Rain In Olton Seems 'The Order Of The Day'

A chance of afternoon or evening thundershowers. . . . It's getting to be an all too familiar tune in the Olton area where recent moisture measures up to 10 inches.

Heavy rain was reported Sunday with showers Monday, Tuesday and Wednesday and there was that "chance" predicted for today.

The rains started here Aug. 21 and continued for three straight days before an apparent clearing started.

Sunday night, however, another heavy rain hit and sudden showers were the order of the day all this week.

As one resident put it: "This seems more like coast country than the 'dry' plains."

Late Wednesday afternoon, rains came again to Olton, showering lightly for a short time.

South of town, however, at the Duane Eby farm, a deluge hit, bringing three and one-half inches of rain in one hour and 20 minutes.

Area farmers seemed to agree that there was little damage due to the weather but what we need now is "hot, dry" weather.

Melvin Berry, northeast of town, reported .02 of an inch of moisture Tuesday night and 1.07 on Sunday.

He said his rain gauge had been broken in an earlier storm but estimated total moisture at around six inches.

"Cotton looks fair, but we sure need hot weather now," he added.

G. E. Brown Sr. reported two inches of rain Sunday with a sprinkle on Wednesday and a total of over eight inches moisture, summing up the situation:

"We don't need it."

V. J. Carlisle reported 1.60 inches Sunday at his place southwest of Olton along with a shower Wednesday.

"We have had a-plenty," he added, saying that his grain looks O. K. now "but don't know how long it will if it keeps raining."

Carlisle estimated nine inches of rain this month.

At the A. J. Spain farm, a seven-inch total was reported.

Woods Take San Antonio Job Offers

Mr. and Mrs. E. C. Woods, both teachers in Olton school system, resigned this week to take positions with the San Antonio Public Schools.

Woods had taught here nine years and his wife, eighty years, at Bohner School. Woods was principal of Bohner until it was closed this year.

He had been employed to counsel and his wife as remedial reading teacher with the school system here.

The Woods left Olton Wednesday and were to start teaching this morning in San Antonio.

Mrs. Frank Daugherty reported an eight-inch total and rain Wednesday.

She said they only have grain so it is not hurting and added: "Nothing better for the grass."

Frank Farrar, east of town, reported three-fourth of an inch Sunday with 7.07 prior to that.

"Cotton needs lots of hot weather. Feed is not hurting," he said.

North of town, Don Franks reported a "good shower" Sunday night and said his crops are fine.

At the Jack Gullet farm, northwest of Olton, about one inch was reported Sunday night and the verdict was:

"The cotton will be fine if the sun comes out and stays."

Bob Huckabee reported a two-inch rain Sunday, bringing his total moisture reading to 10 inches. "Way too much" was the way he put it, adding:

"If it would quit now, it would be all right on the cotton, but it's raining right now."

The city would continue to operate as it does at present, collecting dues from members for its operating capital, and meeting its expenses with these funds.

The city would not obligate any city funds, under the proposed ordinance.

In other activity at the special meeting, the council passed a resolution asking the State Highway Department officially to widen Highway 70 a distance of one mile, from section line to section line east and west in the city limits.

The city also formally awarded its \$100,000 plus paving contract to High Plains Pavers, Plainview, and set per-foot costs to property owners at \$4.30 on front streets and \$3.95 on side streets.

In summary, here are details of the three subjects taken up at the council meeting:

ORC -- Attorney Malcolm Tisdale, President Derwood Copeland and other members of the ORC board met with the council and asked that "more governing power be given the city so the government will recognize the ORC as belonging to the city."

Tisdale explained that the ORC now has an exemption from social security and income tax because the Internal Revenue Service has ruled the ORC a city-owned political subdivision of the state.

Under this ruling, the ORC's members were still responsible for 20 per cent excise tax on dues, until the tax was taken off by the federal government on Jan. 1, 1966.

But Tisdale said there is still some question about the ORC's status and he proposed an ordinance which might save the club

some "future problems."

He explained that the Texas Employment Commission has obtained an attorney general's ruling on one nearby country club to the effect that club employees were not municipal and the club therefore was subject to taxes.

