SNYDER BUSINESS MEN'S LUNCHEON

ENTHUSIASTIC MEETING HELD LAST TUESDAY AT THE SNYDER CAFE

CLEAN-UP CAMPAIGN STARTED

Scurry County Good Roads and Auto Association Will Have Charge of Improvement Work

The regular twice-a-month luncheon of the Snyder Business Men was held Tuesday at the Snyder Cafe and Bakery with a large attendance.

As usual the members were enthusiastic and much business was transacted with H. I. Johnson, presiding as chairman.

Reports from the night watch committee was received and the committee given more time. This committee is composed of F. V. Clark, J. P. Chambless and J. R. Welch.

Street sprinkling committee was reported as progressing nicely by Fred A. Grayum and M. A. Grimes. Practically all of the first month's money was reported collected.

Porter King reported for the band committee, which was to the effect that funds had been raised to cover all back encumbrance and that the band was holding regular practice periods and now ready for open air concerts. This report elicited continuous applause.

E. J. Anderson announced all things ready for the reception of the A. & M. locating committee, that Snyder was on the itinerary and requested a clean-up day prior to the coming of the committee. A committee composed of Mayor E. F. Smith, E. J. Anderson and Cullen C. Higgins was appointed to confer with the City Council and Commissioners' Court for co-operation in the

REPORT OF GOOD ROADS ASSOCIATION

The following statement is for three months commencing February 1st. and ending April 30, 1917.

February dues	$210.00
March dues	212.00
April dues	200.00
Expense for period	$ 31.85
Hermleigh road	278.00
E. Bridge Street	42.00
West Side streets	50.70
E. West street	27.75
Camp Springs road	105.00
Cash in F. N. Bank	86.70
	$622.00 $622.00

The Association work consists of a fraction more than e ight miles at at cost of $503.45 or $62.95 per mile. The bulk of the work was done before the rains and was slow and tedious. All of the above work has been gone over the second time and this process has been continued, after each rain until the roads are in perfect condition.

On May 3rd, the Directors held their regular monthly meeting and considerable interest was manifested. The Secretary was instructed to go before the City Council and the County Commissioner's Court and ask for their cooperation in the work the Association is doing. This has been done and we are assured by both of the City and County of their support in a financial way at such time they are in position to do road work, aside from the regular annual road working in the different precincts. The City and County officials have expressed their hearty thanks for the effective work the Association has done and appreciate the interest being put forth toward good roads by the one hundred or more members of the Association who are going down in their pockets and contributing liberally to the cause. But there is another view to take of the situation. We now have something like 650 registered car owners in Scurry county and only ten per cent are supporting this work. We should have at least fifty per cent who are willing to join in the work for one year, at this rate we would receive $600 per month, employ two more outfits and get down to business and soon have our roads in the best of condition throughout the county as well as our streets. I would then favor reducingthe dues to $5.00 per annum which would employ one man with team for the year to look after the roads and keep them in good shape.

PARENT-TEACHERS ASSOCIATION MET

The Parent-Teachers Association met Thursday May 11 at the Central School Building with Miss Vera Heath presiding. Election of officers was postponed until Tuesday of this week. The following books have been purchased for the High School Library: Works of Dickens, Bret Harte Thackery, and Dumas.

After the business was disposed of, the program was taken up.

A piano solo was rendered by Miss Ima Wilson. Dorothy Chambless gave a reading. These were much enjoyed.

Mrs. R. L. Howell read a paper on "How our children shall spend their vacation. She commended work already started in our own city in regard to home gardening and urged that this be done more extensively thin is being done. She said a great opportunity for high school girls is the Red Cross Work. Auxiliaries can be organized and great good can come from it. Her paper was interesting and instructive.

Mrs. Fish rendered a vocal solo which was enjoyed.

Miss Dannie Lee Sears led a very interesting discussion on "Supervising Home Reading of School Children." Among other good things she said that any normal child likes stories and it is just as easy to teach the child good literature as to allow him to form a habit of reading light literature; that many children do not have enough to read, many have too much and very few have just enough of the right kind.

