

## Collections Total \$1868 For Walkers

Almost three weeks have passed since a group of junior high participants walked/biked in the interest of the Association for Retarded Children.

During this time lapse, the youngsters and adult sponsors who accompanied them have been contacting those who promised to 'pay for miles walked/ridden.'

Collections now complete show \$1868.03 for the effort according to a statement made by Mrs. R. V. Alcorn, one of the sponsors.

Youngsters are more impressed with miles covered than with amount of money raised. All mileage walked/ridden if placed end to end, would total 1856 miles, and would reach to Lake Atabaska, Canada, on the north, or to Guatemala, Panama, to the south....and this does not include the additional miles covered in collecting the money pledged.

With more than \$1 per capita (on estimated town census) the FCY anxiously awaits results of the contest that may bring Calvin Hill to visit these hardy travelers.

# Four Teachers Hired By Board Of Trustees

Four teachers were hired, tax collections report was given and an athletic budget set up as the board met Monday night in regular session.

Employed as girls' basketball coach and assistant football coach as well as teacher of health class was Buddy Ables of Idalou. His wife was hired as an elementary teacher.

Mrs. Jim Rich was secured as high school English teacher, with her husband being named boys' basketball coach and also assistant in the football program. He will teach high school history. The Riches come from Big Spring and are former teachers at Hart schools.

A report from Virginia Moss,

tax assessor-collector, showed a total of \$376,076.07 in taxes had been collected with an outstanding balance of \$21,264.77 for the year 1972. These collections amount to 94.64 per cent of total taxes assessed.

The board gave its approval for suit to be filed against one tax payer, who had been delinquent for a number of years and had not heeded the warnings of the tax lawyer concerning his account.

In reports from the superintendent, the attendance was down once again, showing a loss of eleven students. Total enrollment now stands at 953, compared to 977 this time a year ago.

An athletic budget was

adopted by the board covering all phases of the program including football, basketball, track, tennis, golf and insurance for certain athletes.

The school has never had a separated budget for athletic program. In the past, gate receipts were used for needed equipment and at the end of the

school year, the athletic fund would be supplemented from the general budget.

Supt. Turner reported that he had requests out for choir teacher applications from several universities, but at this time had none to offer for their approval.

## June 1 Is Deadline For Students To Transfer

A reminder to all students wishing to transfer into or out of the local school district was given this week by Superintendent Joe Turner.

Supt. Turner stated that

students who wish to transfer must make application prior to June 1. Application forms are available at the high school office.

CAPTAINS OF 1973 MUSTANGS - to lead "Big Blue" the next football season are, left to right, Vic Alcorn, son of Mr. and Mrs. Gerald Alcorn, Monte Chitwood, son of Mr. and Mrs. Dale Chitwood, and Jimmy McCurry, son of Mr. and Mrs. Robert McCurry.

## Religious Census To Be Taken

Churches in the city will participate Sunday afternoon in a religious census of the town and outlying area.

The survey will include almost the entire school district and will being at 1 p. m. following a luncheon for workers in fellowship hall of the United Methodist Church at 12:30.

Participating in the canvass are congregations from the Assembly of God, Church of the Nazarene, Cumberland Presbyterian, First Baptist, First United Methodist, Hopewell Baptist, Main Street Church of Christ and Trinity Mission.

Sixty-two teams of two will be needed to conduct the census. Persons who would help in the census, who have not already indicated their willingness, are asked to contact James Cowart, general chairman, or one of the local ministers.

## Hail Suppression Program Begun

Lamb County hail suppression program has begun and continued protection will be offered for the next six months.

A total of 960 square miles has been designated as the area to be covered by the program. Acquired at a cost of \$100,000 approximately, two planes will be available, plus a new radar system. The planes will be based at Littlefield.

A spokesman for the weather control program announced this week that a larger radar unit is expected to be made available in the immediate future which will increase the range of protection coverage.

## Baseball Season's Here!

Baseball season for Oltonites will get underway this weekend with the ALMO League, Senior Babe Ruth, opening play. Junior Babe Ruth and Little League will begin Saturday, May 26.

Schedules for both Babe Ruth leagues and Little League are found in this issue. Pee Wee schedule will be printed in the near future.

