

The Gay Philosopher

By J. W. S.

YOU'LL BE GLAD to know that our old friend Gene Watson, who has been taking treatments for arthritis, is progressing satisfactorily. He has just returned from Marlin where he went last week for a checkup. And the doctors tell him that all is working as it should. He has a very chronic case — the doctors told him it was the worst they ever saw — and more time is needed for recovery.

Gene can't walk yet, but his legs are getting stronger. The stiff joints are responding nicely to exercise. His appetite is very good.

Gene reports that a former Ciscoan, Norman Anderson of Abilene, who also suffers from arthritis, accompanied him to the clinic. And after one week of treatments, his comparatively mild case has been checked and Anderson was back on the job this week at an Abilene bank.

MR. A. R. Westfall reports that a high wind the other night deposited a white guinea hen in his backyard. A lot of people are a little skeptical about the report, for few people have ever seen a white guinea hen.

Anyhow, Mr. ARW would like for the owner to come and get the hen. The guinea is causing trouble in the Westfall henhouse. The hens won't associate with the guinea and the guinea resents it. And there's trouble and frequently.

OUR SOUTHS are wondering if it wouldn't be a good, practical plan to cut a swinging gate along the 50-yard line at the football field. With such a gate, which could be opened when the final whistle blows, the stadium could be emptied in nothing flat, instead of the congestion that now results.

HEAR THAT CJC music department chief Robert Clinton may have some important announcements soon regarding the activities and scope of his music program. . . . For the shade tree we'd like to have in our yard, we'd settle for the boys' d'art that stands between the Nazarene Church and the Bell Telephone building. . . . While this may be a "news beat" on Miss Lela Latch's journalism class, which prepares a weekly page in The Press, we've observed some strange apparel being worn by new CHS freshmen class members.

MR. OSCAR CLIETT, who wholesales groceries over at the Bradford company, has set us straight on how to act. He says that newcomers (we've been here two and a half years) — particularly editors — are expected to plant a big fall turnip patch. When same are ready, to eat, the newcomers, particularly editors, are to write a piece in the paper that the turnips are ripe and all good neighbors are welcome to them.

We'll get busy.

WE'RE GLAD TO report that Mr. W. M. Cotton, who recently underwent an operation at Winters, is out again. His doctor discharged him yesterday, and told him to do anything he wanted to do except not to lift anything heavier than a pencil.

SEE YOU AT the Wrangler football game tonight. And at the Lobo game Friday night.

Three Local Men Called For Exams

Three local men, members of the Army Reserve Unit, received instructions Thursday to report to the Abilene Army and Air Force Recruiting and Induction Station at 8 a. m. Monday for physical examinations preparatory to being called into active service.

The three men are Master Sergeant Victor M. Lawson, Sgt. Frank W. Burkman, and Pfc. Silas E. Carter.

If they pass the physical requirements they will be given at least 15 days to get their personal affairs in order before reporting for duty.

GI'S MEET BRITISH BRASS—GI's shake hands with Brigadier B. A. Coad, Commander of the British Brigade, during his visit to a forward command post near the front lines in South Korea. Left to right are: Pfc. Jesse J. Hall, Knoxville, Tenn., and Pfc. Wilfred Jalbert of Detroit, Mich.

Moran News

Greyhounds Lose Season's Opener

After losing 14-6 in their opener here last Friday night to the fast Loraine Bulldogs, the Moran High School Greyhounds will seek victory again Friday night when they tangle with Aspermont. The game will be the second on the home field.

Loraine started off with a vengeance against the locals in their contest here, taking the opening kickoff and advancing to the 1-yard line before losing possession. Moran bounced back to their own 30 in three plays before fumbling.

Loraine went all the way on the ground and carried off tackle for the extra point, leading 7-0. This was all the scoring in the first half.

In the third quarter Moran's speedy wingback Carl Weed got loose for a 38-yard jaunt across play dirt that was cancelled by a penalty. Loraine passed for another tally and made the extra point, leading 14-0, before Moran was able to make a score stick.

