Don't Care About Cost; Health, Safety Concerned

By BOB HAMILTON, ENTERPRISE NEWS EDITOR

The people of Olton want a trash disposal system. Olton is growing—and the people want to get out of the small-town situation and into one comparable to other towns of similar size, with reasonably sanitary trash disposal facilities.

An interview this week with seven local people disclosed these facts. The people were selected for interview at random.

Three weeks ago a salesman from the Dempster Dumpster System, a company that manufactures trash disposal units, offered a suggestion to remedy Olton's situation. It was a sales pitch, but it started the people to thinking and talking.

Since that time, this reporter has interviewed residents of various occupations. They, in general, do not care what kind of system is set up here—they just want a better system than the city has now.

Olton has operated since its infancy on a do-it-yourself basis, as far as trash disposal is concerned. The people provide their own containers, and likewise provide for hauling to the dump grounds. They burn their trash in containers in the alleys.

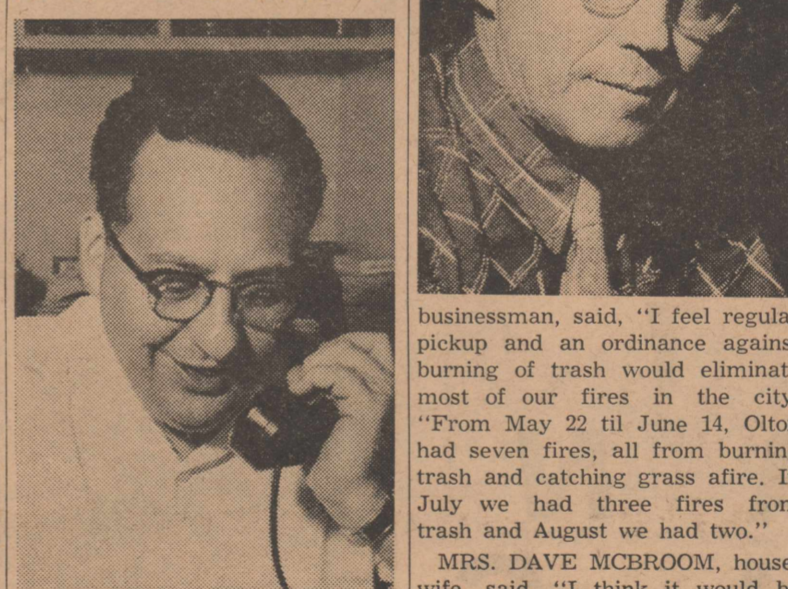

According to the seven people interviewed—they are ready for an orderly change. They want regular collections of trash, both residential and business, and they are willing to pay for the service.

The seven interviewed included two businessmen, two housewives, a doctor, a fireman and a Chamber of Commerce representative.

Sanitation and fear of fire seemed to be the chief concern of the seven, as well as appearance of the community.

But, rather than present the views of the people in general, here is what they said individually:

DR. BEN SOUDERS, City Health Officer, said, "As far as I'm concerned, any good system is what we want. We need to get rid of the trash before it becomes

businessman, said, "I feel regular pickup and an ordinance against burning of trash would eliminate most of our fires in the city. From May 22 til June 14, Olton had seven fires, all from burning trash and catching grass afire. In July we had three fires from trash and August we had two."

MRS. DAVE MCBROOM, housewife, said, "I think it would be a good thing. I've been paying \$1.50 a month in Friona where I've been living to have my trash picked up. We had three pickups a week there.

"Everytime you hang your clothes out on the line here, someone down the alley is burning

trash—and that's no good. If a person had a pickup to haul it away, it'd be alright. If they're regular on their pickups, I'll go for a system and be glad to pay for it. It's got to be regular though, or it will cause a lot of flies and mosquitoes."

MRS. JOHN LEWIS, housewife, sixth grade teacher and wife of the First Baptist Church pastor, said, "We are very much in favor of some sort of a system. We've always lived in a town where they had a system. When we moved here we waited and

waited for the trash to be picked up until someone told us we had to hire someone to do it for us. "I think it would be a step forward for our city.

"Down at Seymour, where we once lived, we had to pay \$2 a month for twice weekly pickups. I think the people would really enjoy one (system) if they ever had a system in operation. With that type of thing we never had to worry about a barrel overflowing. Space was always available."

BILL KELLEY, men's clothing store owner-operator, said, "I think we're way behind on our trash disposal system. We need to do something to keep from burning in open barrels and receptacles. I'm in favor of some sort of an organized disposal system.

"I think we should have some system to pick up at least two times a week in residential districts and several times a week in business district.

"I'd be willing to pay more than I am for that type of service in the town. That (Demp-

ster Dumpster) is good if the town is large enough. Now, if that is so or not, I don't know."

DON WILLIAMS, businessman and president of Olton Chamber of Commerce and Agriculture, said, "I'm for a system, very much. This Dempster thing sounds like what we need. The town is growing.

"I think the health reason would be the number one thing we should consider. If you've got the garbage controlled, it would be a major factor for health."

"It would be very attractive to prospective businesses to see that the town is taking care of things like that, and not letting it run down. It would show them we are building toward a more modern community."

"I think the health reason would be the number one thing we should consider. If you've got the garbage controlled, it would be a major factor for health."

Lubbock Man Dominates Pony Show Grand Titles

Olton's Entries Hold Their Own

Coleman Cowan swept both Grand Champion titles Saturday at the Olton Shetland Pony Club show.

Olton entries held their own, taking the majority of trophies and ribbons. Marlana May, daughter of Archie May of Olton, won Reserve Grand Champion Mare with "Ginger."

A total of 68 entries crowded into 10 judging classes.

Cowan, a Lubbock shetland raiser, won Grand Champion Stallion with "Red Ryder Royal D", and Grand Champion Mare with "Flame".

Reserve Grand Champion Stallion title was won by a Spade raiser, L. A. Smith, with "King".

Charles Casebolt of Lubbock was first place in the Rider Under Saddle Class, for children under 12 years of age, aboard "Banner". Gary Dickenson of Olton was second on "Tootsie".

They were followed by Robert Saunders, Anton, on "Sandy"; Frances Ann Dodson, Olton, on "Pretty Buck"; and Marlos May, Olton, on "Susy".

May Wins First

In the colts foaled in 1958 class, Archie May's "Red Bud" took first. Second place went to "Buddy", owned by the Sundown Pony Farm. Third place was won by Detlif Cole of Amherst with "Tony Jr."; fourth to L. A. Smith, Spade, with "Peter Pan"; fifth to Murray Machen, Olton, with "Muggs"; and eighth to W. B. Dickenson, Olton, with "Frosty".

"Red River Royal D" was first place winner in the One and Two Year Old Stallions class, followed by "King", owned by L. A. Smith of Spade, and "Fiddlesticks", Marlana May, Olton.

Keeton Saunders' "Chief", from Anton, won first in Aged Grade Stallions. Second was taken by "So-High", owned by Butch Green of Muleshoe. Third place went to V. L. Smith, Olton, with "Tony".

In Aged Registered Stallions, Cowan's "Supreme Taffy of Royal Crescent" was first; Archie May's "Tex My Dandy" was second; L. A. Smith of Spade won third with "Gravers Beauty"; and Murray Machen of Olton took fifth with "Showplace".

"Pretty Buck", owned by Frances Ann Dodson of Olton, took first place in the Geldings class. Second went to Kent Phillips, to Donna Smith, Spade, with "Peanuts"; and sixth to Donnie Black of Olton, with "Smokey".

In Filley Colts Foal in 1958, first place went to Phil Saunders, Anton, with "Dollie". L. A. Smith of Spade took second with "Rosie", and Archie May's "MM's Sugar Snips Sunshine" took third.