She said that teachers might help the child by furnishing lists of the books to be read, that would be help ful to the English course that is to follow. While the teacher can do much in this direction, she said the responsibility rests with the parent who is just as responsible for the child's reading habit as any other habit.

The sum and substance was a direct interest in the child.

This was very much enjoyed.

Upon motion the club adjourned.

—Reporter.

Miss Sturdivant Sang.

In the report of the District Conference of the Methodist Missionary Ladies, in last week's issue of the Signal, it was said that at the Thursday afternoon session Mrs. A. J. Coleman rendered a solo, when in fact Miss Charlotte Sturdivant very sweetly sang "Hold Thou My Hand."

Y. M. B. L. MET MONDAY NIGHT

The Young Men's Business League met Monday night and transacted considerable business and many new applicants for membership were submitted.

The membership committee were authorized to arm themselves with receipt books and collect as they go. This committee will work in pairs as follows:

Team No. 1—Jno. Eoff and Dr. J. E. Meador.

Team 2—R. L. Shotwell and H. I. Johnson.

Team 3—J. W. Couch and J. K. Blackard.

The constitution and by-laws committee are President Robert Strayhorn, J. L. Robinson, W. W. Hamilton and H. J. Brice.

The League will meet in special session Tuesday night at the court house.

SNYDER FIRE DEPARTMEN IN CALLED MEETING

In response to a call issued by Fire Chief A. C. Wilmeth, a small representation of the Fire Department responded and transacted important business.

A committee composed of E. H. Higginbotham, J. D. McClannahan and Olin Hardy was appointed to confer with the Finance Committee of the City Council regarding equipment improvement.

At this juncture Chief Wilmeth tendered his resignation.

On motion of Olin Hardy, his resignation was unanimously rejected, and an indefinite leave of absence was granted the Chief.

Three new members were added to fill vacancies created by the removal of some of the members.

Oran Wilson, Olin Hardy and J. D. McClannahan were appointed as a committee to investigate the possibilities of an adequate alarm system.

It was the sense of the meeting that a rigid enforcement of the by-laws and constitution be adhered to.

LUMAN CAPTURED AT POST CITY, TEX.

Texas Rangers and the Sheriff and a posse at Post City made what is considered an important arrest in that town last Friday night.

All the officers in West Texas have been looking out for eighteen months for Will Luman, wanted on a murder charge and it is saidthat a certain ranger sleuth has been on the trail of a suspeet for several months in Oklahoma and has been waiting the proper time to swoop down on his man It is saidthat Luman was seen Friday night to go to the home of his family at Post City and the officers collected a force of about ten men and surrounded the house. An old acquaintance of Luman went to the house and explained to him the situation and asked him whether he would surrended or be forced to do so. He agreed to give himself up. He was brought to Snyder Saturday morning. Rangers White and Cardwell and the Sheriff of Fisher county took the prisoner to Roby.

Luman is charged with murder in connection with the killing of J. F. Bostick, a few miles west of Rotan in February 1916.

Bostick and his daughter were enroute to Rotan in a wagon. They were attacked by two men and Bostick was shot to death. The daughter witnessed the tragedy and identified the slayers.

Alfred Rasberry was arrested soon after the killing and has since been tried at Roby and given 25 years in the penitentiary. The court of appeals has recently reversed the case and he is to be tried again.

Luman, the other man accused dropped out of sight and has eluded capture until last week.

The Bostick killing created a profound sensation in four counties and these recent events will serve to renew public interest.

Mrs. W. H. Anderson was called to Snyder Tuesday to attend the bedside of her grand daughter, Axanelle Echols, who has the measles.—Hermleigh Enterprise.

KILLED BY TRAIN AT RICHMOND, GA

Mr. Eiland lived here many year ago, but has been away about 2 years. He had a home at Cutl bert and his wife was buried there 1882.

