\$256,605 Loan Granted For 20 Low-Rent Units

Notice has been issued from Washington, D. C. that the Housing and Home Finance Agency has approved a loan of \$256,605 for construction of 20 low-rent homes in Cross Plains.

Fourteen of the units will be for elderly persons only. They are to cost \$8,941 each and will be built in the downtown district, within easy walking distance to the post office and stores. Several sites were inspected here recently by a federal employee and given tentative approval.

Six other units will be for younger people and are to be located within proximity of the school campus. It is understood here that the site approved for these apartments will be just north of Colonial Oaks, local nursing home. This, however, has not been definitely confirmed from Washington.

Vacancy Filled In Faculty At School

Mrs. Clifford Nelson of Brownwood has been elected to fill a vacancy in the faculty at Cross Plains schools and will begin work Thursday. She replaces Mrs. Alvis McCullough, who recently resigned.

Mrs. Nelson will teach high school Spanish and the sixth grade. She will be remembered in Cross Plains as the former Evelyn Dennis, daughter of the late Mr. and Mrs. Gus Dennis, who lived many years between here and Pioneer.

Mrs. Nelson holds a Master of Education degree from Howard Payne College and has nine years teaching experience.

District's Social Security Office Announces Move

James Smith of the Social Security Administration was in Cross Plains for a regular monthly conference period Tuesday and advised that the Abilene office is now located on the second floor of the Taylor County courthouse.

"We have moved from the Federal Building and want everyone to know our headquarters in order that no one will

be inconvenienced in contacting us in regard to social security matters," he said.

The Abilene post office box is 2321.

A representative of the Abilene office will be in Cross Plains again Nov. 16 and on Dec. 14.

Mr. and Mrs. D. J. McCarty of Glen Rose were here last week.

DR. REYNOLDS TO BE HERE SUNDAY NIGHT

District Superintendent Dr. Wayne S. Reynolds will fill the pulpit Sunday night at the First Methodist Church in Cross Plains. First quarterly conference will be conducted at conclusion of the worship service and all officers of the church are expected to be present.

This is a proposal to add a new Subsection 51a-2 to Article III of our Constitution giving the Legislature power to make direct or vendor payments for medical care on behalf of needy individuals sixty-five years of age or older, who are not recipients of Old Age Assistance and who are unable to pay for needed medical services.

Death Terminates Long Marriage Of S.F. Bonds

One of the Cross Plains area's oldest marriages was terminated Friday morning by the death of one of the partners.

Mrs. S. F. Bond, 85, succumbed shortly before 4 a.m. after being an invalid several years.

Funeral was held from the First Methodist Church, of which she was one of the oldest members, Saturday at 2 p.m. with the Rev. Jimmie Mobley, pastor, officiating. Business concerns closed during the service. Burial was in the family plot at Cross Plains Cemetery.

Born Mabel Jones at Holley Springs, Miss., Sept. 25, 1879, she came to Cross Plains with her parents, the late Mr. and Mrs. W. L. Jones, when seven years of age. She married S. F. Bond Dec. 19, 1900, and during their more than 63 years of marriage, the couple played vital roles in the civic and cultural growth of this community.

In addition to her husband, Mrs. Bond is survived by their daughter, Miss Paula Bond of Dallas and a brother, Martin L. Jones of May.

Funeral bearers were: Dick Wagner, Fonia Worthy, Mark Adair, V. C. Walker, F. R. Anderson and Jack Scott.

Bisons Invade Bears Den For 10-A Tussle Saturday

Cross Plains Buffaloes will take on their third District 10-A foe Saturday at 7:30 p.m. at Baird still looking for their first win.

The county seat Bears will be entertaining exes of the school at the annual homecoming festivities, and as an added inducement for an all-out effort Saturday night the Bears will be attempting to give Coach Vernon Townsend a birthday victory.

In pre-season polls Baird was rated no better than fifth in the conference, but the Bears have proven themselves a potent eleven in seven outings this year Baird has lost only one game, that to Ranger 8-0 in a rough-tough battle. Since that lone blot on an otherwise perfect slate, the Bears have bounced back to defeat Eastland and De Leon.

