Oil and Gas Account For \$9.3 Million Per Year In Aransas Co.

Along The Waterfront

Sea Gun marina Manager Vernon Kleypas reports that all charters operating out of Sea Gun have been coming in with nice catches of trout, weighing from 2 to 3 pounds. There have also been a unusual large number of reds brought in for this time of year.

Captain Brown of the party boat "Whooping Crane" also reports his fishermen have all been having excellent luck bringing back plenty of trout.

Kleypas reports the water is ideal for fishing. There is plenty live bait available and plenty of fish in the bays.

Rockport Lions Club Barbecue Set For Sunday

An event that local people look forward to every year—the annual barbecue of the Rockport Lions Club will be held Sunday, July 2, beginning at 11:30 a.m. and continuing until the food runs out.

This "eat-fest" will be held as usual, at the Lions Club barbecue pit at the Yacht Basin across the street from the Woman's Club building.

Hungry folks will have the opportunity of buying barbecued sausage, chicken or beef plates or sandwiches.

Seven Dallas Men Narrowly Escape When Boats Overturn

Seven Dallas fishermen had an experience last weekend that they won't forget for a long time.

Renting boats at St. Charles Bay Cottages last Friday evening they filled them with fishing gear and headed for Cedar Bayou.

Later in the evening they started having all kinds of trouble in Mesquite Bay. The outboard motor on one boat conked out, the wind began blowing hard, and all three boats overturned.

For several hours they hung onto the boats, a floating sleeping bag and ice box. One man had a radio transmitter in the ice box which he used to send a message for help.

A tugboat heard the message and summoned help from Danny Adams at the Sandalamar Motel Marina and Freddie Moss at St. Charles Bay Cottages.

All seven men were rescued and later returned to Dallas. The boats were recovered but most of the fishing gear was lost. The names of the men are not known.

SBA REPRESENTATIVE HERE THURSDAY, JULY 6

The Small Business Administration will have its representative available for interview from 9 a.m. to 4 p.m. on Thursday, July 6, at the Corpus Christi Chamber of Commerce, 1201 North Shoreline Boulevard, Corpus Christi.

W. E. Woodman, regional director of the San Antonio office of Small Business Administration, announced that anyone desiring information concerning the SBA Program may contact the representative when he is in the Corpus Christi area, or at the San Antonio address.

Mystery Bombing At VFW Hall

City, county and federal authorities are investigating the mysterious bombing of the Veterans of Foreign Wars Hall Tuesday night.

A flare bomb was thrown against the west side of the building near the rear door at about 10:45 p.m. Tuesday following a V.F.W. meeting.

No damage resulted, Fire Marshal Elva Mullinax reported, "because the bomb bounced off the wall and landed a sufficient distance away to be unable to start a fire."

Chief D. C. Lee of the Ordnance Division, U.S. Naval Air Station, Corpus Christi, said the bomb was an American-made trip flare M-49, made of magnesium and is the type that gives off intense heat of about 31,000 degrees for at least a minute.

Mullinax and other volunteer firemen arrived on the scene within minutes after it was thrown. No one was in the VFW Hall at the time. The bomb burned itself out, with the blaze coming first followed by billowing smoke.

Mullinax, Police Chief Bob Hewes and Sheriff Joe Earl Hunt, aided by their staffs, are busy trying to find out who threw the bomb, where he got it and why it was thrown.

Corpus School Groups Here

This past week over 100 members of the Corpus Christi Independent School District held an all-day meeting on Friday at Sea Gun Inn.

The group, headed by Joe Parks, arrived Friday morning and held a meeting until noon when they took a luncheon break to enjoy a seafood luncheon served in the Emerald room at Sea Gun.

The session reconvened at 1:30 and continued until 5 p.m. On Saturday a session was held from 7:30 a.m. until 11:30 a.m. when the group departed.

Some of the group enjoyed golfing and fishing on Friday evening.

Many Places to Be Closed July 4th

Many local places will be closed Tuesday in observance of Independence Day on the 4th of July.

Among them are First National Bank, Post Office, Courthouse and City Hall. There will be no garbage pickup Tuesday, but there will be on Wednesday.

Business establishments which will be closed are H.E.B. Family Center, Roe's Food Store and C. G. Morrison Co. Variety Store.

Johnson's Rexall and Roaten's Walgreen Drug Stores will be open from 8 a.m. to 12:30 p.m. and closed the rest of the day.

Wagley Lumber Co. will be closed on both Monday, July 3 and Tuesday, July 4. Bracht Lumber & Fed Co. and Chas. T. Picton Lumber Co. will be closed on the 4th of July.

TWO DANCES AT YOUTH CENTER

The "Invaders" of Corpus Christi will play for a dance at the Youth Center Saturday night, July 1, from 8:30 to 12:30.

The "Chex" of Corpus Christi will play for dance at the Youth Center Monday night, July 3, from 8:30 to 12:30.

Admission for these dances will be \$1.00.

More than \$9.3 million a year of economic stimulation for Aransas County flows from its oil and gas wells each year, an annual study by Texas Mid-Continent Oil & Gas Association showed today.

"As one of the 206 producing counties in Texas, Aransas County's economy is sensitive to fluctuations in the oil industry generally," commented W. A. Landreth, Fort Worth, Association president.

"Long range, the demand for oil looks strong and current production rates continue to provide Texas a major source of its income. On the other hand, Texas operators are beset by competition from other oil producing areas, government ceilings on natural gas prices, heavy tax payments, and a price for crude oil that is insufficient to encourage the amount of exploratory drilling that is needed to find future reserves."

Based on latest U. S. Bureau of Mines production figures, Aransas County in 1965 produced 1.5 million barrels of crude oil, valued at \$4.3 million and 38.5 billion cubic feet of natural gas valued at \$5 million, and ranks 98th among Texas counties in production.

In addition, plants which process natural gas for liquids such as natural gasoline, butane and propane in 1965 produced more than 22.7 million gallons of liquids valued at \$1.1 million.

A major distribution of income from sales of oil and gas went to county landowners in royalty payments totaling more than \$1.2 million.

In 1966, a year that saw drilling in Texas fall to its lowest level since 1947, oil and gas operators drilled 37 wells in Aransas County. Of these 15 were wildcats seeking new fields.

The Association estimated that operators in this county spent more than \$2.7 million in drilling last year, of which \$1.5 million was lost in dry holes.

Sharing heavily in the county's production each year is the State Treasury, which received \$547,681 in production taxes in 1965 paid by the producers and royalty owners. Crude oil production paid \$199,382 and natural gas production, \$348,299.

Texas Employment Commission figures for 1966 show that some 201 workers directly employed in oil and gas operations accounted for a payroll in excess of \$1.3 million.

Additional value is given oil and gas from the operation of processing plants. The Oil and Gas Journal list 1 carbon black plant, and 2 natural gasoline plants with a capacity of 88.3 million cubic feet per day.

