

New Street Corner Look?

Jaycees say these type street signs, not the gents, will give welcomed assistance to motorists and attractive look to key Colorado City intersections. Their 2 top officials—Don Benson, left, president, and Drew Ballard, right—told City Council Jaycees would pay for pipe standards and install the signs if the city would buy the black and white markers.

BUT MORE STUDY DUE

Jaycee Street Signs Impress City Council

Jaycees displayed to City Council Monday night the kind of street markers they would like to install at key city intersections.

Councilmen apparently like what they saw and heard.

However, since funds were not included in the current municipal budget for street markers, City Council will hold off their definite decision until a thorough study of actual costs and financing.

Jaycees are offering something more than the idea and verbal support for the markers. They will supply pipe for marker standards and do all the work of installation, including digging and cementing for the standards.

City Manager Earl Keaton said the Jaycees' offer—with the city paying only for the cost of the markers—would save the city about \$3 to \$6 per intersection.

Don Benson, Jaycee president, and Drew Ballard, vice

president, showed councilmen 2 different types of all-metal markers. Cost for these 2 were \$7 and \$7.50 each, Benson said.

City purchase, however, would be through usual municipal channels and a wider range of bids probably would be secured.

Benson told councilmen that Jaycees would furnish the pipe and install the signs for 100, 200 or 300 of the markers. This would include painting of the standards, which would be 8 or 9 feet high.

"Jaycees first thought they could go the whole way," he said, "and that is why we ob-

tained some estimates on the price of the signs.

"But we have found that the entire project is too expensive for us."

Benson said the city could have 100 installed first, then see how the signs are accepted before making additional purchases. Two markers to each intersection would be probably be ample, he said.

Keaton said he thought the street marking plan was a "very good idea."

"I certainly would like to accept the Jaycee offer and place signs at some intersections... for these are things which help a city."

The city manager, a new resident himself, said he had been handicapped in traveling over the city when he first moved, here because of the lack of street markers.

Keaton proposed the city study the proposition closer since funds were not actually budgeted for markers.

WEST SIDE CABLE

Work Starts on Phone Service to Lake Area

Work is under way on a cable which will provide phone service for residences and business on the west side of Lake Colorado City.

The cable job, which ties the area phones into Southwestern Bell Telephone's Colorado City exchange, is the second of 2 major expansion projects now in progress here for the phone company.

Nearing completion is the addition of 400 lines and terminals in the Colorado City central office; a project started earlier this year to meet continued increase in phone subscribers.

The 2 projects the lake cable and the central office expansion—represent almost \$100,000 in additional investment, according to Truman

Black, Southwestern Bell manager here.

The lines and terminals being added to the company's office will provide for approximately 400 more telephone lines—Southwestern Bell's planning for the city's future growth.

Placing of the cable to the lake's west side area assures persons there that their requests for phone service will be met soon.

Thirty requests for phone service in that area already are on file, Black said, and more are expected as the cable is completed.

The phone service to the lake area will be the same dial service—the toll charge or not—so that residents in the lake area will be able to use the same dial as those in the city.

side Colorado City's city limits.

Black emphasized that both additions mean the phone company is preparing for almost any additional growth which Colorado City may have with in the near future, either in town or at the lake.

"A city must have good phone facilities before any new industry will consider locating within its community," Black explained, "and this means there must be equipment ready for immediate growth so there won't be any waiting period while telephone growth is catching up with sudden expansion."

"At the present time I believe we are well prepared in Colorado City."

Bridge Tourney Set For July 27-29

All persons interested in entering the bridge tournament at the Recreation Center, July 27-29, are asked to contact Mrs. Bob Carver at White's Auto or the Recreation Center.

The tournament will begin each evening at 7 p. m. Ruben's bridge rules will be used. Those entering must have a partner and entry fee will be \$1 per couple.

Trophies will be awarded to the winners on the final night, July 29. The state meet will be July 30 in San Antonio.

Track Team Places 5th In Meet

Colorado City tracksters, sponsored by the Recreation Center, placed 5th in the Abilene AAU Track Meet last weekend in Abilene.

The Colorado City team scored 76 points. Abilene won the meet with 192 points.

Jerry McKay placed 1st in the high jump with 6' 6" and 5th in the broad jump with a jump of 19' 7".

Both the 440 yard relay and the 880 yard relay teams took 1st place. Members of the 440 yard relay team were Randolph Cupp, Gary Lightfoot, Kenneth Northcutt, and Ray Kayser. On the 880-yard relay team were Randolph Cupp, Richard Kayser, Ray Kayser, and Kenneth Northcutt.

Northcutt placed 5th in the shot put with 43' 6" and 5th in the discus with 117'.

In the 220 yard dash of the senior division, Ray Kayser, Douglas Fite, and T. J. Davis placed 3rd, 4th, and 5th, respectively.

The junior division 440 yard relay team, consisting of Bill Boren, Bill McGuire, T. J. Davis, and Douglas Fite, placed 5th.

In the midjet division, third place in the 30 yard dash went to Bob Cupp. His time was 6.3 seconds. Cupp took 5th place in the 75 yard dash with a time of 9.5.

The Colorado City team will enter the Andrews meet on July 31. The state meet will be July 30 in San Antonio.

Council Likes Idea

An air-conditioned fishing barge or fishorama is being studied for Lake Colorado City.

Bill Cooper, Texas Highway Department employee who operates a fishing camp at the lake, discussed the project with City Council Monday night.

He wants to build and operate the fishing facility, which would be approximately 36 feet wide and 72 feet long.

City Council, enthusiastic about the fishorama too, has a 3 member committee which is instructed to check into requirements for similar fishing operations on other lakes.

On the committee—appointed Monday night by Mayor Bob Robinson—are Councilman Ira Lita, chairman; A. W. Hubbard and H. I. Norman.

Cooper told councilmen he

would like to locate the barge in the lake southwest of his pier, but close enough to the shore where it would not interfere with usual boating and water skiing.

The structure would be similar to a fishorama near San Angelo.

"Mine will be clean... something nice," Cooper told councilmen.

The barge would have aluminum roof, plywood or masonite walls, sturdy flooring, adequate floating and anchor facilities, air conditioned for summer and heated for winter.

Cooper said there would be a fishing well for customers inside and a walkway around the barge's outside for fishing. The facility would be baited to improve fishing.

The barge would be connected to land by a walkway, which would provide easy ac-

cess to food concessions and restrooms on shore.

Cooper said he believed he could construct his fishorama for around \$6,000 or \$7,000.

A New Mexico man earlier had discussed plans for a fishorama at Lake Colorado. However, City Manager Earl Keaton said this project had been delayed because of financing.

