MALICIOUS LIE,' SAYS JUDGE GARRETT

About Our Friends

By STEP A. LONG

A. D. Schmidt, highway engineer in charge of highway work in Cisco, reports 98 men working on the highway. Last week's payroll was almost \$1,000. Should make the merchant's sales increase. Says work is progressing nicely. Nice chap, that fellow. acquainted with him and Mrs. Schmidt. If not already. They are in our city a whole year.

H. H. Boon, J. T. Elliott and C. Nichols are having a nice social on the board of equalization of the city. They take it time making speeches to each other, and sometimes like a woman's cheering, all stand and speak at it. Our observation is that they are compelled to listen quite a bit of the time.

Mrs. J. C. McAfee downtown. Kenneth Jones offering us money. Nothing like a good old friend. Lots of dough. Mrs. Carl Perry with a bundle of groceries. Jewel Poe and J. T. Berry looking lonely at the post office. Had Mrs. Horace Conley seeing show.

When Brown is there Starling is going off and when Starling is there, you can know where Brown is. So said R. I. Lee as he finished his paint brush and provided to make an old wrecked piece of furniture into a valuable piece that would be worth many dollars if he had the proper customer and the customer had the cash.

Were a little afraid the political campaign may ruin interest in Cisco oil well and we won't get the back yards drilled here. Most every citizen is cleaning up tin cans and burning the trash, stepping off the ground for well. Wondering if the neighbors wouldn't let the slush pit be moved over there on his lot.

L. B. Isaacs is already planning on several more cows. He decided however just where he wants to put the first well. He doesn't want to ruin the peach orchard.

TEXAS CASTS LARGEST VOTE, BUREAU SAYS

DALLAS, July 30. (U.P.)—Texas of 1936 was swept into the democratic nomination last Saturday on the largest tide of votes ever cast in the state, Texas Election Bureau revealed today.

The bureau ceased tabulating results last night after accounting for 10,518 votes from the state's 254 counties, 215 complete.

In the Railroad Commissioner's race, Chairman E. O. Thompson led 401,987; Frank Morris 166,582.

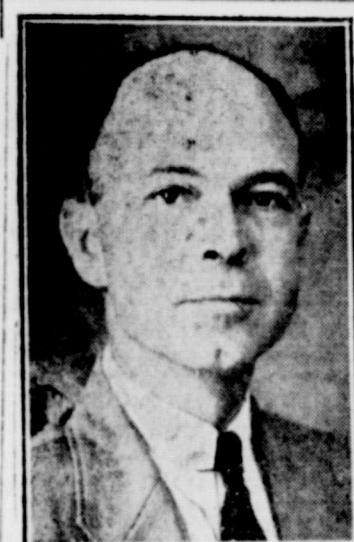

Former Navy Man Pleads 'Not Guilty'

WASHINGTON, D. C., July 30. (U.P.)—John Farnsworth, former U. S. Navy lieutenant commander charged with espionage in connection with the attack on the Japanese battleship, pleaded not guilty today in the federal court of appeals. The indictment specifically accused him of selling a confidential document published by the navy department.

After his plea today, Farnsworth's attorney was granted ten days in which to file motions and Farnsworth was returned to jail.

To Speak In Cisco Monday

FRED O. JAYE

Jaye and Cong. Blanton, the latter being in the run-off Aug. 22, with Hon. Clyde L. Garrett, will speak at the City Hall, in Cisco next Monday at 10:30 a. m.

ALLRED WANTS TO BE BETTER GOVERNOR

AUSTIN, July 30. (U.P.)—Governor Allred today announced his present ambition. It is "to make a better governor in the next two years than in my first term and then, practice law and begin to make a living."

His plans have not progressed to the selection of the place he will resume law practice.

The governor and U. S. Senator Tom Connally conferred yesterday. The talk was entirely friendly, despite reports that the Governor may oppose Connally when the next senatorial race comes around in 1940.

'We Quit,' Says Jim In Editorial Today

AUSTIN, July 30. (U.P.)—The Ferguson Forum issued for 19 years by former Governor James E. Ferguson announced its suspension today in an editorial under the heading "we quit."

"While I take this action, with some degree of regret," Ferguson said, "I feel that I have earned a vacation."

Poor Farm Resident Jumps In Lake Worth

FORT WORTH, July 30. (U.P.)—William Anderson, 67, former county poor farm resident, will get no old age pension. Yesterday he jumped from a highway bridge into Lake Worth and drowned before life guards could rescue him.

Weather Bureau experts predicted a wind approaching 80 miles an hour would strike the coast. If the storm continued its present course, it might hit Tallahassee, city of 11,000 tonight.

Spain Declines To Furnish Conveyance

WASHINGTON, D. C., July 30. (U.P.)—The Spanish government today declined to provide a special train to evacuate Americans and other foreigners from Madrid.

SUBMARINE SHOOTS AIRPLANE

GIBRALTAR, July 30. (U.P.)—A Spanish submarine today shot down a rebel airplane which was carrying troops from Morocco.

GOVERNMENT DEFEATS REBELS

SAN SEBASTIAN, Spain, July 30. (U.P.)—Government forces supported by volunteers, defeated insurgents seeking to capture Pasaia today after a battle which lasted all night. The rebels fled into the night.

WILL ADDRESS VOTERS AT CITY HALL AT 10:30

The Blanton-Jaye lineup for the second primary race for congress fires a gun in Eastland county Monday, August 3, when Blanton and Jaye are to open the campaign in Cisco at 10:30, according to a request by Mayor J. T. Berry from O. H. Moore, De Leon, executive secretary and organizer for the Townsend forces in his district, which asks for the use of the city hall for that hour.

Mayor Berry said he received a telephone message from C. H. Moore Wednesday afternoon requesting the use of the city hall for Messrs. Blanton and Jaye who will speak at that time. Thus it would seem that Mr. Blanton will push an active fight in Garrett's home county whether Mr. Garrett meets him in joint discussion or not.

On Tuesday of this week Congressman Thomas L. Blanton hurried a challenge at Judge Garrett asking for joint discussions all over the district. Closely following Fred O. Jaye, trailing third place in the race, makes a fiery address in Abilene and says that his sense of decency and good citizenship was outraged by an offer some three weeks ago of \$2,500, in bills which were waved before his eyes. If he would withdraw from the congressional race. It was not Garrett who offered the money but a friend of Garrett's. He further repeats the oft-timed made assertion that a slush fund of \$25,000 had been sent to this district to defeat Blanton.

O. H. Moore, executive secretary and organizer for the Townsend clubs in this congressional district says that his organization has a paid-up membership of between 10,000 and 11,000 and infers that he can deliver this vote to Blanton, the candidate for which his organization is now actively supporting.

Meantime the fact that Blanton has not been a friend of the Townsend movement and against the further fact that the Townsend forces came near endorsing Judge Garrett as their nominee.

Judge Garrett announced Wednesday that his present intentions were to not engage in a joint discussion with Mr. Blanton but that he would have an answer for these gentlemen within a few days.

Judge Clyde Garrett opens his campaign for the second primary election today in a speech at a picnic at Bass Lake, near Gorman.

80-MILE GALE IS EXPECTED IN FLORIDA

APALACHICOLA, Fla., July 30. (U.P.)—A tropical storm carrying hurricane winds at its center, swung slightly westward today probably will strike the Florida coast between here and Pensacola during the afternoon.

Weather Bureau experts predicted a wind approaching 80 miles an hour would strike the coast. If the storm continued its present course, it might hit Tallahassee, city of 11,000 tonight.

Voters Urged To Not Be Influenced

FORT WORTH, July 30. (U.P.)—An appeal to voters in the 12th congressional district to "settle their own conscience" whether they will follow President Roosevelt or Dr. Townsend, was made today by Fritz Latham in opening his runoff campaign for re-election to congress.

He is opposed by Julian Myer, candidate of Townsend Pension Plan supporters.

"The people of this district declared in no uncertain terms last Saturday that they will not be lured away from President Roosevelt by fantastic proposals," Latham said.

Political Campaign Runs In 'High Gear'

CHICAGO, July 30. (U.P.)—The republican campaign rumbled into high gear today when party workers from every state invaded Chicago to tell Frank Cox officially that he will be the vice presidential candidate.

Cast for Romance by Rialto

The Song of Love is the favorite aria of Diva Lily Pons and Bandmaster Andre Kostelanetz, insists intimates of the Broadway musical stars. So perhaps, this arms about each other pose is more than just professional informality. They've also been seen together often at those intimate rendezvous frequented by romantic New York couples.

AN OPEN MIND ON SESSION OF LEGISLATURE

AUSTIN, July 30. (U.P.)—Governor James V. Allred today says he has "an open mind" on a special session of the state legislature for social security legislation.

He said that at this time he cannot say whether a session will be desirable, whether legislation will be needed before the January regular session, and whether the unemployment insurance act will be held constitutional, are questions delaying a decision.

Allred expressed belief that September will see an increase in old age assistance funds because license renewals now are being made by liquor dealers.

Meantime the state board has been preparing a report on the steps necessary to participate in the federal program. Check machines in the state comptroller's office begin grinding out the second payments for old age assistance to be made August 1st.

Warren Prepares For Death Tonight

HUNTSVILLE, July 30. (U.P.)—Glenn Warren, 23 year old, slayer was prepared today for death shortly after midnight in the electric chair.

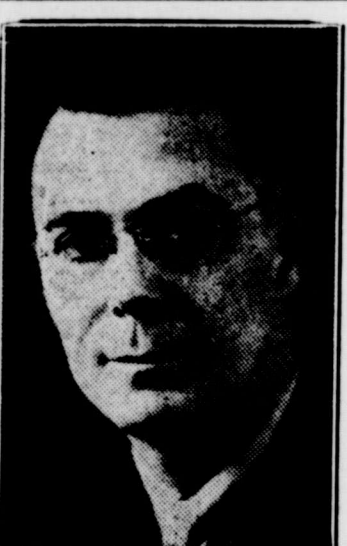

A 21 day stay of execution granted Warren July 9 expires at midnight, and Governor Allred has refused to interfere. Warren was convicted of murdering C. E. Canler, Sr., during a robbery two years ago.

DIXIE FARMER FUTURE ROSY; PRICES HIGHER

AUSTIN, July 30. (U.P.)—Deceased carryover of cotton increased production and prices \$5 a bale higher than last year, point a bright future for Dixie's farmers as the new cotton crop opening August 1 approaches.

The new crop year outlook is good for the cotton growers of the south generally and much better for Texas growers than last year, Dr. A. B. Cox, cotton expert from the University of Texas said today.

Rotary Governor

FRED WEMPLE
Midland, Texas

ROTARY HEAD MAKES VISIT IN CISCO TODAY

District Rotary Governor Fred Wemple of Midland, spoke at the Rotary luncheon today concerning the influence of Rotary on world peace and education. He stated further that a study of the principles taught by this international organization would make better citizens of men whether they were Japanese, Chinese or Americans.

His talk was warmly received and he stated that he would meet members at a round-table discussion of problems at the chamber of commerce tonight.

Miss Jewel Ely, violin and Mrs. B. A. Butler at the piano, were honored on their musical program provided by R. N. Cluck.

FORT WORTH LIVESTOCK

Cattle, 24.00. Steers 5.25 to 6.75; calves, 13.00; yearling 6.00 to 9.00; fat cows, 4.85 to 5.00; cutters, 2.50 to 3.25; calves, 3.75 to 6.50.

LABOR GROUPS ENDORSE RACE OF GARRETT

FORT WORTH, July 30. (U.P.)—The State Four-Railway Brotherhoods and the State Federation of Labor are behind County Judge Clyde L. Garrett of Eastland in his race to replace the veteran congressman Thomas L. Blanton of Abilene, labor officials revealed here today.

The decision to support Judge Garrett was reached in a labor meeting in Austin Tuesday.

