### JUNIOR CHAMBER OF COMMERCE ORGANIZED LAST NIGHT

Five state and regional officers and about twenty members of the Hamilton Junior Chamber of Commerce were scheduled to meet last night (Thursday) to help Mills County young men organize a Junior Chamber of Commerce for Mills County.

The meeting was to be held at The Hangar, beginning at eight o'clock. Refreshments were served.

Much enthusiasm was shown at two pre-organization meetings which have been held here, one on Sept. 16 and the other on last Thursday night. At the first meeting a steering committee of nine was elected to perfect organization. They included: Glen Geeslin, Gerald Head, Jesse Moreland, Jesse Saegert, Y. B. Johnson, Raymond Summy, John Gwin, Rex Collier and Herbert Faulkner.

At the meeting held last Thursday night in the District Court room here, a Board of Directors and committees were elected. The Board of Directors include: Jesse Moreland, chairman; Gerald Head, John L. Gwin, Rex Collier, Raymond Summy, and Lawrence Dalton.

Refreshment Committee—Geo. Gilbert, chairman, Burl Holland, and Earl Armstrong.

Membership Committee—Glen Geeslin, chairman, J. D. Harper, Jesse Saegert, J. C. Wesson, Y. B. Johnson, and Charlie Wilson.

At the scheduled meeting last night, permanent organization was to be perfected, and officers elected.

### NABORS CREEK VOTING BOX DISCONTINUED

Upon petition of the majority of the voters of the Nabors Creek Election Precinct No. 2, Commissioners Court of Mills County at its last meeting voted to abolish this voting box and to annex it to Election Precinct No. 19 (Goldthwaite west-side) effective September 13, 1948.

Consequently voters of the former Nabors Creek box will vote in the Commissioners Court Room in the County Courthouse on the General Election of November 2, 1948 and thereafter.

### FARM AND RANCH GROUP ORGANIZED FOR MILLS COUNTY

In a meeting last Thursday night at the Mills County Agricultural Building of landowners who live in and around Goldthwaite, a tentative organization was set up for the purpose of studying better farming methods. Dr. T. C. Graves was appointed temporary leader and the group decided to meet again on Oct. 7, to discuss cover crops and fertilizers. Others present were, W. P. McCullough, E. T. Fairman, A. L. Reese, Howard Campbell, Carlos Patterson and L. F. Bain.

owners in and around Goldthwaite an opportunity to meet with the various agricultural agencies and to discuss common problems with other members of the group.

"Cover Crops and Fertilizers" was chosen as the first topic for discussion in this group. The date for this meeting was set for Thursday night, October 7, at 7:30 p. m. Everyone who would like to get into this discussion is invited to attend. T. F. Bain, Administrative Officer, PMA, and Ben R. Day, Work Unit Conservationist, will lead the discussion on the various phases of cover crops. The auditorium in the Agricultural Building will seat approximately 100 people and it is hoped that each seat will be taken.

#### NOTICE

The Goldthwaite Home Demonstration Club will have a pie sale Saturday, October 9th, from 2 to 5 at Archer Grocery Store. Call 1619F21 or 1611F4 and place your order now to be assured of the kind of pie you want.

### EAGLES TO PLAY SECOND CONFERENCE GAME WITH BURNET

The Goldthwaite Eagles meet the Burnet Bulldogs on Eagle Field here tonight, game time being eight o'clock.

It will be the Bulldog's first District 22-A Conference game this year, and the Eagle's second. The Eagles lost to San Saba Armadillos on Eagle Field here last Friday night to the tune of 12 to 7 in their first Conference play for 1948.

The Burnet Bulldogs colors are green and white, and the Eagle colors are black and gold. Bert Brewer is coach for the Eagles, while the Bulldogs are coached by Charles Caraway, with Joe Evans assistant coach. The Bulldogs, in practice games this season, ran over Johnson City 30 to 0; they lost their second game to the Taylor Ducks to the tune of 39 to 0; and last Friday night they fought the Belton Tigers to a 0-0 tie.

One of the largest crowds ever to attend an Eagle Field Football game was present last Friday night to see the locals lose to San Saba. The Eagles woke up in the last quarter and went to town with 7 points and were well on their way to another touchdown when the whistle blew.

A large crowd is expected to see the game tonight. Burnet has asked for and received over 500 tickets to be sold there.

FREE TO WRITE!

By JOHN REED KAREL  
Former Editor, Kewaunee, Wis., Enterprise  
This is Fire Prevention week, but it is also National Newspaper week, so while Mayor Duvall ably discusses the former in his adjoining proclamation, I will devote a little attention to the latter. It is, by heredity, occupation, choice and pay check, close to my heart.

