needed rains in Crockett County.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since May 22nd:

Mr. and Mrs. Floyd Henderson in memory of Mrs. Marbury Morrison and in memory of Judge Houston Smith.

Jim Brewer
. . . young Texas actor on way up

YOUNG MOVIE ACTOR —

You May Hear More About This Fellow

This young fellow is Jim Brewer, and you may hear more about him later, especially if you are a movie or TV fan.

Jim, who has visited Ozona a number of times in the past (he used to date an Ozona girl) and was here briefly recently on his way from Del Rio to Midland and finally back to Hollywood, where he now lives. He has begun a scholarship training with Desilu Productions in Hollywood.

A protege of Happy Shahan, Brackettville, Jim had a part in John Wayne's "The Alamo" — he was Col. Travis' gun captain — and also played in "Two Rode Together," also filmed at the Alamo Village. He played a bit part in an episode of the TV series, Route 66" which was recently filmed in Texas.

But Jim wants his Ozona friends to watch particularly for "None But the Brave," a new movie release filmed in Miami in which he has a starring role. And if his ship comes in ,he hopes the upcoming TV series, "The Virginian," which is to be successor to "Wagon Train" will find him with one of the parmanent parts. In which case, he says, he will "have it made."

Jones, Sutton, Halydier Named In Record Run-Off Vote

OATH OF OFFICE was administered to the new District Attorney of the 112th Judicial District at a brief ceremony in the district courtroom in the Crockett County courthouse here Monday morning. District Judge Steve Preslar of McCamey, right, administers the oath to G. Dixon Mahon, who resigned as Crockett County Attorney to accept appointment by Governor Price Daniel as District Attorney. He succeeds Connell Ashley, who resigned to enter private law practice in Odessa.

A record turnout of Crockett county voters for a second primary swept two new County Commissioners and a County Judge into office last Saturday in three airtight races, one of them not decided until the final box was counted.

Voters picked Brock Jones, ranchman, insurance and real estate dealer, as Demo nominee for the county judge's post and named Rex Halydier County Commissioner for Precinct 2 and unseated Commissioner Jake Young in Precinct 4 with contender Glenn Sutton, Ozona filling station operator.

A total of 1080 votes were cast in the Saturday voting as compared to 1177 cast in the May primary. Paid poll taxes and registered exemptions totalling 1203 were shown on the voting list leaving less than 100 difference in the number of votes cast in the two primaries despite the reduced number of candidates involved

Closest election of the day came in the run-off between Rex Halydier, Ozona newspaper distributor, and Richard Flowers, a Crockett County rancher. With only the Powell field box out, Flowers led by a narrow 100 to 107 count but the 15 to 6 win for Halydier in the Powell box, the last to report, tipped the scales in Halydier's favor 115 to 113.

The county judge's race also provided to be very close as only 8 votes divided Troy Williams and Brock Jones in the day's balloting. Jones held a 33 vote margin in the absentee voting to extend his lead to 41 and win a 554 to 513 victory.

Jones will replace Ralph Jones who was appointed to the ofice following the death of Houston Smith, and become the fifth judge in Crockett County's history, the fourth elected judge.

Still another close race developed in Precinct four where Glenn Sutton, who had trailed Jake Young by six votes in the first primary, came from behind to win in the final 137 to 120.

Young led Sutton 130 to 129 in the absentee voting but Sutton picked up 108 votes to Young's 90 in the Saturday voting.

Results of the balloting this year, presuming that Democratic nomination is tantamount to election next November, the Crockett County Commissioners Court will meet next January with only two veteran members still in their seats. C. O. Walker, who won nomination in the first primary in Precinct 1 after having held the post in Precinct 2 for several years, and Rusty Smith, the Precinct 3 representative who was not up for election this year.

In the state races, Crockett voters picked John Connally over Don Yarborough 504 to 481 in the only state race that proved to be very close in this county.

Connally won the democratic nomiation in the state race with a margin of something less than 26,000, votes, a margin less than that he amassed in Dallas county alone.

In other races Preston Smith carried the County and state to win the democratic nomination for Lt. Governor over James Turman. The vote count in Crockett County was 640 to 345. The Smith win was something of an upset since Turman led the state by a rather sizable margin i nthe first primary.

Waggoner Carr led in the first primary and did so again in the second primary as he carried Crockett County 661 to 309 over Tom Reavley and carried the state by over 100,000 votes.

In the battle for Congressman-at-large Crockett County, picked its only loser, going for Woodrow Wilson Bean 590 to 369 for Joe Pool, Pool was the winner statewide.

Mahon Sworn In As Dist. Attorney In Ceremony Here

Crockett Co. Attorney Elevated By Appointment Of Governor

Dixon Mahon, Crockett County attorney, was sworn in as District Attorney for the 112th District by District Judge Steve Preslar of McCamey in a brief ceremony held in the Crockett County Courtroom Monday morning.

About forty Crockett County and area officials and friends were present for the ceremony which progressed to the Crockett County Law Library where coffee and doughnuts were served.

Mahon was appointed to the office by Governor Price Daniel following the resignation of Connell Ashley, and became the Democratic party nominee whose name will appear on the November ballot, following a meeting of the party county chairmen last week.

Prior to Monday's oath of office Mahon had resigned as Crockett County attorney but will continue to be an Ozona resident, and can, with the sanction of the Commissioners Court perform the duties of the County attorney if requested. He has served as Crockett County Attorney the past six years.

A Ft. Stockton attorney, Bill McDonald, has been nominated by the Republican county chairmen to oppose Mahon on the November ballot.

