Tahoka, Lynn County, Texas, Friday May 11, 1951

Number 32

Football Squad Ends Training With Game

Spring football training for 47 potential 1951 Tahoka Bulldogs ended Tuesday night with an intra-squad game, won by the White side over a Blue team 6 to 0.

The game was cut short at end of the third quarter by the light shower and wind. Only a small crowd of loyal fans, parents, and some scouts from other towns witnessed the game.

The squad had been very equally divided. The game was a toss-up all the way, and was not as sensational as some of the previous scrimmages.

Indications are that Tahoka will field another fighting ball club next fall, though it will possibly be lighter than most opponents it will meet. An encouraging fact is that more boys are out for the team, and more of them have an understanding of football fundamentals than ever before.

Many of the boys have put on a little weight since last fall and all are expected to grow a little before next fall. Though five lettermen will be lost, some very good looking boys are coming up to replace them.

Among the outstanding backs Tuesday night were James Foster, Charles Hyles, Bill Short, and Roy Elliott. The latter gives promise of making a fine back. Short will likely see a lot of action at end. Halamick saw no action Tuesday night except for punting two or three times. Other backs looking good included Ables, Early, Brookshire, Potts, Bragg, Dorman, K. Waldrip, and C. Schulz. Other backs out for the team include Birdwell, Jones and Melton.

Tekell was doing a good job for the White team at center, and Huddleston, Freshman, playing for the Blues has shown great promise.

Don Brice, who shifted to guard this spring, played at end Tuesday. (Con'd. On Back Page)

Mrs. Williams Dies Suddenly

Mrs. W. H. Williams, 62, died suddenly at her home in the Draw community Monday morning at about 7:00 o'clock.

Funeral services were held at 2:00 p. m. Tuesday in Tahoka Methodist Church with Rev. J. W. Hawkins, pastor at Draw, Rev. J. W. Young of Adrian, and Rev. Bracey Hicks of McLean, an old schoolmate, officiating. Burial followed in Tahoka Cemetery.

Lucy Jane James was born in Hood county on February 17, 1889. She was married on March 12, 1907, to W. H. (Hayden) Williams at Wellington, Collingsworth county, where they resided two years. They spent about 18 months at Steamboat Springs, Colorado, and moved to Seymour to live a few years. She was a member of the Methodist Church.

They moved to Draw community in Lynn county in 1915, and she had resided there on the farm ever since, where they raised their family of two sons and five daughters.

Mrs. Williams had been in ill health a number of years. Early Monday morning, something went wrong with their pressure system. While Mr. Williams was working with the water system, she started to get a Mexican who lived nearby to come help him. As she neared the Mexican's house, she collapsed and was dead in a few minutes, supposedly of a heart attack.

Surviving are the husband and two sons, Kenneth of Idalou and Clarence of Draw; five daughters, Mrs. M. L. (Clodell) Aven of Hart, Mrs. A. S. (Sadie Bell) Thompson of Odessa, Mrs. Boyd (Ruby) Smith of Lubbock, Mrs. L. W. (Lola) Young of Abilene, and Mrs. J. A. (Joycie) Pebsworth Jr. of Tahoka; and also, eleven grandchildren, and one great grandchild; one brother, W. W. James of Dallas; and one sister, Mrs. Mary Summerville of Farmington, N. M.

WENDELL MOORE, son of Mr. and Mrs. J. D. Adams, Tahoka, is valedictorian of the 1950-51 graduating class of Tahoka High School with a two year average of 96.5.

JOHN SHEPHERD, son of Mr. and Mrs. A. L. Shepherd, Route 3, Post, is salutatorian of the 1950-51 Tahoka High School graduating class with a two year average of 96.0.

Sue Findt Places In State Meet

Sue Findt, senior student in Tahoka High School, won second place in the Class A Interscholastic League State Journalism Meet in Austin, last week, after placing first place in Region I in an earlier contest.

Piling up a score of 271 points, Sue was nosed out for first place by nine points by a Taylor High School contestant. According to Beuford B. Hestir, journalism director of the contests, this score was the closest in the history of Class A contests.

Entering five contests, Sue was awarded two first places, one in editorial writing and one in headline writing, along with a second place in newswriting and a fifth in copyreading.

Sue, the daughter of Mr. and Mrs. A. L. Findt, was taken to Austin to participate in the contests by Mr. and Mrs. Clay Bennett, accompanied by their daughter Jo Anne, who with Sue, was a member of the winning Regional team from Tahoka.

Sheriff's Posse Trophy Winner

Lynn County Sheriff's Posse last Friday afternoon won first place as the "outstanding riding group" in the 1951 Texas Tech Rodeo parade in competition with the posesses from Post, Hereford, Brownfield, Lubbock, Littlefield, and Crosbyton.

An elaborate and beautiful trophy was presented the local riding group for their achievement. Twenty-nine Lynn county riders rode in the parade which was witnessed by an estimated 20,000 people.

Mary Anne Parris, daughter of Mr. and Mrs. Frank Parris, formerly of Tahoka but now of Lubbock, a student in Texas Tech, won third place in the girls' barrel race.

The local Sheriff's Posse is accumulating an impressive bunch of trophies in its case in Sheriff "Slick" Clem's office.

The Posse has won trophies; first place at the 1950 Lamb County Fair, first at the 1950 Levelland Rodeo, third at the Graham rodeo, and fourth at the Post rodeo.

Miss Graham Hard, home demonstration agent, and Bill Griffin, county agent, attended a meeting of District 2 Extension agents in Lubbock last Friday.

O'Donnell Man Named As New County Attorney

Mitchell Williams, O'Donnell attorney, was named County Attorney of Lynn county to succeed Sam Garrard, resigned, at a special meeting of the Commissioners' Court held Monday.

Williams took the oath of office Monday. Garrard resigned to accept a more lucrative position as an attorney for the OPS (Office of Price Stabilization) at Lubbock. He had been practicing law here for about two years. In last year's Democratic Primary, he was elected Lynn County Attorney, and had served four months of his two year term when he resigned. Garrard feels that the experience he will gain in the district OPS office will be valuable to his future career as an attorney.

Mitchell Williams, the new County Attorney, is a native of Arkansas. He lived in Waco for five years prior to coming to O'Donnell in July of last year. He is a graduate of Baylor Law School, is married, and has a son age two and a half years. He expects to move to Tahoka as soon as he can find living quarters. O'Donnell people highly recommend the young lawyer.

Gilt Winners Are Announced

Eight Lynn county 4-H club boys will receive gilt pigs from the Sears Foundation this year, according to County Agent Bill Griffin.

Winners for this county were announced yesterday. The gilts will be distributed to the boys on Saturday, May 19.

Local winners of gilts are: Johnny Billingsley and Bobby Sumrow, O'Donnell, Rt. 1; Hulon Murray, Jerald Barton, and Freddy James, all of Tahoka, Rt. 2; Bobby Staicup, Tahoka, Rt. 3; Jack and Don Spears, Tahoka, Rt. 4.

Century Plant May Bloom Soon

Those who have never seen a Century Plant blooming, or preparing to bloom, should visit the Sunshine Inn.

Mrs. Hall Robinson reports she has a Century Plant, the stem of which is shooting up at the rate of five inches a night, and it may be expected to bloom at an early date.

She has no idea as to the age of the plant, but her mother, Mrs. Jack Alley, planted it many years ago. The Century Plant blooms only once, then dies. It is an interesting, unique, and beautiful plant.

Mrs. J. F. Rogers of New Home has been a medical patient at Tahoka Hospital for the past several days.

J-C Rodeo Opens Today

FAST RODEO ACTION, such as shown above, will be repeated at the Jaycee Rodeo here this week end. Bill Her, a world's champion calf roper, in the picture above, is out of the saddle and with tie rope in his mouth preparing to throw and tie the calf. The calf does not yet know it has been roped, but the horse has applied his brakes already. In the insert is Gerald Roberts, sitting tight on a high-bucking wild bronco.

Legion's "Foolish Follies" Is Big Hit With Audience

Scores of people who attended the "Foolish Follies For '51" performance Wednesday night were lavishing praises on the performances for the clean fun and entertainment furnished by the cast, directors, and the sponsors, the American Legion and Auxiliary.

