## FEDERAL WOOL EXPERTS FIND MARKETS FIRM

### Farm Credit Men Tell Mayer Outlook Is Much Better

SAN ANGELO, June 3.—The Farm Credit Administration is well satisfied with the way the wool market is acting and is not in the least uneasy as to future wool prices, is the word brought back from Washington by Sol Mayer, president of the National Wool Marketing Corporation who has returned from a trip to Boston, New York and Washington.

Mr Mayer says that the National Wool Marketing Corporation is getting about one-third of the wool clip in every state but Texas and that it will have its biggest year in 1933.

He thinks that the growers have the plan outlined by Henry Morantau Jr., to thank for the price they are getting today and that the more wool that is sent through the cooperative agencies the greater will be the competition among brokers for the so-called free wool.

He thinks that the growers have from 65 to 70 millions pounds consigned to the National this year. There is little high quality wool in the world, he says, as the stocks in London have been picked over and good wools are scarce everywhere. He looks for higher world wool market.

Australia does not start to shear before September and the Argentine is now in the dead of winter. Mills are running at a much greater capacity than before for several years and many speculators and manufacturers are reported to be buying heavily in fear of higher prices.

There is a feeling that the men's suit and overcoat trade will be mighty good on the first return of prosperity to the people as it has been one of the hardest hit of all clothing lines and that this will have a further effect of increasing the demand for wool.

## Repeal Vote Urged By Demo Officials

AUSTIN, June 5. (AP)—Texas officials of the Texas Democratic National Committee want both repeal and modification. Roy Miller, director, Frank Scofield, finance director, in a statement issued today as individuals called upon Texas Democrats to support both repeal and modification, as a national platform demand.

"While we realize," they said, "that both prohibition and modification are controversial questions among Texas Democrats, we feel it our duty to urge adoption of both the repeal and modification proposals at the special election called for August 25th. The question as to whether or not Texas shall be wet or dry is not involved. The Chicago platform contained a ringing appeal, both for repeal and modification. In his acceptance address, President Roosevelt committed the party irrevocably to both proposals.

## A BIT OF PHILOSOPHY

By E. V. WHITE, DEAN  
Texas State College for Women  
(CIA)

Adversities are more useful than sweet.

It is seldom that two donkeys admire each other.

Some people mourn from the skin out.

Don't marry an ugly man unless you want to keep him.

It takes a philosopher to laugh at his own foolishness.

Some people call themselves blessed.

## Nueces Bridge Is Opened Thursday With Celebration

The huge Nueces River bridge on Highway No. 3, eight miles west of Uvalde, was opened on Thursday, June 8 with a celebration staged by citizens of Val Verde, Kinney, Zavala and Uvalde Counties. The formal opening of the bridge was attended by members of the State Highway Commission and other State officials, in addition to county officials from surrounding counties.

A barbecue at noon featured the celebration, which, in addition to formally opening the Nueces bridge, commemorated the completion of the bridge building program in the Uvalde section. Included on the bridge program were the concrete structures over the Sabinal, Blanco, Main and Dry Frio and Nueces Rivers, and form an important part of State Highway No. 3, known as "The Borderway." The bridges spanning the two Frio Rivers were the first completed and they were followed in order by the Blanco, Sabinal and Nueces River bridges.

The Nueces River project is the largest in the Uvalde section and one of the largest in Texas to be completed within recent months. The total length of the project is 5,955 feet of which 2,561 feet is bridge work. The main span of the bridge is 975 feet in length; a relief bridge is 1,564 in length and a culvert is 22 feet long.

The total cost of the project was approximately \$203,000 and the contract called for 190 working days. The work was completed in 185 working days.

Lowery Stradley, who has been a student at Southwestern at Georgetown arrived home Saturday to spend the summer vacation with his parents, Rev. and Mrs. B. M. Stradley.

## Sanderson Invited To Send Sponsor To Cowboy Reunion

Sanderson has been invited to send a representative to the Texas Cowboy Reunion which will be held at Stamford July 3, 4 and 5. A letter directed to the local Chamber of Commerce says an elaborate program of entertainment is being prepared for the sponsors.

