Parade Float List Grows at Loraine

More than a score of firms and organizations are making plans to enter floats in Loraine's Golden Jubilee parade here Sept. 21.

Initial entries for floats include Walker Motor Company, Johnson Hospital, Loraine Lions Club, Loraine High School, Loraine Elementary School, Future Homemakers Association, Future Farmers, Loraine School Band and Jones Laundry.

More firms and organizations are expected to join the group.

The parade will be led by Webb Air Force Base band from Big Spring and will feature also the colorful callopie of McMurry College, Abilene.

Voting in the contest for jubilee queen began this week with the opening of ticket sales for the jubilee variety show and a Sept. 22 barbecue. Every penny in ticket sales will count as one vote.

Work is under way now on a horse racing track. Horse racing will be held each day of the two-day 50th anniversary celebration on the Glen Coon place just north of Loraine.

Heading arrangements for the horse racing are Bob Looney, Alphonso Dunnahoo, Stanton Hutchins, Bruce Byrne and Forest Porter.

Regulations governing the

farm show and reservations for exhibit space can be obtained from Holt.

Mayor Vance Dickenson has proclaimed Thursday and Friday as official clean-up days at Loraine. The clean-up is urged to provide the community with a spic-and-span appearance for the jubilee celebration.

Loraine, Westbrook Terms Open Monday

Labor Day will end summer vacation for Loraine and Westbrook public school students.

For Monday will be the first day of the new fall term for those communities.

Other Colorado City schools, originally scheduled to open Tuesday, will not begin the new term until Sept. 17. Delay in the opening of Colorado City's Primary, Hutchinson Elementary, Junior High and High Schools resulted when two construction projects—renovation of High School and addition to Hutchinson—were not completed.

But while Loraine and Westbrook students return to classes, Colorado City for the most part will continue with a prolonged vacation.

Officially, the new term at Loraine will begin at 8:45 a. m. Monday, according to Supt. Don Robbins, with an assembly.

Fifteen minutes later, at 9 a. m., registration will begin at Westbrook.

Students will run on schedule Monday for both Westbrook and Loraine. However, the school lunchroom will be open only at Loraine, where the regular noon luncheon will be served. School lunch will not be served in Westbrook cafeteria until Tuesday when regular classroom work begins.

It emphasized that students at each school entering the first grade must have birth certificates and parents were urged to submit the certificates Monday.

Westbrook and Loraine are the third schools within the county to open 1956 fall terms.

Hillsboro Man Charged in Check Cases

R. L. Whitworth of Hillsboro was in Mitchell County Jail Saturday on charges of swindle by worthless check and forgery.

Whitworth was arrested last Saturday after a man cashed worthless checks at four local stores.

One check, for \$450 was passed at Max Berman's Dept. Store and a \$5 check passed at J. C. Penney Co.

Bogus checks also were passed at Landau's Men Store and Reliable Dry Goods.

Frank and Louis Bodzin at Reliable Dry Goods checked on the address listed on the bogus check there and found the address was fictitious.

They immediately phoned Police Chief Leon Yeager who arrested Whitworth at a local bus station as he waited for a bus.

Charges of swindling with worthless check were filed on Whitworth Monday and forgery charges were filed Thursday, both in Justice of the Peace G. C. Lemon's court.

Appointed to the teams are: G. D. Foster of G. D. Foster Insurance and Morris Sanders of C. R. Anthony Company; Pat Bullock of May & Bullock and A. L. McSpadden of Texas Electric Service Company; Chester Thomas of Thomas Insurance Agency and Frank Massad of Massad's Department Store.

The give-away plan for shoppers was proposed to the merchants by Bill Quimby, chamber manager, as a "Colorado City

They voted unanimously for the plan that would offer the giveaway to shoppers here for 12 weeks in the fall and winter.

Sixteen teams of business men will begin next week to call on 125 prospective firms. They will seek to sign up at least 50 firms to sponsor and finance the shopping event.

Jeff Taylor, Rockwell Bros. manager and Lions vice president, in the original meeting Thursday afternoon, was named temporary chairman for the sign-up and organization of the program. He appointed the two-man teams that will carry out the enlistment campaign among merchants.

TO NEW POST—Roy V. Fox leaves for New York Monday and a year's leave of absence from the Colorado City Record, which he co-owns.

