

School Trustees Okay Teachers

Approval of new teachers and what to do about lunchroom costs were the main topics on the agenda at a Monday meeting of the Olton school board.

Board members approved eight new teachers for next year and accepted six resignations. In discussing the lunchroom loss, Supt. Ray Schultz said the operation ended up the year approximately \$2,262 in the red. Earlier in the year, the group heard reports indicating that the lunchroom would probably wind up behind because of the loss of government commodities used in previous years.

Teachers hired included Mrs.

First Wheat Delivered In Olton Area

Roy and Carl Roberts brought in Olton's first load of wheat for 1967 last Thursday.

The load tested 12.20 per cent moisture and was Tascosa variety.

Roberts said he thought the wheat would average about 35-40 bushels an acre.

He said he thought the freeze would cut area yields by about 10-15 bushels an acre.

The first load weighed 15,340 pounds and was brought in to High Plains Grain six miles west of Olton about 5 p.m.

Roberts farms approximately six miles east and five miles north of Olton.

Youth Hurt Seriously In Canyon Fall

Kerry Don Wheeler, 14-year-old son of Mr. and Mrs. T. B. Wheeler, was injured Sunday morning, about 10:30 when he fell from a high cliff during an outing with a 4-H group at Palo Duro Canyon.

A group of boys had gone for a hike and were posing on some high boulders for a photographer from Amarillo according to one of the parents who accompanied the group on the outing.

The youth was reported to have fallen about 50 feet, landing on a ledge of another cliff for a second, then falling and tumbling another 80 to 100 feet.

He suffered internal injuries, a skull fracture from the base of his head to the top, and numerous bruises and scratches. He was unconscious by the time anyone reached him and it was approximately one hour before the rangers and ambulance service arrived.

He was taken to the Canyon hospital where he remained until Tuesday evening, when he was moved to the West Plains Hospital in Muleshoe.

At last report, he had not regained full consciousness. However he was reported to be in satisfactory condition and in a semi-conscious state to the point that he knew who was staying with him.

Concern Voiced Over Poisoning Of Pets

A NEW LOOK FOR SQUARE--Olton's downtown square begins to take on a new look as city employees begin removing trees which long hampered cleaning operations on the square. The square will be the site of the annual Lions Club Carnival slated here July 6, 7 and 8.

Additional Funds For Home Loans Released

Farmers Home Administration has been authorized to insure an additional \$148 million of rural loans according to word received by Mr. L. J. Cappelman, Farmers Home Administration Texas State Director. This action, announced in Washington by Secretary of Agriculture Orville Freeman, will enable USDA's Farmers Home Administration to commit an additional \$30 million in Farm Ownership loans and \$118 million in Rural Housing loans to low and moderate income families.

Previous allocations of funds for Farm Ownership loans were exhausted in February. There are some 20,000 applications and unfunded loan dockets currently being held by the Farmers Home Administration. Funds for Rural Housing loans to low and moderate income families were exhausted in April. The Farmers Home Administration is now holding some 42,000 applications and unfunded loan dockets for Rural Housing loans.

Both the funds for Farm Ownership and Rural Housing loans are being made available immediately. Farm Ownership loans are made to buy land, construct or repair buildings, improve land and refinance debts. They are repayable over 40 years and bear 5 percent interest. Rural Housing loans are

made to farmers and other rural residents in open country and small rural communities with populations of not more than 5,500. Loans are made to construct and repair needed homes and essential farm buildings, purchase homes or buy sites on which to build homes. The maximum term is 33 years. The interest rate on loans to families with low and moderate incomes is 5 percent.

Farmers Home Administration services are made available through more than 1,600 county offices serving the 3,000 rural counties in the United States, Puerto Rico, and the Virgin Islands.

The county office for Lamb County is located in the basement of Post Office Building,

Littlefield, Texas. The county supervisor is Truman J. Jones. Office hours are from 8:00 a. m. to 5 p. m. every Monday and Thursday. Mr. Jones will be glad to discuss the Farmers Home Administration loan programs with interested individuals.

Sale Of Two Elevators Is Announced

The sale of M-C Grain elevators number one and number two was announced last week. Both will be managed by Garland DePrang, who currently manages High Plains Seed and Delinting. The name of the two elevators was changed to High Plains Grain Co.

One of the elevators is located six miles east of Olton on the Plainview Highway, while the other elevator is located about eight miles northwest of Olton near Thompson Gin.

Richard Redinger Is Top Freshmen

Richard Redinger, Wayland College freshman, was listed on the Dean's Honor Roll for the spring semester.

Redinger, a music major, was one of five students posting a straight A or 4-point average, and was the only freshman on the list with a 4-point grade.

