Many Union Employes At GE Are Idle

By DICK BARNES

WASHINGTON (AP) — At least 14,800 union employes of the General Electric Corp. walked off their jobs at three plants today. But a nationwide strike against the huge defense supplier appeared to have been averted by a presidential plea.

President Johnson asked the company and unions to maintain plant operations while negotiations continued, contending a strike would damage the Viet Nam war effort.

About 13,300 workers walked off their jobs at GE's Schenectady, N.Y., plant, some 1,100 employes struck the firm's Carboloy Products Division at Warren, Mich., and 400 union draftsmen struck the GE plant at Pittsfield, Mass. Union Spokesmen said these walkouts involved local issues.

The remaining 165,200 union employes apparently were honoring the President's plea for a two-week postponement in a nationwide walkout which had been scheduled for 12:01 a.m. today, when their contracts expired.

"The presidential request has nothing to do with us," said Richard Bradley, business agent of Local 128 of the Plumbers and Steamfitters Union. Members of his union were among 1,300 non-IUE union workers who joined the 12,000 IUE members in the walkout at the Schenectady plant. Bradley and an IUE spokesman said the walkout was over local issues and not those involved in national negotiations.

THE EISENHOWER BROTHERS GET TOGETHER — Former President Dwight D. Eisenhower, left, and his three brothers oblige photographers at a Chicago hotel. To the right of the former Chief Executive are (left to right) Earl, an Illinois Representative; Milton, president of John Hopkins University, Baltimore, Md., and Edgar, a Seattle, Wash., lawyer. They were in Chicago for a Republican fund raising dinner. (AP Wirephoto)

Mrs. Williams Dies Today; Rites Tuesday

Mrs. Wayne Williams, 61, of Polar Route, Dermott, died at 7:15 this morning in Cogdell Memorial Hospital.

Funeral services will be at 2 p.m. Tuesday in the First Baptist Church with Dr. A. B. Lightfoot, pastor, officiating.

Born May 12 1905 in Dunn, Tex. she was married to Wayne Williams June 12, 1926 in Abilene. She was a member of the First Baptist Church.

Burial will be in Snyder Cemetery under direction of Bell - Seale Funeral Home.

Survivors include the husband; a daughter, Mrs. Mary Ellen Headstream of Snyder; a son, Billy Wayne Williams of Polar; three grandchildren; and a brother, Lewis Blackard of Snyder.

WEATHER

SNYDER TEMPERATURES: High Saturday, 70 degrees; low, 42 degrees; reading at 7 a.m. Sunday, 52 degrees. High Sunday 83 degrees; low, 55 degrees; reading at 7 a.m. today, 55 degrees.

North Central Texas: Mostly cloudy tonight and Tuesday with a few thundershowers in north tonight and in central and south parts Tuesday. Cooler in north tonight and over area Tuesday. Low tonight 50 to 65. High Tuesday 62 to 78.

Northeast Texas: Mostly cloudy tonight and Tuesday. A few thundershowers in north late tonight and in central and south parts Tuesday. Cooler in northwest tonight and over area Tuesday. Low tonight 55 to 65. High Tuesday 65 to 80.

Northwest Texas: Mostly cloudy and cooler tonight and Tuesday. Occasional light drizzle or rain in north Tuesday morning, ending in afternoon. Low tonight 40 to 55. High Tuesday 60 to 70.

Leathernecks Find Enemy Is Elusive

By JOHN LENGEL

Near The Demilitarized one, Viet Nam (AP)—For 11 days U.S. Marines dashed up 30-degree rises along a spiny mountain 5,000 yards south of the demilitarized zone trying to take an elaborate system of bunkers stretching four miles along the ridge.

Artillery, hours of pounding by B52s and other aircraft, and napalm had damaged only small portions of the bunker system, which Marine intelligence officers believe housed at least a battalion guarding key infiltration and supply trails.

Kilo Company of the 3rd Battalion, 4th Marine Regiment was the first to slog up the trail and be hit by withering fire from the bunkers. After two days, Kilo claimed 48 enemy dead.

On Friday, India Company moved up the lead men hacking through vines and bamboo.

The company crashed through the brush single file. They passed 21 empty bunkers, lying cool under the buzzing heat. The enemy had quietly drawn back, it seemed. In between the bunkers, the North Vietnamese had cut steps in the ground and put up hand rails along the steeper stretches.

After walking four hours, India Company entered a bombed out clearing. The lead man walked past a bunker. The bunker spouted machine-gun fire on the ranks of Marines.

"I dropped two snipers I think, with my rifle, then our machine guns opened up. They didn't expect our lead men to have machine guns," said 2nd Lt. Jim Hallman of Bloomfield, N.J.

Hallman kept fighting though shrapnel had torn his right cheek and a bullet had pierced his left ear.

"Another (sniper) jumped out of a spider hole and shot one of my men in the chest and tried to drag the body in with him," said Sgt. Randolph Fascett of Sacramento, Calif.

The North Vietnamese threw more grenades and increase the machine-gun fire. India Company withdrew, drawing more fire on iis flank from below the ridge. The battalion dug in for the night.

Helicopters could not land in the battalion's hastily blasted landing zone and hauled the wounded up in baskets. Supplies came crashing down 20 feet from the helicopters.

There was no water for 24 hours. As dawn broke Saturday, some Marines were slashing bamboo to suck out a precious few ounces of juice.

India Company tried again Saturday afternoon.

The company moved single file along a trail and another bunker opened fire.

"I was 10 yards away" said Cpl. Russell Clites of Los Angeles, who was first in the column. "They fired right out of the brush. I couldn't see a thing. The machinegun bullets started walking across the ground toward me. I dove back and started throwing my grenades."

Artillery shells and fighter-bombers came over the company and hit the hill. One artillery round fired from the valley below exploded short of the target and wounded four Leathernecks.

A gunnery sergeant leaped up screaming "Get on that radio, Marine, and tell those guns to cease fire! Cease fire! Cease fire!"

He grabbed the radio and re-

Inez Takes Alley To Abaco Islands

MIAMI, Fla. (AP) —The brawling killer of the tropics, Hurricane Inez, roared up an alley between the resort cities of Miami and Nassau today and aimed her growing new fury at the Abaco Islands, "the land that time forgot."

Lashing out to east and west, Inez jabbed at the south Florida coast with gusty winds and squalls and sent a tornado spiraling into Nassau that killed a 16-month-old child.

Directly ahead of the mighty storm which killed perhaps hundreds in the Carbibbean Sea, was Great Abaco Island, second largest of the Bahamas and the home of 6,500 persons.

Although Great Abaco is largely populated by natives of African descent, it contains several white communities—settled by loyalist refugees of the American Revolutionary War—where customs have changed little since 1776.

Gale warnings came down along the southeast Florida coast, home of 2.5 million people, after an uneasy Sunday during which Inez hurled squalls into the area, whipping the palm fronds.

In Nassau, capital of the Bahamas, flood waters ran two feet deep down some streets in the city of 50,000. The twister lashed a group of shacks occupied by field hands. Three persons are missing.

Weakened and knocked out of shape by her collision with the Sierra mountains of Cuba, Inez wound up tightly again over the Atlantic.

Her top winds were raging at 80 miles an hour around the eye and were expected to reach 100 by the time she roars through the dense pine forests of Abaco late today or early tonight.

Rain bands spread through most of the Bahamas as Inez thrashed very slowly to a point 110 miles east-southeast of Miami and 90 miles west of Nassau.

Also in the hurricane's path was Grand Bahama Island, site of a plush gambling casino and a vigorous industrial development directed by Wallace Groves, an American known as "the king of Grand Bahama."

Shouting Students Label Sukarno Red

By T. JEFF WILLIAMS

JAKARTA, Indonesia (AP)— At least eight students were bayoneted and scores were clubbed to the ground today as troops drove back 5000 young Indonesians trying to storm President Sukarno's palace.

Shouting that Sukarno was a Communist leader and should be brought to trial, the students broke through a cordon of troops and raced along the shaded avenue toward the palace.

With flags and banners streaming as they surged toward the palace guards, the students at first were laughing and singing, apparently thinking the palace guard would fall back.

But the combat troops in jungle camouflage charged the oncoming students, clubbing them with rifle butts and jabbing with bayonets until the youths turned and fled.

One youth was chased back and fourth until he was run through from behind. He collapsed with blood gushing from his mouth and the center of his back. As foreign newsmen stopped and tried to check the flow of blood he cried: "Help me! Help me!"

A girl, her blouse ripped, stumbled and fell as she fled from the bayonets. She was booted in the back, jerked to her feet and flung toward the screaming students.

Some of the troops pulled knives as they tore into the panic-stricken students. Rifle butts cracked heads left and right.

The students who buckled under the first onslaught from the glittering line of bayonets screamed in fear and pain as they ran. The troops chased them, catching boys and girls and beating them to the ground.

Despite the troops' brutality, the students regrouped repeatedly and plunged toward the palace. They got no closer than 200 yards to the steel fence around it.

The students, shouting that the troops should be brought to trial, began flinging stones and the soldiers threw them back. They did not open fire.

The students said they were prepared to die to bring Sukarno down.

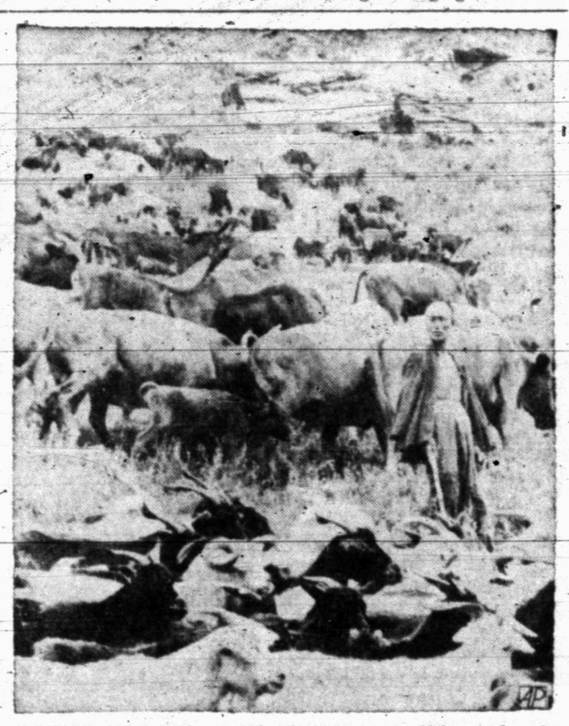
Sukarno had flown to his mountain palace at Bogor for the weekend but did not return this morning as scheduled. He apparently was advised of the unrest by Gen. Suharto, the leader of the new government.