Marlos May, Olton, won fourth with "Suzie Q"; fifth, Dale DeBerry, Olton, with "Rosetta"; Benny Akin, Olton; seventh, Archie

May, "Lady Girl"; and eighth, Deena DeBerry, Olton, "Q Pie". "Flame" was first in One and Two Year Old Fillies; Helen Smith, Spade, won second with "Texas"; third by Murray Machen "Honeycomb"; and sixth by Laura Akin, Olton, "Duchess".

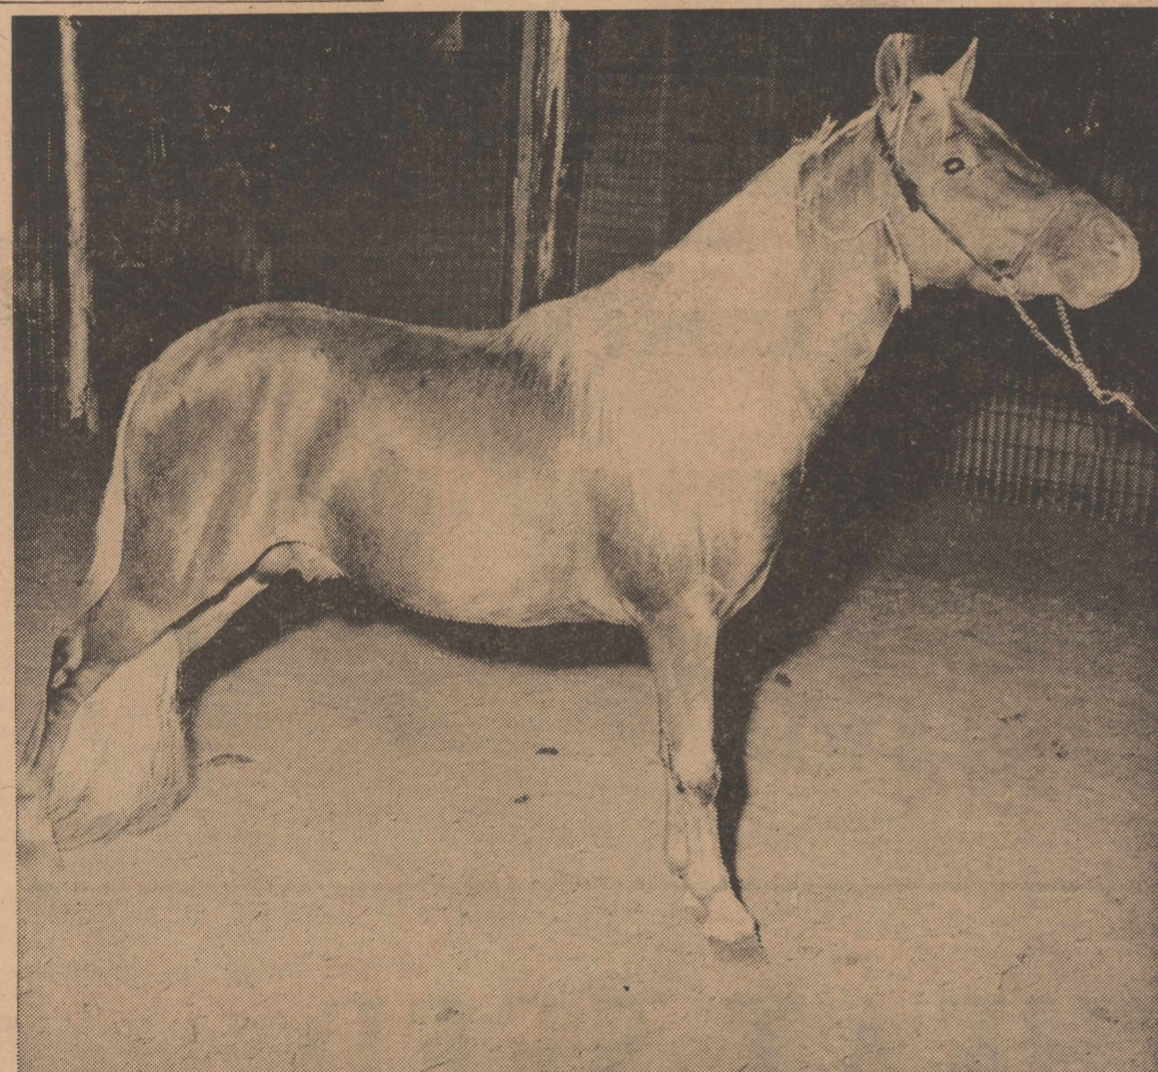

Marlana May's "Ginger" took first in Aged Mares Under 42 inches. Archie May followed with "Red Lady"; W. B. Dickenson, Jr., third, "Metzie"; and Charles Giles fourth, with "So-So".

Dale Rogers, Amherst, took first place in Aged Mares over 42 inches and under 46 inches with "Dolly". He was followed with "Kate", owned by Karen and Tom Lewis of Olton. Third went to Phil Saunders' "Suzie"; fifth to Murray Machen's "Dollie"; and sixth to Gary Dickenson's "Tootsie".

