Over 700 Voters Turn Out In Annual Elections Here

Some 700 Cisco area voters went to the polls Saturday and elected two city councilmen, two school trustees, three junior college regents and three hospital district directors. Voting was at the

Corral Room of the Laguna Hotel.

In the City Council race, Incumbent Bobby Ingram was re-elected for a second term in Place 6 while Joe Besselaar won Place 5.

Elected as school trustees were Roland Stroebel, Place 5, and Ralph M. Berry, Place 4.

Rudolph Schaefer, J.D. Yardley and Roy Dennis were re-elected without opposition to the Cisco Junior College Board of Regents. Chosen as directors for the Cisco Hospital District board were Emma Lee Donovan, Dr. C.M. Cleveland and Dr. E.E. Addy.

Unofficial returns in the various elections were announced as follows:

City Council
Place 5— Joe Besselaar, 419; B.W. Hester, 204.
Place 6— Bobby Ingram, 430, John W. Moss, 194.

School Trustee
Place 4— Ralph M. Berry, 382; Gary L. Nichols, 337.
Place 5— Roland Stroebel, 388; Johnny V. Cagle, 327.

College Regent
Roy Dennis, 680; J.D. Yardley, 665; Rudolph Schaefer, 659.

Hospital Board
Emma Lee Donovan, 519; Dr. C.M. Cleveland, 585; Buddy Sipe, 362; and Dr. E.E. Addy, 422.

A total of 703 ballots were issued to voters in the college regent election, while the number totalled 708 for the public school trustees. A total of 691 ballots were cast in the hospital election. In

the city election, 620 ballots were cast. The school college and hospital districts includes considerable area not inside the city limits.

Officials considered the turn-out of voters as good. Voting was steady throughout the day and ballot counting was com-

pleted soon after the polls closed. Mrs. Thelma Smith served as judge of the city and hospital elections while M.L. (Top) Bailey was in

charge of the college and public school elections. Official canvassing of the election results was scheduled Monday night for the

schools and the college, Tuesday night for the city council and at the next regular meeting for the hospital district board.

Trustees Given Oath Of Office

Two newly elected trustees were sworn in, new officers were elected and the calendar for the 1984-85 school year was approved at the regular monthly meeting of the board of trustees of the Cisco Independent School District last Monday night.

Ralph Berry, Place 4, and Roland Stroebel, Place 5, were given the oath of office by County Judge Scott Bailey after returns of Saturday's election were canvassed and certified. More than 700 votes were cast in the election.

Mr. Stroebel, 32, took the place of Johnny Cagle, who retired after serving nine years on the board. Mr. Berry, employee of Coca-Cola Company and a native of the area, took the place of Willis Parker, who served on the board for some 10 years.

The board elected Howard Worley as president to succeed Mr. Cagle. Dr. Allen McGinness was named vice president, and Bobby Smith was elected secretary. Other members of the board are Bill Kendall and Emmitt Rich.

The 1984-85 calendar calls for classes to meet for the first time on August 20. Sept. 3 will be observed as Labor Day, and Thanksgiving will be observed Nov. 22-23. Classes will turn out for the holidays Dec. 21 and reconvene Jan. 7. Spring break will be March 3-9, and the school year will end May 18th.

The board approved the transfer of eight students from other districts to attend Cisco schools. Other routine matters were discussed.

College Adopts Budget & Buys New Computer System Monday

A \$4.8 million dollar budget was approved for 1984-85, a new computer system was purchased, and the faculty was re-hired for next school year at the monthly meeting of the board of regents of Cisco Junior College Monday night.

Dr. Norman Wallace, president, said the new budget represents the financial requirements of all departments for next year. It anticipates income in the same amount, including a five per cent increase in state funds, Dr. Wallace said.

The new budget is 8.4 per cent more than that for the 1983-84 school year. The projected income anticipates an increase of 3.21 per cent for other activities, including tuition and fees. The salaries of faculty members and employees were raised five per cent in the new budget, Dr. Wallace said.

Bids totalling \$284,000 for a dual computer system were accepted from 11 bids submitted to replace the present 10-year old computer setup, Dr. Wallace said. The new system, which will be installed and ready for use by Sept. 1, will handle all in-house needs, including business office finances, the registrar's office's various statistics and records and other departments. In addition, the new system will be used in the educational program. Bids ranged from \$200,000 to more than \$500,000. Purchased for the dual system was a Digital Equipment

Corporation set-up for in-house work and an IBM computer for the educational program. The new system will take care of all needs for many years, Dr. Wallace said.

Good Success

The annual Cisco Clean-up Campaign was a good success with at least 70 truck loads of debris being hauled by city trucks to the landfill, City Manager Mike Moore reported Tuesday. The campaign was conducted last week throughout the city.