Three prizes are being offered for the most attractive sponsors who attend the Reunion. Sponsors must be mounted and both horse and rider will be considered in judging for the prizes, points being given on the girl's horsemanship as well as on her mount and equipment. Sponsors must provide their own mounts, equipment and costumes, but the Reunion management will provide grooms and feeds for the animals.

First prize will be a handsome pair of hand-made riding boots given by the Nocona Boot Company of Nocona. Second and third prizes will each be a pair of silver mounted spurs, one given by the Nocona Boot Company and the other by the San Angelo Boot Shop, San Angelo.

The judging will take place on the morning of the opening day of the Reunion, July 3. Sponsors representing 35 cities and towns were entertained at last year's Reunion.

Mrs. E. P. Bunkley of Stamford, wife of a prominent West Texas surgeon, will serve as hostess for the sponsors. Miss Margaret Lyles has been selected as the Stamford sponsor.

## Recreational Club Opens This Week

Ben F. (Andy) Anderson leased the old Bohlman Theatre building this week and is opening an up-to-date club room to be called The Sanderson Recreation Club. Members only will be allowed the club privileges. Three pool tables, domino tables and other equipment is being installed.

Mr. Anderson was formerly located at Marathon and Alpine.

## Installation of O. E. S. Officers Thursday Evening

With Mrs. Sidney McKee acting as installing officer, assisted by Mrs. Mora Cochran, installing marshal and Mrs. Rosa Parsons, installing chaplain, the following newly elected officers of the Sanderson Chapter No. 136 of the O. E. S. were installed last Thursday evening at the Masonic Temple:

Mrs. Calista Sessions, Worthy Matron; Mr. Ruel Adams, Worthy Patron; Mrs. Genevieve Charlton, Associate Matron; Mr. Sims Wilkinson, Associate Patron; Mrs. Onah Johnson, Secretary; Mrs. Edna Mussey, Treasurer; Mrs. Sallie Adams, Conductress; Mrs. Annie Nance, Chaplain; Mrs. Johnnie Williams, Marshall; Mrs. Sybil Savage, Organist; Mrs. Elsie Grigsby, Adah; Mrs. Jessie Garrison, Ruth; Mrs. Annie Ware, Esther; Mrs. Rosa Parsons, Martha; Mrs. Maggie Halley, Electa; Mrs. Dolly Dyer, Warder; Mr. F. S. Garrison, Sentinel.

At the close of the installation an ice course was served and a happy social hour was spent.—Contributed

## UVALDE AND NORTHERN TO BE REBUILT

### Reconstruction Work Is Started One Year After Flood

UVALDE, June 2.—Unused since July 1, 1932, when heavy floods swept over this section and destroyed or damaged every bridge and much of the trackage on the 45-mile stretch of road between this city and Camp Wood, work of rebuilding the Uvalde and Northern Railroad was started this week, when bridge-building crews and other workmen began the replacement of the Indian Creek bridge, eight miles from Uvalde. This bridge was one of the number of structures entirely destroyed by flood waters. Ninety days probably will be required to complete the work on the 45-mile stretch of road. At present, some 30 men are employed in the work, but as construction progresses, additional men probably will be added to the force.

Twice denied loans by the Reconstruction Finance Corporation for rebuilding the line, funds were obtained from other sources for carrying on the work. Thousands of dollars in rolling stock which was scattered along the line at the time of the washouts, has been tied up since.

## NEW TOP FOR SHORT WOOL IS 23 CENTS

### Mrs. A. M. Hicks And Son Of Dryden Sell 12,000 Pounds

SAN ANGELO, June 3.—A new top on eight months wool was set here by Mrs. A. M. Hicks and son of Dryden, who sold 12,000 pounds of this staple to Murphey Campbell, buyer for S. Silberman & Sons at 23 cents a pound.

