House Okays Pay Hike For High Officials

By DAVE CHEAVENS

AUSTIN (AP)—The House today voted pay raises for the governor and other high state officials, overwhelming anti-administration opponents by a whopping 125-13 vote.

A small block of legislators including several who have often opposed Gov. Shivers battled stubbornly for more than an hour to beat or delay the pay raise measure.

Efforts to include higher pension payments for the old folks and more money for other state officials likewise were defeated.

Shivers was the target of considerable sniping in House debate.

Rep. Edgar Berlin, Port Neches, wanted to know if a proposal raising the governor's pay from $12,000 to $25,000 a year was to help pay him "for his campaign for governor, or for the Republican party?"

It was a dig at Shivers' support of the GOP presidential candidate in 1952.

House action on the pay raise measure came as a steady stream of bills introduced stacked up work for the session.

Coordination of affairs of the state's nine senior colleges was proposed yesterday in a bill introduced by Sen. Ottis Lock, Lufkin.

The bill calls for a 9-member commission on higher education to be appointed by the governor instead of a 21-member commission as suggested by an interim study committee. The latter plan would allow one member to be named by each of the 9 schools and 12 to be appointed by the governor.

Lock proposed the present legislature should make appropriations for college for the next biennium on a "line item" basis to eliminate "some of the duplications" he believes have resulted from "lump sum appropriations" in the past.

A House appropriations subcommittee began its hearings on how much the state should spend for junior college operations the next two years.

Junior college presidents and business managers protested recommendations of the legislative budget council on two points: that the budget fails to anticipate enrollment growth and that proposed cutting of the per capita apportionment would hurt large junior colleges.

The state's general spending bill calls for an outlay of more than 200 million dollars from the general revenue fund for state departments, courts, higher education, and hospitals and special schools.

Passed by the Senate and today awaiting house action was a bill by Sen. Jarrard Secrest, Temple, to let cities call elections to use bond money for other than its original purpose if the original purpose has been accomplished or abandoned.

Also forwarded to the House following Senate approval was a bill to prohibit the State Supreme Court from delegating its sole authority for determining qualifications for Texas lawyers.

Effect of the bill would be to overrule any lack of accreditation of law schools and colleges by the American Bar Assn. or other professional group.

Sen. Doyle Willis, Fort Worth, introduced three bills to make prison sentences mandatory for convictions in cases of molestation of minors. Maximum sentences would run 10, 15 and 25 years, depending on degree of molestation.

Senate Panel Ends Hearings On Land Deals

AUSTIN (AP)—The Senate committee investigating the 100-million-dollar State Veterans Land Program had ended its closed-door probe today and there was no indication when the investigation would be resumed.

Senator Dorsey B. Hardeman, San Angelo, chairman of the state panel, said the committee recessed last night subject to his call. He added he did not know when it would meet again or to whom future calls to testify might go.

"I don't anticipate any further executive sessions," Hardeman said, "unless something becomes necessary." He repeated a previous statement that closed sessions were held only because prosecuting attorneys requested them so that possible prosecutions would not be jeopardized.

Hardeman said six witnesses were questioned but that one—C. P. Ernster of Cuero—refused to testify. A seventh, the senator said, was sought for subpoena but was reported out of the state. He was identified as T. J. McLarty, also of Cuero.

Hardeman said land values involved in South Texas sales to veterans under the land program was emphasized in yesterday's questioning.

Those who answered questions, he said, were F. D. Glass Jr., Austin; C. L. Carey, Yoakum; J. W. Flanagan and Joe Byrd, Zavala County farmers; and Hal Stallings, Crystal City bookkeeper.

Mercury In Nosedive

The temperature nosedived to 25 degrees in Snyder overnight after a maximum temperature of 55 degrees yesterday afternoon. The reading at 7:30 yesterday morning, 42 degrees, was considerably warmer than the 27 at 7:30 today.

NEW DAUGHTER

Cheryl Hambrick, 6, a bright-eyed, cotton-topped youngster, hugs her new mother, Mrs. Harry W. Black, in Dallas, as calls and wires continue to arrive at the Black home from persons offering to adopt her. Her father was killed Sunday when a fire destroyed their home. Her mother died Jan. 18. Mrs. Black and her husband have kept Cheryl for a month while her mother was critically ill, and now are prepared to accept her as their own. The Blacks had fulfilled a promise made to Mrs. Hambrick before her death to care for the child.

Deadly Sabrejets Roar Into Taipeh

By SPENCER MOOSA

TAIPEH, Formosa (AP)— Swift and deadly U.S. Sabrejets roared in from Okinawa and the Philippines today in a dramatic move that underscored U.S. determination to defend this Chinese Nationalist island, its key outpost against any Communist invasion.

The Sabres, impressive victors over Russian-built MIGs in the Korean War, landed at a Nationalist air force base south of Taipeh.

The Sabres, from the U.S. 18th Fighter-Bomber Wing, will probably be used to screen the evacuation of the Red-threatened Tachen Island, 200 miles north of here.

And they would lend tremendous striking power to the U.S. 7th Fleet, now gathered in impressive array near here and ready for action if ordered.

Operational plans for the evacuation of the Tachens appear to have been perfected. Should they be put into execution and meet Communist opposition, Formosa is the nearest territory in friendly hands from which land - based planes should support the fleet.

(A report from Singapore said the fleet itself apparently would be beefed up by the addition of the aircraft carrier Midway. The 45,000-ton flattop was due there Feb. 4 but U.S. Navy officials said she is now "heading north." Four other U.S. carriers, the Essex, Yorktown, Kearsarge and Wasp, are in Formosa waters with the fleet.)

In Taipeh, the best guess was that Chinese Nationalist naval forces would carry out the actual evacuation of the Tachens, screened and covered by the gathering U.S. air and sea power.

(The Far East Air Forces in Tokyo said the 18th Fighter-bomber Wing of F86 Sabrejets was moved to Formosa from Okinawa and the Philippines to provide "air power at any place needed."

(A wing normally consists of 75 planes.)

Gen. Earle E. Partridge, FEAF commander in Tokyo, said Secretary of Defense Wilson ordered the transfer "to temporary duty bases in Formosa."

"Other FEAF offensive units are being redeployed to forward bases," Partridge added. He said the transfer "exemplifies the global capability of U.S. Air Force units to move at jet speeds to any trouble spot."

(This could mean that long-range bombers were being moved closer to the troubled Formosa area, possibly Okinawa. In Guam, however, a spokesman for the Strategic Air Command's 3rd Air Division said, "Not any of our aircraft here are involved" in the reported redeployment. The spokesman said B36 intercontinental bombers are on Guam on 90-day routine training, but no B47 jet bombers.)

(In Okinawa, an Okinawa command spokesman said redeployment of the 18th Fighter-Bomber Wing to Formosa had been anticipated for some time. The wing came here last year and its departure for Formosa was actually announced in Tokyo before its presence here had been officially disclosed.

(Air activity on Okinawa has quickened in tempo, both defensively and offensively, since the Formosa crisis began. An island-wide practice blackout was held Tuesday night, and several practice alerts have been held since.)

Navy Enforces News Blackout

By FORREST EDWARDS

TAIPEH, Formosa (AP)— American correspondents with the U.S. 7th Fleet off Formosa are subject to an almost complete news blackout under Navy censorship.

The Navy's restrictions forbid any news story touching on the following five subjects;

1. Fleet movements.
2. Fleet size.
3. Fleet disposition.
4. Intentions.
5. Possible damage.

These restrictions have been applied so broadly and severely as to withhold anything but a trickle of minor feature stories.

The Navy insists the restrictions are not censorship. However, the restrictions are actually a censorship much, much tigher than any formal censorship applied by the U.N. Command in the Korean War.

All correspondents with the fleet have been required to sign fresh agreements to submit their stories to the ship captain or higher commander for clearance. Even if the stories pass the captain, they must be sent to the commander of the Pacific Fleet in Pearl Harbor, then to the Navy chief of information in Washington for ultimate release.

As a result, almost no news of the fleet has been cleared for publication.

The fleet commander, Vice Adm. Alfred M. Pride, has refused repeated requests, some made face-to-face, to allow newsmen to work aboard the flagship.

Noted Draft Dodger, Financier Is Found Dead In His Mansion

NEW YORK (AP)—Financier and draft dodger Serge Rubinstein was found dead today, bound and gagged, in his lavish Fifth Ave. apartment.

Clad in black pajamas, he was lying on his back in his third-floor bedroom.

The room had been ransacked. Drawers of a built-in wardrobe had been pulled out.

The bed had been slept in.

Police termed his death an "apparent homicide."

Actual cause of death was not determined immediately.

William Morter, a butler, discovered the body at 8:30 a.m. The hands and feet were tied with what appeared to be a venetian blind cord, the hands bound in front of the body.

"It was either murder or robbery," one policeman said after viewing the scene. "The place was turned upside down."

Rubinstein, 46, had been in and out of courts for years on charges of draft dodging, shady financial deals and deportation warrants. He was facing deportation action.

But the dapper, stocky financier continued to live a plush life, visiting expensive nightspots and furnishing his six-story mansion with works of art.

The former "boy wonder" of finance was convicted and imprisoned for World War II draft evasion.

The Russian-born financier lived lavishly in an apartment at 814 Fifth Ave., near 62nd St. He frequently was seen at swank nightspots despite his troubles with the government.

Rubinstein had a varied international background.

He grew up in Stockholm, Vienna, Paris and other European capitals.

He entered the United States in 1938 under the Russian quota but on a Portuguese passport. The Portuguese government since has "disowned" the passport.

Rubinstein came naturally by his financial wizardry.

His father, Dmitri, was privy counsellor to the Czar, financial adviser to the monk Rasputin, and an official of banks in Moscow and St. Petersburg.

Since 1952 Rubinstein had been fighting through the courts against a deportation order. He also was in trouble with the government because of some of his financial deals.

He won an earlier deportation fight when the government tried unsuccessfully to oust him on the ground he entered the United States on an illegal Portuguese passport.

Rubinstein was the subject of an alleged extortion plot last year.

Emanuel Lester, 31, of the Bronx is under indictment charging him with attempting to extort $535,000 from the financier.

Lester, an alleged automobile smuggler, claimed he was merely trying to collect a debt from Rubinstein, against whom he had filed a $750,000 lawsuit.

Lester also is charged with smuggling automobiles here from Canada and selling them with false registration. He is free in $7,500 bail.

In fighting the government's deportation acton, Rubinstein contended that during the war he was the citizen of a neutral country—Portugal—that he was the sole support of his mother and other relatives and that he was in an essential occupation.

He had various industrial interests aside from his financial manipulations.

Court-Martial Due Laredo AF Colonel

CORPUS CHRISTI (AP)—The Corpus Christi Caller-Times said today a veteran Air Force colonel who allegedly sent a military plane, tools and enlisted men to Harrisburg, Pa., to repair his farm equipment will be tried by general court-martial Monday at Laredo Air Force Base.

The Laredo base, which had made no public announcement of the case, released some of the details in answer to a query from the Corpus Christi newspaper.

The newspaper, in a dispatch from Laredo by staff writer Travis Walsh, said the colonel, Robert V. G. Dunn, 49, Kokomo, Ind., has been charged by the Air Force with wrongful use of enlisted men, government aircraft and tools; violation of Air Force regulations; making a false official statement and influencing a witness.

A spokesman for the Laredo base said conviction on the charges could bring a maximum sentence of several years imprisonment and dismissal from the service.

Dunn is former maintenance and supply group commander of Laredo Air Force Base, a jet training base. His job made him responsible for all base supply work and maintenance of all aircraft.

The spokesman said the first of the charges against Dunn were brought on Aug. 27, 1953 and the other charges were brought during 1954. Dunn has been relieved of his duties since filing of the charges, but has been under no restraint or confinement, the spokesman added.

The offenses reportedly came to the attention of authorities when one of the planes carrying the men and tools to Harrisburg developed engine trouble.

The charges involve two plane trips to Harrisburg, one in August, 1952, and the second in June, 1953. The other two offenses are alleged to have occurred in April, 1954, while the charges were still under investigation.

Dunn, according to the spokesman, reportedly had purchased two half-tracks (personnel carriers) and had them in Harrisburg. He planned to use them on his farm in Kokomo after they were repaired.

The spokesman said Dunn, a pilot, is a former National Guard officer with more than 15 years of active duty.

Dunn had served at Laredo for about a year before he was relieved of his duties.

Ike Denies Formosa Plan Provides Preventive War

Resolution's Critics Hit By Knowland

WASHINGTON (AP) — Senate Republican Leader Knowland (Calif) said at the White House today President Eisenhower certainly does not believe his fight-for-Formosa resolution carries authorization to wage preventive war.