Young People Busy Reading

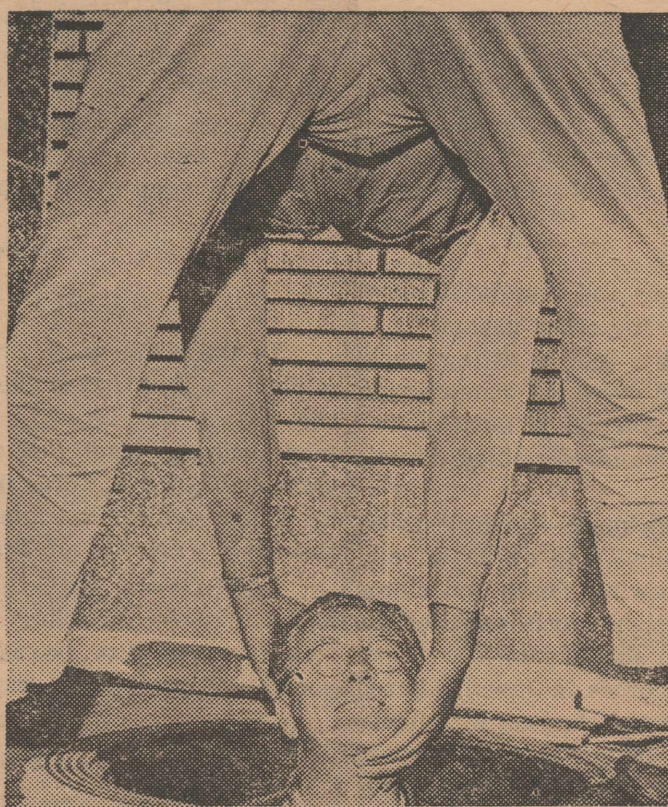

The Aransas County Public Library wishes to report the excellent participation of the young people in the summer reading program.

To date there are 80 registered readers with a circulation of 1345 books. That much interest is shown due to the combined efforts of Mrs. Nancy Curry, Mrs. Dolores Porter and Mrs. Nancy Townsend who brought their second grade pupils in on a field trip prior to the 1st of June.

New books for young people are coming in every day, covering a vast number of timely subjects.

CORPUS ART SHOW SET FOR JULY 9

The fifth annual Corpus Christi evening outdoor art show and band concert sponsored by the Park and Recreation Department will be held at the Peoples Street T-Head from 6 to 10 p.m., Sunday, July 9.

RETRIEVING A HEAD, his own as it might appear, is an employee of the Denver Water Board. When Stan Brecheisen, in the manhole, asked Howard Scoeberlin for a lift, he didn't plan on the unorthodox grip.

Walter B. Thunderbird Golf Tournament Slated for July 8-9

Walter Boehnke, president of Commercial Motor Co., Ford dealers in Aransas Pass is sponsoring the Walter B. Thunderbird Classic to be held on Saturday and Sunday, July 8 and 9, at Live Oak Country Club.

The tournament, open to club members only, will require no entry fee. Established handicaps will not be necessary since scores will be figured on the Calaway System which allows a player to deduct the score made on certain holes which are determined by the score turned in.

Nine merchandise prizes totaling \$150 are offered in addition to Thunderbird trophies. In case of ties, the awards will be split. Transistorized Thunderbird radios will be awarded for a hole-in-one on either par 3 hole. Radios will also be awarded to the players scoring the most pars and bogies. No player will be eligible for more than one prize.

Registrations must be made with Speck Howerly, local pro.

Scouts Return From Camp

Twenty boys and three leaders of Boy Scout Troop 280 returned Sunday from a week at Camp Karankawa on Lake Mathis.

While in camp the boys participated in a wide variety of scouting skills.

Thirty-six merit badges were earned by the boys during the week including swimming, life saving, canoeing, rowing, conservation of natural resources, nature, wildlife management and pioneering.

All the scouts had an opportunity to shoot on the rifle and archery ranges. Two boys, Ricky Weekley and Brad Porter, completed the requirements of the mile swim award.

On Thursday night Charles Cruser was selected by his fellow scouts to become a member of the Order of the Arrow, a national organization of honor campers.

Jim Cruser, Assistant Scoutmaster, was also selected for

'MARY LOU' SOLD BY HUGH JOHNSON

Hugh Johnson has sold the "Mary Lou," one of the best known fishing boats operating out of the Yacht Basin, and also his bait stand.

The new owner is Frank Miller, a young man who taught school in Odem during the past two years. His wife is the former Ann Stephens who lived in Rockport before her marriage.

Miller is now operating the business under the name, Miller and Leatherwood. He points out that the Mary Lou will carry up to 30 persons on fishing trips.

Parcel Post Weight Allowance Raised

Mailers will be able to send 25 pound parcels between first class post offices which are 150 miles or more apart starting July 1, Postmaster Rowan reminded patrons today. The present weight limit is 20 pounds.

This is the first of five increases scheduled to take effect annually until 1971, when a 40 pound, 84 inch maximum size will be authorized between all first class post offices. Size limitations are now 72 inches in combined girth and length.

The next increase, on July 1, 1968, will raise the weight limit to 30 pounds. On July 1, 1971, the size is scheduled to be increased to 84 inches.

Mailers are reminded that parcels weighing up to 40 pounds can be mailed between first class post offices less than 150 miles apart. Packages addressed to and from 2nd, 3rd, and 4th class post offices, Alaska and Hawaii are not affected by the increase in size and weight provisions of the Public Law 89-573, which became effective Jan. 15. Parcel post mailings to and from these offices remain at 70 pounds and 100 inches.

'Head Start' Program Activities

The children in the Head Start Program at Rockport Elementary School went to Corpus Christi Tuesday to visit the Corpus Christi Museum.

The 64 children, along with their teachers, teacher-aides, and volunteer helpers left Rockport at 8:15 a.m. and returned in time for lunch at 11:30 a.m.

Along the way they watched a barge of shell being unloaded and they also saw grain being combined in the fields.

Following are "Head Start" menus for next week:

Monday, July 3: Macaroni with cheese, hot pickled beets, English pea salad, bread, butter, chocolate cake, milk.

Tuesday, July 4: No school. Wednesday, July 5: Hamburgers, French fried potatoes, lettuce, tomatoes and pickles, peach halves, milk.

Thursday, July 6: Roast beef, gravy, mashed potatoes, garden salad, hot rolls, butter, ice cream, milk.

Friday, July 7: Fish sticks, catsup, buttered corn, waldorf salad, cornbread, butter, jello, milk.

Local Barbers Raise Prices

Prices will be raised at Fulton Barber Shop, My Barber Shop, Pena Barber Shop, Rockport Barber Shop, City Barber Shop No. 1, City Barber Shop No. 2 and Iles Barber Shop.

This price change will go into effect July 5. All regular haircuts will be \$1.75, flat tops will be \$2.00.

Plan Considered To Supply More Water To Key Allegro

Name Order On Ballot Set

By drawing names from a hat, the following order has been determined for listing names of candidates for Navigation and Canal Commissioner, Aransas County Navigation District No. 1:

Ted Atwood, Ted R. Little, Charles J. Schindler, Jack T. Smith, Matt Scott, Richard J. Fox and Hollis Dominguez.

Little, Schindler and Scott are incumbents, and Atwood is a former commissioner.

At the election Saturday, July 8 from 8 a.m. to 7 p.m. three commissioners will be elected to serve two years.

Absentee voting will end Monday, July 3 in the county clerk's office in the courthouse. Members of the special canvassing board are Mrs. W. D. Heldenfels, presiding judge, and Rev. Ben H. Bohmfalk and J. A. Baird, Sr. judges.

Regular voting on July 8 will take place at the following places:

Precinct 1-A, voting center in Aransas Pass, with Mrs. Glenn Ellis serving as presiding judge and Mrs. E. N. Oualline as judge.

Precinct 2, Rockport fire station, Mrs. Faye Brundrett, presiding judge, and Mrs. Fred Diederich, judge.

Precinct 2, Courthouse, Mrs. Elbert Mundine, presiding judge, and Mrs. Bernice Ingersoll, judge.

Precinct 3, Fulton fire station, Mrs. Harry McDow, presiding judge, and Mrs. E. G. Cooke, judge.

Precinct 4, Lamar fire station, Mrs. Harry Mills, presiding judge, and Mrs. C. F. Hedrick, judge.

Copano Bay Platform Permit Requested

Neil E. Hanson of Houston has made application with the Army Corps of Engineers for permission to erect and maintain structures for the drilling of oil and gas wells in Copano Bay about 8½ miles northwest of Rockport.