Cooper said he believed the local lake could support one good fishorama, but expressed doubt if business would be enough for 2.

Councilmen decided to study fishorama operations at other lakes after discussing what requirements would be for a permit. Permit fee and percentage of the fishorama's gross were mentioned.

However, Cooper said he did not believe he should pay a gross percentage if he also paid a permit fee.

Council To Talk Monday With Water Engineers

INCREASE CROP PROSPECTS

Rains Continue To Dot County

Rains continued to dot Mitchell County this week to aid farmers and ranchers alike.

Moisture adds another boost for the cotton crop and grain sorghums, both in serious condition just 2 weeks ago in the dry land farming areas.

And irrigated crops appeared ahead of last year.

Rains over the county ranged from .3 of an inch to 2 inches since the showered began Tuesday night.

City Hall reported a trace Tuesday and .4 of an inch Wednesday, with more than .1 of an inch Thursday. This brings the total for July to 1.61 inches.

Lake Colorado City has risen 1.8 feet from the rains during the past 2 weeks.

Here's the way the rains measured around Mitchell County:

Shepherd Community—.5 inch for this week.

China Grove Community—.5 of an inch in several showers, as reported by O. M. Laster Jr.

Spade Community—.0 F. Jones of the Rendonbrook Ranch reported .5 of an inch for the week total.

Cuthbert Community—.Between .3 and .4 of an inch, mostly Thursday morning, as reported by Jake Autry.

Buford Community—.Rains ranged from .5 of an inch to 1 inch, as reported by Joe Blackard.

Landers Community—.5 of an inch and over, according to Bruce Byrne, Wednesday and Thursday.

Dorn Community—.1 inch, 5 of it falling Thursday morning, as reported by the Big Spring Hunting and Fishing Club at Lake Colorado City.

Looney Community—.3 of an inch Wednesday and Thursday, according to W. A. Ennis, and .5 of an inch, reported by Fred Warner.

Horn Chapel Community—.5 of an inch Wednesday and .3 of an inch Thursday morning, for a two day total of .8 of an inch.

Payne Community—.1 inch this week on the Dennis Fortenberry farm with 1.5 inches on the Wulfin farm worked by Fortenberry.

Rogers Community—.75 of an inch, falling in little showers beginning Wednesday morning, according to T. J. Geiger.

Fairview Community—.9 of an inch week total on the R.O. Gray farm.

Lowe Community—.Mrs. B. L. Haggerton reported .61 of an inch Tuesday, rather high winds with a sprinkle Wednesday, and a trace of rain Thursday morning.

L. S. (Bunky) Girvin Jr., whose ranch is in the south east part of Mitchell County, reported no rain at his home, 5 inch on his land in the Landers Community Wednesday, and 2 inches on other

HPC Grad Is New Coach At Lorraine

Bobby Dodds, Howard Payne College graduate, has been named football coach at Lorraine High.

His appointment was approved Monday night by the Lorraine school board, according to J. B. Cushing, Lorraine's new superintendent.

The new coach replaces Ken Ford, who resigned to return to pro football. He was an all-district football player at Early High, Class A school just outside Brownwood, and played with that school's state finalist team before entering Howard Payne.

Dodds has the bachelor's degree with major in physical education and minor in science. He is married, father of a son, Mickey, 5 months, and member of the Baptist church.

He and his family will move to Lorraine within the next few weeks.

Three vacancies remain on the Lorraine school staff, according to Cushing. These were created by the resignations of Bob Newman, who has been named Colorado City Junior High band director; Bobby Ryan, who was math teacher, and Miss Gladys Phillips, who was commercial teacher.

Civic Group Talks Lake, Tourist Job

City Council is calling in consulting engineers for a possible long range look at municipal water plant and distribution needs.

At the same time a united civic group—representing city, county government and civic organizations—began new action for tourist attractions and voiced support for the water study, airport development, Lake Colorado City improvements.

Council without even hesitating to take an official vote Monday night authorized City Manager Earl Keaton to contact engineers in regard to the water study.

The council set Monday night, July 18, as date to talk with engineers in regard to cost and avenues of a comprehensive study.

Whether the conference will lead to immediate hiring of consultants, remains to be seen. But councilmen expressed serious concern for an early and comprehensive study of city water facilities.

This study they said would offer expert analysis and provide data for future improvements—which, no doubt, would have to be financed by a bond issue.

Proper kind of engineering study also would aid the city in providing improvements on a step by step basis on a planned basis and suggest proper water rate system for providing and maintaining the improvements.

The quick council nod for the engineering conference came just before a parting of ways, so to speak, over another water question—higher differentials for big tap water connections in residential areas. By a vote of 5 to 2, council turned down a proposal to rescind the differential—at least until after the engineering survey.

"I'm not so interested in water rates, as I am in the water capacity of our city," Mayor Bob Robinson told the council in setting the stage for the look toward consulting engineers.

"Yet we have approached the 3 million gallon mark in our water usage at times late last summer and already this

BURGLARS NAB LOOT AT 2 LOCAL FIRMS

Burglars broke into two business firms Tuesday night taking a small amount of cash, office equipment and other items.

Taken from Allied Lumber and Supply Co. on the Snyder Highway were a cash box containing \$25, adding machine, power way installation kit, and steam iron.

The burglars entered through a back window to the building, cutting a screen and prying a lock off of the window.

Also broken into Tuesday night was Carter-Kelley Equipment on U. S. Highway 80 (to Sweetwater). The only item that was discovered missing was an adding machine.

Entrance into the building was made by breaking a glass on the east side of the building at the rear of the shop. The burglars left by opening the shop door.

Both of the burglaries were believed to be before the Tuesday night rain because no tracks were discovered. Rain began about 1:30 a. m. Wednesday morning.

OPENING DUE SOON

Anthony Manager Named for Store

Colorado City's new C. R. Anthony Department Store will open here within the next few weeks, possibly by August 1.

The announcement was made Thursday by C. R. Anthony, president and founder of the company which began 38 years ago in Cushing, Okla.

Manager for the Anthony store—in the new corner building at E. Second and Elm—will be Ronnie Norrell of Big Spring. He is a brother of Leo Norrell, former manager of the Colorado City store who 2 years ago was promoted to manager of a larger new Anthony operation in Fort Worth.

Norrell, who is living in Big Spring, is commuting daily to Colorado City preparing for the opening. He and his family will move here when he obtains an unfurnished house or apartment.

Anthony's operation here has been closed since Christmas week, when fire knocked out the store and Piggly Wiggly grocery. The entire half block, which also includes White Auto, has been rebuilt in modern fashion by the Brownfield brothers.