The Jakarta military command had warned the students Sunday that no more demonstrations would be allowed. Earlier anti-Sukarno demonstrations over the weekend were dispersed at rifle point.

The demonstrations coincided with the trial of former Indonesian Foreign Minister Subandrio, who is accused of being involved in the Communist coup attempt last year and of misuse of $1 million of public funds.

In the third day of his trial before a military tribunal, Subandrio testified that he had heard Communist plans of the coup but did not tell Sukarno because he thought the president knew of it.

He said Communist China had promised to help the Indonesian Communist party stage the coup attempt.



MIXING THE HERDS IN CHINA — A Chinese herdsman stands amid his flock — a mixture of goats and cattle — on the side of a rocky hill. Peasants and workers alike are the targets of a steady government campaign to increase the production of food and factory goods. (AP Wirephoto)

FAIR ART IS DUE WEDNESDAY

All paintings to be entered in the Art Show of Scurry County Fair should be taken to the north east room in the Armory between the hours of 9 a.m. and 6 p.m. on Wednesday.

Any artist is eligible to enter and children's paintings are encouraged.

Judging will begin at 9 a.m. on Thursday and the art room will be closed to the public during the judging.

CONCERT ASSN. CARDS MAILED

Membership cards for Scurry Concert Association's 1966-67 series have been mailed, Mrs. Evelyn Schulz, secretary of the association, has announced.

Persons who have any questions about the membership cards may contact Mrs. Schulz by calling HI 3-3240.

2 Dead, 4 Hurt In Area Mishaps

Two men were killed and four women were injured in three separate motor vehicle accidents in Scurry County over the weekend.

Pronounced dead at the scene of an accident 11.3 miles west of Snyder on U.S. Highway 180 at 2:25 p.m. Sunday were Jose Delores Cepeda, 40, of Tahoka, and Horace Mack Tabor, 59, of Brownwood. Justice of the Peace Cone Merritt made the ruling of accidental death.

Investigating Highway Patrolmen said Cepeda's car, a 1958 model Ford, swerved off the highway to the south and traveled 240 feet, then crossed onto the shoulder of the road to the north for 96 feet, and careened up an embankment and turned over 2½ times while going another 160 feet. Both men were thrown from the vehicle. The car was demolished.

"Cepeda apparently lost control," said investigating officers.

Tabor had left the home of relatives in Snyder about 2 p.m. in his own car enroute to Seagraves where he worked as a grain harvester. His car had a flat about 16 miles west of town, and Tabor "hitched" a ride with Cepeda. They were traveling east towards Snyder when the accident occurred.

Cepeda was in this country on a visa from Mexico. He was employed as a farm laborer by Callaway Huffaker of Tahoka. His body was transferred to White Funeral Home in Tahoka where services are pending.

Rites are pending at Davis Morris Funeral Home in Brownwood for Tabor. Included among the survivors is a niece, Mrs. Charles Chamberlain, 2111 Avenue S, in Snyder.

Both bodies originally were taken to Bell - Seale Funeral Home.

Injured in a two-car accident at an uncontrolled intersection in Hermligh at 1:45 p.m. Saturday were Mrs. Helen Breeden, 37; her daughter, Mary Breeden, 19, both of Snyder; and Mrs. Genia Henderson, 57, of Hermleigh. They were taken to Cogdell Memorial Hospital by Bolger ambulance.

Mrs. Breeden sustained a fractured pelvis, several fractured ribs and cuts and bruises. Mary Breeden was treated for bruises and minor injuries. Mrs. Henderson also received minor injuries.

Hospital authorities today described their condition as good.

The mishap occurred as Mary Breeden was driving a 1962 Model Pontiac south on S. Pyron Street and Mrs. Henderson was driving a 1963 Model Chevrolet west on E. Lowe Street. Owner of the Pontiac is James Thomas Thompson. He was a passenger in the car, but he was not injured.

Damage to both vehicles was extensive.

Paula Alyce Cary, 54, of San Antonio, received minor injuries when her 1965 Ford Mustang turned over as she was attempting to negotiate a turn off of the Lubbock Highway onto a service road at the north end of Avenue S at 8:12 p.m. Saturday.

She also was taken to Cogdell Memorial Hospital by Bolger ambulance. Her condition was described as good.

Damage to the car was estimated at $150.

'Rockies Get First Snow

By THE ASSOCIATED PRESS

The first significant snow of the season fell on lower elevations of the central Rockies today as freezing weather nipped at parts of the Rockies and central Appalachians.

Killer Hurricane Inez kicked up a few squalls with winds of 40 to 45 miles an hour along the Florida coast between Miami and Palm Beach before moving away from Florida toward Abaco Island in the Bahamas.

From 6 inches to a foot of snow fell in Casper, Wyo. Snow plows began operating.

Brisk north winds carried cold air across the Northern Plains and northern and central Rockies. Temperatures dropped into the mid 20s in northwest Montana.

Kalispell, Mont., had 25 degrees; Lullan, Idaho, 27; Casper, Wyo., 29 and Asheville, N.C., 31.

A vast storm system covered the north central states causing rain or showers from southern Utah to northern Minnesota. Snow became mixed with rain in the Black Hills.

Ford Announces New Type Battery

DETROIT (AP) — Ford Motor Co. reported today it has achieved a major breakthrough by developing a new type battery which could pave the way for return of the electric-powered auto to U.S. highways.

Michael Ference Jr., Ford vice president for scientific research, said the new battery could store up to 15 times as much energy as present lead-acid storage batteries.

The firm disclosed Sept. 15 that it was working on the electric car project.

Ference said in a prepared statement that Ford Motor Co. and Ford of England have joined forces to build two prototype models of the proposed electric car.

The two companies described the new product, the first experimental model of which is being built in England now, as "a low-cost, subcompact limited performance 'city car' to carry two adults and two passengers."

The first two cars, one designed for testing in England and the other in metropolitan suburban areas of the United States, will be powered initially by lead-acid batteries, such as those now used in cars.

Ference said Ford has developed a new type sodium-sulfur battery, which is still in its early stages.

He added, "It promises to meet the over-all needs of an efficient, low-cost, compact, urban-suburban electric vehicle requiring only overnight recharging."

Ference estimated that the electric car, powered by the new battery, would have a range of 150 miles at 40-miles-an-hour speed.

An artist's sketch of the proposed car looks like an abridged version of Ford's Econo-van. The battery and the motor were installed under the floor on the driver's side of the vehicle.

Ford's first experimental car was to have an over-all length of about six feet and two starter motors for propulsion.

Designers of earlier electric cars have been stymied by the in the car and winding up even then with a very short cruising range.

Ference said the proposed new car would have greater acceleration and range than current batteries would provide.

Supreme Court Opens Busy Year

WASHINGTON (AP) — The Supreme Court held a 17-minute session today to open a new term that is expected to be the busiest in its long history.

The nine justices, appearing refreshed after their summer vacations, watched the admission of 53 attorneys to practice before the high tribunal and then recessed for closed conferences during the remainder of the week when they will consider stacks of new appeals filed during the summer.

Chief Justice Earl Warren began proceedings for the nine-month term by declaring: "The 1966 term of the Supreme Court is now convened."

This session the court faces a record-high docket of nearly 1,500 cases including some dealing with such controversial issues as eavesdropping, privacy, church-state relations, obscenity and civil rights.

Next Monday the court will begin handing down its rulings.

This is Earl Warren's 14th year as chief of justice and the 176th year in court history. Warren is 75.

The associate justices in order of seniority are: Hugo L. Black, 80; William O. Douglas, 68 on Oct. 16; Tom C. Clark, 67; John M. Harlan, 67; William J. Brennan Jr., 60; Potter Stewart, 51; Byron R. White, 49, and Abe Fortas, 56.

The problems they are being asked to weigh this year include:

Can the state of Virginia forbid marriage between the races?

Can the Iowa Supreme Court take a child from his "bohemian" father and award him to more "conventional' grandparents?

Is the death penalty constitutional?

Even can a college insist that students shave their beards and get haircuts?

A top attention-getter is Teamsters President James R. Hoffa's appeal from a 1964 jury-tampering conviction. The union leader argues the Justice Department violated his constitutional rights by planting a "spy" within his defense councils.

The eavesdropping question is raised by Fred B. Black Jr., a Washington public relations man whose hotel suite was bugged by the FBI. Convicted of income tax evasion, he is seeking a high court hearing.

The question of privacy recurs in an appeal by Time, Inc., from a $30,000 damage award. It is based on an article in Life magazine that likened the play, "The Desperate Hours," to the real-life experinces of a family held hostage by three escaped convicts.

One obscenity, the court will decide whether booksellers who claim they were not aware of the contents of allegedly obscene publications may be punished.

Among the civil rights cases before the court is one that asks whether four Episcopal ministers, arrested after trying to integrate a bus depot restaurant in Jackson, Miss., can sue the sentencing judge for damages. One of the ministers is the Rev. Robert L. Pierson, son-in-law of Gov. Nelson A. Rockefeller of New York.

And on the church-state front, the court has been asked to take on two Maryland cases that may have historic ramifications.

One questions whether government funds may be used to help build church-related school buildings; the other whether church property may be exempted from taxation.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have arranged many blind dates — some of which have resulted in successful marriages. A few months ago I introduced two people I thought would hit it off well. She is a 27-year-old school teacher, and he is a 36-year-old professional man I met through a relative. I was told the gentleman was a fine, eligible young man.