Work at the site would consist of placing a two-foot shell fill on bottom, sinking a drilling barge, having a derrick with a top elevation of 155 feet above mean low tide, and driving three three-pile clusters on one side of the barge.

Plans may be seen at the Corps of Engineers Area Office in Corpus Christi. Protest should be filed by July 5.

Jaycee Track Meet Held

The second annual Jaycee Junior Champ Track and Field Meet was held Saturday at Aransas County High School. A total of 553 boys and girls from 6 to 17, representing 16 schools competed.

The schools were Mathis, Calallen, Bishop, Gregory-Portland, Aransas Pass, Taft, Three Rivers, Tuloso-Midway, Flour Bluff, Freer, Sinton, Trinity-Lutheran, Roy Miller, W. B. Ray, King and Aransas County High School.

Results were kept on an individual basis and not on team scoring. This meet was one of the events of the ACHS summer program.

Local boys and girls scoring in the track meet were Johnnie Grossman, 4th, long jump; Rhonda Bush, 3rd, standing broad jump; Robert Brooks, 2nd, discus; Bimbo Bauknight, 3rd, standing broad jump; Lisa McDavid, 2nd, 75-yard dash;

Caye Bailey, 4th, standing broad jump; Mark Wright, 3rd, high jump; Robert Brooks, 4th, shot put; Carol Ann Crisp, 3rd in 220-yard dash and 4th in 50-yard hurdles.

Riding Association Plans Rodeo July 2

The Aransas County Riding Association will hold a rodeo Sunday, July 2, beginning at 4 p.m. at the riding arena in Fulton.

There will be figure eight barrel racing and showman-ship for children from tiny tots up to eight years of age. Junior events will include breakaway calf roping, tie-down calf roping, pole bending, ribbon roping, cloverleaf barrels, goat tying, goat scramble and a greased pig scramble.

Adult and senior (over 14 years of age) events will be pole bending, cloverleaf barrels, goat tying and goat scramble for women, ribbon roping and men's tie-down roping.

Books close Sunday at 2:30 p.m. Members are requested to have their money and entry blanks in by Saturday and to be at the arena before 2:30 Sunday to receive entry numbers.

The public is cordially invited to come out Sunday for an enjoyable afternoon.

There will be a meeting of the Riding Association Monday night, July 3 at 8 p.m. in the Rockport fire station.

Before the rodeo the Riding Association will stage a parade through the downtown area.

Art Guild Show Set For July 1, 2, 3

The Rockport Art Guild in cooperation with the Chamber of Commerce will present a judged art exhibit for all local artists at the Woman's Club building Saturday, Sunday and Monday, July 1, 2 and 3.

Judging will be done by Joe Polley Paine, associate professor of the art department at Sam Houston College in Huntsville.

The club building will be open and entries will be accepted today (Thursday) from 1 to 5 p.m., and Friday from 9 to 11 a.m.

Only original work will be acceptable by the entries committee and there will be a limit of not more than five entries from any one artist because of the limited space for showing.

Judging will be done in the following categories: Marine, landscape, portrait and figure, still life and free form.

There will be a cash prize of \$100 for the painting selected as "Best of Show"; \$75 for the best work depicting the area; \$35 for the popular vote award; first, second and third ribbon awards; and a special juvenile award for youths up to 18 years of age.

After the judged show has been opened to the public at 9 a.m., July 1, local artists will have the opportunity of displaying and selling other works on the grounds surrounding the Woman's Club building and boat basin.

PAWS AND TAWS BUSY JULY 15-16

The Paws and Taws Square Dance Club announces a very busy weekend for July 15 and 16.

Special square dance Saturday, July 15 with Billy Lewis of Dallas calling.

Fish fry Sunday noon, July 16 at Lions Club Cabana in Rockport. Public invited. Proceeds will go to the club.

BEEVILLE GOLF TOURNEY SUNDAY

The men's inter-city pro-am golf tournament will be held Sunday, July 2 at Beeville Country Club. It will be a selective drive event. Registrations must be in by noon. Tee-off time is 1 p.m. and there will be a shot gun start. Entry fee is \$5 including the green fee. All area golfers are invited.

The city and Carl C. Krueger, Jr., have agreed on a plan designed to increase the supply of water for residents living on Krueger's Key Allegro Island Estates.

At Monday night's city council meeting the aldermen and Krueger agreed on a plan whereby Mayor Delmar R. Hiller will employ Urban Engineering Co. of Corpus Christi to:

Draw up plans and specifications for the alternate water line routes through the northwest section of the city, with the deliverance of \$400 from Key Allegro Water Co. as its share of the engineering costs.

If and when the water line is laid, it will be a 10-inch pipe. The cost will be shared by the city and Key Allegro. Some time ago a rough estimate indicated that the cost of laying pipe via the shortest route would be approximately \$11,400, with the city paying \$6,900 and Key Allegro paying \$4,500. This cost was based on running the water line to the Key Allegro hookup.

Krueger indicated he is considering running his own water line across Little Bay and that he will seek approval for such a possibility from the Navigation District and the U. S. Corps of Engineers.

Other actions at the city council meeting included:

—The aldermen agreed to have the city pay \$225 expenses per man for Fire Marshal Elva Mullinax, Chief Coy Truelove and Assistant Chief Johnny Ray to attend the 38th annual firemen's training school at College Station July 16-21.

The State Board of Insurance points out that under the insurance key rate schedule a credit allowance of 5 per cent is given to a city when two or more firemen and the fire marshal satisfactorily complete the courses.

—Council granted a special permit to Mrs. Joan White to locate a trailer directly behind the Dairy Whip on Highway 35. The permit will be effective to July 1, 1968 and requires that the trailer be hooked up to the city sewer system.

The council acted on the recommendation of the Planning and Zoning Commission: Seth Steele, Tom Rogers, Earl Harle, Tom Moore and Robert D. Mosier, Jr. The commission named Steele permanent chairman to succeed R. L. Eckman who resigned recently.

—The aldermen approved a plan for a new parking lot north of the H.E.B. store and directed that a building permit be issued.

—July 24 was set for a public hearing on a request by Hollis Collum to set up a 12 by 60 foot mobile home on South Pearl Street.

—The council granted a request for a street light at Live Oak and St. Mary Streets.

Rockport Publicized In Corpus Magazine

Through the efforts of the Chamber of Commerce, Rockport has received some outstanding publicity in the June issue of "You in Corpus Christi," a popular magazine which is distributed to guests in Corpus Christi hotels, motels, restaurants and clubs.

With a circulation of approximately 8,000, this publication is widely read by almost every visitor arriving in Corpus Christi. The magazine plans to continue publishing news about Rockport every month, pointing out it "will be a service to visitors to know about the attractions in a neighbor city."

The June issue carried a double-page spread of pictures and written material giving detailed information about the numerous advantages Rockport offers visitors.

NIGHTMARE IN LIVING COLOR . . . YELLOW

If you haven't enough to worry about when you're trying to get to sleep at night, try this on for size.

Suppose you were president of the United States. How would you answer the following:

It is now stated by the foremost scientists that Red China will have long range thermo nuclear missiles within five years.

Lives are meaningless to the callous rulers of Red China. They have said they could defeat the United States by surrendering 50 million Chinese a year for us to house and feed. A regime that does not flinch when they say that they would, and could, accept 300 million casualties without the flicker of an eye.

What would YOU do?

Drop a bomb on China now and then be branded as an aggressor nation by all the other nations?

Or do you sit placidly by, like a sitting duck, knowing that Red China will have no compunction five years from now about starting a nuclear war that could cost the U. S. one hundred million American lives.