## BREAKS ARM

Manton Thomas of Dryden while helping round up cattle on the Fred Montgomery ranch near Fort Stockton, had the misfortune to break his left arm at the wrist Sunday afternoon when a horse which he was riding stumbled and fell with him. He was brought to town Monday and the injured member was set by Dr. James C. Sharp. He is reported to be on the road to a quick recovery.

## Coke Stevenson Remains Silent On Race Plans

AUSTIN, June 3.—Texas legislators lost little time in shaking Austin dust from their shoes. After nearly five months, Senators and Representatives hustled out of town. There were few who remained to close up business affairs.

Coke Stevenson, Speaker of the House, was enroute to his Junction home and ranch 20 minutes after the Legislature adjourned sine die Thursday. He carried with him a saddle presented by members and employees of the House. When it was given to him those who had a talking part in the program suggested that he ride it into the governor's office. Stevenson never has uttered a word to indicate his attitude toward a campaign for governor.

Lieut. Governor Edgar E. Witt of Waco departed for his home today. He, too, was thinking about running for governor.

Governor Miriam A. Ferguson still had a stack of bills on her desk, left there by the departing Legislature. Among them was the one legalizing prize fighting. It was generally accepted she would approve it.

## LAND VACANCY SUITS TO HIGH COURTS OF U.S.

### Supreme Body To Be Asked To Review Yates Field Cases

By Raymond Brooks.

AUSTIN.—Notice has been given that the third-of-a-billion dollar oil land title suits involved in the California, Whiteside, Douglas and Turner cases, affecting the Yates pool of Pecos county, will be taken to United States supreme court, if the court permits filing an appeal.

The request for writ to take the case to Washington was to be made by attorneys for the Whiteside heirs who lost recently in the Texas supreme court decision in 11 of the allied cases.

Texas supreme court generally held in favor of Fred Turner, Midland, claimant of a 540 acre vacancy area in the oil pool in favor of the public school fund as claimant of royalty in the vacancies, and particularly in favor of Ira Yates, for whom the pool is named.

The decision held that vacancy areas existed to the east of the proper location of block 194 in Pecos county. It sustained the original Durrell survey, as supported by Attorney General Claude Pollard on behalf of the state, against the Dodd survey of a later time, supported by Attorney General James V. Allred's pleadings. The state stood to win its royalty rights under either decision, the question only involving what set of claimants was to pay.

Attorney General Allred had pointed out more than \$50,000,000 had been impounded on unpaid oil runs in treasuries of major oil companies. Much of this was to go to the state school fund. Several hundred Texas landowners also have royalty claims.

If filing permission is granted, and the cases taken on to federal court, it means a further delay before the huge sum of money is disbursed, and future oil run payments made available to owners.

The Smith vs. Turner case had been before the supreme court since 1929, and was held up waiting fuller exposition of testimony and law questions in the California, Whiteside and other cases.

Chief Justice C. M. Cureton dissented from the majority opinion of the Texas court.

Miss Bess McAdams left last Thursday for Baylor University at Waco where she will attend school this summer taking a Music and English course.

## Wool Price Firm At 27c As Sealed Bids Announced

SAN ANGELO, June 5.—San Angelo saw 27-cent wool yesterday—its first glimpse of the new highs set in Del Rio last week. The high for the season is reported out of Del Rio at 27 3/4 cents.

It seems to be repeating the history of the current market. A new high will be set a cent or more above the prevailing market, then the buyers back off for a few days but soon resume at the higher level and on she moves. Oldsters remember how wool sold for 18 cents in 1921 and brought 42 in 1922.

Tom Richey, buyer for A. W. Hilliard & Son, of Boston, paid Clay Atkins of Christoval 27 cents a pound for 30,000 pounds of lambs wool at the Joe Blakeney warehouse Saturday afternoon.

In addition this warehouse sold A. R. Bankhart of the Swift Wool Company, two cars of wool at 25 cents a pound. Included in the purchase were clips of Milt Tippitt of Rankin, R. L. Stanberry of Christoval. The warehouse got in about 600 bags of wool yesterday, and has handled to date 2,500,000 pounds of wool. The warehouses sold one car of wool for J.W. Young of Big Lake and Ozona at 25 cents.