Mr. Moore said that trucks were still picking up debris at residences that had called in last week. No more calls are being accepted, he added.

Three city trucks were used Monday through Friday to pick up tree limbs assorted debris.

Cisco Intermediate Students Will Be Fingerprinted Monday, April 16

Students of Cisco Intermediate School are scheduled to be fingerprinted, with parental consent, through the "Fingerprints on File" program, on Monday, April 16. Approximately 200 Primary School students had already been fingerprinted through the program on Monday, according to a project spokesman.

Jr. High and High School students are scheduled for fingerprinting on Wednesday, April 25. Preschoolers may also be fingerprinted at the high school on the morning of April 25. A make-up day, for any students that have missed being fingerprinted, will be announced.

Permission slips will be

going home on Wednesday, April 11, with Intermediate School students for parental consent for participation in the "Fingerprints on File" program. Permission slips should be returned the following Friday, so that fingerprinting at the Intermediate School may begin on Monday April 16.

Fingerprint forms will be returned to parents by mail promptly. An envelope is included with permission slips sent home with students. Parents are asked to stamp and self-address the envelope and return with permission slips.

The Cisco Service Club has joined the Cisco Kiwanis Club in assisting the local Police Department in its efforts to fingerprint all Cisco

youths, with parental consent. The sole purpose of the fingerprinting will be for the purpose of identifying youths in the event they are discovered missing.

Of the thousands of children reported missing each year in the United States, approximately ninety percent return home, leaving still thousands unaccounted for. It is with this fact in mind that the fingerprint program, is motivated.

The club sponsors of the "Fingerprints on File" program, would like to stress the fact that no child will be fingerprinted without parental permission. Likewise, no copies of the prints will be kept on file, anywhere besides with the individual.

In the event the child is

found missing, the fingerprints should be turned over to law enforcement authorities when making the report.

Fingerprints are an efficient tool for identification no matter how much time has lapsed between the child being reported missing and the possibility of the child being found. Fingerprints remain the same all through life.

The program can only be successful through the cooperation of the community, school officials, parents and guardians with the efforts of the Sheriff's officers and local Police Department.

The McKeithen's Will Perform Saturday

Pastor, John C. Jones invites all "Gospel - singing - loving people" to join in this great time of rejoicing with this nationally known singing group. You are personally invited to attend Saturday, April 14, 7:30 p.m.

A strong love for the Lord and spreading His word thru song has been the motivating factor behind The McKeithen's ministry all these years. In The McKeithen's you will find one of the best-loved, best-lived, and best-sounding groups in Gospel Music. When God "formed" this group, He "formed" a new and refreshing sound in Gospel.

Music was always important to Tim and Dixie McKeithen. Tim's dad was a member of the McKeithen Brothers who sang all

around in Louisiana, Texas, Mississippi and Arkansas in the 1930's and early 1940's. Growing up, being the son of a minister, Tim was exposed to many singing schools taught by his father. As a young man he heard Chet Atkins play and began many hours of practice to perfect the thumb and finger-style of the guitar. Dixie began playing the piano in church at the age of eight and began a life filled with music.

Eighteen years ago Tim and Dixie were married and began traveling two months later with the Gospel Keys from Evansville, Indiana. Two years after that, they joined some of their family, Joel and LaBreaa Hemphill, who were forming a group called The Hemphills. Then 7 1/2 years later Tim and Dixie formed their own group with another family member.

Just recently, their latest album "Something Better

Than Gold; McKeithen's and Friends" was signed to the Wind Chime record label, a division of the Wind Chime Corporation, USA, Canada, Great Britain. They are excited to be associated with such great Christian people for recording and publishing. Tim and Dixie write most of the material the group sings.

Joining the McKeithen's from Birmingham, Alabama is their nephew, Billy who is an asset to the group with his many abilities including helping drive their Silver Eagle Bus.

Adding to the variety of the group is their daughter Angie. She has been singing with the family since she was three years old. She is also the drummer for the group and is developing into a good songwriter.

The McKeithen's have made their home in Nashville, Tennessee for the last twelve years. They love

THE MCKEITHEN

the city of Nashville and the many friends they have made. Their "hobby" is spending time at home as a family as much as possible. Audiences hearing The McKeithen's in concerts, churches, by record or radio can sense the sincerity and spirit of this group. Their

dedication to the Lord and their ministry has been proven over and over. Don't miss a chance to experience The McKeithen's! One you'll never forget!

The Greater Mountain Top Church is located 10 miles south of Cisco on Highway 183.

Barbara Pope is shown constructing an apple head doll, which will be part of a demonstration of "nature's toys" at this year's Cisco Folklife Festival May 5-6. Interested people can learn how to make and preserve these unique dolls. Due to the great number of requests to purchase these, they will be offered for sale this year.