To continue with our "nightmare—yellow," think for a moment about the yellow men of Japan and Red China today who are drawing closer and closer in economic and trade relations with each other. Suppose Red China and Japan should join in common cause. Three years ago top sources in Japan assured us solemnly, in Tokyo, that Japan had no inferiority complex because she didn't have "the bomb" and wasn't going to have one. Suppose Japan becomes restless and does join in the nuclear race? Japan and Red China could unite. The Chinese boast that they could bring both Russia and the United States to their knees if such an entente was created.

So that's the question—what WOULD YOU do now, knowing that the Chinese Reds will have their long range missiles in 1971—and will not be intimidated into not using them?

A nightmare of a world we never dreamed of.—Luverne (Minn.) Rock County Star Herald.

EDITOR'S VIEWPOINTS

A WORD TO FIT THE WORLD

Man is gregarious, we are often told, as though the teller had just put a smug finger on some cosmic—and perhaps comic—truth. Man: The hairless, frail gregarious ape. The word has an expensive, authoritative sound to it. But only stands for something very common that we have known all along.

Life, all life, abhors loneliness. The world, not just man, is gregarious, and each day is the demonstration. Why else will two hounds, given an acre to lie in, choose to rest side by side in the same noon shadow? Why does the vine prefer the stone wall? Why do geese flock, lemmings run, locusts swarm and quail covey after the pairing days of spring?

What creature is truly solitary?—Kansas City Times.

A GEM IN THE NEWS

In the business of writing, someone occasionally produces a gem that is the perfect description. That's the way it was recently when an Associated Press man, writing from Pasadena, Calif., described the three published pictures of moon photographs taken by Lunar Orbiter 2 while skimming 30 miles above the moon's dry sea of Tranquility.

"All (three pictures) showed a surface that looked like the bubbling top of a pancake just before it's ready to be flipped," wrote the AP reporter.—Topeka Daily Capital.

LET'S SEE NOW

The Wall Street Journal reports that female employees of the Akron post office have complained that male charwomen lock everybody out when they clean the ladies' room.

DRIVER, STOP AND THINK

The World Health Organization has come up with some rather alarming statistics about car drivers. A driver makes 200 observations and 20 decisions each mile he travels, says the organization. And by the time he has driven two miles, he has made one error. This is something for motorists to think about.—Edmonton (Alta.) Journal.

MRS. GALLOWAY DIES

Funeral services for Mrs. Martha Ann Galloway, 81, who died Sunday in an Aransas Pass hospital, where held Wednesday at the Rockport Church of Christ. Burial was in Tilden Cemetery.

She had been a resident of San Antonio for 20 years before moving here three years ago. She was a native of Wilson County.

She was a member of the Rockport Church of Christ.

Among her 98 survivors is a daughter, Mrs. Lenora Inez Bertran of Corpus Christi. Other survivors include four sons, Alvie Curtis, George Reeves, William Hollie and James Clifford Galloway, all of Normana, Mrs. Fannie Colterman of Robstown, Mrs. Martha Francis Weize of Clyde, Ohio, and Mrs. Ora Belle Craig of Falfurrias; one brother, Henry Wiley of San Antonio; one sister, Mrs. Evelyn Bode of San Antonio; 36 grandchildren and 53 great-grandchildren.

CARD OF THANKS

This is to express my gratitude to the ministers of Rockport who visited me during my recent stay at Lyman-Roberts Hospital, and especially to Dr. Leonard Goldman who day by day faithfully drove my good wife, sometimes twice a day to and from Rockport to see and visit me. May the Lord's blessings be on you.

Rev. Josef I. Herschkowitz

BY VERN SANFORD

One of our fastest growing sports today is archery.

There is a special thrill and fascination in shooting the bow and arrow—the most primitive of weapons—that is a challenge to everyone.

But the modern bow-and-arrow in no way resembles the crude weapons of the Indians. Modern archery equipment is accurate and deadly. It still amazes me what an accomplished Bowman can do with such equipment.

Maybe you've been thinking of taking up archery. If so, probably you are confused about what it involves. Should you want something simple and easy, then forget the bow-and-arrow. It takes time and patience to learn to shoot accurately and consistently.

Hunting with the bow-and-arrow is the ultimate in challenge. A bowhunter must be close to his game to score. Preferably less than 55 yards (from even a large animal like a deer). This isn't an easy assignment.

It is difficult enough to learn to shoot proficiently with good, well matched equipment. So the fledgling archer

who gets equipment not suited to him is off on the wrong foot. No matter how good he may be athletically, he'll never learn to handle his equipment with any proficiency.

Before buying any archery equipment every beginner should go to an experienced Bowman and get his views on the subject. Many sporting goods dealers are not able to give this information. Unless a man has tried archery, and many sporting goods dealers have not, he really doesn't understand what it involves.

Basically, there are two types of archers: the bowhunter and the target shooter. A person can be both, but he must understand that there is a different technique involved and different equipment.

A target shooter, for example, chooses a bow that is easily pulled, something of 35-pounds pull or lighter (a bow pull is determined by the number of pounds of pressure required to pull an arrow full length).

A hunter wants something heavier, that will drive the projectile with greater force.

Preferably a bow of 45-pounds pull or grater.

It is difficult, if not impossible, to shoot proficiently with a hunting bow.

Pulling a bow brings into play certain shoulder muscles which are not accustomed to the task. A beginner should start with an easily-pulled bow to condition these muscles and learn the proper technique. Then graduate to a heavier hunting bow. Most common fault of all beginners is "overbowing," or choosing a bow too heavy to pull comfortably.

Archery shooting involves many different things like stance, draw, anchor, aiming, release and follow-through. Each step is important to success.

Here again we say seek an experienced archer. Get him to show you the way to learn. Like in golf, the archer who starts off with improper technique and form will have difficulty getting back on the right track.

Quality bows are expensive. Don't wreck the family budget with the first one. There are models priced less than \$30. And they are acceptable. Use one of these to learn. Then if you find you enjoy archery, go to something more expensive.

All archery equipment must be matched. You wouldn't use the same arrows for both a light bow and a heavy one.

A light arrow on a heavy powerful bow tends to whip-lash as it comes off the string and it is impossible to get accuracy with this combination. Also, the arrow must be of a length suited to the individual archer.

All shots should be taken at full draw at all times. This means pulling the arrow to full length. Length of the arrow will depend on your arms. People of identical physical size often require different arrow length.

One way to check the proper length is to put the fletched part of an arrow, or the feathered end, on your chest, as you bend back. Stretch your hands straight up and bring the tips of your fingers together in a triangle shape. The arrow should measure exactly from your chest, at the base of your neck, to your outstretched finger tips.

Arrows come in various construction: wood, fiberglass and aluminum. The latter two are best, but the wood is most economical and it is best for learning.

A leather arm guard and a finger guard also are necessary, to protect vulnerable parts while you are shooting. Any sporting goods dealer can fill you in on the various other equipment needed.

Just remember that the bow and the arrow are the most important. They must be suited to you individually.

Oil News

Midwest Oil Corp. has a discovery in St. Charles Bay three miles east of Port Lavaca in Calhoun County.

The No. 1 State Tract 21 has a calculated 24 hours flowing rate of 245 barrels of 38.2 gravity pipeline oil on 12-64 inch choke with 916 pounds tubing pressure. Gas-oil ratio was 714-1.

This well was tested for only six hours due to lack of storage. Field Drilling Co. found the proposed Burgentine Lake Field sand at 7,674-83 feet. Total depth was 9,074 feet and plug-back depth is 7,695 feet.

Lamar Women's Club Honors Mrs. Gregory

The monthly meeting of the Lamar Women's Club was held June 21 at the Sea Gun Sports Inn. The meeting was called to order by the president, Mrs. Edward Hall, and the minutes read by the secretary Mrs. C. F. Hedrick.

After a brief business meeting, reports by the committee chairmen and collection of dues, the members all enjoyed a surprise pink and blue shower in honor of Mrs. Gene Gregory.

