Richardson wins $4.3 million

"Do you remember what I told you it would take to get all the sticker grass out of my yard?"

That was all that 80-year-old Porter Richardson of Colorado City would say to his son Robert over the telephone at 1:30 a.m. Sunday morning.

Luckily, Robert Richardson of Abilene immediately interpreted the riddle to mean that his father had "won the Lottery."

Tuesday, the Texas Lottery Commission gave Richardson the first installment payment toward the $4.3 million *Lotto Texas* jackpot he won in the March 18 drawing.

His first payment totalled $217,513.84. He will receive the remaining installments of $216 thousand every March 15 for the next 19 years.

The retired electronics engineer said he has been playing *Lotto Texas* since the game began in November 1992. Although he had won only a few $3 prizes for matching three of the six winning numbers to date, Richardson said he knew he would match all six some day.

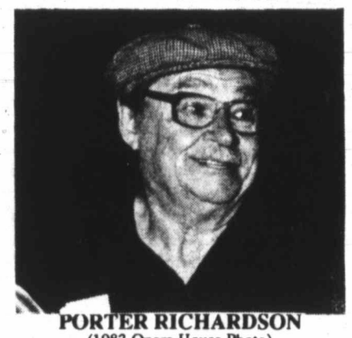

He chose the numbers 3-9-17-23-36-46 because they were the most frequently drawn numbers and the result was the one-and-only winning ticket.

Richards said he intends to buy a new white Chevrolet Camero and, of course, hire someone to "pick the sticker grass" out of his yard.

He purchased the winning ticket from Sav-M #150 in Colorado City. The retailer is entitled to a one percent of $43,215 for selling the winning ticket, according to Lottery procedures.

The next *Lotto* drawing will be held on Wednesday, March 22. The estimated jackpot for that drawing is estimated at approximately $4 million.

The Record was not able to reach Richardson for comment before press time Tuesday afternoon.

City Council distributes Hotel/Motel allocations

After some discussion on where the Hotel/Motel tax allocations should be spent, the City Council voted unanimously to accept a motion from councilman Sammy Contreras Tuesday afternoon.

The allocations total $43,500, with the Chamber of Commerce receiving the largest amount totaling $27 thousand. The organization originally asked for $33,860 to be used toward expenditures promoting the Colorado City area.

The Mitchell County Boys Club was awarded $5,500 of the $6,500 originally requested by the group. The monies would be used in an attempt to attract both a boxing tournament and the Junior Olympic Advanced (Boxing) Tournament to Colorado City.

"If this money could be used to help bring in an annual boxing tournament then I believe it would be money well spent," Gary Redwine said.

Patrick Parker said he agreed

Two new coaches hired

The addition of two new coaches and possibly a third will help move the Colorado ISD athletic program forward, Athletic Director and Head Coach Bill Grissom said.

With Grissom's recommendation, the CISD Board of Trustees hired Hayden Merket and Gerald James last week as new additions to next year's coaching staff.

Merket will take over as the boys head basketball coach next year when the team's current coach, Chuck Claxton, moves to the district's ISS program.

"This was a personal decision on [Claxton's] part," Grissom said. "I'd love to have him in our football program, but right now he feels that this is the best thing for him."

Merket will also take part in CISD's football program.

Currently, he is the head basketball coach at Floydada High School. According to Grissom, he was also head basketball coach at Menard High School, taking them to the playoffs.

Grissom, who coached Merket at Hamlin High School, said he felt Merket would adjust well at CISD.

"He's coming from a school the same size as Colorado High," he said. "Knowing what type of person

City to have welcome sign

The Texas Department of Transportation (TxDOT), Chamber of Commerce and various civic organizations will be joining together to help produce a welcome sign at the entrance of Colorado City.

According to Chamber Manager Dori Shutt, the city currently has no such sign at any of its entrances.

The sign is expected to be located at the city limits on Business Loop 20 and Highway 1983 on a triangle of land owned by TxDOT.

Shutt said she felt there would be no problem in getting approval for this type of community service project.

"[TxDOT] is always looking at joint use agreements for this type of project," she said.

She added that she has approached several local civic organizations with the proposal to take part in the project.

"So far the response from these organizations has been positive," she said.

The entrance way is expected to have signage welcoming visitors to Colorado City as well as "low maintenance" landscaping.

"We'd like something that is native to the area, easy to maintain and is attractive," she said.

The Chamber hopes to start on the project sometime this year.

GEORGIE GRIFFITH ANNOUNCED HER RETIREMENT AFTER WORKING 36 YEARS with Mitchell County and the last 12 years serving as County Auditor. She said she is looking forward to enjoying life and taking it easy.

County Auditor retires

After 36 years of working for Mitchell County, auditor Georgie Griffith has announced her retirement effective March 31. She has served as County Auditor for the past 12 years.

"I just felt it was my time to retire," she said. "[After retirement] my plans are to enjoy life."

Griffith began working for Mitchell County in 1959 when she started part-time in the tax office.

She was appointed auditor in 1983 by District Judge Weldon Kirk, who said he believed replacing her would be difficult.

"Georgie is one of the best auditors that I have had the privilege of working with during my 40 years in the courthouse," he said.

Griffith echoed this sentiment when she said, "It's been a great 36 years and I've worked with some great people. I'm going to miss the 'County Family.'"

She added that serving as the

Filing slow for May election

(Editor's Note: Because this story went to press before the March 22 deadline, some candidates may not be mentioned.)

Most of the people filing for the May 6 city and school board elections to date have been the incumbents. Filing for local positions has been slow in spite of the March 22 deadline.

Colorado City Council positions up for election this year are Mayor and Council Districts 1, 2 and 5. These positions are currently being filled by Mayor Jim Baum; Councilmen District 1, Sammy Contreras; District 2, Walter Staats; and District 5, Bob Reily.

All four incumbents have filed for re-election and as of yet, no one is challenging their incumbencies.

Filing for another term as Mayor of Loraine is incumbent Cat Martinez.

Two Loraine City Council seats are also up for election. One was vacated by Ricky Bailey, who took over as Loraine's Water Superintendent, and the other is currently

Farm Sale set for Saturday

The Loraine Volunteer Fire Department's Seventh Annual Farm Sale is expected to the biggest in its history. The sale is scheduled to begin at 10 a.m. on Saturday, March 25 at the Loraine Co-op Gin yard.

"This will be the largest we've ever had," Fire Chief Donnie Phillips said. "This year we have 22 to 24 tractors and usually we only have about eight."

This event is also the department's largest annual fund raiser, he added.

The biggest contributors to the auction are Wylie Oliver, who will be selling all of his equipment, and two other farmers who also have plans to sell out, Phillips said.

Meeting held on Water/Sewer grant

Two representatives from the Texas Water Development Board visited Colorado City Thursday afternoon to go over requirements for the $7.1 million water and sewer grant recently awarded to Colorado City.

City Manager Steve Shutt, project engineers and water department and finance staff attended the meeting, which was designed to guarantee proper organization and communication between entities.

"This does not immediately free up the $7.1 million," Shutt said. "That's coming in the near future, we just don't know exactly when."

He added that he speculates the money will be available within the next 30 days.

Meanwhile, he said that contractors were expected to begin work on the emergency phase of the project

C-City "Heart of West Texas"

With some help from State Representative Rob Junell's office, Colorado City may soon be officially recognized as "The Heart of West Texas."

According to Chamber of Commerce Manager Dori Shutt, the idea had already been discussed prior to her joining the Chamber's staff.

"We thought that an official designation would be a great marketing tool," she said.

Colorado City has already been referred to as "The Heart of West Texas" on billboards located on Interstate 20 and through the name of its museum.