Setting here, propped up in front of a typewriter, I am free to write anything I desire just so long as it is within the bounds of common decency and the liberal postal regulations. I can publish that writing in my newspaper and send it through the mails into the homes of this community. I need show this column, before it is published, to no one. I am the sole judge of what will occupy this space this week.

Here in America we call that "Freedom of the Press." It came down to me, as a marvelous privilege, from the men who fouded our country. It is not a "smart alec" right which I can abuse, because it is governed by the needs, requirements and good judgment of the people of my community. They demand of me the truth wherever it is possible to obtain it, and accuracy in my reporting. They can by the very weight of their collective opinions, put my humble opinions out of business.

So then, Freedom of the Press, as we celebrate it during National Newspaper week, is not merely my freedom to print what I please. It is, let's say, my right to say what I think in my own newspaper providing I do not offend the patriotism, the good morals and the collective better judgment of a majority of my readers.

This is a marvelous privilege, compared with what the Press of the rest of the world enjoys. Only free men enjoy the right of a free press . . . but it is also true that only a free press can guarantee and maintain the rights of a free people. Sitting here, I can write that I dislike the policies of my government and my President; that I don't like the way the army is being run; that church services will be held next Sunday. But the larger portion of the world today, editors and writers, can't say those things. A man who writes for a government-controlled newspaper, or the dictator press, can say only those things which are put in his mind by his bosses. And when that happens, the people who read those newspapers are no longer free.

So I would say that National Newspaper week is just as important to you, the reader, as it is to me. It isn't a week in which you are expected to eat more apples, buy a lapel button or don your straw hat. It's simply a week in which thoughtfully and of your own free will, you should resolve that you will do everything in your power to keep the press of America free.

In that way, you will simply be guaranteeing the continuation of your own Freedom!

ONE FLAG IN A TROUBLED WORLD

Even in these days of strife and tumult there flies one flag that is the same the world over. It is the flag of an army militantly fighting for peace in 97 countries.

The blue, red and yellow banner of The Salvation Army will be 70 years old September 26, and it is most fitting that we pay tribute to this ensign of an international army whose motto is "Marching forward to a better world with heart to God and hand to man."

This tri-color is the flag of love, hope and mercy for men of all races, creeds and colors, and during its seventy years it has gained the bloodless victory of truth and mercy—the victory that men and women who believe and who are willing to abandon their own devices for the plan of God can find peace in our world.

In the early days this flag was attacked, insulted and ridiculed, but the more it suffered, the greater became its spiritual strength, until the ridicule turned to respect and the insults became tributes to the devotion and self-sacrifices of the men and women who marched beneath it.

This is the flag that flies over a Displaced Persons camp in Berlin, Germany, where refugees of 42 nations are represented. This is the flag which will fly over the Texas Capitol in Austin September 26, the day which Governor Beauford H. Jester has designated "Salvation Army Flag Day" in recognition of

All-Time Best Seller

Lesson for October 3, 1948

IF ALL the Bibles sold in one year by one manufacturer, the American Bible society, were piled on top of one another, flat—not endwise—that pile of Bibles and testaments would be 26 miles high. In 1947 that firm put out the astonishing total of 9,310,439 Bibles, testaments or portions. During the first 125 years of the society's existence, 305,579,217 copies of Scripture were printed and sold by them, this would make one shelf 870 miles long.

The Bible is the best selling book in the world. No other book is in its class.

Not to know the Bible is not to know the most widely read book in the world. The American Bible society publishes it in only 167 languages, but parts of it have been translated into as many as 1,000 languages and dialects.

Many Authors

SUCH popularity must be deserved. There are many reasons why the Bible continues to be, year after year, the all-time best seller. But one of the reasons is its impressive variety. It is not one book, it is a library of books. Whatever your mood, whatever you need, there is a page in the Bible, somewhere, for you.

A Christian will try seriously to appreciate the whole Bible and not merely one or two parts of it. Yet there is such variety in it that invariably some persons are attracted by one feature of it while another feature makes stronger appeal to others.

Our studies these next three months will be in "The Literature of the Bible" and each week we shall be noticing a different feature. This week we give a thought to the tremendous variety of the Bible, along with its underlying unity.

Many Types

LOOKING through the Bible you find all varieties of literary types; you find poetry and prose; stories, essays, sermons, biographies, dramas; rhapsodies, love songs, funeral dirges and battle hymns.