Miniature baby bottles tied to white cards with a pink ribbon were used as place cards. Members were asked to unscramble ten mixed up words, each the name of a baby food as a game with the prize being presented to the guest of honor by Mrs. L. V. Clark.

Then a stork was lowered from the ceiling, landing gracefully in front of Mrs. Gregory and carrying a golden cradle holding four miniature babies and a ribbon leading to a basket of presents.

Guests were Mrs. Morris Gregory, mother-in-law of Mrs. Gregory, and Mrs. M. L. Andrew, Guilford, Conn., mother of Mrs. Daily Heldenfels, Jr.

Members attending were: Mesdames Weldon Cabaniss, L. V. Clark, James Eller, Robert Fleming, Gene Gregory, Lonnie Goodman, G. D. It's New It's Exclusive Guaranteed Savings

To celebrate its 18th anniversary United Savings offers a new GUARANTEED SAVINGS PLAN. It's exclusive with United Savings.

The Guaranteed Savings Plan combines saving with life and disability insurance. Here's how it works:

You set for yourself a goal of accumulating a definite amount of savings in a definite time.

United Savings gives you a passbook showing a deposit of the TOTAL of your saving goal, and you agree to pay a portion of that amount monthly.

You begin to make your monthly contributions. Complete your program within the specified time and you have achieved your goal—plus dividends—every dollar you have paid in.

Meanwhile if your lifespan is terminated, the amount of your goal is immediately available to your family. If you are disabled at any time your monthly contributions will be made for you starting 30 days after the beginning of your disability.

Come into any United Savings office. Learn about this new, GUARANTEED saving plan. Open your **Guaranteed Savings Account.**

The Guaranteed Savings Plan is not intended to replace any part of your life insurance program, but is a plan which guarantees the achievement of your saving goal.

Miss Clara Cox, William McMakin Exchange Vows

Miss Clara Lee Cox, daughter of Mrs. Annie Cox of Fulton, and William Boyd McMakin, son of Mr. and Mrs. C. A. Loupe, were united in marriage Saturday afternoon at 3 p.m. at the First Baptist Church in Fulton.

Rev. U. S. Lucky officiated at the double ring ceremony, and Mrs. Lucky played the traditional wedding music.

The bride was given in marriage by her brother, Willard Cox, Jr. Maid of honor was Miss Carolyn Mayes, and C. A. Loupe served his son as best man.

Danny Cox, brother of the bride, and Alvin McMakin, brother of the groom, were ushers.

Church decorations consisted of two standing baskets of white gladioli and leather leaf.

The bride wore a white street length sheath dress and carried a tailored bouquet of feathered white carnations and white roses with lily of the valley fashioned on a white Bible. Her going away corsage consisted of the white roses from her bouquet.

The maid of honor wore a mint green dress and carried a nocey of feathered yellow carnations.

A reception was held at the church following the wedding. The table was laid with a white cut-work cloth and held an arrangement of white pom pom mums, miniature fugi mums with silver leather leaf and accents of yellow tulle.

Miss Martha Claire Johnson, cousin of the bride, was in charge of the register. Mrs. John D. Smith, sister of the bride, served the cake, and Mrs. Harold Kourt served the punch.

After a short wedding trip to Galveston and Houston, the couple will make their home in Baytown.

We Came . . . We Saw . . . We Stayed!

In fact we liked the Rockport area so much we built a brand new subdivision here for others like us. We selected a quiet wooded area west of town between Copano and Aransas bays—put in paved roads and city conveniences—added a large pool and tennis courts—and then programmed additional country club facilities for you to use when you're not on the bay fishing.

We named this exciting subdivision PENINSULA OAKS because of the many oak trees shading our homesites. We priced them low too, with prices starting at \$750, and then made them easy to buy with only \$25 down and \$15 monthly. We believe that if you COME and SEE, you just might get like us and STAY too!

Persons Should Apply For Social Security

Persons who are approaching age 65 should apply early for social security benefits to insure full protection under medicare according to H. M. Cleveland, District Manager of the Social Security Administration in Corpus Christi.

Social security health insurance, known as "medicare" consists of two parts—Hospital Insurance and Medical Insurance. Although there is no deadline for enrolling for the hospital insurance, there is a specified enrollment period for medical insurance, Cleveland explained. The period begins three months before and ends three months after the month a person reaches age 65. The Insurance begins the first day

of the month the applicant is 65 or one of the succeeding months, coverage will be delayed one to three months.

Persons who are receiving social security or railroad retirement benefits will be enrolled automatically for the hospital insurance. To enroll for the medical insurance, an applicant must sign, complete, and return a card that will be mailed to him.

Those who have never applied for social security or railroad retirement benefits must file an application to enroll for medicare, Cleveland advised. More detailed information can be obtained from the Social Security Administration, 1802 South Staples Street, Corpus Christi, Texas 78404.

JOHN KINSEY

Returning Sunday from 10 days in Chicago, I sure was glad to be back in Rockport. For those of you who are friends of my father, I'm happy to report that he got along fine with the hernia surgery and has left the hospital.

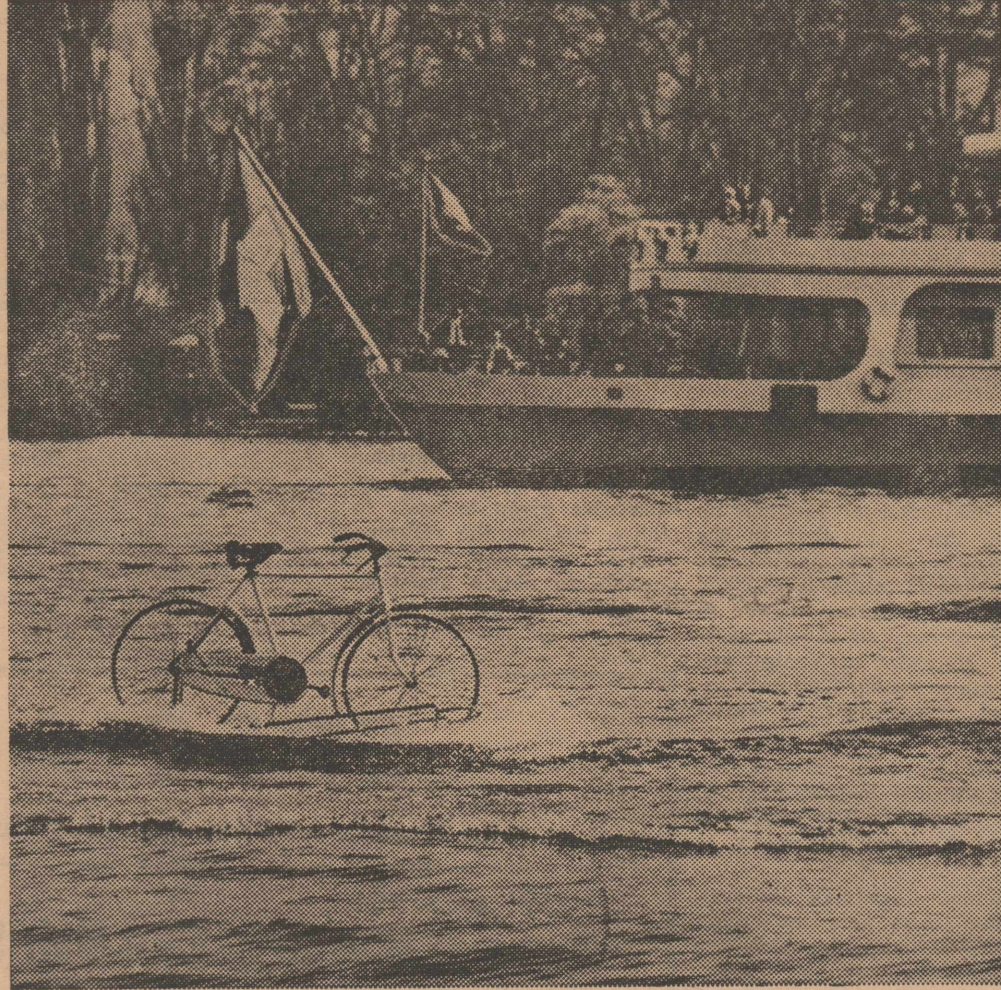

Although it was a pleasure to be with my dad, son and daughter-in-law and to see many friends, Chicago didn't hold the fascination for me that it used to.

