## RAINS DRENCH SOUTH PLAINS LAST NIGHT

MOISTURE IS GENERAL OVER TERRITORY, REPORTS SAY

Beneficial rains again drenched Lubbock and the South Plains last night, adding encouraging moisture to the precipitation which seasoned the area during the last 10 days.

Precipitation at the experiment farm, three miles east of Lubbock, totaled .75 of an inch last night, according to Don L. Jones, superintendent. A total of 1.79 inches for the three recent rains was reported by Mr. Jones.

**Moisture Rainfall**  
According to reports of bus drivers and motorists the moisture was general throughout West Texas with perhaps the eastern division of the caprock receiving the most beneficial showers.

Precipitations ranging from one-fourth to one inch were reported by Levelland, Littlefield, Sudan, Amherst and Clovis.

Heavy rains were reported along the route to Sweetwater. Three-fourths of an inch fell at Plainview. A total of .28 of an inch was registered at Wichita Falls. Children was under one-half an inch. Showers were general over north Texas.

Lubbock was enveloped in a dense fog of sea shores variety early this morning. The gray veil started vanishing about 8 o'clock. Lights of most automobiles in travel through the mercantile district were burning as late as 7:45.

## HOOVER PLANS CRASH PROBE

RESIDENT TO STUDY MARKET CRASH; TO SEEK STABILITY

(By The Associated Press)  
WASHINGTON, May 2.—To achieve a greater degree of economic stability for the future, President Hoover is planning an exhaustive study of the stock market collapse of last year, the boom period which preceded it and the depression which followed.

If his project meets with general approval, the chief executive intends to institute the inquiry when the present situation "clears a little" and to carry out the investigation, he contemplates the appointment of a commission representing the various fields of endeavor involved.

**Prosperity Ahead**  
Mr. Hoover made this known last night in delivering an address before the Chamber of Commerce of the United States, in which he also expressed the opinion that the worst effects of the security crash are now past with a renewed prosperity lying just ahead.

## Permit For \$9,000 Residence Is Issued

May's building valuations started off this morning when a permit for a \$9,000 dwelling was issued to W. T. Coburn.

The residence will be located at 2509 15th street. Frank Hague is contractor.

Valuations for the month are \$9,350 and for the year \$1,027,280.

## SHE OUGHT TO GET PRIZE

MEXICO CITY, May 2.—The newspaper Excelsior seeking Mexico's most prolific mother has received an entry from Tuxtla Gutierrez, capital of Chiapas, where Leoncio Chavarria and his wife, during the forty years of their wedded life have been the parents of thirty-seven children.

Twenty-three were boys and fourteen were girls. There were eighteen pairs of twins.

### LARGE ATTENDANCE IS EXPECTED; PLAYERS FROM GERMANY

Fruitful of seven centuries of tradition and development, the Freiburg Passion Play, of Freiburg, Baden, Germany, will be presented tonight at Texas Technological college, starting at 8:15 o'clock.

The colossal play will be presented twice tomorrow—a matinee at 2:30 o'clock and an evening performance at 8:15 o'clock.

Full Houses Expected  
Ticket sales presage full houses for each of the three performances. A ticket booth, in charge of Miss Olive Bates, has been established in the lobby of the Hotel Lubbock. Many tickets have been reserved by out-of-town people.

Adolph Fasnacht, who portrays the Christ during his week of passion, suffering, death and triumph, in the seventh Fasnacht, is direct descendant to portray the role. The role has been jealously guarded as a Fasnacht heritage, each successive generation striving to improve itself in the part and bring deeper spiritual significance to the presentation.

Supporting Mr. Fasnacht is a company of 36 principals, members of the original German company which began an American tour 18 months ago. Mrs. Fasnacht, wife of the man who portrays, is superb in the role of Mary the Mother.

The Passion Play was first presented in 1564 by inhabitants of Freiburg. They have given it periodically in Freiburg since that time, as well as in nearly every city in Europe.

This dynamic biblical story has a far-reaching appeal, with offense to none.

Opening the play is a prologue depicting Adam and Eve in the Garden and the Fall of Man. This is followed by a tableau of the (Turn to Page 11, Column 7 Please)

### CHILDREN INJURED

Alice, 11, and Avis, 9, daughters of Mr. and Mrs. C. M. Barrick, four miles west of Abernathy, sustained severe injuries this morning about 8:30 o'clock when they fell out of an automobile while en route to school. They were brought to the West Texas hospital.

Alice sustained severe lacerations about the abdomen and Avis was internally injured about the chest.

TO HOLD CONCERT  
The annual concert of the Abernathy band will be held tonight at 8 o'clock in the high school auditorium of that city, according to G. W. Beene, director.

## POLICE CHIEF REVEALS WORK DONE IN U. S.

SOVIET UNION BLAMED FOR STRIKES, RIOTS OVER NATION

(By Associated Press)

NEW YORK, May 2.—Police Commissioner Whalen today made public photostats of Russian documents seized by his secret police which he declared showed the Communist International of Moscow was directly responsible for the fomenting of strikes and riots in the United States. There are references in the documents to expenditures for outbreaks and support of strikers.

One of the documents is on the letterhead of the Amtorg Trading Corporation, official purchasing agent in the United States for the Soviet government. It has offices in New York and has transacted hundreds of thousands of dollars worth of business in this country.

This letter lists the names of thirty men and women sent to New York by Moscow as being hard to replace and states that the recall of any one of them might result in a serious handicap in the work.

Commissioner Whalen said the list of 30 names includes that of one Delgas, whom he described as the most dangerous of the undercover criminal secret police of Moscow and one time personal secretary to Dzerzhinsky, organizer of the Russian cheka.

Whalen also called attention to the importance given in the documents to Boris Skavinsky, "the official Soviet Ambassador," and head of the Russian information bureau at Washington, whom he said is revealed as handling the funds for the "Amory O. G. P. U. section." He explained the O. G. P. U. was the undercover criminal secret police of Moscow with branches operating in all countries.

The commissioner said the (Turn to Page 7, Column 1, Please)

### SEARCH MADE FOR ROBBER

SPARENBURG MAN SHOT BY BANDIT; ESCAPE IS MADE  
BIG SPRING, May 2.—West Texas officers today were searching for a robber who last night held up a cafe attendant in Openburg, Dawson county, and seriously wounded Red Billingley, a grocer, who attempted to cut off the robber's escape.

Billingley was in a Lamesa hospital suffering from three bullet wounds.

The robber, described as a young man, ordered Jack Bryce, one of the partners in the filling station, and his mother, Mrs. J. Bryce, to "stick your hands up." He enforced his command with a revolver.

Tells Billingley  
Verna Bryce, the daughter, observed the hold-up and before she could be stopped, dashed across the street.

## Straw Hats To Rain Down Tomorrow

Several dozen straw hats will rain down from the clouds tomorrow afternoon at one o'clock to celebrate the opening of "Straw Hat" day in Lubbock. The hats will be dropped from an airplane over the city. The event was scheduled to take place last Saturday but was prevented due to an accident.

L. P. Quinn is to pilot of the plane which is owned by L. H. Plain. The hats are being given by various merchants of the city.

## NINE STATES ARE VISITED BY TORNADES

MANY ARE HURT AND MUCH PROPERTY IS DAMAGED

(By Associated Press)  
CHICAGO, May 2.—Angry weather stormed through the middle west late yesterday killing 18 persons, injuring many and destroying property valued at hundreds of thousands of dollars.

Seven of the dead were women.

Tornadoes struck at Tekamah, Neb., Norborne, Mo., and Westly, Wis. In North Dakota, Minnesota, Illinois and Iowa the loss of life and property was due to electrical storms and high winds.

Nine States Affected  
The storms bounded up and down erratically in a territory including nine states, Nebraska, Minnesota, and Missouri were hardest hit, but the destructiveness of the wind and driving rains was also felt in the Dakotas, Kansas, Iowa, Wisconsin and Illinois.