Here are pages as prosaic as a telephone book and here are pages more exciting than any fiction. Here are simple, straightforward ideas that a child can understand as soon as he understands the words and here are mysteries so profound that the world's mightiest and boldest minds shrink back in awe.

The Bible is not like a piece of music played on one single instrument, like a tune on a piccolo; it is more like an immense symphony—the more often we listen to it, the more we hear in it.

Many Times

NO ONE knows exactly how long it took for the Bible to be written. Let us suppose that the earliest parts came from the pen (or stylus) of Moses, and the latest part (John and the Revelation) if Moses flourished around 1200 B. C., that would mean that the Bible was completed 13 centuries after it was begun.

In 13 centuries much can happen, and much did. There is hardly any circumstance or crisis, there is scarcely any time, however humdrum or thrilling, which does not have its match in the Bible. Its writers were inspired men; they knew God. But they also knew the times in which they lived, and thus can speak to ours.

One Theme

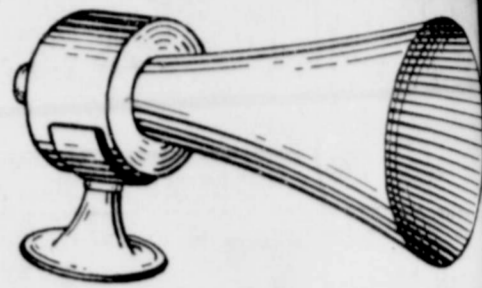

FOR all the vast variety of the Bible, there is in it a deep and lofty unity. It is bound together by its mighty purpose, which throbbes in the heart's blood of every man who wrote a line of it. That purpose is to make God real to man, and to bring man to God. The writers of the Bible may have had their lighter moments, but they did not write these pages then.

They wrote under the irresistible impulse, born of the Holy Spirit, to make plain to other men what God had revealed to them.

So as you come to the Bible, remember its purpose is not to make you admire or revere it as a book; its great purpose is to be transparent, a window through which you shall see God.

 Sec.-Treas.

### GIRL SCOUT COUNCIL

I promise to do my best  
 To love God and my Country  
 To help other people every day.

Especially those at home.  
 This is the Brownie Scout promise. Yes, there are approximately 1,100,000 little girls in the United States seven years old this fall. They would like to become Scouts, if there were enough leaders. They are eager to find out about the world and to have fun.

There are sixty-five registered girl scouts in Goldthwaite, eager to get started in the work this year. If you have a daughter between the ages of 7 and 15, won't you volunteer to be a leader and call the Council Chairman, Mrs. Fred Reynolds?

Girl Scout week including Juliette Low's birthday is Oct. 31 to Nov. 6. We would like for all troops to begin work this month. October is the time for hiking; the time for cooking out of doors; for nature hunts; the time to look in our cellars and attics for trash and rubbish for October 3rd to 9th is fire prevention week.

Let's make this one of the best years in Girl Scouting in Goldthwaite.

The council will meet Wednesday morning, Oct 6th at 9 o'clock at the Scout House. All Council Members, Leaders and would be Leaders, please be present.

### EAGLE'S TALE DEBUT

### ROUGHEST, TOUGHEST PRISON RODEO TO OPEN OCTOBER 3RD

Huntsville—The 17th Annual Prison Rodeo will open on October 3rd for the first of five Sunday shows and one Wednesday Matinee, during October.

Governor Beauford H. Jester will be on hand to witness the first performance, which will feature the H-SV cowboy band among its many star attractions.

This, and subsequent performances, will feature the roughest string of broncs ever corralled and driven to the shutes, according to top hands, now exercising in the yard.

This prediction was made by inmate contestants who are old hands at forking a horse, after viewing the horses and watching some of the best riders, top horses to determine whether or not they are vicious enough.

Most riders are non-committal about their chances in the coming Rodeo, in view of the fact that the stock is the best they have ever seen.

Albert Moore, Rodeo Manager, has also selected a wild group of Brahma bulls, bucking mules, and some very skittish wild mares, that inmate contestants will attempt to milk.

The larger crowds expected this year, will be efficiently handled due to increased seating capacity in the new sections of the million dollar stadium now under construction at Huntsville.

Rodeo dates are: October 3, 10, 13, 17, 24 and 31; with proceeds going to the Prisoners' Educational and Recreational Fund.

### INTERNATIONAL ARMY FLAG OVER 97 NATIONS

Dallas, Sept. 22—The red, blue and yellow flag of an international army which is carrying on a one-world fight in 97 countries around the globe against sin, distress and poverty will be 70 years old September 26.

The flag is the tri-color of The Salvation Army, and Governor Beauford H. Jester has proclaimed September 26 as "Salvation Army Flag Day in Texas" in recognition of the "great work for God which this valiant army is performing among our people in Texas."