1st Industrial Arts Club Has Regular Meet

The First Industrial Arts Club held its regular meeting Thursday, April 6, at 2 p.m. in the Woman's Club House with Mrs. Ruby Lee Pirtle, president, presiding. The meeting began with Bessie Fields leading the group in giving the club "Collect" and the pledge to the United States and Texas flags.

"Creative Arts" was the program topic and in keeping with this theme seven Homemaking students from Cisco High School exhibited handwork they had made through the year. Mrs. Lessie Lee Greer, leader for the program, introduced the seven students and their two teachers, Mmes Stevenson and Hancock. Some of the interesting items they had made were clothes, a hook rug, needlepoint holder, chicken door-stop, candle wick pillow, and a brisket recipe.

During the business meeting, several items were discussed including landscaping the Club House yard. It was decided to be more important to keep the lawn mowed and flower beds clean instead of planting trees and shrubs.

Two member, Mmes. Ruby Lee Pirtle and Bernice Carter attended the Heart of Texas District Convention in Brady, March 23 and 24. They gave an interesting report of the Convention and said the club received a blue ribbon on their yearbook. And also received eleven district certificates of achievement awards.

Mrs. Ruby Lee Pirtle received the honor of being installed at the Convention as Second Vice President of the Heart of Texas District of the Texas Federation of Womens Clubs. Mrs. Pirtle was installed by the State President of TFWC, Mrs. Sammie Skiles and will serve in this office for the next two years. Following the business, the club adjourned at 3:00 p.m.

entertained the residents. The Sublett's grandson Randy Hall conducted a devotion for the residents, and his wife Donna did some special songs, one of the residents favorite, One Day At A Time. She also led them in a Sing-A-Long. After the devotion, the residents enjoyed cake and punch prepared by Bobbie Hall and Evelyn Eakers. This was a very special treat for the residents.

On Thursday, March 15th, the Pleasant Hill Homemakers Club hosted the monthly birthday party. The residents were served cookies and punch. Birthday honorees were Eva Hale and Alvin Lenz. BoBo and Eric were an added attraction to the party. BoBo gave the honorees each a balloon. We need volunteers at the Center. If any organization or groups would like to host a party for the residents, you are welcome to do so. You can set your own date and time.

We have residents who receive the newspapers but are becoming unable to read them. If you like to read, we need a volunteer for this. Maybe you'd like to read a book to them. The residents still like to know what's happening around them.

We appreciate the Senior Citizens Rhythm Band for your monthly contribution to activities. Also the Monday Night Gospel Singers. The residents look forward to your visits.

We thank all of you for

your donation toward the purchase of a piano for the Nursing Center. Without your help it would have been impossible. Your generosity will never be forgotten. I wish I could name all of you, but I better not try. I might miss some one. You know who you are and God knows too.

You have helped to make a lot of people happy. God Bless all of you.

Where The Cross Grew

A Visit To The Monastery Of The Cross

by Ze'ev Pali
JERUSALEM - The gentle valley has not changed much over the past few centuries. Its softly inclined flanks keep their natural topography. Stately Jerusalem pines, pale green olive trees and richly verdant carob trees stud the landscape. It's a lovely natural area in the middle of a major city - a popular sport for birdwatchers and wild flower enthusiasts.

This is Jerusalem's Valley of the cross, and here, according to Christian tradition, the tree which was to become the Cross of Jesus once grew.

An ancient monastery stands like a great fortress at the bottom of the valley.

From outside, the stone walls look like a medieval citadel. But once inside, the visitor is easily astonished by the symmetry of gardens and architecture which have grown together within the protective walls.

Greek Orthodox Archimandrite Narcissos is the Superior of the monastery. He is also its only resident. There are 365 rooms in the monastery. "I have one for every day of the year," announces the cheerful priest. He is a native of a little village near the classical city of Corinth, on the Greek Peloponnese. "Come with me! You must see this place! Its holiness will make you feel very good."

The interior of the

monastery is a labyrinth of little gardens, courtyards and stairs. Arbors shrouded with grape vines shade many passages while well-tended orange and lemon trees thrive in their own niches. Enormous cypress trees soar high above the monastery walls, recalling an earlier time when a particular one of them grew here in the valley.

The tree from which the Cross was made, Father Narcissos says, was really three trees which grew together - a cypress, a cedar and a pine. Tradition says they were planted by Lot as part of penance for his incest.

"Come, I'll show you where the tree grew," the Greek priest said, pushing open massive wooden doors which open into the monastery's Church of the Holy Cross. The church is a stunning structure. Unlike most of the other ancient churches of the Holy Land, this church is light and airy. Great domes and arches

span the ceiling area. The walls and pillars are covered with colorful frescos. Precisely-detailed icons hang from the iconostasis. The floor is covered by an intricate mosaic.