Preston Burchard, who named the museum, said the reason behind the name is that Colorado City is located near the geographic center of West Texas.

According to a spokeswoman from Junell's office, writing the resolution is simply a formality and approval of such resolution would be automatic.

The resolution is expected to be passed sometime during this legislative period.

Gary and Tracy Ginkinger

Couple is united in double ring ceremony

Tracy Sue Henderson and Gary David Ginkinger were united in marriage at 3 p.m. March 11, 1995 at Oak Street Baptist Church. Rev. Bentley Gwyn officiated the double-ring ceremony.

The bride is the daughter of Darlene Henderson and the late Bobby Henderson of Colorado City. Her maternal grandparents are Robert Jay and Geri Haggerton of Colorado City. Her paternal grandmother is Ada Henderson of Colorado City.

The groom's parents are David and Donna Ginkinger of Colorado City. His maternal grandparents are Floyd and Lavada Hale of Westbrook and his paternal grandparents are Coralie Ginkinger and the late Richard Ginkinger of Warren, Ohio.

Given in marriage by her brother, Tommy Lee Henderson, the bride was dressed in a mid-calf white chantilly lace western dress with a peasant-style off-the-shoulder neckline. She wore white laced western boots and a white western hat trimmed with wedding flowers and lace.

Shanna Barr of Golaid was maid of honor for her cousin. Melissa Williams of Colorado City was bridesmaid.

Stacey Rich of Westbrook was best man and Jeff Curry of Colorado City was groomsman.

Melissa Owens, cousin of the bride and April Ginkinger, niece of the groom, were the flower girls. Jody Owens and Brady Don Henderson, cousin and nephew of the bride, respectively, were ringbearers.

Ushers were Neal Ginkinger, brother of the groom and Randal Petty, cousin of the groom.

A reception with a country western theme was held in the fellowship hall at Oak Street Baptist Church.

The couple honeymooned in Abilene and will make their home in Westbrook. A 1992 graduate of Colorado High School, the groom is employed as a correctional officer at the 80 John Wallace Unit. The bride is a senior at Colorado High School and is employed as a nurse's aid at Kristi Lee Manor.

Lyn Hardy and Roxy Small

Engagement announced

Roxy Small and Lyn Hardy have announced their engagement.

The bride-to-be is the daughter of Ms. Lou Williams of Colorado City and Lloyd Dunnam of Glendale, Ariz.

The prospective groom is the son of Mrs. Duffy Small of Snyder and the late Nathan Small.

A fall wedding is planned.

Christmas in April plans well underway

Plans for this year's Christmas in April (CIA) project, scheduled for April 29, are well underway as work crews continue to organize themselves for the "one day blitz."

CIA President Jan Lemons said the group plans to do work on approximately 20 houses this year.

"Last year we did about 40 houses," she said. "The reason we cut the number down is to do a more thorough job and to do everything in a one day blitz instead of having workers come in on extra days."

She added that the Texas Department of Criminal Justice (TDCJ) has volunteered to do most of the preliminary work necessary on some of the houses.

According to Lemons, inmates will be working on the exteriors of some of the homes approximately a week before the actual CIA date.

"The inmates working will only be the most trusted," she said. "Either Warden Rodney Cooper or Assistant Warden Jackie Edwards will be present at all times with a correctional officer also at the site."

The trustees have already cleaned and organized the CIA warehouse.

TDCJ has also adopted two homes to work on this year. Other groups adopting houses are City National Bank, Christian Fellowship, First Baptist Church, First United Methodist Church, Calvary Baptist Church, Westbrook's First Baptist Church, St. Ann's Catholic Church, St. Ann's Catholic Youth, Oak Street Baptist Church and Emmanuel Baptist Church.

Over 400 volunteers will be donating their time to help renovate 21 homes in Mitchell County, said Lemons.

"Many [volunteers] know whose house you will be working on; if not, please call the Chamber of Commerce," she said. "We also have a few crews in need of volunteers."

There are an additional 300 volunteers who have provided monetary donations in the amount of $17 thousand, she added. Some of these people will also be donating their time to provide food for the workers.

Lemons said that CIA continues to look for donations for the project. Anyone who would like to make a donation should send it to Deannie Elliott, 745 East 10th St., Colorado City 79512 or the Chamber of Commerce, P.O. Box 242, Colorado City.

Leaders meet in Austin

More than 50 community leaders representing 20 Texas towns met with state lawmakers and agency staff March 7 to familiarize them with the recently organized Texas Midwest Community Network.

Jay McCollum of Colorado City was a member of the delegation who spent Texas Midwest Day in Austin. A personal visit and photo session with Governor George Bush was an unexpected highlight of the trip.

Delegates from the Texas Midwest were recognized by the Texas House and Senate and honored with a luncheon featuring Senator John Montford, Chairman of the Senate Finance Committee, as speaker.

The delegates heard from representatives of the Texas Department of Transportation, Texas Department of Commerce, Texas Natural Resource and Conservation Commission, Texas Municipal League and Appointments Director of the Governor's Office.

The Texas Midwest Community Network is an alliance of communities in 20 counties surrounding Abilene. It was formed in 1994 for the purpose of creating regional identity and initiating programs to encourage communities to work together.

Colorado City is one of 32 voting members in the regional organization. The organization has been compared to a regional chamber of commerce and its mission is to develop leadership, enhance communication and develop strategies for economic development through a regional approach.

For more information, contact TMCN, P.O. Box 605, Baird, Texas 79504, (915) 893-2099.

Library book fair set

The Friends of Mitchell County Library will be having a book fair in the Hesperian Room at the library Friday, March 24 and Saturday, March 25.

The hours for the book fair will be Friday from 9 a.m.-5 p.m. and Saturday, 9 a.m.-3 p.m.

Books will be sold for $1 or less and there will be a variety available. Proceeds from this sale will go towards projects for the library.

We invite everyone to come by and support the local library through this sale of books.

COOK'S CORNER

Anita Martinez

When I mentioned to John Martinez that I would like to have his mother in Cook's Corner this week, he said, "she used to cook all the time, now she doesn't."

While interviewing Anita Martinez, I told her what her son said. She admitted she doesn't cook as much anymore, but for a very good reason—she would rather be playing with her six grandchildren. "They grow up so fast, pretty soon they will be like my kids, all grown up, so I'm going to enjoy them while I can," she explained.

Anita learned to cook out of necessity. Her older sister got married and she had to start helping her mother cook for her four brothers and four sisters.

Being Hispanic, one of the first things Anita learned to cook was tortillas. By her own confession, her tortillas were more like crackers than tortillas. "But," she says, "no one ever complained, they were too hungry."

Anita has worked for Kristi Lee Manor for 11 years as a kitchen helper. She says cooking there is quite a bit different than cooking at home, there are so many different diets to contend with.

Although Mrs. Martinez did not give us her chicken and dumplings recipe, it remains her kids' favorite. "Barbara and John could eat a potful," she laughingly tells me, "Ruben would rather have something else."

Now Anita cooks for her grandchildren when she keeps them after school. Chris prefers pancakes and Alyssa likes homemade tortillas with butter.

Anita is married to Larry Martinez, who works for the City of Colorado City. She has shared with us his favorite food, Mexican Carne con Chile, which she says he could eat everyday.

MEXICAN CARNE CON CHILE

1 steak, cut in cubes
3 chile pods - blended

Oceans cannot keep three friends apart

CHARLENE REILY (CENTER) AND HER FRIENDS DOROTHY SMITH (LEFT) AND DOROTHY BATTYE, enjoy Colorado City's first sunny day of the week last Thursday. The two ladies from England are currently touring the Deep South.