Norrell, the new manager here, has been employed by Anthony in Big Spring for 4 years. He has assisted in the operation of the local store at intervals during that time. In addition to the new store here in Colorado City, An-

Installation For Church Board Posts

An elder, 2 deacons and a deaconess were installed Sunday at First Christian Church.

The installation ceremony, with the congregation participating, was conducted by Rev. Don Mecoy, minister of the church.

Taking the elder's post was J. D. White, Texas Electric Service Company employee and resident at Morgan Creek Village.

Installed as deacons were Harold Boney, partner in Thomas & Boney Insurance, and Bob Carver, owner of White Auto Store.

Mrs. H. H. Simons was installed as deaconess and J. D. Richardson became a church trustee.

Retiring from official church posts at conclusion of their terms are C. E. Cogswell, elder; Brady (Pete) Warren and Don Albright, deacons; Mrs. Curtis Latimer, deaconess.

The prospective groom received his Bachelor of Science from McMurry in the spring. He was graduated from Honey Grove High School. He served in the U. S. Army for two years. Sivley is a summer employee of Cox and Young Construction Company in Garland. This fall he will be assistant coach at Whitewright High School.

ANNELLE HOLMAN'S

Personally Yours

It would be hard not to be political conscientious this week with the Democratic Convention as 'the story' in national news.

Kennedy was choice of delegates — despite things which were not in his favor . . . accusation prior to the convention that it was rigged for Kennedy, opposition to Kennedy's religion, and lively demonstrations for other favorite sons.

Guess there was a lot of disappointment as a result of the convention . . . before the final count down, other candidates were outwardly hopeful they would win.

People at the convention were not always really attentive during the early sessions, as TV viewers could witness.

Besides the usual amount of milling around during the sessions, you could see just about anything from a shoeless woman enjoying a good stretch to a reporter frantically taking notes. But the demonstrations proved that just about everybody was interested in his candidate when the nominating got hot.

Mitchell County pioneer J. B. Coe visited here with his sister, Mrs. Sam L. Majors Sr., this week.

Coe remembers settling down on the banks on the Colorado River in 1889 back when he was just a youngster. He moved from Colorado City in 1906.

Coe is president of the J. B. Coe Lumber Company in Amarillo and has lived in Amarillo for the last 40 years. He is also a world-traveler, having been in foreign countries for the past 2 1/2 years and having traveled a great deal earlier. He has been around the world twice and has traveled on 18 different types of vessels, including steamships and a cargo vessel.

Mrs. Majors and Coe are the daughter and son of the late Judge and Mrs. A. J. Coe, early settlers of Colorado City.

Friends of former residents, Mr. and Mrs. James Bigby, have enjoyed visiting with them this week.

The Bigbys, who moved to Fort Worth in 1956, have three daughters, Bryna, 9; Susan, 5; and Sandra, 3.

Bigby is employed by Texas Electric. The family arrived last Saturday night and returned to Fort Worth today.

TO DISTRICT IN LUBBOCK

Cathey Smith, Jean Compton Winners Of 4-H Dress Revue

Miss Cathey Smith and Miss Jean Compton were announced as 4-H Dress Revue winners Tuesday of the Mitchell County 4-H Dress Revue in the Terrace Room of the Baker Hotel.

Miss Smith, winner of the senior division, wore a brown all-wool dress with unpressed pleats. The shirtwaist garment was accented with three gold buttons. Her accessories were brown shoes, gloves, hat and bag. She wore two-toned gold earrings.

The junior division winner, Jean Compton, wore a dress of brown drip-dry cotton trimmed with beige lace, covered buttons and belt. She wore beige shoes and gloves, and carried a beige purse.

Narrator was Mrs. C. C. Thompson. Music was presented by Mrs. S. R. Wilkinson. Ushering was Honey Steck.

The theme for the event was "A Pretty Girl Is Like A Melody."

The girls modeled their garments before the 4-H symbol. The symbol was decorated with white carnations at each corner.

The serving table was laid with a white cloth. The centerpiece was an arrangement of pink carnations and pink gladioli. Presiding were Miss Cathey Smith and Katrina Wells. They were assisted by Miss Jean Compton.

The girls participating in the Revue were Sally Smith, Lucille Owens, Christy Stubblefield, Jean Compton, Delores Holman, Sharon Byrnes, Mary Beach, Karen Holman, Jannie Womack, Linda Womack, Reggie Long, Cathy Smith, Gail Richards, Kathy Cain, Jean Graham, Kitty Forsyth, Sherry Graham, Arleta Martin, Charla Mae Martin, Charolett Sursa, Katrina Wells.

Miss Smith and Miss Compton will represent Mitchell County in the District 4-H Dress Revue at the Texas Technological Home Economics Building in Lubbock on July 29.

The 2-L Club, the Plainview Club, and the Loraine Club were represented at the county revue.

Our hearts are overflowing with gratitude for your gracious kindness and thoughtfulness during the illness and loss of our beloved husband and father.
Many of you brought food and bestowed other acts of kindness of which we have no record. We have only this method of extending our gratefulness to you. All unidentified dishes were taken to the home of Mrs. Willie Walker.
May God richly bless each of you and may you have just such friends in your time of sorrow.

Attend Celebration

J-1
Mr. and Mrs. Virgil Parnell and Gary of Lorraine and the Parnell grandsons, Dennis Phillips, and Mr. and Mrs. Clyde Parnell of Colorado City were in Durango last weekend to attend the 50th wedding anniversary of Virgil Parnell and Clyde Parnell's parents, Mr. and Mrs. Frank Parnell.

From Austin

Mr. and Mrs. Russell Coffee and children, Rusty, Kay Lynn and Craig, of Austin, were weekend guests in Lorraine with his parents, Mr. and Mrs. Ira Coffey.

COUNCIL—

Continued from page 1

summer," he said.
Pumping from the city's well system has been supplementing the water plant and staying off serious problems during these peak periods of usage.

Robinson urged a long range study into this problem—need for additional treatment capacity and additional water transportation capacity between the lake and plant, between the plant and city distribution points.

"We must have water and facilities to move that water before any industry is going to look our way," he said.

"We know," he continued, "the weak link now is our filter plant with 2,500,000 gallon capacity."

He suggested an engineering study that would map a plan for the city to make its water improvement by stages to facilitate financing in this manner:

- (1) What to do at the water plant, (2) how to loop additional transportation line from lake to plant, (3) how to move water better into the town from the plant, and (4) how to improve distribution system in town.

"Then after we determine cost of it all," Robinson said, "then we can make up our mind what we should do... what we can do."

"Then we must have a bond issue to go to work."