He was also chosen by the faculty as honor piano student both semesters and performed piano solos on the Honor Recital programs. Redinger is a 1966 graduate of Olton High School. He is the son of Mr. and Mrs. Dick Redinger.

New Swim Classes Set

More swimming classes will begin next Monday at Olton Recreation Club, according to Nancy Brigrance, instructor.

Advanced beginner start at 10 a.m., and beginner classes start at 11 a.m.

Life saving swimming classes will begin June 26 at the ORC at night, according to Miss Brigrance.

Children's Safety Worries Parents

Persons poisoning dogs in Olton could find themselves in trouble with the law.

That was the word this week from city attorney Andy Stroebel after approximately seven dogs belonging to persons living on West 9th Street died from suspected poisoning.

The poisoning came to light after a Plainview veterinarian, Dr. J. A. Braden, ran tests on a dog belonging to Mr. and Mrs. Clyde Vaughn of 1301 West 9th St.

Braden said the dog died of a combination of arsenic and strychnine poisoning.

Braden said treatment for one poison works against the other poison, almost assuring death.

But the major worry for residents of the area was for the safety of children who live in the area.

A recent church survey conducted in Olton showed that at least 26 children 11-years old or under live in the Hillcrest Addition of 9th Street. Doctors said the two poisons were so deadly that if a child's baseball happened to roll through the poison and the child then picked up the baseball and later put his hands near his mouth, it could prove deadly.

Stroebel said killing of pets was punishable in Texas by a fine up to \$200. But if a domestic animal happens to be killed, a person could be fined and sentenced to up to two years in prison.

Stroebel said if a child were poisoned and died, the most likely charge would be murder without malice.

Police chief Jerry Smith and other city residents said they were checking records of sales of strychnine in Olton and surrounding towns for the past 12 years. One person said, "If we don't find anything at first, then we are going to keep looking until we do."

The poisoning evidently began Thursday, when the first pets died, and others had died as recently as Tuesday.

Dr. Braden said the poison probably had been placed in some type of dog food, since the food that had been fed the dog he examined was already digested.

An Olton doctor said the

were vomiting followed by bloody diarrhea, a breathsmelling like garlic and severe stomach pain.

Strychnine causes stiff neck and facial muscles, followed by twitching, convulsions and death.

He said the first thing to do if poisoning is suspected is to induce vomiting.

Council Gets Resignation

Olton city council members accepted the resignation of Doug Jones as a member of the group during a Tuesday night meeting.

Jones and his family are moving to Canyon, where he is employed by Buccaneer Stamps. He and his wife formerly owned and operated Jones Furniture here.

At the same meeting, a group of city residents who live in the two blocks of West 10th Street just west of Ave. G met with the council.

The group asked to be included on the paving project now going on in the city.

Councilmen said legal work necessary for the two blocks to be included in the project might extend past the date paving contractors hope to finish the local project. If so, the group would not be able to get the blocks paved.

Council members decided to meet with the contractor and city engineer to determine if it might be possible to get the necessary paper work done in time to include the two blocks. The meeting is to be held as soon as the three parties can get together.

In other action concerning city streets, councilmen voted to engineer and grade Avenue G south from 9th street for better drainage.

In the only other official action, councilmen voted to buy a two-inch water tap from former water superintendent W. F. Williamson for \$50.

Revival Begins Here Sunday

Dr. Woodson Armes, pastor of First Baptist Church of El Paso, will be the evangelist at revival services beginning Sunday June 18, at the Olton First Baptist Church. Joe Trussell of Brownwood will be the song leader.

The revival will continue through Sunday, June 25, with weekday services at 10 a. m. and 8 p. m. An evening service will be held Saturday at 8 o'clock.

A native of Jayton, Dr. Armes graduated from Slaton High School, Baylor University, and Southwestern Baptist Theological Seminary in Fort Worth. Baylor University bestowed on him an Honorary Doctor's Degree in 1957. He was an outstanding athlete and student leader in high school and college.

Dr. Armes continued his association with Baylor by serving as a member of its Board of Trustees and as a Bible teacher from 1938 to 1943.

In denominational work his record of service includes serving as president of Texas B. S. U., president of Texas B. T. U. Convention a member of the executive board of the Baptist General Convention of Texas, and delivering the annual sermon for the Convention in 1953 and 1963.

He participated in a preaching mission in Hawaii in 1946 and toured Europe, Egypt, England and the Holy Land in 1955. Pastorates filled by Dr.

Armes include Seventh and James Baptist Church in Waco and Polytechnic Baptist Church in Fort Worth. He has pastored the El Paso church since 1964.