Naturally, I took eligible to mean marriageable. Well, a romance bloomed like you wouldn't believe, and this fine, eligible young man turned out to be only SEPARATED from his wife — not divorced as I had been led to believe. The girl is Catholic, which complicates matters.

My husband said, "I hope you have learned your lesson and have played Cupid for the last time." Abby, I don't see where any of this is my fault. I only arranged the date with the information I had been given in good faith. Am I responsible for this mess?

CUPID

DEAR CUPID: While matchmaking (an incurable avocation in most married women) tell each what you know about the other, but advise both to beware and find answers to all of their questions on their own.

* * *

DEAR ABBY: My daughter keeps asking me to invite her teachers to the house for dinner. I am not so sure that would be a good idea.

My daughter is a better-than-average student, but I am afraid someone might get the idea that she is apple polishing. I would like your opinion.

MRS. F IN PIEDMONT

DEAR MRS. F.: Invite the teachers. They enjoy an evening out in the home of students. Apple polishing? Applesauce!

* * *

DEAR ABBY I am 36 and my husband is 59. We have been married for 16 years and have five children. My husband doesnt allow us to go to movies, parties, or anywhere that has entertainment. We don't own a TV, and the children can't go to any school activities if there is dance music.

My husband doesn't believe women should drive cars and I am tired of being cooped up all the time in a 4-room house with those religious programs going full blast. The only time we ever go out is on Sundays—to church. I love church, but don't you think we need something else?

NERVOUS

DEAR NERVOUS: Yes. Your husband sounds like a sick man, but his kind is usually the last to admit it. YOU go see a doctor (for your nerves, I'm sure they could use it) and describe your homelife to him. Then ask for his recommendation.

* * *

CONFIDENTIAL TO "NEEDS ANOTHER OPINION" IN CEDAR RAPIDS: Offhand I would say he has delusions of adequacy. Lose him.

* * *

Problems? Write to Abby, Box 69700, Los Angeles, Cal. 90069. For a personal reply inclose a stamped, self - addressed envelope.

* * *

Hate to write letters? Send $1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Brazil Gets New Chief

BRASILIA, Brazil (AP)—Congress meets in joint session today to elect former War Minister Arthur da Costa e Silva Brazil's next president. The only candidate, he has the support of the government's National Renewal Alliance party which controls two-thirds of Congress.

Opposition members said they would boycott the session in hopes that a quorum would not be present and the vote could not be held. But government supporters say they will have 270 votes, 31 more than needed. The candidate, a veteran army officer who is 64 today, will succeed another general, President Humberto Castello Branco. He has ruled the country by decree since the overthrow of President Joao Goular in 1964.

Many of the president's broad powers will end with Costa e Silva's inauguration March 15, returning power to Congress.

Castello Branco's term was to have ended last March but was extended one year.

Shortage Of Gas Is Seen

DALLAS (AP) — The Federal Power Commission must act quickly to save the United States from a shortage of natural gas, E. H. Timmerman of Denver told petroleum engineers today.

Timmerman, an engineer for Shell Oil Co., spoke at the fall meeting of the Society of Petroleum Engineers to about 3,500 delegates.

Added incentives to search for new gas reserves must come from the FPC "in 1966 if the public interest is to be properly protected," Timmerman said.

But he added that the current decline in exploration and drilling means it probably will be impossible to stop the loss of gas reserves. Timmerman said it takes the industry five years to "crank up" and create new reserves from fresh exploration.

The Denver engineer said the critical point will be reached by 1970, and that in less than 15 years the United States will have enough gas to last only another 15.

Timmerman said the federal commission apparently thinks current reserves are adequate, judging from its decision in the Permian Basin case to control at-well prices of gas.

Escapee Is Recaptured

PALO PINTO, Tex. (AP)—A California man being held on burglary charges escaped from the Palo Pinto County Jail Sunday night but was recaptured a short time later.

Authorities said Carl Ray McCullough, 21, of Danville, had been let out of his cell to make a telephone call when he took the keys from jailer Tom Moore and locked him up.

The prisoner got out of the courthouse through a ground floor window. He was apprehended some 20 minutes later while walking down U.S. 180 a mile from the jail.

Palo Pinto is 60 miles west of Fort Worth.

Earthquake Jolts Southern Colorado

TRINIDAD, Colo. (AP) — An earthquake cracked plaster and nerves in this southern Colorado town Sunday night. Estimates of the tremor's epicenter ranged from here to Socorro, N.M., 245 miles south.

The quake measured between 4.5 and 4.75 on the Richter scale, which measures intensity.

There was no damage reported outside of Trinidad.

A group of businessmen and scholars plan to rebuild much of the city of Port Royal, Jamaica as it existed before an earthquake toppled it into the sea in 1692.

Houston Opens Its Jones Hall

By RICHARD BEENE

HOUSTON (AP) — A monumental "temple of sound" that could prove to be one of the nation's most outstanding performing arts theaters greets Houston tonight with its grand opening concert.

The Jesse H. Jones Hall for the Performing Arts, a gift to the city, was dedicated in civic ceremonies Sunday to the memory of the financial genius and philanthropist who became known as "Mr. Houston."

Sir John Barbirolli will direct the 80-member Houston Symphony Orchestra as it presents works meticulously selected for the grand opening, including a special composition by Alan Hovhaness, "Ode to the Temple of Sound."

The $6.7 million, multi-purpose hall was musically christened Sunday by the Houston All-City Symphony, a group of teenagers who toured Europe last summer.

President Lyndon B. Johnson, in a telegram read at Sunday's ceremonies, said the majestic marble structure will be "a lasting monument to an outstanding American."

Also in a telegram Texas Gov. John Connally said the opening, which launched a month-long Houston Arts Festival, represented "a significant day in the history of Texas and all the Southwest."

The hall is a gift from Houston Endowment Inc., the philanthropic foundation Jesse H. Jones established prior to his death 10 years ago.

It was formally presented to the city by Mrs. Audrey Jones Beck and John T. Jones Jr., a granddaughter and a nephew of the late wartime secretary of commerce.

Presenting a gold key to Mayor Louie Welch, Mrs. Beck said, "we hope this is the key to many hours of happiness for everyone."

John Jones said the structure, a 32-month effort built on a full downtown block donated by the city, "is given without reservation and is to be used and enjoyed by all. That is the way Mr. Jesse would have liked it."

MARINES

Continued From Page One

peated the order.

India Company again withdrew under fire carrying its wounded.

Sunday it was Mike Company's turn to try to gain the rise.

More artillery and air power worked over the hill until the trees were spare and black. Still the bunkers were intact.

Mike Company's commander, Capt. Edward Crowell of Lincoln R.I., inched his men carefully past the bunkers where India Company had been set back the two preceding days.

Crowell's men threw grenades methodically into some bunkers and fired rockets into others.

Mike Company advanced, pouring fire in every direction. They still were unopposed.

Crowell decided on a charge to the top.

The Leathernecks tossed grenades, and moved up the hill, yelling encouragement to each other.

The 100-yard charge was over in five minutes. Not one Marine was injured. The North Vietnamese had disappeared.

The Marines said their battalion's casualties were light. They reported 148 confirmed enemy dead and 265 probably killed in 11 days.

Hill Service Set Tuesday

Funeral for Mrs. Martha Holland Hill, 69, 1182 Thirty-fifth Street, will be held at 4 p.m. Tuesday in Mt. Olive Baptist Church with the Rev. Fred Nelson, pastor, officiating. Burial will follow in Snyder Cemetery under the direction of Bolger Funeral Home.

Mrs. Hill died at 8:15 p.m. Saturday in Cogdell Memorial Hospital. She had been a resident of the county for the past 36 years.

Born Dec. 11, 1896 in Fayetteville, Tex., Mrs. Hill is survived by two brothers, Eddie Reed of San Angelo, and Will Lawson, Los Angeles, Calif., and several nieces and nephews.

SCD Voting Is on Today

An election was being held this afternoon to elect a district supervisor for Zone 3 of the Upper Colorado Soil Conservation District.

It was erroneously reported earlier that the election was set for Tuesday.

The voting was taking place at the Northeast Community Center. Landowners in Zone 3, which is the area of Scurry County north of U.S. Highway 180 and east of U.S. Highway 84, were voting in the election. All persons who own land in the zone and who live in Scurry or Borden County, along with their wives, were eligible to cast ballots.

Theories that poisonus mushrooms will darken a silver spoon, or that they have a telltale odor, texture, or exudate, or a cap that peels readily — "all these had better be forgotten," according to Professor Alexander H. Smith of the University of Michigan.

A group of small pitchers, of clear glass or in harmonious shades of china or pottery, may be grouped, filled with flowers or leaves and used as a charming centerpiece for a dining table. Such pitchers — with some age, but not "antique"— may often be picked up at inexpensive prices.

BIRTHS

Baby boy born to Mr. and Mrs. Frank Guzman of Fluvanna weighed 8 lbs. 4 oz. born at 10:45 a.m. Oct. 1.

Baby boy born to Mr. and Mrs. Teddy Carrasco, born at 11:21 p.m. on Oct. 1 weighed 7 lbs. 12½ oz.

A baby girl was born to Mr. and Mrs. Roger Blackard, weighed 7 lbs. 2 oz. 11:28 a.m. on Oct. 2.

HOSPITAL NOTES

CHAPLAIN: Dr. A. B. Lightfoot

ADMISSIONS: Lydia Guzman, Fluvanna; Bertha Littlepage, 3408 Ave. A; Santiago Chevaz, Colorado City; Beatrice Owens, 2212 Twenty - eighth St.; Eugnia Henderson, Hermleigh; Mary Katherine Breeden, 602 Twenty - eighth St.; Mary Helen Breeden, 602 Twenty - eighth; Robert [illegible]ton, Ira; Betty Jones, Rt. 2; Sarah Davis, Fluvanna; Janie Carrasco, 416 Thirtieth St; Pauline Carey, San Antonio; Paula Cary, San Antonio; Elibara Rodriquez, Rt. 3; Doris Blackard, Rt. 2; Teresa Autry, 201 Thirty - sixth St.; Josephine Garcia, Hermleigh; Annie Beavers, Hermleigh; James Woods, 1511 Ave. R; Edna Banks, 1001 Twenty - sixth; Ellis Burgess, 3106 Thirty-ninth.

