

Ike Submits \$80.9 Billion Farewell Budget

BRIGITTE HAS A VISITOR—French actress Brigitte Bardot, right, is visited on the set of the film "Le Bride sur Le Cou" (Only For Love) in Paris, by Tatiana Samoilova, a Russian actress. Tatiana is in Paris to appear in the Franco-Russian production of "20,000 Leagues Under the Sea." (AP Wirephoto)

Surplus Is Disputed By JFK Advisers

By STERLING F. GREEN WASHINGTON (AP)—President Eisenhower's forecast of budget surplus this year and next are disputed by President-elect John F. Kennedy's advisers.

Kennedy's economic task force has predicted that, because of the business recession, the government is likely to dig into red ink in this fiscal year which ends June 30.

Eisenhower's budget message sent to Congress today estimates a surplus of \$79 million for fiscal 1961, followed by a \$1.5 billion surplus in fiscal 1962.

Eisenhower acknowledged the shakiness of the predicted 1961 surplus. It will be wiped out, he said, unless postal rates are increased "not later than April 1, 1961." Congress is not expected to act on postal rates soon, if at all this year.

As for fiscal 1962, the President said his forecasts "reflect expected gains in the national economy," providing improved tax revenues from rising incomes and corporate earnings.

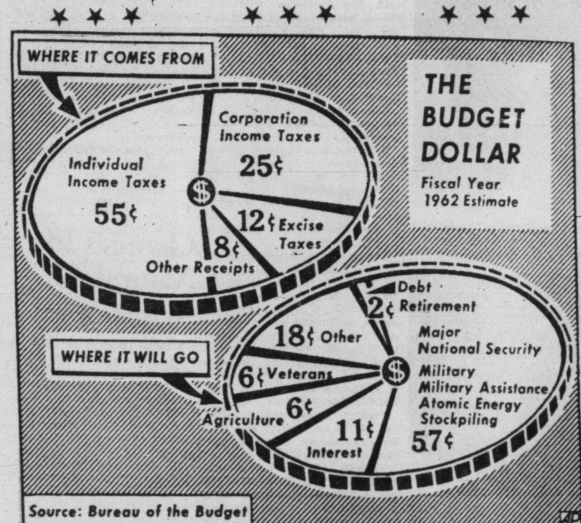

Douglas Dillon, the present undersecretary of state who has been picked as Kennedy's secretary of the Treasury, gave a less optimistic view last Wednesday to the Senate Finance Committee.

Dillon, a Republican, said everything he has been told indicates there will be a deficit in fiscal 1961.

Kennedy economic team headed by Dr. Paul A. Samuelson of Massachusetts Institute of Technology, recalled how in its report on Jan. 5 how widely Eisenhower missed his estimate on the fiscal 1959 budget.

"Due largely to the impact of a recession that everyone but the authorities admitted was taking place," said the Samuelson report, "the announcement in early 1958 of a small fiscal 1959 surplus was actually followed by a final fiscal 1959 deficit of more than \$12 billion."

A year ago, when the fiscal 1961 budget message was issued, it called for a \$4.4 billion surplus. That has almost entirely vanished because of sluggish business, particularly the slump in corporation profits.

THE TAX DOLLAR—Chart shows where the tax dollar will come from and how it will be spent under President Eisenhower's budget for the fiscal year of 1962. (AP Wirephoto)

\$1.5 Billion Surplus Seen

Table with columns for fiscal year ending June 30, 1961, and 1962. Rows include Income, Expenses, Surplus, and National debt at year's end.

By FRANK CORMIER WASHINGTON (AP)—President Eisenhower today sent Congress a \$80.9 billion farewell budget calling for a \$1.5 billion surplus dependent on the will of Congress, John F. Kennedy and fate.

To finance the projected surplus for the 1962 fiscal year that begins July 1, Eisenhower would increase federal fees and taxes on all those who mail letters, travel in airplanes or use the nation's highways.

Most of his action proposals were retroactive, but the 1,040-page budget book did include some ideas which he formally suggested for the first time.

The possible creation of a high-prestige White House job, perhaps carrying the title first secretary of the government, the post would be filled by a presidential appointee who would outrank Cabinet members and act as a sort of assistant president both at home and abroad.

The establishment of a new Cabinet-level department of transportation plus an efficiency-promoting office of executive management within the White House organization.

Eisenhower commended these suggestions to President-elect Kennedy and the Congress without advancing specific legislation.

On the facts and figures side, Eisenhower said a total federal spending of \$80,955,000,000 in fiscal 1962 and revenues of \$82,333,000,000.

For the indicated surplus of \$1.468 billion, Eisenhower said, a reality of 18 months would be necessary.

Congress would have to increase postal rates (details not spelled out), vote higher taxes on gasoline (4 1/2 cents a gallon instead of 4 cents) and establish a new tax on jet fuel. Air fares should be adjusted promptly to cover any aviation gas tax increase, Eisenhower said.

The solar-mild recession would have to stop in its tracks and give way to a gradual recovery that would lift the economy to record levels by the end of the current calendar year.

Kennedy would have to restrain his enthusiasm for a variety of new and expanded programs which presumably stand ahead of the new frontier.

The incoming president won't submit a budget of his own this year, but he suggests piecemeal changes in Eisenhower's budget.

For the current fiscal year, Eisenhower foresaw revenues of \$79,024,000,000 and spending of \$77,556,000,000. The projected surplus of \$1.468 billion was a long way from the \$4.2 billion of black ink which the chief executive predicted a year ago when economic prospects were brighter.

The Kennedy camp is just about convinced that a current-year deficit is inevitable regardless of federal moves between now and June 30. The big question bothering the incoming administration is whether fiscal 1962 may not also show a deficit—and whether some red ink perhaps would be desirable to stimulate the economy.

Under the Eisenhower plan, the prospects of achieving a precarious fiscal 1961 surplus hinge on a quick business turnaround and the voting of higher postal rates by April 1.

Eisenhower said his new and final budget was based on the same yardstick for fiscal 1962. "Using necessity, rather than mere desirability as the test for our expenditures."

Such are the trends of the times that he found it necessary to plan an additional \$1.9 billion in spending for fiscal 1962.

Rebels Take Key Staging Base In Laos

By ROY ESSOYAN VIENTIANE, Laos (AP)—Rebel capture of the key staging base of Ta-Vieng dealt a major blow over the weekend to government plans to attack Communist forces to the north.