Four persons were killed at Tekamah, Neb.  
A farmer was struck dead by lightning near Lawton, N. D.

Two women and a child were drowned near Lake City, Minn., when a cloudburst sent a wall of water down a ravine upon their stalled automobile.

Automobile Skids  
Two women died when their automobile skidded in a storm near Duluth.

A boy was killed at Westly, Wis., when the tornado overtook him as he ran before it, seeking the shelter of his home. He was buried in (Turn to Page 7, Column 2, Please)

## TWO HURT IN LYNN STORM

TAHOCA, May 2.—Two persons were injured, although not seriously, and several houses damaged by a small cyclone which swept over the Three Lake community, some 15 miles west of Tahoka, late last night.

The injured were Mr. and Mrs. Chas. Sparks, who suffered injuries when their farm house was destroyed by the twister.

Damage Reported  
Several other farmers in the community reported damages to their homes. Wash Dickerson's home was damaged as was a rent house on his place.

R. C. Stott and Wright Edwards also reported damaged houses. Numerous barns and outhouses were blown down by the high wind. Rail fell at Tahoka. There was no other hail reported.

The rainfall as general all over the county although not all of the communities had a large amount. Wilson, in the north part, reported only a quarter of an inch.

Tahoka's rainfall amounted to 1.48 inches.

## AFFECTIONS SUIT FOR \$400,000 UP

LAMESA, May 2.—Thought to be one of the largest suits of its kind ever filed in a West Texas court, C. J. Crawford, plaintiff farmer, yesterday entered a petition in the 106th district court at Brownfield for \$400,000 against G. W. Curtis and his wife, Pearl Curtis. The suit was filed by Judge Thomas S. Christopher, of this city, attorney for the plaintiff.

In the petition the plaintiff alleges that the defendants "conspired together to alienate the affections of the plaintiff's wife, Naomi Crawford, and to transfer her love and affection to the defendant, G. W. Curtis."

It has been indicated here that there may be a settlement out of court but the case is returnable to the August term of court in Brownfield.

### SUIT FILED ON YATES OIL AREA CONTROL

#### MINNESOTA MAN SEEKS TITLE ON LEASES IN SECTION

(By Associated Press) SAN ANGELO, May 2.—Proposing to settle the question of title to four thousand acres of land in the heart of the Yates oil pool in eastern Pecos county, R. B. Whiteside of Duluth, Minn., Wednesday filed suit against every leasing company and every royalty holder on the acres.

The territory has 65 producing wells, and its estimated value is \$10,000,000.

Filed At Fort Stockton Suit was filed at Fort Stockton in Pecos county district court.

Whiteside is resident of the Douglas Oil company of Tulsa, Okla., and besides his oil interests owns extensive iron and lumber interests.

Whiteside sets out that since his title to 40 per cent of the 29,000 acre Smith ranch is being questioned, he is going to bring all title holders in the suit and settle boundaries. His petition reverts to the original survey of 1833, and attempts to show all of block 194, G. C. and S. F. Ry. Co. survey, should be moved east to take up survey 94 1-2 now owned by Ira G. Yates and containing 15 of the best wells in the field; the Yates scrap file, a long vacancy containing 36 wells, among them Mid-Kansas and Transcontinental's No. 26-A Yates, potentially the world's biggest gusher; the D. P. Robertson survey, with two wells; and sections 102, 107 and 108, with seven-teen wells.

Surveyed Short Whiteside claims that in 1833, James S. Daugherty had scripps from the state of Texas entitling him to fifty sections for himself and fifty sections for schools of Texas, and to have the block surveyed. He came to Pecos county found an irregular tract about ten miles long by twelve miles wide, and engaged L. W. Durrell, San Antonio then Pecos county deputy surveyor, to survey the land.

Whiteside continued that instead

### INTEREST IN THEATERS IS BOUGHT HERE

#### LINDSEY SELLS HALF INTEREST TO FIRM IN OKLAHOMA

One-half interest in Lindsey Theaters, Inc., of Lubbock, has been sold to Consolidated Theaters, Inc., a subsidiary organization of the Griffith Amusement company of Oklahoma City.

Announcement of the sale was made Thursday by C. C. Lindsey, of this city, secretary and general manager of the new organization. The Lindsey Theaters include both the Palace and Lindsey shows.

#### Incorporated Recently

Recently the Lindsey Theaters were incorporated, the new officials of which now include Mrs. J. D. Lindsey, president; C. C. Lindsey, secretary and general manager, and H. J. Griffith, vice president.

"With our new connection," said Mr. Lindsey, "we have much greater booking power. We have five and ten year franchises in Lubbock of such producing organizations as Paramount, First National, Warner Brothers, Metro-Goldwyn-Mayer and R. K. O.

"We will be able to give Lubbock theatergoers newer releases and better selections than before." The new company is anxious to carry out plans for erection of a new building here, Mr. Lindsey states. Two locations under option give promise of definite selection of one of them within a few days.

### COMMUNITY CHEST BOARD URGES ALL PLEDGES PAID PROMPTLY; WORK IS BEING HANDICAPED THROUGH DELAY

Board of directors of the Lubbock Community Chest, an organization formed last December when \$20,000 was raised for social and charitable purposes, urged prompt payment of all pledges to the chest at a meeting held yesterday afternoon in the city hall.

"For the last month or two," the board announced, "some of the subscriptions have become delinquent. In order for the chest to function in the best possible way and care for those who are in want, these subscriptions must be paid up promptly that participating agencies might be given their monthly incomes. Unless the funds are paid a hardship will be thrown on the shoulders of those connected with the work."

#### Present Funds Low

A careful check was made in the meeting of the work and progress of the chest to date. The regular installments to the agencies has been paid but again the funds are low. Each agency is required by the board to make reports of income and expenses and a separate report is made of the work carried on. These reports were checked by the board which stated that it was pleased with each.

A number of complaints, stating that the chest has failed in several charitable cases, were investigated and it was found in almost every instance that the complaints were unjustified as to the agency failing to render service.

#### Two Factors Considered

Two determining factors are considered by the chest when applications for aid are made. In some cases other agencies than the one applied to have already rendered aid and again investigation reveals that able-bodied men are in the family and that though the family

or applicants might be penniless, other cases are worse. It was pointed out that only a certain amount of money is available for use and this must be distributed wisely and where it will do the greatest amount of good.

It was decided to work out a system among the participating agencies whereby each charity case would be reported and checked at headquarters that possible duplications might be eliminated. Churches and other organizations will be asked to cooperate in this measure also.

The meeting was called yesterday by E. L. Klett, president of the organization, and was attended by the following directors: J. J. Clements, A. H. Leidigh, C. F. Drexel, J. W. Gamel, Rev. W. P. Jennings, K. N. Clapp, Dr. W. T. Read, Charles Nordyke and Charles Whitacre.

#### Woman Is Charged With Kidnaping

AMARILLO, May 2 (AP)—Because her husband had threatened to leave her "because he wanted a baby," Mrs. D. A. Fessler of Hooper, Kansas, was under an indictment for kidnaping today.

Mrs. Fessler took the seven-day-old son of Mr. and Mrs. L. M. Darnell, pretending she wanted to take him to town to have him photographed for a contest. The child was found the next day in an abandoned automobile, and the arrest followed.

### RAILROADS TO BE READY FOR GRAIN SEASON

#### SANTA FE HAS 12,000 CARS NOW AND PLAN 20,000 MORE

(By The Associated Press.)

