

Talent Show and Auction to Aid March of Dimes

The talent show and merchandise auction for the benefit of the March of Dimes Thursday, January 30, is the last polio fund drive, Royce Daves, chairman, has reported.

Scheduled at the community building at 7:30 p. m., the show will feature top entertainment by students of the four county schools in a variety of numbers that include singing, music, dancing and novelty numbers.

There will be no numbers by individuals beyond high school, but any student is eligible to enter. First, second and third place prizes will be given.

The auction will follow the talent show, according to L. B. Braten, one of the committee planning the event.

Merchants are being contacted to give merchandise items to be auctioned off, and individuals who have items at home they would like to sell may bring them.

Horace Small and Eli Wolf will serve as auctioneers.

All proceeds from the auction will go into the March of Dimes. Admission will be two dimes for adults and one dime for children.

To date, \$538.90 has been deposited to the March of Dimes account, Durant McInnis, treasurer, reported Wednesday morning.

The biggest single event so far has been the Mother's March, conducted January 23 by the 1954 Study Club, which netted \$161.17.

Returns from last week's basketball game are not in, neither has the money from the coin posters and part of the school poster money, McInnis said.

County Road Work Reported

Gene Jenkins, county road administrator, Tuesday issued a report of road work done by his department.

During January 230 miles of roads were bladed and 54 miles graded.

Seven bridges have been repaired and two bridges rebuilt.

A 40-foot bridge two miles south and three-quarters west of Dozier has been rebuilt, and another bridge a mile south and three-quarters east has been removed and replaced with a fill. A dam across this draw above the bridge has stopped the flow of water and that structure is no longer necessary.

Lumber made available by that work was used in rebuilding another bridge one-half mile south of Rolla, Jenkins said.

Most of the roads north of Salt Fork River have been bladed, and will be gone over again since the rain. Grading of some sandy roads was under way this week.

Hubert Mauldin Asks Tax Office

Hubert Mauldin this week authorized The Wellington Leader to announce his candidacy for the office of County Tax Assessor-Collector, subject to action of the Democratic Primary. In making his announcement, Mauldin, who formerly held that office, said:

"I am asking for the office on the basis of experience I have had as your tax assessor-collector, and my knowledge of county conditions. I served as deputy in the tax office from 1946 to 1949, when you people of Collingsworth County elected me tax assessor-collector. On January 1, 1951, the offices of tax assessor-collector and sheriff were combined and I served in the combined office one term.

During the time I was your official, I was able to familiarize myself with the duties of the office and the requirements for filling it. I also became familiar with county conditions as they pertain to tax matters.

I have lived in the county almost all my life, except for the time I was in the armed forces.

Between now and election time, I will try to see each of you, but in case I miss you, I take this means of soliciting your vote.

Right now, I have only one promise — that if you see fit to elect me to this responsible position, I will do my best to serve you efficiently and carefully."

Wheat Varies in Norwood Area

Wheat in the Samnorwood area varies from farm to farm, and also depending on the age, but the crop will receive substantial help from the inch of moisture received during the week end of January 19, Orville Cunningham reports.

Early wheat is remarkably good, he said, but late wheat is suffering from the cold weather.

Initial Money for Flood Damaged Farms Received

Collingsworth County has received an initial allocation of \$29,000.00 for use in paying farmers for reconstructing terraces and dams for livestock water which were damaged from flood and excessive rains during 1957, Millard Brown, county manager, announced. We also have practices to assist farmers in rehabilitating croplands along rivers and creeks which were overflowed and deposits of debris and silt were left on the land. The government payment for these practices is based on 80% of the cost of the work.

Farmers who have work that will qualify under this program should file an application at the ASC office as soon as possible since this work done under the emergency program will have to be completed before June 30, 1958. Also, if these funds are not obligated in the near future the State Committee will withdraw them from the county, Brown said.

This program will be administered in the same manner as the regular ACP is handled. The total payment limit to an individual for the emergency practices is \$2,500.00 within a county. Any payments earned under this program will not apply toward the regular ACP limit of \$400.00 per person that has been set by the county committee.