Mr. Johnston and Char lie Palmer came in from Dunn Tues day morning to convey the remains to the resting place at Cuthbert.

The sewer builders have laid a pipe extension this week from the corner of Water street, and Cornelius Ave to the hill crest in front of F. V Clark and Mrs. Geo. W. Harris. This gives connection for those places and for Mr. F. J. Grayum's new home Another extension is being laid on Spring street, which will afford connection for M. F. Cornelius.

Mayor E. F. Smith of Snyder was in Gail on legal business Monday.—Borden Citizen.

Personals.

Still it is always interesting to an old established family paper like the Signal. The files often contain the record of the marriage of the parents, the birth of the baby and their graduation.

Prof. E. A. Ellis was here Saturday from Sylvanna. His school will close there after another week. Mr. Ellis has been elected Superintendent at Roby. His successor at Sylvanna has not yet been elected.

County Superintendent Black and family are moving into their new home this week, recently purchased on South Spring street.

Mr. J. H. Coker was here Thursday from Hermleigh and said that since the recent rains things are looking pretty good over there.

Miss Vela Bell has recently been reelected as a teacher in the public schools at San Marcos.

Mrs. H. H. Bell and daughter, Miss Vela, of San Marcos are the guests of Mr. and Mrs. W. Roland Bell.

Mr. T. C. Stinson left today for Ellenoove to visit Mr. and Mrs. George Stinson.

County Clerk Curry issued a marriage license Tuesday to Mr. Dave Carr and Miss Hibby Dees.

J. A. Morrison and family have returned from Allen. They report that country very dry.

Farm Lying Idle.

Since the people everywhere are urging cultivation of all the idle land to production of food and feed crop, it has been suggested that a rousing good crop could be grown on the old wheat land just south of town. That tract contains 81 acres and is as good land as there is in West Texas. This land belongs to a number of people who bought and paid for all lots. It would make a fine farm and ought to be producing something for somebody. If not for the people who own it, then for the government.

Aged Lady Died

Mrs. Mary H. Sumrall, aged 74 years died Wednesday night at the home of her son, five mile east of Snyder and was buried in Snyder cemetery Thursday. She was the mother of W. T. and W. H. Sumrall. Another son lives in New Mexico and arrived here Thursday, not knowing that his mother was sick. He came expecting to take her home with him. The family tried Wednesday night to reach him by wire but he was then on his way here, unmindful that he would find his mother a corpse, ready for burial.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Wilman, of this place, says; "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot...

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

THE STATE OF TEXAS:

To the Sheriff or any Constable of Scurry county—Greeting:

You are hereby commanded to summon M. M. Adams, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District; to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder Texas on the 4th Monday in May, A. D. 1917, the same being the 28th day of May, A. D. 1917; then and there to answer a petition filed in said court on the 1st day of May, A. D. 1917, in a suit numbered on the docket of said Court No. 2082, wherein Lucile Adams is Plaintiff, and M. M. Adams is defendant, and said petition alleging that plaintiff is a bona fide inhabitant of the state of Texas and has been for more than twelve months next preceding of the filing of this petition and has resided in Scurry county, Texas more than six months next preceding the filing of this petition.

That plaintiff and defendant were lawfully married to each other in Yell county, Arkansas on the first day of January, A. D. 1911, and continued to live together as husband and wife until they removed to Texas, where they were bonafide residents and inhabitants of the state.

That at all times during their married lives the plaintiff was at all times a kind and dutiful wife, treating her husband with kindness and forbearance and managing her household affairs with prudence and economy, but that the defendant was unmindful of his marriage vows and failed to provide for the plaintiff or to treat her with kindness, but treated her in such a cruel and unusual manner, and was guilty of excess temperament, both mental and physical, of such nature as to render their living together to this plaintiff wholly insupportable.

That about the 15th of January, A. D. 1912, the defendant abandoned plaintiff without means of support and with a child, to-wit, Mary Ethel, a girl, who was then only about six weeks old, and remained away from about August 10th, 1912, without cause or justification and without the consent of this plaintiff.