Experience has been the key to the success of the 1964 Bruins with 15 lettermen back

from a 6-4 record squad last season. Seniors command most of the positions, and, although size and depth is somewhat lacking, it is countered by experience and a well balanced attack.

Richard (Tally) Windham, a 210 pound senior fullback, provides the power of the Bear backfield, and is ably assisted in keeping defenders off balance by the speedy and deceptive Wally Harris, 140 pound senior halfback. Rounding out a fine backfield are quarterbacks Tommy Barton and Steve Stanley, and halfbacks Eddie Childers, Maxie Gordon and Richie Crow.

Although the Baird forward wall is not of the giant variety such as the Buffs faced at Albany last Friday, it is capably staffed. All-District guard Bruce Bell, 155 pound senior, tackle Pat McKennon, 175 pound senior, and end Kelton Jones, 135 pound senior, spark the Bear line.

Street Paving Will Be Meeting Topic

Want your street paved?

A meeting will be held in the City Hall here Thursday night, Oct. 22, attended by representatives of a paving concern to answer questions which local people may wish to ask in regard to surfacing of streets, alleys or dirtways. Anyone interested is invited to attend.

Mr. and Mrs. Fred Tunnell will emplane Saturday morning from International Airport at Fort Worth for Miami Beach, Fla., where they will attend annual convention of the American Bankers Association.

Third Proposed Amendment On Nov. 3 Election Ballot Explained

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services, or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

"AGAINST the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to

pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services, or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

This is a proposal to add a new Subsection 51a-2 to Article III of our Constitution giving the Legislature power to make direct or vendor payments for medical care on behalf of needy individuals sixty-five years of age or older, who are not recipients of Old Age Assistance and who are unable to pay for needed medical services.

The amendment specifically provides such medical assistance

would include examination of the human eye without the use of drugs, and the fitting of lenses or prisms to remedy any defects or abnormal conditions of vision.

In 1958 we amended our State Constitution to authorize direct or vendor payments for medical care on behalf of recipients of Old Age Assistance, aid to the blind, aid to dependent children, and aid to the permanently and totally disabled. The only portion of this which has been implemented by the Legislature is a medical care program for recipients of Old Age Assistance, which began in 1962. In the main, this program is carried out under an insurance program purchased by the State. It has been very successful.

In October, 1963 the Texas 65 Health Insurance Association was created through the joint action of a number of insurance companies in this state, to

make hospitalization and medical care available at a minimum cost to all citizens 65 years or older.

It is generally believed that, with state aid already available to those drawing Old Age Assistance and with the "Texas 65" program available at a minimum cost to others, there would be a very small percent of our senior citizens not already provided with medical care. It is also believed that the experience of our State Public Welfare Department with the medical care program developed for recipients of Old Age Assistance indicates this proposed new program would be relatively inexpensive.

The amendment would not require that people receiving such help be citizens of Texas. It would not require that they be residents of this state. It would not put any specific limit on the amount of money that could be spent on assisting any

individual, or the total amount that could be expended for such purposes. It would require only that "the amount paid out of State funds for such purposes shall never exceed the amount that is matchable out of Federal funds for such purposes." The Legislature would determine what qualifications would be required for receiving aid, the standards for determining need, and the limits on the amount of money which could be expended.

Federal matching money would be available under the Kerr-Mills program known as "Medical Assistance for the Aged." Thirty-one states were participating in this program in April of this year. The average cost per admission to the hospital was \$207.08, which is about the same as our hospital cost per patient in Texas for those receiving Old Age Assistance. There is wide variations among the states in

eligibility standards and in available medical benefits.

Those who favor this amendment point out it is limited to helping people in real need. In addition to humanitarian reasons, many of them also hope that all states will take part in this Kerr-Mills approach in order to prevent adoption of Medicare or some other move toward socialized medicine.

Opponents argue that the number of people who need such aid is small and they can be adequately taken care of by voluntary social agencies. They are strongly opposed to socialized medicine, and suspect that "Medical Care for the Aged" itself may become a political football and be unreasonably expanded in the future. If that should happen, they point out, this amendment would provide no limit on how far Texas could go in following whatever federal program might be adopted.