Rosters of the various teams will be listed in next week's paper.

## Football Letter Of Intent Signed By Keith Workman

District 3-AA's leading rusher and scorer, Mustang Keith Workman has signed a letter of intent with Panhandle State College of Goodwell, Okla.

Panhandle line coach Harry Walker announced the inking last week and said, "Keith is certainly one of the top athletes we've recruited this year."

"He has good size, good hands and good speed and we will look to him as both a fullback and tight end," Walker said.

"We expect Keith to be a player, as a freshman, if he gains his confidence, learns the program and continues where

he left off in high school, he could be a starter before the season is over."

Workman's high school career statistics reveal 2697 yards in 500 carries for a 5.4 average. He caught 38 passes for an additional 550 yards.

As a sophomore, he was named to All District and All South Plains teams. That year he scored 120 points and 1387 yards. He was also named All District his junior year.

Son of Mr. and Mrs. Bobby Workman, he holds three letters in basketball and two in track. He is president of the Student Council.

INKS LETTER OF INTENT - Keith Workman signs a football letter of intent with Panhandle State College of Goodwell, Okla. Looking on is line coach Harry Walker of Panhandle.

BY ARCH BOOTHE

### Who Spends Most?

What would you guess, if someone asked you to name the single category of goods or services that Americans spend the most on? Food? That would be a popular guess, right now. Or perhaps housing?

Well, get ready for a shock. In 1971, we spent a total of \$332.6 billion to purchase food, clothing, housing and automobiles. The same year, we spent \$338.5 billion on local, state and federal government.

For some reason, only the Federal Government shows up in debate over "national priorities." We discuss the federal budget as though it accurately reflects the way ALL public funds are allocated. We watch the growth of the federal government as if it were the ONLY government in the country.

You can overlook a lot with that kind of fixation.

Consider growth, for example. From 1954 to the present, our Gross National Product -- the value of all the goods and services we produce in a year -- has grown 247%. Over that same period, the federal budget has grown 280%. And the state and local budgets have soared 569%.

Now, let's take a look at national priorities, with and without the state and local budgets.

For fiscal year 1971 (detailed state and local figures are not available for more recent years) the Federal Government spent \$75.6 billion on health, labor and welfare programs; \$75.3 billion for defense, and \$5.7 billion for education. Taken alone, those figures seem to show that we don't value education very highly. But, the Federal Government has little responsibility for education under our federal system, and the states and localities have no responsibility for defense.

The state, counties and cities spent \$55.2 billion for education in 1971, \$30.7 billion for

health, labor and welfare, and almost nothing for defense.

Now, let's add the categories together and see what kind of picture we get of TRUE national priorities: \$106.3 billion for health, labor and welfare; \$75.3 billion for defense, and \$60.9 billion for education. It makes a difference.

Finally, let's examine just where the biggest budget growth has occurred. A good way to do that is to look at the growth of each budget category as a percent of the GNP, which compensates for inflation over the years. (A dollar would buy more education -- or almost anything else -- in 1954 than it would buy in 1971, so raw budget figures for each of the two years are not an accurate comparison.)

Federal expenditures on health, labor and welfare, as a percent of the GNP, increased 4.81% from 1954 to 1971, while state and local expenditures for the same category rose 5.34%. For education, federal spending rose .54%, while that of the states and localities rose 2.44%.

Defense expenditures over the period dropped 4.34%. That's right, dropped.