DISMISSALS: Patsy Burney, Ola Walker; Bessie Stone, Lois Hatcher, Sadie Skains, Mrs. Bob Hart and baby girl, Alvin Orr, Elibara Rodriquez, Myrtle Edwards, Arthur McDowell, Lute Ramos, Lydia Guzman and baby boy, Sylvester Forbus.

Candy Barr Is Cheered

HUNTSVILLE, Tex. (AP) — Candy Barr, the first former inmate to return to the rodeo as an entertainment star, drew cheers when she sang at the opening performance of the 35th annual Prison Rodeo Sunday.

The former Dallas night club stripper and Justin Wilson, popular Cajun storyteller, were the guest entertainers on the program preceding the rodeo. Approximately 15,000 persons, a number of them from Louisiana attended.

Performances of the rodeo, which convicts boast is "the wildest rodeo in Texas," are held each Sunday during October.

Sunday's two-hour performance was opened by the traditional mad scramble event in which 10 riders atop 10 wild bulls come into the arena from 10 chutes at the same time.

Joe Willie Viser of Houston placed first in the mad scramble, followed by Robert Gray of Odor and Alfred Gray of La Porte.

El Feliz Club meets with Mrs Henry Kelley, Colorado City Road, 2 p.m.

Garden Club Women Meet

WACO, Tex. (AP) — Garden Club women from all sections of Texas arrived in Waco today to attend the three-day Texas Landscape Design School, one of a series of three.

The school is sponsored by the National Council of State Garden Clubs, Inc., with Robert H. Rucker, former Waco an, the national chairman.

Mrs. A. M. Aikin Jr. of Paris, president of Texas Garden Clubs, Inc., was to give first greetings. Present were Mrs. M. A. Bradburn of Houston, chairman of state landscape schools; Mrs. H. M. Aspach, Waco chairman; Mrs. Ross Haddock, president of the Waco Council of Garden Clubs, hostess group; and Lee Dunham, director of adult education of Baylor University.

Four members of the American Society of Landscape Architects, Robert H. Rucker and J. D. Zachariah of the University of Oklahoma, and Ollie Eugene Schnickel and I. J. Ramsbottom of Arlington will continue lectures Tuesday.

More than 800 varieties of cheese are manufactured in the United States. The favorite cheeses of foreign countries are manufactured here, too.

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and cause tense and nervous from too frequent, burning or itching urination both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backaches and feel old, tired, depressed. In such Irritation, CYSTEX combines two fast-acting medicines for curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

Colonial Hill WMU Program Set

The Woman's Missionary Union of Colonial Hill Baptist Church will have its monthly Royal Service Program at 7:30 p.m. in the home of Mrs. Odell Cox, 3707 Avenue U.

Mrs. Gene McGee, program chairman, will be in charge of this evening's program which is titled "The Search for God Among Language Groups."

The WMU also sponsors the Sunbeams which will begin a new season this week. First and second graders will meet at the church at 2:45 p.m. Tuesday, while the World Friends group will meet at 3:45 p.m. Wednesday.

Zeta Lambda Chapter, DKG, In Session Here

The Zeta Lambda Chapter of Delta Kappa Gamma met Monday evening, Sept. 26, in the home of Mrs. Frank Miller, with Mrs. Durelle Gorman and Mrs. Eva Nelson serving as co-hostesses.

The members were welcomed by the president, Mrs. Dorothy Miller, and after a brief business meeting she called on the delegates who had attended the state convention in San Antonio this past summer to report on the convention.

Reports were given by Reta Carter, Virginia Grove, Evelyn Boone and Dorothy Miller. Each told how inspiring and enlightening the meetings were.

Virginia Grove reported on her trip to the International Delta Kappa Gamma Convention in Cleveland, Ohio. She brought souvenirs she had received at the convention and showed some of the highlights of her trip.

Georgene Galloway gave a "Peek into the future for Delta Kappa Gamma" and read some excerpts from the book, "O Ye Jigs and Juleps."

The organization voted to change the October meeting date to Oct. 31. The meeting will be in the home of Mrs. Delia McPherson. The president reminded all members of the regional meeting Nov. 12 in Midland.

One new member, Mrs. Bobbie Combest, a transfer from Hereford, was welcomed into the club.

Other members present were Ruby Anderson, Barbara Bigham, Evelyn Boone, Maydelle Burns, Lesta Burris, Reta Carter, Mary Devenport, Georgene Galloway, Durelle Gorman, Joyce Gorman, Virginia Grove, Hazel Hanback, Bess Johnston, Carol Miller, Dorothy Miller, Eva Nelson, Sally ORear, Wanda Clinton, Pauline Turner, and Elwanda Nall.

Butter Angelfood Cake

1 cup sifted flour
1 teaspoon baking powder
Pinch of salt
1 tablespoon cornstarch
8 large egg whites (1 cup)
1 cup sugar
½ teaspoon vanilla
½ cup butter, melted and cooled

Sift together the flour, baking powder, salt and cornstarch, return to sifter and reserve. In a large mixing bowl, beat the egg whites until foamy; beat in the sugar, 1 tablespoon at a time, and then the vanilla; continue to beat if necessary until meringue holds glossy stiff straight peaks when beater is slowly withdrawn. Gradually sift in the flour mixture, folding in as you do so, so that no flour particles show. Fold in the melted butter until no streaks show. Turn into a buttered 3-quart fluted tube pan (9 by 3½ inches); cut through batter with a knife to break air bubbles. Bake in a moderate (350 degrees) oven until cake shrinks from sides of pan and the surface, when lightly touched, shows no dent — about 45 minutes. With a small spatula, loosen outside and tube edges; turn out on a wire rack; cool.

When shopping for cheese remember that "natural cheese" applies to cheese in its original form as contrasted with pasteurized process cheese, cold pack cheese and other types. The labels of natural cheese and other types of cheese carry important descriptive information you should check when shopping. Look for the name of the product: Cheddar cheese, Swiss cheese or Blue cheese. Do not confuse the brand name with the name of the cheese. Do not confuse true dairy products with altered or "filled" cheese products appearing on the market. These contain vegetable oil in place of milk fat. Check the labels!

"I wish I had a million of 'em"

Jimmy Durante has been a friend of Savings Bonds for a long time. He was already one of America's best-loved comedians when the Treasury Department issued the first Series E Bond on May 1, 1941.

Working hand-in-hand with a team of other volunteers from all walks of life, Jimmy has helped sell more than $150 billion in Savings Bonds to the American people. Bonds for education, new homes, retirement, emergencies. Dollars that grow to make your future more secure.

And dollars that help our fighting men in Vietnam.

Buy U.S. Savings Bonds where you bank or work. Better start now, if you ever expect to have a million of 'em.

NOW—Savings Bonds Pay 4.15%.

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Clarence Mitchell Works Behind Scenes For Negroes

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Most people in this country, Negro or white, have never seen or heard of Clarence Mitchell, a tall, husky, rather shy man who has led a completely dedicated life.

There can be few, if any, men alive who have worked longer or harder for civil rights and an end to racial discrimination and injustice than this 55-year old Negro with a soft voice and a great supply of self-control.

Television cameras seldom show him, news stories seldom mention him. For 21 years, as Washington representative of the National Association for the Advancement of Colored People, he has worked inside.

His efforts have been aimed at getting civil rights legislation through Congress, getting the government to enforce legislation already on the books, banning discrimination in and out of government.

This means: Working under the Capitol dome with members of Congress, with all that involves in rounding up votes, consulting on bills to get them as strong and effective as he can; consulting with lawyers in the Justice Department on legislation and enforcement; conferring with White House aides of the President on all the ramifications of civil rights.

This is all work on the inside, out of public view. It's the outside men, like Stokely Carmichael and Dr. Martin Luther King Jr., who supply the civil rights movement with its dramatics and so become national figures.

Carmichael, with his ambiguous harangues, inflames some Negroes and angers or dismays some whites. King, with his speeches and marches, has come to symbolize the Negroes' struggle. Carmichael is head of the Student Nonviolent Coordinating Committee, King heads the Southern Christian Leadership Conference.

But they are Johnnies-come-lately compared with Mitchell who has been at his job since 1945, lives in Baltimore and commutes to his Washington office, works 9 to 12 hours five days a week, and seldom has weekends home. He spends them going around the country discussing civil rights with interested groups.

Many individuals and organizations have been responsible for the progress made so far. But Mitchell's role in all of it is basic. If there had been no Mitchell, he would have had to be invented.

To an outsider much of his work may seem like drudgery. The endless conversations and consultations, arguments, frustrations, attention to details, push for action, and all repeated year after year.

The progress has been painfully slow but the life of Mitchell's own family is like a bridge between the past and the future.

He had to go to Lincoln University in Pennsylvania back in the early 1930s because the University of Maryland was segregated. Then it began to desegregate and Mitchell's wife, Juanita, and his brother, Parren, got degrees there.

Mrs. Mitchell, a lawyer in private practice, is also Baltimore counsel for the NAACP. The oldest of the Mitchells' four sons, also named Clarence, is a member of the Maryland Legislature, one of the three youngest persons ever electd to it. He is running for the state Senate now.

There have been almost suffocating frustrations in Mitchell's 21 years here. Because of Southern opposition, no civil rights bill could be passed in this century until 1957. Then others went through in 1960, 1964, 1965. Mitchell had a hand in all of them.

Junior Editors Quiz on BOTTLED SHIPS

QUESTION: How did old-time seamen put ships inside bottles?