About 600 people saw the show Wednesday night, and possibly as many were expected at Thursday night's show, both presented by an all home talent cast of 60 people in the school gymnasium. Script, musical arrangement, stage settings and scenery, performers, and direction were all home produced. Everyone, it seemed, thought the production was the best ever presented in Tahoka.

Also, the sponsors expect to clean sufficient funds from the production to pay the Legion Hall out of debt and to make further improvements of the building.

"The whole show was a hit," one person exclaimed.

Most impressive, possibly, was the second section of the show, in which the entire cast, in blackface, appeared on the stage.

The setting for the entire show was a night club scene, with tables and refreshments for the spectators.

Numbers included "Inspiration Moderne," a dance chorus number. (Con't'd. On Back Page)

P. H. Renfro, 82, Pioneer, Buried

P. H. Renfro, Sr., 82, pioneer farmer of Lynn county, died at 8:00 p. m. Sunday at his home in the New Home community.

Funeral services were held at the New Home Baptist Church Tuesday afternoon at 2:30 o'clock with Rev. Ralph Wilt of Claude officiating, and burial followed in East Lawn Memorial Park cemetery in Lubbock with Stanley Funeral Home in charge.

Peter Harry Renfro, Sr., was born in Alabama September 19, 1868. He brought his family from Milam county, Texas, to Lynn county in 1906, and was one of the first settlers in the New Home community. He has continued to live there ever since, and was a highly respected and substantial citizen of this area. He was a member of the Reorganized Church of Jesus Christ and of the Woodmen of the World lodge. He had served as a school trustee and had a part in many other civic affairs.

Mr. Renfro retired a few years ago from active farm work. He had been in ill health for some time, and his death, though a shock, was not entirely unexpected.

Surviving are his wife and companion, Mrs. Susie Fortenberry Renfro; three daughters, Mrs. Edna Sumner of Vellejo, California; Mrs. Enez Hale of Corpus Christi, Mrs. Iota Whelan of Wichita Falls; three sons, P. H., Jr., of Borger, Loyce E. of Amarillo, and Morris S. of New Home; 18 grandchildren, and 12 great grandchildren.

Special Election Called By City

A special election has been called by the City of Tahoka for Monday, May 21, at the City Hall for the purpose of electing a City Recorder.

Russell McGehee explains that it is necessary for the City to have a duly elected Recorder in order to set up its City Court. The office will pay no salary, and the person elected will serve in the capacity as a civic duty.

Congratulations:

Mr. and Mrs. Glynn Ensor of Route 4 on the birth of a son weighing 7 pounds 12 ounces at 9:52 a. m. Saturday in a Lubbock hospital.

Statistics indicate that 1800 thunderstorms bellow over the earth's surface every instant.

Great Show Is All Set; Parade At 4:00 O'clock

Tahoka's annual Jaycee Rodeo gets underway tonight at 8 o'clock at the arena two miles south of town. The event will be continued Saturday afternoon at 2 o'clock and Saturday night at 8 o'clock.

A parade at 4 p. m. today officially opens the event. The parade will feature the Tahoka, O'Donnell, and Post High School bands, the Lynn County Sheriff's Posse and possibly visiting posesses, floats and decorated cars, along with many cowboys and cowgirls.

The Jaycees are promoting the rodeo with the assistance of the Tahoka Roping Club.

Stock will be furnished by "Goat" Mayo of Petrolia who annually has some of the "saltiest" stock in the country. Since the season is just now opening, the stock is said to be unusually frisky.

Mayo is bringing to the Tahoka show 45 bucking horses, 20 wild Brahma steers, 15 bulldogging steers, and 35 roping calves.

"Goat" Mayo will also be arena director, and it is said that he conducts one of the fastest shows in the country. Many local people have seen his stock at Stamford, Snyder, and other good rodeos.

Announcing will be done by Earl Grider, who knows rodeos, most of the cowboys, and the stock. Baldrige Bakery is furnishing the sound truck.

Many cowboy entries are expected. Fifteen had already signed up Wednesday night, according to Oran Short.

The Roping Club has put the arena and pens in top condition for the show. The lights are (Con't'd. On Back Page)

Seniors Leave Monday On Trip

Lost Valley Dude Ranch at Bandera, Texas, will be the setting for the 1951 Tahoka High School Senior Class trip.

The group of 40 students will be accompanied by Mesdames L. R. Blair and A. L. Shepherd, and Miss Jeannine Smith and Jess Miles, class sponsors. Geno Jones and Lawrence Harvick will drive the two school buses.

The class will leave Tahoka at 12:30 A. M., Monday, May 14, stopping in Fredericksburg to breakfast at the Nimitz Hotel. Arriving in San Antonio around noon, the group will spend the afternoon and evening sightseeing. They will spend the night at the Gunter Hotel.

On Tuesday morning, May 15, they will depart for the ranch, where they will spend two days, returning to Tahoka by midnight, Thursday, May 18. Funds to finance the trip have been made throughout the school year by the class in sponsoring numerous projects.

Softball League Play Is Started

Square Deal Softball League play opened Tuesday night with Southland and O'Donnell winning the opening games. E. L. Short, secretary, reports.

In a game played at Southland, Tahoka was the loser by a score of 8 to 2.

O'Donnell was a 12 to 2 victor over Grassland in a game played at O'Donnell. Post drew a bye the opening night.

Games scheduled tonight are: Southland at Grassland, and O'Donnell at Post.

Next Tuesday night, Grassland will meet Tahoka here, and Post will play at Southland.

THE TRAGEDY OF BLINDNESS AMONG PEACE OFFICERS

We are constrained to believe that there is entirely too much blindness on the part of the peace officers of the South Plains and other parts of Texas. It has become a matter of common repute that any kind of liquor can be bought at numerous places in almost any county. There is also a wide-spread belief that peace officers as a rule know that such conditions exist but do very little about it. In fact, peace officers are encouraged by many of our socially "elite" to shut their eyes or look the other way when our liquor laws are being violated. But the time has come when the honest, God-fearing citizens of Lynn county and doubtless of other counties also are becoming aroused and indignant because of the apparent blindness of peace officers. There is too much drunken-driving and too many

serious accidents on our highways as a result of it.

One of the most recent and most tragic of such accidents occurred in Colorado City, Mitchell county, two weeks ago tonight. The Colorado City Record on Monday, April 30 carried a news story of the tragedy and also pictures of the wrecked car and one of the human victims, a pretty and perfectly innocent high school girl. We can not immediately reproduce the pictures but we can give the gist of the story as published in the Record. Here it is.

"Funeral services for Paula Mahurin, pretty 16-year-old Colorado City High School senior, were held Sunday in Wingate, Texas.

"Miss Mahurin was fatally injured in an auto collision at Oak and Fifth Streets Friday night around 11 o'clock.

"She was riding with Shirley Hutchings, Colorado City High School senior, when an auto, driven by Frank Wilson, 17, Hyman, collided with them, and threw Paula from the car. She suffered chest injuries and a possible broken neck, and was dead upon arrival at the hospital.

"The two girls were driving south on Oak Street and the other auto was headed east on Fifth Street. When the crash occurred, the Hutchings auto was knocked 50 feet down Fifth Street with the Wilson-driven auto careening across a lot and coming to a stop on Fifth Street.

"Roland Davis, 19-year-old Snyder resident, and Joe Garretson, Snyder, riding with Wilson, were not injured. Patsy Riley and Lora Garretson, both 15, of Snyder, were riding with Wilson. They were hospitalized with broken ribs and possible collar bone fractures.

"Miss Hutchings received minor injuries.

"Frank Wilson, 17, of Hyman was charged with murder without malice here (Colorado City) Saturday afternoon, in connection with the death of Paula Mahurin.

"Acting Chief of Police Sam Hulme filed the charge. The charge alleges that Wilson was operating a motor vehicle while intoxicated when the accident occurred."

We do not charge that officers were remiss in connection with this tragedy unless they had been lax theretofore in the enforcement of the liquor laws, about which we have no specific information.