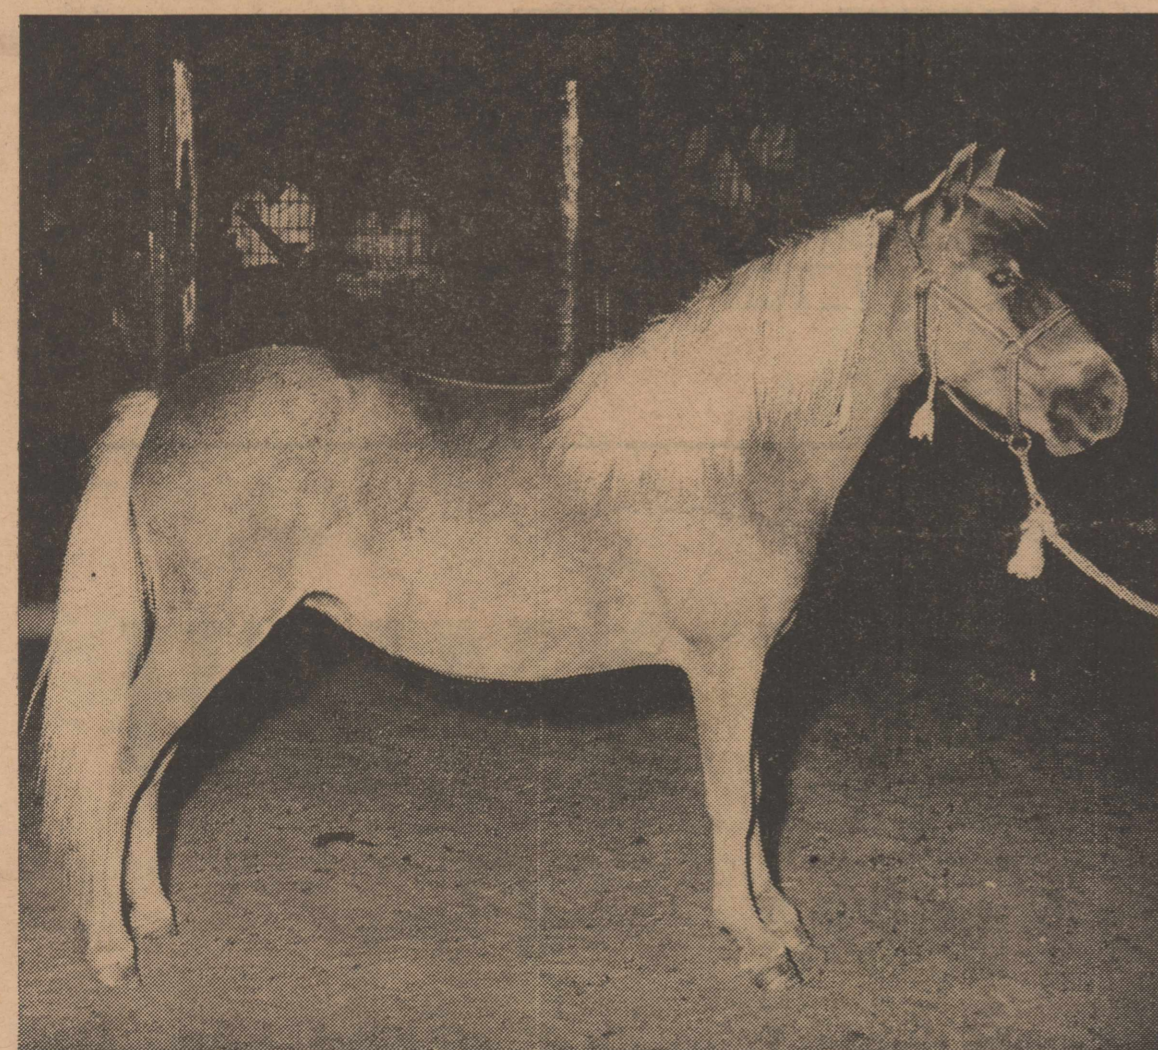

Only two entries were judged in the Aged Registered Mares class. L. A. Smith, Spade, took first with "Joyland Rusty", and Archie May's "Showtime" won second.

Judging of the event was done by Wayne Graves of Lamesa. He said that although the general overall quality of the entries might not be as good as that found in shows in other parts of the country, many of the winners were excellent, and could win prizes anywhere they were entered.

Approximately 150 spectators watched as judging was held in the FFA Barn. The next pony show is not scheduled until the same month next year.

Homecoming To Feature Parade, Football Game

One of the largest parades in Olton's history is expected to be unfurled when Olton High School holds Homecoming Oct. 3.

Three divisions will be judged; business, school organizations and civic clubs. Trophies will be awarded to first place winners in each division. No entry fee will be charged.

First place winner floats will be shown during halftime of the football game. Olton plays Hereford that night.

The parade will commence at 5:30 PM.

Those wishing to enter the Student Council promotion should turn in entries to Linda Clark, chairman.

The Student Council has issued a request that all Exes attend the pep rally at High School, after which they will be served coffee in the home economics cottage.

Exes will register throughout the day at the school.

Boy Injured In Air Rifle Mishap

A Olton youth narrowly missed losing his eye Saturday afternoon in a BB gun accident.

Gail Bizzell, 10, son of Mr. and Mrs. Gerald Bizzell, was injured by flying fragments of his glasses when they were shattered by a pellet from an air rifle.

The incident occurred in the Brazzell back yard about 5 PM. The rifle was fired accidentally by Gail's older brother Gary, 14. Ben Souders, Jr., was with the brothers.

Gail's attending physician stated Monday the eye had received slight lacerations above the cornea. The injury is not believed to be permanent.

Definitions Of Golfing Rules Are Listed

(Editor's Note: This is one of a series of articles on rules of golfing. They pertain not only to the local golf course, but to all courses over the nation, where local rules do not conflict. The following article is a continuation of Definitions.)

HONOR—The side which is entitled to play first from the teeing ground is said to have the "honor".

LOOSE IMPEDIMENTS — The

term "loose impediments" denotes natural objects not fixed or growing and not adhering to the ball, and includes stones not solidly embedded, leaves, twigs, branches and the like, dung, worms, and insects and casts or heaps made by them.

MARKER—A "marker" is a scorer in stroke play who is appointed by the Committee to record a competitor's score. He may be a fellow-competitor. He is not a referee.

A marker should not lift the ball or mark its position and, unless he is a fellow-competitor, should not attend the flagstick or stand at the hole or mark its position.

OBSERVER—An "observer" is

appointed by the Committee to assist a referee to decide questions of fact and to report to him any breach of a Rule or Local Rule. An observer should not attend the flagstick, stand at or mark the position of the hole, of lift the ball or mark its position.

OBSTRUCTIONS—An "obstruction" is anything artificial, whether erected, placed or left on the course.

When walls, fences, stakes, railings or similar objects define out of bounds, they are not obstructions, nor are artificially constructed roads and paths anywhere.

OUT OF BOUNDS—"Out of bounds" is fixed by stakes or a fence, the out of bounds line is determined by the nearest inside points of the stakes or fence posts at ground level; the line extends upwards. When out of bounds is fixed by a line on the ground, the line itself is out of bounds.

A ball is out of bounds when all of it lies out of bounds.

OUTSIDE AGENCY—An "outside agency" is any agency not part of the match or, in stroke play, not part of a competitor's side, and includes a referee, a marker, an observer, or a forecaddie employed by the Committee.

PARTNER—A "partner" is a player associated with another player on the same side.

In a threesome, foursome or a four-ball where the context so admits, the word "player" shall be held to include his partner.

PENALTY STROKE—A "penalty stroke" is one added to the score of a side under certain Rules. It does not affect the order of play.

PUTTING GREEN—The "putting green" is all ground of the hole being played which is specially prepared for putting or otherwise defined as such by the Committee.

REFEREE—A "referee" is a person who has been appointed by the Committee to accompany players to decide questions of fact and of golf law. He shall act on any breach of Rule or Local Rule which he may observe or which may be reported to him by an observer.

In stroke play the Committee may limit a referee's duties.

A referee should not attend the flagstick, stand at or mark the position of the hole, or lift the ball or mark its position.

RUB OF THE GREEN—A "rub

of the green" occurs when a ball in motion is stopped or deflected by any outside agency.

SIDES AND MATCHES—Side: A player, or two or more players who are partners.

Single: A match in which one plays against another.

Foursome: A match in which two play against two, and each side plays one ball.

Three-Ball: A match in which three play against one another, each playing his own ball.

Best-Ball: A match in which one plays against the better ball of two or the best ball of three players.

Four-Ball: A match in which two play their better ball against the better ball of two other players.

NOTE: In a best-ball or four-ball match, if a partner be absent for reasons satisfactory to the Committee, the remaining member (s) of his side may represent the side.

STIPULATED ROUND—This term consists of playing eighteen holes of the course in their correct sequence, unless otherwise authorized by the Committee.

STROKE—A "stroke" is the forward movement of the club made with the intention of fairly striking at and moving the ball.

TEeing—In "teeing", the ball may be placed on the ground or on sand or other substance in order to rise it off the ground.

TEeing GROUND—The "teeing ground" is the starting place for the hole to be played. The front is indicated by two marks, and the teeing ground is the rectangular space two club-lengths in depth directly behind the line indicated by the two marks.

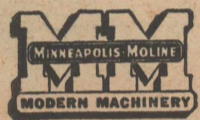

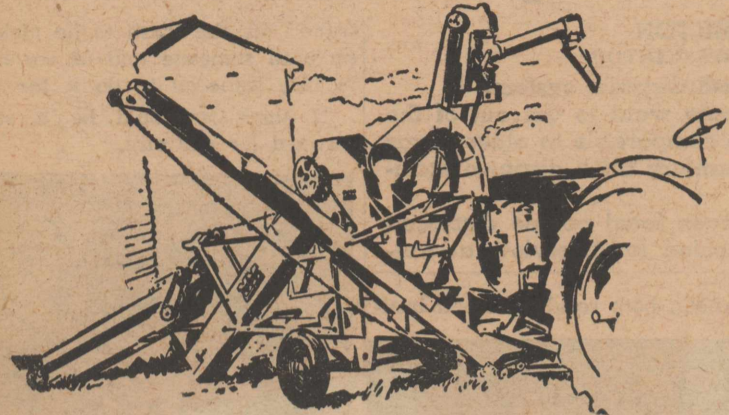

TERMS USED IN RECKONING—The reckoning of holes is kept by the terms: —so many "holes up" or "all square," and so many "to play".

