YOUR RESPONSE TO EVERY BOND DRIVE IS VERY SATISFACTORY. . .

—But, it is just as essential to pay our monthly quota as it is to pay the bond drive quotas!

Abernathy Quota for February — \$13,098.80

—Now, do not overlook the fact that both the bond drives and the monthly quotas are equally important. We have many faithful buyers who have bought every month from the beginning of the war. This is in addition to being among the best of the buyers in the drives. But, we find that a great many people do not even know we have a monthly quota to raise.

Carl Shipman a few days ago and had a long visit with him. It was the first time I had seen him since we left Broet, France, so you see it was quite a reunion for us . . . Say, Buford, come over some time and we will go Tiger hunting. Just kidding, but we did have some of the Kraut's Tiger tanks a few days ago. One of the boys here says the gun on the thing is a city block long, ha. And, when you look at that thing and then at your own little ole rifle you wonder just what you are going to do about it. But, it didn't take long for our tank destroyers and bazookas to take care of them. I'd better say so long for this time. I hope you can read this. I'll say thanks again for the paper. We sure do appreciate it. Keep up the good work. Cpl. Cyril B. Webb.

Alaska, Feb. 6, 1945.
Dear Friend Buford: I received the Jan. 18th Review and believe me I was very glad to get it. Thanks a lot for sending it to me. I noticed the little write-up you gave me, and it makes me think of all the happy days I spent in Abernathy . . . Well, this little note leaves me fine and dandy. We are having a little snow here now, but as I have a good warm

place to work, this army isn't so bad, considering all the other fellows who are on the front lines winning the war for us . . . I have two brothers in the Pacific and two brothers in Europe, therefore I consider myself luckier than lots of fellows. Well, so much for all this gab, and I will remain a friend, sincerely, Pte. Roy. N. Moore.

Dear Buford: Just a line to let you know that I am now receiving the paper, sure was glad to get it, seems like a part of home to read all about Abernathy, even tho it is so far away. When I got it, I showed it to the boys in my compartment who were from Texas and they were really proud to see something from Texas. Well, I'll tell you what I think of Sheepshead Bay Maritime Station: It is a very clean place, all of the boys are proud of that. Gets pretty cool up here, tho. Have got a lot of privileges that other service men don't have, and sometimes it is really nice. I have had two week-end liberties and I tried to look New York over. It isn't as pretty as I expected—I would prefer Lubbock to it any day . . . My address was slightly wrong, but it didn't slow my mail any, don't guess it makes much difference, but I'll give it to you straight—it is: Ray D. Rice, 4514 - 01156, Comp't. J-37, Barracks B-7, USMSTS, Brooklyn, N. Y. . . Guess