* * *

ANSWER: It is possible to cut a glass bottle, put a ship model inside and seal it up again. But most old-time model makers wanted to boast that the ship had passed through the bottle's neck. Here's how many of them did it:

The model was made outside the bottle with the masts hinged at the bottom so they could be folded back and the yards and sails turned edgewise (1). By compressing the masts, sails and hull together, the little ship could just be squeezed through the neck. The maker would previously have pushed putty in with a long stick and arranged it to look like waves; the ship was slid into position on this putty sea. A long thread (2) was left coming out through the neck. When one pulled on this (3), the masts would spring up and the sails fall into place. When the ship was stuck fast in the putty, the maker pulled this thread, and the masts jumped upright. A touch of glue on the end of the bowsprit held the thread tightly. The rest of the thread was burned off.

* * *

FOR YOU TO DO: If you see a ship in a bottle, ask the owner to let you look at the bottom. A ring of line will show if the glass has been cut to put the ship in.

(Patricia Rauler of Youngstown, Ohio, wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Columnist Learns From Mail Again

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

One of the boons to mankind that Marco Polo brought back to Italy from China was macaroni. Last year U.S. families ate 1,751,404,809 pounds of macaroni products.

Many dogs seem to like the flavor of mailmen. They bite about 7,000 a year, and this costs Uncle Sam a million bucks in sick leave and medical expenses.

If you think highways are crowded now, here's a forecast to mull over: Beginning in 1970, the annual crop of boys and girls who become old enough to drive will exceed four million.

Sweet courtship: In Honduras, an Indian lad proposes marriage by offering his girl a gift of cocoa beans. If she accepts, they serve chocolate at the wedding.

Psychologists say that up to five million Americans — one out of every 40 persons — have tried to take their lives at least once. But obviously most of them didn't try very hard.

War is still a young man's game — and particularly jungle warfare. The average age of combat soldiers in many U.S. units in Viet Nam is only 18½.

Quotable notables: "Fear has always seemed to me to be the worst stumbling block which anyone has to face. It is the great crippler. My childhood and early youth were one long battle against fear" — Eleanor Roosevelt.

Political payoff: Members of the Greek Parliament have the use of two telephones each without charge. So, to win good will and votes, they usually install one of the telephones in their home district and let constituents make free phone calls to relatives all over Greece. Wouldn't that work wonders for a U.S. politician!

Tea, not coffee is the most popular beverage in the world. Americans alone drink 31 billion cups a year.

The good old days: Doctors sometimes put the letters "PP" on a prescription. It was their way of letting the pharmacist know the patient was a "poor person," and should be charged accordingly.

Folk lore: It's bad luck to carry a hoe into the house. You'll have a bad accident if you put both sock and shoe on one foot before putting a sock on the other foot. The first dream you have while sleeping under a new blanket or quilt will come true. Munching caraway or dill seeds will keep you from having hiccups in church.

Insect hercules: For its size, the ant is the world's strongest creature; it can lift 50 times its own weight. If your 125-pound wife were that muscular, she could carry home more than three tons of groceries at a time from the supermarket.

It was George Bernard Shaw who observed, "Except during the nine months before he draws his first breath, no man manages his affairs as well as a tree does."

If you serve whipped cream with Pecan Pie, don't sweeten the garnish! Pecan pie is quite sweet enough as is.

Tenacious Bulldogs Hold On For 7-6 Win

Stamford's defense thwarted Denver City in the clutches here Saturday night to take a 7-6 gridiron decision in a Class AA game held on neutral Tiger turf.

The Bulldogs of Coach Larry Wartes pushed across a touchdown with 1:06 remaining in the first quarter, and then held on as Denver City generated most of the offensive thrusts thereafter.

Raymond Cedillo, a 144-pound fullback, was the man of the hour for Stamford. He took a pitchout around left end and swept four yards to a touchdown. Big tackle Joey Lawson kicked the point that proved to be the margin of difference.

Cedillo's run capped a 66-yard, 10-play march. Halfback Van Grimes contributed the key play in the drive when he skirted right end on a 26-yard run to the eight. An ability to turn the corner on end runs paid off for Stamford in this march.

Denver City cranked up its offense following the kickoff, and covered 90 yards in 10 downs, including a 26-yard kickoff return. With quarterback Gary Hatfield, 136-pound co-captain going outside, and John Powell, 170-pound fullback, doing the damage inside, the Mustangs moved steadily downfield. Hatfield scored the TD from 21 yards out. He rolled out to his left and danced down the east sidelines to the double-stripes.

Hatfield, a left-handed passer, attempted a pass for extra points, but the ball was batted harmlessly to the turf in the end zone.

The Mustangs had time for another impressive drive which almost carried them to victory. They held Stamford on a 4th and 2 situation at their 38, then moved to the Bulldog 11 in 8 plays with Hatfield getting most of the yardage on swift-striking keepers.

He lofted a 24-yard toss to right end Dwayne Young at the 11. After two incomplete passes, Hatfield faded for another pass, but he was spilled for a loss at the 14 as time ran out. A field goal at this point could have won for Denver City. (There's nothing like hindsight.)

Denver City made the only significant marches in the second half as the match turned into a defensive battle. The hosses moved from their 25 to the Bulldog 38 and from their 18 to the Bulldog 35 in the 3rd period. Hatfield almost broke loose in the second drive, as he ran around right end from his 22 to the Stamford 49. The safety man — the last Bulldog to stand in Hatfield's path — made the tackle.

A fumble halted the hosses at Midfield in the 4th period, and Stamford tried unsuccessfully to run out the clock.

With less than two minutes remaining Coach Don Orr's boys gave it the old college try. They reached the 25 on a passing attack with Hatfield hitting Young with a 5-yarder, and halfback Robert Kizer hitting the same tall end with a 16-yarder.

Another halfback pass, with Kizer throwing deep to Hatfield almost paid off at the five. But two alert defenders contested the talented quarterback for the ball and it fell incomplete.

On the last play of the game, Powell attempted a field goal from the 31. The snapback was high and the quarterback wasted a precious second getting the ball into place. Powell apparently hurried the kick trying to make up for lost time, and the ball went too low.

Tenacious defensive efforts by Lawson, guard Bill Box and the entire Stamford line went a long way in paving the road to victory.

SPORTS

Prep District Battles Begin

BY THE ASSOCIATED PRESS

The mighty Texas schoolboy football race rumbles into October for all-out warfare at the district level.

Few changes appear likely in the ratings of Class AAAA but Brownwood's status as No. 1 in Class AAA is in the balance. The Lions were beaten by Abilene Cooper of Class AAAA 26-7 last week to end a winning streak that had extended through 20 games.

No. 2 McKinney had an open date and No. 3 Athens was knocked over 13-6 by Kilgore while Dumas, No. 4, edged Amarillo of Class AAAA 15-14.

San Angelo lashed Lawton, Okla., and held onto its lead in Class AAAA and only one of the top 10 teams lost. That was seventh place Longview, which fell to unranked Dallas Woodrow Wilson 19-14.

All the top rated came through in Class AA and there seemed little chance of a shake-up in the rankings through the first five. Sweeny, No. 1, beat Edna 27-6 in a show of power that further enhanced its status. No. 2 Iowa Park clouted Burkburnett 36-16, No. 3 Mineola crushed Quitman 34-0, No. 4 Granbury whipped Glen Rose 41-6 and No. 5 Bishop shut out Rockport 13-0.

Forney, rated No. 1 in Class A justified its position by slamming Class AA Commerce 41-0 and No. 2 White Deer beat McLean 20-0, while No. 3 Crowell managed to down Munday only 6-0. Forney's No. 1 spot does not appear in danger.

Only 20 teams are undefeated and untied in Class AAAA and none clash with each other this week. However, Abilene Cooper does meet a team that's undefeated but has been tied in a district 2 clash—Odessa.

Class AAA has 21 teams with unsullied records and in two instances they meet each other this week. Lamesa and Snyder tangle in one of them, Pine Tree and Carthage in the other.

Conference play was fairly heavy over the state last week but this week it will flame on all fronts. The interdistrict and intersectional clashes are virtually out of the way and the teams settle down to the grim business of deciding district champions.

United To Expand Into Texas Area

KANSAS CITY (AP) — The United Telephone System the nation's third largest, will extend its operations into Texas early in 1967 with the acquisition of Gulf States Telephone Co., a joint announcement by the two organizations said today.

The agreement between the corporations provides for transfer of assets and liabilities of Gulf States to Gulf States-United Telephone Co., a utilities subsidiary to be organized under the laws of Texas in exchange for transfer by United to Gulf States of 926,478 shares of United's common stock. Based on present quotations for United shares, this will equal approximately $20.25 million.

United Utilities, a holding company for United's operating companies, operates telephones in 17 states from coast to coast and is exceeded in size only by the Bell System and the General Telephone System.

Gulf States serves over 50,000 telephones in 48 exchanges in Texas, 43 of them in Central and East Texas, including Dallas and Fort Worth suburbs, and five near Houston.

Don Wins Canadian

VANCOUVER (AP) — A mild-mannered Texan who becomes dead serious on the golf course won the Canadian Open Golf Tournament Sunday and pocketed $20,000 for the four days' work — his largest check ever.

Don Massengale of Jacksboro, Tex., won the $100,000 tournament and the Seagram Golf Cup in spectacular fashion, chipping in from 45-yards out for an eagle 3 on the par-5 16th.

The shot left little hope for Chi Chi Rodriguez of Puerto Rico, who led going into the fourth round. He missed a 10-foot birdie putt on the 16th that would have put him only two strokes behind Massengale, then went one over on both of the final two holes.

The 29-year-old Texan finished the round with one-under-par 70 for a 280, 72-hole total to become the only pro in the tournament to master the sprawling Shaughnessy Golf and Country Club layout with better-than-par scores on all rounds. He had four successive 70s.

Chi Chi settled for second place money of $12,000 with a 283.

Co-favorites Jack Nicklaus and Billy Casper shot 288 and 292, respectively for 27 and collected only $712. He follows Casper on the money list with nearly $90,000 won on the pro circuit this year.