But we do wish to call attention to the fact that Wilson, driver of the offending car, is a youth only 17 years of age and he is charged with being intoxicated when the tragedy occurred. Either he or his boy companions, both of whom were minors, had bought the liquor, evidently, on which he had become intoxicated. Somebody sold that liquor to a minor. We do not know whether he got it from a bootlegger on the street, from a cafe, a hotel, a tourist park, a low "dive," or a liquor store, but it evidently came somewhere up the line from a licensed liquor store which sold it to a bootlegger or other customer, who sold it to one of the party in the drunken-driven car.

But the liquor store could not be arraigned for a violation of the law, for it had been licensed to sell the liquor by a vote of the people.

So, the people who voted to authorize the liquor store to sell liquor are primarily responsible for the murder of that Colorado City high school girl. And, secondarily, every peace officer, who might have been lax in enforcing the law against cafes, hotels, filling stations, tourist parks, or common street bootleggers, is likewise responsible to the extent of their negligence for the for the detection of their guests or in order that they themselves may take a dram now and then.

We should like to commend this tragic event to the thoughtful consideration of some of our own "socially elite" citizens who vote to license the sale of the vile stuff simply because they like to have it on their tables

or on tap at their social functions for the delectation of their guests or in order that they themselves may take a dram now and then.

We make bold to say that our sheriff and other peace officers should use their best efforts to enforce our liquor laws not only against Mexican and Negro "dives" but also against some of our popular clubs and society "high lights" who like to keep the stuff on tap.

And we want to warn all such now that they had better stay within the law, otherwise there will come a day of reckoning for them. The sober, God-fearing people of Lynn county are getting fed up on the laxity that now apparently exists in our county.—E. I. H.

New O'Donnell Church Is Opened In Special Service

The First Baptist Church of O'Donnell, in an all-day service, dedicated their handsome new \$135,000.00 church last Sunday. The program began at 10:00 a. m. with the reorganization of the Sunday School, followed by the regular worship services at 11:00 o'clock, with the pastor, Rev. John H. Johns delivering the discourse.

Luncheon was served at the noon hour in the church building.

In the afternoon there were other services, including the introduction of some of the former pastors, followed by "open House" for the inspection of the

building by the general public.

This new church is situated on lots just across the street west of the old church building, and it is the second edifice which has been built to take the place of the old one. The first new structure, it will be remembered, was destroyed by fire last fall on the day that it was completed and before it had been accepted by the church. Builder's insurance covered the loss, however, but the edifice had to be re-constructed from the ground up. The new building is a replica of the one which was destroyed by fire. It is probably the most complete and most serviceable church building in Lynn county and one of the best in this entire South Plains area in any town twice the size of O'Donnell.

The members of the First Baptist Church of O'Donnell and other O'Donnell citizens who contributed to the building of the structure certainly are to be commended for their progressiveness.

The church gives much credit for this outstanding achievement to their popular pastor, Rev. John H. Johns, who has been untiring in his efforts to build a new spirit of consecration and of Christian service among the membership and seems to have succeeded in a great way.

The Reverend Mr. Johns came to this church as its pastor on April 17, 1949, and during these two years the church has made wonderful growth in membership and in attendance upon its services.

Johns is a native of the South Plains. After attending the public schools he entered Wayland College and graduated there at the end of two years, since that institution offered only two years of college work at that time. He then attended Texas Technological College, where he received his B. A. degree. Following this he took a three-year course in the Southwestern Baptist Seminary in Fort Worth, since which time he has been devoting his entire time to pastoring churches. He has not only endeared himself to the people of O'Donnell but is highly regarded by ministers and laymen alike all over this South Plains area. He has led the O'Donnell church to take its rightful place among the churches of the Brownfield association and of District Nine as a whole.

Mrs. Gleghorn Dies Suddenly

Mrs. E. A. Gleghorn, 64, died suddenly at 8:45 p. m. Thursday of last week at her home in O'Donnell. She had been a resident of Lynn and Dawson counties for 46 years.

Funeral services were held at 3:30 p. m. Saturday at the O'Donnell Church of Christ, with Glenn Bishop of O'Donnell, officiating, assisted by Arthur Golden of Amarillo.

Deceased is survived by two sons, F. E. of O'Donnell and E. E. of Lamesa; two daughters, Mrs. Vera A. Lane and Mrs. Vesta Lane, both of O'Donnell; three sisters, Miss Hannah Steele and Mrs. Hattie Reeves, both of Fluvanna, and Mrs. Maude Rankin of Seminole; 14 grandchildren and four great-grandchildren.

Euzelian Class Meets With Mrs. Burroughs

The Euzelian Sunday School class of the First Baptist Church met Tuesday night in the home of Mrs. T. B. Burroughs, for the monthly social and business meeting.

A devotional on "Mother" was given by Mrs. Reeves, a guest of the class. Mrs. Berdie Howell led in prayer, followed by two readings given by Mrs. B. P. Maddox and Mrs. E. J. Cooper. A discussion was held on the subject of "What Mother Means To Me," after which refreshments of coffee and cookies were served to eleven members present. —Reporter.

To the people of—

TAHOKA

I wish to thank you most heartily for the fine treatment I received in Tahoka. I have enjoyed my stay very much and hope to be able to return.

I would like to mention a couple of points concerning your window paintings—they have been sealed against rain and the only effective means of removing this sealer is by softening it with paint-remover. One can will take care of several windows.

Be sure to remove your paintings before cold weather next winter. Extreme temperature changes will sometimes break the glass.

I wish you every success with your rodeo and again I thank you.

PETE CATTERMOLLE

Idaho Springs, Colorado.

P. S.: I hope it rains right after your celebration.

Tune-Up Time Is Here!

Before you take that vacation . . . or even a week-end trip, have your car checked thoroughly and put in tip-top condition. Let our experts spend a few hours with it—hours that may save you from standing helpless at the side of a highway. Drive up!

Latvian Christian Speaks At Wilson

The Baptist Brotherhood of Wilson had an open meeting Monday night to which the general public, including women and children was invited.

The principal speaker of the occasion was Rev. Carlos Gruber, a native of Latvia, who came to this country in 1937. He was and is a minister of the gospel and in addition to his work in this country has done missionary work in Brazil.

Latvia is a little country situated between the Baltic Sea on the west and Russia on the east. Its area is about that of 28 counties the size of Lynn county. In 1935 its population was nearly 2,000,000. Up till 1934 it was an independent republic. In that year it became a dictatorship. It is now under the heel of Soviet Russia.

Rev. Mr. Gruber took for his subject, "Communism vs. Christianity." He has discussed this subject during the past few years in many churches and before many clubs in Texas and other states of this Union.

His discussion was very illuminating and intensely interesting, for he knows Russia and Communism first hand and is himself a devout Christian.

To undertake to give a resume of his address would require too much space as a news story, so it will probably be discussed in the Odds & Ends column in this newspaper next week.

Adding interest to the discussion in Wilson Monday night, was the presence of a Latvian family now living near Wilson who came to this country from Latvia less than a year ago, the Voldemar Grinberg family, and Mr. Grinberg himself made some very startling and revealing remarks respecting Communism and the Communists. He speaks only the Latvian language which seems to be closely allied to the German language, however. Mrs. Grinberg, a grown daughter, and two other children were also present.

Mrs. Homer Winston Publishes Novel

Juanita M. Whisenant, in private life Mrs. Homer Winston of Brownfield, Texas, wife of the County Judge of Terry county, has drawn upon the memories of her girlhood on a Texas cotton farm to write a novel called "Time Flew By," just published by the Exposition Press of New York (3.00).

"Time Flew By" is a vivid portrait of life in the years before the First World War, as seen through the eyes of the youngest of three sisters. Writing with warmth and simplicity, the author revives the colorful details of a way of life that has disappeared, but is still fresh in the memory of those who were reared on farms in "the good old days."

Recapturing the fresh sensations of girlhood, Miss Whisenant records the excitement around the rare visit of the itinerant peddler, with her fascinating stock of piece goods, perfumers soaps, and other marvelous things. She recalls the corn shuck mattress and the nightly battle for a fair share of it; big sister's first date; and love, marriage, birth and death as time flew by.

The whole adds up to a new and thoroughly entertaining addition to Texas literature.

The author, a native of Comanche, Texas, went to school in Fort Worth; and has lived in Brownfield for the past 35 years. She is a past president of the American Legion Auxiliary and the P. T. A., and is active in many civic organizations.