By Susan Dunn

Though Dorothy Smith and Dorothy Battye of Pontefract, Yorkshire, England, embarked on a tour of Texas and the Deep South last Friday, they came to Texas—Colorado City, to be specific—to visit Charlene Reily and meet Bob. As Dorothy Smith said, "The tour was extra."

How would friends from Texas and Yorkshire meet in the first place? Traveling through Turkey, of course. Charlene and Dorothy Smith met while on a Cosmos tour of the Mediterranean and "spent two weeks in each other's company."

The new friends exchanged letters and photographs of their trip and this year Dorothy accepted Charlene's invitation to visit her in Texas, bringing her friend, Dorothy Battye. They arrived a week ago Monday.

After a journey of nearly 24 hours—a direct flight from Gatwick Airport in London to DFW, then the drive from Dallas to Colorado City—the impact of the wide open West Texas spaces was not lost on the ladies. Though the terrain is flatter than either is accustomed to and, for the moment, brown ("the first thing that hit"), both remarked on the friendliness of the people.

In fact, Dorothy Smith commented that the people here are friendlier than in anyplace else she has visited in the United States. And she has probably seen more of this country than many Americans have.

Among the memorable sights and experiences of her two previous visits are Las Vegas, featuring tall buildings that seem to spring out of the desert and the drive from Santa Barbara to Los Angeles, where the colors of the flowers are "like a paintbox."

New York City, however, did anything but win her over with its hustle and bustle. To make matters worse, she had to endure fire alarms in her hotel, which was near the World Trade Center, her first night there. Then, as a postscript to her trip, just a few weeks after she left the World Trade Center was bombed.

Dorothy has seen Washington, D.C., Boston Harbor, site of the infamous Tea Party, Niagara Falls, parts of Canada, and she was particularly impressed with the Amish people she met in Pennsylvania. She even has a photograph of an Amish man driving a horse and buggy—no small feat, the photograph, that is.

The town from which the Dorothys hail, Pontefract, is somewhat larger than Colorado City and set in the foothills of the Pennine Mountains.

The houses are built closer together than those in Colorado City and generally have several floors. People do live in one-story structures, but those homes are referred to as bungalows, not houses.

While we are used to one-stop supermarket shopping, shoppers in Pontefract frequent specialized shops for each group of items. All necessities are easily accessible, however; Dorothy Battye's hairdresser even comes to her house. Not much time is spent traveling to get things done in Pontefract and the ladies were somewhat surprised at the distances West Texans travel between towns on routine errands.

Pontefract's main industry is sweets, or candy. The edible roots of licorice, which grow up to seven feet long, are made into round drops, "cakes," each hand-stamped with the imprint of Pontefract Castle. The English call the candy "Spanish" instead of licorice and the implement used to stamp the insignia on the Pontefract Cakes is called a "Spanish Thumper."

A surprising and unfortunate aspect of life in England these days is the increase in crime. The rise in burglaries is attributed to high unemployment; many young people leave school in their mid-teens, cannot find jobs and burglarize homes to survive.

In a country where police officers do not carry guns as a rule, people are often less than enthusiastic about visiting the United States. Dorothy Smith says, however, that she feels safer here than in England and that in three trips to the United States she has never had occasion to be frightened.

Dorothy Battye says that perspective is the key. When percentages are considered, there is no reason not to visit.

The ladies' tour will take them to San Antonio, Dallas and Houston, where they will meet two more friends from their trip to Turkey, then Shreveport, New Orleans, Natchez and on through the South. Upon their return home, they plan to visit Scotland.

It was a pleasure to have them in Colorado City. Many happy travels!

Minority workshop slated

The Texas Department of Transportation (TxDOT) will hold its next minority workshop at 6:30 p.m. Tuesday, March 28, in the third floor courtroom of the Scurry County Courthouse, 1806 25th St., Snyder. The workshop is designed to recruit Disadvantaged Business Enterprises (DBE) and Historically Underutilized Businesses (HUB).

The meeting, which is free to the public, will be conducted by TxDOT and the Texas Engineering Extension Service of Texas A&M University. Its purpose is to recruit minority- and women-owned businesses that sell products and/or services needed by TxDOT and to help educate those who wish to start their own businesses.

According to TxDOT officials, TxDOT wants to maximize business opportunities for minority- and women-owned businesses located throughout the state. The workshop will help inform these business owners of the opportunities available for doing business with grantees of TxDOT and TxDOT itself.

Assistance in obtaining DBE or HUB certification will be available to business owners during the workshop. A small business must be at least 51 percent owned by members of a minority or women to qualify for certification.

Refreshments will be served.

For more information about the workshop, call Bob Jones, Abilene district recruiter, at (915) 676-6805.

Applicator license test set

By Joe Raff, CEA-AG

As of January 1, I had had 10 or so calls from growers who needed to get Private Applicators Licences.

I hope everyone realizes that the Texas Agricultural Extension Service *DOES NOT* do the testing for these licenses. All Private Applicators License testing is done by a TDA representative only. Our TDA rep is Billy Henderson of Abilene, (915) 692-8602.

I was very fortunate to find a free day in Billy's calendar that he could use to come to Mitchell County to give a test. Due to his busy schedule, Mitchell County will only have *ONE* testing every other year. I realize that this is a busy time for everyone, but this will be the *ONLY* test offered for the next two years. If you cannot make this testing date, you will have to travel to Abilene to take the test.

The test will start at 8 a.m. Monday, April 3 at the C.C. Thompson Room. The slides will take 4-5 hours to watch, then each participant will take the test. An individual must score a 70 or higher to pass the test. Then to get your license, you must pay a $50 fee.

This is NOT a CEU training. It is for an individual who needs his or her Private Applicator License.

I hope that everyone who needs a license can attend this testing.

LETTERS TO THE EDITOR

Dear Editor:

I was upset in February. I was positive that you were somehow stealing from me by changing your policy and only publishing one paper each week.

I couldn't have been more wrong. The one issue that I now receive each week is actually better than the two that I received each week in the months prior to March.

Kudos. Keep up your good work.

Doug Robinson

Editor's Note: Thanks for the compliment. We hope to continue to improve each week.

Dear Editor:

Katherine Hammond's letter motivated me to write this. I do not speak for the school board nor the high school administration. My son is 21 so I have no special interest in this topic here in Colorado City—except as a concerned citizen.

My direct experience with school systems includes those in Midland, Lubbock, Austin, El Paso and Irvine, Calif. I only wish that those administrations had put as much emphasis on order as does CISD.

I believe that Ms. Hammond made a number of false assumptions. First: Right to Privacy. Where is it written that anyone has a "right to privacy?" Certainly not in the Constitution of the United States. However, a "student's right to privacy" is more to the point. While a child is a ward of his or her parents, they have no *right* to privacy.

Parents who profess that their children have this right are abrogating their responsibilities as parents. I support parents who reward their children with the *privilege* of privacy but those same parents should stand ready to revoke that privilege in a heartbeat—if justified.

Second: The tension between order and freedom, when balanced, is healthful. Would not disagree. But, of course, the key phrase is *when balanced.* There is no balance when drugs and weapons have faculty and administrators afraid to go to school or to stay after dark. Couldn't happen in Colorado City? Don't kid yourself.

Third: Video surveillance was installed without just cause. Oh really? The papers and nightly news are full of horror stories. Our administrators have probably either heard of or been directly involved in other school districts where cameras were not installed until it was too late. The story about the barn door and the horse comes to mind.

Fourth: Individuals should be held accountable for their choices and their resulting consequences. *Absolutely*...but can our school administrators expel perpetrators? If they did, what is the lesson learned? Perhaps it is, "You'll get a vacation if you misbehave." Let's face it. Our criminal justice system is in bad repair but our juvenile justice system no longer is relevant.