A small but determined band of Senate critics has raised a cry that the resolution is so broad as to do that. They are battling to restrict its terms.

Knowland fought back against that interpretation in Senate debate yesterday and, before the Senate reconvened today, paid a visit to the White House.

On leaving, Knowland told reporters the purpose of his visit was to bring the President up to date on the Senate debate.

In reply to a question, Knowland said they had discussed the argument by Senate critics that the resolution would authorize preventive war against Communist China. He added:

"There certainly is no question in the President's mind that the resolution is no such thing"—that is, an authorization for preventive war.

"By no stretch of the imagination" does the resolution open the way to preventive war, Knowland said.

"Unless the Chinese Communists attack our planes and ships on their mission, there will be no shooting as far as the United States is concerned," Knowland said.

Several amendments have been proposed but Knowland is battling to get the resolution through the Senate in exactly the same form it was approved by the House 409-3.

Knowland told the Senate yesterday amendments proposed by Senators Humphrey (D-Minn) and Kefauver (D-Tenn), if adopted, would be "a green light for the Communists to come and take" Quemoy and Matsu. These two islands, just off the China coast, guard main approach routes to Formosa, seat of Chiang Kai-shek's Nationalist government.

Humphrey and Kefauver made it clear they had little hope the Senate would approve their amendments.

Humphrey said he believes "Congress has no choice to do anything but grant the power the President has asked."

Kefauver said in a separate interview he knows "a great many senators are with us in their hearts" who may not vote for the amendments.

"It is difficult to oppose a presidential request of this kind," he said. "But if the President really wants unity in Congress, he should act to meet some of the objections to this resolution."

The criticism voiced in preliminary debate yesterday centered on that portion of the resolution which, as generally interpreted, would give Eisenhower authorization from Congress to order attacks on troop concentrations or staging areas on the China mainland.

Humphrey has proposed to limit the defense area to Formosa and the Pescadores. Kefauver would put Formosa under United Nations supervision.

Sen. Flanders (R-Vt), opposing the resolution, said he thinks it will pass "overwhelmingly" without substantial change.

Flanders told the Senate "we have had intimations from the highest quarters that it would be militarily advisable to prevent the massing of troops and equipment gathered for the purpose of making an assault on the islands (of Quemoy and Matsu)," and he declared:

"Put in plain English, this is preventive war."

Agreeing with Knowland there was no such intent, Sen. Saltonstall (R-Mass) said, "We would never attack unless our own security is in danger."

The 1952 Pontiac coach in which Mrs. Ivy Sturdivant, 40, Hermleigh, was fatally injured about noon yesterday is shown above. The car is facing east. It was struck from the right by the 1954 Chevrolet pickup shown in the background, which was driven by Fred Williams, 22, Snyder. He was not seriously hurt. The accident occurred about two miles north of Hermleigh at the intersection of a dirt road and Farm Road 644. (Dale Walton photograph)

Woman Held For Beating Two Children

PAULS VALLEY, Okla. (AP)—A lean 29-year-old woman told county officers she severely beat her 5-year-old nephew with a heavy belt because he "moaned and groaned" all the time.

The boy, Lloyd George Stanley, is near death in University Hospital in Oklahoma City. Hospital attendants say he has 19 rib fractures. His younger brother James Edward, 3, also was brought to the hospital suffering from a severe beating. His condition is not considered serious.

Garvin County Atty. Raymond Burger jailed Virginia Thompson and her husband, Lawrence, 32. "If the child dies I am going to file murder charges against Mrs. Thompson," Burger said last night. "If he recovers I intend to file felony charges of assault." The husband, an oil field worker, denies any connection with the beatings, but admitted his wife "punished them."

The assault on the two children came to light Tuesday night after Mrs. Thompson had tried to "dispose" of the oldest boy to a couple at Ringling, Okla. The woman, Mrs. Charles Horner, notified police when she learned of Lloyd's condition.

Burger said the older boy was whimpering like a puppy when the police came to pick him up. "His face was bloody and he looked like he was half dead." The boy was placed in an oxygen tent and physicians say he looked like he had been run over by an automobile.

Mrs. Thompson told Burger she "only used a belt" and her hands. The county attorney doubted such injuries could have been inflicted with hands and a belt. "I am sure she used some heavy instrument. She is a small woman and doesn't weigh more than 90 pounds," Burger said.

Mrs. Thompson said the children belonged to her brother now living in Houston, Tex. She picked them up several months ago. "He had five children," Mrs. Thompson said. "I don't know where the others are. His wife left him and he couldn't take care of them."

Service Set Today For Mishap Victim

Mrs. Ivy Sturdivant, 40, of Hermleigh, became the first person to be killed in a Scurry County traffic accident this year when she died at 2 o'clock yesterday afternoon of injuries suffered shortly before noon.

Mrs. Sturdivant was the driver of one of two vehicles that collided at 11:30 o'clock yesterday morning at a rural intersection about two miles north of Hermleigh. She was en route home from Snyder after shopping. The Sturdivant home is a few miles northeast of Hermleigh.

Funeral services were scheduled for 2 o'clock this afternoon at the First Methodist Church of Hermleigh, where she was a member. The pastor, the Rev. S. A. Sifford, was to officiate, and burial was to be in the Pyron Cemetery under direction of Bolger Funeral Home.

Pallbearers were A. E. Sturdivant, Ottis Bell, Orville Hess, Elmer Henry, Jay Vaughn, and E. H. Vaughn.

Mrs. Sturdivant was born Aug. 26, 1914, at Hermleigh, and she remained a lifetime resident of the county.

She is survived by her husband, her daughter and son, Sandra Gail Sturdivant and Danny Coston Sturdivant; three sisters, Mrs. Olin Johnson of Hermleigh, Mrs. E. J. Ely of El Paso, and Mrs. Wylie Connally of Abilene; a brother Ferrell Coston of Haskell, and her parents, Mr. and Mrs. Roy Coston of Hermleigh.

Mrs. Sturdivant suffered a broken leg and head injuries and was taken to Battenfield-Jones Clinic-Hospital by Bolger ambulance.

The accident occurred as Mrs. Sturdivant was attempting to cross Farm Road 644, which extends from Hermleigh five miles north to U. S. Highway 180. The Sturdivant car, 1952 Pontiac coach, was traveling east on a dirt road. The other vehicle, a 1954 Chevrolet pickup owned by Iverson Supply Co. and driven by Fred Williams, 22, Snyder, was traveling north on the paved farm road.

The first fatal traffic accident in the county last year occurred Jan. 5, when a family of five were killed at a railroad crossing. The first fatality of 1953 was on April 9, the first of 1952 was Jan. 17, and the first of 1951 was Feb. 5.

Yesterday's death was the first as a result of a traffic accident in this county since Dec. 19, when Vernon Maurice Ashley, 14, Snyder, was killed when his car overturned four miles south of here.

During 1954, there were 12 deaths because of county traffic accidents. There were seven in 1953, six in 1952, 11 in 1951, and 21 in 1950.

Front Sweeps Across State

By The Associated Press

A fast moving cool front that swept across Texas brought lower temperatures to most of the state Thursday.

But clearing skies and bright sunshine that followed were scheduled to bring a general warm-up.

By late Thursday morning, the only clouds left were a few in East Texas.

Temperatures Thursday afternoon were slated to be below those of Wednesday when readings ranged from 50 at Dalhart to 74 at Brownsville and Cotulla.

Early morning lows Thursday ranged from 16 degrees at Dalhart to 57 at Corpus Christi and Galveston.

Rainfall for the 24 hours ending at 6:30 a.m. Thursday included Beaumont .28 of an inch, Lufkin .11 and Victoria a trace.

Home Loans Are Slowed

A slow down in credit for house purchasing under the GI and FHA plans has been noticed here, and most realtors are ceasing to advertise houses for sale with no down payments except for the loan closing costs.

It has been rumored that there would be no more 100 per cent housing loans, and a 10 per cent down payment would be required from now on, but that apparently is not true in all cases.

Several developers contacted today said that they had not received any official information on the new restrictions on lending, but others said that they have received information from the mortgage companies that 10 per cent would be required on future FHA and GI house loans.

However, one realtor called a Fort Worth mortgage banking firm this morning and was told that the firm would probably issue a committal for $50,000 to $100,000 worth of house loans and would not require any down payments except the closing costs.

Poll Tax List Hiked Slightly

The number of persons paying poll taxes and obtaining exemption certificates jumped 144 from noon yesterday until noon today, bringing the total of both to 2,667.

Since Oct. 1, 2,405 persons paid poll tax, and 622 obtained exemption certificates. This brings the total to date to slightly more than half the total of a year ago.

Monday is the last day for paying poll tax, and the new tax receipts and exemption certificates become valid Tuesday and remain valid for one year. By the deadline of a year ago, 5,025 persons had paid taxes or obtained the certificates.

If the rate of increase in number continues to rise daily as it has during the last several days, the last-minute rush will see a total of at least 3,200. But, like elections, the poll tax total can never be accurately predicted.

The record number of poll tax payments and exemption certificates was more than 7,000 and preceeded the last presidential election. The county's populaton is more than 23,000.

Weaver Is Advised Not To Take Test

SAN ANGELO (AP)—An attorney has revealed that he advised Harry Weaver, husband of slain Helen Harris Weaver, not to take a lie detector test.

Weaver and the attorney, Carl Runge of San Angelo, met reporters here yesterday in a joint interview.

"I want to look a man in the eye," Weaver told the newsmen. "I have nothing to hide."

Mrs. Weaver, 52, heiress daughter of a wealthy ranching and banking family, was blasted to death eight days ago by a bomb planted in an automobile in which she had planned to visit her ailing mother.

No arrests have been made in the case although Dist. Atty. Aubrey Stokes repeatedly has said "the end is near." He claimed "important new evidence" after a mysterious, nocturnal trip earlier in the week. He has never divulged its nature.

Stokes last night sharply criticized a $10,000 reward offer made by Weaver and his daughters for apprehension of the slayer.

Weaver, 61, prominent architect and geologist, told reporters he could not "discount the possibility" that his life is in danger. The nitroglycerine bomb which killed his attractive wife may have been meant for him, he said.

Then referring to his repeated denials that he was guilty of the slaying, he said, "If Mommy (Mrs. Harris) was here she'd give these people hell."

Runge told reporters that upon his advice Weaver last Friday declined to take a lie detector test. Weaver had started to the court house to take the test, the attorney said, when he met him and told him not to do it.

"That's when I got mad at Harry," Runge said, "the only time." Then pointing at Weaver, he continued:

"This man had no motive. He's worse off now than before Mrs. Weaver was killed."

Stokes angrily said the reward offer by Weaver would "hinder prosecution of the real murderer and tend to defeat justice."

The offer directed that all information be given directly to Weaver.

"Information or evidence that would lead to final conviction in this case might be lost forever unless given directly to the district attorney's office," Stokes said. "Anyone having evidence may contact me day or night."

The wealthy woman and her husband had been staying at the home of her mother, Mrs. Ralph Harris, while the older woman was ill. Former Houston residents, they lived on a show-place ranch near here and maintained an apartment here.

WEATHER

WEST TEXAS: Partly cloudy and cooler Thursday afternoon. Lowest Thursday night 25-28 in Panhandle and South Plains and west of Pecos Valley and 30-36 elsewhere. Friday, partly cloudy and a little warmer.

NORTH CENTRAL TEXAS: Mostly cloudy, colder in southwest and colder in northeast Thursday. Cooler Thursday night with 28 degrees in northeast to 36 in Southwest. Friday, partly cloudy and warmer.

EAST TEXAS: Mostly cloudy, scattered showers near coast, colder in north and cooler in south Thursday afternoon. Colder Thursday night with lowest 26-32 in north and near 40 on the coast. Friday, partly cloudy and not quite so cold. Moderate northeast to east winds on coast.

AREA OIL ROUNDUP

Wildcat In Kent Ordered Plugged

General Crude Oil Co. No. 1 Bilby Wallace, northeast Kent County wildcat, has been ordered plugged and abandoned on total depth of 7,312 feet in lime and shale.

This project, four miles south of Girard, had logged slight shows of oil and gas in the Pennsylvanian. They were not believed capable of commercial production.

The drillsite was 660 feet from south and west lines of 36-L-H&TC, 10 miles northeast of the Salt Creek-Canyon field.

HAS SHOWS

Sinclair Oil & Gas Co. No. 1 H. W. McIntyre, wildcat five and three-quarter miles southeast of the Pink-Canyon sand field of south Fisher County, found shows for possible commercial production in the Canyon sand.

That zone was tested from 5,221-241 feet, with the tool open five hours. Gas surfaced in 48 minutes. Recovery was 310 feet of 39.6-gravity oil and 260 feet of heavily oil and gas-cut mud.