Trussell, an evangelistic singer for 35 years, is a graduate of Howard Payne College and Southwestern Seminary. He has been with the Olton and other area churches in several prior engagements.

Bob Strait, minister of music at the First Baptist, has announced a Crown Choir program for primary through Intermediate I ages. Choir rehearsals for the revival choir has been set for 7:30 p. m. daily.

Youth Gets Broken Arm In Accident

Lynn Gullett, 14-year-old son of Mr. and Mrs. Jack Gullett, was injured Tuesday morning while driving a tractor with a rod weeder attached.

Reaching back to get a weed Gullett's glove was caught and pulled his hand into the machine and twisted his arm breaking both bones beneath the elbow.

He was taken to Olton Community Hospital and Clinic where he was treated and confined to bed until late Wednesday, when he was scheduled for dismissal.

WHEAT HARVEST UNDERWAY--Wheat harvesting operations got underway in the Olton area last week after hot weather dried out rain-soaked fields enough for combines to get into area fields.

FIRST LOAD OF WHEAT--Carl Roberts, Elmo Hasha and Garland DePrang look over the first load of wheat brought into an Olton elevator this year. The wheat was cut by Roberts and his father, Roy Roberts on their farm about six miles east and four north of Olton.

DEAR EDITOR

WHAT OUR READERS THINK

Hits Poisonings

Open Letter to a dog poisoner.

For almost 12 years our neighborhood (Hillcrest) has been plagued with outbreaks of poisonings. So far you, have been lucky, because only cats and dogs have died.

Do you, sir, know the chances you are taking? Do you have cousins, friends, children or grandchildren who might possibly get your DEVILS POTION? Or did you feel secure knowing that you had put it in other yards? How important IS human life to you? Did the dogs disturb your sleep, soil your yard, lie down in your flower beds, chase your car and take bones into your yard?

Do you realize the danger of mixing the poisons- especially if a human should get even a tiny dose? Would the doctor be able to save the patient?

Do you know that a child has only to touch the poison, then touch food and/or put its hands in its mouth and it could become a Hillcrest Casualty? What happens if a ball rolls across the grass where the poison has been, and a child forgets to scrub its hands before a snack or a meal?

How long will these identified poisons remain potent enough to kill?

Our dog, Honey was a family pet. She had adopted us seven years ago. She was one of the lucky dogs - she had missed getting any poison in the previous years. Honey had been spayed, had a lifetime rabies shot, plus rabies shots every year. She was not a perfect dog - as many can tell you. She chased birds, motorcycles and pickups. She nipped a few heels and if she felt our

daughters or she was in danger, she would bite. Honey was a good watch dog and when she was with the girls, we knew they were safe.

Janet and Jeana watched Honey die a horrible death. They tried to force feed egg whites, water, milk, weak tea, burned toast and castor oil to her. She lay dying for over an hour and they tried to help - as did all our neighbors - all to no avail. You, sir, had succeeded!

Two days later, our cat was poisoned. She had three kittens and they had helped to soften the blow of Honey's death. After three days of being very sick, the cat is back with her kittens. Other pets have not been so fortunate.

Honey was just a dog. Peppermint was just a cat. What of the children who live next door and down the street? What about our grandchildren who come to visit?

Records in all surrounding towns are being checked for poisons bought. They will be checked as far back as need be - at least for 12 years.

You may not have bought the poison yourself, sir, but maybe a relative, friend, employee, employer, could have purchased it for you - or you might have access to it.

I sincerely hope that you continue to kill ONLY dogs and cats, don't you?

Hillcrest can do without our pets but not our children.

Joe and Jo Jo Chester

Children's Safety

Mr. Mike Wall
Publisher, Olton Enterprise
Olton, Texas

Dear Mr. Wall:

Last Thursday night a person or persons unknown, took upon themselves the murderous task of destroying our family pet dog "Brownie", and since then a total of four other dogs belonging to neighborhood children have met the same fate - all by means of poisoning. Every effort was used to save "Brownie" as were some of the other pets.

A Plainview vet has performed an autopsy on one of the dogs and verified that arsenic and strychnine were used.

I shudder at the thought that it could have been a small child fighting for its life had it come in contact with such a deadly compound. If this person or persons have such a strong dislike for dogs or feel that dogs are a nuisance, as may be the case in some instances,

I would sincerely plead with such to find a better means to destroy them instead of putting a child's life in jeopardy.

It may be that this person has no regard for children. People that would place poison out, in my opinion would stoop to anything. I Texas law provides that a person caught or proven to have placed poison out can be punished by confinement in the penitentiary, and I'm afraid if a child lost its life by such means, the crime would be more severe - such as murder? I hope for these reasons such people will give an extra thought before doing so again.

