Program Monday, Dec. 21, for the Eastland Rotary Club was presented by Member Jack Arrington, owner-manager of Arrington Hamner Funeral Home, who gave a classification talk.

The Rotary Club will continue its regular meeting times through the holidays, but will move its Monday, Jan. 4, meet to the following Wednesday for the industrial meeting.

County Officers, 7 Newly-Elected, Will Be Sworn in Friday, January 1

UP-DATING OF APPEALS COURT QUARTERS IS DUE AFTER JAN. 1

Renovation and modernization of the 11th Court of Civil Appeals' quarters on the fifth floor of the Eastland County Courthouse is expected to be taken under close consideration soon after the first of the year.

The two major improvements will be air conditioning and expansion of the court's library space. Both of these items have been target for attack by out-of-town men who have in the past suggested moving of the court because of these inadequacies.

Estimates are that the work can be handled for some \$35,000 to \$40,000. A native son, Raymond Thomas, formerly of Cisco, and now of Sherman, is studying the proposed needs and will probably make recommendations to the County Commissioners Court soon after Jan. 1.

Mr. Thomas has suggested that library space can be doubled by building "up." The top-floor site of the court has extremely high ceilings and it has been suggested that the center library area could be expanded upward, utilizing either rolling ladders or special metal elevated flooring to raise searchers up to more shelves. This would necessitate no structural changes.

The library area is surrounded by offices of the court justices, the clerk's and stenographer's offices and the court hearing room. Ceilings in these could be lowered, it is believed by officials, to allow the installation of adequate ducting for air conditioning.

Judge Clyde Grissom is chief justice of the court and Judge Cecil C. Collings and Judge Esco Walter are associate justices.

Homer Smith is court clerk; Carmen B. Verhetsel, deputy clerk; and Oleta Moseley, stenographer.

The court serves a 23-county area made up of Baylor, Borden, Brown, Callahan, Coleman, Comanche, Dawson, Eastland, Erath, Fisher, Haskell, Howard, Jones, Knox, Mitchell, Nolan, Palo Pinto, Scurry, Shackelford, Stephens, Stonewall Taylor and Throckmorton counties.

County Commissioner C. B. Dill of Cisco will likely be one of the leaders in the project in that traditionally overseeing operation and maintenance of the courthouse falls to the Cisco commissioner.

Cost of the modernization of this key Eastland County asset can probably be handled through time warrants, it is reported, without the necessity of a bond issue.

Bell County pecan entries accumulated 333 points to win first place, and San Saba County took second place with 302 points.

First place winners in in-shell varieties included the Altman, by W. V. Fenter of Rising Star; the Apache, by C. E. Smith of Rising Star; John Garner variety, by Raymond Turner of Rising Star; and Texas Prolific, by Dale Carlile of Cisco.

Shelling pecan winners by variety included the Halbert, by C. E. Smith of Rising Star.

GUESTS FROM HOUSTON
Visitors during the Christmas holidays in the home of Mr. and Mrs. B. J. Harrison will be his brothers and families of Houston, Mr. and Mrs. J. C. Harrison and Mr. and Mrs. J. B. Harrison.

HOLIDAY VISITORS
Guests over the holidays of Mr. and Mrs. Carl Elliott will be their daughters and families, Mr. and Mrs. Shelby Parnell, Duanne, Shellane and Gregg of Big Spring; and Mr. and Mrs. Bill Kendrick; Stacy Layne and Ron of Eastland.

Funeral for Mr. James Robert Coop, 76, will be held Sunday afternoon at 2:30 p. m. at the Arrington Hamner Funeral Chapel in Eastland, with the Rev. Ray Cameron, pastor First Christian Church, officiating.

Burial will be in the Eastland Cemetery.

Mr. Coop died Friday afternoon in the Ranger General Hospital where he had been a patient for the past week.

Born Aug. 24, 1888, he married Norma Dean Earnest in Eastland County in 1911. He was a resident of this area for 52 years.

The family home was about four miles south of Ranger where he had made his home for the past several years. He was a retired farmer, having farmed in the Staff area for many years.

Survivors are his wife of the home; a daughter, Mrs. E. O. Derryberry of Fort Worth; a grandson, Dale Hawkins of Monahan; and two brothers, Mr. W. E. Coop of Merkel and Mr. Ira Coop of Arnet.