Funny Money Yield Shows Huge Increase

WASHINGTON (AP) — Counterfeiters turned out record amounts of phoney money last fiscal year and apparently are headed for even higher production marks.

Reporting this today, the Secret Service said in its annual report that it seized a record $9 million in counterfeit money during the fiscal year which ended last June 30. It said about 90 per cent of the bogus bills were caught before they got into circulation.

Robinson Has Triple Crown

NEW YORK (AP) — Frank Robinson clinched baseball's first triple crown in 10 years Sunday as the regular season ended.

Baltimore's slugging outfielder won the American League batting title with a .316 average, nine points better than Minnesota's Tony Oliva, who had won the championship in 1964 and 1965.

Robinson also led the league in runs batted in with 122 and in home runs with 49. His 121 runs also led that department.

In the National League, Matty Alou of the Pittsburgh Pirates won the batting title with a .342 average, 25 points better than his brother, Felipe, who plays for the Atlanta Braves.

Hank Aaron of Atlanta led in both home runs with 44 and runs batted in with 127 but batted only .279.

Felipe Alou also led the NL in hits with 218 and runs with 122.

Based on 15 decisions, the Los Angeles Dodgers' Phil Regan finished with the top pitching percentage. Regan, a relief specialist was 14-1 for .933. In the American League, Minnesota's Dave Boswell with 12-5 for .706 had the top percentage.

The top winner was Sandy Koufax of Los Angeles, who was 27-9. Koufax' total was the most won by any pitcher since Don Newcome of the Dodgers won 27 in 1956. The last pitcher to top that total was Robin Roberts, who won 28 for the 1952 Philadelphia Phillies.

Lucky Lee Edges Travis Ninth, 6-0

The Travis Junior High 9th grade football team and San Angelo Lee's 9th graders staged a bruising defensive battle Saturday night on the local junior high field with Lee capitalizing on a break to win a 6-0 decision.

Travis made the first surge, covering Lee's fumble after the return of the opening kickoff on the Lee 48. However, the hosts were unable to move.

Early in the second period, Lee got its big break, pounding on a Travis fumble at the Blue Devil 21 yard line. The visitors scored in three plays, with the touchdown coming on a two-yard plunge.

There were no other serious scoring threats in the ball game as the defensive units of both ball teams controlled the action.

SNYDER-LAMESA TICKETS HERE

Tickets to the Snyder-Lamesa football game to be played in Lamesa Friday night have arrived here and have gone on sale at the school administration building.

The tickets are priced at $1.50 each for adults and 50 cents each for students.

Friday night's game will be the first conference action for both teams. The Golden Tornadoes have won 3 and lost 1 in non-district play, which the Tigers are 2-2 in exhibition action.

CARDS CLIP EAGLES, 41-10

By DICK COUCH

The delayed take-off isn't part of Charlie Winner's game plan, but his St. Louis Cardinals are making the most of their 30-minute flights.

St. Louis struck for 24 points in the second half Sunday and continued its National Football League resurgence under new coach Winner with a 41-10 triumph over the Philadelphia Eagles.

It was the fourth victory without a loss for the Cards, who lead the NFL's Eastern Division after a frustrating 5-9 finish last year.

In their four starts, the Cards have outscored their opponents 77-10 after intermission.

They had been outplayed by the Eagles in the first half Sunday but led 17-10 — thanks to an 86-yard punt return by rookie Johnny Roland.

Then Larry Wilson intercepted a pass and raced 91 yards for a touchdown, Jerry Stovall ran 18 yards to score with another pass theft, Charlie Johnson hit Billy Gambrell with a 12-yard scoring pitch and Jim Bakken kicked a 34-yard field goal as St. Louis turned the game into a rout.

Sunday's victory kept St. Louis one-half game in front of the Dallas Cowboys, who overpowered winless Atlanta 47-14 for a 3-0 mark.

Bart Starr fired touchdown bombs of 53 and 78 yards as Green Bay's Western Division leaders downed Detroit 23-14 for their fourth straight victory while Chicago edged Minnesota 13-10, Cleveland drubbed New York 28-7 and Washington topped Pittsburgh 24-10.

Los Angeles had whipped San Francisco 34-3 in a Friday night game.

The Cowboys, ahead only 17-14 in the third quarter, pulled away on Don Meredith's 49-yard touchdown pass to speedster Bob Hayes and linebacker Chuck Howley's 57-yard scoring jaunt with a recovered fumble.

Starr hit Marv Flemming with a short pass over the middle and the Packers' tight end rambled 45 yards to complete the 53-yard scoring play. Starr then connected with Carroll Dale for a 78-yard payoff that boosted the Packers' first half margin to 17-0. Three field goals by Don Chandler completed the Green Bay scoring and the NFL kings held off a Detroit comeback.

Rudy Bukich's 19-yard touchdown pass to Mike Eitka with 2½ minutes to play capped a 45-yard drive that lifted the Bears past Minnesota for their first victory in three starts.

Leroy Kelly led the Browns to their runaway victory over New York, smashing 138 yards on the ground, scoring one touchdown and setting up another.

Sonny Jurgensen teamed with Bobby Mitchell on touchdown strikes covering 70 and 51 yards and hit Charley Taylor with a 60-yard TD bomb as the Redskins romped to their second victory over the Steelers in two weeks.

Tribe Tips Tiger Netmen 8 To 5

Seminole defeated Snyder, 8-5, in a tennis match at Towle Park Saturday.

Gordon Stokes of Snyder defeated Ronnie Dulan, 6-4, 2-6, 6-2 in the No. 1 boys singles match and Jerry Bell bested Barry Hill, 6-3, 6-3, in the No. 2 match.

In other boys singles matches, Wayne Anderson lost to Seminole's Karl Pearce, 6-4, 5-7, 6-3, and Jimmy Gardner lost to Charles Franks, 6-4, 6-0. John Phillips won his match with Robert Kirke, 6-1, 6-1.

An outstanding Tiger junior netman, Max Falls, defeated David Wheelis, 6-0 6-0.

In the girls singles Emily Kincaid lost to the Indians' Barbara Bramlett, 6-2, 6-0, and DeAnna Alexander lost, 6-2, 6-0, to Carolyn Booe. Seminole's Patsy Miller also won, 6-1 7-5, over Pat Jocoy. Bramlett is the defending champion in Class AAA girls singles circles.

In the boys doubles, Stokes and Bell were beaten 7-5, 6-2, by Dulan and Hill. Skeet Doss and Charles Franks won, 6-2, 6-3, over Snyder's Tony Scott and Jim Spence.

Alexander and Miller defeated Lilah Gainey and Paula Phillips, 8-6, in a girls pro set doubles match.

Next Saturday, Snyder Coach Ken McAllister will take his top individuals to the open tournament at San Angelo.

World Series Opens Wednesday In LA

By JACK HAND
Associated Press Sports Writer

PHILADELPHIA (AP) — Don Drysdale or Claude Osteen will pitch the World Series opener for the Los Angeles Dodgers Wednesday since Sandy Koufax had to go the route Sunday in the pennant clincher over the Phillies.

"It will be Drysdale or Osteen," Manager Walter Alston said Sunday night in the chaotic Dodger clubhouse before the club flew home to get ready for the Series with the Baltimore Orioles. "Sandy probably will go in the second game."

The Series opens Wednesday in Los Angeles.

Oriole Manager Hank Bauer said he would start lefty Dave McNally (13-6) in the opener and follow with Jim Palmer, 15-10.

Mickey Takes First

BONSALL, Calif. (AP) — Mickey Wright of Dallas fired a one-under-par 71 Sunday to win the sixth annual San Luis Rey Country Club Tournament named in her honor.

Miss Wright, who returned to the tour this year after a nine-month's absence, carded a 289 total for a one-shot edge over Clifford Ann Creed.

It was the fifth tournament victory in the last seven tries for Miss Wright. In the other two, she finished second.

Kroner Kicks Denver Past Oilers, 40-38

By RON RAPOPORT
Associated Press Sports Writer

The book on Denver's Gary Kroner is that he is "not a good long Kicker, and he will have a "tough fight to hold his job." Somebody will have to write a new book.

In this case, the offending words come from the Broncos' very own press guide. Sunday Kroner surprised the journal's author, not to mention Coach Ray Malavasi, with four field goals. Two were from 46 yards out and the last of these gave the Broncos a 40-38 victory over Houston.

It was Denver's first victory of the AFL season and came over a team that had humiliated the Broncos 45-7 just four weeks ago in the season opener.

Kroner, 25, a University of Wisconsin graduate, was 10th best scorer in the league last season on the strength of his points after touchdown, but until Sunday he had never kicked a field goal longer than 37 yards.

He converted his first long effort just at the end of the first half and then, after missing one from 52 yards away with 1:45 left in the game, Kroner got another chance.

The Broncos were fourth and inches with those 27 seconds left, but with no time outs remaining. Rather than try for an out-of-bounds pass, Malavasi ordered another field-goal attempt and held his breath. He said later he figured maybe Kroner's time had came because the kicker had been booming kickoffs in and out of the end zone all day.

Before this, Kroner hadn't had much chance at kickoffs. Denver scored only 24 points in its first three games.

In other AFL games, San Diego crushed Miami 44-10, New York and Boston fought to a 24-24 tie and Buffalo took Kansas City 29-14.

In the NFL, Chicago beat Minnesota 13-10, Cleveland crushed New York 28-7, Dallas smother Atlanta 47-14, Green Bay took Detroit 23-14, Washington beat Pittsburgh 24-10 and St. Louis handled Philadelphia 41-10.

For the losing Oilers, George Blanda threw five touchdown passes, three to Charley Frazier, but they weren't enough to offset Kroner's kicking, a 100-yard kickoff return by Goldie Sellers and John McCormick's passing.

Steve Tensi came off the bench in the second half for San Diego and rifled four touchdown passes. The winless Dolphins had led the Western Division leaders 10-6 at the half, but Tensi's passing and 28 last-quarter points won for the Chargers.