That question is now being settled in the courts, he said. ORC board members said they would like to head off any future questions about the Olton club's status by establishing the club as a city function.

Under a proposed ordinance, all club funds would go into a special account under the city, but apart from the rest of the city's budget.

Checks for ORC expenses would come only from the special account and would be co-signed by the city secretary and the ORC club treasurer.

A member of the city council would continue to serve on the board of directors.

Unemployment compensation and insurance for the ORC would be set up with the city's, and the ORC would pay its proportionate share from the special account.

The city would not obligate any city funds, under the proposed ordinance.

Official Paper?

We've been heading an official-looking paper with the heading, "Government Poverty Application", form No. 7908-571-30-MC-495-L, B. J.

It's addressed simply "Dear Citizen" and says:

"This form is being provided for your use if you have reason to feel you can qualify for government poverty grant. May we ask that you carefully study the important questions on this sheet and answer them to the best of your ability. If it can be determined that you qualify as a poor, a government representative will call on you to determine how much money you need."

The form asked four questions:

Do you eat as well as some of your neighbors?
Do you know of other people who have more than you?
Do you need more money to spend?
Do you find it difficult to pay your

monthly bills?

Do you know of any reason why you should not be able to qualify for a poverty grant?

And then there's the proper instruction: "Please sign or place your 'X' in the space below."

In case there's confusion in filling out the form, it lists the proper answers below: "No" to the first and last and "Yes" to the other three.

There is an incentive offer, too. "Do you know of three friends whom you think can qualify for a poverty grant?" the form asks.

"If so, please send their names and when these people qualify, we will send you another \$1000 poverty bonus."

The fellow who brought the form to us didn't say whether it was official or a joke. We're not sure.

LETTERS TO THE EDITOR

They Come Back For More In Rodeo At Boy's Ranch

Minister Tells Of Appreciation

Dear friends,

We wish to express appreciation to the church where we have labored and to our numerous and dearly beloved friends in Olton for the many kindnesses shown us during our stay in Olton.

You have received us graciously and treated us royally.

We leave Olton with great reluctance, yet the decision to go was ours to make.

We shall always remember all of you in Olton and the encouragement you gave us.

We especially thank you for the farewell party and those who prepared and gave to the "money tree."

God Bless and keep all in His care.

THE LANCASTERS

Dear Bill:

Our boys appreciate so much the help you are giving them with their rodeo. They are really working hard now to qualify for the many riding events. It is real entertainment just to watch them practice. No matter how rough the ride or how hard the fall, they always come back for more.

I hope you can use the enclosed story since it will help to make their rodeo the best ever. Thank you for the fine assistance you have been giving them.

A feature attraction of the 22nd annual Labor Day rodeo at Cal Farley's Boys Ranch, Sunday, Sept. 4 and Monday, Sept. 5, will be giant-size barbecued beef sandwiches, prepared and sold by the boys who are learning meatcutting and cooking as their future vocations.

Spectators and visitors who arrive early can buy the sand-

wiches for a picnic meal for \$1.25. The boys will include potato chips, all the trimmings, and iced tea.

The youngsters in charge of the barbecue are learning their vocations by working in the Ranch's dining hall where they feed all 346 boys and staff families daily. The rodeo and other special events during the year give them additional opportunities for practical experience, while at the same time helping to build their home through concession sales.

The rodeo will begin at 2:30 p. m., both Sunday and Monday. Tickets for either performance can be bought in advance from the Boys Ranch office, Box 1890, Amarillo, or at the arena. Reserved box seats are \$2.50 general admission is \$1.50, and childrens' and servicemens' tickets are 75 cents.

With all good wishes, I am Sincerely yours, Cal Farley.

TRIP TO EUROPE

Continued from Page 1

lery, considered the art masterpiece of Louis XIV with its ornate ceilings where the treaty of peace ending the first world war was signed June 28, 1919.

On the tours which they took by bus through Paris, there was a recording telling about each of the different sights they visited, and to have the recording in any particular language, all one had to do was to push a button, marked English, French, German, etc.