DALLAS, May 2—Anticipating a greater grain crop from the Texas Panhandle and Oklahoma than was moved last year, railroads of the grain belt are making preparations to expedite the movement, R. W. Edwards, district manager of the American Railway association, car service, said today. The Santa Fe

railway alone has 12,000 cars in storage for this purpose and expects to have 20,000 before the movement begins, Edwards said. Handling of grain tonnage will be discussed this month at meetings of shippers and carrier representatives at Enid, Okla., and the Southwest Shippers advisory board will meet at Enid on May 23. The railroad contact committee, which cooperates with the board, will meet on the previous day.

Territory of the board comprises Texas, parts of Oklahoma, New Mexico, Arkansas and Louisiana.

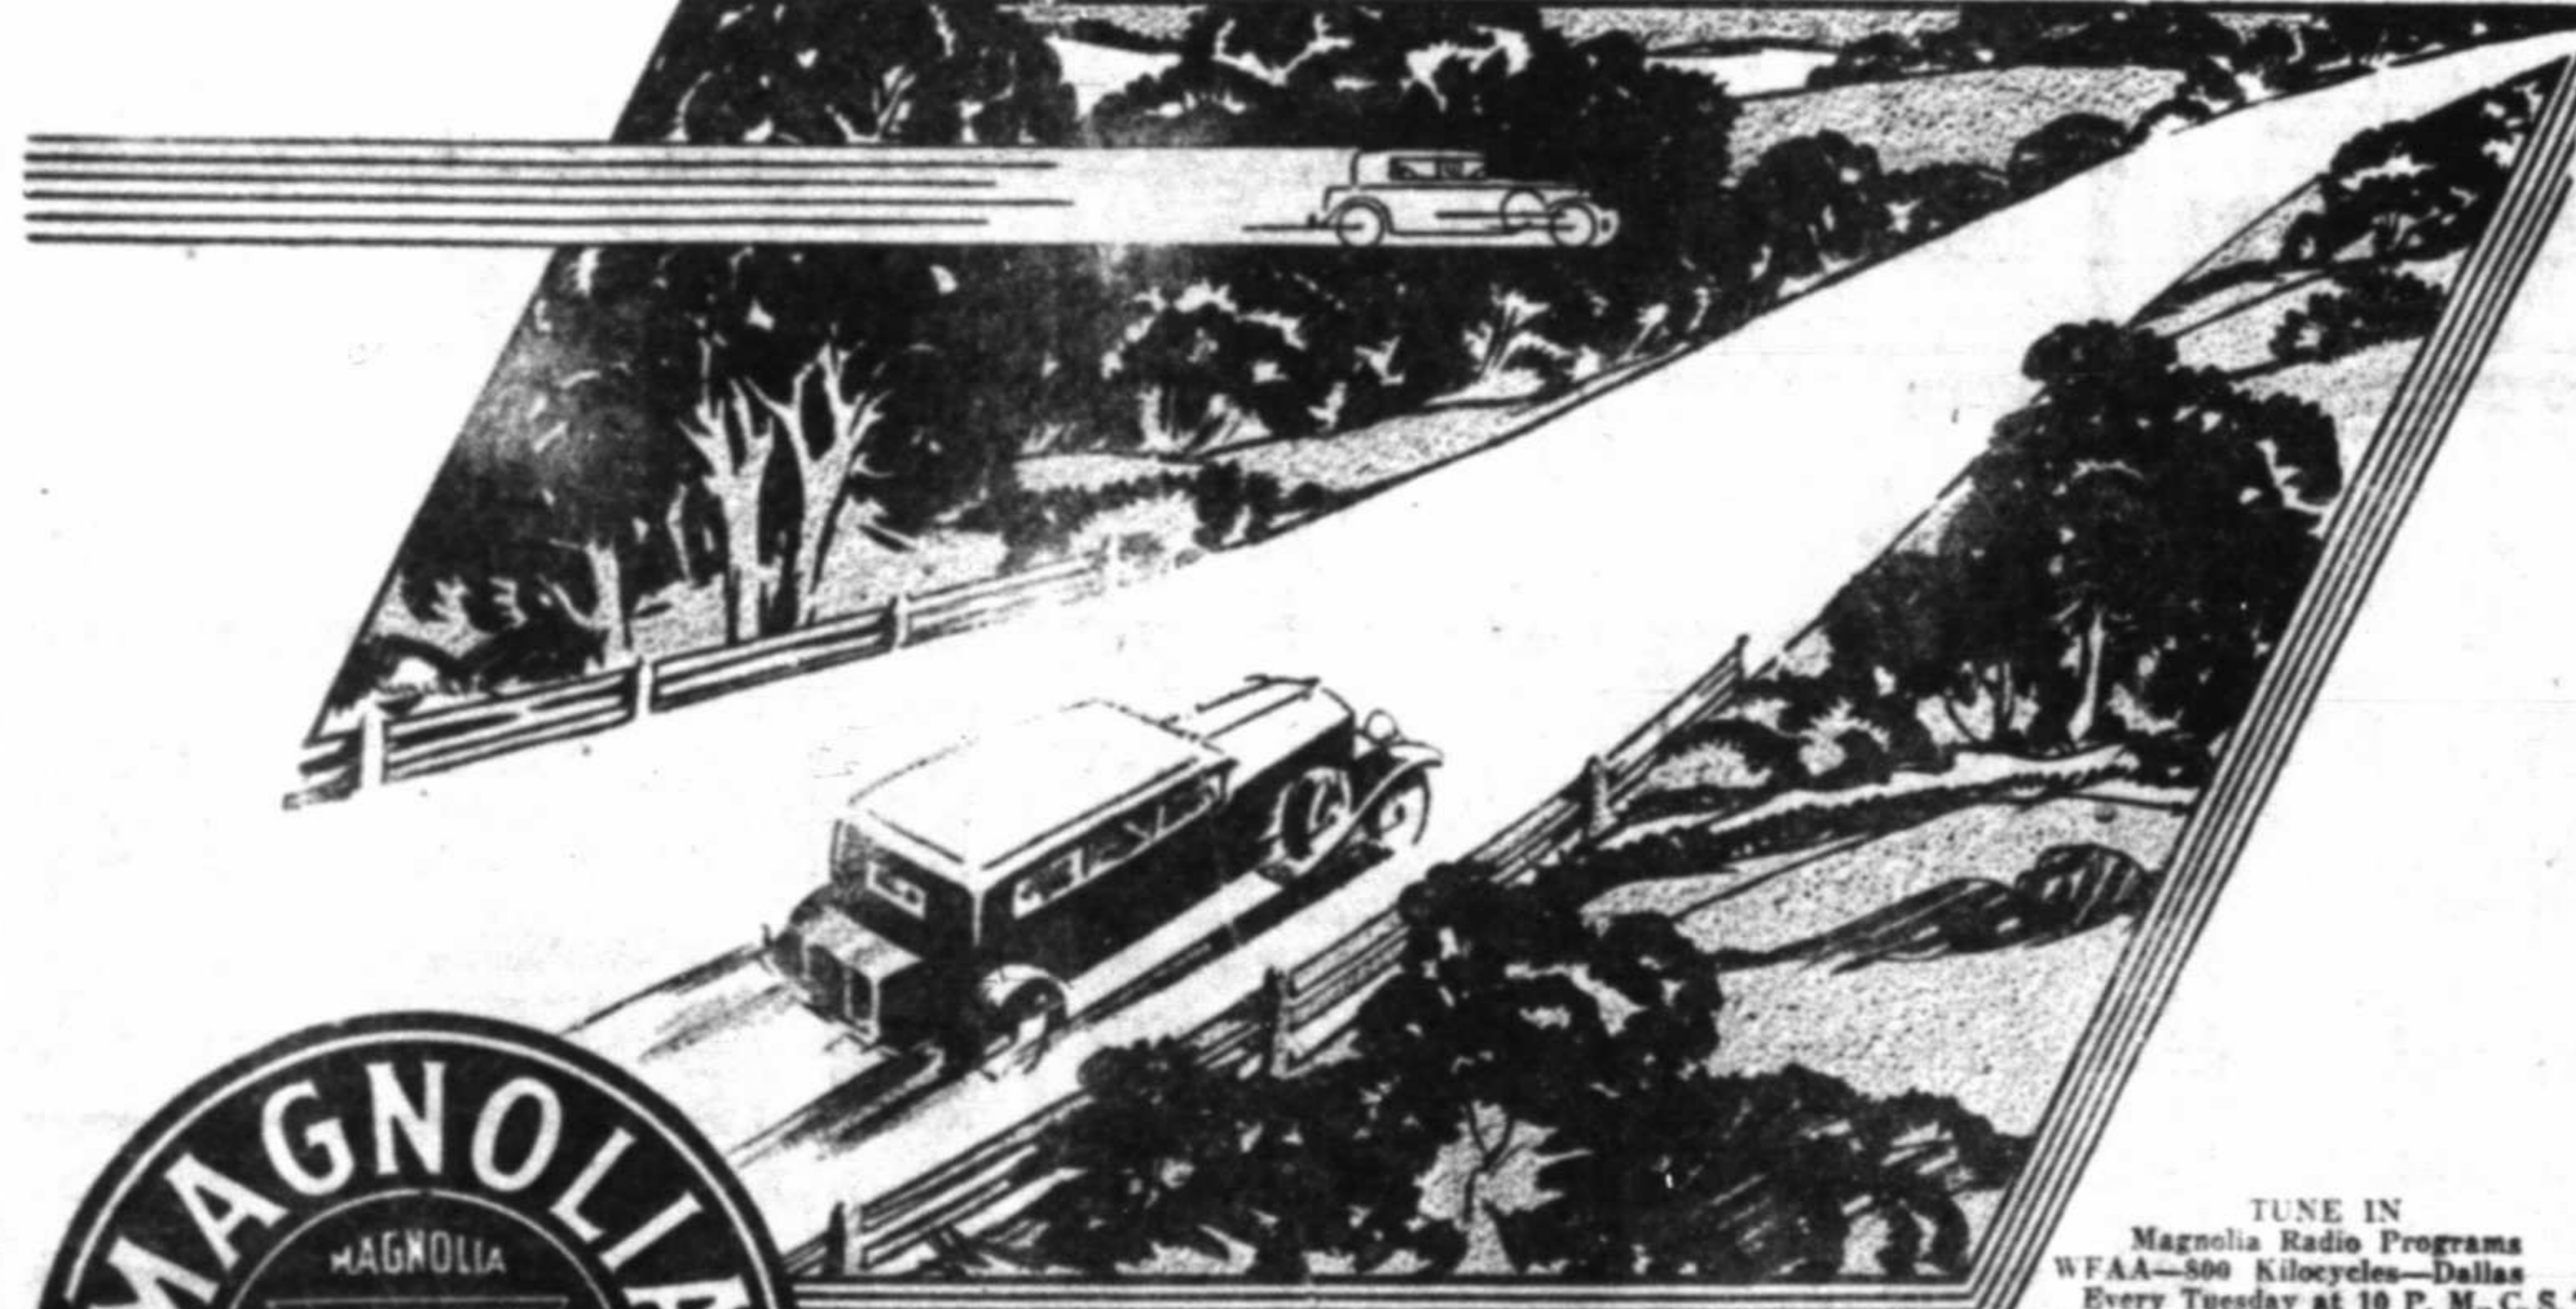

#### Britain Will Move To Halt Uprising

LONDON, May 2 (AP)—British newspapers today said that they understood that the Indian administration, working with the approval of the home government, would take immediate strong action to put down the civil disobedience campaign of Mahatma Gandhi and the all-India national congress.

### Change NOW for Summer Driving

The battle of the year is on! The oil you buy is fighting to save your motor from the combined forces of summer heat and the terrific temperatures generated by constant high-speed driving.

In all likelihood, the grade of oil that best suits your motor during winter

lacks the proper consistency for safe summer driving.

The Magnolia Man has exactly the grade of Magnolia Socony Motor Oil that will keep your car purring smoothly and contentedly all summer long. Drive in today and consult with him.

# MAGNOLIA SOCONY MOTOR OIL (PARAFFINE BASE)

WHEN TOURING NATIONALLY When touring in New York or the New England States use Standard Oil Company New York "Socony" products; in Arizona and the Pacific Coast States use General Petroleum Corporation's "General" Gasoline and "Paragon" Motor Oil; in Northern and Middle West States use White Eagle Oil Corporation's "White Eagle" Gasoline and "Warrior" Motor Oil. You will find the products of these affiliated companies of the same HIGH standard as Magnolia Products.

# First Of Two Lovely Parties Given By Mesdames G. H. Ater, W. A. Jackson

## Forty Women Are Guest At Bridge On Thursday; Second Function Is Today

One of the loveliest parties of the mid-week was given Thursday afternoon in the home of Mrs. E. Y. Freeland, 2517 22nd street. Mesdames G. H. Ater and W. A. Jackson were hostesses for the occasion and 40 women joined in the playing.

This afternoon the hostesses again will entertain and thirty-six guests will attend, three of whom are out-of-town women.

Pastel shades, with orchid, pink and white predominating, were featured in the lovely spring-time bridge party given Thursday afternoon.

The theme was favored in score pads and tallies, as well as in the decorations of cut flowers.

