

CANYON HIGH TAKES AN EASY GAME SATURDAY

SILVERTON GOES DOWN IN DEFEAT BY SCORE 74-7.

Visitors Scored By Fluke, First Time Locals Have Been Scored on This Season.

Canyon High cooled the Silverton eleven's warm desire for a career, Saturday by amassing a score of 74-7. The game was forfeited by Silverton in the last quarter when Bomer, Silverton's right half was injured and had to be taken from the game. Silverton brought no subs so they ended the game with ten minutes left to play.

Canyon High's backfield worked splendidly throughout the game and gained consistently with every effort. Brown, at right half, L. Key at left half, Moore at quarter, and McGee at full were sure a rambling quartet. They all ran excellent interference and each would make an excellent battering ram.

Canyon scored first in less than four minutes after they had kicked off. Silverton attempted to punt but their efforts were frustrated by Callahan and A. Key recovered the ball and ran twenty-five yards for a touchdown through the Silverton backfield.

In the next two plays Canyon kicked off and Silverton fumbled on her first down and Covington made a pretty recovery. L. Key in one of his inevitable end runs carried the ball to Silverton's one yard line. Brown carried it over and kicked goal.

This is a fair specimen of the entire game, but Silverton did something that no one else has done. They scored. The Canyon boys forgot, and also their bearings became jumbled and that is all the excuse we can offer.

The second string men and others all took their turn in the second and third quarters and the full first team never together again during the game.

The Canyon ends did splendid work. Foust at right end, however, was hurt after making a touchdown on a fake play and his usual list of good plays are absent. A. Key at left end and also left half played a great game from start to finish, making four touchdowns and was prominent in nearly every play.

Brown intercepted two of Silverton's passes to left end and ran thirty-five yards each time for a touchdown. Canyon completed five forward passes in all. Service intercepted a pass and made a touchdown. Silverton's left end, I. McChendon, snatched two almost impossible passes out of the air for good gains. Silverton seemed to be (Continued on last page)

MRS STANDLEE DIED OCT. 17

Mrs. Standlee, mother of Mrs. Carrie P. Turner, died in Dalhart, Oct. 17th on her 82nd birthday. She was taken ill in Canyon the middle of June and has been confined to her bed since that time. She was well known to many Canyon people, having made her home with Mrs. Turner at Huntleigh Hall for the past few years. The body was laid to rest by the side of her husband in Dallas county, Oct. 19.

Mrs. Turner is now visiting her daughter, Mrs. Evelyn Richardson in Los Angeles.

FLOWERS GIVEN FOCH

Louise Shaw accompanied her mother to the national American Legion convention being held in Kansas City and as Marshal Foch finished his address to the ex-service men, Louise presented him with a bouquet of flowers.

Mrs. Shaw is at the convention in order to further her idea of a national flower day to be observed on Armistice Day.

PROF. REID'S FATHER DIES

A message was received Monday that J. W. Reid's father had passed away at the family home in Georgia Monday afternoon at 1:30 o'clock. Mr. Reid has been in serious health for two years, and his son has three times been called to his bedside. J. W. has been with his father for two weeks. Mr. Reid visited here four years ago and is well known to many Canyon people.

DELEGATES TO KANSAS CITY

The delegates from the Palo Duro Post to the national American Legion meeting in Kansas City left on Sunday's train and will likely return home tomorrow.

Reports from the convention show that the boys are having a great time.

School Money Greatly Needed Pay Your Taxes

The Canyon Independent School District is in debt and needs tax money in order not to borrow more money. Money may be borrowed from the banks, but every cent paid out for interest subtracts just so much from the working funds of the school.

You will have to pay your school tax by January 31. Why not pay your taxes now to J. B. Hensley and save the interest that the trustees would have to pay on borrowed money?

A large number of patriotic citizens are paying their school taxes now.

Will you do likewise?

Supt. C. L. Sone Reports on School

To the Board of Trustees, Canyon Independent District, Gentlemen:

The work of the past month, while not reaching our ideals, has not been wholly disappointing. The teachers of the grades have done well with their large numbers and more than come up to our expectations as stated in our last report.

Excellent discipline is maintained and each group of youngsters stoutly argue that they have the best teacher.

The teachers have been faithful in their play ground supervisions and few accidents or unpleasant incidents have been brought to my notice.

The attendance of the school has not increased, remaining about the same. The Third Grade is still badly congested. We have had some of the high school girls coaching the different classes in this grade. The cold weather will prevent this plan further and I am recommending part time attendance for temporary relief.

The high school section is moving along with satisfactory progress as a group, though some individual students are finding their work hard or not finding their work at all during home hours. The process of thoroughizing the work as required by the State Department may eliminate some of our youngsters from their classes unless they are willing to "dig" as they should.

The enthusiasm of our folks for their school activities is commendable, but is being watched closely by the management that it may not interfere with proper preparation of the more important features of the work.

It is a pleasure to report the splendid attitude of the pupils toward the discipline of the school. The ruffian in school is no more to be found but the lady and gentleman instead.

We have ordered out the books as suggested by the Inspector and have written for prices on the charts.

We are making every effort to comply with the requirements of the Department as outlined in the report which is submitted herewith.

The sanitary conditions are looked after. Our janitor is doing his work well and is accommodating and courteous. He mixes well with the pupils. We are studying the heating and ventilation of the building and hope to have comfortable rooms throughout the winter.

The Parent-Teacher's association is being carefully organized by the proper committees and will meet again on Friday afternoon.

The school is enjoying the hearty support of the patrons and the community. Especially does the management appreciate the ready and sympathetic co-operation of the members of the Normal Faculty in furthering the interests and efficiency of our work.

The teachers appreciate the action of the board in looking after the generating the equipment necessary for carryal comfort of the school and in furnishing on the work.

C. L. SONE, Supt.

WILL GIVE SCHOOL PROGRAM

Members of the Normal faculty will go to a country school near Tulla Saturday night to give a program. Those making the trip will be Misses Mary Morgan Brown, Sadie O'Connell, Mary Clark and Margaret Guenther.

FROST MONDAY NIGHT

A heavy frost came Monday night which will kill all but the most hardy vegetation. The weather has been uniformly pleasant this week, rather too warm for the retail business.

Three Men After Local Postoffice

Three names have been submitted to the Civil Service Commission at Washington as applicants for the Canyon postmastership. These applicants are A. W. Blough, Oscar Hunt and T. W. Hart.

Mr. Blough was selected postmaster in the competitive examination held two years ago under the Wilson administration. He took the office August 20, 1920, but the senate being safely republican refused to affirm the late appointments of Wilson, and since Harding's election a large number of postoffices have been declared open for further examinations. Mr. Blough filed his application for appointment. He has given good service while acting postmaster.

Mr. Hunt was postmaster of Canyon for eight years preceding the term of Cyrus Eakman. Mr. Hunt gave excellent service while postmaster. He is a republican and it is understood he has the endorsement of the Texas national committee.

Mr. Hart has been a resident of Canyon for the past few years. He was postmaster at Hart, Texas, for several years.

Confidential letters from the Civil Service Commission to local business men this week seek to ascertain the standing of the applicants in this community and stress their business ability.

Walter Hardin Shot In Head at Austin

A message was received yesterday from Lewis Hardin at Austin stating that his brother, Walter, had been shot in the head. No particulars were given in the message, as to the nature of the wound or the cause of the shot.

Walter is a son of Mr. and Mrs. W. B. Hardin, a graduate of the Normal, and has been teaching for the past few years in the Austin public schools. His wife was Miss Floy Brown, secretary of Mr. R. B. Cousins while he was president of the school.

Blankets Delivered To Buffalo Players

The new blankets for the Normal football team arrived Monday and were presented at the chapel exercises yesterday.

The blankets are of the very best quality grade, carrying the college colors, with the emblem of a buffalo which hangs over the shoulders of the players.

Money to buy these blankets was raised while the team was in Roswell.

MAN AND WOMAN UNDER BOND

Sheriff W. C. Black arrested a man giving his name as Strickland and a woman by the name of Mrs. Sears on the streets of Canyon Saturday night. It seems that they had indulged too freely in home brew or lemon extracts. They were held under cash bond to appear in county court in January, being charged with disturbing the peace.

GAMBLE BUYS OUT PARTNER

J. D. Gamble has bought the interest of G. G. Foster in the Foster-Gamble Insurance Company, and will continue the business under the name of J. D. Gamble, Agent.

Mr. Foster will continue to have his office in the building with Mr. Gamble and will devote a part of his time to the real estate business.

STORK SPECIALS.

A son was born to Mr. and Mrs. Chas. Harter on Oct. 14.
A daughter was born to Mr. and Mrs. Frank E. Hakes on Oct. 30.
A daughter was born to Mr. and Mrs. J. L. Boyd on Oct. 30.

BROKE BOTTLE OF WHISKEY BUT DREW FINE UNDER HIGHWAY LAW

V. B. Steele of Amarillo drove into Canyon late Tuesday evening with a suspicious looking outfit. He was accompanied by a woman. Sheriff Black proceeded to investigate, and Steele buried a bottle of whiskey to the ground. So far so good, as he thus escaped the penalty of being caught with the whiskey in his possession.