Arrest 6 Youths In Connection With Theft Series

Six Collingsworth county youths were arrested Tuesday evening and Wednesday morning in connection with the theft of goods with an estimated value of around \$500 in Hall county and Wheeler county, Sheriff John Rainey reported Wednesday, January 29, at noon.

Three of the youths, arrested Tuesday, have admitted the thefts, he said. The sheriff's department named these as Bobby Tyson, 18, son of Mr. and Mrs. L. O. Tyson; and Marvin Turner, 18, who makes his home with his sister, Miss Lenora Turner. The third boy is a juvenile, 15 years old.

Three other juveniles were arrested Wednesday morning and were being questioned by County Attorney Paul Spillman as The Wellington Leader went to press.

Rainey and District Attorney John T. Forbis told The Leader that most of the goods was taken over a period of the last three weeks, with the largest part being stolen Monday night in Shamrock. The boys admitted breaking into 15 or 20 cars in that town, four or 5 in Hall county, and three or four here, Deputy Kenneth Hodge said.

Officers have in their possession a camera, guns, binoculars, wrenches, car mirrors, hub caps and floor mats.

Part of the material was found by Deputy Hodge and Deputy John Topper of Shamrock on the Tyson farm in the Fresno community. The remainder was on the farm west of Rolla belonging to Memphis Fire Chief Lloyd Ward. No one lives at this place.

No charges have been filed against the three who have admitted the thefts, but they are being held in Collingsworth county jail. Sheriff Rainey said he intends to turn the two older boys over to Sheriff Bill Baten of Hall county and Sheriff Bus Dorman of Wheeler county. Juvenile charges will be filed against the 15-year-old. The three juveniles picked up Wednesday were still being questioned.

Enlargement of County Library Gets Approval

In a special meeting of the commissioners court Monday, January 27, members highlighted the session by agreeing on plans for enlarging the county library.

The commissioners also authorized publication in The Wellington Leader of an intention to issue \$1,200 in time warrants to finance the work.

County Judge R. L. Templeton said a door will be opened through

the south wall of the present library room on the first floor of the court house into the ladies lounge. The entrance between the lounge and the women's rest room will be walled up.

A new tile floor will be laid in the lounge, it will be re-plastered and shelves will be put up. Both that room and the present library will be redecorated.

In other action, the commissioners court accepted bids for road and bridge supplies, the low bid for lumber going to Cudd Brothers; for bolts and nails to Wellington Lumber Company; for culverts and grader blades to Brown Supply Company, Lubbock. Fuel bids accepted were Continental Oil Company, diesel fuel, diesel motor oil; Texas Company, gas; and Phillips Petroleum Company, heavy weight motor oil and non-detergent motor oil.

The commissioners next authorized the advertising of bids for a half-ton pickup. Payment of \$125 was approved for O. T. Lackey for special work; the salary for Mrs. A. V. Lowrie, who handles the surplus commodity program, was increased from \$50 to \$64 per month effective February 1, and a \$5.50 correction was made in the 1956 social security account of G. M. Thomas, at that time employed by the county.

A check issued in duplicate was voided. Federal Funds received by the county for flood damage to roads last spring were received and distributed, with \$1,820 going to Precinct No. 4; and \$1,030 to Precinct 2. \$800.40 was then transferred from Precinct 4 to Precincts 2 and 3.

A transfer of \$226 was made from the Motor Vehicle Registration Fund to the Road and Bridge Fund.

Boypower and Horsepower

Insurance companies are tough on boys, they say, but Insurance News, publication of Highway Insurance Underwriters Guide says some simple facts are responsible for the higher rates which youthful drivers pay, 20 per cent more and even up to 60 per cent. Reproduction of the article has it this way:

"The facts are in, boys, and you just don't make the grade. As a group between the ages of 16 and 25, you think you're the world's best drivers. But the low-down is this — you're the country's worst. The facts are in and your insurance rate has gone up anywhere from 20 to 50 per cent.