That about the 9th day of April 1912, the defendant left with another woman and lived with her about three weeks, traveling together.

That about the 10th day of August, 1912 defendant promised to treat plaintiff with more consideration and asked her forgivenness and asked her to return to him, which she did and they continued trying to live together until their final separation.

That while trying to live together the defendant failed and refused to provide for the support and maintenance of the plaintiff and their little girl child aforesaid, and would pout and leave plaintiff alone for two or three days at a time and go down in the basement of the building in which plaintiff and defendant resided, and would leave plaintiff and be away on trips for a great length of time without contributing to plaintiff's support and maintenance.

That on or about April 7th, A. D., 1916, the defendant returned to plaintiff and took his automobile and left the plaintiff and her child again without maintenance and support and has continued to reside away from plaintiff and without maintenance and support.

That defendant has again renewed his attention to others and divers women in such manner that it is a violation of his marital relations and the laws of this state and a humiliation and embarrassment to the plaintiff of such a cruel and unrefined nature as to render her living with the defendant, entirely and wholly insupportable, thereby renewing other cruel and unusual treatment, inflicted upon plaintiff by the defendant.

That defendant is not, but plaintiff is a proper person for the custody and control of their child.

Wherefore, the residence of the defendant being unknown to plaintiff, she prays for citation by publication in terms of the law, and that on final hearing she be permitted to show her cause of action against the defendant and her ability to support and maintain Mary Ethel Adams and for a judgment dissolving the bonds of matrimony theretofore ex- isting between plaintiff and defendant, for the custody, care and support of said child, and for such other and further relief, general and special as Lillton Merritt herself entitled to. Home Raised Syrup

Prices have gone up on Sugar and consequently people who buy imported syrup and molasses will pay higher prices. These conditions suggest the importance of the giving of more attention here to growing sorghum and seeded ribbon cane. This West Texas country is well adapted to these crops. Seeded ribbon cane makes a syrup fully as good as the celebrated Louisiana syrup.

Every farmer in Scurry county could devote a small patch of ground to this canea nd make syrup enough to supply the family and some to sell. A neighborhood of farmers could pool the funds for a cane mill and pans and employ an expert manufacturer and they will get a supply of syrup as palateable as they can buy and it will save lots of money at home.

LIFT YOUR CORNS OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug callde freezone, which the moment a few drops are applied to any corn or callus the soreness is releaved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores but it will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. 60

RANGERS FOR THE BORDER

An intimation came from Washington recently that Texas would be asked and authorized to protect the Mexican border against outlawry and raids by Mexican bandits and the legislature readily signified a disposition to organize a force of rangers and the Texas boys are rearing to go.

Five hundred seasoned rangers along the border can do more than five thousand regular army troops statfoned at Forts in the region.

The Mexicans know the mettle of the rangers, and already they are beginning to get back over the line.

The Rangers are apt to be scattered through the infested territory so that in case of a raid the outlaws are overtaken before they can reach their hiding place. With soldier protection the pursuers must await orders and then take a day or two to get ready to go.

The rangers will be ready right now and will make the rush while the trail is hot.

Bishop Recovers More Jewelry

Roscoe Times: W. H. Bishop went downto Coleman Saturday and recovered a part of the jewelry stolen from his store in December, 1915.

The property recovered, consisted of rings, bracelets, watchfobs, etc and is valued at from $100 to $150.

This property was found under a large rock on the side of a mountain near Coleman by a boy who had chased a rabbit under the rock. When he turned the rock upto get the rabbit he discovered the jewelry. He took the same to the Sheriff's office and Mr. Bishop was notified. He readily identified the property as his own. It was at Coleman that the suspected parties were found with a part of the stolen goods soon after the burglary. It will be remembered that Mr. Bishop's store was entered early in December, 1915 and about $2,000 in jewelry and other valuables were taken.