The plan for a water engineering study drew support Tuesday night at a special meeting of representatives from Chamber of Commerce, Industrial Team, Jaycees, Commissioners Court and City Council.

But the civic group also pointed to the need for more improvements at Lake Colorado City Park, construction of an adequate airport, plus development of this area as West Texas recreation and tourist spot.

Charles C. Thompson, president of Industrial Team, presided at the combined meeting and pointed out that united effort is required for real community progress.

"City Council can't do it all alone," he said, "and neither can the Chamber of Commerce or any other organization."

"It takes the interest, support and work of all of us."

An 8-person committee was named by Thompson to look into the possibility of re-creating a pioneer-day Colorado City as a tourist attraction.

Included on the committee are Eldon Mahon, representing Industrial Team; Max Caddell and Rex Felker, representing Chamber of Commerce; Don Benson, representing City Council; County Judge Elmer Martin, representing Commissioners Court; Harry Ratliff, representing Colorado City Museum Association, and Joe Bell, Colorado City Record.

The group early next week will travel to Odessa area to inspect Rimrock City, an early day western town built there as a business venture.

K. L. Taylor at the Lorraine Bank reported 5 of an inch early Thursday morning with a small shower later Thursday morning.

Granddaughters Visit

Visiting in the home of Mr. and Mrs. John Brown are their granddaughters, Elizabeth and Susan Christian from Austin.

The two girls were brought to Colorado City several days ago by their parents, Mr. and Mrs. Judge Christian. They will visit here two or three weeks.

Elizabeth and Susan are also visiting in the Bob Robinson home.

In Lorraine

Mr. and Mrs. Paul Hathaway and children of Andrews visited last Tuesday and Wednesday in Lorraine with her aunt and uncle, Mr. and Mrs. Thine Taylor and Mr. and Mrs. Homer Moore and other relatives and in the home of Mr. and Mrs. S. E. Meadows.

Mrs. Hathaway is the former Mrs. Moore of Lorraine.

What a change Mr. and Mrs. Ben Elliot have made in Elliot Food Market. They have a more spacious grocery store since their recent remodeling . . . and they're having open house this week end. All are welcomed.

Working in W. L. Doss Drug this summer are Gayle Stone, Suzanne Graham and Charla Padgett. Gayle and Suzanne will be junior students this fall in Colorado High School.

However, it wouldn't seem like Doss Drug if we went in and didn't see Mrs. L. W. Rhodes, Mrs. Maxine Brown and A. B. (Nub) Bender. Mrs. Rhodes has been employed with Doss's for 12 years. Mrs. Brown and Nub have been there the last 10 years.

While on the subject of the Dosses, they had visitors arrive Tuesday afternoon. Visiting them for two weeks will be their granddaughters, Laura Lynn and Kathy Shelton, of Tyler.

Remember the clowns in the Tumbleweed parade? Laura Lynn and Kathy, along with their brothers, Billie Bob and Timmy, and their dad, Bob Shelton Jr., head of the City Parks and Recreation Dept. of Tyler, were 5 of those clowns. The family makes clowning sort of a hobby. Last week end they were in Dallas with the Gainesville Circus.

New office secretary for Drs. Bridgford and Steakley is Mrs. Virgie Hendley instead of Mrs. Hiram Beasley as reported in Sunday's column. Mrs. Beasley is the local carrier for Abilene Reporter-News.

Jay Boy Adams recently enjoyed a few weeks of fun at Camp Amon Carter . . . the superb YMCA camp outside Fort Worth. Fort Worth is the hometown of his

dad, Jay Adams, the Chevrolet dealer, and the camp has every facility and recreation a boy likes . . . including rifle marksmanship.

The "Political Convention Guides" handed out free by Craddock-Witten Ford certainly are handy this week . . . with the Democratic convention on TV. The 35-page booklets provide actual scorecard for the action—the upcoming Republican convention, too—along with data and information which explains the real role of the party convention in our Democratic government.

Robert Harber, produce manager for the local Safeway Store, has been transferred to the Safeway Store in Big Spring. Robert has been with the local store the last two years.

Mr. and Mrs. Henry Billberry, owners of Corner Drug, their daughters, Judy, and Mrs. Charles Black of Lubbock, will leave Sunday for a 2-week vacation trip to Florida. While there they will visit Key West and other interesting areas along the southern tip of Florida.

Mrs. H. H. Gainey, employee for J. C. Penney Company, will start a two week vacation Monday.

Mrs. C. A. Farmer, employee in Ben Franklin Store is in Oklahoma this week visiting relatives.

Mr. and Mrs. L. L. (Luke) Thomas were in Oklahoma City, Okla., last week end visiting Mrs. Thomas' parents, Mr. and Mrs. W. A. Rose.

Mr. and Mrs. Rose returned home with Luke and Lucy for a week's visit. They will return to their home this week end.

Luke and his brother, Glenn Thomas, are owners of Thomas Brothers Service Station.

FROM 4 TEAMS

Pony League All-Stars Named Friday Night

The Athletics, Cardinals, and Braves each placed 4 on the Pony League All-Stars with 3 from the White Sox to make up the All-Star team.

Pony League All-Stars were named Friday night by the managers of the four Pony League ballteams.

Players, their positions, and the teams which they represent are:

ATHLETICS—Dale Walker, 2nd base and pitcher; Wayland Moore, catcher; Richard Smith, pitcher and outfielder; David McKay, 2nd base and 3rd base.

CARDINALS—Frank Biggers, pitcher and outfielder; Bill McGuire, catcher; David Bearden, pitcher and outfielder; and Freddie Fox, 1st base.

WHITE SOX—Denzil Pendergrass, pitcher and outfielder; Ronald Hillhouse, shortstop; and Ray Sledge, 2nd base.

BRAVES—Mike Mundy, catcher; Jerry Erwin, pitcher and outfielder; Larry Damborsky, pitcher and outfielder; and Pete Garrett, 3rd base.

Manager for the All-Star team is Toby Dearen, Cardinals' manager. Coach for the team is the Braves' coach, Corky Brown.

The Pony League All-Stars will play Andrews July 18 in Andrews for district title. The district title will go to the winner of two out of three games.

The winner will play in the Abilene regional tournament.

In a practice game Monday night in Lorraine the local

All-Stars defeated the Lorraine Teenagers, 12-7. For the second practice game the local All-Stars played the Silver

Teens Tuesday night in Silver.

Other practice games scheduled are with Hamlin All-Stars

tonight in Hamlin. The local Pony League All-Stars will play host to the Hamlin team here Friday night.

CARDINALS IN SECOND

Athletics, White Sox Tie For Pony League Title

By BONNIE SUMMERS
Record Staff Writer

Pony League baseball season ended Friday night with the Athletics and White Sox tied for first place with 11 wins and 7 losses each.