RECORD CO-PUBLISHER

Fox to Represent New York Ad Firm

Roy Fox, Colorado City Record co-publisher, Saturday was appointed southwest manager of Moran & Fischer Inc., by Dan E. Moran, president of the New York firm which represents publishers in the field of national advertising.

Fox will assume his new duties immediately, taking a year's leave of absence as an active member of the Record staff, to set up Moran & Fischer activities in the Southwest.

He will travel by plane to New York Monday to confer with the New York firm's officials.

Successful representatives on the eastern coast for many years, Moran & Fischer will be the first

organization of its kind to offer exclusive service to Texas' better weekly and twice-a-week newspapers. The firm will represent only major market non-dailies meeting their quality newspaper, market and circulation requirements.

The Record is one of more than 30 Texas weeklies and semi-weeklies to date that has retained Moran & Fischer as national advertising representative. Oklahoma and several other adjoining states may be added to the group at a later date.

In addition to its Texas branch, the organization also has offices in New York, Chicago, Detroit and Atlanta.

Joe Bell, who has been co-publisher and editor, will become Record publisher and together with Joe Ed Boatright, member of the staff for more than six years, will complete the advertising department. A new editor will be named later.

Fox and Bell purchased the local semi-weekly from Pete Geller in 1952 and in four years probably won more regional, state and national awards than any other Texas newspaper.

The new Moran & Fischer representative is president of West Texas Press Association, a director of Texas Press Association, dean and secretary of the board of the First Christian Church, member of Colorado city parks and recreation board, Lions Club, Masonic Lodge and National Editorial Association.

Mr. and Mrs. Fox and their daughter, Anita, will continue to live in Colorado City. Mrs. Fox is an elementary teacher in the Loraine school system.

IN NORTHWEST AREA

Two Tests Staked, Wildcat Try Fails

Locations were spotted for two additional oil tests Saturday in Mitchell County, but a wildcat operation was scheduled for abandonment.

Staked as a 3,200-foot cable tool project in Westbrook Field was Lawless No. 2 TXL, three miles northwest of Westbrook.

Drilling site for the test will be 2,310 feet from north and 330 feet from west lines, Section 39, Block 28, T-1-N.

Located in the Sharon Ridge 1700 Field was Stallworth No. 9 Hardee, scheduled for 1,700 feet on a 120-acre tract 11 miles northwest of Colorado City.

QB's MEET, TOO

Colorado to Scrimmage Abilene 'B'

Colorado High football team will scrimmage the B-team of the State Champion Abilene High Eagles at Wolf Stadium, Thursday at 7:30 p. m.

Prior to the scrimmage at 6:45 p. m., the Quarterback Club will meet in the west stands to elect officers, according to President Jeff Taylor.

The club met Friday night and selected a nominating committee. The committee will present its choices for new officers and voting will be held.

Taylor also announced that two reserved season tickets will be given away at the meeting. A drawing will be held and any new member or 1955 member who is present will be eligible for the tickets.

The meeting will adjourn by 7:30 for the scrimmage.

Head Coach Bob Reedy said that the Abilene team should be strong and provide a good scrimmage session for the Wolves.

Reedy would not list a definite lineup, but said all the Wolves would see action.

Wolves began season practice Friday with the linemen and backfield working in different groups in the mornings. The entire squad is working out in the evenings.

First game is scheduled Sept. 14 at Seminole.

The No. 9 Hardee drilling site will be 330 feet from north and west lines or southeast quarter, Section 99, Block 97, H&TC Survey.

Reported ready to plug and abandon was Durham No. 1 Brennan, a wildcat prospector 10 miles northwest of Westbrook.

The No. 1 Brennan bottomed at 3,203 feet in Clear Fork without shows for production. A 5 1/2 inch string extended to the bottom depth.

A section in the Glorietta between 2,758 and 2,778 feet was perforated and acidized, but recovery was salt water. Then the operator squeezed off the perforations and re-perforated a section between 2,704 and 2,724 feet. Salty sulphur water developed naturally with the second attempt.

Location of the wildcat attempt is 330 feet from south and 1,980 feet from east lines of Section 6, Block 28, T-1-N.

Automobiles Collide On W. Highway 80

A wreck on Highway 80 here Thursday resulted in approximately \$175 damage to two vehicles.

Damage to the pickup was estimated by city police at \$25 while damage to Roth's car was estimated at \$150.

The wreck happened near the Colorado Compress Co.