She is the mother of three children. Her two daughters, Mary Winston, a graduate of Texas State Teachers College at Denton, and Glenna Winston, a graduate of Texas Technological College at Lubbock, both now teach at the Meadow, Texas, Independent School. Mrs. Winston's son, John, attended Abilene Christian College and is now at Texas Technological College.

Her husband, Judge Winston, present.

Mr. Gruber also is an accomplished violinist and favored the audience with two or three musical renditions including that of Latvia's national anthem.

The pastor, Rev. McCraw and a few others also made brief remarks.

Pat Campbell, president of the Brotherhood, presided.

Baptist Purchase Camp Building

The First Baptist Church of Tahoka has purchased a South Plains Assembly building heretofore owned by the First Baptist Church of Canyon situated on the Assembly grounds in Blanco Canyon seven miles south of Floydada, and a group of men of the Tahoka church have been busy at moving the building to a lot owned by the Tahoka church and having the same repaired and prepared for use at the meetings of the Plains Baptist Assembly this summer.

The Canyon church decided to sell the building because it was not large enough for their purposes, but decided to retain their lot. The Tahoka church bought a lot three years ago which is sufficiently large for its purposes present or future. On this lot it will have plenty of room to greatly enlarge the building as may be desired. The present size of the building purchased is about

24 by 48 feet. Among other things done this week was the building of a foundation on the Tahoka church lot upon which the building purchased from Canyon has been placed. Not only is it contemplated that the building shall be enlarged in the future but that the present structure may be made more substantial and attractive, as the church chooses to do so.

The building was purchased for a cash consideration of only \$475, but added to that must be the cost of clearing off the Tahoka church's lot, building the foundation, moving the structure thereon and making some repairs.

Many churches in the Plains area embracing more than twenty counties have similar buildings on the grounds and still others are yet to be constructed.

These buildings are to be used as sleeping-quarters first by boys attending the boys' assembly meetings each summer, then by the girls attending the girls' assemblies, and lastly by adults attending the general assembly meetings. They are used also by men from the various churches attending one or more district Brotherhood meetings each year, and possibly by other Baptist organizations.

Kate Adele Hill Gets Promotion

Miss Kate Adele Hill, well known by many Lynn county Home Demonstration Club women, has been named training leader for the Texas Agriculture Extension service, effective July 1. Her headquarters will be at College Station.

Miss Hill has been a district agent since 1929, and since 1941 she has been the agent for District 2.

In her new job, she will work with Extension service personnel in developing program studies and planning for in-service training, as well as special Extension courses of study. G. C. Gibson, the Service Director, stated in announcing her promotion.

The deal for the building was effected by a committee of the First Baptist church whose action was first approved by the board of deacons and by the church itself Sunday night upon a recommendation coming from the committee and the board of deacons.

The difference goes more than Skin-Deep

NOBODY wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly

aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches

shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflo Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in

a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

*Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLO DRIVE* • FIREBALL POWER
4-WHEEL COIL SPRINGING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on other Series.

South Plains Press Hold Annual Meeting

At an early hour last Saturday morning, the Ralls Banner building and contents consisting of newspaper and job printing equipment were totally destroyed by fire.

Ernest Joiner, vice-president of the South Plains Press Association, had been in Lubbock Friday and Friday night attending the semi-annual meeting of that organization, and was already booked to be elected president the next day.

On account of his great misfortune he was not able to be there Saturday, but he was duly elected president nevertheless.

The News has no information as to Joiner's plans but it is presumed that machinery will soon be procured and that the Banner soon resumes publication.

Other officers and directors elected Saturday included the following:

Charles Fischer, general manager of the Clovis, (N. M.) News-Journal was elected first vice-president; Allen Hodges, editor and publisher of the County-

Wide News, Littlefield, second vice-president; and Lois H. Vestal of the Hockley County Herald and News-Sun, was re-elected secretary-treasurer.

New directors elected were: Neil Vanzant, editor and publisher of the Gaines County News, Seagraves; Karl Broadley of the Portales Tribune, Portales, N. M.; A. M. Jackson, editor and publisher of the Slaton Slatonite; Frank Hill, Associate editor and publisher of The Lynn County News, Tahoka; Curtis Sterling, publisher of the Brownfield News; and Charles W. Roberts, publisher of the Andrews County News, Charles Guy, editor of the Lubbock Avalanche-Journal publications, the retiring president, like-wise became a member of the board of directors upon his retiring from the presidency.

Newspaper men and women report that this was probably the best meeting the association has had since its organization some three years ago. A total attendance of 84 was registered.

MARINES DEMONSTRATE AMPHIBIOUS LANDING A LA TARAWA—Splashing ashore at Little Creek, Va., the U. S. Marines demonstrate the type of tough and realistic training that has paid off in their classic amphibious operation at Wolmi-do in the Inchon invasion in Korea.

Mrs. J. F. Rogers of O'Donnell, Route 3, has been a patient in the Tahoka Hospital since last Saturday. She was reported Wednesday afternoon to be doing fairly well.

A distinctive silver star has been added to the Combat Infantryman Badge and the Medical Badge which may be worn by Army Infantrymen and Medical Corpsmen who have seen action in both World War II and the Korean fighting, the Department of the Army announced today.

This condition is due to overgrazing over a long period, drought, and brush infestation, Walker said. Sixty million acres of Texas range land are infested with various brush species, of which mesquite is the most important.

Paints which contain zinc-oxide are best for painting farm buildings in areas that have warm, humid climates. Soft paints, which contain a high percentage of white lead, are better for the areas with a dry climate.

National 4-H Sunday presents an opportunity for 4-H Club members to give expression to the character development that takes place through 4-H activities.

**TANKERSLEY'S ARE PROVING THIS TO BE A GREAT FRUIT-GROWING AREA**

The possibilities of the thousands of acres of the deep-sand belt of Lynn county and of other counties on the South Plains as a fruit-growing area are being demonstrated by Mr. and Mrs. C. T. Tankersley year after year on their farm, just north of West Point. Of course there are other farmers in Lynn county who are successfully raising fruit, but the success of the Tankersleys is outstanding, as any one may readily see upon visiting their orchard.

A representative of The News accepted an invitation on Tuesday of this week to make such a visit, and the revelation made to him was more than surprising; it was amazing.

The Tankersleys have some seventy or eighty fruit trees in their orchard, more than half of them possibly being peach trees. But there are also apple trees, pear trees, apricot trees, plum trees, and cherry trees in the orchard, and most of them now are loaded down with young fruit. Many of the peach trees are so heavily loaded that they can not possibly carry all of the fruit on to maturity.

Of all these different varieties of fruit, peaches are more likely to be killed by late freezes in the spring than are any others, and yet the Tankersleys have plenty of peaches nearly every year. Evidences of last year's crop may yet be seen in the vast number of seeds that look up at you from the surface of the ground under nearly every tree. There are several varieties of peaches, and Mrs. Tankersley declares that some of them are among the finest peaches she ever saw anywhere. Some of them are good for canning and some for home use as they ripen. We imagine that Mr. and Mrs. Tankersley have plenty of fine old-fashion peach cobbler out at their house every summer.

We are wondering why the sand belt just north of Tahoka, and the extensive sand-belt extending almost entirely across the western part of Lynn county couldn't be converted into hundreds of orchards just as productive as the Tankersley orchard, devoted largely to the raising of fruits suitable for canning, and then canningplants established in the county to take care of the fruit produced. It seems to the senior editor that our people generally have been overlooking a marvelous opportunity to make money out of the fruit-raising business.

It might be stated that the Tankersleys do not irrigate this orchard; it is, strictly a dry-farming proposition.

We noted also that immediately adjoining the orchard of two or three acres, there were about 100 acres of deep sandy land which is being devoted to the raising of cotton and maize. Mr. Tankersley has learned that deep plowing is the solution of the blow-sand problem and he had turned the soil in that sand belt to a depth of 30 inches. And the sand was not blowing in that field to any damaging extent.

Many farmers in Lynn county are now doing deep-plowing of the sandy lands and are reaping great benefits therefrom. The time may soon come when Lynn county's sandiest soils may become the most valuable.