Operator was drilling ahead at last report.

The well is 660 feet from south and east lines of the southwest quarter of 13-22-T&P, about 12 miles north of Sweetwater.

DRY HOLE

Seaboard Oil No. 3-A Zant, one-quarter of a mile east of Vealmoor and in the Oceanic-Pennsylvanian field of north Howard County, has been quit as a failure.

It was drilled to a total depth of 8,235 feet in lime and shale, and has reported no production. It was 330 feet from south and 1,200 feet from west lines of 19-32-t3n-T&P.

FIELD LOCATIONS

Revile Royalty Co. of Dallas has filed application to drill the No. 1 L. A. Strain in the Sharon Ridge 1700 field of north Mitchell County. Location has been staked 336 feet from south and 698.25 feet from east lines of lot 14, C. A. O'Keefe subdivision of J. P. Smith and George J. Reiger survey. Cable tools are to be used to drill toward the contract depth of 2,000 feet.

La Gorce Oil Co. of Fort Worth has staked the No. 2 C. R. Johnston in the PHD field of Garza County, 11 miles northwest of Post. Drillsite is 330 feet from south and 1,390 feet from west lines of the northeast quarter of section 1246, AB&M survey. Contract depth is 4,300 feet.

Seaboard Oil Co. and others will drill the No. 3 L. B. Vaughn in the Spraberry Deep West Pennsylvanian field 12 miles east of Midway in Dawson county. Location is 560 feet from north and 980.6 feet from east lines of section 39-34-t5n-T&P. Rotary contract calls for a depth of 8,500 feet.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. B. E. Hanks, Snyder; Mrs. Fred Holmes, 1400 Nineteenth Street; Toni Merle Krachla, Snyder; Denise Ann Feagan, 603 Thirty-fifth Street; Mrs. James H. Owens, 1809 Avenue S; Mrs. Glenn Hunt, Snyder; Vernon Moore, route 2.

Dismissals: Mrs. Fritz R. Smith, 2308 Thirty-second Street; William George Whittenberg, Jr., Snyder; Mrs. Elmer Little, route 1; Mrs. G. B. Warneke, 507 Twenty-ninth Street; William E. Smith, Fluvanna; Mrs. Janie Light, route 1; Mrs. James H. Owens, 1809 Avenue S.

COGDELL MEMORIAL

Admissions: Berton Kincaid, 3009 Forty-first Street; Mrs. Jewel Gilbreath, Snyder.

Dismissals: Mrs. W. C. Fargason, Hermleigh; Mrs. J. P. Hale, 2812 Avenue S; Mrs. Ruth Nichols, 104 Browning; Margaret Haney, 2805 Avenue F.

Texan Talks In Court-Martial

FT. SILL, Okla. (AP)—The Army's second witness in the collaboration court-martial of Maj. Ambrose H. Nugent testified today the Wisconsin officer prepared a propaganda broadcast for the Communists after his capture in the Korean War.

M. Sgt. Harvey M. Bailey, Ft. Hood, Tex., said Nugent wrote an article charging that South Korea attacked North Korea, that the conflict was a civil war and that U.S. "imperialists" had intervened unlawfully.

Bailey said the broadcast was directed at the 24th division, of which Nugent was a member before his capture July 5, 1950, and exhorted the GI's to get out of Korea.

Bailey testified Nugent wrote the article after he and several other prisoners were threatened with execution.

"If we didn't write an article to be broadcast to our line, they would give us 10 minutes to live," Bailey said the Korean interpreter told them. Bailey said after the interpreter relayed the Red officer's threat, made in a fit of rage, Nugent stepped forward and said:

"As the ranking man, for the good of all, I will write this article."

The sergeant said Nugent was "very nervous."

Protest Distribution Of New Testament

WESTMINSTER, Md. (AP)—A petition was filed in Carroll County Circuit Court yesterday asking that the County School Board be restrained from allowing distribution of copies of the New Testament to students in the public schools.

John A. O'Donnell, of Finksburg, charged the School Board was engaged in "active participation in the affairs of a religious organization" in violation of the 1st and 14th amendments to the Constitution.

The petition said the board allowed or caused distribution of "copies of religious scripture sectarian in nature and susceptible of many interpretations."

Pronghorns, the only antelope native to North America and among the swiftest of four-legged animals, have declined to only thousands.

Abolish War, Urges Gen. MacArthur

By HERBERT D. WILHOIT

LOS ANGELES (AP)—General of the Army Douglas MacArthur, a soldier for more than half a century, gave the world today a ringing challenge to abolish war.

But in fierce championship of America he cried out that "seductive murmurs are arising that patriotism is outmoded," and he demanded:

"Listen not to these voices, be they from the one political party or from the other, from the high and mighty or the lowly and forgotten. Visit them with scorn. Repudiate them in the marketplace, on the platform or in the pulpit."

The conqueror of Japan and draftsman of its peace, who was recalled from his Far Eastern command in 1951, observed his 75th birthday anniversary in Los Angeles yesterday. With Mrs. MacArthur constantly by his side, he went through a tiring day of three speeches, adulation of the crowds and dedication of a statue of himself and monument in his honor at the city's MacArthur Park.

He flies back to New York today to resume his business life as board chairman of the Remington-Rand Corp.

In his speech last night at a civic banquet sponsored by the American Legion, he said:

"War has become a Frankenstein to destroy both sides. No longer is it the weapon of adventure whereby a short cut to international power and wealth—a place in the sun—can be gained. If you lose, you are annihilated. If you win, you stand only to lose."

He said war now contains "the germs of double suicide" and "the great question is, Does this mean that war can now be outlawed from the world? If so, it would mark the greatest advance in civilization since the Sermon on the Mount."

This nation, he said, "should now proclaim our readiness to abolish war in concert with the great powers of the world. The result would be magical."

In the midday monument dedication speech the general said: "I understand full well this memorial is intended to commemorate an epoch rather than an individual, an armed forces rather than its commander, a nation rather than its servants, an ideal rather than its personality." And of the armed forces: "I and this statue and this park are but the selected reminders of ther grandeur."

Among birthday felictations were messages from President Eisenhower and Emperor Hirohito of Japan. The President said, "Gen. MacArthur exemplifies a great American standard both as a military commander and as a patriotic citizen who loves and serves his country."

P-TA Parley Plans Talked

Plans for the spring district conference of the Parent-Teacher Associations in this area were made yesterday in Abilene by officials of P-TA organizations of several cities.

Attending from Snyder were Mrs. Amon Weaver, city P-TA council president here, and Mrs. E. N. Baker, district vice-president. The spring conference will be held in Abilene April 14-15, and it will include a banquet honoring principals and superintendents in the district.

At a recent meeting of the state P-TA executive board, reports were that the state membership had increased 30,000 and now stands at 495,959, Mrs. Weaver said. The state board voted to support House Bill 131 in the state legislature to outlaw the sale or possession of objectionable comic books.

The 1955 state P-TA convention will be held in Fort Worth in November. The following year it will be held in Abilene.

The state board also voted to hold a one-week workshop on citizenship in Austin in June. Dr. Cecil Yarbrough, superintendent of the Snyder schools, is chairman of the state citizenship committee and will be co-ordinator of the workshop. Two persons will be invited from each city P-TA. The Snyder P-TA plans to send two persons.

Federal Parolee Admits Florida Rape-Slaying

PANAMA CITY, Fla. (AP)—A federal parolee who told officers "my conscience has about run me crazy" today confessed to the rape-slaying of the wife of an Air Force sergeant, Sheriff M. J. Daffin said.

The officer said George Lowell Everett, 20, employe of a Dothan, Ala., electrical contractor, signed a 40-page statement admitting he stabbed, strangled and raped blond Mrs. Lou Ellen Jones, 21, Jan. 18 when she returned home unexpectedly while he was seeking to rifle the house.

In 1896 two Americans — George Harbo and Frank Samuelson — rowed across the Atlantic Ocean in an 18-foot open boat. They used only oars — no sails, no motor. Their 3,200-mile row took them 62 days.

Meeting Set To Discuss Adult School Courses

A general meeting for all persons interested in adult classes will be held at the high school at 7 o'clock Monday night, T. D. Wiman, Jr., high school principal, announced today.

Wiman said about 50 persons took the night courses last semester. Courses during that time included bookkeeping, typing, shorthand, and shop.

There has been some interest expressed, the principal said, in arts and crafts and sewing courses. He explained that about 15 persons are needed in one course before it can be held.

The principal urged all persons interested in classes of any type to attend the meeting.

Kiwanis Club Hears Committee Reports

Committee reports for the month of January were heard at Wednesday's luncheon meeting of the Snyder Kiwanis Club. All committee chairmen gave oral reports before the club, and then submitted their regular written reports to the secretary.

A delegation from the Big Spring Kiwanis Club visited the local organization on an inter-club relations trip.

Solon Thinks Force Is Big

WASHINGTON (AP) — Rep. Van Zandt (R-Pa) said today Secretary of Defense Wilson has given him the impression that a Chinese Communist attack against American forces defending Formosa "would be just a ripple against the force we have there."

Wilson told the House Armed Services Committee yesterday that "the Formosan stuation is just a little ripple," but later he said that language was "inept."

Wilson explained he wasn't discussing Formosa as an international crisis—as such it is "more than a ripple," he said—but meant that "it would be just a ripple in our (long-range) defense planning . . . It doesn't change our military needs."

Van Zandt said in an interview that a recent Asian trip convinced him of the "tremendous American power" in the 7th Fleet, patrolling the Formosan Straits, and in air and infantry units stationed on nearby islands.

Wilson told the committee he saw no need for "important increases" in the military forces "short of war" and intended to proceed with cutback plans. He said this would mean cutting the Army from about 1,300,000 men to 1,027,000 by June 30, 1956.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, endorsed the plan and said a total military force of around 2,850,000 men by mid-1956 would be about the right size for long-haul preparedness that might last 50 years.

President To Curtail His Travel Schedule

WASHINGTON (AP) — President Eisenhower has decided, partly because of the Formosa situation, to restrict his travel for two or three months to trips of no more than two hours flying time from Washington.

In announcing the decision late yesterday, White House Press Secretary James C. Hagerty told newsmen "it would be foolish for me to say" the threat of a Chinese Communist invasion of Formosa was not a contributing factor.

"But I want it specifically understood, this is not an emergency measure," Hagerty said.

He said the primary reason is that the President wants to keep in close touch with Congress in an effort to win enactment of as much of the adminstration's legislatve program as possble.

Noise Chases Thugs

FITCHBURG, Mass. (AP) — Two men locked Oscar Marceau, 38, and his brother Paul, 26, in the rear room of their liquor store last night and were about to rifle the cash register when a workman unsuspectingly hammered on the partition from a store next door. The thugs, frightened by the noise, fled empty-handed.

Dean Martin and Jerry Lewis pile up the laughs in Paramount's new Vista-Vision production "Three Ring Circus," which is due to open Saturday at the Palace Theatre. Filmed in color by Technicolor, the rollicking comedy features a large supporting cast headed by Joanne Dru and Zsa Zsa Gabor.—(Adv.)

Created to enhance your figure, this simple bolero style has soft shoulder tucks, skirt with controlled flare, simple three-quarter sleeved bolero.

No. 2699 is cut in sies 12, 14, 16, 18, 20, 36, 38, 40, 42, 44, 46. Size 18: Dress and Bolero, 4¾ yds. 39-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 12, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

WOMEN'S CALENDAR

THURSDAY

Eastern Star, study club, 7:30 p.m., with Mrs. C. T. Couch, 2912 Avenue F.

FRIDAY

Ladies' Day, 9:30 a.m., Mrs. M. L. Broman, hostess, at the Country Club.

Bake sale sponsored by North Elementary PTA, 9 a.m., at Everybody's.

Altrurian Club, meeting, 3 p.m., with Mrs. C. C. Miller, hostess, at the home of Mrs. Hugh Boren, Twenty-ninth Street.

SATURDAY

Benefit bridge, 2 p.m., the Hilander. Sponsored by the Howco Club for the March of Dimes.

WHAT'S GOING ON

Mr. and Mrs. Burl Clanton and children, Archie and Corabell, of Cotton Center visited Sunday in the home of Mr. and Mrs. Walter Sellers, 2408 Twenty-sixth Street.

Mr. and Mrs. W. H. Baldwin, 103 Milburn, visited last weekend with Mr. Baldwin's parents, Mr. and Mrs. Clyde Baldwin, in Vernon.