Water System To Be Discussed
A discussion of the proposed water system will be held at a special public meeting in Olden Tuesday at the School Gymnasium beginning at 7 p. m., it has been announced.

Leon Decker, of the Abilene engineering firm of Yates and Decker, will be present to explain preliminary planning of the system and answer questions. The Abilene firm is mapping plans for the water system.

All Olden residents are being urged to attend the meeting.

Public Invited To Ceremonies

A special meeting of the Eastland County Commissioners Court will be held at 10 a. m. Friday, January 1, 1965 for the purpose of considering and approving public official bonds for the newly elected county and precinct officials.

In a letter to each of these officers - elect, Judge Scott Bailey advised them concerning Article 8.43 of the Texas Election Code which provides that "On or immediately after January 1, 1965, each County Judge shall make out and certify to the Secretary of State a statement showing who were elected, and to what office and the date of qualification together with the \$2 statutory fee as provided in Article 3914.

In connection with the announcement Judge Bailey emphasized that the families and friends of the new elected officers, as well as the general public, was invited to be present to witness this proceeding.

Eleven officers are included in this group that are: From Eastland, Edgar Altom, L. E. Sublett, Danny Woods, and Porter O. Woods; from Ranger, Ralph W. Veal; from Gorman, Albert E. White; from Cisco, O. L. Stamey and A. W. Dawson; from Rising Star, Perry T. Brown, L. J. Collins and W. H. Koreggar, making a total of 11 officers, four of which are now in office and 7 are taking their oath of office for the first time.

Miss Lillie Greer Buried In Carbon Thurs. Afternoon

Funeral services for Miss Lillie Greer, 77, were conducted last Thursday at 2 p. m. in Carbon Methodist Church, with Rev. Milton Underwood of the Eastland Church of Christ officiating. Miss Greer passed away last Sunday at her home in Coolidge, Ariz., after a long illness.

She was raised in Carbon and worked in Eastland for many years before moving to Arizona to care for her two sisters, who preceded her in death.

Survivors include one brother, Walter J. Greer of Carbon; one sister, Mrs. Orie Tyrone of Fort Worth.

Interment was in the family plot of the Center Point Cemetery. Arrangements through Arrington Hamner Funeral Home.

Money-Wise, Eastland County Is In Good Shape For Coming Year

Money-wise, Eastland County will enter 1965 somewhat like the old man who claims: "Never felt better, and had less in my life."

The county's finances are in good shape - even though certain indications point to the fact that things aren't what they used to be. It's no secret of course, that population is down, and for the first time in several years, county tax valuations are down, too.

Assessed valuations for 1964 are \$21,164,040 - considerably below last year's \$21,871,540. The county traditionally shows a superior record of collections, however, and even with a meager 80 cent on the hundred rate, the county coffers are in bright form because of decreasing debt requirements.

Eastland County owes a total of \$93,286, with \$15,235 in the sinking fund ready to be paid on the debt. So, actually, the outstanding obligation amounts to only \$88,049. This is made up of \$42,000 of general obligation debt (to which

the \$15,235 interest and sinking fund money will be paid) and \$51,284 for a floating debt for machinery, which will be paid for out of the various road and bridge funds.

Taxes are now in process of collection and the traditional one per cent discount is available through Dec. 31. After Jan. 31, interest and penalty are charged.

TEST for fun

The young woman attended her first annual shareholders' meeting and was intensely interested in the oil company's operations.

During the question-and-answer period, she asked: "Mr. Chairman, one thing has always bothered me since I bought stock in the company. When you build a new station on a street corner, how do you know you'll find oil there?"

Eastland County Peanut Crop Yield Is Expected To Be Above Average

The 1964 Eastland County peanut crop is going to be above average in spite of several weeks of unseasonal weather during the growing season a preliminary spot check made this week reveals.

A representative three farms, located at various spots in the county was checked for the test and showed that average yield per acre is up about six bushels this year, even though fewer acres this year.

A total of 76 acres was planted in peanuts this year on the three test farms and average yield was 27 bushels per acre.

On the same three farms last year, 78 acres were planted and the average yield per acre was 21 bushels per acre.

Marketing reports are incomplete, Gilbert Meredith, office manager for the Agricultural Stabilization and Conservation Service, said.

