"Frame Up" Murder Case Rests With Abilene Jury

No Agreement Is Reached at Late Hour On Penalty

Last Day of Trial Taken Up With Argument and Case Is Given To Jury At 5 o'Clock.

MASSIE TESTIFIED AS STATE WITNESS

Lee Smith, Ex-Cowboy Now On Trial, Signed Confession But Declared He Was Accomplice.

(By Associated Press)

ABILENE, May 5.—The case of Lee Smith, ex-cowboy charged with the murder of Norberto Diaze, slain in front of the bank at Stanton on December 23 in a confessed "framed" holdup, went to the jury here shortly before 5 p. m. today.

Almost the entire day was consumed in presentation of argument three attorneys speaking for the state and two for the defense.

The trial was started Monday, the case coming here o na change of venue from Martin county.

C. C. Baze, who signed a confession to the "framing" of Daiz, Hilario Nunez and Victor Ramos in which the first two were killed and the third wounded four times, is still at liberty after breaking jail.

William M. Massie of Fort Worth, president of the Texas Bankers association, which offered a $5,000 reward for each "dead bank bandit" was a witness for the state, which offered his testimony to establish

1200 Boys Attend 'Forum' Yesterday

Students Talk On Citizenship At Session Entirely Handled by Youths of High School.

Twelve hundred Lubbock boys gathered at the high school auditorium yesterday afternoon for a Boys' Forum, the days feature on the Boys' Week program here.

The meeting was taken in charge by senior youths of the high school and a senior, Hatrill Beard, presided. Talks were made by Luther Williams and Raymond Barton, students, the general subjects being Citizenship.

Teachers were present but left the procedure entirely to the boys.

Superintendent M. H. Duncan last night told the Avalanche that never had he seen better order, heard better talks from boys, seen a program better arranged than was that at the high school.

Today is "Stay at Home" day for the boys of Lubbock who are being petitioned to spend as much time as possible with their parents and really "get acquainted" with mother and dada.

Plans are being finished for the parade which is to feature on Friday and Captain H. R. Griffith, who is in charge of arrangements, said that definite announcement could be made in a short time.

SEVILLE TO CUBA

Attempt On Flight Will Start Sunday

SEVILLE, Spain, May 2 (AP).—The Spanish army aviators Jiminez and Iglesias probably will leave at dawn Sunday, May 6, on an attempted non-stop flight to Havana, Cuba, it was learned here today.

"They Shall Not Pass" Is Farmer's Motto

The motto of the Blue Devils of France, "They Shall Not Pass" was flaunted in the face of the Denver railroad tracklaying crew Tuesday by a farmer living north of Idalou who leveled a shotgun at the workers and somewhat impolitely informed them that as far as he was concerned the Denver extension stopped right there.

The irate farmer, V. B. Gilmore, informed the railroad that he had not been paid for damages incurred when the grade would be run across his field.

Railroad officials yesterday, however, marshalled the more peaceable weapon of the court injunction to silence Gilmore's blunderbuss, and the track layers proceeded to a point just eight miles north of Idalou.

Methodists Silence Attempt To Toss Convention In Fundamentalist Broil

(By The Associated Press)

KANSAS CITY, May 2.—Shunting aside by the overwhelming vote of 10 to 1, an attempt to embroil it in a discussion of fundamentalism and modernism, the Quadrennial General Conference of the Methodist Episcopal church today took what was generally regarded as its most significant stand on the issue in the church's history.

A resolution presented by the Rev. Harold Paul Sloan of Haddonfield, N. J., an outstanding fundamentalist, calling for appointment of a committee of 15 to investigate the advance of modernistic theories in many church fields, met a sharp rebuke from the conference.

Mr. Sloan was speedily stopped from any discussion, and his resolution was not even permitted to reach a committee. It was adjudged out of order and thrown off the convention floor.

The New Jersey minister declared that charges of a widespread disloyalty to the articles of religion, which embrace the deity, virgin birth, and the second coming, were supported by detailed evidence, and asked a thorough investigation.

Mr. Sloan was undaunted by the action and announced he had just begun the fight. Bishops and ministerial delegates generally regarded today's action as final, however, and freely predicted that all attempts to get the matter on the floor would be headed off with dispatch.

The Bast case, the most sensational affair in a century and a quarter of Methodism, grew out of the Copenhagen bishop's suspension in 1926 following his conviction in Danish civil courts on a charge involving alleged misuse of church funds. He will face the church court charged with conduct unbecoming a minister.

Rumblings of the possible trial of another bishop came today when the Rev. Branch J. McConnell of the Pittsburgh area revealed he had been advised that the Rev. George A. Cooks of Wilmington, Del., would file charges against him alleging "maladministration" and "immorality."

Daniels Declines To Participate In Third Party Move

Suggestion of Reed Campaign Manager for "Bolt" Group Meets Disfavor; Smith Forces Jubilant.

(By Associated Press)

RALEIGH, N. C., May 2.—Declaring that the only hope of wresting the government from the hands of "privilege and corruption," lies in a victory for the Democratic party, Josephus Daniels, late today telegraphed Wilbur Legette, California manager for Senator James A. Reed that he would not accept a nomination on a third party ticket if Governor Smith is nominated at Houston.

Nomination Predicted Early In The Balloting

WASHINGTON, May 2 (AP).—Jubilant over Governor Al Smith's victory in the California primaries, his supporters today confidently predicted that he would be nominated for president early in the balloting at Houston.

On the other hand, many of Smith's political foes, while they conceded that his cause had been benefitted greatly by his feat in capturing California's 226 delegates from Reed of Missouri and Walsh of Montana, still held to the contention that he could not muster the 732 1-2 convention votes needed for nomination.

DEATH "GOBBLE"

Hunter Seeks to Snare Turkey; Killed

STONY Point, La., May 2 (AP).—W. W. Noble, 57, farmer near this place, could "gobble" exactly like a wild turkey,—and his talent resulted fatally for him today.

Noble went out turkey hunting this morning. In the same stretch of woods, his young cousin, John Sommers, 20, was seeking the same prey. Neither knew the other was there.

Noble hid in a clump of bushes, "gobbled" loudly the call of the wild bird to its mate. Sommers, hidden nearby, answered the call, and approached stealthily toward the bushes where his cousin was hidden.

Noble "gobbled" again, rustled the bushes. Sommers fired sending the full load of the shotgun into Noble's chest. Death was practically instantaneous.

RAILROAD EXTENSIONS

Supplemental Leases Are Sought by Santa Fe

AUSTIN, May 2 (AP).—Governor Moody and the state railroad commission have been informed by the interstate commerce commission of moves by the Gulf, Colorado and Santa Fe and Panhandle and Santa Fe railroads to secure control of two proposed new rail extensions in Texas by supplemental leases.

The first named road has applied to the federal body for right to extend its control of the Can Belt railroad to a new 35-mile branch of the latter.

The Panhandle and Santa Fe proposes to lease the projected 66 mile extension of the Pecos and Northern in good until 1934.