"This is the main church," Father Narcissos says. "It dates from the time of the Emperor Heraclius in the seventh century. This mosaic we are standing upon is also from this time. Very old, yes, very old."

The priest produces a large iron key and walks to a stout wooden door on the north side of the church. With a quick twist the door is unlocked and the priest swings it back on its hinges. It leads into a dark corridor which is lined with glass cases. Here, many of the ancient treasures of the monastery are kept - religious vestments decorated with threads of silver and gold, ancient icons and religious ritual instruments.

At the end of the corridor stands a large wooden cross.

"It was made by the monks at Golgotha," the Greek priest says. "It stood once on the hill of Golgotha, and then they brought it back here."

We turn a corner into a small room, about 15 feet wide. The walls are covered with paintings which depict the history of the tree which was to become the Cross. There are no windows.

To the west stands a small altar and beneath it a brass plaque. "This is where the tree grew," Father Narcissos says. "The plaque here was made by a monk, Daniel. See, it has three types of trees on it."

Beneath the altar and the brass plaque, extensive catacombs have been dug - burial chambers for early Christians. Here lie the remains of Shota Rustaveli, and eleventh century poet from the Asiatic kingdom of Georgia.

The monastery, which is located in the midst of modern Jerusalem neighborhoods, dates from the Byzantine Emperor Heraclius, who ruled in the Holy Land in the seventh century. It is believed that the emperor built his structure over a site which was originally designated by Saint Helena, the mother of the Emperor Constantine, who lived during the fourth

century. Shortly after her conversion to Christianity in the year 313, the Roman matron made a pilgrimage to the Holy Land, seeking out places made holy by the life of Jesus. Among her other designations, it is traditionally believed that she identified the Valley of the Cross as the spot where the tree, which was later cut and used for the cross, grew.

St. Helena was not guided by divine inspiration alone, Father Narcissos believes. When she arrived in the Holy Land, he relates, there had already been three centuries of Christian tradition, and many of the holy sites were well known by the local population. Indeed, the site where the tree grew had served as a fortress for several centuries, and thus was easy to locate.

Today, Israeli authorities keep the entire Valley of the Cross in a natural state, as a garden around the ancient monastery. The Israelis also assist the Greek Orthodox Patriarchate in maintaining and renovating the monastery. Presently, Israeli technicians are improving the flood lights

which bathe the building each night.

Meanwhile, internal renovations in the monastery are aimed at the

day when the patriarchate will open a new seminary there, expanding the religious significance and the cultural pluralism of the Holy City.

Lights From The Christian World

by Josephine Cleveland

When Harry Lauder, the great Scottish comedian, received word that his son was killed in battle, he said, "In a time like this, there are only three courses open to man, despair and bitterness, drown in drink and wicked living or turn to God. By the grace of God, it's God for me."

David, the Psalmist, tells of periods of sorrow in his life. "I am weary with my groaning; All the night make I my bed to swim; I water my couch with my tears. Mine eyes is consumed because of grief. Psalm 6:6. Friend, you are not alone in times like these. No one is immuned to sorrow. It is how you handle it that makes the difference. Harry Lauder and the great King David each prayed a prayer of con-

fidence. "But thou O Lord, art a shield for me. My glory and the lifter up of mine head. I cried unto the Lord with my voice, and he heard me out of his holy hill. I laid me down and slept; I awoke; for the Lord sustained me." Psalm 3:3-5.

David gives encouragement to all when he admonishes, "—everyone that is godly pray unto thee (God) in a time when thou mayest be found. Surely in the floods of great waters, They shall not come nigh unto him, Thou art my hiding place; thou shalt preserve me from trouble; Thou shalt compass me about with songs of deliverance." Psalm 32: 6-7.

Bullock Sends \$46.3 Million In Local Sales Taxes

State Comptroller Bob Bullock Thursday sent checks totaling \$46.3 million in local sales tax payments to the 965 cities that levy the one-percent city sales tax.

"These receipts are up more than 16 percent over last year," Bullock said. "This is just exactly where I estimated they would be when I gave the Legislature

its estimate of revenues last year. Texas is in the thick of the national economic recovery. Let's just hope we stay there."

Houston received the biggest check—for \$8.6 million—which brings their city's 1984 total to 145.8 million, up 9 percent over what Houston had received by this time last year.

Dallas received \$5.6 million, boosting 1984 payments to more than 19 percent over 1983.

San Antonio got \$2.7 million, bringing that city's 1984 total payments to date to \$14.9 million.

Austin's \$2.2 million check boosted the city's year-to-date total more than 28 percent ahead of last year. El Paso got \$1 million, with 1984's year-to-date total now better than 22 percent ahead of 1983.