Prizes Are Given

Green pottery vases were given as prizes to Mrs. E. Buckner for high score and to Mrs. J. P. Giles for high cut.

The cream moulded as pink roses was served with white cake at refreshment time, with clusters of pastries forming dainty plate favors.

Guest List

Guests were Mesdames R. S. Williams, Allen T. Stewart, Victor Payne, O. W. English, K. L. Riggs, P. Giles, C. C. Mansell, Gulon Gregg, Vernon Brown, R. H. ## Annual Picnic Set For This Evening

Unless rain interferes, the annual picnic given in honor of members of the graduating class of the Lubbock sanitarium training school for nurses will be held this evening at 7 o'clock at the municipal park. Members of the sanitarium staff and their families are to be guests for the occasion.

Those graduating are Misses Grace Draper, Odessa Owens, Mae Gwynn, Olive Caffey, Alena Moody and Bernice Chapman.

A double tax for dogs is being urged in London.

## Plainview Painter Out With Facts

Argotane Proves To Be The Right Medicine After Three Years Of Illness

"Nothing has ever helped me very much for my stomach disorders until I got Argotane," said W. W. Thompson of 1008 Baltimore street, Plainview, Texas. Mr. Thompson has been a painter for the past twenty-two years and is very well known and has many friends here.

"At first—that was about three years ago I began losing my appetite and noticed gas forming on my stomach from that time on I have suffered terribly from a chronic case of stomach trouble; what little I did eat soured on my stomach and the gas that formed caused me to be in misery for several hours afterwards. I was very nervous and restless and couldn't sleep at night. I had headaches and my general condition kept getting worse and I needed something to build me up. Argotane was a highly advertised I decided to try it. It has helped me more than anything else I have ever taken. I have a splendid appetite and eat anything I want and am no longer bothered with gas or indigestion troubles. Gas does not form on my stomach any longer and, in fact, I just feel a lot better. I am glad to recommend Argotane for it has saved me a lot of suffering and money."

Genuine Argotane may be purchased in Lubbock at the Bowen's Drug Store.

## Tree Planting To Be Held Wednesday

In observing an annual occasion which is to become one of the traditions of the college, Tech seniors will sponsor the planting of a tree next Wednesday morning. The affair was scheduled for today but because of the presentation of the Freiburg Passion Play tonight, was postponed.

Students To Talk

A convocation of a humorous nature will be directed by the class Wednesday morning at 10 o'clock. An introduction by the president, Charles Woodridge, will be followed by a talk on "What the Seniors Think of the Faculty," by Robert Webb, and an "inharmonious" male quartet of the class will render a "farewell melody." The quartet is composed of Holmes Webb, Warren Huff, Robert Webb and Charles Lehrer.