Cloudy Skies No Bad Omen For Popular Burkett Couple

A marriage begun under cloudy skies has brought 50 years of sunshine and happiness for a well-known Burkett couple. They are Mr. and Mrs. Ernest L. Harris, who will observe their golden wedding anniversary with an open house Sunday afternoon, Oct. 25, from 2 to 5 o'clock.

No invitations are being mailed, however, the Harrises are hoping that friends and relatives will remember the date and drop by to help them celebrate the happy event.

It was on Oct. 21, 1914, that Lyda Keller climbed aboard her beau's buggy and accompanied him to Coleman for the license and to seal their troth.

"It was raining cats and dogs," recalls the bridegroom of a half century ago, "and my last purchase as a single man was an umbrella for us to get to the courthouse without being soaked."

The vows were exchanged in Coleman and the newly-weds began their journey back to Burkett, where a long and useful life together awaited. He was then a clerk in the Audus General Merchandising Store, a position which he held 42 years. The young bride also worked at intervals in the store, a firm which then supplied farmers and ranchers over a wide area.

The Audus Store handled most all staples and conventional items needed by people on the frontier. Fancy groceries, though, were not the stock in trade.

"I remember a lady from Florida coming into the store one day and asking for a grapefruit," Mr. Harris recalls. "At that time I'd never heard of grapefruit and had no idea what they were. I told her we had grapefruit and grape juice but no grapefruit."

Burkett 50 years ago had 14 business concerns and was the trading point for several thousand people. Population of the township itself is not far different now from then, the difference is on the farms and ranches surrounding the community. Mechanical farming, making it possible for one man to work what 10 formerly tilled

Mr. and Mrs. Ernest L. Harris

is where the change is noticeable.

The Harrises have two sons, Robert of Longview and Ernest Wayne of Midland, and three grandchildren. They and their families will be at the Harris home Sunday in the south part of town, where the honorees have lived the past 42 years, to help observe the significant occasion.

Other members of the family will also be there, including Mrs. Orah Wagner, 92, mother of Mrs. Harris. Friends point out that it is a rare event when a mother is present to help a daughter celebrate golden wedding day.

In Sunday afternoon's house-party will also be Mrs. Lee Swan of Monahans, Mrs. Raymond DeBusk of Cross Plains, and Mrs. Hugh Burns, Mrs. Dolph Evans, Mrs. Clayton Burns and Mrs. Vernon Helms, all of Burkett.

Mrs. Harris will wear a lapel pin Sunday afternoon which was also part of her attire, when she stood alongside the man of her life and recited the vows of matrimony in Coleman so long ago.

The Harris home is a happy place and a visitor gains the impression that theirs was a marriage planned by Providence.

"Oh brother, is this contraption ever a monstrosity! Can you imagine finding space to put one of these, or even actually using it? This old 1901 Peck-Williamson water-heating stove and clothes dryer can't hold a candle to the modern, automatic, flameless electric clothes washers and dryers. Besides being completely automatic and flameless, they save so much time and energy. The electric dryer alone saves 3 hours weekly of the housewife's valuable time which she can spend with her family and clothes come out so soft, fluffy, and easy to iron, there's no telling how much time is saved just on the ironing board.

Sixty-three years sure makes a lot of difference. Visit your electric appliance dealer or the nearest WTU office."

farmers and ranchers are
realizing that their land and wat-
ers, when properly developed
for recreation, is a new means
of increasing their income.

L. Joy, a farmer located
about 27 miles south of Cross Plains
on Highway 279, is in the pro-
cess of developing his 267 acre
farm into an income producing
recreation enterprise. He is now
equipping the place to accommo-
date people with lodging in his farm
house and provide visitors with
all the recreation facilities con-
sistent with fishing, picnicking, ar-
row shooting, hiking, camping,
back riding and supplies
for fishing bait. In addition to
his own farm, Joy now has, his con-
servation plans consist of further
developing riding and nature
trails along the banks of Turkey
Creek, a clean picnic and camp-
grounds under big Pecan
trees, construct low water dams
for fishing and swim-
ming and plant cropland fields

to crops that will provide food
and cover for quail, squirrel
and dove.