In 1950 there were 10,004 rotary hoe-equipped tractors in Texas. By using rotary hoes, cotton growers can cut their hoe bill by 50 to 60 percent.

Eight sergeants of the U. S. Army 24th Infantry Division received battlefield commissions as second lieutenants during January.

Methodists Plan Bible School

The Methodist Church Vacation Bible School will be held this year for a two weeks period, June 4 through June 15, from 9:00 to 11:00 a. m. each day at the Church, according to Mrs. C. Skiles Thomas, the director.

This is the fiftieth anniversary of Methodist Vacation Bible schools, and an effort is being made to have the largest and best ever held.

BROWN COUNTY REUNION IS SET FOR MAY 20TH

Former residents of Brown county will gather May 20 at 10:30 a. m. for their annual reunion in the Mackenzie State Park at Lubbock.

The reunion site is Northeast part of the park, same place used last year. Those attending are asked to bring a basket lunch.

Junior League Changes Made

Lynn County Junior Baseball League, scheduled to start play last Sunday afternoon, delayed its opening date until next Sunday for two reasons, bad weather, and the withdrawal of New Home from the league.

However, Wilson has now entered the league to replace New Home with a team managed by Benson Rice and Coach A. J. Sales. They will fill in the schedule arranged for New Home.

North Side and South Side game last Sunday was postponed because of the high wind and cold weather. At their next scheduled meeting, the two clubs will play a double-header.

Wayside and New Home were scheduled last Sunday, and this game was not played because of high winds and New Home's desire to withdraw. Wilson, taking New Home's place, will make up

the game in a double-header the next time the two clubs are scheduled.

Next Sunday, May 13, weather permitting, Tahoka North Side will play Wilson at Wilson at 2:30 p. m. Ronney Gurley will probably hurl for North Side, and Leonard Breiger is the expected pitcher for Wilson.

Also, Sunday, May 13, Tahoka South Side will take on Wayside here in Tahoka at Jaycee Park at 2:30 p. m. The two teams have met only once in exhibition play with South Side winning 6 to 4 in 11-innings. Ray Madrid will take the hill for the South against "Punk" White for Wayside.

Fans are welcome to the games. There is no charge.

Wilson Athletic Council Seek Funds For Football Field Improvements

Sale of stock certificates for improvement of the athletic field at Wilson High School is going well, according to A. J. Sales, Wilson coach and secretary of the Wilson Athletic Field Association. To date, \$1,600 has been raised in the drive. The goal is \$3,000. Mr. Sales says a good rain would help the drive as much as anything.

Wilson is preparing to field a 11-man football team next fall in Class B competition. Spring training was recently ended in which 35 boys worked out for the team. Wilson has been playing 6-man ball in the past.

An Athletic Council recently formed to promote the school's sports program, of which organization Pat Campbell is president, Coach Sales the secretary, and other members include Howard Cook, Ira Clary, Clarence Church and A. H. Smith.

The funds are being raised to provide a modern football field. The Association has bought two blocks of the townsite adjoining the present school campus on the southwest. A standard football field is being laid out and will soon be sodded to grass. Lights

will be moved from the old field in the north part of town, and additional lights have been bought to add to the old ones on the new location. Bleachers were built last year by the Wilson Lions Club, but plans are to build more bleachers this year if sufficient funds are raised.

With the Proved Long Life

3-WAY CHOICE! For "the drive of your life!" Mercury now offers a triple choice in transmissions: Merc-O-Matic Drive, the great new simpler, smoother, more efficient automatic transmission; thrifty Touch-O-Matic Overdrive (both optional at extra cost); plus silent-ease synchronized standard transmission.

**92% OF ALL MERCURYS
EVER BUILT ARE STILL
ON THE ROAD!**

Latest annual registration figures, officially showing total cars in service, prove that 92% of all Mercurys ever built are still in service. This is solid proof that Mercury quality-construction gives you extra-long life; extra freedom from excessive repair bills. For mile-after-mile economy in a car that really stands up, the smart choice for you again is Mercury.

WINNER SECOND STRAIGHT YEAR IN THE MOBILGAS ECONOMY RUN

Again in 1951, Mercury out-classed its competitors in the nationally famous Mobilgas Economy Run. Over the tough, grueling 840-mile course, Mercury, with optional overdrive, delivered greater pound-for-pound economy than any other car in its price-class—for the second straight year.

All Grocery Stores Will Close Early For Jaycee Rodeo

All Tahoka food stores, and many other businesses as well, have agreed to close their stores promptly at 7:00 p. m. Saturday in order that the managers, employees, and others may attend the final performance of the Jaycee Rodeo.

Citizens are asked to do their shopping early Saturday so that these people may attend and enjoy the rodeo.

Mr. and Mrs. O. J. Jackson of Clyde, former Tahoka citizens arrived Wednesday afternoon to visit their daughters, Mrs. C. B. Evans and Mrs. Ed Hamilton and families.

NO PHYSICAL EXAMS FOR TWO MONTHS

No new physical examinations for service in the Armed Forces are scheduled for either May or June, according to Perry Walker, Lynn county's member of the district Selective Service Board which has headquarters in Lubbock.

CARD OF THANKS

We wish to take this means of expressing our sincere thanks to everyone who has been so thoughtful during the recent illness of Mr. Gattis. The many cards, letters, beautiful flowers, inquiries, and visits while in hospital and at home are deeply appreciated. Those and the many other kind deeds have helped us more than we can express. —Mr. and Mrs. I. I. Gattis and family.

Rodeo Boosters Trip Cut Short

Many South Plains towns were visited Tuesday and Wednesday by a group of local boosters, accompanied by a Western orchestra, advertising the Jaycee Rodeo here Friday and Saturday.

The trip Wednesday was cut short by reason of a car accident near Plains in which one was injured but in which four cars received damage.

The accident occurred about five miles north of Plains. The Plains sheriff had come out to meet the party. Some one in front stopped a little quick, and possibly the cars were driving a little too close together, the best The News could gather.

Jerry Hodges, formerly of Tahoka, now of Brownfield, crashed into the back of the Dan Brookshire car, A. J. Jester's car into the Hodges car, "Skete" Clem into the Jester car, and "Eckie" Nevill into the Clem car. The Brookshire car was slightly damaged, but the other four received damages to the front ends.

The rest of Wednesday's schedule was called off after the accident, after the party had visited Brownfield, Levelland, and Morton.

Tuesday, the party visited Wilton, Slaton, Post, Ralls, Floydada, Lockney, Plainview, Hale Center, Abertown, and Lubbock.

Deputy Sheriff Otis Curry accompanied the party Tuesday, and Deputy Chester Roan accompanied it on Wednesday.

A. V. Barnes was in charge of the trips, and A. J. Jester acted as the announcer. Excellent response was received at practically all stops.

Football

(Cont'd. From Page 1)

day night, and turned in a fine performance, taking two or three passes. Brooks and Havens and Carter also looked good at end positions. Other end candidates include Brewer, Lehman, J. William, Reed, Sherrod, Thormaehlen, Holcomb, and W. Havens.

At tackle, Wiley Curry and Bartley looked especially good, but are likely to get a lot of competition from S. Slover, J. Sosebee, and 200-pound Billy Stice, sophomore, who is improving nicely. Others at this position include R. Bartley, R. Carter, D. McMillan, all who saw action Tuesday, Sloan, Witt, and Watley.

Guards seeing action were John Curry, B. Williams, W. Lee, W. Martin, John Foster, R. Brown, and W. Norman.

Charles Jones has been acting as team manager.

Assisting Coach Joe Turner in spring workouts have been Coach Jake Jacobs and Tom Bartley.

Coach Turner is arranging a B team schedule for next fall in order that all boys on the squad may get to play and get the benefit of this training and experience.

By classes, next year's squad is made of 12 Seniors, 12 Juniors, 7 Sophomores, and 15 Freshmen.

Rodeo

(Cont'd. From Page 1)

ready. Bleachers have been borrowed from O'Donnell and Slaton for the event. Also, there will be three entry gates this year in order that the crowd may be handled rapidly.

The Roping Club boys are responsible for the grounds. This organization is composed of the following officers: Dave Evans, president; Winston Prichard, vice president; Russell McGee, secretary; Oran Short, treasurer; Lee Roy Knight, Dee Howell Lindly, Hank Reine, Roy Sheppard, Bill Craft, and Sam Price, directors.