Elmer Moore is to make an address on "The Junior Infidelity" and a typical class meeting will follow.

Tree-Planting Follows

At 11 o'clock will come the tree-planting and an appropriate service, including poems and college songs.

Other officers of the class are Warren Huff, vice-president and Mrs. Elbridge W. Eagan, secretary-treasurer.

## Birthday Party Gala Event Here

John Wesley Von Rosenberg was named guest of honor at a party given by his grandmother, Mrs. Paul Smith, 2115 Broadway, at her home Wednesday afternoon.

The little boy is the son of Mr. and Mrs. Wesley Von Rosenberg, 2208 28th street.

Games Are Played

Games were played from 3 until 5 o'clock and delicious refreshments were passed. A number of lovely gifts were presented the guest of honor.

Those present were Betty Jo Vaughn, Susan Hill, Mary Anne Dykes, Audrey Johnson, Karl Frederick Muller, Dorothy Bush, Von Rosenberg, Boots Marie Muller and John Wesley Von Rosenberg.

Mothers of the children were also guests. Mrs. Smith was assisted in entertaining by Mrs. Wesley Von Rosenberg.

## Gladys Walker Is Wed To Dallas Man

Announcement has been made of the marriage of Miss Gladys Walker, 1115 9th street and J. A. Stack of Dallas, the ceremony being read Wednesday evening in Clovis, New Mexico. Miss Eric Holden was the only attendant.

The couple will reside in Lubbock where the bride is a student in Draughon's Business college. Mr. Stack is a traveling salesman.

## Happy Hour Group Favored At Party

The club colors, pink and white, were favored in an informal party given for members of the Happy Hour club Thursday afternoon in the home of Mrs. R. T. Bertram, 1914 6th street. The colors were used in floral decorations and in delightful refreshment plates.

An hour was spent in sewing and in planning a picnic to be held on May 29 for members and their families.

Members present were Mesdames R. F. Ratliff, Clyde McCrummen, H. E. Goeth, J. J. Rossell, Paul B. Williams, E. D. Van Meter, Clyde G. Tatum, and G. B. Martin. Two visitors, Mesdames Henson and Heister, also were present.

### C.-C. WORK IN PLAINVIEW GIVEN CREDIT

#### PERMANENT HOME FOR BATTERY SECURED; TWO RESPONSIBLE

(Special To The Journal)  
 PLAINVIEW, May 2.—A chamber of commerce project that resulted in the erection of a \$11,000 building and the permanent establishment of a \$20,000 annual payroll for Plainview is being credited to two directors of the Plainview Chamber of Commerce, David Bates, cashier of the Plainview National Bank, and Glenn A. Smith, local manager of the Texas Utilities company, form the committees that handled all the details for the construction of a permanent home for Battery A, 131st Field Artillery unit of the Texas National Guard.

Since the establishment of a unit of the National Guard in Plainview, the organization has been without an established home and its rating has been uncertain. Officials of the Texas National Guard had announced their plans to move the battery from Plains city and the fact was brought to the attention of the chamber of commerce and Bates and Smith were appointed on a committee to handle the situation.

**Results Favorable**  
 Just how well these two citizens managed the affair can be realized by the results of their action. Getting in touch with the proper officials the committee was given the

assurance that the battery would remain in Plainview provided a suitable building for its use was erected and the unit re-organized. A lot was secured from the city and arrangements made with a local building and loan company for a loan on the building.

The new building was erected near the home of the Texas Panhandle-Plains Dairy show and in sufficient time for the committee to sell the use of it to a number of implement dealers during the show for \$500. This amount was applied to the original payment on the building. Smith and Bates then figured that the annual rent from the government and the concession rights during the dairy show would take care of the loan in four years time.

The building belongs to the Plainview Chamber of Commerce and as soon as the loan is paid off the organization will have an annual rental income from it.

**Eighty-five Enlisted**  
 The battery has eighty-five enlisted men and four commissioned officers. The commanding officer is Captain Thomas A. Bey and the lieutenants are David Bates, Arthur Reinken, and Robert McDaniel. The twenty-six horses and armory equipment is valued at \$300,000 and the annual payroll is approximately \$20,000.

Following the erection of the building for the armory the local

### MAIL ROUTES SERVE MANY

#### THREE LINES OUT OF PLAINVIEW SERVE 2,489 PATRONS

(Special To The Journal)  
 PLAINVIEW, May 2.—Two thousand, four hundred ninety-eight patrons are served by the three rural routes out of the Plainview post-office. It was revealed recently when a twelve day survey was completed by Postmaster F. L. Brown and the three carriers. The survey was a part of that conducted throughout the Nation by the government.

The three Plainview carriers traveled a distance of 1,848 miles in the twelve days in serving the 2,489 patrons. Collections totaled 15,536 pieces of mail and deliveries amounted to 24,957 pieces. Route battery was raised from Class D to Class C and is now rated as one of the best in the State. Open house will be held next Sunday and the building will be open to the public and all equipment placed on display.

(By Associated Press)  
The annual see-saw in the percentage columns of the Texas league was working overtime today, with Fort Worth climbing into the first division, Wichita Falls dropping back to fifth place, and Beaumont regaining the leadership from Shreveport.

Fort Worth played a notable game yesterday to finally climb from the cellar division. Jimmy Walkup pitched a shut-out game giving the Cats a 4 to 0 victory over San Antonio, latest contender for the bottom position. Smith for the Indians allowed only eight hits, but two of these were triples and were converted. They meet again today at Fort Worth.

## STATE MEET TRACK EVENTS START TODAY

**FEW RECORDS TO BE BROKEN EVEN THOUGH STARS RUN**

AUSTIN, May 2.—Threatened by overcast skies and chilling winds, the largest track and field meet ever staged for high schools of Texas got under way here this morning with approximately 700 athletes entered. The track meet was the feature event of the 20th annual Interscholastic League tournament which opened here yesterday.

Officials announced that rain would not halt the track and field meet although it might handicap the running of the tennis tournaments. As the result of the threatened rain and the winds, few records were expected to be established, although some of the best athletes that ever participated in a state meet have been entered.

The first round in the boys tennis singles and doubles and all but one match in the second round of the doubles were played yesterday. This match, between Abilene and Sherman, was set for this morning.

## WASHINGTON APPEARS STRONGEST OF TEAMS IN INTERSECTIONAL PLAYING; ATHLETICS STAGE RALLY AT DETROIT

BY HUGH S. FULLERTON, JR., Associated Press Sports Writer

Intersectional play in the major leagues is generally considered the first real test of relative strength among the teams. Prior to the first east-west games, they engage in a sort of round-robin affair which may give one team a long winning or losing streak for no particular reason, but when one division is lined up against another there usually are important chances.

The intersectional action of the 1936 campaign begins in earnest today after a two-game preview yesterday which gave an exciting hint of what may happen.

Against Detroit, the Athletics played a vastly different brand of baseball. They started slugging with the first pitch as Max Bishop opened the action with a home run, and they slowed up in only two innings. The final count showed 18 hits for Philadelphia, including five home runs, three doubles and two triples, while the Tigers could get but seven blows from Lefty Grove, who struck out nine.

Detroit, however, is down in seventh place after losing out to every western team and dropping five out of seven games to Cleveland, before coming east.

## DID YOU KNOW

Random Scraps Of News Pertaining To Sports World

Earl Sande only needs a few more winners to reach his goal of 1,000 under the wire first. The same holds true for La Verne Fator, who needs about 30 more victories to round out his first thousand. Fator's winnings for owners of horses he has ridden have passed beyond the \$2,000,000 mark. Yet he never has led the winning list of jockeys for a season. It was Miller Huggins who told Lefty O'Doul he should be an outfielder and not a pitcher. He never tries to hit home runs. He used to try to kill that ball, though, he says. But he found his drives were going high into the air. Now he just steps in the batter's box and tries to hit it. He can't hit in bush league parks because of the curvature. He also finds a curve ball easier to follow than a fast one and just keeps awinging without trying to guess what is coming.