It came in spectacular fashion in the closing minutes, Weed sweeping end for 70 yards and touchdown. Try for point failed.

Loraine was trying passes from the Moran 40-yard line at conclusion of play.

The Aspermont-Greyhound tilt will begin promptly at 3 o'clock Friday evening. A large crowd has been predicted.

Against Loraine the starting lineup for the locals was: LE—Winfred McCoy; LT—Benny Calloway; LG—Charley Wagley; C—Jack Burton; RG—Charley Harber; RT—Bill Davis; RE—Bill Howard; Backs—Carl Weed, Alden Bennett, Don Browne, and H. H. Wagley.

Substitutes used were Jack Bartee, Burl Davis, Burl Pettit, Kember Knowles, and Harold Willbanks.

Miss Reba Grace of Fort Worth sent a few days of her vacation with her parents, Mr. and Mrs. A. T. Grace. She is employed as a bookkeeper for a real estate developing firm. Mrs. Grace accompanied her daughter to Fort Worth for a visit.

Wade Roberts returned Saturday to Texas A&M College, where he is a junior Animal Husbandry major.

Mr. and Mrs. R. L. Martin visited last Sunday in Marshall, getting acquainted with a new grandson.

Mrs. Fannie Rice and Mrs. U. R. Hammons of Sedwick served the Luncheon Club Wednesday. Among visitors recognized by

CONTRACT LET ON BUILDING NEW ROAD FROM CISCO TO EASTLAND

The newly completed stretch of U. S. Highway 80 between Cisco and Baird, which was built at a cost of more than a million dollars, will be thrown open to traffic at 6 p. m. today, it was announced by District Eight Engineer S. J. Treadway in Abilene.

Treadway stated that the barriers would be removed at that time by highway department employees and through traffic allowed over the road for the first time. No special ceremonies will

mark the opening of the new road.

The new stretch of highway, which extends from the Eastland County line a few miles west of Cisco to Baird, will cut the distance between the two towns by 1.2 miles.

The Eastland County section has been completed for several months and local traffic has been allowed to use that part since it was finished. The new highway will eliminate one of the roughest sections of U. S. Highway 80 and will connect with a section now being built in Taylor County.

The new route will cut through the hills just west of Baird and will eliminate the winding road now in use.

Base of the roadbed is of well compacted rock and gravel 12 to 13 inches thick and 44 feet wide on top. It is finished with a one course treatment of asphalt and after three or four years of use plans call for the placing of a two inch top of asphalt concrete.

Game Commission To Hold Marine Seminar

AUSTIN, Sept. 19 — The fall session of the Marine Laboratory Seminar and Field Study of Marine Sciences is scheduled for Oct. 27-29, according to Howard D. Dodgen, executive secretary of the Texas Game, Fish and Oyster Commission.

The seminar will be held at the Marine laboratory in Rockport with the arrangements for the program under the direction of the chief marine biologist.

This seminar is designed to give the colleges and universities of the state an opportunity to acquaint their students with the marine sciences. While it is basically planned for biological and allied subjects, it should be of some value to representatives of many industries and agencies, particularly those along the Gulf Coast.

Sixteen lectures have been tentatively scheduled for the three-day meeting. The entire Marine Laboratory staff, equipment, and library will be available to the seminar. Arrangements have been made for housing at the rate of one dollar per night and, to obtain this rate, all arrangements for billeting should be handled through the Marine Laboratory office at Rockport.

Seminary Student To Preach Here Sunday

Al Severin, student in the Theological seminary in Austin, will speak at both services of the First Presbyterian Church here Sunday, it was reported today.

The new minister, Rev. Grady James, will assume his work here on October 22. Mrs. James and children moved into the church manse Wednesday in order to enroll the children in school.

Everyone was invited to attend all services of the church Sunday.

Firemen Called Out To Wrecking Yard

A fire at Crowder Wrecking Yard on East 6th Street at 6 p. m. Wednesday did no damage, it was reported by fire department officials Thursday.