CRISIS ENDED

British Fleet Order Is Countermanded

LONDON, May 2 (AP).—The Anglo Egyptian crisis is ended and orders to the British fleet to proceed to Alexandria have been countermanded. The question at issue between the two governments was the public assemblies bill, already passed by the Egyptian chamber and before the senate. The measure would permit assemblies in public places without police interference unless actual disorders occurred.

Greet Britain demanded the withdrawal of this bill, delivering an ultimatum to Nahas Pasha, the Egyptian premier, setting a time limit of three days—expiring tonight—for compliance.

The Egyptain government postponed action on the bill to next November.

ROOSEVELT FIELD, N. Y. May 2 (AP).—Traveling in a monotonous 10-mile circle, Royal V. Thomas of Durant, Mo., former army flier, tonight was flying over Long Island air fields in his single-handed attempt to establish a new record for sustained flight.

As darkness fell his base shifted from this field, where he took off at 12:30:01 p. m., to, Mitchel field, a mile away, where beacon lights were turned on for his guidance in case of a forced landing.

SMITH SILENCE HIT

Editorial Writer Urges an Expression

NEW YORK, May 2 (AP).—In the opinion of Walter Lippmann, chief editorial writer of the New York World, Governor Smith's advisers are making a serious mistake in urging him to keep silent on national issues until after the Houston convention.

Mr. Lippmann gave his views at meeting of the Women's Democratic union. His paper is an ardent supporter of the governor.

Even at the risk of alienating some democrats the governor must show himself enough of a national leader to win the support of republicans in the north and east if he, as the standard bearer of a minority party, is to be elected, Mr. Lippmann argued. He stressed the point that some statement should be made on prohibition.

Fee Provision Of Farm Bill Meets Disfavor In House

Solons Thrown In Tumult After Vote Shows Majority Favor Elimination Of Measure.

(By Associated Press)

WASHINGTON, May 2.—The House by a vote of 141 to 120 today expressed its disapproval of the equalization fee provisions of the McNary-Haugen farm relief bill and then engaged in its most heated parliamentary dispute in years as to what it had voted on.

The rejection of the fee principle came as a complete surprise and immediately threw the chamber into tumult and confusion with half a dozen members on their feet striving to obtain recognition.

The vote had been on a motion by representative Aswell of Louisiana, ranking Democrat on the House Agricultural Committee, which drafted the bill, to strike out the first section of the measure—that proposing a declarstion of policy in favor of the control of agricultural surpluses.

He offered as a substitute a new bill, which he said was identical to the McNary-Haugen measure except that all reference to the fee had been omitted. Aswell carried his motion. He then started to offer another motion to eliminate the

CONSUL MISSING

Shanghai Official Feared Dead

SHANGHAI, May 2 (AP). — An American vice-consul who had held that post in Shanghai for the past eight years, Walter B. Wilson, Jr., of Greenville, N. C., has disappeared. The police and his friends are searching for him, and they fear that he is dead.

Wilson, who recently had returned to Shanghai from a visit to the United States, left his rooms at a Shanghai hotel at 6 o'clock Tuesday morning. He went to the Golf club, in Chinese territory, where he wrote five letters. One of the letters has been received by a personal friend at the consulate and another by the China Press, a Shanghai newspaper. While the contents have not been made public, it is understood they indicated deep depression on the part o fthe writer.

All Central Texas Unites In Protesting Against Moving Baylor to Dallas

Every Baptist Church In Waco Passes Resolutions In Protest to Removal; Regional Group Formed; Present Property Held Most Valuable

(By Associated Press.)

WACO, May 2.—Every Baptist congregation of Waco Wednesday night passed resolutions protesting the proposed removal of Baylor university to Dallas. At 7:30 o'clock in all churches of that denomination there was presented the resolution previously passed by members of the Waco Baptist pastors association pointing out fallacies in arguments advanced for removing the university.

Wednesday afternoon there was formed at Waco-Baylor headquarters in the Amicable building an organization Central Texas in its scope. At this meeting a full discussion and plan of the anti-removal program was outlined and adoption of a resolution voted, same to be made public within the next day or to and mailed to every Baptist messenger in the state in anticipation of the Mineral Wells extraordinary session of the Texas Baptist convention.

In this resolution, the association said it felt the matter should be brought to the attention of all concerned since it is of such paramount importance.

Waco Property Valuable.

Baylor has grown continually in Waco, the resolutions said, and is now the leading Baptist university in the south, and is now situated in the home of "its friends." More than half its present properties, which the American Appraisal company has said would total more than the sum offered by Dallas, were giv-

Rain Brings Halt To Sandstorm And Protracted Drouth

Downpour Drenches City And South Plains Area Last Night; First Moisture Since April 9.

FORECAST IS FOR CONTINUED RAINS

Moisture Is Especially Beneficial to Wheat And for "Seasoning" Prior To Cotton Planting.

Ending a drouth that had grown to alarming proportions and settling sand and dust, the disagreeableness of which had just been forcibly impressed by yesterday's sandstorm, a cooling and beneficial rain fell in Lubbock and the South Plains area last night.

The downpour of the steady, soaking variety, started about 10 o'clock and was still falling, in unabated quantity, at 1 o'clock this morning.

Although detailed reports from nearby towns were unavailable it was believed the precipitation was fairly general.

The rain was especially needed for wheat that has been already sown and to give a season for cotton planting. As an example of the deficiency in rainfall wheih has existed, figures compiled at the agricultural experiment station showed Lubbock to be more than two inches deficient in rain for the period from January 1, compared to a normal for the same length of time.

The official weather forecast predicted further thundershowers for today and Friday, and it is believed that the spring's drouth is at last broken.

The rain was the first precipitation of any kind since April 9, when a light snow visited the South Plains.

FLIERS GET MEDALS

Glorious Scenes Etched On Memories of Trio

WASHINGTON, May 2 (AP).—Glorious scenes were etched among the manifold memories of the Bremen crew today during their second reception, in which the nation's enthusiasm converged at the capital as it had previously at New York.

President Coolidge pinned the distinguished flying cross on their breasts, in an air warmed by sunlight and sweetened by the aroma of mint growing behind the executive office. Shortly after they lunched at the White House with him and Mrs. Coolidge.

They placed wreaths on the plain marble slab in Arlington national cemetery which covers the Unknown Soldier, and bowed their heads in silent prayer for him that had lost his life in combat, against two of their number.

CITY FINANCES

Special Meeting Called For Commission

A special meeting of the city commission will be held at the city hall tonight at 8 o'clock for the purpose of discussing city finances, and to get the newly elected commissioners better acquainted with their new posts.

No business of outstanding importance is due to come up at the session.

THIRD MIDNIGHT FIRE IN WEEK

Lubock's third midnight fire within a week's time last night destroyed a vacant house directly east of the two houses which burned last Saturday morning at the corner of Fourth and Avenue E.

The origin of the fire was not known, and ownership of the house was not learned at an early hour this morning. The fire was discovered shortly before midnight, and was quickly extinguished by the local fire department.

Last Saturday morning two houses owned by W. A. Strickland, on the northwest corner of Fourth and Avenue E, were destroyed by fire. One was vacant and the other occupied by T. E. Bunch and family.

