The Gay Philosopher

By J. W. S.

CISCO'S BIG annual Treasure Hunt attracted a record crowd in town last night. Some 70 prizes were offered by local merchants. The success of our town's annual event has attracted interest elsewhere.

Mrs. Lucile Huffmyer, manager of the Merchants Credit Association, tells us that she has had a number of inquiries from other towns about the Treasure Hunt. These towns want to stage one and they were asking for all the details.

THERE WAS A lot of applause for the Lobo Band Director Kenneth St. Clair and his band came down to play a 30-minute concert. They started off with "Santa Claus Is Coming to Town" which was very appropriate in view of the opening of the Christmas season.

The committee in charge of making arrangements wants to thank Mr. Charlie Sandler for sending down two trucks for use by the band and the West Texas Utilities Company for providing lights. Thanks also to Cisco Peanut Company for hauling the band's chairs down and back.

STORE WINDOWS were attractive in their holiday dress. The street lights were turned on for the first time. These decorations feature over head streamers of colored lights with large lighted decorative pieces on the light standards.

PLANS ARE in the making for old Santa Claus' annual visit to Cisco. A parade will be staged to herald his coming. Mr. Bob Elliott is chairman of the Parade committee. All local business firms and clubs are invited to enter floats.

ALSO HEAR that many people are planning decorations for their homes this year. Nothing adds to the appearance of the city or to the Christmas spirit like plenty of decorations.

ANOTHER BIG event will be the Delphian Club's first annual Christmas pilgrimage of homes. You'll hear a lot more about this as the season goes on.

OTHER CHRISTMAS plans will include the big Community Chorus which Mr. Robert Clinton is directing. This chorus will have over 100 voices from all of the Cisco churches. Several soloists for the special program will be announced soon.

ON THE GIFT subject, let us report that the American Legion Auxiliary needs more gifts for the big box they are sending to the Veterans Hospital at Waco. These gifts will be given to the veterans who, in turn, will give them to members of their families.

The Auxiliary will pack and send off their box after Thursday night. If you want to send along a gift, leave it with Mrs. Myrtle Anderson at Altman's or with Mrs. Ethyl Berry at Ferguson's or call Mrs. Gorum Pollard or Mrs. B. E. Wagley and they'll pick up your items.

Let's all get behind this project and help the boys in the hospital.