The fire was discovered in a junk car in the yard of the company and it quickly spread to other cars on the lot. The fire department stood by until all danger to buildings was eliminated. Mr. Crowder reported that the burned wrecks had no value and that he had planned to dispose of them one at a time.

Scotch Foursome Enjoyed By Club

A large group of men and women golfers took part in a Scotch foursome tournament at the Cisco Country Club golf course on Wednesday afternoon. Medal honors in the first flight went to Bill Mitcham and Mrs. Grover McGowan with a 41. Second flight honors went to L. L. Vann and Mrs. Pete Nance, who carded a 47.

Results of the various matches were as follows:

First Flight
Norman Huston and Mrs. Charles Cofer won over Claude Wilson and Mrs. Punk Thornton.

Claude Blackburn and Mrs. Bill Dill beat Red Milner and Mrs. C. M. Townsley.

C. M. Townsley and Mrs. Reggie Henderson won over Pete Nance and Mrs. L. M. Surls on one extra hole.

Charles Cofer and Mrs. Laird Locke beat Ralph Glenn and Mrs. Howell Sledge.

Howell Sledge and Mrs. Pete Nance won over Bill Mitcham and Mrs. Grover McGowan on one extra hole.

Second Flight
Dr. Paul Woods and Mrs. Peggy Carothers beat Laird Locke and Mrs. Zan Burroughs.

E. P. Crawford and Mrs. Ralph Glenn won over Bill Goff and Mrs. Jack Anderson.

Bill Burrows and Mrs. W. M. Cotton beat J. W. Sittin and Mrs. Bill Burrows.

Zan Burroughs and Mrs. Albert Hansen defeated Sutton Crofts and Elizabeth Coleman.

R. L. Ponsler and Mrs. Paul Woods won over Ronald Rhodes and Mrs. Jack Farley, Jr.

L. L. Vann and Mrs. Pete Nance defeated Bill McCreary and Mrs. Grover McGowan.

Following the tournament, the group enjoyed a picnic supper at the club.

Wranglers Ready To Open Home Grid Season Tonight

Four Instruments Are Available To Detect Radiation

AUSTIN, Sept. 21 — At least four different types of radioactive detection instruments and computers are available for the measuring of radiation particles if and when an atomic bomb is ever exploded over a Texas community.

This encouraging bit of information was revealed by the state's chief health official, Dr. George W. Cox. He's state director of health and emergency medical services, part of Texas' civil defense setup.

Radiation is one of three principal harmful effects of atomic explosions. Others are blast damage and burns. Using RAD-IAC instruments, it is possible to know what areas are safe from the tasteless, odorless, colorless radioactive particles.

All RAD-IAC instruments are designed for use by the radiation monitoring squads. Squad members might be soldiers, or they could be civilians trained by the State Health Department's radiological division. In either case they would be trained for immediate action in atomic disasters.

"Planning emergency medical and health services in an atomic disaster has been one big mess of confusion," Dr. Cox admitted. "But we're beginning to see light now. Our radiological division is going to go right to work, now that we have it set up."

RADIAC instruments got this official explanation:

Film badges can be pinned on the lapel, strapped on the wrist, worn in a ring, etc. They consist of a piece of photographic film, and are used to show the amount of radiation to which the monitor has been exposed. Radiation particles affect the film like the light. Dozens of "tracks" are visible when the film comes in contact with heavy concentrations of radiation.

Film badges are a permanent record of the exposure to which the monitors have been subjected. Dr. Cox says they show whether or not the wearer has received the "maximum allowable lifetime dosage."

Pocket dosimeters, like the film badges, are used for the protection of the monitors. They look like fountain pens, and gauge on-the-spot amounts of radiation.

Geiger counters and ionization chambers actually count the number of radiation particles — the gamma rays, alpha and beta particles — present in an area. So sensitive is the Geiger counter that if it could be wired to a fly his footsteps could be heard distinctly.