Last night's loss was only a few hundred dollars.

Temperature Here Varies 75 Degrees In Month of April

Rain Measured and Found Desperately Wanting For Period Since January 1; Wind Run Under Normal.

Due to the traditional extremes of Texas weather, there was a maximum variation of seventy-five degrees between high and low temperatures during the month of April, according to the monthly weather report released yesterday by Supt. Don L. Jones of the agricultural experiment station here.

A maximum temperature of 96 was recorded during the month and the minimum during the Easter blizzard was 19. The mean was 58 degrees.

Rain during the month was measured and found desperately lacking, total precipitation being just .09 inches as compared to a normal 1.64 inches for the month. Total precipitation since January 1 has been but 1.58 inches. This leaves Lubbock 2.18 inches short of a normal for this period.

The total wind run for April was 6683 miles compared to the normal run of 7130 miles.

There were fourteen clear days, ten partly cloudy, and six cloudy, according to the statement.

LIQUOR RULING

Booze Poured While Running Not "Transported"

AUSTIN, May 2 (AP).—Liquor is not being transported in the legal sense if is it being poured from a fruit jar while a man is running from officers, the court of criminal appeals held Wednesday in one of five liquor cases reversed and remanded for new trials.

Lee Murphy, Crosby county, was the man doing the running, testimony showed in his appeal from a one year liquor transportation sentence. He and a friend, named Thedford, were out in a maize patch on the Lemly farm near Crosbyton, partaking of some fruit jar liquor cached in a shock of maize. Officers bore down upon them and they both sprinted, Murphy pouring out his portion as he ran 25 or 30 steps. This was not actual transporting and Murphey is entitled to a new trial under that form of indictment, the appeals court ruled.

FLIERS ICEBOUND

Wilkins and Eielson Hope To Start Soon

GREEN HABOR, Spitzbergen, May 2. (AP).—Captain George H. Wilkins and Lieutenant Carl B. Eilson, icebound here after their flight over the Artic regions from Alaska, expect to be able to start by boat soon for Norway.

They plan first to fly their plane over to Advent Bay, another Spitzbergen harbor about a hundred miles distant, for shipment aboard the steamer Inger Elizabeth, due to leave for Norway on May 15. They will take off on the ice and doubtless land on the ice.

CUPID GAINING

Thirty-Eight Marriages To Six Divorces

Marriages outnumber divorce petitions last month by the largest ratio registered this year, a comparison of the records of the district clerk and county clerk show.

Only six divorce petitions were filed last month, the smallest number of any month this year, while during the same period there were 38 marriage licenses.

General Nobile Commences Second Attempt to Conquer Arctic Wastes As Giant Airship, Italia, Takes Off

First Lap of Flight Will Take Craft 1700 Miles To Base Made at Spitzbergen.

START UNACCOMPANIED BY POMP OR CEREMONY

Ambitious Program, Including Several Side Flights In Polar Region, Mapped For Dirigible.

(By Associated Press)

STOLP, Germany, May 3—(Thursday)—General Umberto Nobile began his second attempt to fly across the North Pole at 3:20 o'clock this morning. With the assistance of 200 cavalrymen the dirigible Italia was dragged from its hangar her and started on its way to Spitzbergen on the first lap of the Artic flight.

The start, originally set for Wednesday morning, was postponed then because of bad weather, and was decided on for this morning only shortly after midnight when weather conditions improved and news of the supply ship Citta di Milano's arrival at Spitzbergen, was received.

As the cavalrymen pulled the ship from its hangar, onto the flying field, giant searchlights were focussed on her silvery sides and it seemed as if every detail of its construction was bathed in sunlight, although dawn was still hours away.

DEMOS MEET SATURDAY

Will Select Delegates To County Convention

Delegates for the democratic Lubbock county convention to be held May 8 will be selcted Saturday afternoon at 3 o'clock at a convention of precinct one, it was announced late yesterday by Marvin Warlick, chairman of the precinct.

The meeting will be held in the district court room and only qualified voters of precinct one will be allowed to participate.

In addition to selection of delegates, decision will be made whether or not delegates will be instructed for any candidate or principle.

Mr. Warlick was recently appointed chairman of the convention by the executive committee of the democratic party, and is especially anxious that there be a representative attendance at the Saturday meeting.

$13,100 IN BUILDING

Month of May Starts At Gay Pace

Building permits amounting to $13,100 were issued from the city office yesterday, bringing the total for the year to $1,071, 510, including the $260,000 chemistry building at Tech.

W. A. Stahl is contractor for two houses of $6,000 each, one to be built for Mrs. G. R. Jones at 1708 Avenue O, and the other at 2508 22nd street C. O. Small Items Of Real Interest

Rain checks attached to tickets for the Hubber-Coleman game yesterday were made valid by a sandstorm which interrupted the contest in the first inning. If that isn't extremes of usefulness, we don't know just where the extremes would come in.

The open season for fish and "fish stories" is now upon Lubbock. Parties of anglers have been journeying this week to the various habitats of the finned tribes in this section. Two-Draw Lake at Post, Buffalo Springs Lake, Fort Stockton, the Concho river and other places nearer to the city are drawing their quota of sportsmen. Fred Stanton, H. R. Germany, Sid Caraway and Earl Jones left Lubbock yesterday for Fort Stockton where they will spend several days on a fishing trip.

Most everyone who has been around Lubbock for as much as five years will remember Gordon Cone, graduate of the high school here and later student at Texas university. Well, this Gordon Cone who started an abstract office at Lovington, N. M., about a year ago was yesterday elected mayor of Lovington, according to advices reaching here.

The flight which George Benson, chairman of the Chamber of Commerce airport committee intended to make yesterday afternoon as a means of seeing from the aviator's viewpoint the sites in Lubbock suitable for a landing field was postponed due to the sandstorm and the high winds.

The pilot with whom Mr. Benson was to have flown, Lowery of Plainview, is stirring around to see what interest there would be locally in a flying club. He will teach flying to those who enroll in the organization.

Church Man For Fewer Colleges

Way Not To Be Measured Progress In Educational By Number Of Schools Alone, Statement.

(By Associated Press.)

NASHVILLE, May 1.—Progress in the field of education may not be measured by the number of schools and colleges operated by the church Dr. Stonewall Anderson, educational secretary of the Methodist Episcopal church, South, told the denomination's board of education in presenting his annual report here today.

Dr. Anderson recommended a radical slashing in the number of educational institutions operated by the church in order to secure a higher quality for those selected to survive.

He cited the Methodist schools of Missouri as an example of the desired end. At present one Missouri Methodist college is taking the place of five colleges of several years ago. The plant of Central college at Fayette, Missouri, today is valued at $1,178,500, with an endowment of $1,140,438 and a student enrollment of 920, all taking college courses, he reported.

In contrast the five colleges formerly supported, had an investment of $695,500, endowment of $386,780, and enrollment of 759 including 400 preparatory students, distributed through all five institutions.