Fifth, and finally: Video surveillance promotes suspicion, fear and mistrust. Interesting. I don't even notice the video cameras that exist in the banks and convenience stores and malls. But perhaps that is because I am not doing anything illegal or immoral.

Doug Robinson

Dear Editor.

The Mitchell County Boys Club Bake Sale was real successful. We would like to say thanks to all the volunteers that worked and donated baked goods and to all those that bought.

A variety of homestead exemptions could lower your property taxes!

A homestead exemption lowers the property taxes on your home by lowering its taxable value. If your home is valued at $50,000 and you receive a $5,000 homestead exemption, your home will be taxed as if it were worth $45,000.

Who qualifies for an exemption?

Anyone who owned a home on January 1st (and used it as their primary residence on that date) is entitled to a $5,000 homestead exemption to lower their school taxes this year ... and it doesn't matter if your home is a house, condominium or mobile home. (Counties, cities and special taxing districts may also offer homestead exemption.)

Are other exemptions available?

If you're disabled—or if you're 65 years old or older—you are entitled to an additional $10,000 school tax exemption on your home. And if you qualify for the over-65 exemption, you're also entitled to a permanent, locked-in "ceiling" on the school property taxes on your home. (The ceiling does not apply to county or city property taxes, and those entities may offer other exemptions.)

Do I have to apply each year?

No. If you had a homestead exemption on your home in 1994, you won't need to reapply for 1995 unless your chief appraiser requires it. However, if you haven't received an exemption on your present home—or if you've moved to a new home, you'll need to file for an exemption for 1995. And if you turned 65 or became disabled during 1994, you need to file for the additional exemption.

When and where should I file?

File applications by May 1 at your appraisal district office. If you need more time, contact us at:

Protect your rights! "Render" your taxable Property by April 14th.

A "rendition" is a report to the appraisal district that lists all the taxable property you owned or controlled on January 1st of this year. The rendition form is available at your local appraisal district office...or you may draft a similar form.

Who must file a rendition?

You must file a rendition if you own tangible personal property that is used to produce income—such as the inventory and equipment used by a business.

Are than any advantages to you?

The advantages of filing a rendition are:

You give your opinion of your property's value. If the appraisal district believes the value is higher, it must notify you in writing of the higher value and explain how you can protest that value to the appraisal review board.

You record your correct mailing address so your tax bills will go to the right address. If your bill is mailed to the wrong address, the law still holds you responsible for paying your taxes on time or paying extra charges for late payments.

You can also file a "report of decreased value" to notify the appraisal district of significant depreciation of the value of your property in 1994. The district will look at your property before assigning a value in 1995.

What's the deadline?

The last day for filing or postmarking 1995 renditions is Friday, April 14. You can get an extra 15 days if you ask for it in writing by the April 14 deadline.

Where do you file?

File renditions with your local appraisal district as:

OBITUARIES

Clella E. "Vicky" Moore

1921-1995

Funeral services for Clella E. "Vicky" Moore, 73, of Colorado City were scheduled for 12:30 p.m. Sunday, March 19 at Kiker-Seale Funeral Home Chapel with Elder Peter Klein officiating. Burial was in Colorado City Cemetery under the direction of Kiker-Seale Funeral Home, Inc.

Mrs. Moore died March 16 at her residence following a prolonged illness. She was born September 28, 1921 in Clendennan, W.V. She married H.M. (Lindy) Moore in 1940 in Gladwin, Mich.

Mrs. Moore had lived in Colorado City since 1958. She was a homemaker and a member of the Congregation of Jehovah's Witnesses of Colorado City. She was preceded in death by one son, Don Moore and one grandson, Don Wayne Moore.

Survivors include her husband, Lindy Moore of Colorado City; one son, Jon Moore of Carrollton; one son and daughter-in-law, Ron and Diane Moore of Richardson; one sister, Betty Edick of Gladwin, Mich.; two brothers, Charles Vickers and Shelton Vickers, Jr., both of Gladwin, Mich; two grandsons, Matt Moore and Mark Moore, both of Carrollton; two granddaughters, Lori Huff and Christine Tidwell, both of Dallas; four great granddaughters, Michaela Huff, Danielle Tidwell, Heather Moore and Holly Moore, all of Dallas.

Lora Etta Lady

1914-1995

Funeral services for Lora Etta Lady, 80, of Fairfield and formerly of Colorado City, were scheduled for 2 p.m. Monday at Kiker-Seale Funeral Home Chapel with Rev. Glenn Roenfeldt officiating. Burial was in Colorado City Cemetery under the direction of Kiker-Seale Funeral Home, Inc.

Mrs. Lady died March 18, 1995 in a Fairfield hospital. She was born April 5, 1914 in Camp Springs, Texas. She married William Carlton Lady on November 6, 1938 in Colorado City. He died April 20, 1961.

Mrs. Lady had been a resident of Colorado City since 1938. She was a homemaker and a seamstress and was a member of the First Baptist Church in Colorado City.

Survivors include one son, Jerry Lady of Arlington; three daughters, Josephine Simmons of Houston, Lorelei Ritchey of Fairview and Anita Robertson of Kingwood; two sisters, Stella Jones of Snyder and Eula Ragg of Rotan; one brother and sister-in-law, Clovis and Fay Strickland of Colorado; seven grandchildren and two great grandchildren.

Funeral services for Eddie Waller Barclay, 88, of Colorado City were scheduled for 10:30 a.m. Saturday at First Christian Church with Rev. Kevin Anderson officiating. Burial was in Masonic Cemetery in Prairie Lea, Texas at 6 p.m. Saturday under the direction of Kiker-Seale Funeral Home, Inc.

Mrs. Barclay died March 16, 1995 at Mitchell County Hospital. She was born December 30, 1906 in Fentress, Texas. She married Roy William Barclay on August 2, 1929 in San Antonio. He died February 9, 1975.

Mrs. Barclay had been a resident of Colorado City since 1981. She was a retired school teacher and a member of the First Christian Church in Colorado City. She was active in AARP, Business and Professional Women, Wallace Center, Daughters of the American Revolution, Retired Teachers Assoc., the Looney Club, Christian Women's Fellowship, the Basic Club and Eastern Star.

Along with her husband, she was preceded in death by her parents, one brother and two grandchildren.

Survivors include two sons, Robert Barclay of Iola, Kan. and Ralph Barclay of Chanute, Kan.; two daughters, Barbara Cunningham of College Station and Anna Staats of Colorado City; one brother, Robert Waller of Austin; two sisters, Elizabeth Alsip and Ethel Waller of San Antonio; nine grandchildren and 12 great grandchildren.

The family requests donations to your favorite charity.

Lillie Brown

1908-1995

Graveside services for Lillie Brown, 86, of Colorado City were scheduled for 10 a.m. Tuesday with Rev. Skip Hodges officiating. Burial was in Putnam Cemetery under the direction of Kiker-Seale Funeral Home, Inc.

Mrs. Brown died March 19, 1995 at Mitchell County Hospital. She was born September 22, 1908 in Putnam, Texas. She married O.J. Brown on December 22, 1926 in Scranton, Texas. He died in June, 1972.

Mrs. Brown had been a resident of Colorado City since 1986. She was a homemaker and a member of the Methodist Church of Cisco.

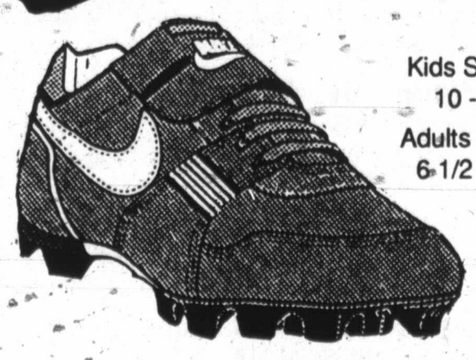

Survivors include two nephews, Richard Clemmer and Curtis Clemmer, both of Colorado City.