However, under the highway law, any person throwing glass of any description upon a street or public road is subject to a fine, and Steele drew

Little Arnold Girl Died Tuesday Morning

Little Dorothy Lee Arnold, aged 3 years, and daughter of Mr. and Mrs. A. J. Arnold, died Tuesday morning at 3 o'clock at the Amarillo sanitarium after an illness of more than a month, the beginning of which was a bad case of diphtheria. After this malady was relieved the child was affected with paralysis which affected her lower limbs, gradually moving up the body when the throat was affected Monday afternoon. It is thought by the physicians that death was caused when the disease moved to the heart Tuesday morning.

Little Dorothy put up a brave fight throughout her serious illness. Monday, when she was known to be in a very critical condition, she played and talked with members of the family, being cheerful even when afflicted with severe pain. She was conscious almost up to the time of her death.

The funeral service was held at the Methodist church yesterday morning at 10 o'clock, conducted by Rev. Robert N. MacCallum of the Episcopal church. A large concourse of friends gathered to look for the last time into the face of the little child which had always been a great favorite in Canyon, and to extend their sympathy to the heart broken father, mother and sister of Dorothy. Six little girls from Alice Arnold's class in school were honorary pall bearers.

Buffaloes Leave For Simmons Game

The Buffaloes, eighteen men strong, will leave this evening on the Sweetwater train to meet the Simmons College football bunch in Abilene Saturday afternoon. The boys are in fine condition after the rest of two weeks, but will need everything they can put out to handle the situation in Saturday's game. Simmons has been playing great football this year.

Coach Burton was in Alva Saturday to see the Northwestern Oklahoma Normal team in action. This team was champions of the Oklahoma normals last year. They play here Nov. 11. Mr. Burton says they have a great team and will put up a battle against the Normal on Armistice day which will be one of the best seen here this year.

S. O. L. CLUB FORMED

A meeting of the ex-service men attending the Normal was held last night and an organization formed, the club being named the S. O. L. Club. There are twenty-four ex-service men in the school.

The Club decided to join with the Palo Duro Post in forming plans for Armistice Day. T. D. Tarlton and J. B. Winkelman being appointed to meet with the Post members Friday night when these plans will be completed.

MENEIL CASE IN MISTRAL

The case against H. C. McNeil under indictment for violations of the liquor law went to the jury in Amarillo Friday night, and failing to agree the jury was dismissed Saturday night late. This makes the third jury that has heard the case and failed to render a verdict.

The first jury stood six to six; the second ten to two for conviction; and it is reported that the Amarillo jury stood eleven to one for conviction.

The fourth trial of this case has been set for November 21.

SHOWERS FALL SATURDAY

A good rain started early Saturday morning, which promised to furnish the much needed moisture for this country. However, the clouds cleared away about ten o'clock, and the sky became clear. Only sufficient moisture to lay the dust fell.

CLOSER CO-OPERATION IN CANYON IS THEME OF LUNCHEON TUESDAY; PASTORS GIVE POINTED TALKS

Need of Community Hall in Canyon Stressed in Talks Made—Dr. S. L. Ingham Leader Next Tuesday at the Ideal Cafe.

More than forty business men of Canyon attended the Commercial League luncheon Tuesday at the Canyon Cafe, and enthusiastically applauded the appeals made by the pastors of Canyon for a closer co-operation in the business, educational and religious life of the city.

Rev. Ted P. Hollifield of the Presbyterian church, was in charge of the luncheon. After thanks was returned by Rev. B. F. Fronbarger of the Baptist church, the chief business for about an hour was that of disposing of the big feed prepared by Manager Condrey.

Rev. A. E. Osborne of the Christian church was introduced and spoke upon the subject of "The Ideal City." Mr. Osborne pointed to the fact that the city and the country are interdependent. Neither can survive without the other. The cities are getting better. They are nothing more than a large individuality with a mind, conscience, and sense of good and bad. The object is to co-ordinate the functions in the city—to make the city a part of our real selves.

The speaker pointed out that the cities of old took on the characteristics of the builders, calling attention to the difference between the cities of the Greeks and the Anglo-Saxons. If we as a people are progressive, intellectual, our city will be likewise.

The speaker stated that he liked the looks of Canyon very much. He appreciated the warm welcome that he had received in the city. Canyon may never be a great commercial city, but it can be made to stand for the higher standards of life; stand for the beautiful and intellectual.

Rev. Osborne asked for closer co-operation in Canyon's life. He pleaded for a stronger support of the churches from the business men.

The speaker stated that he noted particularly the need of a community hall in Canyon. We need a hospital. We need to cut out the parasite in the community. We need to stand together and fulfill the obligations we owe to our neighbors.

Rev. Hollifield advanced the idea of the community hall, pointing out the innumerable advantages to be obtained from such a meeting place.

Rev. J. H. Hicks of the Methodist church was introduced by the chairman. He stated that he had received one welcome after another since coming to Canyon, all of which he very greatly appreciated.

Mr. Hicks took up the discussion of co-operation in Canyon. He pointed out the change of attitude in the view point of the teaching profession in the past few years. A teacher formerly administered to the pupil; later he attempted to do for the pupil; now he seeks to do with the pupil—teacher and pupil working together hand in hand to solve the problems. So should this attitude obtain in business. The

business men should work together, hand in hand, and wonders may be accomplished in the community. Center upon the things that should be done in the community, and then work together that these ideals may be put over.

The speaker stated that the schools and churches are able to help the business interests of the community; likewise the business men can help the schools and churches of the community.

After expressing to the pastors the very great appreciation for the messages of the day, the question of final payment on the sales pavillion was taken up. The Commercial League owns four lots which were bought for the proposed Episcopal dormitory, and since there is no chance for this being built, the meeting voted to sell these lots to C. R. Burrow at the price paid for them, the same to be applied upon the pavillion debt. C. F. Walker, C. D. Lester and C. N. Harrison will negotiate the transfer of the property.

Dr. S. L. Ingham was appointed to have charge of the luncheon next Tuesday, which will be held at the Ideal Cafe.

The following were present at the luncheon Tuesday: R. S. Wooten, A. W. Blough, H. J. Buckner, B. B. Cluck, Mr. and Mrs. H. S. Heyser, Wm. Schmitz, Grady Oldham, Dr. D. M. Stewart, John Knight, J. D. Gamble, C. D. Lester, C. L. Sone, Rev. Ted P. Hollifield, M. S. Bishir, W. J. Wooten, A. N. Henson, D. A. Shirley, J. A. Guthrie, J. L. Duftot, L. G. Allen, J. A. Hill, O. W. Gano, C. E. Walker, Mace Younger, Louis Hix, E. A. Wise, J. E. Rogers, Rev. B. F. Fronbarger, E. E. Foy, J. W. Brian, Jesse Pierce, Rev. J. H. Hicks, J. W. McQueen, Dr. S. L. Ingham, J. M. Vetesk, T. C. Thompson, Rev. A. E. Osborne, Dr. H. A. Brown, Dan K. Usery, C. W. Warwick.

MARRIAGE LICENSES ISSUED

Oct. 27—W. R. Dempsey and Mrs. Jessie King.
Oct. 28—J. F. White and Mrs. Sallie Painter.
Oct. 30—Howell M. Underwood and Miss Opal Foster.
Nov. 1—W. F. Knighten and Miss Abbie Smith.

MISTAKE IN DEATH MESSAGE

President J. A. Hill received a message Tuesday stating that H. W. Stillwell, formerly a teacher in the Normal, had died at Texarkana, where he is superintendent of the city schools. This message was corrected yesterday, it being stated that Mr. Stillwell's mother had passed away.

NEW PASTOR FOUNDED

A large percent of the members of the local Methodist church gave a surprise pounding for Rev. and Mrs. J. H. Hicks at the parsonage Thursday night.

WHAT ADVERTISING DID

You probably read the statement published some months ago to the effect that 84 per cent of all business failures in 1920 were of non-advertising firms.

Maybe you didn't believe it.

Maybe you thought it was just a coincidence.

But you probably didn't bother to investigate.

The head of a firm that builds standard and special buildings made up his mind to look into the matter further. He decided that if there was such a direct relation between advertising and successful business it was worth knowing about. He set out to investigate the relation of advertising to the firms with which his firm did business—the firms that had installed new buildings or enlarged old ones.

Here is what he found:

Of all the factory buildings which they erected during a term of years, 83.3 per cent were erected for firms which advertised. Measuring it in floor space, he found that 92.6 per cent of the new floor space his firm had provided was for increased production of advertised commodities.

Here are his conclusions:

The advertising manufacturer is five times as likely to stay in business as his non-advertising competitor; he is five times as likely to need more floor space, which he will probably buy in two and one half times the quantity required by the non-advertiser who buys any at all.

It is needless to say that this firm has increased its own advertising, and it is telling the world about what it discovered with respect to the relation of advertising to business success.—Star-Telegram.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

The brotherhoods backed up just as we expected. They dared not call the railroad strike in the face of the opposition of the American people. No strike has been won since the war. More than 5,000 strikes were called by unionism during the war when our boys were fighting in France at \$30 per month and needed the entire output of labor. The American public is pretty much fed up on unionism as it has been conducted during the past four years. It is going to take mighty careful management on the part of the union leaders to recover the standing of unionism in America which has been lost by the unjust and dictatorial policies pursued when the country was in such a position that it could do nothing other than submit to the demands of Gompers and his henchmen.