"Think it over, lads . . . and dads. The insurance people are no dopes. They don't care whether you're handsome and have the females in a dither; they do not care whether you have a piece of junk tuned to a raceway song. All they care about is poor performance on the road.

"Frankly, sons, your performance as a group is a menace to society . . . and to yourselves. Who says so? Not us. The insurance companies say so and they know. They don't know your name and address; they don't know if you own a Ferrari or a Ford. All they care about is facts. The facts are you have the worst road record of any age group in the country. And getting worse!

"You are still boys, boys. You aren't men unless you can handle cars, among other things, and you aren't handling them properly (though you have plenty of know-how to do so. It isn't only you who gets killed or hurt . . . it's the girl with you, it's the guy down the street, or the lady

in the next county who trusted you to act like a man.

"You wouldn't let a guy hit you over the head with a hammer; why let him drive you into a post? You wouldn't let him steal fifty bucks out of your pocket. Yet he's already done that this year, boosting your own cost of driving a car. And you're the worst offender . . . you spoiled brats thinking you can handle 200 horsepower, when you can't handle one boypower. What are you going to do about it?

"Brother, get the low-down . . . the girls in your age group have it all over you. Not only in looks, but in intelligence, in self-control, in fair play, and in their ability to handle that horsepower you can't handle. That's not our opinion; it's the considered opinion and experience of the insurance companies. The rates for girls in your own age group have gone down, not up. They are getting to be better drivers, not worse.

"You haven't yet learned that champs are not chumps. And if you don't believe the insurance companies about what lousy drivers you are, ask a champ some day . . . if you can face it. Don't fool yourself about the cheap adulation of the kids around you who don't know any better. And don't think your girl is impressed by your hot-shot antics the next time you take her out. She, and most of your buddies, have you tabbed for just what you are, a chump. They're just too proud or too scared or disgusted to tell you.

"Nobody else will tell you, so we're telling you. We'll take it back when the insurance rates go back down."—The Canadian Record.

which they think we might could worry along without.

But Washington says these are all small items — a million here and ten million there — so it wouldn't affect the budget enough to count if all of them were cut out.

My non-thrifty neighbor says little items sure add up, though. Like, he figures, if he had quit smoking a year ago and saved up the quarters, the finance company wouldn't be getting his car for a couple more months yet.

My neighbor west of town is a little bitter about how President Ike wants more pay for government hired help and less pay for farmers and farm-town citizens.

Says this is favoritism, discrimination, injustice, dirty pool, and several other things which you wouldn't print if I told you.

But I try to reason with him. After all, there is nothing personal in the President's attitude. He don't really hate country people. Our vote appeal has just been out-

classed.

I see where there has been an Indian uprising in North Carolina and the State's rubber-tired cavalry had to rescue some white settlers at a KKK meeting.

Lots of shooting went on. But, like in the movies, hardly anybody got hit. The Indians were subdued, but not as subdued as the Ku Kluxers.

I guess the Redskins got mad and uprose over being accused of trying to get too chummy with the white man. After all, history shows that for 200-odd years they put up a stiff fight to keep the whites from moving in with them.

Mr. and Mrs. George Cristy and Craig of Canyon visited her parents, Mr. and Mrs. Alva Cristy over the weekend. Mrs. W. E. Leach came with them and visited the home of Mrs. J. A. Leach and Inez and Mr. and Mrs. Jake Leach.

REPORT

Dear Editor:

Well, I see where there is agitation for the preachers to organize them a labor union and no telling what this could lead to.

They might demand double-time for Sunday work, and better working conditions, such as fewer empty pews and empty faces to look at, and more crying rooms for babies and snoring rooms for church officers.

Of course, this could make for shorter sermons if preachers had to quit when the whistle blows, but also might lead to the same kind of bickering between them and the Lord that goes on between other unions and their employers.

About every so often somebody else writes another article for the papers about how us Americans are not reading enough good books these days.