Barely missing a three-way tie, the Cardinals finished third with 10 wins and 8 losses.

In the cellar are the Braves with 6 wins, 12 losses.

Athletics, who were in first place at beginning of play last week with a margin of 2 games, lost all 3 games they played to give the White Sox their tying berth. Sox won 2 games and lost 1 in the last week games.

Cardinal won all 3 games they played to put them in second place.

Monday night, July 3, the Cardinals knocked the Athletics 12-6, while the White Sox beat the Braves 3-1.

Last Thursday night saw the Athletics beaten again, this time by fourth place Braves, 3-1.

Athletics lone run came in the bottom of the seventh inning. Bill Boren tripled and

crossed home plate on a fielder's choice.

Braves' 3 runs came one each in the first, third and fifth innings.

Reggie Noble started the ball game with a walk in the first, going over home base on a sacrifice. Peter Galrett scored, the second run in the third, also with a walk, going home on a hit by Erwin.

Mike Mundy, Braves' catcher, tallied the third run in the fifth inning. He reached base on pitched balls, stole second and third bases and went home on an error.

Cardinals banged the White Sox 12-2 last Thursday night in the second game.

Campbell and Pendergrass made the White Sox' two scores in the top of the seventh inning. Campbell reached base on an error and Pendergrass singled for his run.

Cardinals scoring started in the third inning when D. Taylor singled. In the fourth inning, Bearden, Fox and McGuire all singled for runs, and Biggers doubled, tallying 5 runs.

Then the Cards idled until the bottom of the seventh inning and then 6 runs crossed home plate. They were made by Biggers, Bearden, Fox, McGuire, Taylor and Molina.

Friday night the Athletics fell further from a cinched first place when the White Sox beat them 7-3, for a first place tie.

The Athletics' 3 runs were scored when Belvin singled in the first inning, Moore singled in the second and Smith reached base on an error in the sixth.

Campbell and Pendergrass again started the scoring for the White Sox, this time in the seventh.

The local all-star team won 11-0.

Biggers, Cardinal pitcher, pitched a no hit 3 innings. Dale Walker, Athletic pitcher, pitched remaining of the game and gave up only 1 hit.

FOR TOURNEY TITLE

Freer Nips Bill Craig, Mackey in Golf Finals

Frank Freer under cut par and pressure, too, in the late rounds Sunday to win the 1960 version of Colorado Invitational Golf Tourney.

The Lamesa veteran, winning his 4th championship of the season, pulled away from a couple of Colorado City sharpshooters—Bill Craig and Frank Mackey—to earn the title.

Freer's fine play over the last 18 holes of Sunday's medal finals turned the trick.

Shooting a pair of 34's after a morning 38, the 28-year-old former Hardin-Simmons University golfer posted a 27-hole total of 106 for the championship.

Two strokes behind was Craig, the experienced C-City golfer and former champion

of the tourney, who posted a pair of 35's along with a 38.

Mackey, who moved into Texas amateur tourney while attending Texas Christian University, led in the morning with a fine 34, but shot himself out of the lead later with 37-38.

Mackey's Midland cousin, Graham Mackey, was the fourth contender in the 27-holes final with a score of 115.

Ben Wilkinson, the steady shooting Texas Highway Department engineer from Colorado City, won first flight honors with a 77 total—38 and 39—in his flight's 18-holes medal final.

Tied for second position in the first flight with 83 were Danny Majors, the City National Bank employee, and Lar-

ry Roden of Odessa and Frank Hunt of Big Spring.

Second flight championship went to Pete Ainsworth, the C-City rancher, who put together a 40 and 38 for 78 total—4 strokes better than the second flight's No. 2 finisher.

H. E. (Blue) Goodwin, local cotton buyer and tournament player since the early 30's, was runner-up with 82. Bob Caffey of Big Spring was third with 87 and Mike Rainey of C-City was fourth with 91.

A Snyder golfer, Gordon Taylor, won third flight honors with an 81, 1 stroke better than Bob Byrley of Abilene. In third place was Ben Sparks, the tournament chairman, and Grady Furlow, Lorraine brick contractor, both

with 85. In fourth was Spec Franklin of Big Spring with 91.

Winning the championship flight consolation crown was R. S. McCullah of Big Spring with a 75. McCullah lost to Frank Mackey, 1-down, in the tourney's opening round Saturday morning.

Bernard Raines of Big Spring also shot a 75 to win the first flight consolation title. Other consolation championships went to Hugh Corrigan of Sweetwater, who shot an 81 in the second flight finals, and Joe Gunning of Colorado City, with an 88 in the third flight Sunday play.

Medalist honors for the tourney were grabbed by Craig, runner-up to the championship, who warmed the course Friday with a 3 under par 67.

Editorially Speaking

Pooling Of Interest Best For Progress

Too often we have a habit of substituting talk for action, although talk and honest thinking usually precede worthwhile action.

That's why the conference Tuesday night of City Council, Commissioners Court, Chamber of Commerce, Industrial Team and Jaycees should prove of value. It was a sincere attempt for looking ahead toward community accomplishment.

In this day of organization and committees, we may have a tendency to poo-poo this type of meeting... as the kind which bogs down into nothing more than a glorified "bull session" and a do-nothing committee.

However, the 33 persons participating in the Tuesday night conference evidenced sound interest in a coordinated effort for action. They didn't ramble over a dozen subjects, but instead pointed their ideas to a few major avenues — utilization of Colorado City lakes for recreation and tourists, erection of a "pioneer town" to show Colorado City's fabulous frontier days to tourists, assurance that a long-range approach will be made to the city's water treatment and distribution facilities, continued concentration on solving the community's airport problem and providing a modern plant for livestock shows or fairs.

This community needs everything this initial meeting exemplified — thought, projection of ideas, coordinated interest and effort. Certainly, any one organization can accomplish good through its own individual force. But any town that pools its interest and energy moves quicker and more successfully in progress.

Judge Teaches A Forceful Lesson

Judge A. S. Mauzey always has earned the respect of this newspaper, both as an individual citizen and as judicial peer of 32nd District Court.

His own brand of humble dignity, tempered justice, concern for the individual and respect of God evidences a Christian approach to citizenship, career and public service.

Now, The Record is proud that one of its young reporters, Annette Holman, has placed in print a few of the judge's observations concerning family life in our rush-rush time of history.

Miss Holman is a student at McMurry College who assists the Record staff each summer. Yet, she probed

into a vital cornerstone of democracy when she interviewed the judge about family life, divorce and parental responsibility to children.