Wildcat Spotted On West Estate Land 12 Miles North of Ozona

Liedtke '62 Ltd. Midland, will drill the No. 1 W. E. West an 1,800-foot San Andres wildcat in Crockett County, 12 miles north of Ozona and 4½ miles east of the Midway Lane multipay field.

Location is 6,841-45 feet from the north and 3,300 feet from the west lines of Runnels County School Land League No. 1.

Hunt Petroleum Corp., Dallas, will drill the No. 1-17 University as a 2¼-mile northeast outpost to Strawn production in the Lancaster Hills multipay oil and gas field of Crockett County, 25 miles west of Ozona.

Elevation is 2,394 feet.

Location is 660 feet from the sotuh and 1,400 feet from the east lines of 17-29-University.

Ozona Junior Rodeo Hands Do Well In Del Rio's Annual Event

Seven Ozona Rodeo contestants, boys and girls scored heavily in the Del Rio Junior Rodeo held Friday and Saturday in Del Rio.

All three of the Ozona girl entries managed to get into the prize money with Pam Perner taking first in the barrel racing, Mary Ann Pitts winning average in both the pole bending and barrel racing for juniors and Nancy Friend winning third place in pole bending and fourth in barrel racing.

Among the boys, Carey Pitts took second place in bull riding and third in ribbon roping. Carey had first in the bull riding until the final rider beat him.

Frank Childress took second place in the ribbon roping to also finish among the winners.

Jay Miller and Paul Perner failed to finish among the winners.

Several of the younger rodeo contestants will enter the rodeo at Rankin this week end but a number of others will be over the 16 year age limit at the Rankin event.

Friend Gas Area Extended By Two New Completions

Re-Entry on Friend Ranch, Kincaid Estate Tests Flow

The Ozona, East multipay field of Crockett County, 1½ miles southeast of Ozona gained extensions with completion of two projects by Delta Drilling Co., Odessa, formerly Delta and Pauley Petroleum Inc.

The No. 1 Friend, ⅞-mile southwest of the firm's No. 1-A Friend, dual Canyon and Ellenburger opener and lone producer, was finaled from the Canyon for a calculated, absolute open flow of 4.1 million cubic feet of gas per day, with gas-oil ratio of 16,800-1. Gravity of the liquid was 71.6 degrees.

Production was through perforations between 6,345-363 feet in 5½-inch casing set at 8,484 feet, on total depth of 8,485 feet.

A re-entry operation, it originally was drilled by Delta et al, and abandoned Aug. 8, 1961, at 8,485 feet.

Location is 660 feet from the east and 760 feet from the south lines of 1-OP-GC&SF.

Welding Award Is Won By Ozonan In FFA Competition

Tommy Everett Declared Winner At District FFA Convention

Tommy Everett, Ozona FFA student for the past four years and a 1962 graduate of Ozona High School, won the Forney Electric and Oxyacetylene Welding Scholarship for the coming year, it was announced at the Area II FFA Convention in San Angelo last Friday.

The scholarship from the Forney Foundation at Ft. Collins, Colorado, is presented each year to the outstanding student in welding in the vocational agriculture program.

Ozona took a second honor when Moe Barbee's record books were judged best in the area. Moe received a plaque, and $10.00 for his first year Agriculture set of records and the books will mailed to the state office for consideration along with winners in other districts over the state.

Keith Mitchell, speaking on the topic "Range Management," took second place in the public speaking contest. In public speaking only first place winners advance to the state finals.

Area II includes some 80 schools who offered vocational agriculture last year. In being awarded the Forney Scholarship, Everett was chosen top boy in arc welding brazing, cutting steel, and several other phases of ranch and farm

Meeting Here June 18 To Decide Game Laws

Notice has been received of a called meeting to be held at 10 a. m. June, 18 at the Courthouse in Ozona of all parties interested in hunting, fishing, and trapping regulations in Crockett County.

Crockett County ranchers and land holders will also have a chance to meet the game warden assigned to Crockett County this month.

All persons in Crockett County who are interested in proposed regulations concerning fish and game are urged to be present.

Committees Begin Planning For 5th Annual Jr. Rodeo

Lions Club Sponsors Oustanding West Tex-Event July 12-14

Ozona Lions Club President Jack Baggett announced last week the appointment of a number of committees, some of whose work has already begun in preparation for the annual Junior Rodeo set July 12, 13 and 14.

Woody Mason was named chairman of the committee to sell advertising space in the program and reported good progress on a drive to complete the sale before June 15th.

The new committees appointed are in addition to those appointed following last year's show, along with various individuals who have been at work making arrangements all year.

The 1962 rodeo will once again be under the direction of Vic Montgomery and Oscar Kost both of whom, along with their aids have already completed many of the actual show plans and preparations.

We Must Have His Way

"The President," reported Senator Hubert Humphrey to newsman after a recent visit to the White House, "has the bit in his mouth (we assume he meant "teeth") on medical aid for the aged . . . He was kindly and softhearted in the steel dispute as compared with his feelings on medicare."

Well-known before this bulletin, was the flat rejection by Mr. Kennedy of any consideration of a health plan for oldsters outside of the compulsion of the Social Security system. Thus, it might be well to consider. before it is too late to protest and before our lawmakers commit us irrevocably, why, if the intentions are so benevolent, the proffered services so complete and the cost so trifling, medicare cannot be offered on a voluntary basis.

Is it because nine million Americans already over 65 — and millions more who are approaching that age — already have the sort of health insurance they want, and do not want Federalized care?

Is it because the would-be beneficiaries are shocked by their discovery of the additional costs of medicare — $10 a day for the first nine days of hospitalization, payment by the patient of the first $20 of the cost of outpatient hospital diagnosis, payment by the patient of his own doctor or surgeon and purchase of drugs used outside of hospital or nursing home?