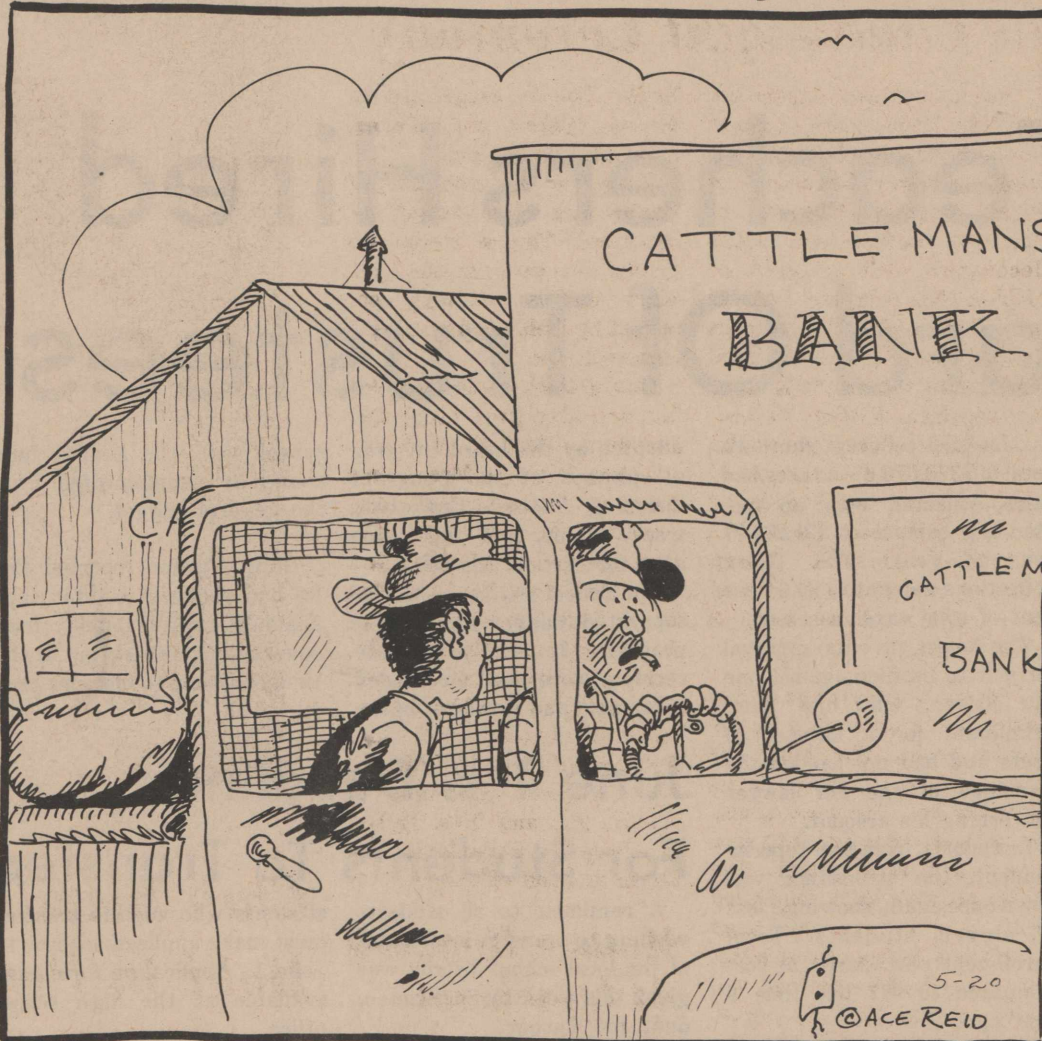

In the above figures, the increases show areas where government activity is growing faster than the national economy -- which is everywhere but defense.

In 1954, all levels of government combined spent about 31% of our national income. Today, the Federal Government alone spends 26% of the national income, and the states and localities spend another 15 %...a total of over 40%.

What this means, very simply, is that we are rapidly approaching a time when the various levels of government will have more control over the use of the money you earn than you will.

## Everything But The Kitchen Sink

BY MOZELLE TROTTER

Happy Birthday, Daddy. Sixty nine. Daddy would have been sixty-nine tomorrow. That's really such a short life!

Daddy didn't leave us riches stored in banks - wealth in material things. No, our inheritance was greater treasure than that which can be held in the hand or looked upon with the eye.

The inheritance Daddy bequeathed to us is that which can be neither spent nor lost but one that will last the rest of our lives.

Daddy left us security. Security that is born of love. Security of a treasure house of memories -- memories of fun times, serious times, sad times.

Years can take their toll in everything but memories. As long as God grants us sound minds we will remember little moments that have become treasures greater than gold.

Little girls growing up did not realize that those years were "hard times". Money wasn't necessary to buy happiness that came from hearing the oft-told stories of

when Daddy was a little boy. Only three when his own father died, he still earned a Daddy's obligations -- how to scold a naughty child, how to soothe an ache or hurt, how to listen to troubles and share too-heavy burdens. And he learned how to show his pride.