The labor organizations are opposing Blanton because of his "unfavorable labor record," Joe Steadham of Fort Worth, legislative representative of the railway brotherhood said.

Three of the four brotherhoods went on record as favoring Ernest O. Thompson for re-election to the railroad commission over his runoff opponent, Frank Morris of Dallas. Others remain neutral.

The labor group decided to take no stand in other state and congressional races.

PWA Officials To Meet August Fifth

AUSTIN, July 30. (U.P.)—Texas city officials will meet here next Wednesday to consider plans for obtaining PWA allotments from which all Texas projects were omitted in the latest announcements of approvals at Washington.

Texas' projects were reported omitted because only relief labor is to be used and unemployed skilled workers were lacking. Previous rules required only a percentage of relief labor.

Alexander Resigns Board of Education

AUSTIN, July 30. (U.P.)—S. L. Henderson of Bryan today became a member of the State Board of Education for a second term. He succeeds Ernest Alexander of Dallas who has resigned.

Third Party Plans To Get Under Way

AUSTIN, July 30. (U.P.)—Third party plans in Texas will get under way Saturday when county conventions have been called on behalf of the Union party. R. H. Mayhall of Austin, issued a call for the Travis county convention and said a state convention is planned for August 11 at Austin.

First Regatta Set For Mineral Wells

The stage is all set for the first annual Mineral Wells regatta at Lake Mineral Wells next Sunday, August 2, sponsored by the junior chamber of commerce and directed by the Fort Worth Boat Club. The boat club also has selected a group of expert racing judges.

\$600 cash prizes await the first four men in the eight big races of the program starting at 1:30 p. m., each race getting off by a clock start.

Thrill for the spectators and spills for the race drivers will abound as a large field of drivers from all parts of the Southwestern United States compete in fast company on the five-mile course.

The entire race course will be visible to spectators at Civic League Island, the peninsula opposite the boat house, and the surrounding hillsides.

Plans are being worked out to have a loud speaker for the purpose of announcing entries and the winners as well as a description of the races as they are run.

Race drivers already entered include: Jack Mitchell, Tulsa, Okla., C-F Runabout, first to send in an entry. Racing number 0-88 (won Runabout at Brownwood recently).

BIG PREMIUMS FOR DAIRYING AT CENTENNIAL

DALLAS, July 30. (U.P.)—The biggest sum ever spent for premiums on Holstein-Friesian cattle will be divided at the Holstein competition during the National Dairy Show at the Texas Centennial Exposition, October 10-18.

Nineteen classes will divide \$5,000 according to Prof. W. L. Stangel, exposition livestock director. In ten classes first place winners will draw down from \$100 to \$225 each.

The Holstein-Friesian Association of America will present ten highly coveted rosettes to the senior, junior and grand champion females, senior, junior and grand champion bulls and to the premier breeder and exhibitor.

Owner of the grand champion cow will receive the Frederick L. Houghton Memorial Trophy and the owner of the best produce of dam, the Frank Tilden Price Memorial Trophy. The Robert E. Hager Memorial Trophy goes to the owner of the best get-of-sire.

The National Dairy Show is the greatest event of its kind in the world and is expected to bring at least 600 of the most aristocratic dairy animals on record to the \$25,000,000 World's Fair that will operate to November 29.

Miss Blanton Back At CC Office Today

Miss Ruby Lee Blanton resumes work as assistant secretary at the Chamber of Commerce today after an absence of several weeks on account of an operation for appendicitis at Graham Sanatorium.

Miss Johnnie Sue Slaughter has been substituting as assistant secretary during the absence of Miss Blanton.

Community Wins In Game Last Night

The Community Natural Gas company took the long end of the 9 to 2 score in the soft ball game at the park last night when the community and Fire Department teams, winners of the Monday night double header played a fast game to a rather small crowd of fans.

Two merchants teams will play Monday night, Nick Miller and Edw. Lee, will secure teams to lock horns for a hot contest and it is said these games will be between the ranks of good players. It is supposed to furnish a great deal of fun rather than for the purpose of winning a victory.

Many Wounded In Fight In Mexico

LAREDO, July 30. (U.P.)—Reports reaching here from Monterey, Mex., said three persons were killed, eight wounded, and 500 arrested last night in a clash between police and members of an anti-communist society.

FIRST SPEECH OF CAMPAIGN IS AT GORMAN

The charge of Fred O. Jaye, DeLeon attorney endorsed by Townsend clubs, who failed in Saturday's primary election as a candidate for Congress from the 17th district, that a slush fund of \$25,000 from Washington is being used by him, was termed a "malicious lie" Thursday by Judge Clyde L. Garrett.

Preparing to deliver his first speech since the primary at Bass Lake, near Gorman in Eastland county, Thursday afternoon, Judge Garrett reserved comments on Jaye "joining the Blanton forces," and said:

"I shall have nothing to say about that at this time. His reasons for doing so is already too well known to the people of this district."

"I propose to continue my campaign along the same lines as in the first primary, unless my opponent should adopt methods other than those used in the first primary," Judge Garrett declared.

Blanton told the voters that he is running purely on his record and that he was not mentioning his opponent's name and that if he had to deal with personalities, he did not want the office. It is to be hoped that it will not be necessary for me to have to adopt any other type of campaign than that used heretofore."

Continuing Judge Garrett said: "The result of the first primary clearly indicates that the character of campaign I waged met with the hearty approval of the voters of this district. They have given me about 5,000 more votes lead over Mr. Blanton."

Garrett has not fully outlined his speech, Gorman stores prepared to close this afternoon. The candidate is a native son of Gorman.

Garrett stated he would favor in his Gorman speech:

An adequate and liberal old age pension.

Right of free speech and free press.

Adequate hospitalization and reasonable compensation for disabled veterans of all wars.

A balanced budget obtained by elimination of useless expenditures that have increased taxes.

A tariff on foreign oil and farm and ranch products.

More jobs and less doles.

Strengthening of federal anti-trust laws.

Army, navy and air service adequate for national defense.

Appeal of federal emergency legislation as business improves.

Elimination of income tax loopholes.

Establishment of merit system for all postmasters.

Restoration of agriculture in the nation's basic industry.

Better protection of labor and small producers and distributors.

Garrett opposes foreign alliances, issuances of more tax exempt securities, any federal sales tax, federal control of all industry and use of the franking privilege.

MANY CISCOANS ON GOOD WILL TRIP TONIGHT

A. D. Starling, president of the Junior Chamber of Commerce, has been promised a big delegation for the Putnam good will tour in connection with the Lobo band tonight.

There will be no concerted gathering here but all will meet in Putnam about 8:15 when the band will give a concert and business and professional men will be introduced by Mr. Starling.

A Summer Song Of Cotton

Have you ever watched a row of colored cotton choppers etched against the sky? As Conrad Frederick Smith says in a little prose poem about cotton-chopping time in Dixie: "These toilers might be the sturdy farm workers in the harvest fields of France to whom Millet gave immortality, or the more lonely figures who chant ceaselessly while they pull boat ropes along the Volga's banks." Here is a portion of Mr. Smith's "Song of Cotton":

"From broad fields basking in a summer sun arises the ancient Song of Cotton—a muted chorus of hoe hands, their heads bent low over flashing blades.

"Worn hoes with edges keen as Damascus swords swing in unison to shuffling feet, to the rhythmic sway of sturdy shoulders. Sharp steel scrapes grass and weeds away from tender young plants that one day will be dressed in bridal white. Clod fly, weeds tumble.

"Down long rows steadily plod the choppers. Fresh-turned earth. Cool bare feet. Shimmers of heat dancing over the fields stretching to far green horizons.

"It is hoe now—hoe while the sun is high in the heavens—hoe while the grass grows and a moist, fertile soil lends vigor to all growing things. The fight is on.

"In these early battles the Song of Cotton, like that of the hoe hand, is muted like the faint notes of a far-off bugle. But when harvest comes, it will flower into full, magnificent sympathy. Crisp September and October days and bursting bolls. Cotton—fleecey and white as wind-tossed ocean spray; cotton, whose tiny fibers bind the world together. In anticipation of snow-white autumn fields, bringing to Dixie the wealth on which all classes largely depend, the Song of Cotton is even now touched by a hope that gives zest to every labor."

Recipe For Making A Home

The following recipe for making a happy home comes from Miss Sylvia Slocum, a Virginia District Home Demonstration Agent:

"Take a full cup of Friendship, add one cup of Thoughtfulness;

Cream together with pinch of powdered Tenderness. Very lightly beaten into a bowl of Loyalty, with one cup of Faith, one of Hope, and one of Charity;

Be sure to add a spoonful each of Gaiety that sings, And the ability to laugh at little things;

Moisten with sudden tears of heartfelt Sympathy, And bake in a good-natured pan. Serve repeatedly."

FRECKLES and HIS FRIENDS

TO THE CITIZENS OF EASTLAND COUNTY

It is with a feeling of gratitude that I express to each of you my sincere appreciation for the liberal vote you gave me in the election last Saturday. By your vote and support you placed me in the second primary election to be held August 22.

Out of approximately 7,270 votes cast you gave Judge W. D. R. Owen and myself approximately 4,441 votes, which to me indicates that a great majority of the citizens desire to elect to that important and responsible position a man who is qualified by education and experience to perform the duties in an efficient and capable manner.

If this is your desire, then I appeal to you to give me your support and vote in the second primary, and if elected I promise you to perform all duties of this office in a manner that will be a credit and honor to the citizens of this County.

Yours very sincerely,

W. S. ADAMSON

Rising Star Man Takes Poison, Lives

William Koonce, 55, prominent business man of Rising Star who is in a serious condition following the swallowing of three bichloride of mercury tablets Wednesday, was operated and the operation was considered successful if he could live 24 hours. At that time, he was reported still alive, though very weak and hopes were still held out for his survival.

Mr. Koonce was formerly manager of the Higginbotham store at Rising Star but lately engaged in liquidation of banks in this area. He told his wife Wednesday morning that he had taken the tablets and a son-in-law gave emergency treatment until a doctor could arrive. It was decided to operate which was done Wednesday afternoon.

RIP GALLOWAY SAYS THANK YOU
To the Voters of Eastland County: As I enter the runoff campaign, I want to express my gratitude to the people for the splendid vote they gave me in the first primary for the office of County Clerk.

Making my first race for any office and unfamiliar with campaign methods and practices, nevertheless I received 2,683 votes in a three-cornered race. Particularly am I grateful for the vote of my home box which gave me 537 to my opponent's 68. I am proud of this magnificent endorsement from the people among whom I have lived for the past 18 years.

I shall conduct the runoff campaign just as I have in the first race—on a high plane—contending myself with pointing out that I have never held public office, that I have never before been a candidate and appealing to the voters on the time-honored Jeffersonian principle of rotation in office.

To those who saw fit to vote for either of my first primary opponents, I have only the kindest feelings and may I ask that between now and August 22 you inquire about me from those who, through the years, have had an opportunity to know me well and I will abide by their verdict. If you see fit to elect me, I promise you the very best service of which I am capable, based upon 20 years of clerical and business experience.

I appeal to my friends, who did me so many kindnesses in the first race, to continue their efforts and there will be no doubt as to the outcome.

Total Results in County Clerk's race: Galloway, 2683; Davenport, 1665; Collier, 2923.

Sincerely,
R. V. (RIP) GALLOWAY.

TO THE VOTERS OF PRECINCT NUMBER 4

I wish to express my sincere thanks and appreciation for your support of my candidacy for Commissioner. Your support has placed me in the runoff primary. I have made the race on my own merits and qualifications and will continue to the end in the same manner. I feel that the experience I have had as City Commissioner and Street Superintendent of the City of Cisco will enable me to handle the business as well as the work in a first-class and businesslike manner. It will be my purpose to serve the whole precinct alike if you see fit to elect me your Commissioner on August 22nd, 1936. I have only one promise to make and that is to give the office the BEST there is in me. It will be impossible for me to see each voter so I want you to take this as a personal appeal for your vote and influence.