From Paris, the two flew to Zurich, Switzerland, taking a train to the mountain resort town of Lucerne, and "it was as wonderful as we had always heard, with its beautiful mountains."

From there they traveled to Salzburg, Austria, where the movie "The Sound of Music" was filmed. They stayed in the same hotel, "Oestereichischer Hof" on the River Salzburg, where Julie Andrews and cast stayed while making the film.

With an English-speaking guide, they toured the original sites found so beautiful in the movie. One such site was the famous Music Hall of Salzburg and Festival House and the birthplace of the famous composer, Mozart.

It is said by Alexander Von Humboldt, the great scholar and famous explorer and traveler, that one of the three loveliest spots on earth is Salzburg, with its peaks of the Alps. The Thompsons heartily agree with him. The other two were Constantinople and Naples.

"Tourists should not go to Europe and be afraid to ask questions. People were very friendly and helpful. They don't seem to mind being questioned and in fact, they don't seem to like the tourists who 'know it all' already," Mrs. Thompson said.

"These places are wonderful to visit but there's no place like home. We were both glad to get back to America and might add that we are glad that we were born in America and can call America home," she concluded.

YOU DON'T GET "HIGH" ON SOFT DRINKS!

Dear Amy:

I'm a single girl, 24 years old, and I just moved into an apartment at a luxury apartment complex. At the swimming pool I met a nice young man whom I have had at my apartment several times for dinner. Actually, I'm not trying to win his heart through his stomach but rather offering companionship since we both are not from this area and have very few local friends.

He has reciprocated a number of times by inviting me to his apartment for conversation and television. He knows that I drink nothing but diet-type soft drinks, and this is what he serves me — but lately I have been suspecting him of "spiking" my soft drinks. I haven't caught him at anything but I get a high, high feeling while I'm there. I don't get this way when he's at my apartment. Could I be imagining things?

Jeannie

"hugged and stole a few kisses" with two boys whom they knew.

I'm going on 15 now and attend a Christian high school 150 miles from home. When I was 13, I was running around with some wild girls. When my mother tried to make me quit before I got a bad reputation, I really fought her, but she won out. Then I decided, on my own, that I'd like to go into church work, and my parents obliged me by sending me to this school. The responsibilities given to me there and without being able to rely on my parents have made me really mature. When I came home this summer, I saw these girls and their names are well known by all the guys in town and their reputations are completely ruined. I feel sorry for them, but I'm proud and fortunate to have the title of a "nice girl" pinned on me, both at home and at school.

A Nice Girl

Dear Jeannie:

If you suspect him of promoting anything other than an above-board friendship, keep out of his place... and see him on neutral territory.

Dear Amy:

I am a 13 year old boy and I have a problem. I am starting to get girl-conscious. I don't think this is normal at my age and I'm afraid to tell my parents. Please help me.

Confused

Dear Confused:
It is not unusual for 13 year old boys to become aware of the opposite sex, nor is it anything to be afraid of.

The time has arrived, though, to corner your dad for a "man-talk." He can be helpful, reassuring and informative at this time. Do broach the subject soon.

Dear Amy:
Concerning your letter from a "Troubled Mother" about her 13 year old daughter as to whether she should allow her to date or not, I enjoyed and agreed with your answer very much. However, when I was 13, I was very "mature" for my age and I was allowed to date. I'm not saying that this young girl should date, because it's quite evident that she isn't very mature if she goes to a movie with a girlfriend and

Dear Sue:
You have such patronizing friends! Tell her: "Don't do me any favors... and I won't do you any!"

the city climaxed two years of work required to secure right-of-way deeds for the project. The council wrote into the resolution that the proposed construction will be "without center medians," as it promised property owners when they signed right-of-way deeds.

Mayor Bill Thomas said he would contact district offices of the State Highway Department at Lubbock and present the resolution as soon as possible.