Mrs. Hassen Back Home From Abroad

Mrs. F. N. Hassen arrived in Cisco at 6:30 a. m. Tuesday following a stay of several weeks with her mother and other members of her family in Beysoor, Lebanon.

Mrs. Hassen reported that she cut her visit short because of the war scare in the European and Asiatic countries. She stated that Lebanon was making preparations for defense of the country by conscripting men into the army, by building airports and air raid shelters.

She made the trip to and from the land of her birth by plane.

CITY BUYS REFUNDING BONDS OFFERED AT SAVINGS OF \$555

The city commission, at a called meeting this week, reviewed tenders of City of Cisco revenue refunding bonds offered by two Texas bond firms. Both tenders were at 97½ cents, plus accrued interest.

This price being at a discount, the commission acted under terms of the deed of trust to purchase the bonds for cancellation.

GOODBYE BETWEEN MEN—Four-year-old Karl Osterburgh, Jr., fights back the tears as he embraces his departing father at Willow Grove Naval Air Station, Pa. The elder Osterburgh was one of a group of Naval Reserve officers and men who were leaving for the west coast, but his son's expression indicates a wish that this just didn't have to happen.

Highway 80 Between Cisco And Baird Will Open To Traffic At 6 P. M. Today

The T. C. Cage Company of San Antonio submitted the low bid to the State Highway Department on the proposed rerouting of U. S. Highway 80 between Cisco and Eastland, it was reported here today.

Cage submitted a bid of \$381,509 on the project which calls for grading structures, flexible base and concrete asphalt topping on the 6.5 miles which will begin almost east of Cisco and extend to Hillcrest Avenue in Eastland at the city limits.

Plans call for a four lane divided highway between the two cities, using the present roadbed where possible. Many of the curves will be eliminated and the distance between the two cities will be shortened some two miles.

Right-of-way for the new road has been procured or suits have been filed where agreements could not be reached.

The new road will fill a need that has been felt for many years and has been planned to lessen the driving hazards in the ten mile stretch.

No definite starting date on the construction has been set but it was expected that actual building would begin before the end of the year.

Circle Two of the women of the First Presbyterian Church met Tuesday afternoon at the church with Mrs. W. W. Wallace acting chairman, in charge.

The meeting was opened with prayer by Mrs. C. H. Fee and minutes of the last meeting, read by Mrs. Rudolph Kamon, were approved.

Roll call response was to tell the number of times the member had read the Book of Hebrews. Mrs. J. J. Tableman made report of getting flowers for distribution to sick people and new citizens; in which the committee was assisted by children of the church.

Mrs. Wallace was leader of the program which was a splendid review of the Book of Hebrews, bringing out the fact that Salvation by Grace as provided through Jesus' Death on the Cross, is a much better plan and more easily understood than the former ceremonial laws and sacrifices.

Attending were: Mrs. C. H. Fee, Mrs. W. W. Wallace, Mrs. F. E. Harrell, Mrs. George Irvine, Mrs. Garrett, Mrs. J. J. Tableman, and Mrs. Rudolph Kamon.

Plans call for a four lane divided highway between the two cities, using the present roadbed where possible. Many of the curves will be eliminated and the distance between the two cities will be shortened some two miles.

Right-of-way for the new road has been procured or suits have been filed where agreements could not be reached.

The new road will fill a need that has been felt for many years and has been planned to lessen the driving hazards in the ten mile stretch.

No definite starting date on the construction has been set but it was expected that actual building would begin before the end of the year.

Navy Nurse Dies In Plane Mishap

Word was received in Cisco Wednesday that Miss Margaret Marie Boatman was one of the 26 persons aboard a Navy transport who lost their lives when the plane exploded and sank Tuesday while taking off from the Kwajalein airport. Miss Boatman, a Navy nurse, had visited friends and relatives in Cisco on a number of occasions.

She was the daughter of Rev. and Mrs. Clarence Boatman of San Antonio. Her father was born near Cisco and lived in and near Cisco for many years. He has held three meetings at Wesley Methodist Church here.