Judge Mauzey, if you noticed, said his 29 years of observing life as a judge has impressed him that inconsistency knocks the props out from under family life. Parents must be respectable if they are to be respected by their children, and church is important for the family only as long as parents are living according to church, he declares.

Instead of saying "amen," it might be best that we look into the mirror ourselves. And that means you, as well as us.

Kennedy Success Points To Precincts

Once in a while TV rises to its potential and offers this nation more than the usual fare of childish situation comedies, western horseplay and gloomy soap operas. And this time it is the presentation of National Democratic Convention.

For any person, the TV look at the convention is a civics lesson of value in addition to providing first-hand look

at a most significant news event.

One point that is in focus, too: This opportunity of naming a president and cutting a pattern for national party platform begins right at home at the precinct level. That's the significant fact of Senator John Kennedy's successful campaign. It worked its way from the community precincts to Los Angeles.

... And Then There Was One

SHINNERY PHILOSOPHER

U.S. Won't Miss Sugar or Summit

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek goes international this week, in a provincial sort of way.

Dear editor: Earlier this week while I was sitting around waiting for the Democratic National Convention to warm up on television—I had some work to do, but I figured national affairs come first, especially if you can attend to them while sitting in a soft chair inside your house—I got to thinking not only about national affairs but international affairs too. A man who can't do two things at the same time hasn't got a

chance in this modern fast-moving world.

As I understand it, Mr. Khrushchev over in Russia is keeping a close tab on the Presidential election in the United States this year, as he has said he's not interested in holding another summit meeting until there's a change of administration over here.

Naturally I don't know who the next President will be, only the public poll takers know that and half the time the man they know is going to get elected never takes office. I guess because not enough voters believed the polls. But at any rate, whoever he is, I have a proposal for him.

What he ought to do is inform the Russian people he'd like to hold a summit meeting but he believes he'll wait till there's a change of administration in Russia.

Attending a summit meeting with Mr. Khrushchev is like playing baseball with a crooked umpire, who lets one side walk on three balls and calls the other side out on two strikes, and if that doesn't win the game, has his side pick up their gear and walk off the diamond.

Now I can't tell the next President when the next change in Administration in Russia will occur, but it will occur.

Despite all their scientific achievements, the Russians have never gotten around to postponing the life of a dictator indefinitely. If his best friend doesn't get him, old age will.

It's entirely possible the United States can get along without a Russian summit conference and Cuban sugar for a good while.

Yours faithfully, J. A.

BIBLE COMMENT

Is Church Going Christian's Test?

Is the organization of the church necessary to the fulfillment of Christian living?

It has been said by critics of church organization that had nobody ever heard of Jesus Christ, his teachings would still be as valid today as they were when He voiced them.

To a large extent this is true. The good Christian is not just a go-to-Sunday-meeting Christian. He is an every day, every moment Christian.

Yet the organization of the church is necessary to act as a vehicle to bring the word of God to others. The church itself is not the end, but the medium whereby the thought of Christian living are carried from generation to generation — just as great social doctrines have their references in organizations which exist independently of temporary custodians.

Those who attend church merely to be seen or to fulfill what they feel is a social obligation are not Christians in the full sense of the word — no more than a believer in a political principle is who does not vote.

Court Decisions Hold Capitol Interest During Season Lull

By VERN SANFORD

Texas Press Association
Things are rather quiet around the State Capitol these days.

For one thing, it's the "off season," the hiatus that regularly occurs between state elections and the convening of a new Legislature.

For another, it's vacation time with a part of almost every agency staff off to forget it all for a time.

But mostly, for this week, the Austin lull stems from most people's suspenseful interest in the activity of Texans in Los Angeles. Gov. Price Daniel, vice chairman of the Texas delegation to the National Democratic Convention, and numerous others have been away for several weeks working in behalf of Sen. Lyndon Johnson's nomination for the presidency.

Despite these distractions, state government goes on. Studies are under way on many subjects, on budgets, tax plans and other future legislation. It's important work, but quiet, during this digging and analyzing stage. It'll break into the news next fall as reports are made and trial balloons are run up on bills to be introduced in January.

Surest indication that state government is still on the job is that even now it's hard to find a parking place near the Capitol or the adjoining state office buildings.

During the summer a dozen or so parking slots by the Capitol's east entrance are set aside for tourists. As a rule, tourists don't keep them filled, and Capitol guards are regularly beset by the persuasiveness of local people who need a place "just for a minute."

NO TURNING — Child adoption procedures, under Texas law, are about as final as a thing can be — more so than marriage or divorce. Texas Supreme Court underlined this in a recent decision that denied the right to change her mind to a mother who had given written permission for her children to be adopted.

In the case at issue, the mother, a widow, gave written permission for her two children to be adopted. Two months later, having remarried, she sought to regain the children.

Lower courts held in favor of the natural mother, but the Supreme Court ruled that only fraud could be a basis for revoking of adoption consent.

Said the court opinion of the adoption laws: "The Legislature had the safety, education, care and protection of the children uppermost in mind and not primarily the contentment or welfare of either the natural or adoptive parents."

BIRTH LEGACY — In another ruling involving adoption, the Supreme Court held

State Capital NEWS

that an adopted child could not inherit a trust set up for a direct descendant.

As a result, a four-year-old boy lost the chance to claim \$830,000.

In the case originating in Dallas, lower courts had upheld the child's claim to the money from his late grandfather's estate.

In his will, the grandfather had instructed that the \$830,000 trust be set up if "any child of my son is born after my death." High court ruled that this made it highly unlikely that the maker of the will intended the money to go to a child born to persons other than his son, and daughter-in-law.

ROAD CLOSED — If Texas truck licensing law had a loophole you could drive a truck through the State Supreme Court has, in effect, halted the traffic.

High court ruled that a motor freight line cannot register and pay license fees on its trucks in Texas and use Mississippi licenses on its trailers. Texas' fee for a truck trailer is \$226, compared to \$10 in Mississippi.

High court ruled that if the truck line is resident in Texas, it must pay the Texas fee for the trailers, even if it pays in Mississippi, too. Result: \$20,000 more taxes owed by the line in license fees to the State Highway Department.

OIL ON HIGHWAYS? — On the heels of a U. S. Supreme Court decision that Texas owns its tidelands 10½ miles out comes a ruling that the state also owns the right-of-way along public roads.

Atty. Gen. Will Wilson ruled that the state, not the county, owns the road right-of-way; and that the counties cannot lease the land for mineral development.

Whether the state should exercise its right and lease right-of-way lands for oil and gas exploration probably will not be decided until the Legislature sets a policy. Involved is some 1,200,000 acres of land on 228,000 miles of public roads, some of it across areas with oil-bearing strata.