EARLY TEXAS ROMANCE NOW IS RECALLED

DALLAS, July 31. (U.P.) — Two Hundred and twenty-two years ago in the presidio of Fort St. John, on the Rio Grande where the town of Eagle Pass now stands, a fiery and beautiful Spanish senorita stood up and called the governor of Coahuila a fat fool to his face, and dared him to do his worst.

The governor, being a man of action, took the lady whose name was Maria de Villacres, at her word and threw her lover, the Frenchman, Louis St. Denis, into the dungeons of Monclova. His Excellency's remark just before the heavy iron door clanged shut, was that St. Denis could rot there, unless he was willing to release the Senorita de Villacres from her vows of love. And St. Denis shouted back that he'd rot then.

Out of this Spanish brawl of love, intrigue, and treachery, arose the first woman politician in the Land of the Tejas. Maria, seeing that her uncle, Don Ramon, commander of the presidio, dared do nothing to aid St. Denis, herself took horse and coach and made the overland journey to Mexico City through hundreds of miles of infested jungles and over mountain passes, to plead with the Viceroy for the life of her beloved.

So well did Maria speak for the Frenchman that the Viceroy released him from the dungeons of Monclova, granted him permission to establish a trade route between the French and Spanish colonies, and was host to Maria and Louis on their honeymoon.

The Franciscan Friars, who were desirous of establishing missions in East Texas, were needing a guide. Louis St. Denis and his wife rode with the monks out of Mexico City down to the Rio Grande and over

the route which St. Denis had blazed when he came into the Land of the Tejas Indians out of Louisiana.

Thus, the Old San Antonio Road, now in use for two and a quarter centuries, had its beginning in Texas' first love affair in the patio of Fort St. John one August evening in 1716. Smooth pavements now cover the highway that once only was a footpath.

This charmingly true and thrilling love story is one of the latest scenes in the Cavalcade of Texas, now playing at the Texas Centennial Exposition as the major attraction, the most talked about dramatic spectacle ever presented at any World's Fair.

School Moratorium Is Called For Year

PORT WORTH, July 29. (U.P.) — The \$17,000 suit filed by bondholders against the Eastland Free School Incorporation was disposed of yesterday when Judge Davidson said he would approve a tentative settlement of the case which would leave the suit on the docket for one year.

The settlement was offered by both sides. Bondholders in the hearing yesterday sought to have \$17,000 drawn from the interest and sinking fund for operation of the school incorporation during the past two years, restored. The other side contended that the school incorporation could not be operated on the present tax rate of \$1 on each \$100 valuation of taxable property without drawing from the sinking fund.

FIRST GRADE QUALITY—The new Firestone Standard Tire is built of first grade materials, by skilled workmen, and embodies the Firestone patented construction features of Gum-Dipping and two extra layers of Gum-Dipped cords under the tread.

GUM-DIPPED CORD BODY—Every cotton fibre in every cord in every ply is soaked in liquid rubber.

This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road shocks, gives extra protection against punctures.

LONGER NON-SKID MILEAGE—The new scientifically designed non-skid tread is wider, flatter, with more and tougher rubber on the road, giving long even wear and thousands of extra miles.

LOW PRICES—These low prices are made possible by volume production in the world's most efficient factories.

It may save your life

Thousands are killed or injured every year when blow-outs throw cars out of control because at 40, 50, 60 miles an hour the heat inside the tires is terrific—as hot as boiling water.

1. This heat causes rubber and fabric to separate.

2. A tiny blister forms—grows bigger and BIGGER.

3. Sooner or later—Bang! It's a blow-out! You can't stop you can't steer!

NO OTHER TIRE HAS THIS BLOW-OUT PROTECTION

But built into every Goodrich Silvertown is the Life-Saver Golden Ply. This amazing invention resists heat so that rubber and fabric do not separate—blisters do not form—thus this great unseen cause of high-speed blow-outs is checked before it gets started.

Brownwood Auction Livestock August 8

Brownwood Livestock Sales Commission Co., Inc., announces that the opening sale of livestock will be held at the new auction pavilion at Brownwood, Saturday, August 8. After the opening, sales will be held weekly on Saturdays.

One of the best auctioneers available anywhere will be in charge of the sale; pens fully equipped to the care of thousands of head of stock of all kinds are ready; a new auction ring affording a large number of seats with good view of the ring has been completed and everything is in readiness for the first sale, for which a large number of stock of all kinds have been listed.

Buyers all over the country have expected to attend—some from as far away as Mississippi.

The management stresses the fact that the local yards have been cleaned with a view to taking care of the immediate Brownwood territory—and emphasizes the fact of making Brownwood one of the outstanding markets of the kind in the country.

They urged that the entire territory co-operate with them in doing so, and, of course, by so doing create a more convenient permanent market for the stock of the section.

All kinds of livestock will be sold—horses, mules, cattle, sheep and goats—water has been piped all over the yards, and arrangements have been made to handle a large number of stock at a reasonable rate.

The yards are located on Central Avenue in Brownwood, near the intersection of railroad tracks, with direct chutes from alleys, truck and trailer chutes. Everything with anything in the livestock to sell is urged to be here Saturday, August 8th.

There is no danger of overcrowding, there is plenty of pen room and as many as a hundred individual sales per day possible with the arrangement.

DESDEMONA

By MRS. W. C. BEDFORD

Mr. and Mrs. R. J. Krapf and their son, returned Saturday from a vacation trip during which they visited the Centennial at Dallas and also went to Gladewater to see their son and daughter-in-law.

Mr. and Mrs. Richard Krapf, who were accompanied by Joe Decker, a nephew of Mr. Krapf who has been visiting here and who left at Gladewater to return to his home at Wapakoneta, Ohio.

Mr. and Mrs. C. M. Bratton and their children, Cleve Jean and the daughter of Gregor, were welcome here Wednesday and Thursday.

They were guests of her mother, Mrs. A. C. Robert and family.

ily whom they were surprised to find still here as her father had written her that he was coming from Freer to move them down there two weeks before. Sickness of the children had prevented the move but they expect to move soon.

Roy Gallagher of Cisco was here Saturday, seeing the voters in the interest of some of his friends, who were candidates for state and county officers.

Mrs. Eula Jones returned Friday from Breckenridge where she had been visiting her son, Welford Jones and family for two weeks. While there she went with them on a fishing trip on the Clear Fork of the Brazos river.

Mrs. Roy Rushing of Freer who is visiting her son, John Williams in the Salem community in town Tuesday evening of last week attending the meeting of the Eastern Star Chapter of which she has been a member and an officer for a number of years.

Sam Roberts and family who lived here several years before he was transferred by the Magnolia have been the guests of Hugh Abel and family since Friday. Their friends and former neighbors are always glad to see them.

Mr. and Mrs. Hugh Roe returned Friday from their vacation trip, on which they visited their two daughters, Mrs. John Goslin and Miss Bernice Roe at Abilene and other relatives at several other places.

Rev. Mrs. Earl Alexander, pastor of the Church of God closed a successful revival meeting at Mountain community on Saturday night.

Rev. Otis Gatewood left early Monday morning for his home at Roby after conducting a successful revival meeting here the past ten days at the community tabernacle for the Church of Christ. A good number of members were baptized and united to the church.

On Sunday morning at the Methodist church, the pastor, Rev. E. M. Daily began the revival meeting which is being conducted at the tabernacle by Rev. Bob Butler who was detained until Tuesday at his home at Fairview in the northwest part of the state. Rev. Butler was pastor of the Desdemona Methodist church a number of years ago and has many friends who are delighted to have him come to hold the revival meeting. Two years ago Rev. Butler made a trip around the world and last fall he gave a lecture here on his trip. All who heard the lecture were delighted with it.

Mr. and Mrs. Roy Ashburn and daughter, Anita, enjoyed a visit Friday morning from Mr. Frank Brooks and his daughters, Misses Marion and Katherine Brooks, of Houston. Mr. Brooks is a brother-in-law of Mrs. Ashburn, his wife who died many years ago having been Miss Golda Harris of Cisco. Mr. Brooks was telegraph operator in Cisco many years ago. He and his daughters had been to Carlsbad Cavern and had stopped at Cisco to visit his only sister-in-law, Mrs. E. M. Oney and her husband. This was the first visit of the nieces to

Mrs. Ashburn who is just the age of one of them.

Each week we have the pleasure of mentioning some Centennial visitors who have come to see relatives in Desdemona after visiting the celebrations in Dallas and Fort Worth. This week the visitors were Mr. and Mrs. James S. Yarnell of Camden, Ark., who came to see his aunt, Mrs. W. C. Bedford, and her husband. They reported the Dallas celebration the largest exposition they had ever attended and most educational while the Frontier Centennial at Fort Worth was most entertaining and unique. They came at noon Sunday and said they had to return to Fort Worth that night so Mr. and Mrs. Bedford took them to the Eastland court house to see "Old Rip" in his special casket in the rotunda of the lower floor. After driving through some of the residence section of Eastland and admiring the homes the high school, court house, Connelley hotel and the bank building, they went to Lake Cisco where they drove over the dam, then walked through it and then enjoyed the beauty of the swimming pool. They were surprised to know that a town of that size could have such a dam and lake without having had United States government aid. While at the lake Mr. and Mrs. Bedford had the pleasure of meeting their old friends, Mr. and Mrs. Joe Borden, Sr., who formerly lived here but now live in Breckenridge. Mr. and Mrs. Yarnell were then taken over the main part of Cisco which they said was one of the cleanest, prettiest towns they had ever seen. They own the Orlando hotel at Camden, Ark., and were surprised to see much large hotels in Cisco and Eastland. Mr. and Mrs. Bedford accompanied them to a place four miles east of Ranger where they had a picnic supper at a point overlooking the deep canyon. It had been seven years since Mr. and Mrs. Bedford had seen their nephew.

CLAIMS HE WAS OFFERED \$2,500 TO WITHDRAW

Hon. Fred O. Jaye, defeated candidate of the Townsend party yesterday hurled a direct charge in the Garrett-Blanton campaign to the effect that three weeks ago a man had come to his DeLeon office and offered him \$2,500 in his face offering it to him if he would withdraw from the race. He further stated the positive charge that \$2,500 had been sent to Texas and this district to be used to elect some other man than Blanton to congress.

This statement was made by Mr. Jaye in a speech at Abilene Tuesday where he was accompanied by W. E. Heakley, his campaign manager, of the first primary, and O. H. Moore, of DeLeon, both for Blanton now.

O. H. Moore is executive secretary and executive organizer for the Townsend plan in the 17th district. He is a farmer and former school teacher of the DeLeon vicinity, and he states that these clubs have a paid membership of between 10,000 and 11,000.

Tuesday Thomas L. Blanton addressed a letter to Judge Clyde Garrett in which he challenged Garrett to meet him in joint debate in each of the 12 counties comprising the 17th district. At an early hour this morning Judge Garrett had not accepted, and unofficial reports were that he would not accept such a challenge since it would only serve to secure large crowds for Blanton, which otherwise he would not get.

Jaye's speech was vigorous and at times dramatic. He was cheered loudly at the close. He praised his remark by saying:

"I would not be true to my principles, to my sense of decency and fair play, and to my love of my government, if I failed to offer my services to Judge Blanton in the runoff in whatever capacity he can use them."

Jaye's speech that you gentlemen do not know. I know, for example, that a district fund was turned loose of not less than \$25,000, thrown squarely across my pathway. I began to suspect it early in the campaign, discovered it was true several weeks before the close, and since the close it has been confirmed by all of my managers.

"This money was sent into this district by special interests and special privileges who were completely organized and used their work in every precinct so effectively that it never came to the surface. It caught us all unaware, even such a seasoned political campaigner as Judge Blanton."