McCloud reception set

The judges and staff of the Eastland Court of Appeals cordially invite you to a reception honoring Chief Justice Austin O. McCloud. The reception will be in the first floor lobby of the Eastland County Courthouse on Friday, March 31 between the hours of 4 and 6 p.m.

You are invited to join us in expressing appreciation to Chief Justice McCloud for 24 years of exemplary service to this court and to this community. We hope that you will join us in honoring Austin, Mary Anne and their family. Everyone is welcome.

Tuesday.

Members of the City Council met in emergency session March 9 to sign a resolution calling for an expenditure of almost $150 thousand in improvements for the sewer system on the west side of town. This expenditure is part of the larger $7.1 million project.

COACHES

he is, I believe he would work well with the community."

James will be taking over as defensive coordinator for the Wolves football program and will "probably be the new baseball coach," Grissom said.

Currently, James is the defensive coordinator for Fort Worth–Haltom High School. He has coached in the Fort Worth school system the past eight years.

"Not being a head coach can be tough in this career field," Grissom said. "But, because my brother is the principal at Haltom I got the opportunity to get to know [James] and what to expect from him."

Although James is coming from a much larger school district, Grissom said he believed he would adjust well because he was born and raised in a small town.

"He seems ready to get out of the 'rat race' associated with large town living," Grissom said.

He added that there are plans to add one more coach to the staff.

"I have several people in mind, but nothing is definite as of yet," he said.

According to Grissom, the current coaching staff is adjusting well to the pending changes.

"The coaches understand that with any athletic program there are going to be changes," he said. "They all realize this and have accepted it really well."

He added that he plans on keeping all of the current coaches "really involved with this new program."

According to Grissom, Merket and James plan to join the coaching staff this summer.

"It will give them a chance to get acquainted with the kids and make the necessary adjustments before the new school year begins," he said.

county's auditor was especially challenging and rewarding for her.

"There have been numerous changes and improvements," she said. "I'm glad I was able to be a part of it all."

In spite of her retirement, she added that she plans to continue her interest in county government.

"County government will always be of great interest to me," she said.

COLORADO CITY COUNCIL

Called meeting of the City Council held at 5 p.m. on March 21.

ROLL CALL: Mayor Jim Baum, Mayor pro-tem Bob Reily, City Council members Gary Redwine, Walter Staats, Patrick Parker, Sammy Contreras and A.W. Rowe., and City Manager Steve Shutt

ACTION ITEMS:

- Approval of the Colorado City Police Department's application for the federaly funded COP MORE grant; and
- approval of Hotel/Motel Tax allocations.

INFORMATION ITEMS:

- The City Manager and auditor Guy White discussed the City's 1995-96 fiscal year budget, asking council members to review the figures for another budget review to be conducted at a later time.

with Redwine.

"If $6,500 is how much the Boys Club will actually need and it's going to help bring people [to Colorado City] then I think we should give it to them," he said.

It is believed that both tournaments would attract more than 100 participants and a larger number of tourists to the area, most of whom would stay overnight.

The Historical Commission will be receiving $2,000 of the $2,500 it originally requested to be used for storing data on computer disks and provide for other forms of preservation.

Although the Civic Center requested $3,000 and the Colorado City Playhouse asked for $2,500 for maintenance and repairs, City Manager Steve Shutt said he felt that because both facilities were city owned, it is the city's responsibility to provide for maintenance of the buildings.

Neither organization received Hotel/Motel allocations, however both would receive monies for the needed maintenance.

"I know for a fact that we have enough money in the general fund to be used in this particular area," Shutt said.

The Heart of West Texas Museum was awarded $9,000 in allocations. The original request was for $11,360.

The money is slated for various improvements and additions including the completion of a cookbook that includes recipes from over 100 years ago to present day, artifact restoration and outside exhibits, improving the quality of the museum's current brochure and travel expenses.

The council members agreed that all organizations receiving Hotel/Motel Tax allocations would be subject to a "check" that would determine if the money is being spent on its original intent.

Monies from the Hotel/Motel Tax are allocated to organizations that promote tourism and provide and economic boost in Colorado City.

FILING

FROM PAGE 1

being held by James Merrell.

Merrell, Andrew Jones and Pat White have all filed their intent to run for a position on the council.

Westbrook ISD School Board incumbents, Cleburne Rich and Warren Zant, have filed for an additional three-year term. Rich has served 30 years and Zant has been on the board for 18 years.

Currently, no one has filed to challenge their incumbency.

Both Scott Morton and Nell Hawley have announced their decision to run for an unexpired position on the WISD board. The position was left vacant when board member Clyde Gregory passed away earlier this year.

Two places on the Colorado Board of Trustees are up for election. These positions are currently being held by Roxie Strain and Diana Garza.

So far, Strain is the only person to file for a position on the school board.

Loraine ISD currently has two three-year positions on its board to be filled. One was left vacant by James McCloud, who moved out of the district last year.

The other position is currently being held by incumbent Frank Garcia, who has filed for re-election.

Anyone interested in filing for a position on the Mitchell County Hospital District Board of Directors may pick up a petition at the hospital administrator's office between March 31 and April 11.

The petition must have 25 signatures in order for the applicant to be placed on the May 6 ballot.

Those positions up for election are currently being held by Marion Bassham, Kenneth Rogers, Robert Hoback and Kent Boyd. Boyd was sworn in February 23 to fill the unexpired term of Sybil Stevens.

Early voting will begin April 17 and run through May 2 and voting day will be Saturday, May 6.

Exercise lengthens, improves quality of life

By Laurie Lowrance
Healthstyles Coordinator

Today, Americans are growing older and living longer, with those individuals over 60 being the fastest growing age segment of the U.S. By the year 2030, approximately 21 percent of us will be over 65 years of age.

Health experts are finding ways to improve the quality of life for the geriatric population. Studies show that exercise plays a major role in preventing or at least slowing down many age-related declines in physical functions and performance, such as cardiovascular and pulmonary functions, muscular strength and endurance, as well as balance and flexibility.

For the average, healthy, mature adult (over 50), Aerobics Fitness Association of America (AFAA) recommends starting aerobic exercise at a low to moderate level, three to five times a week for a minimum of 20 minutes.

For muscular strength, circuit training using light weights and high repetitions is highly recommended for older adults. This type of program is less risky for mature exercisers and it increases muscular endurance.

There is life after 50! Make the commitment to feel better and live longer!

Home health care an alternative

By Sandra Galyean, R.N.
Mitchell County Home Health

As our population ages, questions of health care become more important. Where can a parent or spouse be cared for? No one enjoys being in a hospital. It is certainly the most expensive option in our health care system and should be utilized only for acute care or rehabilitation programs. Most people want to remain in their own homes whenever possible.

Home health care is a lesser known option to 24-hour care provided by Medicare. A Medicare certified agency can provide nurses, physical therapists, speech therapists, occupational therapists, medical social workers and home health aides in the home to provide a variety of services. Often hospital stays can be shortened. Nursing home stays can sometimes be avoided. The Medicare program pays 100% of the cost of the services when ordered by a physician. That means NO OUT OF POCKET EXPENSE to the patient or family.

What can home health staff members do? Give injectable medications, check for infection, provide dressing changes, take pulse and blood pressure, design and supervise an exercise program, perform rehabilitation programs, provide post-operative care, instruct in disease processes and medical therapy for individual patients, provide terminal care, assist in bathing, change linens and other light housekeeping activities, provide social services and speech therapy.