Bullock also sent checks to the state's three Metropolitan Transit Authorities. DART, the Dallas MTA, received \$6.7 million. Via, the San Antonio MTA, got \$1.6 million and Metro, the Houston MTA, got \$9.8 million.

April checks reflect sales made in February and reported to the Comptroller in late March.

Cisco's check was for \$12,589.10, up from last year's check of \$8,589.98. This brings Cisco's yearly total to \$63,126.74, up 56 percent over last year's total to date of \$62,775.59.

Eastland again received the largest check in the county. Their check for \$14,511.72, up from \$7,705.72 last year, for a total of \$96,104.11. This compares to \$81,789.45 for the same

period in 1983, an increase of 55.66%.

A check for \$1,200 was mailed to Gorman, bringing the 1984 total to \$6,513.77, down 18.61 percent over last year's total of \$8,013.77.

Ranger's check for \$6,528.62 brought their year's total to \$35,995.07, reflecting an increase of .64 percent over 1983's \$35,765.52.

Rising Star received a check for \$1,218.85, to bring this year's total to \$10,254.13, an increase of 68.67 percent over last year's total of \$6,079.36.

Have You Read Any Good Sidewalls Lately?

Maybe you didn't realize it, but there's a lot of good information on the sidewall of your tires.

The sidewall tells you the maximum inflation pressure recommended. The number of body plies used. The kind of cord. And more.

But most important, it tells you the brand name. That's especially critical, since all tires look so much alike—on the outside.

Next time you read a sidewall, look for the name Goodyear. It's a brand name you can trust for sure.

Texas Farmers & Ranchers Sales Are Down About \$160 Million

COLLEGE STATION-- Texas farmers and ranchers, battling adverse weather and weak market prices, sold just over \$10.2 billion worth of goods during 1983, down about \$160 million from the previous year.

With overall sales down, farmers and ranchers are looking for a brighter picture, and that may come in 1984 as the demand for farm products looks strong and stockpiles of most crops have been reduced substantially.

The \$10.2 billion in farm receipts in 1983 enabled Texas to maintain its third

place ranking behind California and Iowa.

Livestock receipts totaled about \$5.7 billion last year compared to crop receipts of almost \$3.9 billion, points out Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, Texas A&M University System, who compiled the figures. In addition, cash receipts from related areas such as farm-based timber, fish farming, hunting and fishing leases, and outdoor recreations totaled almost \$690 million.

Anderson notes that payments to farmers under the PIK (payment-in-kind) program were included in tabulating overall cash receipts because the program involved the actual sales of commodities. However, other government payments, such as deficiency payments, were not included.

Looking at livestock sales, cash receipts from cattle and calves totaled \$4.4 billion while hog sales totaled \$96 million; sheep, \$59 million; and goats, \$18 million. Sales of dairy products totaled some \$565 million while poultry sales reached \$515 million. Mohair sales totaled about \$39

million while wool receipts brought in another \$16 million. Mohair sales totaled about \$39 million while wool receipts brought in another \$16 million.

Crop receipts showed cotton leading the pack at \$877 million despite a sharp drop in production due to adverse weather in 1983. Next came wheat sales of \$638 million and grain sorghum receipts totaling \$519 million. Vegetable crops, as a whole, contributed \$426 million in sales. The 1983 Texas corn crop sold for \$351 million while rice sales reached \$191 million. Other crop sales figures included soybeans, \$97 million; peanuts, \$92 million; citrus, \$67 million; and pecans, \$46 million.

Anderson estimates the impact of these agricultural receipts on the Texas economy to be about \$33 billion.

Texas boasts about \$185,000 farms and ranches averaging almost 750 acres. Farm assets--land, buildings, livestock, machinery, crops and livestock on hand, and farm financial assets--totaled about \$92 billion, or almost a half million dollars per farm in 1983.

RJC Theatre Production Is Slated For April 28-29

Ranger Junior College will present the Neil Simon comedy THE GOOD DOCTOR on April 28 and 29 at the RJC auditorium in the Library Building. The play consists of a series of sketches that take place in Russia in the early 1900's. A tooth extraction, a man who sneezes on his superior at the theatre, a woman who storms a bank and harasses the manager, and a man who offers to drown himself for money, are a few of the comical subjects portrayed in the sketches. The play combines warmth and vaudevilian humor to make pure entertainment.

Members of the cast include Rickie Osborn, Stephen Teel, Kayla Odell, James Johnson, Mary Halbert, Jammie Gentry, Jane Laws, Jim and Lyndell Cockburn, Vernell Quinn, Mike McCarty, Polly Alexander and Jerry Cecil. The play is directed by Anne Campbell, Assistant Director.

The play will be performed at 8 p.m. on April 28 (Saturday) and at 3 p.m. on April 29 (Sunday). Tickets for the show may be purchased from cast members and at the RJC Administration Building beginning April 11. Tickets are priced at \$1.00 for adults and \$.50 for students and senior citizens. Come and see THE GOOD DOCTOR. The humor is infectious and the fun is unending.