Snyderites who attended the basketball game at Sweetwater Tuesday night were Ken Haught and son, Mr. and Mrs. I. C. Snead, Mrs. J. O. McNew, Mr. and Mrs. Paul Machel, Mr. and Mrs. Frank Miller, Mrs. Garrett Harrell, Mrs. Joyce Gorman, Mr. and Mrs. L. P. Houston, Mr. and Mrs. Amos Joyce, Mr. and Mrs. Carl Herod, Mr. and Mrs. Loy Logan, Mr. and Mrs. C. O. Bennett, and several others.

Louise Crook, a Texas Tech student, is home between semesters visiting her mother and sister, Mrs. J. P. Crook and daughter, 2808 Thirty-seventh Street.

Jeanette Richardson, 609 Twenty-seventh Street, and Orval Sells, Snyder, visited recently in the home of Mrs. Harry Barnes in Anson.

Ray Courtney, son of Mr. and Mrs. H. G. Courtney, 311 Thirty-second Street, entered McMurry College in Abilene at mid-term.

Weekend visitors of Mr. and Mrs. Ben F. Wilson, 2211 Twenty-seventh Street, were Mr. and Mrs. Hulon Stanfield and daughter, Karen, of Big Spring, Mr. and Mrs. Burgess Wilson and sons, Steve, Mark and Tim, of Midland, Mr. and Mrs. Jess Willmering of Amarillo, and Mr. and Mrs. Norris Wells and son, Benny, of Amarillo. They were here to help celebrate Mr. Wilson's birthday on Sunday.

Hollis Carleton has just returned from Nuremburg, Germany, where he was stationed with the Army for 13 months. He received his discharge at Fort Smith, Ark. Mr. Carleton is the son of Mr. and Mrs. Dewey Moore, 3810 Noble Drive. Mr. and Mrs. Carleton and daughter, Marilyn Diane, will move soon to Lubbock where he will be employed by an oil company.

City Manager Is Guest Speaker

Vera Periman, Dell Smith and Talva Mae (Sis) Ketner, finance committee members of the Business and Professional Women's Club, directed a dinner and meeting of the club Tuesday night at the Hilander.

B. J. Shelley, city manager, was introduced as guest speaker. His subject was "The Town We Want." He outlined the improvements made in Snyder during the past two years, stressing improvement in traffic safety, fire hazards, health and sanitation and the importance of Clean-up Week. He gave some suggestions on future goals for Snyder.

There were 21 members and four guests present. Guests were Thelma Leslie, Mrs. Clydelle Kyle, Mrs. Homer Whisnand and Mr. Shelley.

INTERNATIONAL DESIGNER PATTERN

Simonetta, the first Italian couturier to win acclaim in the United States, has designed a dress suitable for afternoon or party wear. Your choice of fabric determines the mood. The long torso is set on a skirt devised of side pleats front and back, leaving the center panels smooth and flat. The bodice is seamed and shaped to achieve the higher bosom line, and is finished in back with a short sash to tie. For formal wear, make it in taffeta, faille, peau de soie, or perhaps novelty cottons or shantung for this warm climate. For an afternoon dress, use printed silk, linen, pique or gingham. Size 12 requires five yards of 39-inch material for the dress and three-eighths of a yard of 39-inch material for interfacing. To order the pattern, No. S-251, send $1 to International Designer Patterns, P.O. Box 993, Dept. SX-12, G.P.O., New York 1, N.Y. Make check or money order payable to International Designer Patterns, and add four cents for bank clearance. State your bust, hip and waist measurements for correct pattern size since the patterns are not cut to standard pattern measurements but correspond to designer measurements.

TASTY BEEF STEW
. . . oven-steams while potatoes roast

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

Oven Beef Stew is a prepare-and-forget-about-it dish. Brown the meat in a big iron skillet; then turn it into a casserole with onions, carrots, peas, liquid and seasonings. Let it bake covered for an hour and a half or two. When you are ready to serve, the stew will be steaming and savory — ready to delight your family. Put a pan of peeled potatoes into the oven, too, to bake along with the stew. They will be a perfect accompaniment to the meat gravy and look so pretty with their paprika topping. The stew has wonderful dark brown natural gravy; don't thicken this sauce or you'll spoil it.

If you want this to be a complete oven dinner, you can bake a dessert (one that calls for a moderate temperature) along with the stew and potatoes.

Be sure to cut away all fat from the stew meat so you avoid greasy gravy. And be conscientious when you are browning the meat; care here is what helps to give the stew wonderful color and flavor.

OVEN BEEF STEW

1½ pounds chuck beef (cut in about 1-inch cubes)
3 tablespoons fat
12 to 16 small white onions, peeled
3 medium-size carrots (cut in ¼-inch rounds)
1 10-ounce package frozen green peas (lightly thawed)
1 tablespoon flour
1½ cups water
2 tablespoons tomato sauce
1 tablespoon red wine vinegar
1½ teaspoons salt
⅛ teaspoon pepper
⅛ teaspoon thyme
1 bay leaf
1 clove garlic, crushed
Several sprigs parsley

Cut any fat away from outside of cubes of beef. Melt three tablespoons fat in iron skillet; add beef and brown thoroughly on all sides. Put beef, onions, carrots and peas in mixed layers in 2-quart casserole. Stir flour into drippings in skillet over low heat; add water, tomato sauce, vinegar, salt, pepper, thyme, bay leaf, parsley and crushed garlic and bring to a boil; pour over beef and vegetables. Cover and bake about 1¾ hours or until meat is very tender. Serve from casserole. Makes four generous servings.

OVEN PEELED POTATOES

4 medium-size potatoes
2 tablespoons water
1 tablespoon butter or margarine (soft)
Paprika

Peel potatoes and cut in half crosswise; place close together in baking pan. Add water to pan. Cover tightly. Aluminum foil may be used. Bake in moderate (350 degrees) oven until just about tender and water has evaporated—about 30 minutes. Uncover, spread potatoes with butter and sprinkle with paprika. Continue baking 15 minutes or until cooked through. Makes four servings.

* * *

Evaporated milk is one item almost sure to be found on any pantry shelf. This Sunday's edition of Family Weekly will give you some interesting ideas on how to use canned milk—a cake, potato souffle, popovers, peanut butter salad dressing — foods to serve when there isn't time to go shopping for unexpected company or to add interest to your family meals. Evaporated milk is thrifty, too, a versatile product that knows no season, as you'll learn from Family Weekly. Watch for it in the Daily News this Sunday.

Mrs. Hobdy Directs Brownie Troop Meet

Brownie Troop 32 elected new officers at a meeting Monday afternoon at the Little House.

Those elected were Cheryl Brown, president; Lesa Bowden, secretary; LaRonna Hulse, treasurer and Fredrica Josephson, reporter.

Mrs. Cecil Hobdy directed the meeting. Cheryl Brinner was hostess.

Bridge Party Will Aid March Of Dimes

A benefit bridge party open to the public will be sponsored Saturday afternoon by the Howco Club at the Hilander.

Play is to begin at 2 o'clock, with tables arranged for bridge and canasta. No advance reservations are necessary. Proceeds are to be donated to the March of Dimes.

Work, Sleep, Play In Comfort

Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

I Musici Will Present Concert

Members of the Civic Music Association will hear the first concert of this year at 8 o'clock next Monday night at the high school auditorium.

The program is to be presented by I Musici, the Italian string ensemble of 12 players whose performances of 17th and 18th century Italian music have been acclaimed across Europe, according to information received here. The group made its American debut January 9 in New York, N.Y.

Nutritionists recommend that some animal protein be included in each meal. The following foods give about the same amount of animal protein: ½ cup cottage cheese; 3 ounces cheddar cheese; 2¼ cups milk; 3 ounces of cooked lean meat, poultry or fish; 3 medium-sized eggs.

Weight-watchers will be interested to know that there is now an apricot nectar on the market that has a non-nutritive — instead of sugar — added. The nectar comes in a 12-ounce can; each ounce of this nectar contains about 7 calories.

NEWS FROM HERMLEIGH

Olin Lewis of Comanche, Okla., spent Monday night with his brother and family, Mr. and Mrs. Buell Lewis.

Billisue Groves, bride-elect of Dale Stuard, was honored at a shower held recently in the school lunch room.

Mrs. Ray Higginbotham has returned to her home after being hospitalized for injuries received from a recent fall.

Visiting with Mrs. H. H. Ruminer and her son, Carl, were her sister and brother-in-law, Mr. and Mrs. Cleve Arnold of Broker, Arrow, Okla.

Mr. and Mrs. A. W. Mobley have returned from a visit with a daughter at Spearman.

Mr. and Mrs. T. E. Shelburne visited in Hamlin Friday night.

Mrs. Johnnie Wemkin has returned from San Angelo where she was hospitalized for surgery.

Mrs. Earl Chitsey was taken to a Sweetwater hospital Tuesday to undergo surgery.

Mr. and Mrs. Lonnie Bruce and daughter visited with Mr. Bruce's sister and family Monday in Lubbock.

Mr. and Mrs. O. B. Jackson and family visited Mr. Jackson's mother Tuesday in Lubbock.

Mrs. von Roeder To Head Club

Mrs. Nolan von Roeder was elected president of the Alpha Study Club at a meeting held Tuesday afternoon. Other officers elected were Myrtle Harrell, first vice-president; Helen Trix McMullen, second vice-president; Mrs. R. H. Melton, recording secretary; Mrs. J. M. Milam, corresponding secretary and Mrs. O. M. Fowler, treasurer.

"Your Home Charming" was the topic of a speech given by Mrs. Ixon Joyce. Mrs. Alfred McGlaun spoke on principals of good proportions and designs for clothing.

Refreshments were served to 18 members and one guest, Mrs. Ben Thorpe. Mrs. Joyce was hostess in her home at 1201 Twenty-sixth Street.

Drilling Activity Increases During 2nd Week Of 1955

Eighty-eight applications to drill tests for oil, including 11 wildcats, were filed in 29 counties in Railroad Commission Districts 7-C and 8 during the second week of 1955.

The number compares to 79 tests, including 13 wildcats, staked the preceding week.

Totals for the year now are 143 field tests and 24 wildcats, a grand total of 167 tests for oil and a weekly average of 83.5.

Eight counties in District 7-C shared 20 applications, including five wildcats, while 21 District 8 counties shared 63 applications, including six wildcats.

District 7-C wildcats were: Runnels, three; and Tom Green, two.

District 7-C field tests were: Crockett, six; Coke, five; Upton, three; Reagan and Sutton, two each; and Schleicher and Tom Green, one each.

District 8 wildcats were: Borden, Gaines, Garza, Glasscock, Pecos and Cottle, one each.

District 8 field tests were: Andrews, 14; Cochran, 6; Garza and Gaines, 5 each; Howard and Scurry, 4 each; Crane and Yoakum, 3 each; Reeves, Terry and Winkler, 2 each; Dawson, Ector, Glasscock, Loving, Midland, Mitchell and Ward, 1 each.

School Head Is A Man Of Many Tongues

By HAL BOYLE

NEW YORK (AP)—When Charles Berlitz was 3, he had learned four languages—and was trying to make up a new one of his own.

His grandfather, father, mother and cousin each spoke to him in a different language — German, Spanish, French and English.

"I had the idea that every grownup had a different language all his own," he recalled, "and the family had to discourage me from trying to develop one for myself."

When Charles was ready for school his grandfather, Maximillian Berlitz, founder of the Berlitz Schools, decided it was time the boy started studying languages seriously. The old gentleman, who never attended college, had mastered 50 languages.

"From 8 on I was taught a new language—either European or Oriental—every year," Charles said.

Today at 40 he is author of a textbook in Swahili and speaks 20 languages ranging from Arabic to Zulu.

"Hardly a drop in the bucket," he said mildly, "when you consider there are some 1,200 languages and 800 dialects in the world."

As vice president of the Berlitz Schools he likes to master personally out-of-the-way and obscure tongues which become of international interest. He's brushing up now on Quechua, the native language of Indians in the Andes.

The original Berlitz School, established in 1878, has expanded to 27 schools in this country and 340 throughout the world. It has had 17 million students, including such notables as Enrico Caruso, Sinclair Lewis, Andrew Kostelanetz, Leon Trotsky, Nelson Rockefeller, the Duchess of Windsor and Eleanor Roosevelt.

Adm. Pride Made His Start In Ranks

By SPENCER MOOSA

TAIPEH, Formosa (AP)—The one and only U.S. combat vice admiral who never went to Annapolis commands the U.S. 7th Fleet on guard in the waters around Formosa.

He is Vice Adm. Alfred M. Pride, who joined the Navy 37 years ago as an enlisted man.

A onetime navy test pilot, he is a bald, 57-year-old grandfather with a light red mustache and a twinkle in his gray eyes—a family man and a churchgoer.