It's not a very colorful sight to see a family pet die such a horrible death from poison, nor is it easy to stay up 'till 2 a. m. with two young boys trying to calm them down, nor to answer their tearful question, "why and how can anybody be so mean, mother?" nor to see tears in their eyes the next day after losing a much cherished pet.

Sincerely,
Mrs. Andy Stroebel

Ask Amy

BY AMY ADAMS

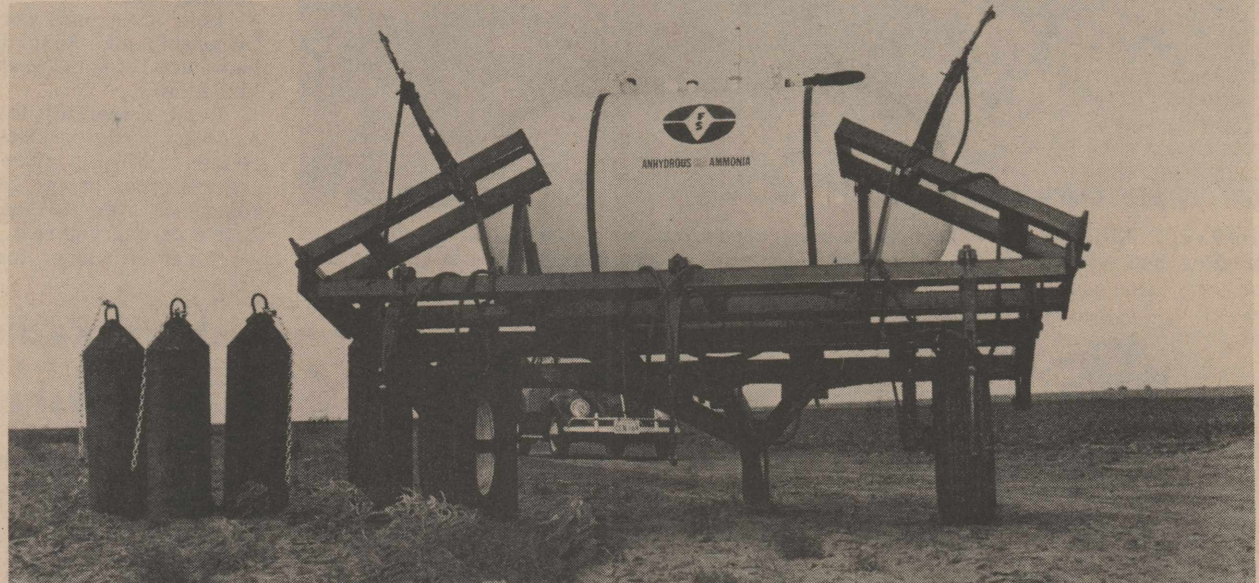

Who Helps Amy With Her Problems!

Dear Amy:
For nine years we have been reading your engaging and informative column. Jokingly, of course, we ask, "Who helps you with your own problems?"
May and Jay
Dear May and Jay:
The following verse caught my eye. So, tongue in cheek, I give a sigh. And submit another author's work to this question I am often posed. While helping others with their woes.
"JUST ASK ME"
"Ask my advice. Watch me unfurl. While casting on you, pearl by pearl. My bits of wisdom, common sense. Drawn freely from a source immense. Tell me of your problems, I am sure I'll have the answer, have the cure. The only problems I have known That had me baffled were my own."
RICHARD ARMOUR
Dear Amy:
My friend doesn't know how to swim. I'm trying to teach her how to dog-paddle. She is scared of the water, but wants to learn. I want to know if I should just give her confidence, threaten her or what I should do?
Shanna
Dear Shanna:
Your attempts to teach your friend would be less frustrating if you suggested that she contact the Red Cross or the Y.W.C.A. These organizations have swimming programs operated by professionals for those who want to "learn how" properly.
Save a life and urge her to get into the swim now. They are as close as her telephone.
Dear Amy:
A month ago my family celebrated a sacred holiday of the Hebrew religion (Passover). Our son could not be home with us for the seder dinner (the first and second nights of the holiday though the holiday lasts for 8 days) because he is 1000 miles away at college. My husband and I, needless to say, were depressed knowing that he would not be home, so we came up with the idea of contacting our local college and inviting a Jewish student from out of state to share our holiday dinner with us.
To make a long story short, a grateful and very nice young man took our son's place at our seder table. A lovely evening was had by all. When he left, he thanked us so warmly for changing his prospects of a bleak holiday. Little did he know that he was our blessing.
Please print this if you can. Many boys and girls far from home who cannot spend their holidays with their families would only be too glad to "share" with another family if the invitation were extended.
God repays a kindness tenfold!
Mr. & Mrs. Auerbach
Dear Amy:
I was recently granted a divorce because of my wife's desertion. My question is: When should I tell the girls whom I meet that I was once married - as soon as we meet, over the phone, on the first date, second date, when (and if) we start getting serious... or never?
Mr. C. F.
Dear Mr. C. F.:
It is not necessary for you to tell girls you meet that you were once married. This aspect of your life is personal and everyone need not know about it.
When you meet a girl who means more to you than just a casual friendship, then is the proper time to tell her of your past. Which, by the way, is nothing to be ashamed of.
PERSONAL TO Hopelessly Confused (Manville, N.J.):
Frankly, I think you are too young to pursue anything you know so little about without the consent of your mother. Why not write the national headquarters for full particulars and reading materials so that you and Mom can decide together if this is a sensible venture for you.