STAG CLUB

Harold Roberts and Bailey Carroll were hosts to the Stag Bridge club Tuesday evening at the home of Mr. and Mrs. W. B. Hilton, 1618 13th street. Strawberry short cake and coffee were served after games in which Harry Pryor won high score and Bob Brown scored low. Club members attending were J. C. Boyd, Percy Denton, Thord Dockray, D. W. J. Howard, Clarence Wigginton, J. E. Moore, Willis Grey, Jimmie Keithley, Harry Pryor, Clarence Rollo, A. V. Weaver, Jr., Gaylord Hankins, Albert Martin, and Carl Hensley. Guests were Bob Brown, Campbell Anderson and Brock Brandon.

Mrs. R. L. Goad has returned from Greenville and Dallas where she has been visiting and was accompanied home by her niece, Mrs. W. C. Lancaster, of Greenville.

Rotary Pageant Cast Is Honored

Rotarians Hear Talk On Safety Measures From Santa Fe Official At Session Yesterday.

Members of the Rotary pageant cast, whose work was so effective in the presentation which featured the Rotary district conference here were guests of the local club at the weekly luncheon held yesterday noon at the Hotel Lubbock.

Initial balloting on new directors and a talk on safety measures were other features of the meeting, which was in charge of R. F. "Mike" Bayless, general freight and passenger agent for the Santa Fe. A. R. Tillman of Alburquerque, a Santa Fe official, was the chief speaker, discussing accidents and their causes. Carelessness is responsible for the majority of grade crossing accidents he said.

Upon the conclusion of Mr. Tillman's talk, Wallace W. Rix, director of the pageant led the musicians in several numbers, including "The Song of Spain," "It's A Long, Long Way to Tipperary," "Where The River Shannon Flows" and the Rotary song words of which were written by Mrs. R. D. Erwin of Lubbock.

Musicians and members of the pageant cast present as guests of the club were:

Mesdames Carl Scoggin, Lynn Williams, Homer Grant, Violet Grayum, McKnight, Warren Clement, Harry Blocker, Ilma Waller, Misses Eugenie Marshall and Ruth Rix, Messrs Warren Clement, Harry Blocker, Edgar Shelton, L. W. Pierpoint, H. S. Brown, L. M. Brooks, C. J. Atcheson and Edgar Inmon, of the chorus; Mrs. R. A. Trussell, Misses Beaulah Dunn, Margaret Halsell and Francis Larmer, Harmon Jenkins and Dr. Latson of Amarillo, of the orchestra; Misses Ruth Dunn, Mary Meador, Chen Rix, Mesdames George Field, Byron Dickinson, Sam Dunn, R. D. Erwin, Ches. Guy and Violet Grayum, McKnight of the cast.

The Morning Avalanche Menu for the Day

BREAKFAST — Stewed prunes, cereal, cream, creamed dried beef, popovers, fresh maple syrup, milk, coffee.

LUNCHEON — Vegetable stew toast sticks, rice custard pudding, milk, tea.

DINNER — Fricassee of lamb, mashed potatoes, buttered asparagus, grape fruit and celery salad, maple mousse, milk, coffee.

The following recipe for maple mousse is excellent to use in an electric refrigerator or one of the crankless freezers. The rule makes enough ice for eight persons.

One cup maple syrup, 4 eggs, 1 cup milk, 2 tablespoons flour, 1 cup cream, 1 cup chopped nuts, few grains salt.

Maple Mousse

Beat yolks of eggs slightly and stir into syrup. Cook, stirring constantly until mixture reaches boiling point. Add milk and flour stirred to a smooth paste with a little cold milk. Cook until thick and smooth and remove from fire. Let cool. Add cream whipped until firm and turn into mold. Pack in ice and salt and when partly frozen add nuts and whites of 2 eggs whipped until stiff. Finish freezing, allowing at least two hours before serving.

—THE— WOMAN'S DAY By Allene Sumner

Praying for husbands for other women, Miss Catherine Conley of N. Y. has made a neat living for lo these many years. But now that she is getting older and finds it harder to get out to early morning mass, she wonders just how she'll live in the years ahead. Just one more proof that husband-getting is as big a profession as ever, even if we do talk about an age of "man-independent women."

TWELVE-POUND LOOK

The little stenographer and typists of Japan, we hear, are about the only specimens of feminity in the Cherry Blossom Kingdom who bob their hair, wear short skirts, and do just about as they please. Japanese women not of the working class, however, are decidedly subservient to men. Women stand on the street cars or give their seats to men. Men eat the best food first and the women get what's left. Wives must tell their husbands what they need and the husbands'll buy it and the babies are named what the papas name 'em.

Just watch that "twelve pound look" spread in Japan. An eminent sociologist said not long ago that bobbed hair will save the world, explaining that bobbed hair means woman's revolt from male domination and that this revolt means an intelligent birth control in the Orient.

"TEACHER" CAN SMOKE

A girl may smoke cigarets and teach in the schools of Secaucus, N. J. This seems to be the result of the favorable verdict won by Helen Cleek, school teacher of that city, who has been given a permanent teaching certificate following her suit for slander against some members of her school board who "talked about her" because she smoked cigarets.

It is significant to note that in practically all recent tiffs between school teachers and boards concerning some alleged impropriety unbecoming a teacher, the teachers have won out. Maybe society is gradually learning that even school teachers are people.

POOR SPORT!

Jeanne Eagles, star of "Rain" and "Her Cardboard Lover," belonged to The Actor's Equity Society. That's an actor's union which guarantees fair play to actor, audience and producers. Jeanne left the show in a certain city. The show closed up. She said she was sick, but her record of cutting shows for one thing or another was not so good.

Anyway, the union decided she should be punished and said Jeanne should be fined so much and not play for so many months. Jeanne says she'll do as she darn pleases and the union can jump in the lake. This piece of bad sportsmanship makes Jeanne lose much sympathy one might have for her if she were really sick, for, after all, the tradition that sick or well an

MRS. RIX HOSTESS

Entertains Bluebonnet And Las Amigas Clubs

Las Amigas and Bluebonnet club members have been guests of Mrs. Wallace W. Rix, 2402 21st street, this week.

Bridge was played on Tuesday afternoon by Las Amigas club and on Wednesday afternoon by the Bluebonnet club.

Bluebonnets were plate favors yesterday with a salad course that was served by the hostess following the games. Guests and members attending were Mesdames S. C. Arnett, R. D. Benson, J. H. Hankins, J. S. Johnson, W. H. Meador, W. B. Price, William J. Miller, Jed A. Rix, E. Krueger, of Austin, F. R. Friend, E. L. Dohoney and Miss Della Wilkerson.

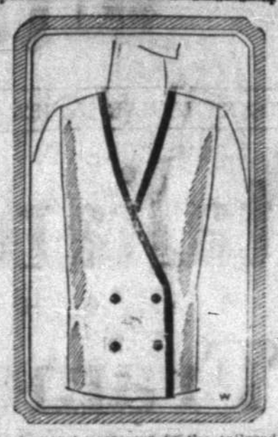

Mrs. Homer Grant made high score Tuesday afternoon and Mrs. J. T. Hutchinson scored second high. Others playing were Mesdames Edgar Lewis, Earl Sproles, Edgar Shelton, J. H. Goodman, Louis Stevens, Ray Grisham, G. L. Tuve, Warren P. Knox, and R. M. Chitwood.