The Jaycees are handling all the outside activities, including publicity and advertising, booster trips, parade, ticket sales, concessions, etc.

Charles Reid is the Jaycee president; A. V. Barnes, vice president; Wilton Payne, secretary-treasurer; and H. L. McMillan, Jr., reporter. Barnes is handling the parade and booster trips, Wilton Payne the finances, A. J. Jester and Bill Chancy the concessions, H. L. McMillan and Seth Lewis the publicity in connection with the rodeo.

The organization sponsored a free street dance on the east side of the square Thursday night after The News went to press. There will be dances at the skating rink each night following the rodeo performances.

Unless the weather interferes, every indication points to this year's show being possibly the best ever staged here. There will be bull riding, bulldogging, calf roping, bareback bronc riding, saddle bronc riding, and a girls' sponsor contest. "Dub" Gray, the rodeo clown, is also expected to furnish a little fun to go with the excitement.

The Jaycees declare that this is not just an attempt to make money by sponsoring such an event, but they believe the people of this area want and need such entertainment. Anyway, they hope great crowds are drawn to Tahoka for the event.

Follies

(Cont'd. From Page 1)

ber; "Re-treads on Parade," in which a chorus carried the audience back to the 1923 song, dance, and fashion era; special numbers by Nancy Raye Evans, Weesie Carrol and Clint Walker, and Billie Thuren; a Chicago speakeasy scene; an entertaining special by Truett Smith and Fern Leslie; a comic mock wedding scene, with Charles Verner as the bride; "Show Business," featuring Charles Townes as Groucho Marx, Dot Roberts as Pearl Bailey, LaVoye Parker as Ted Lewis, Aaron DuBose as Hank Williams, and O. C. Elliott, Clint Walker, and Eldon Carroll as the Andrews sisters.

The second section continued "Show Business" with Myrna Verner as Jo Stafford, Joe Moss of Post as "Two Ton" Baker. Ann Thompson as Cass Daley, and Gerald Wayne Tippit as Al Jolson; "The River," the blackface division, with LaVoye Parker doing "Swanee," Mrs. E. W. Patterson "That Lucky Old Sun," Eldon Carroll and Clint Walker "Chattanooga Shoe Shine Boy," Carolyn Collier "Basin Street Blues," Peggy Elliott, Mackey Turner, and Mrs. Verner "Mood Indigo," Mr. Verner "Ol' Man River," and Eva Claire Whitmore "Memphis Blues," and the grand finale, "Waiting for the Robert E. Lee."

The performance was capably directed by Mrs. Verner, assisted by Mrs. Thuren, Winston Redwine arranged music and served as accompanist, Bill Trgoe arranged music and directed the orchestra, Mrs. Patterson directed the vocal choruses, Mrs. Dea Parker and Mrs. Eldon Carroll were responsible for the dance routines, Johnny McLaughan designed the scenery and program cover, and Eldon Carroll handled the publicity, advertising, and photography.

CARD OF THANKS

We want to take this opportunity to express our thanks to all the good friends, neighbors, and everyone who helped us in our time of sorrow—in the loss of our beloved wife and mother. We want to thank each and everyone for the food that was prepared for us, the beautiful flowers, and your kind words of sympathy. May God's richest blessings be upon you. —W. H. Williams and Children.

The present drought in Texas should be evidence enough that livestock producers seldom ever get too much feed on hand. Producers who have stored silage, hay, other roughages and feed grains are now cashing in on their stored crops.

ESTHERIAN CLASS HONORS MOTHERS

Members of the Estherian Sunday School class of the First Baptist Church were hostesses at a seated tea honoring mothers of the members Tuesday night, May 8, at 8:00 p. m. at the church.

Jennie Allen, president of the class, welcomed the mothers and members. Mrs. Truett Smith gave the opening prayer.

Ruth Stapp, program chairman, took charge and introduced Margaret Roberts, who played "Country Garden" on the piano.

Ruth introduced one of the members of the class, Betty Brookshire, who gave a book review of "White Witch Doctor," the story of a woman missionary in Africa. The story was very interesting and entertaining and of a Christian theme.

Refreshments of punch, cookies, mints and nuts were served to 41 members and guests. —Reporter.

Tom Cloe returned Friday from Evanston, Indiana, driving back a new Plymouth car. He left by bus the previous Tuesday, going through Oklahoma, Missouri, and Illinois, and on the return trip came down through Tennessee.

Rev. and Mrs. C. F. Carmack expect to leave for Amarillo today to visit a daughter briefly before proceeding to San Fernando, California, to visit another daughter.

A type of deer with tusks like fangs about three inches long has been found in the Korean mountains by U. S. Army soldiers.

Local FHA Girls Visit Fort Worth

Miss Jeannine Smith, Patsy McGinty and Josephine Raindl returned last Saturday evening from Fort Worth where they attended the annual State F. H. A. Convention May 3, 4, and 5.

Miss Smith served on a committee for a String Ensemble and Josephine acted as a hostess and usher for the second general session.

One of the highlights of the program was a Church Wagon Supper, featuring barbecue at the Will Rogers Memorial Auditorium.

The group stayed in the Texas Hotel where they were treated with the "utmost courtesy and good service."

NO, THIS IS NOT JULY 4—IT IS RUGGED TRAINING FOR COMBAT—No child's play or July Fourth celebration here where infantrymen crawl, squeeze and twist through the mud and jagged barbed wire at Fort Meade with live tracer bullets whining only a few feet overhead, and placed demolitions going off nearby—almost like the real thing, combat—the Army's infiltration course.

A full silo is good feed insurance. If pastures get short, silage will keep the dairy cow producing.

Wilson Band Wins Praise

Wilson High School band, which was organized in February of this year, performed in the Interscholastic League Band contest held at West Texas State College in Canyon on April 28.

Since the band was so young, the organization played for criticism only, according to Director Fillmore Hendrix, and no mention was made of its participation in press reports of the contests.

The band received a "well done" commentary, special emphasis being placed on the good stage conduct of the group, fine intonation, and good balance. Clarence Sawhill, University of South Carolina, commented on the excellent intonation for a beginning band.

The Wilson band has 32 members, and has been making excellent progress in the short time the students have been playing instruments.

O'Donnell Man Buried Monday

Funeral services were held at 3:00 p. m. Monday in the First Baptist church of O'Donnell for Ross Herman, 36, who died Saturday in Post. Rev. J. T. Crawford of Snyder and Rev. John Johns of O'Donnell officiated.

Herman was born and reared in O'Donnell and had been employed by an oil company in Sweetwater the last three years.

Survivors are his wife of Sweetwater; three sons, Dennis of O'Donnell, and Marvin and Joe Earl of Sweetwater; his father, M. E. Herman of Lamesa; his mother, Mrs. Annie Herman of Brooklyn, N. Y.; a sister, Mrs. Walina Turner of Rochester, N. Y.; a step-sister, Mrs. Clyde Edwards of O'Donnell; two brothers, Odell Herman of Lubbock and Jack Her-

Student Body Elects Officers

In the hottest Tahoka High School election in years, one requiring two run-offs for three offices, the Student Council officers for 1951-52 were elected by ballot Thursday of last week.

Officers elected are as follows: Paxton Hutchison, sophomore, president; Frances Martin, junior, vice-president; Wanda Norman, junior, secretary; and Eunice

man of Abilene; and two step-brothers, Roy Cox of Lamesa and Cletes Cox of O'Donnell.

Burial was in the O'Donnell Cemetery.

Shepperd, junior, treasurer.

Class representatives to the Student Council will be elected next fall during the election of class officers.

Principal Jim Foust is the Student Council advisor.

In the balloting, students voted on the senior boy and girl displaying the best sportsmanship, the winners to be presented the annual Babe Ruth award in assembly Tuesday, May 8.

ODDS AND ENDS

(By E. I. The Elder)

At least two new West Texas books are now in the making and will probably be off the press before many months—possibly before many weeks.