Or is it because the whole Social Security adventure has been so fiscally disastrous ($600 mililon in the hole last year) that something new must be found to save it, a glossy gimmick that will boost the spiralling SS tax farther and faster — to an estimated $507 a year per Social Security number by 1968?

Once Medicare is established, if the Congress is heedless enough or weak enough to pass it, voluntary health and hospitalization plans must go. Not enough people, no matter how much they prefer the do-it-yourself program and no matter what their salaries, will have enough left after Federal, state, local and Social Security taxes for such a luxury. Medicare must then, of necessity, be expanded to include all ages. And, insofar as taking care of their own health and that of their children is concerned, Americans will have had it!

Is this what President Kennedy is so determined to achieve?

—————oOo—————

The Federal Budget will be Balanced a year from now, Treasury Secretary Dillon told the House Ways and Means Committee while asking for elevation of the debt ceiling by another $8 bililon — for a total of $308 billion.

Mr. Dillon assured the solons that this would be a temporary ceiling. Whatever they may have thought ,we are convinced of it. In fact, we'd rather take a bet on instability of the debt ceiling than on the balanced budget a year hence.

Great minds in Washington, according to Chalmers Roberts in The Washington Post, are debating the wisdom of spending so much on space and defense that the Russians will go broke following our lead. "Why not spend the hell out of them?", Mr. Roberts quotes one tactician as asking?

Nothing could delight the shade of Uncle Joe Stalin more. Has everyone forgotten he planned it that way? And that is one Stalin strategy Khrush has never objected to. We would, however, be happier if our foreign aid funds were diverted to reactivating the RS 70 first-strike super bomber program.

There are those who will argue we have already spent the hell out of ourselves!

Miss Vicki Carroll And Loy A.Awbrey, Jr. Wed In Ceremony Here

Vows were exchanged Sunday May 20th, by Miss Vicki Lou Carroll, daughter of Mr. and Mrs. Tom Carroll of Ozona and Loy A. Awbrey, Jr.

The ceremony took place at the First Baptist Church with the Rev. Harry Trulove officiating.

The bride was given in marriage by her father. The bridal gown was fashioned of alencon lace over satin, fitted bodice with long tapered sleeves and scalloped neckline. Her head-dress was a waist length veil of tulle and lace. The wedding bouquet was an orchid surrounded by white carnations over a white Bible, given to the bride in a "White Bible" ceremony by the Y. W. A.

Miss Marty Burt of Iraan was maid of honor and Herman Carroll, brother of the bride, was best man.

Wedding music was provided by Mrs. Brooks Dozier, soloist, and Miss Jan Pridemore at the Organ.

Ushers were Ray Poe and Tommy Loudamy.

A reception was held in the fellowship hall following the ceremony.

Refreshments were served from a table covered with a lace tablecloth over orchid.

Miss Shirley Oakley served punch while Miss Marion Ross served the wedding cake. Miss Charlottee Johnigan was at the bride's book. Also assisting were Mrs. Lowell Littleton, Mrs. Roy Thompson, Mrs. Charles Gotcher, Mrs. S. E. Carnes, Mrs. George Glenn, Mrs. Lonnie Van Ness, Mrs. A. E. Gilliam, Mrs. Billy Cavanaugh, Mrs. Pleas Childress and Mrs. Harold Shaw.

The bride is a 1962 graduate of Ozona High School. The groom is stationed at McLellan Air Force Base at Sacramento, California and was formerly stationed at Ozona Air Force Base.

Out-of-town guests were: Mrs. Joe N. Impy of Galveston, Mrs. Allen McClure and son of Nashville, Ark., Lee Rhuebottom, Mr. and Mrs. Axton Tally, and James Carroll of San Angelo. Mr. and Mrs. L. V. Hazelwood, Mrs. Lannon Hazelwood and Mr. and Mrs. C. V. Carroll of Eldorado, Mr. and Mrs. S. G. Burt of Iraan and Herman Carroll of Alpine.