A side is "dormie" when it is as many holes up as there are holes remaining to be played.

THROUGH THE GREEN—This is the whole area of the course except—

- Teeing ground and putting green of the hole being played;
- All hazards on the course.

Castro County Man Reports—

100 pounds of ammonia made 51-bushel wheat

Dan J. Heard, a successful Dimmitt, Tex., farmer, says: "I put down 100 pounds per acre of Phillips 66 Agricultural Ammonia pre-plant on my irrigated wheat and made 51 bushels per acre average on 108 acres. I'm sold on the dollars-and-cents value of applying Phillips 66 ammonia to my wheat land."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields . . . and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

THIS WEEK AT JUNIOR HIGH

Where Can We Go? What Can We Do?

By—Sue Mitchell, Phyllis Hair, and Sylvia Nicholas

One day a short, and somewhat terse, piece of writing from The Seattle Post-Intelligencer was read on a disc jockey show.

Lots of parents have wanted copies of the piece, as well they might. Here it is:

"Always we hear the plaintive cry of the teen-agers:

"What can we do? Where can we go?"

"I can make some suggestions. GO HOME!"

"Hang the storm windows. Paint the woodwork. Rake the leaves. Mow the lawn. Shovel the walk. Wash the car. Learn to cook. Scrub some floors. Repair the sink. Build a boat. Get a job."

"Help the minister, the Red Cross, and the Salvation Army. Visit the sick. Assist the poor. Study your lessons. And when you are through and not too tired—read a book."

"Your parents do not owe you entertainment."

"Your village does not owe you recreational facilities."

"The world does NOT owe you a living."

"You owe the world something. You owe it your time and energy and your talents so that no one will be at war or in poverty, or sick, or lonely again."

"In plain simple words: 'GROW UP'; quit being a cry baby; get out of your dream world; develop a backbone not a wishbone; and start acting like a man or a lady."

"I'm a parent. I'm tired of nursing, protecting, helping, appealing, begging, excusing, tolerating, denying myself needed comforts for your every whim and fancy, just because your selfish dominates your personality, and thinking and requests!"

Eighth Graders Hold Election

The Eighth Grade class members, under the sponsorship of Mrs. John Campbell and Mr. Travis Rector, elected class officers and room mothers this past Friday.

Officers are as follows: Barry Prestridge, president; Charlie T. Nicholas, secretary; Tanya Bryant, treasurer; and Wandra Traylor, reporter.

Room mothers selected were Mesdames Clovis Potet, Tommie Lee Witten, Paul Burrus, Leo Ross Bryant, Bill Langford and Barton Prestridge.

Girls Basketball Starts in Jr. Hi

Girls from the seventh and eighth grades have started basketball practice under the direction of a new coach, Clifford Curry.

Hopefuls for the eighth grade team worked out this past Saturday afternoon for three hours with their coach.

EDITORIAL

This is the first year that we have had our Junior High. We are trying now to make it a good year, because we are proud to be members of this school. As we are to be the first class to leave Olton Junior High, we want to make a good impression.

We are striving to become good citizens as well as good students. We feel this is a great opportunity for us to succeed or fail.

There's nothing so sad as the sadness that comes when we think of the chances we've lost—the big opportunities we've let slide and discovered too late, to our own costs. Yes, it's useless to think of the things that we've missed; there is only one thing left to do—make the most of each moment and take what it gives—disappointment and happiness, too.

7-A Business Meeting Held

Carolyn Carson was chosen president of room 7-A this past week. Mrs. B. C. Cooner is the class sponsor.

Selected to serve under Carolyn were Gaines Stanley, vice-president; and Billy Carson, secretary and treasurer.

Vicki Ogletree was elected class monitor and members of the Class Council are Rusty Sherman, chairman, Barbara Fancher, and Diane Smith.

Librarians are Marilyn Thomas and Margaret Schaefer. Billy Cox is the room's inspector.

Sergeants-of-Arms are George Jones and Tommie Lou Covington.

The class selected Mrs. Owen Jones and Mrs. Basil Sherman for room mothers.

Pep Rally Held Prior To Game

By—Ilona Tanner

Excitement rose in the gymnasium this past Tuesday afternoon when the Olton Junior High held its first pep rally of the season prior to the games with Muleshoe Tuesday night.

Leading yells were head cheerleader, Tommie Witten, and leaders Sammie Clark, Wanda Traylor, Cheryl Potet, and Barbara Fancher.

Speakers showing the spirit and enthusiasm of the boys and the school were co-captains, Charlie T. Burrus and George Jones, and the principal, Mr. Robert Fisher.

Robert Fisher Heads Junior High School

By—Bobbie Lynn Tollett

Mr. Robert Fisher has taught at the Olton Schools for a number of years. He teaches eighth grade math and physical education in the sixth grade.

This year we found out he was to be our Junior High Principal. We were not sure of what he would be like. When September first rolled around we found him the most enjoyable and understanding principal we've ever had.

A few days ago our bell, that sounds for us to change classes, broke. So Mr. Fisher brought an extremely large whistle. Sometimes he lets us blow it. Everytime the shrill sound is heard, everyone jumps up, gathers their books and hurries to another class.

Our Principal always has a smile or a few friendly words for everyone he meets.

He has made us feel just as big as the high school.

The students of Olton Junior High think we should make him feel as proud of us as we are of him.

We think we are the luckiest Junior High students in the World.

Clifford Curry Joins Faculty

Clifford Curry is the only new faculty member of the newly designed Olton Junior High School. Mr. Curry is teaching sixth grade history, and coaching the seventh and eighth grade girls' physical education program.

Robert Fisher is the principal of the school, but still functions as the eighth grade mathematics instructor.

Other eighth grade teachers are Mrs. Linnie Campbell, English; and Mr. Travis Rector, spelling, reading, history, and boys' physical education.

Mrs. Cooner instructs eighth grade girls in spelling and reading while Mr. Rector teaches the boys.

Mrs. Raiford Daniel is the seventh grade instructor in social studies, spelling, and reading, and Mrs. Cooner instructs the same grade in mathematics.

Sixth grade teachers are Mrs. John Lewis, English and reading; Mrs. Jewell Campbell, mathematics; and Mrs. Robert Fisher, health and spelling.

Social Security Changes Made Many Will Receive First Check

The Social Security Amendments of 1958 will provide increased monthly payments to about 795 people in Lamb County, beginning with the checks which are due early in February 1959, according to John G. Hutton, social security district manager in Lubbock. The amount of the increase will be about seven per cent, with slight variations.

People who are already getting social security payments do not need to apply for the increase. It will be automatically added to the checks for January, which will be mailed out early in February.

Under other changes made by the new law, social security benefits will become payable to a number of people not previously eligible for payments. They must, however, apply to their social security offices before payments can start. Among the groups now eligible because of the amendments are:

Dependents of people who are 50 or over who are now getting disability insurance benefits (children under 18 or disabled; a wife of any age who has a child in her care who is entitled to benefits; a wife 62 or over; or a dependent husband 65 or over).

Disabled people 50 or over who could not qualify for benefits under the old law because they did not have as much as 1 1/2 years of work in the three years before they were disabled. (A total of at least five years of

work under the law is still required.)