Lake Leon Gains 2-Inches Of Runoff

Lake Leon caught two inches of water during last week's showers, according to Jess White, Water Plant Superintendent for the Eastland County Water District. This is the first to raise the lake level in some time.

"The runoff came from small branches around the lake, with very little coming down from the Leon River," White said.

"The lake level is down 8

ft. 11 in. from the spillway, leaving 66.10 ft. of water in the lake. The showers have helped us in another way - they have cut down on water consumption in the area.

"We are okay on the water situation for now - but we surely could use a lot of heavy rains to bring that level back up."

White says that the current fishing is good, in spite of the low level of water.

Tuckers Set WOW Auction

Tucker Auction Co., in cooperation with Woodmen of the World, will have a consignment auction on Saturday, April 14, at Tucker Auction on Highway 6 in Flatwood.

A large variety of items will be available and donations are still being accepted. Fred Tucker and Kenn Norris are donating this auction, and all proceeds will go to the Eastland Youth Lodge Building Fund.

Ray L. Wright, local Woodmen of the World representative, said that negotiations are being made for a new location for the lodge which will not be so near a residential area. The new location would allow a larger playground and picnic area with more trees.

Mr. Wright added, that hopefully an announcement about the new location and building plans can be released within 30 days.

Fishing Report

Terry L. Wilson

WILL JOHNSON WINS APRIL TOURNEY

Sunday, April 8, we held our monthly tournament. This month we fished Lake of your choice. Will Johnson was our winner, fishing Pioneer Lake, three fish stringer weight of 13 pounds 2 oz. Terry Wilson second with 11 pounds 8 oz., Tommy Maynard placed third with 6 pounds 3 oz., Butch Williamson 4th with 6 pounds and Joe Bob Moore 5th with 4 pounds 13 oz. Other members weighing in fish were Melvin Wendy 4 pounds 6 oz. and Eddie Green, 3 pounds 3 oz., Sike Dukes 1 pound 5 oz.

There were a total of 17 members on hand, which despite the wind turned out to be a productive day's fishing. There were 7 fish weighing 4 pounds or larger turned in. Pioneer, Eastland, Cisco, Daniels,

and Leon, were all fished with some good results.

The Triple T Tournament trail will host an Open Tournament on Lake Whitney April 14th. First place will be \$1,000.00, and there will be a drawing for a 24 kt. gold bass necklace at weigh in, which will be held at Ploverman Creek.

Terry Wilson fished Whitney April 7th, placing 48th out of a field of 186 entrants. The winning stringers were taken on lunker lures and spinner baits. Whitney is bordering on flood stage as of April 7th.

We would like to extend an open invitation to anyone wishing to learn more of the workings of our organization to feel free to contact any of our members for more information.

Remember to watch weather for hazardous conditions, and always wear

that life jacket when the big motor is running or in rough water.
Good Fishing.

RE-ELECT SHERIFF JOHNNIE W. MORREN

DEDICATED TO SERVING THE PEOPLE OF EASTLAND COUNTY

Since assuming office in 1979 Sheriff Morren has:

- Reduced the crime rate by 46%
- Recovered over \$746,000.00 worth of stolen property
- Solved over 70% of the crimes committed in Eastland County

These accomplishments alone would be enough to re-elect Sheriff Morren. However, in addition to the dedication and success he has achieved while holding the office of sheriff of Eastland County, Johnnie Morren has also been awarded the Outstanding Lawman of the Year Award by the Veterans of Foreign Wars. He was also awarded the Outstanding Lawman of the Year Award by the Eastland Newspapers in 1978, and the Golden Deeds Award in 1977 by the Eastland Chamber of Commerce. Sheriff Morren also received the Outstanding Leadership Award from the Eastland County Law Enforcement Association in 1976, and the Distinguished Service Award from the Eastland Independent School District from 1972 to 1978.

Pageant Rehearsals on For 20th Production

The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1980 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, will begin its 20th year of productions with the annual Easter Sunrise Pageant at 3:30 a.m. on Easter Sunday, April 22, 1984, ending at sun up.

This production is the complete LIFE OF CHRIST from the birth through the resurrection, portrayed in sixty scenes by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATIONAL, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from. Included with the cast is a grey donkey for the Mother Mary, a white donkey for the Triumphant Entry of Jesus, a camel for the wisemen, and sheep for the Shepherds in the field.

Admission is a FREEWILL OFFERING. FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hook ups are available for a minimal fee. A concession stand and clean restrooms

are available on the grounds for the convenience of those attending.