Iris was arranged in bouquets for Las Amigas party and score cards were in the form of May baskets. An ice course was served.

Mrs. E. L. Dohoney made club high score yesterday and Mrs. Miller made members' high count. Each one received a spring of bluebonnets as a favor.

...crime must go on, always has seemed rather brutal to us. But to use an organization's advantages but denounce it the minute it is a handicap, is pretty bad.

Probe Fight

Delaney Knockout Investigated

NEW YORK, May 2 (AP).—Jack Sharkey's sensational one round knockout of Jack Delaney in Madison Square Garden last night will be investigated by the New York boxing commission, Chairman James A. Farley announced today.

Although Farley refused to speak for the entire commission he said investigation of the math already was under way, and that evidence of anything wrong would result in "drastic action."

Reports that Delaney was not in good physical condition prompted Tex Rickard, Garden promoter, to question Jimmy Johnston, part manager of Sharkey, shortly before the bout took place.

The promoter was assured that as far as the gob was concerned, the fight was absolutely on the "up and up" and that Sharkey would knock out Delaney whenever he desired, regardless of condition.

When the battlers entered the ring odds on Sharkey had lengthened from 2 to 1, to 4 to 1, with few takers, and numberless stories were in circulation from "inside" that "something was to happen."

Burke Ties Course Record In Tourney

Brilliant 68 Features Play As Texas Professional Golfers Association Event Gets Under Way.

(By Associated Press)

SAN ANTONIO, May 2.—Jack Burke, two time winner of the Texas Professional Golfers' association title, tied the Willow Springs course record here today in one of the preliminary events of the annual state professional tourney with a brilliant 68. Paired with Turker Bowles of San Antonio, Burke in the pro-pro best ball event, Burke's 68 was improved in places by his partner's scores and the pair had a best ball of 65 to win the contest.

Edwin Juelg of Mercedes and Lieutenant Gus Shea of San Antonio won the pro-amateur best ball event with a best ball of 66.

Burke's dazzling performance equalled the round turned in by Wild Bill Melhorn of Pittsburgh during the recent Texas Open.

Game Here Halted By High Wind and Sand: Play Today

"Rain Checks" Find Use As Refund for Sandstorm; Hubbers Were Starting Good As Game Stopped.

Bennie Brownlow's Hubbers and the Coleman Cubs went only one inning yesterday afternoon at the Merrill Park in the opening game of the three-ply card with the Coleman entry before Umpire Pipkin called the game due to the high wind and spraying sand.

Although the game was but for one inning the Hubbers were in the encounter long enough to touch Bob Couchman, veteran Texas league pitcher and manager of the Cubs, for one hit and it was Don Anderson, diminutive left fielder for the homlings, that turned the trick rapping out a double on his first trip against a heavy gale.

This afternoon at 4 o'clock the teams meet again at the Merrill Park for the second schedule contest of the three game series.

"Rain Checks" Good.

S. D. Hunter, president of the local franchise, stated last evening that all fans holding rain checks would be allowed to pass into the game either this afternoon or during any time in the season, with the exception of Sunday games, and then should a fan desire to use the check for the Sunday game he can do so by paying 25c more, as all Sunday games are priced at 75 cents.

Even though the weather was unusually bad more than 100 local fans passed through the Merrill Park gates for yesterday's game which is indeed good indications of local support to the Hubbers.

The starting lineups for the clubs this afternoon will be:

Lubbock:	Coleman:
Anderson lf	Glossup 2b
Burnett rf	Kott ss
Storte 3b	Moore lf
Scaling 2b	Peters cf
Adams cf	Stebbins 1b

Elliott Gives But Two Hits In Seven Innings But Loses

Giants Victors Over Brooklyn In Thrilling 2 to 1 Contest at Polo Grounds Wednesday.

(By Associated Press)

NEW YORK, May 2.—The New York Giants made a clean sweep of the three-game Brooklyn series and established themselves more securely at the top of the league by trouneing the Robins here today, 2 to 1. Elliott gave the Giants only two hits in the seven innings he worked before giving way to a pinch batsman. But these two drives were home runs by Lindstrom and Jahn.

Strolling Down Sports Lane

By JAMES R. DOW

Neither Bennie Brownlow nor Bob Couchman, veteran Texas leaguers, could qualify as Arabs yesterday so the Hubber-Cub opening game for the series was postponed on account of the sandstorm.

But today they will attempt to get together again at the Merrill Park at four o'clock. The game should be exceptionally good as both clubs have scored about the same proportionate wins over Red Snapp's club of San Angelo. Couchman took three out of four from Angelo while the Hubbers carried away two out of three from the Concho nine.

Abilene took her first defeat yesterday at the hands of Jub Clements, former Texas University pitcher, who won a 6 to 5 game for the Snappers.

Lefty Fonken, Happy product who has been with Sled Allen's Texans of the Western League, just recently joined with the Hamlin Pipers and yesterday turned in his initial victory for Hamlin taking the long end of a 9 to 5 count over Jimmy Maloney's Colts of Midland.

Red May, shortstop for the Hubbers, must be somewhere near the top of the list in the home run clouts as he has a total of four homers todate.

The Matadors and McMurry Indians proved that they were pioneers to this section yesterday afternoon when they went throug nine innings of baseball at the Tech park.

The Indians were the best Nomads, however, taking the long end of a 25 to 20 count.

Home runs were very much in order in the collegiate encounter for Raymond (Evo) Marshall poled out a pair of them, DeWitt, Waller, Cox, Ledbetter, Pool, and West cracked out a couple, which made a total of nine homers. The hitters had the wind to their backs and enjoyed a great day in the hitting department.

Vic Payne's track and field pacers stage their final performance for the 1928 season here Saturday afternoon against the Abilene Christian College Wildcats at the Tech Athletic Park.

The Wildcats are expected to be the strongest team the homlings will have to contend with this season and Payne is making strong preparations for the Panthers.

The Lubbock Baseball Association holds about the only distinction of having to make rain checks good for a sandstorm. Anyway the customers that filed through the Merrill Park gates yesterday afternoon who have their rain checks will be permitted to pass through for today's encounter.

Which of These Men Do YOU Feel Like? — After Eating

ARE you one of those fortunate people who can partake of a hearty or even moderate meal without some after-feeling of distress or do you have to avoid certain foods because they disagree with you?
Do you have that hard, uncomfortable feeling in your stomach, or that miserable tired or sleepy feeling after eating?
Gordon's (named for its discoverer) stops fermentation (souring of food matter) in the stomach and bowels. It exercises an antiseptic effect, dissolves the excess acid, absorbs the gas that is present, and prevents more forming. *It drives the poisons out.* It soothes and heals the irritated or inflamed condition of the stomach—the delicate membrane living—made raw by acid.
A spoonful of Gordon's after meals will bring quick relief in cases of indigestion, dyspepsia, gas, blasting, heartburn, excess acid, bad breath, sick headache, bowel troubles (constipation and diarrhea), and nervousness, when caused by faulty digestion.
Go to or phone your druggist for a bottle of Gordon's. Take a dose after each meal and before retiring. See how much better you will sleep and how refreshed and vigorous you are in the morning.
Gordon's is made in liquid form, put up in one size only. A large eight-ounce bottle, price $1.10 per bottle—less than 3 cents per dose.