The Panhandle Herald is the latest country newspaper to become a semi-weekly publication. During the past few months the Hereford Brand, Quinlan Tribune-Chief, and Lubbock Avalanche have joined the semi-weekly class. The Panhandle Herald makes the fourth country newspaper to branch out. There is not a more progressive bunch of publishers in the United States than right here in the Panhandle-Plains country. There are no better country newspapers anywhere than in this section. There is not a better business section than in the Panhandle-Plains country. Advertising has had a lot to do with this good business condition. Advertising will make this section continue with its good business.

Congressman Blanton has become a notorious nuisance ever since he went to Washington. He poses as a reformer, but has proven to be a scavenger, regardless of the effect of his petty hobby. Blanton has wasted more time of the congress than any man in the history of the House. His attempts to disclose startling misappropriations, some of which were well founded, were attacked in his bungling way so that the good that might have been accomplished by exposure had failed. However, the censure of the House will not stop a man of Blanton's calibre. He will be at his old game next week stronger than ever before.

More than forty homes have been built in Canyon since the first of January. A visitor in Canyon this week said he saw more new houses than in any town its size during a very extended travel through the west and southwest. Canyon needs at least fifty more good houses. Keep the good work going.

The House of Hapsburg is now sufficiently wrecked to assert that Charles will never come back. The House of Hohenzollern has been patiently waiting for a dramatic come-back. Old Bill and the clown prince have a little more sense than Charles of Hapsburg.

A noted writer a few years ago said that when a man reached the second childhood he ought to be shot and put out of his misery. Some people begin to think Thos. A. Edison has about reached that stage.

Since the railroads have had their way about the wage reduction, we move it is about time for the public to have its way about a reduction of freight rates. One good turn deserves another.

IT WAS ALL THE SAME

Two doctors met one day, one said to the other: "I hear you operated on Smith yesterday. What did you do that for?"
"Why, for a thousand dollars."
"Yes, I know," replied the other; "but what did you operate for?"
"Why, with some impatience—for a thousand dollars."
"Yes, yes, I know; but what I mean is, what did Smith have?"
"Why, I've told you twice already—a thousand dollars."

If your bowels do not act regularly, you feel uncomfortable, and the longer this condition exists the worse you feel. Put an end to the misery, take Herbine. It purifies the bowels, restores energy and cheerful spirits. Price, 60c. Sold by Jarrett Drug Company.

Plans Developing for Plains Poultry Show

The Panhandle-Plains Tri-State Poultry Show to be held at Amarillo, December, 7th to 11, 1921. The Poultry enthusiasts are reviving the old Panhandle Poultry Association under the title of the Panhandle-Plains Tri-State Poultry Show, which includes in its territory the Panhandle of Oklahoma, the eastern portion of New Mexico and the 38 Panhandle and South Plains Counties of Texas. The purpose of the organization is to build up enthusiastic interest in the poultry industry.

The officers of the new association are: W. W. McDonald, president; H. W. Duke, secretary-treasurer; A. P. Morrow, superintendent; Howard A. Ferguson, Clyde C. Cockrell and Frank Kiersey, program and publicity committee, all of whom are well known to the poultry industry throughout this entire section.

There is at present a marked interest in the poultry industry in this part of the country, and it is to be hoped that with the plans now under way the possibilities will be greatly enlarged, and the total production of eggs and fowls for market increased.

Entries will be received from all persons residing within the defined territory, and the catalogue and premium list will be ready for distribution in about ten days, and any one desiring a copy may obtain one by writing to H. W. Duke, Secretary-Treasurer.

The Poultry Show will be conducted under A. P. A. regulations, and will be judged by men authorized by that organization. Amarillo is putting up about \$1,000, and it is hoped that this sum will be added to by various other means so as to make the interest in the competitive exhibitions very keen.

Several communities have given the Association their endorsement and pledged their support. This is indicative of a real poultry exhibit, and it is hoped that all of the communities within the territory defined will avail themselves of this opportunity to revive an interest in an industry that means much to the industrial development of the country.

125 letters have been mailed to manufacturers of poultry supplies, and indications are that their support will be 100 per cent, and it is probable that they will have their expert representatives attending the show to explain the latest development in the way of poultry supplies.

IN NO DANGER

"I say, Jones, I want to insure my coal-yard against fire. What would a policy for \$20,000 cost?"
"What coal is it?—Same kind as you sent me last?"
"Yes."
"I wouldn't bother insuring it if I were you. It won't burn."

CELEBRATED MINSTRELS ARE COMING TO CANYON MONDAY

The minstrel fans of this vicinity will be pleased to learn that one of the very best and largest minstrel organizations on the road is to visit Canyon.

Possibly certain people have forgotten that they are minstrel fans because it has been so long since they had an opportunity to see a really first class minstrel—however, the fever or minstrel microbe will get them when the richly dressed parade of the Famous Busby Minstrels pass over our streets at noon the day they appear here.

The amusement question has by some people always involved the "questionable" amusement question, but that theme is never aroused by the coming of a high class minstrel like the Busby company. Base ball games, a good circus and an up-to-date minstrel seem to be at least three forms of amusement which are never questioned by the scrupulous.

Laughter, the creative laughter is the one purpose of the minstrel, as well as the rendering of tuneful and pleasing songs.

The minstrel man has been known from almost the beginning of this world's history and was well known by the writers of Biblical affairs. It is this very characteristic of the minstrel which makes it capable of appealing to all classes and when the Famous Busby Minstrels appear at the Legion Hall next Monday, Nov. 7th, there will be seen hundreds of people in the Hall who are not habitual theater goers.

DON'T CUT OFF THE ENGINE

While riding on a train recently, Wm. Wrigley, the famous gum manufacturer, was approached by a man who addressed him: "Pardon me, Mr. Wrigley, but do you know you're wasting a lot of money?"

Mr. Wrigley, always anxious to learn anything about his own business, asked in return, "How?"
"Why, in advertising," the man replied. "Your product is so well known now you don't need to advertise."

"My good man," Mr. Wrigley answered him, "do you know what would happen if we cut the engine off the train?"

"The train would coast along a while and then stop, wouldn't it?"
"That's just what my business would do if I cut off advertising. Advertising is the engine that furnishes the motive power for my business."—The Columbian.

Highways of from thirty-three feet to fifty-five feet in width are under construction in China.

METHODIST SUNDAY SCHOOL

The attendance is increasing every Sunday. The lesson last Sunday was on "Temperance." Mr. Lang gave a delightful talk to the young men's and young women's combined class. The central idea in his talk was that of prohibition. The announcement was made that there is to be a Sunday School Council meeting Tuesday evening at Mr. Ives' home.

The bell rings at 9:00 o'clock on Sunday morning. Sunday School begins promptly at 9:45.

A CERTAINTY

"The time will soon come," bellowed the orator, "when women will get men's wages."

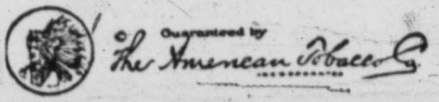

"Yes," muttered a melancholy voice from the rear of the room. "Next Saturday night."

NEIGHBORLY REPARTEE

"How did that bad little boy of yours get hurt?"
"That good little boy of yours' heaved a rock at him."

Notice this delicious flavor when you smoke Lucky Strike—it's sealed in by the toasting process

Allen Farlow and wife were callers in Panhandle Sunday.

Dan King of Panhandle spent the week end here visiting friends.

Cecil Tate and family of Amarillo visited relatives here Sunday.

J. D. Gamble was a business caller **Jewelry, Ivory, Cut Glass, Toys, Books. The biggest stock ever in Canyon will be on display at E. Burroughs' Jewelry Store.**

in Amarillo Monday.

Prentice Tate was a caller in Amarillo Sunday.

Sam Reid of Amarillo visited relatives here Monday.

S. B. McClure was a caller in Amarillo Tuesday.

Miss Pearl Jinkins spent Sunday in Amarillo visiting relatives.

Miss Louella Good gave a Halloween party Monday night to a large number of friends. The Halloween spirit with all its weirdness was carried out in the decorations and the ghost, bats, black cats, witches transformed the entertaining rooms into an ideal setting for the many delightful masquerade costumes worn by the guests. Miscellaneous games and contests appropriate to the Halloween season was enjoyed by the youngsters and before their departure a dainty repast was served.

What was generally conceded to have been the best social affair of the season given by the Legion was the masquerade ball given Saturday night at the Legion home. The decorations favored the Halloween colors, orange and black, and emblems typical of the season were placed at points of vantage throughout the rooms. Dancing was enjoyed from eight to twelve o'clock.

A Halloween masquerade party of unusually pretty appointments was given Friday evening at the home of Mr. and Mrs. Ament by their son, Scott, where a large number of friends were entertained. As the Queen party of merry clowns, goblins, witches, fairies and ghosts arrived they were greeted at the door by two small clowns who ushered them into the guest rooms in which an atmosphere of mystery reigned and the weird forms of black cats, jack-o-lanterns, witches and bats peeped from shades cast by the orange and black lights. Interesting games and contests were enjoyed during the evening. Before the guests departed refreshments were served.

Panhandle Can Produce Hogs At Low Cost

Most people think of Landerger Bros. of Amarillo, Texas, as cattle kings, and they are. But Pat Landerger can be pictured in another role, that of a producer of well fatted swine, fattened on milo and kafir, and of as good a quality as can be put on the market off corn in the corn belt.