Granted that I am getting older, I think age had less to do with my dislike of the big city than the fact that I've had a taste of the kind of enjoyable living that Rockport offers.

Traffic is even heavier in Chicago than it was six years ago when my wife and I lived there. Expressways are jammed with cars and during the "going to work" and the "going home" periods, cars inch along bumper to bumper.

And prices are unbelievable. Dad's hospital room was \$48.50 a day; it cost me \$4 to park a car in a downtown garage for ONE night; a practical nurse (not a registered nurse) got \$54 for watching over Dad two nights from 11 p.m. to 7 a.m. One night I went to a restaurant (a nice one but not really fancy and not considered high priced) and saw on the menu that hamburger steak was \$4.95. I had a sandwich.

Another thing I had almost forgotten was that in a big city like Chicago you just don't talk to people you don't know. Having acquired the Texas habit of being friendly with everyone, I slipped up a time or two and started chatting with strangers and received a stare which seemed to say,

PEDAL IT OR PADDLE IT, take your choice with this water-borne bike demonstrated at an aquatic show in Lucerne, Switzerland. The craft, mounted on skis, continues its lonely excursion after the rider fell off.

"What are you, a nut or something?"

The trip also did me good from another standpoint: it made me determined to take more advantage of Rockport's attractions such as swimming, golf and maybe even tennis.

Yes, as I say, it's great to be home.

HEALTH AND SAFETY TIPS

From

The American Medical Assn.

An often unsuspected cause of mental and physical incapacity is a series of "little strokes," says Today's Health Guide, the American Medical Association's book of health information for the American family.

A stroke occurs when the blood supply to a part of the brain is reduced or completely cut off. This can be caused by a blood clot or by hemorrhage—bleeding from an artery in the brain. When the nerve cells of a part of the brain are deprived of their blood supply, the part of the body controlled by these nerve centers cannot function normally.

"Little strokes" may start when a person is in the 30's or 40's striking silently at night or passing almost unnoticed as a sudden dizzy spell, a momentary blackout, or just a few moments of confusion. The stroke itself it not severe enough to compel the patient to seek medical aid, but some permanent brain damage remains just the same.

A formerly kind, gentle person may become highly impatient and irritable. His judgement is often impaired. A strong man may become weak and prone to tears. Suspiciousness is common. A person with a tendency to emotional instability, held in check heretofore by will power may suddenly develop a psychosis. Some become sloppy in dress and befuddled in thought, others lose a part of their moral sense. Sometimes the victim merely loses interest in his family and friends, and lives secretly, constantly hiding things that through forgetfulness he cannot later find.

When the symptoms are mild, as they often are, the person may get along fairly well. Surveys show that a sufferer of cerebral vascular disease can get along better

in the slower-going farm and small-town areas than in the faster-living city.

The problem of small strokes is one of the most difficult ever tackled by medical science. The most hopeful research approach is that of finding ways to prevent stroke. Science seeks to learn more about how to recognize early symptoms to that treatment can be instituted promptly.

HEINSOHN ATTENDING SUMMER INSTITUTE

Earl L. Heinsohn, physics teacher at Aransas County Junior High School, is one of 33 public school teachers participating in Trinity University's summer institute for high school teachers in San Antonio. The eight-week institute, supported by a grant from the National Science Foundation, will continue through Aug. 18.

MRS. LIBBY HAWES DIES

Funeral services for Mrs. Libby P. Hawes, 82, lifelong resident who died June 23 in a Corpus Christi hospital, were held Monday in Sacred Heart Catholic Church.

Burial was in Rockport Cemetery under direction of Cage-Marshall Funeral Home. The Rosary was recited Sunday at the funeral home.

Survivors include four sons, John, Donald, Jerry and David Hawes, all of Rockport; six daughters, Mrs. Lucille Russell and Mrs. Beatrice Lassiter, both of Rockport, Mrs. Margie Collins of Austin, Mrs. Beulah Thorsen of Galveston, Mrs. Helen Winklemon of Brenham, and Mrs. Velma Stokes of Falfurrias; 30 grandchildren and 39 great-grandchildren.

The family has requested that in lieu of flowers donations be made to Sacred Catholic Church of Rockport.

Palm Harbor Development To Increase

Construction has started on the second unit of Palm Harbor, a Florida-type waterfront homesite development located between Route 35 and the Intracoastal Waterway three south of here.

This unit will add 55 waterfront lots to the original development's 90 lots, it was announced by Raulie Irwin, head of the Palm Harbor Development Co.

The projected channel will open into original waterway opposite the Palm Harbor marina and adjacent to the present outlet on the Intracoastal Waterway.

As soon as ground leveling is completed, dredging will start, according to Irwin, with completion scheduled in about 60 days. It is planned to have all utility lines and streets completed in time for building construction to start late in September. The development company is planning to build a number of houses for the market in the early fall, Irwin said.

Mr. and Mrs. Randy Johnson, Atlanta, Ga., and Ricky Wheeler of Cuero were guests of Mr. and Mrs. Monte Rouquette, Jr., on Sunday. The Johnsons are vacationing before Randy reports to the Atlanta Falcons training camp in mid-July.

The Rockport Rebekah Lodge is invited to a game party at Truth Rebekah Lodge in Aransas Pass on Thursday, June 29.

Social Security Observes New Working Hours

Beginning Thursday, July 6, and each Thursday thereafter, the Social Security office, 1802 South Staples St., in Corpus Christi will remain open for business until 8:00 o'clock in the evening. H. M. Cleveland, district manager, announced the extended office hours on Thursday for the convenience of area residents who cannot take care of their social security business during the usual working hours.

The office has been open to the public each Saturday morning, but after Saturday, July 1, the office will be closed to the public all day Saturday. Under the new schedule, the office will be open from 8:30 to 4:45 p.m. Monday through Friday, except Thursday when the hours will be 8:30 to 8:00 p.m.

According to Cleveland, some people who have social security business to attend to are working or do not have transportation during the usual working hours. It is for them that the extended office hours will be maintained on Thursday.

Inquiries about social security retirement, disability, or family insurance, and medicare should be addressed to the Social Security Administration, 1802 South Staples St., Corpus Christi. Telephone TU-8-5511.

Fifty-five to Die On July 4 Weekend

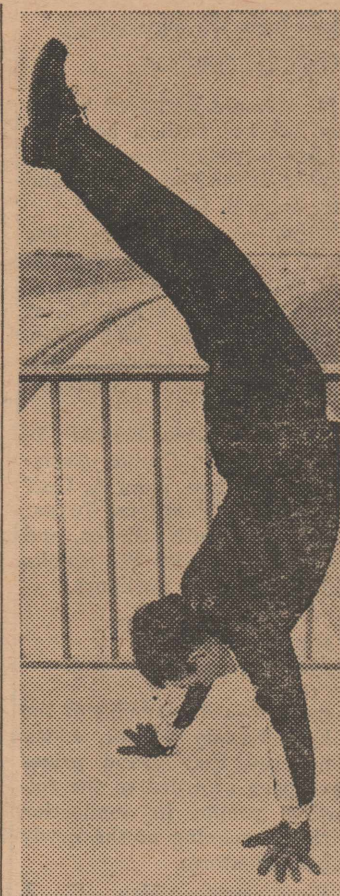

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reported today that the DPS Statistical Services estimates 55 persons will die in traffic accidents during the four-day Fourth of July holiday.