Governor Jester commended The Salvation Army as being the agency on the spot at any time and anywhere human need arises in Texas, and ordered The Salvation Army flag flown from the Capitol dome on September 26.

In announcing the 70th anniversary of The Salvation Army Flag, Lt. Col. Charles H. Dodd, Texas Division Commander of the Army, described it as a "flag that is the same the

world over... a flag that never has caused trouble; never divided people; never caused bloodshed... a flag that speaks of Jesus, the Prince of Peace, the Saviour of Mankind."

He added: "Few people are familiar with this flag, yet it has brought new hope and a better life to millions of men, women and children in almost every country in the world."

This little-publicized flag was designed by Catherine Booth, wife of William Booth, founder and first general of The Salvation Army.

The flag is red and blue with a bright yellow star in the center on which are the words "Blood and Fire."

Colonel Dodd explained that symbolize the great end in view. The blue border typifies holiness; the crimson ground a perpetual reminder of the Christian lesson—salvation through the blood of Jesus; the yellow star betokens fiery baptism of the Holy Ghost; and the motto on that star, "the Blood of Jesus and Fire of the Holy Ghost."

### GOLDTHWAITE H. D. CLUB

The Goldthwaite H. D. Club met Sept. 24 in the home of Mrs. S. D. Roberts with Mrs. Ellen Galloway as co-hostess. Our meeting was opened with a prayer by Mrs. Blake. After giving our club pledge, roll call was answered with "The office I had Rather Hold," and "How I Can Help to Have a Better Club." Mrs. Blake, our librarian, brought some of our new books and our old ones. They were discussed and distributed to members. Council delegate gave her report naming Mrs. E. D. Robertson as delegate to state meeting at Temple.

Mrs. Allen Ross was appointed Recreational Chairman to take Mrs. McCombs place who recently moved away.

We voted to have a hobby and style show in October with Mrs. A. P. Fambrough hostess and Mrs. Oscar Burns co-hostess. We also voted to have a pie sale October 9 from 2 until 5 o'clock. The pies will be in Archer Grocery store with H.D.C. ladies in charge.

Mrs. Nickols was leader for the following program: (1) Lunch Box Fillers, by everyone, (2) Care of Clothing, Cleaning and Pressing, Mrs. Floyd Sansom, (3) Selection of materials and Colors for Tailoring, Miss Hintz.

A delicious refreshment plate was served to nine members, one child, and two visitors, Mrs. A. R. and Mrs. C. V. Whatley.

SANTA FE CARLOADINGS  
Santa Fe system carloadings for the week ending Sept. 25, 1948 were 27,346 compared with 28,825 for the same week in 1947. Cars received—connections totaled 12,989 compared with 12,418 for the same week in 1947. Total cars moved were

40,325 compared with 41,243 for the same week in 1947. Santa Fe handled a total of 38,032 cars in the preceding week of this year.

NATURE'S LAWS

DR. T. A. WILLIAMS

Nature's Laws are unchangeable. They are always good, reliable, stable. What you make of them is largely up to you. Pain is a protest, a warning; find the cause of it and correct it. Nature's laws will help you if you will give them a chance, and the results are good as the following facts reveal:

CASE NO. 357, man, age 28, had headache in early morning which would gradually extend down neck and back, and by night he ached to his knees. He was nervous, a restless sleeper, had gas and constipation. He was unable to work or study.

This patient came to the Williams Chiropractic office in March. He has now been working 12 to 14 hours a day for four months.

### FREE PRESS DEMANDS VIGILANCE OF THE NEWSPAPER READER

The week of October 1 through 8 is National Newspaper Week. The following article is reprinted from "How to Get the Most Out of Your Newspaper," published by the New York Herald-Tribune:

Article I of the Bill of Rights states that "Congress shall make no law... abridging freedom of speech or of the press."

This is the written guarantee of freedom of the printed word in the United States.

Freedom of the press, a privilege of democracy, also exacts a responsibility from us, the citizens who enjoy it. We must, as part of our birthright, think for ourselves about the important questions of our time. Because we aren't handed our opinions, cellophane-sealed, from a political Can't-Be-Wrong on high, we have to shape our decisions in our own minds, the hard way. And we are further committed to base our judgments, not on emotional bias or lazily parroted generalizations, but on the evidence of the complete facts.

A Common Carrier  
Radio, television and the magazines help in some measure to provide this type of evidence. But towering above these media as a common carrier of public information is the press, the tremendous, influential, dynamic force of the almost 2,000 daily and 10,000 weekly newspapers published in the United States today.