Miss Boatman had visited her parents in San Antonio a week before she left for Japan and duty in the Korean theater. Her father is minister at the Government Hills Methodist Church in San Antonio.

Since refunding, the city has bought and cancelled \$86,825 of the bonds.

If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

Large Crowd Is Expected As Two Good Teams Meet

The Cisco Junior College football team will open their home schedule for the year at 8 p. m. Thursday at Chesley Field in a game against the McMurry College, Abilene, reserve team.

Coch L. B. (Scat) Russell's Wranglers will be at near full strength for the contest, with virtually all injuries sustained in the John Tarkenton game last week having healed. Only Tackle Alton Kite will not be in uniform.

The Wranglers will probably outweigh the visiting team, according to squad statistics released today. Cisco's line will weigh 190 pounds plus, and the backfield average will be some 10 to 15 pounds less. The junior Indians will be playing their first game of the season.

McMurry coaches planned to bring 19 men here for the game. They are members of the regular varsity squad who have been designated as reserves. McMurry does not have a freshman team, first year men being allowed to play on the varsity if they are good enough.

Coch Russell's probable starting lineup has three freshmen in the backfield. They are Jimmy Payne, the Breckenridge passing artist and runner, Wayne McLean of Merkel, Ken Guthrie of Anson and Letterman Leonard Grigsby of Floydada.

There will be several newcomers in the line. Ken Mays and Top Rylee are slated to start at end positions, with Fred Hobbs and Jim Gray at tackles, Wayne Hayes and James Allen at guards and James Couch at center.

McMurry's starting eleven includes Ross Macdon, Albany, at quarterback, Stephen Brock of Littlefield, and Gordon Beck of Anson at halfbacks and Stanley Millsap of Abilene at fullback. Ends are Dick Jackson of Lockhart and Don Bynum of Snyder. Charles Keefe of Lockhart and Dan Hillard of Kerrville will be at tackles, with Kendall Timian of Littlefield and Jerry Owens of Santa Anna at guards and George Kirk of Littlefield at center.

The Wranglers will probably play most of their some 34 men.

The Cisco High School band will become the Wrangler band for the game and will perform at half-time. A large crowd has been indicated by the advance ticket sale.

Putnam News

Deep Oil Tests Going Down In Putnam Area

Several deep oil tests are being drilled in the Putnam vicinity at the present.

A deep test is going down on the Harwell place, Section 1, south of Putnam. Fishing trouble has been encountered but activities were progressing. Chapman of Cisco is drilling the well.

A deep well is being drilled on the Pippen land east of Putnam. Another deep wildcat is going down on the Cottle lease north of town.

A 2,000 foot well will be drilled on the Clifford place, Sec. 1, SPRR Survey, Block 5, in the immediate future.

Chris Allen Sunderman of Baird spent the weekend in the home of her grandparents, Mr. and Mrs. E. E. Sunderman. Chris is the daughter of Mr. and Mrs. Edward Sunderman of Baird.

Bill West returned Wednesday from Dallas and Fort Worth where he was transacting business in the interest of an oil company.

Miss Betty Williams left this week for Lubbock where she will enter Texas Technological College. She is the daughter of Mr. and Mrs. E. E. Sunderman.

Einstein says:
"Communities tend to be less guided than individuals by conscience and a sense of responsibility. What a fruitful source of suffering to mankind this fact is. It is the cause of wars and every kind of oppression, which fill the earth with pain, sighs, and bitterness."

Putnam News

(From Page 1)

and Mrs. Everett Williams of Putnam.

Mrs. Minnie Crosby, who has been ill recently, is recuperating and has been visiting her daughter, Mrs. Paul Trippett, and Mr. Trippett of Dallas.

Mrs. Gus Brandon returned to her home Thursday from Big Spring where she has spent the past three weeks with her daughter.

ghter, Mrs. Neal Norred, and family. Mr. and Mrs. Norred accompanied her to Putnam en route to Fort Worth.

Miss Pat Fry has entered high school in Cisco. She will graduate this year.