Garrison said the estimate was compiled on the basis of past experience and the present trend of traffic deaths. Deaths so far during 1967 are running about six per cent ahead of the same period for 1966.

"Operation Motorcade," a special program designed to focus attention on the added dangers of holiday travel, will be placed in effect from 6 p.m. Friday, June 30 through 11:59 p.m. Tuesday, July 4. Traffic fatalities will be tabulated by the DPS throughout the period, and the totals will be announced officially three times daily as a means of keeping safety uppermost in the minds of the motoring public.

Also, as a part of the DPS operation, additional personnel from other uniformed services will augment the regular Highway Patrol.

"Most traffic accidents are

made even more tragic by the fact that with the proper awareness they could have been avoided," Garrison stated. "Too often even the best driver may let his attention wander... and a fatal accident can be the result."

"If each driver will assume the responsibility for his actions each time he takes the wheel of a car, and if he will observe the traffic laws and rules of common courtesy on the road, the number of accidents could be materially reduced."

TEAL SHOOT IS SET FOR SEPT. 22-30

Austin-Texas will participate in a special nine-day experimental teal hunting season again this year, Sept. 22-30, according to the Texas Parks and Wildlife Department.

This will be the third statewide season conducted in order to evaluate the effects of an increased harvest on teal that normally pass through Texas prior to the opening of the waterfowl hunting season.

The hunting season will be open this year, to hunters holding a "teal hunting permit," one week later than the 1966 hunt.

The daily bag limit will be four teal with a possession limit of eight.

The number of permits will be unlimited and will be issued through Aug. 18 upon application to the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Tex. Each applicant should submit his name, complete address, and county of residence. Applications cannot be accepted after Aug. 18.

Each hunter participating in this special season will be required to have the regular Texas hunting license and Federal duck stamp, in addition to the "teal hunting permit."

The Department pointed out that the primary purposes of the experimental season are to determine if teal can stand the additional hunting pressure, to study the effects of the shoot on other ducks and to collect information concerning the hunter's ability to identify various waterfowl.

Identification of the teal will be absolutely necessary because the season on other waterfowl will be closed. Possession of other species will be considered a violation of the law.

Gene Carter who underwent surgery last week at the VA Hospital in Houston is convalescing at home. He will report back to the hospital next week.

Mr. and Mrs. Bruce Davis, Bart and Kathy of Houston are visiting this week with Mr. and Mrs. S. F. Jackson and Mr. and Mrs. Arthur Davis.

Rex and Ricky Littleton of Houston arrived Wednesday for a vacation in Fulton with their grandfather, Zeph Rouquette and other relatives.

Julie and Joy Bright, Lucille Bullman and Debbie Wood attended "Camp Pearl," the Assembly of God Youth Camp in Kerrville last week. Mr. and Mrs. Bright took the girls to and from camp.

Mrs. Violet Brundrett is visiting her sister, Mrs. Melvin Jones in Seguin this week.

Mr. and Mrs. John A. Goff and family of Pasadena, Tex., are visiting their parents, Mr. and Mrs. John B. Goff and Mr. and Mrs. Marion Johnson.

Mr. and Mrs. Wilmer Deason of Hearne visited his mother, Mrs. J. L. Deason, and C. M. Deason, Mr. and Mrs. Edric Deason and Mr. and Mrs. Tom Simmons this week.

FUN IN THE PRESS

A professor of English and the instructor of Engineering were dining together in the faculty cafeteria. During the meal the former spoke: "I had a rather peculiar answer in class today. I asked who wrote the 'Merchant of Venice' and a rather young freshman replied, 'Please, sir, it wasn't me!'"

"Ha ha ha!" laughed the Engineering instructor, "and I suppose the little rascal did it all the time."—Philnews.

ATTEND CORPUS LIBRARY MEETING

Mrs. O. W. Brymer, librarian, and Mrs. Charles Gibson, chairman of the Library Board, attended a meeting of librarians of this area at La Retama Public Library June 21.

The purpose was to examine plans for library development in this area and to further explain the reference referral program which is well on its way to becoming successful.

Tours were made to Parkdale Branch and Greenwood Branch libraries. Individual problems were discussed and assistance given in each instance. Briefly, the reference referral program makes it possible to obtain assistance in locating the answer to any problems or questions (not

relating to legal, medical or religious controversies) within a short while at no cost.

The group dined at the Petroleum Club and then convened for the final phase of the meeting. Speakers were Mrs. Phyllis S. Burson, director, Corpus Christi Libraries; Dr. Sam A. Suhler, Mrs. Kathryn Virden, Reference Referral Librarian, and Miss Sheila Winship, La Retama Librarian.

Mr. and Mrs. Herbert Mangum and daughter, Joyce of San Antonio spent the weekend here visiting relatives. Mrs. Mangum is the former Miss Iva Blackwell.

Mr. and Mrs. Joe Rhodes of Kilgore are spending the week with her mother, Mrs. Buna Suttles.

George Benningfield is in room 316 at Spohn Hospital where he underwent surgery this week.

Mr. and Mrs. Wm. W. Parker and children of Mojave, Calif., are visiting Mr. and Mrs. John B. Goff and other relatives.

Mr. and Mrs. J. H. Schleider have recently returned from McAllen where they visited Mr. and Mrs. James Duncan and Mr. and Mrs. H. H. Fitch. Mrs. Duncan is recuperating from a heart attack.

Jody Rouquette and Raulie Irwin have returned from Mineral Wells after visiting with Mr. and Mrs. Jerri Ledbetter and children. They also went to Six Flags Over Texas.

CLIFF EVERITT DIES

Cliff Everitt, Beaumont, brother of Joe Everitt passed away June 9 in Spohn Hospital after suffering a heart attack. He was visiting his brother out in Copano Village.

In the Beaumont Enterprise June 15 a tribute to Oscar C. Everitt was printed.

"Cliff Everitt wrote one of the most inspiring chapters in the history of law enforcement in Jefferson County.

"His name was rarely in the headlines. However, the impact of his life and work on those around him was singular and conducive to service of the highest order. No man could have brought greater honor to his profession.

"Scrupulously honest and fully conscious of the importance of every role in law enforcement, he sought only to do his duty in a position of public trust. Over a span of 30 years in law enforcement, he went about his work quietly, uncomplainingly and with no regard for fear or favor. Long hours on the job were a way of life.

"Cliff Everitt is a worthy model for every young Texan interested in law enforcement in any capacity. The attributes of character so common to his career are urgently needed by all persons who enter this field of labor."

VISITING HERE

T/Sgt. Frank D. Wix and Mrs. Wix, Key West, Fla., are visiting her parents, Mr. and Mrs. Marvin Davis. Sgt. Wix will leave July 10 for Osceola, Wis., and Mrs. Wix will remain in Rockport for a visit with her parents.

Others visiting in the Davis home over the weekend and Monday were Bill Wix, Freeport; Mrs. Charline Kelly, Cheryl, Steirly and Michael, Corpus Christi; Jeri and Sheri Davis, Aransas Pass; Mr. and Mrs. Roy Allen Davis and children of Point Comfort.

EZEQUIEL LOPEZ, JR. IS HOME ON LEAVE

Ezequiel Lopez, Jr., son of Mr. and Mrs. Ezequiel Lopez, Sr., Highway 35 North, Fulton, is home on leave after completing ten months of naval training in San Diego and Long Beach, Calif., aboard the communication flagship U.S.S. Mt. McKinley.

Zeke, Jr. will be assigned to the U.S. Mt. McKinley for the duration of his service in the Navy and will leave July 1 for the Western Pacific.