Newspaper readers, obviously vary. Some take their papers lightly, as they would a movie, a

detective story, a game. Skilled and conscientious readers, on the other hand, read, learn from and evaluate their newspapers to get the most out of them.

True, it's very much our own business which newspapers we read and how we read them. But we cannot overlook the need for good newspapers, and above all, for intelligent reading of good newspapers.

For, like it or not, the world we live in is inescapably our business, too. And today, as through all history, there are forces in it reading over our shoulders, quietly welcoming all uninformed, unquestioning mentalities. Why? All the "isms" that discount and take over the individual thrive best when the people have lost communication with, and even desire for, the whole story — i. e., when they've lost the knack of weighing the facts and thinking for themselves.

Yes, we in America are free to read whatever newspapers we prefer, in whatever manner we choose — or to read no newspapers at all.

But the next time we stroll past a newsstand, we might remember this. To keep our freedom of the press, along with its sister-freedoms, we Americans may have to discipline ourselves to make the most of it.

For largely by skilled and conscientious use of newspapers can we arm ourselves with the truth about the world in which we live. And it is the truth, plus the unquenchable desire of free men for the truth, which will fortify the human race against tyranny and enslavement.

### PRE-SCHOOL P.-T.A. MEETING OCT. 6

Members of the Pre-School PTA will have no worries about their children when they meet at the school Wednesday, Oct. 6 at 4 o'clock. Mrs. Claude Dickerson will care for the children at her home, with the organization paying the fee for this service. "The Inseparables — Body and Mind" will be the topic at this meeting. Dr. C. M. Smith is to be guest speaker.

A large number of women attended the last meeting, thereby becoming charter members of the group. Officers included Mrs. Howard Campbell, chairman; Mrs. L. V. Benningfield, Vice Chairman; Mrs. C. M. Smith, Secretary-treasurer.

Committees appointed were: Hospitality, chairman Mrs. Boyd Morris; Mrs. A. W. Hardgrave, Mrs. Floyd Langford, Jr.; Child Care, chairman Mrs. Gerald Head; Mrs. C. E. Kavanaugh; Mrs. C. F. Stubblefield; Mailing List, chairman Mrs. W. M. Johnson; Mrs. Douglas Jones.

### AMERICAN LEGION BACK-TO-SCHOOL SAFETY PROGRAM

School bells are ringing again! The American Legion therefore urges that everybody—children and adults—review the rules of traffic safety.

"With vacation over, and children going back to school, drivers must be extra careful. But all of us must see that the children are as safe as possible on our streets," Howard Campbell, Commander of the American Legion said this week. "And when I say all of us, that's just what I mean. The safety of our children is a job for the whole community, parents, the police, school officials, teachers, and every club or organization that numbers motorists, parents or young people among its members."

The child safety campaign this month is part of a continuing traffic safety program coordinated in this city by the Harry Edmondson Post of the American Legion, and sponsored statewide by the Texas Safety Association and the American Legion.

Back-to-school safety pointers Campbell listed are:

1. Motorists, give the kids a "brake" by using special caution in residential areas, school zones, and wherever you see them.
2. Parents, see that your children know the safest route to school—and that they know how to behave safely in traffic. And set them a good example.
3. Older boys and girls, watch out for the smaller children. They follow your example, you know—so give them a good one to follow.
4. Younger children, obey your traffic officers and school safety patrols. Keep out of the street except when you cross with the traffic signal, and always cross at the inter-

section, never in the middle of the block.

### RULES FOR CHILDREN

1. When walking, stop at the curb, look both ways and for turning traffic before you cross.
2. Cross streets only at crosswalks, wa k, do not run.
3. Obey traffic officers, school crossing guards, school Safety Patrols and all traffic signs and signals.
4. Play on the playgrounds, yards or vacant lots, never in the street.
5. Learn the safest route from your home to your school playground—then follow it.
6. Roller skate only on the sidewalk.
7. If there are no sidewalks, walk on the left side of the road facing traffic.
8. Never play in an alley or driveway.
9. Never try to "hitch a ride on a vehicle."
10. Never roller skate or coast from drive or alley into street.

### PRIDDY SCHOOL OFF TO GOOD START

The Priddy School started its 1948-1949 term on August 30, 1948 with the faculty as follows: T. M. Cash, Supt.; H. H. Hook; Aubrey L. Wilhelm; Mrs. Effie M. Jack; Mrs. Ester Dorgan; Mrs. Helen Green; Mrs. Edna Teinert; and Mrs. Doris Brewer.