Achievements of his children did not come as surprises to a Daddy who believed in the ability or capability of his kids.

The remarkable woman who gave him life instilled a love of family in this man. There were good times when loved ones got together and memories were born from their love of one another.

We were not ready for Death's call at Christmastime but I think it must have been a glorious celebration for my grandmother when all her children were home for Christmas.

Oh, we are rich. We have such wonderful memories. And as long as we remember, Daddy will be forever with us.

Happy birthday, Daddy.

Grain Stocks Decline... San Saba and Gillespie Leading Counties... Egg Production Has Ups and Downs...

Stocks of the four feed grains -- corn, oats, barley and grain sorghum in Texas and throughout the nation continue to show declines, with wheat at the lowest level since 1968.

In Texas, a decrease of 47,000,000 bushels of the four feed grains was reported with grain sorghum declines being responsible for most of the downturn. Only oat stocks are above those of a year ago.

Wheat stocks in Texas stored in all positions as of April 1 are 15 percent below a year ago. Disappearance during the January-April quarter is estimated at 37,700,000 bushels, up sharply from the 3,000,000 bushels disappearance for the same period last year.

Grain sorghum stocks are estimated at 145,400,000 bushels; this is 25 percent below a year ago.

Corn stocks are estimated at 15,800,000 bushels, down four percent a year ago.

Soybean stocks are estimated at 5,900,000 bushels, 44 percent below a year ago.

THE TOP counties in Texas in production of fruits and nuts are San Saba and Gillespie. San Saba takes the 1972 honor in peach production, and Gillespie County is the state's number one peach producing county for 1972. Texas for 1972 was the nation's leading state in peach production. The state ranked seventh in 1972 in peach production.

Total peach production for Texas during 1972 was 65,000,000 pounds. Most of the production was in the south central and cross timbers areas.

Other top counties in peach production in Texas during 1972 were Gonzalez, Comanche, Hood, Guadalupe, Colorado, Lavaca, DeWitt, Bell and El Paso.

Other top counties in peach production in Texas during 1972 were Upshur, Camp, Parker, Montague, Fannin, Clay, Comanche, Limestone and Lampasas.

This year, the peach crop will be produced mostly in Central Texas and East Texas as the late freeze has either damaged or destroyed the crop in north Texas and on the High Plains.

Peach trees are blooming in many areas of the state. Some damage is expected due to the late freeze which will reduce the crop in some northern sections of the state.

EGG production in Texas continues to have its ups and downs. The Texas Crop and Livestock Reporting Service notes:

Egg production during March was 11 percent below a year ago but 20 percent above last month. Nationwide, egg production was down six percent from the past year.

GROSS income from dairying in Texas during 1972 was up eight percent from the previous year. Texas farmers received a gross income from dairy products of \$243,000,000. A total of 3,300,000,000 pounds of milk was produced in the state during 1972.

Total milk production was up four percent from 1971.

CONTINUE to submit screwworm samples to the fly laboratory at Mission authorities request.

Thus far, 1973 is turning out to be a good year in screwworm control. But livestock producers are urged to increase the sending of suspected screwworm samples to the fly lab in Mission. County agents and vocational agriculture teachers have visits in which the samples may be sent.

### FILLET SPECIALTIES

Fish filets are cut from the fish side, away from the backbone--steaks are one-inch-thick slices cut across the fish, containing a small portion of backbone, explains Karen Krelpke, foods and nutrition specialist, Texas Agricultural Extension Service, Texas A&M University.

### CLOTHING STYLES

A style is the particular cut, design or type of article. A style always remains consistent--such as the shirtwaist or sheath dress--but fluctuates in and out of current fashion, explains Mrs. Becky Culp, clothing specialist, Texas Agricultural Extension Service, Texas A&M University.

## Krey-Lambright Vows Read In Candlelight Ceremony

Miss Cheryl Ann Lambright and John Thomas Krey both of Lubbock exchanged double ring wedding vows Saturday in First Baptist Church of Stinnett before an altar decorated with an arch of Maiden Hair fern and baskets of yellow and white flowers flanked by candelabra filled with white tapers. Officiating was the Rev. William McKee.