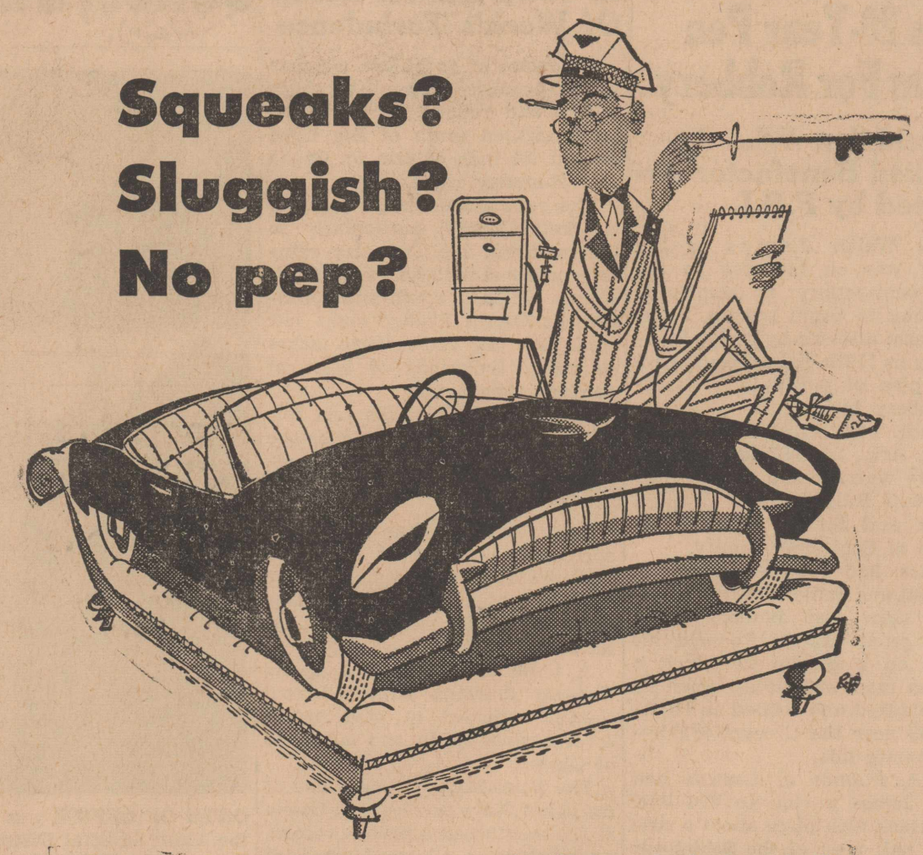

—————oOo—————

Mr. and Mrs. Jerry Hayes and children returned this week from a vacation trip to New Orleans.

MARK WHITE GRADUATES

Mr. and Mrs. Ted M. White and Mr. White's father, T. M. White, Sr., of Grand Falls, attended graduation exercises at New Mexico State University Saturday night when the Whites' son, Mark, received his Bachelor of Science degree in agriculture. Mark received a certificate designating honors as election to "Who's Who at New Mexico State," an honor reserved for the top one percent of the student body.

Squeaks? Sluggish? No pep?

● No matter what's troubling your car, we're sure we can get at the source of the trouble—and remove it! That's because to us, running a service station means more than just keeping your car supplied with gasoline and oil. It means offering top-flight service and the kind of skilled care that can actually add thousands of miles to the life of your car.

We compete for your business by bringing you the latest results of oil progress and the finest service possible. So put your car in good hands—bring it to us today! It will mean more motoring pleasure for you.

Ozona Oil Company

Accurate and Complete

RANCH RECORD

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage ofevery saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Thank You, Good People

It was the highlight of my life on June 2nd to find that I had 513 friends who thought enough of me to try and bestow the highest honor in Crockett County – by electing me County Judge.

I thank you for your show of confidence in my ability and qualifications. I apologize for not winning the race. I assure you that even though not elected, I will continue to stand for and promote the better things for Ozona and Crockett County; if I can be of help to you in any way call me.

Perhaps in an unofficial capacity I can help get more things done without having my hands tied.

Goals for us as a community to work for include:

A Little League Field
A Public Library
A Geriatrics Addition To Our Hospital
Better Roads to Bring Our Oilfield Friends To Their County Seat

Again, thanks for your consideration and support– may I conduct myself in the future so you will always be proud to say that you voted for

Troy Williams

To Dedicate New Fly Factory At Mission June 16

Crash Building Program Readies Plant In Record Time

College Station — Formal dedication of the new sterile fly production plant at Mission, headquarters of the Southwestern Screwworm Eradication Program, is scheduled for Saturday, June 16.

The new plant, located at Moore Air Force Base, is designed to provide 50 to 75 million sterile flies per week. With production beginning in mid-June, the first flies from the new plant will be released in early July.

"We are very pleased with construction progress at the Mission plant," Marvin J. Bridges, executive director, Southwest Animal Health Research Foundation, said. "We will have fly production underway ahead of the date we originally hoped construction would be completed.

"Early completion of the plant will be a tremendous boost to the program since we will have the sterile flies required to cover the wide area necessary for eradication in the Southwest.

"Completing a 'crash' construction program of this type would not have been possible except through the Southwest Animal Health Research Foundation, using funds contributed by individual livestock producers and sportsmen fro mall over the Southwest."

Release of flies produced at the temporary plant at Kerrville has been increased to over 20 million per week. This, along with last winter's cold weather, has significantly retarded normal build-up of native screwworm populations. The increased production at the Mission plant will provide sufficient sterile flies to give added impetus to the eradication program.

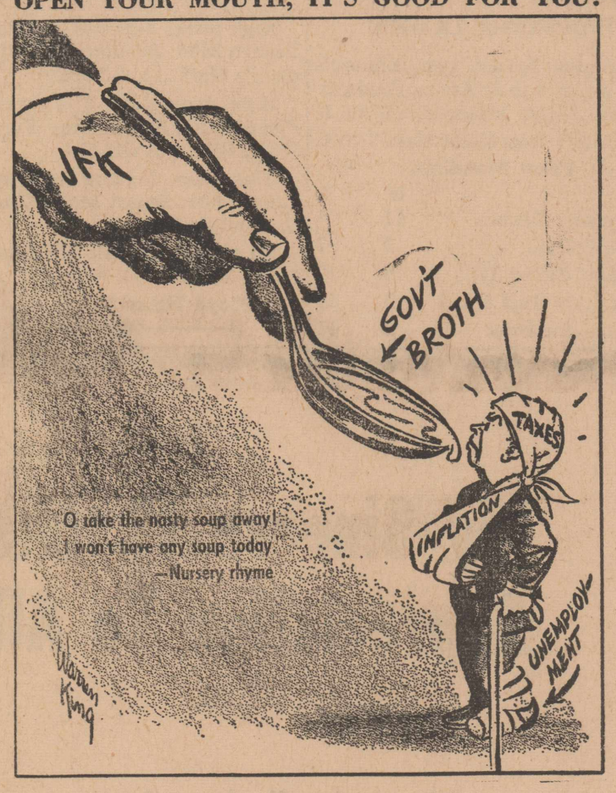

The program is a joint effort of the Texas Animal Health Commission, the Southwest Animal Health Research Foundation, and the U. S. Department of Agriculture.