Wicked Mexicans have long been a menace to peace and safety on the border and the sordid reasoning that their labor is needed should not enter into count. They have flirted at will with American authority, backed by soldiers and Texas people have contended that a band of Rangers could control them better than an army of troops and their leaving proves the force of this contention.

OR PROBLEM IS ... UP IN ELLIS COUNTY

Waxahachie, May 12—Three hundred Ellis county farmers met today and discussed labor problems, it having been reported that negroes had formed a union and would work only ten hours a day at 20 cents an hour. The committee on recommendations suggested that $1.50 was a fair price for labor from sun up to sun down. The hour system was condemned and the recommendations were adopted by the meeting.

SELF INTEREST BOBS UP TO OPPOSE HUMAN WELFARE.

Just at a time when the Governmen is proposing to check the brazen plans of food speculators by fixing a limit on prices of food stuff, it is noticed that selfish interests are butting in to hold prices up to an abnormal level. It is stated that vast quantitiles of grain and other food stuffs have been hoarded in Chicago and other cities while the European people are suffering for food and the American people are paying double prices for flour and other necessities, the Cormorants are withholding their stores from the markets regardless of human suffering. The government is proposing to fix scales of reasonable prices and while this movement is being discussed in Washington, a certain Texan, claiming to speak for Texas demands that a minimum price of $3.00 a bushel for wheat and 25 cents a pound for cotton shonld be fixed. Men in position to see the food situation in all its phases declare that unless a check rein is held on speculators the people will soon have to pay $20 a barrel for flour or do without it.

OUR WAR TAX RATE LOOMS UP.

When the new war tax measure becomes effective, it is estimated that the average tax on American people will be $38 per capita. The Tax burden in England is $60. Our tariff tax will be increased, a revenue charge will be placed on practically everything we use. All sorts of legal documents, notes, deeds, checks, bills lading, light bills, railroad tickets, opera house and movie tickets, all of which the user must pay. The cost of tobacco, cigars, cigarettes and almost every commodity must come in with its bit.

Newspaper postage rates will be doubled and every telegraph and telephone message will call for an additional charge. It seems that the main thing the Ententes want from the American people is money and we are in a position now to have to dig up.

ONIONS AND GOOD CHEER

The Signal editor came to his desk last Saturday morning seriously pondering over the high cost of living. There was in course of incubation an editorial bearing on war taxation, twenty dollar flour and the importance of growing food and feed. The incubator had just about reached the stage of the bluest pessimism when it was found that the faithful may surely always find ravens, ready to bring food to Elijah and that the righteous will not have to beg for bread.

Alex Barnett had just come in from his farm at Ira and left a big bunch of onions with a note, saying: "Now Mr. Editor, eat, drink and be merry today for tomorrow we may [illegible] it." Alex admits that Mrs. Barnett is growing a good garden this year.

Earnest Sears said Friday that the rain last week was distressingly light at Arah.

clean-up plan and the repairing of the public square, and both Santa Fe streets, prior to the arrival of he locating committee, also to invite the Scurry County Good Roads and Auto Ass'n. to lend their time toward a completion of the work. President E. E. Matthews, assured the co-operation of the Association. The County and City employed the Association for fifteen days to do the work.

Anderson, George Northcutt, Cullen C. Higgins, J. P. Chambless, Mayor E. F. Smith and others. The Chautauqua will be on a larger scale this year and even a better program. The last advance man is to be here in a day or so to finally arrange for grounds, etc., for the big Chautauqua tent, the auditorium being too small to accommodate the stage effects required for the extensive attractions on the program.

No further business the luncheon party adjourned until Tuesday, May 29, under the supervision of the same committee.

Valley Farm:

On next Thursday evening, May 24 at 8:15 at the Opera House the Senior Class of the Snyder High School will present "Valley Farm" a drama in four acts. Much time and attention has been spent on the preparation. The training has been under the direction of Mrs. F. L. Hutcheson, which we believe to great degree insures its success.