Customs Service To Hold Examinations

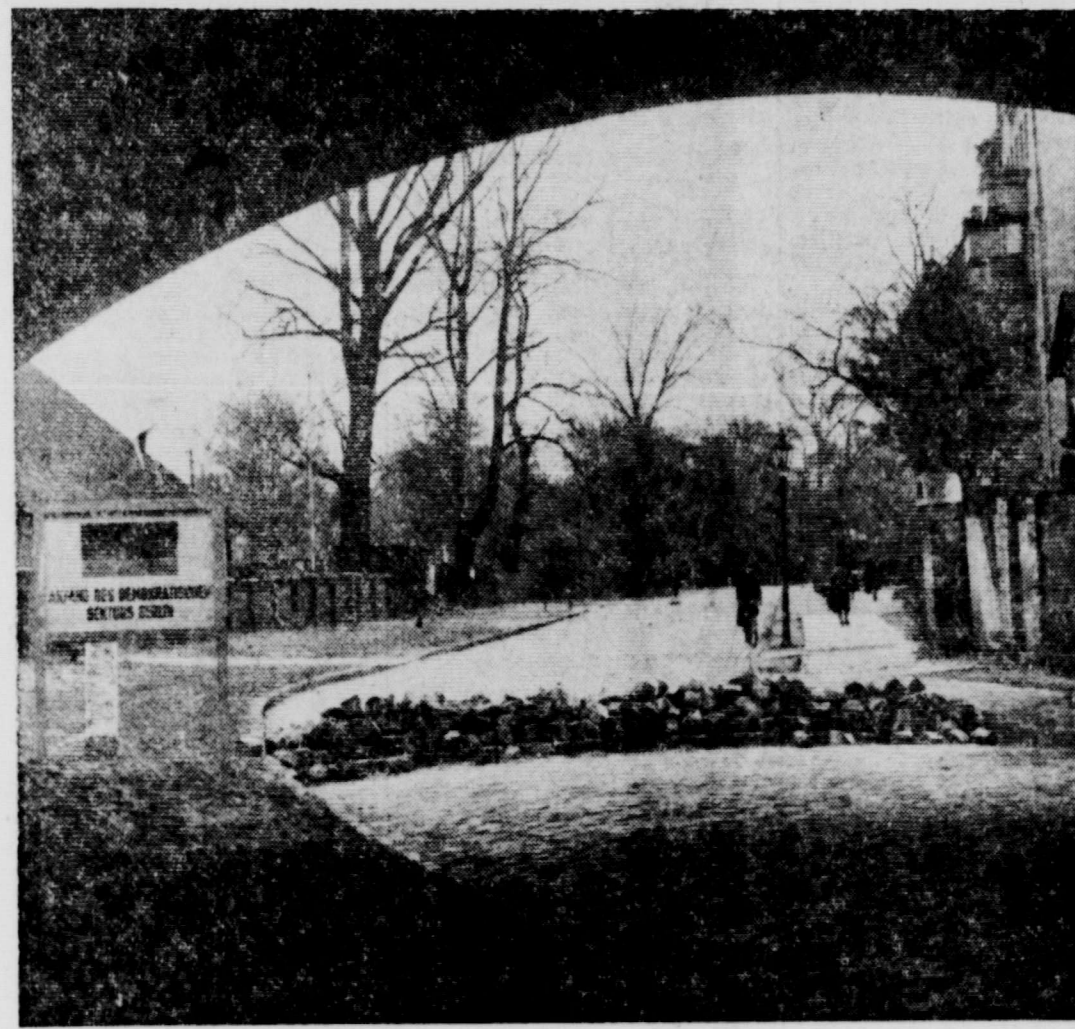

The Civil Service Commission examinations for filling vacancies in the positions of Customs Warehouse Officer, at \$3450. per annum, and Customs Examining Aid, at \$3625. per annum.

Employment will be with the Bureau of Customs, Treasury Department, located in the states of Texas and New Mexico and the parishes of Cameron and Calcasieu in the state of Louisiana.

Application forms and additional information may be secured from the Post Office.

Mr. and Mrs. Dudley Longacre and daughter, Lindy, of Anson were Sunday visitors in the home of Mr. and Mrs. Roy Phippen. The Longacres were enroute home from Fort Worth.

Mr. and Mrs. J. M. Sauls had as their weekend guests, her sister and husband, Mr. and Mrs. H. D. Horn of San Angelo.

SEEMS LIKE OLD TIMES—In a scene reminiscent of the blockade of Berlin in 1948, a roadblock has been set up just inside the Russian sector on a side road that connects East Berlin with the French sector. East Berlin police, to ease their difficulties in controlling inter-sector traffic, closed most of the side streets to vehicular traffic, forcing travelers onto main thoroughfares.

SQUARE DANCE PROGRAM WILL BE BENEFIT FOR LOCAL BAND

A square dance program, featuring some of the outstanding callers of West Texas, will be staged Friday night at the old high school gym as a benefit for the Cisco High School Band. The event is being sponsored by the Band Parents Association.

The program is being arranged by Mr. and Mrs. J. D. Browning of Cisco. Some of the callers expected to take part in the event include Milton Luttrell, Eastland; Howard Wilson, Brownwood; Betty Casey, Abilene; John Waring, Comanche; Mr. and Mrs. E. N. Varner, Ranger; Joe Waring, Comanche; Charlotte Sledge, Truscott; Dick Van Hook, Abilene; H. L. Gollaher, Abilene.

John Winters, Palo Pinto; Raymond Blue, Perrin; Grady Williams, Hamilton; Marvin Owens, Abilene; J. D. Browning, Cisco; Aubrey Van Hoy, Eastland; Bill Sledge, Truscott; Doc Hennessee, Meridian; and others.

Tickets are being sold by members of the Band Parents Association and by the Lobo band. Admission will be \$1 per couple, with all proceeds going to the band.

Miss Latch attended the Journalism section in the afternoon and heard a lecture by Dr. Reddick of the University of Texas, who is the author of the high school textbook now in use.

On Friday night the visiting teachers were guests of the San Antonio teachers, who presented a program of musical numbers and ballet dancing of the Latin-American students. A square dance was also called. The San Antonio teachers presented their Orchestra and Chorus, composed of teachers, in several beautifully rendered numbers. The San Antonio Symphony Orchestra was also featured on the program.

Thousands Take Part In Big Christmas Opening Event

Quail Expected To Be Plentiful When New Season Begins On December 1st

AUSTIN, Nov. 25. . . . Quail hunters in most of the state may look forward to improved quail hunting this fall, states the Executive Secretary of the Game, Fish and Oyster Commission.

The quail hunting season for the state is from December 1 through January 16, both days inclusive, with a bag limit of 12 per day or thirty-six per week. However, in the twenty-eight county area of the Panhandle, only ten birds per day may be taken with a possession limit of twenty. West of the Pecos the season is open only during December and the daily bag limit is twelve, with not more than 24 in possession. There is no open season on Mearns quail.