Ranchers are urged to continue to spray and treat livestock and to report worm cases so that appropriate control measures can be adopted.

T. A. Kincaid, Jr., of Ozona, a member of the board of directors of SAHRF, will attend the dedication.

Patients admitted to hospital since May 29th:

Sonia Strifler, medical; Mrs. J. B. Cutright, Jr., surgical; Stephen Perner, medical; Curtis Hill accident; William C. Smith, medical; Jake Young, surgical; Elizabeth Jones, surgical; Mrs. William Black, obstetrical; and Robert Thomas, medical.

Patients dismissed: Mrs. F. D. Ashe, and infant son; Mrs. Rudy Martinez and infant son; Mrs. Jim Carpenter and infant daughter; Isebell Iquerro, Martha Nicholson, Amy Nicholson, Sonia Strifler, Mrs. J. B. Cutright, Stephen Perner and Curtis Hill.

Conoco Finals Elkhorn Field Gas Production

Queen Sand Gas Production Assured In Test On Shannon

Queen sand gas production was opened in the Elkhorn (Ellenburger oil) field of Crockett County with completion of Continental Oil Co. No. 9-D J. M. Shannon, 20 miles northwest of Ozona.

It was finaled for a calculated, absolute open flow of 700,000 cubic feet o fdry gas per day through casing notched at 1.190 feet.

Total depth is 1,672 feet, with 4½-inch casing set at 1,671 feet. Kelly bushing elevation is 2,662 feet.

Location is 330 feet from the most northerly south line and 3,900 feet from the most westerly west lines of 20-UV-GC&SF.

The Noelke, West (lower Clearfork) field of Crockett County gained its third producer and a location north extension on the south side with completion of Cunningham & Shahan, Abilene, No. 1 Bouscaren Heirs, four miles east of Iraan.

It was finaled to pump 94 barrels of 41.8 gravity oil daily through perforations between 3,459-468 feet, which had been acidized with 2,000 gallons. Gravity of the oil was 41.8 degrees; gas-oil ratio 1,100-1.

Top of pay was picked at 3,452 feet on ground elevation of 2,409 feet.

Total depth is 3,544 feet, with 4½-inch casing set at 3,541 feet.

Location is 330 fet from the east and 2,305 feet from the north lines of 57-GG-HE&WT.

Suray DX Oil Co. was waiting on cement after setting 5½-inch casing at 9,350 feet, the total depth, at the No. 1 Ruby Helbing, in 9-MN-GC&SF, Crockett County wildcat, 6½ miles south of Ozona and 2¼ miles north of the nearest production in the Hunt-Baggett (Strawn lime gas) field.

Tests at 8,914-140 feet were unsuccessful due to leaks in the drill-pipe; and on the second run, a packer failure.

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman June 8, 1933

One of the largest crowds ever assembled at a funeral service in Ozona gathered to pay last tribute to the memory of W. Pon Seahorn, pioneer Crockett Countw resident and prominent rancher, who died in a San Angelo hospital Sunday, when funeral services were held here Monday afternoon.

—news reel—

Mr. and Mrs. Evart White are the parents of a daughter born Wednesday. She has been named Judith. And that's why the paper was late.

—news reel—

A quail who is mothering three baby chicks was the unusual discovery made recently by Jake Young on his ranch east of town. The strange combination was sighted in a pasture near the ranch house, Mr. Young said.

—news reel—

The Home Economics department of the Ozona High School was described as "far above the average' 'in equipment and in accomplishments of its course of study, in a report to the State Department of education made by Miss Sibyl Thomas, vocational home economics supervisor for the State Departmen who made an inspection of the Ozona school during the last weeek of the term just closed.

—news reel—

A group of 28 entertainers from the Methodist Orphans Home at Waco will present a program of entertainment at the Methodist Church here next Monday evening beginning at 8 o'clock it was announced this week by the pastor, Rev. J. H. Meredith.

—news reel—

Mrs. C. F. Kerr of Hereford is here to visit with her son Bryan McDonald and family.

—news reel—

Mr. and Mrs. Alvin Harrell leave Thursday for Chicago to attend the World's Fair.

—news reel—

Aubrey Fussell, son of Dr. and Mrs. J. A. Fussell, has returned from Austin where he was a student in the University of Texas the past year.

—news reel—

The Ozona Giants, West Texas League entry, nosed out the Station A nine, from near Sonora Thursday afternoon 1 to 0.

Miss Alleane Young
. . . plans late summer wedding

Mr. and Mrs. Jacob C. Young, Ozona, announce the engagement of their daughter, Shirley Alleane to Leroy Joseph Glardon, Jr., son of Mr. and Mrs. L. J. Glardon, 4528 Emory Road, El Paso, Texas. The couple plan a late summer wedding.

The bride elect is a graduate of Ozona High school and is a senior at Texas Western College where she is majoring in physical education. She is a member of Zeta Tau Alpha Sorority, Spurs, Little Sisters of Minerva, was on officer of the P. E. majors club and was named one of the ten best dressed coeds at TWC in 1961.

Miss Young was Drum Major for two years and a twirler for the other two years at Ozona High School, where she received outstanding student awards in band and home making. She was a freshman favorite and on the High School volleyball team. During her first year in college she represented the college at the S. M. U. Manada in Dallas.

Mr. Glardon is a senior at New Mexico State University, majoring in animal husbandry. He graduated from El Paso High School where he was in Who's Who, a member of the varsity basketball team, and president of the Future Farmers of America Chapter.

At New Mexico State Glardon played on the freshman basketball team and was a member of the Rodeo Club and the meat judging team.