## ROWING THE SPORTS WORLD

WITH ALLAN CARNEY  
JOURNAL SPORTS EDITOR

Looks like the weather man has stepped in to postpone the scheduled game this afternoon between the House of David baseball outfit and the Lubbock Hubbers. Local baseballers don't mind a little water and mud but it is doubtful whether the Long-whiskered boys could put up their usual flashy exhibition with the diamond covered in water. With their long hair all clogged up with mud, their chances to show up the locals would be considerably diminished.

## HEARING IS OPENED

NEW ORLEANS, May 2. (AP)—While the best legal talent of the country was aligned on both sides and scores of witnesses were here because of their deep interest in the case, the battle over the difference in freight rates from Texas, Oklahoma and Kansas to Galveston and to New Orleans had its string in court here today when a three judge federal district court began hearings. It was expected that 20 days would be required for the arguments.

**Thought For Today**  
 The price of wisdom is above  
 rubles.—Job 28:18.

As for me, all I know is that I  
 know nothing.—Socrates.

**Isolated?**  
 Since the Atlantic and Pacific  
 oceans are quite wide, and are, on  
 occasion, rather stormy, the United  
 States has boasted of its "splendid  
 isolation" from the rest of the world  
 ever since it made good its indepen-  
 dence.

Just now the flag of isolation is  
 being run to the masthead once  
 more. Ruth Hanna McCormick's vic-  
 tory in the republican senatorial  
 primary in Illinois, where she based  
 her campaign on opposition to the  
 World Court, is helping the cause  
 to tend strictly to our knitting and  
 let the rest of mankind get along  
 as best it can; for all European na-  
 tions, as everybody knows, are  
 grasping and predatory, conniving  
 for our downfall.

Since the secret evidently is going  
 to be with us for a while, it might  
 pay to examine this isolation of  
 ours and see just how much it  
 amounts to. There are two or three  
 pertinent facts for us to consider.

First, all American delegates  
 have just finished making agree-  
 ments with the representatives of  
 other nations, at London, for a gen-  
 eral limitation of naval armaments.  
 This was done because all hands  
 agreed that there was altogether too  
 much chance of another war com-  
 ing to birth in the near future; and  
 while a European war might not  
 seem to concern us much, it is just  
 possible that somebody in Washing-  
 ton remembered that 2,000,000  
 American soldiers had to go to  
 France a decade ago because a  
 Serbian plottier shot the heir to the  
 Austrian throne.

Then, in New York, we have one  
 Dr. Eckener of Germany making ar-  
 rangements with American financiers  
 for a trans-Atlantic Zeppelin  
 line, to lop a couple of days off  
 the distance between the new world  
 and the old and cut our isolation  
 down still further.

In addition, a New York business  
 forecasting house remarks that it is  
 useless to expect this country to re-  
 gain full prosperity until England  
 and other European countries get  
 on their feet again—since our pros-  
 perity depends more and more on  
 European purchases of our exports.  
 If Europe remains unable to buy as  
 much as our factories can send  
 abroad, our prosperity will continue  
 to lag. The factory hand in Detroit  
 or Pittsburgh has a direct and im-  
 mediate concern in the industrial  
 conditions in Manchester and Ham-  
 burg.

Those are a few things to con-  
 sider in connection with our tradi-  
 tional isolation. Think them over  
 and you may begin to wonder if  
 there is any such thing as isolation  
 in this modern world. Much as we  
 might like to let the rest of the  
 world go by, it may be that the  
 day when we could do that has gone  
 forever.

**Peace**  
 There may be a number of very  
 good objections to ratification of  
 the naval treaty recently concluded  
 in London. But in considering them  
 it will be well to bear in mind Presi-  
 dent Hoover's remark to the D. A. R.

"It is easy," said the president,  
 "to preach the national duty of  
 helping to preserve peace. It is  
 easier still to engage in investive  
 and vindictive phrases and slogans  
 which stir national selfishness and  
 self-righteousness. And certainly  
 the way of peace lies neither in the  
 rattling of the scabbard nor the  
 abandonment of defense."

It is precisely because it is so easy  
 to do those things that so many  
 people, who seem to have forgotten  
 about everything that happened  
 since 1914, continue to do them.  
 But, as President Hoover points out,  
 the road to world peace is not built  
 by such actions. If we want peace  
 we must work for it—ever, perhaps,  
 to the extent of throwing away a  
 few battleships.

Eugene O'Neill, dramatist, sends  
 important secret messages on post-  
 cards. A sort of play on words, as  
 it were.

Chin is to build a state office  
 building at Columbus to cost \$4,  
 000,000.

**THE PLAINSMAN**

That Girl on Broadway says a  
 great lover is one who can tell  
 whether a girl is pensive—or just  
 plain sleepy.

\*\*\*  
 The trouble with a lot of folks is,  
 they think the world owes them five  
 or six livings.

\*\*\*  
 THE Plainman is happy today to  
 turn the greater part of this  
 column over to a discussion of what  
 he believes has been a neglected  
 business. And when we say "neglected"  
 we mean neglected by public  
 interest, not by public support or  
 by the management.

\*\*\*  
 Did you ever stop to think of  
 the magnitude of the bus-line  
 business in Lubbock and vicin-  
 ity? No? Well, you'll be sur-  
 prised. The Plainman was  
 surprised the other day when  
 he decided to look into the mat-  
 ter, and if he was surprised  
 so ought everybody else!

\*\*\*  
 Cornering John Bowman and  
 Garnett Abbott, bus-line operators  
 at Lubbock, the writer discovers  
 that all he knew about the motor  
 lines business could be cut into  
 granule and shoved in your eye.  
 Take a look, to start, at these  
 figures:

There are five bus line com-  
 panies operating in and out of  
 Lubbock under charter of the Texas  
 Railway commission. They are  
 South Plains Coaches, Lubbock to  
 Sweetwater, operated by John  
 Bowman; Lubbock to Big Spring, owned by  
 L. Watson; Lubbock to Lamesa; Pioneer  
 Motor Lines, Lubbock to Roswell,  
 to Levelland and to Clovis, owned by  
 Garnett Abbott; North Plains  
 Coaches, Lubbock to Amarillo, owned  
 by Arch Tyler, of Amarillo; and  
 Texas Motor-Ways, Lubbock to  
 Spur, to Crosbyton and to Floyd-  
 sda, owned by Ed Abbott, of Lub-  
 bock. To make you stare a little at  
 first, they have a combined invest-  
 ment of approximately \$335,500—  
 believe it or not!

\*\*\*  
 Every day of the week these five  
 bus lines running in and out of  
 Lubbock travel 4,752 miles, at an  
 average cost of 15 cents per mile.  
 That brings monthly expenses of  
 the lines to approximately \$21,750  
 per month—and a large slice of that  
 is spent right here in Lubbock.

\*\*\*  
 These five bus-lines operate 39  
 motor vehicles, valued at \$161,500.  
 First of all American delegates  
 have just finished making agree-  
 ments with the representatives of  
 other nations, at London, for a gen-  
 eral limitation of naval armaments.  
 This was done because all hands  
 agreed that there was altogether too  
 much chance of another war com-  
 ing to birth in the near future; and  
 while a European war might not  
 seem to concern us much, it is just  
 possible that somebody in Washing-  
 ton remembered that 2,000,000  
 American soldiers had to go to  
 France a decade ago because a  
 Serbian plottier shot the heir to the  
 Austrian throne.