Soldiers and civilians began digging trenches in Vientiane and Luang Prabang as the new Red offensive posed a threat to both cities.

Premier Boum Oun struck back with the four 76 training planes received from the United States making rocket and machinegun attacks on the pro-Communist forces who drove 1,000 to 1,500 government troops from Ta-Vieng Friday.

The squadron reported destroying a rebel truck but heavy fog prevented determining other damage.

Departure of some security police and troops from Vientiane southward to Savannakhet sparked rumors that the government was planning to evacuate the capital, but most officials denied any such move.

Reports that the rebels were advancing on two important fronts caused apprehension in the vital government bases of Pakxane and Thon. The squadron said defense forces massed there last week for a drive to the north against Red-held Xieng Khouang Province appeared in a state of confusion.

Vela Trial Begins Here Funds Asked

A number of criminal cases are slated to be heard in 132nd District Court this week. Selection of a jury for the first case got underway this morning with the questioning of the jury panel by District Attorney Wayland G. Holt and Royce Ball of Lubbock in the case of Manuel Vela of Slaton charged with "murder without malice."

Vela is charged in the death of Ronnie Lee-Guyenes, 4-month-old son of Mr. and Mrs. Walter Guyenes, in an automobile accident on U.S. Highway 84 north of Snyder on April 1, 1960.

Other cases called for this session of court include charges of murder without malice with an automobile against Joseph Leon Elam of Ira; murder against Howard Smith of Snyder; and two charges against James Taylor of Snyder one docket including a charge of assault with intent to murder and assault with a prohibitive weapon and the other a charge of assault with intent to commit murder.

Negro Students Back In Georgia Classes

ATHENS, Ga. (AP)—Two young Negroes returned in peace today to classes at the University of Georgia which suspended them last Wednesday night after campus riots following their admission under a federal court order.

Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, first Negroes ever to be admitted to the 175-year-old university, came back in a cold drizzling rain from their homes in Atlanta under another federal order forbidding the university from again suspending or expelling them if disorders again erupt.

There were no resumption of last week's demonstrations. Miss Hunter stepped from a white car which had cautiously circled the block several times. She entered her dormitory at 8:05 a.m. Five white men in plain clothes who accompanied her kept a close watch on the area.

The watch disclosed only the normal traffic of any college campus. Holmes walked into his classroom at 8:45 a.m., accompanied by three white men. He entered a different building from that where Miss Hunter was in class.

Miss Hunter and Holmes were driven to Athens, starting before dawn, by their attorney, Donald L. Hollowell, and the Rev. Samuel W. Williams, president of the Atlanta branch of the National Association for the Advancement of Colored People. Upon arrival in Athens, they transferred to other cars.

An armed prowler created excitement Sunday night when he appeared at a dormitory and told a guard he was looking for the Negro girl enrolled in the school. Police were told he drew a gun when asked to identify himself, relieved the guard of his gun and fled. The incident occurred about 9:30 p.m.

A thorough search of the campus was made but the man, described as short, stocky and about 35 or 40 years old, eluded detection.

The Negro students, Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, of Atlanta, were suspended after last Wednesday's campus disorder was quelled by tear gas.

U.S. Dist. Judge W.A. Boothe ordered the two re-admitted and enjoined school and state officials from again removing them on the ground that unruly demonstrations endanger their personal safety.

Earlier the jurist barred state officials from cutting off funds for the university as required by state law for integrated schools.

Hours in advance of the re-entry of the two students state police in the area were re-inforced by patrolmen from other sections. Eighty state troopers were reported on hand for the new effort to integrate the university which has 7,500 white students.

The campus, spread over several thousand acres, was under constant watch by Georgia Bureau of Investigation agents cruising in unmarked cars. FBI agents were on hand to check on any violation of federal law. City and county authorities warned that law violators would get immediate prosecution.

Snyderites Are Beaten And Robbed

Two suspects in the armed robbery and beating of two Snyderites were arrested early Sunday in Monahan.

Mr. and Mrs. Arnon Weaver, who operate a motel in Odessa, were beaten and robbed at their Odessa establishment at about midnight Saturday night.

The thugs, who hit Weaver twice on the back of the head with a gun and hit Mrs. Weaver in the face, took \$120 in cash and a \$500 set of rings.

Mrs. Weaver was treated for lacerations and bruises on the face. She was discharged from an Odessa hospital Sunday and returned to Snyder.

The two suspects were arrested by a Monahan city patrolman. The pair was identified as Jess Lee Kiser, 35, of Los Angeles, Calif., and Charles Davies, 21, of Miles City, Mont. They were returned to Odessa where charges of armed robbery were to be filed.

Odessa authorities broadcast a description of the car the robbers were driving and road blocks were set up following the robbery. Monahan Patrolman John Hays spotted the car in that city at about 2:30 a.m. Sunday. Hays and patrolman Bobby Neal made the arrest.

The officers said they recovered a lot believed taken in the Odessa robbery, along with five pistols and several rifles believed to have been stolen from a National Guard Armory in Daytona Beach, Fla.

Gonzalez Says He Was Offered Federal Job DALLAS (AP)—Sen. Henry Gonzalez was quoted by the Dallas News today as saying that he had been offered a job in the Kennedy administration if he would withdraw from the special Senate race in Texas.

Gonzalez said in San Antonio a job on the Boundary Commission or in a diplomatic post had been offered to him by a man who said he worked in the office of Sen. Dennis Chavez, D-N.M.

Castro Troops Launch Big Offensive Against Rebels

Deque and former Capt. Ramon Perez. There was no official word on the reported offensive. Military headquarters in Cienfuegos, in the mountain foothills, indicated an offensive was under way but referred all questions to Havana headquarters.

It was unofficially reported that 70 to 90 persons were seized in Cienfuegos on charges of links with rebel activity. Hundreds of peasants in the area were rounded up and evacuated.

Castro's troops reportedly are commanded by Maj. Dermidio Escalona, recently transferred to Las Villas after commanding the army in westernmost Pinar del Rio Province.

In Havana, the Castro regime continued a crackdown on accused counter-revolutionaries.

Thirty-three men, one of them a North American, were sentenced to prison terms of 9 to 30 years on charges they were involved in various plots against the government.

The North American, identified only as Robert John Gentile, was sentenced to 30 years on charges he plotted to kidnap Cuban President Osvaldo Dorticos.