His subordinates say he is tolerant, understanding, good-tempered and relaxed at leisure, and quietly intense but unruffled at work.

He has a sense of humor and never misses anything. Once, on hearing the strong language of a young enlisted sailor, he remarked: "How such young boys could learn so much foul language in such a short time I'll never know."

While he is "easy to know—not the dominating type," as one officer phrased it, he commands the full respect of his men.

He is of medium height, robust and muscular. He does not use tobacco. In drinks, he limits himself to two cocktails; takes them only to be sociable.

"I've never seen such a conscientious man—he's always worrying about the taxpayers' money," said a fellow officer.

Pride, the officer added, pays from his own pocket for many entertainment expenses he feels he cannot charge legitimately to the government.

The initial M. stands for Melville and the only nickname he has ever had is Mel. Only his closest friends call him that.

Pride was born in Somerville, Mass., Sept. 10, 1897. He attended engineering school at Tufts College before he enlisted in the U.S. Naval Reserve early in 1917 as a machinist mate, second class.

He transferred to the regular service in 1921 and in the '20s became a naval test pilot. His left leg was broken in a crash. It has never been the same since.

Pride has checked out in almost everything the Navy has to fly, including helicopters. He still is an active flier.

Only two days ago he was at the controls of an R4D, the Navy version of the twin-engine military transport plane, on a flight from Taipeh to Tainan in southern Formosa and back.

He commanded first a bombing and then a fighting squadron on the Langley, the Navy's first carrier, and held various assignments in the United States.

In 1943 he assumed command of the newly commissioned carrier Belleau Wood and served with distinction in the Pacific. In 1944 he was promoted to rear admiral and assigned to duty at Pearl Harbor.

Duty in Washington and at sea followed until May 1947, when he was appointed chief of the Navy's Bureau of Aeronautics in Washington.

He was named commander of Carrier Division 2 in 1951 and the next year was made commander of the naval air test center at Patuxent River, Md.

He assumed command of the 7th Fleet with the rank of vice admiral Dec. 1, 1953.

No Injuries On Ditched Plane

By RAY KOHN

NEW YORK (AP)—All hands were safe today aboard a Coast Guard cutter which had raced to a radio-guided rendezvous with a military plane forced to ditch into the stormy Atlantic more than 800 miles east of Bermuda.

Rain slashed into a running sea a couple of hours before darkness yesterday when the cutter Coos Bay contacted a four-engine military Air Transport Service C54 with six crewmen and two passengers aboard.

The pilot of the plane, bound from the Azores to Bermuda, shortly before had radioed the U.S. Air Force base at Bermuda that he was running out of fuel 1,000 miles east of that island, bucking vicious headwinds and had no hope of reaching land.

The 311-foot Coos Bay, on mid-ocean patrol and itself battling 13-foot waves and 40-knot winds, was informed.

The vessel changed course and guided the pilot in its direction by radio. The race against storm and gathering darkness was on.

Two hours and 21 minutes later, about 840 miles east of Bermuda and minutes before nightfall, the big plane set down on the wind-tossed sea. The Coos Bay, its two motor-drive lifeboats at the ready, plowed to the stricken craft and effected a 12-minute rescue job.

Then word flashed from the cutter: "No injuries."

Today the cutter still hovered in the area, waiting for a chance the plane was still afloat and could be towed into Bermuda, where the survivors will be taken.

Drivers Draw Fines After Chariot Race

BALTIMORE (AP) — A "chariot race" up the middle of a Baltimore street cost two junk wagon drivers $10 each yesterday.

A police car joined the race and finished first. Officers said there were four cheering passengers in one wagon and three in the other.

Hyman McKinley and James E. James E. Patterson, 17 - year - old Negroes, paid their fines on charges of cruelty to animals.

Quit Stopping Trucks

FREMONT, Ohio (AP)—Police will no longer stop trucks to solicit drivers to purchase tickets for the annual policeman's ball. Mayor John Collins put an end to the Police Department's 19-year custom yesterday after Patrolman Harry Grabenstetter, 27, was struck by an automobile while standing in the middle of a street stopping truckers.

Coffee Houses Revive With New Facades

By DAVE MASON

LONDON (AP)—The coffee houses of Samuel Johnson's 18th-century London are reviving, but with plate glass and neon-lit facades.

A Londoner can buy a cup of coffee almost as readily as the traditional British cup of tea. About 150 coffee shops mushroomed in London during the past year and they're popping up now at the rate of two a week. Brightly incongruous among ancient soot-blackened business fronts, they flash exotic names like Moka, El Cubano, Chiquito, Sirocco and Mocamba.

The typical shop has a tavern-like bar with high stools and a little cluster of low plastic - top tables with well upholstered chairs. Walls are painted or papered in splashy patterns.

Centerpiece is the espresso (express) coffee-making machine—an Italian or Swiss device with a forbidding battery of controls.

Arising from the business side of the machine is a row of half dozen handles made like miniature baseball bats. The operator, many times a slick, black-haired Italian, pulls on a handle to force water just below the boiling point through finely ground coffee placed over a fine filter.

The product is a heavy, black liquid, too strong or bitter for many to drink straight. For the tender-tongued, there is "cappuccino"—coffee with milk heated and whipped to a froth by bubbling steam through it.

Britons got coffee fever during World War II, according to one importer. Tea was rationed then, but coffee wasn't. American troops also helped create the demand. But until the last two years most coffee was sold as an incidental part of other restaurant fare.

Guaranteed Wage Seen As Problem Of Year

DAYTON, Ohio (AP)—Labor Secretary James P. Mitchell says the guaranteed annual wage is likely to be the major problem at bargaining sessions across the nation this year.

Mitchell, here to speak tonight at a national industrial relations meeting, said at a news conference:

"The question of guaranteed wages already has come up in CIO talks, and there is every reason to believe it will come up elsewhere."

BIG SPRING HIGHWAY
EVERYBODY'S
Open Seven Days Each Week

'Dinner On Ground' Is Now The Covered Dish Supper

In the early morning, before the dew had time to disappear, bonnets and buggies would begin to dot the big yard in front of the white frame church. In a little while voices, young and old, blended in songs and chants that lasted throughout the whole day, leaving hoarse voices by nightfall, but a contented and enriched community.

The only big break in these camp sings or revival meetings was "dinner on the ground" when long board tables almost visibly bulged under the weight of home-cooked hams, fried chicken, potato salad, crusty-rich fruit bread, and dozens of different pies and cakes.

The streamlined version of dinner on the ground is the covered dish supper. And, as with every good thing, it has branched beyond its original use, and now goes to club meetings, small parties and neighborhood get-togethers as well as church activities.

Because the modern housewife must pay attention to the prices in local stores and to the time limits of her schedule, the nature of the covered dishes has changed.

A major consideration is cost. Some women contribute to covered dish suppers more than once a week, and it is almost necessary for them to choose a dish that is fairly inexpensive.

Secondly, although this country does a great deal of its eating out of casseroles, there are many casserole dishes that taste their best only when piping hot. Much of the heat is lost from kitchen to meeting, so it is best to choose something that is still good only when warm.

Naturally, another qualification of the covered dish must be its simplicity. An elaborate dish that requires much time in preparation wears out the cook and is likely to be wasted on the hungry people present. Similarly, because you are cooking for people with tastes other than yours, perhaps the more simple the dish, the more it will be generally liked.

The following recipes are given with these things in mind. Actually, a covered dish supper is much broader than the name inplies. Contributions need not be limited to covered dishes, but can include salads, hot breads, and desserts.

The most popular main dish is not almost always served in a casserole. During the war, when non-metal cooking containers came into greater popularity and rationing improved our ability at pot luck meals, the casserole was invented. Sometimes now we wonder how we ever existed without it.

CHICKEN-NUT CASSEROLE

6 tablespoons butter or margarine
6 tablespoons flour
Few grains pepper
½ teaspoon paprika
3 chicken bouillon cubes
2 cups hot water
1 tall can evaporated milk
Salt to taste
1 pimento, chopped
½ cup slivered or chopped nuts
1 4-ounce can mushrooms, sliced
3 cups cooked rice
2 to 3 cups cubed cooked or canned chicken
2-3 cup buttered crumbs

Melt butter or margarine; blend in flour, pepper and paprika. Dissolve chicken bouillon cubes in hot water; add with evaporated milk. Stir over low heat until smooth and thickened; salt to taste. Add remaining ingredients, except crumbs. Turn into casserole; top with crumbs and additional nuts. Bake in moderate oven 350 degrees F. 40 minutes. Yields six servings.

Another good chicken dish for a covered dish supper is chicken spaghetti, which can be very spicy and contains a favorite meal stretcher. The following recipe also includes spaghetti.

POT LUCK SPECIAL

¾ pound pork
¾ pound veal
½ cup flour
2 tablespoons lard or drippings
1½ teaspoons salt
¼ teaspoon pepper
1 cup whole kernel corn
1 can mushroom soup
2 cups uncooked spaghetti
2 cups milk

Have meat cut in 1 inch cubes. Dredge with flour. Brown in lard or drippings. Season. Add remaining ingredients. Cover closely and cook slowly for 1 hour. Makes 6 to 8 servings.

This almond crust tuna casserole is a real quickie and a different way to serve tuna fish.

ALMOND CRUST TUNA CASSEROLE

3 cups noodles
4 tablespoons butter or margarine
4 tablespoons flour
1 teaspoon flour
¼ teaspoon paprika
¼ teaspoon pepper
3 cups milk
1 7-ounce can tuna
¾ cup slivered roasted blanched almonds

Cook noodles in boiling salted water until tender. Drain. Melt butter and blend in flour, salt, paprika and pepper. Add milk, and cook and stir until thickened. Drain oil from tuna, flake coarsely and stir into sauce. Turn noodles into round casserole dish. Pour tuna sauce over them and sprinkle with almonds. Bake in moderate oven (350 degrees F.) 15 to 20 minutes. Serves 6.

DEVILED TOMATO CASSEROLE

4½ ounce can deviled ham
1 teaspoon prepared mustard
1 small white onion, finely chopped
6 slices white bread
½ pound package process cheese, cubed
2 large firm tomatoes, thinly sliced
2 eggs
2½ cups milk
Salt and pepper to taste
Butter

Combine ham, mustard and onion. Spread mixture on slices of cheese cubes and thinly sliced tomato in greased casserole. Beat together eggs, milk and seasonings to taste and pour over casserole layers. Dot with butter. Let prepared casserole stand for 1 hour before baking. Bake in moderate oven (350 degrees F.) for 1½ hours, or until top is browned and puffed. Garnish with pepper slices, if desired. Be sure to cover immediately, as this tastes best when as warm as possible. Makes 6 servings.

SPANISH RICE PRONTO

½ cup bacon drippings, butter or margarine
2 medium onions, thinly sliced, (about one-third cup)
2 2-3 cups precooked rice
3½ cups hot water
3 cans tomato sauce
2 teaspoons salt
Dash of pepper
2 teaspoons prepared mustard (optional)

Melt fat in a large saucepan or a Dutch oven. Add onion, green pepper, and rice, and cook and stir over high heat until lightly browned. Add water, tomato sauce, salt, pepper and mustard. Mix well. Bring quickly to a boil. Cover tightly and simmer 10 minutes. Makes 6 servings.

CURRIED VEGETABLE CASSEROLE

2 cups medium white sauce
1 teaspoon curry powder
2 cups cooked carrots
2 cups cooked turnips
1 cup cooked green peas
1 cup chopped salted peanuts

To the white sauce add curry thoroughly. In a greased 1½ quart casserole place 1 cup carrots, 1 cup turnips and ½ cup peas. Then pour over vegetables 1 cup sauce and sprinkle in ½ cup peanuts. Add another layer of vegetables. Pour in remainder of sauce and top with 1 cup peanuts. Place in moderate oven (350 degrees F.) until peanuts are golden brown and the casserole is thoroughly hot, about 45 minutes. Yields 6 servings.

Everyone can't bring main dishes to a covered dish supper, and sometimes the sidelines get as much attention. Salads are always popular.

TOMATO ASPIC RIBBON LOAF

Layers 1 and 3:
2 envelopes unflavored gelatin
3½ cups canned tomato juice
2 teaspoons onion juice
½ teaspoon salt
Layer 2:
1½ teaspoons unflavored gelatin
2 tablespoons cold water
4 eggs, hard cooked and diced
½ cup finely chopped celery
¼ cup finely chopped green pepper
½ cup light cream
1 teaspoon prepared mustard
¾ cup mayonnaise
½ teaspoon salt

Layer 1: Soften gelatin in ½ cup cold tomato juice. Heat balance of juice to a full boil. Add onion juice, salt, and gelatin. Stir until gelatin is thoroughly dissolved. Place half of mixture in a loaf pan (8½ x 4½ x 2½ inches). Chill until firm.