"Just at present California is draining the Panhandle dry of fat hogs," Mr. Landerger said at the stock yards today. "Somehow people seem to have overlooked the Panhandle of Texas as a great swine producing area, and it is a great one. Of course we have some corn there this year, but we do not have to rely on corn to fatten our hogs. I have had as good success fattening hogs on milo and kafir as I ever had with corn, and for cheapness of production nothing can beat these feeds."

The Pecos Valley country in New Mexico is coming into its own as a swine producing area, according to Mr. Landerger. Here there is an abundance of alfalfa under irrigation from the artesian wells that water that valley, and the climatic conditions are as good as farrowing and maintenance as the alfalfa and feed supply is favorable to the swine breeder and feeder. Here, too, is another potential source of supply of stock hogs for Kansas City market, the place where the stock hog buyers naturally congregate for their purchases, Mr. Landerger says.

The movement of hogs from the Panhandle to California, very marked at this time, has made the Ft. Worth and El Paso hog packers sit up and take notice and bid for Texas hogs, and Texas swine producers are sitting up and taking notice of the general situation. The swine show at Dallas last week was one of the biggest things on the state fair calendar and program.

E. W. Honx, president of the Kansas City Live Stock Exchange, looks on Texas and the Panhandle and the Pecos Valley in particular, as two of the greatest potential producers of stock hogs for the Kansas City market. Panhandle breeders and Pecos breeders are using good boars.

Pig club work has gotten results in the Panhandle according to county agent reports made at Dallas last week to a representative of the Telegram who was in attendance on the fair, and these county agents are awake to the possibilities of Kansas City as the great market for Panhandle and all other Texas stock hogs. The California demand may slump, and probably will. Texas breeders are convinced and they see in Kansas City a continual market for the well bred stocker hogs that can be produced so cheaply and easily in the Panhandle of Texas. The Panhandle always has its milo and kafir, and since farmers are convinced that these are as good if not better, feeds for hogs they have turned their attention directly to hogs

and are making them pay big dividends.

The Oklahoma Agricultural and Mechanical College at Stillwater has demonstrated the advisability of fattening hogs on kafir and milo in preference to soy-beans and peanuts, and has demonstrated beyond a doubt that the maize can be used to excellent advantage in fattening hogs as well as maintaining them while getting them ready to be put on the Kansas City market as stocker hogs.—Daily Drovers Telegram.

DIPLOMATIC FICTION

The Nation's Business: Peace and progress must come through co-operative rather than competitive enterprise in backward countries. It must come through international use of export capital, as Will Irwin has expressed it in "The Next War." It must come through an open-door principle. At present the open door in China is a diplomatic fiction. All the powers have given to it their robust vocal approval, and all of them ignore it. It is as much a polite lie as the assurances of distinguished consideration with which passports are handed to the expelled envoy of an enemy nation. Germany subscribed to it, but continued to hold Shantung until the prize was lost in war. Russia signed, but continued to hold Port Arthur until that was lost in war. Great Britain signed, but continued to hold, and continues to hold, Hongkong and Kowloon and Wei-hai-wei. France subscribed, but continues to hold Annam and Kwangchou. Japan signed, but retains Korea and the rest of her imperialist acquisitions on the Asian mainland.

Japan agrees to the open door in China now that she has built a high board fence around it.—New York World.

Ignorance of the law is no excuse; neither, unfortunately, is the ignorance of law makers.—Buffalo Evening News.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Canyon people. Ask your neighbor!

T. A. Ridgway, farmer, Canyon gave the following statement January 13, 1912: "I have been using Doan's Kidney Pills for a short time and find they are benefitting me. I suffered from a weak bladder causing too frequent and profuse passages of the kidney secretions. I have noticed since using Doan's that I have much better control over my kidneys. I recommend Doan's Kidney Pills to relieve weak kidneys."

On April 30, 1919, Mr. Ridgway said: "I haven't had an occasion to use Doan's Kidney Pills since I recommended them in 1912. I think the cure they gave me has lasted."

JOKE TRACED TO ITS SOURCE

Lincoln Journal: President Coffman of the University of Minnesota, used a time-worn jest when he said the other day that the University of Nebraska must be a great repository of learning because the freshmen bring so much and take so little away. Great educators are notorious joshers. Every university president takes delight in getting a rise out of his colleagues.

This particular joke has been used on the platform for this purpose for many years. It had its origin in the mind of a Harvard wit at a time when that university was strengthening its entrance requirements. Members of the faculty believed that too much was demanded in the way of scholarship during the students' period of residence. The jibe to the effect that Harvard was monopolizing the learning of the world because the students brought so much and took so little away had its origin at that time. Like all good jokes its life promises to be eternal.

If your child eats ravenously at times and at other times has no appetite at all, look out for worms. White's Cream Vermifuge is the remedy to use. It clears them out. Price 35c. Sold by Jarrett Drug Co. 3214

PLANS FOR PRESENT AND FUTURE DEVELOPMENT OF NORMAL CAMPUS

R. C. Phipps, a landscape architect from Emporia, Kansas, has been on the West Texas State Normal College grounds this week laying plans for improvements and general development of the College Campus. Sites for additional buildings were selected, plans for trees, shrubs, and flowers, were laid out. A perspective plan, showing sites and elevations of proposed buildings, has been drawn.

Every single improvement henceforth will be made with reference to a permanent and final settlement of the school plant, so that a duplication of effort will be avoided.

Among the additional buildings contemplated are additional dormitories for women, a dormitory for men, a library building, a science building, an infirmary or hospital building, a gymnasium, a stadium for athletics, a Fine Arts building, and a training or model High School building with its separate grounds and athletic field.

Most of the work to be done immediately is confined to the improvement of the Campus grounds in the way of trees, walks, and parking spaces, some of which are already in progress. An extension and completion of the terraces around the main building is also to be done immediately. The terraces will be built higher and extended out farther from the front and ends of the building. New twelve foot walks will be put in front of the building and eight-foot walks at the ends and around the building on the north side, all conforming to the new terraces. The material that is taken out of the old walks is being broken up to be used in the raised landing

that is to be built at the bottom of the front steps.

Parking spaces for cars will be at the northeast and northwest corners of the main building. An additional driveway will be made leading around to the east side of the building. The present driveways are to be improved and walks are to be repaired, widened and raised at some places.

The trees in front of the building will be gradually supplanted by smaller shrubs such as Catalpa, Bungei, and specimen trees of different kinds will be planted on the terrace. Japanese Barberry will be planted at the foot of the terrace.

In the spring, elm trees will be planted on the west and south sides of the campus to take the place of the present locust trees, which are rapidly succumbing to the attacks of bores and insects.

All wires are to be put under ground. Vines and tamarix are to be planted about the pump house and reservoir, and a general clean up of coal and ash piles will be made, with the view of making beautiful the entire premises. Contract has already been let for a new well, which is to be equipped with a new 5-inch pump and a 50,000 gallon water tank on a 90-foot tower. By these improvements the College water supply will be more than doubled, and there will be plenty of water to irrigate the new trees and flowers that are going to be planted.

F. P. Guenther, Superintendent of Grounds, and R. A. Terrill, Superintendent of Buildings, will supervise the execution of plans for all improvements and general developments of a beautiful College Site.

MYTHICAL TREES

Trees of Palestine are reviewed at some length by James Reardon in the American Forestry Magazine, who writes of the stories told by guides to the tourists. Taking a peep into the Garden of Gethsemane, there is seen the golden gate in the east wall of Jerusalem, a hundred feet or so above the bottom of the valley in which once flowed Wady Sitty Maryam. The gnarled, venerable olive trees in the middle of the garden still clinging to a hoary remnant of effebled life enlist attention.

This Garden of Gethsemane can be nothing more than a folk lore affair, says the writer, because the exact locality of the real garden was never recorded, and these frail trunks common about Jerusalem may lay claim to antiquity of one or two hundred years. Nothing short of a stupid credulity would ever credit them with eighteen or nineteen hundred, yet some guide books declare that they have sprung from successive growths extending back to the time of Christ. The olive tree, like the apple tree has not the renovating growth of the bayonet, or the persistency of the bortee, and trees of warm latitudes.

DEMOLISHING AN ISLAND

Answers: A famous Dickens' relic will shortly be no more. Jacob's Island, Bermudsey, on which stands the residence of Bill Sikes of "Oliver Twist" fame is going to be demolished. A rural millstream once flowed past the home of the famous crimster, and one approached the house by means of a rustic bridge. Now the millstream has disappeared forever, and horses and stables hold sway in Bill Sikes' home.

Jacob's Island itself has a most interesting history. Fairs and picnics used regularly to be held there. Trees, grass and flowering hedges make the scene a truly rural one. Now all is dilapidation, and soon only the old plans of Jacob's Island, carefully treasured within the sacred precincts of the Bermudsey Town Hall, will remind us of its former glories.

SELECTED HIS PLACES

Los Angeles Times: A Highland church was in urgent need of repair, and Sandy McNab, a very popular member, had been invited to collect subscriptions for the purpose.

One day the minister met Sandy walking irresolutely along the road. The good man at once guessed the cause.

"Sandy," he said earnestly, "I'm sorry to see ye in this state."