Dependent parents whose son or daughter died after 1939 and who could not qualify for benefits under the old law because the son or daughter left a widow, widower, or child.

Adopted children under age 18 whose adopting parent began receiving retirement benefits less than three years after the adoption. (In many cases this provision will also make possible payments to the mother of the adopted child.)

A person receiving benefits who marries another person also receiving benefits can continue to receive monthly checks, or can become eligible as a dependent of the new husband or wife without waiting three years.

Some people in situations similar to those mentioned above may have applied for benefits in the past and been notified that they did not qualify for payments. These people should get in touch with their social security district

offices promptly about filing new applications, Mr. Hutton noted.

Disabled Workers

Disabled workers whose social security disability benefits were reduced or were not payable because they received workmen's compensation or other Federal disability payments. (These people do not have to file applications. Their social security checks will be started automatically with checks mailed out early in September.)

Under the amendments it is easier for certain employees of non-profit organizations and State and local governments to be brought under the law.

There is a slight change in the rules on how much a social security beneficiary may earn and still get social security benefit payments. Under a new provision a person's social security benefit will not be withheld for any month in which he neither worked in his own business nor earned over \$100 in wages.

Beginning January 1, 1959, the social security tax rate for employees and employers will be 2 1/2 percent each. The rate for self-employed people will be 3 1/2 percent, to increase every three years until they reach 4 1/2 percent for employees and employers and 6 1/2 percent for self-employed people in 1969.

Starting with 1959 the first \$4800 of earnings in a year will be taxed for social security and

will count toward social security benefits.

The Lubbock social security district office is located at 2878-34th Street. It is open from Monday through Friday, from 8:30 AM to 5:00 PM. Mr. Hutton emphasized that it is not necessary for people receiving monthly payments to apply for the automatic increase. It will be added to the January checks, which will be delivered on schedule early in February.

"Inquires about the automatic increase will slow down our effort to start payments promptly to the people who can now get payments for the first time," he said.

A representative of the Lubbock Social Security Office will be in Olton on October 8, at 9:30 AM, at the Post Office to assist in all matters pertaining to Social Security.

FLOWER SHOW AT SPRINGLAKE

The theme "Autumn Harvest" will be featured at the Springlake Garden Club flower show Saturday afternoon.

Admission to the annual event is free and all area residents are urged to enter their flowers by show chairman Mrs. C. O. Bibby.

Only one entry in each class may be made by an exhibitor. Entries will be received between 10 and 11:30 a. m. Judging will be held 1 to 2 p. m. Public showing between 2:30 and 6:30 p. m.

Arrangements must be made by the exhibitor. Flowers, fruits and vegetables used in arrangements need not be grown by the exhibitor, however, Mrs. Bibby said. All horticulture specimens must be grown by the exhibitor, and each specimen exhibited in coke bottle.

All persons except flower show chairmen, clerks and the judges shall be excluded from the show while judging is taking place.

Potted plants must be in exhibitors possession at least three months. All entries will be judged by scale of points in the National Judging Book. Exhibitors must conform to schedules and rules.

Awards of ribbons will be given in: tri-color award for best arrangement; sweepstakes award, a prize; first place, blue ribbon; second place, red ribbon; third place, yellow ribbon; and honorable mention, white ribbon.

Exhibits will be divided in three divisions, arrangement, horticulture and house plants.

There will be seven classes in

the arrangement division; flower in harvest; fruits harvest; vegetable in harvest; miniature arrangement; Christmas arrangement; anything goes; junior division.

In the horticulture division, 12 classes will be judged: roses, asters, cannas, cockscomb, cosmos, marigold, mums, petunias, phlox, zinnia, dahlia, shrubs and anything else not listed. The house plant division will include blooming, foliage and vine. Chairman for the event are: Mrs. Bibby; schedule, Mrs. Edna McClure; staging, Mrs. Wayne Davis; judges, Mrs. Kenneth Boone, Mrs. Ralph Rudd; entries, Mrs. Ashley Davis; and hospitality, Mrs. W. T. Clayton.

Lion Broom Sale Is Successful

James Hall, Lions Club president said the broom sale held last week went over well.

Hall said they had a "Good sale. Everyone turned out and worked well. We appreciated the people waiting on us to get the brooms to them before they bought."

Approximately \$1,071 was taken in by the Lions Club from the sale of Lighthouse for the Blind products. This figure is somewhat down from the previous year, when about \$1,500 was sold.

Mustangs Enter Wildcat Den For Annual Scrap

The Mustangs tomorrow night will invade a dangerous and vicious den of Wildcats—hoping for revenge of the 54-0 loss last year and a 26-6 dumping given them by Floydada last week.

Leading the Wildcat scoring attack this season is quarterback James Pressley, senior returning starter from the 7-3 winning 1957 squad. Pressley will be aided by the hard-running junior halfback James Goldston.

Pressley was selected "back of the week" by the Lubbock paper for his fine showing against Plainview Friday night. The Wildcats pulled a surprise on the Bulldogs, taking them to a 14-8 drubbing. The game was termed an upset by many, but others, mostly coaches, say it "just figured".

The Olton-Littlefield annual clash is about as important in Lamb county as the war between the states was a few decades ago. The Wildcat win last year—a

sorrowful 54-0 shutout—was the first for the "young county seat" since 1948.

The game will start in Littlefield's new stadium at 8 P.M.

Littlefield really poured it on while making hay in 1957. The team, then coached by Gene Mayfield, amassed 303 yards on the ground to Olton's 18. They also had 21 first downs to eight.

Mayfield has moved to Borger since last year, and in his place is highly-regarded tutor Don Williams. Mayfield left him 10 returning lettermen from the 1957 edition; six are fast, line-pounding back and the other four are linemen.

The two fellows who gave Olton such a hard time last year are back, too. Pressley was one, and the other was Goldston. Goldston scored twice on runs and another time on a pass. Pressley scored one running himself, and passed for two others.

Possible Answer
To combat the effective running and passing of Littlefield however, is an ever-improving defensive "11" from Olton. Even though almost every player on the Mustang squad is inexperienced, Coach Joe Turner has complimented the players after each game for their tackling.

About Friday night's tussle with Floydada, he stated "I thought their (Mustangs) defense had improved quite a bit. I liked the way they tackle during a game. It looks good and effective."

He said Littlefield plays a straight "T" formation, and commented that it was Littlefield's returning of kickoffs and punts that put the Bulldogs down.

One Mustang will be not be suited out tomorrow night, or for the rest of the season for that matter. Combination end-tackle Don Kidd, senior, re-injured a knee and will not be able to continue playing. He had only been playing for a week, and showed well in the whirlwind outing.

Pressley Has Day
Pressley, the 145-pound Wildcat field general, scored both touchdowns for Littlefield in defeating Plainview last week, and also figured in on the extra point scoring.

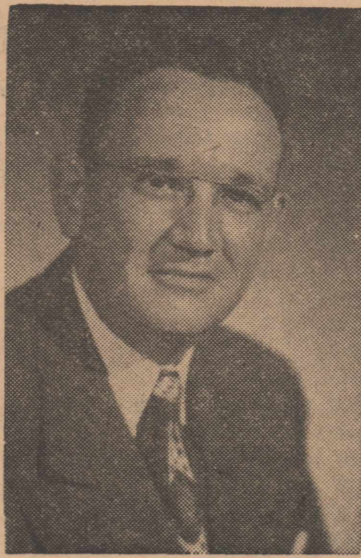

The third-year starting quarterback returned a kickoff 90 yards for one score and plunged over from the five for the other. Then he tossed to end Hilton Hemphill for the conversion.