DRIVING SCHOOL — State Board of Education took a jaundiced view of a proposal of state-supported driver education in public schools.

WASHINGTON REPORT

New Approach in Strike Vote Bill

By CLINTON DAVIDSON

Special Correspondent

Shortly before Congress adjourned Sen. Karl Mundt of South Dakota introduced a bill that would require a secret ballot of workers prior to the calling of a strike.

Although no hearings were held and no action was taken on the bill, and the idea of secret strike ballots is not new, the objective of restoring control of unions to workers is one that deserves consideration.

Many unions, as a matter of common practice, do hold secret votes to approve or reject use of the threat of a strike as a bargaining weapon. A considerable number of them do not.

It is a common practice among many unions, as Sen. Mundt points out, for union leaders to ask for a strike vote before they go to the bargaining table with an employer, for use as a club in obtaining their demands.

The record of labor disputes in recent years contains many flagrant abuses of the strike authorization. Union leaders in many instances have called, and continued, strikes without giving members an opportunity to vote on acceptance or rejection of employers' offers.

"In many cases," Sen. Mundt said, "employees vote to strike merely to strengthen their representatives' bargaining position. However, once a strike is authorized, employees find themselves striking without the opportunity to vote on the real issue — acceptance or rejection of the employer's offer of settlement of the dispute."

Once the strike weapon is placed in the hands of union leaders, the members are powerless to do anything except what their leaders tell

them to do. Strikes are sometimes continued for months with no opportunity for the members to vote on an employer's offer of settlement.

Sen. Mundt's bill is designed "to strengthen democratic processes within labor organizations and to protect union members against unjustifiable pay losses in strikes through providing for impartial secret strike ballots."

The bill provides that before a strike could be called a vote by secret ballot would have to be held on acceptance or rejection of the employer's offer. Voting would be supervised by an election committee consisting of one union representative, one employer representative and a third member agreed upon by the first two.

No strike ballot could be taken until after at least "60 days of honest collective bargaining negotiations in an atmosphere free of a strike threat." The effect would be to prevent union negotiators beginning bargaining talks with a strike authorization in their pockets.

"The bill," Sen. Mundt told the Senate, "is sound and workable and will not interfere with, nor diminish, the legitimate exercise of the right to strike, but will afford protection for the effect of workers, employers and the public against arbitrary and unreasonable strike action."

Unless something is done throughout organized labor to make all union leaders responsive to the wishes of their members — as is done now in many of the larger and more democratically operated unions — abuses by unscrupulous labor bosses can do further serious damage to labor unions and the national welfare.

TEXAS AGRICULTURE

Ag Commissioners Back Crop Loans

By JOHN C. WHITE

Agriculture Commissioner

A well-administered crop loan support program with efficient handling could bring about government recovery of about 100 cents on each loan dollar, the 14-state Southern Commissioners of Agriculture decided in their 1960 meeting in San Antonio. The decision was reached in considering a national farm program submitted in detail by Agriculture Commissioner L. Y. Ballentine of North Carolina, who had collaborated with many of the other commissioners in drafting his proposals.

"Despite the variable factors in farming," said Commissioner Ballentine, "properly drawn legislation, properly administered, could keep supply and demand in balance by employing an aggressive program of disposal geared to world markets and world conditions, while supporting production controls and improving domestic distribution."

"This could be done, with little more than a reasonable revolving fund, provided

there is administrative machinery to prevent harvest season gluts from destroying the markets for both controlled and non-controlled commodities. The government now recovers about 85 cents of each dollar extended to farmers through commodity loans, and that is a much higher figure than some people would have you believe.

"Under a well-administered support loan program the government could recover just about 100 cents on the dollar, and the cost to the taxpayer would be no more than the cost of administering the program."

"In drafting legislation," it was emphasized, "proper consideration should be given to adequate storage of storable commodities to meet anticipated emergencies, and this kind of carry-over should not be charged to the farm program."

"The national farm program also should include government incentives for the proper utilization of land to protect both present and future needs."

Sunday through Tuesday

A film version of the bright Broadway comedy "Tall Story" starring Jane Fonda and Anthony Perkins will show at the Palace Theatre Sunday, Monday and Tuesday. The Mansfield Production by Warner Bros. also stars Ray Walston, Marc Connelly, Anne Jackson and Murray Hamilton.

Bowles Visit

Mr. and Mrs. Bill Bowles and sons, Donnie, Mack and Carroll, visited for the weekend in Lubbock with relatives.

"Tall Story" Comedy To Show at Palace

"Tall Story", showing at the Palace Theatre Sunday, Monday, and Tuesday, is a gay comedy combining laughs with romance and starring Anthony Perkins and Jane Fonda.

Ray Walston, Marc Connelly, Anne Jackson and Murray Hamilton co-star in famed producer-director Joshua Logan's first Mansfield production for Warner Bros.

Screenplay by former Academy Award winner Julius J. Epstein was adapted from the Broadway play by Howard Lindsay and Russell Crouse, authors of "Life with Father" and "State of the Union."

The comedy concerns a series of crises at a West Coast college when a matrimonially-minded girl enrolls there. Being a tall girl, she selects a college noted for its outstanding basketball teams, as the logical place to snare a tall

husband. There are amusing complications when she wages a persistent campaign to trap the studious star of the team, even using the unwitting aid of two professors.

Anthony Perkins is cast as Ray Bient, the basketball player who unerringly shoots field goals by the application of the scientific principle: The versatile young man was an Academy Award winner.

"Friendly Persuasion."

Jane Fonda, the talented daughter of Henry Fonda, debuts as June Ryder, the co-ed who makes Ray girl-conscious: Her refreshing beauty has made Jane one of New York's most popular models. In a two months' period she graced the covers of four leading national magazines and was modeling when Logan tested her for motion pictures. Logan immediately placed her under a five picture contract.

An Investment In Your Future...Go To Church Sunday

Putting the Pieces in PLACE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

© 1960, Coleman Adv. Serv., P. O. Box 4887, Dallas, Texas

The jig saw puzzle, an entertaining and educational toy, can teach us observance, and patience. There is only one place for each piece, and if one is lost or missing the picture can not be complete. If God is left out of your life, then your life can not be complete, and you are as the lost piece in the puzzle. Attend church Sunday, find your place in God's will and live a complete and full life.

600 Pages Compiled Toward City History

Mrs. D. M. Parmelee, former Colorado High English instructor, was here over the weekend researching for her history of Colorado City.

The teacher-writer, now with the public school staff in Monahans, began compiling the history more than 2 years ago while residing here. "I've already written 600 pages," Mrs. Parmelee reported during her weekend visit, "and I'm trying to reduce the material."