"Ah, weel, it's for the good o' the cause," replied the delinquent, happily. "Ye see, minister, it's a through these subscriptions. I've been down the gien collectin' funds an' at every hoose they made me have a wee drapple."

"Every hoose? But not surely, Sandy, there are some of the kirk members who are teetotalers?"

"Aye, there are; but I wrote tae those."

In Japan, when anything goes wrong with an automobile, owners are instructed to notify the police immediately.

WILL BOOST HOME PAPERS

Week of November 7-12 Set for National-Wide Endeavor.

"Subscribe to your home town paper."

This is the slogan of a new nationwide movement backed by the National Editorial Association and other agencies.

The movement has back of it far more than a selfish desire on the part of newspapers to acquire increased circulation, for it is, in effect, a step toward the perfect unification of America by the strengthening of ties that bind everyone to his native soil.

The campaign is, moreover, an excellent opportunity to boost the home town. The men and women who were born and reared here have, some of them, been away for many years and many important changes have taken place—changes in which they would be greatly interested. It is more often the case than not that private correspondence overlooks these changes, however carefully one might attempt to write "the news" in a letter.

The newspaper, on the other hand, prints all the items of interest, large and small, and is the ideal medium through which to keep in touch with in the old home town.

Towns Need Eye Opener.

Said a New York state business man the other day: "There is hardly a town in the country that does not need to have its eyes opened to the kind of work its newspapers do, week in and week out, and year in and year out, with rarely if ever a word of public appreciation and backing."

MOTOR DIGEST

Thirty percent of the American farmers own automobiles.

Horses in Cincinnati decreased 64 percent in the past ten years.

Great Britain receives \$43,740,000 annually in motor vehicle taxes.

An average of \$100,000 worth of automobiles are stolen weekly by motor thieves in Philadelphia.

The estimated cost per passenger in automobiles in the United States last year was 3.24 cents.

The University of Kentucky recently purchased a \$12,000 passenger automobile for the use of the engineering course.

The total motor vehicle taxes, federal, state and municipal, now equal \$310,000,000 annually, or more than \$34 a car.

Because of unemployment in Chicago there are thousands of used automobiles displayed along the sidewalks and the streets for sale.

The average life of an automobile is figured at about six registrations, which is equal to something more than five full years.

Automobiles in the entire world total approximately 11,000,000, and of this number 83 percent are in the United States.

The smallest engine built for automobiles in the United States today has four cylinders, with 143.1 cubic inches piston displacement.

The Cincinnati Automobile club of Ohio, has disposed of over 44,880 sets of automobile license plates for 1921, as compared with 41,000 for the entire year of 1921.

THE SPANISH WAR DIARY

Mrs. Theodore Roosevelt has presented to the Roosevelt Memorial association her husband's Spanish war diary. A part of its contents has been made public. A headline summary of the disclosed entries reads: "No Management Whatever in War Department."

There were many troubles to beset the United States when it went to war against Spain. Army and navy chiefs criticized the civilian heads of their departments, and the officers criticized one another. Many of us remember the embalmed beef scandal and the "no blankets" and "black powder episodes." Also, there is probable remembrance of the "Round Robin" which the soldiers, held in Cuba at the mercy of yellow fever and typhoid, prepared, against all regulations, and sent to Washington. Perhaps, also, it is not forgotten that the quartermaster general of the United States army was court-martialed and sentenced to two years' suspension from rank and command for certain "outspokenness."

It was said at the time of the Spanish war that the United States never again would be caught in a condition of unpreparedness. Then the great war came along and everybody knows what happened. If the desires of some people of the United States are fulfilled, another war will find us in a worse morass than that in which we flourished when we entered the war against Spain, and later when we started to fight the central powers.

WAS HE HUNGRY?

Speaking of church programs, which are usually furnished to churches by printers altogether too cheaply, a progressive says they are nearly always done in a rush. The preacher man waits until the last minute to hand in his copy and his writing is usually patterned after Horace Greeley's. A Chicago preacher intended to write for his text: "Be ye therefore steadfast." The printer translated the hiroglyphics: "Be ye there for breakfast."—Garden City (Kansas) Herald.

VICTORY

On the day after the armistice that ended the not-so-late war a Southern mountaineer, driving down from the hills on one of his rare visits to town encountered a whiskered squirrel hunter. "What was that thar racket down to the Forks last night, stranger?" he inquired. "Red lights and fireworks and sechlike. Sounded like it might be some sort of celebration."

"It shore was," said the other. "Didn't ye hear? The war's over."

"Is it? Say, did we—did we win?"

"We shore did."

"Hooray!" shouted the mountaineer.

"It took a leetle more time than I expected but I never had a doubt for one darn minute but what we'd finally lick them danyanks."

Answers: "I'm not guilty. My wife can prove a lullaby."

Judge: "Alibi, you mean."

Witness: "Bearing your pardon, it was a lullaby; at 2 o'clock on the morning in question I was walking the floor with the baby."

\$14 TO MAIL ONE PAPER

The New York Times complains it has to pay \$14 postage on a yearly subscription, or \$2 more than its subscription price for each copy mailed to a subscriber in the eighth zone. It costs a Topeka paper \$4 a year for every copy it mails to New York. Publishers of papers, or of periodicals having more than just a local circulation, are hit hard by the heavy postage; they now pay under the zone postage, which applies to second class matter. For four years under the law there have been successive increases in second class postal rates which reached their maximum July 1, this year. The law is

having a bad effect on all publications as it is tending to sectionalize them, making them narrower and more local. This was predicted when the law was being considered. In the meantime under the pressure of a stringent print paper shortage, much higher cost of materials and increased postage, hundreds of publications have gone out of existence. A few days ago McClure's Magazine, one of the most prosperous in America a few years ago, asked for a receiver.—Exchange.

Thirteen below zero in 1917, is the lowest temperature ever recorded in New York City.

PURITY BLACKLEG AGGRESSIN

(The Kansas Germ-Free Blackleg Vaccine)
Vaccinate those Calves now before they start to die with Blackleg. GUARANTEE

We guarantee every drop of our Blackleg Aggressin (The Kansas Germ-Free Blackleg Vaccine) to have passed all the U. S. Government tests for Purity and Potency. We further guarantee every drop of our product to be made exactly in accordance with the Kansas Method, worked out at the Kansas State Agricultural College by our Dr. Haslam and associates.

ONE TREATMENT IMMUNES FOR LIFE

No re-vaccination every three or four months. It's Germ-Free—this cannot introduce Blackleg into a healthy herd of cattle.

A PROVEN PRODUCT

Purity Blackleg Aggressin has been used successfully on over 1,500,000 cattle in 42 different states and 5 foreign countries. Made under U. S. Government supervision.

LOCAL NEWS

Miss Virginia Hanna returned home Wednesday to Galveston after visiting here with her brother, P. D. Hanna. She was accompanied by her niece, Frances Hanna.

Mrs. P. H. Flynn was a caller in Amarillo Tuesday.

PAULINE FREDERICK stars in "MADAME X" at the Olympic Friday and Saturday nights.

Mrs. Simeon Shaw left Sunday for Kansas City on a business trip.

W. G. Bullock of Amarillo was a caller here Sunday.

Brent Taylor and family visited relatives in Wildorado Sunday.

Miss Birdie Lee Burkhalter was a caller in Amarillo Sunday.

Curley Hanna spent the week end in Holiday goods coming in now. Make it a point to see our big stock. E. Burroughs, Jeweler.

Mrs. B. T. Johnson attended the Fifth Sunday meeting at Dimmitt Sunday and organized for the women of the church a W. M. U.

Mrs. A. S. Kenyon and Mrs. Yeager of Amarillo visited yesterday at the parental B. T. Johnson and J. D. Key homes.

PAULINE FREDERICK stars in "MADAME X" at the Olympic Friday and Saturday nights.

Mr. and Mrs. I. D. Cole were callers here Sunday visiting at the parental Wyatt home.

Gifts that satisfy. E. Burroughs' big jewelry line.

A gala event of the Hallowe'en season was the party given at the home of C. L. Gordon-Cummings, west of the city. The rooms were elaborately decorated with orange and black and lighted jack o'lanterns and shaded light cast a spooky effect over the scene and the spook sentinels placed here and there. Games and contests in keeping with the hilarity of the season were in order during the entertaining hours and later delicious refreshments were served.

PAULINE FREDERICK stars in "MADAME X" at the Olympic Friday and Saturday nights.

Numbered among the delightful Hallowe'en festivities was the masquerade party given Saturday evening at the home of Ruby Gano. The receiving rooms had an overhead decoration of orange and black witches, bats, cats, and spooky Hallowe'en effects. Miscellaneous games provided diversion for the merry makers. Just before the termination of the gayeties, refreshments were served to the pupils of the eighth grade.

A merry crowd of boys and girls of the ninth grade of Canyon High school assembled at the home of Mr. and Mrs. G. S. Ballard Monday evening for a lovely Hallowe'en masquerade party given by their daughter, Jewell. Many delightfully original costumes were worn by the guests while wired Hallowe'en decorations of jack o'lanterns, spirits, goblins, witches, black cats, added mystery and charm to the occasion. Games and contests and a series of musical numbers were enjoyed, fortunes were also told. At a late hour refreshments were served.