How does a patient qualify for home health services? There are three criteria which must be met. The individual must be essentially homebound, must have a medically defined need and the services must be prescribed by a physician under a written plan of care.

How to obtain home health services? The person needing home health services must be referred to Mitchell County Home Health Agency. Anyone may refer a patient for home health by simply calling our office. Referrals may come from friends or family members, physicians, hospitals or nursing homes, community agencies or from the patient himself.

Mitchell County Home Health Agency is here to be of service to you, your family and your friends. We are people who care and want to help you meet your health needs.

For more information call Mitchell County Home Health Agency at 728-2657 locally and toll free (800) 728-2657.

Go for the greens!

Depending on how you fill your plate, a salad can be a healthy lunch or a fat-laden pig fest. For example, you can toss four cheddar cheese chunks onto your salad and gain 9.5 grams of fat, or you can sprinkle some crumbled feta cheese and get just as much cheese flavor for only 3 grams of fat. Some other simple ways to make a salad healthier without making it wimpy are : Choose fresh vegetables over those marinated in oil and save at least 13 grams of fat; add chicken breast instead of ham chunks and save 1.5 grams; and do without those fried-in-oil croutons which pack 143 calories and 7 grams of fat per serving. The choice is yours!

Three out of 4 Americans are considered overweight

Americans keep putting on the pounds, according to a new survey that says nearly three in four Americans are overweight.

The Harris poll found that 71% of Americans age 25 and older are overweight, based on a survey of 1,250 adults. That suggests a steady climb: Harris polls found 58% of Americans were overweight in 1983, 64% in 1990 and 69% last year.

Other studies have found that the average American has gained 8 pounds in the past decade, and that 60% of Americans can be classified as sedentary.

Dr. Joann E. Manson, an endocrinologist at the Harvard School of Medicine, states, "Obesity is an alarming epidemic. Everything is automated and very convenient. It is possible to spend very little energy in a typical day unless you go out of your way to exercise."

Passengers possibly exposed to TB

The 80 persons who flew on Southwest Airlines flight 48 from Harlingen to Houston at 4:15 p.m. on February 2 may have been exposed to tuberculosis. One passenger on the flight has undiagnosed pulmonary tuberculosis.

Although the risk of getting tuberculosis on an airplane is extremely low, Texas Department of Health is attempting to contact all passengers to recommend that each gets a TB Mantoux skin test as soon as possible.

If the first test is negative, a second test will be recommended at a later date.

The results of these tests will identify persons infected with the TB bacterium. Infected persons are often treated with antibiotics.

Passengers on flight 48 who have not yet been contacted should call TDH's Infectious Disease Epidemiology and Surveillance Division at 1-800-252-8239 between 8 a.m. and 5 p.m., Monday through Friday.

TB skin tests can be obtained at any city or county health department or any TDH regional field offices, as well as from private physicians. All test results should be reported to TDH.

CHIEF LONE WOLF

By Jim Baum

D.T. Bozeman is about as close to being legendary as any Mitchell County pioneer could possibly be. In 1890 he settled in the area which became known as Cuthbert. It was here, on a main wagon road, he staked his claim, literally, and soon built a general store.

But first, Bozeman had to contend with a man who jumped his claim. According to one of Bozeman's daughters, Mrs. John Brown, a scalawag named "Kleghorn" not only took over the land, but even took some of the lumber Bozeman had hauled to the site 15 miles northwest of Colorado City.

When the dispute was resolved (in Bozeman's favor), D.T. built his store. He and his wife, the former Ellen Corley whom he had married in Mexia in 1887, recorded their first sale at Cuthbert on February 23, 1891. At the time, the store's stock consisted of some groceries and a few cowboy items.

Bozeman's General Store was centrally located. Westbrook was located to the south, Vincent to the west and Ira to the north.

The Bozemans would raise a family of six daughters and one son at Cuthbert. Mrs. Brown, one of the daughters, remembers her father would buy groceries in Colorado City.

"First, he brought from Mr. [C.H.] Lasky, then he by-and-by began trading with a regular wholesale house," Mrs. Brown said. She frequently rode into town on a wagon with her father.

The Bozeman store was a necessity for rural residents in that part of the county. "Neighbors from 'round about came and bought what they wanted," Mrs. Brown explained. "The homes were far apart, but most of the [residents] traded with my father."

And business was good. So good Bozeman's letterhead bragged, "Everything but liquor, lumber and locomotives."

In time the store, which also served as the Bozemans' living quarters, became the post office. Bozeman recommended the name of a rancher friend, T.T. Cuthbertson, as the name for the post office. Postal officials trimmed the name to Cuthbert and that's what the community became known as.

Because Bozeman was constantly on the go, his wife was installed as the first postmaster of Cuthbert. Mrs. Roy Davis Coles, another Bozeman daughter, recalls the store was partitioned off to include the post office.

Handling the mail was a family affair. "We separated the mail," Mrs. Coles told us. "It took about 30 minutes to put up the mail" after it was brought by a hack from Colorado City, Mrs. Coles continued.

Despite the lucrative business his store enjoyed, Bozeman knew there was one thing which prevented the community from growing—water. For 25 years he tried to bring in a decent water well. In the early years of the Cuthbert stores, Bozeman had to haul water two and a half miles from the nearest water hole in Willow Creek.

Finally, after punching holes in the earth all over the area, Bozeman hit a winner. Good water at 175 feet! And believe it or not, he never sold the stuff. He gave it away!

"They came and got it in barrels," Mrs. Coles stated. In time Bozeman started handing out the equivalent of modern day business cards which carried this message:

"When the Colorado River goes dry,
And the fish in the small streams die,
With other wells and windmills out of order,
Go to Bozeman's and get free water."

Cuthbert, Mrs. Coles said, was "an active community." There were soon two general stores (Bozeman's and the Womack store). There was also a blacksmith shop, a cotton gin, barber shop, a doctor and a Methodist church, which was used by other denominations. (Bozeman himself was a trustee of the church and a primitive Baptist.)

With progress came more modernization to Cuthbert. The Bozeman store became the home of the telephone switchboard for rural customers. Then, to facilitate wagons, the entrepreneur opened a wagon yard.

"Lumber was hauled from Colorado City to Lubbock," Mrs. Coles added, "and they passed through Cuthbert and the freighters would stop and spend the night in the wagon yard."

The first school at Cuthbert was started by Bozeman. Pay for the teacher usually came from ranchers who sent their youngsters to the school on horseback. Some had to travel as far as 10 miles to attend.

In Bozeman's spare time he also served as county surveyor and justice of the peace. His store was used as a polling place during elections. Later, as the county emerged from the horse and buggy era, Bozeman's General Store also became a gasoline station.

Mrs. Ruth Roberts was born in Cuthbert. Her father was the community physician, Dr. Edwards, who was killed when his runaway team tried to barrel through a fence. Mrs. Roberts remembered D.T. Bozeman as "an exceptional man" who would drop by the school house and lead children in singing. One of the songs she recalled from her school days went like this:

"They say that Mr. Bozeman,
he ain't got no style.
He ain't got no style, he ain't got no style.
He's style all the while.
They say that Mr. Bozeman ain't got no style,
but he's style all the while."

Then Bozeman would ask students questions which were designed to make them more observant. A case in point, which way does a horse get up? With his front feet first or his back feet?"

Mrs. Roberts said her ambition as a little girl was to grow up and work for Mr. Bozeman "in the post office or to run the telephone switchboard."

D.T. Bozeman was born in Alabama. His parents were Dutch. He moved to Mexia, Texas, then to West Texas and Mitchell County. Mrs. Coles says her father was "not very tall" and, well, "weighed heavy."