McMurry Outlasts Tech In Game Of Muffs And Sand

Measly 12 Run Rally by Indians In Eighth Clinches Sand Battle Which Ends In 25 to 20 Score; 9 Homers

Before Contest Drags To Close, Dust Was So Thick Players Were Unable To See About Diamond.

While sand devils swirled about them, 18 baseball players of Texas Tech and McMurry College, Abilene, attempted to play a baseball game at the Tech park yesterday afternoon which was a cross between tragedy and comedy, ending tragically for the locals, 25 to 20.

Basehits and full trips featured the hectic struggle against the fury of the sand demons which was witnessed by a mere handful of humped-over and begoggled spectators.

At no time during the contest was the diamond free of swirling tongues of sand and at numerous intervals, the third baseman could not see the second baseman and only the outlines of the outfielders could be made out. But the game continued, nevertheless, and went the full nine frames.

Nine Home Runs.

Nine home runs were chalked up during the afternoon while 8 other extra base hits were counted also. Practically every outfield ball unless in the vicinity of a fielder was carried on for a complete trip around the bags. Captain Raymond Marshall was in his usual hitting stride and connected with a couple while West of the visitors hit 2 homers also. DeWitt and Waller, of the Matadors registered homers for the Tech while Cox, Ledbetter and Pool, of McMurry, poled out one each.

Both clubs were almost deadlocked on their hitting, Tech getting 22 safeties to 21 for McMurry. Tech was the weakest, however, in fielding, making 12 bobbles to five by the visitors.

Red Moore, of Cisco, displayed his ability as a twirler for the locals and tossed a fairly creditable game considering conditions until the eighth inning when the Indians got loose for 12 runs. Satch Hill relieved him in this inning when one run was made and was scored on for the remainder of the counters.

West, of McMurry, proved to be the master of the situation when he relieved McCandless in the fourth after seven runs were made, throwing a fairly decent game thereafter. He also hit two home runs and knocked in six runs.

Windy Nichlaus, Matador receiver, injured his hand in the eighth frame and was forced to retire, giving away to Burnett.

Seemingly impossible catches were made in the outfield by Waller and Marshall of the Tech at critical periods of the game.

The two teams meet again here this afternoon.

SOLON DIES IN CRASH

New York Congressman Is Killed In Smash-up

WHITNEY POINT, N. Y., May 2 (AP).—Theddeus C. Sweet, member of congress from the 34th New York district and one of the outstanding figures in the state's Republican party councils, was killed in an airplane crash here today.

"I saw what I believed to be a good landing field," Lieutenant Hoppin, pilot, said, "and brought the plane to the ground. A few seconds after the wheels touched the ground we hit a bump and turned over.

"Congressman Sweet, who was in the front of the car, was thrown forward when the crash came, the weight of the plane landing on him."

GETS $500 ON LIBEL

Canadian Objected to News Statements

COBOURG, Ont., May 1 (AP).—General Sir Arthur Currie was awarded $500 today in his $50,000 libel suit against two newspaper men for an article charging that Canadian lives were needlessly sacrificed on Armistice day.

The defendants were F. W. Wilson, publisher of the Port Hope Guide, in which the article appeared, and W. T. R. Preston, who wrote the article.

Sir Arthur, who was commander of the Canadian corps in the World war, asserted that he was libelled when the newspaper article stated that Canadian headquarters for its own glory ordered the occupation of Mons on Armistice day, and thus sacrificed many lives, although notice that the Armistice was to be signed had been received.

Democracy Only Solution In China

So Says Missionary Speaking at Church Here; Was Friend of Worker Killed

"Democracy is the only solution to the present unsteady condition in China,' And this, according to the Rev. J. Walton Moore, returned foreign missionary who spoke at the First Baptist church last evening, will result from the recent civil revolution in that country.

"It is not a new conflict but a breaking out of the old enmity between the people of North and South China. Although it may take a number of years, the Chinese will never be satisfied without some form of democratic government. The awakening of the middle class of people is to be blamed for the revolts."

Speaks Chinese Fluently

The Rev. Moore was for fourteen years a missionary in China, making an intensive study of the innate problems of the people. He resided at Chefoo in Northern China, near the birthplace of the wamous Chinese philosopher, Confucius. Rev. Moore speaks the Chinese language fluently, and modestly admits his proficiency in the art of using chop sticks.

An imitation of the conversation and songs of the Chinese was given by the Rev. Moore in his graphic depiction of the life in the Orient. "The Chinese are an intelligent people if given a chance to break away from the heathen background," he explained. "Only sixteen per cent of the people are able to read and write, but they are ambitious, curious, and learn rapidly."

"There are 450,000,000 people in China, comprising one fourth of the world's population.' Near the place where the Rev. Moore was located the population averages 700 to the square mile as compared to sixteen in the United States.

Friend of Slain Man

Dr. Seemore, intimate missionary friend of the Rev. Moore, was killed last week as a result of the uprisings in China. "It is not the general spirit of the Chinese that makes it dangerous for the missionary to live in China," Rev. Moore continued, "but it is heathenish individual. It is thought that a hilarious celebration of a victory caused a Chinese soldier to kill Dr. Seemore."

The Rev. Moore plans to return to the Orient next August.

Lindy Shuts Down On Flight Rumors

Silences Reports That He Will make Jump To Europe By Way Of Iceland And Greenland.

WASHINGTON, May 2 — Enough rumors to fill the air penetrated on his New York to Paris flight have been manufactured about his future plans, in the opinion of Colonel Charles A. Lindbergh, who has put his foot down on them with such finality as to make further speculation dangerous to the yarn weavers.

The latest of these reports had it that all was set for a flight to Europe by way of Greenland and Iceland; another said Major Thomas G. Lanphier, head of the first pursuit group at Selfridge Field, Mich., would be Lindbergh's companion on this venture, and a third declared the Ford Motor company would provide the plane which, upon arrival would be taken on a tour of Europe.

As to the first, Lindbergh told the Associated Press that he was studying the feasibility of a trans-Atlantic hop by the far north route, but a final decision depended upon the results of this investigation, yet to be completed. He characterized as "incorrect" any reports as to his plans in this direction.

Such an air voyage, while carrying a flier far north of the great circle course and entailing a much greater distance, could be made, if found practicable, in several jumps, with two land stops intervening between the two coasts.

Major Lanphier, who left his air squadron at Langley Field, Va., yesterday to fly to Washington to spend the day with Lindbergh, took occasion to deny the report that he would accompany the flying colonel on such a flight this summer.

As to the report that the Ford Motor company would lend Lindbergh a ship for the icy journey, William B. Mayo, Ford's chief engineer, said flatly at Detroit that no such arrangement had been made.

Hoover-Willis Contest Split Republican Forces In State, Desmond Declares In Declares.