"The object of this campaign was not to defeat me, but to elect some one else, and he is not the man you are here today working for. These methods, so familiar to a district have been unknown to a large in a quiet rural community like the 17th congressional district. We would not have thought such a thing possible, but we know that it threatens the people's interests. When the special interests decide to move in the people must move out—the house can't hold both at the same time. Shall we let this sort of thing control our elections down here?"

\$2,500 Bribe

"Last Friday night, three weeks ago, I ran squarely into this district campaign to control this people's votes with money. A man came to my office in DeLeon, waved \$2,500 in front of my face, and said I could have it if I would withdraw from the race. He must have thought I was a weakling, or a betrayer of my friends and supporters."

"Voice from the crowd: 'Was it a check or hard money?'"

"It was in greenbacks," Jaye answered. "I told that man I was in the race for principles dear to me and my supporters and that I was not for sale, that I was going to stay in the race to the end if I got only two votes—my own, and my wife's."

"Gentlemen, I know then something was wrong, and I have learned some things since then that I am going to make public to the people of the district just as soon as I finish my investigation. The facts are being learned and will be forthcoming before this campaign is over."

"In conclusion I want to say that if we are to bring the country out of the depression it will have to be by working against the special interests and by preserving the country in honor, honesty and hard work. When a candidate submits himself the people have a right to know who he is and what he is. We have never been in doubt about Judge Blanton and the position he occupies. He is the same man that he always was and we can place him now and two years from now after he has gone back to congress. He should be, and must be, re-nominated."

Food Cost \$67 More In '35 Than In '33

WASHINGTON, July 29. (U.P.) — The typical American paid \$67 more last year to feed his family the 58 common foods which comprise the usual diet in the depression year of 1935, the agriculture department revealed today.

Based on the average found by the bureau of labor statistics, the report showed the cost of feeding a family has been raising for three years. In 1935 the American workman spent \$331 for usual foods, as compared with \$264 in 1933.

'CORN CROPS BURNING UP' SAYS BUREAU

WASHINGTON, July 29. (U.P.) — The nation's 1936 corn crop is burning up and thousands of bushels are being slashed daily from the anticipated yield, a report of the weather bureau indicated today.

The great midwestern corn crop "continued to deteriorate rapidly" during the past week, the report said. It noted that rainfall had relieved conditions "at least temporarily" in limited areas including the southwestern great plains, but that throughout the midwest the drought continued to cause extensive damage.

HICKOK TESTS SUSPENDED BY WALL CAVE-IN

A cave-in on the 250-foot of open hole in the Hickok well just north of the city temporarily suspended testing of the oil production by the railroad commission which started yesterday at 9 a. m., showing a flow of 63 barrels for the first fifteen minutes but which slowed to 17 barrels during the second hour, when the well was found to have bridged and filled some 25 feet of mud.

A showing of salt water caused some uneasiness, but the amount is small, Frank Bond, assistant superintendent and field expert for the company, who has been away on a vacation trip to Pikes Peak, Yellowstone Park and Salt Lake City, arrived home this morning. He does not seem especially worried and will probably assume direction of further operations of the well, together with Mr. Ponsler, superintendent for the company. Mr. Bond and Mr. Ponsler stated that they did not know just what further steps would be taken except that they would try to keep the well cleaned out from further cavings and might run a liner from the bottom of the well. Pipe will be placed on the ground at once to await further development.

Further drilling into the sand which has only been touched for a few feet, may be done at a later date, if it should be deemed expedient after caving has been stopped and flow of oil further tested.

Meanwhile it is a case of "watchful waiting." It is a good well.

GARRETT NOT TO DEBATE IN RUN-OFF RACE

Judge Clyde Garrett, when asked today regarding the challenge of Mr. Blanton for a joint discussion concerning the accusation of Fred O. Jaye of DeLeon, Townsend candidate, who made the statement that he had been offered \$2,500 some three weeks ago to withdraw from the race, said:

"About all I can say is that I am preparing an answer to Mr. Blanton's challenge and will be ready for a statement to the press in a day or two, but my purpose now is not to accept the challenge."

"I am well satisfied with my present manager, and the way my campaign has been handled. I want to continue to manage it myself. I don't want Mr. Blanton doing it."

Regarding Mr. Jaye, Judge Garrett said:

"I have no statement to make as yet regarding Mr. Jaye, who says I did not offer that \$2,500, but one of my friends did I didn't know I had one who had over \$1,500. I can't find that friend, but am looking for him. If and when I find him, I may have a statement to make regarding that."

WEST TEXAS CITIES WILL HAVE SPECIAL DAYS AT EXHIBIT BOOTH

A letter from D. A. Bantzen, Manager of the West Texas Chamber of Commerce has this to say regarding special days for West Texas cities:

"We all should be pleased with the reception so far accorded our All-West Texas Resource and Community exhibit. Our daily visitors are ranging from 5,000 to 8,000 persons. Visitors from 25 different states were registered at our information booth on the third day after the opening. Over 8,000 pieces of literature also have been distributed judiciously to interested parties. Expert advertising men have pronounced our exhibit a most outstanding project in regional advertising. For reasons such as the above we believe that we have in our West Texas Chamber of Commerce and Will Rogers exhibit building a publicity and service plant that will be worth perhaps millions to West Texas."

"We now want our West Texas cities to secure for themselves the maximum benefits from our building and exhibit. It is our plan, therefore, to give our West Texas building for one day to each of our West Texas cities. On this day we will arrange, without cost to you, the following services:

1. A large lighted sign will be run up on the top of our building announcing your town's day.
2. A fifteen minute radio program over WBAP and by courtesy of the Star-Telegram will be given to your city on your day. Merle Tucker, Radio Director, of the Frontier Centennial will contain you relative to details for this program.
3. Your panel exhibit, motion pictures and souvenir literature will be majored on your day.
4. Your lady sponsor for your town, if you choose one, will be introduced at Casa Manana by Paul Whitman, or the leading man performing at Casa Manana.
5. Your hostess for your day, if you choose one, may have general supervision of our information booth.
6. The principals of your delegation will be accorded an interview by local and leased wire press representatives and a reception by local officials.

TRENCH SILO IS FILLED FRIDAY STOCK PROGRAM AT EASTLAND

A program of general interest to all dairymen, livestock raisers, and farmers will be held in Eastland beginning at 2 p. m. Friday, July 31st. The main feature of the program will be the filling of a small trench silo on a vacant lot in Eastland, after which talks on trench silos, dairying, and livestock raising will be made by E. R. Eudaly, Extension Dairymen, D. T. Simons, Secretary Texas Jersey Cattle club, Joe Shelton, Brownwood Dairymen, and others.

The trench silo is recommended as an ideal method of storing any kind of feed for livestock, particularly bundles of feed as it preserves all the food values of the feed indefinitely, saves labor and insures feed against damage by fire, weevils, rats, and weather, which usually destroy more than half of dry-cured feed stuff in a year's time.

A ton of silage made from hoggard top cane, milo, corn, or similar feed stuff has 1 1-2 as much feed value as the same amount of feed cured. Cattle eat silage readily and keep in good condition on it. Because of the moisture present in silage it is one of the best known substitutes for green pasture and it is excellent to keep dairy cows in full production during dry pasture months.

In constructing a trench silo it should hold enough silage to keep all cattle on full feed during short pasture months. A cow on full feed without green pasture will eat about 30 pounds of silage per day. Silage

County Work Meetings Planned by Officers

A series of community meetings in Eastland county to discuss community affairs, to organize community agricultural associations, and explain operation of trench silos for conserving surplus feed on the farm were planned at a joint meeting of Chamber of Commerce officials, extension workers, and county soil conservation committee last Tuesday.

All residents of the communities where the meetings are planned are urged to attend and join in the programs and discussions. A tentative program for each meeting is as follows:

1. Entertainment and musical numbers led by Cornelia Faye Stewart, Assistant Home Demonstration Agent.
2. Community and County Agricultural Fairs, H. C. Davis, secretary Eastland Chamber of Commerce.
3. Organizing the farmers and farm women of the community — Ruth Hamel, C. H. D. A., and Elmo V. Cook, county agent.
4. Saving feed with trench silos — Hugh F. Barnhart, assistant county agent.

The tentative schedule for the community meetings, which will begin at 8 p. m. is as follows:

- Friday, July 31 — Grandview.
- Monday, August 3 — Kokomo.
- Tuesday, August 4 — Alameda.
- Wednesday, August 5 — Pleasant Hill.
- Thursday, August 6 — Colony.
- Friday, August 7 — Flatwood.
- Monday, August 10 — Nimrod.
- Tuesday, August 11 — Okra.

Wednesday, August 12 — Sabarino.

Thursday, August 13 — Romney.

Friday, August 14 — Pioneer.

Monday, August 17 — Morton Valley.

Tuesday, August 18 — Rising Star.

Wednesday, August 19 — Scranton.

Thursday, August 20 — Longbranch.

Friday, August 21 — Carbon.

Both women and men are urged to attend the meetings. Those who learn of any conflicting meeting dates in any of the communities are requested to advise the County Agent's office.

Californians Visit Relatives In Cisco

Mr. and Mrs. H. B. Flynn of Los Angeles, Calif., are visiting the family of E. L. Smith, Mrs. Flynn is a sister of Mr. Smith. The Flynn's took a swim in Lake Cisco yesterday and were much impressed with the size and cleanliness of the pool. Mr. Flynn visited the Lions club luncheon today and voluntarily paid a fine for boosting California.

CHICAGO — (U.P.) — A sign of prosperity times is a mahogany four-poster bed which sells for \$1900, that was shown during the furniture show in the Merchandise Mart. Carved of solid mahogany and weighing 1,150 pounds, the bed was ordered by several retailers.

CHANNEL TO AID YACHTSMEN

OLD POINT COMFORT, Va. — (U.P.) — Dredging of a new channel 200 feet wide, 12 feet deep and nearly a mile long from Old Point Comfort to the city of Hampton, financed by government funds, is scheduled to get under way soon. It will provide improved conditions for yachtsmen wishing to anchor in Hampton Creek.

REFRIGERATORS RETURN LOOT

PASADENA, Cal. — (U.P.) — Converted to Christianity, a man confessed to police that during the past year he had returned to the owners more than a truckload of merchandise which he had stolen. The last theft which he asked the police to help him restore was a television which he said he had stolen in Glendale five years previously.

QUITS JOB OVER 3 CENTS

BURLINGTON, Ont. — (U.P.) — After working two months at 39 cents a day, 14 hours daily, a youth near here walked out on his job in high disgust when the farmer charged him 3 cents for a postage stamp on a letter he had written. The youth said he "did not mind the work," but thought the pay "a little low."

YOUTH 4 TIMES IN PRISON

ST. LOUIS — (U.P.) — Jonathan Walker, 22, holds a record of some kind. He is serving his fourth prison sentence, despite his youth. He was sentenced to serve two years in the Leavenworth prison after conviction of transporting a stolen automobile from Illinois to Missouri.

JUVENILE CRIME STUDIED

SALINAS, Cal. — (U.P.) — Local juvenile delinquents hereafter will have the advantage of expert psychiatric analysis and treatment.

Mrs. Claire H. O'Neil, nationally known psychiatrist and juvenile social worker, has accepted the position of assistant probation officer for that purpose.

GGDEN, Utah — (U.P.) — Writers of the federal historical survey tore

down a barn roof to get a supporting railroad tie to the one in which the golden spike was driven as the completion of the trans-continental railroad.

TO THE CITIZENS OF EASTLAND COUNTY

My friends, in the primary election last Saturday, you honored me with a splendid vote for office of County Judge which enabled me to lead the ticket in that race by about 400 votes.

I wish I could see each of you personally and tell you how happy and how grateful I am for the confidence you have manifested in me and my ability to fill this important office and I assure you that if you elect me your County Judge on August 22, I shall endeavor to perform the duties of that office in such a manner as will merge your utmost confidence and highest esteem.