The bride is daughter of Mr. and Mrs. Milford Lambright of Stinnett, and granddaughter of Mr. and Mrs. John Lambright and Mr. and Mrs. Clurry Phillips. The groom is son of Mr. and Mrs. Henry Krey of Shallowater.

Presented in marriage by her father the bride wore a formal length gown. The long full sleeves were accented with ruffles of lace. The stand-up and bodice were accented with lace hearts and seed pearls. The softly gathered skirt, appliqued with lace hearts and seed pearls, swept to a chapel train. Her shoulder length veil fell from a cluster of petals accented with seed pearls. She carried a cascade bouquet of white daisies, stephanotis and yellow roses tied with satin streamers.

For "something old" she carried the wedding rings of her maternal grandparents and she wore the traditional blue garter. She carried in her shoe pennies minted in years of birth of both the bride and groom and one minted in 1973.

Guests were registered by Mrs. Gary McClellan of Lubbock.

Miss Nancy McCloy of Canyon was maid of honor. She wore a formal length gown of mint green dotted swiss and carried a bouquet of yellow daisies.

Tommy Armstrong of Dumas served as best man. Guests were seated by Larry Lambright, brother of the bride, and David Waits, both of Lubbock.

Linda Waldrop of Dallas, organist presented wedding music.

For her daughter's wedding Mrs. Lambright chose a dress of blue and white knit. The mother of the groom wore a dress of mint green knit. Each wore corsages of orchids.

Following the ceremony the couple was honored with a reception in fellowship hall of the church, the table was laid with a white linen cloth and centered with an arrangement of white gladiolus, mums and daisies amid white candles.

The three-tiered wedding cake was accented with flowers in yellow and green. Mrs. Larry Lambright and Miss Janice Krey presided at the table.

For travel the bride chose a three piece dress of yellow and white knit. Her corsage of yellow roses was lifted from the bridal bouquet.

After a short wedding trip the couple will be at home at 1619 27th Street in Lubbock.

The bride is a graduate of Stinnett High School and attended Texas

Tech. She is employed by Mason, Nickles and Warner, Lubbock C.P.A. firm.

Krey is a graduate of Shallowater High School and attended Texas Tech. He served two years in the U. S. Navy and is presently employed by DeKalb Agricultural Research, Inc.

## DKG Banquet Held Saturday

Delta Kappa Gamma Founders' Day Banquet was held Saturday in the Muleshoe High School Cafeteria. Muleshoe members were hostesses.

Guests were administrators and their wives and members' husbands.

Mrs. Evelyn Laney, Area Director, from Amarillo presented "Founders' Recognition" in an impressive ceremony using three golden candlesticks. She and her husband were special guests.

The banquet decor was gold and crimson and featured red roses, the Society's official flower.

Kerry Moore and students from the Muleshoe Speech Department presented a program on "Catalyst for Change."

Attending from Olton were Messrs. and Mmes. Joe Turner, Robert Sivley, Carl McClure, Fred Gordon, Prince Brogren, Denny Barnett, Ken Burgess, Charles Galloway, Jimmie Jenkins and Mmes. Linnie Campbell and Helen Bohner.

MRS. KENNETH WILLIAMS

## Cook Of The Week

Cooking is a hobby instead of a duty for our Cook of the week, Mrs. Kenneth Williams. She shares recipes for two yummy salads plus two for more unusual dishes.

Renee and Kenneth moved to Olton a little more than a year ago when Kenneth enrolled in Southwest Business School in Plainview to study court reporting. He will complete his work this summer. They have a son, Mike, nine years old, and a daughter, Melanie, five.

Born in California, Renee grew up here and graduated from Olton High School in 1962. She studied at Jessie Lee's Institute of Hair Design and received her license in January, 1963.

Renee and Kenneth were married in 1963 and moved to Littlefield where Renee had her own shop. Since moving to Olton, she works at Colonial Beauty Shop.

Kenneth was born in Tahoka but was reared in Spade. He is an outdoors enthusiast who enjoys golfing, hunting and fishing.

The Williamses are members of First United Methodist Church where Renee's mother, Mrs. Delmer Givens is organist.