**BURGLARS BREAK IN CHRISTIAN CAR AGENCY**

(Pampa Press)  
 A handful of sightseers had an exciting and suspense-filled half hour in front of the Tex Evans Buick Company, 117 N. Ballard, last night as City Police, State Highway Patrolmen and newsmen surrounded the building in a trap set for knob knockers. But the thieves had slipped away a few moments earlier.  
 City Police received a call shortly before 8:30 p. m. that burglars were seen crawling around the floor of the Buick show room office. Patrolmen Shirley Nickols and Dwight Day rushed to the building from the south side of town. Leaving Day in the front, Nickols and a reporter went to the rear where they found a window open. Nickols went inside, unlocked the front door to admit Day. Inside they found the two office safes open. The knob of the one had been broken off, but the burglars got away without any loot.  
 The patrolmen at first thought they had the thugs cornered inside the building and a radio call brought State Highway Patrolmen P. C. Wynne and Billy Ballinger to the scene. But a thorough search failed to yield the safe crackers.

**TEEN-AGE DRIVERS**

Are teen-age drivers as reckless as older folks say they are? The National Safety Council says the answer is "yes."  
 The 1948 edition of "Accident Facts," the Council's statistical yearbook includes studies made of accident rates of drivers in various age groups. These studies show that the fatal accident rate in terms miles driven by youngsters under 20 was 89 per cent higher than the average rate for all drivers.  
 The Council believes driver training courses in high schools and colleges are a big part of the answer to the problem. Better examples by parents and other older drivers would help a lot too, it says.

**CHRISTIAN SCIENCE SERVICE**

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, October 3.  
 The Golden Text is: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light" (Romans 13-12).  
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The way of the wicked is as darkness; they know not at what they stumble" (Proverbs 4:19).  
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We are sometimes led to believe that darkness is as real as light; but Science affirms darkness to be only a mortal sense of the absence of light, at the coming of which darkness loses the appearance of reality" (page 215).

**NURSES NEEDED**

Competitive examination for positions in public health nursing with the affiliated local health units of the Texas State Department of Health has just been announced by the Merit System Council for the Texas State Department of Health. Examinations will consist of an evaluation of training and experience and a written examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces, and who make a passing score on the examination.  
 Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Tex.

"ACCIDENT FACTS"  
Chicago—Be glad you are not  
a centipede. Think what might  
happen!  
The 1948 edition of "Accident  
Facts," statistical yearbook of  
the National Safety Council,  
points out that occupational ac-  
cidents alone cause approxi-  
mately 250,000 finger injuries  
and 60,000 toe injuries each year.  
Most of these injuries are  
caused by handling materials  
and falling objects. About 9 per  
cent of these injuries are of a  
permanent nature.

You will get a higher food  
value and improved flavor by  
cooking cereals in milk instead  
of water. But remember that  
milk scorches more easily than  
water, so when you cook cereal  
in milk, use a double boiler.

FOR SALE—670 acres—60 in cul-

### LETTER FROM VOYD HENRY IN ENGLAND

Mr. and Mrs. D. D. Henry of Star, Texas, received the following letter from their son, who is with the Air Force in England:

Dearest Folks:  
Well, we arrived here yesterday about 7:00 p. m., Sept. 12.

But I will tell you that about my trip over. We left Roswell by airplane at 2:00 p. m. in a C-47. We flew to Scott Field, Ill., and ate supper and then we flew to Andrews Field, Washington, D. C., and stayed all night. Two more boys and I went into D. C. and looked the town over and I got to see the Capitol of the United States. The next morning we flew to La Guardia Field, New Jersey, and from there we went by truck to Fort Dix, N. J., then by truck to Camp Kilmer, New Brunswick, N. J. Then the next day we hailed trucks and went to Pier 12 at New York harbor and got on our boat, the "Lt. Alexander N. Nininger," a Liberty ship. We left New York and I got to see the Statue of Liberty and also Coney Island. Then we were on the ocean ten days before we stopped a while in Ireland and then we went to Liverpool, England, and by train

over here to Warrington, England, which is one hour from Liverpool.

I want to tell you that the English Channel is full of wrecked ships that are sticking out of the water from the German's V-2 Rocket bombs during the war.

Well, I didn't get sea-sick, all I got was a bad cold. It is cold and rains all the time over here.

Mother, I changed my money into pounds, shillings, crowns, and six-pences in Warrington. Boy, is this money a mess! Ha! But, England is a very beautiful country.

I barely have time to write you all today because we are moving to another part of England right away. I will write more next time. So bye for now.

Your son,  
VOYD V. HENRY.