NATURE TAG PLUGGED BY PARK STORM

Goose Island State Park, 10 miles east of here just off Highway 35, has its own distinctive way of maintaining title as the original "nature-in-the-raw" installation in the Texas Parks and Wildlife Department system.

The latest booster was a water spout or toy tornado that danced in from the gulf on a quiet, mid-week afternoon when virtually none but its vaunted birdlife was present.

Actually, according to Park Manager Bill Williams, also absent during the tempest, the only fatality was a robin that nested in the one-water front shelter flattened by the wind and scattered around.

So it also was back in September, 1961, when the primitive premises were completely abandoned, that Hurricane Carla battered the recreational outpost.

This time the 1967 damage was much less but the wind did take a toll of roofing shingles on the sparsely improved bay front and uproot a few of the famed slanted oaks back in the main camping area.

Again, the stately "Big Tree," barely tested its 32 foot, 8 inch girth. This, one of the world's largest live oak trees, again endured the sort of tantrums nature has been hurling at it for centuries.

Goose Island State Park, the state's only developed state park along the coast, appeals to a special breed, observed Manager Williams. There's no patio with music, no man-made entertainment gimmicks, no formalities.

It's just a popular place for recreationalists to swim, fish, observe countless birds, enjoy the sea breezes and the restful shade under tantalizing oaks all leaning the same way from prevailing wind influence.

Williams suggested some of the beach combers may wonder about storm-tossed trinkets now mingling with sea shells, but he is grateful the squall was postponed beyond the Eastern weekend.

Then he had so many guests that Austin headquarters staticians were certain there had been a typographical error. Williams' actual count for that month was 61,273, or some 30 times greater than 1966 with, of course, Eastertime bulging figures out of all proportion.

Salmon and trout in rivers of Ireland and England are being killed by an unidentified disease.

PARKS LURE BIG CROWDS STATE WIDE

Austin—A continued upward state parks attendance trend is reflected in the monthly report by the Texas Parks and Wildlife Department.

There was statistical slippage but some parks held their comparative patronage edge over last year although the big Easter surge had occurred the preceding month.

The standby favorites included parks like the giant new installation in East Texas near Jasper known officially as Martin B. Dies, Jr., but originally designated as plain Dam B State Park.

There the monthly count went from 92,000 in March, that included the Easter weekend, to 116,540 in April. It was the second successive month this park exceeded the 100,000 gate mark.

In that same general area, Tyler State Park got back into the drawing category after restoring its small but favored pine-studded, water sports lake. The lake was slow to regain a substantial level after a dam break three years ago.

The Tyler count was 31,264 last month compared with 16,265 for the same period last year.

Good fishing could have stimulated attendance at places like Inks Lake State Park, up to 52,566 from 31,763 last year; Fort Parker State Park up to 23,718 from 16,446 in 1966; Lake Whitney State Park up to 26,209 this year from 7,779 in April; Lake Brownwood State Park up to 14,488 from 6,199 last year; Possum Kingdom up to 12,652 from 3,241; and picturesque little Blanco Park, up to 17,990 from 6,385 in April, 1966.

But it wasn't necessarily fishing that zoomed Goose Island State Park on the Texas Gulf from 5,781 to 53,918 in April, 1967. And it certainly wasn't the reason Bastrop State Park spurted from 20,442 last year to 32,438, nor wasn't the momentum behind Washington on the Brazos historic park climbing spectacularly from 5,751 in April, 1966 to 31,365 in April, 1967.

J. HOLLIS DOTY DIES

Funeral services for J. Hollis Doty 63, who died June 21, were at 3 p.m. Friday, June 23, at Robstown Funeral Chapel in Robstown.

Burial was at 5 p.m. in Rockport Cemetery at Rockport.

A member of a well-known Nueces County family, Doty was county attorney here some years ago.

He was born at Alice and lived many years in Robstown before moving here. He served 17 years in the Air Force and was a veteran of World War II.

Doty was the brother of Preston and Roy Doughty, officers of Citizens Standard Life Insurance Co., and James Doughty, all of Corpus Christi.

Also surviving are a daughter, Mrs. David Hites of Idaho; two sons, James Hollis Doughty of Gladewater and Rogers Doughty of Houston; a sister Mrs. Nelson Krause of El Paso, four brothers, Bill Doughty of Mena, Ark., Aubrey Doughty of Los Angeles, Calif., Dick Doughty of Houston and Clifton Doughty of Huntsville, and nine grandchildren.

Letters to the Editor

Dear Mr. Kinsey:

I'm one of those fortunate people who retired in the Rockport area, and what a fine choice I made for all of six years until "invited" to return to the Department of Defense to take up where I left off these many years ago.

Now, since the six months I've been here I've had to answer just a few thousand questions regarding: How did I like retirement and where is a good place to do it?

My answer as to "how" is simple but "where" is something else. Suffice to say, I'm somewhat torn between two lines of answers: (1) to tell them anywhere BUT Rockport and keep it, selfishly I admit, small, provincial and full of "mossbacks."

The second answer is to tell them the truth, i.e., it's got everything you could want for, now and in the future—a place to live in comfort, progressive, a great future, uncontested best fishing area, and the same for boating, etc., etc.

So, Mr. Kinsey, now I need help to explain some of these things. Therefore, having read in the Pilot recently that you have a new brochure for distribution, please send a few to the undersigned if not too inconvenient.

I'll re-retire one of these days again and buy you a drink. That's my I.O.U.

Donald M. Davis, Lt. Col., USAF (Ret.)
Formerly of Copano Ridge
Now 2400 S. Globe Rd.
Arlington, Va., 22206

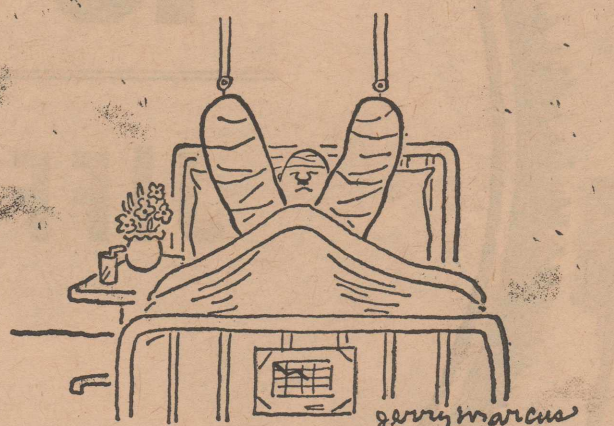

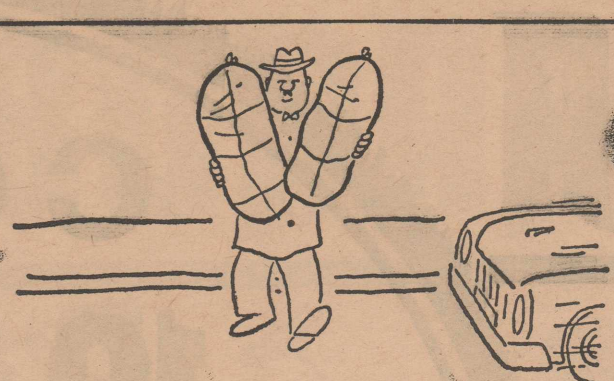

The Chamber of Commerce sent Colonel Davis a thank you letter, 12 copies of the brochure and offer to send more if he wanted them.

SPENDING SUMMER WITH GRANDPARENTS

Miss Linda Freeman, Littleton, Colo., arrived Saturday to spend the summer with her grandparents, Mr. and Mrs. Austin Smith. Mr. and Mrs. Gene Smith and girls of Houston brought Miss Freeman from Houston. Mrs. Smith and children remained in Rockport for a visit.