Remember our big Holiday line will be here soon. E. Burroughs, Jeweler.

Miss Mary Morgan Brown will go to Amarillo Friday night where she will assist Mrs. Fred P. Luke in a recital. John Fry was a business caller in Lockney this week.

Miss Mansfield of the Normal faculty was called to Hurley, S. D., last week on account of the serious illness of her father.

R. S. Wooten left yesterday for California where he will spend the winter.

Hydro Tires are guaranteed to run 10,000 miles. Cost no more than others. E. Burroughs sells them.

Jesse Pierce returned Saturday from Tennessee where he spent a month visiting at the old family home. He was accompanied by his sister, Mrs. C. A. Hitchcock, of Amarillo.

RAY BATTERIES—Guaranteed two years unconditionally. E. Burroughs.

Mrs. McCaskey was brought home this week from Plainview where she recently had an operation. She is recovering very nicely and will soon be in her usual good health.

FOR SATURDAY—We will have Beef, Pork, Veal, Lamb, and Dress Chickens for your Sunday dinner. Vetsak Market.

Taylor Myers left Tuesday for Tyler where he will attend the Commercial College.

PAULINE FREDERICK stars in "MADAME X" at the Olympic Friday and Saturday nights.

Dr. and Mrs. Ingham very delightfully entertained the Cosmos Club Monday night at a Hallowe'en party given at their home on West Evelyn street. The home was decorated in Hallowe'en colors, with spooks to greet and usher in the guests upon their arrival. Five hundred was played at seven tables. After a pleasant round of games, refreshments were served by the hostess.

SHRINERS ENTERTAIN WITH RECEPTION

The local Shriners Club entertained at the American Legion Hall on Friday evening, October 28th with a most enjoyable social.

The first hour was spent in getting the Shriners acquainted with the other Shriners wives and lady friends. This part of the program was supervised by Ted P. Holfield and W. J. Flesher.

A program was then rendered as follows.

Reading—Miss Whitaker.
Vocal Solo—Mr. Osborne.
Reading—Miss Brown.

Flute and Violin—Misses Brewer, accompanied by Miss Croson.

After the program refreshments were served, consisting of jellied chicken on lettuce, celery, cranberry sauce, bread and butter sandwiches, saratoga potatoes, pumpkin pie a la mode, coffee.

The following were present: Messrs. and Mesdames L. T. Lester, R. G. Oldham, D. A. Shirley, W. J. Wooten, O. W. Gano, Robert Donald, W. C. Black, J. A. Cheatham, Ted P. Holfield, J. M. Redfearn, Mace Whitman, E. A. Osborne, E. H. Powell, A. Cayton, J. W. McQueen, R. P. Jarrett, Lorenzo Wirt, W. J. Flesher, Ernest Reid, Ed Gerald, John Toles, Messrs. Louis Foster, Ray Campbell, Louis Hix, Jay Prichard, Jack Jones, Lige Freize, Tom Knighton, Lee Foster, Wm. Ash, C. D. Lester, Howard Lemond, Mrs. Jeffries, Misses Brown, Harrell, Cheatham, Puckett, Brewer, Grace Brewer, Whitaker, Croson, Hamilton, Edins, Davis.

PLEASANT VIEW ITEMS

The Philo society is progressing very rapidly. We had twelve visitors and six of whom joined the society.

The program was carried out very successful for the first time, but several members were absent. We were entertained with a special reading from Miss Jessie Shaw, of Canyon. We appreciate these activities.

Our next meeting comes Nov. 5, and we cordially invite you and your friends to come out and see what we are doing.

Here lies the body of Jake Lake,
Tread softly all who pass,
He thought his foot was on the brake
But it was on the gas.
—Farm Journal.

Japan intimates she will agree to lay down her arms if western nations will agree to keep her hands off—Manila Bulletin.

There may be a "joker" in the German peace treaty, but it certainly hasn't raised a laugh in Berlin.—Seattle Times.

Well, it will be a miracle if the world manages to raise those infant republics without spanking—Indianapolis Star.

Elijah being fed by the ravens had nothing on Russia being fed by the American eagle.—Nashville Southern Lumberman.

When a horse paws the roadway it is said he is obeying an instinct derived from a remote ancestor, who sought for water in this way, or was in the habit of digging through snow for his food.

Lillies of the valley grow best in a damp dark place.

Not a Thing But a Service
—The Home Town Paper

SOME folks make the mistake of thinking of the home town newspaper as a thing, a contrivance of ink and paper, sometimes not a great quantity of either, when compared with big city papers. But the home town newspaper is not a thing, it is a service, just the same as is the telephone. And just as the \$12 or \$15 a year which we pay for the telephone service seems not too much, so is the \$2 or \$3, which at most is charged for the home town paper, trifling, compared with the real service which the paper, itself an institution, renders to all the other institutions of the community.

DEEDS FILED LAST WEEK IN COUNTY

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

B. B. Breeding to J. W. Reid, lots 1 and 2, blocks 10, Normal addition to Canyon. Consideration \$210.

C. N. Harrison to Mrs. Ada M. Park, 220 acres section 116, block 2. Consideration \$4400.

James E. Park to C. N. Harrison, 220 acres section 116, block 2. Consideration \$4400.

H. E. Hume to Thos. B. McCarter, lot 19, block 58, Canyon City. Consideration, \$250.

Crowdus Bros. and Hume to Thos. B. McCarter, lot 20, block 58, Canyon City. Consideration \$350.

W. S. Myers to Wm. E. Johnson, lots 7, 8, 9, block 74, Canyon City. Consideration \$125.

Herman Schmidt to Fay Oatis, lots 10, 11, 12, block 67, Canyon City. Consideration \$400.

Wm. Dittberner to S. P. Vineyard, east half section 88, block 2. Consideration \$10 and cancellation of V. L. Notes.

Answers: Girl: "I've lost my sweetheart!"
Her Chum: "How's that?"
Girl: "Why he went up to see pa, pa wanted a fourth at bridge, he played, and now he's going up to see father every night."

Lillies of the valley grow best in a damp dark place.

BIRD PHILANTHROPY

W. H. Hudson in "Adventure Among Birds:" A lady of Penzance who is a great lover of birds noticed that a blackbird and a thrush always came together to her lawn where she was in the habit of placing food for the birds.

Then she noticed that the blackbird fed the thrush, picking up the crumbs of bread and putting them into its mouth.

Looking more closely, she discovered that the thrush's beak had been cut off close to the head, probably by a steel trap or a sudden death spring trap, such as the children in Cornwall commonly use to catch or kill small birds.

The thrush was incapable of feeding itself.

A TRUE PROPHECY

One of the attractions at the country fair was a fortune teller's tent. A woman had taken her son inside and the seeress bent over the crystal ball.

"Madame," she murmured in deep mysterious tones, "your son will be a noted man if he lives long enough."

"How wonderful!" breathed the lady.
"What will he be noted for?"
"For his old age."

AND HER NAME WAS—

"Hear you got a new car. Does she rattle?"
"Rattle? I'll say she rattles—sounds like a skeleton having a chill on a tin roof."

If the bowels do not act regularly, assist them with an occasional dose of Herbine. It is a fine bowell tonic and laxative. Price 60c. Sold by Jarrett Drug Co. 324t

Tell me your insurance needs.

J. D. GAMBLE, AGENT

DEVELOPMENT OF GRAIN SORGHUMS PROMISES A NEW INDUSTRY FOR THE FARMERS OF WESTERN TEXAS

(By A. D. JACKSON, Executive Assistant, Texas Experiment Station)

Pat Nix has on his farm three miles east of Lubbock a field of pure kafir that is a splendid showing of uniformity and desirable showing as well as in high yield. Mr. Nix obtained seed from supplies grown at the Lubbock Substation in an increase plot from one of Superintendent R. E. Karper's selections which had survived four years of the most drastic requirements known to the science of plant breeding. The uniformity and high quality of this crop will result perhaps in an increased demand from growers of grain sorghums for seed of absolute purity from the very best of the known selections.

Numerous fine fields of Spur feterita in West Texas this season further attest the value of pure line selections. The yields of Spur feterita are reported by the Experiment Station to show about seven bushels per acre better than common feterita from which the Spur type was selected. Those who have been observing the pure line kafir selection made by Mr. Karper predict that it will show even a greater increase over the common blackbull white kafir from which it was developed than has the Spur feterita over its parent stock.

Enough progress has been made by the Experiment Station specialists in breeding grain sorghums that the station has announced in Bulletin No. 279 recently published that purity and uniformity of characters in kafir can be obtained in the second generation and that successive crops will show continued purity and uniformity with respect to individual characters. This means this pure line kafir known as Blackbul No. 453 if kept free from contamination will continue as a satisfactory high yielder.

Fourteen hundred pounds of this seed was distributed by the Experiment Station last season and it is expected that when reports are received, most of the results will show up as well as that on the Nix farm.