Order Of Eastern Star Has Installation Service

Open installation ceremonies of the Order of the Eastern Star held in the Olton Masonic Hall were attended by approximately 100 persons Saturday night.

The program was opened by several music selections by Mrs. Delmer Givens.

The presentation of the Bible was made by Coby Stewart and the presentation of the Bible marker was by Monty Hysinger. Kanetha Hysinger made presentation of compasses and Twyleen Stewart, presentation of the square.

The call to order was by Ralph Glover, followed by the entrance of the 1966 officers. The opening of the Bible was followed by the "Lord's Prayer" in unison. The pledge of allegiance was given and the national anthem followed.

Mrs. Ralph Glover gave the welcome. Installing officers were then introduced and the 1966 officers retired. The closing of the Bible preceded the closing ode, "Bless Be The Tie". Mizpah, benediction was given in unison—"May the Lord watch between me and thee, while we are absent one from the other."

Bob Allford sang "It Is No Secret". A quartet made up of Tommy Sluder, Don Spain, Bob Allford and Andy Andrew presented "Let The Lower Lights Be Burning."

Greetings were extended by Lorene and Bert Stewart.

The presentation of the Past Matron and Past Patron jewels to Mr. and Mrs. Ralph Glover was made by installing marshal, Faye Foster.

Truitt Sides led the benediction. Following was the retiring drill by new officers.

Installing officers were Earlene Lovvorn, sister to Mrs. Bert Stewart, Junior Past Matron of Ungava Chapter #106 of Riverside, Calif.; Faye Foster, past matron of Olton Chapter #847, installing marshal; Lloyd Lovvorn, member of Ungava Chapter #106 Riverside, Calif., installing chaplain; Lois Smith, past matron of Olton Chapter, installing secretary; and Enid Givens, past matron of Olton Chapter, installing organist.

New officers for the year 1967-68 are Lorene Stewart, Worthy Matron; Bert Stewart, Worthy Patron; Colleen Campbell, associate matron; Kenneth Campbell, association patron; Mildred LaDuke, secretary; Leona Dickinson, treasurer; Euna Sides, conductress; Sue Cure, associate conductress; Winona Cure, Chaplain; Marie Lawson, marshal; Ruth Franks, organist; and Ferol Pickrell, Adah; Bertie Lee Brown, Ruth; Latrell Hysinger, Esther; Nig James, Martha; Carol Sanders, Electa; Naomi Cooner, Warder; and Alton Cure, sentinel.

Following the installation

service, Mr. and Mrs. Lloyd Lovvorn presented entertainment, "Away Down South."

A reception was held in the dining room. The table was covered with a white linen cut-work cloth, with a centerpiece of two hearts united, carrying out the emblem and colors chosen. The base of the centerpiece was a large green star, and the two hearts were standing on end. They were of sea crystal blue. Refreshments of white cake with green united hearts and fruit punch with ice frozen in green and blue heart shape with tiny blue flowers inside. A blue crystal punch bowl was used in serving.

The united heart theme was carried out in all other decorations and arrangements of blue and green flowers graced the room.

The altar was covered with white satin with an open Bible, the square and compasses and the white satin Bible marker with a star of blue, yellow, white, green and red on it. The Star point pedestals were covered with white satin with fringe scarves of white with the star point emblems on each.

The motto for the coming year is "With God, all things are possible." Watch words are "Humility, Loyalty and Kindness.—Understand Each Other, Love Each Other, and Forgive Each Other."

Scripture is "We walk by faith, not by sight."

Out-of-town guests attended the installation from Riverside, Calif., Wilcox, Ariz., Clovis, N. M.; New Jersey, Amarillo, Petrus, Kress, Littlefield, Tulia, Lockney, Dimmitt, Lubbock, and Plainview.