There will be three sealed bid sales this week in West Texas. D. E. Hughes and Co., Inc., offered 700,000 pounds Monday morning at the warehouse on East Fourth Street. On Tuesday the Sonora Wool and Mohair Company of Sonora puts up 750,000 pounds up to the buyers. On Thursday the Sanderson Wool Commission Co., at Sanderson offers 150,000 pounds of 12 months at Sanderson, according to a message from Joe Kerr received here yesterday. Rock-springs warehouses will decide at the Sonora sales as to when they will offer their accumulation.

## Uvalde Girl Wins National Contest In Essay Writing

A trip to the Century of Progress Exposition in Chicago with all expenses paid for herself and her teacher is the reward given to Miss Mary Fern Kessler of Uvalde as the result of having written the best essay on "Why I Should Like to Attend the Century of Progress," in a contest sponsored by the Underwood Typewriter Company.

Announcement of the award was received Monday by Miss Kessler in a telegram from officials of the firm.

She will be accompanied on the trip by her English teacher, Miss Mary Bethel Starke.

Miss Kessler's essay was adjudged the best of any submitted by high school students in the States of Texas, Oklahoma, Mississippi, Alabama, Arkansas, Georgia, Florida, Tennessee and Louisiana.

Mary Fern Kessler is the daughter of Mr. and Mrs. C. C. Kessler of Uvalde, and will be a senior in high school next year. The fact that she submitted the best essay from the thousands sent in from these states is not only an unusual distinction and recognition of her ability, but is also a tribute to the ability of her teacher, Miss Starke, both of whom are receiving congratulations from their friends.—Uvalde Leades News.

Miss Kessler is a cousin of McDuffy and Julian Kessler of this city.

## 2-CENT POSTAGE IN SIGHT

GROVE CITY, Pa., June 3. (AP) James A. Farley, postmaster general, today forecast the return of two cent postage on letter mail within the next few weeks.

Speaking at the dedication of Grove City's new federal building, Farley said he expects President Roosevelt to sign the postage cut bill in a few days.

Mr. and Mrs. C. V. McKnight and daughter spent Sunday as the guests of Mr. and Mrs. Landon Rose at their ranch.

## EDITORS PICK LaCROSSE FOR CONGRESS SEAT

### Popular District Attorney Well Qualified For Place

By H. R. HORTON  
Editor News

The election is more than a year away, but much interest is being shown in candidates for the newly created 21st Congressional District. Although no one has formally announced for the place as yet, cities and communities of the district are mentioning the names of available candidates.

Clark Coursey, political writer for the Brownwood Bulletin, recently outlined the situation and presented a list of possible candidates from that city. In reviewing other possibilities, Coursey mentioned Julian LaCrosse, district attorney for the 63rd Judicial District. Some time ago the San Angelo papers, carrying a similar review, presented the name of LaCrosse as a possible candidate.

The Kerrville Mountain Sun is responsible for the following:

"Down on the Rio Grande lives a fellow, extremely small in stature but large in intellect, who can show the field some speed, especially if the entries are few and far between from the southern end of the district. He is Julian LaCrosse, Del Rio district attorney and daily newspaper publisher. LaCrosse has not said he would be a candidate, but if and when he does, his strength in the south end and his campaigning ability will make him a formidable foe for any of the candidates from 'up North'."—Del Rio Evening News

## Junior High School Open For 1934 Term

AUSTIN, TEXAS.—The new \$250,000 junior high school at The University of Texas, now under construction, will be opened at the beginning of the 1933-34 school year, according to Dr. B. F. Pittenger, dean of the School of Education at the University. The new school will serve the University as a practice teaching unit and the Austin public school system as a junior high school.

According to the plans adopted, a five-year cooperative system of administration will be effected. The University will furnish the building and all permanent fixtures, while the Austin school board will be responsible for maintenance and repair work. A faculty of 36 to 40 members, to be appointed and paid by the Austin trustees, will be employed. A principal will be appointed and paid jointly by the Board of Regents and the city school board.