Ozonan Weldon Day Aboard Tank Landing Ship In Hawaiian Area

Pearl Harber, Hawaii — Weldon O. Day, electrician's mate fireman, USN, grandson of Mr. and Mrs. Otis L. Sims of Ozona, Texas, is serving aboard the tank landing ship USS Summit County, currently operating in Hawaiian waters.

The ship left San Diego on April 9, and while in the Hawaii area will provide services of transportating Army and Marine Corps personnel and their equipment to different islands in the area.

In October the Summit County is scheduled to participate in a large amphibious exercise before returning to San Diego in late November.

TWICE AS MUCH COOLING

with the patented advantages of

PARAMOUNT COOLERS

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

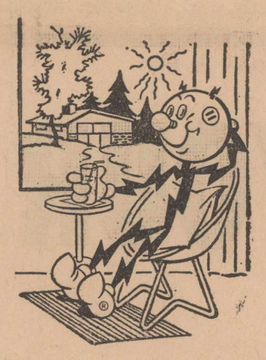

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

Wool-Mohair Garments Lamb Promotion Topics TSGA Galveston Meet

San Angelo — Members of the Women's Auxiliary of the Texas Sheep & Goat Raiser's Assocaition are to play a big part in the summer quarterly directors meeting of the Association June 10-11 in Galveston. Headquarters are to be at the Hotel Galvez.

Among the features of the meeting will be a lamb luncheon for club women o fthe Gulf Coast with the auxiliary being host. Also, club women leaders of the area are to see some of the lightweight and sheer wool and mohair garments modeled. Miss Carolyn Barre, Miss Wool of America, and Miss Carlene Brown, Miss Mohair, are to model for the women's meetings.

Of particular interest to the producers will be a panel discussion on transportation. Galveston civic leaders and officials of the Port of Galveston are particularly interested in export of mohair and wool and have arranged for five top authorities on transportation from Houston and Galveston to take part in the discussion at 10 a. m. Monday, June 11.

Panel members will include Desmond Barry, president of Galveston Truck Lines, Houston; George B. Kelley, general freight agent, Santa Fe Railway Co., Galveston; Jack W. Boehl, assistant traffic mgr. Galveston Wharves; S. P. Perich, general manager, Stone Forwarding Co., Galveston; and Stewart LeBlanc, manager deep-sea services, Lykes Bros., Steamship Co., Galveston.

"In addition to our regular business, reports on various legislative activities at the national level and reports from committees, we hope to make this a sort of promotional meeting," said Tom Wallace, executive secretary of the TS&GRA. "There are a million and a half people in the Galveston-Houston area who are potential consumers of lamb and mutton."

"Several Galveston markets are to feature lamb during the weekend the West Texas producers meet in the port city," said E. G. Cauble, Jr., of Big Lake, TS&GRA president.

Cauble said it is anticipated that about 200 persons will attend the business sessions. Committee meetings are set for 9:30 a. m. Monday and the general session will be at 1:00 p. m. Monday.

A reception by the Galveton hosts and other entertainment is planned for Monday evening for the West Texas delegates.

Beauty And Talent To Gather For Miss Wool Pageant July 13-16th

San Angelo—Beauty, poise, talent, and a knowledge of the virtues of wool will be the order of theday in the Miss Wool of Texas Pageant to be held in San Angelo July 13-16, 1962. It will be a fun-filled three days with water sports, luncheons, tours, television appearances, and climaxed by the fabulous pageant itself Monday evening July 16 in the magnificent air-conditioned Sarah Bernhardt Theatre followed by a presentation ball at the Town House Hotel.

Ten of Texas' loveliests will be selected as finalists and will compete for the Miss Wool of Texas Crown. The winner will become the official ambassadress of the Wool Industry in Texas. She will receive the beautiful woolen wardrobe which will be modeled in the pageant by the ten finalists and countless other awards, but most coveted she will become the official finalist from Texas to the 1963 Miss Wool of America Pageant.

Contestants must be between 18 and 25 years of age, must be residents of Texas, must have completed at least a year in an accredited college or university, must be single, and wear a size ten. Official entry blanks may be obtained from Miss Wool P. O. Box 1682, San Angelo, Texas.

Mr. and Mrs. J. A. Pelto and children will leave early next week for Viginia, Minnesota, where they will stay until returning to work as High School Principal August 15th.

Ozonans Recall D-Day Thrills as They Note 18th Anniversary Wed. Of Event Which Presaged Defeat Of Nazi Germany And End Of WW II

Large numbers of Ozona citizens paused briefly Wednesday to reflect on their whereabouts 18 years ago when D-day heralded the rise of Allied power and the eventual end of World War II.

The announcement of the invasion came at 3 a. m. Ozona time and not many Ozona residents were aware of it until dawn, but crowds in the business section clustered around radios throughout the morning, listening to regular news casts and special bulletins which came at intervals of about every three minutes.

Churches opened their doors and prayer meetings were scheduled to pray for victory.

The Ozona Rotary Club had its regular meting on the 6th and discussions of the invasion and prayers took up the usual program time. W. R. Cabaness, club secretary, and veteran of World War I, who served in France, described the terrain about the invasion site and Houston Smith, also a veteran of the first war, discussed possible strategy. Prayers for the success of the invasion were given at the opening of the meeting by C. S. Denham and at the close by Rev. M. C. Stearns.

The fifth war bond drive had just begun in Ozona and the news of the invasion spurred sales with Crockett County going over its quota a month or so later.

For a large number of Ozona men there is no memory of the home front at the time as camps here in the states, stations overseas, and fronts scattered from Anzoi to New Guinea were brought to mind again by the June 6th anniversary.