Yours sincerely,

MORE than 2,000,000 Knee-Action cars are now in the hands of owners; and more people are buying Knee-Action cars this year than ever before.

Ask any of these owners what they think of Knee-Action and they will tell you that actual owner experience, covering billions of miles of travel, has proved that it gives the world's safest, smoothest ride.

You, too, will ride much more safely over all types of roads in a Knee-Action Chevrolet*, because Knee-Action prevents front-wheel shimmy, gives easier steering and better braking control, and provides firmer, surer roadability at all engine speeds.

You will also ride much more comfortably, because Knee-Action wheels "step over" bumps and holes, eliminate car pitching and tossing, and give every passenger a steadier, more enjoyable ride than can be obtained in any other way.

ANY OFFICERS WENT BACK BY PRIMARY VOTE

ELAS July 28. (UP)—Texas held today that the state election is its most popular set of elections in many years, or citizens are weary of too many elections.

The state had the phenomenon of a major state official with exception, being renominated the first primary and only of the state 25 congressional districts.

Primary election in a state which only held the prohibition amendment which he fought.

Representative Maverick of San Antonio lacked only 556 votes of a majority over two opponents in his race of return to Congress.

The upsets Saturday were the result of Congressman Thomas Clayton of Abilene, County of L. Garrett of Eastland, who was elected by 4,000 votes. The tabulation showed Garrett 22,613 votes compared to 18,413 for Clayton.

Representative W. D. McFarlane, a member of the house of representatives, was forced to run-off with Ed Gossett of Houston.

Oscar Holcomb of Houston, a field of 14 in the 8th district, taking the place vacated by Representative Joe Eagle, who ran against Senator Sheppard.

Representative Lanham of Fort Worth faced a run-off in the 12th district against Julian C. Hyer.

C. J. Sweeney Makes Program Statement

C. J. Sweeney, district administrator, Texas Relief Commission, desires to make this announcement so that all interested persons will have the true facts as to the intake program for the relief of the needy.

"Under an arrangement entered into between the Federal Works Progress Administration and the Texas Relief Commission, applications will be taken from needy unemployed persons for employment with the W. P. A. Applications will be taken at the various county welfare offices and passed on to the W. P. A. district for final acceptance or rejection. This last duty is one that will be handled by a special staff of workers who will do nothing else—from the tanks they will gather data that will establish the actual need of applicant—and when accepted, the person will be advised directly. Calling at the local or district offices to find out what is being done, or what will be done, is discouraged—the applicant is urged to await notification.

Boy Returns From Donkey Trip

ELSTON, July 28. (UP)—Col. A. Yowel, broke but purring cowboy straddled a donkey three months ago in Dallas rode to the Democratic National Convention in Philadelphia.

The 2,000-mile trip took 90 days and time, but the cowboy and "General Democracy" had plenty of it to spare. The Texan had \$20 when he rode in the convention city.

Top off the adventure, Yowel had a free ride home for both himself and the "General."

On the eastern trip, the burro rode along at a 20-mile-a-day. The travelers stopped overnight en route, where the Col. sold photographs of himself on the donkey.

"I got on just fine going up," he said. "Everybody treated us fine. We made night appearances at theatres and rode at the best hotels along route."

At the Democratic Convention, he rode the burro and visited New York City, where he met Dempsey, former world heavyweight boxing champion.

When I was ready to come back, trip looked mighty long. Yowel said. "I inquired about train back for us, but they were high. I thought about the boats, always before I have been of them."

Finally I went to a steamship agent's office. They told me the boat was more than I had. A man in charge asked me who I was and I told him.

"That's all right," he said. "I'll carry you both free."

A few days later, Yowel and "General Democracy" arrived from Philadelphia aboard the freighter Wichita.

The cowboy insisted the decision to ride the burro from Philadelphia was in "fairness" to the burro.

Yowel climbed astride the burro and the vessel docked here and to the home of his son, A. K. Yowel, to rest for a few days.

The voyager said he would leave soon to visit the Texas Centennial Exposition. The trip will be in his son's automobile with "General Democracy" on the trailer.

C. J. Sweeney Makes Program Statement

C. J. Sweeney, district administrator, Texas Relief Commission, desires to make this announcement so that all interested persons will have the true facts as to the intake program for the relief of the needy.

"Under an arrangement entered into between the Federal Works Progress Administration and the Texas Relief Commission, applications will be taken from needy unemployed persons for employment with the W. P. A. Applications will be taken at the various county welfare offices and passed on to the W. P. A. district for final acceptance or rejection. Calling at the local or district offices to find out what is being done, or what will be done, is discouraged—the applicant is urged to await notification.

"The employment of a person is

based upon Need—this fact has been overlooked by many persons who think the new program is to give employment to every one needing a job. The quota of jobs in Texas has been set at 61,000—and it is anticipated that at least 185,000 applicants will have applied for them. Consequently some disappointments will naturally be in line and it is requested that only those who are in dire need make application.

"The Texas Relief Commission is placing seven full time case workers back and in the smaller counties where the local welfare workers have been working part time, their present salary will be supplemented and full time allowed. The taking of applications which will be followed by home visits and other procedure to verify statements will naturally be slow due to the limited personnel—but everyone will be allowed to make application, sooner or later, as the program will last several months—and there is no need for crowds to assemble at the various offices.

"All county judges have been fully advised of this new program and it is felt that through their cooperation and assistance the work will be accomplished with the least possible delay—we now request the general public to bear with us while we are endeavoring to place at work the most needy of its citizens. Direct Relief, in the form of money or groceries or rents, is not contemplated, although surplus commodities will be distributed to those whose applications are accepted until their first month's checks arrive."

Let us demonstrate to you, in our showroom, the features of a modern gas range. Then you'll know there's much more to one than mere good looks. You'll know that it has the new simmer burners. You'll know that these burners, and only these, give a heat controllable to the exact simmering heat required for the new method of semi-waterless cooking. You'll know that modern gas cooking is clean, economical and sure.

While this feature of accuracy in heat control makes possible the retention of vitamins and minerals in fresh vegetables—oven heat control, oven insulation, self-lighting burners, storage drawers, easy-to-clean porcelain surfaces—are conveniences which make for kitchen comfort and efficiency.

Because terms are so low anyone can afford to make the picture of this modern gas range in their kitchen a pleasurable reality.

JOHN N. GARNER TO BE HONORED AT CENTENNIAL

DALLAS, July 23. —The Administration Building of the Texas Centennial Exposition at Dallas will be dedicated to Vice President John N. Garner when he visits the exposition on August 5.

After ceremonies that day, at which officials will have Mr. Garner as guest, the administrative building will be permanently known as John Garner Hall.

"John Garner Hall will be the only structure in our \$25,000,000 exposition named for a personality rather than for a phrase of Texas endeavor," General Manager William A. Webb pointed out. "This is the most fitting tribute that we could pay our great modern Texan, known and loved more widely than any other of the state's native sons."

Naming the stately structure for Mr. Garner will be a tribute from all Dallas, as well as from the exposition. First built in 1909 as main building of the State Fair of Texas, the hall was remodeled at a cost of more than \$130,000 during the past year. Its facade bears an illuminated mural depicting the rich resources of Texas, behind a costly heroic statue, "Spirit of Texas". A reflecting basin centers the park in front.

LAREDO-MEXICO ROAD LEADS TO VACATION LAND

Engineer A. D. Schauld in charge of the highway work on No. One through Cisco hands to this report of the Laredo-Mexico highway recently traveled by H. H. Allen of engineering department. We quote:

"Complying with your request that I give you a brief statement regarding the above highway after making a round-trip to Mexico City during the first part of June, a person's general impression can be summed up by saying that the trip, insofar as highway facilities are concerned, can be comfortably and easily made from Laredo to Mexico City in three days.

"The first concern of the tourist, when leaving Laredo, Texas, is the matter of entering a foreign country. The requirements of Mexico are exacting, but not difficult to meet. For the benefit of those who have not had previous experience in crossing an international border, it is suggested that detailed information be obtained from the Laredo Chamber of Commerce before starting across the international bridge.

"Each tourist is required to fill in an application for tourist passport, on which must be given the full name, sex, age, occupation, nationality, home address, intended destination, amount of money carried, and duration of the trip. In addition to this personal information anyone taking an automobile into Mexico must present the license receipt which gives the type, make, size (4, 6, or 8 cylinders), color, motor number, and serial number, whether or not a radio is included with the car, and the serial number of all tires. This detailed information is given here so that the tourist can be prepared for giving such information when entering Mexico. Also, information should be obtained regarding re-entry into the United States after having visited Mexico. At times vaccination has been required before re-entering the United States. The requirements in this respect, as well as other information, can be obtained at Laredo before entering Mexico.

"It is suggested that the traveler, before making this trip, be sure that his car and tires are in good condition due to the fact that the accommodations for car and tire repairs are very limited. One or two extra tubes should be carried, as well as a pressure gauge in order that the tire pressures can be kept at the desired point. Filling stations where oil and gas can be bought are available throughout the entire distance and need not cause the tourist any more concern than in the United States.

"Anyone not accustomed to conditions in Mexico should eat lightly at first. Only cooked meats and vegetables and peeled fruits should be eaten. A jug of drinking water should be carried throughout the trip. Mineral water is available in Mexico and should be drunk at all times, unless one is sure of the source of local drinking water.

"It is suggested that the traveler arrange his trip in such a manner that he can avail himself of the best accommodations along the route. Experiences during our trip to and from Mexico City indicated the following towns as offering the most desirable accommodations: Monterrey, Victoria, Villa Juarez, and Tamaulipas. At this time there are several tourist camps under construction at Valles and those will probably be completed within the next sixty days. When completed, these tourist camps will no doubt compare favorably with those in the United States.

"After entering Mexico, one can travel 224 miles before there is any break in the 20 asphalt pavement. At this point the road is paved to Matamoros, from which is started the ascent of the real mountains. For a distance of 70 miles, after leaving this village one must travel over a smooth full-width base course which is dusty but otherwise pleasant traveling. About midway of this section of base course, a slide had occurred which at the time of our trip required that the workmen have about 400 to 500 ft. of road blocked at times during the day. This short portion, however, was opened at frequent intervals so that no great delay need be anticipated by the traveling public.

Judging from the rapidity with which Mexico has been doing her highway construction work, this 70 miles section of base will, in all probability, be topped in the very near future. It is not known how traffic will be handled when this section of base is being paved, but observations made during our stay in Mexico indicate that traffic will be directed over one-half width of the base while the other half of any given section is being topped. At the end of this section is located the village of Jacala, from which point asphalt pavement extends into Mexico City.

"The mountainous section between Matamoros and Jacala should be traversed during the morning hours to avoid afternoon fog and rain. We were told when in Mexico City that the rainy season begins about June 15 and ends about November 1. However, the weather conditions in Mexico City are very pleasant during the entire year. The traveler need have no fear of being marooned by high water since all of the structures have been completed, thereby eliminating the necessity of any detours. At no place during the entire trip is a person further than thirty-five miles in one direction or another from a fairly good sized town.

"We found the Mexican people with whom we came in contact most polite, considerate, and very anxious to please the tourist. The trip was most enjoyable and I would not hesitate in making the trip at any time during the year, but would pre-

to make it during the dry season. "Anyone going into Mexico for the first time should spend some time acquainting himself with the conditions to be encountered in order that after entering Mexico he can enjoy to the fullest a country whose civilization is very, very old and which is unsurpassed in scenic grandeur and beauty.

ORBIE JACOBS GETS ELECTRIC REFRIGERATOR

Orbie D. Jacobs is the proud possessor of a beautiful electrical refrigerator presented to him yesterday by a group of friends. J. H. Hyatt and S. R. Wood circulated a petition and secured the money with which to purchase it. Dudley Lee made a nice contribution and gave Orbie a good price on the refrigerator, which was purchased from him.