Death for the 69-year-old Bozeman, "probably one of the most widely known characters in West Texas," stated the *Record*, came in 1927. He was "known as a builder and benefactor...and a philosopher and practitioner of the teachings of the Lowly Nazarene," the *Record* continued.

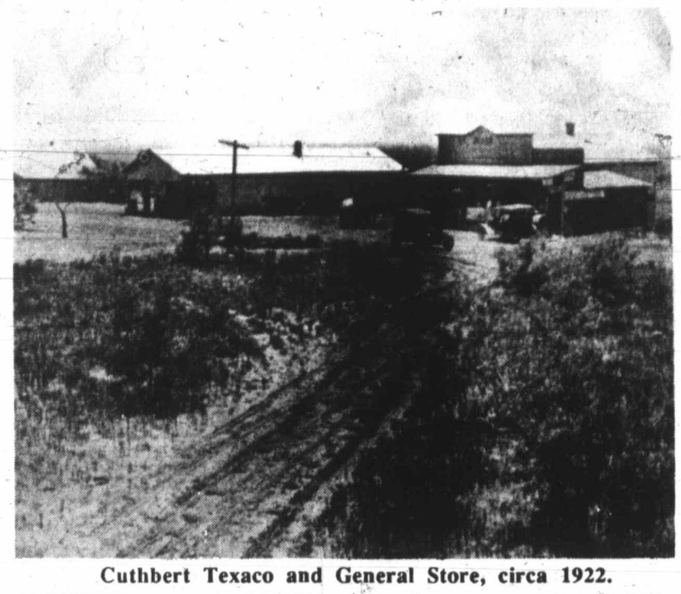

Years before his death, Bozeman had said he only wanted to leave this earth with "a clear name for himself." It was said that thousands of West Texans knew Bozeman and never a one would say a word against him.

After his death, the old store at Cuthbert was sold to J.L. Strain. In time the building was torn down and the lumber used for other purposes.

The other general store at Cuthbert, Womack's, was eventually sold to O.L. Simpson, then to Pink and Mae Fuller. Several other owners occupied the building before it too was leveled.

Today there are no stores standing at what once was Cuthbert. D.T. Bozeman is buried in the Cuthbert Cemetery.

(Next week, the Sanco store.)

City to apply for $5000 grant

The City of Colorado City will be making an application for a $5,000 Southwestern Bell Grant that will be used to help pay for feasibility studies and consultant fees for other grant applications.

Approximately $250 thousand is available in the statewide program, with a maximum grant of $5,000 offered to each applicant.

According to City Manager Steve Shutt, if the city attains the grant it will be used to help pay professional consultant assistance fees in preparation for Intermodel Surface Transportation Efficiency Act (IS-TEA) funding.

The city can apply for $250 thousand to $500 thousand in IS-TEA monies. Consultant fees are expected to be approximately $12 thousand.

If the city is awarded the IS-TEA grant, its monies will be used to pursue two long-term projects that include improving the landscape and economic value of the downtown area and controlling the rain water that floods streets and homes from I-20 to 13th Street.

"I'll do that, Wilma, and if we have any high-fallutin company stop by, I'll just put all our skeletons in the closet and lock the door."

"That wouldn't work, Charlie. Parked out front will be one old green 1972 Ford, a Mack truck, two Harley motorcycles and an old pickup that's been in four wrecks and painted red with a spray can."

"Well, there's nothing like family, huh, Wilma?"

Audrey Beights enjoyed her grandson's visit recently. Josh Beights stayed several days with Audrey during Spring Break.

***

Mrs. Mildred Gilley spent several days here in town with her sister-in-law Verlie Lyles. Mildred lives in Taylor, Texas.

***

Robert Dale Finley, Craig and Ashley went to Lake Ivey last Sunday to visit Charles and Dorothy Finley and also to fish.

The weather wasn't very cooperative but in just one day the party caught 35 crappie.

***

Also going fishing was Eva Wells. She went while visiting her daughter, Katrina Robinson and family at Lake Ft. Phantom. Eva reported catching one fish but said her son-in-law Cecil pulled in 36. The best part was that they had a big fish fry.

***

John Harton from Denton visited his mother, Amy McKee, last Wednesday and Thursday.

***

Mary Love Allbright is in town from Odessa visiting and seeing to the needs of her mother, Syble Walker. Mary Love said she would be here Monday and Tuesday.

Monday she brought her mom down to the center, visited hometown folks and had lunch with us. It is always a pleasure to have her visit.

***

Dr. Beverly Nichols is in Loraine this week visiting with her mother Effie Wheeler, sister Jimmie Jacks and several other relatives in town. Beverly is from Shawnee Mission, Kansas.

***

Leila Beaty said her grandson Rocky Sheppard from Lamesa came to visit over the weekend and took her and Edward Beaty out to dinner.

***

Linda Calvert from Ft. Worth, Donna Seaton from Abilene, Debbie Finley and Juanita Stewart from Loraine met here in town, then drove to Ralls, Texas on Thursday. The four ladies being sisters wanted to visit their mother's old home place and town, look around, then go to Lubbock to dine, shop and visit some more.

Don't you know they enjoyed their time together? All that talking and laughing!

Irene Hester was kind enough to send a note telling me that after reading about Gaither Lee Martin recently, she was reminded that one year here in Loraine Gaither Lee was named Homecoming Queen and that she was terribly excited and happy about it. Also, that Gaither Lee was gifted with a talent for enjoying life every day that she lived.

Gaither Lee passed away in California in 1970. A special thank you to Irene Hester. (Come to see us soon.) And also to Addie Mahony for giving me the initial information on a true Loraine legend, Gaither Lee Martin.

The First United Methodist Church of Loraine, Texas invites you to special services Sunday, March 26. Rev. San Spencer, Regional Warden, Region V, of the International Order of St. Luke the Physician, will be speaking at the 11 a.m. service and will be leading in a healing service at the 5 p.m. service.

Rev. Spencer is a retired clergy member of the United Methodist Church. He makes his home in San Antonio.

The International Order of St. Luke the Physician is made up of clergy, health professionals and lay people who feel called to make Jesus' Ministry of Healing a regular part of their vocation. This order is made up of people of many denominations.

For any additional information, contact First United Methodist Church at 737-2903 or Ralston Bruce at 737-2696.

***

Judy Havins from Pleasanton, Texas is spending a few days with Oscar and Rachel Singleton this week.

Ellis and Janell Britton from Big Spring will visit with the Singletons this week as well.

***

Loraine High School students are competing in the U.I.L. activity for the East Zone in putting on a One-Act Play. They will perform "On Golden Pond." If they show or win, they go to district on the 27th. Mr. Wes Pierce is the instructor.

Senior Center News

The wearing of the green was prevalent the 17th, so very few people were "pinched" on St. Patrick's Day.

***

Visitors this past week included Bob and Jackie Holman, Sheila and Tyler Plagens, Helen Nevis and Mary Love Allbright.

***

Last week I wrote about Lucille Cox's son Dr. Kalana from Houston coming the 19th to visit her. He did get to visit his mother but took ill while in Loraine and was rushed to the emergency room. We certainly hope he is better by this time.

***

It is great to see Lee Matlock back at the center once again after several days' absence. He says he feels good now.

***

Someone won a large plastic bag of turnips and also oranges during bingo. I noticed cereal, canned goods and even money back there on the table. It may not be the lottery but it's a lot of fun to be involved.

Mary McMullen, C.E.A. gave senior citizens a nutritional report Monday the 20th at the Loraine Center.

The Texas A&M University system, U.S. Department of Agriculture and the county community courts of Texas are cooperating with Texas agriculture and extension services by printing a list of photosensitizing drugs that don't mix well with the sun, increasing sensitivity to untraviolet light, causing painful sunburn, rash and itching after brief exposure to sun.