\*\*\*  
 We hear a great deal about  
 rail expansion over the South  
 Plains—and it's a big and impor-  
 tant subject. But in The  
 Plainman's opinion not near-  
 ly enough is said about the bus  
 lines and what they do for the  
 territory—which is one of the  
 prime reasons for the subject  
 matter of this column today.

\*\*\*  
 When you stop to consider that  
 approximately 85 per cent of the  
 short haul passengers of the South  
 Plains are hauled by bus lines run-  
 ning in and out of Lubbock every  
 day, you begin to see a little of  
 what the buses mean to this sec-  
 tion. In and out of Lubbock alone,  
 these buses average 400 passen-  
 gers—not counting those picked up  
 along the routes—and on an average  
 of 1,600 persons per day will  
 ride these buses the year round.  
 That's considerable folks, if you  
 want this column's opinion.

\*\*\*  
 Frankly, The Plainman doesn't  
 know what the South Plains would  
 do without these bus lines. He can  
 imagine, however, the pandemonium  
 which would reign if tomorrow,  
 for instance, all of them would  
 shut down and quit—to fail to run.  
 One thing—a lot of folks over the  
 territory who set their watches and  
 clocks by the arrival of the buses  
 would be in a bad way, and that's no  
 exaggeration.

\*\*\*  
 In conversation with the bus men,  
 The Plainman inquired about  
 accidents. "Well, you ought to  
 know," returned John Bowman.  
 "Think back and see if you can re-  
 member any of a serious nature."  
 The Plainman did think back and  
 the only one he was able to remember  
 was the one which occurred sev-  
 eral years ago in which Rev. E. E.  
 White, then pastor of the First  
 Methodist church, sustained a broken  
 nose! That's the most serious  
 accident which has occurred on the  
 Lubbock line since they've been  
 running. That's right smart of a  
 record when you stop to consider  
 that these buses run 4,752 miles a  
 day, chock full of human beings.

\*\*\*  
 Personally, The Plainman  
 doesn't believe the bus lines have  
 been getting what's coming to  
 them in the way of public edu-  
 cation and newspaper publicity  
 and he intends to do something  
 about it. They're a real asset to  
 this community and territory  
 and deserve credit for being re-  
 garded as such. The Plainman  
 intends to tell the world about  
 them every time they do  
 something to be given credit for.

**Political Life In Washington Is Far From Being Quiet  
 Or Dull, Senator J. Boomboom McWhorter Tells Dutcher**

BY RODNEY DUTCHER  
 NEA Service Writer  
 WASHINGTON, May 2.—"More  
 hell," says Senator J. Boomboom  
 McWhorter, "has been raised here  
 in recent months than in any other  
 period within my memory. Every-  
 one has been trying to start  
 something, with an uncanny de-  
 gree of success. As far as we  
 standpaters are concerned, each  
 day brings new things to worry  
 about."

"We've had fires in the  
 White House and the Capitol,  
 and the first one drove the presi-  
 dent out of his office. The Senate  
 coalition spoiled tariff legislation for  
 months and the Senate is still on  
 record as telling him to go chase  
 himself. He tried to sell the World  
 Court to the D. A. R. and they  
 turned on him like so many tigre-  
 tes to vote it down."

"George Norris has broken all  
 precedent with a resolution rebuk-  
 ing Speaker Longworth for im-  
 courtesy" to the Senate in hold-  
 ing the lame duck resolution on his  
 desk and the United States govern-  
 ment has gone into the wheat mar-  
 ket to buy futures. The stock mar-  
 ket went to smash and they've dis-  
 continued courtesy of the rest so  
 senators can't sneak in any more  
 hooch. The Democratic publicity  
 machine has been pumping out  
 daily shots at the G. O. P. Just as  
 if these birds hadn't been licked in  
 1928 and the Senate has passed  
 restrictions on the importation of  
 other obscene literature after Sen-  
 ator Smoot had gone in for reading  
 bad books.

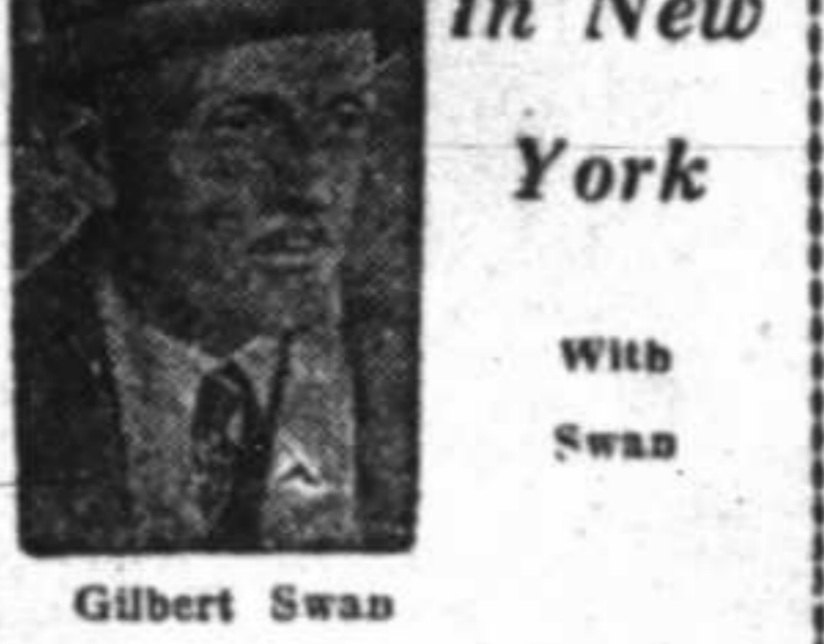

"Older fellows had a bad case  
 of the twidgets recently when we  
 had bomb threats and a spy scare  
 on Capitol Hill at the same time  
 and Gaston B. Means has turned  
 out a book which hints that Har-  
 ding was bumped off by his loving  
 helpmate. Hoover tried to pull  
 Clegg's old economy tag on Congress  
 and everybody in Congress tried  
 to tell him where he got off. A woman  
 from Illinois has driven one of our  
 finest old reactionaries into private  
 life and seems to be headed for a  
 seat in the Senate."

"The Senate lobby committee  
 with a Republican majority on it  
 soured the disposition of the whole  
 Republican party by discovering  
 what Claudius Huston, the national  
 chairman, had been doing, and now  
 it has made the Democrats feel al-  
 most equally good by revealing that  
 Jake Raskob has been writing let-  
 ters appealing for funds for the  
 wets. It got the goods on Highm-  
 inded Hiram Bingham of Connecticut  
 and made everyone feel sorry for  
 him except himself. It went to the  
 extreme end of revealing the  
 fine personal loyalties existing be-  
 tween lobbyists and senators and  
 now the committee members and  
 witnesses spend their time think-  
 ing up dirty names to call each  
 other."

"Somebody takes a kick at Ich-  
 abod Crane Wilbur, the interior  
 secretary, every time he says anything  
 about the economy tag on Congress  
 or shreds what. Two birds in  
 the Federal Power Commission had  
 the nerve to accuse the executive  
 secretary of monkey business and a  
 woman employe there plastered a  
 superior with a half dozen eggs on  
 the same charge. The Communists  
 feel she'll likely step on your neck."

**In New York**

Gilbert Swan

NEW YORK, May 2.—Each year  
 when the Metropolitan tenors and  
 sopranos are packed up for the  
 season and sent to the concert circuit,  
 the word goes round that the  
 "claque" is officially dead.

To be sure, the old claque ain't  
 what it used to be; it has dwindled  
 to a few professional palm  
 clappers, but it still showed signs  
 of life during the current season.

The claque, in case you haven't  
 heard about it, is the "paid ap-  
 plause." That is to say, they from  
 time to time burst of enthusiasm  
 from a group of genis who are  
 paid for doing just that. The pay  
 comes from those temperamental  
 performers who try to start a wave  
 of enthusiasm for their particular  
 efforts and use these "stuffed  
 shirts" to get the buzzahs under  
 way.