(By Associated Press)

NEW YORK, May 2.—Thomas C. Desmond, president of the New York young republican club and a vice president of the national republican club, told the republican union club last night that the Hoover-Willis contest in Ohio has left wounds in the party organization which will endanger that state in November unless a candidate like Vice-President Dawes is nominated.

He predicted that Governor Smith would be nominated by the democratic convention on the first or second ballot and that the republicans were faced with the task of nominating a man who could carry New York state against the governor.

President Coolidge, he said, could carry the state, as could Charles Evans Hughes, and that Dawes after these two would be the best "republican vote-getting candidate in New York state."

"No wonder that Secretary Hoover keeps winning straw vote ballots as well as preferential primaries," Mr. Desmond said. "He has no opposition from either Coolidge, Hughes or Dawes."

He said Dawes would support former governor Lowden of Illinois for the candidacy, but that Dawes after Hoover and Lowden had been eliminated and if both President Coolidge and Mr. Hughes still declined to be considered, should be drafted "and he will accept."

...bock Boosting ...ig Delegation To ...ity Plan Session

Of C. Hopes To Have Large Group Of Local Men In Attendance At Convention.

...n an effort to get as many Lubbock citizens as possible to attend the 20th National Conference on City Planning at Fort Worth May 7, and Dallas, May 8, 9, 10, the Lubbock Chamber of Commerce has put out letters to its members who indicated an interest in any type of city planning when the program of work meetings were held.

"There is no question but that a well organized systematic, scientific plan for building Lubbock for the future is the need of the hour," the letter read. "Very few of us know enough about this subject to intelligently begin to put into effect."

A number of officials of the Chamber of Commerce and City Commission will head the delegation to the city planning meeting. City planning engineers, commissioners, chairmen, and other authorities on the subject will be in Dallas from the hundreds from cities and small towns over the entire nation. Every phase of city planning will be discussed as considered from the small town's angle as well as the large point of the big cities.

Planning, mass and density of building in relation to open space and traffic facilities, aesthetic items which should be included in a master plan, functions of plan commissions and street traffic planning, city planning instruction in school, parks and buildings lines, plans used in building cities over the nation and many other subjects will be discussed by experts.

The program includes 33 addresses from outstanding authorities from over the nation in addition to several round table discussions. Among the cities represented by the speakers on the program are: Washington, New York, El Paso, Houston, Austin, Indianapolis, Los Angeles, Akron City, Dallas, San Francisco, Cincinnati, Kansas City, St. Louis, Denver, Omaha, Chicago, Oklahoma City, Schenectady, N. Y., Cambridge, Mass., Palos Verdes Estates, Cal.

Edwarni M. Bassett, New York City is president of the conference.

A Message To Mothers and Fathers

--from J. Cline Moore

A weekly expenditure of more than $1,000 is made by me in the operations of Joyland Auditorium and the Lubbock Inn. It is not good business, even if one should be so inclined to operate a business that would jeopardize its reputation or reflect upon the character of those who operate it.

Joyland Auditorium is A NICE PLACE FOR NICE PEOPLE and WILL REMAIN SO as long as I manage, own and operate it. Joyland dances are KNOWN all over this section for BEING DANCES of the BETTER KIND—Clean entertainment of the highest order. It is a place where the young people may look to for regular amusement and so operated that their Mothers and Fathers may know that only those who conduct themselves as ladies and gentlemen are wanted—or who may have the hospitalities of Joyland. I take pride in operating a place like JOYLAND—knowing as I do—that the young people of the South Plains WILL BE AMUSED at some place—the success of Joyland is assured to-day. One of the largest crowds we have ever had attended last Saturday night's dance.

By reason of the manner in which Joyland is conducted it should grow and grow, providing a place for the young people of all the South Plains to meet and enjoy a few hours of recreation, amusement and meet friends.

I positively will not allow "drunks" to dance at Joyland. Indecent dancing positively not tolerated. Only those who wish to conduct themselves as ladies and gentlemen are wanted.

I have offered $50 in cash to any officer catching a bootlegger operating in the vicinity of JOYLAND.

All these things are published for the benefit of the young people—whose Mothers and Fathers may have objections to their attendance at Joyland.

It is common talk over this section now that JOYLAND dances are nicer and more rigidly guarded than most any dance.

Joyland dances have GOOD MUSIC—an orchestra that is a treat to hear—one that is sought by other towns very eagerly. There's always a GOOD DANCE at Joyland every TUESDAY, THURSDAY and SATURDAY NIGHTS.

More than 200 couples attended last Saturday night. Joyland SUCCESS was attained by being the RIGHT KIND of place and I pledge you my word it will remain a NICE place.

Bolt From Party Is Suggestion Of California Group

Overwhelming Victory by Smith Forces Stuns Supporters of Walsh and Reed.

SAN FRANCISCO, May 2 (AP).—A smashing victory by Governor Alfred E. Smith of New York in yesterday's Democratic presidential preference primary over Senator James A. Reed of Missouri and Senator Thomas J. Walsh of Montana today brought claims from Smith supporters of assured success at Houston, varying explanations of the result from the camps of the defeated candidates and one suggestion of a bolt from the party if Smith is nominated.

The Democratic voters of the state gave delegates pledged to the nomination of the New York executive more ballots than they recorded for his two opponents combined.

In 7,908 precincts out of the state's total of 8,753, the vote today stood:

Smith 130,439; Reed 56,651; Walsh 44,956.

Wilbur Legette, state campaign manager for Reed made the sensational suggestion of placing an independent ticket in the field in the event Governor Smith is nominated at Houston in June.

He telegraphed Josephus Daniels, secretary of the navy under President Wilson asking the former cabinet member if he would make the race for the vice president on a ticket headed by Senator Reed or Senator William E. Borah of Idaho, Republican, should either of the latter agree.

"Majority vote in Southern California against Smith shows that best element of Democratic party is not for Smith," Legette telegraphed Mr. Daniels. "We do not believe Southern Democracy will swallow Tammany Hall, do you?"

California will send 30 delegates with 26 votes to Houston bound to vote for Smith. The fact that Reed was second choice was an additional blow to the McAdoo forces as those advocating the nomination of Walsh were known. William G. McAdoo, former secretary of the treasury and a candidate for the presidential nomination of his party four years ago, was known as the "power" behind the Walsh organization and headed the Walsh list of delegates.

The result means that if Mr. McAdoo goes to the Houston convention he must go as an observer and not as a delegate.

presidential nomination, he picked up without opposition the solid delegation of 29 from his home state of California. His managers pointed to the big vote given the commerce secretary there yesterday as another indication that he is headed straight for the nomination; his opponents, however, continued to pass the word that there would be enough votes at Kansas City to block his nomination.

Six weeks from today the Republican convention will be under way. In eight weeks the Democrats at Houston will be approaching the balloting stage. To date, 835 of the 1,089 Republican delegates have been selected. Of the 1,100 Democratic delegates, 670 have been named, excluding the delegation of 14 from Connecticut chosen today.

Boosted by their California gains, Hoover's total of claimed delegates is 396, or 149 less than the required 545 majority. His claims to 158 of these delegates are disputed, however, by his opponents.