First Winners Of Football Contest To be Announced

First winners in the giant-prized Football Contest will be announced next week.

Football games this weekend were pondered over by this week's entries, all of whom made the Monday deadline. From the stack of entries, the top three will receive cash prizes, and all of those who entered will go down in the books as contestants for the Grand Prize.

Grand Prize For The Enterprise Football Contest is two free tickets to the Cotton Bowl on New Year's Eve, two nights reservations for two at the Statler-Hilton Hotel in Dallas (at a cost of \$31 a night), and \$50 expense money.

The contest will run through November, and every entry is recorded with the number of wins and losses. Every entry has a chance to win the Grand Prize, as the contestant with the most wins over the entire duration of the contest—is the winner!

First Prize winner each week will receive \$4 in cash. Second Prize winner will take home \$2 and Third Prize winner gets \$1.

The contest is simple. Just take a pencil or pen, circle the team's name you think will win in each of the 15 blocks on the contest page each edition, put the score you think each team will make in the "Tie Breaker" section, and either mail or bring the entry to The Olton Enterprise. Deadline is Monday prior to the games. All mailed entries must be post marked no later than the same Monday.

CofCA Meeting Thursday For Director Voting

Six new directors of the Olton Chamber of Commerce and Agriculture will be elected Thursday, Sept. 25.

At the meeting, which is open to all residents of Olton and immediate area, directors will be named to replace out-going directors Tom Carlisle, Glen Exter, Ralph Glover, Russell Grimes, Bill Kelley and Clovis Poteet.

The meeting will begin at 8 PM in the school cafeteria with entertainment by the OHS stage band.

Also on the agenda is planning the program of work to be carried out by the CofCA. It will be handled by the "66 Plan". Six people will gather in 11 groups to work out suggestions, after which all will be compiled for a general outlook and presented to the group as a whole.

Nominees for new directors are E. D. Harper, M. G. Brown, Melvin Hines, Brent Burrow, D. H. Holt, Tom Ross, Frank Struve, Fred Thompson, Herman Meyer, Lester Thompson, Sim Hayes, C. L. Low, C. J. Givens and J. H. Austin.

Nominations will also be accepted from the floor. From the newly-formed group of

directors, a new president will be elected in the future to replace out-going proxy Don Williams. A movie, "What is a Chamber of Commerce", will also be presented during the evening.

BOBBY JOHNSON TO RECEIVE AMERICAN FARMER DEGREE

Bobby Johnson will receive national recognition in October. Bobby, 19, has been selected as one of 34 candidates from Texas Future Farmers of America to

receive the organization's highest award, the American Farmer Degree.

Presentation will take place on the afternoon of October 14, in Kansas City, Mo.

George Hurt of Austin, State Director of Agricultural Education, reported this week he has received information from FFA headquarters in Washington, D. C., stating that the Board of Student Officers and Board of Directors of the

national organization have reviewed the Texas applications and will recommend to the delegates at the convention that the 34 boys receive the coveted degree.

Approval by these boards usually is tantamount to election by the delegates.

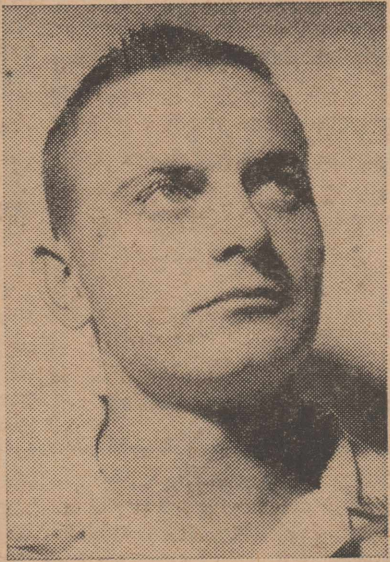

Four other area FFA members have also been selected by the boards. They are Eddie Nelson Wallace, Littlefield FFA Chapter; Marvin Wells, Lockney FFA Chapter; Jack T. Campbell, Canyon FFA Chapter; and W. R. Collier, Idalou FFA Chapter.

Second From Olton Bobby is the second Olton FFA

Chapter member to be selected for the American Farmer Degree. Wayne Bodkin, son of Mr. and Mrs. Wilton Bodkin, received the honor last year. Wayne will enter Texas A & M as a junior this fall.

The son of Mr. and Mrs. J. A. Johnson, Bobby is a 1957 graduate of Olton High. He is presently farming with his father, but entered West Texas State College Tuesday. A pre-law major, Bobby attended the institution the second semester last year as a freshman. Bobby married the former Alisse Smith of Olton, June 8. He says he plans to take her with him to Kansas City for the presentation event. They will drive the distance instead of boarding a special train of honored Texans at Fort Worth, Oct. 12.

He was judged on the basis of a five-year record book. The book contained work he had carried on during his five years in the Olton FFA Chapter on grain sorghums, cotton, swine and beef production projects.

BOBBY JOHNSON

During his senior year in high school, Bobby was elected president of the Olton FFA Chapter, as well as FFA District president and Area vice-president.

He lettered three years on Mustang football, basketball, baseball and track teams.

In addition to receiving his Degree key and certificate at Kansas City, Bobby will also be presented with cash awards from the Future Farmers of America Foundation, \$100, and the Texas Association, \$50.

Candidates must be present to collect the cash awards, according to rules set forth by the committee.

362 Candidates Nationally, the FFA Board of Directors voted to recommend that 362 Future Farmers receive the

American Farmer Degree. Presentation of the degrees will take place in the Municipal Auditorium at Kansas City during the convention session.

Attainment of the American Farmer Degree is based on the Future Farmer's record in farming, leadership and scholarship. The degree is limited to FFA members who have been out of high school at least one year and who are showing evidence of becoming successfully established in farming.

State Associations of FFA are limited to one American Farmer Degree candidate for each 1,000 members or major fraction thereof, the rules state.

Announcement of Star Farmer awards will be made during the evening session of the convention on Oct. 14. One Future Farmer who is most outstanding of the Degree winners will be named Star Farmer of America and will receive a \$1,000 cash award. Three others will receive Regional Star Farmer awards of \$500 each. Over 500 Texas Future Farmers plan to attend the National Convention.

Methodist Churches To Hold Interboard District Schools

A series of interboard district schools will be held in the Methodist Northwest Texas Conference Monday, Sept. 22 to Thursday,

Oct. 2.

The announcement was made this week by Bishop William C. Martin of the Dallas-Fort Worth Episcopal Area.

Three schools will be held in this area. Plainview district will be held in the First Methodist church in Plainview Sept. 30. Lubbock and Brownfield districts in the First Methodist Church of

Lubbock Oct. 1. Amarillo districts will be held in the Polk Street Methodist church Sept. 29.

THE HART BEAT

Daughter Of H. E. Loman Dies Tuesday

Funeral arrangements are pending at Lemons Funeral Home in Plainview for Mrs. Geraldine Loman Brown, daughter of H. E. Loman of Hart.

Mrs. Brown, 44, died Tuesday evening about 10:00 PM in Hart at the home of her father and step-mother, Mr. and Mrs. Loman. She had been ill since December, and was brought to Hart from her home in California several weeks ago.

Mrs. Brown was born July 24, 1914, at Knowles, Okla. She moved to California about 20 years ago, and had worked for Northrop

She is survived by two sons, Dennis Wayne (Corky) Springer of Arlington, Calif., and Roy Alton (Skeeter) Springer of Anaheim, Calif.; two grandchildren, David and Diane Springer; one brother, Wayne Loman of San Diego, Calif.; her father and step-mother.

Relatives expect that funeral services will be held Friday.