Mr. and Mrs. Charles Odum and J. T. King visited friends in Fort Worth Sunday.

Mr. and Mrs. E. E. Sunderman visited Mr. and Mrs. Art Nolan of Andrews and attended the football game between Dalhart and

Andrews Saturday night. Eugene Sunderman is football coach at Dalhart.

Miss Mildred Yeager of Dallas spent from Wednesday to Monday in the home of her parents, Mr. and Mrs. J. S. Yeager. Miss Yeager will go to Austin next week to address the Men's Sunday School class of the First Presbyterian Church there.

Mrs. Mary Guyton was a business visitor in Baird Saturday.

Mr. and Mrs. Troy Caraway and son of Fort Worth spent the weekend in the home of her parents, Mr. and Mrs. Earl Jobe.

Lem Harper has been visiting his sons Norris and Louis in Abilene. Morris Harper has recently been called into the service and Louis is attending Hardin-Simmons University.

Mrs. Mollie Springer has returned to Putnam after visiting in the home of her daughter, Mrs. T. L. Maynard, and family of Odessa.

Mrs. John Cook and sister, Mrs. John Kellner, were visitors in Baird Saturday.

Word has been received by Mr. and Mrs. E. E. Sunderman that their son, Captain Chris Sunderman, is now in England with the

U. S. Air Force. Mrs. Chris Sunderman and their two small daughters are remaining in Fort Worth.

Mrs. Henry Mundt, Miss Mildred Yeager, and Mrs. J. S. Yeager were in Cisco on business for a short time Thursday.

Mr. and Mrs. Raymond Jobe and children of New Mexico are visiting in the home of his parents, Mr. and Mrs. Earl Jobe, and family.

Mrs. E. C. Waddell has resumed her music classes in Putnam and has enrolled 16 pupils from Baird. She will spend two days of each week teaching in Baird. Mrs. Waddell recently recuperated

from an illness and her friends are glad that she is at her post again. Her classes are filled almost to capacity.

Mrs. Minnie Crosby and Mrs. Jean Collingsworth and baby of Eastland visited in the home of Mr. and Mrs. W. A. Ramsey Sunday and attended services at the First Baptist Church.

A. S. Reese was called to the bedside of his brother, who is seriously ill at his home at Carbon.

Mrs. Marion Short had the misfortune of having her leg removed at an Abilene hospital this week. She was reported to be seriously ill.

Mr. and Mrs. Sam Hedrick and Mr. and Mrs. Burette Ramsey visited Mrs. Marion Short in an Abilene hospital Sunday.

Mrs. Janie Moore and daughter, Miss Eva Moore, were visiting and shopping in Cisco Monday.

Mrs. I. G. Mobley was a business visitor in Cisco on Wednesday of the past week.

Mr. and Mrs. Grady Pruet and sister, Mrs. W. R. Francisco, were visitors in San Angelo Tuesday.

Mr. and Mrs. Clyde Hickson and daughter, Le Moine, of Cisco visited in Putnam Sunday and attended services at the Baptist church.

Mrs. Pete King was attending to business in Cisco Monday.

Mr. and Mrs. Marvin Eubank spent the day attending cattle sales and other business in Abilene Friday.

Mrs. Carl Jobe has returned from Colorado where she visited in the home of her son and family.

IT BLOODS FOR THE YANKEES—Manager Casey Stengel of the New York Yankees greets the players acquired from the Kansas City Blues. The newcomers are, left to right: outfielder Hank Workman, with pitchers Lou Burdette and Dave Madison, and Casey's wishing them luck.

SEA-GOING SERENADE—A group of college students returning to New York aboard the USNS General Muir serenade the U. S. Navy for fine voyages, going and coming. Left to right are: Peggy Refo, Memphis, Tenn.; Barbara Weimeyer, San Francisco; Cooley Williams, Washington, D. C.; Barbara Mallory, Geneva, N. Y., and Barbara Schenck, Natick, N. J., dressed in a Tyrol costume.