The Executive Secretary explains that many counties have special quail laws and urges hunters to check the local regulations before they go hunting.

Wildlife biologists of the Game Department are conducting studies of quail populations through examination of quail wings again this year. The Executive Secretary requests hunters to cooperate in this work by sending one wing from each bird they kill to the Game, Fish and Oyster Commission in Austin. A study of quail wings will show the percent of young birds and indicate the production and survival for the year.

To facilitate mailing of wing collections, the Game Commission will supply special business These provide space for recording pertinent data and require no postage from the hunter. The active help of hunting clubs and other groups is being solicited.

It is essential that wings from cocks and hens be placed in separate envelopes but any number of wings from birds of the same sex may be placed together. Only one wing from each bird should be saved. Date and county of collection are also necessary. If official envelopes are not at hand, any kind of paper sack will suffice if properly labeled.

One further bit of information is requested. In order to compare quail populations in different parts of the state, a place on the wing envelopes will be shown for recording the number of coverts found per day of hunting. The Executive Secretary states that this will also add to the picture of the state quail situation.

Band Concert Given As Program Feature

Thousands of area residents thronged downtown Cisco Monday night for the 3rd annual Treasure Hunt and program that formally ushered in the 1950 Christmas shopping season. Near perfect weather contributed to the size of the crowd.

Nearly \$1,000 worth of merchandise awards were offered by Cisco merchants to some 8,500 persons who obtained tickets to take part in the Treasure Hunt. The number of tickets were given out by The Daily Press for the event.

The Hunt began at 6 p. m. as business firms held open house to enable area shoppers to inspect their Christmas offerings during the evening. Some three gift items were still on display early today as the holders of their numbers had not called for them. Some 70 gift items were distributed in the hunt.

Merchants and shoppers alike expressed satisfaction with the Treasure Hunt.

A feature of the evening was a 30-minute concert by the Cisco High School band, directed by Kenneth St. Clair. A large audience gathered around the band at Avenue D and 6th Street to applaud the program of Christmas music.

The event will be followed late in the season by other Christmas features, including the annual Santa Claus parade. Be sure to watch The Press for announcements concerning Santa's visit.

Three Injured In Collision Of Car And T&E Engine

Three persons, one a 19 months old child, narrowly escaped death early Tuesday when their car was in collision with a freight train at the T&P grade crossing on Highway 233 at Third street and Avenue D.

In Graham Hospital were Mr. and Mrs. G. G. Battenfield and their 19 months old son of Gordon. They were being treated for multiple injuries none of which were expected to be critical. Mr. Battenfield, 22, an oilfield worker, was driving the car. Mrs. Battenfield, 19, an expectant mother, and their son were riding in the front seat with him. Mrs. Battenfield was thrown from the car when the vehicle struck the train.

Investigating officers reported that the accident occurred when the driver apparently failed to see the steam engine at the crossing. The steam engine was pulling a diesel engine and it was believed that Battenfield thought the diesel engine was pulling the freight, and struck the rear of the streamer. The car was demolished. The freight train had slowed down and was almost at a standstill when the accident occurred.

Hospital attendants reported that none of the injuries appeared to be serious but that physicians were unable to determine the condition of Mrs. Battenfield.

Battenfield is employed by Potts and Pepper drilling Co. of Breckenridge. The firm is active in the Bankline-Owens and Bradley - Courtney pools north and east of Cisco.

Mr. and Mrs. P. R. Warwick spent a few days last week in the home of her daughter and family, Mr. and Mrs. Bob Martin and children, Trip and Trae. Mrs. Martin and the children returned with the Warwick's for a few weeks' stay.

Mr. and Mrs. E. Smith had as their Thanksgiving guests, Mr. and Mrs. Glen Garrett and family of Fort Worth and Mr. and Mrs. D. C. McCilland and family of Pasadena. Mr. and Mrs. Carroll Smith and family of Cisco were also guests.

friends who called.

Mr. and Mrs. W. J. Poe were married October 25, 1894, in Columbia County Ark., and left for Texas four days after in company with his brother, I. N. Poe and his two sons, Hestia and Sam Poe; a young man named McClane and Mr. and Mrs. R. L. Poe, who were also newly wed. The group came through in wagons and spent 23 days enroute. They rested on Sundays and spent the first Sunday at Pittsburg, Texas. The second Sunday was spent in Dallas and the third at DeLeon, Messrs. R. L. and W. J. Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948: "Please send another bottle of Garlex Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of Garlex used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This Garlex works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."