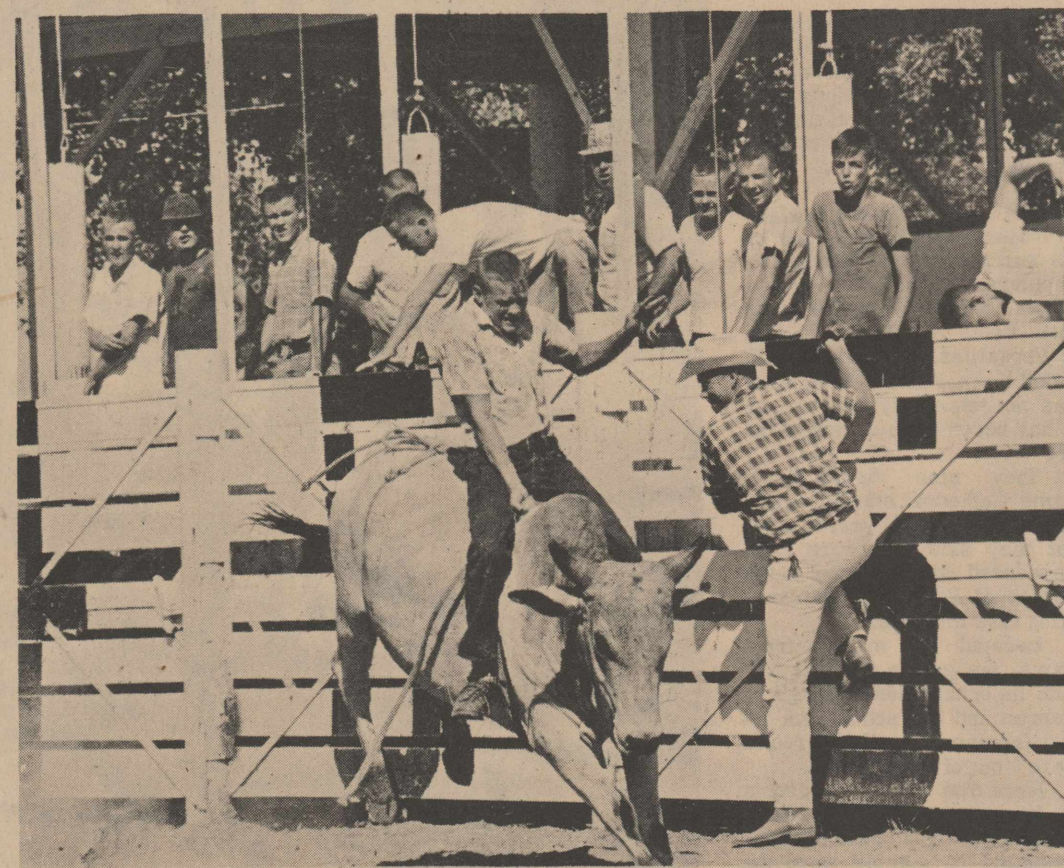

PAVING — After formally approving the paving contract with High Plains Pavers, Plainview, the city set per-foot costs for property owners, \$4.30 on front streets and \$3.95 on side streets.

The entire project, if all proposed paving is done will cost about \$108,000, including \$25,000 for seal coating of 101 blocks of current city paving.

The other \$83,000 will go for new paving of about 25 blocks.

The city will pay all of the seal coating costs and about 29 per cent of the new paving, for a total of almost \$50,000. That money comes from a \$60,000 bond issue approved by voters about two months ago.

Property owners' share of the new paving will run about \$59,000.

RODEO—Three hundred and thirty-six youngsters from 4 to 18 years old will be taking part in the 22nd annual Labor Day rodeo at Cal Farley's Boys Ranch, Sunday, Sept. 4 and Monday, Sept. 5. HUNTING SEASONS SET—State Parks and Wildlife Commission set November 12-December 31 deer hunting season in most major hunting counties under its regulatory powers. Opening date is earliest on record.

Season in general — law counties — those fixed by specific general statute— is November 16-December 31.

Shortened seasons were ordered for counties of the Trans-Pecos and Panhandle—16 days starting November 26 for the Trans-Pecos and November 12-November 29 for the 32 Panhandle counties. Antelope season in these areas will run from October 1-9 and October 1-4, respectively.

Turkey and javelina seasons generally remain the same. Commission allowed special bow and arrows hunting seasons in some counties October 1-31.