New Home Trips Longhorns, 26-0

Hart Longhorns fell before a strong ground attack by the New Home Leopards, 24-0 in a non-conference game played in Longhorn Stadium Friday night.

The Leopards reached pay dirt twice in the second quarter on an off-tackle run by fullback Crooks for five and six yards.

The Longhorns came back strong the second half, driving inside the five-yard-line twice, only to lose the ball on fumbles.

Late in the fourth quarter, Leopard halfback Dean took a pitchout to the right, and after eluding the entire Longhorn team, rambled 78 yards for the final touchdown of the night.

Outstanding player for Hart was Armando Gonzales who played a great defensive game at linebacker, according to Coach Bill Shelby.

Hart's Longhorns travel to Lakeview tomorrow night to meet a strong Lakeview eleven. The Longhorns will be looking for their first win of the season.

Patterson And Crew Drop Mustangs Friday, 26-6

FAST HALT TO SHORT GAIN

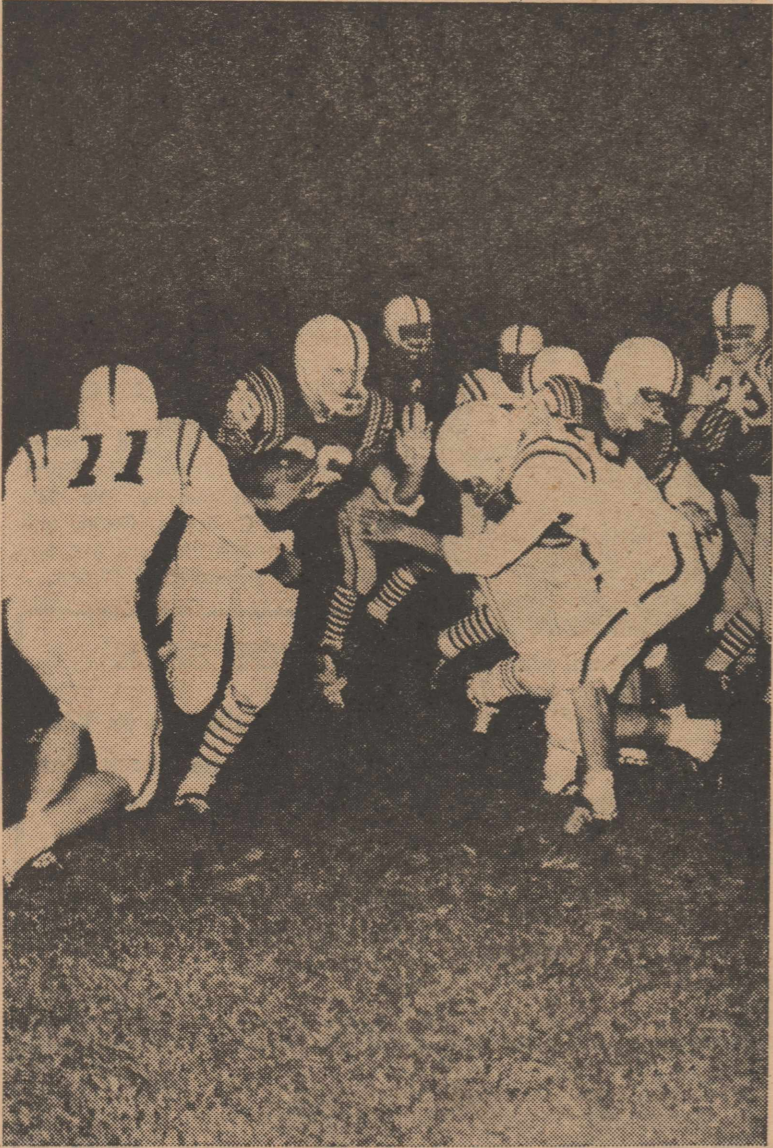

The Mustangs ran into too much weight, speed and experience Friday night as they dropped their first game of the season to the Whirlwinds of Floydada, 26-6.

In a game of flying passes—there were 44 aeriads tossed during the 48 minutes of play—experience and speed paid off for the District 3-AA championship-bound Whirlwinds. They scored three of four tallies over the Mustangs' heads.

However, the passing wasn't all that defeated the Olton crew of Coach Joe Turner. Weight and speed in the Floydada backfield showed plainly—Olton was outweighed approximately 15 pounds per man.

Floydada gained 139 yards rushing, while the Mustangs gathered only 92. Each team had 32 rushing plays from scrimmage. The victors averaged 4.3 yards every

time they carried the ball. Olton averaged 2.8.

Randee Buchenau, sophomore halfback, scored his second touchdown of the two-game-old season. It was the lone Olton score. The stocky, 145-pounder broke through over center when the game was only three minutes in session, and scored from the one.

Buchenau's TD was set up on the second play from scrimmage when Whirlwind fullback Bill Gilliland fumbled on the Floydada 29 yard line. Buchenau skirted right end for 10, Arno Hall broke over right tackle for five and Royce Bodkin went through the same hole for another two.

Floydada was penalized five yards, to the seven when a player crossed the line of scrimmage on a Mustang single wing shift out of the T formation. Then Hall went over right tackle again for five, and right guard for one. Buchenau carried over center afterward to score.

Hall's attempt to score two points after touchdown failed when the center of the line caved in on him, and Olton led 6-0 with 45 minutes yet remaining in the contest.

Both teams fought back and forth throughout the rest of the first period, and then 3½ minutes after the first rest stop, the roof fell in.

Too Much Bill

Big, 6-2 Bill Patterson went on a rampage of scoring for Floydada. Classified last spring by his coach, Preston Watson, as one of the best ends in the state, Patterson was switched to halfback to better utilize his speed and weight for ball-carrying assignments, as well as pass receiving. The Floydada marvel scored three touchdowns in the second quarter and another early in the third to put a heavy damper on Olton fans' enthusiasm.

On his first score, Patterson took a pass from quarterback Don Vickers on the Olton 36 yard line and out-ran all defensive Mustangs. The play had originated on Floydada's own 23 and covered 77 yards.

Then, 2:15 minutes later, the state Class A high hurdle champion punched his way over center from the two for his second tally. That drive had originated on the Whirlwind 33 and was aided by

a Vickers-Patterson 25 yard play and a 15-yard Mustang penalty.

His last TD of the half was scooped with 1:10 minutes remaining. It was another Vickers-to-with the later standing by his lonesome in the end zone.

Olton received the second half opening kickoff, but failed to make the required yardage for a first down and was forced to punt. Vickers received it on his own 35 and returned the ball to the Olton 44. Six plays later the scoring pass was thrown by Vickers to Patterson, good for 11 yards. The toss was a wobbly one and Patterson had to scoop it up on the four before he could cross into the land of stripes.

Tried Hard

Olton tried hard for the next 21:30 minutes to score again, but was not able to put a long enough sustained drive together.

Yardage-gaining was about even among Olton's runners. Hall and Bodkin each gained 26 yards apiece. Buchenau ran for 22 and little John Wayne Hair gathered 18 yards in three tries for the best percentage of the evening, 6.0.

Hall did most of the passing for Olton, attempting 25 aeriads. He connected with seven, and had two intercepted. Quarterback Robert Priest attempted one, but it fell incomplete.

Hair attempted two and completed one, the other was intercepted. Bodkin tossed one to Hair for 15.