Many of the present Ozona residents who were in the service at the time were uncertain as to where they were, particularly those who were overseas in other theaters of operation at the time.

Moore Oilers Perch On Top Of Heap In Little League Wars

Moore Oilers continued their winning ways in the Ozona Little League and Mason Motors pulled into second place during the past week's action.

Solid hitting, along with steady fielding, were the keys to Moore's continued success as they blasted the fading B&B Grocers 14 to 3 to run the B&B teams loss skein to three, following last Friday night's 14 to 2 loss to Ozona Oil.

Mason failed in its surge to upset Moore but did manage to pull into second place as it posted its third win in the last four efforts by pasting Ozona Oil 15 to 10 in a rather wild contest. Mason had previously posted a 12 to 0 win over B&B and lost an 11 to 4 game to league-leading Moore.

Ozona Oil got a split of its two games during the week to edge past B&B which now has exclusive claim to the cellar.

Ozona Oil thumped B&B 14 to 2 and then gave Mason a fit before losing 15 to 14.

Action tonight will find B&B facing Mason and Moore against Ozona Oil.

Commencement Marks End Of First Baptist Vacation Bible School

Comencement exercises Wednesday evenoing at the Firrst Baptist Church brought to an end the church's annual Vacation Bible school which ran for eight days.

Following the exercises parents and friends visited displays of the children's handiwork in the various departments.

Enrollment in the 1962 school ran very close to that of the 1961 school reaching nearly 200 enrolled before the end of the school.

The 1961 enrollment hit 207 with two days of attendance required before the child was enrolled.

Countng the women who served refreshments to the children each morning, the faculty numbered 42 with the Rev. Harry Trulove serving as superintendent of the school.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Crooked-hole well-drilling is the big news at the Capitol.

More than $3,000,000 in penalties is asked by Atty. Gen. Will Wilson in the first suit brought by the state following "crooked-hole" investigations in the East Texas Oil Field. Suit contends that six oil wells were drilled in such a direction that they wound up under someone else's land.

Operators plugged two of them before Texas Railroad Commission engineers could check to see if the holes were straight or crooked.

Suit asked $1,000 a day for each day of operation of each well. Over a two-year period, this comes to $3,442,000.

Commission engineers plan to check more than 1,000 wells.

Humble Oil and Refinning Company brought a civil suit against another group of oil operators. Humble says that the operators' crooked wells ended under an Humble lease and have been draining off Humble's oil.

Safety in Age — If you live to be 100, you'll be safe from death by accidents.

State Health Department statistics reveal that not a single Texan over 100 years of age died in an acident in 1960.

Statistics also reveal that there's something to what they say about Texas weather. Deaths from extreme heat and from freezing both were reported during the year.

Dove Hunting Season — Texas will have representatives at the national dove conference in Washington on June 26 when length and dates o fthe 1962 hunting seasons will be discussed.

H. D. Dodgen, executive secretary of the State Game and Fish Commission, reports the outlook favorable for a good dove crop in Texas—both mourning and white-wing doves.

Toll Road — Only toll road in Texas — the Fort Worth-Dallas Turnpike — seems to be making its way.

The Turnpike grossed $3,245,797 last year, with operating expenses of $937,168. It put $1,641,977 into the fund to pay interest on the $58,500,000 it borrowed to build the road, and to biuld up its total reserves to nearly $5,000,000.

Smokers Pay — Cigarette smokers are chipping in more than $7,000,000 a month to the State Treasury under the 8-cent sales tax on each package.

Treasurer Jesse James reported income from that source to be $7,700,588 in May.

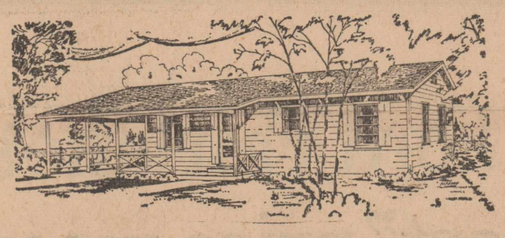

Screwworm Control — Fight against the screwworm fly has been extended northward. Reason is because truck-hauled livestock, infested with screwworms, crossed the control line which was being maintained by aerial distribution of sterile male flies.

Texas Animal Health Commission meets on June 11 to adopt a regulation requiring inspection of livestock as they cross the control line, and spraying them to make sure they do not carry the costly worms into clear territory.

A new distribution point was established at Conroe after outbreaks of screwworms were reported in East Texas.

Program is a bold effort to control this $40,000,000-a-year pest. It is financed by the federal and state governments and by contributions from livestock owners. Most of the money is federal.

GARDENERS SPECIAL
A plant that is starved of essential food elements cannot look its best. Roses, azaleas, camellias, gardenias, flowering shrubs, and fruiting trees thrive on Gardeners Special. The added chelated elements strengthen plants and produce more vigorous fruit and flowers.

A Creek In My Back

by Allan R. Bosworth

(Continued from Page One)

At that meeting, both said "Dam, dam, dam" rather frequently, but did not use the homonymn in the same sense, or with the same fervor, that Mexican vaqueros and Texas cowboys have used it for more than a century as they drove cattle across the border river. No, they were talking a different kind of dam — Amistad.

The word means "friendship." When Amistad Dam. an international project, is completed in 1967, it will be 253 feet high and six miles long. It will back water up the Rio Grande for 85 miles, and will make three streams deeper— Devil's River and the Pecos in Texas, and the Rio Conchos in Mexico. And it will create a lake covering 135 square miles — or more than a tenth of the area of the State of Rhode Island. (This later comparison is my own idea.)