Statistics indicate that West Texas is producing annually about sixty million bushels of kafir, milo and feterita. This is conceded to be only a partial showing of the possible production in this section, because the area planted to these grain sorghums is limited to the popular annual estimates of the farmers as to how much production the markets will absorb. There seems to exist still a general notion that grain sorghums are not worth as much pound for pound as in corn. In fact, the market price has been around 40 per cent less than the market price of corn. The Texas agricultural experiment station has been for a number of years making exhaustive investigations to determine the comparative value of kafir, milo and feterita not only in competition among themselves but with corn. These investigations now point conclusively to the fact that there is no appreciable superiority of corn over grain sorghums nor milo, feterita or kafir over each other in a ration for fattening farm animals. Feeding test recently conducted at the Spur substation confirmed practically the scientific conclusion—that there is only a slight difference in the productive value of either of these grain sorghums and of corn in a feed ration.

Producers of grain sorghums are therefore greatly interested now in bringing the feeding public to a better understanding of the value of the new grain so that it may take its rightful place alongside corn in the grain markets. They argue plausibly that feeders will not continue very long to buy corn to feed their hogs and cattle and lambs at a price far above that at which kafir, milo and feterita may be had when they once learn that the grain sorghums are quite as good or better than the corn. They like to grow the grain sorghums because with the highly improved new varieties they have no trouble in producing more bushels per acre than they can corn and for that matter more bushels per

acre than accredited yields of corn in the great corn belt of the middle west. The grain sorghums are more certain of producing good yields in good and bad years than is corn.

They are more cheaply cultivated. They yield a better forage and in larger quantities and more easy of utilization.

All things considered the West Texas farmer is coming to wonder why his land is not worth even more per acre than the great corn farms of Iowa. He is particularly interested in the building up of the stock feeding industry right here in Texas so that the grain sorghums and forage sorghums and alfalfa and cotton seed meal may be converted into marketable fat on the hoof before shipment on the railroads. In this way tremendous savings in freight may be effected. He argues that it does not take any more steam to pull a carload of 12c cattle or hogs than to pull a carload of the same weight of cotton, grain or other cheap food stuffs.

PARTY WHIPS IN TROUBLE

Lincoln Journal: It is out of the question for a country as diverse as ours to be represented by two hard and fast parties. Our political machinery forbids our breaking up into numerous parties, as happens in countries under the cabinet system of government. But our machinery is not strong enough to prevent the actual division which it nominally forbids. We are forced into two great parties. But within the parties, and even across party lines, as we now see in Congress, the grouping goes on just the same. With increasing public intelligence and under present tendencies of all interests to organize, the live groupings within and across nominal party walls are bound to play an increasing part in the control of Congress. The party whips are to be pitied. Their job has become an impossible one.

DO YOU KNOW?

Benjamin Harrison is said to have spent only half his salary.

Hayes is said to have saved \$44,000 each year of his term as President.

Arthur, who succeeded Garfield after the latter died of an assassin's wounds, is reputed to have saved \$50,000 while President.

Cleveland entered the White House a poor man. Wise investments, suggested by a financial friend, turned his savings from the presidential salary check to a competency.

When McKinley became President he was in debt. During his five and one-half year term he managed to pay off his indebtedness, and at the time of his death it was found Mrs. McKinley had been adequately provided for.

Taft also was in debt when he went to the executive mansion, but is reputed to have emerged from the presidency with a comfortable savings account.

Roosevelt's estate, at his death, was estimated at very close to a million dollars. Legacies from his father and other relatives aggregated nearly \$200,000. While President, however, he also had a large income from his writings.

Twenty years ago former President Wilson applied for a Carnegie pension, and within the last year he refused an offer of \$250,000 for a book on the peace conference.

Skin Diseases Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 743 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

FOR POULTRY INSECTS that suck blood, such as chinchek, head lice, stick tight fleas, and all blood sucking insects, simply feed "Martius Insecticide" to your chickens. Money back guarantee by Jarrett Drug Co. 20110

Types of Wheat That are Adapted to Country

E. R. Humphrey, director of agriculture of the Board of City Development has made an extensive study of the various wheats that are adapted to the soil and climatic conditions of Potter and adjoining counties, and believes that Turkey Red wheat has proven the best commercial grains so far produced. Mr. Humphrey bases his opinions on reports from several milling chemists and practical millers.

Particular attention in this survey was paid to the famous Kanred wheat, the result being that Colorado millers and farmers have commented on it unfavorably. It seems that Kanred wheat has a tendency to soften and to lose its body, while Turkey Red is a hard wheat, bears well, and is subject to more severe weather and climatic conditions. Mr. Humphrey urges, therefore, that the farmers of the vicinity and particularly Potter county, sow for next year's wheat Turkey Red as a major seed, and be very careful as to the other wheat they plant, and especially with Kanred wheat.

Director Humphrey said that he recalled several months ago a statement by the county agent highly boosting Kanred wheat for this country at which time he favored it as an experiment, and that this statement to the farmers is not in conflict with the instructions that have been given by the county agent but as a result, as stated above, of a careful survey, bearing in mind the best interests of the farmers.

Mr. Humphrey is general manager of the Great West Mill and Elevator Company, and invites any farmer who is interested to visit the mill at which place they can see flour made from the various types of wheat.—Amarillo News.

WHEN A BUFFALO BROKE UP A SUNDAY SCHOOL

The time when a buffalo broke up a Sunday School is recalled by Fred Willard, an early resident and former county commissioner of Rice county. It was back in 1874 and Sabbath school was being held at a new school house erected a mile west of where Ebenezer church now stands. Worshipers had come from a distance of ten or twelve miles and the little room was almost full.

One of the pioneers who couldn't dispense with his plug, even during Sunday school was sitting in the doorway where he could expectorate. Suddenly he whispered that he saw a buffalo, he slipped out of the door and disappeared.

It was the moment of Uncle Jerry McName's long voiced prayer, and when the prayer was finished not a man remained in church. Each had tiptoed out and gone in pursuit of the buffalo. Seeing his attendance dwindling the superintendent grinned and dismissed the crowd which finally surrounded and killed the stray buffalo. It was skinned on the spot and apportioned among the crowd, so Fred Willard says, that donors to a Sunday school plate ever got anything in return.—Hutchinson (Kans.) News.

Automobiles, decorated for the purpose of advertising, are forbidden on the streets of Cleveland, Ohio.

LIFE WISDOM

It is not things, but false opinions about things, that trouble mankind.—Epictetus.

A man must either imitate the vicious or hate them.—Montaigne.

Nothing but past acts are vouchers for future.—Newman.

Thought takes a man out of servitude into freedom.—Emerson.

The first step toward greatness is to be honest, says the proverb, but the proverb fails to state the case strong enough. Honesty is not only the first step toward greatness—it is greatness itself.—Boovee.

Rogues differ little. Each begins as a disobedient son.—Chinese Proverb.

Conceit in weakest bodies strongest works.—Shakespeare.

Jealousy is a secret avowal of inferiority.—Massillon.

He that lends an easy and credulous ear to calumny is either a man of very ill morals or has no more sense and understanding than a child.—Mennander.

It is an equal failing to trust everybody and to trust nobody.—Proverb.

Honors come by diligence; riches spring from economy.—Chinese Maxim.

Riches amassed in haste will diminish, but those collected little by little will multiply.—Goethe.

A quiet mind tendeth to a level head.—Safed the Sage.

Sleep is to a man's whole nature what winding up is to the clock.—Schopenhauer.

Few men can afford to be angry. It

is a run upon their intellectual resources they can not meet.—Augustine Birrel.

Every tomorrow has two handles. We can take hold of it by the handle of anxiety or the handle of faith."

The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stack. Its pulley is properly placed for convenient lining up.

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

J. C. DOWD, Agent

THE CUSTOMER KNEW BEST

"Generally run down, sir?" queried the druggist; "slightly seedy and want a good toning up?"

The pale-faced customer nodded.

"Well, I've the very thing for you—Jenkins' Juvenator. Three doses a day and more if necessary. Fifty a bottle."

"No thanks," said the pale patient.

"But, my dear sir, it's the rage of the day. Jenkins' Juvenator is the greatest discovery of modern medicine. It's the rage of the season. Every one is—rejuvenating you might say."

"Yes, but I think I'd rather try something else," replied the customer.

"Nonsense," pressed the chemist. "I tell you Jenkins' Juvenator will have more effect on you in a single day than any other medicine could have in a month. It cures everything from coughs to corns. What is your objection to it?"

"Why nothing, only I'm Jenkins."

An added tax of from 1 cent to 2 cents on gasoline is now imposed on motor vehicles in fourteen states in the Union.

(Continued from Page One)

dependent a great deal on forward passes and the condition of the weather and the yielding line soon put an end to the pass work.

The Silverton team has a fighting spirit and they were a game bunch; but when a team meets their betters they are beaten. This was Silverton's case. If the game had been finished Canyon undoubtedly would have amassed a much greater score. Silverton had just entered the interscholastic league a few days ago and it is rather hard luck to be eliminated the first game but they are good players and gave Canyon a hard fight.

Canyon's line, Wooten, Callahan, Ridgway, Todd and Covington are due great credit for their solidity and flexibility. They mingled in the plays on offense and kept the Silverton fellows from mixing in the plays on the defense. They are indeed a good line.