Since this list is too long to cover here, when you have your medications refilled ask your pharmacist if any of the medicine you take doesn't mix well with the sun.

"The Pack Rat"
By B.A.V.

Don't throw that away, we might need it, for what I haven't a clue.

But if we ever do need it, we won't have to buy it, for I saved it just for you.

I hoped for a vacancy under the bed but the space is used to store do-dads.

When I need a gift on the spur of the moment, I'll find something to wrap and won't I be glad?

***

Now I have all these boxes and nowhere to store them. I just can't give them away.

I will eventually need them, you know that, especially on Christmas Day.

Eureka, here's some space on a closet shelf that measures two by four.

I'm disclosing these measurements are not in feet, but in inches, near the door.

***

There's just enough room for a broken thing-a-ma-jig—I could glue it and use it for sure.

Right this moment, I don't know what for, but in time it will become clear.

Where did I get so much stuff, you ask. It multiplies like crazy.

I can't figure it out. Here's a cup without a handle and a teakettle without a spout.

***

Yes, I realize I could have a giveaway, or a garage sale that never ends.

It just doesn't make sense to part with my stuff—I would only start rat-packing again.

Oh! Look what I found at the back of the drawer! A garbage bag sure enough.

Oh, no, please don't throw that away. I need it to hold more stuff.

Club News

The Loraine F.C.E. Club met Wednesday, March 15 at 2 p.m. at the Senior Center.

Wanza Graham was hostess for this meeting and Margaret Brame drew the hostess gift. The president opened the meeting and Millie Rose led in unison the reading of club prayer and creed.

The responsibilities of club committees No. 4 and No. 9 were read by Eva Wells. Visitors recognized were Yvonne Sadler and Joy Dickenson, who gave us a really interesting program on making candles.

She had melted paraffin and several different molds. The candles had to "set up" over night and the next day she brought a finished candle to show. It was placed on a small plate with flowers and leaves surrounding it, showing a way to use candles for centerpieces and in different decoration uses.

The minutes were read, the treasurer's report was given, along with the council's report. Wanza Graham and Debbie Miller will be going to Muleshoe along with Louella.

There was some discussion about recreation day and it will be discussed more at the next meeting, March 29. Attending this meeting were Blondie Hamilton, Eva Wells, Doris Henderson, Billie Schroeder, Billie Ruth Abernathy, Darlene Hamrick, Effie Wheeler, Millie Rose and Bessie Ann Vaughn.

The guests were Yvonne Sadler and Joy Dickenson, who was kind enough to give us a very interesting program.

The meeting adjourned at 3:50.

Wastella Reunion

On Saturday, April 8 at the Holiday Inn in Sweetwater, there will be an Old Timers reunion for all Wastella people.

If you went to church, school, grocery shopping at the store, killed prairie dogs or jackrabbits in the area, or even passed through there lately without stopping, you qualify to attend.

Registration will begin at 10 a.m. A good buffet luncheon will be served at noon.

Come, have a good time with us. See you Saturday morning, April 8.

LEGAL

NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT AMENDMENT

CITY OF COLORADO CITY, 180 West 3rd, Colorado City, Texas 79512 has applied to the Texas Natural Resource Conservation Commission (Commission) for an amendment to Permit No. 10077-01 to authorize in order to change the disposal method from a discharge permit to a permit authorizing disposal by irrigation in the interim II and final phases and to increase the disposal volume. Additionally, the amended permit would also authorize a variance to the buffer zone requirements with 30 TAC Section 309.13(e) (1) (B). The permit currently authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 600,000 gallons per day in the interim I phase, which will remain the same. The proposed amendment would authorize: disposal of 1,064,000 gallons per day average by evaporation and by irrigation in the interim II phase; and disposal of 1,120,000 gallons per day average by evaporation and by irrigation in the final phase. The treated effluent would be used to irrigate 180 acres of land in the interim II phase and 280 acres of land in the final phase. Application rates for the irrigated land are not to exceed 6.62 acre-feet/acre/year in the interim II and final phases. No discharge of pollutants into waters in the State is authorized by this permit in the interim II and final phases of the permit.

The interim I treatment facility is at 700 East Central Avenue, two blocks east of State Highway 163 at the intersection of East Central Avenue and Washington Street in Mitchell County, Texas. The effluent in the interim I phase is discharged via pipeline to the Colorado River Below Lake J.B. Thomas in Segment No. 1412 of the Colorado River Basin.

The interim II and final phase wastewater treatment facilities and irrigation sites are approximately 1.6 miles south-southeast of the interim I facilities and 1.7 miles east of the intersection of State Highway 163 and Farm-to-Market Road 1229 in Mitchell County, Texas. The plant site holding ponds and irrigation area are located in the drainage area of the Colorado River Below Lake J.B. Thomas in Segment No. 1412 of the Colorado River Basin.

In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The designated uses for Segment No. 1412 are contact recreation, high quality aquatic life uses and public water supply. The effluent limitations in the draft permit will maintain and protect the existing instream uses. No significant degradation of high quality receiving waters is anticipated. All determinations are preliminary and subject to additional review and/or revision.

The Executive Director of the Commission has prepared a draft permit based on the application submitted by the applicant and other information presently available.

Legal Authority: Section 26.028 of the Texas Water Code and 30 TAC Chapter 305 of the Rules of the Texas Natural Resource Conservation Commission.

This application is subject to a Commission resolution adopted August 18, 1993, which directs the Commission's Executive Director to act on behalf of the Commission and issue final approval of certain permit matters. The Executive Director will issue this permit unless one or more persons file written protests and/or a request for a hearing within 30 days after publication of this notice.

If you wish to request a public hearing, you must submit your request in writing. You must state (1) your name, mailing address and daytime phone number; (2) the permit number or other recognizable reference to this application; (3) the statement "I/we request a public hearing;" (4) a brief description of how you, or the persons you represent, would be adversely affected by the granting of the application; (5) a description of the location of your property relative to the applicant's operations; and (6) your proposed adjustment to the application/permit which would satisfy your concerns and cause you to withdraw your request for hearing. If one or more protests and/or requests for hearing are filed, the Executive Director will not issue the permit and will forward the application to the Office of Hearings Examiners where a hearing may be held. Commission public hearings are evidentiary legal proceedings similar to civil court non-jury trials. Although general comments from the public may be submitted either in writing prior to the hearing, or orally at the start of the hearing, the law requires that the Commission's decision about whether to approve or deny the application be based on evidence and testimony submitted during the public hearing, presented under oath and subject to cross-examination by the other parties. Public comments are not evidence and cannot be the basis for the Commission's ultimate decision. In the event a hearing is held, the Office of Hearings Examiners will submit a recommendation to the Commission for final decision.

If no protests or requests for hearing are filed, the Executive Director will sign the permit 30 days after publication of this notice or therafter. If you wish to appeal a permit issued by the Executive Director, you may do so by filing a written Motion for Reconsideration with the Chief Clerk of the Commission no later than 20 days after the date the Executive Director signs the permit.

Requests for a public hearing on this application should be submitted in writing to Chief Clerk's Office - Mail Code 105, Texas Natural Resource Conservation Commission, P.O. Box 13087, Austin, Texas 78711, Telephone (512)239-3307. Information regarding hearing procedures may be obtained by contacting Kerry D. Sullivan, Assistant Chief Hearings Examiner - Mail Code 102 at the same address or by telephone at (512)239-4100. Information concerning any technical aspect of this application can be obtained by writing Terry Porter, Wastewater Permits Section - Mail Code 148 at the same address with or by telephone at (512)239-4433.

Issued this 13th day of March, 1995.

Gloria A. Vasquez, Chief Clerk