Tom Wittens Return Home From Trip Through Southwest

Mr. and Mrs. Tom Wittens and Mr. and Mrs. Charlie T. Burrus returned home Sunday night behind the rain after two weeks in the southwest. As they came through Clovis, N. M., water was running curb deep. They first went from Olton to San Bernardino, Calif., where they visited Mrs. Wittens' brother and family, Mr. and Mrs. C. G. Smith and children. Making this their headquarters for the next week. They visited Disneyland one day seeing every part they could in that time. They visited Santa's village which Lucille described as "just like Christmas"; drove to Lake Arrowhead; waded and swam at Balboa and Laguna Beach and also visited the Pottery Shack which covered a block at Laguna Beach.

The group visited Mr. and Mrs. Wayne Evans at San Diego, Calif. and from here went and joined the many tourists in Tia Juana, Mexico on Sunday evening. Here they went sightseeing and shopped for souvenirs including artificial flowers and wrought iron articles. From here they returned to San Bernardino and then on Monday went to Las Vegas, Nev. to visit a sister of Mrs. Wittens, Mr. and Mrs. M. J. De Arman and Kirk. They drove by the land the Wittens have bought near Las Vegas, attended a show at the Tropicana in Las Vegas. The De Arman's other son, Scott, is in Vietnam where he is riding guard on an ammunition truck to the front lines.

From here the group went to Williams, Ariz. where they

spent a night and then saw the Grand Canyon. They then spent several days at South Fork, Colo. Here they went jeep riding in the mountains with Mr. and Mrs. Ralph Roper, former Olton residents. Saturday they saw the Clyde Witten, the Larry Witten, and the Jack Witten families, and Mr. Bingham at Creed, Colo. They helped them move into their cabins across a swinging bridge crossing the Rio Grande. Since they couldn't drive to their cabins it took some two hours to make the move from this point. The Tom Wittens and Burruses returned to South Fork and visited Mr. and Mrs. Tommy Lewellen from Friona, Mr. and Mrs. Chester Hooper of Plainview, and Mr. and Mrs. Winford Smith of Halfway.

Stopping enroute home at Santa Fe, preparations were being made for the annual festival, streets were blocked and Indians had more wares set up than usual around the Old Governor's Palace Museum.

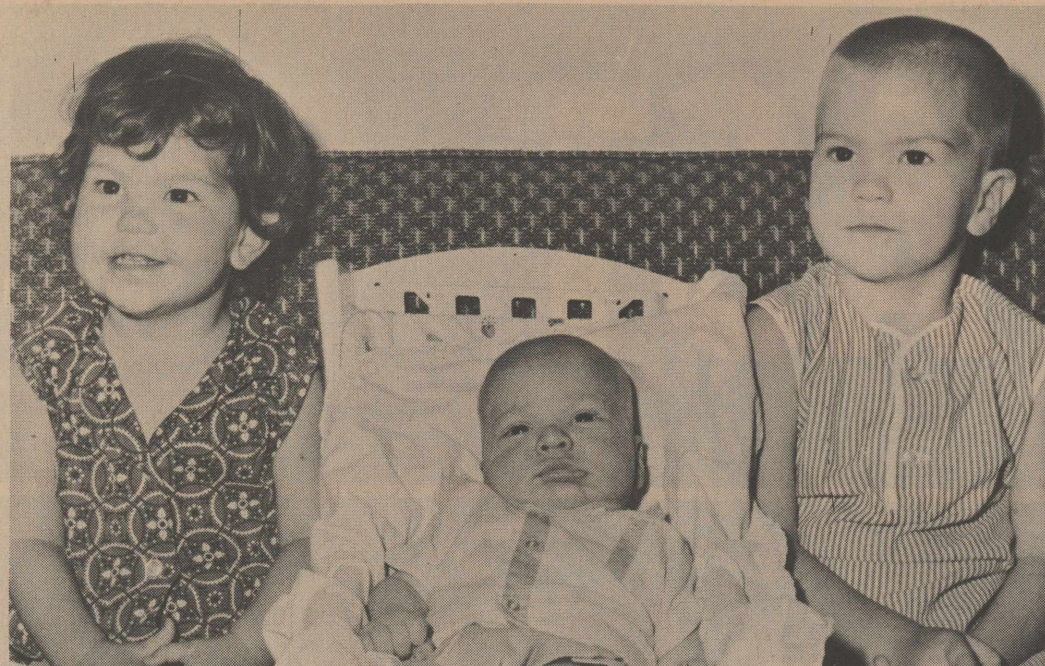

When the Wittens arrived home, they found apple trees in bloom.