There have been several reports of severely damaged crops by last week's freezing weather, he said, indicating that there will be a certain amount of loss due to the cold weather.

The county peanut crop is currently considered a \$2,000,000 a year economy, from an average of 28,500 acres on 1,180 county farms. This total number of planted acres is down this year because of extremely dry weather during May, June and July and then it started raining in August and continued almost through September. However, October and November had exceptional

good maturing weather—enough to have crops planted. In 1962, 28,913 acres produced 9,400 tons of peanuts amounting to \$1,974,000 revenue.

THIS TIME OF year always brings to mind that old "Why is there only a week between Christmas Day and New Years Day, when it's almost a year between Christmas Day and Christmas Day?" . . . Indications are that it was a fine Christmas weekend in Eastland. Hopes high for another big weekend upcoming. Some firms report that the dollars were out in big numbers and that the dollar would exceed last year. Good weather prevailed with dry, cooling moving Saturday to put more cracks in the season. . . . Apparently Old Santa was good to everybody. A neighbor reports that his youngsters ask, "Why, you and Mommy, give us near as much Santa. Why?"

LUKE DAVIS, who lives at 516 S. Halbryan St., is in a beautiful color of himself holding a round Bull Redfish, he caught in the Gulf of Mexico Thanksgiving. It was a big Red caught this morning and he took it on a jettie out from town. It measured 46 inches long, some six inches more than one he caught last year on a 72-pound line. As might be guessed, the Davis Thanksgiving fish was mighty good, he reports. He's going back to Galveston in January and promises a reusable black and white photo of what he hopes will be a successful Jewish out-there range above 300 and it might take a big picture to show his says.

RESOLUTION TIME
on us, a feature in the Lone Star Gas Co. edition, "The Blue Blaze" is some advice on being on time. Five are given:

1. Pinpoint your goal — where your destination (what you're going to do) from the beginning and you'll get it a lot faster.

2. Take a step at a time — your major goal down a series of minor ones, which are individually easier to do.

3. Motivate yourself — On assumption that we do the things we like to do, "have-to" chores into "wants-to," then reward your own when you've done them.

4. Set time limits — By setting time limits you're challenging yourself to get the job done, a powerful force.

5. Look for shortcuts — This means evading work, means avoiding unnecessary effort and making the most of the help at your disposal.

ACROSS THE page in this publication are some tips for winter driving — advise drivers to "get a picture" — make sure you see, that you leave a stopping-swerving between your car and cars or hazards, and for delays well in advance to have time to preventive action. Remember Mr. Curley May's defensive driving technique.

Karen Taylor Weds Bill Jones In Double Ring Ceremony December 26

A candlelight wedding ceremony was held at the First Baptist Church of Eastland at 8 p.m. Saturday, Dec. 26, united in marriage Karen Glean Taylor and Billy Morris Jones, both of Eastland, in marriage. Rev. Hoston Brewer, pastor, performed the formal double ring ceremony. Prince Altom

MRS. BILLY MORRIS JONES (Photo by Cotton's Studio)

The bride is the daughter of Mr. and Mrs. A. D. Taylor of 1209 South Seaman Street, Eastland.

Eastland. Mr. Jones is the son of Mr. and Mrs. W. M. Jones, 506 South Seaman Street, Eastland.

The church was decorated in Christmas colors with a double candelabra, red poinsettia, white carnations and gladioli and greenery. Mrs. Bill Austin of Cisco, organist, played the traditional Lohengrin wedding march and accompanied Richard Spalding of Abilene, soloist, as he sang "Whither Thou Goest," "Bless This House," and "The Lord's Prayer." Candlelighters were Miss Gay Lynne Biese of Austin and Miss Peggy Hailey of Austin and Cisco.

Given in marriage by her father, the bride wore a formal ivory raw silk gown styled with a deep lace v-neckline, long sleeves and a sheath skirt. An open pearl de soie pillbox with pearl embroidery held her bouffant fingertip veil, and she carried a cascade of white carnations on a white Bible with English ivy intertwined.

Matron of honor was Mrs. Hershell L. Barnes, Jr., of

Austin. Bridesmaids were Miss Alice Frazer of Eastland and Mrs. David Taylor of Eastland, sister-in-law of the bride.