My bookwormy neighbor says it may be this deplorable condition is due to a shortage of good book writers, as he reads many books which would break anybody of the book reading habit if it wasn't

Says one of the worst features of books is that you can't tell one is worth reading until you have read it, and then it's too late.

I note that a government expert has put out a bulletin for housewives to advise them that "dish pans should be large enough to hold the dishes but not too large for the sink."

Without this wise council, I

guess there would be millions of ladies working their little hearts out trying to keep house with old dish pans that were too little to hold the dishes and too big for the sink.

What the country needs is enough of these brain-swelling government jobs to go around, so everybody could know it all.

Mrs. Frank Wright, 1309 Arlington Street, was honored on her 80th birthday Friday, January 24, when her daughters, Mrs. Tom Caterlin and Mrs. Lake Moody, were hostesses to long-time friends and neighbors.

The party was informal, with friends calling throughout the afternoon. Centering the refreshment table were the birthday cake and an arrangement of white stock and red carnations, with lighted candles at either side.

Mrs. Wright has lived in Collingsworth County 49 years, coming with the late Mr. Wright from Wise County. They lived in the Rolla community for many years, moving to Wellington in 1945. He died in 1947.

Mrs. Wright was born in Wise county and grew up in the Buffalo community. She and Mr. Wright were married there 59 years ago.

She is a long-time member of the Baptist Church and was an active member as long as her health permitted.

Ada Carole Thomas and Don Rummel Marry in Quiet Ceremony Tuesday

In a ceremony of quiet simplicity, Miss Ada Carole Thomas was married to Donald Roy Rummel in the home of her parents, Mr. and Mrs. J. W. Thomas, 129 Avenue K, Hereford, Tuesday, January 28 at 10 o'clock in the morning. Until early this month the family had lived in Wellington. The parents of the bridegroom are Mr. and Mrs. Gilroy Rummel of Wellington.

The Rev. Alby Cockrel, pastor of First Methodist Church, Hereford, performed the double ring ceremony.

The bride wore the wedding dress of a close friend, Mrs. Robert Jacobson of Adrian, the former Priscilla Baumgardner. Made of Chantilly lace and tulle over wedding satin, the dress featured a fitted bodice with a standing

Elizabethan collar above a tulle yoke, on which were applied garlands of lace. The long fitted sleeves came to points over her wrists. Lace of the bouffant skirt extended in deep points to join the tulle, which fell to waist length. Her Juliet cap held her shoulder veil of silk illusion, and her only jewelry was a strand of pearls belonging to Mrs. Joe Baumgardner of Wellington. The bride carried a white orchid, atop a white satin covered Bible.

John Gordon Thomas, brother of the bride, lighted candles arranged in the room and acted as usher.

A reception followed the ceremony. The serving table was covered with a white cut work linen cloth and centered with a wedding cake. The silver candelabras holding lighted tapers were entwined with greenery and white stock.

Mrs. Fred Cox Jr., sister of the bridegroom, and Miss Janice Davis served the guests.

As the couple left on their trip to College Station, where they will make their home, the bride wore a toast colored suit with alligator accessories. Her corsage was an orchid.

Mrs. Rummel was graduated from Wellington high school in 1957, after receiving many scholastic and extra-curricular honors. She was co-valedictorian of the class, and was president of the Future Homemakers of America, an officer of the Dramatics Club and 4-H Club, a member of the Student Council, and editor of the Skyrocket annual. She was chosen for "Who's Who", and was voted "Most Dependable", "Most Likely to Succeed", and "Best All-Round Girl". She was a student in the University of Texas during the first semester. Her social sorority is Alpha Chi Omega.

The bridegroom was graduated from Wellington high school in 1955 and is a junior in Texas A&M College. He is a first sergeant in the college Reserve Officer Training Corps and a member of the Collingsworth-Wheeler Hometown Club, and the Entomology Club.