One Break-In Is Reported

The Snyder Police Department reported one break-in and one minor traffic accident occurring over the weekend.

Rev. Harry Vanderpool, pastor of the First Methodist Church, reported a break-in at the church Sunday at 8 a.m., stating that a softdrink machine had been tampered with and that 3 cases of empty bottles were missing.

At 1:57 p.m. Sunday an accident at the intersection of Thirtieth Street and Avenue B involved a 1957 Cadillac driven by Freddie Everton, 412 Twenty-eighth Street, and a 1959 Ford driven by Joyce Ramsey, 3106 1/2 Avenue V. Damage was estimated at \$25 to the Cadillac and \$50 to the Ford.

Austin Prepared For Inauguration

AUSTIN (AP)—A flag-decked Capitol was ready today for Gov. Price Daniel's inaugural, but legislative formalities must be disposed of first to get the inauguration.

Official canvass of the November general election voting that gave Daniel his third term, plus possible senate action on a legislative pay and housekeeping bill were high on the Legislature's agenda today.

Daniel will start his third term and Lt. Gov. Ben Ramsey's sixth term in ceremonies from a platform at Capitol's south porch at noon Tuesday. Both will make brief speeches. Neither is expected to go deep into policy suggestions, however.

The governor will submit two or more possible tax-cut plans at a joint session of the House and Senate Wednesday in his first official move toward a solution of the state's fiscal problems.

He has at least two alternative plans ready as recommended by his finance advisory commission. One a payroll tax and the other an extension of existing taxes. The legislature's main problem is where to find \$200 to \$300 million in new money to retire the mammoth general fund deficit and finance state operations for the two fiscal years starting Sept. 1.

The Constitution sets up the method by which the governor and other constitutional officers are normally declared elected — a necessary prelude to the inauguration. The results of the election are delivered sealed into the hands of the House speaker. A joint committee then checks the results and reports to the House and Senate. The speaker declares who won. In modern times, this has not been anything but strictly official news since the public has known it for months. The weather outlook for the inauguration is good. No stormy or bitterly cold weather is in sight. While this year's inaugural will lack the extended social whirl of some in the past, it is expected to draw a large crowd from all parts of the state. An inaugural ball in Austin's new glittering municipal auditorium is the main social event.

MISJUDGMENT DAY

Knowledge Comes Again From Mail

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

What is the most dangerous hour of the week for heart attacks? A medical survey found it was 2 o'clock Sunday morning. Maybe because of too much Saturday night celebrating?

Sign outside an air-conditioned restaurant in Tokyo: "It's freezing inside!"
Even vegetables take medicine now. A new tranquilizer for plants is said to help them offset the shock and strain caused by heat spells, cold snaps and too much or too little rain.

Science has found that a newborn baby is 77 per cent water. Most veteran fathers we have talked to feel this figure is too low.
Americans buy between 8 and 10 million used cars a year. More than half the automobiles you pass on the highway—or that pass you—have had two or more owners.

Our quotable notables: "Conceit," said Bruce Barton "is God's gift to little men."
In colonial America, families usually gave a mourning ring to a preacher for conducting a funeral. A minister could measure his lifetime popularity by the number of such rings he received. Some collected thousands.
Every human being is a crowd-strolling universe to lower forms of life. The average person pastures about 10 trillion bacteria on his 18-square feet of skin.
Want to present your best girl a really unusual Valentine gift? Send her a mile of pennies. The cost: \$220—not including delivery charges. But it'll prove to your sweetie you're one guy with a lot of common cents!

Everybody has a favorite old saying. Here's singer Tommy Hazard's: "Taking the least line of resistance is what makes both men and rivers crooked."
Gen lore: In ancient days the diamond was thought to protect its owner against poisoning, and aristocrats wore an emerald on their forehead to cure them of eye diseases.

You may believe nature gave you an odd anatomy but you could be in a lot stranger shape. For example: A shrimp has its heart and stomach in its head, the cuttlefish has three hearts, and crabs have teeth in their stomachs.
Wisecrack of the week: Asked by his wife and three children what he wanted for his birthday actor Walter Slezak sighed, "A chance to use the telephone."
Great minds at work: A law passed in Vermont in 1903 banned the teaching of grammar in its high schools as a useless subject.

Hint to housewives: If your husband complains about helping you with home chores tell him this: many medical authorities now believe lack of exercise is one of the most important factors in premature aging. Lying on the sofa watching your work will only make him older sooner.
It was millionaire William K. Vanderbilt who observed "Inherited wealth is a big handicap to happiness. It is as certain death to ambition as cocaine is to morality."

Chiang's Party Wins

TAIPEI, Formosa (AP)—Chiang Kai-shek's Kuomintang party won 746 of the 99 seats on the island's city and county councils Sunday.

Airlines Set To Make Bid As Entertainment Medium

BY INEZ ROBB
Ever since World War II airlines — both domestic and foreign — have been ardently wooing the passenger via his alimentary canal and his taste buds.

The passenger has never had it so good with free champagne, caviar pate de foie gras, green turtle soup, guinea hen under glass, crepes Suzette, the proper wine with every course, liqueurs and even fine de biscuits, when needed. Since the arrival of the Jet Age airlines have learned to stretch a gourmet dinner from cocktails to coffee all the way from take-off in New York to touch down in Paris.

When I recently flew by jet to Los Angeles we locked passengers on steadily for 300 glorious, vitamin-packed miles across the continent.
This airline fight for the allegiance of the stomach has been prompted obviously by the fact that once a plane is airborne there isn't much a passenger can do except eat sleep read or tell his life story to his hapless seat mate or a captive hostess.

At 25,000 to 1,000 feet, the scenic intake is limited. Airlines have been quick to stuff passengers continuously with goodies to fight the yawn that leads to boredom rather than to Morphine.
But something new is about to be added to air travel to divert the passenger who is a calorie counter or hates guinea hen. Trans World Airlines with the coming of spring, will begin showing motion pictures on its long-distance jet flights. (Yes, Virginia, there are some flights long enough even to show "Exodus.")

(without landing) and back to see a movie. These may not be landmarks in aviation history but it chalks up some kind of a record for me, who hardly makes it—on terra firma—around the corner to the neighborhood movie once a year.