O Well, I am not interested in Wild West stories, many of you will say, nor am I interested in books that merely boost the West, and with that you will dismiss the subject and think nothing more about it. But these will not be books of that type. They will be historical, authentic, and I predict as interesting to many of you as any novel you have read in many a moon. One of these

books, it is true, may be of only local interest, but the other is to be the story of the fiercest and most dreaded tribe of Indians that ever operated in Texas, the Comanches—not just a blood-curdling story, but well authenticated history.

The author of this volume is U. Evetts Haley of Canyon. He has written quite a number of books heretofore and has won a top place among writers. His first production was the story of the XIT Ranch, which was the great ranch covering most of several counties in Northwest Texas which the State of Texas conveyed to the contractors who built the State Capitol as the consideration for the building—or rather it was the land the contractors converted into a ranch. Haley has also written an absorbing biography of George W.

Littlefield, who formerly owned the Littlefield Ranch in Lamb county, and for whom the city of Littlefield was named.

The colorful cattle baron of Claude, Col. Charles Goodnight, for whom the little town of Goodnight was named, was the subject of a third book written by Haley. He has since written other books and some magazine stories that attracted nation-wide attention.

Haley's parents lived at Midland and he was brought up in the cow country, spending much of his time in his boyhood days on his father's ranch in the Pecos River country. He now owns a ranch on the Canadian River north of Amarillo, but lives in Canyon. He was the moving spirit in the organization of the Panhandle-Plains Historical Society and has made many contributions to the magazine published by that Society. He is a cousin of Frank P. and William E. Hill of The Lynn County News, and some of the old-timers here may remember when he appeared before the Tahoka Rotary Club once years ago and was the principal speaker at that time. So much for the author.

When I was in Canyon not long ago I called at Haley's home and talked with him a little while. At that time he gave me a printed copy of one chapter which will appear in the book he is now preparing for publication. The title of the forthcoming book will be "The Concho Country," and the title of the printed chapter which he gave me is, "The Great Comanche War Trail," an article which was recently published in The Panhandle-Plains Historical Society Review.

This chapter is filled with interesting information, especially if one reads it with a good map of Texas before him and takes time to locate on the map the places mentioned in the story.

We make bold to say that in our opinion this book, when it comes off the press, should be placed in every high school and college library in Texas.

GERONIMO! That is a name to conjure with. The very name made many a white family in the Southwest quake with fear during the last half of the last century. I do not know whether Haley will have him in his book or not, for he was not a Comanche but an Apache. Furthermore his operations were mostly in New Mexi-

co and Arizona, as I gather it, and also at a later date than the Comanche terrorisms. But we guess that no Comanche was ever more blood-thirsty, more cunning, or more dreaded than old Geronimo. We saw a picture show the other night in which a battle was depicted with old Geronimo as the chief actor, always calm, cunning, and cruel beyond description, but at last the white man got him. They landed him in the white man's prison at Fort Sill, where he was kept for nearly 25 years and then died in prison. You remember we had a little story about him in this paper two or three weeks ago in which Mrs. L. A. Phillips told about visiting his prison cell and the museum at Fort Sill in which his weapons of warfare are still being displayed.

We don't know whether anybody ever wrote a book about Geronimo or not, but there was a lawyer named Ernest McGaffey up in Ohio who evidently had read a graphic story of his sagacity, his poise, and his stern cruelty as a warrior and of his unchanged attitude in defeat and in prison, and doubtless he had seen a photograph of the savage too, for he wrote of him this little poem, which seems to be a splendid example of descriptive poetry. Here it is, title and all.

Geronimo

Beside that tent and under guard
In majesty alone he stands
As some chained eagle, broken-winged,
With eyes that gleam like smoldering brands;
A savage face, streaked o'er with paint,
And coal-black hair in unkempt mane,
Thin, cruel lips, yet rigidly—
A red Apache Tamerlane.
As restless as the desert winds,
Yet here he stands like carved stone,
His raven locks by breezes moved
And backward o'er his shoulders blown;
Silent yet watchful as he waits,
Robed in his strange, barbaric guise,
While here and there go searchingly,
The cat-like wonderings of his eyes.
The eagle feather on his head
Is dull with many a bloody stain,
While darkly on his towering brow
Forever rests the mark of Cain;
Have you but seen a tiger caged,
And sullen through his barriers glare?
Mark well his human prototype.

The fierce Apache fettered there.

The other book which is to be written and about which we spoke is a history of Crosby county—Crosby county with its historic Old Emma, its strange Quaker colony at a place called Estacado, and the far-heralded Hank Smith Ranch and its Silver Falls Lake.

Mrs. Nellie Witt Spikes, a pioneer settler and school teacher, who now conducts a column fraught with sweet memories of the olden days, both for the Ralls Banner and the Floydada Hesperian, assisted by Mrs. Temple Ellis of Lubbock, another Plains

Panhandle Service Sta. No. 3, O'Donnell

the pen of a poet and Mrs. Ellis also is reputed to be a very talented woman. They no doubt will tell many a touching story of the hardships and the joys of the olden days and will give a true picture of many of the old pioneers who came to the plains soon after the Indian and the buffalo disappeared. Crosby and Floyd in that order were the first counties on the plains to be settled by white men, and the old pioneers of the region are just as proud of that land as any aristocratic Virginian ever was of the colony bearing the name of the Virgin Queen or as any Puritan ever was of Plymouth Rock. So, these women are going to write a charming book.

I hope I am not intruding on their domain, but I want to say a few words myself about old Estacado.

I came through Estacado the other day and stopped beside a marble marker at a point where two roads converge as they enter the village. I stopped my restless Chevy and made it rest beside the pavement, while I copied this inscription which had been carved on the smooth face of the stone.

Site of Estacado, a town founded in 1879 by a colony of English Quakers under the leadership of Isaac Paris Cox, who purchased for them 82 sections of land. The town, first named Marietta in honor of Mary Cox, wife of the leader, was named Estacado in 1886 when Crosby county was organized. By 1893 the colony had disintegrated. Moved in 1895 to Galveston county.

Erected by the State of Texas, 1936.

So far as we know, Crosby county is the only county in all the Southland that once contained a colony of Quakers.

What caused them to migrate to Crosby county and plant a colony, possibly a thousand miles from any other Quaker colony in the entire United States, and then what caused them to disintegrate and to move away, may possibly be told in the book that Mrs. Spikes and Mrs. Ellis are to write.

Although those Quakers did not remain many years in Crosby county, they made an impression upon their few neighbors and left a remnant on the South Plains to carry on after they left.

Among these were Judge George Bean of Lubbock, who was prominent in the religious, civic, economic, and political life of that city for many years, and Dr. J. V. Hunt, who became one of the ablest Ministers of the Methodist

Infantry and Tankers Make Tough Team.—The tank-infantry team, the muscle in Uncle Sam's ground assault, works out in realistic maneuvers as the Browning automatic rifleman (foreground) blazes away in the attack with a section of medium tanks. This training develops confidence, so necessary in combat, between the infantryman and the tanker.

Church in all West Texas, and served ably his day and generation, both as a Minister and as an educator. He preached and spoke before civic clubs in Tahoka several times before he was called home.

Just one other fact that might be of interest to many Tahoka people, and that is that the first pastor of the First Baptist Church of Tahoka after it was organized in July, 1903, was Rev. Ira Parrack, who lived at that time at Estacado. Mother Sherrod was running a hotel in Tahoka at the time and she personally told me that "Brother" Parrack was a guest at her hotel on Saturday and Sunday once each month of his pastorate, when he would ride over horseback from Estacado to fill his appointment. Later friends of the preacher at Estacado and in that vicinity bought him a buggy, and after that he would drive over. When I was collecting data some years ago to write a history of the Tahoka Church I had some correspondence with Brother Parrack, who then resided at Chellicothe, and procured from him a large picture of himself, which I still have in my possession. So, Tahoka has that much interest in old Estacado, herself.

It was a long jump, friends, from Comanche Indians to the Crosby county Quaker colony and just its long a leap from Geronimo

EMILY SLOVER WILL GIVE SENIOR RECITAL

Mrs. M. H. Edwards will present Emily Slover in her Senior piano recital at the High School auditorium Sunday afternoon, May 13, at 2:30 o'clock. The recital of her other pupils will follow, beginning at 3:00 o'clock. The public is invited.