Record Staff To Judge Florida Press

Staff members of the Colorado City Record have been designated to judge the Best Advertising Supplement Contest of the Florida Press Association this fall.

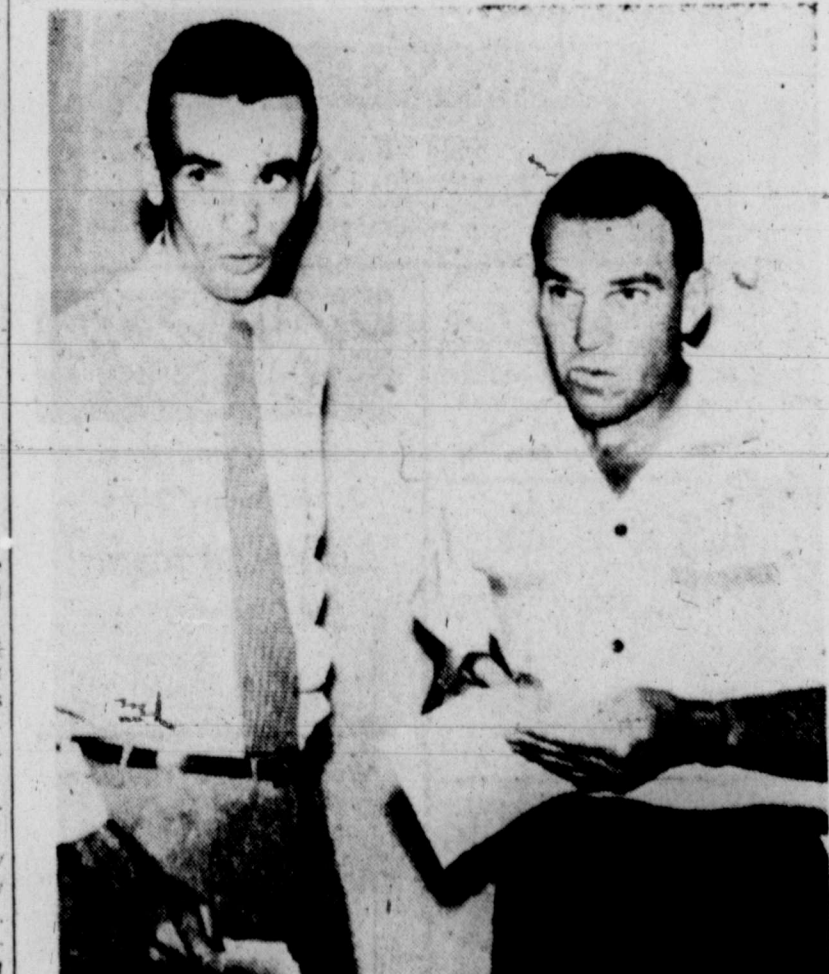

Annually the Florida association appoints National Editorial Association winners over the nation to assist in judging of its state association contests.

In the past year the Record placed first in the state and third in the nation in Best Ad Idea contests and for that reason was asked to judge the Florida advertising event.

Joe Bell and Roy Fox, Record co-publishers, and Joe Ed Boatright, advertising manager, will judge the contest material which will be mailed to Colorado City by John Paul Jones, Florida Press Association manager.

AT APPRECIATION DINNER

Golden Future Ahead for Alert W-T Cities, Educator Predicts

A college president here Tuesday night told city, county, school officials that West Texas' greatest opportunity for development is at hand.

Dr. Anthony Hunt, president of Howard Colony Junior College, spoke at an appreciation dinner in Civic House sponsored by Chamber of Commerce legislative committee in tribute to the three local governmental bodies.

"In the next few years," Dr. Hunt said, "we are going to see some tremendous things in our part of the country."

"Big industry is moving out of the east and towns along the T&P Railroad that are wide awake are going to get some of

that industry—and those towns are going to grow."

"But it is not an 'if' proposition," he continued. "It is a 'we' thing. If you are going to have any success in your community, all agencies must cooperate and pull together."

Dr. Hunt urged a better understanding between chambers of commerce and governmental officials on the local level.

He described a chamber of commerce as the most representative and the best equipped organization in the community to aid other agencies in charting and developing a city's progress.

"We need to know the objectives of our chamber of com-

merce," the college president said. "And every chamber of commerce members should know the purpose and the jobs of commissioners, court, city council, school board and other agencies."