Disclaiming musical talent of her own, Renee says, "I could come nearer playing football

than the organ - and my mother agrees." Renee's maternal grandfather, the late B. O. Wilson, was band director at Olton in the late 30's.

Huguley and Mr. and Mrs. Joe Roberts, Maternal great grandparents are Mr. and Mrs. J. E. Stewart of Whitney, and paternal great grandmother is Mrs. Ruby Tubbman of Dalhart.

## Genealogy Is Discussed In Recent HD Club Meet

Mrs. Joe Chester was speaker Tuesday, May 15, at a meeting of Olton Home Demonstration Club held in the home of Mrs. O. T. Crosby. Mrs. L. O. Langley was hostess.

Mrs. Chester, whose topic was "Genealogy", the enumeration of ancestors and their descendants, gave six points for beginners wishing to trace 'their family tree'.

She suggested (1) seek information from family members, (2) make a rough chart, (3) check state and national

archives, (4) visit cemeteries, (5) join a genealogical society, (6) put all information on family group sheets.

Devotional thoughts for the day were shared by Mrs. Langley who read a poem "He Loves Me." Roll call was answered by giving an unusual family name. A short business session was under direction of Mrs. Melvin Souter, president.

Canapes, cookies, Cokes and coffee were served to members Mmes. Alva Kersh, Homer Curry, Lee Simmons, V. J. Trusty, Walter Struve, V. O. Harrod, Ross Cary, Crosby, Souter and the hostess.

Special guests, other than the speaker, were Mrs. John Stiles and Steve and Missy Simmons.

Next meeting will be held June 5 in the Trusty home.

# You are invited . . . to good times, good food

. . . in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor char-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets.

Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

All prices include normal post-type installation (up to 50 feet of line) and 5% sales tax.  
\*Budget terms are available at 12.75% annual interest on declining balance.

Just like ducklings our  
youngsters soon grow  
up and leave home  
looking for  
opportunity.

Let's help them find  
it here at home through  
a strong economy.

Let's work together so that our children will find opportunity here in the warmth of our own community. To make our community strong, we must trade at home. When we strengthen our community through trade we are building an economy that can provide future opportunities for our sons and daughters...and for ourselves.

# Local Oilman Attends Oil Marketers Convention

J. C. Hamby of Olton Butane recently attended the annual convention of the Texas Oil Marketers Association in Dallas.

A record-setting crowd of nearly 1,300 oil jobbers, petroleum product marketers, commission agents and suppliers were on hand to discuss ways of meeting the energy crisis.

To alleviate hardships on the energy-using public, particularly motorists, the wholesalers and distributors of 40 per cent of the petroleum products sold in Texas who gathered in Dallas, decided: 1) To request the Railroad Commission to restrict out-of-state shipments of all petroleum products, just as the Commission is trying to do with liquid propane; 2) To make an urgent plea to Washington to relax price

controls and increase incentives for oil well drilling; 3) to form buying groups for the purpose of purchasing world crude and/or gasoline; 4) to encourage the public to restrict the use of things that require energy.

Convention delegates were told that in most parts of Texas the allocation of gasoline to distributors was already down as much as 12 per cent, and that further cuts would be coming.

Low volume rural areas where fuel is necessary for farming and ranching operations is expected to suffer the most, the delegates of the Oil Marketers Association were told.

# Action Begun To Halt Oil Sales Out Of State

Orders from the Texas Railroad Commission in reaction to a resolution passed by the legislature last week, has brought action of particular interest to those facing shortages of liquefied petroleum gas in Texas.

The commission used a little known statute, set out in the resolution co-sponsored by State Rep. Bill Clayton to halt plans of an out-of-state oil company from buying the entire output of three refineries near Breckenridge, Eastland and Cisco and sending the gas out of the State.

The statute puts no hardships on the local plants, Representative Clayton said, for a Texas market is readily available. It just emphasizes that Texans shall get first call on her own products and give them the chance to do so.

The railroad commission also stopped Skelly Oil Company from closing a distribution point in Howard County which sells four million gallons of LPG annually to 850 customers. The plant, located at Sand Springs, has operated for 17 years. The railroad commission said it was acting to maintain a supply of gas for the West Texas area under a law directing it to protect the public from losing petroleum supplies.