Joy has a combination of sev-
eral kinds of recreation enter-
prises on his farm. Fishing wat-
ers in this area are probably
the most common since nearly
all farmers and ranchers with
suitable sites have ponds stocked
with fish. Flood water retard-
ing structures on landowners
in the Turkey Creek watershed
have unlimited possibilities for
fishing waters, as well as other
forms of recreation such as
swimming, boating, water ski-
ing, hunting, skindiving, pic-
nicking, camping, hiking sight-
seeing and just relaxing near
the water.

"Any kind of income produc-
ing recreation enterprise takes
a lot of planning to provide a
place that will be attractive
enough for people to come to
and make the best use of land
and water," says James Herring,
Callahan County soil con-
servationist.

The Central Colorado Soil
Conservation District and the
Soil Conservation Service will
provide technical assistance to
farmers and ranchers interested
in planning income-producing
recreation as part of alternative
land uses on their farms and
ranches, Herring informed.

Open House At Burkett Sunday To Honor Long Residents Of That Area

By Mrs. Merrel Burkett

Mr. and Mrs. E. L. Harris will celebrate their golden wedding anniversary next Sunday afternoon with open house and invite all their friends to be present. They were married fifty years ago, Oct. 21, at Coleman.

Pam, a six-year-old daughter of Mr. and Mrs. J. B. Burkett, was honored by her mother with a birthday party at the Community Center Sunday afternoon. The table and room were decorated with Halloween designs and each child was presented a horn and Halloween hat by the hostess. After an hour of frolic and fun refreshments of Coke, punch and caramelized apples were served to the following children: Marsha and Jackie Strickland, Glenda and Russell Gould, Randy and Jan Strickland, Joe and Leslie Tabor, Mitzi Burns, Debby and Tamorah Adams, Holly Boyle, Kathryn and Carla Strickland, Vickie and Jackie Brown, Randy Jennings, Ken and Randy Hunter, Cheryl Burkett and the honored guest, Pam Burkett. Mrs. Burkett was assisted by Linda Gould, Kay Burkett and Mrs. W. E. Walker. Other guests included Mmes. Lovera Strickland, Joyce Strickland, Shirley Hunter, Co-

rene Adams, Freeda Burkett, Mary Neal Taber, Sandra Burns and Lucille Gould. W. D. Thomas and granddaughter, Pam, of Coleman presented the honoree with a gift but were unable to stay for refreshments.

Approximately 140 people attended the community supper Friday night. Entertainment of music was enjoyed throughout the evening.

Edward Neitzke left Thursday morning for Norfolk, Va., where he is stationed aboard the Saratoga. He expects to leave soon to spend several months on the Mediterranean Sea.

News from the bedside of Mrs. Leah Bobo, who underwent surgery at Hendrick Memorial Hospital, reveals that her condition is satisfactory. She was due to leave the hospital the first of this week and stay several days with her daughter and family, the James Hills, in Abilene until she is able to come home.

Mrs. Jimmie Beau Burkett plans to leave Sunday from Abilene by plane for Nicaragua, Central America, to visit her

husband who is employed there. C. D. Brashear suffered severe injury to his thumb and two fingers last week while attending to work on an oil lease near Baird. He was rushed to the hospital in Baird where a great number of stitches were required. After more than two hours in the operating room he was released and is feeling well enough to be out this week.

Friends of Mrs. Rosa L. Boyle of Abilene formerly of Burkett, received news that she accompanied her daughter and husband, Mr. and Mrs. Johnnie Slaughter, also of Abilene, to Fayetteville, N. C., recently to visit her son, Carl Dennis Boyle and family. The Slaughter's son, Johnnie Byron, stationed at Norfolk, Va., met them at Fayetteville, where they all enjoyed a reunion together.

PEACE THROUGH STRENGTH

"If you have a fellow who says he's going to bury you, you don't hand him a shovel. I would like to think that one day an American President would say, 'You are wrong, Mr. Khrushchev. Our grandchildren will NOT live under Communism. Your children will live under freedom.'"