Snap beans take to tomato sauce flavored with a little finely grated onion and the merest dash of all-spice.

Progress Made In Mesquite Control

COLLEGE STATION, May 10.—Chemical control of mesquite on range land is receiving a great deal of attention by ranchmen and by various agricultural agencies.

More than 6,000 acres of range land in Reagan county will be sprayed this spring with ester of 2,4,5-T. According to County Agent E. O. Nevills, this chemical will be applied by airplane at the rate of two-thirds of a pound of 2,4,5-T to one gallon of diesel oil and three gallons of water per acre.

Most Texas range lands are producing only 50 percent of their former capacity, A. H. Walker, Texas A. & M. extension range specialist said last week.

It's the only new-type engine in any "new car"!

Chrysler FirePower

Finest engine ever put in an automobile

180 HORSEPOWER

The new Chrysler Hemispherical Combustion Chamber, heart of the finest car engine built today. In this dome-topped area, you see the only ideal combustion chamber... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

With so many engines claiming newness... how can we call FirePower the only new type engine today? The answer's very simple, and one you ought to know before you invest in a car. The fact is that engine "improvements" happen every year... but a basically new motor car engine is a very rare thing. And FirePower is the most basic new development since Chrysler introduced high-compression in 1924! To get to the heart of the matter, just go to the heart of the engine... the combustion chamber where the spark fires gas into power. Here Chrysler brings you something no car has had till now... a Hemispherical combustion chamber... the only perfect and ideal combustion chamber in any passenger car. Here the same amount of gasoline delivers you

far more energy than it could in any other car. What this means to the man at FirePower's wheel is impossible to tell you till you take that wheel yourself. FirePower's 180 horsepower can outperform any other engine on the road, even on regular grade gas.

Remember, too, that Chrysler now offers the wondrous road-ease of new Oriflow shock absorbers with twice the shock-absorbing power of any others... and the exclusive safety and delight of Hydraguide power steering* which takes four-fifths of the work out of steering! You can learn for yourself how Chrysler has changed your motoring life by seeing your Chrysler dealer now!

*HYDRAGUIDE regular on Crown Imperial, optional at extra cost on all New Yorker and Imperial models.

Plains Motor Co. - 1511 S. Second

Many Affected By OPS Rules

LUBBOCK, May 10. —In bringing West Texas business men up to date concerning the pricing program of the Office of Price Stabilization, C. J. Taylor, District price executive, said that every buyer and seller of goods or services, with "very few exceptions," is covered by regulations issued by OPS. Taylor heads the price division of the Lubbock district which includes merchants of Lynn county.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitors welcome. —B. F. Sherrod, W. M., Wayne Shawn, Sec'y.

Contrary to the belief by many merchants that they are exempt, Taylor emphasized that practically every one of them falls under the General Ceiling Price Regulation or the "tailored" ceiling price regulations which have removed them from the general freeze.

"There are certain records which every business must keep," Taylor said, so that they are available to OPS representatives; and there are filings which many should make with their district office." The district office for merchants of Tahoka and Lynn county is in the Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

"By May 14," the price execu-

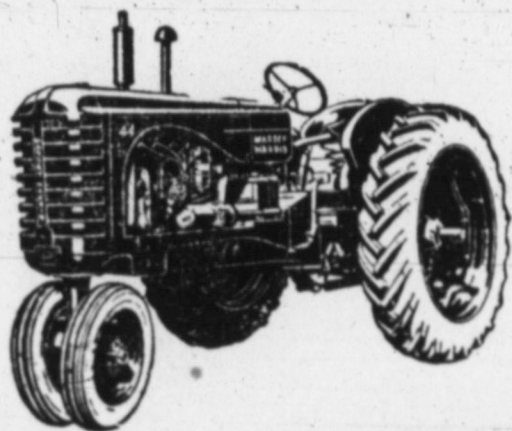

FLYING "EGG-BEATER" UNLOADS WICKED HOWITZER—The "Flying Banana" (Helicopter HRP-1) practices for its role in the Armed Forces modern, highly air-transportable fighting force. Other smaller helicopters have proven their worth in the Korean fighting, where Marines and GI's alike refer to these flying machines affectionately as egg-beaters. Here the "Flying Banana" is shown taking off after it has delivered a crew of Quantico, Va., Marines to their stripped-down, pack howitzer.

Dept. of Defense Photo

PLAINS MOTOR CO.

tive continued, "retail grocery stores should be in full compliance with the regulations. They are covered, in the main, by Regulation 15 and 16. They should have already filed with the district office OPS form 5 placing them in a certain category based on 1950 gross sales volume. Full compliance should have begun Monday, April 30. Grocery stores operate under a tailored margin-type price program.

Restaurants, cafes, soda fountains, and other eating and drinking establishments should have already filed with the district office their base period food costs per dollar of sales, Taylor explained. Their deadline, too, was April 30. Briefly, the eating establishments are, by regulation 11, obligated to keep their food costs in proportion to their total sales.

Another large segment of business, large and small, comes under the tailored, margin-type Ceiling Price Regulation 7 and its amendments. The regulation governs firms handling so-called consumer goods, including soft goods and durables.

"Department stores variety stores, all kinds of wearing apparel firms, and furniture stores are among the operations falling under CPR 7," Taylor pointed out.

There are record requirements

CARD OF THANKS

We wish to express our thanks to everyone for the kind words and deeds shown us on the death of our dear mother, and to Bro. Strickland and Bro. Cobb and the Rix Funeral Home. —The family of Mrs. R. T. Edwards.

for this type firm to maintain, and they, too, have a filing to do with the district office. The regulation requires that retailers of these goods file pricing charts by categories with the district office. However, the deadline for filing these charts has been extended to May 30. The former deadline, which no longer holds, was April 30.

Ceiling Price Regulation 13 sets out the pricing procedures for gasoline service stations and retailers of petroleum products. New and used car dealers have definite pricing patterns, too.

Questions concerning all pricing division of the district OPS office if they cannot be answered by local chambers of commerce. Adequate supplies of applicable regulations also are available from the district office and will be mailed on request to those desiring them.

SAFEST TRUCKS ON THE ROAD

NEW

DODGE

"Job-Rated" Trucks

The trucks that do the most for you

Why a "Job-Rated" truck is your safest investment

A "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle and others—is engineered right to meet a particular operating condition.

Safer stops with "Job-Rated" brakes

Step on the brakes of your Dodge "Job-Rated" truck and you're sure of smooth stopping action far in excess of normal requirements. You get long-lasting Cyclebond "no-rivet" brake lining—with lining area increased as G.V.W. rating goes up!

Now, on models 1½-ton and up, except air brake models, you get another Dodge "first"—new Tapered, Molded Cyclebond brake lining. It's longer-lasting, extra quiet—free from "squeal." Independent hand brake also adds to safety.

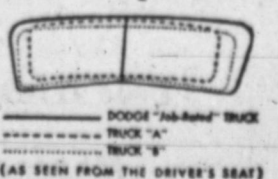

Safer steering and easier handling

Now, you can maneuver your Dodge "Job-Rated" truck with less effort! Steering is more accurate. New easy-acting worm-and-roller steering gears on many models.

To make driving still safer, Dodge "Job-Rated" trucks have new, shorter turning diameters. You also get the easy-handling advantages of cross-steering, short wheelbase, wide front tread. All these features add up to the easiest handling truck on the market!

Safer visibility with "Pilot-House" cabs

When you drive a Dodge "Job-Rated" truck you look through the biggest windshield of any popular truck! You have a clear close-up of the road, made possible by new, lower hood line. For even greater visibility you can get De Luxe and Custom cabs with rear quarter windows. All-steel "Pilot-House" cabs provide extra safety, too. Top, floor and sides are welded together—not bolted! No wonder owners agree that Dodge "Job-Rated" trucks are the safest on the road!

FLUID DRIVE now available

Only Dodge "Job-Rated" trucks offer this great "exclusive"—available on all ½-, ¾-, and 1-ton models and Route-Vans. Helps assure less wheel-spinning on slippery surfaces... less tendency to spin in mud, sand, snow or wherever the going is tough.

What's more, gyrul Fluid Drive makes driving easier, helps protect loads, lowers upkeep costs, and lengthens truck life.