### GOLDTHWAITE TEAM FIRST

(By LANO BARRON, Texas FFA Adviser for Progressive Farmer.)

Keen competition among the judging teams from 171 Texas high schools made a lively day at Texas A. & M. College recently, when the state FFA judging

contest finals were held at College Station. Winners in the state contests will compete in national contests in October.

Livestock and meat judging teams will enter the Oct. 14-15 contests at Kansas City, Mo. Those winning dairy cattle, dairy products, and poultry and egg judging will compete against other state winners at the All-American Jersey Show in Columbus, Ohio, Oct. 11-16.

In livestock judging, the Goldthwaite FFA took first honors, with Crowell second, and Mesquite, third. High individual was E. Kiesling of Eola. The three-man teams judged six rings of livestock of four animals each.

In the meat judging contest, Hutto FFA took first place, Denison second and Richland Springs third. Sherrell Christian of Richland Springs was high individual. This contest was divided into two parts: First, grading carcasses and wholesale cuts of beef for conformation, finish, and quality; second, identifying 25 retail cuts of meat from the different meat-producing carcasses and edible byproducts.

### HILLSIDE MISSION

By LIDA BYRNE

Thus saith the Lord, Keep ye judgement, and do justice; for my salvation is near to come, and my righteousness to be revealed. Blessed is the man that doeth this, and the son of man that layeth hold on it; that keepeth the Sabbath from polluting it, and keepeth his hand from doing any evil.

Isaiah 56: 1, 2

There is no limit to the number of local calls you can make on local service. During the past 10 years telephone subscribers have continually increased the number of calls they make yet rates are substantially the same.

Your telephone company, notwithstanding the tremendous increase in local calls, shall always endeavor to keep rates at the lowest possible level in keeping with operating costs, wages, materials for maintenance, taxes, insurance and other items of expenses incurred in rendering local service.

During the past year the cost per local call to the subscriber was an average of 13/100 cents. No other type of communication is comparable to the cost of local telephone service . . . a service that is always available and dependable.

The man in the picture plays a big part in your telephone company's expansion program.

He is one of the men who pre-check every connection in a new central office switchboard to make sure that the wires will carry your messages over the right paths.

Central office equipment, you see, is just as necessary as wires and poles and cables in the job of bringing telephone service to more and more people.

You'll be glad to know that we are busier than ever, hastening the day when telephone service will be available for everyone who wants it, any time, anywhere in the territory we serve.

PASTOR'S PARAGRAPH  
THEN I AWOKE  
Paul Spelcher.  
And in my dream I came to a beautiful building, somehow like a bank, and yet not a bank because the brass marker said: "Time For Sale."  
I saw a man breathless and pale, painfully pull himself up the stairs like a sick man. I heard him say: "The doctor told me I was five years too late in going to see him. I'll buy those five years now—and then he can save my life."  
Then came another man, also older, to say to the clerk: "When it was too late I discovered that God had given me great capacities and endowments, and I failed to develop them. Sell me ten years so that I can be the man I could have been."  
Then came a younger man to say: "The company has told me that starting next month, I can have a big job, if I am prepared to take it. But I am not prepared. Give me two years of time so that I will be ready to take the job next month."  
So they came, ill, hopeless, despondent, worried, unhappy—and they left smiling, each man with a look of unutterable pleasure on his face for he had what he so desperately needed and wanted—time.  
Then I awoke, glad that I had what these men had not and what they could never buy—time, time to do so many things I want to do, that I must do.  
If that morning I whistled at my work, it was because a greater happiness filled my heart.  
For I still have time and so do you.

**ROBERT H. JOHNSON FFA PRESIDENT FOR 1948-49 TERM**

The Goldthwaite F. F. A. chapter met last Wednesday, September 22, to elect officers for the coming year. The following officers were elected:  
President, Robert Henry Johnson; Vice-President, Robert Miller; Secretary, Carlin Wicker; Treasurer, Larry Simmons; and Reporter, Taylor Owen.  
With a membership of 65 boys we are looking forward to an outstanding year of F. F. A. work.

**WELCH'S TURKEYS WIN AT ABILENE**

The Welch Turkey Farm of Star came out on top at the West Texas Fair at Abilene. They won the following places:  
First place—old tom.  
First place—old hen.  
First place—young trio.  
A 4-H Club boy, Armand Zoe Clary, of Star, won first on young tom, first on young hen, and first on young trio, in the 4-H division. In the commercial division he won first on young tom and first on young hen. Since this is Armand's first year in 4-H Club work, he is doing excellent work, and deserves much praise for his accomplishments.