Rockets, Rockettes Scalp the Quannah Indians, Squaws

By JO ANN LANGFORD

The Skyrocket gym was packed with excited Quannah and Rocket fans Friday night, January 24, as the Rockets, Rockettes, and Indians and Squaws met for the first time this season. The area papers have picked the Indians to win the District 2A-3 championship, but the Rockets showed them their mistake, by winning over the Indians, 64-36. The Rockettes won their game over the Squaws, 66-28.

The Rockettes got off to an early lead in the first quarter by putting 11 points through the net while the Squaws only scored 4. The Squaws tried to hold the Rockettes back, but weren't able to keep them from scoring 7 points against the Squaws' 7 in the second quarter. At the half the score was 23-11 in the Rockettes' favor. The Squaws came back in the third quarter to edge past the Rockettes, by netting 13 while the Rockettes only made 12. The Rockettes kept the net popping in the fourth quarter as they made 26 points to the Squaws 4. The final score was 66-28 as the Rockettes won their second conference game for this season. The Squaws were never able to get very close to the Rockettes score.

High pointer for the Rockettes was Theda Martin who scored 22 points for the Rockettes. Lavada Watson was high pointer for the Quannah Squaws with 20 points.

Starting lineup for the Rockettes was Pat Tompkins, Sherry Bounds, Theda Martin, Vada Bell, Jo Ann Crane, and Katherine Sanders. Others who helped in the Rockettes scoring were Marcella Savage, Retha Linville, Zenith Phipps, Loretta Phipps, and Mary Sanders.

Starting lineup for the Squaws was Laquita Hilton, Laura Wyman, Lavada Watson, Janice Gray, Bobbie Marshall and Nancy Garner.

The Rockets started the boy's game off by getting the tip-off but the Indians edged past them, 14-13. In the second quarter the Indians couldn't keep the Rockets from outscoring them, 13-6. The half ended with the Rockets out in front 26-20. The Rockets came back in the third quarter and just couldn't keep from hitting the basket as they scored 19 points and held the Indians down to 2 points. Both teams kept the net popping in the fourth quarter, as the Rockets took the lead again, 19-14. The final score was 64-36, in the Rockets favor, as they won their second conference game of the season.

High pointer for the Rockets was Randall Raburn who scored 20 of the Rockets score. Pat Wilkins was next with 19 points. High pointer for the Indians was Donald Francis, with 10 points.

Starting lineup for the Rockets was Jerry Elbert, Randall Raburn, Pat Wilkins, Farris Woods, and Athen Lowrie. Richard Tigert also helped in the Rockets' scoring when a Rocket fouled off. Starting off for the Indians were R. L. Stockstill, Donald Francis, Weldon Tabon, Jim Cromartie, and David Brinkerhoff. The Indians were taller than the Rockets, but the Rockets got around a little faster.

Mr. and Mrs. Nathan Thompson of Samnorwood visited recently with her sister, Mr. and Mrs. Erman Waller, in San Jon, N. M., and with her brother, Mr. and Mrs. E. R. Smith of Clovis, N. M. Both families formerly lived in this county. Smith is in sales work with Minneapolis Moline.

Junior Teams Take Two Double Headers in Week

Winning double headers became a habit with Wellington junior high basketball teams, when the Firecrackers won from Lelia Lake 21 to 18, and the Crackerettes won 30 to 20 in games Friday, January 24. Meeting Lakeview Monday, Jan. 27, the Wellington boys won 34 to 12 and the girls 30 to 29, Coach Harvey Millsap reported.

In the game with Lelia Lake, Jackie Daves was high scorer for the boys with 10 points, while Smith and Armstrong were high for Lelia Lake with 6 each. Elaine Yarbrough, with 12 points, was high for Wellington girls and Judy Cassner, with 14, was the game's top scorer.

In the Lakeview game, Wellington girls stayed well ahead throughout the game, until five Crackerettes fouled out of the game. As the fifth one went off, Wellington still led 10 points, but the Lakeview girls were able to creep up to within one point of a tie as the game closed. Elaine Yarbrough and Linda Millsap tied as high scorers with 9 points each.

In the one-sided boys game, Jackie Daves scored 17 points. Brister of Lakeview was high for his team with 8.