Joe Namath came up with two scoring passes in the final period and Jim Turner kicked a field goal with 32 seconds left as the unbeaten Jets had to scramble for a tie. The Patriots had taken a 21-7 lead in the second half.

Kansas City suffered its first defeat of the season, by the Bills, whom the Chiefs had beaten 42-20 just three weeks ago. The Bills' defense made life difficult for Kansas City quarterback Len Dawson and friends while Buffalo quarterback Jack Kemp directed the potent Bills' attack.

Proud Porkers Host Game Bruins

By HAROLD V. RATLIFF
Associated Press Sports Writer

Baylor, which gives Arkansas more trouble than any other Southwest Conference team except Texas, journeys into the Ozarks Saturday to battle the Razorbacks in the headliner of the week.

Arkansas, riding at the top of the standings following a 21-0 strapping of Texas Christian, will need for its pass defense—a thing of beauty against the Horned Frogs—to be at its best.

This Baylor team is swirling along at a 202.7-yards clip and there's nothing quicker than touchdowns in the air.

The Bears took their aerial might out to Spokane Saturday to knock down Washington State 20-14.

Since Frank Broyles has been coach at Arkansas, starting in 1958, Baylor has won three of eight games against him. That's only one less than Texas. Last year Arkansas whammed the Baylors 38-7 because they didn't have Terry Southall to do the throwing.

Southall was out of action with a broken leg. But he's back and going great guns—leading the conference in passing by a wide margin.

There'll be another conference game, of importance mostly to one of the principals. Texas Tech, which already has lost two games, meets Texas Christian, which has lost one and can't afford another.

Three intersectional games round out the schedule Saturday and the league needs to put two of them away to remain in the lead over the rest of the country. Right now the standing is nine victories against eight defeats.

Texas, which doesn't know from one day to the next who's going to do the playing, takes on Oklahoma at Dallas in the top intersectional test. The Longhorns have almost a full team out of action and will have to depend on their great sophomore crop to put them over.

Texas A&M showed a stirring turn around after two straight intersectional losses by lashing Texas Tech 35-14 in A&M's first conference test. Thus the Aggies, roaming the air waves with Edd Hargett are tied with Arkansas and Texas for the conference lead. Texas got its position by beating Texas Tech the previous week.

The Aggies join the intersectional parade anew Saturday when they clash with Louisiana State, a Rice victim opening week, at Baton Rouge.

Rice, which took a 23-3 licking from Tennessee, hosts mighty UCLA, the nation's No. 2 team.

Southern Methodist recuperating from an unexpected 35-23 licking from Purdue, takes the week off.

Tulsa Leads Texas Pro Grid Loop

By THE ASSOCIATED PRESS

First place in the Texas Professional Football League goes on the line again Saturday, with second-place Sherman-Denison trying to take over from leading Tulsa.

The teams clash at Tulsa in one of two games on the schedule. In the other, Pasadena and Odessa-Midland tangle at Odessa-Midland. Dallas and Burkburnett are idle.

Tulsa held onto first place last week by beating Burkburnett 24-22 on a field goal by Richard Guinn.

A Tulsa loss would have put Sherman-Denison, which was playing an exhibition game, into the lead.

Dallas beat Odessa-Midland 14-0 on the passing of Doug Tucker. It dropped the latter into the cellar where Dallas had resided.

21 Persons Die In Texas Violence

BY THE ASSOCIATED PRESS

At least 25 persons perished in Texas over the weekend from traffic accidents, shootings and other forms of violence.

Thirteen lives were lost in wrecks and six persons were shot to death.

The Associated Press tabulation began at 6 p.m. Friday and went through midnight Sunday.

The toll:

Maggie Wilcox, 25, and S. Sgt. James T. Nelson, 33, of Kelly Air Force Base were killed Sunday when the car in which they were riding went out of control on U. S. 87 at San Antonio.

The body of Victor Urdiales, 15, of San Antonio, who had been missing since late Friday, was found Sunday in a large reservoir near Converse. He had disappeared beneath moss-choked water while pushing a small boat.

Al Johnson, 19, of Houston was shot to death on a Houston street Sunday. James Smith, 29, also of Houston, was charged with murder.

Arthur Thomas of Fort Worth drowned Saturday night in Big Fossil Creek at Haltom City, near Fort Worth, while on a fishing trip.

Lestor Ray Waldrop, 9, of Kennedale, a Fort Worth suburb was shot to death Saturday when a cousins shotgun went off accidentally and hit the boy.

Wilbert A. Hill Jr., 11, drowned Saturday in the pool at the Boys Club of Dallas after diving into deep water.

Willie Charles Walker of Pittsburg, Tex., died Saturday of injuries received Friday night in a three-car smashup at Beckville.

Horace Acrey, 19, was shot to death Saturday on the campus of a Nacogdoches elementary school.

Horace White, 61, an out-patient at the Veterans Hospital at Bonham, died Saturday after a two-car wreck in Denison.

Two young college students from Woodville perished in a plane wreck Friday night near Hempstead. They were Larry Otis Anderson, 21, and Carolyn Mae Clemmons, 21.

Hudson Shumate, 47, died Friday night when a fire swept a bedroom of his Fort Worth home.

Troy Rankin 2, was run over by a car and killed in a San Antonio parking lot Friday night.

Bruce Southern, 55, walked into the side of a moving truck in Houston Friday and was killed.

Michael Anthony Luna 5, of Baytown was struck by a car and killed Friday.

Lester Webber Jr., 30, died at a Dallas hospital an hour and a half after being shot and brutally beaten Saturday night in front of a cafe while a crowd of onlookers stood nearby.

An argument among six persons riding in a car on a Fort Worth freeway Sunday morning resulted in the shooting death of Clarence Bell, 21, of Fort Worth.

Bobby J. Green, 36, of Richardson, was killed Sunday morning when he was thrown from his automobile in an accident on U. S. 75 near McKinney and then run over by another vehicle.

Charles Crayton, 31, of Fort Worth, was shot to death near his home Saturday after an argument with another man.

Two Dallas women died in separate accidents Sunday morning in Dallas. Fifty-year-old Maxine Pence was killed in a two car accident in the Oak Cliff section of Dallas. About two hours later, Mrs. Sharon Skinner, a 20-year-old mother of two children, was fatally injured when the car in which she was riding crashed through barricades and was impaled on steel pilings of a bridge which was under construction.

Eddy C. Hall, 19, of Fort Worth, was killed Sunday when the car in which he was riding smashed into a concrete support for an overpass on Interstate 20 about 20 miles northeast of Tyler.

A two-car collision at a curve on Farm Road 881 about two miles west of Sinton Sunday killed John Ralph Wilson 57, of Eola, and Eunice Lowe Claver, 50, of Fort Stockton. Mrs. Claver's husband Ray, was slightly injured.

Texan Is Killed By Carbon Monoxide

DICKINSON, N. D. (AP)— Carbon monoxide poisoning killed a former job corpsman from Texas Saturday and sent his companion to a hospital.

The dead youth was identified as Jerry Smith, 20, of Grand Prairie.

Larry Cook, 21, of Weatherford, was rendered unconscious by the fumes but was reportedly recovering Sunday night.

The two had resigned from the federal Job Corps camp at Dickinson in July and indicated then that they planned to return to Texas.

But they stayed in Dickinson and sought employment. They were found Saturday night in a car in a garage adjoining the apartment of a third former corpsman.

IMPROVEMENT PROJECT — The FHA is busy with a repair project which ultimately will result in more beautiful neighborhoods and increased property values. Jack and Jack Realty Co. is supervising the work on these houses in the 1800 block of Scott Street.

Jack & Jack Supervising FHA Housing Improvements

A government project is underway here which will put a lot of money into circulation in the form of payrolls and which also will help beautify the community.

The Federal Housing Authority is busy repairing its houses in Snyder.

Local realtors are cooperating in the project.

"Were all for it," said L. A. McClanahan of Jack and Jack Realty Co., "because it will result in an improvement in neighborhood values." Jack and Jack is supervising repairs to one group of houses in the 1800 block of Scott Street.

The repairs and improvement will not cost taxpayers any additional money. The money for the repairs comes from FHA insurance, observed McClanahan, who added the work will improve the community and upgrade neighborhood values.

"We're proud of what the FHA is doing," said the realtor, "and we would appreciate help from anyone who does what he can to keep the houses in good condition after they are repaired.'

Without such an improvement and repair program, many vacant FHA houses would deteriorate and bring down property values in the neighborhood. Thus the program not only tends to protect present values, but it also improves existing values.

Jack and Jack Realty, located at 611 East Highway, had its beginning in a home construction project during the oil boom and is now a permanent fixture on the Snyder business scene.

Jack and Jack has several bargains in many parts of town. They have listings in two and three bedroom homes and can arrange all details concerning financing.

Also, homeowners often have discovered that a sale can be made more quickly through an experienced realtor, such as the Jack and Jack firm. Moreover, it relieves the owner of all of the details at very little cost.

Just dial HI 3-3452 or drop by the office of Jack and Jack on the East Highway if you have a real estate problem.

Essa 3 Is In Orbit

VANDENBERG AIR FORCE BASE, Calif. (AP) — A new weather satellite, Essa 3, circled the earth's poles today after a near-perfect launch Sunday.

A spokesman said the 320-pound spacecraft was scheduled to take its first test picture, of the northern hemisphere, around 3 p.m. EDT today and relay it to an Alaskan receiving station later.

The spacecraft was the third of a series named for the Environmental Science Services Administration of the Department of Commerce. Its two cameras are designed to televise daily picture coverage of the world's weather.

Workers At Plant Strike

FORT WORTH (AP)— About 650 workers at Menasco Manufacturing Co., which makes aircraft parts, struck at midnight when union employes and management could not agree on wages and working conditions.

Jack H. Read, president of the International Association of Machinists and Aerospace Workers, Local 2421, said the union seeks a three-year contract among other things.