You have to know this thirsty semi-desert land to appreciate what Amistad Lake will mean. Cowboys will be able to swap their saddles for water skis. their horses for outboard motors. And even now I can smell the catfish, rolled in corn meal, frying in deep fat . .

All was not always amistad, or friendship, along this border river in the days of my youth. Del Rio was a dusty, deceptively sleepy town — a hard-riding, hard-bottomed, hard - drinking, hell-for-leather calvary town in those days. Many a revolutionary plot was hatched or half-baked in her sister city of Ciudad Acuna, across the river, and bullet holes in the walls of adobe houses there testified to the futility of some of them; and perhaps many a gun was run over from Del Rio in filibustering days. The Rio Grande had not been harnessed for irrigation; it was sometimes very wide, and as a lad of ten I saw a cowboy drowned while swimming a herd over.

An exciting atmosphere of chili peppers and revolutions still hangs over Del Rio, mingling with a nostalgic scent of trail dust and the lovely lassitude of "manana." At the moment, the town is having a three-day rodeo, and once more one can hear spur jingle and the click of stilted bootheels along the sidewalks. Naturally, I am rooting for Cary Pitts, of my home town of Ozona, who jumped into first place in the junior bull riding, with 142 points, and was ahead in the junior ribbon roping competition with a time of 14 seconds.

Rope me a steer, a calf, or a goat in 14 seconds, and I'll shout "Hooray! Viva!" and "Bravo." Fourteen seconds is good time.

But is doesn't matter who wins. Rodeos are in the American tradition as much as baseball, turkey shoots, taffy-pulling, log rolling, and shooting off anvils on the Fourth of July. They are wonderful.

Besides, they are amistad — friendship.

FFA Awards —

(Continued from Page One)

shop work.

In addition to the welding award Tommy applied for the ranch and farm mechanic National Foundation award and won frist in area with his records which were mailed to state for consideration. The first place in area competition carried a $25.00 award.

Also mailed in to the state committee for consideration was Evett's application for the Texas Sheep and Goat Raisers Association award. The application passed the Area II board to win further consideration on the state level.

The Ozona Chapter was represented at the area II convention by Doug Moore and Hugh Coates, who were the chapter's voting delegates, and received additional recognition when Miss Nancy Friend Miss Mohair-elect, appeared before the convention as a guest of the FFA and as an honored guest of the Ozona chapter.

Friend Gas Area —

(Continued from Page One)

The No. 1 Kincaid, 2⅜ miles south-southwest of the discovery was dually completed.,

From the Canyon, it was finaled for a calculated, absolute open flow of 1.81 million cubic feet of gas per day, with gas-oil ratio of 18,538-1. Gravity of the liquid was 72.5 degrees. Production was through perforations between 6,238-259 feet and 6,627-283 feet.

From the Ellenburger, it was finaled for a calculated, absolute open flow of 4.5 million cubic feet of gas per day, with gas-liquid ratio of 69,400-1. Gravity of the liquid was 54.8 degrees. Production was through perforations between 8,301-312 feet.

Total depth is 8,321 feet, where 5½-inch casing was set.

Location ils 1,260 feet from the south and east lines of 6-MN-GC&SF.

The discovery was finaled Feb. 26 from the Ellenburger for a calculated, absolute open flow of 4.2 million cubic feet of gas per day, with gas-liquid ratio of 5,-800-1, through perforations between 8,315-330 feet; and March 15 from the Canyon for a calculated, absolute open flow of 1.85 million cubic feet of gas per day, with gas-liquid ratio of 8,2001-, through perforations between 8,-340-435 feet.

Alamo Fuel & Transport Co., Abilene, will attempt to open Strawn production in the Noelke multipay field of Crockett County with the scheduling of the No. 2 M. H. Halff Estate, a 5,000-foot rotary wildcat, six miles southeast of Iraan.

Ground elevation is 2,354 feet.

Location is 400 feet from the north and east lines of 68-1-I&GN.

It is one mile southwest of the one 4,400-foot Pennsylvanian sand producer in the field. And a southwes turn to a Clearfork gas well.

T. J. Bailey Wins WTU Co. Tournament At Abilene, His 12th Win

T. J. Bailey, West Texas Utilties Co. local manager in Ozona captured an extra hole playoff to win the annual West Texas Utilities Company tournament held in Abilene last weekend.

The win for Bailey was his 12th in the thirty-five year old tourney begun in 1927 with five players, This year's meet drew 112 entries and is now the company's largest employee recreation event.

Bailey repeated as champion when one of his four final opponents, leading by three strokes on the sixteenth hole, hit into the rough and lost his advantage on the seventeenth hole.

Even though Bailey has captured 12 of the 35 tournaments the 1961 win was the first since he came to Ozona in 1945, making the 1962 win particularly pleasing to the local golfer.

Does Ford Fairlane's "compact" price mean it's a compact car?

NO!!!

Rambler is a compact!

The experts classify cars by *wheelbase.* Anything under 114-inch wheelbase is a compact. The biggest Rambler's wheelbase is only 108 inches!

Chevy II is a compact!

Chevy II tries to sound like a middle-size car . . . but its wheelbase is only 110 inches!

Our Ford Fairlane is right between the compacts and the big cars-gives you compact price with big-car room and ride!

Fairlane's wheelbase is a full 115.5 inches. From bumper to bumper, Fairlane measures 197.6 inches . . . 14.6 inches longer than Chevy II . . . 7.6 inches longer than the longest Rambler. Fairlane is as roomy inside as most of the cars on the road today . . . and rides more smoothly than most. Yet it's a foot shorter . . . easier to park than the big cars . . . less gas-wasting bulk. Look at the facts, and you, too, will go Fairlane. Come size it up today.