Elaine Lewis To Be Feted

VISIT HUGULEYS

Mr. and Mrs. Alva Kersh and Mr. and Mrs. Bill Lunsford and family spent Saturday afternoon in the home of Mrs. B. B. Huguley where they all enjoyed ice cream.

ARRANGEMENTS brought by members of the Olton Garden Club were topic of study on "Design In Arrangements" by Mrs. John Lambright.

Painting On Display Of T-Anchor Ranch

An oil painting of the old T-Anchor Ranch House, which was built in 1877 from logs brought from Palo Duro Canyon by L. R. Dyer, will be on exhibit at the Olton State Bank for approximately two weeks.

Dyer came to the Panhandle with Col. Charles A. Goodnight in 1876. The T-Anchor Ranch House was the first house of any pretension in Randall County and is the oldest surviving

house in the Texas Panhandle. Dyer was Panhandle's first farmer.

The ranch was sold to Gunter, Summerfield and Munson in 1878 and became the center of the area ranching and development.

The house was later purchased by another pioneer, Mr. Prichard, whose two sons were responsible for the planting of the trees in the area, where they

lived during their boyhood.

The T-Anchor Ranch House is located north of Canyon one and nine-tenths miles from junction of Highway 87 and State Highway 217.

The painting belongs to Harold J. Prichard of Canyon, and was done by Mrs. Ann Tinkle of Olton.

Sewing Club To Meet At Souters

Olton Sewing Club will meet at the home of Irene Souter, Friday June 23 at 2 p. m. All members are asked to be present.

Design In Arrangement Is Garden Club Program

Mrs. John Lambright presented the program, "Put Design in Your Arrangement," at the meeting of the Olton Garden Club which was held in the Olton women's clubhouse Thursday June 8.

Meditation was by Callie Walker. Hostesses were Mrs. Frank Daugherty and Mrs. A. D. Melton.

Mrs. Lambright asked members to bring arrangements to discuss as to the design. Mrs. A. D. Melton brought diagonal and hogarth arrangements; Mrs. Pearl Schreier, crescent and a fan; Stella Cowart, vertical; Mrs. Athol Light, church and abstract; Mrs. Jack Allcorn, church; and Mrs. Lambright, abstract and an arrangement for breakfast table.

Others present were Mmes. George Brown, H. B. Carson, B. C. Cooner, R. H. Campbell, J. G. Estes, C. W. Phillips, Preston Sampler, and Jack Snider.

Next meeting is set Thursday, July 13 at the clubhouse for a salad luncheon. Hostesses will be Mrs. Jack Silcott and Mrs. Callie Walker.

TOPS Club Sets Salad Supper

Farmers Crops of Tops met in regular session Tuesday night at the women's clubhouse. Kathryn Allen presided over the business meeting. A salad supper has been scheduled for next Tuesday night and the trip to Lubbock was postponed indefinitely.

Minutes were read by secretary Mrs. Joe Chester. Inspirational thoughts were exchanged and a round table discussion followed.

Mrs. Tom Smith had gained the most weight so the "little fat lady" went home with her.

Poison Antidotes

Arsenic and strychnine. How much do you know about these two deadly poisons? Do you know that there is an antidote specifically for arsenic that if given soon enough can prevent death.

Do you know that there is NO ANTI-DOTE for strychnine?

At the risk of sounding like a frantic and melodramatic mother, I would like to take time out from my usual joking and kidding normally reserved for this space.

As a resident of the Hillcrest addition and a mother, I have become more than a little concerned over the recent and numerous dog poisonings that have occurred in our area.

To date five dogs have died in the last week of poisoning. An autopsy of one dog revealed the poison used was a combination of arsenic and strychnine, two of the most deadly poisons available.

After checking with one of the doctors in town, I learned some most interesting facts about poisoning in general and arsenic and strychnine in particular. And since it seems that this random and irresponsible poisoning will not stop until a child or adult is dead as a result of it, I have decided to print what little helpful information there is available on the subject.

Symptoms of arsenic poisoning are, vomiting, accompanied with watery and bloody diarrhea, garlic breath, and severe stomach pain. Strychnine symptoms are stiff neck and facial muscles followed by twitching, which goes quickly into convulsions resulting in death.

Arsenic is an acidic poison which burns the stomach and intestines while strychnine works on the central nervous system.

If you suspect someone of having been poisoned, quick action is the most important point to remember.

First grab up the person who I will refer to as a child, since children will be the most likely victims. Grab the child and immediately induce vomiting. Stick your finger down his throat.