Summer productions of the pageant will begin June 14, 1984 and will be presented each Thursday and Friday night at 9 o'clock DST through August 17, 1984.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. to 4 p.m. During Easter weekend this Diorama and Museum will be open continuously from 10 a.m. Saturday through 4 p.m. Easter Sunday with the exception of the pageant presentation time.

The Diorama is scenes from both Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as is possible with NARRATION, also from the King James Bible, and SOFT ORGAN MUSIC for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with the biblical characters.

Once again the Kendrick Family and the Religious Pageant, Diorama and Museum Association wishes to express their THANKS to all those who have contributed to the building material fund which was reported on in a previous edition of this paper.

Without the help of those so generous, it would have been impossible to have purchased the once in a life time offer which was made to the Kendrick Religious Theme Park, a non profit religious organization.

Through the generous donations of the previously listed group and the following list the funds now total \$4300.00 of the needed \$4600.00, leaving a balance of \$300.00 to cover the amount paid for the material which

Admission to the Diorama is children 6 through 11 \$2.00 and Adults \$2.50. Each tour lasts 1 1/2 hours.

So now, plan a spirit filled trip and come to the LIFE OF CHRIST PAGEANT halfway between Cisco and Eastland, Texas on U.S. Highway 80.

cost the company \$70,000.00 to produce.

Construction of the first building is scheduled to begin as soon as possible after the 1984 production of the Annual Easter Pageant. More details will soon be released on the production, so watch this paper.

American Cancer Society Crusade Is Underway

The American Cancer Society crusade is underway this week in Eastland County with volunteer workers trying to contact as many people as possible this week and next week to give them an opportunity to donate to the Society's efforts in the battle against cancer.

Scholarship Available

The Cisco Service Club is now taking applications for the Sue Witzsche Memorial Scholarship. The scholarship is available to any female resident of Cisco of one year or more who is in need of financial aid for pursuit of technical or vocational training.

The Sue Witzsche Memorial Scholarship is not limited to only recent high school graduates nor is it necessary for an applicant to be currently enrolled in school. Selection of a recipient will be dependent upon financial need of applicant, with selection made by the Cisco Service Club members.

Applications for the scholarship are now being accepted, and may be picked up at The Cisco Press office, High School administration office or Cisco Junior College Aid office.

Applications will be accepted until April 15, and will be picked up at the three previously mentioned locations. For further information, call Sandra Woolley, 442-3559.

C&W Musical Set Saturday

The Country Western Musical will be in Cisco on Conrad Hilton Ave., at the Corral Room on Saturday, April 14. It will start at about 7 p.m. Everyone is invited especially area musicians. There will be a concession stand.

Volunteer workers will be wearing American Cancer Society badges as identification when they visit homes and businesses.

Gary Barnes is the Crusade Chairman of the Eastland County unit, which has received 8% of the county goal of \$15,000 even before the crusade started.

With a number of people working, Society members expect donations to exceed those of previous years, but volunteers are still needed.

If you are willing to walk around a block or two in your neighborhood to collect donations please contact your city or community chairman. Chairpeople are also needed in Olden and Desdemona.

The Texas Division volunteers of the American Cancer Society were the only 'big' Division to receive the Diamond Award for five years of sustained fundraising excellence at the National Volunteers Meeting in New Orleans.

Invariably some people will be missed during the Crusade and if you are and would like to make a donation, please contact your local chairperson, or mail it to Gary Barnes at 401

Garven in Eastland, or take it to County President Ann Justice at the Farm Bureau office in Eastland.

Local Chairpersons include Muri Stroeble at Ciscoans Attend

TOTAL RESOURCES of the First National Bank in Cisco gained a little over \$1,050,000 during the first quarter of 1984 for an all-time high of \$39,379,977. That's according to the bank's statement of condition at the end of March. The new total compared with \$38,329,958 at the end of December, 1983.

Deposits gained some \$850,000 during the last quarter for a total of \$34,893,100. Loans were up \$700,000 to \$12,000,000.

The bank's condition, many people say, is a reflection of general conditions in the community.

IF YOU WENT to the track meet out back of the Cisco High School building and back of Russell Newman's plant last Friday you probably noticed the big pit or hole in which trucks were dumping loads of dirt and concrete. And you probably wondered about it like we did.

Inquiring, we learned that the big hole in the ground used to be a gravel pit and the school system acquired it recently. The contractor for the street widening job on Conrad Hilton Avenue has been dumping the concrete and dirt they're moving out to make way for wider pavement. And the city dumped tree limbs and the like that were picked up in the cleanup campaign last week out there. School officials want to fill up the old pit and make a parking lot for the track grandstand, we understand.

CITY MANAGER Mike Moore reports that they're getting ready to open City Park Swimming Pool next month. There will be an announcement before long. Understand Mrs. Shirley Darr will be the pool manager again this year. The Jim Puryears went over to Hurst last weekend to see their new grandsons at the Pepper Puryear home. Bet you could see a picture of the little fellows without much urging if you run into Mr. Jim.