Time was when the claque was  
 planted right down in the high  
 priced seats. But the news of its  
 presence was hinted about and  
 finally became public property.  
 Any untoward burst of approval  
 from the last 10 rows came to be  
 viewed with suspicion. So, during  
 the past season or two, the claque  
 has moved far upstairs, since the  
 legend is that the gallery in the  
 opera holds the true opera en-  
 thusiasts.

The claque not only gets its  
 seats free, but it offers a neat  
 side-line for music-loving genis  
 who otherwise engage in such oc-  
 cupation as fruit peddling, cob-  
 bling pants mending and organ  
 grinding.

The tale goes that in the old  
 days, a claque could demand from  
 \$500 up per night and that a  
 particular star who was seeking  
 the publicity of a great ovation  
 often separated from a cool grand.  
 The pay-off was arranged in some  
 little "not-quiet" Italian restau-  
 rant in the neighborhood after the  
 theater.

Variety, the theatrical weekly,  
 claims to have information that  
 the claque is a well organized  
 racket with a "chief pooh bah"  
 and all the rest. This functionary  
 goes the late in a showman of  
 more than passing experience  
 one who knows how to start a  
 great Niagara of appreciation.

One such promoter it was said,  
 went so far as to have cards  
 printed bearing the slogan, "pro-  
 moter of enthusiasm."

The claque, which once was a  
 fairly good paraphrase on a  
 rooting section at a football game,  
 with a hundred or more members  
 scattered over the house has  
 dwindled to a mere fraction of  
 its former self. They are carefully  
 groomed to time their applause, and  
 members have been summarily ousted  
 for applauding out of turn.

They tell a story of one star  
 who held out on payment to the  
 average run of regular seat holders  
 and subscribers are of the dyed-  
 in-the-wool variety given to the  
 faintest of palm tappings. When  
 the present season got under way,  
 the word went round that the entire  
 "claque racket" was now being  
 broken up. No, not, it was said,  
 was fooled by the noisy outbursts  
 and the prices of claqueurs fell con-  
 siderable. Now that the curtain has  
 descended for the last time, the  
 more honest ones admit that it  
 is for the chaser leaders.

Outdoors, where men are men and  
 Women need fighting for.

That's where this thrilling romance  
 grows, it's another great Talking  
 Western.

**HIGH SCORE MADE  
 IN TYPEWRITING**

In the District meet held here on  
 April 19, Margaret Lindsey of the  
 Lubbock high school, made a score  
 of 60.8 words per minute in type-  
 writing, winning second place. First  
 place was won by Evelyn Garling-  
 ton from Midland, a former stu-  
 dent of the Lubbock high school  
 business department.

In the District meet held at Can-  
 yon on the same date, Pampa won  
 first place with 50.4 words per min-  
 ute. Amarillo second place with 49  
 words per minute, and Tulsa third  
 place with 44.5 words per minute.

In another District meet held at  
 Houston, the winner of first place  
 made only 40 words per minute. It  
 is interesting that the Lubbock score  
 was much above that of the records  
 in the other districts. It is said that  
 Mrs. Lindsey was not at her best  
 in the meet held here and that she  
 will make a close contest for first  
 place in the state contest now being  
 held at Austin.

# CROP ACREAGE TO BE HIGHER IN LAMB AREA

## COTTON TO BE GIVEN SLIGHT GAIN; ROW STUFF TO LEAD

LITTLEFIELD, May 2.—(Special)—An increase of 25 per cent in the crop acreage to be sown this spring to row crops and small grains, is predicted by H. C. Pumphrey, Santa Fe agent here.

"There will not be much of an increase in Lamb county this spring," he said. "But the row crops, corn, grain sorghums and milo maize, will show about a 25 per cent increase."

"Lamb county last year produced more cotton than any other county in this section. We handled 31,000 bales through the compress."

Many farmers are already planting corn. Mr. Pumphrey said. "It is too cold right now to plant cotton," he added. Corn last year averaged about 30 bushels to the acre.

# TRIED ALL KINDS OF LAXATIVES

### Kellogg's ALL-BRAN Gave Only Permanent Relief

As everybody knows, the market is flooded with cathartics, pills and patent compounds for the relief of constipation. At best, whatever results are obtained are temporary. Besides, there is the danger in certain drugs and the habit-forming menace.

Mr. P. M. Fisher, 517 Olive Street, Scranton, Pa., has something to say on this subject which will be interesting to all constipation sufferers. He says:

"For many years I suffered from constipation and used, for relief, all kinds of laxatives. After a few days' treatment, I would only find my condition the same as before and at times worse."

"Some time ago I started to use Kellogg's ALL-BRAN regularly, even as directed. Since doing this, I have found that I do not need any other medicine to procure the desired result, and it keeps me in a very beautiful condition."

Kellogg's ALL-BRAN is positively guaranteed to relieve both temporary and recurring constipation or the purchase price will be refunded.

In addition, it adds needed iron to the diet. You will like its delicious flavor. There are many delightful ways to eat it. Your grocer has Kellogg's ALL-BRAN. Served everywhere. Made by Kellogg in Battle Creek.

### CHAMBER OF COMMERCE TO SPONSOR EVENT; PLAN PROGRAM

(By Staff Correspondent) LITTLEFIELD, May 2.—A free barbecue has been planned by the Littlefield Chamber of Commerce for the Fourth of July, J. E. Brannen, president, announced today. The program will include besides the barbecue, a baseball game or two, a carnival and automobile races. These will consist of "old Ford" races for the most part. Half a dozen bees will be purchased, slaughtered and used for preparing meals for the guests. "We are expecting at least 10,000 people from out of town that day," the president declared. "Committees will be announced shortly to begin work on the details of the entertainment. We are inviting everybody in this section of the state to be our guests for the day." This is the first time that Littlefield has entertained a crowd with a free barbecue.

## GARCIA FACES U. S. CHARGES

### FORMER OFFICIAL OF MEXICO ARRESTED IN SAN ANTONIO

(By Associated Press) SAN ANTONIO, May 2.—General Andres C. Garcia, former postmaster general of Mexico and consul of the southern republic at El Paso before taking up residence in San Antonio, was arrested Wednesday by United States deputy marshal on a warrant issued by the United States commissioner based on an indictment returned by a federal grand jury in Arizona. Garcia was arraigned before the United States commissioner and charged with conspiracy to violate the neutrality of the United States.

In lieu of \$1,000 bond set by the commissioner, Garcia was sent to the county jail to await his return to Arizona where he will face the charges of which he is accused.

### Purchased Arms

The complaint charged Garcia with having taken part in the purchase and transportation of arms and ammunition into Mexico from Arizona. Garcia was at that time financial agent of General Jose Gonzalo Escobar who had instituted a revolution in Mexico and seized border cities including Juarez, Nogales and Tia Juana. Garcia undertook the purchase of supplies to further the campaign of Escobar, it was charged.

When arraigned, Garcia denied having made any purchases while on the American side of the international line. He declared all trading done by him in behalf of Escobar's cause was done on the Mexican side of the line.

### Two Men Released Following Hearing

MUSKOGEE, Okla., May 1 (AP)—John L. Wike and Powell G. Sealey of Connecticut were released last night following a preliminary hearing on charges of murder resulting from the deaths of George and David Smith, brothers, killed in their hotel room here Saturday night.

They were released upon motion of Philip K. Oldham, assistant county attorney, who said he was satisfied he did not have a case against the men. Sealey, 73 years old, was the last witness at the hearing which lasted most of the day. He was preceded on the stand by Wike who told of a life-long friendship with the Smith family.

Dean Homer Spencer of the University of Chicago's school of commerce walked 130 miles during March, according to his pedometer.