Technically the equipment called

Ike's Cabinet Set To Quit

WASHINGTON (AP) — All of President Eisenhower's Cabinet has now resigned as of next Friday, the day his term ends. Over the weekend Secretary of the Treasury Robert Anderson completed the roster.

In accepting Anderson's resignation, Eisenhower called the Texan from Vernon "a real stalwart...and invaluable to me."
"Under your leadership the Treasury has provided constructive guidance in this administration's efforts to stabilize the dollar, balance the federal budget, correct the balance of payments deficit, plan for tax revision and simplification and manage the federal debt," Eisenhower wrote.

With his resignation, Anderson submitted a list of what he called major accomplishments of the Treasury during Eisenhower's administration. At the head of the list was, as Anderson put it, the battle to stem inflation.
"The decrease in the value of the dollar during the past eight years," Anderson said, "had been about 5 1/2 cents, rather than the 48-cent loss in the preceding 14 years."

ed Inflight worked perfectly. But among the convictions I carried away from this first night flight are that altitude does not improve a mediocre picture "Marriage-Go-Round." In that instance, and you cannot walk out. Who wants to walk out when the temperature below the door is 65 degrees beyond zero?

However passengers on Trans World Airlines' future films-and-flight jet service will not constitute a captive audience. If the passenger chooses he can watch the screen in the front of the ship or he can read sleep or hunt up a canasta partner as he prefers.
Privacy for all passengers is made possible by individual featherweight headsets through which the passenger hears the movie soundtrack. The passenger can look and listen if he wishes or mind his own business if that's more interesting.

The screen on which the pictures will be shown is 27 x 48 inches. The other night the picture image in glorious color was perfection as was the sound.
"The equipment is fully automatic and it turned on and off with the flip of a switch. It is the invention and baby of David Flexer who owns and operates a chain of motion-picture theatres in the South. He began tinkering when on frequent flights to California he asked himself "Why don't airlines show movies aboard their planes?"
Although it has added films to the jet bill-of-fare TWA won't neglect the stomach in the future. Fine vittles came with the show the other night. And finally I don't think the drive-ins have cause for worry.

IN THE THICK OF THINGS—The Hermeigh Cardinals, currently in the big middle of the District 92-B cage campaign, will be looking for conference triumph number two tomorrow night in Loraine. The charges of Coach R. C. McLaren include, front row from left, Jerry Dale

Chitsey, Ikey Wilcox, Tommy Winter, Jack Watson and Dane Hudnall. The back row sports Wallace Well, Ken Bell, James Vernon, Joe Paty and Donald Collier. Not present for the picture were J. B. Roberson and Jim Robinson. (Photo by Jackson)

Between You And Me

By Jerry Jackson

HERMLEIGH—The annual Cardinal football banquet of Friday night here was nothing more nor less than a "rousing success" in every sense of the word, and personal congratulations are extended to the individual team members honored, to coaches Ted Averitt and R. C. McLaren, to superintendent Curt Wise, and to any and all others who were instrumental in the stellar success which has been and is being enjoyed by the 6-B regional kings.

The tributes to the team itself were "glowing," as well they might be in view of the fabulous record which it compiled. The feats attained border on the legendary, with that 12-0 won-loss record for the season being especially noteworthy. The Cards played each game in standout fashion, and were not only undefeated and untied through the year, but also practically unextended.

Their average of over 34 points per game to their opponents' 6 is nothing to be sneezed or sniffed upon.

One point which is not commonly known was brought out during the course of the evening, and is worthy of a glimpse. The point in fact is that the Redbirds went through the entire season without ever being behind in any game, an accomplishment of which no other team in the state may boast.

The power-housing Denver City Mustangs also went through their slate of contests with an unsmudged mark. BUT found themselves on the short end of the stick against both Kermit and Belleville, the latter team of which they edged in the Class AA-state final game.

Averitt and McLaren, both soft-spoken but firm taskmasters, are to be especially commended for their part in the Hermeigh Alger success of the team (the Cards were 5-5 in '59). It took a Herculean effort on the part of both men to scale the grid heights, but they nevertheless attained those heights to the delight of all. It takes on an almost unbelievable tinge when it is recalled that Averitt took up the reins of the team only the past season. There was a job to be done and he, without a doubt, did it.

A spoof as far as the speaker of the evening was concerned transpired, and the coup turned out to be one of the most enjoyable as witnessed in some time. The printed program proclaimed that one Jim Luscatoff of North Texas State College would speak. Now, I honestly don't know if there even is such a person, but, Anyway, emcee Marvin Hanson, hands wringing, commented that since Mr. Luscatoff hadn't as yet showed up that there was another well-known coach in the audience—hailing, supposedly, from Pook High—and that he just might consent to say a few words in the meantime.

The "few words" he uttered practically brought the house down, as he proceeded to amuse the assemblage with a stuttering, stammering technique that was on a par with the best.

His syncope diction began with the observation that he had seen "a lot of live wires around here, but none of 'em seem to be plugged into anything."

Also he told about an "uncle of his down in Nolan County" who was sitting on the front porch of the homestead one day and noticed a couple of boys ride by on a motorcycle, the driver of which was having a tough time with his coat, which persisted in flapping in the breeze.

A little further down the road, he went on, the young man finally had enough of it, stopped, put the coat on backwards, and had his buddy button it up the back so that it wouldn't bother him any more. Not long after that they came roaring past his uncle's place again at 90-per, but made the mistake of plowing into a cotton trailer parked at the side of the road. Both, of course, went sailing.

The investigating officer, in the course of writing up his report, asked just what had

happened to the two boys.

"Well, one of 'em was dead when I got to 'im," Uncle drawled. "And the other 'un died soon's I got his head straightened out like it oughta be."

And another: "I usta have this here cousin who was a little bit igner, uh—inner, uh—ignor, uh—well, he was STUPID. Anyway, he lived in Wuh... Wuh... Waxahacie, but just about the time he got to where he could spell it he up and moved to Nuh... Nuh... Naxsloches."

He was quite a versatile speaker, who capitalized on blunders. Fairly large, with thick rounded rims and an easy manner. Looked a lot like the movies' Charles Bickford. Name was Wayne Smith, and he was from Sweetwater.

He wrote an enjoyable and fitting climax to an entertainment-studded program.

Suggs Chugs To Sea Island Tourney Win

SEA ISLAND, Ga. (AP)—Allan's Louise Suggs has captured the Sea Island Ladies Open Golf Tournament with a 54-hole total of 229.

