City Sells Park Property to Charles Roe

The City Council this week accepted a bid of $20,000 from Charles Roe, Jr., well known grocer, to purchase the city-owned Little League ball park property at Highway 35 and Pearl Street.

Roe said his long range plans include the possibility of building a new grocery store on the property and maybe a shopping complex. The property will continue to be used for Little League baseball this summer, and it is expected that the boys will play on a new diamond in a park northwest of the city next year.

In other actions the Council overruled two recommendations of the Planning and Zoning Commission.

In the first, the Council voted to amend the subdivision ordinance to read, in part: "All improvements required in this section shall either be installed prior to approval of the final plat or, in lieu thereof, a surety bond or SUCH OTHER INDEMINITY as the Council may approve . . . shall be submitted . . . "

The main change is the addition of "such other indemnity." This stems from the recent presentation by a local subdivision developer of a letter from a Corpus Christi bank guaranteeing to be responsible for the indemnity until the improvements were installed.

The second Council action overruling a Planning and Zoning Commission recommendation and approved a petition of Key Allegro Development and the City Council to grant a variance permitting Unit 4 of Key Allegro to contain one or more streets 1,200 feet long, between intersecting streets, and to permit one or more cul-de-sacs and/or dead-end streets more than 900 feet long.

Aldermen Charlie Garrett, N. F. Jackson and Mrs. J. W. "Tony" Harden voted in favor of the Council action on the Key Allegro petition. Alderman Joe "Pepe" Zambrano sustained from voting.

Shrimp Season Closes June 1

Austin—The annual 45-day closed season on Gulf shrimping will begin June 1 and run through July 15, according to Terry Leary, coastal fisheries coordinator for the Texas Parks and Wildlife Department.

The season is closed each year to protect small brown shrimp migrating from the bays to the Gulf of Mexico.

Leary said the department excerpts great numbers of the small shrimp to find their way to the Gulf this year during the closed season with prospects for good shrimping in late July.

A smaller wave of early emigrants are currently moving through the bays and into the Gulf. These individuals who arrived in the bays earlier and found favorable, mild temperatures this spring, reached emigration size and are departing earlier than the more abundant, later wave.

"There will be some departure in May, but the June 1 closing date will afford best protection to the major emigration," Leary said.

Although the early group will be leaving during the open season, they will still be protected by the minimum size limit which prohibits retention of small shrimp numbering more than 39 whole shrimp to the pound.

A. RAY STEPHENS

A. Ray Stephens,Ph.D., professor of history at North Texas State University, will be the principal speaker at a luncheon meeting of the Rockport Lions Club Thursday noon, June 3 at the Sandollar Colony Room.

Stephens, who has been commissioned to write a history of Aransas County, will give a report on the progress he has made so far and will touch on some of the interesting and humorous things he has uncovered with respect to early laws and regulations in this area.

Stephens is off to a good start in his quest for material to write a history of Aransas County.

He has conferred with city and county officials to check old records and has extracted considerable information from the minutes of Commissioners Court meetings going back many years.

Interviews with long-time residents with knowledge of tre area's history also have been of value to Stephens, who reports that "everyone is extremely cooperative and willing to talk and visit."

Leads also have been furnished regarding scrapbooks and old copies of newspapers which have revealed much historical data. Another source has been the Austin office of the Texas Parks and Wildlife Department which has sent material and offered a review of old file copies when Stephens goes to Austin.

Hobart Huson, the well known lawyer-historian who lives in Refugio, also has made available to Stephens his voluminius supply of historical data regarding this area.

Persons willing to supply information for the history are urged to call Stephens at 729-6969 (the G. C. Francisco, Jr., home) or call Mrs. Thelma Barber, secretary to Judge John D. Wendell, at 729-2403.

Rockport Elementary P. T. L. Organized

The name, Rockport Elementary School Parents and Teachers League (P.T.L.), was adopted at a meeting May 24 of the organization's steering committee. The committee also approved the following general policy statement for the League. This general policy will be added to and refined during summer meetings of the committee.

The committee will be contacting parents by direct mail to ascertain public support and opinion.

It is the purpose of this organization to improve communication and cooperation between the Rockport Elementary School and the community that it serves. The organization is dedicated to always better education through total community involvement.

In pursuit of dual goals of better education and community involvement in the school, these will be the general policies of the League:

1. The League will hold monthly meetings during the school year except December. These meetings will be open to the public and the school faculty. The teachers will not be obligated to attend the meetings.

2. The organization will sponsor and support cooperative activities in the school that contribute directly to the teaching effort.

3. The League will study possible areas of improvement needed in the school building and school policy. The League will work actively through the school administration and the school board to translate these proposals into active school policy.

4. The League will not seek the dismissal or resignation of any individual member of the school faculty or administration.

5. Scholastic performance or discipline matters of individual children will not be discussed at the meetings of this organization. These matters are things that should be handled in private parent-teacher conferences.

The group meeting on May 17 at the Rockport Elementary School was attended by 135 parents and teachers, instead of 80 as was previously reported.