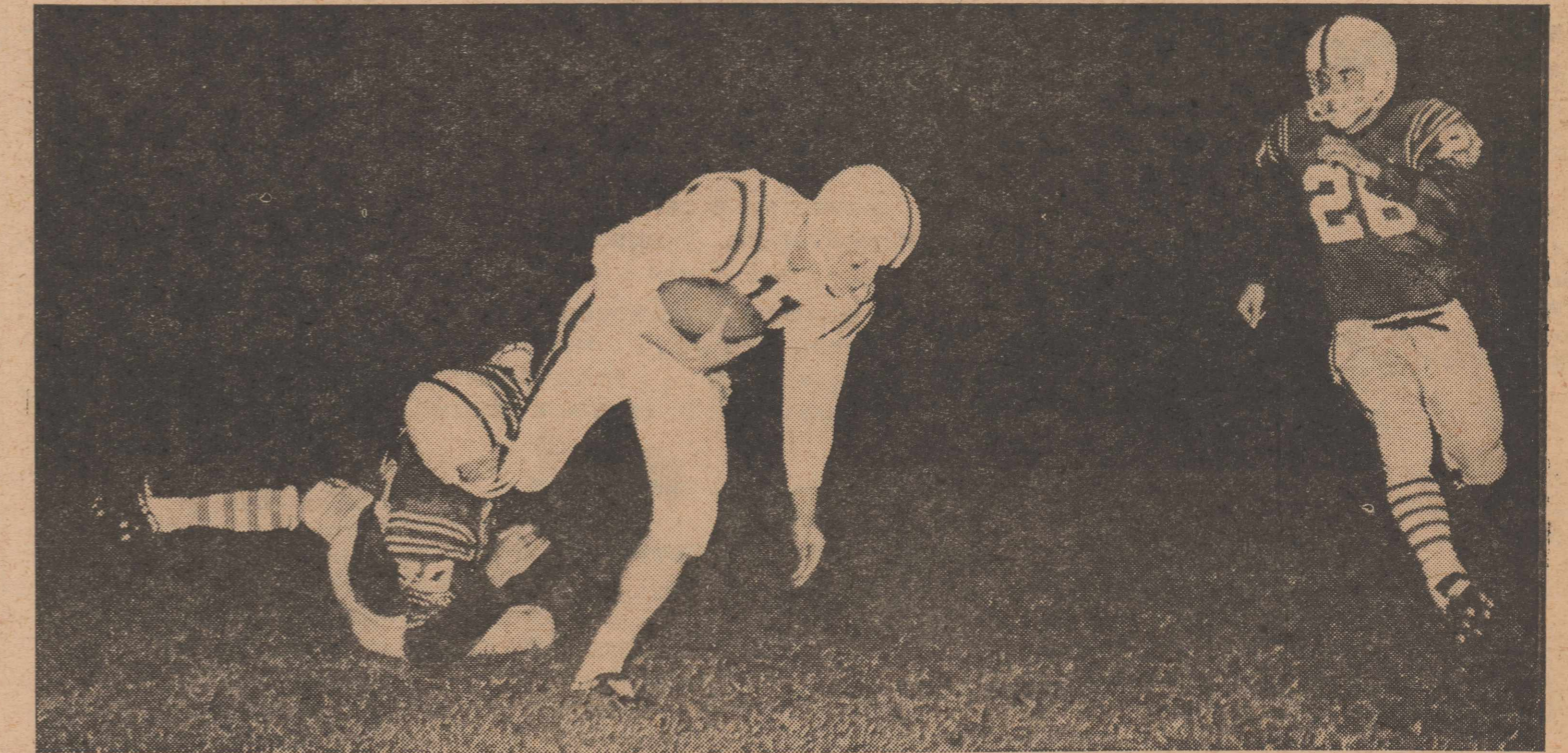

Floydada punting kept the Mustangs out of scoring range much of the time. Averaging four punts by two players, the Whirlwind average for punting was 42 yards per.

Olton's punting average was 26.6 yards per try on seven punts. This included one quick kick, the first of the season for the team, by Hair. It traveled 33 yards after flying over the surprised heads Whirlwind defenders.

Both clubs drew 45 yards in penalties. Olton had yardage stepped off against it five times and Floydada seven.

Stopping Floydada quarterback Don Vickers after a short gain in the second quarter of Friday night's game is Jimmy Robbins, 174-pound Mustang end. Coming up fast to aid him is halfback Randee Buchenau, 26. Olton lost to the Whirlwinds 26-6. They take on Littlefield tomorrow night at Wildcat Field. (STAFF PHOTO)

Books on Parade

by mardema ogletree

If you know an author or know something about an author, then what he writes is much more interesting to you.

One of the friendliest, sweetest writers I met in Boulder a few summers ago was Florence Crandall Means. She lives in a beautiful white stucco home in the foothills near Flagstaff Mountain, Boulder, Colo. Her husband is a retired lawyer. She said, "He loves to cook, and I love to write."

So that is how she manages to add a new book often to her long list of best selling books for teenage girls. One of her best known ones was *Knock On Any Door*, Emmy, and that one my Judy especially liked a few years ago.

The latest one *Borrowed Brother* (published Sept. 19) by Houghton Mifflin at \$3.00 is a story about an only child who comes to understand herself better after a series of exciting happenings. (I have read enough of it to know that if I were young again—I would love it).

If anyone had ever told me a few years ago that I would enjoy reading a psychology textbook, I would have told them they were crazy.

But that was before I met Theresa Muller—the kindest, most brilliant person I have ever known. And for some strange reason (pity, maybe) she took a friendly interest in me.

She has taught psychology to nursing students at the University of Nebraska until recently. Now she lives in Towson, Md., where where she is currently working on another book.

She sent me an autographed copy of her book, *The Foundations of Human Behavior*. Although it is really a psychology textbook for nursing students, it would

prove helpful to anyone who really wants to understand people and literature.

Theresa can analyze all the various aspects of human relationships as portrayed in films and novels. You can get more than mere entertainment from movies and books if you probe beneath the surface.

J. Frank Dobie once said in his column in the Fort Worth Star Telegram . . .

"In literature as nowhere else are imbedded just values, good taste, the beautiful, the wise, the witty, the delightful, the realities of both the physical and spiritual worlds . . . By reading good books an individual may alone become well educated, but not many unguided individuals find the best to read. It is the function of English teachers to guide the young to the best that man has thought and imagined."

He goes on to pay tribute to the really wonderful English teachers of this world and to attack the schools of Education, with a capital E, in which a

person can take 89 courses and still not be half educated . . .

But maybe I had better get back to book talk. I have really enjoyed reading *The Best American Short Stories 1958* published by Houghton, Mifflin, \$4.00. There are stories by James Agee, Ray Bradbury, Dorothy Parker, Richard Wright, and many others. A really wonderful collection it is, but it seems a little premature. After all, 1958 isn't over . . .

Have you heard the NEWS?

Alvin Wallace Is On Formosa

CAMP COURTNEY, Okinawa (FHTNG)—Marine Pfc. Alvin L. Wallace, son of Mr. and Mrs. Jesse W. Wallace of Olton participated in "Operation Land-Ho" during the first two weeks in September, on the island of Formosa, with units of the 3rd Marine Division.

The operation was a practice problem in conjunction with the Nationalist Chinese Armed Forces to develop proficiency in planning and conducting combined operations.

The Marines landed at Liao on southern Formosa with land, sea and air support using all the latest tactics and weapons of the Marine Corps. Units of the powerful US Seventh Fleet carried the Marines from their base on Okinawa.

Daughter Born To N. Rowlands

A seven pound, five ounce baby daughter was born to Mr. and Mrs. Newlon Rowland of Plains, at 4:40 AM, Sept. 5, in the Denver City Hospital.

Mrs. Rowland is the former Miss Carolyn Jones of Olton. Maternal grandparents are Mr. and Mrs. C. C. Jones, Olton, and paternal grandparents are Mr. and Mrs. N. F. Rowland of Plains.