**JOHNSON GETS NAME ON OFFICIAL BALLOTS FOR NOV. 2ND**

Lyndon B. Johnson's name will appear on the November 2 General Election official ballot in Mills County as well as all other counties in the state.  
The Mills County Election Board, composed of County Judge John L. Patterson, Sheriff W. L. Mahan and County Clerk Earl Summy, Thursday morning received a telegram from Assistant Secretary of State Kirk R. Mallory, ordering Johnson's name to be printed on the ballot as the Democratic nominee for United States Senate. The action came as a result of a United States Supreme Court stay of a U. S. District Court injunction issued earlier in Fort Worth barring his name from the ballot.  
The telegram received yesterday reads:  
"I certify that the Democratic Party of Texas has certified to the Secretary of State as its nominee for United States Senator Lyndon B. Johnson, and you are hereby notified that he is entitled to have his name printed on the Official Ballot for the General Election to be held Nov. 2, 1948."  
The sample ballot received here the first of the week left Johnson's name off, and the telegram was necessary to have it printed thereon. The ballot this year will be one of the largest ever voted on. There are eight columns for voters to choose from, as follows: Democrats, Republican, State's Rights, Progressive Party, Socialist Party, Independent Party, and Write-In column. On the ballot appear the names of the candidates for President and Vice-President. Formerly the names of presidential electors only appeared. At the bottom are eight Constitutional Amendments to be voted on.

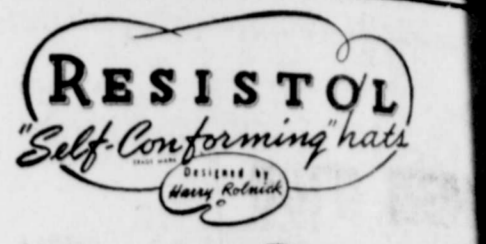

**SAN SABA BEATS GOLDTHWAITE 12-7**

(By Eagle's Tale Sports Editors Walter Leonhard and Taylor Owen.)  
The Goldthwaite Eagles met the San Saba Armadillos on Eagle Field Friday, Sept. 24. There was an estimated 2500 people there to witness Goldthwaite's first conference game.  
The game started as a tough battle for both teams. About the middle of the first quarter San Saba made a run of about 20 yards for their first touchdown. They then tried for the extra point by kicking it, but was blocked.  
The second quarter started and finished like the first except no scores were made by either team. At the end of this second quarter San Saba was on their own 2-yard line due to a fumble on a punt.  
During the half the bands from both Goldthwaite and San Saba made some spectacular formations and played some superb music.  
During the third quarter San Saba came back to score again but failed to make the extra point. This made the score 12 to nothing.  
In the fourth quarter Goldthwaite made a beautiful run for their first touchdown. Then another good run made the extra point. From there on the Eagles and Armadillos battled it out in mid-field until the time ran out with San Saba the winner by a score of twelve to seven.  
Remember that the Eagles will play another spectacular game on Eagle Field against Burnet Friday night, Oct. 1 at 8 p. m.  
WHERE THEY PLAY TONIGHT  
Burnet at Goldthwaite.  
Fredericksburg—Open date.  
Lampasas at Llano.  
Mason at Marble Falls.  
San Saba at Killeen. (Non-Con.)  
Week-end guests at the home of Mr. and Mrs. W. W. Trotter, Rt. 2, Goldthwaite, were Mrs. Trotter's mother, Mrs. M. P. Mitchell of Sterling City; their son, Gene, a student at Texas A. and M. College; and their daughter, Mrs. Joe L. White of Topeka, Kansas. Other guests included Mr. and Mrs. Henry Trotter and their sons, Glenn and Bobby, of San Saba, and Mr. and Mrs. J. B. Crassano and son, Joe David, of Sterling City.

**Self Culture Club**

On Thursday, Sept. 23rd, the re-assembly meeting of the Self Culture Club was held in the home of Mrs. J. A. Hester with Mrs. J. H. Randolph as co-hostess. Mrs. H. E. Patton, President, presided and introduced Mrs. T. M. Glass as leader for the afternoon program.  
As members and guests arrived they were invited to the dining room by Mrs. J. C. Evans who received at the door, while Mrs. Hester and Mrs. Randolph served delicious punch and angel food cake. After all were seated, Mrs. Glass announced that Mrs. Patton would favor the audience with the President's message for the new year, which was inspiring to club members.  
The very interesting feature of the afternoon was a book review presented by Miss Love Gatlin in her charming manner, "Shannon's Way", by A. J. Cronin, was reviewed.  
A short business session was had at the close of the meeting.