Miss Suggs, beginning her 12th year as a pro, picked up \$997.60 of the \$6,000 prize money with her final round of 76.

Marlene Bauer Haggie, of Del Ray Beach, Fla., scored to a dismal 79 to tie for second at 230 with Ruth Jensen of Seattle.

Defending champion Mickey Wright of Dallas, Tex., also shot a 76 and moved into a three-way tie at third place with Marilyn Smith of Jupiter, Fla., and Kathy Cornelius of Springfield, Ohio. They had totals of 231.

Phillips 1-Up Victor

ORMOND BEACH, Fla. (AP)—Youthful Doris Phillips of Bellville, Ill. is the new women's South Atlantic golf champion.

Her upset one-up victory came after the veteran Marge Burns of Greensboro, N. C., faltered on the last 18 holes of the tourney.

It was the first individual tourney victory for Miss Phillips who is in her third year on the Florida winter golf circuit.

HE FLOATS THROUGH THE AIR,...—Mike Pedone, 135 pounder, was put into orbit after a hard left from Steve Papp in the opening of the Golden Gloves competition at Akron, O. Needless to say, Papp took the decision. (AP Wirephoto)

Unitas Leads West To Win

LOS ANGELES (AP)—Baltimore's magnificent Johnny Unitas today was the conquering hero for the second straight year after passing and running the West to a 35-31 victory over the East in the 11th annual Pro Bowl.

A Memorial Coliseum crowd of 62,971, sweltering in summer-like weather Sunday, watched Unitas and Philadelphia's Norm Van Brocklin engaged in a savage quarterback duel in the traditional post-season game of National Football League All Stars.

Van Brocklin, who has announced his retirement, almost—but not quite—made his finale from a dozen years in the pro wars a glorious one. He passed for three touchdowns.

Unitas passed for only one score, but the lanky veteran directed four other touchdown marches.

Unitas was voted the player of the game for the second straight year.

Coach Vince Lombardi of the West and Buck Shaw of the East agreed: The difference in the finely-balanced squads was Unitas' running.

Unitas carried the ball five times for a 10.90 yard average. Each time the runs pulled the West out of a hole and one—a 25-yard sprint in the fourth quarter—set up a touchdown.

The Baltimore bombardier was deadly in the air. One toss to teammate Lenny Moore took the West 68 yards to the one yard line from where Green Bay's Jim Taylor crashed over for the six points.

The touchdown was one of three Taylor picked up for a new Pro Bowl scoring record. Los Angeles' Jon Arnett scampered 20 yards for another West score and Unitas passed 44-yards to Moore for another touchdown.

But Van Brocklin's aerial bombs were on target, too. Van connected—for three—touchdown passes to Tommy McDonald, Pete Retzlaff and Sonny Randle for 46, 43 and 36 yards in that order. The three Van Brocklin tosses tied a record set last year, by Unitas.

Cleveland quarterback Mill Plum threw one 61 yards in the air into the waiting arms of Randle, perhaps the prettiest touchdown of the game.

Bobby Watson booted a 22 yard field goal for the East.

PENDER SECLUDED, CONFIDENT

Challenge Issued To Gene Fullmer

By BOB GREEN
Associated Press Sports Writer
BOSTON (AP)—Paul Pender went into seclusion after making (1) a successful defense of his version of the world middleweight title and (2) a national television challenge of Gene Fullmer, but his manager had some choice words to say.

"He'd cut Fullmer to pieces," said crusty old Johnny Buckley. "I'm positive Fullmer is afraid of him."

From the Fullmer camp in West Jordan, Utah, came a conflicting report.

Marv Jensen, Fullmer's manager, said his bruising slugger would be "more than happy to fight Pender any place he's not recognized as champion."

He is recognized in Massachusetts, New York and Europe. Fullmer owns the National Boxing Association version of the crown.

He is scheduled to defend against Sugar Ray Robinson Feb. 5.

"I want the winner of the Fullmer-Robinson fight," Pender said just after disposing of game young Terry Downes in seven rounds Saturday night. "I want that one real bad. I want to clear up this mess about the title."

Fifteen stitches were required to repair the damage Pender wrought on Downes' face. The fight was stopped with the 24-year-old Londoner bleeding profusely from a long, deep gash over the bridge of the nose. That took 12 stitches, and 3 more closed up, eye cut.

"Sharp," he was, Downes admitted before leaving for Baltimore.

Palmer Back To Old Haunts

SAN DIEGO, Calif. (AP)—The remarkable Arnold Palmer was back in his accustomed niche in golf today, meaning the top.

Fully recovered from the shock of an unbelievable experience on a date he'll never forget—Jan. 6—Palmer headed for the Big Crosby tournament with the winner's paycheck in his pocket from the \$20,000 San Diego Open Tournament.

Put aside momentarily at least was the recollection of the terrible 12 he took on one hole in Los Angeles and the score that didn't even qualify him for the final two rounds.

Palmer, the National Open and m o n e y-winning champion last year, agreed that the victory here Sunday took a lot of doing.

It took a sander-par 65 and a birdie 3 on the extra hole sudden death playoff to down plucky Al Balding of Canada. It took an amazing 40-foot putt for an eagle and several other great shots to win the \$2,800 first money.

Balding collected \$1,900, plus \$100 more when the tournament chairman, Tom Lanphier, "accidentally" made the check out for \$2,000.

Gary Player, of South Africa, finished with a 275 for \$1,400 with a last round 68. Tied at 276 for \$1,100 each were Dow Finsterwald, with a 70, and Frank Stranahan and Don January, each with 68.

Jim (Babe) Harrison is in his sixth season as basketball coach at Mississippi State.

'Horns, Aggies To Meet In Tie-Breaker

BY THE ASSOCIATED PRESS
The three-way tie for the Southwest Conference basketball lead will be broken Monday night when Texas and Texas A&M tangle at Austin in the last loop game before final exams.

Right now, the Longhorns and the Aggies are tied with the Texas Tech Red Raiders with 9-1 marks. Monday night's battle will put the winner in first, idle Tech second, and the loser in third spot.