FLYING RADAR STATION—This is the first air-to-air photo of the new Armstrong Whitworth F-11, probably the world's fastest jet-propelled night fighter plane, unveiled in England. The plane was designed especially to prevent an atomic Pearl Harbor in Europe and its elongated nose contains the latest radar equipment. Note the ventral fuel tank under the fuselage.

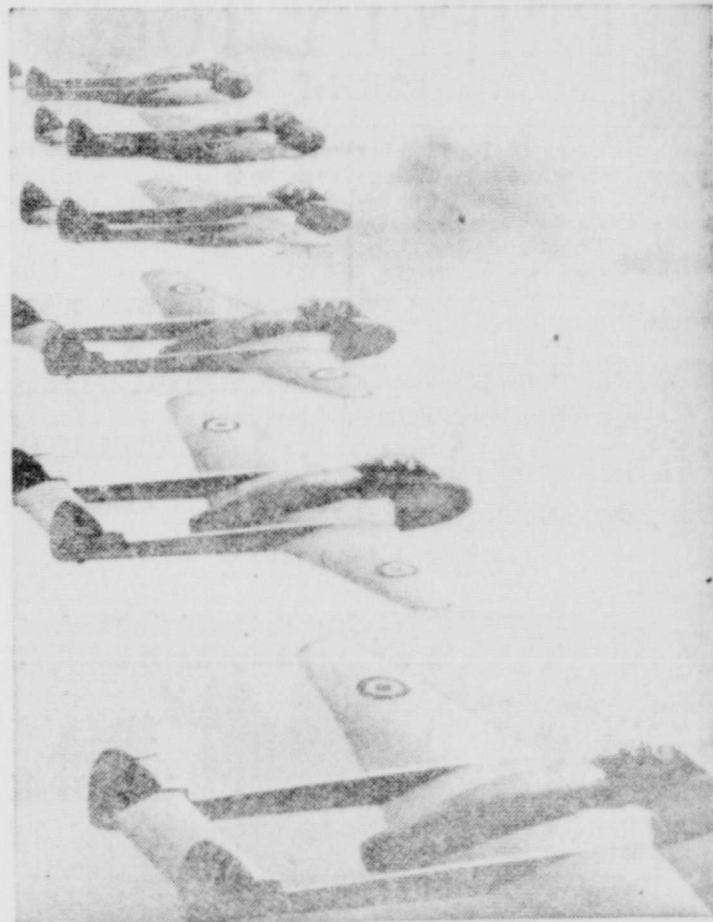

HISTORIC SCENERY—University of Arizona tackles, Ray Day and Bill Dean, look over one of two mounted cannons on the parade ground at Fort Huachuca, Ariz. The Wildcats train at the fort near Tucson, from where the U. S. Cavalry rode out against Mexican bandit Pancho Villa in 1914.

HE ONCE OVER—Welterweight champ Ray Robinson, left, squares off with Charley Fusari at their preliminary physical and weigh-in examination for their welter title bout in Jersey City N.J. Robinson has been fighting middleweights and has had difficulty in trying to make the 147-pound limit.

BLOOD FOR A BUDDY—A wounded Korean war veteran, Cpl. Robert Painter, far right, watches as men representing the Army, Navy, Marine Corps and Air Force donate whole blood to the Red Cross for shipment to the Far East. Left to right are nurse Kathleen Kirk; Lt. Wayne A. Hilton, First Air Force; Maj. Kenneth L. Boggs, First Army; Lt. Joseph Hopkins, Navy, and Marine Cpl. Peter Augustine. Cpl. Painter received a machine gun wound while fighting with the Eighth Army.

R.A.F.'S AUXILIARY AIRMEN—Winging away from their peacetime jobs and lives at North Weald, Essex, England, former war-time aces of the Royal Air Force are shown flying in formation. The fliers keep their fingers used to the touch of the controls by week-end flying in Britain and manning a complete group of auxiliary squadrons 20 strong. Planes are jet De Havilland Vampires.

It Was Just An Accident —
... that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land, and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid disaster.