Layer 2: Soften gelatin in cold water. Place over boiling water and stir until gelatin is dissolved. Add to balance of ingredients and mix well. Spread over first layer. Chill again until firm.

Layer 3. Pour remaining aspic over egg mixture to form third layer. Soften aspic if necessary over hot water. Chill again until firm. Slice to serve. Makes 8 to 10 servings.

Hot breads belong at a covered dish supper, and there are many breads that do not require waiting for yeast to rise or long baking times.

TOMMY TUCKER BREAD

2 tablespoons shortening
1 cup sifted all purpose flour
2 teaspoons baking powder
1 teaspoon salt
3 tablespoons sugar
1 cup uncooked regular whole wheat cereal
1 egg
1½ cups milk

Heat oven to hot (450 degrees F.). Grease 8 or 9-inch square pan. Melt shortening and set aside to cool slightly. Sift together into 6-cup bowl, the flour, baking powder, salt and sugar. Add whole wheat cereal and mix well. Make a hole in the center of dry mixture. Add egg, milk and cooled melted shortening. Break up egg yolk and stir mixture only until dry ingredients are wet. Do not beat or over mix. Pour into greased pan. Bake on center rack for 30 to 35 minutes or until brown on top. Cut into 2 inch squares. Makes 16 two-inch squares.

BANANA BREAD

1¾ cups sifted flour
2 teaspoons baking powder
¼ teaspoon soda
½ teaspoon salt
1-3 cup shortening
2-3 cup sugar
2 eggs, well beaten
1 cup mashed bananas (2 or 3 bananas)

Sift together flour, baking powder, soda and salt. Beat shortening until creamy. Add sugar gradually and continue beating until light and fluffy. Add eggs and beat well. Add flour mixture alternately with bananas, a small amount at a time, beating after each addition until smooth. Turn into a well greased bread pan (8½ x 4½ x 2½ inches) and bake in a moderate over (350 degrees F.) about 1 hour and 10 minutes.

Everyone has a favorite cake or pie that frequently finds its way to a covered dish supper. But if you're looking for an especially economical dessert, you might try this.

MARSHMALLOW BREAD PUDDING

½ pound marshmallows (about 32 marshmallows)
4 cups milk
2 cups soft bread crumbs
2 tablespoons butter or margarine
2 eggs, slightly beaten
¼ teaspoon salt
1½ teaspoons vanilla
1 cup seedless raisins

Cut 20 marshmallows in halves with wet scissors. In top of double boiler combine milk and halved marshmallows; place over boiling water. Cook until marshmallows are melted, stirring occasionally. Add bread crumbs and butter or margarine. In a bowl combine a little of the hot marshmallow-milk mixture with the slightly beaten eggs. Add this to the remaining marshmallow - milk mixture with salt, vanilla and raisins. Pour into buttered 2-quart baking dish. Place in pan of hot water. Bake in moderate oven (325 degrees F.) 1 hour, or until almost firm. Cut the remaining marshmallows in halves, cross-wise and place on top of pudding. Return to oven until marshmallows are golden brown.

GALLANT TEXAN

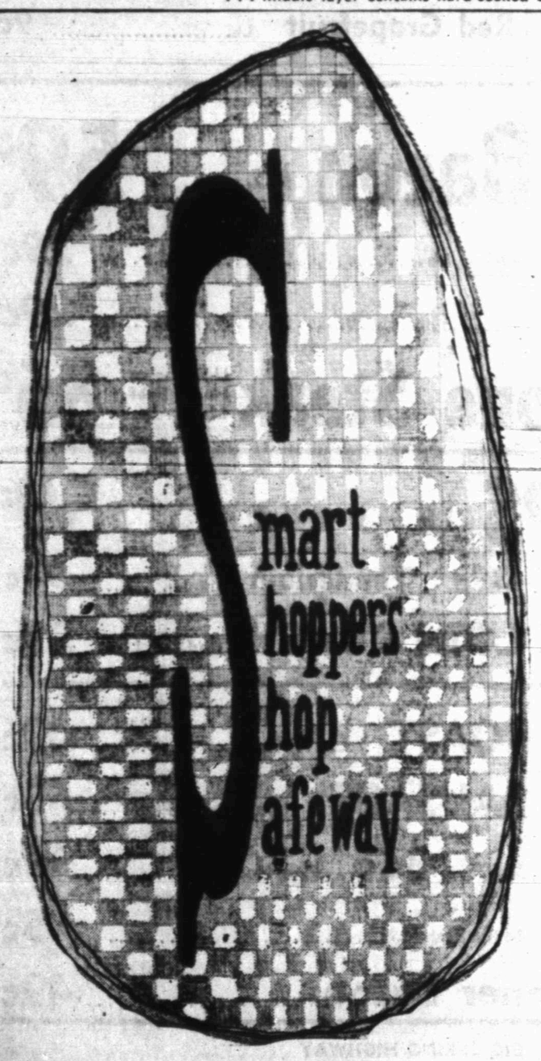

House Speaker Sam Rayburn (D-Tex) helps his sister, Lucinda Rayburn, into her fur coat in Washington as they prepare to leave home for the White House where Rayburn was honored guest at a dinner. The annual affair is given by President and Mrs. Eisenhower for the speaker of the House. Miss Rayburn is from Bonham, Tex.

Oklaaggies In Worst Season In 20 Years

By ED WILKS
The Associated Press

Things never have been this tough for Hank Iba in college basketball at Oklahoma A&M.

Since he joined the Aggies as top man for the 1934-35 season, Iba has been involved in 16 championships for the Missouri Valley Conference.

Iba's Cowpokes never have lost more than 10 games in any season —and they've lost as many as 10 only once.

It's a lot different this year. Houston toppled the Aggies deeper into the Valley second division last night 60-58 and made Iba's overall record this season 6-8. That's just two defeats shy of his highest lost total—when he had a 14-10 mark in 1942-43.

In other games, Mercer upset Georgia 68-66; Mississippi Southern handed Georgetown its second surprise on a Southern tour 69-65; Georgia Tech put another dent in Auburn's once-proud record 73-70; Arkansas stalled past Oklahoma City U 55-52; and Cincinnati whomped Ball State 113-65.

Houston, not much better off than A&M in the Valley with a 2-3 mark, almost let the Aggies get away. Three times the Cougars built up a 10-point lead in the second half, but had to stall to pull it out. Don Boldebuck of Houston was high with 28 points.

Georgia, surprising the experts in the Southeastern Conference, went down during a five-minute second half spell that saw the Bulldogs outscored 16-2.

Georgetown shudda stayed at home instead of heading South. Miami (Fla.) spilled the Hoyas Monday and Mississippi Southern made it a 9-5 record for Georgetown. Southern took an early lead and never trailed.

It was the third straight defeat for Auburn after winning the first seven. Joe Helms brought Tech into a 62-62 tie and Dick Lenholt put the Engineers ahead to stay.

Arkansas and Oklahoma City had a tough time gaining any kind of advantage until Buddy Smith snapped the 10th tie of the game to push the Porkers ahead with five minutes left.

ABOVE THE BLEACHERS

By DALE WALTON

The Snyder Tiger cagers are meeting Big Spring tomorrow night and Lamesa Saturday nght, both games in Snyder. We see we had the times reversed in a previous report.

* * *

Joe Kerbel, who got about as much as anyone would want in a football team out of 23 boys at Breckenridge, should really have himself a time as head coach of Amarillo High School.

Kerbel, however, won't see the football spirit in Amarillo that he saw at Breckenridge, say the experts. Amarillo is a fair-sized town, so not as large a percentage of residents will have the intense interest Breckenridge folks had.

There is one thing, though. Should Amarillo High come up with a top team one or two years, it would gain a lot more fans. There are plenty of "fans" who are such only when they're riding with winners.

* * *

End James Cooper of Hermleigh will be one of 26 lettermen who will start spring football practice at Texas Christian next Monday. There are five lettermen ends returning, so Cooper will probably see plenty of action next fall. He got in quite a few quarters during the last season as a sophomore.

* * *

City league basketballers seem to do pretty well on shooting free throws, despite the fact that most of them have not played much basketball for several years.

In the first night of play this week, all the teams hit half or more of their free tosses. Brooks Oil Well Service led the bunch with nine out of 12, or 75 per cent. That same team put 27 field goals through the hoops in its 63-32 win over Chuck Wagon.

Brooks will be playing Hermleigh in tonight's first league game at 6:45. Sunray and D & H will meet in the second game.

* * *

Lawrence Bredemeyer, 6-foot-4 Sweetwater cager who gave the Snyder Tigers some trouble in Tuesday night's game, just became eligible to play varsity ball Monday. He was out the first semester because his grades were not up to par previously. His rebounding was a big help to the Mustangs and may aid them in strengthening before the season ends.

* * *

Jack Spikes, top scorer for the Snyder Tiger cage squad, is still tops in shooting percentage. He has hit 48 per cent of his field goal tries this season. Other averages: Milton Ham 42.1 per cent, Alan Snead 38.6, Don McNew 36, Jimmy Bennett 34.2, Joel Tankersley 33.3, Jerry Taylor 31.7, and Hubert O'Neal 28.3. Team season average is 37.2.

Tops on free throw averages is Snead with 67.8. Others are Taylor with 67.2, Spikes 67, Tankersley, 65.7, Bennett 65.6, McNew 64.1, O'Neal 61.1, and Ham 48.3. The team has a 63.5 average.

Joe DiMaggio Is On Hall Of Fame Roster

By ORLO ROBERTSON

NEW YORK (AP)—Joe DiMaggio, one of the Yankees' all-time greats, reached baseball's Hall of Fame today just three years after his retirement and was joined by Dazzy Vance, Ted Lyons and Gabby Hartnett as the latest diamond heroes enshrined at Cooperstown, N.Y.

The four were elected yesterday by 251 ten-year members of the Baseball writers Assn. Their election increased the Hall of Fame membership to 77. They will be formally inducted at the Cooperstown museum July 25.

Under the rules a man must be mentioned on three fourths (189) of the ballots for election. Sixty-five former players received one or more votes.

DiMaggio, who just missed last year when the late Rabbit Maranville, Bill Dickey and Bill Terry were selected, led the ticket. He drew 223 votes as the writers recalled his lifetime batting average of .325, his brilliant playing in 51 World Series games in 10 Series with the Yankees and his major league record of hitting in 56 successive games.

"It's great to be on the same team with all those old timers," said DiMag, who heard of his selection while driving from Boston to New York.

Lyons and Vance, who reached the heights as right-handed pitchers before DiMaggio joined the Yankees, were next in line.

Lyons, who compiled a 260-230 record with the Chicago White Sox before he finally left in 1948 after managing the Sox for three years, received 217 votes. Lyons was a coach with the Brooklyn Dodgers last year.

Vance, famous as Brooklyn's fireball pitcher, was named on 205 ballots. The Dazzler, who now spends most of the time these days hunting and fishing at his Homosassa, Fla., home, didn't arrive in the majors until late in life but he compiled a 197-140 record with his best performance of 28-6 coming in 1924.

Although Dazzy acquired greatest fame as a member of the Dodgers he never reached the World Series until he was traded to the St. Louis Cardinals in 1934. He appeared in one game.

Hartnett, who recalls his dramatic home run in the gloaming which won the 1938 National League pennant for the Cubs as one of his career highlights, received 195 votes. Gabby, now 54, caught for the Cubs from 1922 through 1940, managing them the last three years. He bowed out of baseball as manager of Buffalo in the International League in 1946 and now runs a bowling alley in Chicago. He had a lifetime batting average of .297, hit 236 homers, played in four World Series and five All-Star Games.

MARILYN AND JOE CALL IT A VISIT

Marilyn Monroe and Joe DiMaggio (right), former Yankee star, are shown after dining in Boston with Joe's brother Dom and his wife Emily. Miss Monroe, granted an interlocutory divorce decree from Joe last October, said, "No, just call it a visit" when questioned about a reconciliation. Joe refused to comment. Left to right: Mrs. Dominic DiMaggio, Marilyn, Dom, former Red Sox star and now in business in Boston, and Joe.

City League Games Set

The second night of play in the city basketball league will get underway at 6:45 tonight in the junior high school gymnasum when Hermleigh and Brooks Oil Well Service teams meet.

Two games will be played. Sunray and D & H Super Market are scheduled for the second game.

Brooks is now tied with National Guard for the lead in the league. The top teams have 1-0 records. Brooks Tuesday night took Chuck Wagon Cafe 63-32, while National Guard won over D & H 52-43.

So far, Hermleigh and Sunray have not played games in the league .One other team, Gail, also has not yet played.