Smith's managers claim he has bagged 494 delegates, with his opponents disputing 70 of these. The total claimed for the New York governor is 239 1-2 short of the two thirds needed for the nomination, is 253 more than he had on the first ballot at the convention four years ago and is 126 in excess of his high vote in that memorable political battle.

In view of his sweep in California, Smith's backers insist there is no doubt he will be well above the majority vote on the first ballot at Houston.

Baylor Removal

(Continued from Page 1.)

en to the school by Waco, the pastors said, asking whether Dallas had done as well by schools now located in Dallas.

"To cite another particular," the resolution said, "unlike institutions in other cities which officially foster dancing and many forms of recreation seriously questioned by the masses of our Baptist people, Baylor university has never officially permitted such. Even though such practices are prevalent in many of the homes from which the students come, it ha succeeded to an unsurpassed degree in winning its students to more acceptable ways of recreation."

The resolutions attacked the wisdom of a policy of centralization. Already in Dallas are the state executive board; the convention owned paper, the Baptist Standard; the state orphanage; the Buckner Home; the Baptist book store; headquarters of the ministerial relief and annuity boards; technical and professional schools.

"Shall we now take further away from distant portions of the state the oldest institution among us, which has been a powerful force for maintaining the Baptist state of equilibrium?" the pastors ask. "Is it not a most hazardous project and upon entirely too slight a pretext?"

Ramos, who also testified for the state, declared that he and the other two Mexicans had been hired, ostensibly to do farm labor, transported in a truck to Stanton after being given a quantity of liquor, and told to wait in front of the bank. When the men who had hired him came back Baze opened fire, he testified.

Smith, on the stand in his own behalf, declared he was an innocent and unwilling accomplice of Baze who, he charged, said "I deputize you to help me arrest these men (Diaz, Nunez and Ramos), and immediately started firing.

NEW YORK, May 2.—Two threatening clouds—the possibility of an increase in the New York Federal Reserve rediscount rate on Thursday, and the prospect of another huge increase in the monthly report on stock exchange members loans due within a few days—appeared on the speculative horizon today and caused operators for the advance to shorten sail. Prices, which had advanced 1 to 8 points in early trading, were substantially reduced, or wiped out, in the late selling movement, and in a few cases converted into net declines.

The day's sales again fell short of the 4,000,000 share mark. One block of 10,000 shares of National Power & Light changed hands at the opening at 34 7-8, following which the stock advanced to a new high at 35 3-4 but the bulk of the day's transactions was in blocks of 100 to 1000 shares.

sued commands and talked with his wife and daughter as the ship was drawn into the open. Once clear of the hangar, however, he bade them an affectionate farewell and entered the gondola, Titiana, fox terrior mascot of the Italia, seemed for a minute uncertain whether to stay with her mistress or join her master but she finally decided and jumped into the gondola too.

The Italia ascended rapidly while spectators cheered. The searchlights outlined it far a minute as it headed northward, but the next moment it was swallowed in darkness and shortly even its motors could not be heard.

Lacking in Ceremony

Although considerable pomp and ceremony have attended the various beginnings of the Nobile project the actual start this morning was noticeably lacking in this respect. Last evening the Italian ambassador with his secretaries and retinue differential to the weather had gone back to Berlin. With them was the German chief of air service. Brandenburgh, the Berlin government's official host at Stolp. Their departure left both Italian and German governments without representatives at the start.

1700 Miles to Spitzbergen

It is 1,700 miles from Etoip to Spitzbergen, and the Italia has a cruising speed of 62 miles an hour. An appreciable distance will be cut from the first lap of the flight, however, if, as was not likely this morning, the dirigible is landed at Vadsoe, on the northern rim of Norway for additional gas and benzine, should the stop at Vadsoe be made the flight begun this morning should cover approximately 1,150 miles.

A more ambitious program then that of the Norge, in which Nobile with Raold Amundson and Lincoln Ellsworth flew across the North Pole last year, has been mapped for the Italia. Plans for several flights during the spring and well into the summer from a base at Kings bay have been made. One of these is to ascertain if there is any land on either side of the route followed by Peary.

Jones Reiterates His Stand As Dry

Wants Texas Delegation Uninstructed As To Candidates But Pledged To Prohibition.

(By Associated Press)

WASHINGTON, May 2.—Jesse H. Jones, of Houston, Texas, tonight reiterated his desire that the Texas delegation at the Democratic National Convention be "uninstructed as to candidates," but "pledged to strict enforcement of all prohibition laws."

There has been a persistent movement among the Texas forces opposed to the candidacy of Governor Smith of New York, to have the state's forty votes pledged to Jones. In a statement issued last Sunday, Jed C. Adams of Dallas, a member of the national committee, said the fight in his state had narrowed down to one between Jones and Smith and expressed the belief that the opposition to Smith would "rally solidly around Jones at the convention." Adams has been regarded as the leader of a movement to draft Jones.

Mr. Jones statement tonight was issued, he said, "in view of the approaching Texas precincts conventions and the activity which persists for an instruction for me.

Appreciates Esteem of Texans

"While I appreciate," he continued, "the esteem and confidence of my friends in Texas, who are suggesting that the Texas delegation be instructed to cast its vote for me at the Houston convention for the presidency, and while such a vote would be the greatest compliment that the people of Texas could pay me—and I would be insincere if I should say or infer that such a procedure would not make me very happy—I would greatly prefer that there be no contest whether or not the instruction should be for me.

"I have never held political office nor have I at this time an political aspirations but to be considered by my Texas friends as qualified for the presidency is compensation enough for any service that I may ever be able to render unofficially to the country and the Democratic party.

"My only concern is the success of the convention from the standpoint of hosts and success of the party in the November election."

second section of the McNary-Haugen bill and substitute the second section of his new measure.

Immediately, however, Representative Cannon, Democrat, Missouri, who served as parliamentarian of the House under Speaker Champ Clark, took the floor and contended that the House by its vote had substituted all of Aswell's bill for the McNary-Haugen bill and that the equalization fee thereby had been killed.

Then the fight was on. A number of members supported Cannon's view; others opposed it with vigor, and more had different opinions as to what had taken place.

After two hours of discussion, during which the presiding officer, Representative Mapes, Republican, Michigan, nearly wore out a gavel pounding for order, the House apparently was no nearer a decision than when it started. It then deferred settlement of the question until tomorrow and adjourned.

The Wives' Part

"Outfits" Given to Women

NEW YORK, May 2 (AP).—Mrs. James Fitzmaurice and Mrs. Hermann Koehl today were reveling in one of the joys of being wives of Transatlantic fliers—each had three complete outfits as the gift of one of Fifth Avenue's leading establishments.

The two women spent more than two hours choosing their finery, but then a large part of this time was spent in attempting to convince six-year-old "Patsy" Fitzmaurice that she should not have a red hat and a red coat.

Patsy had been included in the store's invitation, but when her mother refused to agree to her choice of a selection the entire proceedings left her cold—even more so, if possible, than the tumult of the day before when her dad was being cheered and decorated.