Orbie Jacobs will be remembered as the youth who was hurt in football practice a few years ago in a local scrimmage and has since been practically paralyzed. He is at present engaged in taking subscriptions for magazines.

The following friends made this much appreciated deed possible by their contributions:

Hazelwood Party Returns from Tenn.

R. N. Hazelwood of Cisco Route 4 has just returned from a two-weeks trip to Morristown, Tennessee and to points in North and South Carolina, where he visited a brother and sisters whom he had not seen in nearly 47 years.

Mr. Hazelwood says the scenery is fine over there but he would not want to return. An 82-days drought had just ended when he arrived but things were looking well. He visited a brother and two sisters in Tennessee and two sisters in North Carolina. He also visited relatives in South Carolina.

He was away on his trip two weeks which was not near long enough, he said. He left that country when he was 17 years of age and had never returned until this summer.

With him on the trip were: Mrs. Hazelwood, daughter, Mrs. Eulalia Duncan, granddaughter, Bettie Jean; nephew, Willie Livingston.

The trip was very inexpensive, he said and doesn't see why he waited so long to make it.

FF BOYS EVENT BEING PLANNED FOR AUG. 6-7-8

T. G. Caudie, agricultural expert of the high school and chamber of commerce, is getting ready for the future farmers encampment for Lake Cisco, August 6-7-8, at which time several hundred boys are expected to assemble for their annual program and outing.

On former occasions these boys in charge of their teachers, have come from many miles, camping in quarters provided at the lake and getting their meals at kitchens established in the hollow spaces of the big dam, which lends itself admirably to such an arrangement. The boys spend much of their time swimming and have always expressed themselves as delighted with the event.

Mr. Caudie states that there is a move on foot to have these camps more locally and more numerous, and since this is his first year here, he is unable to estimate the results for Cisco this year, but he is using every effort to make this a success commensurate with former gatherings.

He is busy today getting his organization complete and publicity working toward the success of the event.

MOTHER! Here are Facts!

To guide your purchase of a Refrigerator!

DON'T CHOOSE BLINDLY

FOR HEALTH—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

FOR CONVENIENCE—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

FOR ECONOMY—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

BUY AN ELECTRIC REFRIGERATOR

• If you buy a refrigerator that cannot provide satisfactory, economical performance, all the time, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, all the time . . . under all conditions.

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully and you will choose a modern electric refrigerator.

MODERNIZE . . . CHOOSE AN ELECTRIC REFRIGERATOR

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

NEW ORLEANS TO ASK NOOSE FOR 8 IN GANG

NEW ORLEANS, July 25. (U.P.)—Survivors of the notorious Ugarde gang are under indictment for murder here and they face trial as soon as they can be rounded up from jails and prisons in Louisiana, Mississippi and Texas.

Individually and collectively, the New Orleans gangsters are charged for seven murders in the last six years and five of their number have been executed. It is the bloodiest criminal episode in this region since the reign of the Mafia terrorist gangs here 50 years ago, which was climaxed by lynchings on Canal Street.

Min Grosch, chief of detectives, and his "gang busters" of the New Orleans police force, have known the records of these eight suspects, and most of the details of the crimes charged to them since the Whitney branch robbery-massacre of New Orleans Eve, 1930, but legal technicalities delayed the final roundup.

Accused in Statement

Two years ago Grosch dictated his own signature for New Orleans newspapers, a statement telling the entire story of the bank robbery and the names of six men who he said perpetrated it. At that time one of the men he named, Owen Cauche, was walking the New Orleans streets, and another, Joe Ugarde, was serving a four-year prison term for automobile theft, but neither had even been charged with the bank robbery. Grosch mentioned the fact and deplored it.

Now, Grosch believes he has adequate evidence against the entire gang and he convinced a grand jury of it July 7 in two days. He had just returned from Los Angeles with James Oliver, one of the suspects, who was arrested there on Grosch's tip.

The series of outrages began with three figures, grotesquely dressed in long black rubber coats and white hoods and goggles, storming into the Whitney bank at the start of the pre-holiday rush. They fired revolvers and sewed-off shot-

Allred Receives Centennial Medal

AUSTIN, July 27.—A gold medal, designed and executed by McClelland Barclay of New York, world famous artist and sculptor, has been presented to Gov. James V. Allred. The medal symbolizes the spirit of the Texas Centennial.

The medal, five inches in diameter, presents in bas relief a cowboy mounted on a bucking horse. It bears the words, "Ride 'Em Cowboy" and "Texas Centennial 1836-1936," as well as a Lone Star and the artist's signature.

Barclay asked Governor Allred to accept the medal as a representation of how non-Texans feel toward Texas and toward him. He is well known in Texas, having visited here several times. He also is a brother of Sheppard Barclay, bridge expert and former resident of Texas where he was engaged in newspaper work.

Votes in the county commissioner races were brought to the following figures by Sunday morning and Monday morning returns:

Precinct No. 1	Precinct No. 2	Precinct No. 3	Precinct No. 4
Henry V. Davenport 2,138	Crawley 715	Snearly 454	Tucker 392
W. G. Pounds 923	Bennett 474	Jacobs 465	Clements 522
		Burkhead 286	Bint 729
			Wende 63

Davenport and Crawley win, and Snearly and Jacobs are paired for runoff as are Bint and Clements.

MARRIAGE TIE RE-KNOTTED

BUCKYRUS, O. — (U.P.) — William Davis and his wife, Dorothy, believe in having the marriage knot tied double. After getting marriage license No. 215 they demanded another license so that they could get married again in an adjoining county.

SWAN DROWNS DOG

MOOSE JAW, Sask. — (U.P.) — A dog, annoyed by a swan which was swimming in the park here, jumped into the water and swam toward it. The swan jumped on the dog's back and held its head under the water until the animal drowned.

County Fair Raises Exhibit Premiums

A premium list of \$202 for agricultural and livestock exhibits in the Eastland County Fair to be held at Eastland Sept. 16-19 was approved by executive committee members who met Thursday afternoon in the Chamber of Commerce building at Eastland.

In addition to the cash awards for the tenth annual fair, committee members plan to arrange 12 merchandise prizes in the livestock department and first, second and third place ribbons in all departments.

The premium total this year exceeds the 1935 figure.

A more ambitious show is planned in the addition of new classes for the second livestock show to be held in conjunction with the fair. New classes added to that event are Shorthorns, Whiteface, Polled Angus and other stock specimens. The 4-H Jersey heifers purchased recently by club boys will also be exhibited at the show.

Preparation and solicitation of advertising is expected to be completed soon and the catalogue printed in ample time for consideration of exhibitors before the event.

Ribbons will be awarded in the art division of the women's department. In that division will be knitting, quilts, bed-spreads, plain and fancy sewings, rugs, etc.

Attending the Thursday meeting were T. E. Richardson, chairman; Ernest Jones, John Harrison, Rev. Charles W. Estes, L. A. Hightower, G. C. Kimbrell and secretary of the Eastland Commerce H. C. Davis.

Patron Also Killed

Albert Dietrich, a bank patron, was critically wounded, but died. Another customer was in the bank. The cash was taken from the teller's cage and the robbers fled in a motor car.

Grosch arrived just as the car drew up for the dead. He hurriedly noted and went for No. 1 suspect, Joe Ugarde. At the time Ugarde was in jail. An hour later two of his notorious friends, Cefalu and Owen Cauche, were found in a garage washroom. They had a can full of money, part of the loot. Both youths, Cefalu and Cauche, had the jitters.

Cauche broke from an officer's grasp and fled. Cefalu grappled with Detective Captain Frank Lannes and shot Cauche was found the next day. Grosch said he "broke" 20 hours of questioning, and had all four bank robbers: himself, Cefalu, Cauche and James Cavanaugh, who at 22 was the youngest of the band. Cavanaugh was arrested readily, Grosch said, and how the robbery was planned.

Cavanaugh Serving Life

With that evidence, and more of the withheld, Grosch won a conviction and life term for Cavanaugh, but could not bring the other five men to trial because there was lack of evidence against them.

For months, robbery and murder continued. Grosch became a hero and two were killed in robberies: Hollis Hutchinson, 30, shot in the back, and Charles Rabito, 28, shot for a ride, his body dumped in a ditch.

For the Rabito murder, George Mason and John Capaci, his partner, were hanged in the Gretna prison.

Those named in the indictments are Edwin Villarubia, Ugarde and Cauche, all in New Orleans jails. Their trials are scheduled to start July 25.

Anthony Dallao, brother of the killed George, who is serving a year term in the Mississippi penitentiary for bank robbery.

Willie Dupont, Illinois lifetermer, Cavanaugh, serving life term for the Whitney bank robbery, in the Louisiana, La., prison. He was convicted of the murder of the bank guard, Rizan. The new indictments charge him with the killing of Dietrich.

Ugarde, himself, indicted on both bank robbery and Hutchinson murder charges.

Sam Mason, alleged accomplice in the Hutchinson murder, who is serving a term in the Louisiana prison for burglary.

Cauche and Ugarde were named in both cases.

THE SILENCE of Electrolux is a definite advantage in itself. But it is also far more than that! It is constant proof of the basically different method of Electrolux operation. Electrolux has no machinery. A tiny gas burner takes the place of all moving parts . . . circulates the refrigerant, which is cooled by ordinary air.

It is this utter simplicity which makes possible lasting Electrolux efficiency. It permits an unusually low operating cost. (A cost which will never be increased through the inefficiency of moving, wearing parts!) It insures perfect food protection every minute of every day. And it reduces repairs to a minimum.

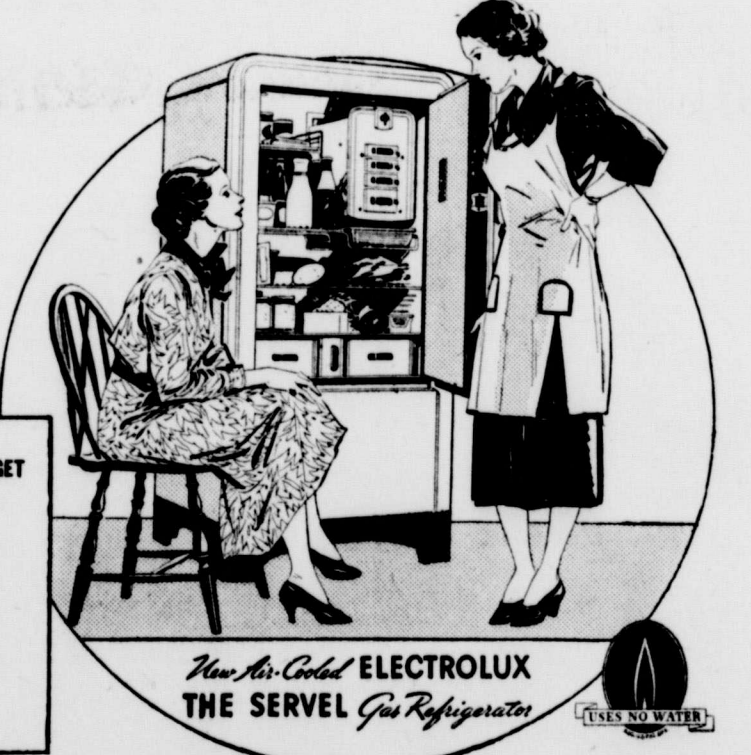

Already, more than half a million American homes are enjoying the comfort and economy

of modern Electrolux refrigeration. Yearly more and more families are choosing this modern gas refrigeration which offers definite assurance of long service at low cost.

See the beautiful 1936 Electrolux models on display at our showroom. Inspect their many

DOLLARS GO FARTHER IN A FORD V-8

WHEN you buy a car, look for all-around economy. Get the car that gives you more miles per dollar. That means a Ford V-8.

Take a total of all costs from the time you buy the car until you trade it in—divide by the number of miles—and you will find that today's Ford V-8 is the most economical Ford car ever built.