Read said the company is working on projects involved with national defense

Management submitted what it called its final proposal Sunday morning following about 25 meetings with union officials, Read said. He said union members rejected the proposal by secret ballot and voted to strike today.

Plea Is Entered

Donald E. Hutchinson, Snyder, pleaded innocent in County Court this morning to a charge of driving while intoxicated. Personal bond of $500 was set.

He was apprehended Saturday night by City Police at Huffman and Clairemont Road.

Bachelors Get Attention, Little Else

ESPARROS, France (AP) — The bachelor derby staged by the lonely males of Esparros brought a lot of attention to the village but little lasting sentiment.

Faced by a dismal shortage of eligible marriage partners, the bachelors of Esparros decided to hold an open house May 29. Single girls, widows and other unattached women were invited to look over the supply of marriage-hungry males—and to line up for inspection themselves.

When the day arrived thousands of curious visitors flocked to Esparros and neighboring villages facing the same problem high in the Pyrenees.

The advance planning broke down. The bachelors were supposed to wear an armband. The interested girls were supposed to wear a numbered white boutonniere. In the picnicking crowds, few of the lonely heart signals were sighted.

Charles Duthu mayor of Esparros, reports there has been a sign of romantic upturn, however. Two weeks ago he performed a marriage for Francis Pommerie and Elise Marcuillat —the first in Esparros in 10 years.

Unfortunately, Pommerie and his bride have no plans to live in Esparros. Pommerie is an army career man and is stationed in Dax.

Fire Is Put Out

City Firemen answered a call to a "heater - treater" two miles north of Union at 2 p.m. Saturday.

Damage was minor. Owner of the property is the Standard Oil Co. of Texas.

Says Course Clearly Right

WASHINGTON (AP) — Departing Atty. Gen. Nicholas Katzenbach says that despite recent reverses for the civil rights drive "the country has embarked on a course that is clearly right. There won't be any turning back.

He terms the setbacks as temporary, saying, "I don't think there can be any long-range damage.'

The attorney general gave his views over the weekend at his last news conference before leaving the Justice Department to become undersecretary of state. A White House ceremony was schduled for late today for his swearing in as undersecretary.

Katzenbach blamed the defeats on irrational reaction to riots and demonstrations.

He said some whites mistakenly see a riot or a peaceful demonstration as the same thing.

A small number of extremists are responsible for the riots by Negroes such as last weeks outbreak in San Francisco, he said.

Bags Of Evidence Sifted In Probe Of Percy Murder

By F. RICHARD CICCONE

EDITOR'S NOTE — More than two weeks have passed since Valerie Percy, honey-blonde daughter of Republican leader Charles H. Percy, was murdered in a crime that shocked the nation. Here is a report on the massive investigation to track down her killer.

KENILWORTH, Ill. (AP) — On the chilly morning of Sept. 18, the stillness that surrounded the mansion where Valerie Percy, 21, lay murdered was disturbed by the movements of four men.

They carried cameras, fingerprinting equipment and a vacuum cleaner. They moved quickly from the bedroom where the daughter of Charles H. Percy was beaten and stabbed, to the patio where her killer entered the home. They lifted fingerprints from every surface, they photographed footprints on a nearby beach.

They were specialists from the Chicago Crime Laboratory. After two weeks of research, inspection and interrogation, their 17 bags of physical evidence contain the only links to the identity of the murderer.

The laboratory director, Capt Daniel Dragel, said the complete report on the evidence would be ready this week.

While Dragel's men scoured the Percy home and grounds, Robert M. Daley, police chief of Kenilworth, a Chicago suburb, interviewed the Percy family. The Percys went into seclusion but plan to return home this week.

Detectives from the state's attorney's office and the U.S. Coast Guard joined the investigation. The Coast Guard began four days of dragging the shoreline and a scuba diver peered along the sand bottom of Lake Michigan searching for the weapons police said the killer carried: A double-edged knife, a glass cutter, a flashlight and an arrow-shaped hard metal instrument.

Daley's immediate reconstruction of the crime indicated the killer approached the home from the beach, cut through a screen and glass panel of a patio door and murdered Valerie by inflicting four blows on the left side of her head and numerous stabwounds.

He said there was no apparent motive and no reason to believe Valerie was the intended victim.

Among the bags of evidence was a wet woolen man's glove found 30 feet from the home.

The bulk of physical evidence was taken to the crime laboratory where the tedious task of analysis began. The chore of sorting out more than 300 leads faced Daley.

After thorough interrogation, fingerprinting of 220 persons and canvassing of hardware stores to determine if any of the killers tools were recently purchased, Daley said: "We have no suspects."

Ten days after the murder, Dragel reported the woolen glove had bloodstains and that its fibers matched strands of wool found on the cut screen and in Valerie's bedroom.

6 Republicans Get Labor Council Okay

DALLAS (AP) — The Dallas AFL-CIO Council has endorsed six Dallas County Republican candidates for the Texas Legislature in the November election.

Breaking with tradition, the labor council Saturday endorsed Republicans O. H. (Ike) Harris of the Texas Senate and Earl Tweed, Hank Gilliam, Julian Tallichet, John K. Paden and Carl Brumly for the lower house.

Democratic candidates for the state house who received endorsements were Joe Ratcliff, Griffith Moore and Jim Clark.

Coast-to-Coast
NEWSPAPERS SELL THE MOST!

Dallas Bus Riders Left Stranded

DALLAS (AP)—City bus drivers went into what they termed a "continuous meeting" at 2 a.m. today, leaving thousands of bus riders stranded in this city of nearly 850,000.

The drivers were demanding more pay.

There is no other public transportation except taxicabs, and the one firm operating in the city was so overcome with calls that it gave patrons no hope they could be picked up.

Police said automobile traffic moved well during the morning rush hour and observations indicated that no jams developed.

The city obtained a temporary restraining order which in effect called for the drivers to return to work.

At a late hour union officials were conferring with attorneys about what to do with the court order, which called for a hearing Oct. 11 on whether a temporary injunction should be issued.

The city owns the bus system and under Texas law city employes are not allowed to strike —hence the "continuous meeting" at the Labor Temple.

School buses, operated by the city as a part of the general bus system, also were not operating, although some private schools have their own buses.

B. Sudderth, public relations director for the transit system, said the bus company was not advised of the walkout in advance.

"The 500 drivers voted at 2 a.m. to go into continuous meeting and they are in continuous meeting," said Gene Freeland a representative of the Dallas Council of the AFL-CIO. The drivers are members of the Transit Workers nion Local 1338.

Grady Atkins president of the local, said, "I have no idea when the buses will run again. This is now in the hands of management. It is not a strike. We are not allowed to strike (by state law)."

The workers recently received a 4 per cent wage hike and some fringe benefits. The city said the total package was 8 cents.

The city is converting to modern equipment, buying 310 new buses at a cost of about $10 million.

The transit system was purchased by the city in 1965 from Harry Weinberg for $5.5 million. Weinberg operates bus systems in some other cities.

General Manager Wilson Driggs said that about 100,000 persons ride the buses daily.

'Twins Or More' Turn Out To Be 7

By HOWARD F. ANGIONE

BOSTON (AP) — After successful treatment with a fertility hormone, Sandra Cwikielnik was told she might have "twins or more" but scarcely expected septuplets.

The seven babies — four girls and three boys — were born Saturday four months premature, but one was dead at birth and the others died shortly afterward.

Mrs. Cwikielnik, 24 years old today, and her husband, William, 30, a shipper for a clothing firm, have one child William Jr., 3.

Mrs. Cwikielnik is the first American woman known to have given birth to septuplets.

The hormone preparation she received is the same one linked with the birth of stillborn sextuplets and septuplets in Sweden last year and with quintuplets born in August 1965 to a woman in New Zeland and to another in Sweden.

Dr. Nuran Turksoy of New England Medical Center Hospital, one of a limited number of American researchers allowed to use the hormone, treated Mrs. Cwikielnik.

One of the principal goals of researchers testing the drug is to establish standards for effective dose levels that will be effective without overstimulating a woman's ovaries and thus lead to multiple births.

Mrs. Cwikielnik was reported resting comfortably today at St. Margaret's Hospital.

Hospital officials said the seven babies were normal and well formed for the five-month period, but died due to the immaturity of their respiratory and reflex systems.

36th Infantry Is Cutting Training

SAN ANTONIO, Tex. (AP)— The commander of the Texas National Guard's 36th Infantry Brigade says the unit is cutting back to a less intensive training program.

Brig. Gen. Ross Ayers said Sunday most units have reached a point of readiness to permit the number of training assemblies to be cut from 72 four-hour sessions a year to 60 sessions.

Secretary of Defense Robert S. McNamara ordered an intensification of training last November when the 36th Brigade was made a part of the select reserve force of the Army National Guard and the U. S. Army Reserve.

Honolulu Editor, Texas Native, Dies

HONOLULU (AP) — Riley H. Allen, a native of Texas who served as editor of the Honolulu Star-Bulletin for 48 years, died Sunday at the age of 82.

Allen suffered a stroke in early September.

He was born at Colorado City, Tex., but was reared in Smiths Grove, Ky., and Seattle, Wash. He attended the University of Washington before joining the Seattle Post-Intelligencer.

Funeral services will be held in Honolulu.

Frisco Mayor Lifts Curfew

SAN FRANCISCO (AP) — As the last 1,200 National Guardsmen rolled home Sunday, Mayor John F. Shelley lifted the curfew he imposed during San Francisco's race riots.

The mayor also ended the state of emergency he proclaimed during the Tuesday and Wednesday disturbances.

Next, he said, is a drive to find jobs for unemployed Negroes as a means of preventing future trouble.

Rioting started after Matthew Johnson, 16, a Negro, was shot and killed by a white policeman while fleeing a stolen car. But both city officials and Negro leaders declared the underlying cause was the lack of employment among the city's 80,000 Negroes.

Shelley urged employers to call a special telephone number if they had a job available.

Labor unions, the Chamber of Commerce and other civic groups are working with him, the mayor said, "in a program to find these needed jobs."