However, her study and research continues as she nears completion of the prolific look into Colorado City's colorful past.

Mrs. Parmelee, popular speaker at local club events with her interesting recounts of local history, said she plans to finish her book this summer.

"Capital of the Longhorn

Draws" will be Mrs. Parmelee's title for the book.

"It will deal mainly with the colorful period from 1880 to 1888," she said, "when Colorado became the real cattle market of Texas."

"This was the period during the prosperous heydays when national and foreign money poured into the city and, then, was followed by the big drought of the late '80s."

"Herds of cattle were brought to town," she said, "and then held outside the town awaiting for railroad cattle cars to take the animals to market."

"Sometimes there would be 10,000 cattle waiting outside the city for cattle cars and at night all the cowboys not on duty would ride into town."

Mrs. Parmelee was busy 2 days checking newspaper files

of the Colorado City Record. Her particular research target was the brief history of C-City compiled by the late Judge R. H. Looney and printed almost 20 years ago in the Record.

"I've sought a copy of Judge Looney's history," she said, "and the only available copy is the series printed in the Record."

"Not even members of the Judge's family has a copy," Mrs. Parmelee began writing her "Capital of Longhorn Draws" May 30, 1958. She has researched her material over a wide area of the Southwest and contacted dozens of persons with pertinent information and collections.

After the book is completed this summer, the author will begin the job of finding a suitable publisher. And her hope is a New York publishing house.

Commissioned

Capt. Harry Greer Jr., right, congratulates Ensign Billy B. Logan, left, as Logan is commissioned an ensign in the Navy's limited duty officer program.

MILITARY NEWS

Ensign Gets Bars At Naval Center

Billy B. Logan, husband of a former Colorado City resident, has been commissioned an ensign in the Navy's limited duty officer program.

The commissioning ceremony was recently at the Naval Examining Center, Great Lakes, Ill. Capt. Harry H. Greer Jr., USN, conducted the commissioning ceremony.

Logan, son of Mr. and Mrs. Paul A. Logan of Odessa, is the husband of the former Kellenbeth Wortham, 736 E. 20th St., Colorado City. Before entering service in September 1945, he was graduated from

Odessa High and was employed by a furniture firm.

The ensign is receiving a 6-week indoctrination training at Newport, R. I., before receiving new assignment.

One of 187 warrant officers who graduated recently from a 10-week course of instruction as company grade officers at Basic School, Marine Corps Schools, Quantico, Va., was Marine Warrant Officer Bebe B. Porter.

Porter is the son of Mr. and Mrs. Evan C. Campbell of 1021 Hickory St.

The new warrant officer will go on to further specialized training in their respective fields.

Abilene Social Security Man Is Speaker

LORAIN—G. R. Hudson of Abilene was speaker for a program sponsored by the North Loraine, Baumann, Looney and Landers Home Demonstration Clubs at the Loraine School lunchroom Monday night.

Mr. Hudson, field representative from the Social Security Administration office in Abilene, spoke on "Social Security As It Affects the Farmer." Following the speaking, questions were answered by Mr. Hudson.

Mrs. Alva Bennett, president of the North Loraine HD Club and field representative, was master of ceremonies and introduced the speaker.

Mr. and Mrs. Wilmon Tarrt and daughters, Loretta, Judy and Gwen; Mr. and Mrs. Howard Tarrt and sons, Danny and Jimmy; Mr. and Mrs. Herbert Mearse and children, Mike and Jan, left Sunday for a week's vacation trip to mountains of New Mexico, where they will camp at the J. R. Skock Camp and fish.

Graduate

Warrant Officer Bebe B. Porter has completed a course for Marine Corps company grade officers at Quantico, Va.

AT REGULAR MEETING

Mrs. Hallmark Tells Class of Formosa Life

LORAIN—Mrs. John Milton Hallmark, who has just returned from Formosa, was guest speaker at the Gleaners Sunday School Class of First Methodist Church Tuesday afternoon in the home of Mrs. Henry Cook with Mrs. Josephine Marshall as co-hostess. Lt. Colonel and Mrs. Hallmark and son, Hugh Edwin, have been stationed in Formosa for the past two years.

LEAGUE—

Continued from page 1

The game was tied 22 until the sixth inning when the Sox went ahead 7-2. Scoring for the White Sox in the sixth were Hillhouse, Amescuo, Campbell, Pendergrass and Burton.

Cardinals climbed into second place Friday night when they hit the Braves-16-5.

Erwin started the Braves off right Friday night with a home run in the second inning, but walks by Garrett and Mundy weren't enough to top the Cards.

Biggers and Bearden singled in the first inning and scored on a hit by McGuire. Proctor scored in the second inning on a hit by Biggers.

In the third inning Fox doubled and McGuire tripled—and scored on a hit by W. Molina. C. Taylor singled, scoring on a hit by D. Taylor.

Rounding all four bases for the Cards in the 4th and 5th innings were Proctor, Biggers, Bearden, Fox, McGuire (twice), and Molina. Tailoring the last 2 runs were Biggers in the sixth inning and D. Taylor in the seventh. Biggers reached base on an error and Taylor received a walk.

In her talk, Mrs. Hallmark told of the custom, religion and work of the missionaries there, living conditions, food and entertainment of the people in this middle east country, and how much it made them appreciate our own country. Rice is the main food and is served from one large bowl at round table with everyone eating with chop sticks. During the social hour, the hostess served cake topped with cherry, and lime punch to two visitors, Mrs. Hallmark and Mrs. Ruby Robertson, and members, Mmes. Cora Hall, G. W. Hendricks, Hugh Hallmark, Floyd Richey, J. J. Land, Joe Bennett, J. D. McDonald, John Mahon, Jim Johnson, C. T. Beights, Phil Horton, Charlie Hamilton, J. E. Price, Miss Annie Jarratt.

makes painting a pleasure!

New Aqua-Tone

- **Easy to apply**—Use roller, brush or spray gun. Flows free of brush marks. Will not show lap marks. Dries fast—you can replace pictures and use a room 30 minutes after painting. Odor-free.
- **Thin with water**—Use AQUA-TONE direct from the can without thinning, but if thinning is desired, use water. Brushes, rollers, hands and clothes clean up easily with water.
- **Available in 27 decorative colors**, plus white—Reflecting modern trends in interior decorating, these rich, warm colors are the ones most popular in Southwestern homes. Colors are fast to resist fading longer. Spots can be touched up without contrasting sheens.
- **Washable**—Grease, dirt and other household stains wash off readily with soap and water. Mild detergents and cleaners have no harmful effect.