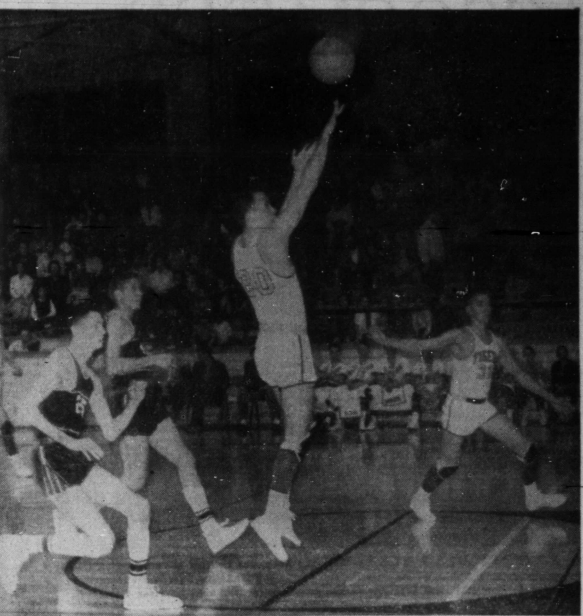

Arkansas, Rice and Southern Methodist are now all huddled together with 2-2 loop marks followed by Texas Christian with a 1-3 record. Bringing up the rear are the Baylor Bears with four conference losses and not a single victory.

The Aggies last week trounced Arkansas 81-68 but were beaten 74-68 by Texas Tech. Texas won both of its games, smashing the Red Raiders 63-55 and edging Baylor 59-58.

Southern Methodist downed Texas Christian 67-64 and beat Baylor 75-68 while Rice took the measure of Texas Christian 82-60 but was beaten by Arkansas 80-55.

Steve Strange with 279 points leads the league's top scorers, followed by Del Ray Mounts of Tech with 268 and Carroll Broussard of A&M with 258.

Final exams will keep most of the teams busy this week. The only other game is a non-league affair Thursday night when the Aggies travel to Houston to meet the University of Houston.

UP AND AWAY—Snyder Tiger cager Bubba Fleming goes for two during Friday night's 72-45 district drubbing of Colorado City's Wolves. "Spider" Loveless (25) and Jon Moore (41) come up too late to block the shot, while Tiger Weldon Ware (32) tips-toes in for the possible rebound. Snyder will be trying to make it two district wins in a row without loss tomorrow night in San Angelo, when they take on the Lake View Chiefs. (Photo by J. C. Burton)

ASSOCIATED PRESS NEWS IN PICTURES

A FROZEN BARRIER—Both the water and the fish are not running this winter day as a solid sheet of ice coats the spillway of the McAlpine Dam in the Ohio river at Louisville, Kentucky. The area around the dam is a favorite spot for river fishermen.

LION OF JUDAH—Emperor Haile Selassie of Ethiopia shows the strain of recent events in Addis Ababa after quelling the abortive revolt against his 30-year reign.

CLEARED FOR FLIGHT—A worker on platform of elbow-jointed hoist sprays alcohol on tail of jetliner to deice the craft prior to takeoff from Orly Airport, Paris. All planes leaving the field are deiced in this manner during current cold spell.

NAMED TO POST—Prof. Archibald Cox, 48, of the Harvard Law School was chosen by President-elect Kennedy to be Solicitor General of the United States.

LAKE STROLL—This couple takes to the water on a lake near Vierns, West Germany, as they experiment with a new set of water skis made of plastic foam material.

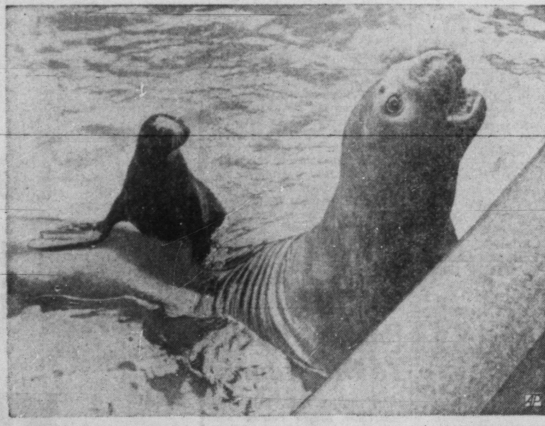

INTERNATIONAL SET—Italian actor Vittorio de Sica and Greek actress Melina Mercouri enjoy a card game as they relax between takes of film they are making in Paris. Both are costumed for the picture about Henry IV, the first Bourbon king of France.

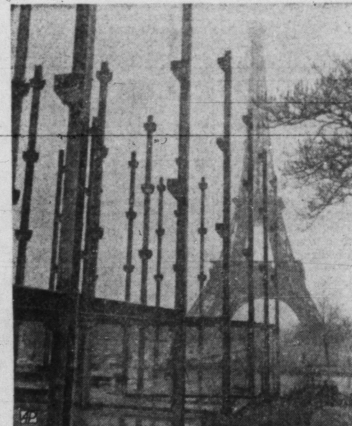

COLD CREAM—Freezing temperatures in the Windsor, Ont., area provided this cat, out for walk on leash, with a treat it seldom gets. After all, the bottle was open.

OVERALL PLANT—Roger Krause sits amid 80-foot-long philodendron plant in his Seattle home. Growth sprouted from sprig planted by his mother years ago.

JUST RIDING ALONG—When Goliath the giant sea lion came up begging for a handout, there was an extra mouth in the background in the person of Beatrix the small seal. Both the aquatic mammals are denizens of the marine pond, in the Rome, Italy, zoo.

LANDMARK RETURNS—The Eiffel Tower, Paris landmark, reappears in this view from Palais de Chaillot. Frame of NATO building, being removed, still marks view.

AIR CHIEF—Eugene Zuckert, 49, a Washington attorney, has been named by President-elect Kennedy as the Secretary of the Air Force in the new administration.

SET UP IN SAHARA—Dummies wearing protective clothing are propped up near the Reggane base in the Sahara Desert for test firing of France's third nuclear device. They were used to determine how troops might survive heat flash and ionizing radiation.

SHOT IN TURN—Actor Lee J. Cobb, garbed for role as a Civil War officer, focuses on photographer taking picture of him on the TV set of "School of the Soldier."

AFRICANS PARADE—Congolese soldiers carrying automatic and other weapons march in honor of President Joseph Kasavubu during his visit to Coquilhatville, capital of Equator Province. Kasavubu was accompanied by Col. Joseph Mobutu, the Congo strongman.