Don't take the time to give emetics. Then

call for either an ambulance or get someone who is handy with a car.

If you already have some of the universal antidote for poison made up give the child a dose before leaving for the hospital. If you do not have the antidote right at hand do not take the time to mix it--you don't have enough time. Then get to the nearest hospital as fast as you can.

What little can be done for poison cases must be done very soon after poisoning in order to be of any help.

However morbid or melodramatic it may sound - if the child has gotten very much poison in his system, there is really very little that anyone can do, but help you pick out the casket and come to the funeral.

This is even more the case in the event of strychnine poisoning. Since there is no antidote for the stuff once the poison is in the blood stream, there is no way to neutralize it.

The body must try to fight the poison by itself. It takes very little strychnine to constitute a lethal dose, 1/8 teaspoon.

Poison is very serious business and one of our nations largest killers. I hope you will not think I am trying to throw a needless scare into you.

The scare is very real and the consequences are deadly.

Although this latest episode of poisoning will probably blow over quickly, each time it recurs, the odds of a child dying from it grow larger and larger. It is only a matter of statistics and time, unless this senseless lack of regard for human safety stops.

A universal Antidote for poisoning to be given immediately after vomiting has been induced.

2 parts Powdered charcoal (burned toast)
1 part Magnesium (milk of magnesia)
1 part Tannic acid (strong tea)

given in a dose of one teaspoon mixed with a small amount of lukewarm water.

Make some up and keep it handy. You may need it some day.

Olton Students In Piano Work Shop

The Plainview Music Teacher's Association and Wayland College sponsored a Work Shop Wednesday and Thursday, June 7 and 8, in the auditorium of Gates Hall of Wayland College.

Robert W. Dumm, professor of Music at the Boston Conservatory of Music, conducted the work shop. Wednesday afternoon, Dumm lectured on the subject "The Unknown Wolfgang Mozart."

Thursday afternoon from 1 to 2:30 Dumm selected students who had been registered as playing numbers from the five categories of pieces by Bach, Chord pieces, modern compositions, song melodies and dance numbers.

Registered in this group were four students of Harold Carson of Olton. These were Cynthia Johnson, daughter of Mr. and Mrs. Ershel Johnson, Debbie Vaughn, daughter of Mr. and Mrs. Clyde Vaughn, Jennie Lynn Gunter, daughter of Mr. and Mrs. Uil Gunter, and Joanna Carlisle, daughter of Mr. and Mrs. Clifford Carlisle.

Dumm selected at random five students from all those registered and commented on their playing the numbers chosen. Jenny Lynn Gunter played German Dance by Mozart.

STATE CAPITAL

Highlights AND Sidelights by Wern Sanford

A task force of federal officials, here for a conference on federal-state relations, got an earful from disgruntled state agency officials who complained of poor communication between Austin and Washington.

Gov. John Connally opened the conference by telling the men from D. C. that the federal grant system is characterized "by misunderstanding, disharmony and, in some instances, utter confusion."

Other state officials got down to specifics when the conference broke up into small groups to discuss intergovernmental coordination, health and welfare, education, water development, outdoor recreation, economic opportunity and manpower development.

They said they want to be consulted in advance about proposed programs; they want federal agencies to work through state agencies on local programs; they want block grants which would give state agencies greater latitude in tailoring federal programs to fit local needs; and they want specific, unconflicting instructions from Washington as to what is expected of them.

Since the federal officials had been through similar sessions in 39 other states, they took the criticism without flinching.

ENOUGH OIL? -- Texas Railroad Commission is keeping an eye peeled on the Middle East crisis in case it becomes necessary for Texas to help make up for crude oil shortages growing out of the hostilities between the Israelis and the Arab nations.

Commission Chairman Jim C. Langdon said Texas has enough reserves to meet any emergency; but while increasing oil allowances is easy, overcoming logistical problems would require ingenuity.

INSTITUTE OF TEXAS CULTURES--Newest state office to open in Austin is the Institute of Texas Cultures. Its task is to assemble educational exhibit material for the ITC building at the HemisFair in San Antonio.

After HemisFair '68 closes its six months' run, the educational program by the State of Texas will be continued there as a permanent feature.

KITCHEN KORNER

By Lela Gallion

I was asked for a quick roll recipe this week, so I will give you several.

Refrigerator rolls are the ones I prefer. Or in making the others I make them on the day I am not working and let them rise about half way, then put in the freezer, when they are frozen you can remove them from the pan and put into a plastic bag. Before going to work in the morning take out the amount you need and put in a greased pan, cover with a cloth and when you come home at noon they will be ready to pop right into the oven and will be ready by the time the rest of your dinner is cooked.