Millsap suited up 16 boys, and after the first string ran up the score, he played a group of 7th graders, then sent in the second string, and closed the game with the 7th graders.

Moore to Preach At Dodson Sunday

By MRS. BYNUM HIGHTOWER

It seems that members of the Church of the Nazarene at Dodson love to listen to preachers by the name of Moore. When the pastor, Rev. Maurice Moore, told of his plans to be in a youth revival at Borger this week, the first name the Church Board mentioned to fill his place was that of another Rev. Moore. This was Harold Wayne Moore of Wellington. When the Dodson teams played contacted, and he consented to preach at Dodson Sunday night, February 2.

Rev. Harold Wayne Moore is now teaching at Lelia Lake. He also coaches the basketball teams. Lelia Lake recently, Rev. Moore asked them to come thirty minutes early for a joint devotional service with the Lelia Lake teams. The subject that he chose to speak on at that time was "The Game of Life".

Preceding the regular preaching service, there will be a short missionary emphasis program. Mr. G. M. Lewis is in charge of this program.

Doolen Starkey, senior in the University of Texas, was here between semesters visiting his parents, Mr. and Mrs. Oran Starkey. He had as his guest Richard Cordwell, a University student, whose home is in New Hampshire.

Quail-Norwood Split Games

Quail and Samnorwood, traditional basketball rivals, split a twin bill Friday night, January 24, with the Quail Quails taking a 46-34 victory over the Samnorwood Eagles, and with the Eaglettes winning 64-55 over the Bobwhites.

The Quails led the Eagles during all the exciting game at Quail, and at half-time the score was 24 to 16. De Blasingame received a head cut during the game which required several stitches to close. In spite of this, he was high scorer for his team with 16 points. Game high, however, went to Scooter Bradley of Samnorwood, with 20.

Quail players and their scores were: J. DeBord, 2; R. Minatrea, 14; D. Blasingame, 16; G. Wilson, 8; J. Young, 6 and N. White, 0. Samnorwood: S. Bradley, 20; Breeding, 5; Webb, 3; Alexander, 0; Bentley, 4; Shanks, 2 and Lindley, 0.

In the girls game, Margaret Oldham of Norwood scored 50 points to more than double those of the nearest scoring contender, Cleta Kennedy, who tallied 23 for Quail.

Players and their scores were: Quail, Kennedy, 23; Blasingame, 19; Morgan, 2; Phipps, 2; and Hill, 9. Norwood players scoring were Oldham, 50; Stenbridge, 10 and Woods, 4. Taylor of Norwood and Hill of Quail fouled off.

Slay and Ward Bring In New Breed of Cattle

L. E. Ward and J. T. Slay recently bought 15 Charbray bulls at Meridan and now have them stationed just east of Wellington across the highway from the VFW building. The Charbray is a cross breed being a cross between Charollaise and Brahma cattle. Most of the bulls owned by Slay and Ward are seven-eighths Charollaise and one-eighth Brahma. This is the first time this type of cattle have been brought to Collingsworth county.

The Charollaise is the famous white breed from France. It is the largest of all the European beef cattle, and is famous for its rapid gain and resistance to both heat and cold. Tests at A&M showed that the Charollaise gain more per day as compared to Santa Gertrudis, Hereford, Shorthorn, etc. Slay and Ward explained.

The Charbray, which is a cross bred animal combines the beef fleshing ability of the Charollaise with the hearty disease and parasite resistance of the Brahma to produce a high bred vigor second to none. The most important feature of this animal is the high standing the bulls have forged as cross breeders on all types of beef cattle, Hereford, Angus, Shorthorn, etc.

Calves from grade cows and a

Charbray bull have been known to weigh from 100 to 150 pounds more than other breeds at weaning time. These are known as Charcross cattle. These Charcross dress out higher with a lower percentage of waste fat since the fatty tissues are evenly distributed throughout the lean or muscle tissues rather than being wrapped around the lean tissues as is common in the British stock.