A FINAL REPORT on the annual community elections wouldn't be complete without an expression of appreciation to men who are retiring from service. Mr. Ivan Webb is completing a term on the City Council and is turning the job over to another man. He has served as mayor pro tem during the past year.

Mr. Willis Parker and Mr. Johnny Cagle are leaving the board of trustees of the Cisco Independent School District after a good many years of service. And Dr. Ayres Cernin's place of the hospital district board is being filled by another man.

You'll want to join in an expression of appreciation to these men for their community service. Serving on boards and committees is an obligation of good citizenship and the above named men served with distinction.

YOU'LL NOTICE more and more wild flowers as you drive out on the highways. Blue bonnets are becoming more plentiful and Indian Paint Brush is beginning to push pretty red heads into the air to mix with assorted other wild flowers.

The rain Saturday afternoon, which measured from a half to an inch in our area, did wonders for yards and gardens and wild flowers. Pea size hail fell in some places as the cold front thunderstorm moved through our region.

RANCHER Jammie Fry and his dad, Doug Fry, were working cattle in a corral the other afternoon. Their wives were watching behind a wooden corral fence. Inside the corral, Jammie looked up in time to see a Brahma cow lower her head and start at him with blood in her eyes.

As wife Arlene yelled "run, Jammie run," he did and got over the fence barely ahead of the cow.

Commented Jammie to his wife: "There's two times a man runs - when Indians are after him and when a Brahma cow starts for him."

A FEW MONTHS ago the

Rev. Harry Garvin, missionary in the Ede Amin country of Africa, was here on furlough and spoke at services at the First Baptist Church. It became known that the Garvins owned a small farm south of Cisco and hoped to build a home on it.

A committee of Baptist men - Bill Philpott, Gerald Winnett and Brad Kimbrough - took over. They've been collecting materials and have started work on a house. They can use more materials and labor, if you'd like to volunteer.

Mr. Garvin is a native of Luaders. He and his wife have four children, including one daughter and family who lives here.

Mr. Winnett and Bruce Stovall, by the way, are getting organized for another missionary trip of ten days or so to the Palmito area of Mexico. They plan to leave about June 1 and will appreciate any donations of materials or money that would help make the trip a success. They've made several trips there along with other Cisco folks to build churches, improve buildings and work in revival meetings.

OUR SCOUTS report that the new First Baptist Church building in Eastland will be dedicated in a 3 p.m. ceremony on Sunday, April 29. They expect to hold services in the new building on Easter Sunday, our scouts says. Aren't the Marshall Joneses making plans for a Hawaii vacation in the not to distant future? If you'd like to have a part in the restoration of the Statue of Liberty, send your check to Soft-Elis Island Foundation, P.O. Box 1986, New York, NY 10018. School Supt. James Couch, Junior High Principal Jim Puryear and Sharon Mouser of the faculty were in Abilene on Monday for a meeting of school folks regarding curriculum matters.

local news in brief

The Cisco Volunteer Fire Department took a truck a mile north on the Breckenridge Highway Monday night to extinguish an auto fire. Damage was light. Fireman Bill Webb reported.

Talent Show Is 'Good Success'

The Promise Kids, a quartet of pre-teens, won the first place trophy at the annual Cisco Lions Club Talent Show last Friday night at the high school auditorium. A good crowd turned out for the event.

The quartet of youngsters is composed of Tiffany Thomas, Windy Wester, Aaron Whitley and Jeff Roark. They sang two numbers and were accompanied at the piano by Mrs. Susan Wester.

Second place honors went to a sextet of women singers from the Mangum Baptist Church. Tami Roberts, 15-year old daughter of Mr. and Mrs. Bill Roberts, won third place.

A total of 17 acts competed for the three trophies. In addition, the Lions Club quartet, composed of Bob Conner, Wylee Peebles, Willard Johnson and Jasper Cook, sang several numbers. Mr. Peebles sang "Old Man River," accompanied by

Stephen Zell. The Willard Johnson C&W band, composed of Mr. Johnson, J.V. Rhyne, Frank Spangler, Cliff Andrews, Jack Sanford and Gerald Parks, played to open the program. The Cisco High School band's Jazz Band was presented in two numbers under the direction of Alvin Young.

Judges for the talent show were Herrel Hallmark, Mrs. Josephine Cleveland and Mrs. Evelyn Cook.

Jasper Cook, chairman of the Lions Club committee in charge of the program, said the talent show was a good success.

"We are very grateful to those who took part in the program," Mr. Cook said. "The two hour program was outstanding in all respects, thanks to the talented people who participated."

Proceeds from the show will be used by the Lions Club in finishing work on a picnic pavilion at City Park.