Junior Editors Quiz on NORTHERN LIGHTS

QUESTION: What makes the Northern Lights?

ANSWER: The real name of the Northern Lights is Aurora Borealis. There are also Southern Lights, and this is the Aurora Australis. The aurora is a band of brilliant light that shoots up from the horizon. You might call it nature's fireworks display. When conditions are just right, the aurora's display begins shortly before midnight. A glow spreads along the horizon. Then curved bands of light begin shooting upward toward the middle of the sky, moving and flashing. The light is usually green, but when the aurora is very bright some of the rays are red. Sometimes the aurora covers the whole sky. But it doesn't occur often. The Aurora Borealis can be seen only occasionally in the United States, more often in the far north. The aurora is caused by electrified particles that shoot out from the sun. These particles are attracted by the magnetism of the earth. They are pulled into the earth's atmosphere where they apparently react with the various gases to provide the display of light.

FOR YOU TO DO: To get an idea of how rarely the Aurora Borealis can be seen in the United States, ask your parents and friends if they have ever seen it. Very few will have.

(The \$10 award for this question goes to William Duke of Jewett City, Conn. Mail question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will choose the winner.)

Says Schools Producing 'Lazy Minds'

By MARSHALL COMERER

DALLAS, Tex. (AP)—The top engineer for project Apollo, a round trip flight to the moon by man, said today that the nation's elementary and junior high schools are "producing lazy minds and a shocking dissipation of manpower."

The situation is an "alarming trend in the education and training of what is probably our most valuable resource for our future space exploration — manpower," said Dr. George Arthur of the General Electric Company and president of the American Astronautical Society.

He cautioned against excessive pride in this country's achievements and capabilities in science and engineering.

"It is well to remember that considerable credit has been made to space effort and to the nuclear energy effort by scientists and engineers who did not receive their primary education in this country," he said in a prepared speech to the astronautical society's annual meeting.

He criticized educators for what he called "their ivory tower of life adjustment and the don't hurt their feelings" approach to education.

Because of the failure of elementary and secondary to face the hard facts of the need for the basic principles, he said, many colleges are forced to spend many trying to get students to catch up by remedial reading, special elementary math and other courses.

"You can't impose quality on mediocrity," he said. "You must improve the college's raw material or we will become trapped in a morass of compensating education."

Arthur outlined the primary purpose of education as fourfold: To teach young people how to read, write and figure; to transmit the facts about the heritage and culture of the race; to train the intelligence and to stimulate the pleasures of thought and to provide an atmosphere of moral affirmation "without which education is merely animal training."

"It has been said this is the age of space flight," he said. "I think age of science would be a broader more appropriate term — science and technology. The most terrifying fact, however, is that our survival may depend on how well we prepare for this age."

A 7-year-old boy went for an afternoon swim and drowned in a canal at Port Arthur Sunday. He was Kerry James Corno of Port Acres, in Southeast Texas.

Calen Eugene Schexneider, 26, of Rosenberg, was stabbed to death at a tavern in Rosenberg early Sunday. Police questioned a 16-year-old boy.

Elojio Hernandez, 34, of San Antonio died late Saturday night when he was shot during a fight at a tavern in San Antonio. Police arrested two men.

Jose R. Pagon, 26, of San Antonio was found dead of carbon monoxide fumes in a San Antonio motel Sunday.

The owner of a Midland construction company, U. V. Thornton, 40, died of a heart ailment when he was shot at his home Sunday.

Two San Antonio men, Antonio C. Flores, 35, and Jose M. Gonzalez, 30, were killed Sunday when a car left the highway near Encinal and flipped over.

Mrs. Margaret Segrest Dean of Fort Worth was found shot to death in a hotel room in downtown Fort Worth Sunday. Justice of the Peace Jim Boorman ruled suicide.

Leonard Ernest Bartula, 40, died Sunday in a fire that swept through a Houston home. Firemen theorized the flames may have started from a cigarette.

Two-year-old James Ross Buchen died at his home in Abilene Saturday night when his father, Dr. William G. Buchanan, 31, apparently suffered a fatal heart attack and rolled over on the boy.

Eugene Anton Branecky, 32, and his wife, Dolores, 25, of San Antonio died early Saturday when their car slammed into a freight train on Farm Road 1960 near Dayton.

An unidentified Latin American, about 20, was found riddled with bullets Saturday in the middle of a residential intersection in north Houston.

Andrews Winters, 38, was killed and two other persons were injured early Saturday in a plane crash in southwest Dallas.

John Andrews Hamley, 17, of Miami was found dead Saturday in his wrecked car a mile south of Miami in the Texas Panhandle.

Mike Patterson, 16, Gatesville, was killed by a shotgun charge near Gatesville Saturday. Officers said a companion accidentally fired the fatal shot.

Dewey Dean Anderson, 23, Bogata, died Saturday night when his car smashed into a tree in the city limits of Bogata.

J. T. Dyess, 55, Nolan, died Saturday of an accidental gunshot wound.

BATCHLER NURSERY located at 1310 Twenty-fifth Street has a large stock of roses, shrubs, shade trees, and fruit trees that are all ready for the February planting season. Above, manager Bob Wilson holds a tiny Magnolia tree and stands by one of the larger ones in stock at the nursery.

Batchler Nursery Offers Landscape Service Here

February is landscape month with the soil in perfect condition for transplanting shrubs and trees with a higher degree of safety. The cool soil keeps the roots in good shape until they are adjusted to the transfer from the nursery to your yard.

Batchler Nursery, 1310 Twenty-fifth Street, offers landscaping services along with a large stock of trees, shrubs, and flowers.

Whether you are planning a hedge for privacy or a hedge for show, Bob Wilson, manager of the nursery which is a branch of the Batchler Nursery at Mineral Wells, can help you choose the right one for your space and location.

"Flowering hedges are beautiful," Wilson said, "but the plants also make nice specimen plants for one particular spot."

Wilson has the back lot planted in all types of trees, from the flowering showpieces to shade trees, fruit trees and pecan trees. He also has a good number dug and balled as well as a trench of bare-root trees just the right size for transplanting at this time.

Batchler's has all varieties of shrubs, including the gardenia which will make a showy hedge

similar to those in south Texas and all of the southern states or will make a grand specimen showpiece for the yard or patio.