David Hildreth . . . Ivey Biggs
Silas Holcomb . . . Finch
Azariah Keep . . . Wayne Buren Jennings . . . Lambert Sturdivant

Between the acts of "Valley Farm" a short interlude "How Snyder High School Girls Entertain" will be represented by Misses Juanita McConnell and Susie Hamlett, assisted by other members of the Senior Class.

PARTISANSHIP YIELDS TO AMERICAN PATRIOTISM

Thetime has come when the American people are one. There is no sectional strife now. A democratic Congress recognizes the power and worth of Republican leaders and all the people are working in harmony and fellowship.

Roosevelt is being recognized for his fitness and aggressiveness and will be commissioned for important service.

Ex-President Taft is working with the administration in many public lines. Senator Root, a stalwart Republican has been sent to head a Commission to Russia to establish and maintain cordial relations with that nation. Senator Root was selected for that mission because of his fitness to handle a delicate situation and he is proving equal to the demand.

SEVEN DEADLY SINS

Manager Hogwood of the Cozy Theatre announces that he has booked the Seven Deadly Sins, the newest thing in motion pictures, starring Ann Murdock, Holbrook Blinn, Shirley Mason, Nance O'Neil, Charlotte Walker and George Le Guere.

This great motion picture attraction consists of seven features of five reels each. Every feature is a complete drama, but the seven are connected by the love story of two young folks, played by Shirley Mason and George Le Guere.

Patrons of the Cozy Theatre are promised unusually fine productions and all the plays are dramas of today. Miss Mason, as Eva Leslile is tempted to turn by the seven deadly sins and triumphs over each one of them. For instance in the first—"Envy" starring Ann Murdock—she becomes envious of a great actress. Her desire to have all the joys the actress seems to have, leads her into many tribulations. She triumphs over envy and learns that her own simple life is worth while after all.

Seven times Eve is tempted until at the end—well, Manager Hogwood won't tell what happens in the end.

The date of the showing of the first of the Seven Deadly Sins will be Wednesday, May 23rd.

CURRY COUNTY SENATOR GETS IMPORTANT LEGISLATION

A strong effort was made to get Senator Bee's bill through the Legislature for a new school book contract which would have made a saving in text books and probably a heavy expense to the people. The books now in use are satisfactory and many school men and others have contended that the old contract should be continued in force and through the activities of Senator Bee of Scurry, an amendment to Bee bill was adopted which practically continues the old contract and will save the people thousands of dollars.

A Symbol of Health

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's tablets and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation; get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates. Its mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a fifty cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick an nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. No. 13

LECTURE ON AFRICA GIVEN AT THE METHODIST CHURCH WEDNESDAY EVE.

There was a large gathering of people at the Methodist church Wednesday night to hear the stereopticon lecutre by Mr. Stockwell. The entire lecture was devoted to Africa showing views to illustrate conditions and customs of of the people. The lecturer has spent three years in that country teaching the natives in the arts and leading them to the higher lines of civilization. He is teaching them how to work and shewed pictures of the architecture and other structures that he has taught them to build. He showed the native in his barbarian life and then showed them improved by education and the power and influence of the Christian religion.

The Gospel of Christianity is making progress among those benight peopleto such an extent that Cannibalism is practically extinct and the people are growing civilized.

Africa is a country of wonderful natural resources and religious educators and commercial agencies are gradually bringing the natives up to higher standards.

The lecture was educational and familiar to Missionary people who have kept posted on conditions in the dark continent, and was a revelation to people who have not studied that country and people. Africa is a wide open opportunity for Missionary activities and the call of humanity is for men and women to help.

"LITTLE WOMEN"—The Drama of Wholesome American Life to be Presented at Chautauqua

They are all here—Meg, Jo, Beth and Amy, these wonderful "Little Women," bringing tears and smiles and lessons of filial devotion and unselfishness. When Marian De Forest reached to a remote shelf of her library and drew down Louise Alcott's novel for dramatization she builded better than she knew. There is no use of discussing dramatic technique in dealing with "Little Women." It is to laugh and then reach for a fresh handkerchief. It is a good clean play. It is a play to which people of all ages and all classes may go and reap nothing but benefit. Not one line to offend the most delicate ear. Neither is it of the namby pamby type. Its chief merit lies in its humanity.