Pat Bullock, chairman of the chamber's legislative committee, was master of ceremonies for the dinner. He introduced Johnny Moore, school board president; Mayor Trevor Crawford, County Judge Sam Bullock and Chamber President H. I. Berman, who in turn introduced officials of their various agencies.

"We are here tonight," Pat Bullock said, "to show appreciation to you for the job you are doing so well for the community."

TESTS DRIVER-REACTION—Police Chief Leon Yeager, center, passes a reaction test designed to indicate how safe a driver he is as City Manager Rollin K. Snethen looks on. He was timed and given a grade of excellent by B. L. Coughlin, left, of Groebl Oil Company of Big Spring. The test is one which will appear in a series of driver-safety campaign advertisements in the Colorado City Record beginning Sunday. (Record Staff Photo)

SERIES IN COLORADO RECORD

Local Campaign to Encourage Self-Check for Safer Driving

Colorado City drivers are going to get a lesson in safety—via the Colorado City Record.

What's your reaction time as an automobile driver? What do you know about various traffic signs? From what distance can you read the traffic warnings? How far back of another car should you stay, at a speed of 50 miles per hour?

Answers to these questions are these advertisements actually

important to traffic safety, and a special campaign is starting in Colorado City this week to encourage the public to do some serious self-checking on abilities and attitudes behind the wheel of a car.

The campaign is built around a series of advertisements appearing in The Record, on Sunday and Thursdays, beginning today.

are scientific tests by which a person can check himself as a safe driver.

It's a public service campaign being put on here by Groebl Oil Company of Big Spring in cooperation with the Shell Oil Company, and representatives of these firms Monday laid the campaign before a group of organizational spokesmen working for improved traffic conditions.

B. L. Coughlin of the Groebl Company, Shell jobber serving Shell stations in the Permian Basin, and Frank E. Davis of Shell outlined the program, asserting that its entire motive was to "contribute some small factor that can play a part in stopping the slaughter on our streets and highways." They asked that the safe-driving messages be recommended to as many people as possible, with the aim of making more drivers safety-conscious every time they're behind a steering wheel.

Attending a luncheon meeting at which the campaign was outlined were:

Rollin K. Snethen, city manager; Winstan Gann, Kiwanis president; Dr. Marvin L. Majors, optometrist; Ed Williams, superintendent of schools; Johnny Moore, president of the school board; H. I. Berman, president of Colorado City Chamber of Commerce; Miss Effie Copeland, president of Business & Professional Women; Leon Yeager, chief of police; Trevor Crawford, mayor; Dennis Walding, Shell station operator; Roy V. Fox, Record co-publisher.

Reprints of the safety tests will be made available in the driver education program, and in examination of youths for special licenses. Other methods of distribution will be undertaken.

The tests were designed by the Automotive Foundation in cooperation with the New York University Safety Research organization, and have the endorsement of the National Safety Council.

Henri Dunant, founder of the International Red Cross, was one of the first two men awarded the Nobel Peace Prize in 1901.

Appreciation Days' event.

Participation of a minimum of 50 businesses would be required to inaugurate the event, Quimby said.

Part of the 12-week program's cost would be paid by entry fees from participating merchants. Remaining expense would be paid by the purchase of drawing tickets by the participating merchants.

"On this basis," the chamber manager said, "it would be possible to raise enough money to have 12 drawings—one each week for 12 weeks—for a minimum of \$100 per week plus a final drawing, on Christmas Eve, for a new 1957 automobile."

To keep the event as a legal giveaway and not as a lottery, Quimby proposed that one drawing ticket be presented to any person who requests a ticket from a firm participating in the program.

After the free ticket, one ticket would be given for each one dollar in purchase at a cooperating firm. For instance, a person spending \$1 at a participating firm would receive two tickets for the drawing and a person spending \$5 would receive six tickets.

Stubs from the tickets will be deposited in a central ticket canister one hour before weekly drawing and final automobile drawing.

It is proposed that merchants participating in the program would pay one-fifth cent each for the tickets they would give to their customers. A book of 500 tickets would cost a participating merchant \$5.

The 22 merchants discussing and backing the plan Thursday approved the event "in principle" with final details to be worked out with formal organization of the participating firms. Twenty-one of those favoring the plan agreed immediately to support the event with participation by their firms.

A committee named by Taylor set the entrance fees at \$3, \$6, \$4 and \$2 weekly with merchants adopting their fees voluntarily. Serving on the fee committee were Craddock, Max Berman and Mahon.