Globetrotters Have Two Games In Texas

NEW YORK (AP)—The famed Harlem Globetrotters have two games in Texas scheduled on their sixth annual tour which begins March 27 in New York.

They're due in Waco on April 10 and in Houston on April 11.

Another SW Team Plays Over .500

By JOE BENHAM
The Associated Press

Arkansas and Baylor were tied for third place in the season standings and the Southwest Conference had another team playing better than .500 ball Thursday, thanks to the Razorbacks' 55-52 victory over Oklahoma City University.

The Wednesday night triumph at Fayetteville gave Arkansas an 8-7 season record, identical to that of Baylor.

The Bears have a chance to move back in front in the next conference action. They meet Southern Methodist Friday night at Dallas, in the week's only championship game.

Everybody did a little bit for Arkansas in the Oklahoma City clash. Norman Smith's 11 points were the top effort for the Razorbacks but eight other players got in on the scoring to edge the Porkers past the visitors.

Sophomore Lyndon Lee led the Chiefs with 18 points.

The score was close all the way, and was tied 10 times before Buddy Smith's lay-up sent Arkansas ahead to stay 48-46 with five minutes remaining.

Neither team looked impressive from the floor, as Arkansas sank 15 of 53 field shots while OCU scored on 14 of 60.

Three games remain on the week's schedule. Following Friday night's Baylor-SMU game, Texas plays the University of Houston at Houston and Texas Christian takes on Abilene Christian at Abilene Saturday night.

Trabert And Seixas In Doubles Finals

ADELAIDE, Australia (AP)—Vic Seixas and Tony Trabert, America's victorious Davis Cup team, advanced to the doubles final of the Australian National Tennis Championships today.

They whipped Mervyn Rose and Rex Hartwig of Australia 6-4, 10-12, 6-0, 6-1 in a semifinal struggle.

Giardello Is Looking Forward To Rematch

NORFOLK, Va. (AP)—Joey Giardello, his plans for an early crack at the middleweight title confounded by a less-than-spectacular showing in his first outing in four months, looked forward today to a rematch with Al Andrews.

"Sure, I want to fight him again," Joey said in his dressing room after winning a unanimous, but disputed, 10-round decision over Andrews last night in a rough brawl at Norfolk's Municipal Auditorium.

"One more against Andrews and then I'm ready for Bobo Olson," Giardello said, his right hand encased in a tub of ice and his left eye sporting a shiner.

Andrews didn't see it that way, although he was just as eager for another fight with Giardello. The two boxers tentatively agreed to a rematch in Baltimore Feb. 8.

"There's no doubt I won," Andrew contended bitterly, fighting back tears. "It was the easiest fight I've had in a year. He didn't knock me down. I was off balance."

The knockdown won for Giardello. It was the only time either man was floored and came in the ninth round when Andrews walked into a wicked left hook and a sharp chopping right.

Up to that point, one judge had Andrews ahead, the other had the fight even. Referee Paddy Mills had it for Giardello all the way.

Giardello weighed 162, Andrews 159.

Ed Furgol Will Be Cited For Comeback

NEW YORK (AP) — Ed Furgol, veteran St. Louis professional who won the 1954 U.S. Open golf championship despite a withered left arm, will be honored tonight as the golfer who overcame the biggest handicap and served as the greatest inspiration during the past year.

Furgol will receive the Ben Hogan award at the annual dinner of the Metropolitan Golf Writers Assn.

Hogan, who himself overcame the handicap of a leg-shattering automobile accident which almost took his life, personally will present the award which carries his name.

Carter Takes Easy Victory Over Woods

SPOKANE, Wash. (AP)— Light weight Champion Jimmy Carter, back in action for the first time in two months, said "it wasn't one of my better fights", but it was much too good for young Bobby Woods.

The 31-year-old champion took a unanimous 10-round decision from Woods in a non-title match here last night and looked fast and sharp against a back peddling opponent. There were no knockdowns.

Carter weighed 137 ¼, Woods 136 ¾.

It was a dull affair that brought boos from the crowd of more than 6,000 which paid $21,000.

Bell Will Talk Peace With Toronto Team

By WILL GRIMSLEY

NEW YORK (AP) — The National Football League opened its annual business meeting today, giving Commissioner Bert Bell a free hand in negotiating "peace with honor" with Canadian football.

With the unanimous approval of NFL directors, Bell said he would try to work out "a just and honorable peace. We did not start this thing and we are not afraid. We don't plan to turn the other cheek."

Actually, the NFL's war is against one club—the Toronto Argonauts—rather than the entire Canadian league structure. The Argos are determined to hire and talk business with any NFL player they choose, with or without the consent of their own Big Four league or Canadian football as a whole.

The other members of the Big Four — Hamilton, Montreal and Ottawa — have indicated they are agreeable to a peaceful settlement of mutual problems with the NFL, and have entered into a semi-official no-raiding agreement.

The Argos, however, have pushed the issue. In fact, they picked the eve of the NFL session to announce the signing of Billy Shipp, 275-pound tackle of the New York Giants. Shipp is the second New Yorker signed by Toronto in as many days.

Roy Walsh, general manager of the Giants, termed it "an old announcement." The Argonauts sent out the release for no other reason than to breathe defiance of the recent no-raiding agreement.

"There can be no peace," added Walsh, "so long as the Argos operate under their present setup. They will continue to raid and so will we. So far as we are concerned, the war is still on."

Bell mentioned the two Giants as well as a Detroit player snared by Toronto and said, "something will have to be done about that." He indicated Toronto would have to return the three players and others picked up from NFL teams if peace is to come.

South Texas School Suspended By TIL

AUSTIN (AP)—The Texas Interscholastic League yesterday suspended Smiley High School from boys basketball play for the remainder of the season on a charge of using over-age players.

The ruling also barred Smiley from district honors in 6-man football play next fall. The team may compete but may not win the championship.

Officials of the South Texas school said they believed players ages to be accurate as listed in school documents. Official birth records showed the school records to be in error.

Thunderbird Meet Gets Started Today

PALM SPRINGS, Calif. (AP)—Leading professionals of the touring ranks brought their show into this desert resort town to tee off with the first round of the 72-hole Thunderbird Invitational Tournament today.

Heading the procession are the winners of the first of the 1955 winter tourney schedule, Gene Littler, Cary Middlecoff and Tommy Bolt, and last year's victor in the Thunderbird, Freddie Haas.

They say Thunderbird's 6,314-yard, par 36-36—72 course has been toughened up a bit for this year's assault.

Few Good Prospects Up For Kansas City

By JOE REICHLER

NEW YORK (AP)—Lou Boudreau, who will handle the reins of Kansas City's first major league club in more than half a century, could do himself a favor if he ignored the minor league records of most of the rookies who will report to the Athletics' training camp next March.

At first glance, it doesn't seem probable that pitchers like Art Ditmer (6-12), Bob Trice (4-8), Camille Van Brabant (3-6) and LeRoy Wheat (8-11) will help pull the A's out of the American League basement but it must also be considered that all these fellows hurled for Ottawa last year and the club won only 58 games to wind up in the International League cellar, 39 games behind the league leaders. It is not encouraging to pitch for a team that finished sixth in batting and last in fielding.

There are several bright prospects among the 17 newcomers, however. One is Art Ceccarelli, a 24-year-old southpaw, drafted from the Yankees' chain in Kansas City. The youngster had a 15-12 record last year and struck out an imposing total of 161 in 219 innings.

A couple of other draftees, Bob Spicer of Los Angeles and Cloyd Boyer of Columbus may surprise fans. Spicer, 29-year-old righthander, won 13 and lost 16 with a second division club. Boyer's record was only 2-3 but if his arm is sound again, he can prove to be a $10,000 bargain. The 27-year-old righthander showed promise of becoming a fine pitcher with the St. Louis Cardinals several years ago until an arm injury all but ruined his pitching career.

The Kaycee brass is high on a kid named Walter Craddock, who turned in an impressive 12-9 record at Savannah in his first year in organized baseball. The youngster, however, may be a couple of years away. Another who may land a bullpen job is Charlie Haag, who had a 2.96 ERA at Ottawa in 38 games, winning five and losing two.

By far the best looking prospects are Joe Taylor, a slugging outfielder and Hector Lopez, a hustling Negro infielder. Taylor batted .323 at Ottawa, third highest in the league, walloped 23 homers and drove in 79 runs. In the field, he had 13 assists and started six double plays, indicative of a strong arm.

Dee Andros Is Not Going To Arkansas

FAYETTEVILLE, Ark. (AP)—Assistant Texas Tech Coach Dee Andros is not going to Arkansas.

Athletic Director John Barnhill of Arkansas made the announcement last night after Andros visited the campus Tuesday and it was rumored he would join the Razorback staff.

Barnhill said he had no definite leads in looking for an assistant to round out Jack Mitchell's football staff.

Top Amateurs Draw Tough Competition

MIAMI, Fla. (AP)—Two National Amateur Winners—Barbara Romack, the current queen, and Dot Kirby, 1951 titlist — each drew tough opponents in today's first round matches of the Helen Lee Doherty Golf Tournament.

Miss Romack, a petite blonde, met Wiffi Smith, an up-and-coming youngster from Los Angeles. Atlanta's Miss Kirby faced Seattle's Pat Lesser, former National Intercollegiate champ.

Kansas City's New Park Is Progressing

By GAYLE TALBOT

NEW YORK (AP)—The most recent reports say that construction of Kansas City's 35,000-seat baseball park is coming along at a great rate and that the new home of the Athletics will be ready and waiting for the opening day of the American League season in April.

The only thing which will be missing when the citizens gather to celebrate their great good luck in landing a big league franchise will be a big league baseball team. It is possible that this will be overlooked in the excitement attending the grand opening, but along about July 4 the fans of the Midwest metropolis are going to discover they've been shortchanged.

Close to three months have elapsed since Arnold Johnson took title to Connie Mack's crumbled empire, and if a single move has been made toward improving the club which finished a bedraggled last in 1954, trailing Cleveland by 60 games, it has not come to this corner's attention.

Oh, yes, they have removed the photographic murals of Connie Mack and great Athletic stars of the past from the rotunda of Shibe Park in Philadelphia and trucked them out to Kansas City, but that doesn't figure to win many games. It won't take the Kansas City fans any time to learn that Lefty Grove, Jimmy Foxx and Mickey Cochrane didn't come with the franchise.

Otherwise, we can recall only that Lou Boudreau was hired to manage the assortment of talent which lost 15 straight games to the Yankees last season. Lou no longer can play shortstop, as he did when he led Cleveland to the flag in 1948. Also, he has not had a minute's experience with such a crew of steak eaters as will greet him in Florida March 1.

In other words, nothing has been done which might give Kansas City some hope of eventual reward for the enthusiasm it has displayed in taking over a rundown property. Nobody has seen the color of the large sum of money which was supposed to be available for the purchase of players, and there has been no suggestion that an important deal was brewing.

Orange Is Wanted By Evangeline Loop

LAFAYETTE, La. (AP)—The Evangeline League says Orange, Tex. is the best prospect to be the baseball loop's eighth team, but the East Texas city says it is not a candidate for the Class C setup.

Bubb Rudd, head of the Orange Chamber of Commerce baseball committee, said yesterday there was no indication his city would have baseball. Besides, Rudd said, there is no park available.

The league granted a provisional franchise yesterday to Thidobaux as the No. 7 team.

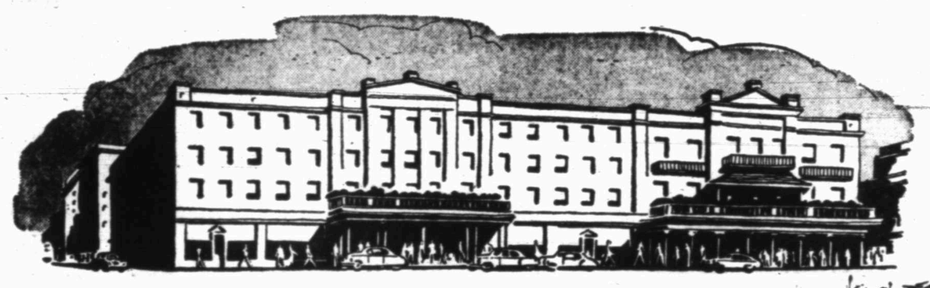

It also accepted the resignation of Port Arthur and instructed league president Edmond Deramee to contact minor league chief George Trautman about a deadline extension for finding a new operator at Port Arthur.

If there is no club in operation at Port Arthur by Feb. 1, the territory becomes open.