The line up follows:

Canyon	Silverton
A. Key	I. McClelland
left end	
Wooten	Dixon
left tackle	
Callahan	O. Turner
left guard	
Ridgway	W. McClelland
center	
Todd	A. Turner

BOOK CLUB MEETING

The meeting of the Woman's Book Club will be held next Wednesday at the court house with Mesdames Cash, Burrow and T. C. Thompson, as leaders. The subject will be Emerson's poems, and the following questions bear upon the lesson:

1. Why does Emerson object to the doctrine of present misery and future reward?
2. How does the law of popularity or compensation work in the natural world? In man?
3. Interpret the statement "The world glazes itself in a drop of dew."
4. How is the quality or conflict of soul and body shown?
5. How does this law of compensation "find a tongue in literature unawares?"
6. Prove that you cannot do wrong without suffering wrong; that all infractions of love and equity in our social relations are speedily punished; that for every benefit we receive a tax is levied.
7. What is Emerson's definition of a mob, and how does this definition relate itself to the central idea of the essay?
8. Must we always suffer a loss for every gain?
9. Is calamity an unmixed evil?
10. Make up a list of twelve of the best short sayings in this essay.

C. M. HOUSER

Charlie Morris Houser, born in Wayne County, Ohio, Nov. 19, 1844, and a pioneer citizen of Randall county, departed from this world Oct. 28, 1921, at his home at Kress, Texas.

Mr. Houser was more commonly known as Uncle Charlie, for he won everyone's heart that had the pleasure of knowing him.

Uncle Charlie gave his life to Christ when a very young man. Each of his acquaintances were highly influenced by the good life he lived. He was a veteran of the Civil War, being among the first to enlist and served during the entire war.

Mr. Houser was one of the oldest members of the Masonic Lodge of Canyon and also at Kress. He came to Texas in 1872 settling in Dallas county; later moving to Kaufman county in 1873; and from there to Randall county in 1882. In 1910 he moved to Kress. He had been an invalid for two and a half years, although never a complaint was heard from him.

On August 2, 1874 he and Miss Margaret McDonald were united in marriage at Kaufman, Texas. His wife died in 1892. In 1893 he was married to Mrs. C. H. Smith who was a faithful and true companion to him the remainder of his life.

The funeral services were held at the Methodist church at Kress, Oct. 29th, in charge of the Masonic order. The pall bearers were his sons, Lee Houser, George Houser, Emmett Houser, and his two sons-in-law, W. B. Campbell and Bert Bagley.

His older brother, John, passed away just three weeks before Uncle Charlie. Mr. Houser is survived by his wife, Mrs. C. M. Houser, Miss Myrtle Houser, George Houser, and Mrs. Bert Bagley of Kress, Mrs. W. B. Campbell

of Canyon, Lee Houser of Kansas City, John Houser, Emmett Houser of Electra, Texas.

HAPPY HAPPENINGS

Vincent Grounds died last Wednesday afternoon at the home of his parents, Mr. and Mrs. C. L. Grounds, four miles west of Happy. He had been sick and unable to work for many years. Mr. Grounds has lived in our midst for about four years. His friends were numbered by his acquaintances. He was a genial, sweet spirited consecrated young man. To say that he was a Christian early in life, he united with the church and then that he was consecrated in his life speaks volumes in meaning. Surely from our midst a noble young man has gone, who by loved ones and friends will never be forgotten. The funeral services were held Thursday afternoon at 4 o'clock at the Methodist church, Rev. C. W. McNeely conducted the services. Happy school dismissed for the services. Mr. Grounds was laid to rest Thursday evening in Happy cemetery. The many friends and relatives of Mrs. Vincent Grounds extend her their greatest sympathy in this time of their bereavement.

W. G. Newton has a new store building under construction.

Miss Louise Brown is telephone operator now.

Misses Mildred Zoellers and Ela Alkman entertained their rooms last Saturday afternoon with a Halloween party at the school house. All the folks report a good time.

I. J. Kuper was a business caller in Tulla Saturday.

Dr. A. R. Hays of Tulla was called to the home of J. W. Bandy last Friday afternoon to see Mrs. Bandy, who has been real sick but is somewhat better now.

About one hundred new song books entitled "Uncle Sam's Favorite Songs," were received last week for the school. They were bought with the proceeds of the box supper which was given a few weeks ago.

A Halloween party was given by Miss Annie Crawford last Saturday night at the home of John Burgess east of town. The house was decorated in Halloween style and Halloween games were played. About thirty young people were present and all report an enjoyable time.

A Halloween party was given Monday night, for the high school students, at the school house. All the high school students were present and several others. Cocoa and cookies were served. The auditorium of the school house was decorated in Halloween style. There were several ghosts present. Everyone had a nice time.

Mrs. M. B. McManigal, Erwin McManigal and Mrs. O. H. Rahlf were Tulla callers Thursday.

Miss Mildred McManigal went to Canyon Saturday.

Erwin McManigal and Miss Margie Robinson attended the show in Canyon Thursday night.

Misses Mildred McManigal, Margie Robinson, Nellie Franey and Annie Shuman, and Erwin McManigal, Ernest Shuman and Albert Newberry went to the canyon Sunday.

J. R. Franey and family and O. H. Rahlf and family spent Sunday with M. B. McManigal and family.

Happy Methodist Sunday school was represented by thirty-three members at the Institute held at Kress Sunday. Happy took his banner for the second time this year.

Rev. B. F. Ray, who is a blind man, spoke in the Baptist church Monday evening at 7:30 o'clock.

A Halloween party was given at the home of Mrs. Hugh Shannon Monday night for her Sunday School class of Juniors.

A Halloween party was given at the home of Mrs. E. D. Goodnight Monday night. There was a large crowd present and all had a good time.

S. M. Downing of Canyon shipped cattle from Happy last Thursday.

Mr. and Mrs. Olney Newberry who formerly made their home in Tulla arrived in Happy Tuesday afternoon. They will make their home here now.

Hall Wrenn and Doyle Bates went to Dimmitt Sunday.

Rev. Hardy, the new presiding elder of Plainview Methodist district held services at the Methodist church Sunday evening.

Rev. Hall of Panhandle held services at the Baptist church last Saturday afternoon and Sunday evening. He is pastor of the Baptist church now.

The Baptist Woman's Missionary Union met at the Baptist church this week.

Prayer meeting was held at the Baptist church Wednesday evening.

H. G. Bowe and family spent Sunday in Amarillo with Mrs. Bowe's parents.

J. F. White and Mrs. Painter of Canyon were married in Canyon last Sunday. The many friends of Mr. and Mrs. White extend them many congratulations.

Women are found to use more care and have fewer accidents while operating motor vehicles than men. They, too, are credited with showing more courtesy on the highways.

WAYSIDE ITEMS

Delightful autumn weather prevails. A number of times within the past month had weather was threatened but passed by and gave the farmers another opportunity for field work.

Quite a number have dusted in their fall wheat, while others are waiting for the rain that seems long delayed. The ground is very dry. Don't think the acreage in wheat in this vicinity will be quite so large as in past years.

Miss Mittie Hamblen is visiting her brother, D. H. Hamblen, this week. J. T. McGehee and wife from Canyon came out to their Wayside home last Tuesday.

J. H. O'Neal and sons, Van and Leonard, have traded their section lying west of Wayside with Mr. Knox of Dimmitt. O'Neals got a dry goods store also a grocery and hardware store and dwelling of six rooms. We understand Mr. Knox has a large family, 12 children, 7 in scholastic age.

A large crowd assembled at the school building Monday night to witness a Halloween program. It was well gotten up by our teachers, Prof. Foster and assistants, Misses Naason and Nance. The school and several young people of the neighborhood carried it out well. Spooks and witches were much in evidence. Spoon drill by eight little boys was good. Everyone seemed to have a good time.

Mrs. Thad Cobb is living with W. L. Cobb on the old Wilson place and sending her children to Wayside school.

Fletcher Gilham and family are moving to the Maxwell place near Happy. J. C. Mayo and family will take their places at Willis Fisher's.

Jim Yarbrough is now occupying the old Yarbrough homestead, now owned by Nathan Schee of Canyon.

Joyce Lane had his arm broken Friday afternoon when he fell from a Shetland pony. He is getting along nicely.

W. J. Sluder has been suffering with mumps the past week.

METHODIST CHURCH

Sunday School is still growing. We are always glad to see you. Fine fellowship and excellent teaching. Come next Sunday.

Preaching at 10:45 and 7:30. Morning theme: "Soldiers of Comfort." At the evening hour, Rev. G. S. Hardy, our new presiding elder will preach. He will hold our quarterly conference just after the evening service.

HALLOWE'EN COMES AND GOES

Halloween, with its usual bunch of pranks, passed in Canyon Monday night without serious damage to life, limb or property. The kids had a glorious time, and the older folks were kept awake with ticktacks and rosin strings. Several pretty halloween parties were held about the city.

PAINTER-WHITE MARRIAGE

Mrs. Painter of this city and J. F. White of Happy were married Sunday afternoon at five o'clock at the home of Rev. B. F. Fronbarger. Mrs. Painter has been a resident of this city for some time. Mr. White is a prominent business man of Happy, being manager of the Farmers' Exchange.

CARD OF THANKS

We wish to extend our most sincere thanks and appreciation for the many kindnesses shown us during the illness and death of our husband and son.

MRS. D. V. GROUNDS
C. L. GROUNDS AND FAMILY.

CHRISTIAN CHURCH

On Sunday morning at 11 o'clock Rev. E. A. Osborne will speak about "The Prepared Table." At 7:30 p. m. the subject of the sermon will be "Who Owns the World?" The Bible School will meet at 10 a. m.