The main thing about these cattle, Slay and Ward pointed out, is that they will put on more gain for less money, conform better, grade better and bring the best price.

15 CHARBRAY BULLS

For Faster Gain Use One of These Bulls on Your Grade Cows

These cross-bred bulls (a cross of Charollaise and Brahma) have such fast growth potentials that calves produced from them on lower grade commercial cows go to market with enough added weight to more than pay for the bull in his first year's service.

Offspring of Charbray bulls have a beef that is well coated with fine fat. Flesh is firm, fine grained and tender and of excellent flavor. Market buyers recognize this fact and as a result the breeds consistently bring top prices.

We will trade a Charbray Bull for your bull, or some heifers or cows, or we will sell outright.

Junior Teams Take Two Double Headers in Week

Winning double headers became a habit with Wellington junior high basketball teams, when the Firecrackers won from Lelia Lake 21 to 18, and the Crackerjacks won 30 to 20 in games Friday, January 24. Meeting Lakeview Monday, Jan. 27, the Wellington boys won 34 to 12 and the girls 30 to 29, Coach Harvey Millsap reported.

In the game with Lelia Lake, Jackie Daves was high scorer for the boys with 10 points, while Smith and Armstrong were high for Lelia Lake with 6 each. Elaine Yarbrough, with 12 points, was high for Wellington girls and Judy Cassner, with 14, was the game's top scorer.

In the Lakeview game, Wellington girls stayed well ahead throughout the game, until five Crackerjacks fouled out of the game. As the fifth one went off, Wellington still led 10 points, but the Lakeview girls were able to creep up to within one point of a tie as the game closed. Elaine Yarbrough and Linda Millsap tied as high scorers with 9 points each.

In the one-sided boys game, Jackie Daves scored 17 points. Brister of Lakeview was high for his team with 8.

Millsap suited up 16 boys, and after the first string ran up the score, he played a group of 7th graders, then sent in the second string, and closed the game with the 7th graders.

Moore to Preach At Dodson Sunday

By MRS. BYNUM HIGHTOWER

It seems that members of the Church of the Nazarene at Dodson love to listen to preachers by the name of Moore. When the pastor, Rev. Maurice Moore, told of his plans to be in a youth revival at Borger this week, the first name the Church Board mentioned to fill his place was that of another Rev. Moore. This was Harold Wayne Moore of Wellington. Rev. Harold Wayne Moore was when the Dodson teams played contacted, and he consented to preach at Dodson Sunday night, February 2.

Rev. Harold Wayne Moore is now teaching at Lelia Lake. He also coaches the basketball teams. Lelia Lake recently, Rev. Moore asked them to come thirty minutes early for a joint devotional service with the Lelia Lake teams. The subject that he chose to speak on at that time was "The Game of Life".

Preceding the regular preaching service, there will be a short missionary emphasis program. Mr. G. M. Lewis is in charge of this program.

Doolen Starkey, senior in the University of Texas, was here between semesters visiting his parents, Mr. and Mrs. Oran Starkey. He had as his guest Richard Cordwell, a University student, whose home is in New Hampshire.

The Quails led the Eagles during all the exciting game at Quail, and at half-time the score was 24 to 16. Dee Blasingame received a head cut during the game which required several stitches to close. In spite of this, he was high scorer for his team with 16 points. Game high, however, went to Scooter Bradley of Samnorwood, with 20.

Quail players and their scores were J. DeBord, 2; R. Minatre, 14; D. Blasingame, 16; G. Wilson, 8; J. Young, 6 and N. White, 0. Samnorwood: S. Bradley, 20; Breeding, 5; Webb, 3; Alexander, 0; Bentley, 4; Shanks, 2 and Lindley, 0.

Players and their scores were: Quail, Kennedy, 23; Blasingame, 19; Morgan, 2; Phipps, 2; and Hill, 9. Norwood players scoring were Oldham, 50; Stenbridge, 10 and Woods, 4. Taylor of Norwood and Hill of Quail fouled off.