POSSIBILITIES OF HOME-GROWN MOLASSES.

If the farmers of Scurry county will plant even small patches of sorghum and ribbon cane, we could make all the syrup we need and have to sell.

Home made molasses is wholesome and savory. One manufacturing outfit would be enough for several neighbors and by co-operating vast quantities of syrup could be made up during the fall season. It is not every man that knows the trick in making cane syrup, but some one may be found in every community who has had practice along the line. Back in the old states during the years following the civil war, almost every farmer planted a small area in caneand home made syrup was a standard diet. Syrup from north and east, even cane syrup from Louisiana were unknown for several years after the war. The people had to grow their living and why not do it now?

A half acre of cane will produce all the syrup a family could use in a year, then the by products of the cane can me made valuable. The government is experimenting to prove that the ground up stalk can be preserved in silos and kept fresh for hog feed. The fodder and the seed have been recognize as valuable as a stock feed and the Department urges that the skimmings be taken off during the boiling process can be boiled down to a stage that it will keep good for hog feed for any desired length of time.

The possibilities of the cane crop are worth considering and we hope to see a number of Scurry county people try it.

THE SENIOR CLASS TAKES THEIR ANNUAL PICNIC

Written for last week:

Last Friday, May 4th, the Senior Class, accompanied by Miss Klapproth and Miss Weathers took their annual picnic.

There were five cars of us. We went to Clear Fork River and took dinner. We had several punctures and blow outs, but that didn't dampen our spirits in the least. Another little accident, the turning over of one of the cars. No great damage was done. One of the girls was injured but not seriously. This dampened our spirits like nothing else could. We visited Double Caves. After we had fully explored the caves we went to Dripping Springs. The Springs were very beautiful and we all enjoyed seeing them.

Those Seniors who went on the picnic were: Misses Ethel Isaacs, Jessie Lee Stimson, Zona McMullan, Effie Riley, Maggie Wilson, Leona Strayhorn, Hattie Wasson, Bessie Lee Green, Sallie Boone, Alsie Smith, Susie Hamlett, Juanita McConnell.

Messrs. Lambert Sturdivant, Ivy Biggs, Wayne Boren, Evin Finch Byron Durham, Milton Merrill, Jas. Templeton, Jr, Leslie Hollingsworth, Dan Gibson and Misses Klapproth and Weathers.

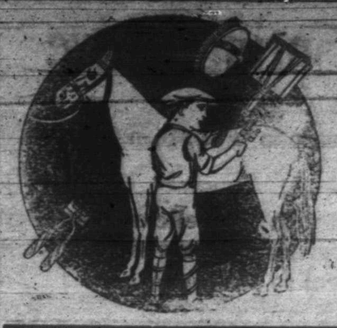

When we came back to school on Monday morning we found our books all gone and our grave in the middle of the room. While we were gonethe juniors had taken revenge and tried to bury the "Seniors of '17." but some how they all appeared Monday morning and had a time finding all their books.

Mr. Head is believed to be the man for the place and he will make a success for the literary with the help of all in this neighborhood. A bite to eat and a bottle of

Bevo

BEG. U.S. PAT. OFF.
A BEVERAGE

Bevo is the one soft drink that goes perfectly with a meal—or a sandwich. The flavor is delightful—with just the touch of bitter from the Saazer Hops that adds zest to the meal.

A pasteurized beverage in sterilized bottles—sure to be pure—something one cannot be sure of in all water or milk. Grocers sell *Bevo* by the case. Yours can supply you—

Bevo is served everywhere, 10 cents a bottle, at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships and other places where refreshing beverages are sold. Look for the Fox on the crown top of every bottle.

Guard against substitutes. Have the bottle opened in front of you first seeing that the seal is unbroken and the crown top bears the Fox.