A reminder: If you have a very special recipe you would like to share with me and my readers and if you do I would appreciate it. Write me, Box 172, Hart, Texas. Thank you.

HURRY-UP YEAST ROLLS

3/4 c. warm water
1 pkg. dry yeast
2 1/2 c. prepared biscuit mix
Dissolve yeast in water. Mix in biscuit mix; beat vigorously. Turn dough onto surface well dusted with biscuit mix. Knead 20 times; shape as desired. Place on lightly greased baking sheet. Let rise about 1 hour, covered with damp cloth. Bake in preheated 400 degree oven for 10-15 minutes or until a rich golden brown. Brush with butter or margarine. Yield: 16 servings.

30 MINUTE ROLLS

2 pkgs. dry yeast
1/2 c. warm water
3/8 c. sugar
2 1/2 tsp. salt
1 c. warm water
2 eggs
5 1/4 c. sifted flour
4 1/2 T. shortening

Add yeast to 1/2 cup warm water. Let stand. Place sugar, salt and warm water in large bowl. Stir yeast solution thoroughly and add to sugar mixture. Add beaten eggs and half of flour. Mix well. Add melted and cooled shortening; stir vigorously. Add remainder of flour. Place dough on floured board and knead for 3 minutes. Shape dough into smooth ball and place in greased bowl. Brush top lightly with melted shortening. Cover and let rise 30 minutes. Punch down. Shape into rolls. Bake 15-20 minutes in oven at 425 degrees F.

REFRIGERATOR ROLLS

2 pkgs. yeast
1/2 c. lukewarm water
1 1/2 c. milk
1/2 c. sugar
2 tsp. salt
1/4 c. shortening
1 egg
5 1/2 c. flour
Soften yeast in water. Scald milk and add sugar, salt and shortening. Cool to lukewarm and add 2 cups flour. Mix thoroughly; add eggs and softened yeast. Beat well. Add enough flour more to make a soft dough. Turn out on lightly floured board and knead until smooth and shiny. Place in lightly greased bowl. Grease top and cover. Put in refrigerator. If dough rises in refrigerator, punch it down. When ready to use, mold at once in any desired shape. Place in greased pan and let rise until doubled in size. Bake in hot oven 425 degrees F. 15 to 20 minutes.

June is Dairy month and as in all months we should try and use as much milk or milk products as we can for our health sake. As we grow older we need more milk for the calcium for our bones. I know of a lady in her eighties, who fell two times and the doctors wondered why she hadn't broken any bones as the falls were quite serious and she was badly bruised, she still contends it is because she drank three glasses of milk a day all her life. Better start drinking milk, huh?

The following cake recipe is one which I was asked for this week.

RED VELVET CAKE

1/2 c. shortening
1 1/2 c. sugar
2 eggs
2 oz. red food coloring
2 T. cocoa
2 1/4 c. plain flour
1 scant teaspoon salt
1 tsp. vanilla
1 c. buttermilk
1 T. vinegar
1 tsp. butter flavoring (if desired)

Cream shortening, sugar and eggs. Make a paste of the coloring and cocoa and add to the mixture. Add salt and flour with the buttermilk and vanilla. Alternately add soda and vinegar and don't beat hard just blend. Bake in two eight inch layered cake pans greased and floured for 30 minutes at 350 degrees. Layers may be split to make four if desired. Frost with favorite frosting.

FRUIT COCKTAIL PUDDING

1 c. flour
1 c. white sugar
1 tsp. soda
Pinch of salt
1 egg
1 No. 2 can fruit cocktail
1 c. brown sugar
1 c. chopped nuts

Sift dry ingredients three times in fruit cocktail. Pour into oiled and floured pan, sprinkle with brown sugar and nuts. Bake 35 minutes at 350 degrees F., cool, and top with whipped cream.

SWISS HAMBURGER STEAK

1/4 lb. ground beef
1 egg
1/4 c. cracker meal
1/4 c. finely chopped onion
1/2 tsp. salt
1 can cream of tomato soup
1 c. water
Mix beef, egg, cracker meal, salt and onion together and shape into five patties. Dredge in flour and brown in hot fat. Place in greased baking dish. Add soup and water. Bake uncovered in 350 degree F. oven for 35 to 40 minutes.

APPLE PUDDING

1 c. flour, sifted
1 c. sugar
4 T. melted butter or margarine
1 tsp. soda
1/2 tsp. cinnamon
1/2 tsp. nutmeg
1 egg, beaten
3 apples, diced or sliced

Mix dry ingredients and add melted shortening, eggs, and apples. Bake in loaf pan at 300 degrees for 30 minutes. Serve with whipped cream or lemon sauce.