Representative Clayton stated that the fuel situation in Texas is critical, and that rationing began last December to keep heat in homes, schools, cotton gins, tractors, oil rigs, and for other users of gas. Further cuts due this month will affect a million people in rural homes if the railroad commission does not move quickly, Clayton added.

## Marijuana Bill Passes, Clayton Expresses View

The bill as passed by the House to reduce penalties for possession of marijuana could let some dope pushers out of prison and back on the streets, State Rep. Bill Clayton of Springlake said last week.

Rep. Clayton voted against the bill which passed the House by a 97-38 vote Monday. Under the measure, approximately 700 persons now serving time for possession of marijuana must be re-sentenced, Clayton added, and noted that many of these men were sentenced for simple possession, but were in fact pushers and in possession

of substantial amounts of the weed when arrested.

These men must all be re-sentenced at high cost to the state under terms of the new bill, and many will be released, he said.

Clayton was also in favor of reducing the amount of marijuana for first time possession to one-half ounce instead of one ounce, as the bill calls for.

"A half-ounce of marijuana will make 10 to 15 cigarettes, and if they have more than that number on them, I feel like they are not one of the innocent first time offenders this bill is supposed to make allowances for," Clayton added.

Clayton said he hoped the bill would be cleaned up when it comes before a joint House-Senate committee, and said if certain objectionable features were removed, he might be able to vote for it in final version.

### FACT AND OPINION

"If we suppose that the taxpayer or his tax service spent four hours on the average on each return, the total time amounted to the horrendous total of 300 million man-hours, or the equivalent of 150,000 men working 40 hours a week for 50 weeks a year--," Mr. Milton Friedman is said to have remarked, according to an Octar Tail Power Company publication, "and this does not include the time spent by employees of business enterprises in withholding taxes and preparing W-2s or by high-priced lawyers and accountants advising clients on tax matters or by the governmental employees on the other side of the Internal Revenue desk."

### FACT AND OPINION

"Maybe the environmental crusaders should be the ones to have to tell an unemployed factory worker, 'Well, you may not have a job, but by golly you've got cleaner air to breathe and cleaner water to dangle your shoeless feet in,'" suggests an Oklahoma Gas and Electric Company publication.

OJHS CITIZENS OF THE YEAR named at the annual awards assembly this week are, left to right, Carol Griffin and Caleb McClure, sixth grade; Donice Quigley and Rodney Smith, seventh grade; and Cynthia Hutson and Randy Spurlin, eighth grade.

## Hart Schools' Yearbook Honors Mrs. Campbell

Students at Hart High School honored Mrs. Linnie Campbell Monday with the presentation of their 1973 Longhorn yearbook. Presentation ceremony was made during the school's Annual Assembly.

Dedicated to the former teacher, the yearbook is inscribed: "In the three years that you taught in HHS, you received the love and respect of all your students. You not only taught us literature and grammar, you also taught us about life in general."

"In appreciation for all you have done for us, we would like to dedicate the 1973 LONGHORN to you - Mrs. Linnie Campbell."

The dedicatory page also bears the quotation of the following poem, "You're Our Guest In Thought," author unknown.

"Once a day, and sometimes more/ You knock upon our daydream door/ And we say

warmly, 'Come right in/ We're glad you're here with us again!'/ Then we sit down and have a chat./ Recalling this, discussing that./ Until some task that we must do/ Forces us away from you -/

"Reluctantly we say goodbye./ Smiling with a little sigh./ For though our daydreams bring you near/ We wish that you were really here -/ But what reality can't change/ Our dreams and wishes can arrange -/ And through our wishing you'll be brought/ To us each day, a guest in thought."

## Amarillo Choir To Visit Here

A fifteen member group, "The Celebration Singers," from an Jacinto Baptist Church in Amarillo will present a program of religious folk music and sacred songs in the First Baptist Church Thursday night, according to Jon Ramsour, minister of music.

The singers, composed of high school and college youth, have toured the West Coast and have been used extensively in this area for such programs. Steve Andrew, Olton graduate, is a member of the choir. Ed Shubert is director.

The program begins at 8 p. m. All interested persons are invited. A youth fellowship will follow at the church, Ramsour stated.