Students in the University who wish a permanent teacher certificate will be required to have six weeks teaching experience in the University junior high school under the supervision of the members of the junior high faculty. Heretofore, this experience has been attained by students through supervised teaching in the Austin public schools, but the number of applicants has rapidly grown and as a result students had to wait an extra year to get their certificates.

The new laboratory school is expected to expedite this part of University training.

## Five Sanderson Boys Pass Forest Exams

Letters from the Sanderson boys who left for the Tree Army on May 30th, report that all five of them passed their physical examinations at Fort Clark, and had gone on to Camp Bullis, Texas, where they will drill for two weeks and then be sent on to the forest work.

The boys that went from here were Fleming Powell, Norman East, Elmer Haass, J. Riley Dunman and Matias Gutterrez. Norman East has been made their captain.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be section 3, which shall provide:

Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to propose hereunder for the adoption a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature.

No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this constitution and the Statutes relating thereto.

(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such

qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution: The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenures in any such office; save that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit

or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

(5). Such Charters may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards thereby be not lower than those fixed by the General Laws of the State.

(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were imposed, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contract shall not be valid for more than two (2) years.

b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a

county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof of the county, in addition to the primary city and county tax herein district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

(7). No provision of this Constitution inconsistent with the provisions of this Section 2, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith, Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purposes hereof. Further, the Legislature shall prescribe a procedure for submitting to decisions, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein.

Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of the Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein.

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

H. J. R. NO. 43.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self-enacting.

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight." Those voters opposing said proposed Amendment shall write or have printed on their ballot the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tartaric quinone, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store.

## NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 20.  
 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed Four and one-half (4½%) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law and the legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.  
 Section 2. The foregoing Constitutional amendment shall be submitted to the qualified voters of the State on the Twentysixth day of August, A. D. 1933, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the

### WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be section 3, which shall provide:

Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter...

(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such

qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts.

(4) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon.

(5) Such Charters may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified services, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service.

(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county.

(7) No provision of this Constitution in consonance with the provisions of this Section 2, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith, Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and no Charter may forbid amendments thereof for a time greater than two (2) years.

county open city Charter thereby as the county control.

(8) The powers herein provided, and in addition to powers included in County Home Rule Charters, any county may by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

(9) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon.

(10) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon.

(11) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon.

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tartaric quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store.

## NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 30.  
 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed Four and one-half (4½%) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law and the legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional amendment shall be submitted to the qualified voters of the State on the Twentysixth day of August, A. D. 1933, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the

hardships of unemployment and for the necessary appropriations to pay said bonds"; Those voters opposing said amendment shall write or have printed on their ballots the words, "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

### VACATION BIBLE SCHOOL CLOSED

The two weeks daily vacation Bible school which the Board of Christian Education of the Sanderson Methodist Church conducts annually came to a close Friday at noon.

Forty-seven of the Primaries, Beginners and Juniors met the requirements and finished the course of study and were given diplomas.

At the Sunday School hour last Sunday, the service was in charge of the teachers of the Daily Vacation Bible School and a very interesting program was held.

The pupils of the school were guests of Mrs. J. L. Osgood and Mrs. F. S. Garrison at an ice cream social Friday afternoon, which was enjoyed by all.

Mrs. A. F. Thrift and son Raymond, left Monday for Center Point where they visited relatives this week. They will return home today, (Friday), accompanied by Mr. Thrift's sister, Mrs. E. T. Mangum and daughters, Misses Mattie and Katherine.

Mr. and Mrs. W. W. McRorey of Asherton arrived the past week to make this city their home. Mr. McRorey is employed at the James House Grocery and Market.

Johnson Dunn, of Georgetown, spent Sunday with Lowry Stradley. Mr. Dunn is a student of Southwestern University and was on his way to attend the Sul Ross College at Alpine this summer.

Mr. George Colquitt of Houston, and Dr. George Warthy, of Austin were guests of the Stradley family at the Methodist parsonage Sunday.

Mr. and Mrs. Walter Dundap of Ozona were visitors at Dryden Sunday and attended the church services.

### WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience.