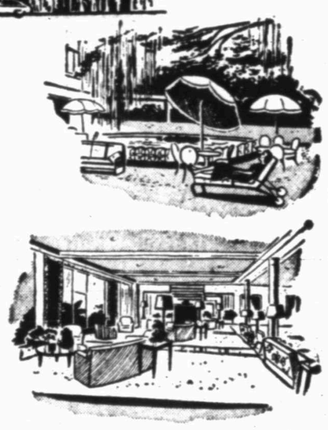

The Class B Big State League has accepted Port Arthur on condition that the club gets a release from the Evangeline League.

TO MEN OVER 40
who feel all tired out, no vitality, can't rest or sleep well, bothered with aches and pains in arms, legs, back and shoulders and a general run-down condition, it will astonish you to know that many such symptoms of old age are caused by a deficiency of iron. A SPECIAL CUT FOR YOU! Mrs. Snyder at FURR'S

WE'RE EAGER TO SERVE!

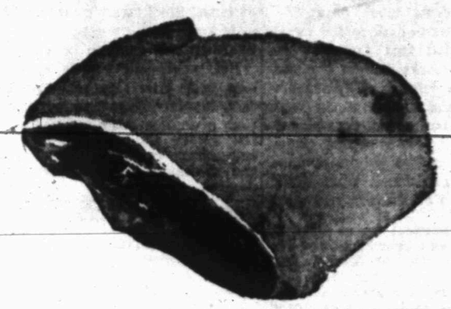

Your Furr's Super Market is eager to serve you in any way! Should it be a special cut of meat you wish for broiling, just let the meat attendants of the open service cases know, and they'll accomodate you!

DON'T HESITATE TO ASK!

Please, Please, don't hesitate a minute! Furr's wants to please you and will never knowingly disappoint you with any cut of meat or meat item in its self-service cases. Just let us know and we'll try our best to please!

JUST RING THE BELL!

The bell, placed above the counters at the meat department is for your service . . . to let Furr's meat attendants know you wish a special cut of meat, or information. Ring it as you wish and don't feel hesitant about doing it. We're here to serve you!

Market Sensitive To Formosa Plan

By SAM DAWSON

NEW YORK (AP)—Formosa Strait lies close to the stock and commodity markets these days.

Reaction was quick to the President's request that Congress authorize our forces to fight if necessary for the defense of Formosa.

Aircraft and metals stocks were bid up. Rubber, cocoa, tin and copper futures prices rose and grains felt an increase in export demand as traders envisioned what would happen if a Far Eastern war were set off.

Yet, the sharpest break in stock prices in recent years followed the start of the war in Korea. And the outbreak of World War I in 1914 hit financial markets so hard that the stock exchange was closed for 4½ months.

Why does the mere threat of war send some stocks up, as this week, while the sudden advent of war sends most stocks down?

This isn't as muddled as it seems on the surface, brokers explain.

A peacetime economy makes for the greatest over-all prosperity. What is being produced is for use by consumers. Peacetime production raises the standard of livng.

In wartime—in spite of all the flashiness of inflation and high employment—the important part of what is being produced is to be destroyed, not used. There is no benefit to the economy.

A sudden outbreak of war disrupts the economy. Sources of materials, labor supply and markets are either cut off or restrained. The outlook for most businesses is less favorable, and the price of their stocks decline.

But talk of the threat of war calls to traders' minds the possibilities for the "war babies"—the companies that might be expected to get increased orders for the hardware of war. The stocks of these suppliers of the military tend to rise.

Psychology plays a large part. With the threat of war the taxpayer is more willing to spend for defense. Stock traders figure that orders for military goods are more likely to rise than to be cut.

But when war comes suddenly—as with Pearl Harbor—investors turn fearful of the coming disruption of many business lines, and the stocks of industres with no immediate prospect of supplying the military effort look less appealing.

McCoy Gets Around

BALTIMORE (AP) — A sign in a downtown Baltimore store window says:

Genuine Polish Sausage
The Real McCoy

LEGAL NOTICE

GUARDIANSHIP OF DELBERT WAYNE HELMS, A MINOR
No. 1020
IN THE COUNTY COURT OF SCURRY COUNTY, TEXAS

To all Persons Interested in the Estate of DELBERT WAYNE HELMS, a Minor: Notice is hereby given that on the 26th day of January, 1955, I, acting as guardian of the estate of DELBERT WAYNE HELMS, a minor, filed with the County Clerk of Scurry County, Texas, a sworn application for authority to make an oil, gas and mineral lease on the ward's undivided interest, believed to be an undivided one-fortieth (1-40) mineral interest, and on any other interest of the ward in the below land, said land lying in Fisher County, Texas, and being described as follows:

Northeast Quarter (NE-4) of Section Number 62, Block Number 2, H&TC Ry. Co. Survey.

Said application will be heard by the County Judge of Scurry County, Texas, in the county court room in the courthouse of said county, in the Town of Snyder on the 7th day of February, 1955 at 10:00 o'clock A.M., same being the time and place which has been duly designated by said judge as the time and place when and where such application will be heard.

Witness my hand this 26th day of January, 1955.

(S) J. R. Helms
J. R. Helms, Guardian

HOW TO SAVE MONEY ON YOUR INCOME TAX

By SYLVIA PORTER

If you are supporting your parents or an over-65 relative, you may be able to achieve major tax savings by re-arranging the way they get their income.

If you are one of the hundreds of thousands in America who tinker around in cellar workshops and invent gadgets, the 1954 tax law has a special clause cutting taxation of your income.

These are just samples . . Read on.

• • •

QUESTION: I support my father who was 65 last year. Is there any advantage to his filing a separate return?

ANSWER: YES. And this can be a major tax saving for many families, if you operate your own business. When you support a 65-year-old relative, you get only one exemption. The additional exemption for the over-65 can be obtained only if he files a separate return or a joint return with his wife. Then he also can use his standard deduction. You may be able to achieve real tax savings by putting him in your employ and giving him an independent income. For if he has his own income, he can file his own return, get two exemptions plus a standard deduction.

And if his income is in the form of annuities, interest, dividends or rents, it's eligible for the retirement income credit — which may completely eliminate the tax. (Refer to Column XII for details.)

All families supporting elderly parents should check NOW on the ways the new tax law permits them to arrange the support so the tax liability is cut to a minimum and their folks are happier too. (Watch out, though, for estate or gift tax consequences.)

QUESTION: My tax status will change soon (because we're having a baby or I'm getting married or I'm getting another dependent, etc.) Anything I should do about this?

ANSWER: Yes. If your tax is withheld from your paycheck and your status changes in 1955, notify your employer at once and give him a new withholding exemption certificate — assuming the change will affect the amount he should withhold from you.

Less will be deducted from your paycheck and your take-home pay will be greater if you have a baby or adopt one; if you marry and claim exemption for your wife; if your wife stops working and she has been claiming exemption for herself; if you begin to support a relative; if you or your wife become 65 during 1955.

QUESTION: I bought a stamp collection years ago in the hope of reselling at a profit. But in mid-1954, I needed cash badly and had to sell the collection at a loss. Have I a deduction?

ANSWER: Yes — even though the stamp collection gave you pleasure in the years you owned it, you bought it for resale at a profit. It was a business transaction; losses are deductible. The same rule applies to collections of coins, autographs, painting, etc. If you bought for resale at a profit, you can claim deductions for losses on sales.

QUESTION: I tinker around in my cellar workshop. Over the years, I have invented and sold several gadgets. Last year, I sold one of my inventions for $1,000. Must I report this on my tax return as ordinary income?

ANSWER: No. Under the 1954 tax law, you may treat income from the sale of an invention as a capital gain — and capital gains are taxed at a maximum 25 per cent rate. Thus, you now avoid the high personal income tax rates when you sell your inventions.

QUESTION: Our camera and typewriter were stolen from our apartment last year. We don't know who did it, but we suspect it was an inside job. Do we get any deduction?

ANSWER: Yes. You get a deduction for articles that are stolen, but you must prove that the property actually was stolen. You aren't allowed a deduction merely because articles are missing. A police record of the robbery or statements from witnesses will help prove theft.

Stock Market Guarded Closely Against Radical Ups And Downs

By RELMAN MORIN

NEW YORK (AP)—Every time you draw a paycheck, it worries a man in Moscow.

His name is Eugene Varga. He is the leading Soviet economist. He watches you and your earnings like a hawk. Why?

Because he has staked his reputation—and possibly his neck—on the prediction that millions of Americans will be out of work one of these days. He has been predicting for years that the United States is due for another crippling depression.

Soviet policy most probably is based on the proposition that the United States must suffer a severe economic setback after World War II. The graph, for 150 years, indicates that this always happens, not once but twice, after fighting stops.

Yet today, nearly 10 years after the war, the big crack has not developed. Slumps in 1949 and 1953 failed to follow the harshly familiar tracks of 1921 and 1932.

Foreign aid, the Korean War, rearmament and a huge defense budget all affected the economy. But was there anything else?

The great question today is this: Do American managers and planners possess the know-how, plus legislative machinery, to head off a depression in its early stages?

Says the economist Dr. Sumner Slicher:

"Surely, the days when Americans must accept pronounced ups and downs of business as inevitable are fast coming to an end."

Of course, people were saying that in 1929 there would be no depression. But some changes have been made since then.

Today, the Securities and Exchange commission holds wide powers over the stock market. It can require corporations to furnish complete financial information about a new stock issue. It can censor proxies and revoke trade privileges of brokers or investment bankers.

And it can compel "insiders" in a corporation to pay over to the stockholders any gains found to have been made in stock operations through information not available to other holders.

The all-important functions of maintaining a sound money and credit base — which influences prices, employment and the general level of economic activity—rests with the Federal Reserve. About half of the banks in the nation are members of the system, and it holds some 75 per cent of the total deposits.

The Federal Reserve Board recently used its braking powers on the stock market, lifting margin requirements by 10 per cent. That is, to buy $100 in stock today, you have to put up at least $60 in cash, as against $50 before this action. You can't borrow as much.

Apart from the stock market, the economy as a whole today can be affected by the so-called "built-in" controls.

Take 1953 as an example.

A recession had apparently set in. Unemployment was rising toward the four million mark. Yet at yearend, the total personal income of the nation had set a record. And disposable income—meaning take-home pay—had remained level.

That in turn meant that the nation's buying power had been largely sustained. Consumer buying held up pretty well. In other words, the fateful cycle — reduced employment, reduced income, reduced buying, reduced production, causing increased unemployment — simply didn't develop in the usual way.

A number of actions were taken, and apparently they were effective.

First, about two billion dollars flowed into the economy in unemployment compensation payments.

Second, tax relief turned back some seven billion dollars.

Thus, even though government purchasing had been cut back by 12 billion dollars, something approaching a balance was achieved.

Meanwhile, the spigots on credit — which had been twisted to a tight point earlier — were opened in the fall of 1953. The Federal Reserve began buying 90-day Treasury bills, which eased the flow of credit.

Oddly enough, the present great bull movement in the stock market began in September 1953, shortly before most of these actions were taken. The market tries to foresee the next trend in business and economic activity.

In this case, the market guessed right. The present high levels on the exchanges indicate that traders and investors believe the economy is going to go right ahead, with increased production, earnings and profits.

President Eisenhower made these points in his economic report to Congress:

"In the course of our latest encounter with the business cycle, we have learned or relearned several lessons.

"First, that wise and early action by the government can stave off serious difficulties later.

"Second, that contraction may be stopped in its tracks even when governmental expenditures and budget deficits are declining, provided effective means are taken for building confidence."

However, he added in the vein of most observers:

"The experience of government in dealing with fluctuations in employment is not of long standing, and there is much yet to be learned about the problem of economic stability."

White Says Russians Store Nuclear Weapons

DAYTON, Ohio (AP) — The Air Force vice chief of staff says Russia is stockpiling "tremendously destructive nuclear weapons" and a bomber fleet capable of striking North America.

Gen. Thomas D. White said, "This threat is not in the future, it is here today and it is real."

In a speech delivered to a Junior Chamber of Commerce dinner last night, Gen. White said he believed U.S. military leaders would be remiss in their duty if they did not call attention to the "urgency and terrible reality of the situation."

Gen. White said the primary problem of the Air Force now is shortage of trained men. He said the re-enlistment rate has dropped under 30 per cent, and is below 15 per cent among experienced technicians.

Chain Savings Bond Scheme Is Revealed

HAGERSTOWN, Md. (AP)—A get-rich-quick savings bond scheme operating here has been squashed, postal authorities announced yesterday.

The scheme, another version of the old chain letter plan, extended to those taking part in the hope of getting up to $38,000 for an investment of $37.50.

Postmaster Thomas Simpson said he had received official notification from Washington that bonds purchased in furtherance of the scheme are nonmailable, and called on residents to sign pledges they won't accept any bonds through the mails henceforth.