This is not an opinion but a fact—based on the experience of millions of Ford V-8 users. That includes companies operating large fleets of cars, as well as individual owners.

Figures show that the Ford V-8—everything considered—costs less per mile than our former four-cylinder car. These records give the complete picture because they include every motor car cost—first cost, finance charges, up-keep cost and depreciation, as well as fuel and oil. All should be considered when figuring automobile economy.

Only the Ford V-8 gives you all of these fine-car features

- 1 V-8 ENGINE. Ford is the only car under \$1600 with a V-8 engine.
- 2 SAFETY GLASS ALL AROUND AT NO EXTRA CHARGE.
- 3 STEEL BODY. A steel structure, as well as a steel surface.
- 4 CENTER-POISE RIDING. A front-seat ride for back-seat passengers.
- 5 SUPER-SAFETY BRAKES. Dependable at all times.
- 6 NEW INTERIORS. New-style upholstery, hardware, instrument panel, and new accessories.

\$25 A MONTH, after usual down-payment, buys any model 1936 Ford V-8 car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the new Universal Credit Co. 1/2% per month Finance Plans.

DEEPEST WELL IN WORLD OF OIL HISTORY

ABBEVILLE, La., July 28. —Eyes of oil men and geologists were focused on this Gulf Coast town today as drillers prepared to push to completion what promises to be the world's deepest oil well and the maximum penetration to date of the earth's crust, reaching to a depth of almost two and one-half miles.

pany's Alvin Hebert 1, has already been drilled to 10,956 feet with a record "string" of 7-inch casing, or piping cemented at that depth. Its objective is a virgin petroleum pool in the geologically ancient Oligocene sands, believed to be within drilling reach. Continental Oil company's engineers on the scene believe the well is in condition for drilling to 13,000 feet at least.

The final push toward completion, beginning this week, will coincide with the 77th anniversary of climax operations on the Drake well in Titusville, Pa., first ever drilled which was brought in as a producer in August, 1859, at the then record depth of 69 1-2 feet.

drilled along the Gulf Coast, the fourth deepest in the United States and the fifth deepest in the world. The deepest well ever drilled was McElroy 103, in West Texas, which was finally abandoned at 12,786 feet. Other deep wells were said to be: Berry 1, Kern county, California, 11,377 feet; A-Day-Nov 1, Cadeo county, Oklahoma, 11,230 feet; and Chitoranial Ploesti Rumania, which was abandoned at 11,092 feet. The world's deepest gold mine, on the South African Rand, is 9,000 feet in depth.

Mr. and Mrs. W. F. Walker and daughters, Misses Willie Frank and Dorothy Jean, are spending this week in Fort Worth and Dallas, where they will visit the Centennial.

INTEREST SOARS IN KENTUCKY'S AUG. 1 PRIMARY

FRANKFORT, Ky., July 27 (UP)—A three-cornered contest for the Democratic senatorial nomination will enliven Kentucky's 1936 primary election on August 1.

The incumbent Senator Marvel Mills Logan, of Bowling Green, former Chief Justice of the Court of Appeals and undefeated in any political contest, will be opposed for renomination by J. C. W. Beckham, of Louisville, former governor and senator, and John Young Brown, of Lexington, a dynamic, youthful figure who has come to the front politically in recent years.

Six years ago when the Democratic cause in Kentucky appeared doubtful, Logan, then a judge, willingly carried the party banner when others were more skeptical of Democratic chances. He won in that election and the Democrats have not lost a major state battle since.

Beckham, backed by the state administration of Gov. A. B. Chandler, long has been a familiar figure in state politics. He was the state's youngest governor, having succeeded to the governorship in 1900 when William Goebel was assassinated.

Defeated for Senate Beckham served almost eight years as governor and in 1908, was Democratic caucus nominee for United States senator when senators were selected by the legislature. He was defeated.

Then, in 1914 the first year senators were elected by popular vote, he was nominated and elected. Six years after he was renominated by his party, but lost the election to Richard P. Ernst, Covington Republican.

Seven years later Beckham became a candidate for the Democratic nomination for governor, won the nomination, but lost in the election to Flen D. Sampson.

Brown was speaker of the Kentucky house in 1932 when a sales tax first was proposed. He opposed the tax and was elected congressman-at-large on that issue. Two years later he lost in the primary for renomination.

Two Face Difficult Race There are two other candidates with no organized backing. Political observers concede that Robert H. Lucas, of Louisville, will win the Republican nomination for U. S. senator. He will be opposed by four candidates.

Statewide registration, in effect for the first time this year, is expected to bring a record number of voters to the polls.

Poultry Breeders Invited to Exhibit

DALLAS, July 27.—Standard bred poultry owners in Texas were today invited by Walter Burton, poultry director of the Texas Centennial Exposition, to take advantage of the \$25,000,000 World's Fair crowds and exhibit their stock in the exposition Hall of Poultry.

"We will be pleased to place all standard bred birds of good plumage and graceful carriage on exhibit the remainder of this month and throughout August," Mr. Burton said. "Our department is for the betterment of the poultry industry and breeders are urged not to hesitate in making use of the big expenditure the exposition has devoted to this particular business."

"Although we have more than 12,000 birds on exhibit we can and will accommodate more. In fact we are desirous that the exposition be used to its maximum in calling attention to the wide spread poultry industry in Texas and its wonderful possibilities."

SUNDAY SCHOOL GIVES JACOBS A TELEPHONE

S. R. Woods announces that the men's Sunday school class of the First Methodist church agreed to sponsor a telephone for Orbie Dee Jacobs who was hurt in a football practice here a few years ago.

Jacobs has inaugurated a magazine business and it was thought by these men that a telephone would enable young Jacobs to carry on better if he had a telephone in his home. Jacobs is partially paralyzed and is trying to establish some means of livelihood.

He was given an electric refrigerator last week by friends as a means of making his life more comfortable.

To the Voters of Eastland County

I wish to take this opportunity to thank you, the voters of Eastland county, for the wonderful vote of confidence as evidenced by the unofficial returns of the first primary election on July 25.

I intend to put forth a determined effort to carry out every pledge I made to the citizens of Eastland county, and to give to you a fair, impartial, honest and efficient administration, and I invite the wholehearted cooperation of the citizenship of Eastland county.

Sincerely yours,

'MALICIOUS LIE,' SAYS JUDGE GARRETT

Blanton, Jaye To Speak in Cisco Monday

FIRST SPEECH OF CAMPAIGN IS AT GORMAN

About Our Friends

By STEP A. LONG

A. D. Schmidt, highway engineer in charge of highway work through Cisco, reports 98 men working now.... Last week's payroll was almost \$1,000.... Should make some merchant's sales increase.... He says work is progressing nicely.... Nice chap, that fellow.... Get acquainted with him and Mrs. Schmidt.... If not already.... They will be in our city a whole year....

R. H. Boon, J. T. Elliott and C. M. Nichols are having a nice social game on the board of equalization for the city.... They take it time about making speeches to each other and sometimes like a woman's gathering, all stand and speak at once.... Our observation is that none is compelled to listen quite a lot of the time....

Mrs. J. C. McAfee downtown.... Kenneth Jones offering us money.... Nothing like a good old friend with lots of dough.... Mrs. Carl Jewell with a bundle of groceries.... Jewel Poe and J. T. Berry looking lonely at the post office.... Mr. and Mrs. Horace Conley seeing the show....

"When Brown is there Starling is saying golf and when Starling is here, you can know where Brown is," so said R. I. Lee as he brushed his paint brush and proceeded to make an old wrecked piece of furniture into a valuable antique that would be worth many dollars if he had the proper customer and the customer had the proper cash....

We're a little afraid the political campaign may ruin interest in Cisco's oil well and we won't get the back yards drilled here.... Almost every citizen is cleaning up tin cans and burning the trash and stepping off the ground for a well.... wondering if the neighbor wouldn't let the slush pit be placed over there on his lot....

E. B. Isaacs is already planning on several more cows.... He can't decide however just where he wants to put the first well.... doesn't want to ruin the peach trees....

WILL ADDRESS VOTERS AT CITY HALL AT 10:30

The Blanton-Jaye lineup for the second primary race for congress fires a gun in Eastland county Monday, August 3, when Blanton and Jaye are to open the campaign in Cisco at 10:30, according to a request by Mayor J. T. Berry from O. H. Moore, De Leon, executive secretary and organizer for the Townsend forces in his district, which asks for the use of the city hall for that hour.

Mayor Berry said he received a telephone message from C. H. Moore Wednesday afternoon requesting the use of the city hall for Messrs. Blanton and Jaye who will speak at that time. Thus it would seem that Mr. Blanton will push an active fight in Garrett's home county whether Mr. Garrett meets him in joint discussion or not.

On Tuesday of this week Congressman Thomas L. Blanton hurled a challenge at Judge Garrett asking for joint discussions all over the district. Closely following Fred O. Jaye, trailing third placer in the race, makes a fiery address in Abilene and says that his sense of decency and good citizenship was outraged by an offer some three weeks ago of \$25,000, in bills which were waved before his eyes, if he would withdraw from the congressional race. It was not Garrett who offered the money but a friend of Garrett's. He further repeats the oft-time made assertion that a slush fund of \$25,000 had been sent to this district to defeat Blanton.

O. H. Moore, executive secretary and organizer for the Townsend clubs in this congressional district says that his organization has a paid-up membership of between 10,000 and 11,000 and infers that he can deliver this vote to Blanton, the candidate for which his organization is now actively supporting, notwithstanding the fact that Blanton has not been a friend of the Townsend movement and against the further fact that the Townsend forces came near endorsing Judge Garrett as their nominee.

Judge Garrett announced Wednesday that his present intentions were not to engage in a joint discussion with Mr. Blanton but that he would have an answer for these gentlemen within a few days.

Judge Clyde Garrett, opens his campaign for the second primary election today in a speech at a picnic at Bass Lake, near Gorman.

80-MILE GALE IS EXPECTED IN FLORIDA

APALACHICOLA, Fla., July 30. (U.P.)—A tropical storm carrying hurricane winds at its center, swung slightly westward today and probably will strike the Florida coast between here and Pensacola during the afternoon.

Weather Bureau experts predicted a wind approaching 80 miles an hour would strike the coast. If the storm continued its present course, it might hit Tallahassee, city of 11,000 tonight.

AN OPEN MIND ON SESSION OF LEGISLATURE

AUSTIN, July 30. (U.P.)—Governor James V. Allred today says he has "an open mind" on a special session of the state legislature for social security legislation.

He said that at this time he cannot say whether a session will be desirable, whether legislation will be needed before the January regular session, and whether the unemployment insurance act will be held constitutional, are questions delaying a decision.

Allred expressed belief that September will see an increase in old age assistance funds because license renewals now are being made by liquor dealers.

Meantime the state board has been preparing a report on the steps necessary to participate in the federal program.

Check machines in the state comptroller's office began grinding out the second payments for old age assistance to be made August 1st.

Lists were not completed, but it was expected 58,500 will receive pensions, and that the total payment, including federal money, will be about \$960,000.

ROTARY HEAD MAKES VISIT IN CISCO TODAY

District Rotary Governor Fred Wemple of Midland, spoke at the Rotary luncheon today concerning the influence of Rotary on world peace and education. He stated further that a study of the principles taught by this international organization would make better citizens of men whether they were Japanese, Chinese or Americans.

His talk was warmly received and he stated that he would meet members at a round-table discussion of problems at the chamber of commerce tonight.

Miss Jewel Ely, violin and Mrs. B. A. Butler at the piano, were honored on their musical program provided by R. N. Cluck.

Other visitors were Allen, son of Governor Wemple and Hilton Kaderli, private secretary to the governor, Wesley Hall, highway engineer, Brownwood and W. H. LaRoque of the Daily News.