Another flowering beauty is the camelia and Wilson has a group just bursting with buds that will bloom in February. Camelias may be used indoors if properly tended, but will also withstand the temperature outside.

All of Batchler's plants have had only wind protection in all the freezing weather the last month in Snyder and are still healthy, vigorous plants.

For those who prefer professional care of their plants at this time of year, Wilson offers a service which includes pruning, feeding and doctoring, if needed, for all plants as well as a grass treatment for grub worms.

Whatever your desires in the way of landscaping, whether it is one plant or an entire landscaping job, Wilson will be glad to help you decide and help you care for it.

When the sun stirs you to thoughts of the out-of-doors, stop by the Batchler Nursery, 1310 Twenty-fifth Street, and look a-

round before you start digging for your spring shrubs or flowers.

THE GARDENER'S CORNER at the Ezell-Key Feed and Seed Store has everything a gardener could desire, from tools and soil aids to prepare the ground to handy spray bombs to keep insects from the finished flower or fruit. For the "grass-gardener" there are the crab grass and fertilizer combinations for use in early spring. Pictured in the corner are Goot Hatoway, Alvis Minton, and Louie Minton.

Ezell-Key Store Set For Chick And Garden Season

Ezell-Key Feed and Seed Store on Twenty-sixth Street has good news for all gardeners and chicken raisers. With chick season here and garden planting just a couple of weeks away, the store has just received a complete stock of everything for the preparation of soil and the feeding of chicks.

Alvis Minton, manager of the store, has started a "Free Chick Day" where he gives away 25 chicks with each 50 pound bag of chick starter. Watch for the "Free Chick Day" and increase your supply of spring fryers for the freezer or market and the supply of pullets for fall laying.

Right now is the time to dig, fertilize and prepare gardens for

planting. Ezell-Key has a complete stock of all garden tools to make gardening easier, plus all the soil preparation foods needed—sulfur, super phosphate, bone meal, aluminum and zinc sulphate for either flower or vegetable gardens.

"Seed beds should be started right now for transplanting, especially for peppers, tomatoes, and onions; I expect to have onion seeds in this week," Minton said, adding that all peppers, hot or sweet, did very well in Snyder and that the small Portor tomatoes did better than most other varieties.

Self-Styled 'Fuehrer' Is Routed

BOSTON (AP)—An angry crowd estimated by police at 10,000, hurling eggs and tomatoes Sunday ripped a swastika off George Lincoln Rockwell, self-styled "Fuehrer" of the American Nazi Party, and routed an attempt by him and four "storm troopers" to picket a downtown movie.

In Chicago, a group of pickets wearing armbands and calling themselves the Fighting American Nationalists were escorted away from a Loop theater by police after scuffling with patrons. Police dispersed a crowd estimated at 200.

Both theaters were showing the same film, "Exodus," a story of the Jewish migration to Israel and the establishment of the Jewish state.

Rockwell, of Arlington, Va., and his companions, were led away through a side door of the theater, taken to a police station in protective custody and later placed aboard a New York-bound plane. No charges were placed against them.

At Boothbay Harbor, Maine, old-time vaudeville and radio comedian George R. (Doc) Rockwell, a close friend of the late Fred Allen, identified the American Nazi leader as his son, a former Maine artist and publisher. "He gets off on these things every so often," the father said. Mounted police and foot patrolmen battled the Boston crowd for more than an hour to rescue Rockwell and his companions. Rockwell's shirt was torn in the scuffling.

A truck bearing 16 other Rockwell followers was intercepted by police before it arrived at the theater and was ordered out of the city with a police escort.

The Chicago pickets said they were protesting the hiring of Dalton Trumbo to write the screen play for "Exodus." Trumbo was one of a group of screen writers who refused to answer certain questions of a Senate investigating committee during a hearing on alleged subversive activities several years ago.

Assailant Takes Man's Gold Teeth

DALLAS (AP)—When George Sam stepped out on his front porch early Sunday, someone hit him hard in the mouth.

When he came to, his four gold front teeth were missing.

Reporting the theft to police, he said he valued the teeth at \$150.

Coogan, Dancer Will Be Charged

LOS ANGELES (AP)—Former child star Jackie Coogan and a sometime striptease dancer will be charged today with narcotics law violations, the district attorney's office said.

Coogan, 45, and Nona Carver, 40, were arrested with two others Jan. 7 when sheriff's deputies said they found enough marijuana in Coogan's Malibu home to make 200 cigarettes.

Coogan denied knowledge of the narcotics.

Pack 34 Parents To Meet Tomorrow
A parents meeting of the mothers and fathers of boys in Cub Scout Pack 34 will be held in the Central Elementary Auditorium tomorrow night beginning at 7:30.

In addition to the parents of the boys concerned, the public is cordially invited to attend so as to get an insight into the scouting activities which are presently taking place in the city.

Migrant Labor Facing Problem

By OVID A. MARTIN
WASHINGTON (AP)—An Agriculture Department study reported today that migratory farm workers in 30 inland states are in a precarious situation.

The report said annual movement of these workers from South Texas to the north, east and west appears to be an established phase of the country's agricultural economy.

It said the companies and organizations that promoted this movement during the planting, cultivating and harvesting seasons are still active, although on a reduced scale.

Both sugar beet companies and cotton producers were said to be looking forward to the time when they need not depend on a large seasonal labor force.

"But the many smaller operators in the work areas will continue to depend each year on seasonal labor supplies, and they have neither the organization nor the funds for intensive recruiting of labor," the department said.

"The role of state employment services in this movement is certain to increase."

The report said the workers in this movement of migrants are usually Spanish-Americans. Almost three-fourths of them were born in the United States of Mexican parents.

Formerly, these migrants needed a crew leader or spokesman to make job contacts. Now 60 per cent travel in family groups in their own cars and make their own work arrangements.

The report said practically all these workers have many days during the year when no work is available.

The families were said to be large, averaging 6.5 members.

"It is customary among these families for all children to help in whatever tasks need doing. This results in irregular schooling, as the work season in the northern states begins a month or more before the school term closes in the spring and ends several months after the fall term has begun. Because of this, practically all the children are educationally retarded."

The department said long-range policies to build up and increase this work force are needed. Due attention needs to be paid, it said, to regularity of employment, competitive pay scales and acceptable transportation and housing standards.

Insects, disease and fire kill 13 billion board feet of saw timber each year, enough to supply the wood needed for one million average sized homes.