Bridal attendants wore emerald green crystalline sheaths with deep v-insets at the neckline and long sleeves. Their open white fur pillboxes matched the white fur muffs they carried. Red carnations and English ivy were looped over the muffs.

Michael Jones of Commerce and Eastland, brother of the bridegroom, was best man. Groomsmen were David Taylor of Eastland, brother of the bride, and Hershell L. Barnes, Jr., of Austin.

Ushers were Jerry Chaney, Larry Armstrong, Gary Graham, and Kenn Norris, all of Eastland.

The parents of the bride hosted a wedding reception in the church fellowship hall. Miss Carol MacMoy of Eastland and Fort Worth sat at the bride's book. Mrs. Frank Sayre, Miss Judy Seaberry, both of Eastland, and Mrs. Bob Thornton of Lubbock served at the refreshment table.

The couple will be at home at Apt. 3, 1446 Detroit, Denver, Colo., after Dec. 28.

The bride attended Cisco High School and is a graduate of Eastland High School where she was head cheer leader, class officer and a charter member of the Beta Club. She also graduated from Cisco Junior College where she was a class officer, editor of the Brandin' Iron and member of the Student Council and the Dean's List. She attended the University of Texas and has been employed as a reporter for the Cisco Press, Eastland Telegram, Austin American - Statesman, and the Groversville Leader-Herald in Groversville, New York.

The bridegroom is also a graduate of Eastland High School where he was a member of the Maverick football team. He attended Cisco Junior College and East Texas State College in Commerce. He is presently stationed with the U.S. Air Force at Lowry Air Force Base in Denver where he is attending radar and weapons school.

Jehovah's Witnesses Meet Ends Sunday

Jehovah's Witnesses' Assembly opened Friday evening with 454 present to hear H. A. Fetzik, district supervisor, speak on the theme of the three-day training program, "Speak the Word of God with

Boldness." The three-day conference was being held at Cisco Junior College auditorium. "The prized possession of Christians today," Fetzik said, "is knowledge of God's word the Bible and the way to keep

this possession is to boldly share it with others in the ministry work."

Norman E. Miller of the Wichita Falls Congregation will discuss and demonstrate, "Be Liberal, Ready to Share the Good News," then members of the Society of Ministers will call on residents of Cisco and vicinity Sunday morning.

The assembly will reach its climax at 3 p. m., Sunday, when Fetzik will speak on the subject, "Our Divided World—Is It Here to Stay."

Miss Cady Gilman of Abilene, who 52 years ago left the teaching profession in the public school of McAlester, Oklahoma, to become a full-time worker in the organization of Jehovah's Witnesses, is one of the delegates attending a three-day training program at Cisco Junior College.

She has attended many national and international conventions of Jehovah's Witnesses in the United States, Canada, Hawaii, as well as Europe and under the direction of the Watchtower Society has carried on her ministry in 12 different states.

Miss Gilman received early training and preparation for her work from her parents who attended a national convention at Chicago, Ill., in 1893, one of the first conventions held in modern times. They were likewise among the first to receive copies of the first printing of the Watchtower, the official organ of Jehovah's Witnesses, first published in July 1879.

EASTLAND TELEGRAM
Sunday, December 27, 1964

The current president of the Board of Directors, Mr. A. N. Boyd of Gustine, presents Capital Refund check to Mr. R. E. Seay, first president and one of the incorporators of the Comanche County Electric Cooperative. Mr. Seay is still a member and receiving electric service at his ranch home in the southern part of Comanche County.

FIRST PATRONAGE CAPITAL REFUNDED BY COUNTY REA

The Comanche County Electric Cooperative has mailed "Patronage Capital" refund checks to some 2,000 members and former members for the return of capital contributed during the years 1939 through 1943.

The membership equity including operating capital and reserves is furnished by the members as a part of the electric service bill which they pay each month.

At the end of each year, all funds which are in excess of actual operating expenses are credited to the members' capital accounts. In keeping with the ideals of a cooperative, non-profit operation, it is the aim of the management and the board of directors to return this capital as soon as it is financially possible to do so.

This year it was felt that the Cooperative could begin to refund the oldest capital and have prepared checks to 2,000 members totaling \$28,000. Most of these were mailed last week and the others are being mailed as correct addresses can be found.