BY SANDEE GREGORY AND JANE ANN DUNCAN

School officially opened Monday and what a day it was! The halls were crowded with confused freshmen, sophomores, a few juniors and even some seniors were heard asking teachers and fellow classmates where they were to go. Mr. Turner had quite a day in his office changing student schedules and registering new comers. All of the teachers introduced the students to their new courses and mapped out the year ahead with rules and projects.

Emma, our foreign exchange student, seemed to be in the swing of things and as far as we know she seems real well adjusted. In fact, she is better adjusted than most of her classmates.

The first big event since school started will be our first football game here with Morton next week. We hope to see all of the kids there with their bubbling spirit to support our mighty Mustangs.

Anyone for ice cream? The band kids were! Last Friday night, the O. H. S. band gathered after practice for a good time. And a good time it was!

Besides eating all the ice cream possible everyone (mostly freshmen!) played games ranging from rabbit to choo-choo. And if anyone hasn't played games like these, you've missed something! Anyone for another game of choo-choo?!!

ODD 'N' ENDS

The Mustangs will have a scrimmage here tonight at 7:30 so go if you can.

Monday we had a brief assembly and Mr. Turner told the freshmen and reminded the upper classmen of old rules and new ones that should be kept this school year.

Pretty soon the annual staff will be selling "Beat" tags, mums, school papers, and they will begin to sell their '66-'67 Mustang annuals. If you aren't too loaded with money and you want some of these things, start earning and saving your money now.

WHO'S WHO

Donnie Fancher: Since when did you pick up your new habit?

Danny Amerson: How come the choo-choo game interests you so?!

Lynda Blackwell: We guess you have more important things to do than register for school!

Dixie Griffith: If you love me, smile for me! I? Sound familiar?!

Danny Sides: Do you have to go to such extremes just to get out of football practice?

Joe Fincher: Do girls always go around slapping you like THAT?!

Eddie Hooper: Are you afraid of what effect girls might have on you? Chicken!!

Gary Hukill: how was your trip to Littlefield Tuesday? Did you learn anything?!

Lynn, "Who did it?!"

Jerri Cross who's at the Fappy Farm?

Eulinda, what happened in Abilene? Oh, yes, did you see any red paint in Littlefield?!

UP FOR LAFFS

Mark Chitwood: What can you put up a spout down that you can't put down a spout up? Gary Dickenson: An umbrella.

Rickey Smith: Since I met you, I can't eat, I can't sleep, I can't drink! Sandee: Why not? Rickey: I'm broke!

Mrs. Lester: How can I know when soft-boiled eggs are done?

Paulette McFadden: You look out of the window at the traffic light, I like mine three reds and a green.

Danny Amerson: "On the right of me was a lion, on the left of me were wildcats!" Harry Max: "How did you get away?" Danny: "The merry-go-round stopped."

Adult education is wharpoons on in a household containing teenage children.

When Robert E. Lee said, "Men, there is a traitor amongst us," he really meant, "I think our 007 is really their 007!"

When Paul Revere yelled, "The British are coming!" he really meant, "Oh, no! The Beatles!"

When Nathan Hale said, "I regret that I have but one life to give for my country," he really meant, "I wish I could stick around a little longer and help fight the war in Vietnam."

When Newton said, "Everything that goes up must come down," he really meant, "if you think that hair spray is going to hold up your beehive, you're nuts!"

FOOTBALL CONTEST

The teams that are playing in this week's contest games are listed in each of the ads on this page. Each team is numbered, 1 through 28.

Use the handy entry form at the lower right hand corner of the page and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries but none mailed directly to the Enterprise will be accepted. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Each week the number of games predicted correctly will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. The person with the second highest total will receive the second grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.