Church of Christ

Several have called my attention to the fact that ministers (Gospel preachers) in the Church of Christ do not use the customary title "Reverend", which is in general use by most religious bodies. The observation is true. We do not use the title Reverend for there is no Scriptural authority for its use in referring to man. The word appears only once in Scripture, and in reference to God; Psalm 111:9, "Holy and reverend is His name." Since the Bible is the book of Christianity, and the New Testament in particular the document of the church, we prefer to use a Scriptural vocabulary, rather than the terms, names and words of man's theology.

As to education and ordination, we would have a right in comparison with others, but there is no Scriptural authority for the use of the term by any.

Peninsula Oaks Garden Club Meets

The Peninsula Oaks Garden Club met at the Peninsula office at 6:30 p.m. on May 20 and left a few minutes later to tour the beautiful gardens of Mr. and Mrs. R. L. Eckman. The group found it unbelievably beautiful and learned several good gardening hints from Mrs. Eckman, who then invited them into the patio for delicious punch and cookies.

The group then returned to the office for the business meeting and program. Mrs. Meceal Casterline presented the garden report for June and also showed a colored filmstrip on "living with Today's Water."

Mrs. Merv Sours, president, then called for the secretary's report which was read by Mrs. Dorothy Morrison. Mrs. Betty Abt was elected treasurer and dues of 50 cents per month are to be collected starting with this month—money to be used for books on gardening.

Mrs. Alice Morrison, progroam chairman, gave some ideas she had collected on interesting programs and it was decided that she ask one of the florists to give a talk on flower arrangements next month. It was also suggested that for the July meeting flower arrangements from Peninsula Oaks gardens be brought. Mrs. Dorothy Morrison is to give the garden report next month for July.

It was suggested that at the next meeting on June 24th everyone come early (about 6:30) and pictures will be taken of the Club.

Present were Mrs. Thelma Sours, Mrs. Bernita Kinsey, Mrs. Bessie Daws, Mrs. Margaret Paradee, Mrs. Carole Woodman, Mrs. Betty Abt, Mrs. Dorothy Morrison, Mrs. Meceal Casterline, Mrs. Beulah Dedmon, Mrs. Alice Morrison and Mrs. Annie Pearl Nutt.

Litter is a complex problem. And solving it calls for understanding and united action.

1. Litter isn't caused by bottles or cans or convenience packaging. Litter is caused by the thoughtless man. The thinking man can stop it.
2. The natural first step is individual action. Let's all be a little more thoughtful. Let's make sure that we, *ourselves*, are not adding to the litter problem.
3. The thinking man takes active steps to keep his community clean. The tools are at hand.
4. The United States Brewers Association is ready to help you. We're working at the local and national levels to create greater public awareness. To attack apathy. To help Keep America Beautiful.
5. If we tackle this problem together we can soon have it all wrapped up. Write us today and we'll help your community develop a campaign against litter.

AN OPEN LETTER
To The
Citizens of Aransas County

DEAR FRIENDS:

Since my last letter of two weeks ago announcing the Peninsula Oaks price increase and the special terms for Aransas County citizens, a number of families have taken advantage of this special offer.

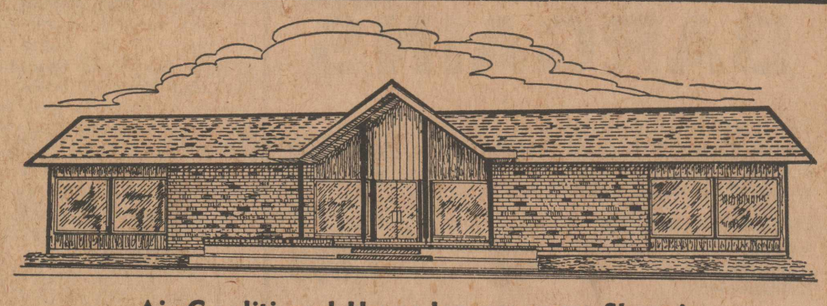

The 1st of June is less than a week away and with it will come a $150.00 per lot increase and a $150.00 per acre increase on all property in Peninsula Oaks.

Let me repeat this special offer: Any citizen of Aransas County may invest in a Peninsula Oaks lot for as little as $50.00 down and $19.53 a month for 9 years (8% simple interest, no penalty for prepayment). You invest in a restricted acreage parcel for as little as 5% down, 9 year pay out, 8% simple interest, no penalty for prepayment.

Take advantage of this opportunity to invest in your own hometown while the prices are still right. A few years from now you'll be mighty glad you did. We're growing and you can grow with us!

Call me at 729-2256 or stop by the sales office this weekend. We'll work something out to fit your budget.

Sincerely,
John Schlichenmaier,
Sales Manager,

Best cherry pie recipe yet– Automatic Electric Clean-up.

Sure, mother knew her way around a kitchen. Made pie crust so light it flaked at the touch of a fork. Cooked the cherries up juicy-good. But when it boiled over in her oven, she knew she had a job on her hands. Not you! Not when you have an electric range that cleans its own oven. Use mother's recipe for cherry pie. Use CPL's recipe for clean-up . . . a self cleaning electric range. To help you buy, CPL will give you a $15 Cash Coupon now. Hurry, see your retail appliance dealer this month.