LABOR GROUPS ENDORSE RACE OF GARRETT

FORT WORTH, July 30. (U.P.)—The State Four-Railway Brotherhoods and the State Federation of Labor are behind County Judge Clyde L. Garrett of Eastland in his race to replace the veteran congressman Thomas L. Blanton of Abilene, labor officials revealed here today.

The decision to support Judge Garrett was reached in a labor meeting in Austin Tuesday.

The labor organizations are opposing Blanton because of his "unfavorable labor record," Joe Steadham of Fort Worth, legislative representative of the railway brotherhood said.

Three of the four brotherhoods went on record as favoring Ernest O. Thompson for re-election to the railroad commission over his runoff opponent Frank Morris of Dallas. Others remain neutral.

The labor group decided to take no stand in other state and congressional races.

PWA Officials To Meet August Fifth

AUSTIN, July 30. (U.P.)—Texas city officials will meet next Wednesday to consider plans for obtaining PWA allotments from which all Texas projects were omitted in the latest announcements of approvals at Washington.

Texas' projects were reported omitted because only relief labor is to be used and unemployed skilled workers were lacking. Previous rules required only a percentage of relief labor.

First Regatta Set For Mineral Wells

The stage is all set for the first annual Mineral Wells regatta at Lake Mineral Wells next Sunday, August 2, sponsored by the junior chamber of commerce and directed by the Fort Worth Boat Club. The boat club also has selected a group of expert racing judges.

\$600 cash prizes await the first four men in the eight big races of the program starting at 1:30 p. m., each race getting off by a clock start.

Thrill for the spectators and spills for the race drivers will abound as a large field of drivers from all parts of the Southwestern United States compete in fast company on the five-mile course.

The entire race course will be visible to spectators at Civic League Island, the peninsula opposite the boat house, and the surrounding hillsides.

Plans are being worked out to have a loud speaker for the purpose of announcing entries and the winners as well as a description of the races as they are run.

CLYDE L. GARRETT of Eastland Leads Blanton in Race for Congress

BIG PREMIUMS FOR DAIRYING AT CENTENNIAL

DALLAS, July 30. (U.P.)—The biggest sum ever spent for premiums on Holstein-Friesian cattle will be divided at the Holstein competition during the National Dairy Show at the Texas Centennial Exposition October 10-18.

Nineteen classes will divide \$5,000 according to Prof. W. L. Stanzel, exposition livestock director. In ten classes first place winners will draw down from \$100 to \$225 each.

The Holstein-Friesian Association of America will present ten highly coveted rosettes to the senior, junior and grand champion females, senior, junior and grand champion bulls and to the premier breeder and exhibitor.

Owner of the grand champion cow will receive the Frederick L. Houghton Memorial Trophy and the owner of the best produce of dam, the Frank Tilden Price Memorial Trophy. The Robert E. Hager Memorial Trophy goes to the owner of the best get-of-sire.

The National Dairy Show is the greatest event of its kind in the world and is expected to bring at least 600 of the most aristocratic dairy animals on record to the \$250,000 World's Fair that will operate to November 29.

Owner of the grand champion cow will receive the Frederick L. Houghton Memorial Trophy and the owner of the best produce of dam, the Frank Tilden Price Memorial Trophy. The Robert E. Hager Memorial Trophy goes to the owner of the best get-of-sire.

Miss Blanton Back At CC Office Today

Miss Ruby Lee Blanton resumes work as assistant secretary at the Chamber of Commerce today after an absence of several weeks on account of an operation for appendicitis at Graham sanitarium.

Miss Johnnie Sue Slaughter, has been substituting as assistant secretary during the absence of Miss Blanton.

Community Wins In Game Last Night

The Community Natural Gas company took the long end of the 9 to 2 score in the soft ball game at the park last night when the community and Fire Department teams, winners of the Monday night double header played a fast game to a rather small crowd of fans.

Two merchants teams will play Monday night. Nick Miller and Edward Lee, will secure teams to lock horns for a hot contest and it is said these games will be between local business men rather than the ranks of good players. It is supposed to furnish a great deal of fun rather than for the purpose of winning a victory.

Many Wounded In Fight In Mexico

LAREDO, July 30. (U.P.)—Reports reaching here from Monterey, Mex., said three persons were killed, eight wounded, and 500 arrested last night in a clash between police and members of an anti-communistic society.

WEST TEXAS — Partly cloudy tonight and Friday; showers in extreme west portion tonight.

The charge of Fred O. Jaye, DeLeon attorney endorsed by Townsend clubs, who failed in Saturday's primary election as a candidate for Congress from the 17th district, that a slush fund of \$25,000 from Washington is being used by him, was termed a "malicious lie" Thursday by Judge Clyde L. Garrett.

Preparing to deliver his first speech since the primary at Bass Lake near Gorman in Eastland county, Thursday afternoon, Judge Garrett reserved comments on Jaye "joining the Blanton forces," and said:

"I shall have nothing to say about that at this time. His reasons for doing so are already too well known to the people of this district."

"I propose to continue my campaign along the same lines as in the first primary, unless my opponent should adopt methods other than those used in the first primary," Judge Garrett declared.

Blanton told the voters that he is running purely on his record and that he was not mentioning his opponent's name and that if he had to deal with personalities, he did not want the office. It is to be hoped that it will not be necessary for me to have to adopt any other type of campaign than that used heretofore."

Continuing Judge Garrett said: "The result of the first primary clearly indicates that the character of campaign I waged met with the hearty approval of the voters of this district. They have given me about 5,000 more votes lead over Mr. Blanton."

Garrett has not fully outlined his speech, Gorman stores prepared to close this afternoon. The candidate is a native son of Gorman.

Garrett stated he would favor in his Gorman speech:

An adequate and liberal old age pension.

Right of free speech and free press.

Adequate hospitalization and reasonable compensation for disabled veterans of all wars.

A balanced budget obtained by elimination of useless expenditures that have increased taxes.

A tariff on foreign oil and farm and ranch products.

More jobs and less doles.

Strengthening of federal anti-trust laws.

Army, navy and air service adequate for national defense.

Approval of federal emergency legislation as business improves.

Elimination of income tax loopholes.

Establishment of merit system for all postmasters.

Restoration of agriculture in the nation's basic industry.

Better protection of labor and small producers and distributors.

Garrett opposes foreign alliances, issuance of more tax exempt securities, any federal sales tax, federal control of all industry and use of the franking privilege.

MANY CISCOANS ON GOOD WILL TRIP TONIGHT

A. D. Starling, president of the Junior Chamber of Commerce, has been promised a big delegation for the Putnam good will tour in connection with the Lobo band tonight.

There will be no concerted gathering here but all will meet in Putnam about 8:15 when the band will give a concert and business and professional men will be introduced by Mr. Starling.

A Summer Song Of Cotton

Have you ever watched a row of colored cotton choppers etched against the sky? As Conrad Frederick Smith says in a little prose poem about cotton-chopping time in Dixie: "These toilers might be the sturdy farm workers in the harvest fields of France to whom Millet gave immortality, or the more lonely figures who chant ceaselessly while they pull boat ropes along the Volga's banks." Here is a portion of Mr. Smith's "Song of Cotton":

"From broad fields basking in a summer sun arises the ancient Song of Cotton—a muted chorus of hoe hands, their heads bent low over flashing blades.

"Worn hoes with edges keen as Damascus swords swing in unison to shuffling feet, to the rhythmic sway of sturdy shoulders. Sharp steel scrapes grass and weeds away from tender young plants that one day will be dressed in bridal white. Clod fly, weeds tumble.

"Down long rows steadily plod the choppers. Fresh-turned earth. Cool bare feet. Shimmers of heat dancing over the fields stretching to far green horizons.

"It is now—hoe while the sun is high in the heavens—hoe while the grass grows and a moist, fertile soil lends vigor to all growing things. The fight is on.

"In these early battles the Song of Cotton, like that of the hoe hand, is muted like the faint notes of a far-off bugle. But when harvest comes, it will flower into full, magnificent sympathy. Crisp September and October days and bursting bolls. Cotton—fleece and white as wind-tossed ocean spray; cotton, whose tiny fibers bind the world together. In anticipation of snow-white autumn fields, bringing to Dixie the wealth on which all classes largely depend, the Song of Cotton is even now touched by a hope that gives zest to every labor."

Recipe For Making A Home

The following recipe for making a happy home comes from Miss Sylvia Slocum, a Virginia District Home Demonstration Agent:

"Take a full cup of Friendship, add one cup of Thoughtfulness;

Cream together with pinch of powdered Tenderness. Very lightly beaten into a bowl of Loyalty, with one cup of Faith, one of Hope, and one of Charity;

Be sure to add a spoonful each of Gaiety that sings, And the ability to laugh at little things;

Moisten with sudden tears of heartfelt Sympathy, And bake in a good-natured pan. Serve repeatedly."

Rising Star Man Takes Poison, Lives

William Koonce, 55, prominent business man of Rising Star who is in a serious condition following the swallowing of three pills of mercury tablets Wednesday, was operated and the operation was considered successful if he could live 24 hours. At noon today, he was reported still alive, though very weak and hopes were still held out for his survival.

Mr. Koonce was formerly manager of the Higginbotham store at Rising Star but lately engaged in liquidation of banks in this area. He told his wife Wednesday morning that he had taken the tablets and a son-in-law gave emergency treatment until a doctor could arrive. It was decided to operate which was done Wednesday afternoon.

RIP GALLOWAY SAYS THANK YOU

To the Voters of Eastland county:
As I enter the runoff campaign, I want to express my gratitude to the people for the splendid vote they gave me in the first primary for the office of County Clerk.
Making my first race for any office and unfamiliar with campaign methods and practices, nevertheless I received 2,663 votes in a three-cornered race. Particularly am I grateful for the vote of my home box which gave me 537 to my opponent's 68. I am proud of this magnificent endorsement from the people among whom I have lived for the past 18 years.

I shall conduct the runoff campaign just as I have in the first race—on a high plane—contenting myself with pointing out that I have never held public office, that I have never before been a candidate and appealing to the voters on the time-honored Jeffersonian principle of rotation in office.

To those who saw fit to vote for either of my first primary opponents, I have only the kindest feelings and may I ask that between now and August 22 you inquire about me from those who, through the years, have had an opportunity to know me well and I will abide by their verdict. If you see fit to elect me, I promise you the very best service of which I am capable, based upon 20 years of clerical and business experience.

I appeal to my friends who did me so many kindnesses in the first race, to continue their efforts and there will be no doubt as to the outcome.

Total Results in County Clerk's race: Galloway, 2663; Davenport, 1665; Collie, 2923.

Sincerely,
R. V. (RIP) GALLOWAY.
(Political Advertising)

TO THE VOTERS OF PRECINCT NUMBER 4

I wish to express my sincere thanks and appreciation for your support of my candidacy for Commissioner. Your support has placed me in the runoff primary. I have made the race on my own merits and qualifications and will continue to the end in the same manner. I feel that the experience I have had as City Commissioner and Street Superintendent of the City of Cisco will enable me to handle the business as well as the work in a first-class and businesslike manner. It will be my purpose to serve the whole precinct alike if you see fit to elect me your Commissioner on August 22nd, 1936. I have only one promise to make and that is to give the office the BEST there is in me. It will be impossible for me to see each voter so I want you to take this as a personal appeal for your vote and influence.

TO THE CITIZENS OF EASTLAND COUNTY

It is with a feeling of gratitude that I express to each of you my sincere appreciation for the liberal vote you gave me in the election last Saturday. By your vote and support you placed me in the second primary election to be held August 22.

Out of approximately 7,270 votes cast you gave Judge W. D. R. Owen and myself approximately 4,441 votes, which to me indicates that a great majority of the citizens desire to elect to that important and responsible position a man who is qualified by education and experience to perform the duties in an efficient and capable manner.

If this is your desire, then I appeal to you to give me your support and vote in the second primary, and if elected I promise you to perform all duties of this office in a manner that will be a credit and honor to the citizens of this County.

Yours very sincerely,