Barry Goldwater, TV Interview, May 14, 1964

TAXES AND YOUR MONEY

"Property and freedom are inseparable, and a man's earnings are as much his property as his land or the house he lives in. To the extent the government takes the one—in taxes—it intrudes upon the other."

Conscience of a Conservative, pg. 60

CIVIL RIGHTS FOR ALL

"My concern is with this nation—with freedom for everyone who lives in it and who will be born in it. This is the time to attend to the liberties of all, not the demands of the few. Let me be judged by this real concern, and not by what others say about what I think. The key to racial and religious tolerance lies not in laws alone, but in the hearts of men."

Speech to the Senate, June 18, 1964

MORALITY IN GOVERNMENT

"Where the examples of morality should be set, the opposite is seen. Rather than moral leadership we have been given bread, circuses and scandal. Small men, seeking great wealth or power, have too often and too long turned even the highest levels of public service into mere personal opportunity. Certainly, simple honesty is not too much to demand of men in government, no matter how exalted or protected the position."

TAX AND SPEND AND TAX

"We are going to try to take all the money we think is unnecessarily being spent and take it from the 'haves' and give it to the 'have nots.'"

Speech, Feb. 15, 1964

CIVIL RIGHTS FOR POLITICS

"I am not now and never have been an advocate of Civil Rights."

(Quoted by Drew Pearson, Chicago, 1956.)

"You can't force these things on the South overnight."

Albany Lions Romp Past Herd 48-0 There Friday

Albany's powerful Lions rolled up a 28 point first quarter lead then settled for a tally per quarter the rest of the way in annihilating Cross Plains Buffaloes 48-0.

The out-come of the 10-A clash at Albany Friday was never in doubt after midway of the initial quarter when the hosts sported a 12-0 lead. Albany emptied its bench during the second half and reserves also saw action in the second period.

Cross Plains also played its second unit during much of second half in making its best offensive showing of recent weeks although not crossing the goal line. The Buffs picked up eight first downs and ground out 119 yards rushing with Right Halfback Bobby McMillan breaking away for two 18-yard runs and a 19-yard scamper. The Herd's aerial attack once again proved a failure, completing none of six attempts. Albany counted 17 first downs, 272 yards rushing, of which slightly more than 200 came in the first half, and 144 yards passing.

Touchdown Parade

Albany took the opening kickoff and march 56 yards in nine plays for its first tally. Right Halfback Joe Bob Cauble capped the march with a four yard blast over the center with 8:20 left in the first quarter. Right Tackle Bob Oliver's kick was wide.

Less than two minutes later Left Halfback Garry Bartee returned a Buffalo punt 65 yards for another six points. Cauble was stopped on an attempted run on the conversion try.

Bartee set up the next Lion score with a 32-yard punt return. Fullback Charles Brewster climaxed the 24-yard, four-play blitz with a two yard blast over right guard. Garry Bartee knifed over right guard for

the two points with 3:19 remaining.

Two minutes later Brewster rambled 69 yards up the middle for another six points. Bartee circled right end for the two points, and a 28-0 lead.

On Albany's next possession the Lions moved 82 yards in 12 plays for another score with numerous penalties on both sides. Left Halfback Jimmy Farmer culminated the drive with a five yard slant. Fullback Ellis Hise was stopped on the conversion try.

Aerial Barrage

Albany's air game sparked the last touchdown in the first half and accounted for the two second half tallies.

On the first play the Lions had the ball in second. Quarterback Joe Joyce passed to Cauble for a 55 yard touchdown cancelled by a penalty. The next play Joyce hit Right End Larry Bartee for 50 yards and a first on the Herd 20. Joyce then lateraled to Brewster who flung the ball to Garry Bartee for the tally. Dickie Shelton ran the two point conversion.

With only 56 seconds left in the game Albany got its final tally on a 15-yard aerial from Quarterback Jerry Speck to Left End Ben Shelton. Conversion pass failed.

Cross Plains had a couple of short drives but never threatened the Lions goal line. The Herd twice penetrated the tough defense to the Lion 40, but could get no farther.
